NOTE. - Production figures given in this report do not necessarily represent the total output in Canada of the commodities listed, as there may be also a considerable production in other industrial groups. For complete information this report must be read with the rest of the series on wood-using industries and other publications of the Census of Industry.

Profits or losses cannot be estimated from Census figures, as no data are collected for certain expense items such as interest, rent, depreciation, taxes, insurance, advertising, etc.

NOTA. - Les chiffres de la production données dans ce rapport ne représentent pas nécessairement la production canadienne totale sous chaque rubrique, parce que ces produits peuvent être aussi fabriqués en quantité considérable dans d'autres groupes industriels. Pour compléter ces renseignements il faut lire les autres rapports de la série des industries utilisant le bois et les autres publications du Recensement de l'industrie.

Les profits ou les pertes ne peuvent être établis d'après les chiffres de recensement parce que nulle donnée n'est colligée pour certains postes de dépenses comme les intérêts, le loyer, la dépréciation, les taxes, les assurances, la publicité, etc.
