PRELIMINARY REPORT ON THE PACK OF CANNED FRUITS AND VEGETABLES, 1934.

The Dominion Bureau of Statistics presents herewith a preliminary report on the pack of canned fruits and vegetables for the year 1934. These statistics were collected in co-operation with the Canning Division of the Dominion Department of Agriculture which furnished the Bureau at the completion of each pack with a list of firms canning each product. Statistics shown in this report comprise the whole of the fruit and vegetable canning industry including apples, baked beans, pumpkin and soups which, owing to incomplete returns, could not be given in the previous report published in January, 1935.
