|------------------|----------------|
| • Inquiries line | 1-800-635-7943 |
| • Fax line | 1-800-565-7757 |

Standards of service to the public

Statistics Canada is committed to serving its clients in a prompt, reliable and courteous manner. To this end, Statistics Canada has developed standards of service that its employees observe. To obtain a copy of these service standards, please contact Statistics Canada toll-free at 1-800-263-1136. The service standards are also published on www.statcan.gc.ca under "Contact us" > "[Standards of service to the public](#)."

Note of appreciation

Canada owes the success of its statistical system to a long-standing partnership between Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued co-operation and goodwill.

1. Since January 2018, data for airports using Primary Inspection Kiosks (PIK) are based on PIK data. For March to December 2017, data for PIK airports are based on preliminary modelled estimates and will be revised at a later date. Caution is advised when comparing with 2017 data containing the preliminary modelled estimates.

2. When reporting in PIK instead of E311 declaration cards, note that Canadian residents returning by plane from overseas countries via the United States are more likely to report that they are returning from the United States and not from overseas via the United States. Use caution when making direct 2017-2018 comparisons with these categories.

3. Excludes immigrants, former residents, military personnel, diplomats and crews.

4. Entries and re-entries through or by way of the United States.

Source: Reports of entries and re-entries from offices of the Canada Border Services Agency.

... not applicable

1. Since January 2018, data for airports using Primary Inspection Kiosks (PIK) are based on PIK data. For March to December 2017, data for PIK airports are based on preliminary modelled estimates and will be revised at a later date. Caution is advised when comparing with 2017 data containing the preliminary modelled estimates.

2. When reporting in PIK instead of E311 declaration cards, note that Canadian residents returning by plane from overseas countries via the United States are more likely to report that they are returning from the United States and not from overseas via the United States. Use caution when making direct 2017-2018 comparisons with these categories.
