INTRODUCTION

The *Privacy Act* (PA) was proclaimed into force on July 1, 1983.

The Act extends to individuals the right of access to information about themselves held by the government, subject to specific and limited exceptions. The PA also protects individuals' privacy by preventing others from having access to their personal information and gives individuals substantial control over its collection, use and disclosure by the federal government.

Section 72 of the *Privacy Act* requires that the head of every government institution prepare for submission to Parliament an annual report on the administration of the PA within the institution during each financial year.

This is the twenty-eighth Annual Report on the administration of the *Privacy Act* within the Department of Justice. It is intended to describe how the Department administered its responsibilities for the fiscal year 2010-2011 in relation to the application of the PA.

The organizational chart of the Access to Information and Privacy (ATIP) Office may be found in Appendix A.

PART I

GENERAL INFORMATION

DEPARTMENT OF JUSTICE

To better understand the context in which the *Privacy Act* has been implemented, this section provides background information about the Department.

The Department of Justice has a dual mandate. This mandate derives from the dual role of the Minister of Justice, who is also the Attorney General of Canada.

In support of the Minister of Justice, the Department is responsible for providing policy and program advice and direction through the development of the legal content of bills, regulations and guidelines. In support of the Attorney General, the Department is responsible for litigating civil cases by or on behalf of the Federal Crown and for providing legal advice to federal law enforcement agencies and other government departments.

PRIVACY ACTIVITIES

The ATIP Coordinator is accountable for the development, coordination and implementation of effective policies, guidelines, systems and procedures in order to enable efficient processing of requests under the *Privacy Act*. The Coordinator is also responsible for related policies, systems and procedures emanating from the Acts, such as the Government's Policy on Information Collection and Public Opinion Research.

The activities of the ATIP Office include:

- processing requests under the *Privacy Act*;
- acting as spokesperson for the Department in dealings with the Treasury Board Secretariat, the Information and Privacy Commissioners and other government departments and agencies regarding the application of the PA as they relate to the Department;
- responding to consultation requests submitted by other federal institutions on Justice documents located in their files and on records that may be subject to solicitor-client privilege;
- reviewing and approving information collection in accordance with the Government Policy on Information Collection and Public Opinion Research;
- coordinating, reviewing and approving new entries and modifications to Info Source, an annual Government of Canada publication about its organization and information holdings;
- preparing the annual report to Parliament and other statutory reports, as well as other materials that may be required by central agencies;
- developing policies, procedures and guidelines for the orderly implementation of the PA by the Department;
- promoting awareness of the PA to ensure departmental respect of the obligations imposed on the government;
- monitoring departmental compliance with the PA, its regulations and relevant procedures and policies; and
- participating in and advising on the preparation of Privacy Impact Assessments (PIA).

ORGANIZATION FOR THE IMPLEMENTATION OF PRIVACY ACTIVITIES

The ATIP Coordinator has full authority delegated by the Minister for the administration of the *Privacy Act* and is also referred to as Director. (Refer to page 18 for a copy of the delegation order.)

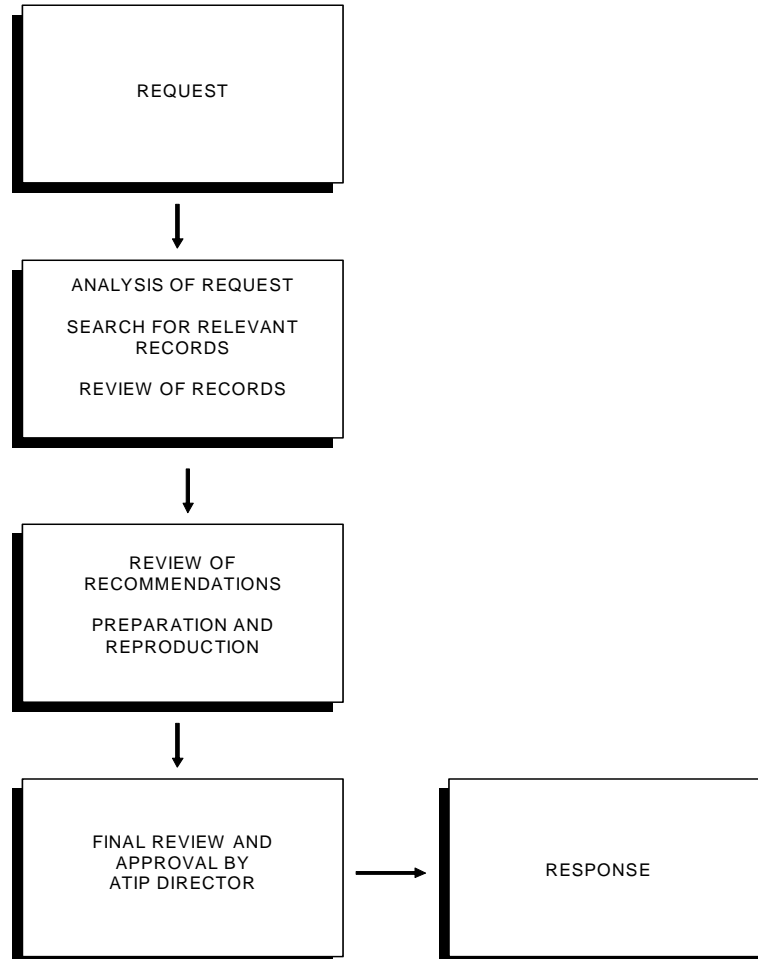

Within the ATIP Office, three point nine (3.9) employees were dedicated on a full-time basis to the administration of the *Privacy Act* and related functions.

Officials of the Department were directly involved in the application of the Act, in making recommendations concerning the disclosure of records, and ensuring compliance with the PA.

The chart shown on the next page indicates the steps involved in processing requests.

The Reading Rooms at Headquarters and those in the Regional Offices across Canada make available to the public the current version of Info Source, as well as departmental publications and manuals.

PROCESSING CHART

ADMINISTRATIVE ISSUES

Salary and Administrative Expenditures

A total of three point nine (3.9) person-years were utilized in the administration of the *Privacy Act*. The salary expenditures amounted to \$ 263,018.82.

The administrative expenditures amounted to \$14,452.11.

A statistical report indicating the administrative and salary expenditures is included on page 16.

Accomplishments

The Department of Justice continues to strive to provide leadership and improve its performance in order to maintain the highest standards of service as outlined in the *Values and Ethics Code for the Public Service*.

For the 2010-2011 fiscal year, the ATIP Office has:

- implemented a Privacy Impact Assessment (PIA) approval process in accordance with the Treasury Board Secretariat (TBS) Directives;
- improved its procedures by making use of current technological tools in order to gather, review and provide information to requestors more efficiently;
- drafted guidelines outlining internal procedures for processing PA requests in order to formalize its best practices and ensure consistency within the office;
- participated in the Community Development Initiative working and focus groups in order to assist the Treasury Board Secretariat in developing organizational models, job descriptions and competency profiles that will standardize work throughout the ATIP community;
- continued to improve communications with requesters in accordance with the ten (10) principles of practice outlined on the Department's Internet website in order to better assist requestors and increase the transparency of the ATIA process;
- continued to reduce paper consumption by printing double-sided as well as providing release packages electronically to requestors when appropriate;
- continued to abide by its services standards set out in Memoranda of Understanding with several client-departments; and
- continued to share its best practices with other government institutions.

Education and Training

ATIP officers regularly provide advice and informal training on the application of ATIP legislation to Departmental employees who must review relevant records requested under the PA. Formal awareness and information sessions are also provided to program areas within the Department.

Particular emphasis is given to those aspects of the Act that are directly related to the employees' areas of responsibility.

This year the sessions were provided to the following groups, for a total of 183 employees:

- The Department's Ontario Regional Office (2 sessions – 60 employees)
- Royal Canadian Mounted Police Legal Services Unit (57 employees)
- Ministerial Secretariat (17 employees)
- Youth, Justice, Strategies and Law Reform (22 employees)
- Information Management Branch's Management Team (6 employees)
- Directors, Business Management (21 employees)

Formal training entitled "The Fundamentals of ATIP" is also offered through the Department of Justice's Learning Program in conjunction with the Information Law and Privacy Section. This year three (3) sessions were held for a total of 75 participants.

An e-orientation deck is also posted on the Department's intranet site for employees to consult.

Moreover, ATIP employees regularly participate in collective awareness sessions with the ATIP Counsel to review recent jurisprudence and case law related to ATIA. The ATIP Counsel participates in monthly ATIP Practice Group meetings during which information is exchanged and viable solutions are proposed. The Practice Group is open to all Departmental counsel, including those from Legal Services Units, and its mandate is to discuss questions such as the right of access to information or privacy issues.

Finally, ATIP employees participate in training sessions, conferences and seminars organized by the Treasury Board Secretariat or by the Canadian Access and Privacy Association (CAPA) on matters relating to both access and privacy. These exchanges provide for updates in the development of ATIP and upcoming trends in this area.

Data Collection

The responsibility for the coordination of new data collection at Justice lies with the ATIP Coordinator. This ensures compliance with the *Privacy Act* and, as necessary, the creation of new Personal Information Banks or Program Records.

2. Requests Completed

Seventy-five (75) requests were completed during the year and twelve (12) were carried forward to be processed during fiscal year 2011-2012.

3. Disposition of Requests Completed

a) Unable to Process

Twenty-one (21) requests could not be processed as no relevant records existed under the control of the Department of Justice.

b) Abandoned

In eleven (11) cases, the applicants did not pursue the requests, as a result of obtaining further clarification regarding the subject matter of their requests and the role of the Department.

c) Transferred

Upon consent of the Applicant, one request was transferred to another government institution having greater interest in the request.

4. Extensions

Of the twenty-one (21) extended requests, eight (8) included extensions under sub-paragraph 15(1)(a)(i) (unreasonable interference with the operations of the government institution) and thirteen (13) included extensions under sub-paragraph 15(1)(a)(ii) (consultations with other institutions). No extensions were claimed under paragraph 15(1)(b) (translation or conversion of the information into an alternative format).

5. Completion Time

The completion time can be summarized as follows:

	<u>Number of Requests</u>	<u>Percentage</u>
30 days or under	49	65.33%

Total	75	100%

6. Method of Access

Access to the relevant documents was given, in whole or in part, in response to forty-two (42) requests. Copies were provided in all cases. The Department also offers the possibility of providing the release package to the applicant on CD-Rom, an option which tends to be more widely accepted.

III. **Consultations by Other Federal Institutions or Departments**

One hundred and eighty-five (185) consultation requests were received from other government institutions. These consultations are processed on a priority basis, taking into account the time limits imposed on each request. During this reporting period, Justice completed one hundred and eighty-four (184) consultations from other federal government institutions or departments.

Memoranda of Understanding were created to strengthen our commitment towards better service delivery to the institutions that consult the Department of Justice.

IV. **Complaints and Investigations**

The complaint findings are defined as follows:

- **Not Well-Founded:** A finding that a complaint is not well-founded means that the investigation uncovered no evidence leading the Privacy Commissioner to conclude that the Government institution violated the complainant's rights under the *Privacy Act*.

- Well-Founded: A finding that a complaint is well-founded means that the Government institution failed to respect the PA rights of an individual. This would also be the Commissioner's finding in a situation where the Government institution refuses to grant access to personal information, despite a recommendation that it be released. In such a case, the next step could be for the requester or the Commissioner to seek a review by the Federal Court of Canada.
- Well-Founded/Resolved: The Commissioner will find a complaint to be well-founded/resolved when the allegations are substantiated by the investigation and the Government institution has agreed to take corrective measures to rectify the problem.
- Resolved: Resolved is a formal finding that reflects the Commissioner's role as an ombudsman. It is a designation for those complaints where well-founded would be too harsh to fit what essentially is a miscommunication or misunderstanding. It signifies that the Commissioner's Office, after a full and thorough investigation, has helped negotiate a solution that satisfies all parties.
- Settled during the Course of the Investigation: This is not a formal finding, but an acceptable means to dispose of a complaint when the investigation has been completed, and the complainant is satisfied with the efforts of the Office of the Privacy Commissioner and does not wish to pursue the issue any further. The complainant retains the right to request a formal finding. When that happens, the investigator re-opens the file, and submits a formal report. The Commissioner reports the findings in a letter to the complainant.
- Discontinued: This signifies that the investigation was terminated before all the allegations were fully investigated. A case may be discontinued for any number of reasons - for instance, the complainant may no longer be interested in pursuing the matter or cannot be located to provide additional information critical to reaching a conclusion. The Commissioner does not issue a formal finding in discontinued complaints.

The following table summarizes the reasons for the complaints and the results of the investigations:

Reason for complaint	10-11	Reporting period				On-going
	Received	Discontinued	Not well founded	Settled	Well founded

2. Investigations Completed

The Office of the Privacy Commissioner completed the investigation of eight (8) complaints during the fiscal year. Many of these complaints had been carried forward from previous years.

The decision reached was in favour of the Department in four (4) cases. Four (4) complaints were well-founded and four (4) were not well-founded.

3. On-going Investigations

At the end of the fiscal year, eleven (11) complaints were still under investigation by the Office of the Privacy Commissioner.

4. Review by the Federal Court of Canada

No applications were filed before the Federal Court pursuant to section 41 of the *Privacy Act* during the reporting period.

V. Requests for Correction of Personal Information

Paragraph 12(2)(a) of the Act provides that every individual given access to personal information about himself or herself that has been used, is being used, or is available for use for an administrative purpose is entitled to request correction of such information where the individual believes there is an error or omission therein.

The Department of Justice has not received a request for correction of personal information during the reporting period.

VI. Use and Disclosure

It is the policy of the Department of Justice that personal information is to be used solely for the purpose for which it was collected or for consistent uses.

VII. Disclosure under Paragraph 8(2)(d)

Sub-paragraph 8(2)(d) permits the disclosure of personal information to the Attorney General of Canada for use in legal proceedings involving the Crown in right of Canada or the Government of Canada.

The Department of Justice did not disclose personal information under paragraph 8(2)(d) during the reporting period.

VIII. Disclosure under Paragraph 8(2)(m) or any other 8(2)

Paragraph 8(2)(m) permits the disclosure of personal information in situations where the public interest in disclosure clearly outweighs any invasion of privacy that could result from the disclosure or when the disclosure would clearly benefit the individual to whom the information relates. The Privacy Commissioner must be informed of disclosures to be made under these provisions.

No communication was made pursuant to paragraph 8(2).

IX. Exempt Banks

The Department of Justice has no exempt banks under the *Privacy Act*.

X. Audits Conducted by the Privacy Commissioner

Pursuant to subsection 37(1) of the *Privacy Act*, the Privacy Commissioner may carry out investigations in respect of personal information under the control of government institutions to ensure compliance with paragraphs 4 to 8.

No formal investigations by the Commissioner were conducted during the reporting period.

XI. Privacy Impact Assessments (PIA)

A Privacy Impact Assessment was initiated with the Office of the Federal Ombudsman for Victims of Crime for the reported period.
