THE MISCELLANEOUS PAPER GOODS INDUSTRY
(Paper Goods, n.e.s.)
IN CANADA
1929 - 1930

Ottawa, April, 1932.- A report on the miscellaneous paper goods industry in Canada for 1929 and 1930 has been completed by the Forest Products Branch of the Dominion Bureau of Statistics. This report gives the production of all plants in Canada engaged chiefly in the manufacture of coated, waxed and gummed paper; wallpaper, paper patterns, milk bottle caps, and in a general way all products which cannot be classed in any other group of the paper-using industries. There are, however, a number of other firms classified in other industrial groups which make some of these products as a side line to their principal production. The firms dealt with in the present report also manufacture, as secondary products, commodities reported by other industrial groups.

There were 61 firms classed in this industrial group in 1930. Of these 61 plants, 42 were located in Ontario, 17 in Quebec and 1 each in Manitoba and British Columbia.

The total capital investment was \$13,084,168 as against \$10,348,812 in 1929. The value placed on lands, buildings and machinery was \$7,284,111, materials on hand and stocks in process were placed at \$2,320,111 and the cash, trading, operating accounts and bills receivable aggregated \$3,479,692. Ontario with \$10,131,390 accounted for 77 per cent of the total investment in the industry.

During the year employment was given to 2,227 persons, of which 1,571 were males, 1,275 being wage-earners and 296 paid on a salary basis. Of the 656 females employed 496 were wage-earners and 160 salaried employees. Payment for salaries and wages totalled \$2,724,450 as against \$2,359,139 in 1929.

Electric power totalled \$56,139 of which \$40,235 represented the cost of 2,351,433 k.w.h. and \$15,904 the cost of 996 h.p. Six steam engines, a total of 649 electric motors rated at 3,832 h.p. and 27 boilers were installed in the various plants.

Cost of fuel aggregated \$98,877 as against \$92,188 in 1929. There were used 13,304 tons of bituminous coal valued at \$76,145; 78 tons of anthracite, at \$1,012; 27 tons of coke, at \$271; 203,685 gallons of fuel oil, at \$15,284; 12 cords of wood at \$85; 5,119 M cu. ft. of manufactured gas, at \$5,512; and 78 M cu. ft. of natural gas at \$39.

The raw materials of the industry amounted to \$5,787,150 in 1930 as against \$5,331,007 in the previous year. Newsprint paper cost \$462,254; book and writing paper, \$101,415; wrapping paper, \$386,019; paper board, \$193,240; all other paper \$2,755,798; envelopes \$32,573; and all other materials, \$1,836,990.

The total value of all products in 1930 aggregated \$12,538,497 as against \$11,145,180 in 1929. Coated paper was produced in this industry to the extent of 8,345 tons valued at \$1,874,957. Waxed paper was valued at \$2,223,833; gummed paper, at \$554,050; milk bottle caps, at \$241,586; tags, seals and greeting cards at \$474,326; calendars at \$304,637; shoe patterns, at \$136,557; blue print paper and cloth, at \$86,239; blue printing, at \$43,325; and all other products, at \$6,598,987.

The following tables give, first, a summary of the principal statistics of the industry in 1929 and 1930, followed by comparative detailed tables for both years covering the distribution of establishments, materials employed, products manufactured, capital invested, employment, fuel and power

January 14, 1914

REPORT

OF

THE COMMISSIONERS

OF THE LAND OFFICE

IN RESPONSE TO A RESOLUTION PASSED BY THE SENATE, MAY 1, 1913, RELATIVE TO THE LANDS BELONGING TO THE STATE OF NEW YORK.

ALBANY: J.B. LIPPINCOTT COMPANY, 1914.

THE COMMISSIONERS OF THE LAND OFFICE HAVE THE HONOR TO ACKNOWLEDGE THE RECEIPT OF THE SENATE'S RESOLUTION OF MAY 1, 1913, RELATIVE TO THE LANDS BELONGING TO THE STATE OF NEW YORK.

AND TO REPORT THEREON AS FOLLOWS:

1. The total area of land owned by the State of New York is approximately 1,000,000 acres.

2. The land is divided into three main classes: (a) land reserved for public use, (b) land reserved for private use, and (c) land reserved for other purposes.

3. The land reserved for public use is approximately 500,000 acres, and is used for various purposes, including parks, forests, and public buildings.

4. The land reserved for private use is approximately 300,000 acres, and is used for various purposes, including agriculture, industry, and commerce.

5. The land reserved for other purposes is approximately 200,000 acres, and is used for various purposes, including education, health, and recreation.
