# MAY IT PLEASE YOUR ROYAL HIGHNESS,-

The undersigned has the honour to present to Your Royal Highness Express Statistics for the year ended June 30, 1911.

F. COCHRANE,

Minister of Railways and Canals.

To the Honourable F. Cochrane,

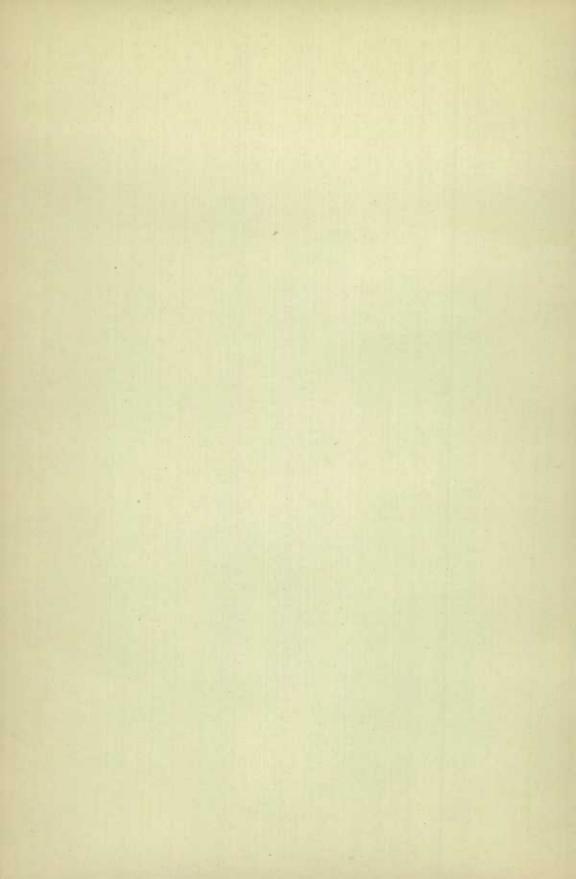

Minister of Railways and Canals.

Sir,—I have the honour to submit the first report of the Comptroller of Statistics, in relation to the operations of Express Companies in the Dominion of Canada for the year ended June 30, 1911.

I have the honour to be, sir,
Your obedient servant,

A. W. CAMPBELL,

Deputy Minister of Railways and Canals.

## OFFICE OF THE COMPTROLLER OF STATISTICS.

Оттаwа, January 25, 1912.

A. W. CAMPBELL, Esq., C.E.,

Deputy Minister of Railways and Canals.

Sir,—I have the honour to submit herewith Express Statistics for the year ended June 30, 1911.

These statistics were gathered under the authority given in an Amendment to the Railway Act passed by Parliament in 1911. Immediately after that amendment had become effective, Express Companies were notified that they would be called upon for a return covering their operations for the year ending June 30. This was not an adequate notice, and it would have been unreasonable to have expected a complete statement of statistical facts under such circumstances. I am pleased to say, however, the matter constituting this report will be found to afford a great deal of useful and valuable information with respect to Express Companies operating in Canada.

Returns were received from the following Companies:-

The Canadian Express Company. The Dominion Express Company.

The Canadian Northern Express Company.

The American Express Company.
The United States Express Company.

The National Express Company.

The Great Northern Express Company.
Wells Fargo and Company.

The first thing which had to be determined was with respect to schedules and classifications. The Interstate Commerce Commission had commenced the collection of express statistics in 1910, and it was found that all but one of the above mentioned Companies carried on an International business. The reporting forms and classifications of the Interstate Commerce Commission proved to be satisfactory, and, in the interest of uniformity and convenience, they were, with immaterial alterations, adopted. It was not desirable that reporting companies should be put to the obviously needless trouble of making two distinct and dissimilar returns.

## HISTORICAL DATA.

It will be helpful to a proper understanding of the express situation in Canada, if a brief historical sketch is given of each of the reporting organizations.

individuals.

## THE NATIONAL EXPRESS COMPANY.

The National Express Company was organized as a joint stock organization, under the common law of the State of New York, on April 1, 1895. It is controlled by the American Express Company, and the report to this Department was received from that source. In that report the following statement

is made:—

"The National Express Company is an unincorporated association organized by the American Express Company, with a nominal capital of \$500,000, of which \$475,000 was issued, in the inception, to the American Express Company, the remaining \$25,000 being subscribed for at par, by directors and others connected with the American Express Company under an agreement under which the American Express Company had a right to take over their shares at any time at actual cost. The only express business which it operates for its own account is the express business on the Delaware & Hudson Company; Greenwich & Johnsonville Railway; Grand Trunk Railway, between Rouses Point and Montreal and between Mooers Junction and Montreal; Keeseville, Ausable Chasm & Lake Champlain Railroad; Middleburgh & Schoharie Railroad; Hudson Navigation Company (Peoples Line steamers), between New York and Albany; and Schoharie Valley Railroad; all the rest of the business carried on by said company being actually carried on by it as agent of the American Express Company and for its account. All the property which it

2 GEORGE V., A. 1912

received upon its organization it received from the American Express Company in consideration of the issue of its stock to that company, excepting the cash contribution of \$25,000 above mentioned, from individual stockholders. Since the formation of this company the American Express Company has, in one or two instances, upon the death of the individual stockholders, acquired their stock at cost under the option above mentioned.

The business of the Company is carried on by the American Express Com-

pany at 65 Broadway, New York.

## THE UNITED STATES EXPRESS COMPANY.

The United States Express Company was organized on April 22, 1854, in the State of New York, for a term of ten years. This term was extended on November 28, 1859, for a period of twenty years. The last extension was on September 24, 1903, for a further twenty years. The report makes the

following statements:-

"United States Express Company is not a corporation. It is an incorporated association, or partnership, of persons associated together to do an express business, each with full partnership liability for the Company's obligations. It was organized in the State of New York, but not pursuant to Statute, either general or special, but pursuant to an agreement among its members.'

"At the organization of the Company its ownership was divided into 5,000 interests. From time to time, down to March, 1876, the interests were increased to 70,000. There are no records which show the details of the issue

of capital shares prior to that of 1887."

In August, 1887, the interests were increased to 100,000. Of the increase, 15,000 constituted partial consideration for the Baltimore & Ohio Express, purchased at that time. The remaining 15,000 interests were sold for \$1,000,000.

No value is assigned to the shares of the Company, which are reported at a total of \$10,000,000. The dividend rate is six per cent. The directors are a self perpetuating body. The shareholders have not met since 1862.

The Directors of the Company on June 30 were:—Messrs. Albert B. Boardman, Chauncey H. Crosby, Edward T. Platt, Frank H. Platt and Francis L. Stetson. The officers of the Company were:-Vice President and General Manager, Mr. Chauncey H. Crosby; Secretary, Mr. Albert B. Boardman; Treasurer, Mr. Edward T. Platt; Accountant, Mr. John M. Tallman. The offices are at No. 2 Rector Street, New York.

The Company operates on 225 miles of railway in Canada, chiefly in

Western Ontario.

## THE GREAT NORTHERN EXPRESS COMPANY.

The capital of the Company consists of 10,000 shares, of the par value of \$100 each, aggregating \$1,000,000. The rate of dividend in 10 per cent. Control of the Company is vested in the Lake Superior Company, Limited, through

stock ownership.

The Directors on June 30 were:—Messrs. D. S. Elliott; Louis W. Hill, J. M. Gruber, R. A. Jackson and W. W. Broughton, all of St. Paul. The Company has an operating mileage of 413 in British Columbia, and 162 in Manitoba.

## WELLS FARGO AND COMPANY.

This Company was organized in the then Territory, now State, of Colorado. on February 5, 1866, by an Act entitled "an Act to Incorporate the Holladay Overland Mail and Express Company" and an Act supplemental thereto. approved January 26, 1872. The Halladay Overland Mail and Express Company, with a capital of \$3,000,000, was merged with Wells Fargo & Co., and the Pioneer Stage Company in 1866, when the capitalization was increased to \$15,000,000. This capitalization was afterwards reduced to \$5,000,000. Still later, 30,000 shares were issued at a par value of \$100 each, as advance payments on contracts. This brought the share capital of the company up to \$8,000,000. Inconsistent as it will appear with this statement of facts, the total capitalization of the Company is stated in the report to this Department at \$23,967,400, on which a dividend of ten per cent was payable on June 30.

The Directors of the Company on June 30 were:—Messrs. Charles A. Peabody, John J. McCook, F. D. Underwood, H. E. Huntington, H. W. De Forest, W. V. S. Thorne, William Sproule, W. F. Herrin, William Mahl, Paul M. Wasburg, Richard Delafield, E. A. Stedman and S. F. Love. The officers were:—President, Mr. William Sproule; 1st Vice-President, Mr. A. E. Stedman; 2nd Vice-President, Mr. R. A. Wells; 3rd Vice-President, Mr. P. Christeson; Secretary-Treasurer, Mr. A. W. Zimmerman; General Auditor, Mr. Richard

Burr. The head offices are in New York.

The operations of the Company in Canada were, on June 30, limited to the Yukon, representing 91 miles.

## CAPITAL AND COST.

The Capitalization of distinctly Canadian Companies was reported at \$4,005,200, divided as follows:—

Canadian	Express Company	300,000
То	tal	\$4.005,200

The amount realized in each for the foregoing stock issue was reported to have been \$3,165,200.

The cost of real property and equipment, details of which by companies will

be found in Table 3, was \$2,109,566.33.

This amount is made up of the following items, applicable to Canadian Companies:—

Real estate used in operation	\$720,200.00

Vehicles	
Other equipment	685,539.37
Total \$	2,109,556.33

2 GEORGE V., A. 1912

It is thought well to eliminate from the statements of capital and cost of property the facts relating to United States Companies. It would be confusing to include them. Moreover, a summary of essential items has been given in preceding paragraphs under the head of "Historical Data."

## OPERATING MILEAGE.

The total operating mileage in Canada on June 30, was 27,585.46, divided as follows:—

The operating mileage was distributed among the Provinces as follows:-

## REVENUE AND OPERATING EXPENSES.

Right at the threshold of the work of gathering express statistics a difficulty arose with respect to United States Companies operating in Canada. They did not, and could not, make an absolutely accurate separation of revenue and operating cost as between American and Canadian business. A simple illustration will make the situation in that regard clear: A package is expressed from

Ottawa to New York, the charges on which are say \$1. These charges might be prepaid or not. If prepaid, it would be manifestly misleading and unsound to credit \$1 to revenue in Canada, inasmuch as that sum provided for the carrying of the package over several hundreds of miles of line in the United States. If, on the other hand, the charges were collected at the New York end, a certain proportion should be credited to revenue in Canada. What should that proportion be?

After considering the whole matter, and having regard to the analogy in railway accounting, American Companies were instructed to report their earnings and operating expenses in Canada on the basis of the proportion which their mileage in Canada bore to their total mileage. That is to say, on the package to which reference has been made in the preceding paragraph, the proportion of the \$1 received at either end which should be credited to Canada would be the proportion established on a mileage basis. It must therefore be understood that the return of United States Companies given in this report are in accordance with that ruling. It does not provide for an entirely accurate statement of facts but it is the most practicable plan of accounting which could be adopted under the circumstances.

The gross receipts from operation for the year ended June 30, were \$9,-913,018.31. From this was deducted \$4,553,861.43 as the cost of express privileges, leaving \$5,359,156.88 as the operating revenue for the year.

The operating expenses amounted to \$4,151,227.91, which was equal to 77.46 per cent of the operating revenue. Deducting operating expenses from operating revenue, a net balance of \$1,207,928.97 is the result. To this should be added a net revenue of \$3,506.60 from outside operations, bringing the total up to \$1,211.435.57.

So far as Canadian Companies were concerned, the balance as between operating revenue and operating expenses was \$1,114,897.59. After deducting the sum of \$27,589.64 for taxes, which amount is slightly larger than the figures given in the balance sheet, and is taken from the taxation table, and the remainder was equal to 27.14 per cent on the capital liability.

For Canadian Companies, the ratio of operating expenses to operating

revenue was 76.71.

After making deductions for taxes and dividends, the balance carried forward to profit and loss by all companies for the year amounted to \$683,664.33.

The following balance sheet will place the financial results of the year in a convenient form for review:—

Gross receipts from operation	\$9,913,018.31 4,553,861.43
Operating revenue	\$5,359,156.88
Operating expenses	4,151,227.91
Net operating revenue.	\$1,207,928.97
Net revenue from outside operations Other income	3,506.60 41.67
Toal net revenue	\$1,211,477.24
Less taxes       \$ 19,695.78         Less dividends       481,624.32         Other deductions       26,492.81	527,812.91
Balance for the year	\$683,664.33

2 GEORGE V, A. 1912

It will be observed that the charges for express privileges—chiefly the right to operate over certain railways—were equal to 45.93 per cent of the gross revenue.

For Canadian Companies by themselves the cost of these operating rights was equal to 45.66 per cent of the gross revenue.

The sources of revenue, and the various amounts received, were as follows:-

## From transportation:

A total of \$364,270.09 was not distributed in the foregoing transportation expenses. It is also to be observed that the Dominion Express Company returned an aggregate of \$1,152,860.53 under the head of superintendence, which really included the salaries and wages of all classes of employees. An effort will be made to have this item adjusted, so that the value of comparison will not be lost in future reports.

The items constituting general expenses were as follows:-

Items are lacking in the above for \$30,566.46 of the total.

### FINANCIAL PAPER.

The business transacted by express companies in financial paper is very large. For the year ended June 30 it amounted to \$52,165,852.57 and embraced the following classes, numbers and amounts:—

- Financial Paper.	Number.	Amount.
Money orders—domestic "foreign Travellers'cheques—domestic. "C. O. D. cheques Telegraphic transfers. Letters of credit issued Other forms	37,857 47,646	\$ cts. 43,361,803 54 2,205,980 16 998,051 35 1,200,930 00 3,639,778 93 113,726 91 156,921 01 488,660 67 52,165,852 57

Money orders were reported as being on sale at 4,628 offices throughout the Dominion during the year ended June 30.

The number of express offices in the Dominion was 2,720.

## EQUIPMENT.

The returns of equipment owned on June 30 give the following results as to numbers and value:—

Equipment.	Number.	-Value.

## TAXATION.

The total amount paid by express companies in taxes for the year ended June 30 was \$32,869.25, which was distributed by Provinces as follows:—

New Brunswick.         \$ 468 31           Nova Scotia.         316 12           Prince Edward Island.         515 00

The above statement is defective in that \$2,789.76 reported by the American Express Company was not distributed. The further explanation is necessary, that the difference between the total here and in the balance sheet is due to the failure of the Dominion Express Company to deduct taxes from income.

### CONCLUSION.

Details of all the foregoing summaries will be found in the tables which are attached to these introductory observations.

I have the honour to be, Sir,

Your obedient servant,

J. L. PAYNE,

Comptroller of Statistics.
