WHOLESALE TRADE

COMMERCE DE GROS

MAY - 1978 - MAI

The data presented in this report refer to Canadian wholesale merchants and do not include the business transactions of manufacturers' sales branches, assemblers of primary products, agents and brokers and petroleum bulk tank plants and truck distributors. These estimates, which are not seasonally adjusted, are based on the returns of a sample of firms in all kinds of business in all regions. They are subject to periodic revisions to account for new businesses (births) and firms going out of business (deaths). They are also adjusted to a census base following each census.

Les données présentées ici ont trait aux grossistes canadiens et ne s'appliquent pas aux opérations commerciales des succursales de vente des fabricants, des intermédiaires en produits primaires, des agents et courtiers et des stockistes et distributeurs par camion de produits pétroliers. Ces estimations non désaisonnalisées sont fondées sur les déclarations d'un échantillon d'entreprises faisant partie de tous les genres de commerce dans toutes les régions. Elles sont sujettes à des rectifications périodiques pour tenir compte des créations et des disparitions d'entreprises. Elles sont aussi rajustées après chaque recensement.

Data are shown for 24 kinds of business groups as well as two residual categories. The composition of each kind of business group is described in the December 1977 issue of this bulletin.

Les chiffres portent sur 24 genres de commerce définis et sur deux catégories résiduelles. La composition de chaque genre de commerce est décrite dans le numéro de décembre 1977 du présent bulletin.

Table 1 contains the estimated dollar value of net sales (gross sales less returns and allowances), including sales taxes collected and other trading revenues. The figures are unadjusted for price changes or number of business days in the respective months.

Le tableau 1 donne des estimations des ventes nettes (ventes brutes moins les rendus et les rabais), y compris les taxes de vente perçues et les autres recettes d'exploitation. Les chiffres n'ont pas été rectifiés pour tenir compte des changements de prix ni de l'inégalité des mois.

Table 2 shows the end-of-month estimated dollar value of inventories, at cost, owned by wholesale merchants and stock/sales ratios.

Le tableau 2 montre la valeur estimative, au prix coûtant, des stocks que possèdent les grossistes en fin de mois ainsi que les rapports stocks/ventes.
