Highway and Pipelines	8295				
Land and Water Use	8298				
Oils (Seepage, Spills)	8300				

Atmospheric Environment

Agreements and Treaties 8010

Information relating to deliberations/consultations being conducted; present or future international, federal/provincial departments and negotiations including working papers.

Secret/Confidential, ATI s.14, s.20

Any personal information if released would cause injury to "third party" in relation to the above.

Confidential, Priv. s.3

Atmosphere 8030

General information relating to the Atmosphere with respect to AES operations.

Undesignated

Atmosphere - High Atmospheric Vehicles 8040

Information relating to high atmospheric vehicles and radiometric sounding data.

Undesignated

Atmospheric Air Masses, Fog, Mists 8051

Information relating to atmospheric air masses, fog, and mist.

Undesignated

Atmospheric Condensation - Clouds 8061

Information relating to condensation, clouds and atmospheric physics.

Undesignated

Atmospheric Environment Operations 8001

General information relating to meteorological and climate stations.

Undesignated

Information relating to individual meteorological and climate stations to be held from other agencies.

Secret or Confidential, ATI s.14, Priv. s.20

Atmospheric Environment Operations - Overall Policy 8000

Information relating to overall policies with other federal departments.

Undesignated

Any business information and/or personal information in relation to the above.

Protected A or B, Bus. Info., Pers. Info.,

ATI s.20, Priv. s.3

Information that could cause identifiable injury or jeopardize the department's position in federal affairs.

Secret or Confidential, ATI s.14, Priv. s.20

Atmospheric Physics 8072

Information relating to atmospheric physics, alternate energy sources, solar and wind power.

Undesignated

Atmospheric Physics - Solar Radiation 8080

Information relating to atmospheric physics, solar radiation and data.

Undesignated

Atmospheric Physics - Upper Atmosphere - Radiosonde 8089

Information relating to radiosonde and quality control of radiosondes.

Undesignated

Atmospheric Physics - Upper Atmosphere - Rawinsonde 8090

Correspondence relating to upper atmosphere and radiosonde.

Undesignated

Atmospheric Pressure - Cyclones, Hurricanes, Tornadoes 8100

Information relating to atmospheric pressure, cyclones, hurricanes, and tornados.

Undesignated

Atomic Nuclear Explosions 8120

Information relating to atomic nuclear in general.

Undesignated

Information in which an unauthorized release could cause injury to AES and to national security.

Confidential, ATI s.15, Priv. 21

Information relating to Project x-1.

Secret, ATI s.15

Biometeorology 8150

Information relating to biometeorology with respect to AES operations.

Undesignated

Climatology 8180

Information relating to climatology studies/data.

Undesignated

Any personal information in relation to the above.

Protected B, Pers. Info., Priv. s.3

Climatology - Agrometeorology 8182

Information relating to climatology and agrometeorology.

Undesignated

Any personal information in relation to the above.
Protected A or B, Priv. s.3

Climatology - Data 8183

Information relating to climatological data.

Undesignated

Any personal information in relation to the above.

Protected A or B, Pers. Info., Priv. s.3

Climatology - Data - International 8184

Information relating to climatological studies and data at an international level.

Undesignated

Any personal information in relation to the above.

Protected A or B, Pers. Info., Priv. s.3

Climatology - Hydrometeorology 8186

Information relating to hydrometeorology with respect to AES operations.

Undesignated

Any personal information in relation to the above.

Protected A or B, Pers. Info., Priv. s.3

Climatology - Studies 8191

Any correspondence or documentation relating to climatological studies, data, agrometeorology and hydrometeorology.

Undesignated

Any information containing personal information.

Protected A or B, Priv. s.3

Communications 8215

General information relating to all forms of communications used by AES; e.g. Telidon, Telex, Facsimile.

Undesignated

Any business information and personal information in relation to the above.

Protected A or B, Bus. Info., Pers. Info.,

ATI s.20, Priv. s.3

Information relating to war plans for the Telecommunications Network with respect to the above.

Secret or Confidential, ATI s.15, Priv. s.21

Communications - Facsimile 8225

Information on telex communications, contracts and procedures.

Undesignated

Communications - Facsimile - Contracts 8226

Information relating to facsimile contracts in general.

Undesignated

"Third party" information relating to facsimile contracts.

Protected B, Bus. Info., ATI s.20

Communications - Facsimile - Installations
8227

Information relating to facsimile installations.
Undesignated

Communications - Facsimile - Procedures
8228

Information relating to facsimile procedures.
Undesignated

Communications - Facsimile - Weather Data Traffic
8230

Information relating to weather data traffic routed by facsimile.
Undesignated

Communications - New System Implementation Projects
8231

Information relating to new computer communications systems in general.
Undesignated

Information relating to the computer communications system and its security, including equipment, design, and location. Also includes "third party" business information.
Protected B, ATI s.15 and Bus. Info., ATI s.20

Communications - Programming (Computers)
8239

Information relating to the programming of computers for Telecommunications Network.
Undesignated

Information relating to the war plans for the Telecommunications Network with respect to the above.
Secret or Confidential, ATI s.15, Priv. s.21

Communications - Satellites - Data Collection Systems
8233

Information relating to the data collection systems of satellites.
Undesignated

Communications - Teletype
8235

Information relating to teletype communications.
Undesignated

Communications - Teletype - Contracts
8236

Information relating to teletype contracts.
Undesignated

Any business information if released could cause injury to AES and "third party".
Protected B, Bus. Info., ATI s.20

Communications - Teletype - Installations
8237

Information relating to teletype installations describing location and type of equipment.
Undesignated

Communications - Teletype - Procedures
8238

Information relating to procedures provided for the Teletype service.
Undesignated

Communications - Teletype Weather Data (Traffic)
8240

Information relating to weather data received over teletype.
Undesignated

Communications - Telex
8245

Information received via telex and this service in general.
Undesignated

Communications - Terminal Equipment
8234

Information relating to terminal equipment used in communications.
Undesignated

Contracts
8260

General information relating to all AES operational contracts.
Undesignated

Any business information if released would cause injury to "third party" in relation to the above.
Protected B, Bus. Info., ATI s.20

Contracts - Climatology
8262

Information relating to ice climatology contracts.
Protected B, Bus. Info., Pers. Info., ATI s.20, Priv. s.30

Any business information and personal information in relation to the above.
Protected B, Bus. Info., Pers. Info., ATI s.20, Priv. s.30

Contracts - Ice Observations (Reconnaissance)
8265

Information relating to ice observation (reconnaissance) contracts.
Undesignated

Any business information and personal information in relation to the above.
Protected B, Bus. Info., Pers. Info., ATI s.20, Priv. s.3

Contracts - Surface Weather
8267

Information relating to surface weather contracts.
Undesignated

Any business information and personal information in relation to the above.
Protected B, Bus. Info., Pers. Info., ATI s.20, Priv. s.3

Cooperation and Liaison
8270

Information relating to AES operational cooperation and liaison.
Undesignated

Information received in confidence from other governments with respect to the above.
Protected A or B, Other Govts, ATI s.13, Priv. s.19

Information, with respect to the above, if released, could jeopardize the department's position in international, federal/provincial affairs.
Secret or Confidential, ATI s.14 s.15, Priv. s.20, 21

Environment Protection Operations (EPO)
8275

Information relating to Environmental Protection Operations (EPO).
Undesignated

Information relating to advice, non-national-interest sensitive matters with respect to the above.
Protected B, Advice, ATI s.21

Information relating to any agreements that could cause identifiable injury to the department's position in international and federal/provincial affairs with respect to the above.
Confidential, ATI s.14, 15

EPO - Crisis Management
8279

Information relating to EPO crisis management.
Undesignated

EPO - Effects - Land Pollution
8284

Information relating to EPO effects and land pollution.
Undesignated

EPO - Environmental Studies
8286

Information relating to EPO specifically environmental studies.
Undesignated

EPO - Federal Activities Projects
8290

Information relating to EPO federal activities projects.
Undesignated

<p>EPO - Highway and Pipelines 8295 Information relating to EPO highways and pipelines. <i>Undesignated</i></p>	<p>EPO - Pollution - Water - Mining 8318 Information relating to programs, studies, and committees, with respect to water pollution and including mining. <i>Undesignated</i></p>	<p>Ice Climatology - Ice Information 8413 Ice information includes charts of current and analyzed ice conditions; freezing/melting degree-days; side-looking airborne radar images; satellite images; infra-red line scan images; aerial photography images; laser profilometer data; ice thickness data; freeze-up/break up data; sea profile data; ice conditions forecasts and bulletins; ice distribution survey data. <i>Undesignated</i></p>
<p>EPO - Land and Water Use 8298 Information relating to EPO land and water use. <i>Undesignated</i></p>	<p>Environmental Assessment Review Process 8273 Information relating to the Environmental Assessment and Review Process (EARP). <i>Undesignated</i></p>	<p>Ice Climatology - Meteorological Information 8414 Meteorological information includes charts of 1000 mb analysis data, surface pressure data, storm tracks data and air temperature data. <i>Undesignated</i></p>
<p>EPO - Oils (Seepage, Spills) 8300 Information relating to EPO oil seepage and spills. <i>Undesignated</i></p>	<p>Familiarization Flights 8355 Information regarding familiarization flights. <i>Undesignated</i></p>	<p>Ice Climatology - Oceanographic Information 8415 Oceanographic information includes charts of sea surface temperature and wave heights; floating buoy data. <i>Undesignated</i></p>
<p>EPO - Pollution - Air 8305 Information dealing with air pollution, long-range transportation of air pollutants, pollution monitoring, acid rain, committees, programs. <i>Undesignated</i> Any information containing personal comments in relation to the above. <i>Protected B, Pers. Info., Priv. s.3</i> Information that could cause identifiable injury or jeopardize the department's position in international and federal/provincial affairs in relation to the above. <i>Confidential, ATI s.14, 15</i></p>	<p>Grants (in Aid of Research) 8380 General information relating to the awarding of research grants. <i>Undesignated</i> Personal information contained in the list of applicants with respect to the above. <i>Protected B, Pers. Info., Priv. s.3</i></p>	<p>Ice Data Integration and Analysis System (ICE) 8409 Information relating to ice data integration and analysis system. <i>Undesignated</i></p>
<p>EPO - Pollution - Chemical 8308 Information relating to EPO chemical pollution, toxins, herbicides, pesticides, programs. <i>Undesignated</i> Any information containing personal comments in relation to the above. <i>Protected B, Pers. Info., Priv. s.3</i> Information that could cause identifiable injury or jeopardize the department's position in International and federal/provincial affairs in relation to the above. <i>Confidential, ATI s.14, 15</i></p>	<p>Hydrology - International Hydrological Decade 8390 Information relating to studies, projects, surveys and investigations involving hydrology with respect to the international hydrological decade. <i>Undesignated</i></p> <p>Hydrology (Projects, Investigations, Research, Studies, Surveys) 8391 Information relating to studies, projects, surveys and investigations involving water management. <i>Undesignated</i></p>	<p>Ice Observing Programs - Reconnaissance 8412 Information dealing with all aspects of ice and ice observing programs. Information that deals with ice observers reports, side-looking airborne radars and the Ice Recovery Capital Project. <i>Undesignated</i></p>
<p>EPO - Pollution - Water 8315 Information relating to programs, studies, and committees with respect to water pollution. <i>Undesignated</i> Any information relating to personal comments in relation to the above. <i>Protected B, Pers. Info., Priv. s.3</i> Information that could cause identifiable injury or jeopardize the department's position in international, federal/provincial affairs in relation to the above. <i>Confidential, ATI s.14, 15</i></p>	<p>Ice 8410 Information relating to all aspects of ice and ice observing programs. <i>Undesignated</i> Information relating to ice observers reports, side-looking airborne radars and the ice recovery capital project that could jeopardize the department's position in any negotiation. <i>Protected C, ATI s.20, Priv. s.23</i> Information relating to ice climatology and forecasting involving military naval operations. <i>Secret, ATI s.15, Priv. s.21</i></p>	<p>Information that could jeopardize the department's position in any negotiations with respect to the above. <i>Protected - Bus Info/Undue Benefit to a Person - ATI s.20 and s.18(c)</i> Any information relating to ice climatology and forecasting involving military naval operations. <i>Secret or Confidential, ATI 16(1)(a)(iii) and para. 16(1)(c)/Priv. sub-para 22(1)(a)(iii), para 22(1)(b)</i></p>
		<p>Inspections 8420 Information relating to the inspection or survey of a building or a system. <i>Undesignated</i> Any information that reveals the vulnerability of a building or a system which could aid in the commission of a crime in relation to the above. <i>Protected B, Law Enforcement, ATI s.16(1)(d), Priv. s.22 and s.24</i></p>

Inspections - Reports

8422

Information relating to inspections reports or surveys of a particular AES meteorological station.

Undesignated

Any information that reveals the vulnerability of meteorological station's building or system which would aid in the commission of a crime.

Protected B, Law Enforcement, ATI s.16(1)(d), Priv. s.22, 24

Instruments

8430

Information relating to all types of instruments controlled, used or loaned by this Service. These records contain general information.

Undesignated

Instruments - Atmospheric Sounding

8442

Information relating to different types of atmospheric sounding instruments.

Undesignated

Instruments - Humidity, Evaporation, Precipitation, (Gauges, Hygrometers, etc.)

8432

Information relating to humidity, evaporation, or precipitation instruments controlled, used or loaned by this Service. These records contain general information.

Undesignated

Instruments - Marine

8434

Information relating to marine types of instruments controlled, used or loaned by this Service. These records contain general information.

Undesignated

Instruments - Physical Phenomena

8435

Information relating to physical phenomena types of instruments controlled, used or loaned by this Service. These records contain general information.

Undesignated

Instruments - Pressure (Altimeters, Barographs, Barometers, Etc.)

8437

Information relating to pressure types of instruments controlled, used or loaned by this Service. These records contain general information.

Undesignated

Instruments - Radiation

(Actinographs, Sunshine Records)

8440

Information relating to radiation types of instruments controlled, used or loaned by this Service. These records contain general information.

Undesignated

Instruments - Wind (Anemometers, Towers and Masts, Wind Vanes, Etc.)

8445

Information relating to all types of instruments controlled, used or loaned by this Service. These records contain general information.

Undesignated

Maps, Charts and Forms

8470

Information relating to the maps, charts and forms provided by this Service in general.

Undesignated

Maps, Charts and Forms - Compiling and Printing

8472

Information relating to the compiling, printing of maps, charts and forms for the Service.

Undesignated

Maps, Charts and Forms - Sale and Distribution

8474

Information relating to the sale and distribution of maps, charts and forms for the Service.

Undesignated or Protected B - Undue Benefit to a Person

Meteorology

8500

Routine information relating to, and requests for, meteorology in general.

Undesignated

Meteorology - Arctic

8502

Routine information and requests for information dealing with arctic meteorology. Please note that any agreements with foreign countries, once signed, are also included in this information.

Undesignated

Meteorology - Aviation

8505

Routine information and requests for information dealing with aviation meteorology. Please note that any agreements with foreign countries, once signed, are also included in this information.

Undesignated

Meteorology - Foreign

8508

Routine information and requests for information dealing with foreign meteorology. Please note that any agreements with foreign countries, once signed, are also included in this information.

Undesignated

Meteorology - Marine

8510

Information on ship reports from around the world including the logs. Also included is information on weather ships, Automated Shipboard Aerological Program and Observing.

Undesignated

Information dealing with the ocean weather ships can also deal with personnel, tenders and advice and recommendations to a Minister of the Crown.

Protected B, Bus. Info., Pers. Info., Advice, ATI s.20, 21, Priv. s.3

Meteorology - Mesometeorology

8512

Information relating to mesometeorology.

Undesignated

Meteorology - Precipitation

8514

Routine information relating to meteorology dealing with precipitation.

Undesignated

Meteorology - Training

8520

Information that deals with training provided by the Service for meteorologists. Includes all the courses offered by the Service.

Undesignated

Any personal information in relation to above.

Protected A or B, Pers. Info., Priv. s.3

Aptitude tests and exam results of courses that are not completed.

Protected B, Tests/Audits, ATI s.22

Meteorology - Training - Professional

8523

Information that deals with training provided by the Service for meteorologists. Includes all the courses offered by the Service.

Undesignated

Any personal information in relation to above.

Protected A or B, Pers. Info., Priv. s.3

Aptitude tests and exam results of courses that are not completed.

Protected B, Tests/Audits, ATI s.3

Meteorology - Training - Professional Development

8525

Correspondence relating to training provided by the Service for meteorologists. Includes all the courses offered by AES.

Undesignated

Information containing personal information with respect to the above.

Protected A or B, Priv. s.3

Information containing aptitude tests and exam results of courses that are not completed in relation to the above.

Protected B, Tests/Audits, ATI s.22

Meteorology - Training - Technical

8528

Information dealing with courses provided in AES's field of expertise for AES employees as well as non-AES personnel.

Undesignated

Any personal information.

Protected A or B, Pers. Info., Priv. s.3

Information containing aptitude tests and exams.

Protected B, Test/Audits, ATI s.22

Micrometeorology

8540

Information relating to micrometeorology.

Undesignated

Military Exercises

8547

Information relating to providing forecast verification to National Defence for military exercises.

Undesignated

Information which could cause injury in the event of an unauthorized release with respect to the above.

See Administration Section - Emergency Planning.

Monitoring and Assessment

8560

Information relating to the monitoring and assessment of requirements of the AES regions.

Undesignated

Navigation and Guidance - Marine

8574

Information relating to navigation and guidance dealing with marine orientated affairs.

Undesignated

Oceanography

8610

Information relating to oceanographic studies, data buoys and ocean information services.

Undesignated

Oil and Gas Exploration and Development

8620

Information dealing with oil and gas exploration and development across Canada. This includes information on the Environmental Studies Revolving Fund.

Undesignated

Information relating to contracts and agreements made by different levels of government that could be interpreted as causing injury on a national basis.

Confidential, ATI s.14, Priv. s.3

Orders and Regulations

8630

Information relating to orders and regulations and Data Acquisition Directives.

Undesignated

Plans and Programs

8650

General information dealing with the Eastern Arctic, Seaboard Monitoring, plans and programs for AES.

Undesignated

Information dealing with the Corporate Planning Group, developing departmental activities, projects and priorities on energy research and development.

Confidential, ATI s.21, Priv. s.3

See Administration - Advice and Recommendations.

Presentations

8670

General information dealing with priorities, procedures, complaints and debriefing in relation to forecasts involving the Canadian Meteorological Centre.

Undesignated

Private Meteorological Services

8690

General information dealing with privatization of meteorological services and the service provided to the Canadian Forces by Atmospheric Environment Service.

Undesignated

Any business information and personal information dealing with privatization of meteorological services.

Protected B, Bus. Info., Pers. Info., ATI s.20, Priv. s.3

Information that could cause injury to "third party" and AES if released with respect to the privatization of meteorological services.

Protected B, ATI s.20

Procedures and Standards

8700

Information relating to procedures and standards generated and performed by AES.

Undesignated

Procedures and Standards - Codes (Index Numbers, Identifiers, Etc.)

8705

Information relating to the procedures and standards, specifically metric system identifiers, which are generated and performed by the Service.

Undesignated

Procedures and Standards -

Technical Manuals

8710

Information relating to procedures and standards, specifically technical manuals, which are generated and performed by AES.

Undesignated

Projects (Investigations, Research, Studies, Surveys, Etc.)

AES Headquarters

8720

Information related to projects, studies, investigations and surveys that are being carried out by AES or jointly with other organizations, e.g. global warming, ozone studies.

Undesignated

Information dealing with contracts, policies and strategies with respect to projects, studies.

Protected, ATI s.20 s.13, Priv. s.27

Information dealing with government research which upon unauthorized release may cause minor to serious injury to all parties involved.

Confidential or Secret, ATI s.18(C) s.13

Protected B - Priv. s.27

Projects (Investigations, Research, Studies, Surveys, Etc.)

Atlantic Region

8721

Information relating to projects, research, studies, surveys, and investigations performed in the Atlantic Region.

Undesignated

See Administration Section - Advice and Recommendations.

Projects (Investigations, Research, Studies, Surveys, Etc.)

Central Region

8726

Information relating to projects, research, studies, surveys, and investigations performed in the Central Region.

Undesignated

See Administration Section - Advice and Recommendations.

Projects (Investigations, Research, Studies, Surveys, Etc.)

Ontario Region

8723

Information relating to projects, research, studies, surveys and investigations performed in the Ontario Region.

Undesignated

See Administration Section - Advice and Recommendations.

Projects (Investigations, Research, Studies, Surveys, Etc.)

Pacific Region

8725

Information relating to projects, investigations, research, studies, and surveys performed in the Pacific Region.

Undesignated

See Administration Section - Advice and Recommendations.

**Projects (Investigations, Research, Studies, Surveys, Etc.)
Quebec Region
8722**

Information relating to projects, research, studies, surveys and investigations performed in the Quebec Region.

Undesignated

See Administration Section - Advice and Recommendations.

**Projects (Investigations, Research, Studies, Surveys, Etc.) Western Region
8724**

Information relating to projects, research, studies, surveys and investigations performed in the Western Region.

Undesignated

See Administration Section - Advice and Recommendations.

**Radar
8750**

Information dealing with radar data from specific stations, training and data archives.

Undesignated

**Radiometry
8760**

General information relating to microwave radiometry.

Undesignated

Any information related to research concerning passive microwave radiometry which upon unauthorized release would cause minor injury to the economic interests of Canada.

Confidential, ATI s.18(a), (d)

**Reports and Returns - Operational
8770**

Information dealing with operational reports and technical notes produced by the AES.

Undesignated

**Reports and Returns -
Operational - Monthly
8776**

Information relating to operational reports produced monthly by different directorates in AES.

Undesignated

**Reports and Returns -
Operational - Quarterly
8774**

Reports produced quarterly by the Service.

Undesignated

**Satellites
8790**

Information relating to the Surveillance Satellite Program GOES, Direct Read-Out systems, Aircraft Satellite Data Relay.

Undesignated

Information relating to satellite requirements for other departments, contract information, replace projects.

Confidential, ATI s.15, Priv. s.21

**Seismology
8800**

General information dealing with financial implications for the seismic program support with other federal departments.

Undesignated

**Sites - AAWRS
8810**

Information relating to manned weather-observing stations, observers certifications and decertifications.

Undesignated

Any personal information with respect to the above.

Protected A or B, Pers. Info., Priv. s.3

**Sites - Climate
8816**

General information dealing with climate stations across the country.

Undesignated

**Sites - Other than Climate
8818**

General information dealing with stations, other than climate stations, across Canada.

Undesignated

**Sites - PAWRS
8812**

General information relating to private aviation weather reporting stations including standards, practices and procedures.

Undesignated

Information relating to business and personal matters with respect to the above.

Protected B, Bus. Info., Pers. Info., ATI s.20, Priv. s.3

**Sites - Radar
8814**
