## Annual Report to parliament on the *Privacy Act* (PA) 2018-2019 Privy Council Office

### Introduction

The Privy Council Office (PCO) reports directly to the Prime Minister and is headed by the Clerk of the Privy Council and the Secretary to the Cabinet. PCO is both the Cabinet secretariat and the Prime Minister's source of public service advice across the entire spectrum of policy questions and operational issues facing the Government. As the hub of non-partisan, public service support to the Prime Minister, Cabinet and its decision-making structures, PCO ensures that the Government and Canadians are served by the highest quality public service.

PCO also provides support to the Prime Minister in his capacity as Minister of Youth, as well as to the Minister of Intergovernmental and Northern Affairs and Internal Trade, the Leader of the Government in the House of Commons and the Minister of Democratic Institutions.

PCO has three main roles:

**PM and Ministers of the portfolio** - To deliver analysis, advice and support to the Prime Minister and Ministers of the Portfolio in: setting and implementing the Government's agenda; establishing the institutions, mandates and accountabilities of government; forming and leading the Cabinet; conducting intergovernmental and international relations; safeguarding national security; and communicating with Canadians. This includes:

- Bringing together non-partisan advice, analysis and information from across the Public Service;
- Consulting and collaborating with international and domestic partners inside and outside of government (including provincial and territorial governments);
- Supporting and advising on the development and implementation of the Government's parliamentary and legislative programs; and
- Advising on Canada's Westminster style of government, on government structure and organization, and on Governor in Council appointments.

**Secretariat to the Cabinet** - To act as secretariat to the Cabinet and its committees in: conducting its deliberations; formulating its recommendations; and making and implementing decisions. This includes:

- Managing the Cabinet's decision-making system;
- Coordinating departments' policy and legislative proposals to Cabinet, with supporting policy analysis; and
- Preparing Orders in Council and other statutory instruments to give effect to government decisions.

**Public Service leadership** - To lead and renew the Public Service in: advising the government; implementing its agenda; and delivering services and results to Canadians. This includes:

- Managing the recruitment and appointment process for senior positions in federal departments and agencies;
- Guiding policy on people management issues and Public Service Renewal; and
- Building the capacity of the Public Service to meet emerging challenges and changing responsibilities of government.

This is the 36<sup>th</sup> *Annual Report to Parliament* on the administration of the *Privacy Act* (PA) by PCO, submitted as required by section 72 of the PA and section 20 of the *Service Fees Act*. This report covers the reporting period of April 1, 2018 to March 31, 2019.

## Highlights

- a) In the 2018-2019 fiscal year, nine (9) privacy requests were received, a volume of requests consistent with the 12 received in 2017-2018.
- b) PCO completed two (2) Privacy Impact Assessments in 2018-2019 and worked with the Office of the Privacy Commissioner on several files across the department dealing with personal information.

## Access to Information and Privacy (ATIP) division – organizational structure

The *Privacy Act* (PA) protects the privacy of personal information held by the Government of Canada. The PA ensures the protection of that information against unauthorized use and disclosure, and provides individuals with the right of access to, and a means to correct, their personal information.

The ATIP division is the focal point for access to information and privacy within PCO. The division is responsible for managing requests for departmental or personal information, ensuring corporate understanding and compliance with the *Access to Information Act* (ATIA) and the PA, and fostering corporate awareness of access and privacy rights and responsibilities. On matters of access and privacy, the ATIP division also acts as a primary liaison with the Office of the Information Commissioner (OIC), the Office of the Privacy Commissioner (OPC), the Treasury Board of Canada Secretariat (TBS), and partner departments.

The ATIP division has a personnel complement of approximately 30 full-time equivalents (FTEs) that are organized into two areas of responsibility. The two areas of responsibility are organized as follows:

**1) ATIP operations (24 FTEs)**

- Processes access to information and privacy requests;
- Oversees the collection and release of personal and/or business information;
- Provides expertise in access to information and privacy policy;
- Researches trends and best practices in access to information and privacy; and
- Develops and delivers ATIP training programs.

**2) Client services (6 FTEs)**

- Organizes training and develops promotional products;
- Coordinates responses to parliamentary questions and petitions on behalf of PCO; and
- Provides database administration.

## Monitoring compliance

In order to meet the legislative deadlines for privacy requests, the timelines of individual requests are strictly monitored. Regular meetings and various reports are used to ensure all requests are on track to meet the deadlines. Given our delegation orders (described in the next section), PCO ATIP works very closely with our Offices of Primary Interest (OPIs) to ensure tasking and signoff timelines are respected.

## Privy Council Office delegation orders

The Minister heading each government institution is responsible for the implementation of the PA within his or her institution. The Prime Minister, as the Head of the Privy Council Office and pursuant to s. 73 of the PA, is responsible for the implementation of the PA within PCO. Through PCO's delegation order, the Prime Minister designated the Director, ATIP, as the individual within PCO to perform the powers, duties, functions, or administrative tasks pertaining to the PA. PCO Secretariats, or OPIs, holders of the information identified in a privacy request, approve the release of information to requesters and application of exemptions or exclusions and supporting rationales. This shared delegation of authority for the disposition of information is exercised diligently within PCO, and recorded formally at appropriate stages in the process. The PCO delegation orders are shown at Appendix A.

## Education and training activities

PCO promotes ATIP requirements and best practices in face-to-face meetings, presentations, special events, learning products, on the intranet and through its training program. It fosters strong working relationships with clients, and operates under clearly established timelines and procedures.

In 2018-2019, PCO delivered ATIP training or awareness sessions to 114 employees through 13 training events during the reporting year. The majority of these training sessions provided an overview of ATIP to internal secretariats, as well as delivering insight on the process and the application of exemptions.

To promote understanding of access and privacy responsibilities, PCO senior officials were provided with a summary of access and privacy statistics, performance and compliance. The Director of ATIP maintained regular contact with senior staff in the department, and ATIP senior staff met with departmental officials to clarify roles and strengthen working relationships. Throughout 2018-2019, PCO ATIP analysts liaised with clients to explain the five-stage request timeline, provide training on processes such as the search for records, assist with records review, and explain their working role.

PCO personnel are provided with multiple channels to information on access and privacy, such as instructional ATIP handouts, an email box for questions, takeaway learning tools, as well as comprehensive and educational electronic content on PCO's intranet.

## Other activities

### **a) General operations**

PCO ATIP provides support to requesters not captured by statistics. For example, routine inquiries about privacy and personal information matters are received which, whenever possible, are treated informally and to the satisfaction of the requesters. Further, PCO ATIP provides advice and guidance on privacy matters and activities across the department. PCO ATIP conducts Privacy Impact Assessments and assists officials in various areas of the department to ensure that any activity related to personal information was in compliance with our responsibilities under the PA.

### **b) Data matching and sharing**

For the 2018-2019 reporting period, PCO did not establish any new systems or processes that led to data matching or sharing of personal information, either within the department or with any external sources. The department was not involved in any data matching activities.

## Privacy-related policies, guidelines, and procedures

### a) Transitioning to an electronic office

As part of the Beyond 2020 plan, which advocates for green government operations and a paperless office, PCO began the process of transforming into a paperless office. In 2016-2017, we introduced electronic tasking and notification of releases. These two processes alone have proven to be very successful and have greatly reduced the number of pages being printed on a daily basis. In 2018-2019, PCO was part of the first wave of institutions brought on by Treasury Board Secretariat to accept requests through the online portal. Currently, PCO ATIP is working with IT to develop an electronic approval process and record retrieval process.

## Material privacy breaches

No material privacy breaches occurred during the 2018-2019 reporting period.

## Interpretation of the statistical report

The 2018-2019 Statistical report on the Privacy Act can be found at Appendix B.

### PART 1 – Requests under the *Privacy Act*

Between April 1, 2018 and March 31, 2019, PCO received nine (9) requests for personal information under the PA, compared to 12 received the previous year.

## **PART 2 – Requests closed during the reporting period**

### **2.1 Disposition and completion time**

In 2018-2019, PCO completed seven (7) requests for personal information under the PA. The disposition of completed privacy requests was as follows:

- 4 disclosed in part;
- 2 all disclosed; and
- 1 request where no records existed.

Only seven (7) requests remained active and were carried over into 2019-2020.

There are certain circumstances in which a privacy request may require more than 30 days to complete, such as the necessity to consult with external organizations or due to volume of pages to review. In 2018-2019, three (3) requests were completed in 30 days or less, three (3) requests were completed in the 31 to 60 day timeframe, and one (1) request took 121 to 180 days.

### **2.2 Exemptions**

There are instances where information qualifies for necessary protection under the PA. In 2018-2019, exemptions were invoked for the following number of requests:

- 2 under s. 21 – Information related to international affairs and defence of Canada; and
- 1 under s. 26 – information about another individual.

### **2.3 Exclusions**

The PA does not apply to certain publicly available information described by s. 69(1) and s. 69(2) of the PA, nor to Confidences of the Queen's Privy Council for Canada pursuant to s. 70(1). During this reporting period, no exclusions were cited.

### **2.4 Format of information released**

In 2018-2019, PCO provided electronic copies of responsive records to requesters in all six (6) instances. No requesters elected to receive their information in paper format.

### **2.5 Complexity**

#### **2.5.1 Relevant pages processed and disclosed**

In 2018-2019, 1,141 pages were processed in response to the six (6) completed requests where records were found, of which, 447 pages were disclosed.

## **2.5.2 Relevant pages processed and disclosed by size of requests**

Of the six (6) requests for which records existed and were disclosed in part, five (5) had less than 100 pages to process and one (1) request contained between 501 and 1000 pages.

## **2.5.3 Other complexities**

The complex interdepartmental nature of information in many records under the control of PCO often necessitates external consultations and legal advice. This requirement is the principal reason why some requests take an extended length of time to process. During the reporting year, one (1) completed request involved personal information about another individual that was blended or interwoven with the personal information of the requester. Legal advice was required for one (1) completed request.

## **2.6 Deemed refusals**

During the 2018-2019 fiscal year, two (2) requests were closed past the statutory deadline. Both requests were closed past the deadline due to workload pressures.

## **2.7 Requests for translation**

The PA states at s. 17(2) that “where access to personal information is to be given under this Act and the individual...requests that access be given in a particular one of the official languages of Canada access shall be given in that language”: if the personal information already exists or where the personal information does not exist in that language, the head of the government institution...shall cause it to be translated or interpreted... if it would enable the individual to understand the information. During this reporting period, there were no translations requested.

## **PART 3 – Disclosures under s. 8(2)**

The PA sets out specific circumstances at subsection 8(2) in which government institutions may disclose personal information without the individual's consent. Paragraph 8(2)(e) of the PA permits the disclosure of personal information “to an investigative body specified in the regulations, on the written request of the body, for the purpose of enforcing any law of Canada or a province or carrying out a lawful investigation, if the request specifies the purpose and describes the information to be disclosed.” Paragraph 8(2)(m) of the PA permits the disclosure of personal information when the public interest clearly outweighs any invasion of privacy or when the disclosure would benefit the individual involved. No disclosures were made under paragraphs 8(2)(e) or 8(2)(m) of the PA during the 2018-2019 reporting period.

## **PART 4 – Requests for correction of personal information and notations**

The PA specifies at s. 12(1) that any Canadian citizen or permanent resident of Canada has a right to and shall, on request, be given access to any personal information about the individual found in a personal information bank and personal information under the control of a government institution. An individual should be entitled to correction of personal information where there is an error or omission, a request that a notation be attached, and assurance that any party who has requested the information within the last two years be notified of the correction and make changes to their copies. There were no requests for correction of personal information and notations made during the reporting period.

## **PART 5 – Extensions**

### **5.1 Reasons for extensions and disposition of requests**

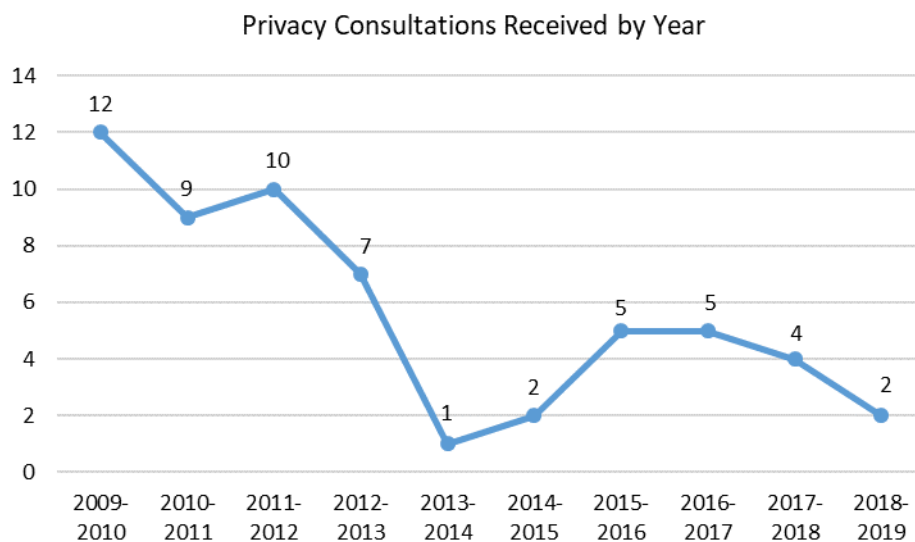

The PA provides for extensions to the legislated 30-day time limit, for consultations or if meeting the original time limit would unreasonably interfere with the operations of the government institution. In the 2018-2019 fiscal year, PCO took two (2) extensions to accommodate operations under s. 15(a)(i). Of these two (2) cases where extensions were taken, all requests were disclosed in part.

### **5.2 Length of extensions**

Both of the extensions taken by PCO were for a period of 16 to 30 days.

## **PART 6 – Consultations received from other institutions and organizations**

PCO received two (2) privacy consultations from other government institutions in the 2018-2019 fiscal year, totalling 113 pages. This number is in line with the quantity of consultations received the last six fiscal years, as shown in the chart below. The processing of consultation requests requires resources at a level similar to the processing of privacy requests. No consultations were received from other organizations.

Of the two (2) consultations received in 2018-2019, both were completed in 31 to 60 days, as well as disclosed in part.

## **PART 7 – Completion time of consultations on Cabinet confidences**

As reported in Part 2.3, no exclusions were cited in 2018-2019.

## **PART 8 – Complaints and investigations**

No complaints were received for Privacy files in 2018-2019. One (1) investigation carried over from 2016-2017 is still ongoing.

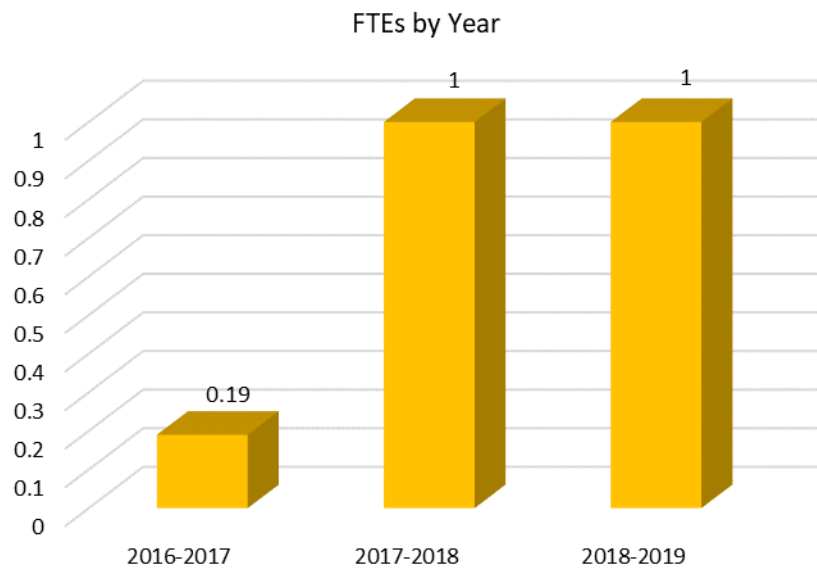

## **PART 9 – Privacy Impact Assessments (PIAs)**

PCO completed two (2) Privacy Impact Assessments (PIA) during the 2018-2019 reporting period. One (1) PIA was in regard to online youth consultations. The other was related to consultation on the Leaders' Debates Commission.

## **PART 10 – Resources related to the *Privacy Act* (PA)**

In the 2018-2019 reporting period, the total salary costs associated with administering the PA were \$86,788, up \$11,035 from the previous year. There were no overtime costs, down from \$1,048 last fiscal year. No specific goods and services costs were attributed to the application of the PA. Total cumulative costs amounted to \$86,788, an increase of \$9,987 from 2017-2018.

The associated person-year resource utilization for the 2018-2019 reporting period was approximately one (1) full-time equivalent (FTE).
