MONTHLY FINANCING OF MOTOR VEHICLE SALES IN CANADA, JANUARY, 1940

The volume of financing of new and used motor vehicle sales in Canada recorded gains of 21 per cent in number and 27 per cent in amount of financing in the first month of 1940, over January, 1939. There were 7,921 transactions in January, 1940, involving \$3,561,175 compared with 6,535 vehicles financed for \$2,809,513 in the same month last year.

After a long series of declines in corresponding-month comparisons over the previous two years, new vehicle financing made a strong recovery, advancing 40 per cent in number and 45 per cent in amount of financing above January, 1939. In January, 1940, 2,405 units were financed to the extent of \$1,802,707, while in January, 1939, 1,721 new vehicles were financed for \$1,247,446. Improvement was reflected in results for all sections of the country with the exception of British Columbia, where the number of units financed in January, 1940, was 15 per cent lower than in the same month of last year. Combined figures for Manitoba and Saskatchewan increased 220 per cent over January a year ago, the other outstanding gain being the 82 per cent advance recorded in the Maritime Provinces. In Quebec, new vehicle financing was 40 per cent higher, while in Ontario and Alberta gains of 25 and 18 per cent respectively were reported.

More moderate improvement over January, 1939, was shown in the used vehicle field, where the 5,516 vehicles financed for \$1,758,468 in January, 1940, were 15 per cent in number and 13 per cent in amount of financing above the 4,814 units financed for \$1,562,067 in the same month a year ago. The only decline among the various economic divisions was that for British Columbia, where used vehicle financing was 18 per cent lower than in January, 1939. In Manitoba and Saskatchewan, there was an increase of 61 per cent, while in the Maritime Provinces the gain was 42 per cent. Gains in other regions were as follows: 17 per cent in Ontario, 14 per cent in Alberta and 5 per cent in Quebec.

Revised figures for 1939 appear for the first time in this bulletin.
