Raison d’être of the Office of the Secretary to the Governor General

The Office of the Secretary to the Governor General (the Office) provides support and advice to the governor general of Canada in his/her unique role as the representative of The Queen in Canada, as well as the commander-in-chief. The Office assists the governor general in carrying out constitutional responsibilities, in representing Canada at home and abroad, in bringing Canadians together, and in granting armorial bearings. It also supports the governor general in encouraging excellence through the administration of the Canadian Honours System and by organizing the presentations of national honours, decorations, medals and awards. The Office manages a visitor services program at both of the governor general’s official residences and oversees the day-to-day operations of these residences. It provides support to former governors general, including pensions to former governors general and their spouses.

Further information on the mandate, roles, responsibilities and programs of the Office can be found on the following website: [2016-2017 - Main Estimates](#).

Basis of Presentation

This quarterly report has been prepared by management using an expenditure basis of accounting. The accompanying Statement of Authorities includes the Office’s spending authorities granted by Parliament and those used by the Office consistent with the Main Estimates for the 2016-2017 fiscal year. This quarterly report has been prepared using a special purpose financial reporting framework designed to meet financial information needs with respect to the use of spending authorities.

The authority of Parliament is required before moneys can be spent by the Government. Approvals are given in the form of annually approved limits through appropriation acts or through legislation in the form of statutory spending authority for specific purposes.

The Office uses the full accrual method of accounting to prepare and present its annual departmental financial statements that are part of the Office's *Annual Report*. However, the spending authorities voted by Parliament remain on an expenditure basis.

B) Highlights of fiscal quarter and fiscal year to date (YTD) results

This section highlights the significant items that contributed to the variances in available authorities for use for the fiscal year ending March 31, 2017 and the variances in actual expenditures for the quarter ended September 30, 2016.

Statement of Authorities

As reflected in the Statement of Authorities, the Office's total available budgetary authorities have increased by \$0.8 million or 3.5%, when compared to the same quarter in 2015-16. This increase is attributable to an increase in approved budgetary authorities for the renewal and enhancement of Canada's Honours System (\$1.1M) as announced in *Budget 2015* and offset by a decrease in the Operating Budget Carry-Forward (\$0.3M).

Budgetary Expenditures by Standard Object

The Office's quarterly spending has increased by \$0.4 million or 7.9% compared to the previous year. The year-to-date spending has increase by \$1 million or 10.5%. The increase in expenditures for the quarter and year-to-date is related to funds received in *Budget 2015* to support and modernize the Canadian Honours System which resulted in increased costs related to personnel; costs related to Governor General Events and costs related to the redesign of the honours portal.

C) Risks and Uncertainties

This Departmental Quarterly Financial Report (QFR) reflects the results of the current fiscal year as per the Main Estimates for which full supply was released on June 23, 2016.

The Office's most significant expenditure remains personnel including employee benefits. It manages its personnel appropriation within approved levels with due diligence while continuing to implement an organizational-wide human resources plan. The ongoing objectives of this plan is to effectively align staffing processes with the priorities of the organization and implement strategies for improving operational efficiencies and value for money. Furthermore, the Office continues to seek innovative, cost efficient ways of generating savings and addressing risks. The Office continues to look for opportunities to work in collaboration with other Government of Canada organizations to achieve efficiencies to deliver on its business goals. With these changes

the Office will continue to contribute to the effective management of human resources to the benefit of federal public service departments and agencies, managers, employees and Canadians at large.

D) Significant changes in relation to operations, personnel and programs

The Office received additional funding to support and modernize the Canadian Honours System and bring it closer to all Canadians. As highlighted in *Budget 2015*, these enhancements include increasing the number of nominations to the Order of Canada from under-represented sectors and modernizing eligibility and selection criteria for a number of other honours and awards. It also proposes to bring the Canadian honours and honourees closer to all Canadians through additional events and ceremonies, as well as the creation of an online portal. The Office is currently implementing these changes and will report its progress through future reports.

No other significant changes related to operations, personnel and programs having an impact on financial reporting occurred during the quarter ended September 30, 2016.
