You give as a reason that Mr. Russell, being a permanent employee, should not be paid from a vote for "Temporary Assistance."

The intention of Parliament appears to have been that all the clerical services in the department (not charged to Civil Government) should be shown under one of the four heads classed with "Miscellaneous Public Works." This new classification is an important step towards simplifying the Public Accounts; and I cannot allow the intention of Parliament to be evaded on account of a minor inaccuracy of description, which is not germane to the object of the vote.

The application for a transfer is returned herewith, and a similar objection will be raised to any other charges of Departmental services to Outside Votes.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Accountant, Public Works Dept.

Dept. of Public Works, Ottawa, July 6, 1893.
Sir,--I have the honour to acknowledge the receipt of your letter of the 29 th ult. in reference to the transfer of Mr. A. J. H. Russell's salary from "Temporary clerical and " other assistance" to "Collection of Slide and Boom Dues."

I quite agree with you as to the advisability of simplifying the Public Accounts, and have no desire to interfere with your efforts to attain that most desirable end ; but I must differ with you when you say that "the intention of Parliament appears to have " been that all the clerical services (not charged to Civil Government) should be shown " under one of the four heads classed with Miscellaneous Works."

What is the intention of Parliament? Surely nothing more than the intention of the Minister on whose recommendation Parliament granted the vote. Now, by referring to the three Orders in Council of December 19, 1892, giving the list of the officers of the department to be paid out of the votes referred to, you will find that Mr. Russell's name was left out, showing clearly that it was not intended that his salary should be charged to these votes, but that it was the intention of the Minister, endorsed by Parliament, that it should be paid out of the vote it was charged to for the last 26 years.

So confident was I of the correctness of my position that I used the amount asked to be transferred to pay the officers entitled to same, and made the transfer in my books accordingly.

Under the circumstances I return herewith my application, confident that you will sustain my contention.

I am, sir, your obedient servant,
The Auditor General.
O. DIONNE, Accountant.
(Note.-The transfer was not made.-J. L. McD.)

## Travel: Order in Council not Followed.

Sir,—Let me call your attention to a February voucher, No. 74508, the pay-list of a survey on the River Lièvre. The following amounts are charged for sustenance between Jan. 23 and Feb. 23, or 32 days, the duration of the trip :Engineer F. W. Cowie, 32 days at $\$ 3.50$
Rodman E. F. Gingras, 32 days at $\$ 2.50$
Draughtsman L. A. Desrosiers, 32 days at $\$ 1.50 \ldots \ldots . . .$.
The Order in Council of Feb. 6, 1893, abolishes the arbitrary "living allowances," and provides that from that date there be paid to all officers "their actual reasonable "travelling and living expenses." The employees above mentioned should therefore give items and vouchers for their actual outlay since Feb. 6.

The same remark applies to voucher 74412 , from Mr. F. M. Hamel, covering 5 days at $\$ 3.50$, between Feb. 7 and 11 ; and to voucher 74416 from Mr. Paymaster Côté, covering 5 days at $\$ 3.50$, between Feb. 9 and 13 .

> I am, sir, your obedient servant,

$$
\text { J. L. McDOUGALL, } A . G .
$$

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, May 8, 1893.
Sir,- - In reply to your letter dated the 29th of March last, calling attention to the charges made by F. W. Cowie, E. F. Gingras and L. A. Desrosiers for sustenance between January 23 and February 23, re survey on Rivière du Lièvre, and stating that the Order in Council of the 6th February last abolishes the arbitrary "living allow"ances," and that the above employees should therefore give items and vouchers for their actual outlay since February 6, and also that the same remark applies to vouchers 74412 from F. M. Hamel, covering 5 days between February 7 and 11, and to voucher 74416, from I. Côté, covering 5 days between February 9 and 13: I am directed to state that the Order in Council, although passed on February 6, only reached this department on the 16 th, that the officers above mentioned could only be notified after that date, and that they have rendered their accounts under the new order since such notification.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

Audit Office, Ottawa, June 7, 1893.
Sir,-I notice that several of your officers, when travelling on Government business, have charged a uniform living-allowance instead of actual expenses, for trips begun since February 6, 1893.

Under the recent Orders in Council relating to this subject, only actual reasonable expenses can be paid. Details will be necessary for all trips begun since February 6, and refunds wherever over-payments have been made.

> I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Audit Office, Ottawa, January 26, 1894.
Sir,-LLet me call your attention to your letter No. 139923 of May 8, 1893, wherein you hold that the living allowance of $\$ 3.50$ should be granted to travellers up to the day when they received formal instructions from the department that only actual expenses would be repaid them.

This general subject was taken up by the Order in Council of May 4, 1893, and disposed of in the following words: "That the $O$. C. of February 6, 1893, limiting the "amount to be paid for travelling expenses to actual outlay, be amended so as to apply "only to trips commenced after the date of the Order in question;" that is to say, after February 6.

Please therefore get all accounts for that period rectified in the foregoing sense. Examples are two of those mentioned in my letter of March 29, namely : that of Mr. F. M. Hamel between February 7 and 11, and that of Mr. I. Côté between February 9 and 13.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Langevin Block: No Final Estimate Yet.

Audit Office, Ottawa, July 8, 1890.
Sir,-Let me acknowledge receipt to-day of your application in favour of Mr. A. Charlebois for $\$ 25,000$, in further payment on the Langevin Block, as by the Chief Architect's certificate.

In view of the fact that the building has been occupied for some time, I would like to know how soon we may expect the Final Estimate to be completed.

I am, sir. your obedient servant,
J. L. McDoUgall, A.G.

The Deputy Minister, Public Works Dept.

Audit Office, Ottawa, December 5, 1893.
Sir,-Please let me know what progress is making in the preparation of Mr. Charlebois' Final Estimate for the Langevin Block.

It would be well to have it completed while all the circumstances are clear in the memory of the officers in charge.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. $f^{\prime}$.

The Secretary, Public Works Dept.

## Audit Office, Ottawa, January 24, 1894.

Sir,-Please let me have an answer to my letters of July 8, 1890, and December 5, 1893, asking when the Final Estimate on Mr.Charlebois' contract for the Langevin Block may be expected.

Has the delay for its object the testing of the durability of Mr. Charlebois' work?
I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Département des travaux publics, Ottawa, le 30 janvier, 1894.
Monsieur,-J'ai l'honneur d'accuser réception de votre lettre du 24 janvier, demandant à ce département quand l'estimation finale en faveur de M. A. Charlebors pour la construction du block Langevin vous sera transmise.

Je n'ai nul doute que cette demande vous est suggérée par le constant intérêt que vous portez à notre département, mais je regrette que sous les circonstances il ne me soit pas possible de gratifier la curiosité bien louable dont vous faites preuve.

Je ne crois pas non plus qu'il soit nécessaire de répondre à la question plaisante par laquelle se termine votre lettre, car je doute que cette demande ait été faite dans l'espoir d'obtenir une réponse.

J'ai l'honneur d'être, monsieur, votre obéissant serviteur,
A l'auditeur général.
A. GOBEIL, Député Ministre.

Audit Office, Ottawa, Feb. 12, 1894.
Sir,-I beg to acknowledge receipt of your letter of Jan. 30, 1894, stating that, under the circumstances, it is not possible to let me know when the Final Estimate for the Langevin Block will be forwarded.

Suppose that, for a transaction like building the Langevin Block, there are involved -say-four otficers whose personal knowledge and examination are necessary for the perfection of the Final Estimate; and suppose further, for the sake of an approximate calculation, that these officers are now aged respectively 70,60,50 and 40 years. From the Life-Table of the Institute of Actuaries, the chances that these four officers would not all four be alive now, were :

| One year ago | One to eight. |
| :---: | :---: |
| Two years ago | One to four. |
| Three years ago | One to three. |
| Four years ago. | One to two. |

That is to say, if it had been proposed four years ago to postpone the Final Estimate until the present time, you could have relied then on only two chances out of three that these four officers would be here now : not to mention the possibility of superannuation, and the lapsing of memory referred to in a previous letter. If this calculation appears to involve too many assumed figures, I shall be pleased to revise it to accord with the actual ages, if you let me have them.

In view of the disadvantage shown above, as resulting from such a long postponement of the Final Estimate, I have been unable to imagine any adequate reason for the delay, if it be not something like the Testing of Durability.

Progress Estimate No. 34, paid Dec. 21, 1888, was the last received at this office. Since that date, on Interim Certificates from the Chief Architect that work was done, but that detailed estimates were not ready, $\$ 97,000$ was paid as follows :-
1889 : Jan. 29 ..... $\$ 10,000$
" March 8 ..... 15,000
" July 2 ..... 20,000
" July 12 ..... 15,000
" Oct. 31 ..... 12,000
1890: July 10 ..... 25,000

These six sums are equivalent to the whole $\$ 97,000$ dated Sept. 19, 1889 -that is to say, over four years ago: and I am still asking you to account for them : and you characterize my request as "curiosité," and a "question plaisante." Do you expect me to continue the system of making payments on Interim Certificates, without detailed estimates?

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister, Public Works.

## Cape Tormentine: Objection by Chief Engineer to any Criticism of his Certificate.

Audit Office, Otrawa, April 18, 1893.
Sir,-LLet me acknowledge receipt of your application No. 546 for $\$ 12,831.01$ in favour of Edward Murphy, being the balance of his Final Estimate for work at Cape Tormentine.

I should like to have a copy of the contract with Mr. Murphy, to enable me to make a more satisfactory examination of his account. - I am, sir, your obedient servant, The Secretary, Public Works Dept.
J. L. McDOUGALL, $A . G$.

Audit Office, Ottawa, May 9, 1893.
Sir,-LLet me acknowledge receipt of your 140333 of May 4, containing a copy of the contract with Edward Murphy for the Cape Tormentine Wharf.

I notice by section 3 that the work was to have been finished by October 28, 1890; and by section 22 that the Contractor is liable for all salaries of persons superintending the work since that date. The final estimate is marked "Jan. 21, 1893." Please separate any part of the delay which may have been due to the action of the Government; and prepare a statement of charges against the contractor for the rest of the delay, if any, to deduct from his Final Estimate.

There should be an explicit statement that no expenditure has been made by the Government under section 34 of the specitication, for the maintenance of lights on the wharf: but that the service was performed by the Contractor.

Generally, there should be certificates from the Local Engineers or Inspectors, that they have held the Contractor rigidly to the terms of the specification and contract; or, if any concessions have been made, that the value of them to the Contractor is fully and accurately shown in the form of deductions from his account.

Concerning the items in the $\$ 10,973.40$ bill for extras, they should be supported by the preliminary written order of the Engineer, fixing the price,-as provided by section 5 of the contract; and supported also by evidence that the claim was made at the time the work was done,-as provided by section 29.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Chief Engineer's Office, Ottana, June 13, 1893.
Sir,-I have the honour to acknowledge the receipt of the letter of the Auditor General, dated 9th May last, in connection with the final payment to E. Murphy for the Cape Tormentine works, which letter reached my office on the 14th May, one day after my departure for the Pacific Coast.

Before answering the questions put by the Auditor General, I would call the attention of the department to the fact that I transmitted for payment the final estimate in favour of Mr. Murphy on the 23rd January last, and that Mr. Murphy accepted the

## Auditor General's Report, 1892-93.

settlement offered him on the 30th of the same nonth, and that owing to the objections raised by the Auditor General, payment has not yet been made.

Clause 33 of the Audit Act reads as follows :-
" No payment shall be authorized by the Auditor General in respect of work per-
"formed, or material supplied by any person in connection with any part of the public
"service of Canadas unless, in addition to any other voucher or certificate which is
" required in that behalf, the officer, under whose special charge such part of the public ser-
" vice is, certifies that such work has been performed, or such materials supplied, as the case
" may be, and that the price charged is according to contract, or if not covered by a contract,
" is fair and just ;" and while I am quite willing to furnish the department answers to all the questions or objections raised by the Auditor General, I must, as Chief Engineer of the department, protest most emphatically against the occurrence of these frequent delays in payment, due to the Audit Office, which bring this department into disrepute, and cause annoyance and loss to the persons entitled to payments.

In this matter of the Cape Tormentine Works, the final estimate is duly certified by the Resident Engineer and the Chief Engineer of the department, and I fail to see why the Auditor General should take upon himself to interpret the terms of the contract, a duty, which, in my opinion, devolves entirely upon the Public Works Department.

However, under protest, and to prevent further delay in the payment to the contractor of the sum to which he is justly entitled, I now beg leave to state in answer to the Auditor General's letter:

1. That all delays which occurred in the construction of the Cape Tormentine Works were considered by the department as unavoidable, and that no charges can be made against the contractor for the said delays, and, therefore, there is not anything to deduct from his final estimate on that account.
2. That the Auditor General will see by reference to the final estimate that no allowance is made to the contractor for the maintenance of lights on the wharf during the period of construction.
3. That the Auditor General will again see by a careful perusal of the contract and the final estimate which have been furnished to him, that the Resident Engineer has certified all progress estimates as well as the final in the proper manner, and that, therefore, the Auditor General must take it for granted that the contractor has been held rigidly to the terms of the specification and contract, and also that, if any concessions had been made, the value of these concessions would have been fully and accurately shown in the form of deductions from the final estimate.

With reference to the last paragraph relative to the bill for extras, while I can assure the Auditor General that the work covered by the said bill has all been performed under orders by the Engineer, as provided by sections 5 and 29 of the contract, the execution of which clauses are vested in the Department of Public Works, I fail to see why, in face of the certificate given by the Resident Engineer and the Chief Engineer " that the above estimate is correct, that the value of work performed and materials " furnished by Edward Murphy up to the 21st January, 1893, is one hundred and " seventy-nine thousand seven hundred and eleven $\frac{01}{100}$ dollars," he, the Auditor General, should raise any objection to the payment of the said final estimate.

I am, sir, your obedient servant,
LOUIS COSTE, Chief Engineer.
The Secretary, Dept. of Public Works.
Audit Office, Ottawa, July 28, 1893.
Sirs, -Let me acknowledge receipt of your 141997 of June 15, covering Mr. Coste's $_{\text {I }}$ explanations of June 13 concerning the Final Estimate of Edward Murphy at Cape Tormentine.

Mr. Coste's letter can be divided into three parts : a remonstrance against delayed payments ; information as to Cape Tormentine items ; and a general argument that an

Engineer's certificate should be regarded by an Auditor as final, unquestionable and sufficient.

Delays in making payment.

The Cape Tormentine Estimate was certified by Mr. Coste Jan. 23, 1893. Of the 187 days between that date and July 28, the correspondence was. waiting 125 days in your Department, and 62 in this office. Moreover, as to the delay of 43 days since June 15, a look at your Letter-Register will show that, if the Examiner of Public Works Expenditure was unable to consider Mr. Murphy's Estimate sooner, it was because a great part of his time was taken up by raising objections to your other payments, which could easily have been foreseen by your department, as they have been raised by this office repeatedly before.

## Cape Tormentine Items.

With reference to the works not being completed within contract time, Mr. Coste's statement, that "the delays were considered by the department as unavoidable," would be more satisfactory if it were put into the form that "the delays were caused by the "department." Please describe the several reasons for delay.

My question about " maintenance of lights" was in accordance with section 34 of the specification, which provides for a possible deduction from the contractor, instead of an allowance to him. Please call Mr. Coste's attention to this item again.

Section 5 of the contract reads that "the contractor shall not be entitled to " payment for extras unless they have been ordered and priced in writing before their " execution." The Engineer certifies the estimate as being the "value of the work per" formed and materials furnished," but says nothing about the manner of ordering the extras. Whether they were ordered as directed by the contract, and in such a manner as to make them valid claims, is a subject on which an intelligent layman can pronounce, on reading the orders. The contractor should complete the voucher by producing the orders, since he is notentitled to payment if he has not got them.

## Concessions to Contractors.

To Mr. Coste's opinion that, because the Resident Engineer certifies the estimate to be correct as it stands, I should take it for granted that the contractor has been held rigidly to all the clauses of his specification, I make two objections: 1st, That such an assumption would agree more closely with the Theory of Contracts, than with their occasionally imperfect working as commonly understood ; and 2nd, that "taking it for " granted" forms no part of the system of this office. An example of this will occur to you in our rejection of the Manitoba Dredging Pay-lists, after your Department had taken it for granted that the false signatures were genuine.

## Sufficiency of the Engineer's Certificate.

Mr. Coste "fails to see why-in face of the certificate given by the Resident "Engineer and the Chief Engineer, that the estimate is correct, that the value of work "performed and materials furnished is $\$ 179,711.01$-the Auditor should raise an objec"tion to the payment of the said Final Estimate."

On this understanding, the work of Auditing Public Accounts could be performed by any routine clerk who is sufficiently familiar with the Engineers' signatures to identify them as having been made by the Engineers whose signatures they profess to be. Further : if the Engineer's certificates were all stamped out, say, into a series of coins, the whole Audit Office could be replaced by an automatic slot-machine, which would pay out money when set in motion by the certificate of the appropriate Engineer.

That Parliament has a different notion of our work, may be seen from the Audit Act itself. For instance, section 32 C. reads, "If the Auditor General has refused to "certify, on the ground that the money is not justly due," instead of reading "on the "ground that it is not certified by the Chief Engineer." Again, in section 56, the Auditor General may get any person ordered to attend before him and testify to all

## Auditor General's Report, 1892-93.

matters within his knowledge relative to any account. If, then, the Auditor can ask the Engineer to explain his certificate-the Engineer's certiticate by itself, though necessary, is not tinal.

As for the fear of the Deputy Minister, expressed orally, that contracts and speciications, if allowed to leave the Chief Engineer's hands, will be wrongly understood and wrongly interpreted in this office-that deals with a matter for which I am solely responsible; and I shall accept the responsibility for the mistakes when they are made. Please therefore do not let this possibility, of an error in auditing, interfere with the department in supplying me with any information for which I may ask.

I am, sir, your obedient servant, J. L. McDOUGALL, A. $G^{\prime}$.

The Secretary, Public Works Department.

Note by Auditor General.-Mr. Coste visited the Audit Office July 31, and made and signed the following certificate on Mr. Murphy's Final Estimate : "I hereby certify that "the contractor has been rigidly held to the terms of his contract and specification; and "that in the case of the extra work, this extra work was ordered by the Engineer in "charge of the work, or by the Chief Engineer, before the work was begun.-Louls "Coste, Chief Engineer."

## Chief Engineer's Office, Ottawa, lst August, 1893.

Sir,—In answer to the letter of the Auditor General contained in file 143381 re Cape Tormentine final estimate, I beg to state the following :-

With regard to delays in making payments, my observations were simply to prove that these delays were not attributable to my office, and in this particular case I would state that I transmitted to the department the final estimate re Cape Tormentine Wharf on the 23rd January, 1893, and that so far as I know it has not yet been paid; and further, I would point out that the application to the Finance Department was made by the Public Works Department on the 4th April.

With reference to the different remarks which I made respecting the different items of the estimate, I would repeat, with regard to the works not being completed within the contract time, that the delays were considered unavoidable by the department. I cannot and will not state that the delays were caused by the department, as the Department does not control the weather, which in this particular case had more to do in delaying the contractor than probably any other cause, but I will go as far as saying that the interpretation of the clauses of the contract rests with this department and not with the Audit Office.

The question of the Auditor about maintenance of lights is no doubt made in accordance with section 34 of the specification; and in this regard I can assure the Auditor General that if the department had incurred any expenditure in this respect which should have been charged to the contractor, a deduction would have been made from the estimate ; yet I must again protest that this is a consideration for which the Public Works Department is solely responsible.

With regard to payment for extras, the contractor did not perform any of the said extras unless ordered by the department or by the Resident Engineer, and the prices paid for these extras have been in every instance fixed by the Chief Engineer after a conference with the Engineer in charge of the work. This explanation will I hope prove satisfactory to the Auditor General, but I desire to call his attention to a certain clause in that same contract where the Chief Engineer is pronounced sole judge of the meaning of the terms of the said contract.

With regard to the paragraph "Concessions to Contractor" in the Auditor General's letter, I repeat here that no concessions have ever been made to the contractor for the Cape Tormentine work, and that on the contrary he has been held rigidly and severely to the terms of his contract.

Before closing this letter I must protest most emphatically against the sending of copies of contracts to the Audit Office : and while I do not propose to refuse to the Auditor General any explanation which may enable him to audit the accounts of the Chief Engineer's Branch in strict accordance with the law, I do not think that this department should leave the control of its business entirely to the whims of clerks in the Audit Office.

I am, sir, your obedient servant,
LOUIS COSTE, Chief Engineer.
The Secretary, Department of Public Works.

## St. John: Extra Pay to Permanent Officer.

Audit Office, Ottawa, December 14, 1893.
Sir,--Let me call your attention to voucher 70385 of $1892-93$, being a payment of $\$ 10$ to Thos. H. Lawson of St. John, for "Looking after man repairing Safe, from July " 16 to Aug. 1, 1892," charged to "St. John Dominion Buildings, Improvements."

Mr. Lawson is on the Assistant Receiver General's pay-list as a janitor at $\$ 500$ a year, and contributes to the Superannuation Fund. Since he is a permanent officer, any parment to him in addition to his regular salary is in contravention of 51 st Vic., chap. $\dot{1}^{2}$, sec. 12 , and the amount should be refunded.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.
Dept. Public Works, Otrawa, December 29, 1893.
Sir,-Having reference to your letter dated the 14th inst., I an directed to state that the Chief Architect reports on the matter as follows :-
"The combination of the safe or vault got out of order, and it was absolutely " necessary to employ a thoroughly reliable person to watch while it was being fixed. "Mr. Lawson was the most trustworthy person available at the time, and he was placed "in charge. The work had to be performed after working-hours."

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

The Auditor General.

Audit Office, Ottawa, February 12, 1894.
Sir, Let me acknowledge receipt of your 146891, concerning the payment of $\$ 10$ to Mr. Thos. H. Lawson of St. John.

Whatever may have been the reasons for getting Mr. Lawson to do the work, the Act is very explicit in declaring that his regular salary is the only pay he can get for his full time. Please have the $\$ 10$ refunded, as suggested in my previous letter.

I am, sir, your obedient servant,
J. L. McDoUgall, A.G.

The Secretary Public Works Dept.

## Laprairie: Insufflient Voucher Offered by Accountant Dionne.

Audit Office, Ottawa, July 4, 1893.
Sir,-I beg to acknowledge receipt of your Application No. 731 for $\$ 104.26$ in favour of Letourneux, fils \& Cie, for hardware supplied to the Laprairie Post Office.

The certificate is: "Materials delivered, prices fair and just; signed T. A. "Sylvestre, Clerk of Works;" and this is written in full by some employee in your department, instead of by Mr. J. H. A. Sylvestre himself, the local officer at Laprairie.

The account is returned herewith, to be replaced by one with an original certificate.
Please call the attention of the Accountant or his assistant to the necessity of greater care in examining vouchers before forwarding them to this office.

I am, sir, your obedient servant, J. L. McDOUGALL, $A . G$.

The Secretary, Public Works Dept.

Public Works Dept. of Canada, Ottawa, July $5,1893$.
Memorandum re Public Buildings, Laprairie, P.Q.-All possible care is taken in this office in examining vouchers before forwarding them to the Auditor General. I have got the copy of account referred to, signed by the Clerk of Works, in my possession, and I do not want to part with it. Whenever those vouchers are required by Parliament ue have got to produce them.

In order to satisfy the Auditor General's requirements I have certified the inclosed account as "a true copy" of original in my possession. I cannot do any more than that.
O. DIONNE, Accountant.

Audit Office, Ottawa, July 13, 1893.
Sir,--Let me acknowledge receipt of your 142598 of July 12, inclosing the Accountant's refusal to supply this office with a voucher bearing an original certificate.

Mr. Dionne's explanation is, that whenever vouchers are required by Parliament, it is the Public Works Department that has to produce them.

When the Public Accounts Committee needs vouchers, it demands them from the Audit Office, and not from the departments.

Since we agree that it is Parliament which is entitled to original vouchers, a reference to section 21 of the Audit Act will show you that this office is the channel selected by Parliament through which to get its information.

Please therefore let me have a voucher carrying the autograph signature of the officer who certifies it.

If it is considered essential to preserve an original voucher in the Department, let me suggest that the incomplete copy be sent to Laprairie, to be certified by the Clerk of Works.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G'

The Secretary Public Works Department.

Dept. of Public Works, Ottawa, July 25, 1893.
$\mathrm{S}_{\mathrm{I}}$, ,-Having reference to your letter dated the 4th instant, re application No. 731 for $\$ 104.26$ in favour of Letourneux, fils \& Cie, for hardware supplied to the Laprairie Post Office, and to your communication of the 13 th upon the same subject, I am directed to return to you, herewith inclosed, the above application and the copy of the account duly certified by me according to the section 35 of the Public Works Act, which provides that the certificate of the Secretary upon any copy shall constitute it "prima facie "of the same legal effect as the original."

Audit Office, Ottawa, Oct. 3, 1893.
SLr,-Let me acknowledge receipt of your 142899 concerning the copied certificate of Mr. Sylvestre on Letourneux \& Co.'s account.

You give no reason for not adopting my suggestion of July 4, namely, that the account be sent back to Laprairie to be certified by the Clerk of Works. Please let mé know of any difficulty which may prevent this apparently practicable solution: so practicable, in fact, that I have delayed answering for some time in case you might be taking that action.

The section 35 of the Public Works Act which you quote, concerning copies of documents certified by the Secretary, appears to relate more to documents which have to be kept in the department, and which cannot easily be duplicated otherwise. As far as I can see, another signature can be procured from Mr. Sylvestre himself, without having recourse to the Secretary to certify a copy thereof ; and original vouchers, being necessary for an audit, are not to be retained in the department.

As mentioned in my letter of July 13, the Accountant's argument that " the House "of Commons may call on him for vouchers" is not supported by the existing practice of the Public Accounts Committee ; and it is anticipated in section 44 of the Audit Act, where the examination of accounts on behalf of the House of Commons is assigned to the Auditor General, and in section 21, where the reporting thereon to the House of Commons is assigned to the same officer.

If the Accountant, when asked to make payment, had before him only a copied voucher, instead of the original, he would not pay-since, on his own statement, he must have an original. The original therefore is the voucher, and a copy is not a voucher. Under section 44, I am to ascertain whether payments are supported by vouchers; that is to say, I am to see the originals.

Moreover, a copy of a voucher, made in the department, is of more value to the department itself than it would be to this office-since the department has some knowledge of the care and accuracy with which it has been copied. A striking instance of this is the Letourneux voucher, now under discussion :

The Clerk of Works at Laprairie is J. H. A. Sylvestre ; and the signature as copied on the voucher is "T. A. Sylvestre, Clerk of Works." Now, if these are the same person, then the copy is not "A True Copy"-the Accountant and the Secretary to the contrary notwithstanding. If, however, they are different persons, and since J. H. A. Sylvestre draws pay as Clerk of Works, then who is "T. A. Sylvestre," and of what use is his certificate "Materials delivered," if he is not "the officer under whose special charge that "part of the public service is"?

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDougall, a.g.

Memo. by Accountant, October 7, 1893 :-
1st. The reason given by the Auditor General in this paragraph, is nothing else than a pretext to justify unnecessary delays. Departmental letter No. 84230 of the 25th of July last was an answer to Auditor's of the 4th.

2nd. Section 35 of the "Public Works Act" is clear and precise, and leaves no grounds for suppositions. Copies of documents certified by the Secretary of the Public Works Department "shall be held to be authentic and shall be prima facie of the same "legal effect as the original in any Court or elsewhere."

3rd. My " argument" that the "House of Commons may call on this office for " vouchers" is supported, the writer and Auditor General "notwithstanding," by the fact that quite a number of vouchers had to be sent to the Public Accounts Committee nearly every session for the last ten years. So I am justified in keeping "originals" for this office, and I will not part with them.

4th. Should there be an officer intrusted with the care of accounts coming from outside, and authorized by law to issue certified copies of same, "the Accountant" of Public Works would readily accept them as a sufficient voucher, and make at once the
payment asked for. He would "moreover" take good care not to raise frivolous and vexatious objections, and deprive parties of their just claims for months and months.

5th. No copy of voucher referred to "was made in this department." The duplicate sent to Audit Office was made out by Letourneux, fils \& Cie themselves, but the Clerk of Works omitted to sign same, hence the necessity for Secretary to certify that the original had been signed by that officer.

6th. It took over three months for Audit Office people to discover clerical error referred to ("T. A." instead of "J. H. A.") It is no wonder the clerk who copied Mr. Sylvestre's signature and who has something else to do than split hairs (fendre les cheveux en deux,) made this error. The Auditor General need not then be too hard on him.

Let the voucher be sent back to us and Mr. Sylvestre's initials will be rectified at once.

In conclusion I think it my duty to protest against the unnecessary delay in paying accounts, caused by the action of the Audit Office in raising uncalled-for objections, the onus of which the public lay to me notwithstanding my efforts to facilitate business in every way.
O. DIONNE, Accountant.

## Audit Office, Ottawa, October 14, 1893.

$S_{\text {Ir, -LLet me acknowledge receipt of a copy of Mr. Dionne's letter of October 7, }}$, concerning the account of Letourneux \& Co.

You have not explained, as I desired you to do, the objections which there may be against sending the vouchers back to Laprairie for Mr. Sylvestre's own signature. This course was suggested in my letter of July 13, and had it been acted on by you at that time Letourneux \& $\hat{C}$ o. would have had their money nearly three months ago.

The account is returned to you herewith.

The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Public Works Dept., Ottawa, October 18, 1893.

## (Memorandum.)

Clerk of Works' initials rectified on inclosed account which "shall be held authentic "and shall be prima facie of the same legal effect as the original," and is consequently to the Auditor General a sufficient voucher to all intents and purposes. See sect. 35 of the "Public Works Act." It should be returned to the Auditor General, who will, I hope, see that no further delay occurs in making payment of Letourneux \& Cie's ascount.

It is to be remarked that from the 25th July last up to the 3rd October instantsay over 2 months-Audit Office people kept account referred to without raising any objection. Now the delay, in this case, cannot surely be laid to me. The whole responsibility lays with the Audit Office, which has no reason to withhold payment.
O. DIONNE, Accountant.

Audit Office, Ottawa, October 23, 1893.
Sir,-I had hoped that notice would be taken of my thrice-repeated request for reasons against sending Letourneux's account back to Mr. Sylvestre himself, a course needing say three days at the most.

The account is returned to you herewith. There seems to be now no object in your delaying submission of the case to the Treasury Board, as provided by section 32—C of the Audit Act.

The Secretary, Public Works Dept.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.
$S_{\text {IR, -I }}$ return you Letourneux's account duly certified by Mr. Sylvestre, the Laprairie Clerk of Works. Please issue cheque without any further delay.

Yours very truly,
A. GOBEIL, D.M.P.W.

The Auditor General.

## Montreal Custom House-Duplicate Payment asked for.

Audit Office, Ottawa, June 29, 1893.
Sir,--Let me acknowledge receipt of your Application No. 733, for Repairs at Montreal Custom House, including :-

The bill of McArthur, Corneille \& Co., for $\$ 42.00$ is composed of the following items:-

| Feb. 2, Meth | \$ 100 |
| :---: | :---: |
| do 4, Turpe | 25 |
| do 4, Putty, 1 tin, 25 lbs | 75 |
| do 7 , C. D. Gen. whit | 650 |
| do 7, 1 drum Turner's varnish, 6 galls. at ${ }^{\text {a }}$ | 0 |

The first six items of the same firm's bill for $\$ 107.10$ are as under :-

Notwithstanding the slight difference in dates, I am inclined to think that these may be two bills for the same lot of supplies, and would like to be assured otherwise explicitly before certifying payment.

The Application and Voucher are returned herewith, for amendment if necessary. I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Department.

## Audit Office, Ottawa, September 2, 1893.

Sir,-Let me acknowledge receipt again of your Application No. 733 in favour of McArthur, Corneille \& Co. and others, for Repairs at Montreal Custom House.

The duplicate voucher for $\$ 42$ is now deducted, without any explanation of how it came to be included in the first place.

Please mention to Mr. Ed. Guilbault, the local Clerk of Works who certifies the account-that his system of examination, as long as it permits duplicate payments, is dangerously defective.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Department.

## Montreal Post Office: Contract of E. St. Louis.

Audit Office, Ottawa, April 13, 1893.
Sir,-Let me acknowledge receipt of your Application No. 574 for $\$ 1,519.77$ in favour of Em. St. Louis of Montreal, being the balance of $\$ 7,019.77$ for improvements and alterations at the Montreal Post Office.

The bill includes an item of $\$ 6,300$ described as follows : "Works carried out for "the completion of the Second Floor of the building, in accordance with the specification "and detailed estimates furnished to the Department of Public Works, September 13, " 1892 , and in accordance with the acceptance of the same by the Chief Architect of date "of October 14, 1892."

Please inform me whether this work was let by public tender and contract, as required by the Order in Council of May 23, 1880, for all public works over $\$ 5,000$. This Order in Council is shown at page A-13 of my Report for 1891-92.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

- Public Works Dept., Otrawa, April 19, 1893.
$S_{\text {IR, }}$-Having reference to your letter of the 13 th instant, respecting application $\mathrm{N}_{\mathrm{o}} .574$, for $\$ 1,519.77$ in favour of Mr. Em. St. Louis, being the balance of $\$ 7,019.77$, for improvements and alterations at the Montreal Post Office, and asking to be informed Whether the work was let by public tender and contract: I have the honour to state that the works referred to, and which have been executed by Mr. St. Louis at the Montreal Post Office, were of such a nature that they could not possibly be let by public tender or by contract as is usual with works of that kind. The work was specially composed of reconstruction and the remodelling of one of the flats of the Montreal Post Office for occupation by the Post Office Inspector's Branch. Some of the work had to be done in the evening and at such times as would not inconvenience the officials; consequently it was deemed advisable and in accordance with the law, "Public Works Act," not to execute them by contract based on public tender.

> I am, sir, your obedient servant,

The Auditor General.

E. F. E. ROY, Secretary.

Audit Office, Ottawa, April 2t, 1893. Sir,-Let me acknowledge receipt of your 140189 , concerning the payment to Mr. Em. St. Louis of $\$ 6,300$ for completion of Second Floor in Montreal Post Office.

The Order in Council of May 23, 1880, reads: "That all public works involving an " expenditure of over $\$ 5,000$ shall be let by public tender and contract, unless owing to " urgency or other cause it be deemed advisable to take different action, and that in all "such cases authority be obtained by an Order in Council."

This last clause seems to have escaped the attention of the person who framed the argument in your letter. The payment cannot be made until an Order in Council has
been obtained.

> I am, sir, your obedient servant,

The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

$$
1-22 \frac{1}{2} c
$$

# St. Vincent de Paul : Apparently a double payment. 

Audit Office, Ottawa, January 24, 1894.
Sir,-Let me draw your attention to two payments made to John McDougall, of Montreal, on account of "St. Vincent de Paul Penitentiary."

Voucher No. 76605, dated April 10, 1893, reads: "Boiler-maker, repairing boiler, " 5 days at $\$ 3.50$; mud-port with guard-bolt complete, 75 c . ; total, $\$ 18.25$."

1Voucher No. 78300-58, dated April -, 1893, reads: "Boiler-maker, repairing " boi er, 5 days at $\$ 3.50$; mud-port with guard-bolt complete, 75 c .; total, $\$ 18.25$.

The first voucher, No. 76605, is in the handwriting of Mr. Elz. Dagneault, the Clerk of Works at the Penitentiary, and has his own signature to the certificate. The second voucher, No. $78300-58$ is in the handwriting of one of the clerks in the Public Works Department, and Mr. Dagneault's signature is copied in the same hand, as "Sig. E. "Dagneault." As indicated in previous correspondence, a copied signature fixes no responsibility on the officer whose signature is copied, and is entirely worthless for purposes of audit.

On comparing the details given above, there seems to have been a double payment for the same service. Please investigate this, and let me know the result.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.g.

The Secretary, Public Works Dept.

# St. Vincent de Paul : Hardware prices higher than Penitentiary Contracts. 

Audit Office, Ottawa, April 18, 1893.
Sir,-I am passing to-day your Application No. 585 for $\$ 216.64$ in favour of Letourneux, fils \& Cie of Montreal, for hardware supplied to the St. Vincent de Paul Penitentiary.

Let me again call your attention to the advantage to be gained by purchasing, if possible, under the contracts made by the Penitentiary authorities. Their hardware contract with Cyrille Bisson would have saved $\$ 14.89$ on $\$ 62.72$ of the bill in hand, or nearly 24 per cent, as follows :

Letourneux. Bisson.

Moreover, we have to pay freight from Montreal to St. Vincent de Paul on the purchases from Letourneux ; whereas the Bisson contract figures are for goods delivered.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

St. Vincent de Paul, May 2, 1893.
Sir,-In reply to the remarks of the Auditor General, I beg to inform you that it is impossible to purchase materials according to C. Bisson's contract with the penitentiary. Bisson's contract is for $\$ 400$ only. His figures are lower than the whole-
sale market prices, but he has got extras for five times more, so he is taking back on extras what he is losing on contract.

|  | Contract | Price. | Whole | le Price. |
| :---: | :---: | :---: | :---: | :---: |
| Paint oil. | 60 | cts. |  | 65 cts. |
| Screws, 3-in | 30 | " | 60 |  |
| Fish glue | 12 | " | 20 to | 35 |
| English paint (James') white lead . | 550 |  | 750 to 8 | 50 |
| Charcoal tin acc. to brand | 550 |  | 550 to 9 |  |

With regard to freight, Bisson is carting himself for his stores, so it amounts to nothing what he has delivered to penitentiary. The department cannot cart his materials; he has to pay for it.

I am quite aware that Bisson would not have supplied the Department of Public Works with $\$ 25,000$ worth of materials to the figures mentioned in his contract with the penitentiary.

If the department wish to ask for tenders for the next fiscal year, it will be less - trouble for me and more satisfactory for all.

I am, sir, your obedient servant,
E. DAGNEAULT,

Thos. Fuller, Esq., Chief Architect.

## St. Vincent de Paul: Oats bought at mone than Market Price.

## Audit Office, Ottawa, April 17, 1893.

Sir,-I am passing to-day your Application No. 566 for $\$ 437.32$ in favour of Cyrille Bisson, of St. Vincent de Paul, for supplies to the Penitentiary as follows; under date of Tuesday, March 27, 1893:-

$$
\begin{aligned}
& \text { Oats, } 401 \text { bushels at } 45 \text { cts. . . . . . . . . . . . . . . . . . . . . . . . . . } \$ 18045
\end{aligned}
$$

$$
\begin{aligned}
& \text { Hay, } 15 \text { tons at } \$ 12 \text {......................................... . . . } 18000 \\
& \text { Bran, } 2 \text { tons at } \$ 20 . . . . . \text {. . . . . . . . . . . . . . . . . . . . . . . . . . . } 4000
\end{aligned}
$$

Oats were selling in Montreal at $34 \frac{1}{2}$ and 35 cents on the previous Saturday.
Please let me know whether there is a contract with Mr. Bisson fixing the prices for supplies of this nature, after public competition.

The Penitentiary authorities at St. Vincent de Paul have a contract with Mr. Anselme Chartrand for oats at 40 cents a bushel, for 2,500 bushels, more or less. It might be possible to obtain your supplies through this channel.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Dept. of Public Works, Ottawa, January 5, 1894.
Sir,--Having reference to your letter of the 17th April last, respecting application No. 566 for $\$ 437.32$ in favour of Mr. Cyrille Bisson for oats supplied St. Vincent de Paul Penitentiary, and stating that the Penitentiary authorities there have a contract with Mr. Anselme Chartrand for oats at 40 cts. per bushel.

I have the honour to inform you that there is no contract with Mr. Bisson for the supply of oats. The contract with the Penitentiary authorities for 1892-93 is for the supply of oats at 40 cts. per bushel of 34 lbs ., and the contract price for the same for 1893-94 is 50 cts.

The amount charged per bushel of 34 lbs . in Bisson's account is 40 cents, or 5 c . per bushel less than that paid under the Penitentiary contract.

I am, sir, your obedient servant.

- Audit Office, Ottawa, January 24, 1894.

Sir,-Let me acknowledge receipt of your 140318 of January 5 , concerning oats at 45 cents at St. Vincent de Paul.

Your letter appears to be in error in saying that Bisson's rate is 40 cents, and that this is 5 cents less than the Penitentiary rate. Mr. Bisson's rate is 45 cents, and the Penitentiary rate is 40 cents, both for 1892-93.

You have not discussed my information to you, that oats were selling in Montreal at $34 \frac{1}{2}$ and 35 cents, on the Saturday preceding the Tuesday's purchase.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

## St. Vincent de Paul-Insufficient Vouchers.

Audit Office, Ottana, November 18, 1893.
Sir,-Let me acknowledge receipt of your Application No. 350 for payment of the following accounts from St. Vincent de Paul Penitentiary :-

The bills of Messrs. Lemay and Prevost are in the handwriting of Elzéar Dagneault, the Storekeeper at the Penitentiary, and contain no details of the delivery. The accounts should be made out by the creditors themselves, and there should be specifications of delivery attached, to be certified by the officer who received the timber. These objections have been raised several times before : please anticipate them when accounts similarly deficient reach you from your outside officers.

The bill of letourneux, fils \& Cie contains an item of $\$ 40.31$ for "Pure manilla " rope, $1 \frac{1}{2}$-inch, 278 lbs . at $14 \frac{1}{2}$ cents," not including freight from Montreal to St. Vincent de Paul. The Department of Railways and Canals is buying this size and name of rope in Montreal under contract at $10 \frac{3}{4}$ cents a pound,-a reduction of over 25 per cent on your price.

This is merely one instance of the advantage to be gained by inviting public competition for such large purchases as the Government makes. I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

## Audit Office, Ottawa, December 4, 1893.

Sir,-Let me call your attention to my letter of Nov. 18, 1893, not yet answered, concerning the accounts of Messrs. Lemay, Prevost and Letourneux, for supplies to the St. Vincent de Paul Penitentiary.

I return herewith the application and vouchers, as although they cannot be paid in their present state, a large portion of the Letourneux account could go through on a separate application.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.

$$
\text { J. L. McDOUGALL, } A . G .
$$

## St. Vincent de Paul: Architect does not go there.

Audit Office, Ottawa, March 9, 1893.
SIR,-I notice that none of the vouchers for your expenditure incurred after June 30,1892 , on "St. Vincent de Paul Penitentiary," are certified by Mr. John Bowes of the Chief Architect's staff, as were the vouchers for similar expenditure before that date.

## Auditor General's Report, 1892-93.

Mr. Bowes is described on the pay-lists from July 1, 1892, to January 31, 1893 (the latest in hand), as "Supervising Architect of the St. Vincent de Paul Penitentiary" at $\$ 180$ a month. His last trip to St. Vincent de Paul was made on July 1 and 2, 1892.

Please explain your reasons for describing Mr. Bowes as "Supervising Architect of "the St. Vincent de Paul Penitentiary," if he neither goes there, nor examines the accounts.

Your expenditure on this Penitentiary from July 1, 1892, to February 28, 1893, was $\$ 15,911.20$; and the Architect's salary for the same 8 months was $\$ 1,440$,-or more than 9 per cent on the expenditure. This exceeds the rates paid by your department to outside Architects for transient work.

I am, sir, your obedient servant,

J. L. McDOUGALL, $A . G$.

The Secretary, Public Works Dept.

Audit Office, Ottawa, December 5, 1893.

Sir,-Please let me have an answer to my letters of March 9 and December 5, 1893, asking for an explanation of your reasons for describing Mr. John Bowes as "Supervising Architect of the St. Vincent de Paul Penitentiary" for several months after he had ceased either going there or examining the accounts.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, February 3, 1894.
Sir,-In reply to your communication dated the 24th ultimo, applying for an answer to your letters of March 9 and December 5, 1893, asking for an explanation of the reasons for describing Mr. Bowes as "Supervising Architect of the St. Vincent "de Paul Penitentiary" for several months after he had ceased going there or examining the accounts: I am directed to state that Mr. Bowes had for a long period been the Supervising Architect of the St. Vincent de Paul Penitentiary; that when it was decided to dispense with his services, his visits to the Penitentiary ceased ; but that, until the time he actually left the department, he was consulted, as occasion presented itself, on matters concerning the Penitentiary.

I am, sir, your obedient servant.
A. GOBEIL, for the Secretary.

# Winnipeg Drill Hall : Insufflcient Description of Fence. 

Audit Office, Ottawa, December 12, 1893.
Sir,-Let me acknowledge receipt of your Application No. 426 for $\$ 1,083.75$ in favour of W. H. Rourke, for fencing at the Winnipeg Drill Hall as follows :-

Picket fence, including painting, 559 lineal feet at $\$ 1.25 \ldots \$ 69875$
Close board fence, 6 feet high, battened, cap and base, 350
lineal feet at 65 cents.
22750
Removing, repairing and placing old fence, 450 lineal feet at 35 cents

15750
I should like further information concerning the picket fence, as to those particulars by which the price of such work more immediately varies: such, for instance, as its height, and the materials of which it is composed.

The application and voucher are returned herewith, for completion in the direction suggested.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, January 17, 1894.

Rourke, for fencing at the Winnipeg Drill Hall, I am directed to send to you herewith, copy of Mr. Ewart's memo. giving the information asked for in above letter. Application No. 426 enclosed.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

The Auditor General.

Dept. of Public Works, Ottawa, January 11, 1894.
Memorandum.-The height of the fence is $4^{\prime} 3^{\prime \prime}$, and the materials of which it is composed are pine lumber and nails. The height and materials of which the fence is composed give but little idea as to its value. The fence was built according to plan, and $\$ 1.25$ per lineal foot is a fair and just price for the work.

> D. EWART, for Chief Architect.

## Audit Office, Ottawa, January 25, 1894.

Sir,-Let me acknowledge receipt of your 146878 of January 17, concerning the fence at Winnipeg Drill Hall, in answer to my request for information as to the height of the fence, and the naterials of which it is composed.

Your reply is, that the fence is $4 \frac{1}{4}$ feet high, and is composed of pine lumber and nails ; and that this information gives but little idea as to its value.

Your remark is not one which I can successfully contradict. "Pine lumber and "nails" is a very scanty description of materials. Although the plan and specifications are necessary for the builder of the fence, still it should be possible to make a short abstract which would enable any practical man, interested in the Public Accounts, to approximate more or less closely to a general notion of its value. This is what I need for publication in my report.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, February 3, 1894.
Sir,-In reply to your communication dated the 25th ultimo, acknowledging the receipt of my letter of the 17 th of the same month, respecting the fence at the Winnipeg Drill Hall, and stating that you require more complete information, I am directed to send to you, herewith, the plan and the specification of the fence in question.

I am, sir, your obedient servant,
A. GOBEIL, for the Secretary.

The Auditor General.

## Winnipeg : Employee's Duties not Accurately Described.

Audit Office, Ottawa, April 18, 1893.
SIR-I notice in your February expenditure a pay-list numbered 74004-5 for Public Buildings, Manitoba and North-west Territories, as follows :-

$$
\begin{aligned}
& \text { D. Smith, Clerk of Works, January....................... \$ } 12500 \\
& \text { Jos. Tassé, Clerk of Works, January.................... . . . } 10000
\end{aligned}
$$

These, and all similar employees, are covered by the Order in Council of October 9, 1891, which requires a certificate of actual attendance for every person on the pay-list. Please see that this regulation is complied with in future by all of your outside service.

The description of Mr. Tassé as Clerk of Works for "Public Buildings, Manitoba "and North-west Territories," appears to be unnecessarily comprehensive, as I find no travelling expenses for him outside of Winnipeg for several years. It would be well that the "capacity" column of a pay-list, while mentioning the nature of an employee's services, should also define clearly the limits of his sphere of activity.

I am, sir, your obedient servant,

$$
\text { J. L. McDOUGALL, } A . G .
$$

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, May 8, 1893.
Sir,-Having reference to that portion of your letter of the 18th ultimo, recommending the defining clearly of the limits of employees' spheres of activity in the "capacity" columns of pay-lists, I have the honour to state that our officials have been instructed accordingly.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

The Auditor General.

## Moosomin : Interest wanted on delayed Purchase.

Audit Office, Ottawa, July 21, 1893.
Sir,-LLet me acknowledge receipt of your Application No. 798 for $\$ 5.72$ in favour of the Moosomin Town Site Trustees, for interest on the price of two lots purchased from them for Mounted Police Stables, from the day on which they were reserved for the Government, up to the day when payment was made.

As far as the causes of delay are explained in the correspondence, they do not appear to have been other than those which are unavoidable in any transaction whose completion involves the assistance of several departments, themselves constantly engaged on other work of equal importance.

Unless special reasons are brought forward in this instance, it would be an unsafe precedent to pay interest on a delay caused by routine proceedings.

I should like to have the information which will enable me to discriminate the class of cases where interest should be paid by the Government from that where interest should not be allowed.

It would be extremely undesirable to make payments which might serve as precedents for claims for interest on many of the ordinary accounts against the Government.

The application and correspondence are returned herewith.

> I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Regina: Heating-Apparatus in Greenhouse.

Audit Office, Ottawa, April 22, 1893.
SIr,-Let me call your attention to Application No. 56 of 1892-93, being a payment of $\$ 1,314.61$ to Wm . Henderson for putting Greenhouse heating-apparatus into the edifice lately occupied by Lieut. Governor Royal.

Mr. J. W. Reid of this office, while investigating at Regina some of the transactions of H. J. Peters, formerly the local Clerk of Works, found among that gentleman's papers a bill from Garth \& Co. against the Public Works Department, amounting to $\$ 1,130.82$, for what appears to be the same service. I forward copies of the two bills in detail, to enable you to recognize their identity.

The calculations by which the bill of $\$ 1,130.82$ was raised to $\$ 1,314.61$ are in the handwriting of Mr. Peters himself, who certified the larger amount.

Please explain fully the manner in which Messrs. Henderson and Garth respectively were involved in the execution of the work.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Sir,-I have not yet received from your department an answer to my letter of April 22, 1893, concerning the accounts of Messrs. Henderson and Garth for work at the Lieutenant Governor's greenhouse at Regina.

Please let me have an answer at as early a date as possible.
I am, sir, your obedient servant,
J. L. McDOUGALL, d.g'.

The Secretary, Public Works Dept.

Public Works Dept., Ottawa, June 22, 1893.

## Memorandum re Heating-Apparatus, Regina.

On January 23, 1892, a letter was forwarded to Mr. Peters by me inclosing an account amounting to $\$ 1,314.61$, in favour of Mr. Henderson. In that letter I stated that I could not find any authority for the work, and requested Mr. Peters ta find out by whom it had been ordered, and, if it had been done and the prices were fair and just, to certify the account. On the 30th of the same month, Mr. Peters returned the account duly certified, and inclosed a letter from the Lt. Governor stating that he had ordered the work. I have no knowledge whatever of the arrangement which existed between Mr. Henderson and the party who did the work.

Audit Office, Otrawa, July 27, 1893.
Sir,-LLet me acknowledge receipt of your 140443 of July 11, covering the Chief "Architect's letter of June 22, wherein he states that he has "no knowledge whatever of " the arrangement which existed between Mr. Henderson and the party who did the "work" of putting Greenhouse heating-apparatus into the Regina Edifice formerly occupied by Lieutenant Governor Royal.

As will be apparent to any one who examines the original bill of Garth \& Co. for $\$ 1,130.82$, and the manner in which it was raised to $\$ 1,314.61$ by Mr. H. J. Peters, at that time Clerk of Works, an understanding of the arrangement between Mr. Henderson and Garth \& Co. is essential to a proper audit of the account for $\$ 1,314.61$.

Please communicate with Messrs. Henderson and Garth in relation to this subject. I am, sir, your obedient servant, J. L. McDougall a.g. The Secretary, Public Works Dept.

## Regina: Certificate of Unreliable Officer Rejected.

Audit Office, Ottawa, July 13, 1893.

Sir,-Let me acknowledge receipt from your Department of two Applications for payment of supplies to the Lieutenant Governor's Residence at Regina as follows :-
$742 \frac{1}{2}$ : Colonial House, Montreal, quilts, curtains, linen, \&c... $\$ 37217$
743 : Scott \& Leslie, tables, wardrobe, \&c. . . . . . . . . . . . . . 17400
743 : J. H. Ashdown, lamps, \&ic............................ . . 6375
The certificates on these accounts are: "Supplied, prices fair and just.-Henry J. " Peters, Clerk of Works."

The evidence taken at Regina by Mr. J. W. Reid, of this office, demonstrates that Mr. Peters' certificates are nugatory. In other vouchers the quantities and rates, though certified explicitly by him as correct, were made up by him in the first place, and exceeded the quantities and rates originally billed by the merchants. With such examples before me of the manner in which Mr. Peters prepared accounts, I am unable to admit that any value can be attached to his certificate, wherever it is met.

I return the accounts herewith, and request that you will take whatever steps are practicable to obtain an examination of them by some more trustworthy officer.

I am, sir, your obedient servant, J. L. McDougall, A.G. The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, September 8, 1893.
Sir,-Having reference to your letter dated the 13 th of July last, I am directed to return to you, herewith inclosed, applications Nos. $742 \frac{1}{2}$ and 743 for payment of supplies to the Lieutenant Governor's residence at Regina, N.W.T., and to state that the application No. 743 has been altered, Messrs. Scott and Leslie's names being struck out.

I am, sir, your obedient servant,

## Debt of Dartmouth Town for Railway Branch.

Audit Office, Ottawa, June 6, 1893.
Sir,-I have in hand your Application No. 643 for $\$ 845.89$ in favour of the Dartmouth Ferry Commission, as follows :-

> Hire of Quarantine Steamer " Sir C. Ogle," 3 mos. to April 12, \$750 00
> Dockage, 3 mos. to April 12................................... . . . 3000
> Coal, 2 mos. to Mar. 12 : 18.825 tons at $\$ 3.50 \ldots . .$. . . . . . . . . 6589

Please let me have detailed information concerning the work at which the steamer was engaged. At present, it appears that the charge might be a proper one against "Quarantine."

I notice that, of the six members of the Dartmouth Ferry Commission, three are the Mayor of Dartmouth and two Councillors; and that the Secretary of the Commission is the Town Clerk of Dartmouth. Please obtain a copy of whatever Local Act or Order in Council established the Ferry Commission. It probably is a mere branch of the Corporation of the Town of Dartmouth : in which event the $\$ 845.89$ should be offset against the Town's debt of $\$ 28,000$ to the Dominion, on Intercolonial Railway Account.

The first mention which I have found of the Commission is in N. S. Stat., 54 Vic., cap. 6.5, where authority is given to the Town to issue $\$ 40,000$ debentures towards the purchase of the Ferry from the old Company.

I am, sir, your obedient servant, -J. L. McDOUGALL, A.G.
The Secretary, Public Works Dept.

Audit Office, Ottawa, June 21, 1893.
Sir,-LLet me acknowledge receipt to-day of your Application. No. 714 for $\$ 520$ in favour of the Dartmouth Ferry Commission, for services of Steamer "Sir C. Ogle" at Lawlor's Island Quarantine.

This, like the previous voucher, I am holding until the Ferry Commission is shown to be different from the Town of Dartmouth, our debtor for $\$ 28,000$. Moreover, there is the same uncertainty as to whether the payment should be charged to "Public " Buildings" or to "Quarantine."

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, July 5, 1893.
Sir,-In reply to your letter of the 6th ultimo, re Application No. 643 for $\$ 845.89$ in favour of the Darmouth Ferry Commission, for hire of the Steamer "Sir C. Ogle," I am directed to say that the above steamer was engaged to contain dioxide-sulphur blast to fumigate the vessels, there being no deep-water wharf at Lawlor's Island Quarantine Station, N.S.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

The Auditor General.

Dept. of Public Works, Ottawa, July 29, 1893.
Sir,--Having reference to your letter of the 21st June ultimo, saying that our Application No. 714 for $\$ 520$ in favour of the Dartmouth Ferry Commission is held over until the Ferry Commission is shown to be different from the Town of Dartmouth,

I am directed to send you a copy of a letter from the Secretary of the Dartmouth Ferry Commission, in which it is stated that the said Commission is distinctly separate - from the Town of Dartmouth.

I am, sir, your obedient servant,

> E. F. E. ROY, Secretary.

The Auditor General.
Dartmouth Ferry Commission, Dartmouth, N.S., July 26, 1893.
Sir, -With reference to your communication of the 12th inst., No. 84012, subject 6 , I am directed to inform you that we have consulted our solicitor, and he informs us that the Ferry Commission is distinctly separate from the Town of Dartmouth. Would refer you to chap. 83, 1890, Acts of Nova Scotia.

You will oblige by remitting amount of our account.

> I am, sir, your obedient servant,
G. E. VANBUSKIRK, Secretary.

The Secretary, Dept. Public Works.
Audit Office, Ottawa, August 30, 1893.
Sir,-Let me acknowledge receipt of your 143355, inclosing a letter from Mr. G. E. VanBuskirk, the present secretary of the Dartmouth Ferry Commission, wherein he states: "We have consulted our solicitor, and he informs us that the Ferry Commission "is distinctly separate from the Town of Dartmouth."

This is in the line of my opinion already indicated, that the two bodies are merely different expressions of the will of the same constituents, namely, the inhabitants of Dartmouth. If the Secretary himself has to consult a lawyer to ascertain whether the Ferry Commission is a different entity from the Corporation-then plainly the two are so connected that the financial credit of the Commission will be injured by the Town's refusal to meet its own engagements. It should be possible therefore for the department to come to some amicable arrangement with the Commission, whereby the Quarantine vouchers now in hand could be settled by a transfer between the books of the Town and the Commission; a transfer which probably will not be difficult to make as far as the book-keeping is concerned.

The composition of the Dartmouth Ferry Commission is given by N. S. Stat., 1890, cap. 83, as follows :-

The Mayor of Dartmouth, Chairman.
A Town Councillor, chosen by the Council.
Another Town Councillor, chosen by the Council.
A Freeholder, chosen by the Council.
A Freeholder, chosen by the Lieut. Governor.
A Freeholder, chosen by the Chief Justice.
It will be noticed that the Town Council is in control. "Dartmouth Ferry Stock" certificates are signed by the Mayor and Town Clerk; the stock is a charge onfall the property in Dartmouth; and the proceeds are paid over to the Treasurer of the Ferry Commission.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.
Dept. of Justice, Ottawa, October 6, 1893.
Sir,-In reply to your letter of the 12 th ultimo, respecting the account of the Dartmouth Ferry Commissioners for services rendered the quarantine station at Lawlor's Island by the steamer "Sir C. Ogle," I have the honour to state that on reference to
the Statutes of Nova Scotia for 1890, chap. 83, and the amendments to that Act in the Statutes for 1891, chapter 65, and 1892, chapter 65, it appears that the Dartmouth Ferry Commissioners are a corporate body separate and distinct from the Town of Dartmouth. The Minister of Justice is of opinion therefore, that the contention of the Auditor General that the amount due to the Ferry Commissioners should not be paid, upon the ground that the town of Dartmouth owes the Crown a large sum of money, cannot be upheld. It is true that the Town of Dartmouth is intimately connected with the Ferry Commissioners, and that apparently any surplus revenue earned by the Commissioners after the payment of running expenses, interest on stock, \&c., goes into the Town treasury ; but still that would be no sufficient reason for refusing to pay the Ferry Commissioners the amount to which they are entitled for the services of their steamer. Papers. returned.

> I am, sir, your obedient servant,
E. NEWCOMBE, D.M.J.

The Secretary, Public Works Dept.

## Lawlor's Island: Final Estimate Delayed.

Audit Office, Ottawa, December 13, 1893.
Sir,-I beg to call your attention to voucher 831 of 1892-93, being a payment of $\$ 5,700$ to Rhodes, Curry \& Co., on the Chief Architect's certificate of July 29, 1893, pending receipt of their estimate for construction of Detention Building for Third-Class Passengers at Lawlor's Island Quarantine.

There has been no payment to them since that time, although it would appear that an estimate might reasonably be expected soon after the certificate of $\$ 5,700$.

I am, sir, your obedient servant,
J. L. McDOUGALL, $A . G$.

The Secretary, Public Works Dept.

Chief Architect's Office, Ottawa, December 15, 1893. Memorandum re Quarantine Station, Halifax, N.S.
The amount of the contract is $\$ 7,181$; the contract has been completed, but part of the work is not equal to what was called for in the specifications.

The tinal estimate has been prepared and a deduction made therefrom on account of the inferior portion of the work-but the contractors have not yet accepted the amount offered in full settlement.

D. EWART, for Chief Architect.

Audit Office, Ottana, Feb. 12, 1894.
Sir,-Let me acknowledge receipt of your 146854, covering Mr. Ewart's explanation concerning the work of Rhodes, Curry \& Co. at Lawlor's Island.

The balance of the Final Estimate, as prepared by the Department, might be paid to the Contractors, and accepted by them on account, without prejudicing their claim to further allowances.

This would be preferable to leaving a contract open in our books for an indefinite time.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G'

## Ottawa: Repairs Pay-Lists Delayed.

Audit Office, Ottawa, February 9, 1893.
Sir,-In a parcel of outstanding vouchers received from the Accountant's Branch "f your Department yesterday, Feb. 8, I find several pay-lists for "Maintenance and "Repairs of Ottawa Buildings" as follows :-

| 71416, Pay-list Oct. 17 to Oct. 29, | \$1,580 85 |
| :---: | :---: |
| 71941, Pay-list Oct. 31 to Nov. 12 | 1,555 65 |
| 72181, Pay-list Nov. 14 to Nov. 26 | 1,688 52 |
| 72798, Pay-list Nov. 28 to Dec. 10 | 1,608 79 |
| 72971; Pay-list Dec. 12 to Dec. 24 | 1,726 70 |

Please let me know why these pay-lists were delayed in your department until February, instead of being forwarded to this office along with the rest of the vouchers for October, November and December expenditure respectively.

> I am, sir, your obedient servant,
J. L. McDoUGall, a.G.

The Secretary, Public Works Dept.
Dept. of Public Works, Ottawa, Feb. 22, 1893.
Sir,-Having reference to your letter of the 9 th inst., calling attention to the paylists for "Maintenance and Repairs of Public Buildings, Ottawa" for October, November and December, and asking cause of, delay, I have the honour to inform you that the pay-lists were sent to you as soon as they could be completed.

> I am, sir, your obedient servant, D. A. MACPHERSON, Asst. Secretary. The Auditor General.

Audit Office, Ottawa, February 23, 1893.
Sir,-Let me acknowledge receipt to-day of your 138227, referring to my inquiry as to the reasons for withholding until Feb. 8 the fortnightly "Ottawa Repairs"pay$l_{\text {ists, }}$ ranging from Oct. 17 to Dec. 24.

Your letter states that "the pay-lists were sent as soon as they could be completed."
Please mention specifically the particular items of wages for which the Paymaster was unable to obtain receipts concurrent with the rendering of the services; and explain the nature of the difficulty in each case.

I am, sir, your obedient servant,
J. L. McDougall, a.g.

The Secretary, Public Works Dept.
Audit Office, Ottawa, June 7, 1893.
Sir,_-Please let me have an answer to my letter of Feb. 23, 1893, asking why the "Ottawa Buildings Repairs" pay-lists, from Oct. 17 to Dec. 24, were withheld from this office until Feb. 8 .

As stated in that letter, a satisfactory explanation should mention the particular items for which the Paymaster was unable to obtain receipts concurrent with the rendering of the services, and the nature of the difficulty in each case.

It is necessary that I should receive this information.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, July 3, 1893.
Sir,-Having reference to your letter of the 7 th instant, respecting the Ottawa Repairs pay-lists, I have the honour to request that you will be good enough to inform us whether the pay-lists are imperfect, and if they are we would perfect them to your satisfaction.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

The Auditor General.

Audit Office, Ottawa, July 25̃, 1893.
Sir,-Let me acknowledge receipt of your 141837, asking whether the fortnightly Ottawa Repairs pay-lists from October 17 to December 24, 1892, are imperfect, and offering to perfect them to my satisfaction.

The pay-lists for the period in question are imperfect in the sense indicated in my letters of Feb. 23 and June 7, 1893, namely : that there should be mention of the particular items of wages for which the Paymaster was unable to obtain receipts concurrent with the rendering of the services : and there should be a description of the nature of the difficulty in making concurrent payment in each case.

I am pleased to learn that the department will now complete the pay-lists to my satisfaction.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Audit Office, Ottawa, January 26, 1894.

Sir,-Please let me have an answer to my letters of Feb. 9, Feb. 23, June 7 and July 25, 1893, asking why the Ottawa Buildings Repairs pay-lists from Oct. 17 to Dec. 14, 1892, where delayed in your department until Feb. 8, 1893, instead of being forwarded to this office in regular course soon after each pay-list should naturally have been completed.

There has not been any information contributed by you to this discussion, notwithstanding my repeated requests.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Dept. of Public Works, Otrawa, Feb. 10, 1894.
Sir,-Having reference to your communication dated the 26 th ultimo, calling attention to your previous letters asking why the Ottawa Buildings Repairs pay-lists from October 17 to December 14, 1892, were delayed until February 8, 1893, I am directed to inform you that the Accountant.has reported as follows: "Pay-lists referred to are " perfect in every sense. As to the reason why certain parties did not call for their " wages on the pay day, or even a fortnight after, I have to state that I never inquired, " convinced as I am that it is their own business and not mine."

I am, sir, your obedient servant, E. F. E. ROY, Secretary.

Audit Office, Ottawa, Feb. 12, 1894.
Sir,-Let me acknowledge receipt of your 148149, covering the Accountant's statement that he never inquired as to why "certain parties did not call for their wages on " pay-day, or even a fortnight after."

The delay was four fortnights instead of one : and I am still left without information as to the particular items on which the delay occurred.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Ottawa: Artizans Paid for Sundays.

Audit Office, Ottawa, March 7, 1893.
Sir,-Let me call your attention to my letter of November 9, 1891, asking why the employees on the Clerk of Works' staff at Ottawa are paid for Sundays. The letter in question is shown at page C-292 of my report for 1890-91.

No answer was given by you to my inquiry ; and the payments have continued up to the last voucher in hand, that for January, 1893, which reads as follows;

Clerk, J. D. Gareau, 31 days at $\$ 2.75 \ldots . .$.
Foreman of carpenters, J. H. Ellis, 31 days at $\$ 3 . . . . .$. . . 9300
Foreman of masons, V. Labelle, 31 days at $\$ 2.75$........ 8525
Foreman of painters, J. H. Derenzy, 31 days at $\$ 2.75$..... 8525
Foreman of roofers, F. Tremblay, 31 days at $\$ 2.50 \ldots . .$. . . . 7750
Foreman of labourers, L. David, 31 days at $\$ 2.25 \ldots . .$. . . . . 6975
Timekeeper, J. B. Lamontagne, 31 days at \$2.25. .......... . 6975
Storekeeper, C. Laframboise, 31 days at $\$ 2.25 \ldots . . . . . .$.
Please explain your reasons for considering that these employees are entitled to pay for days on which they do not work.

The clerk, Mr. J. D. Gareau, should be charged to one of the special votes for Extra Clerks, and not to the vote for "Repairs." His attendance should be certified, as is that of other extra clerks.

> I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Ottawa Gas Co.: Rate now reduced from $\$ 2$ to $\$ 1.50$.

Audit Office, Ottawa, February 16, 1893.
Sir,_-Please let me have a copy of the contract (if any exists), with the Ottawa Gas Company, for supplying gas to the Ottawa Buildings.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.
Dept. of Public Works, Ottawa, March 23, 1893.
Sir,-In compliance with the request contained in your letter of the 16 th ultimo, I have the honour to send you herewith a copy of an agreement dated 16th June, 1865, between the Bytown Consumers' Gas Company, of Ottawa, and the Commissioner of Public Works for the then Province of Canada, to supply gas to the Public Buildings of Ottawa, then recently completed, at the rate of $\$ 2.79$ per thousand cubic feet. Since lst October, 1888 , the rate was reduced to $\$ 2$ per thousand cubic feet.

I am, sir, your obedient servant,

The Auditor General.
353
1-23c
E. F. E. ROY, Secretary.
-

Audit Office, Ottawa, April 18, 1893.
Sir,-I beg to acknowledge receipt of your 128420, containing a copy of the contract with the Ottawa Gas Co. for the ten years ending Jan. 1, 1876, for the supply of gas to the Ottawa Buildings, at $\$ 2.79$ for each thousand cubic feet.

Your letter mentions that the rate was reduced to $\$ 2$ a thousand since Oct. 1, 1888.

Please give me copies of any contracts or agreements for this service from Jan 1, 1876, to the present time.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.

> J. L. McDOUGALL, A.G.

Audit Office, Ottawa, June 7, 1893.
Sir,-Let me call your attention to my letter of April 18, 1893, asking for copies of any contracts or agreements with the Ottawa Gas Co., from Jan. 1, 1876, up to the present time.

This letter appears to have got mislaid in your department, as I have not yet received the documents requested.

The information will be of use to me at as early a date as you can forward it.
I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, July 13, 1893.
Sir,-Let me acknowledge receipt to-day of Applications amounting to $\$ 3,171.20$ in favour of the Ottawa Gas Co., for gas supplied during the quarter ended June 30, 1893.

I notice that no answer has been received to my letter of June 7, which called attention to my letter of April 18, in which earlier letter I asked for copies of any contracts or agreements with the Ottawa Gas Co. from Jan. 1, 1876, up to the present time.

Please send, as soon as possible, the information required, as it is necessary to enable me to audit the applications in favour of the Ottawa Gas Co. now in hand.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, a.g.

Dept. of Public Works, Ottawa, July 25, 1893.
Sir,-Having reference to your letter of the 13th inst., in connection with our Application amounting to $\$ 3,171.20$ in favour of the Ottawa Gas Company for gas supplied to Public Buildings during the quarter ended June 30, 1893, and again asking for copies of contracts or agreements with the Ottawa Gas Company, from January 1, 1876, to date :

I am directed to say that beyond the first agreement of the 16 th June, 1865, betwenn the Bytown Consumers' Gas Company of Ottawa and the Commissioner of Public Works for the then Province of Canada, there is no further written agreement between the Government and the Gas Company for the supply of gas at the present rate.

The agreement which terminated in 1876 appears to have been continued by a mutual understanding between the company and the department without any renewal contract, the rate per M. feet having, however, been reduced from $\$ 2.79$ to $\$ 2$ per M., the present rate.

You are aware, of course, that a copy of the agreement above referred to has been sent to you on the 23rd March last.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

## Auditor General's Report, 1892-93.

## Audit Office, Ottawa, October 12, 1893.

$S_{\text {Ir, --Let me }}$ acknowledge receipt of your Application No. 232 for $\$ 2,476$ in favour of the Ottawa Gas Company, for gas supplied to the Ottawa Buildings between July 1 and September 30, 1893, as follows :-

$$
\begin{align*}
& \text { Gas, } 1,232,900 \text { feet, at } \$ 2 \text { a thousand } \\
& \text { \$ 2,465 } 80 \\
& \text { Rent of meters. } \tag{1020}
\end{align*}
$$

I should like to be informed of any-efforts which you have made recently in the direction of lowęring the rate of $\$ 2$ a thousand, on our annual consumption of 9 million feet. The manager of the company told me some months ago that the company was prepared to give the Government a very substantial reduction, and I mentioned this at the time to Mr. Gobeil.

Please notice that the Ottawa Gas Company is advertising "Gas for Fuel" at $\$ 1.25$ a thousand, from October 1, 1893, as by Ottawa Journal attached.

If no other reduction can be arranged, we can at least make use of the foot-note of the advertisement, with the rest of the public generally : and by setting up a Gas Stove to consume annually $\$ 15$ worth of gas, we can claim a reduction of ten per cent on our bill of $\$ 18,000$.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.
lighting-note to Gas Company's advertisement: "When 3,000 feet of gas per quarter is used for fuel, lighting-gas will be $\$ 1.80$ net.")

## Dept. of Public Works, Ottawa, October 17, 1893.

SIr,-I have your letter of the 12th, referring to the supply of gas for the Ottawa Buildings, and beg to state that we are now in communication with the Gas Company for the purpose of obtaining a reduction in the price of gas, the only point being the demand of the company that we should give them a contract for five years based on last year's rate of consumption, which would be taken as a minimum. I trust that before another quarter is ended we may have come to an agreement.

I note the very ingenious idea contained in the latter part of your letter, but I doubt whether the company will be willing to grant us a reduction of $\$ 1,800$ for an additional expenditure on our part of $\$ 15$. I doubt if such a method of doing business would commend itself to the managers of the Gas Company; but, if you think it advisable, I might communicate your proposal to them, leaving you of course the responsibility of such proposal.

I am, sir, your obedient servant,

## A. GOBEIL, Deputy Minister.

The Auditor General.

## Audit Officy, Ottawa, October 19, 1893.

$S_{\text {Ir, -LLet me acknowledge receipt of your letter of October 17, offering to take }}$ advantage, on behalf of the Government, of the Gas Company's advertised terms to the public, if I think it advisable to let my name be used in connection with the proposal.

If the prospect of your Department obtaining, for less than $\$ 2$ a thousand, the gas for which the public pays $\$ 1.80$, can be increased by the use of my name, certainly by all means use it.

And in general : You may always quote me as being still of the opinion advanced in previous correspondence, that "the Government should not pay retail prices for "wholesale supplies."

I am, sir, your obedient servant, J. L. McDOUGALL, A.G. The Deputy Minister of Public Works.

Audit Office, Ottawa, October 26, 1893.
Sir,-In further discussion of the Ottawa Gas Company's account of $\$ 2,476$ for gas supplied to the Ottawa Buildings in September quarter at $\$ 2$ a thousand:

After conversation with representatives of the Gas Company, I am prepared to pass an interim round payment of $\$ 2,400$ or $\$ 2,500$ on account of gas consumed between July 1 and October 31, to save the company any inconvenience of delay while a new rate is establishing.

The application and vouchers for $\$ 2,476$ are returned herewith.
I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.
Audit Office, Ottawa, January 16, 1894.
Sir,_Let me acknowledge receipt of your Application No. 523 for $\$ 4,436.60$ in favour of the Ottawa Gas Company, for gas supplied to the Ottawa Buildings, between Oct. 1 and Dec. 31, 1893, as follows :-

$$
\begin{aligned}
& \text { Gas, } 2,213,200 \mathrm{ft} . \text { at } \$ 2 \text { a thousand . . . . . . . . . . . . . . . . . . } \$ 4,42640 \\
& \text { Rent of meters . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } 1020
\end{aligned}
$$

You will remember that the September quarter's bill of $\$ 2,476$ was not paid in full, but that $\$ 2,400$ was paid on account of gas consumed between July 1 and October 31, a period of four months.

I should like, before passing this account, to be furnished with information regarding the action of Council on your recent recommendation touching the payment for gas supplied at Ottawa.

$$
\text { J. L. McDOUGALL, } A . G .
$$

The Secretary, Public Works Dept.
Dept. of Public Works, Ottawa, Jan. 25, 1894.
Sir,-In reply to your letter dated the 16th instant, acknowledging the Application No. 523 for $\$ 4,436.60$, in favour of the Ottawa Gas Company for gas supplied to the Ottawa Public Buildings, between October 1 and December 31, 1893, and asking to be furnished with information regarding the action of the Council on the recent recommendation touching the payment for gas supplied at Ottawa, I am directed to say that new conditions have been agreed upon between the Company and the Department, and have been assented to by the Council.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

The Auditor General.

Extract of Order in Council, January 10, 1894
Public Works:-That the Minister of Public Works be authorized to enter into a contract with the Ottawa Gas Company, for the supply of gas to the Public Buildings in Ottawi, for tive years from the lst January, 18.4, at the following rates :-

When not less than eight million cubic feet are supplied in any one year, payment shall be at the rate of $\$ 1.50$ per thousand cubic feet, for the gas supplied for such year, without any further discount or deduction. When less than eight million cubic feet are supplied in any one year the rate shall be the net price, that is to say, after deduction of the usual discount, as charged to ordinary consumers in Ottawa, less an additional deduction of five per cent: Provided always that the net rate charged to ordinary consumers shall not be reckoned at a higher figure than $\$ 1.80$, the amount to be paid to
the company under this provision not to exceed in any one year the sum of $\$ 12,000$. Payments to be made to the company quarterly at the end of each quarter, the first quarter to be completed at the expiration of three months from the 1st January, 1894, and for the first three quarters of each year payments to be at the rate of $\$ 1.50$ per thousand feet; any higher rate per thousand cubic feet, to which the company may be found entitled at the end of any year under the provisions of the contract, to be paid upon the whole year's supply of gas at the end of the last quarter of such year, without interest.

## JOHN J. McGEE, C.P.C.

## Ottawa Electric Light Oo. : No Contract, \&c.

## Audit Office, Ottawa, May 5, 1893.

Sir,-LLet me acknowledge receipt of your Application No. 598 for $\$ 600$ in favour of the Ottawa Electric Light Co., for maintaining twenty-four arc-lamps on the Streets and Bridges between January 1 and March 31, 1893.

The certificate by Mr. Wm. King reads: "Service performed ; prices fair and just."
It would be well, I think, to make an explicit statement on this and all similar accounts, that the lamps were kept lit through every night called for by the contract.

I should like to have a copy of the contract with the Ottawa Electric Light Co., for the maintenance of these twenty-four lamps.

> I am, sir, your obedient servant,
J. L. McDOUGALL, a.g.

The Secretary, Public Works Dept.
Mechanical Engineer's Office, Ottawa, May 10, 1893.
$\mathrm{Sir}_{18}$-I find on making inquiries about street electric lamps, that those on Wellington Street and New Edinburgh were kept running during night, more or less during the trouble the Electric Light Co. had with low water in the month of March. One night they were not lit all night, that is, they did not start at dark, but the moon-light was good at 9 o'clock ; that the lamps were not required after that hour. The two at the Experimental Farm were out more or less during the eight days of low water, this being on the outskirts of the city. I presume the company were more anxious to keep the centre of the city as well lighted as possible.

The two at the Suspension Bridge were kept lighted about the same as those on Wellington Street.

The only record in this office showing the rent to be paid for these lamps is contained in Mr. Arnoldi's letter of December 2, 1886, to the Ottawa Electric Light Co., a copy of which I inclose.

I am, sir, your obedient servant,
WM. KING.
The Chief Architect.

Public Works Dept., Ottawa, December 2, 1886.
Gentlemen,-I beg to inform you that the Hon. the Minister accepts your offer to erect, wire, light and maintain eight arc-lamps on Wellington Street in this city, in such location as will be pointed out by the department, in consideration of the payment by this department of a sum of $\$ 800$ as annual rent.

As soon as the location of posts is pointed out, you will please push the work forward.

> Yours truly,
> JNO. R. ARNOLDI, Mech. Engineer.

Audit Office, Ottawa, May 10, 1893.
Sir,-I have received from Mr. Wm. King, the Mechanical Engineer, a statement that the Government electric lights on Wellington Street and in New Edinburgh were kept running at nights "more or less," during low water, and that only for one night were they out altogether.

I shall still need a copy of whatever contract or agreement is in existence, to measure the effect of Mr. King's modified certificate.

The company's contract with the City of Ottawa, for similar services, is at $\$ 80$ a year for each lanip. Please explain why we are paying $\$ 100$ a year.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.
Audit Office, Ottawa, May 22, 1893.
Sir,-I have now passed the Ottawa Electric Light Co.'s bill of $\$ 600$ for maintaining twenty-four street lamps during the quarter ended March 31, 1893. Whatever deduction is calculated for insufficient service between March 6 and 20 may be taken off the next account.

In answer to my request of May 10 for a copy of whatever contract or agreement is in existence, I have received from you the two following documents: A copy of a letter from the Electric Light Co. to Mr. Arnoldi, dated December 1, 1886, asking $\$ 800$ a year for the erection and maintenance of eight lamps on Wellington Street, "to be lighted in "the same manner as the corporation;" and a letter from Mr. Arnoldi to the company dated December 2, accepting their offer to "erect, wire, light and maintain eight arc" lamps on Wellington Street for $\$ 800$ a year."

I infer that there has been no formal detailed contract for these eight lamps, and no writing whatever concerning theother sixteen. Such adeparture from safe methods cannot be passed over without comment. Had there been an explicit contract similar to that between the Company and the City, there could now be no ground for dispute as to deduction for imperfect service, and no uncertainty as to its calculation; and with similar specifications, the Company could have had no reason for asking the Government to pay $\$ 100$ a year, instead of the $\$ 80$ which the City pays for the same supply. And moreover, we would not now have been dependent on the Company themselves for a copy of the letter containing the details of their offer.

Let me suggest that a contract be entered into without delay, for such part of the Electric Lighting as is considered to be a Government service.

If the Company's offer to light eight lamps "in the same manner as the corporation" be taken as applying the City's specification to our twenty-four lamps, there are figures enough to calculate an approximate deduction on two different hypotheses, as follows:-

First: The City contract provides a fine of 50 cents a night for each lamp which does not satisfy the Superintendent of Fire Alarms. (This officer gets the necessary returns from the City Police.) The contract calls for at least 280 nights for each lamp, and the City has 330 lamps. The Superintendent of Fire Alarms condemned 650 lamps between March 6 and 20. Assuming that our service was similarly performed, a fine of 50 cents would amount to $\$ 23.64$, in this manner :-

$$
330 \quad: \quad 24 \quad:: \quad \$ 325 \quad: \quad \$ 23.64 .
$$

Second : If you differ from the City Solicitor, and consider the failure as resulting from an "unforeseen accident, not occurring through any default of the company or their works," and therefore not to be specially fined, our necessary deduction for "service not performed " would amount to $\$ 17$, as shown below :-

| 280 | $:$ | 650 | $\$ 100:$ | $\$ 17$. |
| ---: | ---: | ---: | ---: | :--- |

Whichever of these deductions is found, on investigation, to be the more appropriate, should be taken from the company's next bill and credited in 1892-93.

## Auditor General's Report, 1892-93.

I would like to be supplied with a detailed explanation of the I)epartment's reasons for paying for these twenty-four lamps. At first sight, some of them appear to be more properly a City service. And it might be worth considering whether an arrangement could be made with the City for the maintenance of all, in view of their lower rate of $\$ 80$, and of their efficient system of police inspection.

Please describe the information on which Mr. King bases his certificate as to the lighting of our twenty-four lamps.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.
Audit Office, Ottawa, October 26, 1893.
Sir,-Let me acknowledge receipt to-day of your Application No. 295 for $\$ 600$ in favour of the Ottawa Electric Light Company, for September quarter's lighting, of Ottawa streets and bridges as follows:-

$$
\begin{aligned}
& 9 \text { lamps on Wellington Street . . . . . . . . . . . . . . . . . . . . . . . . \$ } 225 \\
& 4 \text { do in New Edinburgh . . . . . . . . . . . . . . . . . . . . . . . . . . . } 100 \\
& 2 \text { do at Chaudière Bridge ................... ........... } 50 \\
& 1 \text { do on Elgin Street . ..... ................................ . . } 25 \\
& 1 \text { do on Metcalfe Street . . . . . . . . . . . . . . . . . . . . . . . . . . . . } 25 \\
& 5 \text { do at Printing Bureau .................................. } 125 \\
& 2 \text { do at Experimental Farm ............................. } 50
\end{aligned}
$$

There are two points in my letter of May 22, 1893, which have not yet been discussee by you. The first relates to a deduction to be made on account of insufficient servicd between March 6 and 20, 1893. The second is that some of these lamps appear to be more properly payable by the City.

Please calculate the deduction which should accrue for lamps not lit last March, and subtract it from the account now in hand.

The four lamps in New Edinburgh appear to be a City liability since they came into the City limits. Moreover, even if paid by the Government, they should be included in the vote for "Rideau Hall," which this year is not limited to Repairs and Furniture.

Please get from Mr. King a certificate in more detail, showing the means by which he ascertained that the lamps were lit continuously for the period now in hand, from July 1 to September 30.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

## The Secretary, Public Works Dept.

Memo. by Chief Architect, Nov. 8, 1893:
In 1886 an agreement was entered into with the Electric Light Company to erect and maintain eight arc-lamps for the sum of $\$ 800$ per annum-since that date sixteen more lamps have been added--one or two at a time, as required, which are charged at the same rate. The lamps are distributed as follows: Nine on Wellington Street, one at each end of the Langevin Block, four on the road leading to Rideau Hall, five at the Printing Bureau, two at the Chaudiere Bridge, and two at the Experimental Farm.

In reference to the remarke in the Auditor's letter that "there has been no formal,
" detailed contract for these eight lamps, and no writing whatever concerning the other
"sixteen, such a departure from safe methods cannot be passed over without comment." At the time this lighting was introduced, it was not considered advisable to enter into a contract for any definite time, as the city was, and is still, asking Government to bear a portion of the expense of maintaining the city on the score that it is not liable for taxes, \&c.

Further as regards the remark: "We would not now have been dependent on the " company themselves for a copy of the letter containing the details of the offer." The
department was not depending on the city for a copy of the agreement, as the original document is on file in this department under cover No. 72887. As to the remark that Government pays $\$ 100$ a year instead of $\$ 80$ which the city pays for the same supply, it could scarcely be expected that the company would equip, maintain and supply lamps and current for a contract of twenty-four lamps at as low a rate as it would for one of upwards of 400 lamps, and more particularly so when it had no guarantee as to the life of such contract. From the time the lighting was introduced in 1886, up to March last, no complaint was made so far as I know, and the defective lighting at the latter date to which the Auditor refers was caused by unforeseen circumstances or accident, but through no fault of the company. As to the proposed deduction of $\$ 17$, on account of the defective lighting, the Auditor seems to have based his calculations on information derived from the city authorities. The department exercises a general inspection over these lamps: if an accurate account is to be kept of the number of hours they are not lighted, it would be necessary to employ a nightly patrol, the expense of which would very far exceed the amount which the Auditor reports should be deducted from the company's account.

With regard to the statement that some of those lamps appear to be more properly payable by the city, I have only to say, Government decided that the lights were necessary, and agreed to have them put up and maintained at Government expense.

THOS. FULLER, Chief Architect.

Audit Office, Ottawa, November 24, 1893.
Sir,-Let me acknowledge receipt of your letter of November 21, in answer to mine of May 22 and October 26.

There are some points which require further reflection, and it is not advisable to keep the Company out of more of their money than is necessary.

Please replace your Application No. 295, for $\$ 600$, by two separate Applications, one for $\$ 583$ and one for $\$ 17$. That for $\$ 583$ will be put through without delay.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDoUgall, a.G.

Audit Office, Ottawa, January 16, 1894.
Sir, $\rightarrow$ Let me acknowledge receipt of your Application No. 498, for $\$ 600$ in favour of the Ottawa Electric Light Company, for December quarter's lighting of Ottawa streets and bridges, as follows:-

9 lamps on Wellington Street. . . . . . . . . . . . . . . . . . . . . . . . . 822500
4 lamps in New Edinburgh. . . . . . . . . . . . . . . . . . . . . . . . . 10000
2 lamps at Chaudière Bridge. . . . . . . . . . . . . . . . . . . . . . . . . 5000
1 lamp on Elgin Street . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2500
1 lamp on Metcalfe Street . . . . . . . . . . . . . . . . . . . . . . . . . . 2500
5 lamps at Printing Bureau . . . . . . . . . . . . . . . . . . . . . . . . . 12500
2 lamps at Experimental Farm. . . . . . . . . . . . . . . . . . . . . . . 5000
The September quarter's bill, which was held for further information, was passed at the instance of the Company, which represented that any deduction at this time would prejudice its settlement with the City.

I have again to ask whether any progress has been made towards calculating the liability of the Company for the time the lights were out last March.

Moreover, the Department has not yet discussed my objections against the payment of four lamps in New Edinburgh-that they appear to be a City liability-and that, if not, they should be charged to "Rideau Hall," under the present wording of the Supply Bill.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

# Auditor General's Report, 1892-93. 

Dept. of Public Works, Ottawa, Jan. 26, 1894.

## Memorandum re Roads, \&c., Ottawa.

1st. As to progress made towards calculating the liability of the Company, no progress has been made (see my report 146143) as no accurate calculations can be made until an investigation is held and witnesses examined to ascertain the time the lamps were not properly lighted. Is this advisable? as the cost of such an inquiry would far exceed the sum of $\$ 17$, the Auditor considers should be deducted. [Мемо: Not advis-able.-A. Gobeil.]

2nd. That the lamps appear to be City liability. The first order was given in the year 1878 , to erect the gas lamps, and as previously reported these were considered necessary and have been kept lighted at the expense of the Government since that date.

3rd. As to charging the lighting of the lamps to vote Rideau Hall. The lamps are not in the Rideau Hall grounds. There is a vote for gas and electric light, which includes the lighting of roads and bridges. The lighting of these lamps is charged to that vote, provision being made in it to pay for the lighting of the lamps referred to.

> D. EWART, for Chief Architect.

## Audit Office, Ottawa, February 6, 1894.

Sir,-LLet me acknowledge receipt of your 147762 of Feb. 1, covering Mr. Ewart's report covering the Ottawa Electric Light Company's account.

No investigation is needed, to fix the amount of a deduction which will not be unjust to the Company. The figures given by me in a previous letter, as obtained from the City Clerk, are the only reliable information on the subject; and they are sufficient, and are not disputed by the Company. The objection which the Company raises is against the making of any deduction : an objection in which you do not support them, your only difficulty being with the amount.

It is now nearly twelve months since the occurrence, and the rectification should be made without further delay, on the rule of speedy examination and settlement which I have so frequently urged in other correspondence. The Application for $\$ 600$ is returned herewith. If you conclude to maintain the Company's claim in full, please make it on two separate Applications, for $\$ 583$ and $\$ 17$ on account respectively, as suggested concerning the previous quarter's bill. This will enable the discussion to continue without unnecessarily troubling the Electric Light Company.

I am following up this item, not so much to save $\$ 17$, as to keep in prominence that fundamental principle of our expenditure-system which is outlined in Section 33 of the Audit Act, namely, "Pay for nothing you don't get."

In the Vote of $\$ 26,500$ for "Gas and Electric light, Public Buildings, Ottawa, "including Roads and Bridges," it seems to me that Parliament intended to give authority for lighting only such roads and bridges as are of direct service in connection with the Public Buildings. It might be well in the next Estimates to describe explicitly the City lamps for which you propose to pay.

The Government has not now the same motive to pay for the four Sussex Street lamps, which it had before New Edinburgh came into the city. While a village standard of street-lighting might not have been sufficient for the through-traffic to Rideau Hall, the same is not so apparent for a City system. Since the City may be expected to light Sussex Street as much as the rest of New Edinburgh Ward, the Dominion payment should not cover more than the improvement necessary to bring it up to a vice-regal standard; and some arrangement might be possible whereby the City would pay as much as it would if Rideau Hall were not there. It is unjust that the whole cost of $\$ 400$ a year should be borne by the casual beneficiary, especially when the other one could get precisely the same service for $\$ 320$ under its contract for $\$ 80$ a lamp.

However, I shall not pursue this branch of the subject further at present, but shall leave it here for Parliament to pronounce upon it.

As indicated in a previous letter, a service of this nature and magnitude should be put under contract, whether for a long or short period. Please get this done before the next quarterly payment falls due.

If the contract is for the same figure, I would like an explanation of its being 95 per cent higher than the City rate.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Ottawa Waterworks : No contract.

Audit Office, Ottawa, October 18, 1893.

Sir,-I beg to acknowledge receipt of your Application No. 252 for $\$ 3,661.75$, in favour of the Corporation of Ottawa City, for water supplied during September quarter as follows :-
Departmental Buildings, Langevin Block, Supreme Court,
City Post Office, Custom House, Geological Museum,
Drill Hall, Rideau Hall, Fish Hatchery, Printing
Bureau and Major's Hill Park, at $\$ 14,500$ a year. .. $\$ 3,62500$
Offices in Bank of Ottawa. . . . . . . . . . . . . . . . . . . . . . . . . 2700
Ottawa Examining-Warehouse . . . . . . . . . . . . . . . . . . . . . 975

Please let me have a division of the item of $\$ 3,625$ among the different buildings to which the water is supplied.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Public Works Dept., Ottawa, October 28, 1893.
Sir,-Having reference to your letter dated the 18th inst, re Application No. 252 for $\$ 3,661.75$ in favour of the Corporation of the City of Ottawa, for water supplied during September quarter, I am directed to send to you, herewith inclosed, copy of a statement of what is considered a fair division of the amount paid annually for the water supplied to the various Public Buildings in Ottawa.

I am, sir, your obedient servant,
The Auditor-General. E. F. E. ROY, Secretary.

Memo. by Chief Architect:
This vote of $\$ 14,500$ is to cover the cost of the supply of water required from the City Waterworks for the Government Buildings in Ottawa City as per following estimate :-

Parliament and Departmental Buildings on Parliament Hill, Parliament
Grounds and Greenhouse................................................... $\$ 90000$
 90000
Geological Museum 20000
City Post Office.
25000

Art Gallery and Fish Hatchery, Victoria Hall.................................... $\mathbf{6 0 0} 00$
Drill Hall.
20000
Major's Hill Park.
30000
Printing Bureau
75000

Audit Office, Otrawa, December 21, 1893.
Sir,-Please let me have a copy of the contract or agreement between the Government and Ottawa City, for the supply of water to the Departmental and other buildings.

I am, sir, your obedient servant,

$$
\text { J. L. McDOUGALL, } A . G .
$$

The Secretary, Public Works Dept.

## Dept. of Public Works, Ottawa, January 9, 1894.

Sir,-Having reference to your letter of the 21st December last, applying for a copy of the contract or agreement between the Government and Ottawa City, for the supply of water to the Government buildings in Ottawa, I am directed to inform you that there is no legal instrument with reference to the amount to be paid to the City Corporation of Ottawa for the said supply of water, but there is an implied contract contained in the correspondence that passed between the department and the city, in which was fixed the price now paid. The original arrangement was made for the bulk sum of $\$ 12,000$ per annum, for the supply of water to the following buildings, viz. :-Parliament, East and West Blocks, Supreme Court, Post Office, Drill Hall, Geological Museum, Rideau Hall and Parliament Grounds.

At the beginning of 1889 it was found desirable to have the water supplied to the following buildings: Fisheries Building, the Langevin Block, Printing Bureau and the Major's Hill Park; and, for that purpose, communications, copies of which are hereto attached, were had with the city, and the matter was ultimately decided by the Minister, Who, on the 8th May, 1889, authorized the payment of $\$ 2,500$ in addition to the $\$ 12,000$, making in all $\$ 14,500$, which amount we now pay per annum to the Corporation for the supply of water to the different Government buildings in Ottawa.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Sec.

## Public Works Dept., Ottawa, Feb. 15, 1889.

Sir,-In reply to your letter of 31 st ultimo, stating that the Waterworks Committee of the City Council will supply the new Departmental Building, Fisheries Exhibition, Printing Bureau and Major's Hill Park with water for the sum of $\$ 3,500$ per annum, I am directed by the Hon. the Minister of Public Works to say that he considers the amount excessive, but that he is willing to pay two thousand five hundred dollars ( $\$ 2,500$ ) per annum, for water supply to new Departmental Building, Fisheries Exhibition, Printing Bureau and Major's Hill Park.

I am, sir, your obedient servant,

Robert Surtees, Esq.
Manager Ottawa Waterworks, City Hall.
A. GOBEIL, Secretary.

## Audit Office, Ottawa, January 9, 1894.

Sir,--Let me acknowledge receipt of your 147111, of January 9, inclosing copies of the correspondence with Ottawa City relating to the additional payment of $\$ 2,500$ a year for water-rates.

I should like to be supplied also with copies of the correspondence relating to the original rate of $\$ 12,000$ a year.

I am, sir, your obedient servant,

Dept. of Public Works, Ottawa, February 10, 1894.
Sir,-Having reference to your letter of the 9 th ultimo, respecting the additional payment of $\$ 2,500$ a year for water rates, and asking to be supplied with correspondence relating to the original rate of $\$ 12,000$ a year, I have the honour to send you herewith inclosed a copy of Mr. Arnoldi's letter of February 5, 1881, on the matter.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Mechanical Engineer's Branch, Feb. 5, 1881.
Sir,-With reference to No. 11261, petition from the corporation of the City of Ottawa, asking that the annual remuneration paid by this department for the supply of water to the Dominion public buildings in this city and Rideau Hall be increased from the sum of $\$ 9,000$ to $\$ 13,600$, I beg to report that on March 6,1877 , the then Water Commissioners of the City of Ottawa contracted with this department to supply the public buildings for $\$ 9,000$ per annum ; but since that date the consumption of water has been very considerably increased by the completion and occupation of the new wing of the western block, the adoption of a water elevator therein, the erection of a propagating green-house, the placing of hydrants on the Parliament grounds and their unstinted use for lawn watering, and additional skating rink and new laundry buildings at Rideau Hall; and now will be still further augmented by the Geological Museum on Sussex Street. While not admitting the entire correctness of some of the statements and figures contained in the petition, I nevertheless consider the Honourable the Minister would be justified in increasing the annual remuneration for this water supply from the present rate of $\$ 9,000$ to $\$ 12,000$, in consideration of the much greater quantity of water now required by this department, as explained above, and on the folowing conditions being complied with, viz.:

1st. That this increased sum of $\$ 12,000$ should pay for all water supplied to the Parliament grounds, all buildings now thereon, or that may be built thereon, and all elevators, \&c., therein-the City Post Office-Rideau Hall-and the Geological Museum on Sussex Street.

2nd. That this increase shall only date from such time as a suitable-sized and properly constructed filter shall have been attached and working on the suction supply of the City Water Works, and the said supply taken from a point further out in the river (to running water) in place of the supply at present taken from a still water bay.

I would further suggest that the increased rate of remuneration shall only take effect from lst July next, if the above named conditions shall have been complied with; and in any case, not before they shall have been complied with.

I have, \&c.,
JNO. R. ARNOLDI, M.E.

## Unable to get copy of agreement with Ottawa City.

Audit Office, Ottawa, November 18, 1893.

Sir,-I should like to be supplied with a copy of the agreement between the Government and Ottawa City, under which the Public Works Department performs several services for which the city would otherwise have to pay.

I am, sir, your obedient servant,

Audit Office, Ottawa, December 4, 1893.
Sir,-Let me call your attention to my letter of Nov. 18, 1893, asking for a copy of the agreement between your Department and Ottawa City.

I should like to have the copy of the agreement at your earliest convenience.
I am, sir, your obedient servant, The Secretary, Public Works Dept.
J. L. McDougall, $A . G$.

Audit Office, Ottawa, January 24, 1894.
Sir,-Let me call your attention to my letters of Nov. 18 and Dec. 4, asking for a copy of the agreement between the Government and Ottawa City, under which the Public Works Department performs several services for which the city would otherwise have to pay.

I am, sir, your obedient servant, The Secretary, Public Works Dept. J. L. McDOUGALI, A. G.

Dept. Public Works, Ottawa, February 3, 1894.
Sir,-Having reference to your communication dated the 24th ultimo, calling attention to your letters of the 18th November and 4th December last, asking for a copy of the agreement between the Government and Ottawa City, under which this Department performs several services for which the City would otherwise have to pay, I am directed to inform you that your request, as well as other demands of a similar nature which this Department does not think you have a right to make, will be referred to the Department of Justice for their opinion as to whether we should comply with them.

I am, sir, your obedient servant,
A. GOBEIL, for the Secretary.

The Auditor General.

## Ottawa: Several services charged otherwise than to "Ottawa Buildings."

Audit Office, Ottawa, July 13, 1893.
SIR,-LLet me acknowledge receipt of your Application No. 17 for $\$ 1,000$ in favour of the Bank of Ottawa, for rent for upper portion of their Ottawa building from a Nov. 15,1892 , to June 30, 1893, at $\$ 1,600$ a year.

The Application is marked as chargeable to "Rents-Dominion Public Buildings."
The expression "Dominion Public Buildings" is used in the Estimates in opposition to "Ottawa Public Buildings." The service in question, being rent for the Interior Dept., is not therefore chargeable to " Dominion Public Buildings."

I return the Application and voucher herewith for amendment.
I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.
Dept. of Public Works, Ottafa, July 28, 1893.
Sir,-I am directed to acknuwledge the receipt of your letter dated the 13th instant, returning application No. 17 for $\$ 1,000$ in favour of the Bank of Ottawa, for rent of the upper portion of their Ottawa building, from the 15th November, 1892, to the 30th June, 1893, stating that it should not be charged to "Dominion Public Buildings"; and to inform you that the Accountant of this department reports as follows:"The Detail Estimate Books of this department show that the vote 'Rents-Dominion Public Buildings,' was intended to cover rents at Ottawa as well as elsewhere, and there
is a special item of $\$ 1,600$ for this building. Moreover there is no other appropriation to which rents at Ottawa could properly be charged. I have explained this to the Auditor, and he has agreed to pass the account on receipt of an official letter to the above effect."

Please find herewith inclosed the above mentioned application.
I am, sir, your obedient servant,
The Auditor-General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, July 30, 1893.
Sir,-Let me acknowledge receipt of your 142911, explaining that the rent of the Bank of Ottawa rooms for the Interior Department was included in the calculation of the estimate for "Rents-Dominion Public Buildings"; and stating that " the Account"ant has explained this to the Auditor-General, and he has agreed to pass the account "on receipt of an official letter to the above effect."

This is only part of my arrangement with Mr. Kingston, in the interview to which reference is made.

It was understood that the Department would now give a list of all the expenses of Ottawa Buildings which it proposes to charge, during the current fiscal year 1893-94, against other votes than those for Ottawa Buildings : with reasons therefor, in each case.

> I am, sir, your obedient servant,

The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, December 5, 1893.
Sir,--Please let me know what progress is making in the preparation of the list referred to in my letter of July 30, 1893, (No. 142911) of expenses of Ottawa Buildings which you propose to charge in 1893-94 against other votes than those for Ottawa Buildings : with reasons therefor, in each case.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, $A . G$.

Audit Office, Ottawa, January 24, 1894.
Sir,-PPlease let me have an answer to my letters of July 30, and December 5, asking for a list of the expenses of the Ottawa Buildings which you propose to charge in 1893-94 against other votes than those for "Ottawa Buildings" : with reasons therefor in each case.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

## Rideau Hall: Gas-Meter Inspection not thought a Public Service.

Audit Office, Ottawa, January 18, 1894.
SIR,-I notice in voucher 77588 a payment of $\$ 10.50$ to H. G. Roche, for inspecting the Gas-Meter at Rideau Hall in June, 1893.

This appears to belong more properly to the services covered by the Fuel and Light Allowance of $\$ 8,000$. Please deduct $\$ 10.50$ from the next quarterly payment of $\$ 2,000$.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Dept. of Public Works, Ottawa, January 31, 1894.
Sir,-Having reference to your letter of the 18 th instant, calling attention to Voucher 77588, containing a payment of $\$ 10.50$ to Mr. H. G. Roche for inspecting the Gas-Meter at Rideau Hall in June, 1893, and stating that the above sum should be deducted from the next quarterly payment of $\$ 2,000$. I have the honour to inform you that it is not the opinion of this department that the charge for inspecting Gas-Meter should be paid from the vote of $\$ 8,000$, which vote is stated to be "Allowance for Fuel " and Light, Rideau Hall."

Testing the meter is neither fuel nor light ; the meter is the property of the Government, and should be inspected and repaired by it and paid from the Repairs vote.

Our Chief Architect is of the opinion that if His Excellency had to pay for inspection of the meter, the same rule would apply to the gas holder in which the gas is stored, which contention would not appear reasonable:

I am, sir, your obedient servant,
The Auditor General.

## A. GOBEIL, for Secretary.

## Rideau Hall : Employees still paid by Cash instead of Cheques.

## Audit Office, Ottawa, February 18, 1893.

Sir,-In voucher 73215, received yesterday, I notice two entries of cab-hire for Mr. Paymaster Cóté, as follows :-
Dec. 14-One trip to Rideau Hall.
$\$ 100$
do 24- do do .............................. 100

The pay-list of December 10 for $\$ 225.75$, and that of December 24 for $\$ 230.50$, each contained eleven names. Please have these employees paid by cheque in future, instead of by cash.

It would appear at first sight that business at Rideau Hall could be transacted as efficaciously by the street-cars, and with more economy.

Accounts for cab-hire, like other travelling expenses, should be certified "incurred "on Government business." Please call Mr. Cóte's attention to his omission of this certificate, and ask him to give the names of the cabmen, as is done by your Department for cab-hire charged to "Civil Government."

It is to "Civil Government" that Mr. Côte's travelling expenses should be charged, since he is a permanent officer.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Memo. by Accountant, March 1, 1893 :-
We are told "to have these employees (Rideau Hall's) paid by cheque in future, "instead of by cash," thereby, I presume, contemplating a saving of $\$ 2$ per month, amount paid for paymaster's travelling expenses. At first sight this course would seem to be all for the better, but unfortunately the question arises: if these men are to be paid by cheques, will they be allowed to go and cash same? No doubt they will, then what next? Their hours of work being from 7 in the morning to 6 at night, whilst banking hours are from $10 \mathrm{a} . \mathrm{m}$. to 3 p.m., they will have to leave their work to come to Ottawa and return. As they look to economy even as much as any Government official, they will not care, I presume, to use the street-cars. Coming on foot from Rideau Hall to Ottawa, going to the bank, where most of them are unknown and would have to be identified, and returning to the workshops, will, I may safely assume, take, on an average, at least $\frac{1}{4}$ of a day each. Eleven, at $\frac{1}{4}$ a day- $2 \frac{3}{4}$ days lost time; their average wages being $\$ 1.70 \frac{1}{2}, \$ 4.68 \frac{1}{2}$ a fortnight, or say $\$ 9.37$ a month would have to be paid for that lost time, against $\$ 2$ charged by paymaster. Where "would economy appear" at second sight?

Under these circumstances, with due regard to economy, I think that the present system of paying men at Rideau Hall should be continued.

I have no doubt but that the Auditor General, whose devotion to economy is so well known and so highly spoken of throughout the whole Dominion, will see his way clear to adopt this view.
" It is to Civil Government that Mr. Côté's travelling expenses should be charged, "since he is a permanent officer." I cannot quite agree to that. The travelling expenses of a permanent officer in connection with the general business of the department should, I adinit, be charged to "Civil Government." But when an officer is travelling on duty, in connection with any particular work, his expenses should, in my opinion, be charged to the special work as part of legitimate expenditure thereon.

Mr. Côtés accounts for travelling expenses to Rideau Hall were surely made in such a shape as to carry the information that the expenditure was "incurred on Govern" ment business," since the Auditor General proposes to do away with that expenditure by paying men by cheque. I consequently do not see what great harm has resulted by the omission of those sacramental words "incurred on Government business" at foot of the account referred to. Going to Rideau Hall to pay workmen employed by the department is surely an expenditure on "Government business."

It seems as though there was a preconceived disposition to find fault with Mr. Côtés least action.

Now in justice to Mr. Coté, I am free to state that he is the most faithful, upright, honest and trustworthy officer that could be found. For the last six years he has been under my immediate control, has been entrusted with large sums of money, and I never had the least trouble with him. He has accounted for all services placed in his hands to the last cent almost day by day.
O. DIONNE, Accountant.

Audit Office, Ottawa, January 26, 1894.
Sir,--I notice that we have overlooked the discussion of the Accountant's letter of March 1, 1893, concerning payment of the employees at Rideau Hall.

The object of asking that these men be paid by cheques instead of by cash, was not so much to save Mr. Côté's travel, as to provide a better set of receipts, and to avoid unnecessary handling of money. These are the reasons which have induced all the other departments to abandon the cash system.

The same arguments hold for all the employees at Ottawa, who also should be paid by cheques instead of cash Most of them are near enough to the banks to get their money at noon ; and the others will find no more difficulty in cashing their cheques than do other creditors throughout the Dominion.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Quebec Citadel : Governor General's Quarters.

## Audit Office, Ottawa, October 25, 1893.

Sir,-Let me acknowledge receipt of your Application No. 277 for $\$ 182.20$ in favour of L. Guérard, for laying carpets, hanging curtains and blinds, \&c., at the Governor General's Quarters in Quebec Citadel, September 1893.

The first item is "laying carpets, curtains, blinds, various other works, $64 \frac{1}{2}$ days work at $\$ 2$." There should be a list of the days on which the work was performed, with the details certified by the Government officer who kept the time.

The items of $\$ 10$ for 4 bedsteads, $\$ 12$ for 4 palliasses, $\$ 6$ for covering cushions, \&c., are more properly chargeable on the vote of $\$ 5,000$ for "Furniture for Outside Buildings." Laying carpets, and hanging curtains and blinds are services which partake more
of the nature of "Maintenance" than of "Renewals and Heavy Repairs"; and the latter vote does not appear to have been intended to cover them.

It would be preferable to get the authority of a special vote for the maintenance of the Governor General's Quarters in the Quebec Citadel, since the service is so closely analogous to that of "Rideau Hall." Please let me know whether your Department has any objection against this line of future action.

As an aid to establishing an amount for a separate estimate, I have extracted ${ }^{\text {phom }}$ our Reports the expenditure of the last five years, making $\$ 12,979.41$ as follows : 1888 89, (pages D-210 and 214,) $\$ 4,067.82$; 1889-90, (page C-4,) $\$ 2,862.02$; 1890-91, (page C-187,) $\$ 2,561.05$; 1891-92, (page C-169,) $\$ 1,493.58$; 1892-93, (page C-228), $\$ 1,994.94$.

I am, sir, your obedient servant,

The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Audit Office, Otrawa, January 25, 1894.
Sir,--Please let me have an answer to my letter of October 25, 1893, asking for information concerning the account of $L$. Guérard for work done at the Governor General's Quarters in Quebec Citadel.

I am, sir, your obedien $\dagger$ servant,
The Secretary, Public Works Dept.
J. L. Mcdougall, a.g.

## Chatham, N.B. : Arrears paid to Postmaster Adams.

Audit Office, Ottawa, June 3rd, 1893.
Sir,-Let me call your attention to voucher 75984 for $\$ 180$ in favour of R. B. Adams, of Chatham, N.B., for services as Caretaker at the Chatham Post Office for the three years ending May, 1889, at $\$ 60$ a year.

An explanation should have been attached to the voucher, showing why payment was not made currently as the services accrued. Please rectify this omission.

I am, sir, your obedient servant,
J. L. McDougall, d.g.

The Secretary, Public Works Dept.
Dept, of Public Works, Ottawa, July 12, 1893.
Sir,-I am directed to acknowledge the receipt of your letter, dated the 3rd ultimo, calling attention to voucher No. 75984 for $\$ 180$ in favour of R. B. Adams, for services as caretaker of the Chatham, N.B., Post Office for three years ended in May, 1889 ; and to say that before 1889 we never had a regular caretaker of this building, and that from his appointment as Postmaster, in 1886 (May), Mr. Adams performed those duties until May, 1889, when he was definitely installed with a regular salary of $\$ 130$ per annum ;

That upon a claim being made for remuneration for past unpaid services, it was deemed only fair to grant some compensation, which Mr. Fuller, on the report of his local assistant, placed at $\$ 60$ per year, and it was accordingly paid ;

That it has been considered that good value was rendered for the amount paid.
I am sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, July 25 th 1893.
Sir,--Let me acknowledge receipt of your 141714, stating that Mr. R. B. Adams, the Postmaster at Chatham, N.B., performed the duties of Caretaker of the Post Office building from 1886 to 1889 without current remuneration.

Please mention the date at which Mr, Adams first made a claim for payment of his services in cash. It seems probable that Mr. Adams may have thought his perquisites of residence quite sufficient compensation for caretaking, until he learned that other resident Caretakers are on salary.

Instead of considering Mr. Adams as having been underpaid, it seems easier to draw the lesson that Residence in a Government Building might frequently be a fair set-off against the incidental duty of looking after the Building; and that many of the separate Caretakers' salaries might be saved.

I am, sir, your obedient servant,
J. L. McDoUGall, A.g.

The Secretary, Public Works Dept.
Dept. of Public Works, Ottawa, August 4, 1893.
Sir,-Having reference to your letter of the 25 th ultimo, respecting the application of Mr. R. B. Adams for remuneration for the caretaking of the public building at Chatham, N.B., and stating that Mr. Adams's residence in a Government building might be considered a fair set-off against the incidental duty of looking after the building: I have the honour to inform you that Mr. Adams does not reside in the building above referred to.

Mr. Adams made application for remuneration on the 22nd of November, 1890, but this department cannot say whether any previous application was made.

I am, sir, your obedient servant,
The Auditor General.

## Kingston: Engineer and Fireman at Military College.

Audit Office, Ottawa, October 19, 1893.
Sir.-On the pay-lists for "Engineers, Firemen and Caretakers," for July and August, 1893, I notice the following persons employed at the Kingston Military College :
Engineer, Wm. Johnson . . . . . . . . . . . . . . . . . . . . . . . . $\$ 6500$
Fireman, M. Madden. . . . . . . . . . . . . . . . . . . 5500

Let me call your attention to page 40 of the Estimates for 1893-94, where the vote of $\$ 70,000$ for the Military College is described as "All expenses connected therewith, " except repairs to buildings."

Under this very explicit wording, I do not think that your Department can now pay for Engineers and Firemen.

## I am, sir, your obedient servant,

The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Dept. of Public Works, Ottawa, October 26, 1893.
Sir,-In reply to your letter of the 19 th instant, referring to the pay-lists of engineers, firemen and caretakers for July and August last, and to the payments made to Messrs. Wm. Johnson and M. Madden, engineer and fireman at the Kingston Military College, also stating that, under the explicit wording of the vote of $\$ 70,000$ for the above building, you do not think that this department can pay for engineers and firemen : I am directed to inform you that the vote of $\$ 70,000$ above referred to is not controlled by us, and that those two men, who have been our officers for a number of years, have been paid out of the only vote at our disposal.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, October 27, 1893.
Sir.-Let me acknowledge receipt of your 145469, concerning the Engineer and Fireman at Kingston Military College.

Please arrange with the Militia Department for a transfer-entry, charging the vote for "Kingston Military College" with the wages paid by your department since July l, 1893.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

## Toronto Waterworks: Government's claim upheld by Supreme Court, and by Privy Council in England.

Dept. of Public Works, Ottawa, May 17, 1888.
Sir,--In reply to your letter of the 26th ulto., suggesting the payment of water rates in Toronto within the time stipulated for discount allowance, I am directed to inform you that the City Treasurer of Toronto, in reply to a communication from the Chief Architect on the subject, stated that the "Government are not allowed any dis"count as they do not pay any taxes on the buildings, \&c., protected by the water in case "of fire, and for other considerations."

I am, sir, your obedient servant,

> A. GOBEIL, Secretary.

The Auditor General.

Audit Office, Ottawa, August 31, 1888.
Sir,-_Let me refer you to my letter of April 26, 1888, on the subject of overcharges in Toronto for water.

Mr. Sedgewick, the Deputy Minister of Justice, has given me an opinion that the Toronto Waterworks has not the right to discriminate against the Dominion Government on the question of discount.

Please see that bills for water furnished to your office in Toronto are rendered in time for payment before the discount-period expires,-and pay only the rate charged to individuals.

> I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Public Works Dept.
The Militia Dept.
The Agriculture Dept.

Extract from Cassels' "Digest of Supreme Court Cases, 1875-1893," page 57, heading "Attorney General of Canada vs. City of Toronto, Feb. 26, 1893: By R.S.O. 1887, cap. 184, sec. 480 , sub-sec. 3, (Municipal Institutions Act) it is the duty of a municipal corporation which has constructed waterworke, to supply water to all buildings on land along the line of any supply pipe, on request of the owner or occupant thereof. By chap. 192, sec. 19 (Municipal Waterworks Act) the corporation has authority to regulate the distribution and use of water, and fix the prices therefor, and by sec. 20 the corporation may pass by-laws, \&c., for allowing a discount for pre-payment.

Pursuant to these powers, the corporation of the City of Toronto passed a by-law allowing a discount on all water rates paid in th first month of the quarter for which they should be due, but the same was not to apply to Government or other institutions which are exempt from city taxes. A tender was made to the city of the amount assessed on property of the Dominion Government, less the discount allowed by the bylaw, which was refused, and the whole amount having been paid under protest, an action was brought against the city for the rebate.

Held (reversing the decision of the Court of Appeal, and that of Ferguson, J., at the trial)-Patterson, J., dissenting,-that the legislature intended and enacted that the rate for water supplied by the city shound be an equal rate charged upon all consumers alike, and the city corporation has no right to impose a greater rate for water supplied to a consumer who is not subject to civic taxation than is imposed upon consumers who are ; therefore the by-law was ultra vires, in so far as it makes a distinction between the two classes of consumers.
(Note.-The Privy Council in England refused to the City of Toronto permission to appeal from this judgment of the Supreme Court.)

## Port Maitland: Vote insufflciently described.

Audit Office, Otrawa, July 21, 1893.

SIR,-Let me acknowledge receipt of your Application No. 23 , for $\$ 273.75$ in favour of Archibald McKinnon, being " Extra Allowance on Final Estimate for Port Maitland."

The vote against which this is charged is described as "Maitland-To pay balancedue "Contractor, $\$ 274.00$." I have been unable to find any reference to the vote in Hansard.

The payment is not due under contract, or there would have been no difficulty in paying it before. I cannot therefore pay it out of the vote of $\$ 274$, under its present wording.

> I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

Dept. of Public Works, Ottawa, August 19, 1893.
Sir, -With reference to your letter of the 21st July, concerning the application of this department in favour of A. McKinnon, to pay the balance due him for work at Maitland, and which you say you cannot pay out of the vote of $\$ 274$ made by Parliament last year: I have to state that it is evident, by the amount of $\$ 274$ mentioned in the Supply Bill, that that vote was intended to pay that account of $\$ 273.75$.

Our Chief Engineer states that the account was submitted to you as far back as 1891, and that there was no undue operation that took place since the vote was made, to make the account covered by the application, fit the vote made in 1893.

However, the account is due, is rendered in good faith, is the one that the vote of last session is intended for, and has been correctly certified; and if you still decline to pass the application, we shall have nothing left to us but to lay the responsibility for the non-payment upon your office.

Yours very truly,
The Auditor General.
A. GOBEIL, D.M.P.W.

Audit Office, Ottawa, August 25, 1893.
Sir,-I have your letter of the 19 th instant with reference to your application for a payment of $\$ 273.75$.

I beg to point out that the amount is not legally due to Mr. McKinnon unless the appropriation makes it so, because he was before paid everything which was due to him under the contract.
$\dot{N}$ ow the appropriation does not make the claim a legal one, because there is nothing in the wording of it nor in any explanation to Parliament which indicates that there is any weakness in the claim, and which the appropriation is intended to remove.

Parliament should have been informed in some way that the money, when voted, was to pay a claim to which Mr. McKinnon had no legal right.

I am, sir, your obedient servant,

## Nine-Mile Creek: $\$ 197.50$ for Inspection on $\$ 274$ Contract.

The expenditure in $1892-93$, amounting to $\$ 402.70$, was made up of the following items:-

$$
\begin{aligned}
& \text { Advertising for tenders. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$ } 1520 \\
& \text { McDougall \& McNevin, on final estimate of } \$ 274 \text {................. . . } 19000 \\
& \text { John McQuarrie, inspector, } 79 \text { days at } \$ 2.50 \text {. . . . . . . . . . . . . . . } 19750
\end{aligned}
$$

. There is no expenditure in our books against this work in 1893-94 up to the present date.

The only description given on the estimate is "Nine-Mile Creek, work done as per "estimate." This wording will need to be expanded, to show that it is not proposed to charge a balance of "Extension of Pier" to the current vote for "Repairs to Pier."

The contract-work of $\$ 274$ appears to have cost $\$ 197.50$ for inspection, or 72 per cent on the value of the work.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, a.G.

Chief Engineer's Office, Ottawa, Dec. 15, 1893.
Memorandum relative to amount paid for inspection at Nine-Mile Creèk.
Messrs. McDougall \& McNevin, whose tender for this work was the lowest, viz., \$274, are farmers, and performed all the work with their own hands, not employing any labour. Their tender was very low, the estimated value of the work being $\$ 600$; and it $W_{\text {as, }}$ therefore, very necessary that a close inspection should be exercised, and this entailed the presence of the inspector on the work during the whole period of its continuance.

> Total cost of work, including inspection. . . . . . . . . . . . . . . . $\$ 47150$ Estimated value of work . . . . . . . . . . . . . . . . . . . . . . . . . $600 \quad 00$

The Secretary, Public Works Dept.
LOUIS COSTE, Chief Engineer.
Audit Office, Ottawa, January 10, 1894.
Sir,-Let me acknowledge receipt of your 146923, covering the Chief Engineer's explanation concerning the Inspector at Nine-Mile Creek.

I am obliged to call your attention to the fact that the discussion has not been advanced along the lipe of the second last paragraph of my letter of November 11, namely, a request for further information to show that it is not proposed to charge "Extension" to "Repairs."

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, a.G.

## Souris: "Price as agreed" an insufficient certificate.

Audit Office, Ottawa, November 11, 1893.
Sir,-Let me acknowledge receipt of your Application No. 325 for $\$ 3,200$ in favour of Wightman \& Mellish, for "Closing breach in Breakwater at Souris, P.E.I."

The wording of the voucher is "work done in closing breach through Souris Breakwater, caused by storm of Aug. 21-22."

There should be information given-both to show the magnitude of the work, and to prove it a charge on the vote of $\$ 20,000$ for "Reconstruction of Souris Breakwater."

The certificate-form "Materials delivered, work performed, prices fair and just," has not been signed. The blank "Certified
Resident-Engineer" is signed by Jas. B. Hegan. Some otficer through whose hands the voucher has passed, and himself unfamiliar with or heedless of the common law, has endeavoured to transfer the effect of Mr. Hegan's signature over to the statutory certificate by drawing a line between them.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Chief Engineer's Office, Ottawa, 20th November, 1893.
Sir,-In answer to the letter from the Auditor General dated November 11, file 146107, in connection with the Application No. 325 made by the Accountant of this department to the Auditor General for payment of the sum of $\$ 3,200$ to Messrs. Wightman \& Mellish for work done on the breakwater at Souris, P.E.I., by order of this department, I have to state the following:-

On the face of the account the following appears: "For work done in closing breach " through Souris Breakwater caused by storm of August 21st, 22nd, in accordance with " offer made by Messrs. Wightman \& Mellish dated Sept. 1st, 1893, and accepted by " department Sept. 4th, 1893, \$3,200."

Precaution was duly taken to state that the work has been done in accordance with the offer made by Messrs. Wightman \& Mellish, which offer had been duly accepted by the department on Sept. 4 th, 1893. Why, therefore, should the Auditor General refuse to pass this account?

This work was done by Messrs. Wightman \& Mellish under an agreement made by the Department of Public Works, which department certifies that the work has been done to its satisfaction.

The vote of $\$ 20,000$ to which this work was charged, reads: "For reconstruction "of Souris Breakwater." The work done by Messrs. Wightman \& Mellish consisted in the partial reconstruction of that breakwater, and the charge against that vote is thereby perfectly legitimate.

The certificate-form "Materials delivered, work performed, prices fair and just" was not, it is true, signed by the Resident Engineer, nor was it required that it shculd be, inasmuch as the work was done under an agreement for a lump sum, and the certificate required was practically and simply the assurance from the Resident Engineer that the work had been done as per agreement ; and the transfer of Mr. Hegan's signature over to the certificate mentioned above was made by the Chief Engineer himself on the strength of a report sent by the Resident Engineer to the effect that he had himself ascertained that the work had been done in accordance with the agreement, and that, therefore, the materials required for the work had been delivered, the work performed, and the price paid fair and just.

I trust that in the face of the explanations given in this letter, the Auditor General will not deprive the contractors of the amount to which they are fairly entitled by virtue of an agreement which they have made with the Department of Public Works.

I am, sir, your obedient servant,
LOUIS COSTE, Chief Enyineer.
Secretary, Dept. of Public Works.

Audit Office, Ottawa, December 6, 1893.
Sir,_-Let me acknowledge receipt of your 146199, covering Mr. Coste's report concerning the account of Messrs. Wightman \& Mellish.

Your letter gives so little information in answer to my direct questions, that I am not yet able to certify payment of the account.

For this, and for all other services, I need some statement-more or less completeof the nature and amount of work done; and I need a certificate from an officer who has examined the work itself, that it has been done, and is worth the price. Neither want is satisfied by the papers in hand.

The Chief Engineer clains, with an under-score, that $\$ 3,200$ is due to the contractors "by virtue of an agreement which they have made with the Department of Public "Works." No agreement can in any way entitle them to receive $\$ 3,200$. Their only claim to the money is their performance of the work: and the Audit Act fixes the points to be covered by the local officer who examines the work they have performed. If Mr. Hegan's report, after seeing the work, states that it is completed, and is worth the price, a copy of that report (to attach to the voucher) will satisfy the requirements of the Audit Act. Otherwise the voucher should be sent back to Mr. Hegan.

Please mention to Mr. Coste that the transfer of a signature, if unimportant from an Engineer's point of view, is not usual with Accountants and Auditors; and that we would prefer some other line of action in future similar instances.

The question is asked: "Why should the Auditor refuse to pass the account," when the price of $\$ 3,200$ was that offered by the contractors, and accepted by the department. To get at the real value of this certificate, please imagine what sense the voucher would have had, if a contrary certificate had been made. A merchant's or contractor's offered-price is only evidence that it is at least high enough. The Department's acceptance of a price is necessarily implied in every transaction, by the fact of its going through at all ; it is the fairness and justness of the price whioh must be explicitly guaranteed.

The application and vouchers are returned herewith. I shall be unable to consider them further, until the deficiencies mentioned in my previous letter are supplied.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. G.

The Secretary, Public Works Dept.
Note.-The Public Works Department subsequently got Mr. Hegan to certify the account in the manner required.
J. L. McD.

## River St. John : Insufficient Vouchers.

Audit Office, Ottawa, July 24, 1893.
Sir, -Let me acknowledge reseipt of your Application No. 795 for $\$ 700$, chargeable to "River St. John," for Government contributions towards cost of wharfs, as follows :-

Vanwart's Landing: John O. Vanwart............ . . . . . . . . . . $\$ 500$
Moss Glen : Gabriel Merritt. . . . . . . . . . . . . . . . . . . . . . . . . . . . . 200
Unless these wharfs are to belong to the Dominion (a fact of which no mention is made in the vouchers), the payments can be made only out of votes explicitly described as contributions.

Please state the value and age of those parts of the structures, if any, which were in existence before the agreements were made with Messrs. Vanwart and Merritt respectively, and give details for all the work done on the wharfs since those dates.

I am, sir, your obedient servant,

Dbpt. of Public Works, Ottawa, August 19, 1893.
Sir,-In reply to your letter of the 24 th, referring to our application for $\$ 700$ for Government contribution towards cost of wharfs built by Messrs. VanWart and Merritt, I have the honour to inform you that these wharfs were built during the course of last winter, and that the proprietors have filed with this department undertakings to the effect that they were to be free to the public.

I am, sir, your obedient servant,
The Auditor General.
A. GOBEIL, D.M.

Audit Office, Ottawa, August 23, 1893.
Sir,--In reply to your letter of 19th instant, referring to Application No. 795 for $\$ 700$, Government contribution towards cost of two wharfs built by Messrs. John O. VanWart and Gabriel Merritt:

Your engineer, Mr. Hegan, certifies that these two wharfs could not have cost, in his opinion, less than $\$ 1,000$ and $\$ 400$ respectively, or $\$ 700$ less than they now ask from the Dominion Government. How were Messrs. VanWart and Merritt otherwise remunerated, or how do they expect to be?

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Dept. of Public Works, Ottawa, Sept. 7, 1893.
Sir,-Having reference to your letter of the 23 rd ultimo, respecting application No. 795 for $\$ 700$, Government contribution towards the cost of two wharfs built by Messrs. John O. VanWart and Gabriel Merritt, and calling attention to the opinion of Mr. J.B. Hegan on the subject, I have the honour to inform you that the amount mentioned in the application sent by this department is the total amount which we intend paying Messrs. VanWart and Merritt.

Whether the parties referred to expect to be remunerated in any other way, we do not know.

I am, sir, your obedient servant,
The Auditor-General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, July 14, 1893.
Sir,-Let me acknowledge receipt of your Application No. 11, for $\$ 500$ in favour of Morris Scovil, marked as "Government Contribution towards cost of Wharf," and charged to "Harbours Generally, Maritime Provinces."

The certificate of Mr. Allison is, that the cost of the wharf cannot have been less than $\$ 1,000$. Please state the value and age of that part of the structure, if any, which was in existence before the agreement was made with Mr. Scovil ; and give details for all the work done on the wharf since that date.

There should be some mention made of whether the Government or Mr. Scovil is to own the wharf. If Mr. Scovil, payment can be made only from a vote specially described as a "Contribution." If the Government, the vote for "River St. John" would appear to be more appropriate than "Maritime Provinces Generally."

The preamble of Mr. Scovil's guarantee, dated Feb. 27, 1893, is: "Whereas, a "public wharf is now in course of construction at Scovil's Point, on which the sum of " $\$ 500$ has been expended by the Public Works Department of Canada." Does this refer to any sum other than the $\$ 500$ now in question, which latter sum has not yet been expended?

[^24]I am, sir, your obedient servant, The Secretary, Public Works Dept. J. L. McDOUGALL, a.g.

Public Works Dept., Ottawa, August 2, 1893.
SIR.-With reference to file No. 143238 containing a letter from the Auditor General returning application No. 11 for $\$ 500$, in favour of Morris Scovil, I beg to state that the late Mr. Allison was asked to determine the value of the wharf newly constructed, to ascertain whether the cost of that wharf was more than $\$ 1,000$. He, on the face of the account, certifies that such is the case. The wharf is to be a public Wharf, "free to the public," as stated in the undertaking attached to the application.

The appropriation "River St. John" is certainly the one to which this work should be charged, and it is no doubt by error that it has been charged to "Maritime Provinces Generally."

No other sum than the $\$ 500$ in question has ever been expended on that wharf.
I am, sir, your obedient servant,

The Secretary, Public Works Dept.

## LOUIS COSTE, Chief Engineer.

## Ile Verte: Insufficient Receipts.

Sir,-Let me call your attention to vouchers 70273 and 70951, the August and September pay-lists for "Completion of Landing Pier at Ile Verte."

The receipts for wages are all made by the Foreman, Mr. J. B. Raymond, under "uthority of 90 orders reading as follows: "J'autorise J. B. Raymond à retirer du dépar"tement des travaux publics le montant qui m'est dû pour ouvrage au quai de l'Ile "Verte."

The only authority which the Paymaster should recognize for payment of money to another than the creditor is one made out on the form prescribed by the Treasury $B_{0 a r d}$. And it would be preferable that the money should not be paid to a Government employee.

The apparent object of sending a Paymaster to the works, namely, the identification of the men on the pay-list, does not seem to have been attained in this instance.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, $A . G$.

## Tadousac Pier; Insufficient Vouchers.

Audit Office, Ottawa, June 19th, 1893.
$S_{1 r}$,-Let me acknowledge receipt of your Application No. 708 for $\$ 242.50$ in $f_{\text {avour of Nap. Rouleau, for timber for the Tadousac Pier as follows : }}$

Timber, 11 by 12 -in, 2,000 feet at 10 cts.............. . . $\$ 20000$
Round timber, 850 feet at 5 cts. . . . . . . . . . . . . . . . . . . $42 \quad 50$
Vouchers for supplies of this nature should contain all the information, as to size and material, which would be given in invitations for tenders.

I return the Application herewith, to enable you to remedy the deficiency; as well as to get a signature to the certificate "Materials delivered ; prices fair and just."

The voucher is in the handwriting of Mr. J. C. Blais, the Resident Engineer. Please let me have the original, made out by Mr. Nap. Rouleau himself, the person to whom the money is due.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Toronto Harbour: Copy of Contract not given to Auditor General.

Audit Office, Ottawa, May 10, 1893.
Sir,-I am passing your Application No. 623 for $\$ 2,710$ in favour of Murray \& Cleveland, being their April estimate for work on Toronto Harbour.

Please let me have a copy of the contract with Murray \& Cleveland.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Audit Office, Ottawa, June 7, 1893.
Sir,-As mentioned in my letter of May 10, 1893 (to which no answer has been received), I should like to be supplied with a copy of the contract with Murray \& Cleveland for the works at Toronto Harbour.

Please let me have it in time to be of assistance in auditing the May estimate, which will be due in a few days.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Public Works Department, Ottawa; June 17, 1893.

Sir,-Having referense to your letter of the 7th inst., asking to be supplied with a copy of the contract with Messrs. Murray \& Cleveland for the works in Toronto Harbour, I have the honour to request that you will be good enough to state whether it is any special information you require in connection with the contract, and to inform you that we will be very happy to give it.

I am, sir, your obedient servant,
The Auditor General. E. F. E. ROY, Secretary.

Audit Office, Ottawa, July 25, 1893.
Sir,-Let me acknowledge receipt of your 141849, asking whether it is any special information which I require in connection with Murray \& Cleveland's contract, and informing me that the Department will be very happy to give it.

A copy of the Contract and Specification appears to me to be essential for such an understanding of the expenditure thereunder as an Auditor should have ; and it is to a request for these documents that I limit myself in the meantime.

Special information may be asked for, when a reading of the contract enables me to know for what to ask.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, December 5, 1893.
Sir,--Since asking you, on more than one occasion, for a copy of the contract for Toronto Harbour, I have passed several estimates in favour of Murray \& Cleveland, so as not to obstruct the work.

I now repeat my request for a copy of the contract, and regret that I do not see my way to make any more payments without it.

The Chief Engineer, in a similar discussion concerning Cape Tormentine, raised this objection: That the contract makes the Chief Engineer the sole and final judge of everything done under it,-and that therefore the Auditor has no use for, or right to, a copy of the contract; and I understand that this is the ground of the department's unwillingness to supply me with the information.

The Chief Engineer's contention may be generalized into this form : "That a "Spending Officer can make such a contract with a creditor, as to exempt from audit all "the payments under that contract-whatever may be the authority by which the audit " is prescribed."

Please ask Mr. Coste whether he will support the proposition as thus stated, or Whether he will show how it differs from his own.

My view of course is, that the people have a right to know how much they get for their money ; that the Report of this office is the channel through which the information is to be published; and that it is impossible for me to give full information concerning the services performed, without free access to the contracts and specifications.

> I am, sir, your obedient servant,

The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G.

## Chief Engineer's Office, Ottawa, 7th December, 1893.

Sir,--To facilitate the work of auditing the monthly estimates rendered by the Department of Public Works in favour of Messrs. Murray \& Cleveland, for work done at Toronto, I beg to inclose you a copy of the schedule of prices attached to the contract.

This will enable you to check the prices allowed on the estimates.
With regard to the question of furnishing your office with a copy of the contract, I have fully reported my views to my department, and I hope that the question as to whether it is your right to have copies of contract, or not, will soon be settled by the proper authority.

The Auditor General.
I am, sir, your obedient servant, LOUIS COSTE, Chief Engineer.

Audit Office, Ottawa, December 11, 1893.
Sir,-Allow me to enter a little more fully into the subject treated of in my letter to you of the 5th instant-the frequent mention of the Chief Engineer of your department, in his letters to you, of his giving information requested by this office, while, in his opinion, he is not bound to give the information, his certificate being, in his opinion, all that we have a right to call for.

Although Mr. Coste has very important duties, I do not see that in this matter I have anything to do with what his view may be. It is because you, in transmitting his letters, show that he expresses your views, that I am desirous of reaching an agreement upon this point.

I cannot find a word in the Audit Act which indicates only partial confidence in the Audit Uffice, the only body exclusively parliamentary which intervenes between the voting of money and its expenditure. The whole ground for passing the Audit Act as we have it, and appointing an Auditor General with a staff, was that there should be a thorough investigation of all expenditures to see that the expenditure in each case was of the kind and to the extent authorized by Parliament, and that value was given for
the money expended. It is not reasonable to suppose that Parliament would desire to limit the powers of its Auditor in any direction while the above mentioned objects were being pursued, and besides I can find no evidence in the Audit Act of any such desire.

Look at any sections where directions are given to the Auditor General to obtain certain vouchers. Is there any indication that Parliament wants to guard against his doing his work too well? Take the 33rd section for instance:"No payment shall be "authorized by the Auditor General. . unless in addition to any other certificate which is "required in that behalf, the officer. .certifies, \&c." That is, Parliament expects from its Auditor what the Auditor of a small Company or of the financial transactions of a township municipality would do without protest from any one,-that is, ask for and obtain all the information that it may occur to him it is important to get; but in case he should fail to see that a particular kind of voucher should be obtained by him, no matter what other vouchers he may think of requiring, makes it incumbent upon him to obtain that particular voucher, viz., the certificate, \&c., in all cases before making payment.

Then turn to the 45th section: "The Auditor General is authorized to have free " access to the departments to examine the books and other documents relating to the "accounts." Is there any limitation as to the documents relating to the accounts which he has a right to see? Does not a contract relate to the accounts?

If he has a right to examine the contracts in the department, is he supposed to have a right to request that they, like all other vouchers, be sent to him? Certainly.

Then look at the 48th section: "The Auditor General, in reporting to the House " of Commons, \&c., shall call attention, \&c., . . to every case . . in which payment so charged "was in any way irregular." How is he to perform this duty unless he has a right to see all vouchers, no matter who certifies?

Then read section 55: "The Auditor General may examine any person on oath or "affirmation on any matter pertinent to any account submitted to him for audit." This is a pretty broad power, and if a power, then it is the duty of the Auditor General to use the power; and if this is true when the investigation is made in one way, it must be true when the investigation is made in any other way.

The certificate of the Chief Engineer is important: in fact, it is required by the 33rd section; but neither that section nor any other part of the Act says or implies that the Audit Office is precluded from going behind it.

It must be remembered that in ninety-nine cases out of a hundred the Audit Office examination and its Report to Parliament are the last investigation and statement of these immense expenditures. Should the examination be less thorough and searching than if it were before a court, with the individual tax-payer a party in the suit, watching every cent? Would the judge then say the demand for the production of the contract is an unreasonable one, although the engineer who is present has the contract in his pocket?

The other departments raise no objection to sending a copy of each contract.
If I were asked by the Public Accounts Committee to produce the vouchers and accounts on which I passed any application for payment, I do not see how I would be justified in taking the ground that, as it was my right to pass in the first instance, no one had a right to call on me for the evidence on which I acted.

Let me also draw your attention to the working out of a similar Act in England, under which the rule seems to be to give all reasonable information.

You ask a witness for his evidence, but that does not involve your being precluded from getting any other evidence on the same point.

Mr. Coste says that the words of the contract make him the sole judge ; but a contract made by a department-assuming Mr. Coste's view to be correct-cannot affect a right of audit which is based upon an Act of Parliament.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Public Works.

Acdit Office, Ottawa, January 26, 1894.
Sir,-I have received from the Chief Engineer of your department a copy of the Schedule of Prices, extracted from Murray \& Cleveland's contract for work at Toronto Harbour.

This does not satisfy the requirements of the Audit Ottice. We still need a copy of the Contract and Specification.

The part of my Report which contains this discussion is now going to press; and I would prefer that the correspondence should include some reply from you to my letter of December 11, instead of the implicit maintenance of your persistent refusal to furnish information which I find necessary.

As pointed out in previous correspondence, it is not usual for a Spending Officer to prescribe to his Auditor the limit of the audit which he is willing to undergo.

I am, sir, your obedient servant, The Secretary, Public Works Dept.
J. L. McDougall, a.g.

## Engineering Instruments not bought through Stationery Office.

## Audit Office, Ottawa, October 7, 1893.

Sir,-Let me acknowledge receipt of your Application No. 220 for $\$ 210$ in favour of James Foster, for instruments supplied to Engineer H. A. Gray of Toronto.

Purchases of this nature are always made through the Stationery Office. Please forward the vouchers to the Printing and Stationery Department for payment.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDoUgall, a.g.

Dept. of Public Works, Ottawa, October i8, 1893.
Sir,-I regret to have to contradict the statement made in your letter of the 7 th , that purchases of instruments for engineering purposes are always made through the Stationery Office. I beg to state that purchases of that kind have zever been made through the Stationery Ottice, but the instruments have always been chosen by the Engineers themselves, as they are better qualified to judge of the value and the usefulness of the instruments they require.

I return the application, and trust this explanation will be sufficient.
I am, sir, your obedient servant,
The Auditor General.

A. GOBEIL, D. M.

## Audit Office, Ottawa, December 5, 1893.

Sir,--Let me acknowledge receipt of your 145121, in answer to my statement that "engineering instruments are always purchased through the Stationery Office": wherein your reply is, that you have never made these purchases in that manner.

In other words, my objection is to be explained away by a simple mention of the fact that the objection had to be made.

The smaller surveying and drawing instruments are kept in stock by the Stationery Office; the larger are ordered by them when requisitions are made by the Departments, describing minutely the instruments they want. The object of concentrating the orders in the Stationery Office is, to secure the lower rates which are always given to frequent purchasers.

This is the same Grouping of Orders to obtain wholesale rates, to which, as a branch of the science of Economy, I have directed your attention in previous correspondence.

And when I say "Purchases of this nature are always made" in any particular manner, I mean of course, always by those Departments who follow the spirit of a regulation beyond its letter, and try how near they can come to its intent.

Owing to the press of other work at this season, this discussion has been delayed so long that I do not feel justified in keeping Mr. Jas. Foster out of his money ; and accordingly I am passing the account. Please anticipate, however, the same objection, when ordering future supplies of this nature.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

## Winnipeg Dredge Pay-lists: Fictitious Receipts for Money.

Audit Office, Ottawa, Feb. 16, 1893.
Sir,-I have examined the expenditure of Mr. W. F. Gouin from July to December, 1892, on "Dredging in Manitoba," and beg to offer the following remarks thereon :-

None of the vouchers are certified "Materials received and work done: prices fair and just," as demanded by Sec. 33 of the Audit Act. Please see that these certificates are made on all of Mr. Gouin's vouchers after Jan. 1, 1893.

The number of men mentioned in the board-bills is generally greater by one than the number of men described on the pay-lists. There should be an explanation attached, to connect the two entries.

The signatures in the receipt-column of the pay-lists are not all satisfactory. For instance, in the pay-lists of the dredge "Winnipeg," assuming the July, Sept., Oct. and Nov. signatures to be autographs made by the men themselves, it is impossible to accept more than one or two of the Aug. signatures as genuine. If the July and Aug. signatures of R. Thornbeck of the dredge "Priestman" are his own, those for Sept., Oct. and Nov. must have been made by some one else. The most of the names on the Sept. and Nov. "Priestman" pay-lists appear to have been written by one person. Please ask Mr. Gouin to furnish immediate explanations of these facts ; and instruct him to take autograph signatures, or crosses, in all cases for the future.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.

$$
\text { J. L. McDOUGALL, } A . G .
$$

Dept. of Public Works, Ottawa, March 9, 1893.
Sir,-Having reference to your letter of the 16 th ultimo, respecting the expenditure of Mr. W. F. Gouin, from July to December, 1892, on Dredging in Manitoba, I have the honour to inform you that a copy of your letter has been sent to Mr. Gouin who has been instructed to carry out your wishes in the matter.

I am, sir, your obedient servant,
The Auditor General, Ottawa.
D. A. MACPHERSON, Asst. Sec'y.

Audit Office, Ottawa, June 6, 1893.
Sir,-Let me acknowledge receipt of your Application No. 673 for issue of Letters-of-Credit as follows:-

> W. F. Gouin
> \$ 3,000
> McCordock and Ewing 7,000

Please calculate how much of Mr. Gouin's $\$ 3,000$ is needed for immediate use, and alter the Application to that amount.

Before issuing further credits in favour of Mr . Gouin, I shall need an explanation from him as to the fictitious receipts on the "Winnipeg" pay-list for August, 1892, and on the "Priestman" pay-lists for September and November, 1892. These signatures were discussed in my letter of February 16, 1893.

The explanation from Mr. Gouin should be so full as not only to show how the signature came to be made by some person other than the owners of the names,-but also to show that Mr. Gouin has now a, sufficient understanding of the irregularity to see that it will not be repeated.

I am, sir, your obedient servant,

J. L. McDOUGaLL, A.G.

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, 10th June, 1893.
Sir,-Having reference to your letter of the 6 th instant, respecting application No. 673, for issue of a letter-of-credit in favour of Mr. Gouin for $\$ 3,000$, and asking to be supplied with information in connection with the pay-lists, I have the honour to send you herewith inclosed a copy of a letter from Mr. Gouin tc the Chief Engineer on the subject, and to state that on the 8th of March last the Chief Engineer called Mr. Gouin's attention to the "irregularity" referred to in your letter, with instructions to see that it did not occur again in the future. I have further to add that his bank-account was overdrawn by $\$ 1,537.90$ on the 1st June, and therefore request that you will be good enough to have a letter-of credit for the amount applied for, viz., $\$ 3,000$, issued in his favour, to enable Mr. Gouin to carry on the works under his charge for the current month.

I am, sir, your obedient servant,
A. GOBEIL, for the Secretary.

Resident Engineer's Office, Winnipeg, March 21, 1893.
SIR,-I hereby acknowledge the receipt of your letter dated 21st ultimo, inclosing copy of a letter addressed to the Secretary, Public Works Department, from the AuditorGeneral, with reference to vouchers submitted by me in connection with "Dredging in "Manitoba."

Owing to illness, I have been unable to reply sooner.
With regard to vouchers which were not certified "Materials received and work done ; prices fair and just," as demanded by Sec. 33 of the Audit Act, allow me to refer to the letter sent me, dated Nov. 24, 1891, which is as follows :-
" To satisfy the requirements of the Auditor General with regard to estimates, it will be necessary for the future that the inspector of the various works under your charge shall certify the estimate sheet with the words 'materials delivered; work performed' over their signatures, and you will simply certify the summary sheet as resident engineer, as you have hitherto done."
"In case of a work where there are two or more inspectors, then each will have to certify for the class of work he inspects, and the fact of attaching your signature to the summary will be a guarantee that you are also satisfied as to the correctness of the estimates."

I have assumed that the instructions contained in the above letter referred to contract work, or work by day's labour, in charge of inspectors. I have not had any contract work; and for any work done by day's labour, the inspectors have, in all cases, certified the vouchers as per instructions.

As I inspect the dredging and sign the summary, I have assumed also that my certificate to the vouchers in connection with dredging, as you will find it, was all that was required. However, the definite instructions now received will be carefully carried out in future.

With reference to the number of men mentioned in the board-bills being greater by one than the number of men described in the pay-lists, I wish to explain that the extra man is the cook. It has been the custom, ever since dredging began here, to pay the cook his board at the same rate as the men. I have not been able to hire a cook
without this agreement, unusual as it may seem. In future, an explanation attached to the cook's account will connect the two entries.

With regard to most of the signatures on some of the pay-lists not being genuine (pay-list for August, dredge " Winnipeg," and Oct. and Nov. pay-lists, dredge "Priestman"), is explained as follows:-

The tug "Sir Hector" comes from Lake Winnipeg to Selkirk every Saturday for supplies, mail and for anything from Winnipeg for dredge, returnigg on Saturday. A team from the "Hriestman," upon a similar errand, comes to Westbourne every Saturday. A train from Winnipeg reaches both Selkirk and Westbourne on Saturday. This train service has made it convenient for me to send the money to the dredge-masters with which to pay the men, when I was unable to go myself. The dredge-masters, when in receipt of money, the pay-lists have been signed at Selkirk and Westbourne for the men who were not there, in order to save a day's time in connection with the work, or otherwise to save a week's delay in sending the pay-lists back. R. Thornbeck was away on a visit the day the Oct. list was signed at the "Priestman" dredge.

I did not compare the signatures, simply noticed that the pay-lists were receipted. The dredge-masters are most conscientious as regards their work, and two better dredge men cannot be found; and I do, with the utmost confidence, solemnly state that no thought of an irregularity entered their minds.

Of course the men have been paid as per the pay-lists returned, but as it is my duty to pay them, I am responsible for the pay-lists being unsatisfactory; therefore I will make out new pay-lists for the months in question, and as soon as the season opens will have them signed by the men themselves. I trust this will prove satisfactory to the Auditor-General.

It is needless to say that I deeply regret the occurrence. All that is left for me to say is that it will not occur again.

> I am, sir, your obedient servant,

The Chief Engineer, Dept. Public Works.
W. F. GOUIN, Resdt. Engr.

Audit Office, Ottawa, June 16, 1893.
Sir,--Let me acknowledge receipt of your 138413 of June 10 , inclosing a copy of Mr. Gouin's explanations dated March 21.

Had Mr. Gouin's letter been forwarded to me at the time it was received in the department, I would not have been obliged to withhold the issue of his Letter-of-Credit. If the delay was caused by the correspondence getting mislaid in your Department, it might be well to call the attention of the proper officer to the practical inconveniences resulting therefrom.

As requested in your letter, I have passed your Application of June 5, for a Letter-of-Credit for $\$ 3,000$, "to enable Mr. Gouin to carry on the works under his charge for "the current month." But if (still quoting) " his bank-account was overdrawn by $\$ 1,537.90$ "on the first of June," the issuing or withholding of a Letter-of-Credit does not interfere with Mr. Gouin in carrying on his works : unless $\$ 1,500$ or $\$ 1,600$ is the arbitrary linit which he fixes for his overdrafts. Notify him, please, that he must keep within his bankbalances.

Mr. Gouin remarks, concerning the simulated signatures on the pay-lists, that they were "signed at Selkirk and Westbourne for the men who were not there, in order to "save a day's time in connection with the work, or otherwise to save a week's delay in " sending the pay-lists back." The pay-lists of both dredges from July to December, 1892, were received from Mr. Gouin by the Chief Engineer only in time to be certified by the latter on January 5, 1893. Mr. Gouin's argument as to "saving a week's delay " is therefore valuable chiefly from its irrelevancy.

Please ask the Dredge-Masters to explain fully their share in these transactions. When an officer signs down a whole column of names, and offers these names to his Auditors as receipts from the different employees for cash paid to them by him, his

## Auditor General's Report, 1892-93.

knowledge of accounts is either absolutely nothing, or else too much. Simple ignorance, alone, would have signed the names in one style of handwriting-its own. The writer of these signatures has copied so carefully the receipts on previous pay-lists, that they have eluded the scrutiny of both the Chief Engineer and the Accountant. The deception therefore was apparently intentional and deliberate.

With reference to R . Thornbeck, while no explanation is given of the September and November signatures for his pay, Mr. Gouin mentions that "Mr. Thornbeck was "away on a visit the day the October list was signed at the 'Priestman.'" On consulting Mr. Gouin's accounts for travel, the "Priestman" wages for October appear to have been paid November 11. If Mr. Thornbeck was absent, why was he paid for services from November 1 to 20, like the rest of the dredge-crew?

I am, sir, your obedient servant, The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G:

Audit Office, Ottawa, January 26, 1894.
Sir.-I find that nothing has been received from your Department, in answer to my letter of June 16, 1893, wherein I asked for additional information concerning the fictitious signatures on the Manitoba Dredging Pay-lists.

Had you lent me assistance in investigating the irregularity, we should not nowover a year after the event-be still ignorant as to what officer invented the plan, and still without receipts from workmen for the cash paid out as wages.

As stated in my last letter, the Dredge-Masters should be called upon to explain fully their shares in the preparation of the pretended pay-lists. Please see that this is done without further delay.

I am, sir, your obedient servant,

## Dredge " Winnipeg": Divergent prices for Hardware.

Audit Office, Ottawa, October 9, 1893.

Sir,-Let me call your attention to the following items of expenditure in 1892-93 on the dredge "Winnipeg" :-

Taylor, W. D., hardware broker, Winnipeg-
July : Cylinder oil, $44 \frac{1}{2}$ galls. at $\$ 1 \ldots . . .$. . . . . . . . . . . . . $\$ 4450$
May : Best machinery cylinder oil, 41 galls. at $90 \mathrm{c} . . .$. . . $\quad 3690$
July : 2-inch manilla rope, 440 lbs. at 16c................ . $70 \quad 40$
Wood, Geo. D., \& Co., hardware merchants, Winnipeg-
Sept. : Capitol cylinder oil, 43 galls. at 65ce.
Nov. : 2-inch manilla rope, 992 lbs. at $12 \frac{1}{2}$ c. . . . . . . . . . . . . . 12400
Please give full descriptions of qualities and brands of these supplies, to explain the apparent discrepancies in the prices.

I am, sir, your obedient servant, The Secretary, Public Works Dept.
J. L. McDougall, a.g.

Audit Office, Otitawa, December 4, 1893.
Sir,-Let me call your attention to my letter of October 9, 1893, asking for full descriptions of qualities and brands of certain rope and oil, purchased for the dredge "Winnipeg."

Please give the desired information at as early a date as practicable.
I am, sir, your obedient servant,

$$
\text { The Secretary, Public Works Dept. } 385 \quad \text { J. L. McDOUGALL, A.G. }
$$

Audit Office, Ottawa, January 25, 1894.
Sir,-Please let me have an answer to my letters of October 9 and December 4, ' 1893, asking for full descriptions of qualities and brands of certain rope and oil purchased for the dredge "Winnipeg."

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.
Ottawa, February 5, 1894.
Sir,-In answer to the Auditor General's letter dated October 9, 1893, regarding items of expenditure connected with the purchase of oils and rope, I beg to state the following :-

The price of oils used for machinery varies greatly according to quality.

1. Valvoline, the finest of oils, varies in price from $\$ 1.60$ to $\$ 1$ per gallon according to quality and locality where purchased.
2. Cylinder oil, which is supposed to be able to stand fire tests, is sold within the range of $\$ 1.20$ to $\$ 0.60$ per gallon according to quality and locality where purchased.
3. Best machinery oil can be obtained for $\$ 0.45$ to $\$ 1$ per gallon, according to quality and locality where purchased.

With regard to the rope, the price paid for 2 -inch Manilla Rope depends a good deal upon the quality, and perhaps more upon the length of time it has been kept in stock, and also upon the length purchased.

In the case where 16 cents was paid, one coil and a fraction was purchased, and a greater price, therefore, had to be paid. In the case where $12 \frac{1}{2}$ cents was paid an even number of coils was purchased, and there was no loss to the merchant.

Hoping these explanations will satisfy the Auditor, and explain the apparent discrepancy in prices.

> I am, sir, your obedient servant,
> LOUIS COSTE, Chief Engineer.

The Secretary, Public Works Dept.

## Dredge " Winnipeg ": Account paid twice on same day.

Audit Office, Ottawa, October 7, 1893.
SIr,-Let me call your attention to voucher No. 901 of Mr. Gouin's expenditure on Dredge "Winnipeg," being a payment of $\$ 24.57$ to Hooker \& Co., of West Selkirk.

The first six items of this voucher, amounting to $\$ 12.54$, are included in voucher 903 for $\$ 110.02$ in favour of Mr. Hooker.

Mr. Gouin paid the two accounts on the same day.
I am, sir, your obedient servant, J. L. McDOUGALL, $A . G$.

Tne Secretary, Public Works Dept.

## Dredge "Mudlark" : Additional Information required.

Audit Office, Ottawa, Sept. 15, 1893.
Sir.-Let me acknowledge receipt of your Application No. 160, for $\$ 24,000$, in favour of R. P. Rithet \& Co., being purchase-price of Dredge "Mudlark" and plant, now offered to the Dominion Government.

I should like to be supplied with additional information as follows : (1) The probable price of a similar dredge and plant, newly constructed ; (2) The approximate life of a new dredge, at such work as the "Mudlark" is expected to perform ; (3) The age of the "Mudlark" at the present time ; and (4) The number of years she may yet be expected to work.

## Auditor General's Report, 1892-93.

It will be observed that I interpret the wording of the Appropriation "New Dredge, "British Columbia," to mean provision for an additional dredge, and not necessarily for an unused one. The meaning is, however, somewhat doubtful. You perhaps will make it clearer for similar cases in future estimates.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, October 16, 1893.
Sir.-I am directed to acknowledge the receipt of your letter of the 15 th September, referring to the purchase of the dredge "Mudlark," and to state that all the points referred to in the second paragraph of your letter have been carefully inquired into and discussed by the Minister before the purchase was authorized, and that the replies to the several queries were sufficiently satisfactory to enable him to give the department authority to acquire that vessel.

I may further add that the Chief Engineer inspected that dredge personally when he was in British Columbia, and that his recommendations to the Minister were only made after such personal inspection and investigation.

I am, sir, your obedient servant,
A. GOBEIL, Dy. Minister.

The Auditor General.

Audit Office, Ottawa, Oct. 28, 1893.
Sir.-Let me acknowledge receipt of your letter concerning the purchase of the Dredge "Mudlark" from R. P. Rithet \& Co.

I had no doubt that the transaction had undergone the usual examination of the Chief Engineer, and that the Department had full authority to purchase the Dredge.

As indicated in my letter of September 15, however, there is not enough information on the voucher to enable me to make to Parliament a report thereon satisfactory to myself.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Dept. Public Works, Ottawa, Dec. 4, 1893.
Sir,-Having reference to your communication dated the 28th of October last, acknowledging the receipt of my letter respecting the purchase of the dredge "Mudlark" from R. P. Rithet \& Co., and stating that, as indicated in your letter of the Mudhark 15 September, there is not enough information on the voucher to enable you to make to Parliament a report thereon satisfactory to yourself: I am directed to say that we think we have given you sufficient information to enable you to issue cheque; and that, as we do not think we should give you any more, we ask you, if you persist in your objection, to report it immediately to the Treasury Board in accordance with sub-sec. (c) of sec. 32-49 $V_{\text {ic., }}$ chap. 29.

I am, sir, your obedient servant,

Audit Office, Otrawa, December 4, 1893.
Sir,-The inclosed correspondence has taken place between the Public Works Department and the Audit Office, concerning the second-hand Dredge "Mudlark," purchased from R. P. Rithet \& Co. in August, 1893, for $\$ 24,000$.

The proper course under the Audit Act is for the Department to appeal to the Treasury Board against my ruling ; but the Department think differently, and are leaving the appeal for me to make.

The deadlock is indefinite : and Mr. Rithet is kept out of his money. I forward the correspondence to the Treasury Board, that they may be cognizant of a difficulty which is obstructing the public business.

I am, sir, your obedient servant,
The Secretary, Treasury Board.
J. L. McDOUGALL, A.G.
(This was withdrawn at the request of the Dept. of Public Works. J. L. McD.)

Audit Office, Ottiawa, December 4, 1893.
Sir,-I am submitting to the Treasury Board, for their information, the correspondence about the purchase of the second-hand Dredge "Mudlark" from R. P. Rithet $\&$ Co. for $\$ 24,000$, including the letter of to-day's date, of which a copy is inclosed.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, a.f.

To A. Gobeil, Esq., Deputy Minister of Public Works.
"Mudlark" was completed end December, 1890. Similar dredge, with 3 scows, spare parts, \&c., and equipment all as purchased from Rithet, approximately $\$ 35,000$. With care and attention to repairs necessitated by ordinary wear and tear, should last 20 to 25 years. New one about same.

F. C. GAMBLE, Asxistant Engineer.

Note by Auditor General. - The $\$ 24,000$ was paid Dec. 7 , on receipt of this telegram from Mr. Gobeil.

## Art Gallery: Caretaker paid for Sundays'

Audit Office, Ottawa, April 17, 1893.

- Sir,-Let me call your attention to voucher 74610, a payment of $\$ 35$ to Mr. L. M. Demers for services as Caretaker at the National Art Gallery for February, or 28 days at $\$ 1.25$.

Please give me your reasons for paying Mr. Demers for Sundays.
The voucher should carry the certificate of actual attendance prescribed for temporary employees by the Order in Council of October 9, 1891.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Wm. Howe: Accounts not presented until several years old.

Audit Office, Ottawa, July 4, 1893.
Sir,-Let me acknowledge receipt of your Application No. 2 for $\$ 281.61$ in favour of Wm. Howe, for painting at the Ottawa Experimental Farm in Jure and July, 1891.

Mr. Howe's accounts are seldom rendered by him until some years after the performance of the work. An objection to this custom is, that the details are less clear in the memory of the officer who examines and certifies the voucher.

Please ask Mr. Howe to present before the end of the current month all of his bills against the Government to June 30, 1893. You might inform me when this has been done.

I should like to be supplied with an explanation of the method by which the Clerk of Works checks the time as charged in vouchers of this nature.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Public Works Dept., Ottawa, July 11, 1893.
Sir,--In reply to your letter dated the 4 th instant, acknowledging application No2 for $\$ 281.61$ in favour of Wm . Howe, for painting at the Experimental Farm, Ottawa, in June and July, 1891, I am directed to say that the works charged for in the account were done under the supervision of an officer of this department who is now dead; that as soon as the account was received, Mr. Breton, the present Clerk of Works, Was instructed to measure the work, which he did, and found it to be correct and certified the account accordingly.

Mr. Howe has been asked to send in all accounts to the 30th.
I have the honour, \&c.,
A. GOBEIL, for Secretary.

The Auditor General.

## Springtown: Apparently excessive rent.

Audit Office, Ottawa, Feb. 20, 1893.
SIR,-Let mée call your attention to voucher 73479, received Feb. 16, for $\$ 50$ paid to M. Ryan, for 6 months' rent of service-ground at Springtown Boom, on the Madawaska River, at $\$ 100$ per annum.

I would like to be informed as to the area of the ground rented, and its capital value.

I am, sir, your obedient servant,
J. L. McDougall, a.g.

Dept. of Public Works, Ottawa, May 8, 1893.
Sir,-In reply to your letter dated the 20th of February last, calling attention to the voucher for $\$ 50$ paid to Mr. Ryan for six months' rent of service-ground at Springtown Boom, on the Madawaska River, at $\$ 100$ per annum, I am directed to inform you that the Chief Engineer reports that the area of the ground rented, and of the lane occupied by the Government, is 5,676 square feet, and that its capital value may be placed at $\$ 1,250$.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

Sir,-_Let me acknowledge receipt of your 138480, concerning the $\$ 100$ a year paid for rent of service-ground for the Springtown Boom.

You mention that the capital value of the land is $\$ 1,250$, and that its area is 5,676 square feet.

Please describe fully the special circumstances under which land in Springtown can be worth $\$ 9,593.00$ an acre.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, a.G.

Dept. of Public Works, Ottawa, Oct. 5, 1893.
Sir,-Having reference to your letter of the 8th ultimo, respecting $\$ 100$ per annum paid in rental for service-ground for the Springtown Boom, and asking information in connection with the same, I have the honour to send you, herewith inclosed, a copy of a report on the matter by Mr. Geo. P. Brophy, Superintending Engineer of Ottawa River Works, which will doubtless afford you the information asked for.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Ottawa River Works, Ottawa, Apr. 4, 1893.
Sir,-In reply to your letter No. 42000, dated Feb. 25th last, inclosing Departmental Record No. 138480, being a communication from the Auditor General calling attention to voucher for $\$ 50$ paid to M . Ryan for six months' rent of service-ground at Springtown Boom, on the Madawaska River, and asking to be informed as to the area of the ground rented and its capital value: I would state that during the year 1878 a claim was made by the then owners of the property for compensation because of its being used by the lumbermen in connection with the passage of timber and logs through the Government Boom at Springtown, and the correspondence that then took place elicited the fact that the houses of the McCrea homestead were, during the season of navigation, exposed to a very much increased fire-risk, and it was therefore decided that the Government should pay the representatives of the late Edward McCrea the sum of $\$ 100$ per annum as rental as long as the property would be used for the purpose indicated, the claimants having asked $\$ 150$ yearly for the privilege.

The area of the point of land above high water mark and of the lane (all shaded red) on the accompanying sketch is 5,676 square feet. The total area of the McCrea homestead property, which includes the principal buildings affected and the point and right of way just referred to, and which may be seen on the sketch as bounded by the letters A. B. C. D., is 44,560 square feet.

I can put no capital value on this privilege unless it be on the following basis, viz. :
Total value of piece of land at the head of Springtown Boom (area say 44,560 square feet) together with dwelling-house, stable, barn, sheds and other buildings and improvements, $\$ 2,500$, which at 8 per cent would give a yearly value of $\$ 200$, which may be assumed by the occupants and apportioned as follows :-

$$
\begin{aligned}
& \text { Half by McCrea Estate ...................... } \$ 10000 \\
& \text { Half by the Government service-ground...... } 10000 \\
& \hline
\end{aligned}
$$

Inclosed is a copy of a letter to the Secretary of Public Works, dated May 7, 1878, which is in explanation of the proposed annual rent charge, and I may say that reasons therein given for this payment are as strong and valid to-day as they then were.

I am, sir, your obedient servant,

Ottawa River Works, Ottawa, May 7, 1878.
SIR,-With reference to the accompanying letter from Mr. McDougall, M. P., touching the claim of Mrs. Edward McCrea for compensation for the use of a piece of land in connection with the working of the Springtown Boom on the Madawaska River, I beg to report that I have been in communication with the claimant and have visited the locality in question. The northerly end of the boom is attached to her property, and in having access to the works for operating the boom during the running season, workmen and others have to pass over the grounds and adjoining premises, subjecting the owner to considerable annoyance and exposing the house to a somewhat hazardous fire-risk.

Edward McCrea the husband of the claimant was, in his lifetime, boom-master at Springtown, and in consideration of holding that position made no claim for the use of the land and other privileges granted. Under existing circumstances I think the widow should be paid for the right of way at the rate of $\$ 120$ per annum from the time of his death, December, 1873, in full of all demands: it being understood that this annual rental shall accrue only during the time the boom is used by the public as at present; and further, that should the works be abandoned at any future time, Mrs. McCrea or her representatives will have no further claim for compensation than at the rate recommended during the actual period of occupation.

The accompanying sketch shows the position of the boom in relation to Mrs. McCrea's property, and the portion of service ground it is proposed to lease coloured yellow.

I may mention that the Springtown Boom is a very important work, and protects the Government improvements on the lower reach of the Madawaska, and have the honour to be, sir,

The Secretary, Public Works Dept.

Your obedient servant,
GEO. P. BROPHY, Suptg. Engr.

Audit Gffice, Ottawa, January 26, 1894.
Sir,-Let me acknowledge receipt of your 144370, covering Mr. Brophy's report concerning $\$ 100$ a year paid for ground-rent of the Springtown Boom.

The value of the calculation is lessened by the number of arbitrary figures introduced: such as $\$ 2,500$ for land and buildings; 8 per cent, which is high for a Government which has obtained money at 4 per cent for several years; and a half and half division of the fire-risk, when the latter is calculated on the land itself as well as on the buildings.

As an example of what may be done with arbitrary figures in the other direction : if this rent be considered as perpetual, and be capitalized at 4 per cent, a usual Government rate, it amounts to $\$ 2,500$, the whole value mentioned by Mr. Brophy for land and buildings. The sixteen paynents from 1878 to 1893, if discounted back to 1878 at 4 per cent, amount to $\$ 1,212$, or nearly the $\$ 1,250$ on which we are still paying.

I am, siry, your obedient servant,
J. L. McDOUGALL, $A . G$.

## Parliament alone can wipe out Public Debt.

Audit Office, Ottawa, April 26 th 1893.
Sir,-I return herewith your Application No. 589 for payment of the two following accounts, chargeable to "Slides and Booms, Repairs:"

$$
\begin{aligned}
& \text { John Harvey, Arnprior. . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$355 } 82 \\
& \text { J. R. Booth, Ragged Chute. }
\end{aligned}
$$

Please make a separate application in favour of Mr. Harvey, whose account can be paid without delay.

There are standing against Mr. Booth, as by page F-61 of my last report, the two following sums :

$$
\begin{aligned}
& \text { Chaudière Boomage } \\
& \text { \$12,433 } 62 \\
& \text { With counter-claim }
\end{aligned}
$$

It is not for me to investigate now the merits of the counter-claim ; but I cannot pass the application for payment to him as long as these amounts are on the books as due.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Dept. of Public Works, Ottawa, July 4, 1893.^

Sir,-In reply to your letter dated the 26th of April last re application No. 589 in favour of the following parties : John Harvey, Arnprior ; J. R. Booth, Ragged Chute, stating that the application in favour of Mr. Booth cannot be passed as long as the sums which are standing against him are on the books as due, I am directed to inform you that the accounts alleged to be due to the Government by Mr. Booth have been referred to the Public Accounts Committee, in order to obtain authority to write them off, and consequently should not be regarded as obstacles in the way of payment of any amounts due to Mr. Booth by the Government.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, Jüly 24, 1893.
Sir,-Let me acknowledge receipt of your 140540, concerning the account of J. R. Booth for repairs to Ragged Chute Dam.

The fact that the arrears have been referred to the Public Accounts Committee, with the object of getting them written off, will not be sufficient to allow me to certify payment in the meantime. The account can be released only when favourable action is taken by Parliament on the report of the Committee.

I am, sir, your obedient servant,
J. L. McDougall, A. G.

The Secretary, Public Works Dept.

## Kingston Dock: Steam Derrick already mortgaged.

Audit Office, Ottawa, July 27, 1893.
Sir,-Let me acknowledge receipt of your Application No. 822 for $\$ 500$ in favour of N. K. \& M. Connolly, for a Steam Derrick and fixtures delivered to the Kingston Dry Dock.

As the Messrs. Connolly are not dealers in this line, it seems probable that the Derrick is one that was used by them in the construction of the Dock.

In a voucher for second-hand materials, the age and original cost are salient parts of the description. Please supply the omission in the present instance.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

Dept. of Public Works, Ottawa, July 31, 1893.
 $\$ 500$ in favour of N. K. \& M. Connolly, for a steam derrick and fixtures delivered to and ong Dry Dock, and you state that in a voucher for second-hand materials, the age supply thinal cost are salient parts of the description, and you ask the department to $\mathrm{Y}^{2}$ the omission in the present instance.
Your letter was referred to the Chief Engineer, who states that it is not in his power to give the age of the derrick in question, and that the original cost is only known to the person or persons who built it, and therefore he cannot supply your office with accurate information in that respect.
$M_{r}$. Coste, however, states that the derrick cannot have been built more than five ${ }^{\text {or }}$ six years ago, and that the original price, in his opinion, cannot have been less than $\$ 1,000$, and adds that he is satisfied that the department has made a very good bargain by purchasing this derrick, which is a necessity for the Kingston Dock.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, August 2, 1893.
Sir, $^{\text {,-Let me acknowledge receipt of your } 143368 \text {, containing Mr. Coste's state- }}$ ment that the Steam Derrick, taken over from Messrs. N. K. \& M. Connolly at Kingston, is about five or six years old.

Mr. Coste mentioned in conversation that the Derrick was one of those used in the construction of the Kingston Dock.

In the assignment of their Kingston plant as security in connection with the claims Mainst themselves and others for over-payments at Esquimalt, Quebec and Lévis, the
Messrs. Connolly include "all the Steam Derricks now or heretofore in use "at Kingston.
Accordingly, I do not think that we can pay them for the Derrick in question, as
Accordingly, I do not think that we can pay them
as the assignment of January 26,1892 , is in force.
This objection occurred to me since my recent interview with the Chief Engineer. I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Lévis Graving Dock: Insufflicient Receipts.

## Audit Office, Ottawa, February 20, 1893.

SIR.-Let me call your attention to voucher 73,495 , received Feb. 16, being the December pay-list of the Lévis Graving Dock.

The wages of Nap. Lemelin and Theo. Chabot are receipted for by Foreman H. La" montagne, andslips of this kind are attached in support thereof:"J'autorise M. Harry "Lamontagne à retiper mon salaire." Authorities to draw pay and sign receipts should inclose. It would be well, I think, to discourage as much as possible the practice of having ${ }^{\text {any }}$ of the officers receive and sign for the wages of the men working under them.

The receipt of Mrs. Samson, for A. Samson's wages, should be supported by the regu-
$l_{\text {ar }}$ form of authority.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

[^25]Dept. of Public Works, Ottawa, February 20, 1893.
Sir.-Having reference to your letter of the 20 th inst., I have the honour to inform you that the Dockmaster of the Lévis Graving Dock has been notified respecting the manner of certifying pay-lists, and the inadvisability of having any of the officers receive and sign for the wages of the men working under them.

I am, sir, your obedient servant,
D. A. MACPHERSON, Asst. Secy.

The Auditor General.

## Esquimalt: Dockmaster Devereux acts as Agent for Paint Company.

Audit Office, Ottawa, November 20, 1893.

SIr,-Let me call your attention to two items in the expenditure for 1892-93 on "Esquimalt Graving Dock: Staff."

Cheque No. 859, of November, 1892, is for $\$ 323.60$, in favour of Suter, Hartmann \& Ralitzer, for 10 cwt . of anti-corrosive and anti-fouling paint, for painting caisson and warping-buoys. The youcher is made out and receipted by "John Devereux, agent for "Suter, Hartmann \& Co.," and the cheque is endorsed by Mr. Devereux with the same wording.

Mr. Devereux is the Dockmaster at Esquimalt, receiving a salary of $\$ 2,000$ a year. The paint-transaction has two irregularities : a formal irregularity under Section 14 of the Cons. Revenue and Audit Act, where a revenue officer receiving over $\$ 1,000$ a year as salary needs the permission of Council to exercise any other profitable calling or trade; and an essential irregularity, from the Dockmaster being interested in the transaction, and being unable therefore independently either to oversee the painting, or to certify the account.

There are payments to the National Tram Car Co. of $\$ 51$, for 300 round trips of Dockmaster Devereux from Victoria to Esquimalt and back. It is usual for an officer to reside at his place of work, or to pay the expense of getting there himself.

I am, sir, your obedient servant, J. L. McDOUGALL, A.g.

The Secretary, Public Works Dept.

Chief Engineer's Office, Cittawa, November 27, 1893.
Sir,--The letter of the 20th November from the Auditor General, relative to certain payments made at the Esquimalt Dock during the fiscal year 1892-93, does not call for an answer ; and while I submit that the Auditor General has not any right to information on the subjects to which he invites the attention of the department, I desire, for the information of the department, to place the following on record:

In the latter part of November, 1892, the Dockmaster of the Esquimalt Dock reported that he had received inquiries from ship-owners at Puget Sound, Belfast, Glasgow, Liverpool, Hull, the Canadian Pacific Railway Company and Hamburg, as to whether anti-corrosive quick-drying paints for iron ships' bottoms could be supplied at the Esquimalt Dock to vessels docked there. He further stated that for want of such paints, vessels had gone to San Francisco where the anti-corrosive paints can be obtained, and docked there, on account of the length of time it takes ordinary paint to dry, and the fact that it cannot be applied to wet metal, while the anti-corrosive quick-drying paints can, and in order to save two or more days' dockage.

The Dockmaster asked, in view of the above, to be authorized either to buy a stock of these paints, and sell it to vessel owners, or to act as agent for the patentees, selling it to vessels using the dock.

The correspondence was duly submitted to the department and the Dockmaster authorized to act as agent to the patentees on condition that the paints would only be
sold by him to the vessels using the dock, and providing the patentees would agree to furnish storage room outside the Government property.

The anti-corrosive paint furnished by Suter, Hartmann and Ralitzer having always proved to be of a very excellent quality, Mr. Gamble purchased ten hundredweight of that paint for the painting of the iron caisson and warping-buoys at the Esquimalt Dock, and had to purchase it from the agent, Capt. Devereux ; which explains why Capt. Devereux made out and receipted the voucher.

With all due respect to the Auditor General's opinion, this paint-transaction is therefore not irregular :

1. Because sect. 14 of the Cons. Revenue and Audit Act cannot be applied to this particular case ;
2. Because the Dockmaster had nothing to do with overseeing the painting, or certifying to the account. This was done by Mr. Gamble.

With regard to the last paragraph of the letter of the Auditor relative to the payment of $\$ 51$ for 300 round trips of Dockmaster Devereux from Victoria to Eequimalt and back, I submit again that the Auditor has no right to find fault and to advance the theory that an officer in charge of a work usually resides at his place of Work. The employer, that is, the Public Works Department, alone has the right to decide on that question.

I am, sir, your obedient servant,
LOUIS COSTE, Chief Engineer.
The Secretary, Public Works Dept.
Audit Office, Ottaha, December 6th 1893.
Sir,_-Let me acknowledge receîpt of your 146392 of Dec. 2, covering Mr. Coste's report concerning the Esquimalt Graving Dock.

The car-fare of Mr. Devereux is an addition to his salary, just as it would be to any Ottawa employee ; and Mr. Devereux may be considered a permanent officer, since his salary accrues all the year round, whether vessels are docked or not. The payment is therefore irregular, under section 51 of the Civil Service Act.

The paint-account, like most of the other Dock vouchers for 1892-93, is certified
"Materials delivered, work performed, prices fair and just" by both Engineer Gamble and Dockmaster Devereux. The explanatory note "Painting caissons and warping"buoys, to prevent pitting," is in the handwriting of Mr. Devereux. If Mr. Gamble's. certificate on all the vouchers means that he looks after all the work, then the certificate of Mr. Devereux appears superfluous. But if Mr. Gamble, while certifying all the vouchers, attended personally only a few selected transactions, the painting among the number-he, anyway, seems to have appreciated the fact that the combination of circumstances was at least delicate.

The prohibition in the Audit Act, of revenue-officers engaging in business, appears. to have been based on two foundations: 1st, that the officer might neglect his duties, tofind time for his trade ; and 2nd, that some of his customers might happen to deal with him as a revenue-officer, and his impartiality be biassed, perhaps unconsciously. The present instance may be classed under the second head, with this variation : that all of his paint-customers have to pay him dock-revente.

I am, sir. your obedient servant,
The Secretary, Public Works Dept.

J. L. McDougall, $A$. $G$.

## P. E. I. Telegraph: Voucher not certified.

Audit Office, Ottawa, Sept. 15, 1893.
Sir,-Let me acknowledge receipt of your Application No. 159 for $\$ 973.33$ in $\mathrm{fav}_{\mathrm{avour}}$ of the Anglo-American Telegraph Co., for subsidy to their line between Prince Edward Island and the Mainland, from Jan. 1 to June 30, 1893.

As in previous vouchers, there should be a certificate that the line has been in working order during the period in question.

Please mention why the certificate of Robert Keeley, a clerk in the Telegraph Branch, should be accepted for that of D. H. Keeley, the acting superintendent.

The Application and voucher are returned herewith.
I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G:

Dept. of Public Works, Ottawa, Oct. 27, 1893.
Sir,-Having reference to your letter dated the 15 th ultimo, returning the applicar tion No. 159, for $\$ 973.33$, in favour of the Anglo-American Telegraph Company, for subsidy to their line between Prince Edward Island and the Mainland, from January 1st to the 30th of June, 1893, and stating that, as in previous vouchers, there should be a certificate that the line has been in working order during the above period, also asking to be informed why the certificate of R. Keeley is accepted for that of D. H. Keeley, the Acting Superintendent of the Telegraph Service: I am directed to inform you that none of the previous vouchers bear the certificate now asked for, and that that subsidy is paid, as we understand, in pursuance of the terms of the Confederation; that the signature of Mr. R. Keeley is on the voucher by permission of this department, owing to Mr. D. H. Keeley's absence on duty in the Lower Provinces.

I return to you the above application. I am, sir, your obedient servant,
The Auditor General, Ottawa.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, Nov. 2, 1893.
Sir,-Let me acknowledge receipt of your 145386 of Oct. 27, concerning the Application for $\$ 973.33$ in favour of the Anglo-American Telegraph Company for the half-yearly subsidy to their line, between Prince Edward Island and the Mainland.

Your voucher No. 21 of 1891-92, carries a certificate from Mr. Gisborne that the line was "in continuous operation during the year." As indicated in my letter of Sept. 15 , to which yours of Oct. 27 is the reply, I shall need a certificate of the same meaning on voucher 159, again inclosed.

Article 7 of the Terms of Confederation reads: "That the Dominion Government "shall assume and defray all the charges for the following services:-Sub-sec. K-The " maintenance of telegraphic communication between the Island and the Mainland of the
"Dominion." There is nothing said about the Anglo-American Co., and payment to them can be made only on services rendered.

Mr. D. H. Keeley's authority to certify vouchers on behalf of Mr. Gisborne was the subject of an Order in Council of July 12, 1889. [See your letter No. 100117.] The service is of equal responsibility now, and any substitute for Mr. D. H. Keeley should be designated in the same way.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J: L. McDOUGALL, A.g.

Sir,-In reply to your letter dated the 2nd instant, acknowledging my letter of the 27 th ultimo, respecting the Anglo-American Telegraph Company's account for the half yearly subsidy to their line between Prince Edward Island and the Mainland, and stating that voucher No. 159 should be certified in the same manner as voucher No. 21
of 1891-92: I am directed to send to you herewith inclosed, copy of a memo. from the
Acting Superintendent of the Telegraph Service, upon the subject.
I return to you the application above referred to.
I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Dept. of Public Works, Otrawa. Nov. 22, 1893.
Memorandum. - It will be found that the certification, as to the line having been in operation, on any one of the Anglo-American Telegraph Company's bills, has reference to the telegraph between Cape Ray and Port au Basque in Newfoundland. That line was built for the Government by the company, and as the Governuent pays the interest on the cost of construction that kind of certification is properly called for. The conditions under which the Federal subsidy is paid-a transaction not necessarily connected with the Telegraph Service of the Dominion Government in any way-is entirely different, and has no relation to any telegraph line constructed for or granted in the interest of the Dominion Government; and if any such certification as mentioned was furnished by the late Superintendent, I believe it was due to a misapprehension of the requirements of the case.
D. H. KEELEY, Actg. Supt. Tel. Service.

## Dept. of Public Works, Ottawa, Dec. 20, 1893.

Sir,-Having reference to your communication dated the 2nd ultimo, acknowledging my letter of the 27th October last, respecting the application for $\$ 973.33$ in favour of the Anglo-American Telegraph Company for the half-yearly subsidy to their line between Prince Edward Island and the Mainland, I am directed to send to you herewith an account certified as requested, and to ask you to return to us the one attached to the certificate.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

## Audit Office, Ottawa, January 26, 1894.

Sir,-Let me acknowledge receipt of your 145826, stating that you now send to Ine an account certified as requested.

The new certificate is signed by Mr. D. H. Keeley, and reads: "The certification "of this bill by the Clerk of the Executive Council establishes the fact of the existence "in operation of the telegraph for which the subsidy is intended. The bill is therefore "payable."

This is in no sense the certificate asked for by me, and is no approximation thereto. The officer under whose charge the service is, that is to say, some Dominion or Provincial officer with knowledge of the facts, should assume the responsibility of stating that the line was worked for the whole period in question.

The present certificate "Certified for payment-Arthur Newbery, Clerk of Executive Council" does not convey the notion required.

The application and the two vouchers are returned to you herewith.
I am, sir, your obedient servant,
J. L. McDOUGALIL, A.G.

Telegraph Branch, Ottawa, February 8, 1894.
Sir,-Re the Anglu-American account, I saw Mr. Gobeil on returning from your office on Tuesday. He thinks that what has already been conveyed in your letters will enable us to obtain from Prince Edward Island the kind of certificate required, and is writing Mr. Jarvis to that end to-day. You might please let the matter stand until it is seen what the result of this action will be.

I am, sir, yours faithfully,
The Auditor General.
D. H. KEELEY, Actg. Supt.

## Telephone Line: Shippegan to Point Miscou.

Audit Office, Ottana, February 11, 1892.
SIR,-Let me acknowledge receipt of your Application No. 464 for $\$ 810$ in favour of the St. Lawrence Lumber Co., for balance of subsidy for construction, maintenance and operation of a telephone line from Shippegan to Point Miscou.

The certiticate on the voucher is "Account certified correct in accordance with contract. Work duly performed and completed, as per report of inspection, dated December 22, 1892." The inspector's original report should be attached to the voucher ; and the price should be certitied "fair and just," unless tenders were called for by advertisement.

I should like to see the contract itself, with reference to the clauses providing for maintenance and operation.

It would be well to get "Telephone Lines" recognized in the wording of the Supply Bill. At present, I do not think they can be paid for out of any votes for "Telegraphs."

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDoUGaLL, A.G.

Audil Office, Ottawa, March 9, 1893.
Sir,-LLet me acknowledge receipt of your 138289, concerning the clain of the St. Lawrence Lumber Co.

The extracts from the contract (returned herewith) contain no reference to the maintenance of the line, further than that the Contractors "agree to construct and operate a telephone line." Is any penalty provided in case of failure?

The vote of $\$ 4,000$ should first be charged with the value of all the materials which have been supplied by the Government, before the payment of any balance is made to the Contractors. Please apply for the necessary transfer-entry.

The rates at which the materials are given out should be certified explicitly as "fair to the Government"; and for the larger items of second-hand supplies, the original cost should be mentioned, and the length of time during which the articles have been in use.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

## Pelee Island: Unsatisfactory Vouchers.

Audit Office, Ottawa, November 18, 1893.
Sir,-Let me acknowledge receipt of your Application No. 339 for $\$ 545.63$ in favour of F. B: Hackett of Amherstburg, for services of tug "Home Rule" 9 days at $\$ 50$, and $\$ 95.63$ for workmen, repairing Pelee Island cable.

## Auditor General's Report, 1892-93.

The voucher is made out in the handwriting of Mr. D. H. Keeley, the officer who certifies it. Please send me as usual, the original voucher made out hy the creditor, and sub-vouchers for the four payments to workmen.

The Application is returned herewith.
I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Depr. of Public Works, Ottawa, November 22, 1893.
I have to protest that this objection is unwarrantable, and calculated to hamper my efforts to conduct the business of the office in a satisfactory way.

I promised Capt. Hackett and the men employed that I would request an immediate renittance from the department on my return to Ottawa, and to this end I made out the bill myself at Amherstburg on a Sunday evening in order to ensure that what Was billed was in accordance with what was mutually agreed upon. I have on more than one occasion made out bills "in my own handwriting," and I beg to recommend that the acceptance of this one will be insisted on, and that remittance may be made forthwith to cover it. The bill was presented in duplicate, and a long explanatory certification is affixed to the original of the two.

> D. H. KEELEY, Acting Superintendent Telegraph Service.

Audit Office, Ottawa, December 4, 1893.
Sir,-Let me acknowledge receipt of your 146235 , covering Mr. Keeley's report concerning the account of Capt. F. B. Hackett.

I am passing the account, as the result of an oral arrangement with Mr. Keeley, wherein were explained to him at full length the reasons for the general regulation that a voucher ought $\mathrm{t} u$ be in the handwriting of the creditor, rather than in that of the Government officer who examines and certifies it.

This arrangement was made before the receipt of your letter inclosing Mr. Keeley's memorandum ; and I undesstood that that gentleman admitted the force of the reasoning, and was prepared to comply with the regulation in future

A similar difficulty had arisen, and the same explanation was made to Mr. Keeley, in a transaction which occurred some time before his interview with Capt. Hackett at Amherstburg, when he drafted the Captain's bill in order to ensure the correctness of the items. It would have taken perhaps five minutes to get Capt. Hackett to copy the draft in his own hand-writing, to show that he himself made the claim as calculated.

I understand that Capt. Hackett is to present receipts for the four items of payments to workmen, amounting to $\$ 67.88$, after he pays them from the cheque now going through. In dealing with an outsider, this arrangement appears unusually imprudent. Either a drawback should be held from the main creditor until he completes his sub-vouchers, or separate cheques should be issued directly to the workmen. Please see that one of these courses is followed in future similar instances.

I am, sir, your obedient servant,

Audit Office, Otrawa, January 25, 1894.
Sir,--I do not find that receipts have come to hand in this ottice for the sums to be paid to workmen by Capt. Hackett of Amherstburg for repairing the Pelee Island cable.

Please let me know whether the receipts have reached your department.
I am, sir, your obedient servant, J. L. McDoUgall, a.G.

The Secretary, Public Works Dept.

## Telegraphs, N. W. T. : Pay-lists delayed.

Audit Office, Ottrawa, February 17, 1893.
Sir,-Among some vouchers received from your department yesterday, I find an acquitted pay-list for " North-west Telegraphs" for August, 1892.

The cheque to cover this pay-list is stamped by the Bank of Montreal at Winnipeg "Sept. 7, 1892."

Please ascertain from Supt. Hartley Gisborne his reason for delaying the return of the acquitted pay-list to Ottawa for so long a time; and ask him to take any steps which may be necessary to prevent a similar delay in the future.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDougall, a.g.

Qu'Appelle Station, N. W. T., Canada, March 2, 1893.
Sir,-Referring to your letter of the 22nd ultimo re delay of receipted vouchers for August, 1892.

These wouchers were not paid until my return from my inspection tour about the 10th October, 1892. It takes from three weeks to five, according as the letter catches the fortnightly mail or not, to reach some of the outposts, and sometimes the repairers or sub-agents do not get the mail in time to answer it immediately, being out on the line repairing. Then there is a further delay of two weeks before posting the receipted vouchers to me; then sometimes the parties to whom the amounts are owed do not turn up at their dwell-ing-places for weeks, so the agents cannot pay them their account. All these cause delays..

I will try and get them in quicker, but of necessity they cannot be returned with the same promptness that you can do in the east with your daily mails.

Yours faithfully,
The Acting Supt., Govt. Telegraphs.
HARTLEY GISBORNE, Dist. Supt.

## Telegraphs : Pay-lists and accounts not properly certified.

## Audit Office, Ottawa, January 3, 1893.

Sir,-Let me call your attention to the fact that the vouchers sent by Mr. Hartley Gisborne, for Maintenance of Telegraph Lines in the North-west Territories are not certified "Work performed," "Materials received" and "Prices fair and just," as required by Section 33 of the Audit Act. Please get this omission rectified as soon as possible.

I am, sir, your obedient servant,

## Auditor General's Report, 1892-93.

## Public Works Dept., Ottawa, January 10, 1893.

Sir,-I am directed to acknowledge the receipt of your letter dated the 3rd instant, calling attention to the fact that the vouchers sent in by Hartley Gisborne for the maintenance of telegraph lines in the North-west Territories are not certified according to $l_{\text {aw, }}$ and asking that the omission be rectified as soon as possible; and to inform you that instructions have'been given accordingly.

I am, sir, your obedient servant,
The Auditor General. E. F. E. ROY, Secretary.

## Audit Office, Ottawa, January 3, 1893.

Sir,-Let me call your attention to the fact that the vouchers sent in by Messis. A. Lebourdais, Edwin Pope, and Edward Pope, and by the Western Union Telegraph Company for maintenance of Telegraph Lines in the Lower St. Lawrence and Maritime Provinces, are not certified "Work performed," "Materials received,", and "Prices fair and just," as required by section 33 of the Audit Act. Please get this omission rectified as soon as possible.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDoUgall, a.g.

Audit Office, Ottawa, June 30, 1893.
Sir,-I am passing your Application No. 735 for $\$ 675.43$ in favour of the Canadian Pacific Railway Co., being the expense of operating the Cape Beale and Cariboo telegraph lines for April, 1893.

Please call the Company's attention to the absence from their vouchers of the certificates prescribed by Section 33 of the Audit Act: "Work performed; materials "supplied; prices fair and just." These certificates will be needed for future payments.

I am, sir, your obedient servant,
FREDERICK HAYTER, for Auditor General.
The Secretary, Public Works Dept.

## Public Works Agency, B. C.: Expenditune for 1892-93.

## Audit Office, Ottawa, December 4, 1893.

Sir,-Let me call your attention to some items in your expenditure of 1892-93 on
"Public Works Agency, British Columbia."
"Engineer," 2 years, $\$ 20$; "Iron Age" and "Metal-Worker," 2 years, $\$ 12.50$; "Colonist," 1 year, $\$ 13$. The Order in Council of July 14, 1891, makes the authority of the Minister necessary for newspapers supplied to outside offices. It is usual for a Minister to put his initials on the vouchers, to show that this authority has been given. Please have this done for future subscriptions.
J. P. Burgess, carpentering, 331 days at $\$ 4$, and $\$ 83.02$ materials. Sehl-HastieErskine Co., furniture, carpets and repairs, $\$ 367.85$. These should have been charged to the vote for "Repairs to Public Buildings," instead of to that for "Agency in "British Columbia." The charge to "Agency" has exempted them from the scrutiny of Mr. Fuller or Mr. Ewart, who examine all the other vouchers for repairs and furniture.
J. H. Brownlee, 3 maps of B. C. $\$ 10.50$; Robt. Jamieson, stationery, $\$ 29.10$; J. A. Kirk, map of New Westminster Dist., $\$ 17.50$; Williams Co., B. C. Directory, \$5. These purchases should have been controlled by the Stationery Office. Please draw Mr. Gamble's attention to the necessity of making requisitions for similar supplies in future.
R. T. Williams, binding in 1888-k9, 15 volumes of "Engineering," \$25.50. All binding should be regulated by the Queen's Printer : see the "Act concerning the Depart" ment of Public Printing and Stationery." There should be an explanation of the delay in presenting the account for payment.
A. V. Barber, 40 copies of form of "Tenders for Supplies to Dredge Vessels," June 16, 1892, \$4. Miss Barber was then a permanent clerk in the Victoria Post Office. The payment was irregular, under Section 51 of the Civil Service Act, and should be refunded, I am, sir, your obedient servant, The Secretary, Public Works Dept. J. L. McDOUGALL, A. $i$.

## Resident Engineer's Office, Victoria, B. C., Dec. 19, 1892.

Sir,-I have the honour to acknowledge the receipt of your letter of the 12 th instant, enclosing for explanation a letter from the Auditor General calling attention to sqme items in the expenditure of 1892-93 on "Public Works Agency, B. C."
lst. Regarding the subscriptions to newspapers, this is the first intimation I have had that the payment of subscriptions to newspapers by me was irregular. The Colonist has been taken since 1880 by this department, and paid first out of the appropriation "Agent and Contingencies," and afterwards out of "Public Works Agency, B. C." I will in another letter apply for the Minister's authority to subscribe to the papers under reference.

2nd. J. P. Burgess, carpentering, $33 \frac{1}{2}$ days at $\$ 4$, and $\$ 83$ materials. Sehl-HastieErskine Co., furniture, carpets. \&c., $\$ 36 \overline{7} .85$. These items were charged to "Public Works Agency, B. C." because I was of the opinion that it was more regular, my office being no longer in a public building but in rented rooms. It might be inferred from the Auditor General's remarks that it was an object to exempt these accounts from the scrutiny of Mr. Fuller or Mr. Ewart. I am not aware of any reasons why I should fear the scrutiny of either of these gentlemen. The insinuation is uncalled for, as the accounts, although they have been before the Chief Engineer, can still be submitted to Mr. Fuller and Mr. Ewart for scrutiny.

3rd. J. H. Brownlee, 3 maps of B.C., $\$ 10.50$; R. Jamieson, stationery, $\$ 29.10$; J. A. Kirk, map of New Westminster District, $\$ 17.50$; Williams \& Co., B.C. Directory, $\$ 5$. The maps of B.C. were purchased to send to the Department, by request. The map of New Westminster District was necessary for the purposes of report. I was not aware that it was necessary to purchase these through the Stationery Department. I am often asked for a report which requires the latest map, and if $I$ had to wait until the Stationery Department was communicated with, the delay would be vexatious. The distance is so great that permission might with advantage be granted to me to make such trifling purchases as maps, in the province. The purchases made at Jamieson's were also trifling, such as ink, mucilage and toilet-paper. In one or two instances, in a case of emergency, foolscap and tracing-cloth were bought there. In the future, however, under every circumstance, requisition will be made.

4th. R. T. Williams, binding, in 1888-89, 15 volumes of "Engineering." These volumes are the property of the Government for the use of the Resident Engineer, whoever he may be, for the time being. The delay in payment was simply the fault of Mr. Williams who neglected to send in his account.

5th. A. V. Barber, 4 copies of form of "Tender for Supplies to Dredge Vessels," June 16, 1892, \$4. Miss Barber very kindly, at a time when I was busy, consented to make these copies for me after office hours, for which I paid her the very reasonable sum of $\$ 4$, and which she was justly entitled to. It would be most undignified to request Miss Barber to refund the amount. I will, to-morrow, pay the $\$ 4$ to the credit of the Receiver General.

## Auditor General's Report, 1892-93.

## D. A. McLaughlin : We do not know what his prices include.

Audit Office, Ottawa, Feb. 20th, 1893.
Sir,-Let me call your attention to voucher 73551, received Feb. 16, for $\$ 98.35$ paid Mr. D. A. McLaughlin for 146 Blue Prints and 54 Photographs as detailed in eleven bills.

The certificates of delivery are made by Mr. Coste, Mr. Taylor, Mr. Billings or Mr. Watts. Messrs. Coste, Taylor and Billings certify the prices: Mr. Watts does not. Please get the certiticate "Prices fair and just", made on all of Mr. McLaughlin's vouchers for 189.- 93 which do not already carry it.

It would ensure uniformity in the taxation of rates if this part of the examination Were left in the hands of some one person, the one best qualified.

I should like to be informed of the details of your arrangement with Mr. McLaughlin: that is, how much of the materials and instruments does he contribute, in addition to his time?

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, a.G.

Audit Office, Ottawa, Dec. 5, 1893.
Sir,_-Please let me have an answer to my letter of Feb. 20, 1893, concerning the payments to Mr. D. A. McLaughlin for Blue Prints and Photographs, wherein I asked how much of the materials and instruments he contributes, in addition to his time.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, Jan. 25, 1894.
Sir,_-Please let me have an answer to my letters of Feb. 20 and Dec. 5, 1893, conceraing the payments to Mr. D. A. McLaughlin for Blue Prints and Photographs, Wherein I asked how much of the materials and instruments he contributes, in addition to his time.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A. $\mathfrak{K}_{\mathrm{t}}$.

## Report of J. W. Reid on certain items of Expenditure by the Public Works Department on account of Public Buildings at Regina.

My attention having been drawn by the advances made on account of Public Works by the Lieutenant Governor of the North-west Territories to certain items of the Public Works Expenditure at Regina, I beg to submit the result of my inquiries into the same.
Fencing Accounts-Government House.

In the summer of 1890 , the works of inclosing the Government House grounds with a wire fence was undertaken by Mr. H. J. Peters, the then Clerk of Works. He appears to have made agreements with J. A. MacCaul to furnish the lumber required, with the Smith \& Fergusson Co. to furnish the wire fencing, and with D. McCarthy to perform the labour of putting up the fence. Statement No. 1 is a copy of MacCaul's agreement for the lumber. I have not copies of McCarthy's tender, nor of that of the Smith \& Fergusson Co., but I think that McCarthy's tender for the labour was at $2 \frac{1}{4}$ cents per foot for fencing, and that Smith \& Fergusson's original figure for the wire fencing was 95 cents per rod, which was subsequently increased to $\$ 1$ per rod. At different times the following advances were made by the Lieutenant Governor, on account of the work on the fence, out of the moneys voted for Government in the Northwest Territories :-

| .July 4, | 1890-D. McCarthy | \$200 00 |
| :---: | :---: | :---: |
| Aug. 20 | " R. B. Aldous | 5200 |
| Sept. 16 | R. G. Gordon. | 2000 |
| Nov. 4 | J. A. MacCaul. | 25000 |
| 4 | " Smith \& Fergusson | 25000 |
|  | Total. | \$77200 |

In the fall of 1890, an account was rendered to the Public Works Department in favour of J. A. MacCaul for $\$ 1,971.50$ for the fence at Government House. Statement No. 2 is a copy of this account, which was paid by Receiver General's cheque No. 15862 of November 19, 1890. McCaul had not tendered for the whole work of erecting the fence, but only for the supply of the lumber required; the account rendered however is intended to include the whole cost of the fencing, and was made out by MacCaul at the request of Mr. Peters. MacCaul got the proceeds of this cheque and distributed it as follows:-

| J. A. MacCaul, balance of accou | \$563 69 |
| :---: | :---: |
| Smith \& Fergusson Co., balance of account | 43756 |
| D. McCarthy, balance of account. | 4616 |
| R. G. Gordon do | 875 |
| Refunded to North-west Government for advances | 77200 |
| H. J. Peters, to pay Aldous's and other accounts. | 14334 |
| Total | 1,971 50 |

Statements Nos. 3, 4 and 5, are copies of the accounts of MacCaul, Smith \& Fergusson and Gordon respectively. It will be noticed that MacCaul received 25 cents for the cedar posts and $\$ 25$ and $\$ 23$ for the lumber, as well as being allowed for cartage, while his tender offered cedar posts at 22 cents and lumber at $\$ 22$ per M., including delivery. He explains this by saying that the lumber supplied was obtained from the coast, instead of from the mountains, and as it was of a better quality than he originally tendered for he was allowed a higher price. I found among Mr. Peters's papers an account of MacCaul's for $\$ 755.42$, being the first part of the fencing account shown on Statement No. 3. This account appears to have been reduced by Peters, in accordance with the figures of the original tender, to $\$ 650.34$, and bears a pencil note in the handwriting of Mr. Peters "paid as corrected, 19 Nov., 1890 ." I was unable to get a statement of McCarthy's account, as he now resides at Edmonton, and MacCaul could not find a copy of it. The balance of $\$ 8.75$ due R. G. Gordon, was not paid him directly by MacCaul, but was credited to an account that MacCaul had against him. I have already spoken of the $\$ 772$ to be refunded by McCaul, in my report on the advances made by

## Auditor General's Report, 1892-93.

the Lieutenant Governor. I was unable to ascertain anything of the disposal of the \$143.34 which was returned to Mr. Peters by MacCaul.
Expenditure during 1891-92 on account of Lieutenant Governor's Residence and New Government Offices, Regina.
Statement No. 6 is a statement showing all the payments during the fiscal year 1891-92 made by the Public Works Department on account of the new Lieutenant Governor's residence and the Government offices, as well as the payments made during the same period by the Lieutenant Governor for similar services.

The first of these payments that requires any comment is that marked No. 3, an advance of $\$ 450.51$ to F. H. Peters, by the Lieutenant Governor. Mr. F. H. Peters was away from Regina so that I was unable to get any information from him with regard to this advance; however, I was led to infer from papers found in the office of the Public Works Department at Regina, as well as from the similarity of this advance to the advances to W. T. Mollard, referred to below, that this money was only nominally advanced to F. H. Peters, and that it was H.J. Peters, Clerk of Works, who received and distributed the proceeds of this cheque.

The next payment to be commented upon is No. ธ̃, another advance to F. H. Peters by the Lieutenant Governor of $\$ 825.56$. This advance is evidently of the same nature as the one already spoken of and seems to have been really an advance to H. J. Peters.

Payment marked No. 11 is an advance of $\$ 808.80$ to W. T. Mollard by the Lieut.Governor, for work on roads, sidewalks, \&c. Mollard knows nothing of this advance and did not receive the proceeds of the cheque nor any part of them, except any payment made to him for his wages as foreman carpenter. He has no recollection of signing the cheque nor receipt, although he remembers Peters bringing him certain papers to sign, which he thought was an order or requisition to the Lieut. Governor to advance money to pay the men. This appears really to have been an advance to Peters, who obtained and distributed the money.

Payments Nos. 18 and 19 , of $\$ 200.40$ and $\$ 199.70$ respectively, to J. A. Kerr, for vault doors for the Council Chamber and Government offices require some explanation. No accounts were received in support of these payments by the North-west Government, but the accounts were sent the Public Works Department when payment was rsked through that department.

These two accounts may be combined as follows :-

| Two vault doors with vestibule doors at \$185.... | \$370 00 |
| :---: | :---: |
| Two vault doors with vestibul. | 250 |
| 35 hours mason's work at 50 cts. | 1750 |
| 35 hours laborers' work at 20 cts .... | 700 310 |
| 4 pecks cement, $\$ 3.00 ; 2$ bushels sand, 10 cls |  |
| Total | \$400 10 |
| account as taken from Mr. Kerr's books |  |
| To two vault doors | 2100 |
| " Teaming | 5960 |
| "\% Shelving two vaults. | 2800 |
| Total | \$400 10 |

Of this amount of $\$ 400.10$ only $\$ 312.50$ was due Kerr actually, the balance of $\$ 87.60$ being paid by Kerr to Chas. Willoughby, who put the doors in place. This amount of $\$ 87.60$ paid to Willoughby was included by Kerr in his account at the request of Mr. Peters. It was also at Mr. Peters' request that Mr. Kerr rendered his accounts in the first of the above forms which, it will be noticed, does not mention the shelving Which appears in the second form of the account. Mr. Willoughby has only $\$ 28$ of the $\$ 87.60$ credited in his books, that being the amount due him for placing the doors in position; the balance of $\$ 59.60$ for shelving the vaults, he paid back to Mr. H. J. Peters.

Payment No. 24 is an advance by the Lieutenant Governor to Chas. Willoughby of $\$ 60$ on account of work. Willoughby denies receiving the proceeds of this cheque, but states that he endorsed it and handed it to Mr. Peters at his request.

Payments Nos. 32 and 33 of $\$ 175$ and $\$ 36$ to W.T. Mollard, as advances for pay of men and charwomen, are of the same nature as payment No. 11 and are properly chargeable to H. J. Peters.

Payments Nos. 35 and 36 of $\$ 7.50$ and $\$ 44.94$ to W. T. Mollard, for repairing pump and for making storm porches, require some explanation. Mollard states in his evidence that the only claim he had in connection with these works was for his wages as carpenter, employed by the day, and that he had nothing whatever to do with the material supplied. These accounts were made out and put in, in his name, without his knowledge or authority. The accounts as rendered are in ${ }^{\circ}$ Peters's handwriting, who appears to have made them up from the accounts of the different tradesmen and artisans. Peters also seems to have received and distributed the proceeds of the cheque.

Payments Nos. 39 and 40 to W. T. Mollard, of $\$ 155$, for removing ice-house, and of $\$ 79.67$, for making a wine cellar, are also of the same nature as those just discussed.

Payment No. 41, Adam S. Ross, plastering, \&c., \$43.21, I could learn nothing about this account, although the cheque seems to have reverted to Peters, it bearing his endorsation.

Payment No. 42, D. McCarthy, vegetable cellar. This account seems to be of the same nature as the Mollard accounts referred to above, and appears to have been made up by Mr. Peters, who received and distributed the proceeds of the cheque.

Payment No. 44, F. H. Peters, $\$ 28.46$, for shelving in vault at Government House. This is also probably one of H. J. Peters's composite accounts, but I was unable to determine anything definite with regard to it on account of the absence of F. H. Peters.

Payment No. 45, of $\$ 20.35$, to Adam S. Ross, also appears to be a conposite account. Ross' original account was for $\$ 12.41$, to which Peters seems to have added $\$ 7.94$ by increasing the rate charged for 125 bricks from $\$ 12.50$ to $\$ 14$ per M., and by adding two items as follows :-

> Carpenter, 22 hours at 30 cts
> $\$ 675$
> McKell, teaming.
> 100

The cheque for the payment of this account bears Peters's endorsation.
Payment No. 53, J. A. Kerr, hardware, \$202.36. This account was previously settled by Peters, who paid Kerr the amount ( $\$ 202.36$ ) on or about October 17, out of moneys advanced by the Lieut.-Governor. Kerr has no entry of this cheque in his books which was endorsed and evidently returned to Peters.

Payment 54 , J. A. MacCaul, $\$ 137.15$. Of this amount $\$ 111.96$ seems to have been returned to Peters who had already paid MacCaul that amount out of the advance of $\$ 808.80$ already referred to in October, 1891. I could not determine whether the amount then paid MacCaul was $\$ 111.96$ or $\$ 123.56$, however MacCaul seems to have returned $\$ 111.96$ out of the cheque now under discussion.

Payment 55, Chas. Willoughby, $\$ 517.39$, Willoughby had already been paid $\$ 336.05$ on this account on October 17, 1891 out of the advance of $\$ 808.80$. Of this cheque he appears to have only received $\$ 181.35$, the balance of $\$ 336.04$ being retained by Peters on account of the amount already paid.

Payment No. 60, F. H. Peters, $\$ 53.64$ for ladder, cover to well, etc. This is one of the composite accounts made up by Mr. H. J. Peters who received and distributed the proceeds of the cheque.

Payment No. 72 of $\$ 24.40$ to J. McGuirl, for two desks for the Council Chamber. This is for the same account as was paid by North-west Government cheque of May 19, for $\$ 21.60$. The account in support of this payment is in Mr. Peter's handwriting. I am unable to determine the cause of the difference in the amounts of the two payments. This cheque of $\$ 24.40$ appears to have reverted to Peters, McGuirl just receiving the proceeds of the first cheque.

Payment No. 73, J. K. Riddall, $\$ 16.50$ for painting door labels. This account had been already paid by North-west Government cheque No. 1459 of January 30th (see
payment No. 49). Riddall knew nothing of this second cheque, and did not remember even endorsing it.

Payment No. 75, P. Lamont, electric bells, \$217.75. This account was paid by North-west Government cheque No. 1436 of January 20 , (see payment No. 48). Lamont received this second cheque and notified Peters of his having received it, he endorsed it and gave it either to Peters or to L. O. Bourget, Accountant of the Northwest Government, but thinks it was to Peters he gave it.

Payment No. 76 , E. B. Read, file boxes, etc., $\$ 110.02$. This account had already been paid by North-west Government cheques Nos. 512 and 856 (see payments Nos. 7 and 15). The cheque seems to have reverted in the first place to Peters.

Payment No. 77, Smith \& Fergusson Co., stoves, $\$ 190.10$. This account also had been previously paid by North-west Government cheques Nos. 1052 and 1866 (see payments Nos. 25 and $68 \frac{1}{2}$ ). The book-keeper of the firm knew nothing of this payment nor was there any entry of it in the firm's books. The cheque appears to have been returned to Peters after being endorsed.

Payment No. 80 of $\$ 533.85$ to J. A. Kerr for hardware, etc. Of this amount $\$ 400.10$ was for the vault doors account, already settled by North-west Government cheques Nos. 896 and 897 of November 17. These payments have been already discussed under payments 18 and 19. Peters brought this cheque for $\$ 533.85$ to Kerr and told him it Was only part for him as he had already been paid $\$ 400.10$ on the acconnt. Kerr accordingly endorsed it and returned it to Peters who evidently cashed it and deposited $\$ 133.75$ of the proceeds to Kerr's credit in the Bank of Montreal.

Payment No. 83, Regina Electric Light and Power Co., 8320.25 for installing lights in the Government Offices. Payment of this account had previously been made by North-west Government cheque No. 1816 of May 4, (see payment No. 67). The first knowledge the Manager of the Electric Light Co., had of this cheque was when it was brought in to him from the Bank of Montreal for endorsation.

Payment No. 84, R. B. Fergusson, furniture, \&c., \$1,733.05. Advances had already been made to Mr. Fergusson, on this account by the Lieut. Governor as follows :-

| ov. 5, Cheque 855, Payment 14. |  |
| :---: | :---: |
| Dec. 1, Cheque 994, Payment 22. | 34500 |
| do Cheque 995, Payment | 28175 |
| Dec. 21,\Cheque 1076, Cheque 1076, Payment 31 |  |

This left a balance due Fergusson of $\$ 503.75$. Peters took the cheque for $\$ 1733.05$ to Fergusson and prevailed on him to endorse it which he did on Peters promising to deposit the balance due him in the Bank. Peters deducted $\$ 2.50$ from the account for goods returned and deposited the balance of $\$ \overline{501.25}$ to Fergusson's credit, retaining the amount of $\$ 1,231.80$ for other purposes.

## Mounted Police Buildings, Maple Creek.

In July, 1892 , a cheque for $\$ 1,366.95$ was issued in favour of T. C. Power $\&$ Bro. of Maple Creek, in payment of two accounts for lumber and hardware, viz., one of $\$ 6 \times 4.57$ for material for the Hospital at Maple Creek and one of $\$ 682.18$ for supplies for Divisional out-posts. I learned from J. A. MacCaul of Regina that this lumber or by far the greater part of it was supplied by him. Mr. Peters had arranged with MacCaul direct to supply the lumber for the Maple Creek works, and MacCaul accordingly shipped two carloads there consigned to the Officer commanding at Maple Creek, and rendered his accounts for the same. As far as this lumber was concerned Power \& Bro. seem to have had nothing whatever to do with it and MacCaul did not know how their name comes into the accounts. Instead of the accounts being rendered to the Department in MacCaul's name, they came in the name of T. C. Power \& Bro. and included some hardware supplies, as well as MacCaul's lumber. As to whether this hardware was actually supplied by Power or not, I could ascertain nothing. Peters seems to have got the money from Power to pay MacCaul's account. He then went to MacCaul and asked him what allowance he would make for cash. MacCaul agreed to allow 5 per cent
off the amount coming to him for cash payment. Peters accordingly settled the account on that basis. Of this 5 per cent Peters seems to have allowed Power \& Bro., half or $2 \frac{1}{2}$ per cent on the account, the balance being probably retained by him. The Government does not seem to have profited by this discount as the prices paid for the lumber are the same as those originally charged by MacCaul. Exhibit No. 82 in MacCaul's evidence is a copy of MacCaul's account for this lumber taken from his books. From this it would appear that the account was settled as follows:

Repairs at Government House, 1892-93.
In October last Chas. Willoughby rendered an account to Mr. Peters, Clerk of Works, for the amount of $\$ 11.12$ for repairs at Government House. The items making up this account were as follows:-

- $\$ 1112$

The account so rendered was returned by Peters to Willoughby with the following written below it to indicate the way Peters wanted the account made out:-

A cheque for $\$ 13.22$ was accordingly issued by the Public Works Department on Jan. 19, 1893, after Willoughby had rendered his account in this way. The difference of $\$ 2.10$ between the original account and the corrected one was retained by Willoughby, as Peters had left Regina. Exhibit'48 in support of Willoughby's evidence is the original account rendered by Willoughby and returned to him by Peters with the desired "corrections."

## Indian Department Warehouse.

In July and August last Chas. Willoughby undertook the job of strengthening the foundation of the Indian Warehouse at Regina, under the direction of Mr. Peters. The amount authorized to be expended on this work was, I believe, $\$ 100$. Willoughby's account for the work only amounted to $\$ 67.81$. Peters, however, made out a corrected account amounting to $\$ 99.77$ and got Willoughby to make out his account for that figure. Willoughby did this knowing that some grading that had not been authorized had also been done at the Warehouse, and understanding that this was the only way in which Peters could obtain funds to pay for such grading. A cheque for the amount of $\$ 99.77$ was accordingly issued on October 1 by the Indian Department. Peters wanted Willoughby to endorse this cheque and give it to him, when he would pay Willoughby the sum of $\$ 67.81$ actually due him. Willoughby, however, declined to do so as he had begun to be suspicions of Peters's methods; he accordingly retained the cheque for the full amount of $\$ 99.77$ and paid Peters the difference of $\$ 31.96$ between the accounts by his personal cheque. I was unable to ascertain what disposal Peters made of the amount thus received. Exhibit 47 in support of Willoughby's evidence is a copy of the account as originally rendered, while exhibit 50 is the statement made out by Peters
indicating how he wished the account made out. The following statement is a comparison of the different items of the original and the corrected accounts :-

| Original. | Corrected. |
| :---: | :---: |
| Lunber. | 1,880 ft. at 824 |
|  | 1,880 ft. at \$24. . . . . . . . . . . . . . . . . . . . . . . . . . . . 84512 |
|  | 50 lbs. at 8 cts. . . . . . . . . . . . . . . . . . . . . . . . 076 |
| Use of jackscrews. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 250 |  |
| Carpenter's work... 105 hrs . at 30cts. . . . . 3150 |  |
| \$67 81 | \$9975 |

## Disposl of Moneys reverting to Peters.

I shall now discuss the different sums received by H. J. Peters, either directly or indirectly, as has been already shown :

Statement No. 8 shows in the first column the different amounts for which Peters appears responsible, in the second column the sums paid out of these amounts to the different tradesmen and artisans, and in the third column those amounts whose disposal it was impossible to determine, and which Mr. Peters alone can explain.

The first amount is that of $\$ 143.34$ handed by Peters to J. A. MacCaul, being part of the proceeds of the cheque in MacCaul's favour for $\$ 1,971.50$. I was unable to determine anything with regard to the disposal of this amount as, although MacCaul ${ }^{k}$ new there were other accounts to be settled, he knew nothing definite of them. A diligent search among the papers in the office of the late Clerk of Works failed to produce anything that would throw any light on the disposal of this amount.

The amount of $\$ 450.51$ advanced by the Lieutenant Governor in the name of F. H. Peters, appears to have been used in the settlement of two pay-lists, as follows:-

$$
\begin{aligned}
& \$ 45051
\end{aligned}
$$

The amount of $\$ 825.56$ also advanced by the Lieutenant Governor in the name of F. H. Peters, appears to have been used in the settlement of the following pay-lists :-

$$
\begin{aligned}
& \$ 82556
\end{aligned}
$$

There is little doubt as to the distribution of the proceeds of the advance of $\$ 808.80$ made in Mollard's name by the Lieutenant Governor. A slip of paper found in Peters' office would indicate that the following was the intended distribution :-

| Pay-list No. 3-Roads, sidewalks, \&c | \$ 14680 |
| :---: | :---: |
| J. A. Kerr, hardware | 20236 |
| J. A. MacCaul, lumber | 12351 |
| Chas, Willoughby, lumber | 33608 |
|  | \$80880 |

Willoughby's books, however show a credit of $\$ 336.05$ at this time, while, though nothing could be learned from MacCaul's books, the fact of $\$ 111.96$ of a subsequent payment to MacCaul reverting to Peters would seem to indicate that that was the amount paid MacCaul out of this advance. This would leave some $\$ 11.63$ to be accounted for by Peters.

I was unable to learn anything about the disposal of the amount of $\$ 59.60$ which reverted to Peters out of the payment of $\$ 400.10$ to J. A. Kerr for vault doors, nor of the $\$ 60$ advanced to Chas. Willoughby by the Lieutenant Governor and handed over to Peters.

The advance of $\$ 175$ to Peters in the name of W. T. Mollard seems to have been distributed as follows :-

I could learn nothing about the disposal of the advance of $\$ 36$ for cleaning the new buildings, probably, however, it was applied on the pay-list as it seems to have been subsequently refunded when funds for the pay-list were received in the direct way.

All that I could learn with regard to the payment of $\$ 7.50$ for repairing cess-pit pump is that Mollard seems to have received $\$ 3.15$ of this for 9 hours labour at 35 cents.

The following is, as far as I could determine, the disposal of the proceeds of the payment of $\$ 44.94$ for " making storm porches":-

Leaving a balance of $\$ 13.98$ of which the disposal is unknown.
Statement No. 9 shows the labour and materials provided for in the account for $\$ 155$ for moving icehouse. The amount of these accounts is $\$ 154.06$ leaving 94 cents unaccounted for. Of the $\$ 43.50$ due D. McCarthy on this account $\$ 25$ was already paid out of the advance of $\$ 175$, by payment 32 . This $\$ 25$ seems now to have been deducted from the $\$ 43.50$ and to have been paid to the Accountant of the North-west Government as a refund on account of the sums advanced.

Statement No. 10 shows what seems to be the accounts from which the amount of $\$ 79.67$ for making wine-cellar was made up. This is taken from a sheet of paper containing pencil notes in the hand-writing of Mr. Peters. The slight difference of 7 cents will be noticed between the total of Statement No. 10 and the amount of the voucher.

Statement No. 11 shows as far as possible the disposal of the proceeds of the cheque for $\$ 59.60$ in favour of D . McCarthy for making a vegetable cellar. There is a balance of $\$ 1.13$ of which the disposal could not be determined.

I could ascertain nothing with regard to the cheque of $\$ 28.46$ in favour of $\mathbf{F}$. H. Peters for making shelving in vault at Government House, except that $\$ 7.50$ appears to have been paid to R. B. Fergusson for 6 yards of green cloth.

The amount of Adam S. Ross for laying a tile hearth seems to have been in the first place for $\$ 12.41$ to which was added an item of $\$ 1.00$ for McKell for teaming, and $\$ 6.75$ for carpenter's work. I could not ascertain to whom this $\$ 6.75$ was paid. The price of the brick appears to have been raised from $\$ 12.50$ to $\$ 14.00$.

The amounts of $\$ 202.36, \$ 111.96$ and $\$ 336.04$ reverting to Peters from J. A. Kerr, J. A. MacCaul and C. Willoughby respectively were all deposited on February 20th to the credit of the North-west Government on account of refunds of the amounts advanced by the Lieut. Governor. There is a small discrepancy of 4 cents between the amount remaining from Willoughby's cheque and the amount deposited.

Of the four pay-lists which the cheque for $\$ 1210.60$ in favour of H. J. Peters was intended to pay, three had already been paid out of the moneys advanced by the Lieut. Governor (see payments 3,5 and 11). These pay-lists were for $\$ 285.44, \$ 648.01$ and $\$ 146.80$. These sums were deposited to the credit of the North-west Government as a refund on account of the moneys advanced. The remaining pay-list amounting to $\$ 130.35$ was settled by the balance of the cheque.

Statemert No. 12 shows the distribution of the cheque for $\$ 53.64$ in favour of Frank H. Peters for ladder, cover to well, etc., as taken from Mr. Peter's memoranda.

The following cheques which reverted to Mr . Peters were given by him to the Accountant of the North-west Government as refunds on account of the advances by the Lieutenant Governor:

| J. McGuirl | \$ 2440 | Smith and Fergusson Co....... $\$ 19010$ |
| :---: | :---: | :---: |
| J. K. Riddall | 1650 | J. A. Kerr ........ ..... 40010 |
| P. Lamont . . | 21775 | Regina Electric Light \& P. Co. 32025 |

Of the $\$ 1,231.80$ which reverted to Peters out of the cheque in favour of R. B. Fergusson, $\$ 1,229.30$ was given the Accountant of the North-west Government to repay the amounts already advanced by the Lieutenant Governor to Mr. Fergusson; the $\$ 2.50$ unaccounted for is the amount deducted by Mr. Peters from Fergusson's account for goods returned.

Of three pay-lists covered by cheque for $\$ 723.35$ in favour of H. J. Peters (see payments Nos. 88, 89 and 90 ) two for $\$ 165.06$ and $\$ 177.55$ respectively, had already been paid out of the advances by the Lieutenant Governor. These amounts were now refunded as well as the advances of $\$ 30$ and $\$ 36$ to Geo. Barton and for charwoman respectively, while the balance of $\$ 314.74$ was used in settling the balance of pay-list for $\$ 380.74$.

The $\$ 49.86$ reverting to Peters from the lumber account of the Maple Creek barracks is the amount of 5 per cent discount allowed off by J. A. MacCaul for cash payment. This appears to have been divided between Peters and T. Power \& Bro., of Maple Creek, but as Power \& Bro. do not seem to have rendered any valuable service for their share of the amount, Peters is responsible for the whole.

Nothing could be ascertained of the disposal of $\$ 31.96$ paid to Peters by Willoughby as the difference between his account as it stood in his books and as it was sent in to the Indian Department for payment.

The total amount thus requiring explanations from Mr. Peters as to the disposal is $\$ 407.08$.

## Outstanding Accounts.

Statement No. 13 is a list of the accounts which make up the amount of $\$ 3,913.47$ voted at the last session of Parliament to provide for certain outstanding accounts in connection with the Lieutenant Governor's residence. As some of these accounts have already been paid either in full or in part, while others cannot be settled in the form in which they are at present, it will be necessary ta take them up one by one.

The outstanding account of Simon Peters, Quebec, for $\$ 924.94$ for inside blinds, is of interest as affording an additional insight into the Regina methods of financing. In August, 1892, H. J. Peters paid to the Accountant of the North-west Government the amount of $\$ 2,962.02$ as a refund on account of advances by the Lieutenant-Governor. Immediately thereafter, $\$ 1,691.55$ of this was re-advanced to Peters by the Lieutenant Governor, to enable him to pay certain of the outstanding accounts. The accounts paid by Mr H. J. Peters out of this advance were those of Simon Peters as above for $\$ 924.94$, and of Saunders \& Talbot for $\$ 762.40$; leaving $\$ 4.21$ not accounted for. The following is a copy of the receipt given by Simon Peters:
"Quebec, August 7, 1892: Received from H. J. Peters, clerk of Dominion Public Works, Regina, the sum of $\$ 924.94$ being for blinds for new Government House, Regina, this amount being advanced by the Lieutenant-Governor of the North-west Territories. I hereby bind and oblige myself to refund this amount of $\$ 924,94$ when I am paid by the Department of Public Works, Ottawa. - Simon Peters."

This receipt, with the exception of the signature, is in the handwriting of Mr. H . J. Peters.

A receipt similar to that given by Simon Peters was given also by Saunders \& Talbot for $\$ 762.40$ for glass and papering.

In closing this part of my report I must add that I derived great assistance from Mr. Wm. Curran, of the Public Works Office at Regina, who voluntarily gave me the use of his office, with access to all papers relating to my inquiry; from which, together with his personal knowledge of some of Mr. Peters's transactions, I derived much assistance.

Respectfully submitted,
J. W. REID, Auditor Gieneral's Office, Ottawa. 411

Statement No. 8.-Disposal of Moneys reverting to H. J. Peters (as above).

Stutement Vo. 8.—Disposal of Moneys reverting to H. J. Peters (as above)-Con.

J. W. REID.

Note. - A letter was received from Mr. Peters, on Feb. 14, 1894, with reference to the above transactions. It was, however, too late to discuss it in this report.-.J. L. McD.

## Subsidy-Halifax; St. John and London, Eng.

## Audit Office, Ottawa, February 9, 1893.

Sir,-I beg to inform you that I have authorized the payment of $\$ 2,000$ to Pickford \& Black, being the amount for which you raade application for one round trip between London, Eng., and St. John and Halifax. With reference to the subsidy from which this sum is paid, I should like to call your attention to the payments made under it, and the proofs furnished in support of the round trips when payment is asked. The custom has been to pay $\$ 2,000$ for each round trip, accepting as such proofs of the outward sailing of one vessel and the arrival of another. For example: in the case of the "Inchulva," the Custom-house clearances sent me only show that the "Inchulva" arrived from London on January 7, and left for the same port on January 19, which is only half of the round trip required. The other half was performed by some other steaner arriving at Halifax about the time of the departure of the "Inchulva." This mode of payment has been going on for years, but now that control of the subsidies has passed into new hands it appears to me to be an opportune time to consider if a better and simpler system could not be adopted.

For instance, if it is deemed advisable to continue making payment on the completion of each round trip, the proper course would be to take the round trip of each steamer, the terminal point being of course in Canada, as required under the vote. As the sailings are now performed, it is difficult to say whether the terminal point is London, Eng., or St. John, N.B. Taking each steamer separately and paying portion of the subsidy on proof that a round trip had been made-the port of St. John or Halifax being the starting point-would place this matter beyond doubt.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.
Customs Dept., Ottawa, February 10, 1893.
Sir,-I have yours of the 9th instant, re subsidy for service between St. John, Halifax and London, Eng. (Furness Line).

I was struck with the same objection to the insufficiency of the proofs submitted,

## Auditor General's Report, 1892-93.

but upon looking up the papers transferred to this department by the Department of Finance re subsidies, I found that it was agreed that payment should be made monthly of $\$ 2,000$, and the odd $\$ 1,000$ at close of the year,-and as there was proof of a trip during the month, I concluded not to question. it. I do, however, think, as you remark, that it is an opportune time to consider if a better system could not be adopted, not only as regards this particular service, but all others paid for out of the votes for steamship subventions, and have it in contemplation to prepare a form of voucher which will give all requisite details, proofs of service, dc., in an unmistakable manner.

I have the honour to be, sir, your obedient servant,
W. G. PARMELEE, Dep. M. T. \& C.

The Auditor General.

## St. John, Digby and Annapolis-Full service required not performed.

audit Office, Ottawa, February 7, 1893.

Dear Mr. Parmelee,--The inclosed advertisement of the proposed sailings of the steamers of the Bay of Fundy Navigation Co., Ltd., between. St. John, Digby and Annapolis during the months of January and February, would indicate that the company intended giving only a semi-weekly service during these months, which is not sufficient to entitle them to payment of the subsidy. You will notice in the Supply Bill of 1892.93 that the subsidy in question was voted on condition that the frequency of service should be five times per week during the months of June, July, August and September, and three times per week during the remaining eight months.

> Yours truly,
> J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.
Department of Trade and Commerce, Otrawa, February 11, 1893.
Sir,-I have yours of the 7 th instant, inclosing an advertisement of the proposed sailing of steamers of the Bay of Fundy SS. Co. between St. John, Digby and Annapolis during the months of January and February,--giving a semi-weekly service during those months instead of a tri-weekly service as per terms of contract.

I will make inquiry into the matter before next payment comes due.
I have the honour to be, sir, your obedient servant,
W. G. PARMELEE, D. M. $T$ \& $\mathbb{C}$.

The Auditor General.
Audit Office, Ottawa, May 17, 1893.
Sir,-I beg to return the inclosed application for the payment of $\$ 2,875$ to the Bay of Fundy Steamship Co. for steam service between St. John, Digby and Annapolis during the quarter ended March 31, 1893, which I regret I am unable to pass in consequence of the service in question not having been performed throughout in accordance with the condition as to frequency of sailings required by Parliament.

The account rendered by the company is certified by Mr. King, the Post Office Inspector of New Brunswick, "The work has been performed," but I find from your letter of application that it was performed according to a schedule of trips attached to the account which gives only two trips per week during the months of January and February. The condition in this respect under which the subsidy for steam service between St. John, Digby and Annapolice was granted by Parliament calls for a service five times weekly during the months of June, July, August and September, and three times weekly during the remainder of the year.

In my opinion Parliament alone is competent to change or modify these conditions, and consequently the service as performed during January and February was not such as to entitle the company to payment from the subsidy provided in the Supply Bill.

I am, sir, your obedient servant,

J. L. McDOUGALL, $A . G^{\prime}$.

The Deputy Minister of Trade and Commerce.

## Addit Office, Ottawa, June 8, 1893.

- Sir,-I I beg to inform you that I have passed your application for the issue of a cheque for $\$ 958.33$ to the Bay of Fundy SS. Company for steam communication between St. John, Digby and Annapolis during the month of March.

In connection with this service I beg to call your attention to the payments made to the company for six months' sailings to December 31, 1892.

For the September quarter the Post Office Department paid under its Letter-ofCredit $\$ 3,125$, and for the December quarter $\$ 2,875$ was paid on your own application. In addition to these sums the Post Office made a further payment of $\$ 200$ from the vote for Post Office Mail Service, making in all $\$ 6,250$ for six months. I call your attention to these payments that you may be in a position to make the necessary adjustment before applying for the amount coming to the company for June quarter.

I should be glad if you would have the accounts for the September and December quarters and that for the month of March certified by the Post Office Inspector of New Brunswick that the service was performed as required by the terms of the appropriation.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce

## Subsidy-Grand Manan and Mainland-Service by Schooner.

Audit Office, Ottawa, April 18, 1893.
Sir,-With reference to an Order in Council of the 23rd ultimo authorizing payment at the rate of $\$ 250$ per month to Capt. J. A. Ingersoll for a semi-weekly service by schooner between Grand Manan, Campbello and Eastport, to be made chargeable to the appropriation for steam communication between Grand Manan, N.B., and Mainland, I beg to inform you that under the terms of the vote in question which plainly provide for steam communication, I shall not be able to certify to any payment proposed to be made from it to Capt. J. A. Ingersoll for service by schooner. I return your application for payment herewith.

I am, sir, your obedient servant,
J. L. McDoUgall, a.g.

The Deputy Minister of Trade and Commerce.

## Treasury Board, Otrawa, April 24, 1893.

Sir,- Your objection to the payment at the rate of $\$ 250$ per,month to Captain J. A. Ingersoll, for a semi-weekly service by schooner between Grand Manan, Campobello and Eastport, has been submitted, by the Hon. the Minister of Trade and Commerce, to the Treasury Board.

Will you kindly let me have your report on the subject.
I have the honour to be, sir, your obedient servant, J. M. COURTNEY, Secretary.

## Auditor General's Report, 1892-93.

Audit Office, Ottawa, April 25, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 24th inst., asking for my report on an application from the Department of Trade and Commerce for the payment of a service by schooner between Grand Manan, Campobello and Eastport, which I have been unable to authorize as a charge against the vote for "Steam communication between Grand Manan, N.B., and Mainland."

On receiving the application in question from the Deputy Minister of Trade and Commerce, based on the authority of the Governor in Council, I wrote the department under date April 18 instant that, in consequence of the vote to which it was proposed to charge the payment asked for, explicitly calling for steam communication, I could not authorize a charge against it for a mode of communication different and inferior to that which was authorized by Parliament.

Under the heading " Mail Subsidies and Steamship Subventions" Parliament has provided in explicit terms for steam communication between Grand Manan, N.B., and Mainland, and in my opinion Parliament has not empowered the spending department or the Governor in Council to pay the amount voted for this purpose for a service otherwise performed than by steam. If such were the case, then the Governor in Council would be equally empowered to change the definition of the locality as given in the Supply Bill. It is quite apparent that a service performed, say, for example, between the Island of Cape Breton and the mainland of Nova Scotia, would not be a legal charge against this vote, and to my mind the definition of the mode of conveyance is as binding as the particular locality proposed to be benefited.

It cannot be said in explanation that the conveyance adopted was indifferent to Parliament at the time the vote was granted, and that it has proved as effective and afforded as good accommodation as that for which provision was made. Such is not the case. Parliament must be presumed to have been fully aware at the time of the relative merits of steam and wind as a means of navigation, and acting under this knowledge provided in explicit terms for steam communication between Grand Manan, N.B., and Mainland.

Under these circumstances I am of opinion that the service performed by Capt. A. Ingersoll does not meet the requirements of the vote and should not be made a charge upon it.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Secretary Treasury Board.

## Subsidy-Pictou, Murray Harbour and Montague Bridge.

Audit Office, Ottawa, April 18, 1893.
Sir,--I should like to call your attention to an Order in Council of the 20th ult. authorizing the payment of $\$ 800$ to the Three Rivers SS. Co. for steamship service performed between Pictou, N.S., Murray Harbour and Montague, P.E.I., to be charged against the vote of the current fiscal year for "Steamship services, Pictou, Murray Harbour, Montague Bridge and Souris, tri-weekly."

With reference to the payment proposed to be made under this authority I beg to say that, in my opinion, it is not a proper charge against the appropriation in question. Parliament provided for the payment of a subsidy of $\$ 1,200$ for steamship services triweekly between Pictou and Souris, with two intermediate ports of call, a distance of 7 x miles or thereabouts. The company which undertook this service ignored Souris altogether, the terminal point in Prince Edward Island, and instead of a tri-weekly service to the other ports gave only a semi-weekly one. The service thus performed is so far short of that required by Parliament, not only as regards frequency of sailings, but in distance, and the accommodation afforded, that it seems to me to make payment for it from the appropriation indicated by Council is an undue straining of the terms under which it was voted.

But suppose that the liberal interpretation thus given is allowable, the proportion authorized is much too great. A tri-weekly service over a distance of 156 miles, equal to a total mileage of 12,168 in six months, was required by Parliament to earn a subsidy of $\$ 1,200$, but there was performed a semi-weekly service of 108 miles equal to a total of 5,616 miles or less than one-half.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.

# Accounts not certified that Mails have been carried on each trip as required by contract. 

Audit Office, Ottawa, September 8, 1893.
Sir,-With reference to the form of account which you have adopted in regard to the subsidies payable under the different appropriations for steamship services, I should like to call your attention to the omission therefrom of any certificate in respect to the carrying of the mails in those cases in which the contracts stipulate that mails shall be carried. It seems to me necessary that in such cases the Post Office inspector of the districts concerned or some other officer of the postal service having knowledge of the facts, should certify that the mails called for by the terms of the contract, were carried. on every trip and regularly delivered at their proper destination.

I notice in reading over the contracts that in each case the service is required to be performed in a steamer of a certain capacity, and I think it would be well that the collector of customs at one of the ports at wnich the steamer in question calls should certify on the accounts presented for payment that the service was performed by a steamer of the capacity and accommodation called for by the contract.

I have the honour to be, sir, your obedient servant, J. L. McDougall, a.g.

The Deputy Minister of Trade and Commerce.

Dept. of Trade and Commerce, Ottawa, Sept. 11, 1893.
Sir,-Referring to your favour of the 8th instant re omission from the form of account adopted in re subsidies payable for steam services, \&c.

When making up the form I thought over the question of certificates showing mail service, but concluded that although all contracts contained the clause, very few actually carry any mails, and that in those cases where mails were carried the Post Office authorities would at once call attention to the matter if there had been any failure on the part of the contractors in that respect, and that therefore it seemed unnecessary to require such certificates, which would likely necessitate in each instance some time to procure. The Post Office Department has copies of all contracts entered into.

As regards the certificate from the collector of customs to effect that the service was performed by a steamer of the capacity called for by the contract, I do not see the necessity, inasmuch as the name of the steamer is given in each claim and a reference to the otficial list of registered vessels shows her size, tonnage, \&c., in fact the tonnage as inserted in the contract is in every instance taken from the list referred to.

I have the honour to be, sir, your obedient servant,
W. G. PARMELEE, $D_{\text {¢puty }}$ Minister.

The Auditor General.

## Auditor General's Report, 1892-93.

## Campbellton and Gaspé Subsidy-Steamer does not call at Campbellton.

## Audit Office, Ottawa, September 7, 1893.

Sir, -With reference to the inclosed application for the payment of $\$ 4,874$ to Patrick Kelly for steamship service between Dalhousie, N.B., and Gaspé, Que., I beg to call your attention to the terms of the appropriation to which the amount in question is asked to be charged. You will notice that Parliament has provided, under the heading "Mail Subsidies and Steamship Subventions," for a subsidy to a steamer between Campbellton and Gaspé and intermediate ports, and I should like to be informed, before passing your application, in what manner these terms have been complied with, in view of the fact that the steamer "Admiral," so far as I can learn from the account rendered by Mr. Kelly, does not call at the port of Campbellton.

It would, I think, be better if the days of departure and arrival of the steamer were inserted in the space provided for that purpose in the form of account which you have adopted.

> I have the honour to be, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Trade and Commerce.

## Dept. of Trade and Commerce, Ottawa, Sept. 8, 1893.

Sir,-In answer to yours of yesterday's date re services of steamer "Admiral," I beg to state that the vessel does not call at Campbellton, in fact has not done so for a number of years, not since the track was extended to Dalhousie at the mouth of the harbour where the wharf accommodations are and where the steamer connects with the railway. I am told that formerly the wharfs were at the upper end of the harbour of Camplellton, and it would appear that that name has been continued in the Estimates, instead of Dalhousie the actual terminus. I will see that it is corrected in next Estimates.

I agree with you that the days of sailing should have been shown as intended, but I let it pass this time as it appears to take too long to get an answer from the nominal contractor. I was a full month in getting an answer to my last communication.

I have the honour to be, sir, your obedient servant,
W. G. PARMELEE, Deputy Minister.

The Auditor General.

## Halifax and St. John and West Indies steamer not calling at St. John.

Audit Office, Ottawa, September 27, 1893.
Sir,_-With reference to the inclosed application for the payment of $\$ 5,000$ to Pickford \& Black for one round trip of the "Taymouth Castle" on the route between St. John, N.B. and the West India Islands, I beg to call your attention to the absence therefrom of any certificate from the Custom-house officer at St. John.

As I understand the contract under which this service is performed, the round trip should begin and end at St. John, Halifax being a port of call on the outward woyage only. It would appear from the certificate given by Mr. Garrison, of the Halifax Custom-house, that the "Taymouth Castle" called at the latter port on the homeward voyage also, while there is no evidence of the voyage in question having been continued to St. John.

I should like your explanation of these points before passing the application for payment.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A. $G^{\prime}$.

The Deputy Minister of Trade and Commerce.
$1-27 \frac{1}{2} \mathrm{C}$

Dept. of Trade and Commerce, Ottawa, Sept. 27, 1893.
Sir,-I have yours of even date re claim of Messrs. Pickford \& Black for subsidy for service between St. John and Halifax and Demerara.

Permission was given them to reverse the order of sailing on one trip of each vessel, as you will observe by a perusal of the correspondence attached to file 616 herewith, the reason therefor and conditions under which allowed being therein set forth.

I have the honour to be, sir, your obedient servant,
W. G. PARMELEE, Deputy Minister.

The Auditor General.

## Marine and Fisheries.

## Newspapers for Offices of Outside Service

## Audit Office, Ottawa, January 27, 1893.

SIr,-I beg to bring to your notice payments made last year for newspapers supplied to the outside offices of your Department amounting to $\$ 73.75$, and in connection therewith to call your attention to an Order in Council of 14th July, 1891, directing that the practice of supplying newspapers to the outside offices of the various Departments be discontinued, except on the conditions stated therein.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.<br>The Deputy Minister of Marine and Fisheries.

## Repatriation of distressed Canadians in Foreign Countries.

Audit Office, Ottawa, January 25, 1893.

SIr,-I have the honour to acknowledge receipt of your letter of the 17 th instant, enclosing copies of an Order in Council and other documents in support of your application of the 12 th instant for a Sterling Bill for $£ 5-2-0$, being the amount of a claim made by the British Embassy at Paris for expenses incurred in connection with the re patriation of Alexis Vanjour, a distressed Canadian citizen.

Before taking further action relative to this matter I beg to call your attention to the absence of any evidence, so far as I know, that Parliament has ever given its sanction to payments of this nature. In the case of shipwrecked and distressed seamen the necessary provision has been made for their proper maintenance and transport; but I am unable to find that Parliament has ever sanctioned payments made to enable Canadian citizens who had been reduced to distressed circumstances in foreign countries to be repatriated. I should like if you would point out to me any precedent or authority on this subject.

> I am, sir, your obedient servant,

J. L. McDOUGALL, $A . G$.

The Deputy Minister of Marine and Fisheries.

## - Mabine and Fisheries, Ottawa, January 28, 1893.

Sir,-I have the honour to acknowledge receipt of your letter of the 25 th instant, in regard to the application made for payment of a claim by Her Majesty's Government, for expenses incurred in connection with the repatriation of Alexis Vanjour, a distressed Canadian citizen; and in regard to your inquiry, as to whether I am aware that Parliament has ever given its sanction to payments of this nature, I beg to inform you, that I am not aware that any such sanction has ever beengiven. I beg to inclose for your information copy of an Order in Council, issued on the 2nd of February, 1891, by which the Government of Canada assumed the responsibility of affording relief to distressed Canadians in foreign countries, except in the United States of America. You will see by this Order, that the subject of aftiording such relief had for many years been a subject of correspondence between the Imperial and Canadian Governments and that it was only in 1891, that the Government of Canada consented to become responsible for such payments. It is not considered that there will be many claims of this nature, or that much necessity exists for making provision in the Estimates for such expenditure, and I think that such claims might properly be paid out of the appropriation for unforeseen expenses.

If you consider, however, that the sanction of Parliament should be obtained, I will take an early opportunity of bringing the matter under the consideration of the Minister of Marine and Fisheries.
I am, sir, your most obedient servant,

WM. SMITH, D.M.M.F.
The Auditor General.

Audit Office, Ottawa, February 4, 1893.
Sir,-I have the honour to inform you that, in view of the fact that the Governor in Council assumed responsibility for the relief of distressed Canadians in foreign countries other than the United States, by an Order dated February 2, 1891, a copy of which was inclosed in your letter, I have authorized the issue of the Sterling Bill for which you applied on the 12 th inst.

Though passing the payment in question because the expenditure was made by Her Majesty's Government on the faith of a promise of repayment by Canada, I beg to say that in my opinion Parliament should be asked to provide specifically for such cases as they do not come within the expenses for which the Government is legally responsible.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## The Officers who should certify Accounts from Life-boat Stations.

Audit Office, Ottawa, January 28, 1893.
Sir,-With reference to your letter of the 19th ult. relative to the certificates given on the accounts sent me during the past fiscal year in connection with life-boat stations and rewards, I beg to say that, as the Coxwains at the different stations appear to be the officers immediately responsible for the proper performance of the drill exerclises, they should certify on the pay-lists that the work has been performed by the persons named thereon, and that the price paid is fair and just. Of course the fact of such a certificate being on the accounts when they reach the department will not preclude further examination as to their correctness by Captain McElhinney or any other person to whom you may refer them for departmental audit.

I am, sir, ycur obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Letter of Credit Cheques not properly endorsed.

## Audit Office, Ottawa, January 28, 1893.

Sir,-I beg to bring to your notice the inclosed list of cheques issued by your department during the fiscal year 1891-92, and to call your attention to the forms of endorsement thereon, which it appears to me are irregular.

With reference to cheque No. 265, please me let me know if the bank paid $\$ 23.56$, the amount in figures, or $\$ 22.56$, the amount in writing.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

265 Payable to Sarah Crocker, amount in writing \$22.56, amount in figures $\$ 23.56$.

## Lumber purchased from Messrs. Nesbitt and Peters.

## Marine and Fisheries, Ottawa, May 9, 1893.

Sir,-In reply to your letter of the 2nd instant requesting to be informed whether the lumber purchased from E. T. Nesbitt, of Quebec, during the current year, was bought according to prices determined from tenders obtained by public advertisement, I have to inform you that tenders were invited in the spring of 1892 . Mr. E. T. Nesbitt and Simon Peters tendered for lumber according to the notice inviting tenders and their ofters were accepted and the purchases made from them were according to the tenders. These tenders are on file in the Department. The Agent has reported that he purchased the lumber according to the instructions given him from the Department, viz., topurchase certain kinds of lumber from Mr. Nesbitt and other kinds from Mr. Peters, as their tenders were the lowest for the respective kinds.

> I am, sir, your obedient servant,
> WM. SMITH, D.M.M. \& $F$.

The Auditor General.

## Accounts that should be certified "According to Contract."

## Audit Office, Ottawa, May 16, 1893.

Sir,-With reference to your letters of the 9 th instant in explanation of the certificate "prices according to contract" attached to the accounts rendered by A. Ramsay \& Co., E. T. Nesbitt, Simon Peters, and the Chinic Hardware Co., I beg to point out that in my opinion this form should not be used by the certifying officer, except in regard to accounts the prices in which have been determined by public competition called forth by previous notice of such general publicity as to have afforded equal opportunity to all persons in a position to tender for the proposed contract to have done so.

When the Department invites tenders from only a few persons, the prices so determined suould be certified "according to agreement and are fair and just."

It is necessary to a proper audit of accounts paid under contract, that the contracts in question should be sent me.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

# Pay Lists-Not properly Receipted or Certifled. 

Audit Office, Ottawa, April 21, 1893.
Sir,-I beg to call your attention to the pay-lists of the Dominion steamer "Alert" for the months of June, August, September, October and November, 1892.
On the June list the following members of the crew sign by means of their mark, but on the subsequent ones the mark is in all cases dispensed with :

| Joseph LeBlane | Second mate. |
| :---: | :---: |
| Louis Bouchard | A. B. seaman. |
| X. Ouellette | Oil and store-keeper. |
| Joseph Rouillard | Fireman. |
| François Belloir | do |
| E. Morency . | do |
| Joseph Bernier | do |

If these men are capable of writing their own names, please let me have your explanation of the signatures on the June list.

I am, sir, your obedient servant,
J. L. McDoUgall, A.G.

The Deputy Minister of Marine and Fisheries.
Audit Office, Ottawa, April 22, 1893.
Sir,--The signatures of those labourers on voucher 1988 who have signed by "mark" are not witnessed in the usual form. This account amounting to $\$ 501.60$ was rendered by P. Jobin for labour in connection with the Dominion steamer "Alert," thirty-three men having been employed by him. Of these only five or six sign their own names. With reference to the others, I beg to call your attention to the necessity in all cases in which the signature to a receipt is by "mark," of having such receipt bear evidence that the signature so made was witnessed by a third person not connected in any way with the transaction for which payment was made.

In the present instance, involving a large payment among so many different persons, it is very desirable that the vouchers furnished should bear every reasonable proof required in such cases, that the amount thereon had been disbursed as stated.

I am, sir, your obedient servant,

J. L. McDoUgall, a.g.

The Deputy Minister of Marine and Fisheries.

## Audit Office, Ottawa, April 24, 1893.

Sir - I beg to call your attention to the absence from the vouchers sent me in support of cheques $609,1048,1226,1701$ and 1856 , amounting to $\$ 2,047.50$, of the receipts of the several persons to whon it is claimed the money was paid. These vouchers were rendered by Mr. Gregory, Agent of Marine at Quebec, for labour, repairing lighthouses and fog-alarms on the Gaspé coast and Anticosti Island. It appears from them that twenty-seven men were employed altogether, but no evidence is given that the amounts set opposite their names on the pay-lists were received by them.

As regards the certificate of Mr. Gregory that the work was performed, I beg to point out that the proper person to certify in this respect is the officer immediately in charge of the work, and who has personal knowledge of the facts for which he vouches. In the present instance Mr. Gregory's certificate covers work going on simultaneously at different places and it would apparently therefore have been impossible for Mr. Gregory to have had perional knowledge of the satisfactory performance of the work in each case.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G:

The Deputy Minister of Marine and Fisheries.

Audit Office, Ottawa, April 26, 1893.
Sir,-I beg to bring to your notice the following vouchers rendered by P. Jobin for labour, amounting in all to $\$ 2,118.68$ :-

Nos. 68, 69, 1666, 1698, 3130, 3584, 3777, 3835, 3846, 4146, 4402, 4815, 5528.
With reference to these accounts I beg to call your attention to my letters of the 22nd and 24th inst., respecting the insufficiency of the receipts given by the persons to whom the different sums were paid.

I am, sir, your obedient servant,
J. L. McDoUGall, d. . $^{\text {. }}$

## The Deputy Minister of Marine and Fisheries.

## Audit Office, Ottawa, May 2, 1893.

Sir,-I beg to bring to your notice the pay-lists for labour rendered by C. Vezina to November 30, 1892, vouchers 70, 611, 641, 1225, 1699, 3131, 3585, 3847, 4403, 4816, 5527.

The signatures of the labourers and tradesmen on these lists have been apparently Written by the same person, and in the instances in which the usual form of "mark" is inserted there is no evidence that such signature had been witnessed by a third person. There is no mark to the names of either C. Vezina or G. Vezina, though both names are written by the same hand.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Ottawa, May 27, 1893.
Sir,-In answer to your letters of the 21st and 26th April and 2nd May, I beg to return the vouchers duly signed, together with copy of a letter received from the Agent in Quebec who will in future see that the requirements of the Audit Act are carried out.

> I am, sir, your obedient servant,
> WM. SMITH, D.M.M. \&F.

The Auditor General.

$$
\text { Quebec, May 18, } 1893 .
$$

$\mathrm{S}_{\text {Ir, }}$, In answer to your letter of the 8th May (No. 9171) respecting letters from the Auditor General under dates of the 21st and 26th April and 2nd May, 1893, asking explanations about certain accounts, I beg to state as follows, viz.: To the letter of the 21st April :-

It is a common custom in the Province of Quebec when a man cannot sign to get some of his friends to do so for him, and this was done in this case, either by the captain, or some of the crew in the presence of the captain, as the latter's certificate will show on each of the pay-lists, but this practice will be abandoned for the future and marks be certified to as directed.

To the letter of the 26th April, 1893 :-
P. Jobin's pay-lists have been duly signed and attested to by him. The other paylists are for men working at lighthouses in the Gulf, and were sent to you as a memo., so as to enable me to pay the families of these men, and of course could not be signed before they were sent up. I was authorized by every one of these people to pay their wives during their absence, who for the greater part cannot sign; of course when they came back after the completion of the work they signed the final pay-list themselves. To obviate this hereafter I shall see that the final pay-list is made so as to represent the total number of days' work which will be in itself a complete voucher and covering all advances to families.

1 To letter of the 2nd May, 1893 :-
These pay-lists have been duly certified. In the case of C. Vezina and G. Vezina being written by the same hand, I beg to state that C. Vezina authorized his son G. Vezina to sign for him, as has been the custom for many years past; this has been due to dealing with so many people unable to read or write, but for the future will not again be allowed.

> I have the honour to be, sir, your obedient servant,
> J. U. GREGORY, Agent, Department Marine, \&c, The Deputy Minister of Marine and Fisheries, Ottawa.

## Form of Certificate used on Pay-lists of Dominion Steamers.

Audit Office, Ottawa, April 12, 1893.
Sir,-I beg to call your attention to the form of certificate used on the pay-lists of the Dominion steamers. As a rule when the certificate is not simply "correct" the certifying officer states that "the above goods have been received by me and the prices "charged are fair and just." I think you will agree with me that the officer who signed such a certificate attached to the monthly pay-list of a steamer's crew must not have read the words to which he put his name. What is required in respect of these paylists is that the officer in immediate charge should certify that the persons appearing thereon have been on duty during the period named, and that the payment asked in each case is the salary authorized by the Department and is fair and just.

With reference to the salaries paid the officers and crews of these steamers, will you please let me know on what authority they are regulated. Are the appointments made and the salaries fixed by the Governor in Council, or is the whole matter of appointments and salaries determined by the Minister?

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Payments supported by Incomplete Vouchers.

## Audit Office, Ottawa, May 20, 1893.

SIR,-I beg to bring to your notice the following vouchers sent me in support of payments made in connection with the maintenance of lights in Nova Scotia:-

Voucher 91.-This account is for board of Thos. C. Reuding in June, 1891. The cause of delay in making payment should be given.

Voucher 4084.-The account should be certified that the house for which rent was paid was used for Government purposes and the price fair and just.

Voucher 5388.-Mr. Kerr was paid for 14 days' labour at Cranberry Head at $\$ 1.50$ per day. In support of this payment James Sullivan, who I presume is the lightkeeper, certifies to 10 days' labour for Mr. Carr at $\$ 1.25$ and 3 days for helper at the same rate. Some explanation is necessary in this case.

Voucher 1811.-Please explain why it was necessary that the Department should borrow money from Donald McDonald on which interest to the amount of $\$ 19.97$ was paid by cheque 1811.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G:

The Deputy Minister of Marine and Fisheries.
$\mathrm{Si}_{\mathrm{Ir}, \text {, I }}$ have the honour to acknowledge receipt of your letter of the 20th instant and beg to inform you that our Agent has been written to with regard to obtaining the necessary information with regard to vouchers 91 (8) and 4084 (329)-viz., cause of delay in making payment of account for board of Thos. C. Redding in June, 1891, and certifying account of Wm. Haggerty as to rent paid him for house occupied by Keeper of Fog Alarm Cranberry, that such house was used for Government purposes, \&c.

With reference to voucher No. 5388, payment made to Mr. Kerr for 14 days' labour at Cranberry Head at $\$ 1.50$, I beg to inform you that Kerr was employed at Halifax, and his time counted from the time he left-for Cranberry Head until he returned to Halifax.

With regard to voucher No. 1811, I herewith inclose copy of memorandum on the Cape George lighthouse contract which will show you under what authority the amount of $\$ 19.97$ was paid to Donald McDonald.

I have the honour to be, sir, your obedient servant, WM. SMITH.
The 'Auditor General.

## Cape George Lighthouse Contract.

## September 8, 1892.

Repairs were made to Cape George lighthouse between June and October, 1891, by Donald McDonald, acting under instructions from Mr. Hutchins. Some $\$ 1,500$ Were spent although Mr. Hutchins only intended to authorize the expenditure of $\$ 300$. Under these circumstances Mr. Hutchins refused to certify the bills. The matter dragged until the middle of April last, when I was sent down as a commissioner to inquire into the cost of work. My report recommended payment of the accounts. In the meantime the accounts originally submitted were mislaid, and they were not finally settled until the end of July of this year. That is over a year from the time the work Was first begun. In the meantime the foreman had been obliged to borrow money to settle some of the bills, and now forwards accounts for interest incurred on borrowed money. I think that it is against Government rules to allow such claims for interest on loans, but I know from conversation with Mr. Harris and with Mr. Kirk, when in Antigonish, that it was really necessary to obtain advances of money to carry on the Work, and that Mr. McDonald was charged discount for the same. I think he has a fair claim to remuneration for these amounts, but not for interest claimed by tradesmen on accounts for goods furnished.
W. P. A.

## Insuffleiency of Voucher from Hamilton Powder Company.

## Audit Office, Ottawa, April 24, 1893.

Sir, -I $^{\text {I beg to call your attention to the insufficiency of the certificate as to the }}$ price paid which is given on voucher 680 rendered by the Hamilton Powder Company for signal powder to the amount of $\$ 3,014$. Mr. Gregory, Marine Agent at Quebec, certifies "correct to the best of my knowledge," and Mr. Fitzhenry, who, I presume, is an employee in connection with the Quebec Agency, certifies "quantity received, quality and price correct."

It is plain that neither of these certificates affords the necessary guarantee that the price paid was fair and just. The officer who contracted for the powder and agreed on the part of the department to pay the rate charged should certify that such rate is fair and just, or if the price is a result of a contract entered into with the firm in question,
after tenders had been called for by public advertisement, then the account should be certified "prices according to contract."

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Payments for Distressed Seamen not Natives of Canada, Illegal.

Audit Office, Ottawa, April 27, 1893.

Sir,-With reference to your application of the 25th instant, for a Sterling Bill in favour of A. M. Chalmers, açting British Consul at Nagasaki, Japan, for £94 2s. 10d., being the amount expended by him in the relief of the crews of certain schooners owned in Canada, and which were seized by the Russian Authorities and confiscated, I beg to point out that five of the seamen included in the memo. of expenses are not natives of Canada-four being Englishmen and one an Australian. The others to the number of thirty-nine, sign a declaration to the effect that they belong to Canada, having been domiciled there for a period of twelve months. In connection with this declaration I would call your attention to section 69 of Chap. 74 of R.S.C., which, I presume, is the Act of Parliament under which the Governor in Council authorized the payment of the expenses incurred by Mr. Chalmers. You will notice that under this section the Governor in Council is empowered to authorize the payment of any reasonable expenses incurred on account of board, or transport back to Canada of any seamen who are natives of and residents in Canada, and who have been found in distress outside of that country.

It seems to me that a declaration of twelve months' residence in Canada does not meet the requirements of this section. I return herewith the application and the papers attached thereto.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Ottawa, April 28, 1893.
Sir,-I have the honour to acknowledge receipt of your letter of the 27 th instant, in reference to the payment of expenses incurred by the Acting British Consul at Nagasaki, in relieving the crews of certain schooners owned in Canada, and which were seized by the Russian Authorities and confiscated, and in reply I am to inform you, that in accordance with the terms of the agreoment made with Her Majesty's Government, the Dominion of Canada is bound to refund all expenses incurred by the proper Officers or Consuls in the United Kingdom, any British colony, or foreign country, on account of distressed seamen, who belong to Canada, and who have been domiciled there for at least twelve months, and who belong to vessels registered in Canada, and who have been shipped in Canada, and in this connection I would refer you to the Order in Council of the 14th of December, 1869. I return herewith the papers in the case, in order that a Bill may issue for the amount shown to be due by the declarations and other papers forwarded by the Consul.

> I am, sir, your most obedient servant,

WM. SMITH, D.M.M. \& $F$.
The Auditor General.

Audit Office, Ottawa, May 19, 1893.
Sir,_With reference to your amended application for the issue of a sterling bill in favour of the British Consul at Nagasaki, Japan, for $£ 79-10$, being the amount hecessary to recoup him for expenses incurred in connection with the reliof of certain seamen of the schooners "Carmolite," "Maria" and "Annie C. Moore" who were landed at Japan in a distressed condition, I would again call your attention to section 69 of Chap. 74, R.S.C., which provides for the payment of any reasonable expenses incurred in connection with the subsistence and transport back to Canala of any seamen who are natives of and residents in Canada, and who have been found in distress in any British possession or foreign country, and for none others.

As pointed out in my letter of the 27 th ult. a declaration of twelve months' residence in Canada does not meet the requirements of this section. As regards the Order in Council of December 14, 1869, which authorized the payment of expenses incurred in respect of distressed seamen who could make a declaration of this nature, I beg to point out that the section of the Act of Parliament which I have quoted deprives, in my opinion, the Order in Council of the force which it would otherwise have, and consequently the appropriation granted by Parliament for the relief of distressed seamen cannot be disbursed in accordance with its provisions.

I am, sir, your obedient servant,
J. La McDougall, A.G.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Ottawa, June 24, 1893.
Sir,—Referring to your letters of the 19th and 26 th ultimo, objecting to the payment of certain claims for the relief of distressed seamen, as you did not consider that the declarations of domicile attached to the claims met the requirements of section 69 , Chapter 74 of the Revised Statutes of Canada, I beg to inform you that the ActingMinister of Justice is of opinion that in view of the use of the words "Natives of and residents in Canada" in the section referred to, it is necessary, in order to entitle seamen to relief by Order in Council, that they should be not only residents of Canada but also born in Canada. I may observe, that when I framed this section, in conjunction with Mr. Montizambert it was not our intention to restrict the benefits of the Act in this manner, as there were many persons serving in the Canadian Merchant Marine, who are not natives of Canada but who are residents thereof, and such persons I consider, should be entitled to the benefits of the Act. In view of the difficulty which has been made, I presume that legislation will be required to amend the Act, but I am to suggest that in the meantime, in view of the fact that an agreement was entered into with Her Majesty's Government in 1869, and approved by Order in Council of the 14th of December, 1869, by which the Government of Canada agreed to pay the claims of the Board of Trade for seamen who made a declaration that they belonged to vessels registered in Canada, had shipped at a port in Canada, and had resided in Canada for a period of twelve months, and in view also of the fact that these claims have been recognized by you as Auditor and payment authorized for many years, whether it would not be advisable to sanction the payments until legislation can be effected.

I will be glad to hear from you at an early day, as to whether you approve of this suggestion.

I am, sir, your most obedient servant,
WM. SMITH, D.M.M.\&F.
The Auditor General.

Audit Office, Ottawa, May 26, 1893.
Sir,-_I beg to acknowledge receipt of your application of the 25 th instant for the issue of a sterling bill for $£ 102-5-8$ in favour of the Board of Trade, England, being the amount claimed for the relief of distressed seamen of the "Blanche," "Grace Butler,"
"Lion," " On Time," "Vesper," "Gondola," "James Roark" and "J. B. Harris," and to inform you that as the declarations of domicile attached do not meet the requirements of section 69 of Chap. 74, R. S. C., I am unable to authorize payment. I will, however, hold over the application until I receive your answer to my letter of the 19 th instant, relative to the payment of a similar claim made by the Acting British Consul at Japan.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Minister of Marine and Fisheries,<br>Ottawa, Canada, September 20, 1893.

My dear Mr. McDougall,-Referring to the correspondence which I find on file touching the payment of certain claims for the relief of distressed seamen, I desire to point out that by Order in Council of the 14th of December, 1869, an agreement was made with Her Majesty's Government, by which the Government of Canada agreed to pay the claims of the Board of Trade for seamen who made the declaration that they belonged to vessels registered in Canada, had shipped at a port in Canada, and had resided in Canada for a period of twelve months. Under the provisions of this Order, the claims made by the Board of Trade, duly supported by the Declarations, have been paid, without question by you up to the 19th of May last, when you objected to the claim made by the Acting British Consul at Japan, on the ground that you did not consider the declarations of domicile, attached to the claim, met the requirements of section 69 of Chapter 74, Revised Statutes of Canada, and since that date you have refused payment of all similar applications on the same grounds.

The question was submitted to the Department of Justice, and the Acting-Minister of Justice expressed the opinion that in order that seamen may be entitled to relief, it is necessary that they should be, not only residents of Canada, but also born in Canada. Under these circumstances, and as legislation would be required to meet the objections raised, I desire to suggest for your consideration whether the claims which have been paid for upwards of twenty years, on the production of the evidence required, should not continue to be so paid until the necessary legislation is procured.

Herewith is a statement of the claims which have been sent to you, and of which payment has not been authorized.

You will see that Parliament would, under the circumstances, cheerfully give the required sanction. I propose to ask for $i t$.

> Yours faithfully, CHARLES HIBBERT TUPPER.

## Audit Office, Ottawa, September 29, 1893.

Dear Sir Charles,-In reply to your letter of the 20th instant, respecting the claims for the relief of distressed seamen who are residents but not natives of Canada, I beg to state that, as suggested by you, the length of time during which the claims of a similar kind have passed without question, combined with the intention of the Government to introduce next session a Bill to amend the law, seems to justify me in passing the claims that are now in.

Respectfully yours,
J. L. McDOUGAIL, A.G.

Sir Charles Hibbert Tupper, Minister of Marine and Fisheries.

## Payments in connection with Str. "Lansdowne" requiring further Explanation.

Audit Office, Ottawa, November 13, 1893.

Sir,-I beg to bring to your notice the following vouchers, Nos. 10590, 10730, 10982 and 11325 , amounting to $\$ 1,278.29$, rendered by W. H. Knight for labour repairing the steamer "Lansdowne."

These vouchers are pay-lists containing upwards of twenty names each and in no case are they receipted by the persons in whose behalf the money was claimed. They are consequently in so far incomplete and I shall thank you to cause to be sent me the evidence you have received that the amounts appearing opposite the different names were disbursed as stated.

In connection with the certificate as to the receipt of articles purchased for the steamer "Lansdowne" I notice that Mr. Harding signs in all cases. For example,for meat and vegetables obtained from Isaac Durling at Halifax, and for groceries from W. C. McDonald at the same place, Mr. Harding certifies "duly authorized and received " by me." Unless Mr. Harding had personal knowledge that these commodities were received in the quantities for which charge has been made, he is not the proper officer to certify in this respect. The officer to do so is the person into whose charge the goods were delivered, and who consequently states what he knows from actual observation, and not what he has obtained from hearsay.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Marine and Fisheries, Ottawa, Jan. 23, 1891.

Sir,-Referring to your letter of the 13th November with reference to the pay-lists rendered by Mr. W. H. Knight of St. John for repairs to the "Lansdowne," and requesting to be informed whether the department has any evidence that the amounts against the respective names were disbursed, I am to inform you that the work performed under Mr. Knight's superintendence was for carpentering and caulking, and the wages paid was the port rate for mechanics of that class, and the charge is considered by the department as fair and just. The pay-lists are certified by Captain Dakin of the "Lansdowne" and by Mr. Harding, the agent of this department, which is a guarantee that the men employed received their wages

With reference to the provisions and groceries supplied the "Lansdowne" at Hali$\mathrm{fax}_{\mathrm{ax}}$ I am to inform you that the requisitions for these supplies were signed by Mr. Tremaine, an officer of this department in the Halifax agency, and the provisions according to the requisition are certified by Captain Dakin as received on board the ship. As the disbursements of the "Lansdowne" are kept by the St. John agent, the accounts for the goods were sent to him to be forwarded for payment.

I see no objection to Mr. Harding, our agent in St. John, who keeps the accounts of the "Lansdowne," certifying that the goods were received, and the prices fair and just, on these two documents, although he did not actually see the goods himself, as he has evidence from the certificate of our officer at Halifax that the goods were ordered and the certificate of the captain that they were received, and as to the prices, he can judge as well as any one whether they are fair and just.

I have the honour to be, sir, your obedient servant,

Audit Office, Ottawa, Jan. 29, 1894.
Sir,-I beg to acknowledge the receipt of your letter of the 23 rd inst. with reference to the pay-lists forwarded to the department by Mr. Knight of St. John for labour repairing the steamer "Lansdowne."

I am unable to agree with you that the certificate of your agent on the lists in question is a guarantee that the men whose names appear thereon received the sums set opposite their names. Let me call your attention to the certificate which you ask me to accept as a sufficient receipt for the disbursements made by Mr. Knight. The lists, as you are aware, contain the names of the men, the number of days worked, the rate per day and the amount to which each labourer is entitled, and at the end of the lists so made out Mr. Harding certifies "that the goods have been received by me and that the prices charged are according to contract." Now whatever this certificate may mean, appended to a labour pay-list, it certainly does not give any guarantee on the part of the signer that the various amounts on the list were disbursed as there represented.

It seems to me that the safest way in all cases is to obtain receipts for the amounts paid. This may entail trouble and inconvenience in some instances, but such cases are unavoidable under any arrangements for the general good.

As regards the certificate of Mr. Harding for the receipt of goods purchased at Halifax and delivered there on board the steamer, I beg to point out that in the case of many articles Mr. Harding could have no personal knowledge of the delivery for which he certified. Take for example the groceries purchased from E. J. Lordly. How is Mr. Harding to know, in his office at St. John, what quantity of tea, sugar or codfish was actually delivered on board at Halifax, or whether the quality was in accordance with the price charged?

In my opinion, if this certificate as to receipt and price is to have any value, it must be signed by an officer who states what he knows from personal observation, and not by one who merely gives the evidence of hearsay.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Marine and Fisheries, Otrawa, Jan. 31, 1894.

Sir,-I have the honour to acknowledge receipt of your letter of the 29 th instant in regard to the matter of certificate given by our agent at St. John in regard to men employed on labour pay-lists, and in reply I am to inform you that to meet your views in the matter, I have notified our agents that it is necessary to have pay-lists in future signed by the men, and printed pay-lists have been forwarded for their use in the matter.

I have the honour to be, sir, your obedient servant,
WM. SMITH, D.M.M.\& F.
The Auditor General.

Audit Office, Ottawa, Nov. 11, 1893.
SIr,-I beg to call your attention to the certificate given by Mr. McElhinney of your department on the account rendered by James Elliott for repairs to the steamer "Lansdowne"-voucher 12191 for $\$ 549.36$.

Mr. McElhinney states that he has examined this account and that the iteme seem to have been done and the charges reasonable; but that "he can see no necessity for all "the work of replacing the old plating on the bottom at a heavy cost when the ship is " not required to go on ice."

I judge from the fact of the account having been referred to Mr. McElhinney that he is the officer of the department in immediate charge of such works as the account in

## Auditor General's Report, 1892-93.

fluestion covers, and consequently is in a measure responsible not only for the due perf.rmance of these works but for the recommendation on which they were undertaken by the department.

In view then of the certificate which I have quoted it seems to me that an explanation is necessary as to the recommendation under which the repairs paid for by cheque 1.191 were undertaken.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Ottawa, Nov. 21, 1893.
Sir,-I have the honour to acknowledge receipt of your letter of the 11 th instant calling attention to the certificate given by Captain McElhinney on the account rendered by James Elliott for repairs to the steamer "Lansdowne" for $\$ 549.36$.

On referring to the duplicate voucher, I find that the account in question was certified to by Captain Dakin, at that time master of the "Lansdowne," and Mr. Harding, agent of this department, under whose supervision the repairs in question were carried out, and I ain to inform you that Captain McElhinney was not in immediate charge of the work in question, but as the account appeared large, it was referred to him for his opinion before payment was ordered.

I am also to inform you that in regard to the statement made by Captain McElhinney that he could see no necessity for all the work, dc., when the ship was not required to go on ice, that the work in question was done under the direction of Mr. Coker, Inspector of Hulls and formerly Lloyds' Surveyor, an officer of this department resident at St. John, and as the vessel might be required to go on ice, if any accident should at at any time happen to the winter steamer "Stanley," the department considers that the replacing of the old plating on the bottom, was not an unnecessary work.

I have the honour to be, sir, your obedient servant, WM. SMITH, D.M.M. \& $F$.
The Auditor General.

## Payments in connection with Str. "Newfield" for which further explanation is required.

## Audit Office, Ottawa, November 14, 1893.

Sir,-I beg to bring to your notice the following vouchers sent me in support of expenditure made during last year in connection with the steamer "Newfield":-

Voucher 10,419: This is a pay-list for services from April 3 to 10, amounting to $\$ 224.25$, the signatures on which are apparently written by the same person. James Doody is paid as first officer at the rate of $\$ 2.50$ a day, though J. H. Campbell was paid in a similar capacity for the full month. You will also notice by voucher 10257 that C. C. Heeschen was paid for four days in March as first officer, Mr. Campbell receiving full pay for that month as well.

In connection with the payments to J. C. Mackintosh and W. L. Lowell \& Co. on the order of A. B. Crosby written across the face of vouchers 10062, 10071 and 10171 , I beg to call your attention to the Order in Council of February 1st, 1870 , and to point out that the department should not have recognized the order of Mr. Crosby unless it was made out in the form therein prescribed.

On vouchers 12384, 12382 and 13262 the certificate "duly authorized and re-
/ ceived by me" is signed "H. W. Johnstone per Tremaine." As pointed out in my letter of yesterday's date in reference to expenditure for the "Lansdowne" the proper officer to sign in this respect is the person to whom the goods in question were delivered and who is responsible for their safe keeping.

The items which make up the amount paid McDonald \& Co. for travel of men, $\$ 27.77$-see voucher 7121-should be given.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Ottana, December 5, 1893.
Sir,-I have to acknowledge receipt of your letter of 14th ultimo calling altention of the department to pay-list of the "Newfield" voucher 10,419 for services from April 3rd to 10 th amounting to $\$ 224.25$; and in reply I am to inform you that on the 3rd April the "Newfield" was put in commission temporarily to attend to some urgent buoy work. Capt. Atkins was very ill at the time, and unable to go in the ship. Mr. Campbell the first officer took command of the vessel for the trip, and Mr. Doody was engaged as first officer at $\$ 2.50$ per day.

I have the honour to be, sir, your obedient servant The Auditor General.

WM. SMITH, D.M.M. \& F.

## Payments in connection with Str. "Stanley" for which further explanation is required.

Audit Office, Ottawa, November 17, 1893.
SIR,-With reference to the expenditure in connection with the steamer "Stanley" during the last six months of the fiscal year 1892-93, I beg to call your attention to the following vouchers sent me in support of the payments to which they relate :-Vouchers 9120,10436 and 10571 are labour pay-lists rendered by J. R. Macdonald, but are not receipted in any case by the persons to whom it is claimed thereon the money was due.

Vouchers 7403, 7404, 8389, 8719, 10044, 10301 and 10830, amounting in all to $\$ 4,702.55$, are in support of disbursements by the department's agents at Pictou, Messrs. Noonan \& Davies, for coal, labour and freight. I find that coal to the quantity of $1,121 \frac{1}{4}$ tons was obtained from the Acadia Coal Co. of which Messrs. Noonan \& Davies are also the agents; and it seems to me that in view of the financial connection they thus have with the Company, they can hardly be recognized as in a position to give an impartial certificate in regard to the reasonableness of the price, the quality of the coal delivered or the quantity that may be required from time to time. There are no vouchers sent me from the Acadia Coal Co.,-merely memoranda by Noonan \& Davies showing the quantity received and the amount due thereon. From the freight bills rendered by the I.C.R. I find that freight was paid on $1,203 \frac{1}{3}$ tons of coal, (allowing $2,000 \mathrm{lbs}$. to the ton) and ten additional car loads, the bills for which do not specify the quantity carried, during the period covered by the vouchers to which I am calling your attention. For the same period it appears from the memoranda of Noonan \& Davies that only $1,232 \frac{1}{4}$ tons were delivered to the "Stanley" and paid for by the Government. The amount paid for 75 tons of this quantity was afterwards refunded as having been returned. I should like to have your explanation of the apparent discrepancy in the quantity of coal as shown by the accounts of Noonan \& Davies and by the freight bills of the I. C. R.

With reference to the payments made for labour, I beg to point out that the vouchers sent me do not bear any evidence that the amounts given thereon opposite the names of the various persons were disbursed as represented. Voucher 7568 from the Pictou Iron Foundry and Manufacturing Co. supports a payment of $\$ 100$ for amount withheld on bunker on steamer "Stanley." Please let me know the account on which this amount was withheld.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

Marine and Fisheries, Ottawa, January 9, 1894.
Sir,_Referring to your letter of the 17 th of November last, with reference to the expenditure in connection with the steamer "Stanley" during the last six months of the fiscal year 1892-93, I am to inform you that vouchers 9120 , 10436 and 10571 are for labour performed by the hour in discharging and loading freight.

The class of men who do this work is generally illiterate, but the department has. sufficient confidence in Mr. Lord, the Agent, Mr. Joseph R. Macdonald, the Sub-Agent, and also Mr. D. D. Ryan, the Purser of the "Stanley," who have individually certified the pay-lists, as a sufficient guarantee that the men mentioned received their wages. It is not usual in business to get receipted pay-lists for work of this kind, and the interested party would soon write to the department if he was not paid.

With reference to the vouchers in support of disbursements by Messrs. Noonan \& Davies, for coal, labour and freight, I inclose herewith coal bills of the Acadia Coal Company for the coal supplied the "Stanley" during the months covered by the vouchers, $\mathrm{Viz}_{2}$ :-December, 1892, and January, February, March and April, 1893, which correspond with the quantity charged by Messrs. Noonan \& Davies. The Intercolonial Railway furnishes our agents at Pictou with bill of freight on every car load that comes to them from the mines, but the weight of coal mentioned in such bill is not supposed to be the exact quantity, as a lump weight is given for the purpose of freight in round numbers.

The labour account of Messrs. Noonan \& Davies is the same as that of Mr. Joseph R. Macdonald of Georgetown, and for the reasons above stated it is not deemed necessary to ask labourers who work by the hour for a receipt.

Voucher 7568 which supports a payment of $\$ 100$, in favour of the Pictou Iron Foundry, was the balance due for repairs to bunkers of steamer "Stanley," the connecting voucher being 5574 of 1889-90.

I am, sir, your obedient servant,
WM. SMITH, D.M.M. \&F.
The Auditor General.

## Temporary Clerks paid for Technical Services.

Audit Office, Ottawa, November 30, 1893.
SIr,-I beg to ask for explanation of the payments made to R. G. Davis and John
S. Mackay, both of whom were employed in the department during a portion of last year in connection with the Registration of Shipping and paid from the vote for that service at the rate of $\$ 1.50$ and $\$ 2$ per diem respectively.

The vouchers sent me in support of these payments do not indicate that the services rendered were technical and of such a nature as to call for special qualifications, as should be the case to warrant a higher rate of payment than that of the initial salary of a third-class clerk.

Please let me have your explanation also of the payment of two months' board allowance, amounting to $\$ 44$, to H. J. McHugh from the same vote.

I am, sir, your obedient servant,
J. L. McDOÚGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Ottawa, Dec. 4, 1893.
Sir,-I have the honour to acknowledge receipt of your letter of the 30th ultimo, regarding the payment of R. G. Davis and John S. Mackay for work performed in connection with the Registration of Shipping, and, in reply, I have to inform you that the men in question were employed in connection with the preparation of the List of Shipping which is published every three years, and for which special provisions is made in
the Estimates. The work in question requires the services of careful and experienced men; and, as none of the regular staff in the department could be detached for the service, it was necessary to employ men who were competent, and the department was satisfied that Messrs. Davis and Mackay were well suited for the work, when it engaged them. With reference to the matter of board allowance to $\mathrm{H} . \mathrm{J} . \mathrm{McHugh}$ from the same vote, I beg to inform you that Mr. McHugh, who is the Superintendent of the Signal Service at Quebec, was brought up from Quebec and employed in the work of revising and assisting in the preparation of the Shipping Lists, and on that account his board bill is charged to the vote in question.

I am, sir, your obedient servant,
WM. SMITH, D.M.M. \& F.
The Auditor General.

## Salaries paid before the date on which they became due.

Marine and Fisheries, Ottawa, December 1, 1893.
Sir,-In reply to your letter of 22nd ultimo, asking why the, salaries of Overseer Migneault and Duberger were paid in May, when they were not due until 30th June.

I beg to explain that these officers leave for the North shore in May, and instead of making an advance to meet their travelling expenses, their salaries for the June quarter are paid in May. This has been customary with the department for some years and no objection has been made by the Audit Office.

I am, sir, your obedient servant, WM. SMITH, D. M. M. \& F.
The Auditor General.

## Expenditure for Tidal Service.

Audit Office, Ottawa, December 5, 1893.
Sir,-I beg to bring to your notice the following vouchers sent me in support of the expenditure made during last year for Tidal service, and to call your attention to the absence therefrom of the certificate required by section 33 of the Audit Act:-

Nos. 7327, 8705, 8707, 10150, 11024, 11027, 11150, 13203, 13204, 13205.
These vouchers and some others, when certified at all, are merely marked "correct" over the signature of Mr. Carpmael or Captain Douglas.

I notice that the vouchers in connection with this appropriation (Tidal Observations) are in some instances certified by Mr. Carpmael, and in others by either Mr. Gregory or Captain Douglas. In one or two instances Mr. Anderson certifies.

I should like in connection with these different signatures to repeat that the proper officer to certify as to the receipt of any articles for which payment is asked from the department is the one who has personal knowledge of the facts for which he vouches.

Voucher 13309 for $\$ 131.15$ is a copy of the original account and is not properly certified.

Captain Douglas does not furnish the hotel bill for a charge of $\$ 90$ for one month's board, made by him in voucher 14013. The amount of this voucher, $\$ 169$, was paid, though there was outstanding to his debit at the time advances to the amount of $\$ 695$. Has this sum been yet accounted for?

I am, sir, your obedient servant,
J. L. McDOUGALL, $A . G$.

The Deputy Minister of Marine and Fisheries.

## Auditor General's Report, 189\%-93.

Marine and Fisheries, Ottawa, Dec. 30, 1893.
Sir,-I have to acknowledge receipt of your letter of 5th instant, with reference to voúchers sent you in support of expenditure made during last year for Tidal service ; and in reply, I am to inform you that the work of erecting Tide gauges, dc., was under the superintendence of Captain Bloomfield Douglas, R.N.R., who was not sufficiently acquainted with the requirements of the Audit Act, to append the certificate required, but simply marked the vouchers correct. The Tide gauges were made under an agreement with Messrs. Beattray \& Thompson of St. John, and the prices charged are according to contract.

I may say that in future the work in connection with Tidal Survey will be under the control of Mr. W. Bell Dawson, C.E., and whose certificate alone will be appended to all vouchers.

I inclose you certified account of Captain Douglas's board bill in St. John, voucher 14013, and to inform you that a detailed statement of the $\$ 695$ advanced Captain Douglas on account of Tidal work, has been received by the department, and will be forwarded you in due course.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D. M. M. \& F.

## Incomplete Vouchers in connection with Expenditure for Construction of Lights.

Audit Office, Ottawa, Dec. 13, 1893.
Sir,-I beg to bring to your notice the following vouchers sent me in support of the payments to which they refer in connection with the construction of lighthouses for the year 1892-93.

The accounts rendered by Messrs. Cox, Fraser, Baine, Bristow, Burpee and Campbell, who were employed during the year in the capacity of temporary clerks at the department, do not bear the necessary evidence that the service rendered was technical and required special qualifications. A certificate of this hature should have been given on each voucher as the clerks named were, in each instance, paid at a higher rate than the initial salary of a third-class clerk.

The vouchers Nos. 5276,1562 and 1502 sent me in support of payments to the amount of $\$ 4,080.60$ to E . Chanteloup for lanterns for various lights are certified by Mr . Anderson that the accounts are correct and prices according to contract. There is no evidence given that the lanterns were received in good order at the respective destinations. Please let me have the contract under which the goods in question were purchased.

The judgment of the Exchequer Court quoted in support of a payment of $\$ 693.05$ to A. J. Dixon by cheque 5360 should be sent me.

A payment of $\$ 1,200$ was made to Martin Fader by cheque 4097 in support of which no evidence has been sent me as to the performance of the work or the fairness of the price.

Vouchers 1812, 4856, 181, 608, 899, 2867, 5420, 10143, 10420, 4781, 5005, 6954 , for payments under contracts to several persons are not certified as required by law. There is no evidence that work proportionate to the amount paid in each case was performed at the time the cheque issued from the department. It seems to me only reasonable that before making any payment on a contract the Department should have evidence from some responsible officer having personal knowledge of the work in question, that sufficient progress had been made to justify the amount granted. This certificate should be attached to the contractor's application and sent to this office as a voucher in due course.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

# Placing portion of an Appropriation to the Special Credit of the Department. 

Audit Office, Ottawa, January 18, 1894.
SIR,-I beg to bring to your notice cheque 13750 for $\$ 709.42$ issued in favour of the Bank of Montreal for special deposit to the credit of the Department of Marine. This amount, it appears was, at the date of the issue of the cheque, the unexpected portion of an appropriation for 1892-93 to provide two prizes for model, \&c., for an improved fishing vessel.

Of course you understand that the appropriation in question was available for the purpose stated, up to July 31, 1893, if earned within the tinancial year ; but if not the amount remaining to the credit of the appropriation should have been treated as an unexpended balance. I am not aware of any authority to justify the course taken in placing the amount to the special credit of the department, and I should be glad to have further explanation in reference thereto. Is this sum, $\$ 709.42$, still in the bank to your credit?

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Ottawa, January 23, 1894.
Sir,-In answer to your letter of the 18th instant, I beg to state that the unexpended balance of $\$ 709.42$ was converted into a special deposit so that the purpose for which it was voted could be carried out.

The vote in question was to pay for prizes for models of fishing schooners. These models were executed and delivered to the department some months before the close of the fiscal year, but the prizes were only awarded later.

The amount paid so far is :-

| David Lynch, travelling expenses inspe | \$ 4100 |
| :---: | :---: |
| 1st prize, R. McLeod. | 40000 |
| 2nd prize, M. L. Oliver | 20000 |
|  | \$ 64100 |
| The balance now in the bank is | 6842 |

As soon as some small advertising bills also incurred previous to 1st July are paid the balance and interest will be deposited to credit of Receiver General.

I am, sir, your obedient servant,
WM. SMITH, D. M. M. \& F.
The Auditor General.

## Audit Orfice, Ottawa, January 29, 1894.

Sir,-I have the honour to acknowledge the receipt of your letter of the 23 rd inst. in explanation of the disposition which you made by cheque 13750 of the amount remaining to the credit of the vote for "Prizes for models of fishing vessels, \&c.," at the end of the fiscal year 1892-93, in which you state that the amount in question was placed to a special deposit so that the purpose for which it was voted could be carried out.

In connection with this mode of procedure in regard to appropriations not wholly expended at the end of the fiscal year, I beg to point out that to my mind it is not only a very injurious one and capable of producing serious results if allowed to prevail, but is also clearly illegal.

There are explicit laws laid down within which the duly authorized officers of the Government entrusted with the expenditure of public money must act, and it is in

## Auditor General's Report, 1892-93.

accordance with these laws and subject to such restrictions as they impose that the Parliamentary appropriations should be disbursed by the varinus officers entrusted with this duty under Letters of Credit. Now one of the restrictions to which I refer provides that the appropriations for any year lapse at the end of that year-June 30unless otherwise directed by the Governor in Council, to whom the power has been given to extend the period during which cheques may be issued not more than three months. But if at the end of the period thus extended there remain appropriations not Wholly exhausted, the unexpended portions must be treated as balances which have passed from executive control and consequently not any longer available for the purposes for which they were voted. I know of no law or recognized custom to justify a spending department in departing from this course. If such sums might be disposed of as has been done in the present instance there would be nothing to prevent all the departments following a similar course, and thus systematically evading the laws.

As the irregularity cannot now be removed, the money having been expended, it will be necessary for me to refer the matter to the Treasury Buard.

I am, sir, your obedient servant,

J. L. McDOUGALL, a.G.

II he Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Ottawa, January 31, 1894.
My dear Mr. McDougall,-I have just received your letter of the 29th instant in further reference to the action of the department in making a special deposit of an amount voted for payment of Awards for Models of Fishing Vessels. I quite agree with the observations you have made in regard to the danger as a general thing of pursuing the course taken in this instance, and every care will be taken in the future to deal with ${ }^{\text {app }}$ propriations in the manner indicated in your letter. I may, however, say there was a strong objection to allowing the vote for the Model Awards to lapse, and thus making it necessary to apply to Parliament for a revote, and had not the money been dealt with by special deposit it would certainly have been lost as we were not in a position to pay the awards until after the three months allowed by the Act had expired, and we would have been obliged to defer the matter of payment until Parliament had met and a revote had been taken. I may also say that the models had been received and held by the department for several months, and the parties were expecting to receive the money as soon as the awards had been made, and delay in this particular instance would have given dissatisfaction, I do not think that in this instance the public interest has suffered in any degree, and I may say that the balance of the vote with interest has been paid to the credit of the Receiver General. You may rest assured that I am always most andious to meet your views in every possible way.

Out of the balance deposited to the credit of the Receiver General this day, viz., $\$ 77.90$, $\$ 11.20$ is for interest which had accrued, while the amount was under special departmental deposit, bearing interest. I have submitted your letter to the Minister of Marine and Fisheries, and he quite agrees with the views expressed by you on this subject, and has directed that in future no such counse is to be adopted, as was adopted in this case.

The Auditor General.
I am, sir, your most obedient servant, WM. SMITH, D.M.M. \&F.

## Payment of Daily Allowance while on board Steamers.

## Audit Office, Ottawa, January 19, 1894.

Sir,-I find on examination of the account rendered by Mr. Joseph Pope for travelling expenses in connection with the Behring Sea Arbitration at Paris, that he has been allowed payment for living expenses at the rate of $\$ 10$ per day while on board the ocean steamers on boti the outward and return voyages.

In connection with this matter I beg to call your attention to the correspondence which took place between this office and the Departments of Justice and Finance with reference to similar payments some time ago. See pages B-91 and 92, Report of 1890, and B-109 and 110 of 1891 .

I may say in regard to this correspondence, that I still hold the same opinion as to the legality of payments of this nature.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Audit Office, Ottawa, January 19, 1894.

Sir,-I find on examination of your account for travel and disbursements in connection with the Behring Sea Arbitration at Paris, that payment has been allowed you at the rate of $\$ 10$ a day for living expenses during the whole time you were absent from Canada, including the periods of the ocean voyage, on the outward and return trips.

In connection with this matter I beg to bring to your notice the correspondence which took place between this office and the Departments of Justice and Finance sometime ago in regard to similar payments. See pages B-91 and 92, Report of 1890, and B-109 and 110 of 1891 .

I may say in regard to the objection I then raised as to the legality of payments of this nature, that I am still of the same opinion.

I am, sir, your obedient servant,
J. L. McDOUGALL, $A . i^{\prime}$.

Douglas Stewart, Esq.,
Private Secretary to Sir John Thompson.

Marine and Fisheries, Ottawa, January 20, 1894.
Sir,-1 have to acknowledge receipt of your letter of the 19 th instant, respecting the account of Mr. Joseph Pope for travelling expenses in connection with the Behring Sea Arbitration at Paris.

You point out that he has been allowed payment for living expenses at the rate of $\$ 10$ per day while on board the ocean steamers on both the outward and return voyages.

I desire to say in reply that the account of Mr. Pope for travelling expenses in connection with the Behring Sea Arbitration at Paris was, in the first instance, made out without this charge. After the account had reached your office it appears that Mr. Kearns, one of your officers, expressed his surprise to the accountant of this department that the per diem allowance had not been charged for the days at sea, and called his attention to the fact that other officers on similar occasions had charged and been allowed this amount.

The accountant laid this subject before the Minister, and supposing this to be the general practice, the Minister gave authority for this charge.

If the information given by your officer is not correct, and this practice does not obtain, I am desired by the Minister to say that although he has not communicated the subject of your letter to Mr. Pope, he has not the slightest doubt that Mr. Pope will refund the amount in question without demur.
[ am, sir, your obedient servant,

## Auditor General's Report, 1892-93.

Audit Office, Ottawa, January 23, 1894.
Sir,--I have the honour to acknowledge the receipt of your letter of the 20th instant in which your intimate that it was owing to the fact that Mr. Kearns of this office expressed surprise to the accountant of your department at the absence of a charge for the daily allowance for living expenses while at sea, in the account of Mr. Joseph Pope, for travel in connection with the Behring Sea Arbitration, that such a charge was allowed in a subsequent account from Mr. Pope.

Mr. Kearns informs me that on one occasion when in the accountant's office on business, he incidentally referred to the absence of the charge in question and stated that Mr. Pope's account in this particular was in accordance with my views. Shortly afterwards one of the clerks of the Account Branch applied to him for Mr. Pope's account, saying that both yourself and the Minister had agreed that the charge for the days at sea was a legitimate one under the terms of the Order in Council which authorized the payment of $\$ 10$ per diem for living expenses to Mr. Pope " while absent from Canada." Mr. Kearns informs me that he thereupon explicitly stated that the Auditor General held a different opinion on this matter, and called the attention of both the accountant and the clerk who personally applied for Mr. Pope's first account to the correspondence to which I referred you in my letter of the 19th instant. This statement of the case is in accordance with Mr. Kearns's subsequent actions, as it was he who called my attention to the charge as being contrary to my rulings on similar cases in the past.

The objection which I have raised to the payment of the daily allowance to travellers while on board steamers on which the living expenses are included in the amount paid for the passage, is based on the fact that the allowance in such cases is practically an increase of salary or a gratuity, and this objection has not been overruled by the competent authority.

I am, sir, your obedient servant, J. L. McDOUGALL, a. $G$.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Otrawa, Feb. 2, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 23rd ultimo in reference to the matter of charge of living expenses at sea, made in the account of Mr. Joseph Pope, and in reply I am to inform you that the account given by Mr. Kearns of the interview held by him with the accountant of this department does not quite agree with that given by the accountant. I have, however, in the meantime informed Mr. Pope that in view of the objection raised by you, the Minister of Marine and Fisheries is of opinion that he should refund the amount charged for subsistence while on board steamer.

> I am, sir, your obedient servant,

The Auditor General.
WM. SMITH, D.M.M.\& F.

Marine and Fisheries, Ottana, Feb. 8, 1894.
Sir,-Referring to your letter of Jan. 23 and mine of Feb. 2, Y have to call your attention to Mr. Pope's reply to a letter addressed to him upon the subject of his travelling expenses. The Minister of Marine and Fisheries desires me at the same time to point out that I had not exactly caught his opinion as conveyed to you. Under the circumstances detailed in your letter, he meant to say he had no doubt that Mr. Pope would as requested refund the amount in question.

Mr. Pope's letter of Feb. 6 places, as you will observe, the matter in a wholly different light, and in view of it, the Minister does not propose to press Mr. Pope further.

I am, sir, your obedient servant,

Ottawa, Feb. 6, 1894.
Sir,-I have the honour to acknowledge the receipt of your favour of the 2nd instant, calling my attention to the fact that the Auditor General has taken exception to the payment made to me for living allowance during the time I was at sea ; informing me that the Minister of Marine and Fisheries is of opinion that in view of the Auditor's objection, I should refund this amount, and requesting me to refund it accordingly.

While as a matter of course I am prepared to carry out the wishes of Sir Charles Hibbert Tupper, I take the liberty of first asking you to bring to the Minister's attention the following facts:-

1. The Auditor's objection is made on the ground that such payment is contrary to the provisions of the general Order in Council regulating travelling allowances.
2. The particular Order in Council fixing my allowance declares that I shall be paid the sum of $\$ 10$ per day " while absent from Canada on the aforesaid mission."
3. The Deputy Minister of Justice, at a period subsequent to the date of the general Order in Council, has given the opinion that in so far as particular Orders in Council differ from general Orders in Council, "the former, and not the latter, are to be considered as the authority for the expenditure."
4. Mr. Sedgewick, when on an official visit to England in 1888, was paid his allowance for the 16 days spent at sea under authority of an Order in Council, the crucial words of which are indentical with those employed in mine.
5. In 1890 Mr . Courtney, the Deputy Minister of Finance, was similarly paid for the 15 days he spent on board ship. The Auditor General objected to the payment, the matter was referred to the Department of Justice for opinion as to the legality of the charge. That opinion was given as above quoted.
6. Mr. Douglas Stewart, the Prime Minister's secretary, received his allowance for the time spent at sea, while on the same mission as that on which I was employed.
7. None of the above named gentlemen have refunded these payments so made to them, and, as a matter of fact, the general question at issue has never been decided by the Treasury Board.

I have the honour to be, sir, your obedient servant,
JOSEPH POPE.
Wm. Smith, Esq.,
Deputy Minister of Marine and Fisheries.

## Advances not accounted for.

Audit Office, Ottawa, January 22, 1894.
Sir,-I find that the sum of $\$ 1,250$ was advanced Mr. A. L. Belyea last year from the vote for "Expenses in connection with Behring Sea matters" for legal services. The only vouchers sent me in support of this amount are the paid drafts drawn by your agent at British Columbia on the department.

No account has been sent me for $\$ 400$ paid the Department of Justice by cheque 7155.

I shall be glad if you will cause the necessary vouchers in both these cases to be sent me.

I am, sir, your obedient servant,
J. L. McDOUGALL, a.g.

The Deputy Minister Marine and Fisheries.

Marine and Fisheries, Ottawa, February $5,1894$.
Sir,-In answer to your letter of the 22nd ultimo, in connection with the advances made to Mr. A. L. Belyea, I beg to state that the agent of this department at Victoria, B.C., was instructed to advance him amounts, from time to time, to secure evidence in British Columbia on the Behring Sea arbitration case.

When the advances reached the sum of $\$ 1,250$ the agent was instructed, on December 29, 1892, to make no further advances to Mr. Belyea and to send the account in detail. Mr. Belyea was also written to on the same day to forward his account through the agent of this department at Victoria, and on January 17, 1893, his attention was called to the letter of December 29 and the favour of an immediate reply was asked. The account when received on August 10, 1893, amounted to $\$ 2,122.40$. It was referred to the Department of Justice, and the Minister of Marine and Fisheries subsequently directed that no further payment be made to Mr. Belyea, but that he be left to adopt such remedies as he may think fit so far as the balance of his account is concerned.

As to the amount of $\$ 400$ paid the Department of Justice by cheque 7155 , this was a retainer paid to Sir J. S. Winter, Q.C., in connection with the license money exacted from the Canadian fishermen by the Newfoundland Government, and the Department of Justice has been requested to obtain a bill of particulars.

I am, sir, your obedient servant,
WM. SMITH, D.M.M. \& F.
The Auditor General.

## Travelling Expenses-Mr. J. M. Macoun.

Audit Office, Ottawa, January 27, 1894.
Sir,-With reference to the account furnished by Mr. Macoun for advances made him to the amount of $\$ 1,700$ in connection with Behring Sea matters, I beg to inform you that I have not received the authority of the Governor in Council for the charge Which he makes of $\$ 7.25$ daily allowance for living expenses from May 25 to October 22, 1892. It appears from a letter written by Mr. Macoun to the Minister, Sir C. H. Tupper, under date December 27, 1892, that the sum of $\$ 7.25$ for living expenses is required by him not for his own personal living, but as a means of recouping himself for certain expenditure which he found it was necessary to make at Victoria and Behring Sea in order to secure information which it was deemed advisable to obtain.

Now it seems to me that the amount of a daily allowance for living expenses should not be determined by such yague approximations. If Mr. Macoun has been called upon to make unusual expenditure in entertaining persons with whom he was transacting Government business he should show the requisite authority, received before the expenditure was made, and give details of the expenditure.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Certificate on Pay-lists.

Audit Office, Ottawa, June 26, 1893.
Sir,-I notice that your pay-lists of temporary employees for the months of July, August and September last, bear the certificates prescribed by Treasury Minute of Oct. 2, 1891, with the following words introduced: "to the best of my knowledge and belief." The use of these words in your certificate is unauthorized and contrary to the Treasury Minute referred to. Your pay-lists for October and succeeding months bear no certificates whatever as to attendance. Although temporary employees are by Order in Council of Oct. 20, 1892, allowed sick leave and holidays under certain restrictions, still this does not do away with the necessity of the certificate as to attendance, which is still required. In giving this certificate it will be necessary to specify any days of absence, as well as the exact nature of absence, whether on account of sick leave or of annual leave.

I return the pay-lists herewith and would ask you to add the proper certificates.
I would also ask if all these temporary employees are employed under Order in Council, and have to request that you will ask the Clerk of the Privy Council to send me copies of all Orders in Council referring to the employment of the said temporary employees.

I am, sir, your obedient servant
J. L. McDOUGALL, $A . G$.

The Director, Geological Survey.

Geological Survey, Ottawa, July 10, 1893.
Sir,-_I beg to acknowledge the receipt of your letter of June 26 with reference to the pay-lists of the temporary employees of this department.

I return you the lists herewith with the required certificates thereon.
On the 25th June I sent a requisition to the Clerk of the Privy Council asking that you might be furnished with a copy of the Order in Council dated 1st October, 1892, referring to the employment of these employees.

I am, sir, your obedient servant,
J. F. WHITEAVES, Acting Director.

The Auditor General.

Audit Office, Ottawa, July 17, 1893.
Sir,-I beg to acknowledge receipt of your letter of 10 th inst., returning the pay-lists of the temporary employees of your department with, as you say, "the required certificates thereon." I notice, however, that in every case the certificate has the nugatory clause "to the best of my knowledge and belief " introduced, to which I specifically took objection in my letter of June 26.

The prescribed certificate should be signed by an officer who is able to positively certify as to the attendance. I see no reason why the attendance of the employees in the Department cannot be accurately determined from the attendance book. In the case of any who may be absent from Ottawa on surveys or on other official business, the certificate should be given by the officer in direct charge of that particular branch of the work.

It appears to me as very improbable that no one of your temporary staff should have lost a single day either on account of sick leave, or for other reasons, between Oct. 1 last and June 30. Indeed I understand that one at least of your employees was absent for a considerable time on account of sickness during the latter part of the winter.

Again, if all the temporary staff have been present every day, how does it happen that some of them have not signed the pay-lists, as for instance, Mr. L. L. Brophy, who did not sign the regular pay-list for April but gave a separate receipt dated May 8.

## Auditor General's Report, 1892-93.

I am again returning the pay-lists to you for the proper certificate, stating any days of absence from duty at Ottawa, with the cause of such absence.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Director, Geological Survey.

## Audit Office, Ottawa, August 24, 1893.

Sir,-I beg to acknowledge receipt of your letter of credit statement and vouchers for the month of July.

I observe that you still retain the certificate to which I have already several times taken objection, on account of the interpolation of the words "to the best of my knowledge and belief," which totally destroys the value of the certificate. The certificate in question which states that all of the employees whose names appear on the pay-list have been in attendance at their respective duties every day except Sunday during the month, is still further nullified by the statement which accompanies it, of days of absence of members of the temporary staff, from which it would appear that nine of the temporary employees have been absent during the month for periods ranging from half a day to seventeen days and a half.

Among the absentees during the month I notice the name of Matthew Esdale, your carpenter, who appears to have been absent from the 7 th to the 15 th inclusive, or eight week days in all. Mr. Esdale, who is paid only for week days, is not entitled to either sick leave or annual leave, as the last clause of the Order in Council of Oct. 20, 1892, granting leave of absence to temporary employees restricts the operation of the regulation regarding leave to supernumerary and temporary clerks employed under section 47 of the Civil Service Act, and to temporary messengers and professional and technical officers. Please see that Mr. Esdale's pay for the eight days, amounting to twenty dollars, is deducted from his wages for the current month.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Director, Geological Survey.

## Employment of Temporary Clerks.

Audit Office, Ottawa, July 13, 1893.
Sir,-I have received from the Clerk of the Privy Council a copy of the Order in Council of Oct. 1, 1892, authorizing the employment and fixing the rate of pay of the temporary employees of the Geological Department. I find, however, that the following whose names do not appear in the Order in Council referred to have been employed continuously since the dates specified below:-
P. H. Selwyn, from Dec. 7 at $\$ 2$ per diem.
M. Fraser, from January 16 at $\$ 400$ per annum.
H. Cameron, from April 1 at $\$ 2$ per diem.

Kindly inform me if you have obtained Orders in Council for the employment of these clerks.

I am, sir, your obedient servant,

Geological Survey, Ottawa, July 21, 1893.
Sir,- In reply to your letter of the 13 th, I beg to state that so far as I am aware no Order in Council was issued for the employment to June 30 of the three clerks named.

They were placed on the temporary staff of this department by order of the Honourable the Minister of the Interior, and are employed this year (1893-94) under Order in Council dated June 29, 1893.

I am, sir, your obedient servant,
ALFRED R. C. SELYWN, Director.
The Auditor General.

The

Audit Office, Ottawa, July 24, 1893.
Sir,--I am in receipt of your letter of the 21st inst., stating that so far as you were aware, no Order in Council was issued for the employment to June 30 of the clerks named in my letter of the 13th inst.

An Order in Council of February 6 last requires "that in the case of all persons who are paid out of any vote, and who are employed at the seat of Government by any of the departments of the Government of Canada, the authority of an Order in Council be obtained for such employment beyond the first month's service." May I ask if you received a copy of this Order in Council?

In order to legalize the payments to these clerks it will be necessary to obtain an Order in Council authorizing their employment up to June 30.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

The Director, Geological Survey.

## Payment to N. D. Sellon by Prof. Bailey.

Audit Office, Otrawa, June 26, 1893.
SIR,-In September and October last I had a correspondence with you on the subject of the employment of N. D. Sellon by Prof. L. W. Bailey on his exploration of 1891. This correspondence will be found on pages D-14 and D- 15 of my report for 1891-92. The result was that Prof. Bailey refunded the amount of $\$ 45.75$ for an overpayment to Mr. Sellon of fifteen days' services.

I find by your May statement that a cheque (No. 1708) has been issued in favour of Prof. Bailey for $\$ 45.75$ for amount "refunded through error" in October last.

Kindly explain the circumstances under which this cheque was issued, as Prof. Bailey's letters of Sept. 26 and Oct. 3 would make it appear clearly that there had been an overpayment.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A. $G$.

The Director, Geological Survey.

Geological Survey, Ottawa, July 10, 1893.
Sir,-I beg to acknowledge the receipt of your letter of the 26 th June, $r e$ a payment of $\$ 45.75$ to Dr. L. W. Bailey. I inclose, herewith, a copy of a letter from Mr. N. D. Sellon to Dr. Bailey which explains the circumstances under which this payment was made.

I am, sir, your obedient servant,
J. F. WHITEAVES, Acting Director.

The Auditor General.

## (Copy.)

Liverpool, December 27, 1892.
.Dear Dr. Bailey,-After an absence of some months spent in P. E. Island, I have just returned to Liverpool, and find your letters of Sept. 27 and Oct. 4 awaiting me. I regret exceedingly that so much time has elapsed, and that you have been thus delayed in hearing from me, therefore hasten to let you know my whereabouts, \&c.

Relative to the balance $\$ 77.80$, I beg to say, that immediately on receipt of Govt. cheque, I wrote acknowledging same and directed you at Digby, and at a later date found this letter at the Fairview "Bridgewater" marked "not called for." I then re-directed to Fredericton, and supposed you had same in course of post. Also I am very sorry the moneyed mistake has occurred, particularly as the amount these hard times represents so much. I have looked into the matter carefully, and find from my memoranda, as per the inclosed account, which to me seems the work from July 22 to August 5 inclusive, fifteen days at $\$ 2$ and $\$ 1.05$ respectively in amount, $\$ 45.75$ was paid in full at that date, to date, August 5.

Continuing the work, my account shows a new departure with date August 7 to September 26, last three days being marked Yarmouth to Liverpool, and making the time 51 days, expense and bag added, balances contra account.

This is a duplicate, as taken from my book, and comparing with your summary statement shows a difference of $\$ 45.75$, which amount appears to me to represent the time from beginning of survey, July 22 to August 5, 15 days, payment charged, but the time, or contra account omitted.

This, my dear sir, I think on your investigation will show up right. Please let me hear from you at an early date.

Very respectfully yours,
N. D. SELLON.

N. D. S.

## Audit Office, Ottawa, July 20, 1893.

Sir,-I beg to acknowledge receipt of your letter, inclosing copy of a letter from Mr. N. D. Sellon to Dr. L. W. Bailey with reference to the number of days spent by him on Dr. Bailey's survey of 1891 . In this letter Mr. Sellon states that he was employed during the periods from July 22 to August 5 and also from August 7 to September 26.

Prof. Bailey in his letter of Sept. 26, 1892, states that Dr. Sellon was employed for 51 days only, viz., July 22 to August 5, August 8 to August 21 and September 1 to September 22. Again, in a letter dated October 3, 1892, Prof. Bailey distinctly states that Mr. Sellon was employed only 51 days in all and that in making a final settlement on September 22 the amounts paid Mr. Sellon on August 6 were overlooked.

In the absence of anything further on this subject from Dr. Bailey himself, in explanation of the discrepancy between his original statement and that of Mr. Sellon, it seems to me that his statement of the facts of the case as given in his letter of October 3, is the one that should be accepted, as no doubt it was compiled from the memoranda and accounts kept by him as head of that particular exploration.

> I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Geological Survey, Ottawa, July 21, 1893.
Sir,-I am in receipt of your communication of the 20th inst., and in reply thereto beg to inclose you, herewith, copy of a letter from Dr. Bailey, dated from Fredericton the 28th December, 1892, and explanatory of the payments made to his assistant, Mr. N. D. Sellon.

> I am, sir, your obedient servant,

ALFRED R. C. SELWYN, Deputy Head and Director.
The Auditor General.

Fredericton, December 28, 1892.
Dear Sir,_You will remember that not long since I returned to the Survey Office, the sum of $\$ 45.75$-a supposed error or overcharge in my accounts as paid to N. D. Sellon for 1891. I have just received from the latter (who has for several months been away from home) the accompanying statements, which seem to show that the accounts as originally submitted were correct except as regards the dates of service. In other words, the 51 days to which you referred in your letter of September 28, and which I stated was made up between July 22 and September 22, (with a break in August) were really made up from August 7 to September 26, and does not take into account the previous service from July 22 to August 5. The change of date from September 22 to 26 is due to the fact that I made my settlement with Mr. Sellon on the former date, and subsequently took this in making up the account, but as the settlement was made at Yarmouth and Mr. Sellon lives at Liverpool, four days were allowed him for driving back from the one place to the other, so making it the 26 th. I trust that the explanation here given will prove satisfactory, in which case I may also hope that the $\$ 45.75$ previously sent forward may be reimbursed.

I am, sincerely yours,

## L. W. BAILEY.

P.S.-I an very sorry to trouble you again in this matter, but if you can manage to have it readjusted (with the Auditor General as well as with the Survey) it will be a source of much satisfaction to Mr. Sellon as well as to myself.-L.W.B.

Audit Office, Ottawa, July 24, 1893.
Sir,- I beg to acknowledge receipt of your letter of the 21 st inst., inclosing copy of one from Dr. Bailey, with reference to the employment of Mr. N. D. Sellon during the summer of 1891.

In reply, I beg to say that Dr. Bailey's explanation is as yet not quite satisfactory regarding the following point:-In his letter of October 3, 1892, Dr. Bailey says: "Mr. N. D. Sellon entered upon service on July 22, and with the exception of a few "days in August, remained with me until September 22." According to his last statement, the only day missed in August was the 6th, instead of the 6th and 7th, and from the 22nd to the 31st inclusive.

Please get from Dr. Bailey an explanation of the filling up of these breaks.
I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

## Payment by H. Fletcher for Type-writing.

Audit Office, Ottawa, December 2, 1893.
Sir,-I notice from Mr. H. Fletcher's exploration account for the season of 1892, that on June 15 he paid the sum of $\$ 46.50$ for typewriting his report. This payment is not supported by any voucher. I have to ask for the name of the person receiving payment and also for a properly receipted account from him.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Director, Geological Survey.

## Stock Account of Instruments and Outft.

Audit Office, Ottawa, December 2, 1893.
SIR,-I beg to ask whether any account is kept in your Department of the instruments and outfit issued to your Surveyors when starting on their various explorations. Each Surveyor's account should be accompanied by a statement showing first the different articles taken away with him on his survey as well as the articles purchased, and showing secondly the disposal of these various articles at the close of the exploration.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. G.

The Director, Geological Survey.

Geolpgical Survey, Ottawa, December 6, 1893.
Sir,-In reply to your letter of December 2, I beg to say that the particulars of each Surveyor's outfit, instruments, \&c., are kept in the books of this Department. The cost of the purchase of these outfits is given in the accounts transmitted to your office.

I am, sir, your obedient servant,
ALFRED R. C. SELWYN, Director.
The Auditor General.

## No Answers received to Letters.

Audit Office, Ottawa, December 2, 1893.
Sir,-I beg to remind you that as yet I have received no answer to the following letters:-

July 17, 1893, re certificates on paylists.
July 24, 1893, ve employment of temporary clerks.
July 24, 1893, re payments by Dr. Bailey to N. D. Sellon, on account of services in 1891.

Kindly let me have replies to these letters at your earliest convenience.
I am, sir, your obedient servant,
J. L. McDOUGALL, A. G.

The Director, Geological Survey.

|  | 10700 |  |
|  | 90,173 52 |  |
|  | 90,280 52 | 90,280 52 |
| Interest. |  |  |
| Interest, 6 p.c. on $\$ 56,700,5$ p.c. on $\$ 41,800$; less 31 p.c. on $\$ 8,289.48$ (see note). $\cdots$. 97. |  | 5,201 87 |
| Salaries of teacher and physician, \$550; salaries of Indians, \$426.25............ | 97625 |  |
| Interest distributed, \$6,480.36 ; pensions, $\$ 81.25$; relief, $\$ 74.60 \ldots \ldots . .$. | 6,636 21 |  |
| Expenses of delegates to Ottawa, \$131.70; expenses attending council, \$67.50. | 19920 |  |
| Fencing cemetery, \$252; building bridge and culverts, \$35 | 28700 |  |
| Repairs and supplies for school and council house, \$94.31; road-work, \$26.46 | 12077 |  |
| Building verandah to mission house, \$101 ; painting church, \$21. | 12200 |  |
| Band instruments, $\$ 279$; printing, $\$ 12.10$; advertising, $\$ 10.50$. | 30160 |  |
| Prizes, \$55.72 ; medical attendance, \$18; wood, \$77. | 15072 |  |
| Burial expenses, s $^{584}$; stationery, 851.60 ; photographs, $\$ 30 . . . .$. | 13960 |  |
| Drawing gravel, \$24; services of Indians, \$20.45; drawing maps, \$10 | 5445 |  |
| Inspecting school, $\$ 15$; expenses of trial, $\$ 18.35$; trees, $\$ 10$. Over expenditure of interest money, charged against capital. . | 4335 |  |
|  | 9,031 15 | 9,031 15 |

Note.-I am of opinion that, instead of charging this band with interest at $3 \frac{1}{2}$ p.c. on the overdrawn interest moneys, this overdrawal should be taken out of the 5 p.c. capital ; this would make a difference in the interest of $1 \frac{1}{2}$ p.c. on $\$ 8,289.48$, or $\$ 124.39$.
J. L. McD.

## Indians-Consolidated and Trust Funds.

## Unexpended Appropriation for Removal of School-House.

Audit Office, Ottawa, December 26, 1893.
Sir,-Among the votes during the session of 1892, for Indians in Ontario, Quebec and the Maritime Provinces, I find one of $\$ 100$ for the removal of the Michipicoten Schoo'-house, to the Indian Reserve.

The total expenditure by you on account of schools charged against the Government school account is $\$ 27,425$, the full amount of moneys voted on account of schools. I can, however, find no item of expenditure corresponding to the above vote.

I am, sir, your obedient servant,
J. L. McDougall, a.g.

The Deputy Supt. General, Indian Affairs.

## Indian Dept. Otrawa, December 29, 1893.

Sir,-In reply to the inquiries made in your letter of the 26 th instant, respecting the item in the school appropriations, session of 1892, of $\$ 100$ for the removal of an Indian school-house from the Hudson's Bay Company's Post at Michipicoten to the Indian Reserve up the river, I have to inform you that the building was not removed last year as intended ; but the total amount of the school vote was expended for necessary school purposes, the special application of the above $\$ 100$ having been inadvertently overlooked.

Your obedient servant,
The Auditor General.
D. C. SCOTT, for D.S.G.I.A.

## Appropriation for Chiefs Cook and McGregor.

Audit Office, Ottana, December 26, 1893.
Sir,-Among the amounts voted by Parliament for expenditure during 1892-93, on account of the Indians of Ontario, Quebec and the Maritime Provinces, I notice an item : "Salaries, Chiefs Cook and McGregor, $\$ 100$." I find, however, from an examination of the payments, that the chiefs actually paid were Francis Decaire of the Gibson Band, and Chief McGregor of the Cape Croker Band. I suppose this has happened by the election of F. Decaire as chief instead of Angus Cook. The Estimates for the current year give the chiefs as Decaire and McGregor.

If it is the intention of the Government in making this vote to provide for the payment of chiefs for these bands who are elected by the Indians themselves, would it not be advisable to alter the wording of the vote so as to read :-
"To provide for the payment of Chiefs of the.Cape Croker and Gibson Bands."
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

Indian Dept., Otrawa, December 28, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 26 th inst., respecting the item "Salaries, Chiefs Cook and McGregor, $\$ 100$," voted by Parliament for expenditure in 1892-93 on account of Indians of Ontario, Quebec and the Maritime Provinces; and in reply I beg tq inform you that it is the intention of the Government in making this vote to provide for the payment of chiefs; and the verbiage will be adopted as suggested by you, viz., "To provide for the payment of Chiefs of the Cape Croker and Gibson Bands."

Your obedient servant,
HAYTER REED, D.S.G.I.A.

## Auditor General's Report, 1892-93.

## Sub-heads of Vctes should not be over-expended.

#### Abstract

Dept. of Indian Affairs, Ottawa, Jan. 19, 1893. Sir,-II have the honour to state that the adequacy of the appropriations for Indian purposes for the Maritime Provinces to meet the expenditure charged against them will depend largely upon whether the vote is to be considered as one for Indian purposes generally or as several sub-heads for salaries. medical attendance, \&c. These votes, as well as those for British Columbia, have always hitherto been considered as one appropriation, and it was only by so treating them that the expenditure could be met : for instance, the amount estimated for medical attendance has always been too small, and the overdraft on this sub-head has been covered by a saving in some other; and it is only by treating the votes for the current year in this manner that they can be made to suffice ; but as there is some doubt as to the rule which the department may be compelled to follow, I would be glad to have your views in the matter at the earliest possible moment.

If the sub-heads are expected to cover the expenditure chargeable to them, all further outlay from "medical attendance" in Nova Scotia must be at once stopped, and some provision made in the Supplementary Estimates to meet the probable overdraft. In any event this will have to be done, as the medical attendance has been large this any event this will have to be done, as the medical attendance has been shourd as quite a number of accounts had to be charged to $1892-93$ which should have been charged to $1891-92$, owing to the failure of last year's grant to meet expenses. The department has tried every year for the past few years to obtain an increased grant for medical attendance in Nova Scotia, but has not succeeded.

Your obedient servant,

The Auditor Genemal.

L. VANKOUGHNET, D.S.G.I.A.

Audit Office, Ottrawa, January 20, 1893.
Sir,-I beg to acknowledge receipt of your letter of the 19 th instant referring to $^{\text {a }}$ the appropriation for Indian purposes for the Maritime Provinces.

In reply I beg to say that these appropriations cannot be considered as for Indian purposes generally, but that the various sub-heads for salaries, medical attendance, \&c., must not be over expended.

I am, sir, your obedient servant,
The Deputy Supt. General, Indian Affairs.
J. L. McDOUGALL, A.G.

## Payments to L. P. Lewis, Songhees Reserve, B.C.

Audit Office, Ottawa, December 5, 1893.
SIR,-I notice that L. P. Lewis, who has received $\$ 40$ per month during the fiscal Year 1892-93 as constable at the Songhees Reserve, B.C., has also been paid $\$ 40$ for Services as guard and messenger at the Songhees Small-pox Quarantine Station from September 25 to October 25, 1892.

Kindly explain why this man was paid for two different services during the same period.

> I am, sir, your obedient servant,

The Deputy Supt. General, Indian Affairs.
J. L. McDOUGALL, A.G.

Dept. of Indian Affairs, Ottawa, Dec. 12, 1893.
Sir, - I have the honour to acknowledge the receipt of your letter of the 5th inst. relative to certain payments made by this department during the fiscal year 189293 to L. P. Lewis, the constable at the Songhees Reserve, B.C., and in reply I beg to inform you that inquiry is being made into the matter, and you will be further advised.

The Auditor General.

Your obedient servant,
HAYTER REED, D.א.א.G.I.A.

Dept. of Indian Affairs, Ottawa, Dec. 30, 1893.
Sir,-With further reference to your letter of the 5th instant, and the inquiries therein made respecting the payment of $\$ 40$ to L. P. Lewis for services as guard and messenger at the Songhees Small-pox Quarantine Station from the 25th September to 25th October, 1892, in addition to his regular wages as constable on the Songhees Reserve, I beg to inform you that as ministrations on small-pox patients are both disagreeable and dangerous, the doctor in charge at the station could not procure the necessary attendants for less than $\$ 3$ per diem, and as Lewis's extra pay (\$40) on this account only amounted to $\$ 1.33 \frac{1}{3}$ per diem, thereby effecting a saving of $\$ 1.66 \frac{2}{3}$ per diem, his employment in the extra capacity of guard and messenger was approved of.

## Your obedient servant,

The Auditor General.
HAYTER REED, D.S.G.I.A.

## Acting Agent Norbury, Kootenay Agency, B.C.

Audit Office, Ottawa, December 5, 1893.
Sir,-In Kootenay Agency, B.C., I find that Mr. F. P. Norbury certifies a number of vouchers as acting for Mr. M. Phillips, the Indian agent. I do not find that Mr. Norbury has received any payment for such services, nor do I know him as an employee of the department.

Will you kindly inform me by whom Mr. Norbury was paid, and on what authority he acted as agent in the absence of Mr. Phillips.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

Dept. of Indian Affairs, Ottana, December 13, 1893.
Sir,-In reply to the inquiries made in your letter of the 5th instant, as to the authority under which Mr. F. P. Norbury certified certain vouchers as acting for Mr. Phillips, the Indian agent, at Kootenay, \&c., I have the honour to inform you that Mr. Norbury was acting with the consent of the department for Mr. Phillips during the latter's absence from duty on leave ; and he was paid by Mr. Phillips.

Your obedient servant,

## Auditor General's Report, 1892-93.

## Payments on Account of Elkhorn School.

Kindly explain at your earliest convenience the reason of these payments.
[ am, sir, your obedient servant,
J. L. McDOUGGALL, A.G.

The Deputy Supt. General, Indian Affairs.

Dept. of Indian Affairs, Ottawa, January 4, 1894.
$S_{\text {Ir, }}$-I have the honour to acknowledge the receipt of your letter of 26 th ult., with reference to the payment, in addition to the usual per capita grant, for maintenance of pupils at the Elkhorn Industrial School ; and in reply I have to inform you that the per capita grant above mentioned is given for the maintenance of pupils only, and the responsibility of the department does not end with the payment of this grant. The payments referred to as "additional" were made to place this institution in a position to do good and useful work in the education of the Indian youth; and the expenditure has resulted, under a new and vigorous management, in transforming the school into one of the most useful and successful of its kind. If the expenditure to which you draw attention had not been made, it is very doubtful whether a school would now be in existence at this point.

Your obedient servant,
The Auditor General.
HAYTER REED, D.S.G.I.A.

## Audit Office, Ottawa, January 13, 1894.

SIR,-I beg to acknowledge receipt of your letter of the 4 th inst., with reference to the payments to the Elkhorn Industrial School in addition to the usual per capita grant.

Kindly let me know definitely what part of the cost of maintenance the grant referred to is supposed to cover.

I am, sir, your obedient servant,

J. D. McDOUGALL, a.g.

Dept. of Indian Affairs, Ottana, January 18, 1894.
Sir,--In reply to your letter of the 13th inst., respecting payments to the Elkhorn Industrial School, I have to inform you that the per capita grant is supposed to cover tuition and instruction, board, lodging of pupils and staff, clothing, repairs (labour only).

> Your obedient servant,
> HAYTER REED, D.S.G.I.A.

The Auditor General.

Audit Office, Ottawa, January $2 \overline{2}, 1894$.
Stir,-I beg to acknowledge the receipt of your letter of the 18 th instant, informing me of the items of maintenance which the per capita grant to schools is supposed to cover.

Among the payments for outstanding accounts on account of the Elkhorn School, about which I inquired in my letter of December 6th, I find some for provisions and clothing. Your letter of January 4th does not clearly explain the reason of these additional payments.

Kindly let me have the required explanation at your earliest convenience.
I am, sir, your obedient servant,
J. L. MrDOUGaLL, d.Gi.

The Deputy Supt. General of Indian Affairs.

## Payments to Permanent Employees for services rendered other Departments.

## Dept. of Indian Affairs, Ottawa, August 30, 1892.

SIR,-I beg to inform you that this department is in receipt of a voucher (copy herewith) from the Regina office for $\$ 25$ in favour of Mr. T. A. Wroughton, for examining Government horses at the Blood Reserve at the request of Mr. Indian Agent Irvine. This voucher cannot in any case be paid without a special vote for the purpose, as Mr. Wroughton is a veterinary surgeon attached to the North-west Mounted Police; but the department is of the opinion that Mr. Wroughton being an officer of the North-west Mounted Police, the services should have been rendered without charge, and that the same cannot be looked upon as private practice,--an idea which seems to be suggested by Mr. White, the Comptroller of the Police, in his letter a copy of which is also inclosed.

Will you be grod enough to give the department the benefit of your views on the subject?

> Your obedient servant,
> W. A. AUSTIN, A•tg. D.S.G.I.A.

The Auditor General.
N.W.M.P., Office of Comptroller, Ottawa, Aug. 25, 1892.

Sir,-Referring to your letter No. 91919 of the 17 th instant, asking for an expression of my views respecting a voucher received from your Regina office for $\$ 25$, for services of Veterinary Surgeon T. A. Wroughton in examining horses at the Blood Reserve.

Mr. Wroughton is the assistant veterinary surgeon of the North-west Mounted Police, for which he receives a salary of $\$ 700$ per annum. It would be impossible to retain the services of a professionai man of his qualifications at the salary named, if he were forbidden to avail himself of occasional opportunities of private practice; it being of course understood that such private practice shall not in any way interfere with the duties required of him in connection with the North-west Mounted Police.

# In the absence of information of the circumstances under which he was called upon to examine horses at the Blood Reserve, and the nature of the services rendered, I Would not care to express an opinion as to whether he is entitled to compensation therefor in addition to his salary as police officer. 

FRED. WHITE, Comptroller N.W.M.P.
The Indian Commissioner, N.W.T., to T. A. Wroughton, Veterinary :
Feb. 10 and 11.-To professional services rendered, examining all the department horses at the Blood Agency . . . . . . . . . $\$ 25$
When I took over charge of the Blood Reserve, I found two of the Government horses-known as Tom and Jerry -in a poor sickly condition, and thought it advisable to get a veterinary surgeon to see them. I wrote to the officer commanding the NorthWest Mounted Police at Fort Macleod, and asked him to allow Veterinary Surgeon Wroughton to come to the reserve and see these horses.

When Mr. Wroughton was here, I thought it as well to get him to examine and report on the condition, age, dc., of all the Government horses at this and the upper agency. This he did, and I forwarded his report some time back.

He examined nine horses, and it occupied him two days.
A. G. IRVINE, Agent.

Services rendered, prices fair and just.
Approved-A. E. Forget, Asst. Com.

Audit Office, Ottawa, Sept. 3, 1893.
$S_{\text {IR, }}$ I leg to acknowledge receipt of your letter of August 30, with reference to clajm of Mr. T. A. Wroughton, for examining Government horses at the Blood Reserve.

In reply I beg to state that, in my opinion, no payment should be made to a permanent employee of any department for a temporary short service in any other department of the Government, every one being supposed to give occasional service in another department if he is called upon to do so.

> I am, sir, your obedient servant, The Acting Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, A. $G$.

## Irregular payments-Qu'Appelle Industrial School.

Audit Office, Ottawa, September 29, 1893.
Sir,-Voucher No. 458 of 1892-93 on account of the Qu'Appelle Industrial School, is $_{8}$ for a payment of $\$ 90$ to J. B. Bellile, of Fort Qu'Appelle, for 60 days' labourer's work, from 7th June to 16 th August, 1893 . This voucher, which appears to have been made Out by an officer of the school, is dated June 30 ; it is certified "Work performed, charges fair and just" by the principal of the school, Rev. J. Hugonnard, and is ${ }^{\text {app }}$ proved by Mr. A. E. Forget as Assistant Commissioner. The voucher appears to have been cashed for Bellile by the firm of D. H. McDonald \& Co., and a cheque (No. 8013) was issued at Ottawa, dated July 31, 1893, in favour of that firm, for $\$ 90.90$, being the amount of the voucher with 1 per cent added as commission on the advance.

It would thus appear at first sight that the voucher was issued on June 30, a month and a half before the completion of the services, and that payment was made by the department on July 31, half a month before the money was actually due. It is quite possible, however, if not probable, that these dates are not the true ones, but that both voucher and cheque have been dated back to allow of the payment being charged against the last fiscal year. This, however, would alter the case to only a small extent,
as the voucher bears the stamp of the Indian Commissioner's Office, with date July 20 . It must accordingly have been issued prior to that date by the Principal of the school, and have been certified by the Assistant Commissioner on or about that date ; further, the bank stamp shows that the cheque was presented at the Imperial Bank, Winnipeg, on August 17, and must have been issued at Ottawa some days before that date, and therefore also before the actual completion of the services for which it was supposed to pay.

The following questions arise from the above facts:-
1st. How could the Rev. J. Hugonnard certify that the work had been performed at least four weeks before the termination of the period for which payment was made?

2nd. How could the Assistant Commissioner approve this payment before the termination of the period?

3rd. Why was the cheque issued by the department before the termination of the period?

The following payments appear to be irregular in the same respect as the one just discussed, and will require similar explanation :-

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

Audit Office, Otrawa, September 30, 1893.
Sir,--The following payments made during July last on account of the Qu'Appelle Industrial School and charged against the appropriation for 1892-93 appear to be properly chargeable against the appropriation for 1893-94 :-

| Voucher 440, Smith \& Ferguson Co., Regina, 6 paint brushes, supplied July 4 | 275 |
| :---: | :---: |
| Voucher 454 (in part), Rev. J. Hugonnard, petty expenses, July 7, express charges | 25 |
| July 14, express charges ..... ...... . . | 90 |
| Voucher 456, J. Dillon, services, July 11 to 21 | 2000 |
| Voucher 457, D. H. McDonald, material and labour, J une 8 to July 5 |  |
| Voucher 458, J. B. Bellile, labour, June 7 to Aug. 16 | 90 |
| Voucher 459, T. Barnes, material and labour, June 7 to July 6 |  |
| Voucher 459, L. Filiatrault, labour, June 12 to Aug. 21 | 15000 |
| Voucher 459, J. Delorme, material and labour, June 7 to Aug. 11 | 1 00 |
| Voucher 459, C. Racette, labour, June 7 to Aug. 16. | 90 |
| Total | 38500 |

This amount should be at once transferred to the appropriation for the current year.

I am, sir, your obedient servant,

## Auditor General's Report, 1892-93.

Dept. of Indian Affairs, Ottawa, Oct. 5, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 29 th ultimo, relative to certain vouchers therein mentioned paid by this department; and in reply I beg to state that the department agrees with you that the vouchers were irregular, but you will observe that they had been cashed by Mr. D. H. McDonald, and by the Hudson's Bay Company, and the custom of the department has always been to pay such vouchers, and to hold its officers responsible for any error or omission that might be found therein. That such error might exist and the department be unable conscientiously to refuse payment, is undoubtedly a weakness of the system of cashing vouchers, but this practice is in many ways a great obligation to the department, and it is only resorted to in special cases, and is gradually dying out with the improvement of banking facilities. It would, however, be impossible to refuse to honour a vòucher that had been cashed by a merchant under the authority of our officials at Regina, and so long as the system obtains this must be one of its features.

I have written to the Assistant Indian Commissioner for a full explanation of his reason for allowing these irregular vouchers to bear his approval, and for proper receipts for the work done, and when I hear from him you will be at once communicated with.

Your obedient servant,
The Auditor General.
D. C. SCOTT, Actg. D.S.G.I.A.

Dept. of Indian Affairs, Ottawa, October 6, 1893.
Sir,-Referring to your letter of the 30th ultimo, and the statement therein given of vouchers charged by this department against the appropriation for 1892-93, but which you consider to be more properly chargeable against 1893-94, I have the honour to inform you that on examining the vouchers, it is found that very many of the items are properly chargeable to 1892-93, and as the whole of the expenditure was authorized in that year it is considered that only such amounts as constitute fair claims against the appropriation for 1893-94 should be transferred.

The amounts chargeable against these years are as follows :-

|  | 1892-93. | 1893-94. |
| :---: | :---: | :---: |
| Voucher 440, Smith \& Fergusson . | \$.. | \$ 275 |
| 454, Rev. J. Hugonnard |  | 415 |
| 456, J. Dillon. |  | 2000 |
| 457, D. H. McDonald. | 71960 | 7250 |
| 458, J. B. Bellile | 3150 | 5850 |
| 459, T. Barnes. | 10300 | 1200 |
| 459, L. Filiatrault. | 4250 | 10750 |
| 459, J. Delorme. | 6850 | 5250 |
| 459, C. Racette. | 3150 | 5850 |
|  | \$996 60 | \$388 40 |

As regards voucher 454, I beg also to state that it is thought the expenditure" ${ }^{2}$ was incurred previous to the 1st July, and as the Qu'Appelle school was to be placed on the per capita system after that date, such charges could not be paid by the department from the appropriation for 1893-94.

I am, sir, your obedient servant,
The Auditor General.
D. C. SCOTT, Actg. D.S.G.I.A.

Audit Office, Ottawa, October 27, 1893.
Sir,-Referring to your letter of the 6th instant with regard to certain vouchers for payments on account of the Qu'Appelle Industrial School belonging in part to the current fiscal year, I beg to inform you that I am this day authorizing a transfer of $\$ 388.40$ from the accounts of last year to those of this year, that being the amount
mentioned in your letter as properly chargeable to the current year. There is, however, some doubt as to the exact dates on which some of the supplies were furnished.

I am, sir, your obedient servant,
The Dy. Supt. Gen. of Indian Affairs.
J. L. McDoUgall, A.g.

Audit Office, Ottawa, January 3, 1893.
SIR,-Referring to your letter of the 29th September and the department's reply of the 5th October last, on the subject of certain payments made during 1892-93 apparently in advance, of vouchers for materials delivered and work done at the Qu'Appelle Industrial School, I transmit herewith a certificate from the Principal of the institution in regard to these vouchers, and I beg to inform you that the Assistant Commissioner when forwarding this certificate reported that when the vouchers were first received at the Regina office they did not show the date on which the labour had been performed and were returned to the Principal in order that the omission might be rectified.

Mr. Forget also states that the Principal was informed at the time authority was given to erect the buildings, in connection with which these vouchers were issued, that they were not to be proceeded with unless the whole of the expenditure could be incurred before the 30th June, and that the Principal was under the impression that by entering into contracts with parties to do the work within a specified time, and dating the vouchers the 30 th June, and getting them cashed, he was not acting in an irregular manner.

Mr. Forget adds that the vouchers were approved by him and forwarded for payment for the reason that they had been cashed.

> Your obedient servant,
> HAYTER REED, D.S.G.I.A.

The Auditor General.

## Survey Account of J. C. Nelson.

Audit Office, Ottawa, December 26, 1893.
Sir,-I beg to ask your attention to the following remarks on the survey accounts of Mr. John C. Nelson, one of the surveyors connected with your department.

In 1891-92 Mr. Nelson received advances amounting to $\$ 2,000$, on account of surveys in 1891. He appears to have returned to Ottawa from his survey for the year 1891, on or about January 11, 1892. His accounts were apparently given to the department in April, 1892, three months after his return, and the balance of his account amounting to $\$ 135.50$, was paid by chequé on August 3, 1892.

On July 5, 1892, Mr. Nelson received an advance of \$2,000, on account of surveys for that year, and on October 11, 1892, a further advance of $\$ 2,000$. I have not yet received the accounts of Mr. Nelson for his surveys during 1892 ; but he appears to have returned to Ottawa prior to December 15, as his salary cheque for December was apparently cashed by him personally on that date.

On July 11, 1893, Mr. Nelson deposited $\$ 1,900$ of the $\$ 4,000$ advanced on account of surveys. The inference is that the cost of the surveys of 1892 did not exceed $\$ 2,100$, and that Mr. Nelson retained the balance of $\$ 1,900$ for a period of about seven months.

I have accordingly to ask for an explanation of the second advance of $\$ 2,000$, when $\$ 100$ would appear to cover the amount required ; and also of the retention of the $\$ 1,900$ for so long a period. Kindly explain also the delay in the settlement of Mr. Nelson's accounts.

I am, sir, your obedient servant,
J. L. McDOUGALL, d.G:

## Auditor General's Report, 1892-93.

Dept. Indian Affairs, Ottawa, December 29, 1893.
Sir,-II have the honour to acknowledge the receipt of your letter of the 26th instant, with reference to Mr. J. C. Nelson's accounts. Your remarks with reference to the accounts for the fiscal year 1891-92 are correct; the balance due Mr. Nelson for that year was paid from the appropriation for 1892-93. The vote for that year (1892-93) was insufficient to meet the expenditure, and an item of $\$ 2,000$ was inserted in the Supplementary Estimates to provide the amount required, but it was not granted. This left the department with a large expenditure to meet and with no available funds. The advance ( $\$ 4,000$ ) made to Mr. Nelson had over-expended the vote, and his total expenditure for the year was $\$ 4,547.05$. Mr. Nelson arrived in Ottawa on 26 th November, 1892, and when, on the 23 rd of January, having collected all his vouchers, he made a demand for the $\$ 547.05$ due him, it had to be refused, and Mr. Nelson was obliged to do without that amount from 23rd January to 14th July, when his accounts for 1892-93 were settled. As it is not permissible to overdraw the vote the department paid the balance due on the accounts for 1892-93 from the appropriation for 1893-94, and Mr. Nelson refunded on the same day (14th July) the $\$ 1,900$ advanced him from the vote of 1892-93, so that the inference that Mr. Nelson retained a balance of $\$ 1,900$ for seven months is incorrect. In reality the department owed him $\$ 547.05$ from the close of his survey season to 14th July, 1893. I inclose Mr. Nelson's accounts, which support the survey expenditure for the current year's (1893-94) appropriation, in order that they may be scrutinized. As they should appear with the statement of expenditure sent for audit, will you kindly hand them to the examiner of the Indian accounts.

You will observe Mr. Hawkes's name on a voucher with Mr. Nelson's accounts. As he refused to sign the voucher owing to a misconception on his part of the terms under which he was engaged Mr. Nelson is now endeavouring to obtain the cheque for $\$ 88$ which paid him the balance of his account.

I am, sir, your obedient servant, The Auditor General.

HAYTER REED, D.S.G.I.A.

Audit Office, Ottawa, January 18, 1894.
Sir,-I beg to acknowledge receipt of your letter of December 29th last, with reference to the survey accounts of Mr. J. C. Nelson. I need scarcely say that your explanation makes it clear that my inference with regard to Mr. Nelson having a large amount of Government money in his possession for several months was not correct.

I find that up to October 11, 1892, the amount of payments on account of the vote for surveys was $\$ 2,400.73$, including an advance of $\$ 2,000$ to Mr. Nelson. On the date inentioned a further advance of $\$ 2,000$ was made to Mr . Nelson, bringing up the expenditure on surveys to $\$ 4,400.73$, As the sum voted by Parliament for surveys was only $\$ 4,000$, this second advance over-drew the appropriation to the amount of $\$ 400.73$. Further payments were made from time to time chargeable against the vote for surveys, with the result that the appropriation was over-drawn to the extent of $\$ 1,821.68$. This over-draft was made good by a refund of $\$ 1,900$, out of the moneys voted for the fiscal year beginning July 1, 1893.

This over-expenditure is contrary to section 31 of the Audit Act which enacts that no cheque shall issue in excess of any appropriation. As the monthly statements of expenditure sent me by your office do not indicate the amounts to be charged to the severul sub-votes, it is impossible for me to determine whether a particular sub-vote has been over-expended; this, however, in no way lessens the responsibility of the accounting department.

In this connection I would refer you to the Order in Council of July 7, 1892, on the subject of over-drafts of appropriations, and would ask if the necessary report on the matter was made in this case.

The trouble appears to have occurred by work being authorized considerably in excess of the amount fixed by Parliament for that purpose.

I am, sir, your obedient servant,
The Dy. Supt. Gen., Indian Affairs.
J. L. McDOUGALL, A.G.

Dept. of Indian Affairs, Ottawa, January 22, 1894.
Sir,--I have the honour to acknowledge the receipt of your letter of the 18th instant, in further reference to the survey accounts of Mr. J. C. Nelson and the overdraft of the vote for surveys during the year 1892-93; and in reply I beg to state that it is to be regretted that the issue of a cheque which over-drew a Parliamentary Appropriation occurred but through inadvertance, the fact of certain miscellaneous payments having been made was over-looked. It is not at all likely that such an error will again be made, as the accounting officers of the department have been cautioned to follow closely the provisions of the Order in Council referred to by you of the 7th July, 1892.

Your obedient servant,
The Auditor General.
HAYTER REED, D.S.G.I.A.

## Payment of Allowances to Indian Commissioner.

Audir Office, Ottawa, Jan. 24, 1893.
Sir,-I beg to acknowledge receipt of your letter of December 15, No. 52923, referring to the payment of allowances for fuel and light, and for rent, to Mr. Hayter Reed, Indian Commissioner.

In reply I beg to say that before these allowances can be paid to Mr. Reed they should be specifically voted by Parliament, and their payment be authorized by an Order in Council.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Dy. Supt. Gen., Indian Affairs.

Dept of Indian Affairs, Ottawa, Dec. 15, 1892.
Sir,-In reply to the inquiry made in your letter of the lst instant respecting the allowance of $\$ 300$ each to Mr. Hayter Reed, Indian Commissioner for Manitoba and the North-west Territories, for fuel and light, and for rent, I have the honour to inform you that the fuel and light allowance was the first applied for. On Jan. 12, 1889, authority was given for the insertion of the requisite amount in the Estimates, and the provision has continued ever since. The rent allowance was paid by the order of the Superintendent General, who wrote upon the voucher No. 4235, which Mr. Reed forwarded with his letter of Feb. 11, 1892.

Your obedient servant,
The Auditor General.
L. VANKOUGHNET, D.S.G.I.A.

## Sick Leave to Temporary Employees.

Dept. of Indian Affairs, Ottawa, April 24, 1893.
Sir,-I have the honour to request that you will be good enough to advise me at your earliest convenience whether permanent temporary clerks in the Regina office are to be docked of their pay for days they are absent owing to illness.

Your obedient servant,

Audit Office, Ottawa, April 26, 1893.
Sir,-I beg to acknowledge receipt of your letter of the 24th instant, with reference to paying permanent temporary clerks in the Regina offices for days that they are absent owing to sickness.

In reply I beg to say that, so far as I am aware, there is nothing to authorize payment to the temporary employees in the outside service of your department for days of absence. If you consider it desirable to authorize payment either for sick leave or for annual leave, I would recommend that you apply for an Order in Council authorizing payment during such absence.

I am, sir, your obedient servant,
The Dy. Supt. Gen., Indian Affairs.
J. L. McDougall, a.g.

## Gratuity to widow of late H. L. Reynolds.

Audit Office, Ottawa, November 18, 1893.
$\mathrm{S}_{\mathrm{IR}, \ldots \text { Voucher }} 553$, Commissioner's Office, $1892-93$, is for a payment of $\$ 250$ to Margaret Elizabeth Reynolds for a gratuity equal to two months' salary of the late H. L. Reynolds.

I have received no Order in Council authorizing this payment. Payments of this nature should always be made from the vote for Unforeseen Expenses and then only under authority of an Order in Council. Please cause me to be supplied with the Order in Council, and initiate the necessary transfer.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Supt. General, Indian Affairs.

Dept. of Indian Affairs, Ottawa, November 21, 1893.
SIR,-Replying to your letter of the 18 th instant, respecting payment to Margaret Elizabeth Reynolds of a gratuity equal to two months' salary of the late H. L. Reynolds, I beg to say that an Order in Council authorizing this payment was passed on the 17 th May last.

I regret that you were not duly furnished with a copy thereof, but I have to-day asked the Clerk of the Privy Council to forward you one.

> Your obedient servant,
> HAYTER REED, D.S.G.I.A.

The Auditor General.

## Advertising Sale of Thousand Islands.

Audit Office, Ottawa, December 29, 1893.
Sir,-Voucher No. 173 (Miscellaneous, 1892-93) is for a payment of $\$ 6$ to the Kingston "News" for advertising an auction sale of some of the islands of the Thousand Island Group.

Apparently by a clerical error this payment has been charged against the vote for the Indians of Manitoba and the North-west Territories.

I am, sir, your obedient servant,
FREDERICK HAYTER, for A.G.
The Deputy Supt. General, Indian Affairs.

# Difference between Books of Audit Office and those of Indian Department. 

Audit Office, Otrawa, April 26, 1893.
Sir,--I wrote you on April 1, 1887, with regard to the difference between the books of the Department of Indian Affairs and those of this office and of the Finance Department, caused by the Indian Department taking credit for an amount of \$68,672.01 under authority of an Order in Council dated June 30, 18:4. Since the date of my last letter the difference has continued to increase on account of the interest compounding from year to year, so that on June 30 last the total difference due to this cause was $\$ 93,982.38$.

As the Indian Trust Fund is made up of moneys held by the Receiver General in trust for the several Indian tribes, it is evident that no amount can properly be credited to any band of Indians until it has actually been received by the Receiver General, or at least acknowledged as due by those from whom it is to come. The amount under discussion, however, has never been collected liy the Dominion, but forms one of the unsettled and disputed accounts between the late Province of Canada and the Dominion.

Not only, however, has the Indian Department taken credit for the original amount, but it has also, year by year, taken credit for interest on the principal, though such interest was never allowed by the Finance Department, and has distributed this interest annually among the tribe, with the result that on June 30 last the books of this office showed an adverse balance of $\$ 23,462.62$ on the interest account of the Mississaguas.

In the case of this particular item not being allowed at the impending arbitration, or being allowed only in part, the amount of capital at the credit of the band would be seriously affected by the heavy call on it, necessary to make good the overdraft on the interest account.

I would recommend that until the final settlement of the provincial accounts, instructions be given by the Treasury Board that the original entry made by the Indian Department be reversed, and that steps be taken to make good if possible the overexpenditure of interest.

I am, sir, your obedient servant,
The Sec'y, Treasury Board.
J. L. McDOU(iALL, a. $\boldsymbol{i}^{\prime}$.

Dept. of Finance, Ottawa, April 27, 1893.
Dear Sir,-I am in receipt of your letter of yesterday respecting the sum of $\$ 68,672.01$ credited the Indian Fund for the Mississaguas of the Credit by the Indian Department. I do not see, however, that any communication has been sent by you to the Indian Department in the matter, no mention of it is made in your letter. Pray let me know if you have done so.
Yours truly,

The Auditor General.
J. M. COU RTNEY, D.M.F.

Acdit Office, Ottawa, April 26, 1893.
Sir,-1 beg to inclose herewith copy of a letter sent this day to the Secretary of the Treasury Board, with reference to the difference between the books of your department and those of this office and the Finance Department, caused by your taking credit in 1884 for an amount of $\$ 68,672.01$ for lands surrendered by the Mississaguas, which amount has never come to the credit of the Receiver General, but forms one of the outstanding accounts between the Dominion and the provinces.

The latter explains itself, so that it is unnecessary for me to make any comments on it.

I am, sir, your obedient servant,
J. L. McDOUGALL, $A . G$.

Deptr of Finance, Ottawa, April 25, 1893.
Dear $S_{\text {Ir, - With reference }}$ to our conversation of yesterday on the matter of the amount placed to the credit of the Indian Trust Fund for the Mississaguas of the Credit under O. C. of the 7th October, 1884, I find, on searching our archives, your letter of the 1 st April, 1887, on which you suggest that the O. C. in question be rescinded. If I might venture to make a suggestion, I would propose that you should, if you deem it necessary, write another letter, in addition to that of 1st April, 1887, which, as I have said, contains only a suggestion, stating the difference that now exists between your books and those of this and the Indian Department in this connection, in order that the Treasury Board may fully understand the matter. I presume that the Indian Department has been notified of your objection in regard to the item so that the matter may come before the Board in the nature of an appeal. I do not see by your letter of 1887, that any notification was sent the Indian Department at that time.

> Yours truly,

The Auditor General.
J. M. COURTNEY, D.M.F.

Dept. of Indian Affairs, Ottawa, April 29, 1893.
$S_{\text {Ir, -I }}$ beg to acknowledge the receipt of your letter of the 26 th instant, inclosing copy of a letter sent on the same date to the Secretary of the Treasury Board, with reference to the difference between the books of this department and those of the Finance Department, caused by this department taking credit in 1884 for an amount of $\$ 68,672.01$ for lands surrendered by the Mississaguas of the Credit, which amount forms one of the outstanding accounts between the Dominion and the provinces, said credit having been taken, as stated in the letter of the Secretary of the Treasury Board, on the authority of an Order in Council, dated June 30, 1884.

The Auditor General.
Your obedient servant,
(Copy.)

$$
\text { EXTRACT from Minutes of Treasury Board, May 12, } 1893 .
$$

Treasury Board:-
The Board had under consideration a report from the Auditor General with regard to the differences between the books of the Department of Indian Affairs and those of the Audit Office and of the Finance Department, caused by the Indian Department taking credit for an amount of $\$ 68,672.01$, under authority of an Order in Council dated June 30, 1884. This difference has continued to increase on account of the interest compounding from year to year, so that on June 30, 1892, the total difference due to this cause was $\$ 93,982.38$

The amount in question has never been collected by the Dominion, but forms one of the unsettled and disputed accounts between the late Province of Canada and the Dominion.

The Board direct that, until the final settlement of the provincial accounts, the original entry made by the Indian Department be reversed and that steps be taken to make good, if possible, the over-expenditure of interest.
J. M. COURTNEY, Secretary.

Audit Office, Ottawa, September 30, 1893.
Sir, - With further reference to the matter of the difference of the amounts at the credit of the Mississaguas of the Credit, as shown by the books of this office and those of your department, I find that, while you have reversed the original entry of $\$ 68,672.01$, in accordance with the Treasury Minute of May 12, 1893, the interest on that sum since July 1, 1884 , amounting to $\$ 27,798.87$, still stands credited to the band in your books.

It appears to me that it must have been the intention of the Treasury Board that the reversal of the original entry should carry with it the interest accumulated year by year on that original amount. If it was a mistake to give the Mississaguas credit for the principal until it has been established that the Province of Ontario owes it, there can be no doubt but that it is a mistake to credit the Mississaguas with interest on that principal.

I am, sir, your obedient servant,
J. L. McDOUGALL, a.G.

The Deputy Supt. General of Indian Affairs.

Dept. of Indian Affairs, Ottawa, Oct. 4, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 30 th ult., on the subject of the difference between the amounts at the credit of the Mississaguas of the Credit, as shown on the books of your office and those of this department; and in reply I beg to inform you that I will bring the matter to the notice of the Superintendent General upon his return, and endeavour to have some arrangement made for the transfer of the interest.

The Minutes of the Treasury Board specified that steps should be taken to make good, if possible, the over-expenditure of interest, but the only way to do this would be by charging the said interest either in annual instalments or in one sum to the capital of the Mississaguas of the Credit, and as these courses would likely entail more immediate hardship upon the Indians, it was thought better to wait until the question received the attention of the arbitrators. Now that you have raised the point, I will lay the matter before the Minister for his consideration.

Your obedient servant,
The Auditor General.
D. C. SCOTT, Actg. D.S.G.I.A.

## Indian Trust Fund-Superannuation.

Audit Office, Ottawa, August 30, 1893.
Sir,-I beg to draw your attention to the superannuation account under the Indian Trust Fund Accounts which was overdrawn at the end of last year to the amount of $\$ 11,257$.

It appears to me that there has never been any sufficient authority for creating a superannuation account of this kind and that an additional irregularity took place when the account was permitted to be overdrawn.

Will you be good enough to point out when the necessary authority was given for the opening of the account, if such authority was ever obtained. In the meantime no payment chargeable to this account should be made.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Supt. General of Indian Affairs.

Dept. of Indian Affairs, Ottawa, September 7, 1893.
Sir,-I beg to acknowledge the receipt of your letter of the 30th ultimo, drawing attention to the superannuation account under the Indian Trust Fund Accounts, which was overdrawn at the end of last year to the amount of $\$ 11,257$; and stating that it appears to you that there has never been any sufficient authority for creating a superannuation account of this kind, and that an additional irregularity took place when the account was permitted to be overdrawn; and asking me to point out when the necessary authority, was given for the opening of the account, and stating that in the meantime no payment chargeable to this account should be made.

In reply I beg to refer you, for the authority for charging the Indian Fund with the superannuation allowance referred to, to the Order of His Excellency in Council dated December 1, 1870, which approved of the report of the Treasury Board on the rules to be observed in giving effect to the Superannuation Act, and directed the adoption of said rules.

On referring to rule No. 28, you will observe that it is directed that all outside officers of the Indian Office who have permanent salaries and give up their whole time to their duties, such as superintendents and their clerks, salaried agents, \&c., shall be included in the classes of persons who come under the operation of the said Act; but that, inasmuch as these salaries are charged against the Indian Fund, the superannuation allowances and the abatements should also be charged and credited to the Indian Land Management Fund. And I beg to state that this was done up to the receipt of your letter of the 15 th June, 1882, to which also I beg to refer you, and in which you request that a "Superannuation Fund Account" should be opened as a sub-account of the Trust Fund Account of this department, and that it be credited with all superannuation drawbacks and debited with amounts paid for superannuation. And in the same letter you state that it would be well to treat all agents doing the same kind of work, and who are equally likely to become a charge on the superannuation fund, in the same manner with regard to the superannuation drawbacks.

As to your request, in the letter to which 1 am now replying, that, in the meantime no payments chargeable to the superannuation account should be made, I have to point out to you that this would appear to be most unfair in respect to the ex-officers of this department who have been, hitherto, in receipt of pensions under the Superannuation Act ; and I have to point out to you the fact that the general superannuation fund of the Dominion shows that the payments from it also largely exceed the revenue. And I fail to see why any exception should be made in the case of the Indian Superannuation Account, more especially in view of the fact that, from time to time, this department has urged upon the Finance Department the advisability of assuming the payment from the general superannuation fund of the allowances made to officers of this department, and of receiving the abatements from the salaries of officers of the Indian Department on account of superannuation ; but the Finance Department has persistently refused to accede to the request.

The Auditor General.
Your obedient servant,
L. VANKOUGHNET, D.S.G.I.A.

Audit Office, Ottawa, Sept. 15, 1893.
Sir,-I beg to acknowledge receipt of your letter of the 7th instant, No. 37559, with regard to the superannuation account under the Indian Trust Fund Accounts.

In this letter you refer me to mine of June 15, 1882, in which I requested the opening of a "Superannuation Fund Account" as a sub-account of the Management Fund Account, and in which I also stated that it would be well to treat all agents doing the same kind of work in the same manner as regards the superannuation abatements.

My reasons for making these requests were, first, to have all the receipts and payments on account of superannuation kept by themselves in a separate account, and second, to have all the agents treated alike in this respect. I, however, at that time had overlooked the important question of parliamentary authority for providing for the superannuation of agents paid out of trust funds.

As regards the authority for charging the Indian Fund with the superannuation allowance, you refer me to an Order in Council of Dec. 1, 1870, giving the rules to be observed in giving effect to the Superannuation Act. It appears to me that Rule 28 referred to by you as your authority was ultra vires in that an Act of Parliament cannot be amended by an Order in Council. That rule directed that the abatements and allowances for officers paid out of trust funds should also be credited and charged to the Indian Land Management Fund. Section 3 of the Superannuation Act of 1870 provided that the abatements from the salaries on account of superannuation should form
part of the Consolidated Revenue Fund, while section 10 of the same Act enacts that the allowances and gratuities shall be paid out of the Consolidated Revenue Fund of Canada.

As the Indian Trust Fund moneys form no part of the Consolidated Revenue Fund, but are held in trust for the several bands of Indians, I am of opinion that no superannuation system can be applied to agents paid out of such trust moneys without direct and special parliamentary authority for the same. Perhaps that authority was obtained and you may be able to find it.
I am, sir, your obedient servant,

The Dy. Supt. Gen., Indian Affairs.

J. L. McDOUGALL, a.G.

Dept. of Indian Affairs, Ottawa, Sept. 16, 1893.
Sir,-With reference to your letter of the 15 th instant, replying to mine of the 7th instant, with regard to the superannuation account under the Indian Trust Fund Accounts, I beg to inform you that this department in retaining the abatements from its agents' and other officers' salaries on account of the superannuation fund, and in paying its superannuated officers the amount of their superannuation from trust funds, merely acted in accordance with instructions contained in the Order in Council referred to in my letter to you above mentioned; and in creating a superannuation account it acted in accordance with the wishes expressed in your letter of June 15, 1882, which is referred to more fully in my previous letter to you on the subject.

As respects the legal points raised in your letter, it appears to me that the proper department to which such questions should be referred for definite information is the Department of Justice.

The Auditor General.

> Your obedient servant,
> L. VANKOUGHNET, D.S.G.I.A.

Audit Office, Ottawa, September 30, 1893.
Sir,-I am in receipt of your letter of the 16 th instant (No. 37559), with regard to the superannuation account under the Indian Trust Fund Accounts.

As far as I can see, the first paragraph of your letter simply reiterates in a concise form the substance of your letter of the 7th instant, which was answered by mine of the 15 th instant, and consequently requires no further response from me:

With reference to the last paragraph of the letter I will say that if you consider the legal point raised by me should be referred to the Department of Justice, it should be done, not by this office, but by your department. My duty as Auditor is to examine each payment, and to draw attention to what appear to be irregularities in such payments. When such irregularities are brought to the notice of the department concerned, it is for that department to strengthen its position as much as possible, and, if thought advisable, by referring the question to the Department of Justice or to the Treasury Board.

It is quite apparent that when writing to you in 1882 the difficulty about the authority of Parliament in the case of trust funds had not occurred to me. It is scarcely necessary to say that although it is the duty of this office to point out illegalities, the failing to do so in any case does not cure the illegality.

I am, sir, your obedient servant,
The Deputy Supt. General of Indian Affairs.
J. L. McDOUGALL, A.G.

Dept. of Indian Affairs, Ottawa, October 4, 1893.
Sir,-I beg to acknowledge the receipt of your letter of the 30th ultimo, with reference to the superannuation account under the Indian Trust Fund. Upon further considering the matter I see no reason for submitting the legal point at issue to the Department of Justice, as it is simply a question of the relative powers of an Act of

## Auditor General's Report, 1892-93.

Parliament and an Order in Council. I agree with you that the present system of treating the superannuation abatements of officers in the outside service of this department in the provinces of Ontario and Quebec is illegal ; and I am willing to take such steps as it is possible for me to take to set the matter right. I am accordingly writing today it is possible for me to take to set the matter right. I am accordingly writing the present system, expressing the willingness of this department to refund with interest the amount of the superannuation abatements already retained, and submitting the question whether the Government will on its part be willing to refund to this department the amounts paid over to superannuated officers. If the Finance Department will agree to this action being taken, the difficulty will be easily overcome, and the superannuation will in future be dealt with according to the Superannuation Act.

I inclose you a copy of my letter to the Deputy Minister of Finance.
Your obedient servant,
The Auditor General.
D. C. SCOTT, Actg. D.S.G.I.A.

Dept. of Indian Affairs, Ottawa, October 4, 1893.
SIR,-I have the honour to inform you that the Auditor General has drawn the attention of this department to the illegality of the system under which superannuation abatements and payments of superannuation allowance to members of the outside service of this department in the provinces of Ontario and Quebec have been treated for some time past. Although the Superannuation Fund Account in connection with Indian Land Management Fund has been conducted with the full knowledge of the Auditor General and your department, the former has come to the conclusion that the procedure has all along been illegal.

The authority for our action in the matter has been rule 28 of an Order in Council of the 1st December, 1870, which directed that all outside officers of the Indian Office Who have permanent salaries and give their whole time to their duties, such as superintendents, agents and others, should come under the operation of the Civil Service Superannuation Act, but that, inasmuch as these salaries are charged against the Indian Fund, the superannuation allowances and the abatements should also be charged and credited to the Indian Land Management Fund. But the Auditor General now thinks that this Order in Council is ultra vires, as an Act of Parliament cannot be amended by an Order in Council. Section 3 of the Civil Service Superannuation Act of 1870 provides that the abatements from the salaries on account of superannuation should form part of the Consolidated Revenue Fund, while section 10 of the same Act enacts that the allowances and gratuities shall be paid out of the Consolidated Revenue Fund of Canada.

The method employed in dealing with the superannuation question by this department has been brought to your notice before, as it was found impossible to conduct it Without a severe annual loss to Management Fund, to the overdrawal of which account the superannuation abatements have largely contributed.

This department is now willing to refund to Consolidated Revenue the amount of the abatements from the salaries of officers, with interest, and your department should, I think, be willing to take over the account on this basis and refund to this department the total amount of the payments to officers who are now on the retired list. Such a course will result in placing the superannuation of Indian officials in Ontario and Quebec upon a proper footing and will materially assist in wiping out the debit balance of the interest account of Management Fund, and consequently aid in the speedy diminution of the present grant towards this fund. If you signify your willingness that this course shall be adopted, I will take pleasure in having the necessary statements prepared and the refunds made.

Your obedient servant,
The Deputy Minister of Finance.
D. C. SCOTT, Actg. D.S.G.I.A.

# Over-Expenditure of Interest in Tribal Accounts. 

Audit Office, Ottawa, January 24, 1894.

Sir,-I notice that the interest at the credit of the following Indian Trust Funds was exhausted before the 30 th June last and the capital reduced as indicated.

| Name of Account | Reduction of Capital. |
| :---: | :---: |
| Manitoulin Island Indians (unceded.) | \$ 7284 |
| Mississaguas of Credit | 27,291 90 |
| Pottawatamies of Walpole Island | 70 |
| Abenakis of Bécancour | 7956 |
| Golden Lake Indians | 101 |
| Iroquois of Caughnawaga | 10,248 53 |
| Lake St. John Indians | 45645 |
| Chemaines Band | 1260 |
| Micmacs of Restigouche | 64 |
| Pass-pass-chase's Reserve | 267 |

In the following cases not only has the whole of the capital been expended, but the accounts show a balance against the Indians instead of in their favour :-

| Name of Account. | Debit balance. |
| :---: | :---: |
| Fort Alexander Band | 2959 |
| St. Peter's Band | 1,034 34 |
| Heirs of Chief Pikanawatick | 04 |
| Tsoo-a-hoi Band | 937 |

43 Vic., cap. 28, section 70 provided that the Governor in Council may provide for the general management of the Indian moneys.

Under Order in Council of January 12, 1893, no impairment of capital can be legally made without the authority of an Order in Council. If the required orders for the above cases were obtained please let me know the date of each. If the Orders in Council have not been obtained it will be necessary for you to lay the matter at once before Council.

It would appear from your accounts that you take the view that the interest may be overdrawn. It seems clear to me, however, that the interest on the money at the credit of any band being exhausted, subsequent payments on account of the band must be chargeable against the capital of the band.

As your Indian expenditure is made under letter of credit, I am not responsible for the irregular payments when made, but I cannot continue to pass credits unless those who can take the responsibility for the irregular payments do take that responsibility, and unless it is understood that the irregular payments will not be repeated.

I am, sir, your obedient servant,
J. L. McDOUGALL, $A$.G.

The Deputy Supt. General, Indian Affairs.

Dept. of Indian Affairs, Ottawa, February 1, 1894.
Sir,-I have the honour to acknowledge the receipt of your letter of the 24th ultimo, with reference to certain overdrawals of capital at the credit of Tribal Accounts with the Indian Trust Fund. This department does not hold that the interest of any account can be overdrawn without drawing upon the capital ; and in future no such overdrafts of interest will be allowed.

The overdrafts, with the exception of three cases, were made some time ago, although your letter might be held to imply that they had all occurred during the fiscal year 1893-94.

[^26]\[

$$
\begin{aligned}
& \text { Pottawatamies of Walpole Island............................ . . . } 070 \\
& \text { Folden Lake Indians. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } 101 \\
& \text { Micmacs of Restigouche. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } 064
\end{aligned}
$$
\]

These small overdrafts occurred through inadvertence. The yearly interest drawn by the capital of the accounts is respectively $\$ 217.24, \$ 253.55, \$ 2.36$. The principle at issue is of course the same whether the overdrafts are large or small, but it will be readily seen that at the date on which your letter was written the overdrafts had been adjusted.

$$
\text { Abenakis of Bécancour. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$79 } 56
$$

This account began the year with a debit balance of $\$ 107.53$ which was reduced by $\$ 27.97$. The revenue of this account is only $\$ 28.94$, and it will take about three years for the debit balance to be absorded. No expenditure will be made from this account until that condition is arrived at.

$$
\text { Iroquois of Caughnawaga. . . . . . . . . . . . . . . . . . . . . . . . . . \$10,248 } 53
$$

This overdraft was occasioned by the large expenditure for surveys on the reserve Which continued from 1881 to 1889 , and it will be sometime before the account regains its lost capital.

$$
\text { Lake St. John Indians . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$456 } 45
$$

This account commenced the year with a debit balance of $\$ 655.76$ which was reduced by $\$ 199.31$. It has.a variable revenue and it may not be long before the debit balance of interest is wiped out ; the revenue from interest alone is $\$ 44.22$.

$$
\text { Chemaines Band. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$12 } 60
$$

This account began the year with a debit balance of $\$ 24.65$, which was reduced by \$12.05. The interest for $1893-94$ is $\$ 12.47$ so that on the 30th June, 1894, the debit balance will only be 13 cents, which will disappear in the following year.

$$
\text { Pass-pass-chase's Reserve. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$2 } 67
$$

This account had a debit balance of $\$ 164.11$ when the year commenced, which was reduced by $\$ 161.44$; the revenue from interest for 1893-94 is $\$ 126.06$, and long before the date of your letter the account was in a sound condition.
Heirs of Chief Pickanawatick
004

The revenue of the account consists of collections of rents from the estate ; and the expenditure, the distribution of this rent to the heirs. Four cents too much was distributed in error, but this has since been adjusted.

$$
1-10 \frac{1}{2} \mathrm{D}
$$

Fort Alexander Band. . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$ 2959

These debit balances have been standing for some years but an effort is being made to produce sufficient revenue to cancel them.

Tsoo-a-hoi Band. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$9 37
This debit balance will be covered by rent due which will likely be paid before long.

The matter of the following overdrafts will be at once brought to the notice of Council :

Mississaguas of Credit; Abenakis of Bécancour; Iroquois of Caughnawaga ; Lake St. John Indians ; Fort Alexander Band, and St. Peter's Band.

You may be sure that nothing will be left undone to prevent irregularities in the accounts.

Your obedient servant,
HAYTER REED,
Deputy Superintendent General of Indian Affairs.
The Auditor General.

## Statement of outstanding balances.

Statement of amounts unaccounted for by agents on 30th June, 1893.

## Payment of A. G. Hamilton by Interior and Public Works Departments.

Audit Office, Ottawa, April 20, 1893.
SIr,-I notice from your statements of expenditure on account of Government in the North-west Territories that you are paying A. G. Hamilton, of Moosomin, \$45 per month, as caretaker of the Court House. Mr. Hamilton also receives $\$ 33.33$ a month, or $\$ 400$ a year, from the Public Works Department for apparently the same service, making his monthly salary $\$ 78.33$.

Kindly inform me if there is any arrangement between your department and the Public Works Department with reference to the division of this man's salary.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

Dept. of Interion, Ottawa, May 16, 1893.
Sir,-In reply to your letter of the 20th ult., calling attention to the fact that Mr. A. G. Hamilton, of Moosomin, is receiving $\$ 45$ per month from this department as caretaker of the Court House at that place, and also $\$ 33.33$ a month from the Department of Public Works for apparently the same service, I have to inform you that the latter department has been requested not to make any further payment to Mr. Hamilton on this account until the matter is looked into, and an understanding arrived at. The Department of the Interior will also withhold payment of any money to Mr. Hamilton on this account till a decision is reached.

In the meantime we have asked the Department of Justice to communicate with the Judge and to ask him for a report upon the nature of Mr. Hamilton's duties.

I am, sir, your obedient servant,
JOHN A. HALL, Act. D.M.I.
The Auditor General.

Dept. of the Interior, Ottawa, June 13, 1893.
Sir,-Referring further to your letter of the 20th April last, regarding Mr. A. G. Hamilton, of Moosomin, I have the honour, by direction, to inclose herewith a copy of a report which has been received from Judge Wetmore in reference to the duties performed by Mr. Hamilton. As the Deputy Minister views this matter he is not called upon to take any further action in the meantime, Hamilton's pay for the month of May having been stayed.

I am, sir, your obedient servant,
LYNDWODE PEREIRA, Asst. Sec.
The Auditor General.

Moosomin, Assa., May 25, 1893.
Dear Sir,-As requested by your letter of the 18 th inst., I have to make the following report upon the letter of the Acting Deputy Minister of the Interior you inclosed to me. I think Mr. Hamilton was acting as the caretaker of the Court House building here previous to my moving into it nearly two years ago, and I can only report upon the duties he has performed since I moved in. The Court House building was built for a court house and offices for the officers of the court and for a barracks for the members of the North-west Mounted Police force stationed here and for a jail or lock-up. The whole of the upper flat of the building is appropriated to court purposes, containing the court room, judges' chambers, jury room and witnesses' room. The offices of the sheriff and clerk are situated on the ground flat in the extreme south end of the building. The whole of the rest of the building is set apart for the use of the police force and for the
lock-up. The police force have never occupied the building, except possibly on a very few occasions when they have confined a prisoner committed for trial and pending the trial in the cells; they have never exercised any control or care over any part of the building. Whatever care has been exercised over the part set apart for the force and for the lock-up has been exercised by Hamilton. Up to this spring the only way of getting from that part of the building set apart for the court and its officers to the cellar where the fuel was stored or to the water closets or to the yard where the ashes were placed Was through the part set aparc for the police. Of course this made that portion a thoroughfare and it had to be kept clean to some extent at least. Moreover, the upper part of the building where my chambers are would not have been occupied in the winter time on account of the cold, unless fires had been kept continually going in the police part of the building, and that involved keeping three large stoves going there. Hamilton had to attend to that, and did so. Of course he had also to attend to the part of the building set apart for the purposes of the court and its officers, and he did so. Assuming that $\$ 45$ a month would be a fair remuneration for taking care of the court room and ${ }^{\text {app }}$ ppurtenant rooms and of the rooms of the officers of the court (and it would strike me as a fair remuneration provided that the caretaker had also to act as messenger of the judge) I think the caretaker would fairly be entitled to something extra for the work he has had to do in connection with the part of the building built for the police force and lock-up. Possibly $\$ 400$ might be considered too much for this. I may say, how${ }^{\text {ever, }}$, that Mr. Hamilton's services in connection with the barracks and lock-up part of the building will cease in a few days, as the police force are now making preparations to occupy it and will be in by the lst of June. Hamilton has never acted as crier of the court, the police constable detailed to attend the sittings of the court has always done so. I have never used Hamilton as a messenger, as Mr. Hall's letter was the first intimation I ever had that the caretaker was to be used as such. I would be very much obliged if Hamilton was notified by the proper department that he is expected to act as my messenger, and that I might receive information that such notification has been given. The duties that Hamilton has performed since I moved into the building have been to see what repairs are required and have them done or call the attention of the department thereto, see that the fuel is laid in, attend to the fires, keep the rooms clean, attend to the wash-room in connection with my chambers, look after the furniture and generally to exercise a care over the building and furniture.

Yours very truly,
E. L. WETMORE.

The Deputy Minister of Justice.

## Certificates on Vouchers.

Audit Office, Ottawa, April 21, 1893.
Sir,-I beg to acknowledge receipt of the statement and vouchers for the expenditure under the special credit during the month of March.

I am glad to note a considerable improvement in the vouchers sent me as regards their being the original accounts instead of mere office copies. I notice, however, that they are still deficient as regards certificates. Section 33 of the Audit-Act expressly provides that every account should bear the certificate of the officer directly in charge, that the materials have been supplied, or that the work has been performed, as the case may be, and that the price charged is according to contract, or if not under contract, is $f_{\text {air }}$ and just.

Kindly see that in future all the accounts are fully certified in accordance with the above.

I am, sir, your obedient servant,

Lieutenant Governor's Office, Regina, N.W.T., April 25, 1893.
Sir, -I have the honour to acknowledge receipt of your letter of the 21st instant, in acknowledgment of the March statement and vouchers for expenditure under the special credit.

I am gratified to learn that you have observed a considerable improvement in the vouchers now being sent you.

I have taken special note of your remarks regarding certificates and will see that all accounts are certified in future in the matter mentioned.

I am, sir, your obedient servant,
The Auditor General.

> R. B. GORDON, Clerk Leg. Ass.

## Payment of per diem allowance to C. H. Royal.

Audit Office, Ottawa, June 22, 1893.
Sir,-North-west Government cheque No. 172 is for a payment to Mr. C. H. Royal of $\$ 8$, balance of travelling expenses, accompanying the Lieutenant-Governor to Ottawa, as private secretary.

I notice that Mr. Royal charges a living allowance of $\$ 3.50$ per diem for the 31 days he was on the trip. Under Order in Council of February 6 last, all officers travelling on Government business are to be paid reasonable actual living expenses only for all trips begun after that date, instead of being granted a per diem allowance. As Mr. Royal started on this trip on February 15, he is only entitled to actual expenses.

Kindly obtain from Mr. Royal an amended account based on the actual expenses basis and have any difference between the amount of the amended account and the amount already paid him refunded to the credit of the Receiver General.

I am, sir, your obedient servant,
The Deputy Minister of Interier.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, June 28, 1893.
SIR,-I have the honour, by direction, to acknowledge the receipt of your letter of the 22nd inst., in regard to Mr. C. H. Royal's account for travelling expenses, and to say that Mr. Burgess does not know how the account in question can be amended, as the Order in Council of February 6 last providing that actual expenses only shall be reimbursed was not communicated to this department untii the 14th of February, or just one day befere Mr. Royal started on his trip. It would therefore have been mani-' festly impossible that he should have been notified of the change before starting. A letter is being written to the Lieutenant Governor saying that you will be satistied if Mr. Royal will certify that the account which he has rendered represents his actual expenses. This, it is understood, is in general your conclusion in regard to ${ }_{\text {L }}^{5}$ accounts of this nature.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

Audit Office, Ottawa, June 30, 1893.
SIR,-I beg to acknowledge receipt of your letter of the 28 th inst., in reply; to mine of 22 nd inst., in regard to Mr. C. H. Royal's account for travelling expenses. mins,

In reply, I beg to say that Mr. Royal's certificate that the account which he has rendered represents his actual expenses, will under the circumstances be satisfactory, provided his certificate is supported by such evidence as it is possible to obtain.

I am, sir, your obedient servant.
F. HAYTER, for A.G.

The Deputy Minister of Interior.

Government House, Regina, September 12, 1893.
Dear Sir, - With reference to your letters of June 28 and July 4 last addressed to His Honour the Lieutenant Governor of the North-west Territories, relating to my account for travelling expenses while accompanying His Honour in my capacity of private secretary, on a trip to Ottawa in February and March last, I beg to say that, not considering it necessary to keep the different vouchers for the moneys paid during the said trip, I had destroyed the same at the time my attention was called to your communications. However, I beg to state that the account rendered in March is a true and correct account of the moneys expended and actually paid during the said trip to Ottawa. Hoping that you will find this to be satisfactory,

I am, sir, your obedient servant,
C. HENRI ROYAL.

The Deputy Minister of Interior.

## Telephones at Government House and Stables.

## Audit Office, Ottawa, June 28, 1893.

Sir,-I notice from the expenditure during the current year out of the Lieut. Governor's credit that the following payments have been made to the Bell Telephone Company for telephones at Government House :-

> Telephone apparatus at Government House, 12 months to
> July 1, 1893
> $\$ 3600$
> Telephone apparatus at stables, 12 months to June 1, 1893. 3600
> do Government House connecting with
> stables, 12 months to June 1, 1893
> 3600

Please explain the necessity of so many sets of telephones in connection with Government House.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.
Regina, July 15, 1893.
Sir,-I am directed by His Honour the Lieutenant Governor to acknowledge receipt of your letter of the 6th inst., inclosing copy of letter from the Auditor General dated the 28 th ult. respecting telephones at Government House.

His Honour desires me to inform you that one telephone at Government House is connected with the general telephone system of the town through its central office.

As regards the other telephones mentioned, the only stables as yet provided for Government House are those situated at the old building and about a quarter of a mile distant from the present house.

These stables are connected with Government House by a direct wire, which requires a telephone at each end.

I am, sir, your obedient servant,
R. B. GORDON, Sec. to Lieut. Gov.

The Secretary, Department of the Interior.

## Removal of Insane to Brandon Asylum.

Audit Office, Ottawa, June 30, 1893.
SIR,-I have the honour to acknowledge receipt of your application of the 26 th inst., asking for the transfer to the credit of Manitoha Penitentiary of two amounts of $\$ 657.50$ and $\$ 287.54$ for maintenance during March of insane patients from the NorthWest Territories and from the district of Keewatin respectively.

I notice from the accounts accompanying your application that there is a charge for fourteen days maintenance for each patient, while on May 3rd last the Brandon Insane Asylum was paid for 18 days maintenance of the same patients during March. It would thus appear that there is an overcharge of one day's maintenance on one or the other set of accounts.

I would also ask for details of the expenditure for removal expenses, which amounts to $\$ 8.73$ for each individual patient.

I am, sir, your obedient servant,
The Deputy Minister of Interior.

J. L. McDOUGALL, a.g.

Dept. of the Interior, Ottana, August 3, 1893.
Sir,-With reference to your letter of June 30, last, drawing attention to an apparent overcharge of one day for the maintenance of insane patients during the month of March last, and also asking for the details of the cost of removing the patients from the Manitoba Penitentiary to the Brandon Insane Asylum, I have the honour, by direction, to inclose herewith a copy of a letter which has been received from the Department of Justice giving the facts of the case, and to draw your attention to the concluding paragraph of that communication, according to which you are already in possession of the vouchers for the expenditure.

I am, sir, your obedient servant,
The Auditor General.
F. NELSON, for the Asst. Secy.

Dept. of Justice, Penitentiary Branch, Ottawa, July 24, 1893.
Sir,-I have the honour to acknowledge the receipt of Mr. Pereira's letter of the 12th instant, inclosing a copy of a letter addressed by the Auditor General to Mr. Burgess, asking for certain explanations, \&c., with reference to expenses incurred in removing the insane patients from Manitoba Penitentiary to Brandon.

Regarding the alleged overcharge of one day's maintenance referred to by the Auditor General, I quote an extract from a letter received by the Inspector of Penitentiaries from the Warden of Manitoba Penitentiary under date the 27 th May last, as follows:-
"The patients left here early on Monday, March 13th, and should have reached Brandon the same day, but the train was snow bound, and in consequence the patients did not reach Brandon till the evening of the following day, March 14th, hence the accounts against the Interior Department include the 14 th of March."

You will therefore see that the overcharge referred to was made by the Brandon Asylum authorities and not by the penitentiary.

The details of expenditure for removal expenses which amounts to $\$ 8.73$ per patient is accounted for as follows:-

43 tickets and special train. . . . . . . . . . . . . . . . . . . . . . . . . . $\$ 26350$
Paid John Smith . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 350
" Mrs. McLean . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 250
" W. Abbott. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 350
" J. G. Hackland.......... . . . . . . . . . . . . . . . . . . . . . . . . . 350
" A. Pritchard........................... . . . . . . . . . . . . . 350
" Mrs. Davis. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 250
" Warden..................................................... 310
" J. C. Stewart (sundries) . . . . . . . . . . . . . . . . . . . . . . . . . 130
" Express on package to Brandon. . . . . . . . . . . . . . . . . . 0 . 40
" Wm. Nevins . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2700
$\$ 31430$
Total per capita cost for each patient . . . . . . . . . \$ 873

The Auditor General has already been furnished with vouchers for the above expenditure.

I am, sir, your obedient servant,

> A. POWER, for D.M.J.

The Deputy Minister of Interior.

Audit Office, Ottawa, Sept. 7, 1893.
Sir,-I beg to acknowledge receipt of your letter of the 3rd ultimo, inclosing a copy of one from the Department of Justice with reference to the maintenance of insane patients during the month of March last.

If, as would appear from the letter of the Department of Justice, the patients were a charge on the Manitoba Penitentiary for the whole of March 14, the Manitoba Government has been overpaid for one day's maintenance at the Brandon Asylum and should be called upon to refund that amount.

Among the expenses of removal I notice a payment of $\$ 25$ to Wm . Nevins for lunch for the patients at Portage la Prairie on the 14th March. This amount should be deducted from the amount to be credited to Manitoba Penitentiary, as the 96 cents per day allowed the penitentiary is supposed to cover all the cost of maintenance.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, Dec. 2, 1893.
Sir,-Referring to your letter of the 30 th of June last, in which you state that it would appear that there was an overcharge of one day's maintenance of in sane patients by the Brandon Asylum authorities, I am directed to transmit to you herewith a copy of a letter, dated the 14th of September last, from Mr. Sifton, Chief Clerk Public Works Department, Winnipeg, together with a copy of the accompanying communication, dated the 13th idem, from the Superintendent of the Brandon Asylum, in explanation of the apparent overcharge.

> I am, sir, your obedient servant, LYNDWODE PEREIRA, Asst. Sec.

The Auditor General, Ottawa.
Winnipeg, September 14, 1893.
Sir,-In reply to your communication of the 7 th instant, re overcharge for maintenance of North-west insane patients, by Brandon Asylum, I beg to inclose you herewith a copy of a letter received this morning from Dr. Bell, the Superintendent of the above named institution, which explains itself. Dr. Bell refers, in his letter, to his having been advised by this department that the patients would be transferred from Stony Mountain on the 13th of March last. With reference to this I may say that this advice was as received from the penitentiary. Trusting that the foregoing explanation will be satisfactory.

> I am, sir, your obedient servant, JOHN W. SIFTON, C.C.

The Secretary Dept. of Interior.
Brandon, September 13, 1893.
Sir,-I am in receipt of your favour of the 12 th instant, in reference to overcharge of one day's maintenance of North-west insane patients at this asylum and inclosing correspondence re said overcharge.

$$
1-14 \frac{1}{2} D
$$

In regard to this matter I beg to state that we were notified by your department that insane patients would be transferred to this asylum from Stony Mountain on March 13 last, and instructed to make all preparations for reception of same. Unfortunately the train was delayed by a snow storm and did not arrive here until the afternoon of March 14. During the interval we were unable to get any information as to the whereabouts of train or as to the probable time of its arrival and the whole staff was kept on duty during the night of March 13, not knowing what moment train might arrive.

The patients were received here at 4 p.m. March 14, and I considered it fair and proper, under the circumstances, to charge for the whole day. Inclosed herewith I return you the correspondence forwarded to me with your letter.

I am, sir, your obedient servant,
GORDON BELL, Md. Supt., Brandon Asylum.
The Minister of Public Works, Winnipeg.

## Dept. of Justice, Canada, Penitentiary Branch, Ottawa, January 9, 1894.

Sir,-Referring to Mr. Pereira's letter of the 2nd ultimo, inclosing a copy of a letter addressed to the Deputy Minister of the Interior by the Auditor General wherein he takes exception to the amount- $\$ 25$-paid by the Manitoba. Penitentiary for lunch supplied certain lunatics while en route from the penitentiary to the Insane Asylum at Brandon, being refunded by the Interior Department, I have the honour to inform you that the charge referred to is an exceptional one, inasmuch as the lunch was necessary owing to the train which conveyed the lunatics having been snow bound for seventeen hours on the way. The charge appears to have been a proper one against your department and the refund appears to have been properly made.

I am unable to concur in the exception taken by the Auditor to the refund in question.

I am, sir, your obedient servant,
The Secretary, Interior Department.

E. L. NEWCOMBE, D.M.J.

## Investigation at Regina.

Immediately after the publication of my report for 1891-92, it was discovered, on comparing the expenditure made by the Public Works Department, and by the Lieutenant Governor, on account of the new Government House and Government offices at Regina, that duplicate payments for identical services had apparently been made. The amount of these duplicate payments was $\$ 4,909.28$, as shown by the statement below.

As it was hardly probable that the different tradesmen would have retained the amounts thus overpaid them, the question of the ultimate disposition of these moneys arose. I accordingly deemed it advisable to send a member of this office to Regina with full powers, under section 57 of the Audit Act, to inquire into any irregularities.

## Auditor General's Report, 1892-93.

> The following are the reports submitted by that officer on the subject of the advances on account of Public Works and on the Lieutenant Governor's Trust Account:-

STATEMENT "A."
Sums advanced by Lieut. Governor on account of Public Works.

## Report on Advances made by the North-west Government on account of Public Works, which Advances were subsequently refunded to Officers of the North-west Government.

On November 5, 1889, a cheque for $\$ 200$ was issued by the North-west Government in favour of Thomas Cummings for digging a well at Government House; some time subsequent to this a second cheque for the same amount was issued in favour of Cummings by the Public Works Department, in payment of the same service. Both these cheques came into Cummings's possession and the proceeds of them were retained by him at first. The matter was put into the hands of Mr. D. L. Scott and the amount overpaid was ultimately recovered by him in two separate amounts of $\$ 84.40$ and $\$ 115.60$ respectively. These amounts thus recovered were deposited in the Bank of Montreal at Regina, to the credit of the Lieutenant Governor's Trust Account. These deposits Were made on July 5, 1890, and January 16, 1891, respectively. The amount thus recovered has not yet been brought to the credit of the Receiver General and does not appear to have passed out of trust account as a refund. Further information as to the disposal of this amount of $\$ 200$ will be given in that part of my report which deals with the Lieutenant Governor's trust account.

During the summer and fall of 1890 the following cheques were issued by the North-west Government as advances on account of materials supplied and work performed in connection with the fence at Government House :-

On Nov. 19, 1890, a Receiver General's cheque was issued on the application of the Public Works Department in favour of J. A. MacCaul, of Regina, for the amount of $\$ 1,971.50$, the total cost of fencing at Government House. Out of the proceeds of this cheque MacCaul settled the accounts of McCarthy, Gordon and the Smith Fergusson Co., as well as his own account, and the balance, with the exception of $\$ 772$ was handed to Mr. H. J. Peters, the then clerk of works, to pay Aldous' and other accounts in connection with the fencing. The $\$ i 72$ retained by MacCaul was the amount advanced as above by the Lieutenant Governor on account of the fencing works. Instead of refunding this amount immediately, MacCaul retained it for the time, with the permission of the Lieutenant Governor, as he had at that time several accounts outstanding against the Government. As other accounts were subsequently paid MacCaul, refunds were made by MacCaul on account of the fencing advances. MacCaul claims to have thus refunded the full amount of the $\$ 772$ advanced, though he cannot say definitely when and how the different refunds were made. The final refund, however, was made at the North-west Government offices by Mr. Peters handing L. O. Bourget, the accountant of the Northwest Government, in the presence of MacCaul, a certain amount of cash then due MacCaul on another account. The amount of this last payment, according to MacCaul's evidence, was about $\$ 387$. The receipt, however, given by Bourget, according to the copy sent me by Mr. Peters, is for $\$ 283.25$ only. This payment was made in the latter end of August, 1892. Another refund on account of these fencing advances appears to have been made by North-west Government cheque No. 1764 of April 27, 1891, issued in favour of MacCaul for the amount of $\$ 135.83$ for lumber supplied for Government House. This cheque was endorsed by MacCaul and deposited to the credit of the Lieutenant Governor's Trust Account on May 29, 1891, forming part of a deposit of $\$ 411.58$ made on that day. This refund has not yet passed to the credit of the Receiver General. Further information as to the disposal of this amount will be given in that part of my report which deals with the trust account.

On August 18, 1890, a cheque was issued by the North-west Government in favour of J. A. MacCaul for $\$ 229.36$ for lumber supplied at the gardener's house at Government House. According to MacCaul this amount was not due him directly but was due one N: Millette, who had the charge of the execution of certain works at Government House. Millette, however, owed MacCaul this amount for lumber supplied and gave him an order on the North-west Government for the amount in question. This cheque has been credited in MacCaul's books to the account of Millette. On Aug. 10, 1891, a second cheque was issued by the North-west Government in favour of MacCaul for the same amount, viz., $\$ 229.36$. This cheque appears from the endorsation to have been cashed at Winnipeg by L. O. Bourget. As regards this cheque there is a considerable difference between the statements of MacCaul and Bourget. MacCaul staters that it was in payment of the same service as the first cheque for this amount, i. e., the old Millette account, and that as payment of this had already been made, and as the money consequently was not then due him he returned the cheque to

## Auditor General's Report, 1892-93.

Bourget after endorsing it. Bourget states on the contrary that this amount was due MacCaul on account of lumber supplied and that MacCaul returned it to him as a refund on account of the fencing advances. No account, however, has ever been received in this office in support of the second cheque, nor could any trace of one be found at the
North-west Government offices. The following letter found in a letter-book at the office of the Department of Public Works at Regina, would make it appear that MacCaul's statement that the second cheque was also in payment of the Millette account is the correct one :-

Office of the Dominion Public Works, North-west Territories, Regina, August 6, 1891.

## To L. O. Bourget, Accountant, Regina.

Dear Mr. Bourget,—Inclosed please find copy of account Millette (\$229.36) you asked me about yesterday.

Sincerely yours,
HENRY J. PETERS.
This account is still due J. A. MacCaul.
During the fiscal year 1891-92 sundry payments and advances were made by the
Lieutenant Governor of the North-west Territories on account of work done and materials
and furniture supplied in connection with the new Government House, the new Government offices and the Council Chamber. These advances were to be refunded by the
Public Works Department. As well as I could ascertain the amount of the advances to
be
" thus refunded was $\$ 4,909.28$ as shown by the accompanying statement marked
"A." Refunds as follows were made by Mr. Peters to the North-west Government on account of these advances :-

1. On January 22, 1892, the amount of $\$ 25$ was sent to Mr. Bourget by Mr.

Peters in cash. Bourget acknowledges receipt of this amount, but this refund has never
2. On February 11, 1892, the amount of $\$ 1,730.65$ was deposited by Mr. Peters in
the Bank of Montreal, Regina, to the credit of the North-west Government Local Fund.
This amount was afterwards transferred to the credit of the Lieutenant-Governor's Trust Account, and was finally deposited to the credit of the Receiver General on August 12, 1892. One of the sums making up this amount was $\$ 111.96$ deposited by MacCaul. Bourget states that this was another refund on account of the fencing advances. MacCaul states, however, that it was a refund on account of another payment to him ; and sundry memoranda and statements made out by Mr. Peters would make it obvious that this refund by MacCaul was on account of a payment made to him out of an advance of $\% 808.80$, ad vanced by the Lieutenant-Governor to one W. T. Mollard, a carpenter employed on the different works.
3. A third refund on account of advances in question was made on August 11, 1892, When cheques and jash to the amount of $\$ 3,141.02$ were handed Bourget by Peters. Of this amount $\$ 179$ was due Scott \& Leslie, of Winnipeg, as their account had not been paid, leaving the refund as $\$ 2,962.02$. Bourget gave Peters a receipt for the moneys received, a copy of which is shown. Of this amount $\$ 1,691.55$ was re-advanced to Peters on the authority of the Lieutenant Governor to pay the outstanding accounts of Simon Peters of Quebec for $\$ 924.94$ for inside blinds, and of Saunders \& Talbot of Winnipeg, for $\$ 762.40$ for paper-hanging, \&c. The amount thus remaining in the hands of Mr. Bourget was $\$ 1,270.47$. Mr. Bourget could not say what disposal was made of this amount, but it has never been brought to account in any form. Of the cheques ${ }^{\text {received by Mr. Bourget the three following appear to have been cashed by him at }}$ Quebec in the fall of 1892 :-

E. B. Read, file boxes, dc....................................... . . $110 \quad 02$

All the other cheques seem to have been cashed at Regina, but no further information is to be drawn from them. With reference to the cheque for $\$ 47.79$ in favour of the North-west Territories Government, this was endorsed by L. O. Bourget, Accountant of the North-west Territories, and apparently cashed at Quebec. As far as I could learn, the only person authorized to endorse cheques drawn in favour of the Government of the North-west Territories, besides the Lieutenant Governor, is Mr. R. B. Gordon, whose endorsation is only good for deposit. Bourget seems to have had no authority to endorse the cheque in question.

The following statement is a summary of the different amounts received by Mr. Bourget which have not been accounted for by him in any way :-

$$
\begin{aligned}
& \text { N. W. Govt. cheque favour J. A. MacCaul. . . . . . . . . . . . \$ } 22936 \\
& \text { Final refund by MacCaul on account of fencing advances. } 28325 \\
& \text { Amount refunded by Peters Jan. 20, 1892.............. } 2500 \\
& \text { do do Aug. 11, 1892............... 1,270 } 47 \\
& \text { Total. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } \$ 1,80808
\end{aligned}
$$

Together with other amounts refunded by MacCaul on account of fencing advances but which cannot yet be determined.

In connection with the above I submit the following documents:-Evidence of $L$. O. Bourget ; statement of refunds made out by Mr. Bourget ; sworn statement of Mr. Peters of amounts refunded, with copies of receipts ; copy of a letter from Mr. Peters to Mr. Bourget, dated January 22, 1892 and inclosing $\$ 25$ in cash.

## J. WARREN REID.

Audit Office, Ottawa, April 5, 1893.

## REPORT ON THE LIEUTENANT GOVERNOR'S TRUST ACCOUNT.

In the course of my inquiry into the matter of the advances by the North-west Government and the refunds consequent thereon, I learned of an account in the Bank of Montreal at Regina, styled the Lieutenant Governor's Trust Account, or more accurately "The Lieutenant Governor, Dominion Funds in Trust." This account appears to be of the nature of a suspense account, into which are passed moneys received as $r$ refunds on account of the Dominion Government, as well as amounts received on account of fines and forfeitures accruing to the Dominion Government. The depositing of the amounts received on account of the Dominion, to the credit of this account, and the ultimate remittance of the same to Ottawa, was, as far as I was able to learn, in charge of C. A. W. Lethbridge, a clerk in the North-west Government offices. As two or three of the amounts refunded on account of Public Works advances had been credited to this account, but had apparently never been withdrawn and transmitted to the credit of the Receiver General, I considered it my duty to inspect the account in question.

Statement "B" attached hereto is a copy of this account as taken from the books of the Bank of Montreal, starting from the beginning of the fiscal year 1890-91, at which time there were no moneys lying at the credit of this account.

The first deposit is one of $\$ 84.40$ made on July 5,1890 . This appears to be the first amount recovered on account of the over-payment to Cummings, referred to in a previous part of my report. On August 6, 1890, the sum of $\$ 49$ was chequed out of this account for fines collected for the June quarter. As no previous deposit had been made on account of fines collected this remittance of $\$ 49$ was actually taken out of the $\$ 84.40$ refunded by Cummings. On October 11, 1890, a deposit of $\$ 407.62$ was made, being made up of the $\$ 49$ fines collected for the June quarter, and of $\$ 358.62$, the amount of fines collected for the September quarter. This amount of $\$ 358.62$ was remitted to Ottawa on October 28, 1890, leaving the balance at the credit of the account once more at $\$ 84.40$. On January 16, 1891, the amount of $\$ 386.10$ was deposited to the credit of the account, this sum being made up of $\$ 270.50$ the amount of fines collected for the December quarter, and of $\$ 115.60$, the second refund on account of the over-payment to Cummings. On the following day the amount

## Auditor General's Report, 1892-93.

of the fines was remitted to Ottawa, less 50 cents for commission on cheques, leaving the amount of $\$ 200$, at the credit of the account, being the full refund of the over-payment to Cummings. On March 19, 1891, the sum of $\$ 501.40$ was credited to the account, on account of fines received for the March quarter. Against this credit appears a charge of $\$ 2$ for commission on cheques, leaving a balance in the account of $\$ 699.40$. On April 14 the sum of $\$ 580.40$ was remitted to Ottawa for fines for the March quarter, and $\$ 119$ was left at the credit of the account, the refund of $\$ 200$ being thus drawn upon to the extent of $\$ 81$. On May 29, 1891, a deposit of
$\$ 411.58$ was made, which was made up of fines collected to that date amounting to $\$ 275.75$, which included the $\$ 81$ short deposited for the March quarter, and of $\$ 135.83$. a refund by J. A. MacCaul on account of advances for the Government House fence. Against this deposit there is a charge of 25 cents for commission on cheques. On August 21 a further deposit of $\$ 337.25$ was made for fines collected during the June quarter. As a deposit had already been made on account of fines for this quarter it would appear that too much had been deposited. Accordingly on the same date the sum of $\$ 337$ was transmitted to Ottawa, and a few days later (on September 8) $\$ 194.50$ was drawn out by Mr. Lethbridge to make good the over-deposit. These transactions left the balance at the credit of the account as $\$ 336.08$, being 25 cents in excess of the proper amount, which was $\$ 335.83$, made up of the Cummings refund of $\$ 200$ and of MacCaul's refund of $\$ 135.83$.

The next entry in the account under discussion was made on March 9, 1892, when $\$ 1,730.65$ was placed to the credit of the account. This was the amount deposited by Mr. Peters, in February, to the credit of the local fund, now transferred to the credit of the trust account. In the spring of this year (1892), the Lieutenant Governor and Mr. R. B. Gordon were, I was given to understand, called to Ottawa on official business. As no funds were available at the time out of the regular appropriation, the vote for travelling expenses being exhausted, it was decided to borrow the necessary amounts from the amount then at the credit of the trust account. Accordingly, on March 15, the amount of $\$ 250$ was drawn out by Mr. Gordon as an advance on account of travelling expenses, and on April 5, the amount of $\$ 300$ was drawn out by the Lieutenant Governor for a like purpose. These withdrawals reduced the balance in the account to $\$ 1,516.73$. On August 12, 1892, the sum of $\$ 300$ was deposited in the account, being a refund of the advance of that amount to the Lieutenant Governor. As this brought the balance up to $\$ 1,816.73$, it was now possible to remit the amount of $\$ 1,730.65$, refunded by Peters, to Ottawa. This remittance accordingly was made, and the balance dropped to $\$ 86.08$.

On September 2, 1892, a deposit of $\$ 268.70$ was made on account of fines collected during the fiscal year 1891-92, this being the first deposit of this nature since August 21, 1891, and on September 8, 1892, a second deposit was made of $\$ 440.22$ also on account of fines for the year: On the following day the amount of $\$ 788.92$ was transmitted to Ottawa, being the amount of fines collected for the year. It will be noticed that the amount transmitted was $\$ 80$ in excess of the sums deposited on account of fines, the $\$ 80$ being drawn against the balance of $\$ 86.08$ remaining in the account on account of refunds. On September 21, a cheque of $\$ 6.08$ (the balance then remaining in the account) was issued in favour of C. A. W. Lethbridge, being for an alleged over-deposit. The issue of this cheque left no funds whatever at the credit of the account. Since the last date referred to above the only entry in the account is a deposit of $\$ 250$ on February 28, 1893, by Mr. R. B. Gordon, being the amount advanced him in March, 1892 . This amount of $\$ 250$ is all that was standing at the credit of the account at the time of my inspection. The amount that should have been at the credit of the account at that time was $\$ 335.83$, being made up of $\$ 200$ refunded by Cummings, and of $\$ 135.83$ refunded by MacCaul. The shortage of $\$ 85.83$ in the account would appear to have been caused by the excess of the amounts remitted to Ottawa on account of fines and forfeitures over the amounts actually deposited in the trust account for the fines collected.

It will be noticed that the collections on account of fines do not appear to have been banked as they were received, but were allowed to accumulate at the office, and
deposited, at first quarterly, but that in the case of collections for the year 1891-92 no moneys were banked until September, 1892, some time after the attention of the Department of the Interior had been drawn to the fact that no deposits had as yet come to credit for the year on account of fines collected. It will also be noticed $^{\text {a }}$ that as yet no amounts have come to account in any way for fines and forfeitures collected during the present fiscal year. I was given to understand by Mr. Gordon, who now has charge of these collections, that he has purposely avoided depositing the collections until the trust account was adjusted.

J. WARREN REID.

Audit Office, Ottawa, April 6, 1893.

Audit Office, Ottawa, April 10, 1893.
SIr,-In connection with my letter of the 5 th instant accompanying a report of Mr . J. W. Reid of this office on certain irregularities in the handling of Dominion money at the North-west Territories offices at Regina, I now inclose a supplementary letter from Mr. Reid.

This deals with a separate branch-the Lieutenant Governor's Trust Account.
With reference to both reports, I would draw your attention to the weaknesses of the system which permitted the defalcation of the accountant. The Lieutenant Governor and the Clerk of the Assembly, who held the credit for the amount required to meet expenditure in the North-west Territories, wrongly expended at various times considerable portions of their appropriations for improvements and furnishings of the Lieutenant Governor's residence and of the Executive and Legislative buildings, no appropriation under their control having been made for such purposes. Their excuse that the Public Works Department, who controlled the appropriations made for the services in question, could not be induced to take the necessary steps sufficiently rapidly, is one which if accepted would destroy every kind of control.

I recommend that instructions be forwarded to Regina that the appropriations be confined-temporarily as well as permanently-to the services for which they are granted ; that all receipts of money in the nature of refunds of expenditure be immediately deposited to the Receiver General's account and credited to its appropriation; and that all revenue payments be in like manner deposited immediately to the Receiver General's account in the bank.

I make no reference to the adoption of any course towards the Accountant, he having been suspended, and it being no part of my duty to take any further proceedings.
I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Secretary of Treasury Board.
Audit Office, Ottawa, April 7, 1893.
Sir,-Mr. Reid of this office has since his return from Regina, submitted to me a statement of the Lieutenant Governor's Trust Account, taken from the books of the Bank of Montreal, Regina. From this statement it would appear that the fines and forfeitures received on account of the Dominion were not deposited as they were received ; but that they were allowed to accumulate in the N.W.T. Government offices and were deposited at distant intervals. Up to the end of the fiscal year 1890-91, these deposits were made quarterly ; for the year 1891-92, no deposit was made until September, 1892 ; and no sums have been deposited as yet on account of collections for the current year. Certain amounts received as refunds were also deposited in this account, but have not yet been brought to the credit of the Receiver General.

In addition to the irregularity in retaining in the offices moneys collected on account of the Dominion, I need not point out to you the danger of loss that must arise from such system, which involves the keeping of a comparatively large sum of money

## Auditor General's Report, 1892-93.

in a cash drawer or safe. I must also say that I see no advantage to be gained by depositing any amounts. collected to the credit of a trust account, which seems in the present case to be simply of the nature of a suspense account.

I have accordingly to request that you will cause to be at once deposited to the credit of the Receiver General all moneys now on hand and see that all moneys collected in the future on account of the Dominion Government, from any source whatever, be deposited to the credit of the Receiver General immediately on receipt.

I understand that the money received for fines and forfeitures during the current fiscal year and now undeposited is in the hands of Mr. R. B. Gordon, the Clerk of the Legislative Assembly. I have telegraphed Mr. Gordon to make the deposit.

> I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

## Audit Office, Ottawa, April 12, 1893.

$S_{\text {IR,--I }}$ beg to draw your attention to an apparent shortage of $\$ 85.83$ in the Lieutenant Governor's trust account at Regina, as appears from a statement of that account submitted to me by Mr. Reid, of this office, and obtained by him from the books of the Bank of Montreal, Regina, and from books of account in the North-west Government offices.

The total amount deposited in that account for fines and forfeitures during the Year 1891-92 was $\$ 708.92$, made up of two deposits, one of $\$ 268.70$ on September 2, and one of $\$ 440.22$ on September 8,1892 . The total collections for the year, according to the statements sent this office, amounted to $\$ 788.92$, which amount was checked out of the trust account and remitted to Ottawa on September 9, 1892. The $\$ 80$ short deposited on account of fines and forfeitures seems to have been taken out of a balance of $\$ 86.08$ left in the account in August, 1892. On September 21, the balance of $\$ 6.08$ then remaining in the account was paid out in settlement of a cheque drawn $f_{\text {for that }}$ amount in favour of C. A. W. Lethbridge for an over-deposit on account of fines. In reality, instead of there being an over-deposit, it would appear that there ${ }^{\text {as }} \$ 80$ short deposited.

If the total amount deposited on account of fines and forfeitures agreed with the amount remitted to Ottawa, there should now be in the account the sum of $\$ 335.83$, $\$ 135$ up of two refunds, one of $\$ 200$ for an advance to Thos. Cummings, and one of $\$ 135.83$ refunded by J. A. MacCaul on account of fencing advances. Instead of this amount there was at the time of inspection only $\$ 250$ at the credit of the account, the sum of $\$ 85.83$ having disappeared. This amount of shortage agrees within 25 cents With the amount made up of the $\$ 80$ short-deposited on account of fines for the year 1891.92, and of the $\$ 6.08$ withdrawn by Mr. Lethbridge as an over-deposit.

Kindly obtain for me from Mr. R. B. Gordon a full explanation of this shortage, showing who is directly responsible for the same ; and if it would appear that the short of tosit referred to was made in error, have the amount at once refunded to the credit of the Receiver General, together with the $\$ 250$ now lying at the credit of the trust account.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

Lieutenant Governor's Office, Regina, N.W.T., April 24, 1893.
SIR,-I am directed to acknowledge receipt of your letter of the 15 th instant, No.
327740 , with inclosed copy of letter from the Auditor General in reference to a sum of $\$ 8.83$, with inclosed copy of letter from the Auditor General in reference to a sum of Account.

This matter has been referred to Mr. C. A. Lethbridge, who had charge of the sums received on account of fines and forfeitures, and by whom they were deposited to the credit of this account. He states that the short-deposit referred to has been made in error, that he was quite unaware of the mistake until it was pointed out to him by Mr. Reid, when in Regina, and is now unable to say how it could have come about.

The amount in question of $\$ 85.83$ has been at once deposited by Mr. Lethbridge to the credit of the Receiver General, and I inclose herewith deposit receipt for same.

Deposit receipt for the $\$ 250$, also mentioned in the Auditor's letter, had already been forwarded to the department.

> I am, sir, your obedient servant,

The Secretary, Department of Interior.
R. B. GORDON, Sec. to Lt. Gov.

Lieutenant Governor's Office, Regina, N.W.T., May 1, 1893.
Sir,-I have the honour to acknowledge receipt of your letter of the 17 th ultimo, No. 327720 , inclosing copy of a letter from the Auditor General, dated 12th ult., with accompanying papers, and conveying the instructions that the appropriations for the government of the North-west Territories shall in future be temporarily as well as permanently confined to the services for which they are granted; also, that all moneys received in the nature of refund of expenditure shall immediately be deposited to the credit of the Receiver General and credited to the proper appropriation, and that all revenue payments shall be deposited in like manner.

I beg to say, in explanation of the deviation from this course which has occurred, that the expenditures referred to in the correspondence accompanying your letter appeared to be rendered absolutely necessary for the purpose of securing the completion of Government House and buildings, which would have otherwise remained uninhabitable for another season.

These expenditures were reported to the department from time to time in the monthly statements, and no objection having been raised to the course pursued, it was reasonably presumed that the making of such temporary advances did not meet with disapproval.

As no objection had been made to the expenditures above mentioned, it was thought equally unobjectionable to adopt a similar course in regard to the other temporary appropriations referred to.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
R. B. GORDON, Sec. to Lt. Gov.

The Queen vs. Louis O. Bourget.
Regina, N.W.T., July 6, 1893.
SIr,-I have the honour to state that in pursuance of the instructions contained in your letter of April 15 last, I obtained judgment in this case against the defendant on June 19 last for the sum of $\$ 1,871.11$, the amount being made up as follows:-

| Amount due by defendant as per statement furnished me. Taxed costs of judgment | $\begin{array}{r} \$ 1,80808 \\ 6303 \end{array}$ |
| :---: | :---: |
| Total judgment. | \$1,871 11 |

I have issued executions against the goods and lands of the defendant, and placed them in the hands of the sheriff of this judicial district. The sheriff informs me that

## Auditor General's Report, 1892-93.

so far as he is at present aware, the defendant has no goods or lands in his bailiwick liable to seizure under execution. Upon inquiry I have ascertained that the defendant has lately gone to British Columbia. My costs for obtaining judgment and execution amount to $\$ 79.03$, made up as follows:-

- Costs included in judgment.
$\$ 6303$
Fees and disbursements upon issue and delivery to sheriff of execution against goods and lands, and the return thereof

1600
$\$ 7903$
I am, sir, your obedient servant,
The Deputy Minister of Justice. $\quad$ D. L. SCOTT.

## Payment of Commissioners for Sundays.

Finance Dept., Ottawa, Oct. 4, 1892.

Dear Sir,-I inclose herewith a letter from the Secretary of the Royal Commission on the Liquor Traffic, and I shall be glad if you will kindly let me know your views as to the payment of living allowance and services of the Commission on Sundays. Would you kindly let me hear from you as quickly as possible, so that I may communicate with Mr. Monaghan, and at the same time kindly return the inclosures.

Yours truly,
C. W. TREADWELL, Secretary.

The Auditor General.

## Audit Office, Ottawa, October 5, 1892.

Sir,-Referring to your letter of to-day, asking for my views as to the payment of living allowance and services of the Royal Commission on the Liquor Traffic, I beg to say that, in my opinion, services can only be paid for the days of actual attendance at the sessions of Commission, or for the days occupied with travelling in connection with the Commission, while living allowance can only be paid for the days actually absent from home in connection with the Commission.

Examining Mr. Clarke's account, I find that he has charged for both services and living allowances for the 4th and 25th of September, the days of leaving Toronto and of arrival there. As he left Toronto late on the evening of the 4th and returned early on the morning of the 25th, I am of opinion that he is entitled to neither pay nor allowance for those days, and that consequently his account should be reduced by $\$ 28$.

As the Order in Council of Nov. 29, 1882, refers only to public officers and members of the service, and as the allowance in the case before us is at a special rate and granted under a special Order in Council, advantage cannot, I think, be taken of the clause that the days of leaving and arriving be counted as full days.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Finance Dept.

## Rate of Pay of Reporters.

Audit Office, Ottawa, February 10, 1893.
SIr,-The reporter of the evidence taken before the Royal Commission on the Liquor Traffic has, I understand, hitherto been paid only so much on account.

You are aware that reports of evilence are paid for under Order in Council at the rate of 15 cents a folio, on condition that there are four copies supplied. When more than four copies are ordered, a mistake which is frequently made is to suppose that the rate which the reporter is to get is found by multiplying 15 by the number of copies and dividing by 4. To determine that this is not in accordance with the intention of Council it is only necessary to recollect that, while there are more copies supplied, there is but one reporting.

My object in writing is not to say what should be paid for the number of copies ordered by the Commission, but that the attention of the Commission may be drawn to the fact that others have fallen into a mistake, and that the question of remuneration
for the notes of evidence when more than four copies are ordered, should be the subject of communication between the Royal Commission and your department.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Finance Department.

## Audit Office, Ottawa, October 12, 1893.

Sir,-I notice from the expenditure on account of the Royal Cummission on the Liquor Traffic, that Mr. Geo. B. Bradley, official reporter, has been paid the following amounts during the fourteen months ended August 31st last :-

$$
\begin{aligned}
& \text { Travelling expenses to December 23, } 1892 \\
& \$ 96728 \\
& \text { Services as assistant secretary, } 72 \text { days to December 23, } \\
& \text { 1892, at } \$ 4 \\
& \text { Services revising, editing and preparing evidence for } \\
& \text { printer, April, } 23 \text { days; May, } 27 \text { days; June, } 26 \text { days; } \\
& \text { July, } 25 \text { days ; August, } 27 \text { days. Total, } 128 \text { days } \\
& \text { at } \$ 7 \text {. } \\
& 89600 \\
& \text { Advances on account of transcript. . . . . . . . . . . . . . . . . . 3,275 } 00 \\
& \text { Total. . . . . . . . . . . . . . . . . . . . . . . . . . \$5,426 } 28
\end{aligned}
$$

I have to ask you to give me the full agreement made with Mr. Bradley as to the amount to be paid him for his services of all kinds.

> I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Finance.

## Costoms-Salaries and Contingercirs.

## Customs-Salaries and Contingencies.

Audit Office, Ottawa, June 5, 1893.
Sir,-I beg to call your attention to the following remarks on the Customs expenditure for the months of July, August and September of the present fiscal year.

## Inspection.

Cheque No. 29356 covers a payment of $\$ 3$ to J. S. Clute, Inspector, B.C., for telephone rent, July. The account of the Telephone Company should be furnished.

## Board of Customs.

Miss D. Parlow is paid as an extra clerk at $\$ 35$ a month. The accounts do not bear the certificate of attendance required by the Minute of the Treasury Board of Oct. 2, 1891. I have not received any Order in Council authorizing her employment during the present year. The accounts should also bear the certificate of special qualifications.

## Miscellaneous.

The following accounts are not certified as to delivery of goods nor as to price, as required by section 33 of the Audit Act:-

Cheque 29243.-G. H. Fawcett, to pay Butterworth \& Co., $\$ 1.40$ and H. Living $\$ 1.45$ for measures.

Cheque 29509.-Pritchard \& Andrews, stamps and repairs, $\$ 39.95$.
Bill of exchange (voucher No. 386) in favour of R. \& J. Beck for two specific gravity bottles, $\$ 3.65$.

Cheque 29574.-Cole's National Manufacturing Company, two flags, $\$ 11.25$.
The articles and repairs obtained from Pritchard \& Andrews should have been ordered through the Stationery Office.

## Contingencies of Ports.

Cheques 29260 for $\$ 6.10,29263$ for $\$ 7.85,29314$ for $\$ 12.20$, and 29489 for $\$ 6.10$ are in favour of the Gurney Scale Co. for scales supplied to various ports. The accounts do not carry the certificates required by section 33 of the Audit Act, that "the goods have been received," and that the prices are "fair and just."

Cheques 29269, 29467 and 29678 for $\$ 41.66$ each, are in favour of H. H. Collier, the collector at St. Catharines, to pay James McCoppen for collecting customs at Port Robinson and Welland. The certificate on each of the vouchers that the service was rendered is signed by Mr. McCoppen. The person who performed a service is, of course, not the proper one to certify the account. The same remark applies to the voucher for W. W. Bradley's services as acting collector at Orangeville for August, cheque No. 29469 in favour of the collector at Toronto.

Cheques 29468 and 29631 in favour of the collector at Stratford, cover two payments of $\$ 46.50$ and $\$ 45$ respectively, to C. J. McGregor, acting collector at St. Marys, for railway and living expenses in August and September at $\$ 1.50$ a day. Please explain why this allowance is made, and give the division of the amount between railway fares and living expenses.

In the accounts for Toronto (cheques 29322 and 29515), there are included payments for cartage, the vouchers for which merely show the total amount per week. The accounts should be made out in detail, giving date and calculation of each item. I also observe that F. Reynolds, acting messenger, was absent through sickness 10 days in July and. 8 days in August. A copy of the medical certificate or a memorandum from the collector stating that such a certificate was furnished, should be attached to the account.

The Halifax accounts for July and August, cheques 29352 and 29508, each contain an item of $\$ 31.25$ for five chaldrons of Sydney coal. Is the heating of the customhouse at Halifax not under the control of the Public Works Department?

Sub-voucher 15 in the August account for Halifax is for $\$ 14.95$ paid for scrubbing and cleaning the Appraiser's otfice and for truckage. Details of the amount should be given, supported by the accounts of the persons who did the work.

Cheque 29409 for $\$ 382.76$, is in favour of the collector at New Westminster to pay H. D. Chantrell as acting sub collector at Douglas the difference between $\$ 400$, his salary as preventive officer, and $\$ 1,000$ a year from July 1, 1891, to February 20, 1892. Was this increase of salary before Mr. Chantrell's appointment to the position of sub-collector authorized by Council?

Cheque 29555 for $\$ 15$ in favour of the collector at Windsor, Ont., is not supported by a voucher. Please have it furnished.

In the account of outlay at Prescott for the September quarter, cheque 29587, there is an item of $\$ 5$ for E. Jessup's expenses to Ottawa. The expenses should be detailed under dates and the account certified as required by the Order in Council of December 17, 1889. The same remark applies to the following payments:-

Neweastle, N.B., September quarter : P. Wheeler, fares to Nelson, $\$ 4.50$; to Derby Siding, $\$ 2$.

Belleville, Ont., September quarter : A. McGinnis, expenses to Kingston and return, $\$ 4.50$.

In the Quebec accounts for August there is an item of $\$ 63$ paid to T. Auclair for cartage. No details of the amount are given.

Cheque 29630 for the September quarter's contingencies at Sarnia, includes an item of $\$ 39$ paid to John Chester, the caretaker, for postage stamps. The account of the stamp vendor should be supplied.

The following items are receipted for by the collectors. The receipts of the persons to whom the money was paid should be supplied :-

Fredericton, September quarter, cheque 29632 : postage $\$ 8$, ielegrams, 75 c .
Guelph, September quarter, cheque 29639 : telephone message 65 c . ; repairs to stamp 15 c. ; repairs to safe handle, $\$ 1.40$; oilcloth, $\$ 2.25$.

Lunenburg, September quarter, (Bridgewater) cheque 29663: amount paid for coal, \$6.75.

Dorchester, September quarter, cheque 29683 : $\frac{1}{2}$ ton of coai, $\$ 2.25$.
Cheque 29640 for contingencies at Owen Sound, September quarter, includes an item of $\$ 6$, "quarterly allowance for cleaning office," and also three payments of $\$ 1$ each to Mrs. Revel for "scrubbing floor and washing windows." What does the allowance for cleaning office cover?

Cheque 29575 for contingencies at Morrisburg covers an item of $\$ 35$ paid to the sub-collector at Iroquois for fuel for the September quarter. Please let me have an rccount for this item, giving the quantity and price of fuel bought.

Cheque 29655, Potton, September quarter, includes an item of "railway attendance for quarter, $\$ 25$. Is this a payment for services or for travel? If the latter, a detailed statement of outlay should be given.

I notice that the following subscriptions were paid during the quarter:-
Toronto, cheque 29515: Oil, Paint \& Drug Reporter, 1 year to August, 1893, \$4. Quebec, cheque 29,502: Toronto Empire, 12 months to March 13, 1893, $\$ 6$.
Montreal Gazette, 12 months to November 17, 1892, $\$ 6$.
In connection with these subscriptions I have to ask if the authority of the Minister was obtained as required by the Order in Council of July 14, 1891.

I notice charges for binding in the Montreal and Quebec accounts, and items for ink, mucilage and directories in the accounts from a large number of ports, and would call your attention to sec. 2 of the Printing and Stationery Act, which provides that all printing, binding and stationery shall be procured and executed subject to the super-
intendence of the Department of Public Printing and Stationery. Please see that the requirements of the Act are complied with in future.

In the Winnipeg account for August (cheque 29503) there in an item of $\$ 1.65$, "Bank commission on cheques." Is this a charge for cashing Government cheques?

In some cases the accounts for extra services are made out on the "Contingencies" forms which bear the certificate " materials supplied, prices fair and just." A certificate of this kind on a pay-list or voucher for services seems to indicate that the certifying officer had not distinctly in mind the facts to which he was supposed to be certifying, but put his signature on the voucher as a mere matter of form.

Collectors of Customs certify to the fairness of the prices charged for buildings rented from themselves. Such certificates should not be made by the persons who receive the money. In the cases referred to probably the Inspectors could certify to the accounts for rent.

A good many accounts appear to be made out for the creditors of the Government by the collectors or some other officer. In every case the person furnishing the supplies or rendering the service should make out the account.

I beg also to draw your attention to the fact that since August, 1891, this office has not been supplied with the Orders in Council authorizing appointments, promotions or increases of salary in the Customs, Outside Service. Will you kindly give this matter your attention and see that we are supplied with all such Orders for the current fiscal year?

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Assistant Commissioner of Customs.

Customs Dept., Ottawa, June 12, 1893.
Sir,-I beg to acknowledge receipt of your letter of 5th instant making certain remarks in respect of the Customs expenditure for the months of July, August and September, 1892, which will receive due consideration.

I am, sir, your obedient servant,
THOS. J. WATTERS, Asst. Com.
The Auditor General.

Audit Office, Ottawa, April 20, 1893.
Sir,-I beg to ask your attention to my letters of April 13 and 22, 1892, and yours of the 20th of that month, with reference to the payment of salaries at ports of Customs.

Please let me know if any action has been taken with a view to the general adoption of the system of payment by cheque.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Asst. Commissioner of Customs.

Customs Dept., Otrawa, May 25, 1893.
SIR,_I beg to acknowledge receipt of yours of 24 th ultimo, inclosing copy of your letter of 22nd April, 1892, which evidently has miscarried, on the subject of the issuing by Collectors of Customs of their own cheques for each official's pay, instead of paying the officers in cash drawn by them as proceeds of the departmental cheques sent them.

I beg to say that I shall submit the matter to the Controller of Customs for his consideration.

> I am, sir, your obedient servant,
> THOS. J. WATTERS, Asst. Com.

## Audit Office, Ottawa, September 27, 1893.

Sir,-I have heard nothing from you with reference to the method of payment of Customs officers' salaries, sihce your letter of May 25, stating that the matter would be submitted to the Controller of Customs for his consideration. Kindly let me know what action has been taken.

> I am, sir, your obedient servant,
J. L. McDougall, a.g.

The Asst. Commissioner of Customs.

Customs Dept., Ottawa, October 2, 1893.
Sir,_I beg to acknowledge receipt of your letter of 27 th ultimo, making inquiry as to whether the method of paying the salaries of Customs officers in the outside service has been altered, as requested by your letter of April 22, 1892.

I beg to send you herewith copy of memorandum No. 647 B, issued to Collectors on this subject, and have to state that the necessary official cheque books have been forwarded to all ports, and are doubtless being used at the present time.

I am, sir, your obedient servant,
THOS. J. WATTERS, Acting Com.
The Auditor General.

Customs Dept. Ottawa, 9th August, 1893.
Re Salaries Cheques.
To the Collector of Customs, Port of

I beg to advise you, the Auditor General requires that, for the future, at ports where there are several officers, all salaries cheques sent to collectors of Customs should, immediately on receipt by them, be deposited to the credit of the official account of the collector of Customs, in the Bank authorized to receive Customs deposits at his port, and that the salaries of the various otficers must be paid by the collector through the medium of official cheques made payable to the order of each individual officer.

In order to enable you to carry out this requirement, the necessary official cheque book will be forwarded to you at an early date, in time to enable you to pay the salaries of the present month of August in the way prescribed by the Auditor General. You will be careful to see that the counterfoils of the cheque books are carefully filled in, in order that the same may give the Inspector the necessary information as to the amount of each cheque and the cause for which it was issued; and you will forward to this department, at the end of each month, the paid cheques, which will in due course be returned to you by the bank.

THOS. J. WATTERS,<br>Acting Commissioner of Customs.

Approved,
N. CLARKE WALLACE, Comtroller of Customs.

Audit Office, Ottawa, December 19, 1893.
SIr, - I notice the two following payments from the vote for "Board of Customs," 1892-93 :-

April 8, 1893, cheque 31321, Thos. J. Watters, advance. . . $\$ 10000$ June 12, 1893, do 31814, do do do ... 7500
As the whole amount (\$175) was refunded October 2, 1893, I have to ask for your explanation of the reason of these advances.

I would also like to have the same information regarding cheque 31562 of May 12, 1893, paid from "Customs Miscellaneous," the amount of which (\$100) was refunded August 5, 1893.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Acting Commissioner of Customs.

Audit Office, Ottawa, June 30, 1893.
Sir,--In examining the vouchers of your March statement of expenditure, I find that $\$ 3.50$ per day has been charged for living allowance by the following officers of your department since, and in violation of the Order in Council of the 6th February, 1893 :-

| R. Borradaile, | District Inspector, Halifax........ Cheque | No. 42174. |  |  |
| :--- | :--- | :--- | :--- | :--- |
| J. K. Barrett | do | Winnipeg .... | do | 42177. |
| G. Williams, Deputy Collector, Victoria...... | do | 42207. |  |  |
| T. Burke, District Inspector, New Brunswick.... | do | 42254. |  |  |
| E. A. Harvey and J. E. Miller, Vancouver...... | do | 42277. |  |  |

I also notice that T. S. Gosnell, Winnipeg, charges $\$ 3$ per day from Feb. 25 to March 10, paid by cheque 42278 .

Under the recent Orders in Council relating to travelling expenses, only actual reasonable expenses can be paid. Details will be necessary for all trips begun since Feb. 6, and refunds wherever over-payments have been made.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

## Audit Office, Ottawa, February 9, 1894.

Sir,-With reference to my letter of June 30, 1893, 1 do not find that the accounts for travel by officers of your department, in which the living allowance was charged for trips begun after February 6, 1893, have been adjusted on the basis of actual outluy.

The date at which the provisions of the Order in Conncil of Feburary 6, 1893, should go into effect was defined by the Order in Council of May 4, 1893, in these words : "That the Order in Council of February 6, 1893, limiting the amount to be paid for travelling expenses to actual outlay, be amended so as to apply only to trips commenced after the date of the Order in question" ; that is to say after February 6.

Please therefore get all the accounts rectified in the foregoing sense.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

Audit Office, Ottawa, June 28, 1893.
Sir,-I beg to ask your attention to the payment of $\$ 16$, by cheque No. 42509 ta $A$. Gorman, to cover " Damage to overcoat, $\$ 15$," and "one pair of rubbers destroyed, $\$ 1$. "

Please give an explanation of the circumstances, to show that this is a proper charge against the Government, and also furnish the certificate of the officer who fixed the amount of the damages. An unusual payment of this nature should be authorized by Order in Council.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

## Auditor General's Report, 1892-93.

Inland Revenue Dept., Ottawa, July 5, 1893 :
Sir,-Your communication of the 28 th June inquiring into an item of $\$ 16$ allowed to an officer for damage to clothing is received.

The item was after due consideration allowed by myself, after mentioning the circumstances to the Controller. I have no further explanation to offer.

I cannot accept the conclusion that in passing the Audit Act Parliament intended to destroy the individuality of all other departments-or reduce their deputies to the rank of ordinary clerks-and must until this question has been fully submitted to the Government and their ruling obtained, respectfully decline to have the judgment of the department daily arraigned-when that judgment is exercised within the limits assigned to the department by the Act under which it is constituted.

I am, sir, your obedient servant,
E. MIALL, Com. I.R.

The Auditor General.

## Audit Office, Ottawa, July 11, 1893.

Sir,-I beg to acknowledge the receipt of your letter of the 5 th instant, in reply to mine, regarding the payment of $\$ 16$ to A. Gorman for damage to overcoat and loss of rubbers.

Let me point out that there is no evidence on the voucher that it was submitted to yourself, the Comptroller, or to any other officer of your department. It is really a piece of blank paper so far as showing any foundation for the payment.

- With reference to my statement that the claim shculd have been submitted to the Governor in Council for authorization, I may say that according to my information the most of such claims as are submitted are rejected by the Treasury Board. This is an evidence (1) that the Treasury Board considers that questions of damages should go before that body, that the departments in whose service the claims arise have not the right to dispose of them, and (2) that generally the claims put forward do not deserve to be recognized by the Government.

Regarding the latter part of your letter about the individuality of all the departments being destroyed, the reducing of the deputies to the rank of ordinary clerks, and the submission of the question to the Government, it appears to me impossible to discuss to any advantage your objections without our clearly understanding the way in which you consider the duties and rights of the deputies are interfered with by the Audit Office. In the meantime. I would refer you to sections 31, 32 and 33 of the Audit Act. These show very clearly that it is the duty of the Auditor General to see that the authority of Council has been obtained where such authority seems requisite, and that the evidence of the person who determines the value of anything should be presented to the Auditor General before the account for it is finally passed.

If I have a right to draw the conclusion from your letter which it apparently means to convey, that the Audit Office is endeavouring to impose upon the departments self-made laws in addition to what the Audit Act either directly conveys or what inevitably follows from its general provisions, I need scarcely say that it is not only the privilege of your department to object, but it is its duty to do so. You will at the same time readily admit that, as we are both public servants, the rule which applies to you applies to me, and that if I have accepted the responsibility of performing certain duties, I must carry them out as it appears to me the law directs. I would suggest that you state definitely the particular directions in which this otfice seems to call for what the law does not contemplate that it should get. I shall be happy to discuss the question either verbally or by letter with you, and give you my reasons for any stand I may take, and a higher authority can then decide the points on which our differences cannot be removed by ourselves. The Audit Act, section 32, gives the method of appeal.

As the servant of Parliament, it is my duty to indicate in my annual report the expenditure which has not been properly authorized. Do you think that I could very well maintain that I had performed my duty in connection with this item of your expenditure if I produced this voucher for an exceptional kind of outlay for which the Government had apparently received no value, and without the certificate of any one as to the amount of the loss, or that even any loss for which the Government should be held responsible had occurred?

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.

J. L. McDOUGALL, a.G.

## Dept. Inland of Revende, Ottawa, July 21, 1893.

Sir,-In reply to your communication of the 11 th inst., I do not think my letter, to which it is an answer, in any way questions your authority, in the absence of any credentials of the proper officers of this department, to ask that the express approval of the administrative head should be given before passed by yourself.

My objection was taken to the express terms of your communication, which was as follows :-
"Please give an explanation of the circumstances, to show that this is a proper charge and also furnish the certificate of the officer who fixed the amount of damages."

My reply was, in effect, an avowal that the department had sanctioned the expenditure.

The sections of the Audit Act to which you refer me, in my humble opinion, give the Auditor General no more power than is absolutely required, if any audit of Government accounts is to take place, but it cannot be held that Parliament intended these three sections to neutralize all those preceding Acts which constituted the several departments and conferred authority to administer them upon their several heads.

I quite concur in your opinion that this whole subject will have to be carefully considered by Council and such changes made as will define where the responsibilities of the heads of departments end and those of the Auditor General's Department begin.

The idea of thirteen members of Her Majesty's Privy Council sitting in conclave to dispose of such trivial matters as the one which has been the subject of this correspondence is altogether too ridiculous for serious comment.

A business corporation conducted on such a basis would be wrecked in twelve months.

> I am, sir, your obedient servant, EDW. MIALL, Com. I. $R$.

Note.-This correspondence is inserted for reference and to explain future correspondence.

## Accounts for Medical Attendance when accidents occur at Intercolonial Railway Stations.

Audit Office, Ottawa, Dec. 4, 1893.

Sir,--Let me call your attention to the inclosed Intercolonial Railway voucher No. 2320 of Nov., 1892, for $\$ 25$ paid to H. W. Blagdon, M.D., of St. Philippe de Neri, for "Medical attendance upon Mrs. Côté, who fractured her leg in attempting to get on No. 50 train at St. Roch, July 18, 1892."

The payment seems unusual, and I should like to have some additional explanation of $i t$.

> I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

## Dept. of Railways and Canals, Otrawa, Dec. 13, 1893.

Sir,-I have the honour, by direction, to inform you, in reply to your letter of the 4th instant, that in cases of accident on Government railways, whether the fault rests with the railway or not, as an act of humanity, it has been customary to send for medical aid, and pay for the one attendance made-in some cases of course, a difficult operation has to be performed.

I am, sir, your obedient servant,
JNO. H. BALDERSON, Sec.
The Auditor General.

## Certificate "Materials received" and "Work done" should be supplied.

Audit Office, Ottawa, July 20, 1893.
Sir,-I notice in the Cornwall Canal Pay-lists for June, 1893, that the certiticates required by the Audit Act, namely, "Materials received " and "Work done," are omitted, and a general certificate of Correctness substituted.

Please ascertain what officer is responsible for this change, and direct his attention to the fact that it is illegal.

The pay-lists are returned herewith, to be certified in the usual manner.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

## Applications for payments to Superintendent Kennedy not passed.

Audit Office, Ottawa, June 20, 1893.
Sir,-LLet me acknowledge receipt of applications Nos. 448 and $448 \frac{1}{2}$ in favour of Hugh McMillan, for May expenses of Quebec Canals as follows:-
Canals generally
\$11,148 17
To pay Supt. Kennedy to May 13
6290

I am passing the general application : but it would be better to obtain the authority of Council for the salaries of Messrs. Marceau and John Conway, the Acting Engineer and Acting Superintendent. Please consider the May payments to them as being on account in the meantime.

As for the $\$ 62.90$ for Supt. Kennedy, I do not see my way to passing the item, in view of the evidence given before the Commission in Montreal, that Government supplies and labour were consumed on his house at Côte St. Paul.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

## Audit Office, Ottawa, June 21, 1893.

Sir,-Let me acknowledge receipt of applications Nos. 466 and 467 in favour of Hugh McMillan, for May expenses of Quebec Canals as follows :-

Canals generally
$\$ 6,27774$
Supt. Kennedy, for use of his horse 3900
I do not see my way clear in passing the application in favour of Supt. Kennedy. The objection is the same as was raised against paying his balance of salary, namely : that he appears, according to the evidence, to have paid himself in advance, by labour and materials for his house.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

## Hydraulic rents in arrear-Part collected.

Audit Office, Ottawa, Nov. 14, 1893.
Sir,--Let me acknowledge receipt of your application No. 191 for a letter-of-credit in favour of Paymaster McMillan, for October expenses of Quebec Canals.

I notice accounts from W. \& G. H. Tate as follows:-
Lachine Canal : Repairs
$\$ 23778$
do Dredging. . . . . . . . . . . . . . . . . . . . . . . . . . . 457 77
The Tates are indebted to your department some $\$ 5,500$, for Hydraulic Rents, as shown on page F-116 of my Report for 1892-93.

Please remove $\$ 695.55$ from your application, and apply to the Treasury Board for authority to treat it, ard subsequent accounts from the same firm, as offsets to their unpaid hydraulic rents.

I am, sir, your obedient servant, J. L. Madougall, A.G.

## Charge for breaking stone for Mill Street, Montreal.

Audit Office, Ottawa, Jan. 13, 1894.
Sir,-I am passing to-day your application No. 286 for a letter-of-credit in favour of Hugh McMillan, to pay December expenses of Quebec Canals.

The summary of the Lachine Repairs Pay-list contains an item of $\$ 81.89$ for "Breaking stone for Mill Street."

Please describe the nature of the work which is done by the Government on Mill Street, and the authority therefor.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

Railways and Canals Dept., Ottawa, Jan. 15, 1894.
Dear Sir,-I have yours of the 13 th instant asking about an item in the Lachine Repairs pay-list of $\$ 81.89$ for breaking stone for Mill Street.

In reply, I desire to say that the stone is being broken for " macadam" for repairing the street.

> Yours truly,
> COLLINGWOOD SCHREIBER, C.E.

The Auditor General.

## Vouchers for delayed payment of Kerr Bros.' account for Timber.

Audit Office, Ottawa, December 4, 1893.

Sir,-I notice, by cheque 6769 for $\$ 600$ in favour of Kerr Bros. of Farran's Point, that you have paid their bill for 4,000 lineal feet of Pier Timber supplied in 1888 and 1889, to which reference was made in my letter of July 25, 1891, shown at ?page D- 379 of my Report for 1890-91.

You will remember having offered, shortly before paying the account, some oral explanations on several of the questions asked in my letter.

Please let me have in writing, the substance of these explanations, to attach to the voucher.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G. •

The Deputy Minister of Railways and Canals.

## Railways and Canals Dept., Ottawa, December 6, 1893.

My dear Sir,-I am in receipt of your letter of the 4th instant with reference to the payment of $\$ 600$ in favour of Messrs. Kerr Bros., of Farran's Point, for 4,000 feet of pier timber supplied in 1888 and 1889.

I now send you a copy of Mr. Rubidge's report, together with a copy of Kerr's affidavit.

> Yours truly,
> COLLINGWOOD SCHREIBER 4 C.E.

The Auditor General.

Re Williamsburg Canals, Farran's Point.

Dear Sir,-In answer to your letter of the 3rd instant, re the Kerr Bros'. long standing claim for 4,000 feet of timber delivered up to the winter of 1888-89, and for which they charge 15 cents per lineal foot, amounting to $\$ 600$, certified by me as fair and reasonable as regards price.

I beg to state that I have since made further inquiries, both personally and through Inspector Ramsay, with the result, that my information obtained in 1891 as to the disposition of the timber is fully confirmed by the Superintendent, and by Lockmaster Weaver of Farran's Point and others.

The timber consists of elm, asi and hemlock, 10 and 12 inches square, with a proportion of flatted stuff for ties for cribwork, and was made and delivered during the winters of 1887-88 and 1888-89.

It was worth 15 cents per lineal foot.
The quantity delivered was stated to be in excess of 8,000 feet.
It has been used from time to time in repairs on Farran's Point Canal, and has certainly been in the possession of the Government ever since its delivery by the Kerrs.

The quantity so used was about 3,850 feet and a further quantity consisting of 95 pieces was taken in scows to the Galops Canal by the Superintendent.

Also some timber which was boomed by him at the head of the canal, broke adrift, and is said to have been lost.

About 1,000 feet is reported as remaining unused on the work.
The Superintendent states that all timber used by him last season was sound, but that he noticed an occasional stick which showed signs of rot on the surface in contact with the ground.

The quantity of timber may be accounted for as under :-

$$
\begin{aligned}
& \text { Feet. } \\
& \text { Used on repairs at Farran's Point . . . . . . . . . . . . . . . . . . . . . . . . 3,850 } \\
& \text { Taken to the Galops or Point Iroquois . . . . . . . . . . . . . . . . . . . . } 2,850 \\
& \text { Remaining on work unused . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1,000 } \\
& \text { Total. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 7,700 }
\end{aligned}
$$

The difference between this quantity and that stated to have been delivered, less than 1,000 feet, might reasonably be allowed for, as having been lost from the boom or otherwise during the five years which elapsed since delivery.

TOM S. RUBIDGE, Suptg. Engineer.
The Chief Engineer of Canals.
In the matter of Kerr Bros.' Timber Account.
I, George Kerr, of the village of Farran's Point, in the County of Stormont, do solemnly declare, That

1. In the fall of 1881 Kerr Bros. made agreement with the late A. G. McDonell, then Superintendent of the Williamsburg Canals, to get out a quantity of timber.
2. That Kerr Bros. did get out with their own men and also through several farmers whom they gave jobs to during the winter of 1888 and 1889 and delivered on the bank of the canal, lock 22, Farran's Point, along the road running from Queen's highway to lock and on the bank of the river adjacent, eight thousand eight hundred feet or more of different kinds and lengths of timber.
3. That the price agreed upon for said timber was 15 cents per lineal foot.

And I make this solemn declaration conscientiously believing the same to be true, by virtue of the Act respecting extra-judicial oaths.

GEO. KERR.

## Voucher that Temporary Employees have been in attendance every official day, required.

Audit Office, Ottawa, April 26, 1893.
Sir,-LLet me call your attention to two pay-lists of March, 1893, for services of temporary employees in the Department of Railways and Canals:

4958 to 4967 : Chief Engineer's staff.
\$ 1,089 97
4968 to 4975 : Extra clerks and copyists 26664
These vouchers do not carry the certificate prescribed by the Order in Council of October 9, 1891, that the employees have been in attendance every day ; and I return them herewith for completion.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals Dept.

Dept. of Railways and Canals, Ottawa, May 2, 1893.
Sir,-I have the honour, by direction, to acknowledge the receipt of your letter of the 28th ultimo, returning the March pay-lists for temporary employees on the Chief Engineer's staff and for the extra clerks and copyists in this department, and asking that the certificate prescribed by the Order in Council of October 9, 1891, that the employeee have been in attendance every day, be attached thereto. In reply, I am to say that it was thought that the Order in Council passed in October, 1892, changed the state of affairs, and that the certificates formerly given would not be applicable. However, the pay-rolls will be certified to in the form you desire, with a slight addition, which, no doubt, will meet your views on the subject.

I am, sir, your obedient servant,
JNO. H. BALDERSON, Sec.
The Auditor General.
Audit Office, Ottawa, Dec. 4, 1893.
Sir,-Let me call your attention to letter No. 144697 of May 2, 1893, from your Department in answer to mine of April 26.

I had returned your March pay-list for tempora:y employees, to be certified in accordance with the Treasury Minute of Oct. 9, 1891. The letter from your department promised that the pay-lists would be certified in the form desired.

Up to the present date, these pay-lists have not been sent back to this office. As they are needed in the preparation of my Report, I should like them to be returned as soon as practicable, with an explanation of the delay.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Railways and Canals.

## Dept. of Railways and Canals, Otrawa, Dec. 9, 1893.

SIR,-Referring to previous correspondence relative to certificate to be placed on pay-lists for non-permanent employees in accordance with the Treasury Minute of Oct. 9,1891 , I have the honour, by direction, to call your attention to an Order in Council of the 20th October, 1892, and to observe that it would appear that the Order in Council repealed the Treasury Minute in question. The form of certificate called for has been placed upon the pay-lists, returned herewith, which it is hoped will meet the case.

I am, sir, your obedient servant,
JNO. H. BALDERSON, Sec.
The Auditor General.

# Slides and Booms: Ottawa River Works-Repairg-Continued. 

Brought forward.

## Des Joachims.

Downey, Patrick, repairs to governing dams, slides, \&c. : 10 -in. flatted timber, $1,761 \mathrm{ft}$. at 12 c . ; $12 \times 12$ timber, 809 ft . at 20 c . ; 3 -in. plank, $3,080 \mathrm{ft}$. B. M. at $\$ 15$; men, 48 d . at $\$ 1.50$; foreman, 4 d. at $\$ 2.50$; team and man, $6 \frac{1}{2}$ d. at $\$ 4 ; 1$-in. boards, 800 ft . at $\$ 12$; 14 -in. manilla rope, 207 lbs at 15 c .

56797
Mulligan, Hugh, general inspector and measurer, 10 d . at \$3.50

## Petewawa.

Mulligan, Hugh, general inspector and measurer, 16 d . at $\$ 3.50$
Devine, P., hardware, $\$ 1.50$; McRae \& Co., 6 -in. drain pipes, 4 at 60 c

## Black River.

Poupore, John G., repairing break in slide : $12 \times 12$ timber, 393 ft. at 22c. ; 3-in. plank, 970 ftt. B.M. at $\$ 15$; men, $16 \frac{1}{2}$ d. at $\$ 1.50$.

Mulligan, Hugh, general inspector and measurer, 23 d. at $\$ 3.50$

## Coulonge River.

Proudfoot, T. A., $12 x 12$ pine, 50 ft. at 16c.; 2 axes and helves, $\$ 2 .$. .... ..... ... . ....

## Calumet.

Carmichael, D., planking on guide-boom, 1,765 ft. B.M. at $\$ 10$; oak binders, 226 ft . at $\$ 30$; sundry, 84.87 .
Fraser, Alex., Westmeath, sq. white pine timber delivered in Calumet Basin for Government improvements, $3,233 \mathrm{c}$. ft. at 25 c .; white pine dimension timber delivered in Calumet Basin for reconstruction of timber-apron at foot of 2 nd or long slide, $786 \frac{3}{4} \mathrm{c}$. ft . at $25 \mathrm{c} . \ldots$.
Reid Bros., round iron, $1,305 \frac{1}{2} \mathrm{ft}$. at 2 z c c. ; hardware, $\$ 3.51$
Thomson, W. W. H., putting in 5 new snubbing-posts and cribs, and strengthening 3 old snubbing-posts on south side above slide : excavation for posts, $57 \mathrm{c} . \mathrm{y}$. at 20 c . ; timber, 396 l . ft . at 15 c. ; in . spikes, 109 lbs . at 6 c . ; stone-filling, 43 c . y. at 50 c
Mulligan, Hugh, general inspector and measurer, 17 d . at $\$ 3.50$
Repairs to feed-gate in pier-dam, forming basin between 2nd and 3rd slides, Mar. -Apl., 1893 Man and team, 83 ; Ls. Berard, 5 d. ; Théo. Berard, 21 d. ; E. L. Thomson, 2 d Carpenters at \$1.50:Thos. Durrell, 9 d. ; John Eads, 1 d.; Jos. Trottier, 23 $\frac{1}{2}$ d Carpenter at $\$ 1.60$ : Jos. Houston, $28 \frac{1}{2}$ d.Thos. Lewis, $5 \frac{1}{2}$ d. ; C. McCagg, jun., $24 \frac{1}{2}$ d. ; J. E. McCuaig, 8 d.; R. McTiernan, 8d. ; Thos. McTiernan, 191 d. ; Thos. Paul, 9 d. ; A. Somerville, $4 \frac{1}{2}$ d. ; W. W. Thomson, 8 d .

Axemen : Peter McCuaig, $7 \frac{1}{2}$ d. at $\$ 140$; D. A. McLean, 19 d. at $\$ 1.10$

## Mountain.

Fraser, Alex., Westmeath, sq. white pine timber delivered in Calumet Basin for Government improvements, 919 c . ft . at 25 c .
Thomson, W. W. H., repairs to sides and bottoms of slides, \&c. : $12 \times 12$ pine timber, $794 \mathrm{l} . \mathrm{ft}$. at $23 \mathrm{c} . ; 10 \times 10$ pine timber, 264 l. ft. at 18 c . ; 11 -in. pine timber, $1,199 \mathrm{l}$. ft. at 16 c. ; $15-\mathrm{in}$. boom timber, bored, 103 l . ft. at 20 c . ; 1 -in. stop-water boards, $1,760 \mathrm{ft}$. at 812 ; cant-dog stocks, 10 at 30 c . 18 and $20-\mathrm{in}$. spikes, 438 lbs . at 6 c . ; stone filling, $161 \frac{1 \mathrm{~s}}{} \mathrm{c}$. yds. at 60 c .; axemen, 2 d . at $\$ 1.60,14 \mathrm{~d}$. at $\$ 1.50$; labour, 3 k at $\$ 1.30$; man and team, 4 d . at $\$ 4$.
Mulligan, Hugh, general inspector and measurer, 14 d at $\$ 3.50$

## Portuge du Fort.

Fraser, Alex., Westmeath, sq. white pine timber delivered in Calumet Basin for Government improvements, $858 \frac{1}{2}$ c. ft. at 25 c .

McLaren, Duncan, repairs in Sept., 1892, white pine plank, 832 ft . at $\$ 22$; sundries, $\$ 0.20$.
McLaren, John, for repairing slides, booms, piers, \&c. : white pine planking and scantling for booms, crab-frame, upright supports, braces for frame, steps, \&c., $3,919 \mathrm{ft}$, s.M. at $\$ 22$; white pine timber in stringers and stop-logs, $739 \frac{1}{2}$ c. ft. at 30 c . ; pressed spikes, 625 lbs. at 6 c . ; screw-bolts and nuts, 308 lbs . at $7 \frac{1}{2}$ c. ; maple planks for bottom of slide, \&c., $1,549 \mathrm{ft}$. at $\$ 30$; angle-irons for stop-log recesses of slide, in position, 175 lbs . at 6 c. ; 3 items under $\$ 7$ each, $\$ 15.40$.

## Form of Certificate used on certain Accounts not according to Section 33, Audit Act.

## Audit Office, Ottawa, January 30, 1893.

Sir,-I beg to call your attention to the form of certificate used by Mr. Smith, Superintendent of Printing and Stationery on the accounts rendered by Messrs. Lightfoot, Force, Pritchard \& Andrews and Montgomery during the current fiscal year, and to point out that it does not meet the requirements of that portion of section 33 of the Audit Act, having reference to the price paid. The section in question requires that the officer under whose special charge any work is performed or material supplied shall certify that the price is according to contract, or that it is fair and just. In the case of the accounts to which I call your attention Mr. Smith states that the price is according to agreement, which gives no guarantee that it is fair or just. A very unreasonable price may be the result of an agreement privately arranged, whereas in the case of a contract for which tenders are publicly invited, the competition thereby created is in itself a guarantee that a reasonable price will be offered for acceptance to the department.

I beg to request that you will cause the accounts in question to belcertified in proper form as directed by section 33 of the Audit Act.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

Post Office Dept., Ottawa, Janúary 31, 1893.
Sir,-I beg to acknowledge the receipt of your communication of the 30th inst., calling attention to the form of certificate used by Mr. Sidney Smith, Superintendent of the Printing and Supply Branch of this department, on certain accounts during the current fiscal year, and pointing out that the form of certificate in question does not meet the requirements of that portion of section 33 of the Audit Act having reference to the price paid, the section in question requiring that the officer under whose special charge any work is performed, or material supplied, shall certify that the price is "according to contract," or that it is "fair and just "; and, moreover, that in the case of the acounts to which you call attention, Mr. Smith states that the price is "according to agreement," which you say is no guarantee that it is fair and just, inasmuch as a very unreasonable price may be the result of an agreement privately arranged, whereas in the case of a contract for which tenders are publicly invited the competition thereby created is in itself a guarantee that a reasonable price will be offered for acceptance to the department; and requesting that I will cause the accounts in question to be certified in proper form as directed by section 33 of the Audit Act. In reply I desire to say that I can see no objection to this ; but I may point out that when an account is certified as being "according to agreement".it covers only some article of postal stores for the supply of which offers have been invited, submitted to the Postmaster General, accepted as being the
lowest and most reasonable, and duly authorized ; so that anything in the nature of an unreasonable price being charged for any article procured for the Postal Service under this arrangement is rendered impossible,

I have the honour to be, sir, your obedient servant,
The Auditor General.
WM. WHITE, Dy. Postmaster General.

## Payment to H. B. Whitford, as Assistant Postmaster at Lunenburg.

Audit Office, Ottawa, Feb. 1, 1893.
Sir,-I beg to ask for explanation of the payment of $\$ 103.98$ made to $\mathrm{H} . \mathrm{B}$. Whitford by cheque 303, for services as assistant postmaster at Lunenburg. Part of this amount was paid him for assisting Mr. Cunningham, a clerk of the Halifax Post Office, who was in temporary charge of the Lunenburg office, but the greater portion-- $\$ 85.74$-was paid for services as assistant to the postmaster, Mr. W. H. Solomon.

Was Mr. Solomon allowed the full salary of the office during this time-from September 26 to November 8, 1891-and if so, why did he not pay the assistant himself?

I am, sir, your obedient servant,
The Deputy Postmaster 'General.

J. L. McDOUGALL, A.G.

Post Office Department, Ottawa, Feb, 20. 1893. ।
Sir,-I have the honour to acknowledge the receipt of your letter of the 1st inst., asking an explanation of a payment of $\$ 103.98$ made to H . B. Whitford for services as assistant postmaster at Lunenburg; and in reply I beg to state that the services of Mr. Whitford were engaged by the Post Office Inspector at Halifax, as Mr. Cunningham required assistance, and the services were continued after the appointment of Mr. Solomon, he being unable to perform the duties of the office, and it being absolutely necessary that those duties should be carried on.

Mr. Solomon received salary as postmaster of Lunenburg from September 23 to November 1, 1891, when he resigned the postmastership.

I have the honour to be, sir, your obedient servant,
The Auditor General.
WM. WHITE, Dy. Postmaster General.

Audit Office, Ottawa, Feb. 23, 1893.
Sir,-I beg to say, in reply to your letter of the 20th instant, in explanation of the payment of $\$ 88.74$ to Mr . H. B. Whitford for services as assistant postmaster at Lunenburg, from September 23 to November 1, 1891, that in my opinion the amount in question should have been paid by Mr. Solomon, who received the full salary to which the office was entitled during the period of Mr. Whitford's services.

As I understand it, the rule with regard to the payment of salaries at country post offices, is to allow the postmasters to retain so much of the revenue of their offices as, in the opinion of the department, is sufficient compensation for the efficient discharge of the duties involved. From the amount so authorized to be retained, the postmaster should pay for any assistance that may be required whether called for by the amount of work to be performed, or by inability to perform the duties of the office.

I called your attention to this matter, because the payment was an unusual one, and appeared to me irregular, and the explanation which you give in your letter makes it clear that the amount paid Mr. Whitford for the time he was assistant to Mr.Solomon should not have been charged against the appropriation, Post Office, Miscellaneous, and should now be refunded.

I am, sir, your obedient servant,

## Removal expenses paid to P. Kiernan.

Post Office Dept., Ottawa, February 4, 1892.

Sir,-II have the honour to acknowledge the receipt of your letter of the 1st inst., calling attention to a voucher 275 for $\$ 14.60$ paid to $P$. Kiernan, for travelling expenses from Ottawa to London, Ont., in August, 1892; and I beg to explain that Mr. Kiernan was at that time a clerk in the Savings Bank Branch of this department. Mr. Kiernan was not found to be very well qualified for the duties of the Savings Bank Branch, a railway mail clerk was required in the London postal district, Mr. Kiernan was sent to London with a view to ascertain whether he was qualified for a railway mail clerkship, and as the inspector reported that he was, he was transferred by Order in Council to the outside service as a railway mail clerk. The amount charged was for his expenses in going from Ottawa to London.

I have the honour to be, sir, your obedient servant, WM. WHITE, Dy. Postmaster General.
The Auditor General.

## Certificate given by Queen's Printer not in the form required by law.

Audit Office, Otriawa, February 16, 1893.

Sir,-I beg to bring to your notice the certificate given by the Queen's Printer on "Vuchers 946 to 951 inclusive, for advertising in the Winnipeg "Colonist" St. Boniface "L'Agriculture," "Western Law Times," " Western World," " North-west Farmer" and "Scandinavian Review," amounting in all to $\$ 110$. These accounts are certified by Mr. Dawson "correct as per Order in Council" instead of in the usual form "correct according to contract rates." The form used on the accounts in question does not give any guarantee that the Queen's Printer considered the prices charged were fair and just, and $I$ beg to point out that in consequence it does not meet the requirements of section 33 of the Audit Act.

I would call your attention also to the absence of the newspaper extracts containing the advertisements for which payment was made, which should in all casesjbe attached to the accounts.

> I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Postmaster General.

Post Office Dept., Ottawa, February 24, 1893.
$S_{\text {IR, -I }}$ have the honour to acknowledge the receipt of your letter of the 16 th inst., respecting certain vouchers given for advertising in the Winnipeg "Colonist," St. Boniface "L'Agriculture," "Western Law Times," "Western World," " North-west Farmer" and "Scandinavian Review," amounting in the aggregate to $\$ 110$, and I beg to explain that these advertisements were inserted in the papers referred to under the impression that they were authorized by the official list, but it subsequently turned "out that the publications are monthly, and not weekly : the advertisements should not, therefore, have been published. In order to get payment an Order in Council was applied for, and under the authority of that Order in Council the Queen's Printer certified to the accounts, which were paid; it was not possible at the time of payment to obtain copies of the advertisements, owing to the time which had elapsed since their publication.

I have the honour to be, sir, your obedient servant, WM. WHITE, Dy. Postmaster General.

## Mail Services not performed under Oontract.

Audit Office, Ottawa, February 16, 1893.
Sir,-I beg to call your attention to the inclosed list of mail services involving an annual cost in each case of more than $\$ 200$, which I find from the information sent me with your letter of June 21, 1892, are not performed under contract as required by section 54 of the Post Office Act. I have learned on inquiry at the mail contract branch of your department that several of the services in question have since been put up to tender in the regular way and are now performed under contract, but the greater number is still performed under temporary arrangements with the Postmaster General. The amounts involved are in many cases large. It is quite clear to me that section 62 of the Post Office Act does not permit of contracts being carried on indefinitely on temporary agreements.

> I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

Audit Office, Ottawa, September 12, 1893.
Sir,-With reference to my letter of February 16 last, calling your attention to certain contracts for mail service involving in each case an annual cost of more than $\$ 200$, which were held under temporary agreements, I beg to point out that I have not yet 'een informed whether the services in question have since then been submitted to public tender as directed in section 54 of the Act respecting the Postal Service. I shall be glad to hear from you on this subject at your early convenience.

I am, sir, your obedient servant,

Post Office Dept., Ottawa, Nov. 22, 1893.
Sir,-Referring to your letter of February 16 last, inclosing a list of services for which amounts exceeding $\$ 200.00$ per annum were paid, and the performance of which was not secured by contract, and asking for an explanation, I beg to say that since the date of your letter the following services included in your list have been put under contract:-

> British Columbia Division.

Banff and Railway Station.
Dog Creek and Empire Valley.
Okanagan Mission and Vernon.
Victoria and Street Letter Boxes.
London Division.
Windsor and Street Letter Boxes.
Manitoba Division.
Arnaud and Dominion City.
Boissevain and Heaslip.
Dominion City and Emerson.
Fort à la Corne and Prince Albert.
Pilot Mound and Roseberry.
Tetlock and Yorkton.
Nova Scotic Division.
Malignant Cove and Merigomishe.
Oxford and Railway Station.

> Ottawa Division.

Casselman and Crysler.
Farran's Point and Osnabuck Centre.

> Quebec Division.

Lévis and Notre Dame de Lévis.

## Three Rivers Division.

Nicolet and St. Gregoire.
And for the following, tenders are at present being asked :-
British Columbia Division.
Cochrane and Railway Station.
Manitoba Division.
Carman and Railway Station.
Lethbridge and McLeod.

## New Brunswick Division.

St. John and St. Martin's.
With regard to the remainder, I beg to say that these will be put under contract as soon as practicable.

I am, sir, your obedient servant,
The Auditor General.

## The Certificate which should be Attached to Mail Contractors' Pay-lists.

Audit Office, Ottawa, February 18, 1893.
Sir,_-I find on looking over the mail contractors' pay-lists for the year 1891-92 that the several inspectors have made no distinction, when certifying to the performance of the work and fairness of the prices paid, between services performed under contract and those performed under temporary agreement or special arrangements. It appears to me that such a distinction is rendered necessary by sections 54,58 and 62 of the Post Office Act. According to these sections there are three different arrangements authorized for the carrying of the mails.
(1.) Section 54 directs that the Postmaster General, before entering into any contract for carrying the mails, involving an annual cost of more than $\$ 200$, shall give at least six weeks' previous notice, in the manner prescribed, of the contract to be made, and the day on which tenders for the same will be received. The offer of the lowest tenderer who gives sufficient security to be in all cases accepted, except the Postmaster General is satisfied that doing so in any particular case would not be in the public interest.
(2.) Section 58 permits the Postmaster General, in his discretion, to submit to public competition mail services of an annual cost of $\$ 200$ or less, or to make arrangements for their performance by private agreement.
(3.) Section 62 empowers the Postmaster General to make temporary contracts until a regular letting in the form prescribed can take place.

In view of the provisions of the sections quoted, it is, I think, necessary that the certificate given should indicate under which arrangement the service to which it relates is performed, and I would suggest that the several inspectors mark the entries on the contractor's pay-lists "a," "b,""c," giving at the end of the list the proper certificate for each class. For example, those services marked "a" would be certified as follows: "I certify that the services marked "a" have been satisfactorily performed, and that the price charged is according to contract determined in the manner and form prescribed by section 54 of the Post Office Act." Those marked "b": "I certify that the services marked " $b$ " have been satisfactorily performed, that the price charged is according to agreement privately arranged, and is fair and just." And those marked "c": "I certify that the services marked "c" have been satisfactorily performed, that the price paid is according to agreeement temporarily arranged, and is fair and just."

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

Post Office Department, Ottawa, February 22, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 18 th instant, asking that in the preparation of the mail service pay-sheets, the services be classified according to the nature of the arrangement under which they are carried on, that is to say, whether they have been regularly contracted for after public competition in the manner prescribed by section 54 of the Post Office Act ; or let under the authority of section 58 , dealing with contracts under $\$ 200$; or temporarily arranged for under section 62 ; and that each class of service be certified to by the inspector under whose supervision they are, in a manner appropriate to the class.

In reply, I beg to say that the inspectors will be instructed to prepare their mai! service pay-sheets in the way you request.

I am, sir, your obedient servant,

The Auditor General.

[^32]Audit Office, Ottawa, March 3, 1893.
Sir,-In reply to your letter of the 28 th ultimo, I beg to say that, in my opinion, the enclosed certificate will meet the requirements of the Audit and Post Office Acts with regard to the services rendered by mail contractors as detailed on their quarterly pay-lists.

I am, sir, your obedient servant,

> Arthur Lindsay, Esq., Supt. Mail Service Branch.

## Certificate.

I certify that the various services charged for on this pay-list were satisfactorily performed during the quarter ended................ ; that, for those marked " $a$ " the prices charged are severally according to contract determined in the manner and form prescribed by section 54 of the Post. Office Act, and in the case of any such contract having been renewed the price paid is now a reasonable and fair compensation for the work done, the expenses of the service having remained what they were when the contract was originally made ; that for those marked " $b$ " the prices charged are according to agreement made under directions from the Postmaster General and are fair and just; and that, for those marked " $c$ " the prices charged are according to agreement temporarily arranged, and are fair and just.

Audit Office, Ottawa, September 22, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 21 st inst., inclosing a communication from the assistant post office inspector at Sherbrooke, having reference to the certificate required to be attached to mail contractors' quarterly paylists. As regards Mr. Thompson's objection to certify in the case of renewed contracts, that the expenses have remained the same as when the contract was originally made, I beg to point out that the insertion of this clause was considered necessary to show that the expenses incidental to the performance of the contracts so renewed had not undergone any material decrease within the time specified. For example, a contract for carrying the mails in certain remote or isolated districts ten or fifteen years ago might then be reasonably let at $\$ 100$, whereas now in consequence of the increased facilities which may have been afforded to those places for obtaining material and labour and the greater competition created by the increase of population or other causes, such a service could be profitably performed for half that sum.

This is the sense in which the clause in question was inserted, and, in my opinion, it is plainly open to that interpretation.

> I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.
Post Office Department, Ottawa, October 9, 1893.
Sir,-I have the honour, with further reference to the form of certificate suggested by you to be signed by the post office inspectors in transmitting the mail contractors' pay-lists, to state that the inspectors object to signing the certificate you require. In the first place when contracts are renewed they are renewed under section 61 , subsection 2 of the Post Office Act, in which it is distinctly stated that the Postmaster General is the judge of the propriety of renewal, not the inspector. The inspectors therefore demur to signing the certificates with reference to renewals, inasmuch as they have nothing to do with the renewals of contracts. As all contracts are let under the provisions of the Post Office Act, I would suggest that ia the case where there there is a regular contract the inspector should simply be required to certify that the price paid is in accordance
with the contract. In case of temporary agreements, the inspectors usually make these agreements and they are therefore in a position in those cases to certify that the rate is fair and just.

I should like to know whether you acquiesce in this view.
I have the honour to be, sir, your obedient servant, WM. WHITE, Dy. Postmaster General.
The Auditor General.

## Audit Office, Ottawa, October 13, 1893.

Sir,-I have the honour to acknowledge the receipt of your letter of the 9 th instant in further reference to the certificate required to be given by the various post office inspectors on the mail contractors' pay-lists of their respective divisions, in which you state that the inspectors demur to signing that portion of the certificate having reference to renewed contracts, inasmuch as they have nothing to do with such renewals.

In connection with this matter, I would call your attention to the conditions laid down in the subsection to which you refer, under which expiring contracts may be renewed by the Postmaster General. Subsection 2 of section 61, chap. 35, R.S.C., provides as follows:-"No contract shall be entered into for a longer term than four years ; but the Postmaster General may, in special cases, when in his opinion the service has been satisfactorily performed under an expiring contract, and on conditions advantageous to the public interest, renew the same with the same contractors for a further term, not exceeding four years."

Herein you will notice the Postmaster General, before renewing any contract, is expected to inform himself as to the manner in which the contractor performed the service under the contract about to expire; and, further, as to the conditions under which it would be advantageous in the public interest to grant such renewal. It would be unreasonable to expect that the Postmaster General, considering the nature and variety of his duties, would have personal knowledge of all the facts necessary to enable him to arrive at a correct judgment on these points, and so Parliament has provided an official channel through which he may obtain reliable information on this and other matters.

Under section 13 o . the Post Office Act the Governor in Council is empowered to appoint fit and proper persons to be post office inspectors, part of whose duty it shall $\mathrm{be}_{\mathrm{e}}$, as defined under section 14, to superintend the performance of the mail service, taking care that the stipulations of all contracts are strictly complied with. In view of this provision of the law, it seemed to me that the various inspectors are the proper officers to assume the responsibility attaching to the certificates in question. Surely an inspector is scarcely justified in declining to carry out the request of the Postmaster General that he make an investigation of anything connected with the postal business of his district, and to make his certificate of the results, on the ground that the Postmaster General has the ultimate responsibility in the matter.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

## Newspapers supplied to P. O. Inspectors.

## Audit Office, Ottawa, February 20, 1893.

Sir,-II beg to bring to your notice payments amounting to $\$ 25$ made during the current fiscal year for newspapers supplied to the post office inspector of British Columbia.

In connection with these payments, I would call your attention to an Order in Council of August 20, 1892, governing the practice of supplying newspapers to outside offices and directing that such practice be discontinued except on the authority of the

Minister of the department. I called your attention to similar payments made last year in a letter dated October 20 which is published in my report at page $\mathrm{E}-126$.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDoUgall, a.g.

Audit Office, Ottawa, May 19, 1893.
Sir,-I beg to bring to your notice three payments amounting to $\$ 26$, made during the quarter ended March 31, 1893, for newspapers supplied the post office inspectors at Halifax, Montreal and Ottawa. In connection with these payments I would call your attention to my letters of February 20 and 21 last respecting similar expenditure, and to the Order in Council of August 20, 1891, which prescribes the conditions under which such subscriptions may be paid by the Government.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

## Calling attention to Certificate given by the P.O. Inspector at Ottawa, on Accounts of C. A. Railway.

Audit Office, Ottawa, April 22, 1893.
Sir,--I beg to call your attention to the accounts rendered by the Canada Atlantic Railway Co. for five months from July to November, 1892, inclusive, for the carriage of the mails over their line. It appears from a memorandum attached to the account for November that from July 17 to October 31 the train known as the "Boston" running between Ottawa and Rouse's Point was in part discontinued, though during all the time mentioned the company sent in accounts for a service such as had been performed before the discontinuance in question took place; and the accounts so rendered were certified by Inspector Hawken in the usual form. The overpayment involved by this oversight on the part of the company and the certifying officer amounted to $\$ 575.12$, which I notice was deducted from the November account. Mr. Hawken should explain how he came to certify on the accounts from July to October that the "work has been performed," when as it is now known such was not the case.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

## Payment of F. H. O'Brien as Assistant Inspector on the Labrador Coast.

Audit Office, Ottawa, May 19, 1893.
Sir,-I beg to call your attention to vouchers 1359 and 1492 for $\$ 200$, paid F. H. O'Brien, for visiting and reporting on the different post offices of the Labrador coast during the years 1891 and 1892.

It appears to me that under the Post Office Act, sections 7, 13 and 14, this payment is irregular. Section 7 provides that every servant, officer or clerk employed by the Post Office Department, shall be remunerated by a stated salary, fixed subject to the provisions of the Civil Service Act; and sections 13 and 14 further provide for the appointment of post office inspectors and define the duties attaching to such appointments. These officers are subject to the Civil Service Act, except as regards examination.

I cannot find that the appointment of Mr. O'Brien is in accordance with these requirements of the Post Office Act, and I shall be glad if you will let me know on what authority the payment in question was made.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

# Supplementing a Specific Vote for Steam Communication on Bay of Fundy. 

Audit Office, Ottawa, May 23, 1893.
SIr,-I beg to call your attention to a payment of $\$ 250$ by cheque 15542 to the Bay of Fundy Steam Navigation Company for mail service between St. John, Digby and Annapolis, and to point out that, as Parlianent has specially provided for this service by granting a subsidy of $\$ 11,500$ for the year $1892-93$, it is not proper to supplement the amount so provided from another appropriation. In further connection with this matter, I would refer you to the correspondence on the subject in my report of 1892 on pages $\mathrm{E}-123$ and 124.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, Sept. 7, 1893.
SIR,-In connection with your application of May 22 last for the transfer of $\$ 250$ from the vote for steamship communicatipn between St. John, Digby and Annapolis to that for mail service, I beg to inform you that I have made the transfer asked for.

I have taken this course though I am still of opinion, as stated in my letter of May 26, that the amount was properly chargeable to the vote to which it was debited in the first instance, but as I find from the vouchers sent me for mail service that three payments of like amounts have been made under your letter of credit for steam communication between the ports in question, I thought it better to show the total amount thus paid under one heading.

I should like it to be understood that in making this transfer, I do so without prejudice to the objections I have urged in reference to this and similar payments in my letters on the subject published in my report for 1891 at page $\mathbf{E}-129$.

I am, sir, your obedient servant,

## Payment for Hauling and Storing Mail Plant.-Explanation asked.

Audit Office, Ottawa, May 19, 1893.
SIR,-I beg to ask for further information respecting a payment of $\$ 9.20$ to John Livingstone by cheque 1282 for hauling and storing mail plant of railway mail clerks from December 12, 1892, to January 7, 1893. A payment of this kind is unusual, and the circumstances under which it was rendered necessary should be stated on the voucher.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

## Payment for room, fuel and light on Steamers to P. E. I. Mail Clerks.

Audit Office, Ottawa, May 20, 1893.
SIr,-With reference to the payment of $\$ 254.04$ made to the Charlottetown Steam Navigation Company for the use of a room, fuel and light from April 11 to December 21,1892 , I beg to call your attention to my letter in regard to similar expenditure in previous years published in my report for 1892 at page $\mathrm{E}-123$. As there pointed out, I am of opinion that such payments are illegal without express provision having been made therefor by Parliament.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

# Vouchers for advertising not certifled by Queen's Printer. 

Audit Office, Ottawa, May 8, 1893.

Sir,-I beg to bring to your notice the vouchers detailed on the inclosed list which have been rendered in support of payments made for advertising Post Office time-tables, and to point out that they do not bear the necessary evidence of having been submitted for audit to the Queen's Printer as required by 51 Vic., chap. 17, sec. 2 :-

Brandon "Mail", vouchers 755 and 1527.
Brantford "Courier" do 121 and 1138.
Brockville "Times" do 2,576 and 1129.
Chatham "Planet" do 399 and 1038.
Guelph "Herald" do 233, 721 and 1422.
Hamilton "Spectator" do 64, 567 and 1111.
Hull "Despatch" do 5, 362 and 743.
Hull "Spectateur" do 363, 915 and 1517.
London "Free Press" do 1414.
Ottawa "Citizen" do 75, 540 and 1147.
Ottawa "Journal" do 541 and 1146.
Ottawa "United Canada," voucher 658.
Owen Sound "Sun," vouchers 225, 723 and 1424.
Owen Sound "Times" do 224, 722 and 1423.
Peterboro' "Review" do 177 and 1157.
Pembroke "Standard" do 1318.
Port Hope "Times" do 127 and 1462.
Quebec "Courier" do 213,588, 1169 and 1518.
Quebec "Mercury" do 212.
Quebec "Chronicle" do 211, 892 and 1469.
Quebec "Le Matin" do 136.
Sarnia "Canadian" do 1071.
Stratford "Herald" do 40,519 and 1067.
Stratford "Times" do 39 .
Three Rivers "Trifluvien," vouchers 72, 535 and 1085.
Toronto "Empire" voucher 1543.
Toronto "Review" do 87,560 and 1019.
Windsor "Review" do 296, 810 and 1407.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

## Travelling Expenses of P. O. Inspectors.

Audit Office, Otrawa, May 19, 1893.
Sir,-With reference to the vouchers sent me for the travelling expenses of the various post office inspectors and other officials of the Post Office, Outside Service, for the quarter ended March 31, 1893, I beg to call your attention to the date to which they have claimed payment of the per diem allowance of $\$ 3.50$. In nearly all cases charges at this rate having been allowed to February 15, 1893, although the Order in Council directing that only actual expenses should be allowed is dated February 6. All these accounts should now be amended in accordance with the Order in Council of the 4th inst., fixing the date from which the previous Order is to take effect.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

# Daily Allowance Paid Mr. Sweetnam while on Board Steamers, Contrary to O. C. 

Audit Office, Ottawa, September 12, 1893.

Sir,-I beg to bring to your notice the vouchers rendered by Mr. Sweetnam, Chief Post Office Inspector, accounting for $\$ 500$ advanced him by cheque, 1035 for travelling expenses on his recent visit to England.

You will notice that Mr. Sweetnam has been allowed $\$ 5$ per diem from January 7 to March 31, the full time he was absent from Canada, including the periods of the ocean voyage both going and returning. In connection with this matter I would direct your attention to an Order in Council of November 10, 1886, prohibiting the payment of the daily allowance for days spent on board steamers or other modes of conveyance, if the passage money includes meals and all other accommodation.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

## Expenses Paid to Railway Mail Clerks during Unusual Delays.

Audit Office, Ottawa, September 15, 1893.
Sir,-I have the honour to bring to your notice the accounts rendered by Messrs. Gleeson, Heney, Porter, Prudhomme and Scott, Railway Mail Clerks of the Manitoba Postal Division, for extra expenses incurred by them during the stoppage by a snow blockade, of the trains on which they were travelling. With reference to these payments, I beg to point out that, in my opinion, the amount authorized by statute to cover the incidental expenses to which a railway mail clerk is subjected owing to the nature of his duties should be accepted as full recompense except under exceptional and unusual circumstances and when the extra delay caused is at least one day. I should prefer that the Governor in Council would fix the time beyond which actual expenses might be paid in addition to the mileage allowance earned.

$$
\begin{aligned}
& \text { I am, sir, your obedient servant, } \\
& \text { J. L. McDOUGALL, A.G. }
\end{aligned}
$$

The Deputy Postmaster General.

## The Date from which Increases of Salary are Payable.

Audit Office, Ottawa, September 20, 1893.
Sir,--I have the honour to bring to your notice the dates from which the increases of salary to railway mail clerks were paid during last year. It appears from the pay-lists sent me that the increases were frequently paid from the first of the month succeeding the date on which, according to the statute, the clerks in question were eligible for such increases. I am aware that this mode of payment was authorized by the Order in Council having reference to the payments in question, as, for example, the Order in Council of July 26, 1892, authorized among other increases the following :-
J. T. Loane, Toronto, from May 1, 1892.
W. H. Arland, Toronto, from June 1, 1892.
J. P. Casgrain, London, from June 1, 1892.
C. Plumb, Ottawa, from June 1, 1892.
J. T. Keith, Nova Scotia, from June 1, 1892.

In connection with this matter, I beg to bring to your notice the provisions of the statute in reference thereto. Section 27 of the Civil Service Act directs that the
increase of salary shall be payable from the first day of the official quarter next succeeding the date on which according to length of service any clerk or employee became eligible for such increase.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

## The Date from which a Promotion Takes Place.

Audit Office, Ottawa, October 6, 1893.
Sir,-I beg to bring to your notice the dates from which increases of salary consequent upon promotions were paid in the outside service of the Post Office Department during last year. In nearly all cases the promotion was made from the date of the Order in Council under which it was authorized. See for example the promotions of the following :-
H. F. Wilmot, Kingston, date of O. C. July 26, 1892.
M. Maloney, Barrie do do
H. G. Goodfellow, Montreal
do
W. W. Page, Halifax
do September 19, 1892.
J. A. Gorman, Toronto
do March 13, 1893.
In connection with these and similar cases. I would call your attention to an Order in Council of July 29, 1871, published in my report for 1892, at page A-7, directing that as a general rule, and unless some other date is specially mentioned in the Order in Council, all promotions, \&c., shall be held to count from the first day of the month succeeding the date on which such promotion was authorized.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

Post Office Department, Ottawa, October 10, 1893.
Sir,--Referring to your letter of the 6th instant, in which you remark upon the inconvenience caused by making promotions date from the days on which they were respectively authorized by Order in Council, and call attention to an Order in Council dated the 29th August, 1871, requiring that all promotions shall count from the first day of the month following the passing of the Order, I beg leave to observe that the practice followed in this department is based upon subsection 2 of section 27 of the Civil Service Act of 1882, which being subsequent in date to the Order you quote, is held to override it in so far as there may be any conflict between the two.

I have the honour to be, sir, your obedient servant,
WM. WHITE, Dy. Postmaster General.
The Auditor General.

Audit Office, Ottawa, October 11, 1893.
SIR,-I have the honour to acknowledge the receipt of your letter of the 10 th inst., stating with reference to certain promotions to which I called your attention on the 6th inst., that the practice of dating such promotions from the date of the Order in Council under which they were authorized was based on subsection 2 of section 27 of the Civil Service Act, which prevailed in so far as there was any conflict between it and the Order in Council of July 29, 1871.

As I understand the subsection to which you refer, there is no conflict between it and the Order in Council. The Act of Parliament directs that an increase of salary

## Auditor General's Report, 1892-93.

consequent upon promotion shall be payable from the day on which such promotion takes place; but a promotion does not necessarily take place on the day on which the Order in Council authorizing it was passed. It takes place from such date as the Governor in Council directs, and as pointed out in my letter of the 6th inst., the necessary directions in this respect are contained in the Order in Council of July 29, 1871.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

## Changes of Distances on C. P. R,

Audit Office, Otrawa, October 6, 1893.
Sir,-I notice on examination of the vouchers rendered by the Canadian Pacific Railway Co., that the distances between many of the stations have been changed during the year. This is notably the case on the main line between Montreal and Vancouver where there has been a decrease of two miles.

Will you please let me have your explanation of these changes, and if you propose adjusting previous payments on the mileage as now established, provided of course, the old distances were erroneous.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

## Special Trains on Grand Trunk Line.

Post Office Department, Ottawa, October 7, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 6th inst., calling attention to the vouchers for the payments to the Grand Trunk Railway Company for mail service between Lévis and Montreal, and stating that there is nothing on the vouchers to indicate whether the service was performed or whether there was any necessity for it.

In reply, I am to say, that the trips in question are necessary to secure the prompt delivery of the British mails in Montreal, and their despatch westward.

I am, sir, your obedient servant,
WM. WHITE, Dy. Postmaster General.
The Auditor General.

Audit Office, Ottawa, October 10, 1893.
Sir, -With reference to $^{\text {your letter of the } 7 \text { th instant, stating that the special mail }}$ trains between Lévis and Montreal, for which payment was made to the Grand Trunk Railway Company during last year, were necessary to secure the prompt delivery of the British mails at Montreal and their despatch westward, I beg to point out that the accounts rendered should have been certified to this effect by the officer of your department having personal knowledge of the performance of the service in question. Of course a certificate of this nature would be in addition to the regular certiticate required by section 33 of the Audit Act.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

# Change in mode of payment to Grand Trunk Railway Company. 

#### Abstract

Audit Office, Ottawa, October 14, 1893. Sir,-With reference to the change made during last year under the authority of Council in the mode of payment for mail service to the Grand Trunk Railway Company, I beg to inform you that the copy of the Order in Cuuncil which has been sent to this office does not state whether or not the Grand Trunk Company are required to maintain a certain frequency of service over those portions of their road on which payment was heretofore made according to the actual mileage performed. For example, there may be now certain places having a daily train service and consequently a daily mail, which through some cause to their own advantage, the company would limit to a tri-weekly service. Under the existing arrangements the company might thus decrease the frequency of the mail service without fear of any proportionate decrease in their mileage earnings. Is there any provision in the agreement with the railway authorities to meet such a contingency apart from the general provisions in the Railway Act relative to the power conferred on the Governor in Council with regard to the carriage of themails?

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

## Post Office Pay-lists-Outside Service.

Audit Office, Ottawa, November 3, 1893.
Sir,-I have the honour to request that you will cause to be sent to me the paid salary cheques drawn by the various post office inspectors and city postmasters in favour of the clerks in their respective offices during the fiscal year 1892-93.

I understand from the monthly statements of cheques issued by the department which are sent to this office, that a cheque for the total amount of the pay-list in each case is made out in favour of the inspector or postmaster, as the case may be. It seems to me if this mode of payment is to continue, that it would be advisable to adopt the dual responsibility which attaches to the issue of cheques in connection with expenditure under the letters-of-credit granted to the different departments.

The cheque for the office pay-list might be made payable to the inspector or postmaster, and the clerk in his office who has charge of the pay-list and accounts. This cheque should invariably be deposited in the bank upon which it is drawn to their joint credit, and cheques in favour of the clerks whose names are on the pay-list sent to the department, issued against it in usual form.

Of course if it were found practicable to issue separate cheques at the department in favour of the clerks at each office, all inconvenience or difficulty arising from these sub-credits would be avoided.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G'.

The Deputy Postmaster General.

Post Office Department, Ottawa, Nov. 3, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of this morning, asking that the paid salary cheques drawn by the various post office inspectors and city postmasters in favour of the clerks in their respective offices during the fiscal year 1892-93 may be sent to you for examination. Instructions will be given to the offices concerned in the matter with the least possible delay, and so soon as received the cheques will be forwarded to you.

#### Abstract

With reference to the further contents of your letter, in which you state that the cheques in every case are, as you understand, made out in favour of the inspector or postmaster, I beg to explain that this is not invariably the case. The cheques in favour of the railway mail clerks are made out to the order of the individual clerk, and in one or two cases, notably in the case of the inspectors at St. John and Toronto, the cheques are made out in favour of the individual clerks in the office.

I have the honour to be, sir, your obedient servant, The Auditor General.

WM. WHITE, Dy. Postmaster General.

## Repairing Post Office at St. Sauveur.

Sir,-I beg to bring to your notice a payment of $\$ 105$ made to Dr. M. Fiset. during last year for repairs to the Post Office at St. Sauveur, in the province of Quebec. As the Post Office building at St. Sauveur is not Government property the repairs in question should not, so far as I can see, have been paid for by the Government.

Please let me have your explanation.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Postmaster General.

Post Office Department, Ottana, November 3, 1893.
Sir,-I $^{\text {have the honour, with reference to your letter this morning calling atten- }}$ tion to a payment of $\$ 105$ made to Dr. M. Fiset, to inform you that there are certain branch offices in Hamilton, Toronto, Montreal and Quebec which are established for convenience in carrying on the work of this department. These offices are not upon the same footing as the ordinary country post offices, nor are they of precisely the same character as the city post office, but inasmuch as they render a service to the department of a character different to that afforded by country post offices the expense of fittings, furniture and other items has always been borne by this department.

> I have the honour to be, sir,
> Your obedient servant,

WM. WHITE, Dy. Postmaster General.
The Auditor General.

## Letter Scales at Reduced Price.

Post Office Dept., Ottawá, November 10, 1893.
Sir,-Relative to your communication of the 6th inst., with reference to "payments amounting to $\$ 346.50$ for 100 sets of letter scales made to Pritchard \& Andrews, during the fiscal year 1892-93," in which you state that "the price of these scalos under agreement with the department is $\$ 3.75$, but it appears from an account dated January 31, 1893, that fifty sets of scales charged thereon were rejected, but afterwards accepted at 10 per cent reduction on the regular price," and that "a like number was accepted at a similar rate later on and paid for by cheque No. 1659 ;" and requesting an "explanation with regard to this transaction so that it may be given with the item in your report," I have the honour to say, in reply, that the scales in question having on inspection after delivery at this department, been found to be inaccurately poised, and the brass pans attached to the same to be somewhat smaller than the standard size called for by the requirements of the department, the scales were rejected
and returned to the makers, and afterwards accepted only upon being correctly readjusted to the test demanded by the order, i.e., " as per original specimen (duly tested by the Inspector of Weights and Measures), all bearing points to be properly hardened to resist friction, and the different parts to be interchangeable."

In order to compensate the department for any loss of value that might arise from the slightly reduced size of the brass pans referred to-though this did not materially, if at all, affect the practical utility of the scales-it was deemed advisable that a reduction of 10 per cent on each set should be imposed and enforced, amd this was done accordingly.

I may add that the price for these scales under agreement, as is indicated by the amount paid for 100 sets ( $\$ 346.50$ ) under the 10 per cent reduction, is not as stated in your letter $\$ 3.75^{*}$, but $\$ 3.85^{*}$, for each set, the latter sum having many years ago been tixed by the Postmaster General owing to additional workmanship in connection with the scales being found necessary by the department.

## I have the honour to be, sir, your obedient servant,

WM. WHITE, Dy. Postmaster General.
The Auditor General.

## Old Survey Accounts, Still Unsettled.

## Audit Office, Ottawa, October 12, 1893.

Sir,-I notice that no further settlement appears to have been made of the following survey accounts :-

If it should appear that it is absolutely impossible to get any payment on account of these claims Parliament should be asked, at the approaching session, for authority to write off the accounts.

> I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

## Interior Dept., OtTina, October 27, 1893.

Sir,-I am duly in receipt of your letter of the 12 th instant, with reference to a number of survey accounts which have not been closed. I am informed and believe that of the Surveyors mentioned in your list McNab, Lawe, Davis and Jones are dead; and that every possible effort has been made to collect from Garnn and his securities without success. The case of Dawson is not yet absolutely closed, but I am afraid the same result will have to be reported in that case also. I am making further inquiry in regard to Poudrier, who I know is still alive, and will ascertain whether there is any hope of our being able to collect the amount due by him.

Yours very truly,
The Auditor General.

A. M. BURGESS, D.M.I.

## F. Vincent, Advances of 1889 and 1890.

Audit Office, Ottawa, October 12, 1893.
Sir,-The following amounts were advanced on the dates indicated, to F. Vincent, D.L.S., on account of Dominion Lands Survey :-
$\begin{array}{cccccc}\text { July } 19,1889 . & \text { On acct. contract survey } \\ \text { do } & \text { No. } 7 \text { of } 1889 \ldots & \ldots 00 & 00 \\ \text { do } & \text { do } & \ldots & 800 & 00 \\ \text { Dec. } 22,1890 . & \text { do } & \text { No. } 6 \text { of } 1890 \ldots & 450 & 00 \\ & & & \$ 1,450 & 00\end{array}$
As yet I have received no accounts showing the expenditure under these advances. Kindly inform me whether any accounts have been received from Mr. Vincent, and if not, what the difficulty in settlement is.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

Sir, -I wrote you on the 12 th instant with reference to the advances made to Mr . F. Vincent on account of Dominion Lands Survey, and have since received Mr. Vincent's account from your department. On an examination of this account I find that the advance of July 19, 1889, amounting to $\$ 1,000$ on account of contract No. $\overline{7}$ of 1889, has apparently been transferred to contract No. 6 of 1890 . As this latter survey was in all probability not begun before the summer of 1890 and the survey of 1889 seems not to have been entered upon, I have to ask why Mr. Vincent was allowed to retain the amount of $\$ 1,000$ for about a year before beginning his survey work.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

Interior Dept., Ottawa, November 7, 1893.
Sir,-In answer to your letter of the 18 th ultimo respecting the case of Mr. F. Vincent, I beg to explain that the advance of $\$ 1,000$, on account of contract No. 7, was made to Mr. Vincent in 1889, to enable him to proceed to the North-west for the purpose of fulfilling his contract. He did proceed to the North-west ; fell ill at Calgary, and was unable to go on with his work that season.' He did not return the advance that season because he was given an extension of time within which to do the work, and it is quite correct, as you say, that this was not done until the following season.

> I am, sir, your obedient servant,

## The Auditor General.

A. M. BURGESS, D.M.I.

## Delay in Closing Accounts of O. J. Klotz.

Audit Office, Otrawa, October 12, 1893.
Sir,-The following payments have been made on account of surveys under the charge of Mr. O. J. Klotz, either directly to Mr. Klotz himself, or to the Canadian Pacific Railway Company for transportation :-

```
        Block outlines, 1890. . . . . . . . . . . . . . . . . . . . . . . . . . . . $5,253 65
        B. C. Railway belt, 1891 . . . . . . . . . . . . . . . . . . . . . . . . . . 2,200 00
        Trans-Atlantic longitude, }189
        61800
```

## Auditor General's Report, 1892-93.

In addition to these Mr. Klotz has received advances during the current year on account of the Alaska Boundary Survey.

As yet I have received no accounts of the expenditure on the above mentioned surveys, and have to ask you to send them without delay.

Is there any reason why it should not be a rule in your department to require the accounts of one survey to be closed before making advances to the same surveyor on account of another survey?

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

Interior Dept., Ottawa, November 10, 1893.
$\mathrm{S}_{\text {IR }}$,-I am directed to acknowledge the receipt of your letter of the 12 th ultimo, With reference to the account of Mr. Otto J. Klotz, D.T.S., and to transmit herewith Mr. Klotz's accounts of outlines survey made in 1890 . Steps are being taken to have the other accounts procured from Mr. Klotz as soon as possible.

I am further to state in reply to your inquiry that the rule of requiring one survey to be closed before making advances to the same surveyor on account of another survey, has been observed as far as possible, and that an effort will be made to observe it always in the future. I am to point out, however, that cases may arise, as they have in the past, Then it would not be possible in the interest of the public to enforce it. In order to accomplish a profitable season's work, it sometimes is necessary for a surveyor to start out at an early period in the spring, irrespective of whether or not his accounts for the previous year have been closed. In such a case it would not be expedient to enforce the rule you mention.

The Auditor General.
I am, sir, your obedient servant,
LYNDWODE PEREIRA, Asst. Secy.

## Offlcers' Salaries, paid in part to a second person.

Audit Office, Ottawa, September 29, 1893.
Sir,-I notice from the pay cheques for the Dominion Lands, Outside Service, that during the past fiscal year, in the following cases the whole salary accrued was not paid to the officer himself, but that a portion was paid to a second person :-

John May, $\$ 40$ per month, paid to Mrs. May.
T. S. Higginson, $\$ 50$ per month, paid Mrs. Higginson.

In the cases which follow, a portion of the salary was stopped from the officers and deposited to the credit of the Receiver General :
W. C. de Balinhard, $\$ 13.50$ of October salary.
J. A. Royal, $\$ 20$ of November salary.
C. E. Phipps, $\$ 10$ per month from July to April inclusive, and $\$ 10.95$ of May

I would ask for an explanation of these stoppages.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

Interior Dept., Ottana, November 3, 1893.
Sir, -I am directed to acknowledge the receipt of your letter of the 29th September last, regarding certain cases in the outside service of this department where the Whole of the salary accrued during the past fiscal year was not paid to the officer himself, and in reply to report as follows:-

1. Mrs. May is the wife of Reverend John May, and this payment is made monthly to her upon his authority, and has been for many years.
2. The observations above in the case of Mrs. May apply to the case of Mrs. Higginson.
3. W. C. de Balinhard, $\$ 13.50$ of October salary :--This amount was deducted from Mr. de Balinhard's salary because it was found that he owed that sum to the Crown Timber Office on a transaction arising previous to his appointment to the service of the department.
4. As to the deduction of $\$ 20.00$ from the salary of Mr. J. A. Royal for November last, I am to inform you that this case will form the subject of a further letter, as there is a question between the agent and Mr. Royal as to whether the latter ever made good the shortage in this case.
5. As to Mr. C. E. Phipps' salary, I am to explain that he was a homesteader before he entered the service of this department, and in that capacity he received a seed grain advance from the department in 1887. As this seed grain had been advanced to him in the same manner as other settlers in the North-west, the amount which he owes the Government is to be deducted, with his consent and authority, at the rate of $\$ 10.00$ per month until the advance has been repaid.

I am, sir, your obedient servant,
LYNDWODE PEREIRA, Asst. Sec.
The Auditor General.

## Irregular Payment of Salary of J. A. Royal.

Audit Office, Ottawa, July 21, 1893.
Sir,-I beg to ask for an explanation of the irregular manner of paying the salary of Mr. Jules A. Royal, an officer of the Edmonton Land Office, during the past fiscal year-

The following statement shows the particulars of the cheques issued on account of salary.

| Cheque No. | Date. | In whose favour. | Period. | Amount. |
| :---: | :---: | :---: | :---: | :---: |
|  |  |  |  | \$ cts. |
| 2745 .. | Aug. 25. | J. A. Royal. | July 1 to 17. | 4479 |
| 3003. | Oct. 25 | do | October.. | 8167 |
| 3145. | Nov. 23 | Receiver General. | On account November. | 2000 |
| 3155. | do 23 | J. A. Royal. . | Balance do | 6161 |
| 3219. | Dec. 6 | do . | July 18 to September 30. | 20022 |
| 3312. | Dec. 15. | do | December. .... . . . . | 8167 |
| 3467. | Jan. 23 | do | January - 30 | 8167 |
| 3930 | April 21 | $\stackrel{\text { do }}{\text { deceiver }}$ | April 20 to $30 . .$. | 25 17 17 |
| 4228 | June 23. do 23. | Receiver Gener | On account June salary Balance June. . . . . . | 1711 6286 |

The points on which I most particularly ask explanations are the following :-

1. The holding back Mr. Royal's salary for the period from July 18th to September 30th until December 6th, while in the meanwhile he had received his salary for the intervening months of October and November.
2. The non-payment of the salary from February lst to April 19th; then the payment on April 21st of his salary for the period April 20th to 30th, followed again by the withholding of salary for the month of Muy.
$\cdot 3$. The payment of $\$ 20$ to the credit of the Receiver General out of the November saliary, and again of $\$ 17.11$ out of the June salary.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

## Deduction of Superannuation Abatement from Salaries of Certain Offlcers.

Audit Office, Ottawa, July 29, 1893.
Sir,-I have your applications of the 20th and 21st inst., asking in the one case for the transfer of $\$ 905.19$ from the vote for Dominion lands income, salaries outside service, and in the other of $\$ 144.28$ from the vote for immigration, to the credit of superannuation revenue, being the amount of superannuation abatements for the year 1892-93.

In looking over the list of officers from whose salaries the abatement has been made, I find the following names added during the year:-Dominion Lands, A. R. Wade, from July 26, 1892 ; Immigration, J. Hoolahan, from February 6, 1893.

Kindly inform me if these officers were placed on the list of those contributing to the fund, in accordance with the provisions of the Superannuation Act (Chap. 18, Revised Statutes).

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

## Remarks on Accounts of Wm. Pearce and J. M. Gordon.

Audit Office, Ottawa, October 18, 1893.
Sir,-I notice from the contingent accounts of W. Pearce, Superintendent of Mines, that on January 30 last he purchased a ticket from Winnipeg to Ottawa via Chicago for $\$ 42.75$, and that on February 3 he purchased a ticket from Chicago to Ottawa for $\$ 20.30$. I would like to learn the necessity of the purchase of this second ticket when his first ticket entitled him to transportation to Ottawa.

I also observe that I have no account of Mr. Pearce's expenditure later than April last, and that consequently I have a balance against him of $\$ 256.05$ in connection with last year's expenditure. Kindly explain the delay in Mr. Pearce's May and June accounts.

I would at the same time remark that the last account I have from Mr. J. M. Gordon, Inspector of Agencies, is that for December last. The balance of Mr. Gordon's accounts for the past fiscal year should be sent me at once in order that I may not be delayed in the preparation of my annual report.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

## Interior Depf., Ottawa, November 18, 1893.

,Sir,-In reply to your letter of the 18 th ultimo asking why Mr. Pearce, the superintendent of mines, purchased a ticket from Chicago to Ottawa on the 3rd of February last, having already procured a ticket from Winnipeg to Ottawa, I have to inform you that while in Chicago his pocket book containing his railway ticket and all his money was stolen from him, and it was, therefore, necessary to advance him additional funds to pay his fare from Chicago to Ottawa.

You ask for an explanation of the delay in forwarding to you Mr. Pearce's accounts for the months of May and June. Mr. Pearce furnished the department with those accounts early in July, but he claimed to be entitled, under the terms of his appointment, to continue to charge a living allowance of $\$ 3.50$ per diem when absent from his home on official business instead of his actual expenses as required by the Order in Council of the 6th of February last, and I held the matter over pending the return of the Minister and the Deputy Minister from the North-west. Those accounts have recently been furnished to your department in accordance with the requirements of that Order in Council.

As to the accounts of Mr. J. M. Gordon, Inspector of Agencies, which were furnished you up to the end of the year 1892, the same question raised by Mr. Peace as to the rate for living allowance was also raised by Mr. Gordon, who contended that he was entitled, under authority of the Orders in Council of 3rd of September, 1885, and the lst of July, 1886, to charge a living allowance of $\$ 4$ per diem when travelling on official business, and his accounts for the months of April, May and June (no expenditure having been incurred by him during the months of January, February and March), were also held over for consideration.

I now inclose Mr. Gordon's accounts for the months of April, May and June last, in each of which you will see that his charge of $\$ 4$ a day has been struck off, and the balance of the items approved. This will leave the question of the amount due by the department to Mr. Gordon for his actual disbursements while absent from Ottawa during those three months in suspense until his return here, when a statement of those disbursements will be promptly obtained from him and forwarded to you.

> I am, sir, your obedient servant, JOHN R. HALL, Secy.

The Auditor General.

# Payment of Living Allowance to C. E. Phipps. 

Audit Office, Ottawa, October 17, 1893.
Sir,-In May, 1892, Mr. C. E. Phipps, Dominion Lands Agent for the Coteau District, removed from Cannington to Oxbow, and in October of the same year from Oxbow to Estevan. From May, 1892, he has drawn the following amounts out of his contingent account on account of living expenses :-

June, 1892, voucher 65-Meals and horse feed and two days'
$\qquad$
Oct. 31,1892, voucher 22-Living allowance at two days at $\$ 3.50 \quad 7 \quad 00$
do do 23-Hotel expenses, \$6; allowance, three days, $\$ 10.50$
Nov. 30, 1892, voucher 29 -Board of self and family at Estevan 4000
At sundry times, living allowance from May 25, 1892, to Jan.
31, 1893-252 days at $\$ 2$.
50400
$\$ 57650$
Kindly explain (first) why Mr. Phipps was granted a living allowance of $\$ 2^{\circ}$ for a period of 252 days to Jan. 31, 1893 ; and (second) when he was in receipt of the living allowance, why he was also allowed a further living allowance and hotel expenses for part $0^{\circ}$ : the time covered by the above allowance.

I have also to ask if the removal expenses of Mr. Phipps with his family were authorized by a Treasury Minute, and for an explanation of the charge of $\$ 40$ for board of himself and family after their arrival at Estevan.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

## Payment of Living Allowance to Homestead Inspectors.

Audit Office, Otrawa, June 30, 1893.
Sir,-I notice from the Homestead Inspectors' accounts for the current year that the different Inspectors are still paid a living allowance of $\$ 2$ per diem when travelling, and an allowance of 50 cents per diem for horse feed for the days spent at home.

The Order in Council of February 6 last provides that after that date all accounts for travelling expenses be rendered on the basis of actual expenses. Kindly explain Why this rule has not been observed in the present case, and give instructions that in future it be complied with. The Inspectors should also be asked to amend all accounts rendered since February 6, in accordance with the terms of the Order in Council.

I am, sir, your obedient servant,
F. HAYTER, for A.G.

The Deputy Minister of Interior.

## Interior Dept., Ottawa, August 4, 1893.

Sir, -In reply to your letter of June 30 last, referring to the travelling expenses of Homestead Inspectors, I have the honour by direction to state that the department has taken the neressary steps to carry out your views in the matter as far as it is possible to do so.

I am, sir, your obedient servant,
LYNDWODE PEREIRA, Asst. Secy.
The Auditor General.

## Payment of Living Allowance to B. Magrath.

Audit Office, Otrawa, October 13, 1893.
SIR,-I notice that in February last Mr. Bolton Magrath was paid $\$ 77.50$ for services and expenses as a member of the Board of Examiners for Dominion Land Surveyors, as follows :-

Kindly inform me whether the $\$ 2.50$ per day for expenses was of the nature of an allowance or was Mr. Magrath's actual expenses. If it is an allowance it is in contravention of the Order in Council of February 6, which provides that after that date actual expenses only are to be allowed; if it is the amount of his actual expenses a detailed statement of the expenses supported by vouchers should be given.

> I am, sir, your obedient servant,
J. L.McDOUGALL, A.G.

The Deputy Minister of Interior.

## Payment of Salaries before the end of the Month.

## Audit Office, Ottawa, June 28, 1893.

SIr,-I notice from your monthly statements of cheques that the cheques for the payment of the salary of Mr. H. N. Topley, a temporary employee of your department, are issued on the 15 th of each month. I also notice that on the 15 th of each month you issue a cheque for $\$ 40$ in favour of Mrs. M. May, being part of the salary of her husband, John May, a temporary employee in the outside service of your department.

The date of paying all temporary employees is fixed by Order in Council, dated February 18, 1889, at the end of the month. Kindly see that the Order in Council is in future complied with in making the payments referred to above.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

## Payments to Dr. Bergin and to Teamsters of Convoy No. 8.

Audif Office, Ottawa, May 8, 1893.

Sir,-Will you please forward the Orders in Council authorizing the payment of $\$ 1,515.42$ to Surgeon General Dr. Bergin, and $\$ 2,001.49$ to the teamsters of Convoy No. 8, for services in the North-west Rebellion in 1885.

I see by pages 129 and 160 of the Report of the Commission on the North-west Rebellion Claims that the report of this Commission rejecting the claim of these teamsters for further payment, on the ground of carelessness and that they had already been paid what was promised them for their services, was approved by Sir A. P. Caron, Minister of Militia at that time.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, $A . G$.

The Deputy Minister of Militia.

## Payments to A. G. McDonald for Team-hire.

Audit Office, Ottawa, October 27, 1893.
Sir,-Let me call your attention to cheque No. 1053, for a payment of $\$ 284$, to Mr. A. G. McDonald, under a voucher dated July 31, 1885, for hire of team for use of 65th Battalion detachment at Red Deer.

On page 99 of the Report of the Commission on the North-west Rebellion Claims, I find that this claim was rejected on the ground that payment should have been made by the officers themselves, since the horses were for their own private use. There is also a note to the effect that Mr. McDonald would accept $\$ 201.50$ in payment. I would like some explanations of why payment of the larger amount is now made.

I have not as yet received an answer to my letter of May 8, 1893, with reference to the payment of $\$ 2,001.49$ to the teamsters of Convoy No. 8.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. G.

The Deputy Minister of Militia and Defence.

Interior Dept., Ottawa, July 6, 1893.
Sir,-In reply to your letter to Mr. Burgess of the 28th ultimo, asking why the salary of Mr. H. N. Topley is paid on the 15th of each month, and also why a cheque for $\$ 40$ is issued at the same time to Mrs. May, as part of the salary of her husband, Mr. John May, a temporary employee in our outside service, I beg to inform you that this department not having been favoured with a copy of the Order in Council of 7th September, 1891, to which you verbally called my attention, we assumed that the Order in Council of 18th February, 1889, defining the dates upon which the salaries of temporary employees in the several departments "who are not employed under the authority of an Order in Council," should be paid, did not include temporary clerks who are employed under the authority of an Order in Council, and that, therefore, as both the officials mentioned are employed under authority of Orders in Council, the question of whether they should be paid on the 15th or the end of the month, was optional.

However, in view of the provisions of the Order in Council of 7th September, 1891, the salaries of those officials will not in future be paid before the last day of each month. I am, sir, your obedient servant, The Auditor General.

JOHN R. HALL, Secy.

## No Answers received to Letters.

## Audit Office, Ottawa, October 28, 1893.

Sir,-I beg to call your attention to the following letters sent you at different times, to which I have received no answers as yet :-

July 21, re Irregular manner of paying J. A. Royal.
do 29, re Bringing A. R. Wade and J. Hoolahan under the Superannuation Act.
Sept. 29, re Payment of portions of salaries of officers to a second person.
Oct. 12, re Writing off of certain surveyors' accounts.
do 12 , re Delay in settling accounts of O. J. Klotz.
do 13, re Payment of living allowances to B. Magrath.
do 17, re Payment of living allowance to C. E. Phipps.
do 18, re Contingent accounts of W. Pearce and J. M. Gordon.
do 19, re Survey accounts of F. Vincent.
I shall be glad to receive answers to these letters at your earliest convenience.
I am, sir, your obedient servant,
J. L. McDougall, ag.

The Deputy Minister of Interior.

1892-93

## REVENUE AUDIT

# AUDITOR GENERAL'S REPORT 

> F0R 1892-93.

## EXAMINATION AND AUDIT OF THE REVENUE.

Treasury Minute, June 21, 1886.-The Board had under consideration a communication from the Auditor General to the address of the secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit, and if so, under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.
The Auditor General.

J. M. COURTNEY, Secy.

Finance Dept., Ottawa, Dec. 30, 1889.
Sir,-With reference to our recent conversation respecting the submission to the Treasury Board of the rules and regulations drawn up in your office, I have now to state that I have found on inquiry that your letter of the 31st December, 1886, was submitted to the Treasury Board in due course, put as it did not ask for confirmation of the rules inclosed, but only stated what your intentions were in auditing revenue accounts and requesting any directions that the Treasury Board might deem fit to give,-as the Treasury Board had no directions to give, the letter was unanswered; but in order that the law may be complied with, I have now to state that the rules are approved of.

It will be better to have a formal approval of the other rules to which I drew your attention; and in future we had better adhere strictly to the law, i.e., for you to send all rules to the Treasury Board for approval before their issue, and for the Treasury Board to give a decision in due course.

Yours very truly,
J. M. COURTNEY, Sec'y.

Rules and Regulations in reference to the Receipt, Entry and Accounting for Public
Moneys.
(1.) Receipt books with printed consecutive numbers should be used.
(2.) A receipt should be given for each payment.
(3.) All receipts should be entered in a Cash Book, and each entry should bear the same number as the receipt.
(4.) The counterfoil of the receipt should bear its number, the name of the payer, the amount and a short memo. of the object for which payment was made; and it should be signed by the collector, and when payment is made in person, by the payer.
(5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to $\$ 25$. If the daily receipts do not amount to $\$ 25$, a deposit should be made whenever that sum or more is on hand.
(6.) As soon as possible after the close of each month, and not later than the 19 th of the succeeding month, a copy of the Cash Book should be transmitted to the Audit Office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

Treasury Minute, May 23, 1890.-The Board had under consideration a communi cation from the Auditor General, submitting certain regulations embodying general principles for the audit of the revenue accounts; also a copy of the regulations and forms of returns drawn up in accordance with the general regulations applicable to certain classes of revenue coming under the control of the Department of Marine, which regulations and forms were submitted to exemplify the carrying out of the general regulations.

After careful consideration the Board approve of the general regulations for the Outside Service for the audit of the revenue accounts, as follows:-

## Revenue Audit-Gieneral Regulations for the Outside Service.

1st. Where possible, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to $\$ 25$; otherwise, whenever that sum is on hand; and he shall furnish regularly to the proper department a return of his collections.

2nd. This return shall be made monthly, or at less frequent intervals, to be fixed by the department, when desirable.

3rd. It shall be a copy in detail of the collector's cash book showing the different deposits made in acquittance ; and shall be certified by him and mailed to the proper department within five days after the close of the period which it covers, and be accompanied by the corresponding vouchers or papers.

4th. It shall be fully examined and audited in the department and certified by the Accountant and examining officer.

5th. When examined and certified, all returns for each period shall be forwarded to the Audit Office, accompanied by a summary certified by the Deputy Minister and the accountant.

And they direct that the particular regulations and forms applicable to each Department be submitted to the Board for approval.

The Auditor General.

## $R E$ REVENUE AUDIT.

Audit Office, Ottawa, April 18, 1893.
Sir,-I have to call your attention to the correspondence in reference to Revenue Audit, and I will be favoured by your informing me of the action of the Treasury Board thereon.

On January 15, 1892, I wrote detailing the then condition of the work being done. On October 26, 1892, I wrote again, pointing out what progress had been made towards procuring the necessary returns from the several departments. Since that date, arrangements have been made with the Department of Railways and Canals for daily or weekly returns, as the volume of receipts warrants, from the collectors of canal tolls.

On February 11 last, I wrote asking the Treasury Board to determine the department that should be responsible for the collection and audit of Steamboat Inspection revenue.

On February 21, I wrote calling attention to my letter of March 15, 1890, in reference to the accounting for fines payable to the Government of Canada.

The Post Office Department are now furnishing returns of the postmasters, but the returns of receipts from letter boxes and drawers are not yet furnished. Revenue does come to account for the rents in the city post offices, bnt nothing from any of the other post offices in which letter boxes and drawers have been placed at the expense of the Government.

The Department of Militia does not furnish the requisitions for stores asked for.

No change has been made in the returns furnished by the Departments of Customs and Inland Revenue.

I have the honour to be, sir, your obedient servant, The Secretary, Treasury Board.
J. L. McDougall, a.g.

Audit Office, Ottawa, May 12, 1893.
Sir,_I am sending herewith copies of the forms used by the several departments and their agents in accounting for the revenue.

The bank receipts, with an accompanying statement showing the accounts to be credited, are furnished daily to the Receiver General by the Customs, Inland Revenue and Post Office Departments, and by the Savings Bank Branch of the Finance Department; weekly by the Department of the Interior ; and monthly by the other departments.

The agents and collectors of the Department of Railways and Canals furnish summaries instead of detailed copies of their Cash Books giving subsidiary statements in detail of all miscellaneous receipts. As the Customs and Inland Revenue Departments have raised objections to having their collectors furnish copies of their Cash Books, on the ground of the extra amount of work involved, the practice of giving daily summaries might be adopted by them as regards Customs Revenue and Excise Revenue, they giving details of all other classes of revenue. And I beg to suggest that the following may be added to paragraph 3 of the Treasury Minute of May 23, 1890: "The Col"lectors of the Customs Department as respects Customs Revenue, of the Department " of Inland Revenue as respects Excise Revenue, and of the Department of Railways
"and Canals as respects Freight and Passenger Traffic and Canal Tolls, shall furnish "daily summaries instead of detailed copies of their Cash Book."

I have attached to the forms of each department a memorandum showing the nature and extent of the audit applied.

No audit or examination is made of Money Order or Savings Bank business. I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, $A$. $G$.

The Secretary, Treasury Board.

## Customs Department.

Customs Revenue.-Collectors' returns of receipts are monthly and give only a summary. The deposits made are entered in detail, and are checked with the bank receipts that come to account. If collectors were to render daily summaries, and detailed statements of all miscellaneous receipts a closer supervision could be effected. The returns are signed but not specifically certified. Vouchers are furnished for refunds made.

Sick Mariners' Fund.--Detailed statements are furnished but the counterfoils of receipts issued are not. The statements are not fully certified.

Steamboat Inspection.-Returns are made by the Inspecters to the Marine Department, and by the Collectors of Customs to the Customs Department. Neither department gets both returns. This matter has already been presented to the Treasury
Board.

Fines and Seizures.-Returns are furnished in detail of all receipts for Fines and Seizures, but they are not specifically certified. Vouchers are furnished for all refunds made and for distribution to seizing officers and informers.

## Department of Inland Revenue.

Excise.-Collectors' returns of receipts are monthly and only give a summary. The depasits made are entered in detail, and are checked with the Bank receipts that come to account. If collectors were to render daily summaries, and detailed statements of all miscellaneous receipts, a more complete audit could be effected. The collector's return is signed but not certified. The departmental summary is not fully certified.

Crown Seizures Excise.-No returns of receipts furnished. The vouchers are furnished for any charges against this amount for refunds, expenses, or distribution to seizing officers or informers.

Hydraulic and other rents, Minor Public Works, Cullers' Fees, Weights and Measures, Gas Inspection, Law Stamps,
Methylated Spirits, Fertilizers, Adulteration of Food.

No returns furnished.

Note.-Returns covering Cullers' Fees for 1892-93, and Weights and Measures and Gas for part of the year, have since been received.

## Post Office Department.

Post Office Revenue.-The revenue included under this head arises (1) from sale of stamps; (2) from postage paid in cash; (3) from rents of letter boxes and drawers; (4) miscellaneous receipts ; and (5) balances that may be due from foreign countries.

The Stamp Branch renders quarterly returns showing balance on hand at beginning of the quarter; the stamps received from the manufacturers, which is checked with the accounts furnished by the manufacturers; the issues to postmasters, which is checked with the returns of the postmasters; and the balance in stock. The accounting postmasters render quarterly returns showing balance on hand at beginning of the quarter, the stamps received from the Stamp Branch, and the stamps on hand. The balance indicates the revenue to be accounted for. No returns are received from the non-accounting postmasters. The postage paid in cash is entered on return of postmaster, but there is no means of checking it. About rents of letter boxes and drawers I have already written the Treasury Board. The principal item under miscellaneous receipts is cash found in dead letters, owners unknown, of which no returns are furnished. The balances arising from transit postage, parcel postage, \&c., is sometimes in favour of Canada, sometimes against.

The salaries and allowances to country postmasters, amounting last year to $\$ 772,567.46$, is made a charge against revenue, instead of being included in the expenditure.

## Railways and Canals Department.

Railway Revenue.-Returns are now received from the principal stations daily, and from smaller stations every ten days, showing a summary of the receipts and acquittances made. Daily returns are received from the cashier at Moncton which are checked with the returns from the stations; and with the Bank receipts that come to account. Detailed statements are furnished monthly from the stations of all receipts on account of Storage, Wharfage, Demurrage, dc. The following monthly summaries arefurnished by the head Office at Moncton :-Statement of Freight earnings by Stations ; Statement of Passenger earnings by Stations; Statement of Stations visited by Travelling Auditors; Summary of Collections by Conductors; Statement of earnings of Parlour and Sleeping Cars ; Statements of Arrears at Stations, showing the details that make up the balance standing against a station at the close of each month; and an Abstract of Stations Balance Sheets.

Summaries only of the earnings of the Windsor Branch Railway and the express business done, are furnished.

Canals Revenue.-Collectors furnish a monthly return showing a summary of the receipts, and giving the acquittances in detail. These acquittances are checked with the bank receipts that come to account. Arrangements have lately been made for collectors to furnish in some cases daily, and in other cases weekly summaries. No departmental summary is furnished. Note.-These returns have not yet been furnished.

## Finance Department.

Superannuation.-This revenue arises from deductions from the pay-lists of the several departments, inside and outside service, and the details are furnished for the expenditure audit.

Interest on Investments.
Premiums, Discount and Exchange.
These revenues arise principally through the interest on the Sinking Fund and differences in exchange, and are examined at the same time and by the sameofficer as the English expenditure.
Insurance Superintendence.--Lists are furnished of the companies assessed.
Profits on Coinage.-Statements and vouchers are furnished of each Coinage.

## Department of Public Works.

Slides and Booms.--Departmental returns are furnished in detail, signed by the Collector of Slides and Boom Dues, but they are not specifically certified.

Telegraph Revenue.-Returns are furnished by each operator, and summaries of the District Superintendents, and a monthly summary by the department.

Graving Dock Revenue.-Certified returns are furnished monthly by the dockmasters.

All these returns are checked with the bank receipts that come to account.

## Marine and Fisheries Department.

Stermboat Inspection.-Already referred to under Customs Department.
Sick Mariners' Fund.-Already referred to under Customs Department.
Harbour Police.-Now abolished.
Dominion Steamers.-Returns are furnished by the officers of the steamer, certified by the resident agent of the department, and a certified summary is furnished by the department.

Wharfs and Piers.-Certified returns are furnished by the wharfingers, but it is found difficult to get returns from all wharfingers.

Examination of Masters and Mates.-Returns are furnished by the examiner, and lists are furnished of the certificates issued by the department, which are compared.

Miscell aneous Receipts.- These principally arise from the sales of sundry naterial, \&c., for which the auctioneer's statement is furnished, with vouchers for any disbursements.

Fisheries Revenue.-The inspectors furnish monthly returns which are checked with the list of licenses issued that are furnished by the department, and a certified sunmary is furnished by the department.

## Department of Agriculture.

Patent Fees.-Monthly returns signed by the Commissioner of Patents and the Cashier, are furnished, together with the counterfoils of the receipts issued, which bear printed consecutive numbers. A statement is furnished showing the deposits made in acquittance, which is compared with the bank receipts that come to account.

Experimental Farm Sales.-The same system of audit as patent fees.

## Department of the Interior.

Dominion Lands.-Monthly certified statements are furnished by the agents, which are compared with the counterfoils of the receipts issued. These are certified by the examining officer of the department and a summary, certified by the Deputy Minister and the Accountant, is furnished.

Ordnance Lands.-All payments are made to the department. Monthly statements are furnished, but they are not specifically certified and no counterfoils are furnished.

Registration Fees, N.W.T.-Monthly statements, signed by the registrars, are furnished, on which are entered, in consecutive order, the documents registered. These returns come directly to the Audit Office.

The deposits made in acquittance of these several classes of revenue are compared with the bank receipts that come to account.

There are also receipts from fines and from repayments of seed grain, of which the only audit is that the amounts have come to account.

## Department of Militia and Defence.

Militia Revenue.-This revenue arises from the sales of stores and from rents of military properties. All payments are made by deposits in the bank. Monthly returus are made by the department, which are signed by the Director of Stores. The requisitions are not furnished.

Royal Military College Receipts.--These receipts are for the fees of cadets and for supplies furnished them. Monthly statements are furnished, signed by the Commandant and the Staff Adjutant. No counterfoils are furnished.

## Department of Justice.

Penitentiary Revenue.-Monthlystatements, certified by the Warden and Accountant, are furnished, which are compared with the counterfoils of the receipts issued. The departmental summary that accompanies these statements is certified by the Deputy Minister and the Accountant.

Supreme and Exchequer Courts Reports.-Monthly statements are furnished by the registrars, but they are not specifically certified, and no counterfoils are furnished.

The deposits made in acquittance of these classes of revenue are compared with the bank receipts that come to account.

## Department of Secretary of State.

Fees on Commissions, Passports, \&r.-Monthly statement is furnished by the department, which is compared with the counterfoils of the receipts issued.

Civil Service Examination Fees.-A statement is furnished after each examination, certified by the sub-examiners, and the rolls also are furnished.

The deposits made in acquittance of these classes of revenue are compared with bank receipts that come to account.

## Department of Public Printing and Stationery.

Canada Gazette.-Monthly statements are furnished which are compared with the counterfoils of the receipts issued.

Sales of Publications.-The same audit as Canada Gazette.
Profits of Sitationery.-Stationery is charged to the departments at a small advance on cost, and the profit shown at stock-taking is credited to revenue.

The deposits made in acquittance are compared with the bank receipts that come to account.

## Department of Indian Affairs.

Indian Trust Fund.-Monthly certified statements are furnished by the agents, which are compared with the counterfoils of the receipts issued. The departmental summary is certified by the Deputy Superintendent General and the Accountant. The deposits made in acquittance are compared with the bank receipts that come to account.

Audit Office, Ottawa, June 28, 1893.
Sir,-I am returning herewith the letters and documents in reference to the Revenue Audit which you handed me a few days ago.

As requested, I have drawn up and inclose herewith general regulations which I beg to submit for the approval of the Treasury Board.

If these are adopted, as they deal with the whole question, the Minute of December 30,1889 , and that of May 23, 1890 , should be repealed.

I have the honour to be sir, your obedient servant,

## General Regulations

1. When practicable, every officer or agent employed in the collection of public moneys shall make a daily deposit, if the receipts amount to $\$ 25$; otherwise, whenever that sum is on hand.
2. A certified return shall be rendered, quarterly by postmasters, monthly by all other officers or agents employed in the collection of public moneys. This return shall be certified by the collector as to the following points :--(a) That it includes all receipts during the month ; (b) that the revenue has been collected in every case in which it should have been collected ; (c) that the amounts that were collected were the amounts which should have been collected; (d) that deposits or remittances were made as promptly as called for by the Treasury Regulations.
3. Customs and Inland Revenue collectors, railway agents and collectors of canal tolls shall continue the form of return now in use, subject to the foregoing regulation as to certificate. And they shall render direct to the Auditor General's Office, daily or weekly, according to the amount of the receipts, a statement giving a summary of all receipts, details of minor and miscellaneous receipts, and particulars of deposits or remittances made in acquittance.
4. Collectors of Weights and Measures and Gas, of Telegraph revenue and of Dominion steamers earnings, shall continue their returns on the forms now in use, subject to the regulations as to certificate in paragraph 2.
5. Ail other collectors shall render a detailed statement of receipts, giving the following particulars of each item : the date, the No. of receipt if one issued, the name of the payer, the object or service and the amount.
6. All collectors shall prepare and forward their returns to the respective departments within five days after the close of each month. The returns shall be fully examined and audited in the department, and forwarded before the close of the succeeding month to the Auditor General's Office with a departmental summary, certified by the Deputy Minister and the Accountant. A monthly return of all collections made in a department shall be certified and rendered in like manner.
7. Officers collecting the following classes of revenue shall issue a receipt for each payment, and use therefor receipt forms bearing printed consecutive numbers and counterfoils, the latter and any spoiled or cancelled receipt forms to be furnished with their returns :-

Chinese Immigration fees.
Steamboat Inspection.
Mariners' Fund.
Cullers' fees.
Miscellaneous Railway receipts.
Miscellaneous Canal receipts.
Slides and Booms revenue.
Graving Dock revenue.
Modus Vivendi.
Patent Fees and Trade Marks.
Cattle Inspection.
Seed grain mortgages.
Sales at Experimental Farms.
Dominion Lands revenue.
Ordnance Lands.
Penitentiaries.
Supreme and Exchequer Court Reports.
Secretary of State fees, \&c.
Canada Gazette.
Sales of publications.
Indian Fund.
House of Commons fees.
Senate fees.
And by each department to which remittances are made direct.

Receipts issued by Collectors of Customs for Steamboat Inspection fees, shall bear an extra counterfoil, which shall be detached by the Steamboat Inspector and forwarded with his return to the Department of Marine and Fisheries.
8. Statements of all stamps received and issued shall be furnished to the Auditor General's Office, quarterly by the Post Oftice Department, and monthly by the Inland Revenue Department. Statements of all certificates and licenses issued shall be furnished monthly by the Department of Marine and Fisheries.
9. Statements shall be furnished monthly of all refunds or charges of any kind against revenue, supported by vouchers and certificates. Stamps redeemed shall be subject to a test audit by an officer of the Auditor General's Office and destroyed in his presence.
10. The Militia Department, the Department of Public Printing and Stationery, the Registrar of the Supreme Court and the Registrar of the Exchequer Court shall furnish to the Auditor General's Office an inventory of the stock or stores on hand on June 30th in each year. The Department of Militia shall furnish with each monthly return all requisitions for stores whether issued free or for payment.
11. Copies of the reports received by any department from inspectors who personally examine the several agencies or outside offices shall be forwarded to the Audit Office regularly as received.

J. L. McDOUGALL, $A . G$.

Audit Office, June 28, 1893.

Audit Office, Ottawa, November 7th, 1893.
Sir,-I wrote you June 28th last, inclosing general recommended regulations for the consideration of the Treasury Board. I have to ask if any action has been taken in reference thereto. If not, I shall be glad if you bring the subject before the Board at an early date.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A. $\boldsymbol{r i}^{\text {. }}$

The Secretary, Treasury Board.

## $R e$ Steamboat Inspection.

Audit Office, Ottana, February 8, 1893.

Sir,-I I wrote you on August 16 last requesting the Treasury Board to determine which department, the Customs or Marine, should be responsible for the proper audit and accounting for the receipts from Steamboat Inspection. Please let me know the decision of the Board in reference thereto.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A. í $^{\text {. }}$

The Secretary, Treasury Board.

Treasury Board, Ottawa, February 9, 1893.
Sir,---In reply to your letter of the 8th instant calling attention to your letter of the 16th August last, requesting the Treasury Board to determine which department, the Customs or Marine, should be responsible for the proper audit and accounting for the receipts from Steamboat Inspection, and asking to be informed of the decision of the Board in reference thereto, I have the honour to state that by direction of the Board, the matter was on the 24th October last referred to the Ministers of Customs and Marine and Fisheries who were asked to confer and come to some agreement in regard thereto.

I have the honour to be, sir, your obedient servant,

## Auditor General's Report, 1892-93.

Audit Office, Ottawa, February 11, 1893.
SIR,-If the question of responsibility for the proper audit and accounting for the receipts from Steamboat Inspection revenue, which you state was submitted to the Ministers of Customs and Marine and Fisheries, was not settled previous to the departure of the latter for England, I would suggest that steps should be taken to have the matter disposed of by the acting Minister. The question has been under discussion for years, and it is desirable that a decision should be reached as soon as possible. The correspondence on the subject between this office and the departments is published in the Audit Reports of the last five years. The Deputy Minister of Marine in his letter dated July 12, 1889 [Audit Report, 1889, page G-72] stated that arrangements had been made to check the returns of the collectors with the returns of inspectors in the Accountant's branch of his office, and requested that arrangements should be made to have collectors' returns forwarded to his department. In his letter of February 21, 1890 [Audit Report, 1890, page E-79] he stated the Customs Department was averse to furnishing duplicates of the collectors' returns to the Department of Marine, and in consequence he was unable to audit the inspectors' returns. Your attention is requested

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G. The Secretary, Treasury Board.

## Re Fines and Forfeitures.

Audit Office, Ottana, March 21, 1893.
Sur,-I wrote you on March 15, 1890, inclosing copy of correspondence with the Department of Justice in connection with collection and accounting for Fines payable to the Government of Canada under Chap. 188, C. C. Law.

I desire to know what was the decision of the Treasury Board on this subject.
I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.
Audit Office, Ottawa, October 12, 1893.
$S_{\text {IR, - I }}$ have to state that I have not yet been informed of the decision of the Treasury Board in reference to the collection and accounting for Fines payable to the Government of Canada.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, $A . G$

The Secretary, Treasury Board.

## Crown Seizures-Customs.

Crown Seizures-Customs.

Re Customs, Fort Macleod

Audit Office, Ottawa, March 29, 1893.
Sir,-I have to call your attention to the manner in which the collector at Fort Macleod accounts for his receipts. His return indicates that he deposits weekly with Messrs. Cowdry Brothers, Fort Macleod. Does that mean that he purchases drafts from that firm? The return for July last is covered by a single deposit receipt issued by the Bank of Montreal here dated August 6th, and the return for August by two receipts dated September 7th and September 8th. Why is there so much delay?

I have the honour to be, sir, your obedient servant, The Asst. Commissioner of Customs.
J. L. McDOUGALL, A.G.

Customs Dept., Ottawa, May 3, 1893.
SIR,-I beg to acknowledge receipt of your letter of 29th March, referring to delay on the part of the collector of Customs at Fort Macleod in making deposits, and have to say that I have called the attention of the officer named to this matter, and trust that no further cause of complaint will arise.

I have the honour to be, sir, your obedient servant, The Auditor General. THOS. J. WATTERS, Asst. Commissioner. 33

## Re Refund of Customs Revenue.

Audit Office, Ottawa, April 26, 1893.
Sir,-I am returning herewith your application No. 82 for a bill of exchange for a sum in sterling equal to $\$ 126.25$, in favour of Sir Chas. Tupper, to enable him to refund to Messrs. T. \& J. Smith of Stockport, England, duty paid by them on goods reexported ; also your file 4512-91 which accompanied the application.

How does the difference arise between the amount claimed by the Messrs. Smith, $£ 32-12-8$ and the amount you now propose to refund, $\$ 126.25$ ( $£ 25-18-10 \frac{1}{2}$ )?

The collector at Toronto reported November 17, 1891, referring to the entry No. 543 exwarehousing these goods for export to England, that there did not appear to be any ground for a claim for refund upon any of the entries made. I do not see on the file any report of the collector, recommending the refund.

If there is no special reason why this bill of exchange should not be made directly in favour of the parties entitled to payment, I would suggest that it should be done. The bill can of course be sent to Sir Charles Tupper for transmission to the claimants.

I have the honour to be, sir, your obedient servant, The Asst. Commissioner of Customs.
J. L. McDOUGALL, A.G.

Customs Dept., Ottawa, May 3, 1893.
Sir,-I beg to acknowledge the receipt of your letter of the 26 th inst., returning an application for a bill of exchange for a sum in sterling equal to $\$ 126.25$, wherewith to refund to Messrs T. \& J. Smith of Stockport, England, duty paid by them on goods re-exported.

With reference to your query as to the difference between the amount claimed by the Messrs. Smith and the amount which the department proposes to refund, I beg to advise you that we can only refund the duty paid upon the goods which are shown to have been re-exported, and the amount of the duty paid upon the same was $\$ 126.25$.

The recommendation of a collector of Customs is not necessary in connection with a refund of duty paid on goods re-exported, as refund in all such cases is authorized by .the head of the department as required by the regulations.

There is no special reason why the bill of exchange should be drawn in favour of Sir Charles Tupper, and it may be issued in favour of the claimants, Messrs T. \& J. Smith.

> I have the honour to be, sir, your obedient servant, THOS. J. WATTERS, Asst. Commissioner.

The Auditor General.

Audit Úffice, Ottawa, May 26, 1893.
Sir,--Among the charges against Castoms Revenue for the present fiscal year I find a refund to the Windsor and Annapolis Railway of $\$ 8,731.76$. The voucher No. 166, August 6, 1892, explains that this payment is to refund the duties paid on articles imported for the use of the Company during the June quarter of 1892.

I have to ask for an explanation of this refund, and the authority under which it was made.

I have the honour to be, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Asst. Commissioner of Customs.
Customs Dept., Ottawa, May 30, 1893.
Sir,-I beg to acknowledge receipt of your letter of 26 th inst., asking for an explanation of a refund of $\$ 8,731.76$, made during the present fiscal year to the $W$ indsor and Annapolis Railway Co., of Windsor, N.S., such refund being on articles imported for the use of the Company during the June quarter of 1892.

I beg to advise you that, under date 19th September, 1884, the Railway Company named presented a petition of right for trial in the Exchequer Court of Canada, for the refunding to them of duties paid by the said Company previous to the date of such petition, and not refunded up to that time by this department, but which the Company contended were properly repayable to them under the terms of " an agreement in writing, dated 22nd November, 1866, made and entered into between and by the Chief Commissioner of Railways for Nova Scotia (acting on behalf of Her Majesty under the direction and authority of the Governor and Council of that province, and in particular by virtue of an Act of the Legislature of Nova Scotia therein referred to and passed in the 28th year of the reign of Her Majesty (Chap. 13), entitled 'An Act to provide for the construction of two other sections of the Provincial Railways') of the one part, and William Henry Punchard, Frederick Barry and Edwin Clark (therein respectively described) of the other part."

The contentions of the parties were duly considered, at the request of the then Minister of Customs, by the Minister of Justice of that day, who decided that this department should properly pay the refunds claimed by the Company. The views of the Minister of Justice upon this subject are embodied in two letters, dated respectively 27th January, 1886, and 19th May, 1888, addressed to the Commissioner and Assistant Commissioner of Customs respectively, copies of which I inclose herewith for your information.

Under such ruling, this department has regularly paid these claims for refund, quarterly, up to the present time.

You will observe that in the letter of 19 th May, 1888, the date of the letter of Mr. Burbidge is erroneously given as 28th June, 1886, instead of 28th January, 1886.

I have the honour to be, sir, your obedient servant,

## Re Crown Seizures, Customs.

Audit Office, Ottawa, March 28, 1893.
Sir,-Referring to previous correspondence on this subject,-see Audit Report, 1892, page F-29, you will observe that I asked for the vouchers covering the expenses of the seizures as entered on return K6. Returns for the September quarter have been received. Please forward the corresponding vouchers.

I will be glad to have all returns for December quarter at your earliest convenience. I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Asst. Commissioner of Customs.

## Re Steamboat Inspection.

Audit Office, Ottawa, April 18, 1893.
Sir,-Inspector Johnston, on his return for August last, has entered the Str. "W. A. Rooth" fees $\$ 9.16$, paid April 23 at Sault Ste. Marie. I do not find the amount accounted for on the returns of the collector of that port.

On May 14, 1892, I sent you a list of 12 vessels the fees on which were not accounted for, giving the names of the ports at which paid and the date. I have not since heard from you in reference thereto. Please let me know what action was taken and the result. It is certainly desirable to verify the correctness or otherwise of the statements made by the inspectors. If the payments were made to the collectors, they should be accounted for, and if not made the inspectors should be called on for explanations. If the suggestion I made, to have the receipt issued by collectors of Customs contain a counterfoil for this office, which the inspector should detach and for-
ward with his returns, were adopted, there would be no trouble in fixing the responsibility, and protecting the revenue from loss.

I have the honour to be, sir, your obedient servant, J. L. McDOUGALL, A. $G$.

The Asst. Commissioner of Customs.
Note.-See further correspondence on the subject of Steamboat Inspection under heading of Department of Marine and Fisheries.

## Re Examining Warehouse Fees.

Audit Office, Ottawa, April 10, 1893.
Sir,-According to the revenue returns for the six months of the present fiscal year, Examining Warehouse Fees were collected as follows :--Ottawa, $\$ 159$; Toronto, $\$ 2,487.77$; Montreal, $\$ 1,473.24$; and Quebec, $\$ 294.91$. Are there any other ports at which Examining Warehouses are established and fees collected? Please let me have a copy of the regulations governing the collection of these fees, and also the tariff imposed. I observe that $\$ 154$ came to account from the Port of Ottawa for July, nothing for August, September, October and November, and only $\$ 5$ for December.

I wrote you October 12, 1892, asking that the collectors' returns in detail of these fees, and also of the fees from coasting licenses, entrance and clearance, bonding warehouses and sundry receipts should be furnished. I have not received them, and have to again ask that you have them forwarded.

I have the honour to be, sir, your obedient servant,
The Asst. Commissioner of Customs.

> J. L. McDOUGALL, A.G.

## General Regulations.

Audit Office, Ottawa, June 27, 1893.
Sir,-In order to meet the objections made by your department to asking collectors of Customs to furnish detailed statements of their receipts, as directed by the Treasury Minute of May 23, 1890, it is now proposed to recommend the cancellation of that minute and the substitution of another providing the following regulations affecting your department, differing from or not contained in the former minute.
(1.) That collectors of Customs shall certify their returns as to the following points :--(a) that it includes all receipts during the month; (b) that the revenue has been collected in every case in which it should have been collected; (c) that the amounts that were collected were the amounts which should have been collected; $(d)$ that deposits or remittances were made as promptly as called for by the Treasury Regulations.
(2.) That collectors of Customs shall continue the form of returns now in use, subject to the foregoing regulation as to certificate. And they shall render direct to the Auditor General's office, daily or weekly according to the amount of the receipts, a statement giving a summary of all receipts, details of minor and miscellaneous receipts, and particulars of deposits or remittances made in acquittance.
(3.) All collectors shall prepare and forward their returns to the department within five days after the close of each month. The returns shall be fully examined and audited in the department and forwarded before the close of the succeeding month to this office with a departmental summary certified by the Commissioner and the Accountant.
(4.) Officers collecting the following classes of revenue shall issue a receipt for each payment, and use therefor receipt-forms bearing printed consecutive numbers and counterfoils, the latter and any spoiled or cancelled receipt forms to be furnished with their returns :-Chinese immigration fees, steamboat inspection and mariners' fund. Receipts issued for steamboat inspection fees shall have an extra counterfoil, which shall be detached by the steamboat inspector and forwarded with his return.
(5.) Statements shall be furnished monthly of all refunds or charges of any kind against revenue, supported by vouchers and certificates.
(6.) Copies of the reports of inspectors who personally examine the outside offices, shall be forwarded to this office regularly as received.

I trust these regulations may meet with your approval.
I have the honour to be, sir, your obedient servant,
The Asst. Commissioner of Customs.
J. L. MeDOUGaLl, A.G.

Customs Dept., Ottawa, June 29, 1893.
Sir,-I beg to acknowledge receipt of your letter of 27 th inst., conveying to me the details of a proposed Minute of Treasury Board on the subject of the audit of the revenue accounts of this department, and have to say that I shall confer with the Controller of Customs, and shall write you later as to the views of this department on the subject.

I have the honour to be, sir, your obedient servant,
The Auditor General.
THOS. J. W ATTERS, Asst. Commissioner.

## Re Revenue Audit.

## Audit Office, Ottawa, November 7, 1893.

Sir,-I have not yet received any Collectors' returns for the present fiscal year.
It detracts very much from the usefulness of an audit when a considerable time elapses between the date of the transactions and the audit. When returns are not forwarded regularly it interferes with the work of this office and delays the preparation of the report for Parliament.

I wrote you June 27 , giving regulations affecting your department, which the Treasury Board had been asked to adopt. You stated in reply that the views of the department in reference thereto would be stated later. So far I have not received them. These regulations provided that the returns of each month should reach this otfice before the close of the succeeding month. I have to request that you will be good enough to have this recommendation carried out.

I have the honour to be, sir, your obedient servant,
The Acting Commissioner of Customs.
J. L. McDOUGALL, A.G.

Customs Dept., Ottawa, November 11, 1893.
Sir,-I beg to acknowledge receipt of your letter of 7th inst., in which you urge that the revenue returns of Collectors of Customs, for each month, should be forwarded to you, if possible, before the close of the succeeding month, and in reply regret to say that the staff in the Accountant's Branch of this Department is so small that it has been impossible up to the present time to make such prompt returns of our statements as you require. I shall, however, do all that is possible to expedite the forwarding of the returns in question, as I fully appreciate the inportance, if your audit is to be satisfactory to you, of having returns supplied promptly.

With reference to your letter of 27 th June last, in which you make certain sug. gestions on the general subject of revenue audit, I regret that press of other matters has prevented my giving it the attention for which it calls. I trust shortly to be able to take the matter up, and to prepare such remarks upon your suggestions as the circumstances concerning the service of this Department call for.

I may say, however, that I understood such representations as I might think it necessary to make upon this subject were to be submitted directly to the Treasury Board, through the head of this Department, when the consideration of your suggestions on the subject of revenue audit was before the Board.

I have the honour to be, sir, your obedient servant,

Inland Revenue Department.

Inland Revenue Department.

## Auditor General's Report, 1892-93.

## Inland Revenue Department.

[^37]
## Inland Revenur Department.

## Re Revenue Returns.

Audit Office, Ottawa, February 8, 1893.
Sir,--The only revenue returns furnished to this office by your department are the monthly statements of excise agents and the departmental summary of them. I have now to ask that you will forward regularly each month the returns of all other agents, inspectors and collectors coming under the control of your department. If for any reason you are unable to send at once returns of all the classes of revenue, please send what you can.

I have the honour to be, sir, your obedient servant, The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G'.

Audit Office, Ottawa, May 19, 1893.
Sir,-The returns of collectors for only four months of the current fiscal year have yet reached this office. Please have those in arrears forwarded as soon as possible. Is there any reason why the returns of one month should not come to hand before the close of the next?

I have again to point out that no returns are furnished of the other revenues controlled by your department.

I'have the honour to be, sir, your obedient servant, The Controller Inland Revenue.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, June 26, 1893.
Sir,-As you have made objection to asking collectors to furnish details of collections as required by the Treasury Minute of May 23, 1890, in order to meet your views as much as possible, I purpose asking the Treasury Board to cancel the minute now in force and substitute in effect the following:-

That Collectors shall certify their returns as to the following points:-(a) That it includes all receipts during the month; (b) that the revenue has beén collected in every case in which it should have been collected; (c) that the amounts that were collected were the amounts which should have been collected.

That collectors of Inland Revenue, Weights and Measures and Gas, shall continue the form of return now in use subject to the foregoing regulation as to cortificate. That collectors of Inland Revenue shall render direct to the Auditor General's Office, daily or weekly according to the amount of the receipts, a statement giving a summary of all collections, details of minor and miscellaneous receipts and particulars of deposits or remittances made in acquittance.

That all other collectors or officers in receipt of public moneys shall render a detailed statement of receipts, giving the following particulars of each item:-The date, the No. of the receipt issued, the name of the payer, the object or service and the amount.

That statements of all stamps received and issued shall be furnished to the Auditor General's Ottice monthly.

That statements shall be furnished monthly of all refunds or charges of any kind against revenue, supported by vouchers and certificates.

That copies of all reports made by inspectors shall be forwarded monthly to the Auditor General's Office.

I have the honour to be, sir, your obedient servant, The Commissioner of Inland Revenue.
J. L. McDOUGALL; A.G.

Ottawa, June 10, 1893.
My Dear McDougall,---I herewith return you the minute of Treasury Board, and accompanying documents relating to the audit of revenue accounts you left with me yesterday.

I have carefully considered the matter, and am of opinion that however necessary it may be in the case of other departments, it is unnecessary and impracticable so far as concerns the Department of Inland Revenue. As an audit it would be a total failure in so far as verifying the correctness of returns made by the Inland Revenue officers, for the reason that to make any such audit would require careful inspection of the work done anterior to the time the moneys were received by the officers or the accrual of the duties. In this connection I would again draw your attention to that clause in the Commissioner's Report on this subject, which reads :-
"It will be necessary for the Auditor to extend his supervision to the several books of account kept by the licensed manufacturers, and to confirm their accuracy by taking stock periodically at each of the four hundred factories now under excise supervision, a task which the department has found sufficiently onerous with over two hundred officers constantly on the alert."

The scope of the Order in Council seems to embrace the question only of compelling collectors to make a daily deposit of sums amounting to $\$ 25$, instead of sums of $\$ 100$ as at present. . I send you herewith a copy of the Inland Revenue general regulations governing this department. Under clause on first page, section one, it is declared that all moneys received by collectors of Inland Revenue, or others acting under this department, except inspectors of Weights and Measures and inspectors of Gas and to whom special instructions are issued, are to be transmitted dailyoor so soon as the sum collected reaches $\$ 100$, by draft in favour of the Receiver General. It is, however, questionable whether the reduction of the amount from $\$ 100$ to $\$ 25$ would justify the additional expense connected with the carrying into effect of the 2nd and 3 rd clauses of the order in question. These clauses read as follows :-
"This return shall be made monthly, or at less frequent intervals to be fixed by the department when desired. It shall be a copy in detail of the collector's cash book, showing the different deposits made in acquittance, and shall be certified to by him and mailed to the proper Departuent within five days of the close of the period which it covers, and be accompanied by all vouchers and papers."

This would involve among other things the making of every entry passed by the public in quadruplicate, because an additional copy would be required for your office. I am anxious that the departmental expenditure should not be increased and fear that such would be the result if the order was put in force in this department. I think you
will admit that whatever force there may be in the reason for the proposed change regarding other departments where small collections are made, it does not apply to this department. When it is considered that only three excise divisions collect less than $\$ 10,000$ a year, and the lowest of these $\$ 6,412.51$, the weight of my contention will be apparent. In the Weights and Measures and Gas Inspection branches, the deposits have to be made weekly, or as often as the amount collected reaches $\$ 50$. It is provided also with regard to collections in these divisions that when no bank is available but a Money Order Post Office is convenient, the remittances may be made by money order in favour of the Commissioner of Inland Revenue. You will see that in the case of these officers who are making inspections throughout the country and in places far from banks, and often even from Money Order Post Offices, it would be very hard indeed, if not absolutely impossible, to make this Order in Council workable. On the whole, therefore, both on account of its impracticability in certain respects and the additional expense, I fear, that it would involve, I do not think the order in question should be enforced so far as the Department of Inland Revenue is concerned.

Yours faithfully,
JOHN F. WOOD, Controller.

## Re Excise Revenue.

Audit Office, Otitawa, June 26, 1893.
Sir,-Referring to the returns of collectors and the departmental summary that is furnished with them, I have to call your attention to the following remarks:-

The collectors' returns show the transactions of the month, a summary being given of the receipts, and a detailed statement of the deposits made in acquittance with the balance carried forward, if any. The departmental summary takes account only of such deposits as reach the department during the month, and, consequently, each summary covers part of the deposits appertaining to the previous month, and not all of those appertaining to the month in question. After the necessary adjustment, the balances should agree. They do not seem to do so at the following places, at which the balances shown on the summary are greater than as shown oy the collectors' returns to the following extent :-Windsor, Ont., \$92.66; Three Rivers, \$304.29; St. John, N.B., \$10.33.

The collectors at Vancouver and Three Rivers do not deposit in accordance with the regulations. The return for the month of February of the collector at Vancouver, showed the collections to have been $\$ 5,733.62$, which was deposited as follows: February 7 th, $\$ 961.77$; 14th, $\$ 1,002.55$; 21st, $\$ 2,127.06$, and March 2nd, $\$ 1,642.24$. The return for the same month of the collector at Three Rivers, showed the collections to have been $\$ 3,194.90$, which was deposited as follows : February 10th, $\$ 758.67$; 17 th, $\$ 1,454.76$, and March 1st, \$981.47.

I have the honour to be, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

Dept. of Inland Revenue, Ottawa, July 6, 1893.
Sir,-Referring to your communication of the 26th ult., the balances at Windsor, Three Rivers and St. John, to which you allude, are old balances which are uncollectible, and which the department has asked authority of Council to write off more than once. Another report in the same direction was placed before the Treasury Board a few days ago.

As to the remarks as to manner of depositing at Vancouver and Three Rivers, the collector at the former place is a recent appointment and has had to organize a rapidly developing district, while quite shorthanded as to office assistance. The latter has already been asked to explain his non-compliance with our own regulations.

I am, sir, your obedient servant,

Acdit Office, Ottawa, June 21, 1893.
Sir,-II have not had any reply to my letter of April 1, 1891, in reference to the returns from Quebec. A memo. attached to the return for December, 1889, states that a balance carried forward of $\$ 849.12$ was standing since July, 1885, on account of increase of duties and if not intended to be collected might as well be written off; also, that $2,584 \cdot 57 \mathrm{~g}$.llons of the quantity entered as in warehouse did not exist, having been used up in Bonded Factory while under seizure in April and May, 1887.

I have to inquire what action has since been taken on these two points, and to request you to send the papers in connection therewith.

I have the honour to be, sir, your obedient servant, The Commissioner of Inland Revenue.

J. L. McDOUGALL, A. $G$.

Dept. of Inland Revenue, Ottawa, August 30, 1893.
Sir,-I have the honour, by direction, to acknowledge receipt of your communication of June 21 ultimo, relative to some outstanding balances in the Division of Quebec, and, in reply, to inform you that, in the matter of uncollected and uncollectible balances, they were some time ago referred to the Honourable the Treasury Board with a view to obtaining some authority to write them off the books of the department.

No action was taken thereon by that Board, it being the opinion of the Premier that it should be dealt with by the Public Accounts Committee of the House of Commons.

The whole matter will, therefore, be submitted by the Controller of Inland Revenue to that Committee during the next session of Parliament.

I have the honour to be sir, your obedient servant,
The Auditor General.
WM. HIMSWORTH, Secretary.

Audit Office, Ottawa, October 2, 1893.
Sir,_-The following revenue returns appertaining to accounts of 1892.93 have not yet reached this office :-

Excise for May and June, 1893.
Culling timber for May and June, 1893.
Weights and Measures for the whole year excepting July and August, 1892.
All the returns of the other classes of revenue.
If you could arrange so that the returns of each month should be furnished during the next month, they could be examined as received, and at the close of the year the preparation of the Annual Report for Parliament would not be delayed as it now is. In the meantime please furnish all returns of 1892-93 as soon as possible.

I have the honour to be, sir, your obedient servant, The Commissioner of Inland Revenue.
J. L. McDoUgall, a.g.

## Re Refunds of Excise Revenue.

## Audit Office, Ottawa, August 3, 1893.

Sir,-The voucher furnished in support of payments for refunds of tobacco duties, includes the application of the manufacturer, which sets forth the claim in detail, is certified by the proper officers and bears evidence of having been examined in your department. The voucher furnished in support of payments for refunds of spirits and malt duties does not include the application. I have to request that in future it may be furnished in all cases. In the meantime please send the applications in connection with the following payments : Nos. 42396, 42397, 42398, 42399, 42448, 42644, 42771.

I have the honour to be, sir, your obedient servant,
The Commissioner Inland Revenue.
J. L. McDOUGALL, A.G.

Audit Office, Otrawa, April 21, 1893.
Sir,--On your revenue return, No. 240, of yesterday's date, there is entered an item of $\$ 120$ for credit of Crown seizures of Excise revenue. No bank receipt for this amount accompanied this return, but a copy of a letter from the secretary of the Finance Department, dated December 14, 1892, is furnished, stating that an item of $\$ 120.50$ paid by the clerk of the peace, Montreal, on April 21, 1892, about which you had inquired, was received and credited to fines and forfeitures in accounts of 1891-92.

It has been necessary to strike this item off yesterday's return, as Crown Seizures Excise cannot be credited without, cash or some other account being debited, and cash was debited when the entry was passed last April. This item was credited in the tirst place to fines and forfeitures, and afterwards transferred by a general entry warrant covering all revenue to consolidated fund. If it is essential that this item should appear in this year's accounts, it will be necessary to make application for an entry warrant debiting consolidated fund.

Please direct that in future nothing shall be entered on the revenue return without an accompanying bank receipt or receipts.

I have the honour to be, sir, your obedient servant, The Commissioner of Inland Revenue.
J. L. McDOUGALL, $A . G$.

Dept. of Inland Revenue, Ottawa, April 25, 1893.
Sir,-I have the honour, by direction, to acknowledge receipt of your communication of the 21 st instant, relative to an item of $\$ 120.50$ having been struck out of the revenue return No. 240 of the 20 th instant, and, in reference thereto, to inclose copy of an explanation of this matter from Mr. P. M. Robins, chief accountant of this department.

I have the honour to be, sir, your obedient servant,
WM. HIMSWORTH, Secretary.
The Auditor General.

Memo.:-The difficulty in this case arises from the fact that moneys paid into the hands of clerks of the peace are not paid over by them to the interested department, but deposited by them to the interest of the Receiver General, to whom the bank receipts are then forwarded.

Although the Receiver General's Department received the bank receipts in April, 1892, this department was not informed until December, 1892, and consequently we have to bring the amount to account in the current year, instead of the same year in which it appears in the Receiver General's books. I treated the letter from the Finance Department of December 14, 1892, as a bank receipt, which I consider justifiable, as it was the first and only evidence I had of the payment.

If the Auditor General thinks he has reason to complain of my action, I submit that the fault lies further back, with the Finance Department in not notifying us at the proper time.

PAUL M. ROBINS.

## Re Claim vs. Ecrement \& Co.

Audit Office, Ottawa, June 16, 1893.
Sir,-Referring to your letter of November 3, 1892, in respect to a claim against Ecrement \& Co., of Montreal, for which a judgment was obtained, I have to inquire if the amount has been paid, and if so, when it came to account.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, a.G.

The Commissioner of Inland Revenue.

Re Culling Timber.

Audit Office, Ottawa, June 20, 1893.
Sir, -The first returns in connection with Culling Timber reached this office last $^{\text {a }}$ week. Returns for ten months of the current fiscal year have now come to hand. These returns state the number of pieces measured, the quantity, the rate and the amount. The amount collected is also stated, but no details furnished.' I have to request that details of the amount collected be furnished, giving the date of each payment, the number of the receipt issued, the name of the payer and the amount. Counterfoils of the receipts issued should accompany the return.

I have the honour to be, sir, your obedient servant,
J. L. McDougall, a.g.

The Commissioner of Inland Revenue.

Audit Office, Ottawa, June 20, 1893.
Sir, --In August, $1892, \$ 98.51$ was paid to two cullers for allowance for expenses in connection with timber measured between June 22 and July 12, 1892. Please let me know the number of pieces measured in June and the number in July. In future it would be more satisfactory if the statements on which the allowances are based were made up for the work done from the first to the last day in each month.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, $A . G$.

The Commissioner of Inland Revenue.
Avdit Office, Ottawa, June 21, 1893.
$\mathrm{S}_{\text {IR, -I }}$ did not get any reply to my letter of December 11, 1891, in reference to the subject of cullers' fees.

Chap. 103, R.S., sec. 34, provides that the fees shall be paid on the delivery of the specification, or on the presentation of an account thereof. These regulations do not seem to have been observed, judging from the large amount of arrears due on June 30, 1892 , and unpaid Sept. 30, which were at Quebec $\$ 29,720.59$, at Montreal $\$ 6,799.60$, and at Three Rivers $\$ 330.57$.

The returns for ten months of the current fiscal year show that the fees accrued at Quebec were $\$ 8,741.52$, of which only $\$ 7,037.16$ was paid, and the fees accrued at Montreal were $\$ 649.78$, of which only $\$ 275.99$ was paid. If the regulations have been observed the differences must be represented by fees on specifications that have not yet been issued. Please let me know if this is so.

I have also to inquire what steps have been taken towards collecting such of the arrears as are yet collectible. The item of $\$ 289.77$ standing in the name of M. A. Plamondon seems to call for some explanation.

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

## Re Arrears of Cullers' Fees.

Audit Office, Ottawa, July 3, 1893.
Sir,-I received a few days ago, copies of your files Nos. 59746, 60571 and 62295 in reference to arrears of cullers' fees. No letter was received with them. File No. 59746 refers to collections made many years ago by M. A. Plamondon, amounting to $\$ 393.71$, and by Casault, Langlois \& Angers, amounting to $\$ 1,073.73$, which were not paid over to the department. No explanation is given, nor any statement of what action was taken by your department in the matter. File No. 60571 is in reference to the account of Henry Atkinson, who is credited with certain sums paid to Mr. Plamondon
and who has been allowed 20 p.c. discount on the balance due by him, though there is a memo. on the file signed by yourself indicating the Minister's decision that no discount could be allowed, the arrears not having been paid previous to March 1, 1892, the time allowed by the Order in Council authorizing the discount. File No. 62295 is a detailed statement of the arrears due June 30, 1891, of which you had already furnished a copy.

Before making up the statement of arrears due from June 30, 1893, would it not be advisable to have the list carefully examined and classified, showing what are uncollectible, any that are doubtful, and those capable of collection?

I have the honor to be, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.
Dept. of Inland Revenue, Ottawa, July 4, 1893.
Sir,--I beg to acknowledge receipt of your communication of yesterday's date.
I will instruct the Chief Accountant to classify the list of parties in arrears for cullers' fees as you suggest.
I am, sir, your obedient servant,

The Auditor General.
E. MIALL, Commr.

Dept. of Inland Revenue, Ottawa, July 8, 1893.
Sir,-Referring to your communication of the 20th ult., I beg to state that, as square timber is measured by the raft, it would be very inconvenient to render accounts to your department, based exactly on the monthly transactions, as the figures could only be got from cullers' memoranda.

I quite see the advisability of making a special effort at the close of the fiscal year, and have had it done as respects the items you have specified, a memo. of which I now inclose.

I have the honour to be, sir, your obedient servant,
The Auditor General. E. MIALL, Commr.

Audit Office, Ottawa, July 11, 1893.
Sir,-I am in receipt of your letter of the 8th instant. You state that, as square timber is measured by the raft, it would be very inconvenient for the cullers to render their accounts for allowances monthly. The returns of the supervisor are made out monthly and, I assume, cover all the finished measurements that reach his office during the month. Could the cullers' account not be made out in like manner monthly for the finished work?

Comparing the vouchers for allowances with the returns of the supervisor at Quebec, for the six months to December 31, it would appear that the cullers were allowed for 950 pieces more than appear in the supervisor's returns. I inclose a memo. showing this difference, and have to ask for an explanation.

I have the honour to be, sir, your obedient servant,

$$
\text { J. L. McDOUGALL, } A . G \text {. }
$$

The Commissioner of Inland Revenue.

## $R e$ Deficiencies at Distilleries.

Audit Office, Ottana, May 9, 1893.
Sir,-Would you be good enough to inform me what steps have been taken towards collecting the amount due by Messrs. Gooderham \& Worts for the deficiencies on production account of 1890,1891 and 1892? As there is no question of their indebtedness for these amounts, should not payment be insisted on without further delay? The fact of there being an unsettled question regarding the accounts of 1887 is no rea-
son why the accounts of succeeding years, about which there is no dispute, should be allowed to remain open. I have to ask your early attention to this matter.

Are there any balances for deficiencies due by any other distilleries?
I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, $A: G$.

The Commissioner of Inland Revenue.

Dept. of Inland Revenue, Ottawa, June 8, 1893.
Sir,--Replying to your inquiry as to the collection of deficiencies at the various distilleries, I beg to state that, inasmuch as the intended amendment to the Inland Revenue Act was not introduced during last session, the department will collect all pending deficiencies before the close of the current fiscal year.

I have tho honour to be, sir, your obedient servant,
The Auditor General.
E. MIALL, Commisoioner.

Audit Office, Ottawa, July 13, 1893.
Sir,-_In your letter of June 8, you stated that all deficiencies at distilleries would be collected before the close of the fiscal year. The receipts that have since come to account do not seem to contain any payment of those arrears. I shall be glad to know what action you are taking in the matter.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.
$\qquad$
Dept. of Inland Revenue, Ottawa, July 13, 1893.
SIR,-In reply to your communication of this day's date I have the honour to state that the Controller is in receipt of a letter from the Acting Premier, the Minister of Trade and Commerce, directing the postponement of the collection of the deficiencies referred to until the whole matter can be considered by a full Council.

I have the honour to be, sir, your obedient servant,
E. MIALL, Commissioner.

The Auditor General.

Audit Office, Ottawa, October 19, 1893.
Sir,-I am in receipt of your letter, dated yesterday, stating that statements are forwarded therewith of all arrears due your department on June 30, 1893.

I do not find any statement among those furnished, of arrears due by distillers. Please let me know if all these arrears have been paid. If not, I have to ask for a statement of them, showing the name of the distiller, and the amount due for each year.

I have the honour to be, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALI, A.g.

Dept. of Inland Revenue, Ottawa, November 27, 1893.
Sir,-Referring to your communication of the 19th ult., I have the honour to state that the question involved is still before the Hon. the Treasury Board for adjudication. As soon as I have their decision, I will communicate with you.

I am sir, your obedient servant,

## Contractors' Security.

Audit Office, Ottawa, April 20, 1893.
Sir,-I inclose a statement of items yet standing to the credit of Contractors' Security, old account, amounting to $\$ 8,925.98$. It will be noticed that these transactions range from six to twelve years past. I find from the books of this office that many of these works were finished by other contractors, and I assume the securities became forfeited to the Crown. If so, why have they not been withdrawn from the security account and placed to the credit of casual revenue? As all deposits made in late years are treated as savings bank investments and interest allowed, and as these are all that remain of the old account, should not steps be at once taken to dispose of them and wipe the account off the books?

With reference to securities held under the new system, I find that in some cases interest is paid the contractors on deposits before the completion of the contract. Your memorandum in reference thereto, approved by Order in Council of June 16, 1888, does not seem to cover the payment of any interest till the contract is completed. What arrangements have been made for declaring that the security has been forfeited?

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Finance.
Department of Finance, Ottawa, April 20, 1893.
My dear Sir,-I have your letter of this date with reference to contractors' securities, and in reply thereto $I$ have to state that as far as this department is concerned I am not in a position to answer your questions. All the deposits in the list are in connection with contracts made by the Public Works Department, and I have more than once called the attention of that department to the matter. I am again writing to Mr. Gobeil on the subject.

I regret to say I do not understand what you mean at the end of the second paragraph of your letter. What arrangements have been made for declaring that the security have been forfeited? What security?

> Yours very truly,
> J. M. COURTNEY, D.M.F.

The Auditor General.
Audit Office, Ottawa, April 24, 1893.
Sir,--In reply to your letter of 20 th instant, I have to say that I desired to know what arrangements had been made, in order that you would be promptly notified when a security became forfeited. Otherwise it might occur, under your present system of
paying interest on securities before the completion of the contract, that you might continue paying the interest after the security was forfeited. As I stated in my former letter, the Order in Council does not seem to cover the payment of any interest till the contract is completed. But in any case the department should promptly notify you when a security became forfeited, in order that the amount might be transferred to casual revenue.

$$
\begin{aligned}
& \text { I am, sir, your obedient servant, } \\
& \text { J. L. McDOUGALL, A.G. }
\end{aligned}
$$

The Deputy Minister of Finance.

Department of Finance, Ottawa, April 25, 1893.
Sir,-I am in receipt of your letter of yesterday respecting contractors' security. I am now taking steps to have this department notified, in the event of the failure of any of the contractors.

> I am, sir, your obedient servant,
J. M. COURTNEY, D.M.F.

The Auditor General.

Department of Finance, Ottana, May 10, 1893.
Dear Sir,-I inclose for your information copy of O. C. of the 2nd inst., re notice being given to this department in case of the failure of contractors having security deposited with this department.

Yours truly,<br>C. W. TREADWELL, Secretary.

The Auditor General.
Certified Copy of a Report of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council, on the 2nd May, 1893.
On a memorandum dated May 1, 1893, from the Minister of Finance, submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notice be immediately given to the Department of Finance by the department having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited ${ }^{*}$ ith the Department of Finance.

The Conmittee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each department for his information.

JOHN J. McGEE, C.P.C.

The Hon. the Minister of Finance.

## Memorandum respecting Contractors' Securities.

The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government Savings Bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly for interest, to contractors who have suspended payment. To obviate such a contingency the undersigned would suggest that the matter be brought before the Treasury Board with the view of having a Minute adopted to the effect that
whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

J. M. COURTNEY, D.M.F.

Finance Department, Ottawa, April 20, 1893.

## Transactions with Banks.

## Finance Department, Ottawa, March 30, 1893.

Dear Sir,-I received yesterday a letter from one of the banks complaining of the small amount of the balance kept with them in proportion to the business done as contrasted with another bank. As a consequence, my attention was directed to a statement in your report entitled "Transactions with Banks, 1891-2" (p. A. xvii). Without entering at all into the question of the utility of the table, I would suggest to you whether it correctly represents what it purports to state. For instance, the repayments of letters-of-credit cheques paid by the Bank of Montreal is made in a great measure by cheques drawn on other banks. Yesterday I drew in this way $\$ 30,000$, the day before over $\$ 100,000$, and taking the minimum of $\$ 30,000$ a day, this class of transaction alone with the Bank of Montreal alone would amount to over $\$ 9,000,000$ a year. Now this class of transaction, representing a very large amount of business done, is not represented in your report at all. Again, whilst the transactions of the Union Bank of Canada are only represented by hundreds of dollars, that institution does a certain amount of work in connection with the payments of salaries of public officers which is recouped to them by cheques on the Bank of Montreal or other banks. I have taken these two instances of the greater and the lesser differences, and if it is necessary that the transactions with the banks should be published in your reports, I think care should be taken that the statement should represent the actual facts more accurately than at present it appears to do.

Let me call your attention to one other feature of the statement: the balances shown are those of the 30th June; now on that date we have to build up exceptional balances at special points to meet the payments for subsidies that fall due the following day, so that to some extent they are abnormal.

Yours truly,
The Auditor General.
J. M. COURTNEY, D.M.F.

Audit Office, Ottawa, April 1, 1893.
SIr,-I am in receipt of your letter of March 30, in reference to the statement under the above heading published yearly in the Audit Report.

The :nisunderstanding you mention will probably be prevented in the future by changing the heading "Transactions with Banks" to "Bank Deposits and Withdrawals." I am, sir, your obedient servant,
The Deputy Minister of Finance.
J. L. McDOUGALL, a.g.

Department of Finance, Ottana, April 4, 1893.
My dear Sir,-I have your letter respecting the statement in your report as to the transactions with banks and the alteration you propose to make.

I have considered the matter very carefully in the light of this letter and of the conversation I have had with you, and while I have great diffidence in making any suggestion regarding reports presented to Parliament by other branches of the public service, yet in this case as this department is greatly concerned, I would be glad if you would consider carefully whether the public good is served by the publication of the statement in question. As far as this department is concerned it is rather embarrassing. Yours very truly,
The Auditor General.
J. M. COURTNEY, D.M. .

## Re Arrears Due.

Audit Office, Ottawa, May 20, 1893.
Sir,--Referring to my letter of October 21,1892 , I have now to inquire what action has since been taken to secure payment of the arrears due July 1, 1892, for interest on the following investments :-

The Albert Railway Company . . . . . . . . . . . . . . . . . . . . \$ 3,963 14
Fredericton and St. Mary's Bridge Company. . . . . . . . . . 36,000 00
Quebec Harbour Commission . . . . . . . . . . . . . . . . . . . . . . 405,808 09
Three Rivers Harbour Commission . . . . . . . . . . . . . . . ... 23,386 67
The interest for the current year is to be added to these accounts.
I am, sir, your obedient servant, J. L. McDOUGALL, A. ${ }^{\prime}$.

The Deputy Minister of Finance.

Department of Finance, Ottawa, July 19, 1893.
Sir,-Referring to your letter of the 20th May last respecting the overdue interest on the several debts therein mentioned, viz. : from the Albert Railway Company, Fredericton and St. Mary's Bridge Company, Quebec Harbour Commission, and Three Rivers Harbour Commission, I beg to say all these corporations have been written to, but no remittance has yet been received from any of them.

I am, sir, your obedient servant,
C. W. TREADWELL, Secretary.

The Auditor General.
$\qquad$

## Re Exchange Bank Liquidation Account.

Audit Office, Ottawa, July 19, 1893.
Sir, - The balance at the debit of this account on June 30,1892 , was $\$ 78,243.82$. On the 7 th February last $\$ 906.79$ was credited, being the final dividend arising out of the estate, leaving a balance of $\$ 77,337.03$. I understand the Government holds security for the payment of this indebtedness and interest, and as nothing more can be expected out of the estate, I have to ask if any steps have been taken to realize on the security.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

The Deputy Minister of Finance.

Audit Office, Otrawa, November 16, 1893.
Sir,-I have not yet received any reply to my letter of 19 th July last inquiring if any steps had been taken toward realizing on the security held in the matter of the Exchange Bank.

## Re Registration Fees, N.W.T.

Audit Office, Ottawa, May 26, 1893.
Sir,--The return of the registrar of South Alberta for the month of April is just at hand, showing the receipts to have been $\$ 282.80$, and the deposits in acquittance as follows :-

April 14, $\$ 27.50$; April 19, $\$ 26.50$; April 25, $\$ 31.10$; April 29, $\$ 50$; May 6, $\$ 30.15$; May 15, $\$ 45.46$; and May 17, $\$ 72.09$.

The return indicates that very much more was on hand at the date of each deposit than was deposited, and you will observe the balance of the month's receipts were not accounted for till May 17.

You will remember that I have before pointed out delays of a similar character by this officer.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.Gi.

The Deputy Minister of Interior.

## Audit Office, Otrawa, October 18, 1893.

Sir,--The return of the registrar of the South Alberta District for the month of August last has just come to hand. It amounts to $\$ 401.43$, of which $\$ 244.28$ is entered as deposited on October 7. The return for September is yet unfurnished, and no deposits on account seem to have been made.

Please let me know what action is being taken to have this registrar make his returns and deposits in accordance with the regulations of the Treasury Board.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A. $i$ :

Dept. of the Interior, Ottana, October 20, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 18th instant, calling attention to the delay on the part of Mr. McLean, registrar of the South Alberta Land Registration District, in depositing his fees for the months of August and September last, and in furnishing the usual statements thereof ; and to inform you that this matter has been receiving my personal attention, and that Mr. McLean has been given to understand that his deposits and returns must be made in accordance with the regulations governing the same.

I advised him, by telegraph, on the 17 th instant, that his fees to date must be deposited at once, and that the necessary deposit receipts and statements must be forwarded forthwith.

The bank receipt for the deposit of $\$ 244.28$ which he made to balance his fees for August last, and his statement for that month, have since been received here, but as yet his statement for September has not been received, nor have any deposits on account thereof been reported to the department.

Mr. McLean has therefore been again instructed this day to close his account for last month immediately. He has also been informed that he must in future make his deposits and furnish his returns strictly in accordance with the regulations before referred to, and a copy of your letter of the 18 th instant has also been forwarded to him.

It is only fair to him to state that prior to the receipt of your letter several communications were received from him by which it appeared that he has been very ill lately, and that during the past month his son-in-law, Mr. Ferguson, was killed by accident, and his daughter, Mrs. Ferguson, was, and is yet in a very critical condition on account of the sad death of her husband.

Mr. McLean was at once advised that although these troubles called for the deepest sympathy, they did not excuse him for the delay which has taken place in connection with his fees.

I have the honour to be, sir, your obedient servant,

> A. M. BU RGESS, Deputy Minister of Interior.

The Auditor General.
$\qquad$
Audit Office, Ottawa, October 20, 1893.
Sir,-I am in receipt of your application dated the 18 th inst., asking for a transfer from 1893-94 to 1892-93, of $\$ 229$, charged former account in error, being a refund to G. A. Montgomery. The transfer will be made in due course. In the meantime please let me know why this refund was made, and give sufficient particulars to determine that the amount came to account. The usual Order in Council called for by chapter 29, section 78, R. S., has not reached this office.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A. $G$.

The Deputy Minister of Interior.

## Re Hudson Bay Survey Account.

Audit Office, Ottawa, February 8, 1893.
Sir,--I have to ask for a detailed statement of this account from its initiation, giving such details as to the debits as are shown by your journals, and the date and amount of each credit.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A. G.

Dept. of the Interior, Ottrawa, February 23, 1893.
Sir,-In response to yours of the 8th, I have the honour to inclose herewith (1) a statement of account between the Dominion Government and the Hudson's Bay Company giving the details shown by the journals of this department as to debits and the date and amount of each credit; (2) a printed copy of the Order in Council of the 19th April, 1871, the last paragraph of which relates to the payment of interest; (3) a copy of the Order in Council of the 23rd January, 1882, referred to in the credit side of the account; and (4) a copy of the Dominion Lands Act under the provisions of subclause 5 of section 22 of which one-twentieth of the revenue received by the Department of the Interior, from timber cut on unsurveyed territory within the Fertile Belt in Manitoba and the North-west Territories, is credited to the Hudson's Bay Company.

I have the honour to be, sir, your obedient servant,

> A. M. BURGESS, Deputy Minister of Interior.

The Auditor General.

## Re Scrip.

Audit Office, Ottawa, Feb. 7, 1893.
Sir,-I have had no reply to my letter of Nov. 29 last in reference to scrip transactions. The statement of scrip issued during January is just to hand, amounting to $\$ 1,614.54$. Please let me have the applications, certificates or other papers in reference thereto ; also a copy of the regulations governing the issue of scrip.

I have the honour to be, sir, your obedient servant, The Deputy Minister of Interior.
J. L. McDOUGALL, a.g.

## Re Fines and Forfeitures, N.W.T.

Audit Office, Ottawa, May 1, 1893.

Sir,-No reply ever reached me to my letter of April 17, 1888, calling attention to a payment of $\$ 4,811.85$ to the General Revenue Fund, N.W.T. This amount was paid out of Fines and Forfeitures, N.W.T., under authority of an Order in Council, dated Oct. 5, 1887, which provided that in future liquor fines should be paid over to the General Revenue Fund, N.W.T. The whole of this amount less $\$ 571.54$ was collected previous to the date of the Order in Council, and only such part of the $\$ 571.54$ as was composed of liquor fines was payable to the fund. I have again to ask your attention to the subject.

I have the honour to be, sir, your obedient servant,
The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

## Re Wood Permits.

Audit Office, Ottawa, Feb. 7, 1893.
Sir,--I observe that it is the practice to issue wood permits, accepting part payment of the fees at time of issue, the balance payable the following spring.

I have to ask for a statement of the permits issued during 1891-92 on which the fees were not all paid, specifying agency, date of issue, balance unpaid at the time of issue, date when payable, and date when paid ; also for a copy of the regulations in reference thereto.

I have the honour to be, sir, your obedient servant,
The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottawa, April 19, 1893.
Sir,-Referring to your letter of the 7th of February last, re wood permits, I am directed to say that the timber regulations provide that issuers of permits will be instructed by the Minister of the Interior as to what proportion of dues shall be deposited on the issue of permit as a guarantee on the part of those obtaining the same. The Minister of the Interior decided some years ago that the proportion of dues to be asked as a guarantee should be 20 per cent. The money, therefore, received from a permittee when a permit is issued is credited to him when he comes to pay the dues on the wood cut, at the date when the permit expires, and is not accepted as a part payment of the dues when the permit is issued.

The department, however, decided some time ago in those cases where the quantity of timber to be cut was small to ask the permittee to pay the whole of the dues in advance, as it was found that the amount received for these dues did not warrant the expense and trouble attached to collecting the dues at the end of the year.

It is thought that if you received a statement showing the permits outstanding after the date of expiry, upon which an amount is due, it would answer your purpose. Please say whether this will do.

I have the honour to be, sir, your obedient servant,
LYNDWODE PEREIRA, Asst. Secretary.
The Auditor General.
$\qquad$
Audit Office, Ottawa, May 5, 1893.
Sir,-I have your letter of April 19 in reply to my request for a statement of arrears due account of wood permits. The statement you propose sending will, I think, be satisfactory. It will, I assume, show the balances due on or before May 1, 1892, yet unpaid. Please have it classified by agencies. When the annual report of this office is in preparation I will ask you for a statement of all balances due on or before 1st May, 1893, remaining unpaid.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, $A . G$.

The Deputy Minister of Interior.

## Arrears due by J. A. Hays.

Audit Office, Ottawa, May 1, 1893.
Sir,-I have to ask if the indebtedness of J. A. Hays, formerly agent at Turtle Mountain, referred to in your letter of September 17, 1887, has been paid? If not paid, please let me know what action is being taken to have the claim liquidated.

I have the honour to be, sir, your obedient servant, The Deputy Minister of Interior.

> J. L. McDOUGALL, A.G.

Dept. of the Interior, Ottana, June 5, 1893.
Sir,-I am directed to acknowledge the reccipt of your letter of the 1st ultimo, asking whether the indebtedness of the late J. A. Hays, formerly Agent of Dominion Lands at Turtle Mountain, has been paid, and if not, what steps have been taken to have the claim liquidated.

In reply I am to say that at the time the defalcation was found out steps were taken, as you were advised by the Deputy Minister's letter of the 17 th September, 1887, to obtain from Hays an assignment in the Government's favour of all the property it
could be ascertained he was in possession of, and after it had been extensively advertised the property was disposed of for the sum of $\$ 1,200$.

I am further to state that the sum of $\$ 200$ has already been received on account of the purchase money, together with $\$ 5$ for interest.

I have the honour to be, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

## Re Ordnance Lands Arrears-Amount due by W. H. Arnton.

Aldit Office, Ottawa, June 1, 1893.
Sir,-On the statement of arrears due on account of Ordnance Lands, forwarded to this office, November 25,1892 , there appears the following memo. :-
" Due by W. H. Arnton, auctioneer, on account of sale of Ordnance Lots at Logan's Farm, Montreal, June 27, 1889, $\$ 8,532.59$. Proceedings taken for recovery of the amount. Judgment obtained in favour of the Crown, not yet satisfied."

Please let me know the circumstances of the indebtedness; against whom this judgment was obtained; if anything has been recovered on it, and what action is being taken to secure payment.

I have the honour to be, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, a.g.

Dept. of the Interion, Ottana, October 3, 1893.
Sir,--In reply to your letter asking information about this matter, I beg to say that on the 27 th of June, 1889,97 lots forming part of the Logan's Farm property, in the City of Montreal, were sold by Mr. W. H. Arnton, auctioneer, at his rooms, 1747 Notre Dame street, for the aggregate sum of $\$ 55,240.55$, the terms of payment being one-fifth of the purchase money to be paid at time of sale and the balance in four equal annual instalments, with interest at the rate of 6 per cent per annum on amount of principal remaining at any time unpaid.

Of the amount above mentioned, $\$ 10,555.92$ was received by Mr. Arnton, who failed to deposit the moneys in the Bank of Montreal immediately after the sale, or at all events not later than the 30th of June, as he was instructed to do.

Soon after the sale Mr. Arnton went to England, and it was not until the month of November following that any payment was made by him to this department on account of the said sales, when the sum of $\$ 2,555.92$ was received. Subsequently proceedings were taken against him for the recovery of the balance, $\$ 8,000$, and interest. Judgment for the amount with interest was obtained, whereupon Mr. Arnton made two notes, one for $\$ 4,245.91$, the other for $\$ 4,286.68$, amounting together to $\$ 8,532.59$ in favour of Arnton Bros. by whom these notes were made payable to the Minister of the Interior. Both these notes on presentation for payment were dishonoured and have been protested.

In the month of August, 1890, Mr. Arnton became insolvent and made an assignment of his property. On the 11 th of April, 1891, the agent of the Minister of Justice reported with reference to this matter as follows:-"You will understand that ex"ecution may issue at any time to try and satisfy these judgments. There is nothing "in the estate of W. H. Arnton, and I cannot find any property belonging to him or to "the other Arntons, his brothers. Should any be found of course execution will issue." No further action has been taken.

I may add, for your information, that although a duly qualified auctioneer in good standing is usually assumed to be responsible for any moneys handed to him at a sale, this
department has since the Arnton affair, taken the precaution to have one of its officers present at auction sales of land for the purpose of receiving all moneys that may be paid in on the day of sale.

I have the honour to be, sir, your obedient servant,
JOHN R. HALL, Acting D.M.I.
The Auditor General.

## Re Ordnance Lands Revenue.

## Audit Office, Ottawa, June 1, 1893.

Sir,-The return of Ordnance receipts furnished to this office gives details of each item, but it is not specifically certified, and the counterfoils of the receipts issued are not furnished nor the statements of new sales and accounts closed, asked for in my letter of May 12, 1890.

The only audit that can be made of this revenue from the vouchers furnished, is to determine that deposits have come to account in acquittance of the items entered on the return.

I have the honour to be, sir, your obedient servant, The Deputy Minister of Interior.
J. L. McDOUGALL, A. $G$.

Dept. of the Interion, Ottawa, Nov. 7, 1893.
Sir,-I have before me vour letter of June 1 last 'in the above matter, in which you state that the monthly returns of receipts furnished to your offiee, as asked for in your letter of May 12, 1890, give details of each item, but are not specifically certified. I find that these statements are signed by an official of the Ordnance Lands Office, and also by the accountant of the department; but if you require them to be signed by either the Deputy Minister, the secretary, or other officer of the department, and any more specific certificate of correctness given than is now afforded, your wishes will be complied with.

You state that the counterfoils of the receipts issued are not furnished. As to this Mr. Mills, the clerk in charge of the Ordnance lands, explains that no moneys are received at his office here on account of Ordnance lands. Parties tendering payment on account of rents or purchases, are furnished with a printed form containing the particulars of the property or properties on which payment is desired to be made, and authorizing the Bank of Montreal to receive the amount mentioned therein, to be placed to the credit of the Receiver General on account of Ordnance lands, and to deliver the original receipt therefor to the depositor. The duplicates of such receipts are retained in the department, and the triplicates sent to the Finance Department. Mr. Mills adds that counterfoils of receipts have been kept only in cases where moneys have been received directly by an officer of the department at places where the department had no agent; his practice being to make periodical visits to such localities, and to deposit the moneys collected as soon as possible in the nearest agency of the Bank of Montreal to the credit of the Receiver General, the counterfoils being retained in books of record in the Ordnance Lands Branch of the department here, and can be produced whenever required.

It appears to me that what Mr. Mills calls the counterfoil should be described as a stub, which, of course, must remain attached to the receipt book. To comply with your requirement, the Ordnance receipts should consist of three parts, namely : (1) The receipt for the depositor; (2) the counterfoil for the Audit Office; and (3) the stub remaining in the book for the department. This is the form which has been adopted for the Dominion lands receipts, and will be put in force in the Ordnance Lands Office as soon as the proper books can be prepared.

In your letter of June 1 last you also call attention to the fact that you have not been furnished with the statements of new sales and accounts closed, asked for in your letter of May 12, 1890. The explanation given to me about the statements of new sales is that the monthly returns of receipts which show the dates of new sales or leases, names of purchasers or tenants, the lot, the locality, and whether under special or general authority, were presumed to afford all the information as to sales required by you. However, it would probably be better to keep these monthly statements separate, and to furnish you with a monthly statement of new sales, giving all the information asked for in your letter of May 12, 1890, which I gather to be:

1. The date of the sale.
2. The locality where the land is situated.
3. A description of the lot.
4. The name of the purchaser.
5. The price.
6. The amount of first instalment received.
7. The terms for the balance.

I now inclose four statements giving the above information for the fiscal years ending June 30, 1890, 1891, 1892 and 1893 , respectively.

A statement of sales covering the three months ending September 30, ultimo, will be prepared and sent to you as soon as possible, and hereafter these statements will be furnished monthly.

I now come to the third paragraph of your letter of May 12, 1890, in which you ask for a statement of all accounts closed, showing all the transactions, debit and credit.

You do not say whether such statement was to be confined to the transactions of the then existing financial year 1889-90, or to include all the debit and credit transactions of the Ordnance and Admiralty Lands Branch of this department since its creation, which would amount to a transcript of the books of that office extending back many years. I presume you could not have intended anything of the sort last mentioned.

I have the honour to be, sir, your obedient servant,
A. M. BURGESS, D.M.I.

The Auditor General.

## Re Trust Account.

Audit Office, Ottawa, October 12, 1893.
Sir, According to the agent's returns, there do not seem to have been any"collections on Trust account since January last. Would you be good enough to explain.

I have the honour to be, sir, your obedient servant, The Deputy Minister of Interior. J. L. McDOUGALL, a.G.

Dept. of the Interior, Ottawa, October, 16, 1893.
Sir,-Referring to your letter of the 12 th instant, in which you requested an explanation why no collections on trust account have been made since January last, I am directed to state for your information, that on the 23rd idem a circular letter was sent by the Commissioner of Dominion Lands to all the departmental agents informing them that "it has been decided to simplify, as far as possible, the system of keeping accounts, by discontinuing to receive any sum of money which cannot inmediately and finally be placed to the credit of Revenue."

> I have the honour to be, sir, your obedient servant,
> LYNDWODE PEREIRA, Asst. Secy.

Audit Office, Ottawa, October 16, 1893.
Sir,-In the statement of the withdrawals in March last there appears the following entry :-" Lethbridge-109 drafts of $\$ 5$ each, as per schedule attached, improperly cashed by agent of Dominion Lands, Lethbridge." These drafts were not endorsed by the parties in whose favour they were drawn. I have to ask for an explanation why, under the circumstances, these drafts were paid to the Union Bank by the commissioner at Winnipeg. (See cheque 882.)

I have the honour to be, sir, your obedient servant, J. L. McDoUgall, $A . G$.

The Deputy Minister of Interior.

Dept. of the Interior, Ottawa, October 30, 1893.
Sir,--Referring to your letter of the 16 th instant asking why certain Trust account drafts of $\$ 5.00$ each cashed by the late agent of Dominion Lands at Lethbridge, were paid to the bank by the commissioner at Winnipeg, I am directed to say that a copy of your communication has been forwarded to that officer, with a view to your being furnished with the necessary explanation.

I have the honour to be, sir, your obedient servant,
LYNDWODE PEREIRA, Asst. Secy.
The Auditor General.

Public Works Department.

## Re Rivière du Lièvre Lock.

## Audit Office, Ottawa, March 11, 1893.

Sir,-I am returning herewith the entry papers Nos. 1 to 174 covering fees collected at this lock, the first of which is dated September 26, 1892, and the last November 28,1892 ; a deposit receipt for the amount $\$ 102.17$ having come to account with your return No. 51 on 22nd February last.

Instead of forwarding these entries to this office, I have to request.that the lockmaster be instructed to furnish each month a statement after the form inclosed, which should be examined in your department in connection with the entries and certified by the accountant and examining clerk. I may also state that the regulations as to prompt deposit of funds collected should be observed.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

Dept. of Public Works, Ottawa, March 20, 1893.
Sir,-In accordance with your request of the 11th instant, I have the honour to inform you that the lockmaster of the Rivière du Lièvre lock has been instructed to furnish a statement each month after the form you inclosed, of the fees collected, which will be examined in this department in connection with the entries and certified by the accountant.

> I am, sir, your obedient servant,
> E. F. E. ROY, Secretary.

The Auditor General.

Audit Office, Ottawa, July 18, 1893.
Sir,-A deposit of $\$ 102.17$ came to account in February last for fees collected to November 28, 1892 at the Rivière du Lièvre lock. I do not find that anything has since come to account. I have now to inquire as to the fees collected during the present season. In your letter of March 20 last you stated that the lockmasters had been instructed to make monthly returns.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

## Re Yamaska River Lock.

Audit Office, Ottawa, March 11, 1893.
Sir,-Referring to your letter of September 22, 1892, I find that returns have since come to account which indicate that fees were collected from vessels passing through the River du Lièvre lock, commencing 26th last.

I have now to ask whether any fees were collected from vessels passing through the Yamaska River lock.

The same form, of return and regulations as to certificates, etc., suggested in my letter of this date for the revenue collected at the former lock are equally applicable to the latter.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G'.

Dept. of Public Works, Ottawa, March 17, 1893.
Sir,-Having reference to your letter of the 11 th instant, respecting fees collected at the Rivière du Lièvre lock, and asking to be informed whether any fees were collected from vessels passing through the Yamaska River Lock, I have the honour to state that no fees have been collected.

> I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

The Auditor General.
Audit Office, Ottawa, July 18, 1893.
Sir,-You stated in your letter of September 22, 1892, that it was the intention $^{2}$ to collect tolls at this lock on the opening of navigation in the spring. I do not find that anything has yet come to account, and no returns have reached this office.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDoUgall, a.G.

Dept. of Public Works, Ottawa, August 4, 1893.
$S_{\text {IR,--Having reference to your letter of the } 18 \text { th ultimo, respecting the collection }}$ of tolls at the Yamaska River lock on the opening of navigation this year, I have the honour to inform you that the Order in Council authorizing the collection of tolls was only passed on the 12 th of April last and the printing of rules and regulations took some weeks. The warden is, however, fully supplied with all official documents, and, collection of tolls is now taking place.

I am, sir, your obedient servant, The Auditor General. E. F. E. ROY, Secretary.

## Re Slide and Boom Dues.

Audit Office, Ottawa, May 23, 1893.
SIr,-Referring to previous correspondence in respect to the arrears due by Messrs. Price Bros. \& Co. for slide and boom dues on the Saguenay, I have to inquire what progress has since been made towards securing payment of the balance yet due.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, November 20, 1893.
SIr,-I am without any reply to my letter of May 23 last, inquiring what progress had been made towards securing payment of the balance due by Messrs. Price Bros. \& Co. for slide and boom dues on the Saguenay.

I am, sir, your obedient seraant, The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, May 23, 1893.
$\mathrm{Sin}_{\mathrm{I}, \text {,-In }}$ your letter of July 21, 1892, you stated that W. Ritchie \& Co. were expected to pay the next month $\$ 357.15$, on account of their indebtedness for slide and boom dues on the St. Maurice River. I do not find that anything has come to account, and will be glad to have an explanation.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Dept. of Public Works, Ottawa, June 9, 1893.
Sir,-Having reference to your letter of the 23 rd ultimo, calling attention to the account which Messrs. W. Ritchie \& Co., were to pay of $\$ 357.15$ for slide and boom dues on the St. Maurice River, I have the honour to state that Mr. W. Ritchie assigned on the 29th March last, and there are no assets available.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

## Re Sale of Sundries.

Audit Office, Ottawa, June 15, 1893.
Sir,-I am returning for the certificate of the proper officer the vouchers furnished for sales of coal screening, and of an old scow, the proceeds of which appear on your revenue return No. 57. When it is deemed advisable to sell any Government property, without being advertised and sold by public auction, the voucher should be certified by the chief officer in charge as to the following points:--(a) that authority has been given for the sale; $(b)$ that the articles or stores sold are not required for the public service ; (c) that the prices at which sold are a fair and reasonable valuation; and the delivery officer should certify as to quantities.

No voucher has been furnished for $\$ 35$ proceeds of sale of a horse at St. Vincent de Paul.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
JOHN GORMAN, for Auditor General.

Dept. of Public Works, Ottana, Aug. 19, 1893.
Sir,-Having reference to your letter dated the loth June last, I am directed to return to you, herewith inclosed, duly certified by the proper officers, vouchers for sales of an old scow and coal screenings.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Audit Office, Ottana, June 24, 1893.
Sir,--The following items have come to account through your department, and have been credited to Casual Revenue, for which no vouchers have been furnished. In the case of sales I have already written you the class of vouchers that should be furnished. For refunds of previous years' expenditure a memo should be furnished showing the amount and date of the advance, the account to which charged, the amount of the expenditure and the balance refunded. An explanation should also be given of the delay in depositing the refund.

Sept. 14, Return No. 36, refund part of letter of credit cheque No. 52756, July 3, 1890, $\$ 27.05$; Nov. 15, Return No. 43, rebate of gas account Toronto, $\$ 29.49$, and sale of plan of proposed work at Prince Albert, $\$ 5$; December 21, return No. 45, sale of old stores at Edmonton, $\$ 2$; and the refund account letter of credit cheque 67209, May 27, 1892, $\$ 4.32$; April 15, Return No. 54, refund on hay at Edmonton, $\$ 14$; June 13, Return No. 57, sale of wire, Lieut. Governor, Regina, $\$ 33$. Please have the proper vouchers furnished.

I am, sir, your obedient servant,
The Secretary, Public Works Department.
J. L. McDOUGALL, A.G.

Audir Office, Ottawa, Feb. 22, 1893.
Sir,-Referring to the returns which it was arranged should be furnished to this office, I find that Nos. 1, 2, 3, 4 and 7 come regularly to hand. No. 11 has been received for July, and No. 6 for July and August. Nos. 5, 9 and 10 have not been furnished. Please have them all forwarded regularly.

Are not the receipts at the following stations sufficiently large to call for a daily return: Bathurst, Chatham Junction, Dartmouth, Little Métis, Sackville, Shediac, Stellarton and Shubenacadie? Is it now the rule that a daily remittance from all stations shall be made?

> I am, sir, your ohedient servant,

The General Manager Govt. Rys. J. L. McDOUGALL, A. $G$.

Moncton, N.B., April 21, 1893.
Sir,--In answer to your letter dated February 22, I send you herewith letter from Mr. Williams, dated March 23, stating that the returns, which were at one time missing, have since been sent. The agents at the stations you mention have been instructed to remit cash daily, and to send you daily returns. In regard to the stations generally, the smaller stations have instructions to remit twice a week, as it has been found difficult for the cashier to overtake the work when all the small stations remit daily.

I am, sir, your obedient servant,
The Auditor General.
D. POTTINGER, General Manager.

Audit Office, Ottawa, March 13, 1893.
Sir-Referring to the returns from those stations that are made daily, I observe in some cases the deposit or remittance credited each day is more than the balance carried forward ; in some cases it is sometimes more and sometimes less, and in other cases it is always less. If the remittance be made early in the day, it may not be practicable to remit the whole balance on hand at the close of the previous day, as it is necessary to retain some cash for change. Is there any other reason why such a desirable practice cannot be followed?

On some returns the balance on hand at the end of a period is incorrectly carried forward, and there are differences between the amount credited by the agents and the amount accounted for by the cashier, and no corresponding corrections appear subsequently.

Some of the agents who make tri-monthly returns substitute the transactions of the whole month for the transactions of the period on the last return of each month.

I understand the agents now notify the auditor of each remittance forwarded to the cashier. If this notification was made out in the same form as that supplied to this office, it would prove of advantage for auditing purposes at headquarters, and would not entail much additional work on the agents.

> I am, sir, your obedient servant,

J. L. McDOUCALL, A.G.

The General Manager Govt. Rys.

Moncton, N.B., March 27, 1893.
Sir,-In answer to your letter dated March 13, I send you herewith a letter from Mr. Wlliams, dated March 25 , inclosing a copy of the cash transmit note, Form No. 15 , also giving the information asked in your letter, and making a suggestion with regard to a form of discrepancy slip which might be sent out from your office.

I am, sir, your obedient servant,
D. POTTINGER, General Manager.

Moncton, N.B., March 25, 1893.
Dear Sir,-Your B. 86356, 18th instant, re the Auditor General's letter of March 13, 1893 :-
(1.) The agents have authority to retain $\$ 20$ for making change, and if they have silver in excess of that, they are expected to work it off in making change instead of remitting it to the cashier. As the train safes start from terminal points for Moncton early in the morning, the remittance from these points would be the receipts of the day before ; but from points nearer Moncton the remittances would take in part of the current day's receipts according to the time of day the train carrying the safe was due at each station.
(2.) Differences between daily advices to the cashier and the statement of receipts and disbursements sent to the Auditor General would usually arise from an error in remitting, or incomplete endorsement on a cheque which would have to be returned to the sending agent, and the agent's advice to cashier reduced to agree with exact amount credited by latter.

If the agent had good ideas of his duty he would show the transaction on the statement sent to the Auditor General (the day on which the adjustment took place) by a special entry on the return ; but I am afraid the average agent would not think of this. I would suggest a discrepancy slip be sent to the agent from the Auditor General's office something like this:-

$$
\text { Auditor General's Office, Ottawa, ......... } 189 \text {. }
$$

Agent.

[^38]This is the most convenient shape in which this can be prepared.
The discrepancy slip shown above would rectify the difficulty in the case of differences between the returns sent to the Auditor General and the cash credited.

Yours truly,
The General Manager.
T. WILLIAMS, Chief Acet. \& Treas.

Audit Office, Ottawa, March 17, 1893.
Sir,--The agent's returns of receipts for storage, shunting, wharfage, \&c., for September and October have come to hand, but none for July and August.

At what stations are the receipts from parlour and sleeping cars paid in? Could the returns from these stations that are forwarded directly here not show the receipts from this source distinct from the other receipts? I notice that the amount shown on the detailed statements furnished do not agree with the amount entered on the statement of passenger earnings ; sometimes it is more, and sometimes less.

The last return of the travelling auditors' inspections is that for October. The statements of arrears at stations show the work of the auditor up to December 31. The following stations have not been inspected for some time : Marshy Hope, April 10, 1890; West Merigomish, December 13, 1890; Chatham, March 28, 1891; Pomquet, February 10, 1891 ; Piedmont, Barney's River and Afton, February 12, 1891.

Two copies of the statements of arrears at stations are furnished; one is all that is wanted in this office.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The General Manager Govt Rys.

Moncton, N.B., April 21, 1893.
Sir,-In answer to your letter of March 17, I send you herewith a letter from Mr. Williams, our treasurer, dated April 21.

He states that all the returns for storage, shunting and wharfage, up to 31st December, have been forwarded to your office, and that the others for January and February will be sent shortly.

The names of the stations at which parlour and sleeping cars earnings are paid in are : Halifax City, Halifax Station, Mulgrave, Sydney, St. John City, St. John Station and Quebec, Upper Town. I have told Mr. Williams to give instructions that the returns sent you from these stations shall show the receipts from this source distinct from the other receipts.

Mr. Williams' letter explains also with reference to the other points mentioned in your letter.

> I am, sir, your obedient servant,
> D. POTTINGER, General Manager.

The Auditor General.

Audit Office, Ottawa, August 2, 1893.
Sir,-Referring to previous correspondence on this subject, I beg to point out that with the exception of the agents at Toronto and Montreal, none of the outside agents make any return to this office. I have to ask that instructons be given them to do so. Do they make their returns and remittances to Moncton promptly?

I am, sir, your obedient servant,
The General Manager Gov't. Railways.
J. L. McDougall, A.G.

Moncton, N.B., August 5, 1893.
Sir,-I have received your letter dated 2nd August, with reference to returns from outside agents.

Mr. Williams, our treasurer, informs me he took this matter up with these agents and several of them replied that they would rather give up the agency than have the trouble of making so many returns.

Another effort will be made to get as many of the outside agents as possible to make the returns.

Mr. Williams assures me they make the returns and remittances to Moncton promptly.

I am, sir, your obedient servant,
D. POTTINGER, General Manager.

## The Auditor General.

Audit Office, Ottawa, May 5, 1893.
Sir,--The ticket agent at Halifax Station takes credit on his return for January 24 last, for a remittance to cashier of $\$ 274$, and, on his return for the following day he again takes credit for a remittance to the cashier of $\$ 274$. I only find one amount credited by the cashier, and only one deposit for that amount has come to account. agents who make a deposit of their receipts instead of remitting should enter the No. of the bank receipts on their returns.

The returns of this agent generally show his deposit less than the balance carried forward from the previous day. Is there any reason why the whole of the balance carried forward and a part of the current day's receipts should not be deposited each day? Perhaps he might be instructed to remit each day all the cash on hand, less a specific sum to be retained for change.

No return has been received from him since that for April 8 last.
I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The General Manager Govt. Rys.
Halifax Station, May 19, 1893.
Dear Sir,-T inclose statements for periods ending April 15, 22 and 30, which were not furnished you, owing to the fact that I was occupied night and day in April, ricketing the large number of immigrants landed at Halifax in addition to ny regular duties, and consequently the work at North Street station got behind and I deemed it better not to forward statements until I could arrive at a correct balance.

Your obedient servant,
GEO. M. CONNOR.
The Auditor General.
Moncton, N.B., July 20, 1893.
Sir,-I duly received your letter dated May 5, with reference to the remittances and returns of the ticket agent at Halifax.

This was put into the hands of the treasurer for inquiry, and he sent the travelling auditor to Halifax, and I inclose you his report, dated May 15, also a letter from Mr. Williams dated May 26, explaining the matter.

I am, sir, your obedient servant,
D. POTTINGER, General Manager.

The Auditor General.

Moncton, May 26, 1893.
Sir,-Referring to the Auditor General's letter of the 5th inst. re balances carried over by ticket agent at Halifax station, I attach report of Travelling Auditor MeNaughton on the matter. It appears that for convenience Mr. Connor treated steamship orders for tickets as cash, but as these are redeemed by the steamship agents periodically his balance was swelled by these until redeemed. His statement in future will show the cash transactions clearly.

His excuse for failing to send in daily returns to Auditor General, was that during the immigration rush he was working night and day and had not time to prepare them. I instructed him to prepare the back ones and to keep them up in future.
T. WILLIAMS.

The General Manager, Govt. Rys.

## Re Windsor Branch Railway.

Audit Office, Ottawa, March 10, 1893.
Sir,--In October last Mr. Schreiber, the then General Manager of Government Railways, wrote that negotiations were in progress for a renewal of the lease of the Windsor Branch Railway, which expired on January 1, 1893. If a new lease has been made, I have to ask for a copy of it. I have also to ask that all the returns furnished by the Windsor and Annapolis Railway for the month of January may be forwarded to this otfice. They will be returned.

I am sir, your obedient servant,
J. L. McDOUGALL, A.G.

The General Manager, Govt. Rys.

## Audit Office, Ottawa, March 21, 1893.

Sir,--The returns of the Windsor Branch Railway for the month of January, asked for in my letter of March 10, have been received. As the copy of the new lease with the company was not furnished, I got a copy from the department here. Paragraph 10 of this lease provides that the company (Windsor and Annapolis Railway) shall pay to the authorities (Intercolonial Railway), monthly, one-third of the gross earnings from all traffic carried by them over the Windsor Branch and Trunk Line. The January returns have not been made up in accordance with these terms. Tickets reading to and from points outside the line of the Windsor and Annapolis Railway are entered, not at the actual rates, but at a fixed rate of 2 cents for 1 st class and 3 cents for return tickets. I am now mailing to Moncton these January returns. They should be returned to the Windsor and Annapolis Railway for correction in accordance with the lease. There is also the question of the arrears due the Government for the shortage in previous returns. This point should receive the consideration of the authorities, and steps should be taken to arrive at some settlement with the company.

I do not find any through freight entered on the return of Freight Traffic for the month. Please explain how it is covered. What is the nature of the privilege tickets issued at Kentville? Why is the Intercolonial Railway not entitled to one-third of them?

Under the heading of "summary of returns from Windsor Branch Ry. certified" called for by paragraph 9 of the memorandum of returns to be furnished, I have to ask that the following returns may be furnished monthly:
(1.) General summary.
(2.) Summary of passenger traffic by stations.

| (3.) | do | freight | do |
| :--- | :--- | :--- | :--- |
| (4.) | do | parcel | do |
| do |  |  |  |

(5.) Statement mails.

These returns should be certified for the future by the officers of the Windsor and Annapolis Railway, and by the examining otticer at Moncton. They should be furnished commencing with July last.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The General Manager, Govt. Rys.
Moncron, N.B., April 21, 1893.
Sir,-In answer to your letter dated March 21, with reference to the Windsor Branch Railway, you say that the copy of the new lease with the company was not furnished. I sent you a copy of the lease, made from the copy that I have here. That copy was sent you on the 17 th, and should have reached you by the 21st March. However, if it went astray, you have received the copy from the department.

In regard to the other matters, I send you a letter from Mr. Williams, dated April 15, in which he states that the Windsor and Annapolis Railway in regard to through tickets divide with the Government the actual rate they receive from their connections for through tickets, viz., 2 cents for 1 st class and 3 cents for return tickets per mile. In regard to through freight, he explains that any freight exchanged between the Intercolonial and the Windsor and Annapolis Railway is rebilled at Windsor Junction, so that it does not appear as through freight. The privilege tickets, he explains, are issued by the Windsor and Annapolis Railway to employees at $\frac{1}{2}$ cent per mile instead of free passes, and in the case of such tickets being used over the Windsor Branch, the Government receives its proportion.

The returns, No. 1 to 5, required from the Windsor and Annapolis Railway, commencing with July last, are being procured and will be sent you in future.

I am, sir, your obedient servant,
The Auditor General.

## D. POTTINGER, General Manayer.

Moncton, N.B., April 15, 1893.
Dear Sir,-_Your favour of 24th ultimo $r$ e letter of Auditor General dated 21st March re Windsor Branch Railway accounts.

The Windsor and Annapolis Railway has accounted for the proportions of through tickets at the rate received by them from their connections, viz., 2 cents for 1st class and 3 cents for return tickets, per mile.

There is no "Through Freight" on the Windsor and Annapolis Railway in the sense of "Through billed" traffic. Freight handed to them at Windsor Junction by the Intercolonial Railway, and at Annapolis by their other connections, is billed locally from those points to destination, the charges accrued on the freight up to time of being handed to Windsor and Annapolis Railway appear on their waybills as "Expenses" or " Paid out."

The privilege tickets are issued to employees of the Windsor and Annapolis Railway at a rate of about $\frac{1}{2}$ cent per mile, and are in lieu of the free passes granted by the Intercolonial and most other railways to employees. The revenue received from that source in the case of tickets used over Windsor Branch is accounted for on the passenger statement in detail. The month's returns sent to the Auditor General showed that clearly and must have been overlooked by him.

The Windsor and Annapolis Railway has been asked to furnish copies from 1st July last of the summary of passenger, freight and parcel traffic by stations and statement of mails.

These shall be sent as soon as received, and regularly for the future.
The general summary has been sent regularly each month.
Yours truly,
T. WILLIAMS, Chief Acct. and Treas.

The General Manager, Govt. Rys.

Audit Office, Ottana, April 25, 1893.
Sir,-I am in receipt of your letter of April 21, in reply to my letter re Windsor Branch Railway receipts.

Mr. Williams states in his letter which you enclose, that the Windsor and Annapolis Railway has accounted for the proportions of through tickets, at the rate received by them from their connections, viz., 2 cents for 1 st class and 3 cents for return tickets per mile.

They certainly have accounted for through tickets at the rates quoted, but my contention is that these are not the rates obtained, especially on tickets reading to and from points in Nova Scotia. The notes taken by Mr. Gorman when at Kentville state that those are not the rates collected, and according to his recollection both the resident manager and the general passenger agent admitted the fact. I would also refer you to the correspondence published in the Audit report for 1892, page F-126, paragraph 5, and pages 127 and 128. You will observe that Mr. Schreiber, after inquiry, does not dispute the correctness of the point raised, but instead explains what might possibly have given rise to it. I have to ask for your further consideration of the subject.

I am, sir, your obedient sedvant,
The General Manager, Govt. Rys.
J. L. McDOUGALL, A.G.

## Audit Office, Ottawa, August 2, 1893.

Sin,-I am without any reply to my letter of April 25 last, in reference to the division of through ticket sales of the Windsor Branch Railway. Please let me know what action has been taken. The returns asked for in my letter of March 21st, which you stated in your reply of April 21 st, would be furnished, have not been.

I am, sir, your obedient servant,
The General Manager, Govt. Rys.

$$
\text { J. L. McDOUGALL, A. } 6
$$

Moncron, N.B., August 5, 1893.
Sin,--I have your letter dated August 2, with reference to the returns of the Windsor Branch and in regard to the difference on through tickets sales.

I duly received your letter dated April 25, and gave a copy of it to our Treasurer, and I send you herewith a letter from the Treasurer dated June 10, in reply to your letter. The Treasurer communicated with the Manager of the Windsor and Annapolis Railway and there is a letter attached from the Manager of the Windsor and Annapolis Railway dated May 8, inclosing a copy of a letter he addressed to me on the 14th September, 189\%. In that letter Mr. Campbell enters into a long explanation of the reasons which probably decided the railway officials of the Government and of the Company some years ago in making the arrangement of 2 cents a mile on through tickets.

I have now written to Mr. Campbell that whatever may have been the arrangement for some years past, that now commencing from July 1, 1892, the returns for through tickets are to be worked up in accordance with your decision.

Mr. Willians, our Treasurer, has promised to see that the returns Nos. 1 to 5 and mentioned in your letter of the 21 st March, are procured from the 1st July, 1892, and continued for the future.

The Auditor General.
I am, sir, your obedient servant,
I. POTTINGER, General Manager.

Monctor. N.B., June 10, 1893.
Dear Sir,-Your B 86333, 28th April, re letter from the Auditor General regarding proportion allowed Windsor Branch Railway on tickets from connecting railways.

I communicated with Mr. Campbell, the general manager of the Windsor and Annapolis Railway as to their warrant for basing the proportion of above tickets at 2 cents per mile, and received reply as per copy inclosed.

So far as I can trace back the 90 cent rate has been the one on which the proportions have been adjusted, and from Mr. Campbell's quotations was evidently in force for the steamer connections when the agreement first went into force. We have received it all along, even since the competition of the Yarmouth steamers with the Halifax steamers for the United States passenger business at very low rates has been in force, and had the Windsor Branch earnings from this business been based on proportion of mileage the amount returned by the Windsor and Annapolis Railway would have been considerably reduced.

The only other point of importance is the proportion on Nova Scotia Central Railway tickets, as this is a new connection, and should be unaffected by the practice of the past, except in so far as the adoption of the 2 cent per mile rate is applicable to all connections as a general principle.

> Yours truly,
> T. WILLIAMS, Chief Acct. and Treas.

The General Manager, Govt. Rys.

## Kentulle, N.S., May 8, 1893.

Dear Sir,_In reply to your letter of 28th April (delay in answering which has been caused by absence from home), I have to inform you that on 14th September last a communication on the matter to which you refer was addressed by me to Mr. Pottinger. As Mr. Pottinger did not favour me with a reply to that letter, I presume that the explanations submitted to him were sufficient in his judgment to justify the method of division followed.

I take this opportunity of mentioning that this company has arranged to take over shortly the Western Counties Railway, and the Windsor Branch accounts will therefore to that extent become simplified, I mean by making one less, the railways having through tickets,-indeed after the amalgamation referred to there will he but one other road, namely, the Nova Scotia Central Railway, besides our own in the western part of Nova Scotia.

$$
\begin{aligned}
& \text { Yours faithfully, } \\
& \text { W. R. CAMPBELL. }
\end{aligned}
$$

The Treasurer, I.C. Ry.

Monctox, N.B., September 4, 1893.
SIn,-The Windsor and Annapolis Railway have sent in the accounts for the month of July made out in accordance with your requirements, and a detailed statement for the past year is being prepared by Mr. Williams in order that a claim may be made on the Windsor and Annapolis Railway.

I am, sir, your obedient servant,
D. POTTINGER, General Mama!r.

The Auditor General.

## Re Canal Tolls.

Audit Office, Ottawa, March 18, 1893.
Sir,_-Collectors' returns commencing with those for July last are now forwarded by your department to this office. No departmental summary is furnished. Please direct that it may be furnished with the returns each munth. I inclose a form.

The collectors' returns do not give any details of the tolls collected. On this point I would refer you to the correspondence published in the Audit Report of 1891, page F-59. As objections have been raised to giving the details asked for, summaries might 1-912 F
be furnished direct to this office by the collectors, as is now done by station-masters ${ }^{0^{11}}$ the Intercolonial. These summaries might be daily from the large oftices, and weekly from the smaller ones. If you approve of this suggestion I will furnish a form.

The collector's certificate on his return, as now furnished to the department, should cover the following points: (1) that revenue has been collected in every case in which it should have been collected; (2) that the amounts collected were according to tariff; (3) that the receipts were deposited in accordance with the regulations authorized by the Treasury Board (see Audit Report, 1892, page F-4).

> I am, sir, your obedient servant,
J. L. McDoUgall, a. ${ }^{\text {f. }}$

The Deputy Minister, Railways and Canals.

Dept. of Rallways and Canals, Otrawa, April 7, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 18 th ultimo, suggesting that a departmental summary of the returns of the collectors of canal tolls should be furnished to your office with the monthly returns now sent in, and * inclosing a form of summary and certificate which might be used.

In reply, I am, by direction, to state that your suggestion is approved, and that the form submitted by you for this purpose will be adopted. I am also to inform you that the collectors of revenue will be instructed to send you summaries of tolls collected, daily, from Port Colborne, Port Dalhousie, Cornwall, Montreal, Kingston, St. Johns, Ottawa and Grenville, and weekly from the other offices.

I am, sir, your obedient servant,
The Auditor General.

JNO. H. BALDERSON, Secretary.

Audit Office, Ottiawa, June 3, 1893.
Sir,--Referring to your letter of 7 th April last, in which you stated that collectors of canal tolls had been instructed to send to this office summaries of their cash books, some daily and others weekly, I have to inform you that no summaries have yet been received.

> I am, sir, your obedient servant,

J. L. McDOUGALL, a.g.

The Deputy Minister Railways and Canals.

## Re Hydraulic Rents-Lachine Canal.

Audit Office, Ottawa, June 1, 1893.
SIR,-Referring to pages $168-170$ of your last report on which is given a list of the lessees of the Lachine Canal, I have to request you to furnish a memorandum showing when each of these leases expires, and any notices lately sent the lessees in reference to the continuance of the leases.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister Railways and Canals.

Dept. of Rallways and Canals, Ottawa, July 8, 1893.
Sir,-I have the honour, in compliance with the request of your letter dated the 1st ultimo, to forward herewith a list of leases on the Lachine Canal, showing the dates at which, severally, they expire, and also the dates when notices were sent to the lessees to quit, or to renew.

I am, sir, your obedient servant,
JNO. H. BALDERSON, Secretary. The Auditor General.

Audit Office, Ottawa, August 21, 1893.
Sir,-I inclose herewith a statement in connection with the hydraulic rents on the Lachine Canal, and I have to ask for explanations in reference thereto. In some cases Only part of the rental has been paid, in others none at all. In a few cases more than the rental has been paid, and in others payments have been made by parties whose names do not appear on the list of lessees furnished me. In some cases more has been paid than last year, in others less.

I have also to ask what action has been taken in reference to the arrears due, and which, if any of those in arrears are still in possession.

I am, sir, your obedient servant,

> J. L. McDougall, a.G.

The Deputy Minister, Railways and Canals.

Dept. of Rallways and Canals, Otmawa, September 6, 1893.
Sir,--I have the honour, by direction, to acknowledge the receipt of your letter of the 21st ultimo, in which you ask for certain information with respect to hydraulic rents on the Lachine Canal, and, in reply, to inform you that the yearly statement which is in course of preparation will be furnished you immediately on completion and will probably afford all the information you desire.

I am, sir, your obedient servant,
JNO. H. BALDERSON, Secretary.
The Auditor General.

## Re Redemption and Destruction of Stamps.

## Audit Office, Ottawa, April 22, 1893.

Sir, -I notice by the returns of last year's revenue that deductions were made for stamps returned by-postmasters, $\$ 1,781.07$ and by others, $\$ 2,819.12$. I understand that these stamps are destroyed by yourself with the exception of a small proportion, that are accounted for by the Stamp Branch and reissued. No certificate that such has been done is furnished.

The practice followed in connection with Dominion notes, bonds, coupons, \&c., is to have them checked and classified by a clerk in the Finance Department, subject to a test-audit by a clerk from this office, after which they are burnt in the presence of both, and a certificate to that effect made by both.

Would it not be preferable to have the same practice followed in reference to the destruction of these stamps?

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Postmaster General.
Post Office Department, Ottawa, April 26, 1893.
$\mathrm{S}_{\text {IR, }}$-I have the honour to acknowledge the receipt of your letter of the 22nd inst., respecting the redemption and destruction of postage stamps. You state that the practice that is followed in connection with Dominion notes, bonds, coupons, \&e., is to
have them checked and classified by a clerk in the Finance Department, subject to a test-audit by a clerk from your office, after which they are burnt in the presence of both, and a certificate to that effect made by both, and you add would it not be preferable to have the same practice followed in reference to the destruction of these stamps. I quite agree with you that it would. If you will be good enough to designate the clerk in the Finance Department to whom these stamps should be sent, I shall be very happy to give instructions to have your wishes complied with.

I have the honour to be, sir, your very obedient servant,
WM. WHITE, Dep. P.M.I.
The Auditor General.

Audit Office, Otrawa, April 27, 1893.
Sir,-I am in receipt of your letter of yesterday, approving of the practice in regard to checking and destroying redeemed postage stamps suggested in my letter of the 22nd instant.

You misapprehend, however, the reference to the practice followed in regard to cancelling and destroying Dominion notes, de.

I understand that at present a clerk in the Stamp Branch checks over the stamps as received, labels the packages and enters them in a register. This should be continued, and when a quantity, say the collections of a month or a quarter, are ready for inspection and destruction, I should be notified. I will then depute a clerk to make a test-audit, attend with a clerk of your department while the stamps are being hurnt, and jointly with him sign a certificate.

I have the honour to be, sir, your obedient servant,
J. L. MrDoUGALL, A. (i.

The Deputy Postmaster General.

## Post Office Department, Otrawa, May $9,1893$.

Sir,-With reference to your letter of the 22 nd ultimo, respecting the redemption and destruction of postage stamps, I have the honour to inform you that I have submittel your letter to the Postmaster General, who sees no objection whatever to the plan which you propose ; and so soon as any stamps are ready for destruction you will be notified and requested to depute a clerk to make a test-audit. I may mention that it is not possible to fix any definite period for the ordinary destruction of these stamps hecause claims are made by persons for redemption from time to time, and it would not always be convenient for the department to keep an applicant waiting for a month, but so soon as any stamps are received for redemption you will be duly notified, and the plan which you suggest will be followed in the future.

I have the homour to be, sir, your obedient servant,
WM. WHITE, Dep. I.M.G.
The Auditor (reneral.

Post Office Departmext, Ottawa, May 15, 1893.
Sir,-With reference to previous correspondence, I have now the honour to inform you that I have instructed the superintendent of the Stamp Branch in future to have the postage stamps, de., that this department may redeem for the public, or that may be returned by postmasters, for various reasons, checked by one of your officers, and by him subsequently destroyed in the presence of an officer of this department, and your certificate therefor placed on file.

As there are now some stamps awaiting redemption, I will be glad to have one of your officers attend to check the amount with the least possible delay.

I have the honour to be, sir, your obedient servant,
WM. WHITE, Dep. I.M.G.
The Auditor General.

Aúdit Office, Ottawa, May 17, 1893.
Sir,--I have your letter of the 15 th instant, in reference to the destruction of redeemed stamps. You state that there are now some stamps awaiting redemption, and you ask that I send an officer to check them with the least possible delay.

It was not contemplated that stamps should be tested by this office lefore redemption by your department. That would entail a rechecking by a clerk from this office of all redemptions before destruction. The only change from your past practice which is desired by this office is that all redeemed stamps should be periodically destroyed, and that they should be destroyed in the presence of a clerk of this oftice who should have previously tested the accuracy of the statements of them.

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.f:

The Deputy Postmaster General.

## Re Postage Stamps Burnt or Stolen.

Audit Office, Ottawa, May 12, 1893.
$S_{\text {IR, }}$-The only voucher furnished is the receipt of the postmaster for the amount recouped him. I have to ask that the certificate of the Post Office Inspector be furnisherl, with the additional evidence a vailable in each case.

I have the honour to be, sir, your obedient servant, The Deputy Postmaster General.

$$

$$

Post Office Department, Ottawa, May 13, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the $1 \%$ th instant, respecting postage stamps burnt or stolen, in which you ask that, in addition to the receipt of the postmaster for the amount recouped, you may have furnished to you the certificate of the Post Office Inspector, and the evidence a vailable in each case. In reply, I beg to state that no postmaster is allowed credit for the value of any postage stamps burnt or stolen until an Order in Council authorizing such credit has been received ; the certificate of the inspector, and the additional evidence available is transmitted to Council.

I have the honour to be, sir, your very obedient servant, The Auditor General.
WM. WHITE, Dep. P.M.G.

## Re Refund of Post Office Revenue.

Audit Office, Ottawa, April 22, 1893.
$S_{I R},-I$ have to ask for an explanation of the refunds made out of revenue to certain banks and others. [See Audit Report, 1891-92, page F-108]. I observe that one bank got a quarterly sum of $\$ 30.42$, the voucher for which reads as being for postage
expended on Post Ottice account during the quarter, as per memo. annexed. The memo. has not been furnisherl. Chap. 29, Rev. Statutes, sec. 78 provides that refunds of revenue must be recommended by the Treasury Board and sanctioned by the Governor in Council. Are these refunds so authorized? If so, please send me a copy of the Order in Council.

> I have the honour to be, sir, your obedient servant,
> J. L. McDoUGALL, A.fr.

The Deputy Postmaster General.

Post Office Department, Ottawa, April 27 , 1893.
Sin,-I have the honour to acknowledge the receipt of your letter of 22 nd instant, asking for an explanation of the refunds made out of revenue to certain banks and others. In reply I beg to state that many years ago, when the banks commenced to act for us in the way they now do, with regard to certificates of deposit it was found that occasionally postage was charged to them on Government correspondence, and the Postmaster General, acting within the authority which he possesses, directed that in these cases a refund of the amount charged should be made. I do not know very well how any other arrangement can be made : it happens occasionally with private individuals that postage is charged in error, and in all such cases the Postmaster (General authorizes the necessary refund.

I have the honour to be, sir, your obedient servant,
WM. WHITE, Dep. P.M. (i.

## The Deputy Postmaster General.

Audit Office, Ottawa, May 5, 1893.
Sim, I an in receipt of your letter of April 27 in reply to mine inquiring as to certain refunds made to some of the banks.

But your explanation does not seem to cover the payments made in recent years and yet continued. You state that many years ago when the banks commenced acting in the way they do now, it was found occasionally that postage was charged on Government correspondence. That would be sufficient reason why a refund should have been made at the time, though it is necessary, to comply with the Act, that there should be the authority of an Order in Council. A general order covering this class of cases would suttice. But no explanation is given why these payments for refunds have been continued, nor why, if the refunds were for occasional overcharges, one bank gets a regular quarterly allowance. I shall be glad to hear from you further on this subject.

I have the honour to be, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDoUGALL, A.G.

## Ke Miscellaneous Receipts-Dead Letter Office.

Aldit Office, Ottana, May 26, 1893.
Sir,--In your letter of November 23, 1892, you stated that letters containing money are recorded in your books, and the money deposited to the credit of the Receiver General. I have to request that each time a deposit is made the following certificate, signed by the superintendent and the clerk or clerks who have the duty of opening the letters, may be furnished to this office :-"I certify that the sum of $\$$ was this day deposited to the credit of the Receiver General : and that this amount covers all the money found in the dead letters that were received at this department between
and
."
I have the honour to be, sir, your olvedient servant,
J. L. McDoUGaLl, A.f.

The Deputy Postmaster General.

Post Office Department, Ottawa, August 16, 1893.
$\mathrm{S}_{\text {IR,--I }}$ understand you asked for certificates somewhat in the terms of those I now inclose, some time since with reference to deposits in connection with dead-letter work Will you kindly let me know if the inclused are what you want?

Yours faithfully,
WM. WHITE, Dep. I.M.G.
The Auditor General.

Post Office Department, Dead Letter Bravch, Otrawa, May 30, 1893.
I certify that the sum of two hundred and ninety dollars and forty-seven cents ( $\$ 2900^{4} \frac{4}{10}$ ) was this day handed to the accountant of this department for deposit to the credit of the Receiver General, that this sum was removed from letters held "in safe" in the Dead Letter Branch during the period from July 1, 1892, to December 31, 1892, and that it comprises the whole of the money so received and undisposed of, as recorded in the "Safe Book" of this branch for the foregoing months.

JOHN WALSH, Superintendent.

## G. J. Binks, Clerk in charge of Safe Book.

I certify that the above mentioned sum of two hundred and ninety dollars and forty-seven cents ( $\$ 290 \frac{47}{1} 07$ ) was received by me, and duly deposited on the 20 th day of May, 1893, in the Bank of Montreal.
W. J. BARRETT, for Ancoumtent P.O.D.

Post Office Department, Dead Letter Branch, Ottawa, May 30, 1893.
I certify that the sum of two hundred and forty-two dollars and one cent ( $\because 242 \frac{01}{100}$ ) was this day handed to the accountant of this department for deposit to the credit of the Receiver (General, that this sum was removed from letters held "in safe" in the Dead Letter Branch during the period from February 1, 1892, to June 30, 1892, and that it comprises the whole of the money so received and undisposed of, as recorded in the "Safe Book" of this branch for the foregoing months.

## G. J. Binks, Clerk in charge of Safe Book.

JOHN WALSH, Superintendent.

I certify that the above mentioned sum of two hundred and forty-two dollars and One cent ( $\$ 242 \frac{01}{10 \pi}$ ) was received by me and duly deposited on the 20 th day of May, 1893, in the Bank of Montreal.

> W. J. BARRETT, for Acrmutant P.O.D.

## Audit Office, Otrawa, August 18, 1893.

$S_{\text {Ir }},-$ I have received your letter of the 16 th inclosing $\supseteq$ certificates, one covering deprosit of money found in returned deall letters between February 1 and June 30, 1892, $\$ 242.01$; and the other between July 1 and December 30, 1892, \$290.47. Both these sums were deposited May 20,1893 . Is there any reason why this money should be retained were deposited May so long?

I have to suggest the following change in the wording of the certificate:-instead of the words "so received and undisposed of" substitute "found in dead letters and not returned to the owner."

I have the honour to be, sir, your obedient servant,

## Rents of Letter Boxes and Drawers.

Audit Office, Ottawa, February 6, 1893.
Sir,-I am without reply to my letters of April 1 and November 4, 1892, in reference to rents of letter boxes and drawers. Before referring the subject to the Treasury Board, I deem it proper to again call your attention to it.

I have the honour to be, sir, your obedient servant, The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

Post Office Departuent, Ottana, February 9, 1893.
sir,- With reference to your letter of November 4 last, which I regret to find has been overlooked, I beg to point out to you that Brantford is not as you suppose, a city post office, and therefore the rent of boxes and drawers from that office would not be sent in to you in the statement to which you refer. No post offices except such as are on the establishment, where all the employees are civil servants, render accounts for the rent of boxes or drawers. Counterfoils have not heretofore been supplied to the city postmasters with the receipts which are given for box and drawer rents, but an arrangement has been made by which this will be done in the future; in the meanwhile the accounts can readily be examined at any time you desire.

I have the honour to be, sir, your obedient servant,
The Auditor General.
WM. WHITE, Dep. P.M.I:
Avdit Office, Ottawa, February 11, 1893.
Sir,-I have your letter of yesterday, stating that no post offices except such as are on the establishment, where all the employees are civil servants, render accounts for the rent of boxes or drawers. As the result of this arrangement is that the salaries of postmasters in towns in which the Government has erected buildings and furnished letter boxes, is increased by these rents, I have to ask to be informed on the following points :-
(1). When the public building erected by the Government began to be used by a postmaster, were the percentages previously paid to the postmaster decreased in view of his being allowed to retain the rents of the letter boxes and drawers?
(2). Does the Government keep these boxes and drawers in repair?
(3). I have to ask for a list of postmasters who are allowed to retain these rents.
(4). Was the arrangement then made under authority of an Order in Council? so, I shall be glad to have a copy.
(5). As these rents are clearly an addition to their salaries, should not postmasters who are allowed to retain them, be directed to furnish regular returns of the amounts collected?

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, d.g.

The Deputy Postmaster General.

Avdit Office, Otrawa, May 20, 1893.
Sir,--I wrote you February 11 last, asking for a list of post offices in which letter boxes and drawers have been erected at the expense of the Government. You acknowledged the letter on February 17, but I have not yet received the information. Please give this matter your attention.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A. $f^{\prime}$.

The Secretary, Public Works Dept.

Department of Public Works, Ottawa, July 3, 1893.
Sir,-Having reference to your letter dated February 11 last, asking for a list of the post office buildings in which letter boxes and drawers have been erected at the expense of the Government, I am directed to inform you that our chief architect reports that he believes that in all the new public buildings erected since Conferderation for post office purposes, letter boxes and drawers have been put in at the expense of the Government.
I have the honour to be, sir, your obedient servant,

## Audit Office, Ottawa, November 22, 1893.

Sir, - The Department of Public Works informs me that letter boxes and drawers were put in at the expense of the Government in all the new post office buildings erected since Confederation.

I am without any reply to my letter to you of February 11 last on this subject.
Without further explanation than has yet been furnished it seems quite evident that all postmasters should account for the fees collected for the use of letter boxes and drawers provided at Government expense. I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.1i. The Deputy Postmaster General.

## Re Miscellaneous Receipts.

Audit Office, Ottawa, November 2s, 1893.
Sir,- I have to make the following observations in connection with the statement of "Other Miscellaneous Receipts, 1892 93 " lately furnished by your department.

If there are no objections of a departmental nature, would it not be better if all miscellaneous receipts, such as those included in the statement now under remark, were credited directly to Casual Revenue, as is the practice of the other departments?

Proceeds of sales of waste paper appear from Toronto and Quebec, and from the Inspector's office at Toronto. Please let me know the departmental regulations in reference to such sales. Why is there not some return, large or small, from each of the large oftices?

Return is made of $\$ 20$ from the postmaster at St. Zotique for stamps furnished from the Montreal office in excess, November 12, 1890. Please explain how the Montreal postmaster's stamp account was made good.

No explanations are furnished of a refund of $\$ 300$ by J. R. Greenfield.
What are the regulations as to the sale of condemned clothing? Wound advisable the the regulations as condemned should be sold by public wouct it it not he

The refund of $\$ 66$ to R. D. Boal, postmaster of Sussex Vale, N B call for an Order in Council in accordance with section 78 , Chap. N. 26 , Be, would seem to especially as the payment by him was made in 1884-85. In all cases whed Statutes, refunded, sufficient particulars should be furnished to identify the payment money is

I have the honour to be, sir, your obedient servant,

Post Office Dept., Ottawa, December, 11, 1893.
Sir,--Referring to your letter of the 28 th of November last, respecting the treatment of " miscellaneous receipts" by this department, I beg to reply.

There are no objections of a departmental nature to having all miscellaneous receipts credited directly to casual revenue, and this course will be adopted in future.

The department does not know of any regulations with regard to the sale of waste paper in the city post oftices, that is to say, there are no formal regulations. It is presumed that as this paper accumulates it is sold and the proceeds placed to the credit of the Receiver General ; but a formal return will be asked in the future to avoid any difficulty with regard to whether there is or is not any disposable waste paper.

With reference to the amount of $\$ 20$ received from the postmaster of St. Zotique for stamps furnished from the Montreal Post Office in excess on November 12, 1890, the postmaster of Montreal furnished these stamps-or rather made the payment from the surplus postage which accrued in the Montreal Post Office, but when he retired from his otice this item, in common with others, was called to his attention, and the amount was refunded to the department-hence the payment to the postmaster of St. Zotique, which appeared to be the best way of bringing the matter to account in the regular way.

With reference to the sale of old clothing, I am not aware that any of the clothing received at this office, up to the present time, has been in such a state as to make it possible to sell it; but if you prefer it there will be no difticulty whatever in going through the form of a sale, although I imagine that the amount realized would not pay the expenses of the sale.

With reference to the refund of $\$ 60$ to Mr. Boal, postmaster at Sussex Vale, this amount was an amount collected in error- or rather paid in error by the postmaster, being the rents of boxes in his office to which he was entitled; when the attention of the department was called to the matter the sum was refunded to him; but if you consider it necessary, application could be made to the Treasury Board for an Order in Council.

With reference to the refund by Mr. J. R. Greenfield, I may explain that Mr. Greenfield was the patentee of certain fastenings used by the department in connection with mail bags, and it was claimed by the superintendent of the Printing and Supply Branch that an over-payment had been made to Mr. Greenfield on this account. I may observe that these payments were not made to Mr. Greenfield directly, but the payments were made by the department to the person who supplied the article and used Mr. Greenfield's patent, which to avoid any further difficulty he disposed of.

I have the honour to be, sir, your obedient servant,
WM. WHITE, D.I.G.
The Auditor General.

## Re Steamboat Inspection.

Audit Office, Ottawa, April 14, 1893.
Sir, - Referring to the amendment to the Steamboat Inspection Act, 55-56 Vict., Chap. 19, providing for the inspection by hull inspectors of barges and scows, \&c., used for the transport of passengers, I have to ask for copies of the regulations or instructions issued for the purpose of carrying out its provisions. The only returns that have yet reached this office are those from Thos. Donnelly to August 31, 1892, and from R. Collister for June and July, 189.. Whenever an inspector makes any inspections he should forward a return the beginning of the following month. If no inspections are made during the whole season, a nil return should be furnished at its close. The Act was assented to May 10, 1892, and fixes the fee for each inspection at
\$10. Inspector Donnelly's returns show that the fees were calculated at a tonnage rate of 8 cents per ton and run from $\$ 1.28$ to $\$ 9.76$. Inspector Collister's returns show the fees at $\$ 10$ each and that they were paid at the Ports of Victoria and Vancouver, B.C., but I do not find the items accounted for by the collectors at these ports. As the Act provides that these fees are to be paid to the Inspectors, the inspectors should deposit the receipts and send the bank deposits to your department with their returns.

I have the honour to be, sir, your obedient servant,
The Deputy Minister Marine and Fisheries.
J. L. McDOUGALL, A. $\boldsymbol{i}^{6}$.

## Audit Office, Otrawa, April 17, 1893.

The following list shows the vessels that appear on the inspector's returns for the 6 months to December 31 last, as having been inspected, but for which no certificates have been issued, and no cash has come to account :-

| Inspector. | Versel. | Place and date of inspection. |
| :---: | :---: | :---: |
| John Dodds | W. M. German . | Chatham, Oct. 10. |
| (ieo. F. Clift | Asabella ...... | Barrie, Sept. 17. |
| do do. | Coban | Montreal, Sept. 13. |
| do | John. | do Nov. 28. |
| Jos. ${ }_{\text {do }}^{\text {Samson }}$ | Macitasini | Lake St. John, July 30. |
| do | Peribonka | do July 31. |
| do | Lenie. | Nicolet, July 12. |
| do | Pacific | Three Rivers, July 12. |
| do | Robert Stocker | Montreal, July 19. |
| do | Randolph.. | Quebec, July 23. |
| do | Vulcan | Dalhousie, Aug. 30. |
| do | C. S. Parnell | Quebec, Aug. 10. |

I wrote you May 14, 1892, giving similar lists, and in your reply of May 20 following you referred me to the Customs Department, as to vessels that were reported with fees paid, but which had not come to account ; and with reference to those vessels for which no certificates had been issued, and no fees paid, you replied that an inspector is forbidden by the Act to issue a certificate of inspection until the collector's receipt is shown him. You did not say whose duty it is to look after the owners of vessels on which the fees have not been paid and urge payment thereof. Of the vessels so reported.last year I can only trace one on which the fees have since been paid. Should not steps be taken to ensure that the fees on all vessels inspected shall be paid?

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.
Marine and Fisheries Dept., Ottawa, May 13, 1893.
Sir,-I have the honour to acknowledge the receipt of your letter of the 17th ultimo, informing me that Inspector Johnston reported in his August statement that the steamer "W. A. Rooth" paid $\$ 9.16$ in fees to the collector at Sault Ste. Marie on 23rd April, 1892, but the collector has not accounted for the amount. In reply, I have to state that you should inform the Customs Department of the matter.

With reference to your inquiry as to whose duty it is to look after owners of vessels on which the fees have not been paid, I have to state that an Inspector's duty is to inspect steamboats, but it is not his duty to collect steamboat fees. That duty is imposed on collectors of customs by the Act, and it is for the Customs Department to say how far their ofticers should go in looking after owners of steamboats, on which fees have not been paid. I may add for your information that it often happens that after a ressel is inspected she is laid up, and in that case, she would not require to pay the fees.

If collectors of customs do their duty, no steamboat can run without a certificate of inspection, and no certificate of inspection will be issued until the fees are paid.

I have to add that the fees for the "Coban," amounting to $\$ 93.04$, were paid to the Collector at Montreal on the 20th July, 1892. You should notify the Customs Department that no return has been made. The vessel received her certificate of inspection from Inspector Samson.

With reference to the "W. M. German," a certificate was refused her as she had not paid the dues. The vessel has since been burned.

The "Isabella" has been burned.
The dues of the "Archie Stewart" were paid at Ottawa on April 26, 1892. You should notify the Customs of this.

The dues of the "John" were paid at Montreal on the 21 st June last. You should also notify the Customs of this.

As there is some doubt about the "Macitasini," "Peribonka," and "Undine" being British vessels, I have written the collector on the subject.

I would suggest that you ask the Customs Department why dues were not paid on the "Randolph," "Honki Dore," "C. S. Parnell," "J. R. Souter," "Lenie" and "Pacific." This department is not aware of any reasons why these fees should not be paid.
"The "Vulcan's" dues were paid to the collector at Port Dalhousie on the 8th June, The "Vulcan's" dues were paid to the collector at Port Dat

> I have the honour to be, sir, your obedient servant,

The Auditor General.

$$
\text { WM. SMITH, D.M.M. \& } F \text {. }
$$

## Marine and Fisheries Department, Ottawa, May 23, 1893.

Sir,-I have to acknowledge the receipt of your letter of the 14th ultimo relative to the Act $55-56$ Victoria, providing that a fee of $\$ 10$ be charged for inspecting passenger boats.

With reference to your statement that you do not find the fees for the barges inspected by Mr. Collister in 1892, accounted for by the collectors at Vancouver and Victoria, I have to inform you that the provisions of the Act require the fee to be paid to the inspector and not the collector. In the returns sent you from this department on 24th August, 1892, you will find two deposit receipts for $\$ 50$ and $\$ 10$ respectively for inspecting passenger barges, deposited by Mr. Collister.

With reference to your statement that the fees are $\$ 10$ each but that in Thomas Donnelly's returns the fees are calculated on a tonnage rate of 8 cents per ton, I have to inform you that when Mr. Donnelly made the inspections in 1892, the law was not in force and he made no collections. Mr. Donnelly has not inspected any barges since July, 1892. The collections reported by Mr. Donnelly on the basis of 8 cents per ton were illegally made by Collectors of Customs.'

With respect to your request to be supplied with a copy of the regulations issued for the purpose of carrying out the law in regard to the inspection of passenger barges, I have to inform you that the regulations are in the Act. The Act was sent to the inspectors and they were told to carry out the law. I inclose herewith a copy of the Act.

I have the honour to be, sir, your obedient servant,
The Auditor General.

Audit Office, Ottawa, June 14, 1893.
$S_{\text {If,--In }}$ connection with the question of departmental responsibility for the proper aucit and accounting for the receipts from steamboat inspection, I have been asked to sulmit to the Treasury Board my views as $t$, the department by which the duties should le performed. I now desire to inform you that, in my opinion, this duty should be performed by your department, and I purpose so reporting to the Treasury Board. Each inspector should be responsible that all fees arising out of his work payable to the Government, are paid. It would be of advantage if the suggestion of the chairman of the board oi inspectors were adopted, that is, of having the receipt issued by collectors of customs have a coupon which should be detached by the inspector and forwarded to the department with his return; and I an recommending that suggestion for the approval of the Treasury Board.

If there are any suggestions or regulations you wish to make regarding the subject I shall be glad to hear from you, or if you think better, discuss them with you.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, $A$. G.

The Deputy Minister of Marine and Fisiseries.

Marine and Fisheries Dept., Otrafa, June 19, 1893.
Sir,-I have to acknowledge the receipt of your letter of the 14 th instant, relative to auditing the revenue arising from the inspection of steamboats; in which you inform me that in your opinion this department should audit a revenue collected by the Customs Department, and that you intend so reporting to the Treasury Board, and that in your opinion steamboat inspectors should be responsible for the payment of all the revenue to the Gowernment arising out of steamboat inspection. In reply I have to inform you that I will submit your communication to the Minister of Marine and Fisheries on his return to Canada. The Treasury Board will, I presume, desire to ascertain the Minister's riews on the subject.

I have the honour to be, sir, your obedient servant.
The Auditor ( P eneral.
WM. SMITH, D. M. M. \& $F$.
P. S.-I inclose you a copy of a letter on this subject addressed by this department to the Treasury Board, dated 25 th Sept., 1892, pointing out that collectors of customs are required to collect the revenue by law, and that they are not under the control of this department, and that Parliament declined to change the law in that respect. The Minister approved of the letter to the Treasury Board.-W. S.

Marine and Fisheries Dept., Ottawa, September 27, 1892.
Sir,-1 have to acknowledge receipt of your letter of the 15 th instant, inclosing a copy of a letter addressed to you by the Auditor General in which he asks the Treasury Board to determine the department which is to audit the fees and dues collected by collectors of customs under the Act relating to steamboat inspection. In answer to your request that I would furnish you with my views on the above mentioned subject, permit me to state that as the Act is mandatory as to collectors of customs receiving the revenue from the inspection of steamboats and accounting therefor, and as collectors of customs are not controlled by this department, it does not appear to me that the auditing of the revenue should rest with this department.

In connection with this subiect, I may mention that a clause was inserted in the Steamboat Inspection Act of last Session, taking away the duty of collecting the revenue from collectors of customs, and placing it upon the inspectors of steamboats; but Parliament did not consider it advisable to make the change, and the clause was struck out in Committee.

Statements from the inspectors of the vessels inspected are regularly forwarded to the Auditor General, to enable him to audit this particular revenue, along with any information he may from time to time require, and I will be most happy to continue so to do.

I have the honour to be, sir, your obedient servant,
WM. SMITH, D.M.M.\&F'.
The Secretary of the Treasury Board.

Audit Office, Ottawa, June 26, 1893.
$S_{\text {IR,-II }}$ have your letter of the 19 th instant in which you seem to intimate your dissent from the proposal of making your department responsible for the auditing of steamboat inspection revenue, and state that you will submit my letter to the Minister of Marine and Fisheries on his return to Canada. I beg to suggest that the whole correspondence, or a precis of it, be submitted to the Minister. In your letter of July 12, 1889, you state that arrangements had been made to check the returns from the collectors by the returns from the inspectors, in the accountant's branch of your office, from the lst instant. In order to carry out this arrangement you had a report drafted to Council recommending that collectors of customs shall be required to furnish the Department of Marine with a duplicate statement of the sums collected, dc. (See your letter of Feb. 21, 1890.) It seems the Customs Department was averse to this recommendation, but had it been carried out as you desired, your department would have accepted the responsibility of examining and auditing the returns. If the recommendations referred to in my letter of the 14 th instant, be adopted, you will have even better data on which to work than if you had the returns of the Customs collectors. The objections made by Parliament to changing the law were, if I remember rightly, based on the convenience of the public, and the action of Parliament cannot be considered as affecting the present question. It is the duty of inspectors to inspect all vessels and to grant certificates, when the receipt of the customs collector is presented to them. Why should they not be required to see that the owners or masters of vessels inspected do present a collector's receipt and get his certificate?

In your letter to the Secretary of the Treasury Board, and in previous correspondence, reference is made to the fact that your inspectors' returns are furnished to this office to enable an audit to be made. As a result of the examination made in this office, under considerable difficulties, of those returns, your department and the Customs Department have been notified of cases of vessels inspected on which fees were not paid, and vessels the fees of which were claimed to have been paid on the Inspectors' returns, but which did not appear on the collectors' returns. I contend it should be the duty of some department to examine and compare these returns, and see that all fees are paid and accounted for, before the returns are sent to this office.

It may be contended that the customs collectors are required to collect the revenue by law. No doubt at the seaports and at large inland ports, it might be possible for the collectors to prevent any vessel running without a certificate, but it is not so practicable for them to exercise the same control over vessels plying on inland waters where there is no occasion to procure clearances.

I have endeavoured for some years to have some satisfactory arrangement made by which this revenue should be examined and audited, and that some department should be responsible that the fees payable to the Government were collected. Failing to accomplish that, it seemed to me clearly my duty to report the position of the matter to the Treasury Board to have the matter determined. And having been requested to give my views as to the department that should be responsible, I purpose, as I informed you in my letter of the 14th instant, to report that the duty should be assigned to your department.

I have the honour to be, sir, your obedient servant,

Marine and Fisheries Dept., Ottana, June 28, 1893.
Sir,-I have the honour to acknowledge receipt of your letter of the 26 th instant, in further reference to the auditing of Steamboat Inspection Revenue. In reply, I have to request you to be good enough to inform me whether the Customs Department object to auditing this revenue, collected by collectors of customs.

I am, sir, your obedient servant,
The Auditor General.
WM SMITH, D.M.M.\&F.

Audit Office, Ottawa, July 3, 1893.
Sir,-I am in receipt of your letter of June 28, inquiring whether the Customs Department object to auditing Steamboat Inspection Revenue.

I am not aware that the Customs Department have formally objected to audit this revenue. They have objected to instruct their collectors to furnish your department with a copy of the return furnished to the Customs Department. They have also, so far, failed to carry out the suggestion of the chairman of the board of inspectors as to issuing a receipt with a counterfoil for the inspector. They have expressed verbally the desire of relieving their collectors of the duty now imposed on them. To enable the Customs Department to audit this revenue, they would need to be furnished with copies of the returns of your inspectors, and also copies of all Orders in Council and regulations bearing on the subject, issued by your department.

> I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL; A.G.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries Depr., Otrawa, July 6, 1893.
Sir,-I have to acknowledge the receipt of your letter of the 3rd instant, informing me that so far as you are aware the Customs Department has not formally objected to audit the revenue collected in connection with the inspection of steamboats, but it has expressed a desire to relieve its collectors of the duty of collecting the revenue imposed upon them by the Statute; and in reply I have to state-as before mentioned--that Parliament has declined to relieve collectors of customs of the duty of collecting this revenue; and have to suggest that if you formally requested the Customs Department to audit this revenue the difficulty may be obviated. The steamboat inspector's returns, which are now sent to your department, could be sent from here to the Customs Department.

With reference to your statement-_which appears to take the form of an objection -that to enable the Customs to audit the revenue referred to it would have to be furnished with copies of all Orders in Council and regulations bearing on the subject; I have to state that there would be no objection to doing so. As the matter stands at present this department supplies collectors of customs with copies of all Orders in Council and regulations bearing upon the subject, and it would be no trouble to furnish the Department of Customs with the same information.

> I have the honour to be, sir, your obedient servant,

The Auditor General.

> WM. SMITH, D.M.M. \&F.

Audit Office, Ottawa, July 10, 1893.
Sir,-Referring to previous correspondence on this subject, I have now to inform you that the Deputy Minister of Marine and Fisheries has expressed his willingness to send to your department the returns made by steamboat inspectors, and copies of all Orders in Council and regulations in reference thereto, to enable you to have this revenue audited in your department and ensure that all the fees are collected.

If this arrangement meets with your concurrence, please let me know, so that it may be carried into effect as soon as possible.

I have the honour to be, sir, your obedient servant, The Acting Commissioner of Customs.
J. L. McDOUGALL, A.G.

Customs Dept., Ottawa, July 13, 1893.
Sir,-I beg to acknowledge receipt of your letter of 10th inst., in which you advise me that the Deputy Minister of Marine and Fisheries has expressed his willingness to send to this department the returns made by steamboat inspectors, and copies of all Orders in Council and regulations in reference thereto, to enable this department to audit this revenue and to ensure that all the fees are collected.

I beg to state that I shall confer with the Deputy Minister of Marine and Fisheries upon the subject, and ascertain if the necessary data can be supplied to us.

I have the honour to be, sir, your obedient servant, The Auditor General.

THOS. J. WATTERS, Acting Commissioner.

## Audit Office, Ottawa, November 9, 1893.

Sir,-Referring to your letter of July 13 last, I have to ask if any arrangements have yet been made as to the audit of this revenue?

I have the honour to be, sir, your obedient servant, The Acting Commissioner of Customs.

J. L. McDOUGALL, $A . G$.

Customs Dept., Ottawa, November 22, 1893.
Sir,--Referring to your letter of the 9th inst., asking as to whether arrangements have yet been made as to the auditing of the returns made by steamboat inspectors, I beg to advise you that I shall take an early opportunity of going into this matter with the Deputy Minister of Marine and Fisheries, with a view to having your wish carried out if at all possible.

I have the honour to be, sir, your obedient servant,
THOS. J. WATTERS, Acting Commissioner.
The Auditor General.

## Re Goderich Wharf.

Audit Office, Ottawa, February 22, 1893.
Sir,--In your letter of September 14 last you stated you were negotiating for the lease of the Goderich Wharf for a term of years. Please let me know if the lease was effected, and if so, the name of the lessee and the terins. Who was in charge of this Wharf during the last season? Did vessels make use of the wharf, and if so, were fees collected? I do not find that anything has come to account.

I have the honour to be, sir, your obedient servant,

Marine and Fisheries Dept,, Ottawa, March 9, 1893.
Sin, - In reply to your letter of the 22 nd ultimo inquiring whether the Goderich Wharf has been leased for a term of years, I have to inform you that the lease was not effected. No account of dues has been received by this department, and no wharfinger has been appointed for the purpose of collecting dues. The harbour master is the only officer connected with this department yet appointed to look after the interests of the Government, and he has not reported that any vessels made use of the wharf.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M.M $\mathbb{C} F$.
Audit Office, Ottawa, March 14, 1893.
Sir,--In your letter of the 9th instant you state that no dues have been collected, no wharfinger appointed, and that the harb, mar master who is in charge has not reported that any vessels made use of the wharf.

I am not quite sure whether you mean that the harbour master has reported that no vessels used the wharf. If so, please let me have his report.

In view of the fact that the wharf has been leased for a number of years at a rental of $\$ 1,115$, and that nothing has come to account from it for the last season, it does seem to call for some explanation more than has yet been given.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.f.

The Deputy Minister of Marine and Fisheries.

## Marine and Fisheries Department, Ottawa, April 13, 1893.

Sir, - - In reply to your letter of the 14th ultimo, stating that you are not quite sure whether this department means that the harbour master at Goderich has reported that no vessels used the wharf 'and if so to let you have his report, I have to inform you that the harbour master made a report in September last a copy of which is herewith inclosed.

With regard to that part of your letter which states that in view of the fact that the wharf has been leased for a number of years at a rental of $\$ 1,115$, and that nothing has come to account from it for the last season, I have to inform you that the leases referred to by you were for $\$ 1,445$, and expired in February and March of 1892. No leases have since been effected, although efforts have been made ky this department to obtain offers for the use of the wharf for a term of years.

It would be more advantageous for the Government if these wharf lots were leased for a term of years, but no one seems to require them a; a whole, and offers have been received only for the best of the sections at very low prices for a term of years.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D. M. M.\& $F$.
Goderich, Sept. 16, 1892.
Sir,--I beg to acknowledge the receipt of your letter of the 14 th instant, referring to lots A., B. and C. of the Goderich wharf.

In answer I have to inform you that Mr. N. Dyment has been occupying the lots mentioned since about the 1st of July last.

Vessels have used the docks very little, with the exception of those that were carrying lumber for Mr. Dyment.

I am, sir, your obedient servant,
T. N. DANCEY, Harbour Master.

The Deputy Minister of Marine and Fisheries.

Audit Office, Otrawa, April 21, 1893.
$S_{\text {Ih, }}-\mathrm{I}$ am in receipt of your letter of the 13 th inst. You state that the leases were for $\$ 1,445$, and expired in February and March, 1892. In that case there are apparently some arrears due on account of this wharf, as the revenue that has come to account for the last three years is as follows:-For $1889, \$ 915$; for $1890, \$ 1,115$; and for $1891, \$ 1,115$. You did not make any reference to arrears being due on this wharf in your letter of Nov. 15 last, in reference to the arrears due your department.

The harbour master states in his letter, copy of which you inclosed, that N. Dyment has been occupying the lots mentioned since about the 1st of July last, and he implies that other vessels used the docks, though very little. You stated in your letter of March 9, that the harbour master is the only officer connected with your departnient appointed to look after the interests of the Government. If he is in charge of the wharf, how did he allow it to be used by Mr. Dyment and others without collecting fees? Are any steps now being taken to recover what is just from the parties who used the wharf? As another season is about commencing would it not be advisable, pending the appointment of a whartinger, to take steps to have fees collected from vessels that may use the wharfs?

I have the honour to be, sir, your obedient servant.

J. L. Mcdougall, A. it.

The Deputy Minister of Marine and Fisheries.

Audit Office, Ottawa, June 7, 1893.
$S_{\text {IR, -I }}$ have not received any reply to my letter of April 21 last, in reference to the revenue from the Goderich wharf. Please let me know if anything was collected on account of the fees or rents for 1892, and what arrangements have been made to collect the fees during the present season.

I have the honour to be, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries Dept., Ottawa, June 8, 1893.
Sir,--In reply to your letters of the 21st of April last and 7th instant, referring to whe amount of the leases for the Goderich wharf in 1889-90 and 1891, and inquiring whether there were any arrears due on the wharf, as the revenue which came to account for 1889 was $\$ 915$; for $1890, \$ 1,115$, and for $1891, \$ 1,115$; I have to inform you that the lessees in 1889 were Bearman \& McVicar, $\$ 800$; T. McBride, $\$ 315$, and T. N. Dyment, $\$ 330$, making a total of $\$ 1,445$. The amount for 1889 was reduced owing to the fact that Mr. Williams for whom T. McBride was acting agent, showed that he did not get possession of the lot in the proper time because lumber had been placed upon it and not removed. In the case of the Dyment lease, Mr. N. Dyment, against whom legal proceedings have been taken, claims that he did not sign the lease, but that it was made out in his son's name, who died about the time the lease was forwarded for signature. By reference to my letter of the 18th May, 1892, you will observe that I informed you that steps had been taken to recover from Mr. Dyment the amount considered due by this department

The Justice Department has had the matter in hand for some length of time and steps have been taken to arrive at some satisfactory settlement with Mr. Dyment. The a ustice Department has not yet reported the result of the steps taken. This should be a satisfactory explanation, so far as this department is concerned, respecting the difference of the figures, viz., $\$ 1,115$ and $\$ 1,445$, or the amount that was received and the amount that should have been received per annum.

With reference to your statement that no revenue was received in 1892, I have to refer you to my letter of the 13 th of April last, which explains the reason.

The harbour master at Goderich is the only officer which this department has at that port, and he has been requested to inform the department as to whether the lots had been occupied. He has reported, as I have already informed you, that Mr. Dyment placed lumber on some of the lots in 1892, and that he continues to pile his lumber on these lots. Mr. Dyment was requested last year to pay the department for the use of the lots, but he has not done so and it appears that the very unsatisfactory course of taking legal proceedings will have to be adopted again, unless Mr. Dyment complies with the department's demand.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M.M.\& $f$.

Audit Office, Ottawa, June 12, 1893.
Sir,-I have received your letter of the 8th instant in reference to the Goderich wharf. You overlook that part of my letter of the 7 th inquiring what arrangements had been made to collect fees during the present season.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

## Re Wharfs and Piers Revenue.

Audit Office, Ottawa, February 22, 1893.
Sir,-I have to call your attention to the number of wharfingers yet in arrears for returns and remittances covering receipts to 31st December last. Of these, some have made returns and remittances for the half-year to 30th June. To comply with the regulations, many of these wharfingers should have remitted several times. The return from Cow Bay for August, and that from Digby for September, are short. I have to ask for particulars of deposit by Department of Justice for Tignish wharf, $\$ 14.75$, and by O'Connor, Hogg \& Balderson for Chicoutimi, $\$ 71.50$. Deposits have come to account from several wharfingers whose returns have not yet been furnished.

> I have the honour to be, sir, your obedient servant.

The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, February 22, 1893.
Sir,-- The sum of $\$ 830.14$ came to account during 1891-92 for the receipts of the wharf at Sault Ste. Marie, but no return was furnished. As nothing has come to account during the present fiscal year, I have to ask for an explanation.

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.
Note.- $\$ 491.69$ came to account subsequently, but no returns were furnished.

Audit Office, Ottawa, June 15, 1893.
Sir,-Referring to your letter of 4th June, 1891, I have to inquire if the arrears of fees therein referwed to as due the wharfingers at Cockburn Island, Maitland, Yarmouth County, and West Pubnico, have since been paid, or if not, what action has been taken to secure payment?

I have the honour to be, sir, your obedient servant.
The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Audit Office, Ottawa, August 7, 1893.
Sir,-_The following amounts have come to account, for which the wharfinger's returns have not been furnished :

Tignish River ..... 830

I have the honour to be, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.
JOHN GORMAN, for A.G:

Audit Office, Ottana, August 10, 1893.
Sin, The only revenue that has come to account for 1892-93 from the Tadousac Wharf was $\$ 42.75$ remitted by the Richelieu and Ontario Navigation Company in, payment of 57 calls and landing of steamers "Saguenay," "Canada" and "Corinthian" in 1891 at 75 cts. I have to ask concerning the use of this wharf previous to 1891 and why the charges for 1892 have not come to account. Does the charge of 75 cents for each landing of a steamer cover the wharfage on the freight landed as well as the side wharfage?

I have the honour to be, sir, your obedient servant.
.JOHN GORMAN, for A.G.
The Deputy Minister of Marine and Fisheries.

Audit Office, Ottawa, August 11, 1893.
Sir,-The returns from Cow Bay and Digby are not certified by the Wharfingers. The wharfinger at Digby does not deposit the receipts of each month till about the 21st of the month succeeding.

The return from Cow Bay for August, 1892, has not been received. Deposits have not been made in accordance with the Treasury Regulations. The receipts and deposits since January were as follows :-

The return for June has not yet reached this office, and only a deposit of $\$ 100$ made June 27.

I have the honour to be, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, $A . G$.

Audit Office, Otrawa, August 11, 1893.
$S_{\text {Ir }}$,-The sum of $\$ 52.77$ has come to account from Port George, N.S., for receipts during April, May and June, 1892, and nothing since.

In addition to those stated in my letter of the 7 th inst., there are the following wharfs from which neither return nor deposit has been received :-

Ontario.-Inverhuron.
Quebec.-Agnes, Anse St. Jean, Baie St. Paul, Berthier, Beauport, Cascades, Ile aux Grues, Les Eboulements, L'Islet, Murray Bay, Rivière Ouelle, St. Alphonse de Bagotville, Ste. Cécile du Bic, St. Jean d'Orléans, St. Laurent d'Orléans, St. Thomas de Montmagny, Trois Pistoles.

Nova Scotia.-Arisaig, Avonport, Bayfield, Broad Cove Marsh, Brooklyn, Canada Creek, Cranberry Head, Eagle Head, East Bay, Halls Harbour, Militia Point, Parrsboro', Pictou Island, Pointe Brûlée, Port Greville, Port Hood Island, Salmon River, Tancook Island, Tracadie, Tusket Wedge, West Pubnico, White Point.

New Brunswick.-St. Louis.
P. E. Island.-Campbell's Cove, Higgins Shore. Mc(iee's Wharf, Mink River, Nine Mile Creek, West Point, Wood Island.

I have to inquire what action has been taken to secure returns and deposits from these wharfingers? Please let me have the reports made by your local agents in reference thereto.

I have the honour to be, sir, your obedient servant, The Deputy Minister of Marine and Fisheries. JOHN GORMAN, for A. I:

Audit Office, Ottawa, August $1 \because, 1893$.
Sir,——Return No. 1 of August 24, 1892, contains the following item: Department of Justice-ReTidnish, $\$ 14.75$.

Return No. 8 of March 27, 1893, contains the following item: K. Sutherland, lease of wharf, $\$ 200$.

I have to ask for further particulars as to these two items and the papers in reference thereto. .

I have the honour to be, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries. JOHN GORMAN, for A.G.

## Re Dominion Steamers.

Audit Office, Ottawa, April 13, 1893.
Sir,-No returns of the earnings of the steamer "Stanley" for the present season have yet reached this office. Please have them forwarded.

The sum of $\$ 180.46$, earnings of the steamer "La Canadienne" for Quarantine service has been credited on your revenue return of March 4, as a refund of Fishery Protection Service. The earnings of the steamer "Druid" for similar service have been credited on your revenue return No. 4 as Dominion Steamers Revenue. Should not the former be credited to the same account?

I have the honour to be, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGaLL, A. $\boldsymbol{G}$.

Audit Office, Ottawa, May 25, 1893.
Sir,-The returns of the earnings of the steamer "Stanley" to the end of April have recently come to hand. These returns are signed by the purser and by your agent at Charlottetown. They should be specifically certified instead. I inclose a form. The items for passages, meals and berths are checked, but not the items for freight. Presumably this checking is done by your agent at Charlottetown. He should have the necessary papers and check the freight items also.

The deposits, though made more frequently than formerly, are seemingly not yet made as frequently as they might. In the five months 70 trips were made, the total earnings being $\$ 10,905.50$. Thirteen deposits were made by the purser at Pictou, amounting to $\$ 5,365.95$; and four deposits by your agent at Charlottetown, amounting to $\$ 5,313.64$. The balance was deposited at Ottawa. It is very desirable that some arrangement should be made, before the commencement of another season, by which a deposit may be made every time the steamer lands at Pictou.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Forms of Certificates.
I certify that charges in accordance with the tariff were levied and collected for all freight handled and for all passages, meals and berths, during the month of................. ; and that the receipts were deposited in accordance with the regulations.

Purser.
I certify that I have examined the within return, checked it with the corresponding entries and tickets; compared the charges levied with the tariff, and found all correct ; I also certify that the deposits claimed in acquittance were made and the bank receipts forwarded to the department.

Agent of Department.

## Marine and Fisheries Dept., Ottawa, May 31, 1893.

Sir,-I have the honour to acknowledge receipt of your letter of the 25 th instant, relative to the returns of the earnings of the steamer "Stanley," suggesting more frequent deposits, and adopting the form accompanying your communication. In reply, I have to inform you that the form has been sent the agent of this department at Charlottetown, with instructions to carry out your directions, as far as possible. I would, however, point out to you that it might be very awkward to deposit the money every trip, and that all that can be done is for the purser to do so as often as he can.

> I am, sir, your obedient servant,

The Auditor General.
WM. SMITH, D.M.M. \& F.

## Re Sable Island sales.

Audit Office, Ottawa, June 6, 1893.

Sir,-A quantity of old stores and materials was sold by auction at Halifax, Nov. 17, 1892, realizing $\$ 565.57$. Of this amount, $\$ 52.54$ was the proceeds of the sale of hides, rope, \&c., from Sable Island. Usually ponies and cranberries are sold at these sales. The proceeds of a sale of ponies in June, 1892, has come to account. The cran-
berries sold in 1890 realized $\$ 769.84$, and in 1891, $\$ 447.30$. If none were sold last fall, an explanation should be furnished of the omission.

The statement of these sales is signed by the auctioneer, but it should also be certified by the agent of your department at Halifax.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A. i $^{\text {. }}$

The Deputy Minister of Marine and Fisheries.

## Re Casual Revenue.

Audit Office, Ottawa, July 18, 1893.
Sir,-I have to ask for a statement of the beach lots at Quebec, showing the names of the lessees, the annual rental, and the date to which paid.

I have the honour to be, sir, your obedient servant, J. L. McDOUGALL, A. rí $^{\prime}$.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries Dept., Ottawa, July 21, 1893.
$S_{\text {IR,-I }}$ have the honour to acknowledge receipt of your letter of the 18 th instant, asking for a statement of the beach lots at Quebec, and in reply I am to inform you, that the beach lots controlled by this department were sold together with the Marine Hospital property.

> I am, sir, your most obedient servant,

WM. SMITH, D.M.M. \& $F$.
The Auditor General.

## Re Sale of Marine Hospital, Quebec.

Audit Office, Ottawa, May 23, 1893.
Sir,-I $^{\text {I }}$ do not find that any payment has come to account during the current fiscal Year in the matter of the sale of the Marine Hospital, Quebec. According to the Order in Council of May 28, 1892, a payment of $\$ 5,200$ and interest on the unpaid balance Was due May 1, 1892, and a similar payment and interest May 1, 1893. I will be glad to learn what-steps you have taken in the matter. I have also to ask if the provision of the agreement as to the insurance of the building has been carried out ?

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.
Marine and Fisheries Dept., Ottawa, May 27, 1893.
Sir,-I bavie the honour to acknowledge receipt of your letter of the 23rd instant, inquiring in regard to the payments due in the matter of the sale of the Marine Hospital at Quebec, and in reply I am to inform you that no further payments have come to account during the current fiscal year, owing to the sale not having been formally completed, and the deed delivered. The matter is at present engaging the attention of the Department of Justice.

I have the honour to be, sir, your obedient servant,

## Re Live Stock Inspection.

Audit Office, Ottawa, May 19, 1893.
Sir,-I have, to-lay, received the returns of live stock shipped from the port of Montreal to Europe during the season of 1892. Cattle, sheep, horses and swine are included in these returns, but fees have only been paid on cattle. $54-55$ Vic., chap. 36 provides that the Governor in Council may establish a fee to he paid on each head of live stock shipped, de. Does this section not indicate that fees should be paid on all live stock? I shall be glad to have your explanation of the matter.

I have also to inquire as to live stock shipped from other ports in Canada. returns have been furnishd, and nothing has come to account.

I have the honour to be, sir, your obedient servant.

J. L. McDOUGALL, A. $\boldsymbol{G}^{\prime}$.

The Deputy Minister of Marine and Fisheries.

## Marine and Fisheries Dept., Otraifa, May 25, 1893.

Sir,-I have the honour to acknowledge receeipt of your letter of the 19th instant, informing me that the returns of live stock shipped from the port of Montreal during the season of 1892, for Europe, included sheep, horses and swine, but fees were only collected on the cattle : and asking whether, in view of $54-55$ Victoria, chapter 36, which provides that the Governor in Council may establish a fee to be paid on each head of live stock shipped, the section does not indicate that fees should be paid on all live stock ; and stating that you will be glad to have my explanation of the matter.

In reply I have to inform you that the question asked in your letter is a legal one; but for your information, I may state that the department is not of the opinion that the section referred to indicates that fees should be paid on all live stock shipped from Canada. I may add that up to the close of 1892 , the only fee established by the Governor in Council in connection with the shipping of live stock from Canada to a port or place out of Canada, not being a pert or place in the United States of America, or in Newfoundland, or in St. Pierre or Miquelon, or in Bermuda, or in any of the West India Islands, or in Mexico, or in South America, was a fee of two cents per head on cattle.

In regard to your statement that no returns have been furnished you for live stock shipped from other ports in Canada, I have to inform you that the department is not aware of any shipments of live stock, during last season, under the Act referred to, outside of the port of Montreal.

I have the honour to be, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M.M. $\mathbb{d} F$

## Re Collectors giving Security.

## Marine and Fisheries Dept., Otrana, Oct. 21, 1893.

Sir,-With reference to your letter of the 13th of May, 1891, relating to the Order in Council passed in August, 1869, which provides in general terms that "every person collecting or receiving revenue in cash to be by him paid over to the Receiver General

## Auditor General's Report, 1892-93.

must give security," and stating that you wrote to the Treasury Board on this subject on the 21st of May. 1890, I have to request you to inform me whether all persons receiving money whether as fees or in any other way, part or whole of which must be paid to the Receiver General, should give bonds.

> I am, sir, your obedient servant,

WM. SMITH, D.M.M. \& F.
The Auditor General.

Audit Orfice, Ottawa, October 31, 1893.
Sir,-I am in receipt of your letter of the 21st inst., asking for information in reference to collectors' security. I have to state in reply that I have no further information on the subject since my letter to you of May 13, 1891. Might I suggest that You should apply direct to the Treasury Board?

> I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.

The Deputy Minister of Marine and Fisheries.

## Queen vs. Vessel "Davy Crockett."

Audit Office, Otrawa, February 14, 1893.
$S_{\text {IR,——The Department of Marine and Fisheries has deposited in the Bank of }}$ Montreal here $\$ 1,496.25$, the amount of two drafts of the Merchants' Bank of Halifax. In your letter of Oct. 19, 1892, transmitting these drafts to the department, a copy of which has been furnished this office, it is stated that they are the amount of $\$ 1,500$ paid by the owners of the above vessel in settlement of suit. There is no explanation of the shortage of $\$ 3.75$, and no doubt it is the Bank's charge for commission. Instead of buying a draft payable at Ottawa at a cost of $\$ 3.75$, your agent should have deposited the amount to the credit of the Receiver General in the Merchants' Bank of Halifax, and forwarded the receipts.

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

Department of Justice, Otrawa, February 27, 1893.
$\mathrm{S}_{\mathrm{Ir}, \text {,-Referring to your letter of the } 14 \text { th instant, } I \text { have the honour to send you }}$ herewith copy of a letter received from the agent of the Minister of Justice at Charlottetown, P.E.I., to whom I wrote on the sulject after receiving your letter.

Your obedient servant,
The Auditor General.
A. POWER, Actg.D.IV.J.

$$
\mathrm{I}-12_{\mathrm{F}}
$$

Charlottetown, February 22, 1893.
Sir,-Your letter of the 17 th instant is just to hand in this matter. The shortage in the money forwarded in this was the bank commission. We had no intimation up till now as to the best mode of forwarding money paid us. I will in future-deposit all moneys paid us on account of the Dominion Government in the bank to the credit of the Receiver General. I presume this will apply to fines or any money received by us in any proceeding on behalf of the Government.

NEIL McLEOD.
The Deputy Minister of Justice.

## Re Lighthouse and Coast Service.

Audit Office, Ottawa, February 9, 1893.
Sir,-I have to ask that the returns covering the signal dues collected by the Collector of Customs at Halifax may be furnished regularly to this office commencing from July 1 last ; also a copy of the regulations governing these dues.

I have the honour to be, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Commissioner of Customs.

## Re Examination of Masters and Mates.

Audit Office, Ottawa, February 13, 1893.
Sin, -I have to ask for a list of certificates issued to masters and mates of sea-going vessels subsequent to August 1, 1892, and a list of certificates issued to masters and mates of coasting and inland vessels for the month of July.

Please let me know when the fees for the following certificates came to account :-
Sept. 23, No. 1037 : Geo. Martin. . . . . . . . .................. . \& 800
W. C. Seaton, examiner.

Sept. 15, No. $2991:$ H. Paxton................................. 400
James Gaudin, examiner.
Oct. 2!, No. 3000 : J. F. Calbick. . . . . . . . . . . . . . . . . . . . . . . 400
M. P. McElhinney, examiner.

Is there any reason why the examiners cannot enter the No. of the certificate issued on their returns?

I have the honour to be, sir, your obedient servant, The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, $A$. Gi' $^{\prime}$.

Audit Office, Ottawa, March 10, 1893.
Sir,-I am returning herewith the papers in connection with return of $\mathbf{W} . \mathbf{H}$. Smith for February, 1892, and the returns of Wm. McIlwain for June, 1890, and May, 1891.

You will, of course, forward to the Receiver General with your next return of bank receipts, the deposit receipt and draft attached to Mr. Smith's letter. It will also be necessary to add the names covered by the deposit to a return of Mr. Smith's for the current year.

I also inclose Mr. McIlwain's return for May, 1891. His return for June, 1890, was sent back to your department on February 2 last.

The facts now disclosed are evidence, if any was needed, of the necessity of having the returns of all collecting officers compared with the lists of certificates issued, and the certificate of the examining officer in your department, that such has been done, should be affixed to each retnrn. And all lists of certificates issued should be forwarded regularly with the returns of the collecting officers to this office. When they are delayed, as it has happened, till months after the close of the financial year, it is impracticable to have them properly examined, owing to the pressure of work in preparing the annual Report for Parliament.

I have the honour to be, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Marine and Fisheries Dept., Ottawa, March 14, 1893.
Sir, - In reply to your letter of the 10th instant, relative to Captain Smith's return for February, 1892, I have to inform you that a supplementary statement will be sent in.

I have also to state that for convenience in auditing, directions have been given to furnish you with monthly statements of the certificates issued to masters and mates and engineers of steamboats, to be accompanied with statements from the examiners, of the fees paid in by them to the credit of the Receiver General. I have also to add that the returns of all collecting officers, controlled by this department, are compared with the list of certificates issued by the department.
I am, sir, your most obedient servant,

WM. SMITH, D.M.M. \& $F$.
The Auditor General.

## Marine and Fisheries Dept., Ottawa, December 14, 1893.

Sir,-I have to acknowledge your letter of the 12th instant referring to yours of October 6 last asking for a statement of all arrears due this department on June 30 last. In reply, I have to inform you that steps were taken to ascertain what would be a fair charge for rent of the Government wharf at Goderich for 1892-93. The information was obtained by a careful inquiry, from disinterested parties, by the Collector of Customs at Goderich, and has only recently reached this department.

The sum considered due by Mr. Dyment for the year 1892, rent of section A and B, is $\$ 350$, and Mr. Dyment has been requested to pay the sum. Inquiries have been made respecting the case in the court against Mr. Dyment under an old lease, but the matter has not yet been brought to trial, so far as the department has learned.

The department has made certain claims, amounting in all to $\$ 1,753.05$, from steamboat companies in Quebec for the use of certain wharfs. Upon the claims having been disputed, the matter was placed in the hands of the Justice Department for collection, and that department gave instructions to sue. The result is not yet known.

I am, sir, your obedient servant,
WM. SMITH, D.M.M. \& $F$.
The Auditor General.

In regard to the sale of the marine hospital at Quebec, I have to say that the case was referred to the Justice Department, and am informed will soon be settled.

## Refunds of Fishery Revenue.

Audit Office, Ottawa, February 8, 1893.
Sir, -In the accounts for the year 1891-92 I find that refunds of revenue were made to the amount of $\$ 2,287.16$. Of this amount cheques were issued in favour of Agent T. H. Elliott for $\$ 300$, and John Jeacle for $\$ 26$, and no vouchers furnished showing to whom these amount were repaid by them. All cheques should be made payable to the persons entitled to payment. The following cheques have not yet been furnished :3745 Wm . Lynd $\$ 162$
3762 Joseph Cyr. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 420
3764 Joseph Landry . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 285

3768 Jean Côté................................................ . . . . 288
3771 H. Thibodeau................................................. . . . . 288
3779 Jas. O. Paulin............................................... . . . 288
3781 John McKay . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2 25
3811 H. Chamberlain........................................... . . . . 450
Please let me know under what authority these refunds are made. If made under authority of Orders in Conncil in accordance with chap. 29, sec. 78, Revised Statutes, the orders should be furnished to this office. In order to audit these refunds it is necessary that the department should furnish a monthly statement, showing the date of payment, No. of cheque, name of person entitled to the refund, the amount, name of agent to whom the payment was made and the date of his return on which it appears.

I have the honour to le, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.

> J. L. McDOUGALL, a.G.

Marine and Fisheries Dept., Ottana, February 28, 1893.
Sir,-In answer to your letter of 8 th instant, $r$ re refunds of Fisheries Revenue, I am to inform you that cheque No. 3741 in favour of T. H. Elliott for $\$ 300$, was for return of money to-

| Jas. Glanville | \$100, paid | 5th May, 1892. |

| Ford Austin | 2 | R. Morris. |  |
| Geo. Bolton | 2 | J. Perkins | 2 |
| Patk. Donohoe |  |  |  |

of which amounts $\$ 2$ for J. F. Graham was paid on 4th November, 1892, and $\$ 24$ on the 11th November, 1892.

With reference to the cheques which you state have not been furnished, I am to inform you that cheques Nos. $3762,3764,3765,3771,3779$ and 3781 have been paid by the bank and sent to your department, while cheques Nos. 3745,3768 and 3811 have not yet been received from bank.

The cheques charged against Fisheries Revenue are for the repayment of money sent with applications for licenses. In the event of the department refusing to grant such license, the money which has been deposited to the credit of the Receiver General has to be returned. In these cases a cheque is drawn.

## Auditor General's Report, 1892-93.

A statement of cheques charged against Fisheries Revenue will be sent you every month as desired.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH. D.M.M. \& $F$.

## Re Fisheries Revenue.

Audit Office, Ottawa, February 14, 1893.
Sir,-The agents' returns for November last reached this office a few days ago. So far, no lists of licenses issued have been furnished for the present fiscal year. They are needed to audit the agents' returns. Is there any reason why these lists cannot be forwarded with the agents' returns?

I have to ask that the lists in arrears may be furnished as soon as possible, and directions given to have them sent forward promptly each month in the future.

> I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Audit Office, Ottawa, February 21, 1893.
Sir,-Please let me know when the following amounts came to account: $\$ 2.64$, part of J. A. Belyea's return for June transmitted by D. Marrow, and \$65, part of A. McQueen's return for June.

The following amounts have come to account, for which no returns have been furnished :-

$$
\text { Jas. Hickson-July.. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } \$ 30872
$$

D. E. Basted-October . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 500

Geo. S. Miller do ..................................... . . . . . 1000
J. D. McQueen do ...................................... . 300

Many of the returns furnished do not enter the date of receipt, and severalespecially those who report to inspectors-do not observe the regulations as to prompt remittance. The practice seems to be to remit only after the close of each month.

In C. Wilmot's return for June, $\$ 3.25$ is deducted for discount on cheques. Licensees remitting to inspectors should do so by bank draft, or if by cheque, add the discount.

I wrote you previously asking for the lists of licenses issued.
I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Audit Office, Ottawa, April 18, 1893.
Sir,-Lists have been received of the licenses issued for the provinces of Ontario, Quebec, New Brunswick, Nova Scotia and Prince Edward Island, but none for the provinces of Manitoba, North-west Territories and British Columbia.

These lists should be signed by yourself and the officer in charge of the issue.
Any licenses returned by inspectors should be furnished, with corresponding list.
Lists should be made up in consecutive order. If a form has been spoiled, or for any other reason has not been issued, a memo. to that effect should be made opposite to its number on the list, and the spoiled form furnished. The following numbers have been omitted from the list for Ontario: Seine and pound-nets Nos. 370 and 375 ; gillnets Nos. $845,846,933,996$ and 997 . Please explain the omissions.

Would it not be advisable to have printed consecutive numbers for each class of license?

Agents should put a memo. of all licenses on hand on the monthly return.
The receipts of the agent at Gaspé were : in July, $\$ 124.50$; in August, 831.40 , and in September, $\$ 28.40$. The deposits in acquittance were : November 12, $\$ 146.60$, and December 7, $\$ 37.70$. Why so great delay?

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, $A . G$.

The Deputy Minister of Marine and Fisheries.

Marine and Fisheries Dept., Ottawa, June 22, 1893.
Sin, - I have the honour to request that you will be pleased to transfer the sum of $\$ 1,300$ deposited by William Parker, of Sandwich, Ont., which is included in the March statement, deposit receipt No 31, from Fisheries Revenue and placed as a refund to Fish-Breeding Expenditure for the current fiscal year.

I have the honour to be, sir, your obedient servant,

$$
\text { WM. SMITH, D.M.M. \& } F \text {. }
$$

The Auditor General.

Audit Office, Ottawa, June 30, 1893.
Sir,-I have your letter of the 22nd instant, asking for a transfer of $\$ 1,300$ deposited by William Parker, of Sandwich, Ont., from Fisheries Revenue to the credit of FishBreeding Expenditure. As no explanations were furnished, I held the application pending the receipt of the March returns. These have since come to hand, but no particulars are furnished of this deposit. On examining the expenditure against FishBreeding, I do not find that any such amount was advanced to Mr. Parker. Please send me the papers showing the purpose for which this deposit was made, and I shall be glad to know the grounds upon which you ask to have it transferred.

I have the honour to be, sir, your obedient servant,
JOHN GORMAN, for A. it $^{\prime}$
The Deputy Minister of Marine and Fisheries.

Marine and Fisheries Dept., Ottawa, July 4, 1893.
Sir,--In reply to your letter of 30th ultimo, I have the honour to inform you that the sum of $\$ 1,300$ which it is proposed to transfer from Fisheries Revenue to the credit of Fish-Breeding Expenditure, represents the proceeds derived from the sale of fish captured by the department's nets, when procuring ova for the Sandwich Hatchery, and as the cost of taking these fish was charged to the appropriation for fish breeding, it is considered that any amount arising from the sale of the fish should be properly credited to this vote.

I have the honour to be, sir, your obedient servant,

> WM. SMITH, D.M.M. \& F.

The Auditor General.

Audit Office, Ottawa, July 7, 1893.
Sir,-I am in receipt of your letter of July 4, in reference to your application for a transfer of $\$ 1,300$ from Fisheries Revenue to the credit of Fish-Breeding Expenditure. This amount you state is the proceeds of the sale of fish captured by the department's nets when procuring ova for the Sandwich hatchery.

Though there is no specific provision fixing what receipts shall be treated as refunds of expenditure, yet sec. 48, chap. 29, R.S., seems to provide that a grant of Parliament shall not be supplemented from any other source. Hence the general practice has been to treat as refunds of expenditure only the following classes of receipts : (a) unexpended balances of advances made during the year ; $(b)$ refunds of overpayments charged during the year ; and (c) proceeds of the sale of articles or materials paid for out of the vote for the year. The earnings of certain steamers have been treated as refunds, as it was urged that the work was done for another department, was not contemplated
When the vote was granted, and that the expenditure was increased on account of having to do the work.

As to the item now under consideration it does seem to me that it should be treated like sales of trout fry, dc., and remain as it is at the credit of Fisheries Revenue. You omitted sending the papers and vouchers in reference to the sale.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.f.

The Deputy Minister of Marine and Fisheries.

## Marine and Fisheries, Dept., Ottawa, July 21, 1893.

$\mathrm{S}_{\mathrm{Ir}, \text {, -In reply to your letter of the } 17 \text { th instant, explaining at further length your }}$ objection to making a transfer entry for $\$ 1,300$, from Fisheries Revenue to Fish-Breeding Expenditure, I have the honour to state that although I am of opinion that my request for the transfer in question is a reasonnable one, I shall not press the matter in view of the objections you have raised. The amount may therefore remain at the credit of Fisheries Revenue.

I have the honour to be, sir, your obedient servant,

$$
\text { WM. SMITH, D.M. M. \& } F
$$

## Audit Office, Ottawa, August 3, 1893.

Sik,--The last revenue return with bank receipts that has come to account for credit of Fisheries Revenue reached this oftice on May 22, and included the receipts for April. The agents' returns corresponding have not been furnished. I have to request you to give instructions that all bank receipts appertaining to the revenue of 1892-93 may be sent forward at once ; and the agents' returns corresponding as soon as possible. When the bank receipts are not promptly forwarded each month, extra trouble arises in adjusting the bank accounts; and when the agents' returns are not forwarded the auditing is delayed.

I have the honour to be, sir, your obedient servant,

[^41]J. L. McDoUGaLI, A. $G$

Audit Office, Ottawa, June 16, 1893.
Sir,-To comply with the regulations adopted by the Treasury Board in reference to the audit of revenue accounts, a certified departmental summary should accompany the returns of your agents or officers when sending them to this office. I inclose a form for returns of sales at Experimental Farms, and a form for returns of cattle inspection, also a form of certificate to be entered on the return of seed grain mortgages furnished by Dominion Lands Commissioner.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.
Department of Agriculture, Ottawa, June 21, 1893.
Sir,-I have to acknowledge your letter of the 16 th inst., inclosing draft copies of forms showing the mode in which you desire certificates to be attached to revenue accounts. These will be followed as closely as possible.

I have the honour to be, sir, your obedient servant, The Auditor General.

JOHN LOWE, Dep. M.A.
DEPARTMENT OF AGRICULTURE.

I certify that Returns have been received for each month of the present fiscal year up to and inclusive of the month of -_ from all the Experimental Farms, with the exception of those noted above; that these Returns have been examined and certified by the Director of Experimental Farms, and are correct.

Deputy Minister Agriculture.
Accountant.

## DEPARTMENT OF AGRICULTURE.

Cattle Inspection.

I certify that Returns have been received for each month of the present fiscal year up to and inclusive of the month of ——_一_, from all inspectors of cattle, witt the exception of those noted above; that these Returns have been examined in this Department, compared with the counterfoils of receipts issued, with the tariff of fees, and with the returns of the Collectors of Customs to whom the fees are paid, and are correct.

# DEPARTMENT OF AGRICULTURE 

Seed Grain Mortgages.
Form of certificate by the Deputy Minister of Agriculture and the Accountant, to be made on the Return of the Commissioner of Dominion Lands, Winnipeg:-

I certify that this Return has been examined in this Department, compared with the counterfoils of receipts issued and with the ledger of seed grain mortgages kept in this Department, and entered up therein ; and that the amounts collected were the amounts which should have been collected.

Deputy Minister Agriculture.
Accountant.

## Re Arrears Due.

Audit Office, Ottawa, October 6, 1893.
Sir,-I have to ask for a detailed statement of all arrears due to your department on the 30th June last, which have not yet been satisfied : (1) by collecting officers ; (2) by disbursing officers; (3) by persons not Government officers.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

Audit Office, Ottawa, December 12, 1893.
Sir,-I have had no reply to my letter of October 6 last, asking for a statement of all arrears due to your department.

I have to request your earliest attention to this matter. This statement is needed for my report which cannot be delayed, and if the statement is not to hand when I am sending the accounts and correspondence of your department to the Queen's Printer, I shall be obliged to publish this and my letter of October 6.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Agriculture.

## Re Sale of Vernon Drill Shed.

Audit Office, Ottawa, March 28, 1893.
rectir, am returning herewith the account of Mr. I. B. Tackaberry, auctioneer, received with your letter of the 22nd inst. Please have it certified by the proper departmental officer as to the following points : that the sale was duly advertised and held in a public place; that the auctioneer's charges are fair and just; that the above statement is correct in every particular. The auctioneer's charge of $\$ 25$ for conducting the sale would seem to call for some explanation.

I have the honour to be, sir, your obedient servant,

## Department of Militia and Defence, Ottawa, May 22, 1893.

Sir,-In reply to your communication of the 28th March last, concerning the sale of the Vernon Drill Shed, I have the honour to inclose to you, herewith, a statement signed by I. B. Tackaberry the 9th June, 1892 ; a report from Lieut.Colonel B. Van Straubenzie, D.A.G., dated 18 th April, 189:3, and a letter from I. B. Tackaberry, of 19 th of the same month.

I understand that the 25 large posters which were sent from this office to the Deputy Adjutand that the 25 large posters which were sent from this office to the weeks before the date of the sale.

I have the honour to be, sir, your obedient servant,
B. SULTE, Acty. D.II.M. \& D.

The Auditor General.

Brigade Office, Kingston, April 18, 1893.
Full instructions for Mr. Tackaberry's information and guidance in re sale of drill shed, Vernon, were forwarded to him on the 16 th May last with orders to adhere to them in every particular. Posters were also forwarded. On the 9th August last ${ }^{\text {statement }}$ of sale with cheque for $\$ 66$ was transmitted to headquarters. Letter from Mr. Tackaberry in regard to charge of $\$ 25$ is herewith attached.

The Adjutant (ieneral.
B. VAN sTRAUBENZIE, D.A.(i., Lt.-Col.

Ortawa, April 19, 1893.
Dear Sir,- Yours of the 1 tht $r$ sale of Vernon drill shed received. Immediate!y after the above sale I rendered a statement with inclosed receipts and advertising and other expenses to the Militia Department, which was accepted by them as satisfactory. About six weeks ago they communicated with me with reference to the above statement which had beeks ago they communicated with me with rest, asking for another statement, and inclosing a declaration With reference to the sale and expenses. The declaration I signed and inclosed with another statement, which Capt. Benoit said was perfectly satisfactory. With reference to my charges of $\$ 25$, I may say that my charges in going out of the city is $\$ 50$, but taking into consideration the small amount realized in this case, I made a concession of one-half.

Believe me respectfully yours,
Lt.-Col. Van Straubenzie, D.A.G. I. B. TACKABERRY.

## Re Miscellaneous Revenue.

Audit Office, Otrawa, April 24, 1893.
$S_{\text {IR,-I }}$ am returning herewith, for the certificate of the proper departmental officer, the auctioneer's statement of the sale of a horse belonging to the Cavalry School, Quebec.

In future please forward all revenue vouchers and returns direct to this office with accompanying statement. Only the bank receipts and drafts and a statement of them should be sent to the Receiver General.

I bave the honour to be, sir, your obedient servant,

Dept. of Militia and Defence, Ottafa, May 3, 1893.
Sir, I have the honour to return to you, herewith, papers and certificate concerning the horse " Antelope" which was sold by auction in March last.

I have the honour to be, sir, your obedient servant,
B. SULTE, Acting D.M.M. \& D.

The Auditor General.

## Re Militia Revenue.

Audit Office, Ottawa, May 29, 1893.
SIR,-I have again to point out that you have not yet commenced to furnish the vouchers and certificates asked for in my letter of March 7, 1889.

The return of the Director of Stores as now furnished is incomplete, and not specifically certified; and the requisitions are not furnished. The return of rents is not specifically certified, the counterfoils of receipts issued are not furnished, nor any departmental summary of miscellaneous receipts. The returns of the Royal Military College are not specifically certified and the counterfoils are not furnished.

If any difficulty is found in complying with the requirements of my letter, I shall be glad to discuss the matter with you. I have deemed it advisable to write you again before submitting the correspondence to the Treasury Board.

I have the honour to be, sir, your obedient servant, J. L. McDOUGALI, A.G.

The Deputy Minister of Militia and Defence.

## Re Sale of Condemned Stores.

Audit Office, Ottawa, June 7, 1893.
Sir,-On the returns of the Director of Stores for the current year there appear the following items, the proceeds of sales of condemned stores :-

$$

No deposit receipts have been forwarded to the Receiver General covering these amounts, nor have the detailed statements and vouchers been furnished to this office. According to the returns these deposit receipts seem to have been received by your department shortly after their date. If so, they should have been forwarded to the Receiver General on the next revenue return succeeding their receipt. Your attention is requested.

I have the honour to be, sir, your obedient servant,

$$
\text { J. L. McDOUGALL, } A . G .
$$

The Deputy Minister of Militia and Defence.

Audit Office, Otrawa, July 3, 1893.
Sir,-I wrote you on June 7, calling your attention to the fact that no deposit receipts nor vouchers had come to account for proceeds of sales of condemned stores made in August, November and December last. As I have had no reply to my letter,
and neither the deposits nor the vouchers have yet been received, I have to inquire if ny letter reached you. The bank returns indicate that the deposits in question were made, and an explanation should be given why they have not been forwarded. As the fiscal year to which they belong is now closed, there is additional reason why these receipts should come to account, and I have to request your early attention to the matter.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia and Defence.

Dept. of Militia and Defence, Ottawa, July 7, 1893.
Sir,-With reference to your letters of the 7th ult. and 4th inst., I have the honour to inclose herewith account sales of condemned stores from the following auctioneers, viz. :-
I. B. Tackaberry, Ottawa
\$ 9540
Neil Cooper, London
11585
C. F. Hill, Winnipeg
18950
C. M. Henderson, Toronto
5800
do do
7480
St. John, N.B
1958

Some of the account sales had to be returned to the Superintendents of Stores for explanations, which caused delay. The deposit receipts for the proceeds of the account sales as above detailed, have been forwarded to the Department of Finance.

I have the honour to be, sir, your obedient servant, C. EUG. PANET, D.M.M. \& D. The Auditor General.

Otrawa, July 6, 1893.
Memorandum.-A large proportion of the condemned stores sold by public auction, Were returned from the Permanent Corps, having been reported upon by the several Boards of Survey as unserviceable and useless from wear and tear in the service. This will account in many instances, for the small amounts received from their sale by auction.

J. MACPHERSON, Lt.-Col., D. of $S$.

Audit Office, Ottawa, July 10, 1893.
Sir,-I $^{\text {an }}$ in receipt of your letter of the 7 th instant, inclosing statements and vouchers re sales of condemned stores. I am now returning all the bills for advertising, as they have not been certified by the Queen's Printer. The bills at Ottawa and Winnipeg invite criticism, being so much larger than the others. Were definite instructions given the auctioneers as to number of insertions, \&c.?

I have again to call your attention to the different rates of commission charged. On the sale at Ottawa consisting of 30 lots of tents and realizing $\$ 128.50,10$ per cent Was charged. On the sale at London consisting of 104 lots and realizing $\$ 138.85,10$ per cent was charged and $\$ 3.12$ additional for extra time. On the other sales three of which realized less and one more, only 5 per cent was charged.

It would be in compliance with the Statute and much more satisfactory were auctioneers to deposit the gross amount of these sales. When the bills for advertising and commission were received and approved in the department, they could be paid through the ordinary letter of credit, and made a charge against revenue.

The departmental stamp on all but one of the bank receipts shows that they were received shortly after the date of the respective sales. Their retention in your department has occasioned considerable correspondence, and extra trouble both in this office and the Finance Department in connection with the adjustment of the bank accounts. I understand that part of the delay arose from your requiring information from the ofticials through whom the sales were caused to be made. Even when you require explanations under similar circumstances in the future, be good enough not to delay the forwarding of the bank receipts.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

Dept. of Militia and Defence, Ottawa, August 3, 1893.
Sir,--Adverting to your letter of the l0th July, 1893, I have the honour to return to you, herewith, vouchers concerning the sale of condemned stores now duly certified by the Queen's Printer.

I have the honour to be, sir, your obedient servant,
C. EUG. PANET, D.M.M. \& D.

The Auditor General.

## Re Sale of Old Drill Shed Sites.

Audit Office, Ottawa, June 9, 1893.
Sir,-Lt.-Col. D'Orsonnens states in his letter of Dec. 9, 189\%, a copy of which has been furnished to this office, that he transmits a report of Mr. Wilbrod Thibault, B.Sc., on the sale of the sites of the old drill sheds at Abercorn and Sutton. The former was sold to H. H. Barnes for 875 , which was paid ; the latter to E. A. Dyer, M.P., for $\$ 100$, which was not paid, and the matter was left in abeyance by order. The bailiff retained $\$ 14$ for commission, and the balance of the $\$ 75$ was deposited to the credit of the Receiver General. There is a memo. on the copy of the letter to the effect that the sale was authorized by Order in Council of May 28, 1892 ; but I have not received a copy of the Order. Please let me have Mr. Thibault's report and the receipted account of the bailiff. I have also to inquire if this sale was advertised, and if the Sutton site has since been paid for?

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.
Deptr of Militia and Defence, Ottrawa, July 7, 1893.
Sir,-In reply to your letter of the 9 th ultimo, respecting the sales of the sites and debris of the old drill sheds at Abercorn and Sutton, I have the honour to furnish, as requested, the following particulars relating to the Sutton property :-

1. Mr. E. A. Dyer has not yet paid the $\$ 100$ purcbase money. Steps are being taken to enforce payment.
2. This payment was for the debris of the building only. After the Order in Council of the 28 th May, 1892, was passed, for the disposal of these old drill sheds and their sites, it was found that, in the case of the Sutton drill shed, the land had been given by the municipality for use as a drill shed (in addition to a money contribution, the Municipal Council having gone to an expense of some $\$ 1,100$ in connection with the two buildings, at Abercorn and Sutton) ; and, upon the application of the Municipal Council, an Order in Council was passed on the 31st October, 1892, granting the site of the Sutton shed to the municipality again.
3. The auction sales were advertised by printed posters (supplied in blank by this department, with spaces for filling in places and dates) posted up in the locality and neighbourhood. This department does not incur the expense of newspaper advertising , in such cases; the expense would often exceed the amount realized from the sale.
4. A copy of the Order in Council of 28th May, 1892, is inclosed, as requested. The second Order in Council, of 31st October, 1892, amends it only in transferring the site of the Sutton shed to the municipality, as above mentioned.
5. Mr. Thibault's report and certificates are herewith forwarded to you,', as requested.

I have the honour to be, sir, your obedient servant,
C. EUG. PANET, D.M.M. \& D.

The Auditor General.

Dept. of Militia and Defence, Ottawa, December 22, 1893.
SIR,--In reply to your inquiry I have the honour to state that the site upon which the drill shed at Sutton had stood some time ago, was sold by public auction to Eugene A. Dyer, Esq., M.P., but before Mr. Dyer had paid the purchase money, it was found that the property belonged to the Sutton municipality, and therefore the department handed it over to the latter party, when Mr. Dyer agreed to that arrangement.

I have the honour to be, sir, your obedient servant,
C. EUG. PANET, D.M.M. \& D. The Auditor General.

## Re Arrears Due.

Audit Office, Ottawa, February 9, 1893.
Sir,-I am without any reply to my letter of September 20 last in reference to the arrears due by the late paymaster DeBellefeuille and the estate of Beaudet \& Chinic. I have the honour to be, sir, your obedient servant, J. L. McDoUgall, A.G. The Deputy Minister of Militia.

Audit Office, Ottawa, May 27, 1893.
$S_{\text {IR, -I }}$ wrote you September 20, 189 2 , asking if anything had been recovered on account of the balance against the late paymaster DeBellefeuille; also in reference to balance due by the estate of Beaudet \& Chinic which was guaranteed by Major Prévost.

I have had no reply, and I have again to request your attention to the matter.
I observe by an item in this year's revenue that a final dividend has been paid by the estate of Beaudet \& Chinic. As nothing more can be expected from that source I should be glad to know what action you are taking to secure payment of the balance from Major Prévost.

I have the honour to be, sir, your obedient servant, J. L. McDOUGALL, a.g.

The Deputy Minister of Militia.

Dept. of Militia and Defence, Ottaifa, June 16, 1893.
Sir, - Adverting to your letter of the 5th January, 1891, and to the first part of your letter of the 27 th ultimo, respecting the balance against the late paymaster

DeBellefeuille, I have the honour to inform you that, as previously stated, the matter is in the hands of the Department of Justice. The attention of that department has been drawn to the subject, and to your request for information how the legal action therein progresses.

I have the honour $t o$ be, sir, your obedient servant,
B. SULTE, Acting D.M.M. \& D.

The Auditor General.
P.S.-The latter part of your letter of the 27 th ultimo, respecting the Beaudet d Chinic estate, forms in this department a separate correspondence (docket A8307). You will be communicated with shortly in reply.

Audir Office, Otrawa, July 10, 1893.
Sir,--Referring to your letter of Nov. 8, 1892, inclosing a statement of arrears due for military rents, I have to inquire what action has since been taken towards collecting these arrears. You stated that the following claims had been transferred to the Department of Justice for collection in December, 1890:-J. B. Mills, Annapolis, $\$ 854.68$; Rev. D. Anderson, Quebec, $\$ 135$; Widow M. Simpson, Lévis, $\$ 72$; Widow Paquet, Lévis, $\$ 25$; M. Vachon, Lévis, $\$ 24$. Please let me know the result. Are these tenants still in possession of the properties?

I have the honour to be, sir, your obedient servant, The Deputy Minister of Militia.
J. L. McDOUGALL, A.G.

Audit Ofrice, Otrawa, October 6, 1893.
Sir,-I have to ask for a detailed statement of all arrears due to your department on the 30th June last, which have not yet been satisfied: (1) by collecting officers; (2) by disbursing officers ; (3) by persons not Government officers.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Militia and Defence.

Audit Office, Ottawa, December 12, 1893.
Sir,- I have had no reply to my letter of October 6 last asking for a statement of all arrears due to your department.

I have to request your earliest attention to this matter. This statement is needed for my report which cannot be delayed, and if the statement is not to hand when I am sending the accounts and correspondence of your department to the Queen's Printer, I. shall be obliged to publish this and my letter of October 6.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, $A . G$.

The Deputy Minister of Militia and Defence.

## Re Non-payment for Bill Stamps.

Audit Office, Ottawa, May 19, 1893.
Sir,-Referring to the previous correspondence in respect to a claim of the Department of Inland Revenue of $\$ 160$ against Judge Macleod, N.W.T., for bill stamps forwarded to him in 1881, I have now to inquire what, if any, disposition has since been made of the matter,

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.fí

The Deputy Minister of Justice.

Depr. of Justice, Ottawa, May 29, 1893.
Sir,-In reply to your letter of 19 th inst., I have the honour to inform you that $I$ have written to Mr: Justice Macleod, advising him that unless the account is paid, legal proceedings will have to be taken.

Your obedient, ،c.,
E. L. NEWCOMBE, D.M.J.

The Auditor General.

## Re Arrears due.

Audit Office, Ottawa, Oct 6, 1893.
Sir,-I have to ask for a detailed statement of all arrears due to your department on June 30 last, which have not yet been satisfied: (1) by collecting officers; (2) by disbursing officers ; (3) by persons not Government officers.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

Audit Office, Ottawa, December 12, 1893.
Sir,-I have had no reply to my letter of October 6 last, asking for a statement of all arrears due to your department; and I have to request your earliest attention to this matter. This statement is needed for my report, which cannot be delayed, and if the statement is not to hand when I am sending the accounts and correspondence of your department to the Queen's Printer, I shall be obliged to publish this and my letter of October 6.

I have the honour to be, sir, your obedient servant, J. L. McDOUGaLL, d. $G$.

Audit Office, Otrawa, December 14, 1892.
$S_{\text {Ir, -II }}$ have the statements of arrears for speeches and publications and for voters' lists.

I would suggest that each of the debtors be at once notified that immediate payment of the claim against him is required. I am not aware that there is an authority for giving credit for the price of Government property. It appears to me that you should receive payment before the delivery of the goods. If there is an express office where the purchaser lives, the parcel may be sent C.O.D. If there is not, there seems to be no way to meet the case except by giving notice when the order is received that it will be filled as soon as payment is made.

I have the honour to be, sir, your obedient servant,

J. L. McDoUGall, a.fi.

The Queen's Printer.

## Dept. of Public Printing and Stationery, Ottawa, December 15, 1892.

Sir,--I have the honour to acknowledge the receipt of your letter dated December 14 and would remark that so manifest a duty as that of sending bills and requesting payment more than once has naturally suggested itself to me already, and that I shall most certainly continue to press for payment until these accounts are settled.

The question you raise as to my authority to deliver publications before payment is answered by the Order in Council of May 19, 1886, where it is contemplated that I shall send out publications on credit to certain persons. The object is that the public documents shall be readily accessible at a low rate-just the cost of paper and presswork. To carry out this idea the publications go free by mail. When a letter is received from a person quite unknown, and no pressing reason appears, I have been in the habit of writing and asking for a remittance, and very many applications are so treated; but when an official person or a member of Parliament, or a bookseller of good standing applies by letter or by telegraph it has been the custom to supply the publications by post free and send the bill with request for payment.

You will readily see that to do otherwise would entail a great public inconvenience. These documents are not printed primarily for sale, but for the information of Parliament; and another chief object is that the information should be easily accessible to the public at the lowest rate. If, then, a document-say the Trade and Navigation Report, costing 45 cents, be telegraphed or written for and I send it by express C.O.D. as you suggest, it will cost at least 25 cents for the freight plus 25 cents more for collection and the time taken in transmission would perhaps defeat the object for which the publication was required. Apply the rule to places so far away as Nova Scotia or the far West and the one main object of these publications would be defeated.

A glance at the list I had the honour to furnish at your request will show that the amounts outstanding are very few if members of Parliament be omitted. The only item of any amount is that of Mr. Periard, a bookseller, who happened to die the day before the draft fell due; this will no doubt be paid by his estate. Since I have been Queen's Printer I have been drawing the lines as close as, in my humble opinion, they can be drawn in the public interest; and I have even adopted the plan so universal in business of depositing in the bank drafts for collection on all business firms who do not pay promptly for publications sent, and in this way I have collected many items which would have fallen into arrear. The Treasury Board, if you submit this letter, will no doubt take order upon it if it be deemed desirable, but I would most earnestly deprecate any hard and fast rule which would place the Government in antagonism with every intelligent person who may require to use these documents. The knowledge that outstanding accounts are liable to appear in your annual report would seem to be a check sufficient in the public interest. The loss of a few blue books more or less which in any case have to be printed and distributed would not, in my humble opinion, justify such extreme measures as you suggest.

#### Abstract

The matter of distribution is a difficult one to settle by a universal rule, and, in any case, I shall continue to endeavour to prevent any abuses until the freedom of judgment which I now undoubtedly possess under the Order in Council of May 19, 1886-of which I beg to inclose a copy-is revoked.

I have the honour to be, sir, your obedient servant,

> S. E. DAWSON, Queen's Printer, dr.

The Auditor General.

On a memorandum dated 19th May, 1886, from the Secretary of State, representing that certain printed public documents are about to be transferred to the Queen's Printer
for sale and that others will probably be transferred for a like purpose, from time to time and it is therefore expedient that a basis should be settled for fixing the prices at which such Government publications may be sold.

The Minister observes that following the rule generally acted on in England, it is recommended that the actual cost of production of the ordinary annual reports, etc., be or ${ }^{\text {or }}$ Ped, less the composition or type-setting (which is of necessity done for Government or Parliamentary use). For special reports or those of unusual value the full cost, including composition, might properly be charged, and this rule should also be followed in any case in which the demand is so great as to call for a second edition.

That in all cases $33 \frac{1}{3}$ per cent should be added to the prices thus ascertained, so that a trade discount of 25 per cent may be allowed to those purchasing to sell again.

The Minister, in order to enable the public to procure these publications more easily, recommends that he be authorized to appoint one or more booksellers, in each of the provincial capitals and great cities, who will be from time to time supplied with newly issued publications and price lists, to enable them to advertise and dispose of the same. The Committee submit the same for Your Excellency's approval.

To the Honourable<br>The Secretary of State.

JOHN J. McGEE, ('.l'.C.

Audit Office, Otrawa, December 17, 1892.
Sir,-Before answering your letter of the 15 th instant in reply to mine of the previous day, regarding the terms on which, in my opinion, publications and voters' lists should be disposed of, I should be glad to know whether you have any objection to my ${ }^{\text {suggestion }}$ as far as the voters' lists are concerned, your remarks having been confined to the question of the sale of publications.

> I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Queen's Printer, \&c.

Dept. of Public Printing and Stationery, Ottawa, December 17, 1892.
$\mathrm{S}_{1 \mathrm{R},-\mathrm{The}}$ sale of voters' lists brings up one'of the most difficult questions I have to deal with, viz., the fact that they are mainly sent out on orders from members of Parliament and at times when a contest is going on requiring the greatest despatch. Most of them are by telegraph. If I delay the delivery until the price is paid I should have some very strong order of the Treasury Board to fall back upon.

As I write it occurs to me to suggest that the best way to settle this matter is to throw the sale upon the revising officers. The revising barristers are independent
otticers--they already act as agents for the sale of voters' lists and account to you and you have always money in hand to make deductions from. If the Treasury Board see fit an order might be passed something in this strain :
"That, in order to place the voters' lists within the easiest possible reach of those concerned, it is expedient that the sale be entrusted chiefly to the revising officers and that the Qneen's Printer send to them a larger number than at present so that there may always be a sufficient supply available in each locality. The sales made by revising officers to be accounted for to the Auditor General as heretofore.
"That, excepting the copies thus sent to the revising officers for sale, the Queen's Printer shall not deliver voters' lists to any person whoever save upon payment of the authorized price."

This change should, I think, be prospective and be made widely known.
I have the honour to be, sir, your obedient servant,
S. E. DAWSON, Queen* Printer, de.

The Auditor General.

## Re Waste Paper.

Audit Office, Ottana, May 29, 1893.
Sir,-In your letter of Oct. 24, 1892, you stated that you had not been able to obtain control of the waste paper of the Senate without the consent of the Committee of Internal Economy. I have now to inquire if that consent was obtained during last Session, and if the waste paper of the Senate is now sold and accounted for.

> I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Queen's Printer, de.

Deptr. of Public Printing and Stationery, Ottana, May 30, 1893.
Sir,-In reply to your letter of the 29 th I beg to inform you that I have received a letter from the Clerk of the Senate stating that my application for the waste paper of the Senate has been placed before the Committee for Internal Economy, since which time I have heard nothing of the matter; and it therefore remains in the same state as before.

> I have the honour to be, sir, your obedient servant,
S. E. DAWSON, Queens Printer, dc.

## Department of State.

## Department of State.

Civil Service Examination Fees.
Fees of Candidates present at Examinations during 1892-93.

## Re Depositing Fees.

Dept. of Secretary of State, Ottawa, Sept. 21, 1893.
Sir,-In transmitting you herewith the customary statement of the receipt and deposit of fees of this department for the month ended. August 31 ultimo, I beg to say that the regulations of the Treasury Board, to which you recently called my attention, with respect to the deposit of amounts received, and which as you will observe have not been quite precisely complied with during the month above mentioned owing to great pressure of work in this office, will in future be carried out as strictly as possible.

I have the honour to be, sir, your obedient servant, The Auditor General.
L. A. CATELLIER, U.S.S.

## Re Fees on Commissions.

Audit Office, Ottawa, April 13, 1893.
SIR,--Keferring to the list of public officers to whom commissions have issued during the year 1892, published in your report for 1892, page 46, I find some from whom no fees have come to account.

Please let me know why these fees have not been collected. Have the commissions been delivered; and have the officials been notified of the amount of fees due, and payment requested?

I have also to ask what steps have been taken to collect the arrears due for fees on commisions issued previous to 1892.

I have the honour to be, sir, your obedient servant,

## Re Arrears Due.

Dept. of Secretary of State, Ottawa, December 13, 1893.
Sir,-Referring to your communication of the 6 th October last, requesting to be furnished with a statement of arrears due this department on the 30th June last, I have the honour to state that these arrears are almost entirely composed of fees upon commissions to public officers, the liability for payment of which is disputed, on the grounds that no statutory authority exists for the imposition of the same, and that as the objection appears to be well taken, the Secretary of State is of opinion that the publication of the names of those gentlemen against whom these unsatisfied demands bave been of the names of those gentlemen against whom these unsation only be unfair but would serve no public end.

The remaining arrears, if such they can be called, consist of fees upon commissions Which, with but a few exceptions, aggregating as to the charges an insignificant amount, have not been accepted and still remain in the department. In this case, also, as it would be difficult to establish an obligation to accept the commissions and a consequent liability for the payment of fees thereon, the publication of names would be to ${ }^{n o}$ purpose.

I may add that the recurrence of this disputed liability is now prevented by the
"Amendment to the Act respecting commissions to public officers," passed last session, by which the imposition of fees for commissions to all officers and dignitaries of the public service is provided for, and that under the authority of the said Act and Amendment a tariff of the fees chargeable has been established by Order of His Excellency the Governor General in Council, with the proviso that no document upon Which a fee is payable shall be delivered out of the department until the fee is paid. The Auditor I have the honour to be, sir, your obedient servant,
L. A. CATELLIER, U.S.S.

Audit Office, Ottawa, December 14, 1893. of thir,-I have received your letter of yesterday and think, as you do as to the cases pay bye officials who refuse to pay for their commissions. They were not compelled to by the Statute as it stood at the time.
to Respecting those to whom the documents have not been furnished and who refuse Justice? The other cases of arrears which it is assumed are not disputed and which you say are few, have not been furnished and no explanation given.

In this connection I would also call your attention to my letters of 13th February and 13 th April last to which I have not had any reply.

$$
\begin{aligned}
& \text { The Under Secretary of State. }
\end{aligned}
$$

## Dept. Secretary of State, Ottawa, December 16, 1893.

$S_{\text {IR,-In }}$ In continuation of prior correspondence respecting arrears due this depart-
letter on the 30th June last, I have now the honour to acknowledge the receipt of your Wi the 14 th instant upon the subject.
should With regard to your suggestion that the opinion of the Department of Justice Who refustained respecting those to whom commissions have not been delivered and ence. refuse to pay therefor, I scarcely see what benefit would be derived from such referdelivered acceptance of these commissions was not obligatory; they have not been Ased; and, consequently, no liability can exist for the payment of fees thereon.
not As to the few other cases in which, while the liability is not disputed, the fees have
which been paid, a further effort shall be made to collect the amounts, the result of Turning communicated to you.
the Turning to your previous letters, to which you draw my attention, I submit that cient. explanations furnished in the monthly statements from this department are suffiIn all the cases, with two exceptions in which you will find that the fees have

$$
1-15 \frac{1}{2} F
$$

been paid and duly accounted for, either as already set forth in these statements, there was no statutory authority for the imposition of fees, or the offices held were not included in the then existing tariff, or else the appointees were specially exempted by Order in Council, from the payment of a fee upon their commissions.

The publication in any form of the names of these gentlemen, some of whom are now deceased, on account of their refusal or failure to pay fees for which as you admit they were not legally liable, appears to me to be wholly uncalled for, and I do not think that a further demand for the amounts, under penalty of such publication if the demand be not complied with, would be justifiable.

As I observed in my letter of the 13th inst., the "Amendment to the Act respecting Commissions to Public Officers," passed last session, and the new tariff established thereunder by Order in Council which is strictly adhered to, does away with the possibility of any recurrence of this question of disputed liability.

I have the honour to be, sir, your obedient servant,
The Auditor General.
L. A. CATELLIER, Under Secretary of State.

Audit Office, Ottawa, December 18, 1893.
SIR,-I am in receipt of your letter of the 16 th inst. in further reference to the commissions issued by your department, the fees on which have not been paid.

I beg to say in reply that I have no desire nor intention to publish the names of any persons to whom commissions were issued, the fees for which the statute then in force did not demand payment. Further, I have every desire to avoid publishing the names of those indebted to you and other departments.

I am endeavouring to obtain payment of the indebtedness after the statements have been furnished to this office. When payments are made the names are of course struck out.

In your letter of the 13th you referred to three classes of officials who had not paid for commission: (1) those who were not liable for the fee; (2) those who refused to pay the fee and whose commissions you still withhold; and (3) other cases about which it would seem there was no doubt, there being a clear liability. As I stated in my letter of the 14th, I agree with you as to the first class, and suggested a reference to the Department of Justice of the questior. whether or not those of the second class were obliged to pay the fees on the commissions issued in their names. You now state that "the acceptance of these commissions was not obligatory, they have not been delivered, and consequently no liability can exist for the payment of fees thereon." If you have not obtainel the decision of the Department of Justice on this point I still am of opinion you should. As to the third class you state that "a further effort shall be made to collect the amounts, the result of which shall be communicated to you."

Without further explanations than I have received there does not seem to be any reason why the names coming under this class should not be published.

I have the honour to be, sir, your obedient servant,
The Under Secretary of State.
Dept. of Secretary of State, Ottawa, January 3, 1894.
Sir,-Adverting to the subject of your letter of the 6th October last, I have now the honour to inform you that there are no arrears due this Department.

I have the honour to be, sir, your obedient servant,
L. A. CATELLIER, U.S.S.

The Auditor General,

## Department of Indian Affairs.

Department of Indian Affairs.

## Re Indian Fund Revenue.

## Audit Office, Ottawa, January 27, 1893.

Sir,-Referring to the returns of ayents for the first three months of the present fiscal year, all that have reached this office, I have to ask your attention to the following observations :-

Though I wrote previously that the agents at Strathroy, Tyendinaga, Wiarton and Cockburn Island were not observing the regulations as to the prompt deposit or remittance of their receipts, I do not find that any improvement has been effected. I have now to add the agent at Maniwaki for the month of August.

The following counterfoils are missing :-
Agent at Maniwaki
C. 2400 and C. 6217
do Victoria, B.C
C. 1075
do Thessalon
B. 1433

If a receipt is cancelled or spoiled it should be furnished with the return.

A statement is furnished by Agent Muckle of wood sold off the St. Peter's Band reserve, amounting to $\$ 994.90$, for which it is stated the Indians received goods, per attached accounts. The accounts were not forwarded to this office. If this sale of wood is to continue would it not be better that the proceeds should be deposited to the credit of the Band and disbursements made through your ordinary letter of credit accounts.

I have the honour to be, sir, your obedient servant,

J. L. McDoUgall, a.g.

The Deputy Supt. General of Indian Affairs.

$$
\text { Audit Office, Ottawa, May 1, } 1893 .
$$

Sir,-I have to ask if the indebtedness of Mr. P. McLaren, of Perth, for balance due on a purchase of a mill in the North-west Territories, referred to in your letter of March 21, 1888, has been paid. If not please let me know the present position of the claim, and what action has been taken in the matter.

## I have the honour to be, sir, your obedient servant,

J. L. McDoUgall, a.g.

The Deputy Supt. General of Indian Affairs.

Dept. of Indian Affairs, Ottana, May 6, 1893.
Sir,--Referring to the letter from your department of the 1st instant, inquiring if the indebtedness of Mr. P. McLaren, of Perth, for balance due on the purchase of a mill in the North-west Territories, referred to in my letter of the 21st March, 1888, has been paid, and, if not, to let you know the present position of the claim and what action has been taken in the matter, I beg to inform you that the balance has not been paid ; and the following amounts on account thereof are due :-

| Principal | \$4,000 |
| :---: | :---: |
| Interest, $10 \frac{1}{2}$ years to 21 st April, 1893, 6 per cent | 2,520 |
| Total due on the 21st ultimo | \$6,520 |

Mr. McLaren, Mr. Haggart, who was acting for Mr. McLaren in the matter of the above mill property, and Mr. A. Ferguson, Mr. McLaren's solicitor at Ottawa, have been repeatedly applied to for payment of the balance of principal and interest.

It is contended, on behalf of Mr. McLaren, that a deduction of $\$ 2,500$ should be made from the price of the mill, which amount Mr. McLaren considered was the value of the timber limit he was to receive with the mill.

It was claimed also that an additional amount should be deducted from the amount claimed on account of the alleged incompleteness of the mill. Both of these claims were rejected by the department ; and Mr. McLaren, through his solicitor, was informed of the same, and that he must pay the net amount of principal and interest still due on account of his purchase of the mill property at Old Man's River.

Your obedient servant,
L. VANKOUGHNET, D.S.G.I.A.

Audit Office, Ottawa, May 9, 1893.
$\mathrm{S}_{\mathrm{Ir},-\mathrm{I}}$ have received your letter of May 6, in reference to the claim against Mr. P. McLaren, of Perth. You state there is a balance due of principal and interest on April 21 last, of $\$ 6,520$. As this claim is now so long past due, it would seem that steps should be taken without any further delay to secure payment. Would you be good enough to advise me of your action in the matter.

I have the honour to be, sir, your obedient servant,
J. L. McDoUGalL, A.g.

The Deputy Supt. General of Indian Affairs.

Dept. of Indian Affairs, Ottawa, May 15, 1893.
Sir,_-I have the honour to acknowledge the receipt of your letter of the 9 th inst., with reference to the claim against Mr. P. McLaren, of Perth, on account of the unpaid balance of the mill property on the OId Man's River, in the North-west Territories, purchased by him from this department in 1881-82, amounting, on the 21st ultimo, to the $\mathrm{B}_{\mathrm{on}}$ of $\$ 6,520$ for principal and interest ; and in reply, I beg to inform you that the $H_{0 n}$. Senator McLaren has been notified to pay without further delay.

Your obedient servant,

L. VANKOUGHNET, D.S.G.I.A.

The Auditor General.

Audit Office, Ottawa, May 5, 1893.
$\mathrm{S}_{\mathrm{IR},-\mathrm{I}}$ wrote you some time ago for an explanation of the non-payment of the instalments due by Lt. Col. de Winton for cattle sold him. You replied that the cattle had not all been delivered to him ; that Captain Stewart failed to deliver 312 two-year-old heifers as agreed. You also stated that the Department of Justice had been requested to collect from Capt. Stewart the value of these heifers. I have now to ask if anything has been realized, and in what condition the transaction now stands.

I have the honour to be, sir, your obedient servant, The Deputy Supt. Gẹneral of Indian Affairs.

J. L. McDOUGALL, $A . G$.

Deptr of Indian Affairs, Ottawa, May 8, 1893.
$\mathrm{S}_{\mathrm{IR}, \text {,-Referring to }}$ your letter of the 5th instant, relative to the claim of this department against Capt. Stewart on account of 312 two-year-old heifers not delivered by him ; in respect of which you inquire whether anything has been realized and in what condition the transaction now stands, I beg to inform you that, on inquiry recently made of the Department of Justice, this department was advised that action was brought to recover $\$ 8,255$, a defence was put in and the defendant was examined for discovery in the winter of 1886 , and that shortly afterwards the late Premier, Sir John Macdonald, directed Messrs. O'Connor, Hogg \& Balderson, the agents of the Department of Justice, not to proceed any further with the suit until they were further instructed. The Deputy Minister of Justice further stated that the action was in such a position that it could be set down for trial at any time it will be convenient for the officers having charge of the matter, and the trial proceeded with.

Upon submitting the question to the Supt. General of Indian Affairs, it was decided that
a further stay of proceedings should be made, as it was not certain that Mr.

Stewart was now worth the amount claimed, even if judgment were recovered against him. On the question of Mr. Stewart's solvency, the Indian Commissioner for the North-west is being written to for information.

Your obedient servant,
L. VANKOUGHNET, D.S.G.I.A.

The Auditor General.

## Re Indian Fund Revenue.

Dept. of Indian Affairs, Ottaifa, June 8, 1893.
Sir,-I inclose a statement of deposits that have come to account, amounting to $\$ 6,649.35$, for which the agents' returns have not been furnished, or which do not appear on the returns that have been furnished. Collections by agents who have no books of receipt forms should be covered by a departmental receipt and be entered on the departmental return. Please have the missing returns procured and forwarded as soon as possible, and direct that in future care be taken to furnish returns covering all deposits.

The agents at Strathroy, Thessalon and Cockburn Island have not been depositing their receipts as promptly as they should to comply with the Treasury regulations.

On the revenue return for the Receiver General for February, there was entered a receipt of the Merchants Bank, No. 40, for $\$ 75$, but the receipt was not furnished. I do not find that it has since come to account.

Books of receipt forms should be sent out in consecutive order. The following counterfoils are missing ; if a receipt is spoiled or cancelled it and the counterfoil should be forwarded with the monthly return.

The agent at Alnwick accounts for receipt C. 3703 on January return, and the next item is February 16 and is entered as C. 1572. Please explain what became of the receipts from 3703 to 3800 and from 1501 to 1572 . An agent should not be furnished with a new book of receipt forms unless his returns indicate that those on hand are nearly exhausted.

I have the honour to be, sir, your obedient servant,
The Deputy Supt. General of Indian Affairs.

J. L. McDougall, a.g.

## Re Casual Revenue.

Acdit Office, Ottawa, June 26, 1893.
Sir,--On August 26, 1891, a deposit was made by the Indian Commissioner in the Bank of Montreal, Regina, of $\$ 43.34$, bearing the following endorsement: "First payment by Mr. A. W. Ponton, D.L.S., on transit purchased by department." Please let me know if the balance due on this transit was paid, and if so, when it came to account.

In respect to items of this nature, and in fact all items that are credited as Casual Revenue, it is desirable that fuller particulars should be given. In the present case a memo. should be furnished showing the authority for selling the transit, the amount it

## Auditor General's Report, 1892-93.

[^42]I have the honour to be, sir, your obedient servant, The Deputy Supt. General of Indian Affairs.

J. L. McDOUGALL, A.g.

Dept. of Indian Affairs, Ottawa, July 4, 1893.
$S_{I_{R},-I n}$ reply to the inquiries made in your letter of the 26 th ultimo, respecting a deposit made by to the inquiries made in your letter of the 26 th ultimo, respecting
accoun Commissioner in the Bank of Montreal, Regina, on account of a transit purchased by the department for Mr. A. W. Ponton, I have the $b_{\text {bonour to inform you that Mr. Ponton has allowed his payments to fall into arrear. }}^{\text {F }}$

Four instalments remain unpaid, two of which are now due, and Mr. Ponton has been asked to forward the amount of these two instalments at once, when it will be accounted for.

I may add that your instructions with regard to Casual Revenue will be observed.
Your obedient servant,
L. VANKOUGHNET, D.S.G.I.A.

The Auditor General.

Housa of Commons.

House of Commons, Ottawa, Dec. 13, 1893.
Sir. - In reply to your letter of the 6th October last, and that of the 12 th inst., asking for a statement of all arrears due to this department, I have the honour to inforn you that there are no arrears due to the House of Commons.

I have the honour to be, sir, your obedient servant,
J. G. BOURINOT

The Auditor General.

## Senate.

## Re Waste Paper.

Audit Office, Ottawa, May 29, 1893.
Sir,-In your letter of July 15, 1892, you stated that you would submit my letter $r e$ waste paper to the Committee on Contingent Accounts at the next session of Parliament.

Please let me know the decision of the Committee, and what disposal is now made of the waste paper.

I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Clerk of the Senate.

## Re Sales of Publications.

the Sir,-I wrote you June 7, in reference to the delay in rendering statements of dated March publications and depositing the proceeds. A deposit receipt for \$55.45, deposit is 16 last came to account a few days ago. The endorsation shows that this have previous sales, to Dec. 31. No statement of the sales has yet come to hand. I reque previously called your attention to the Treasury regulations, and I have again to sales frot that they may be closely observed. A deposit should at once be made for the
Sept. 30 January 1 to June 30, and a detailed statement rendered of the sales since All 1892.
of each deposit receipts should be forwarded to the Receiver General at the beginning. ach month, if not more frequently.

I have the honour to be, sir, your obedient servant, The Director, Geological Survey.
J. L. McDoUGaLL, a.g.

1
Geological Survey, Ottawa, July 17, 1893.
I beg to-Referring to yours of the 4 th inst. relative to the sales of survey publications, on the state that a deposit of $\$ 104.74$ was placed to the credit of the Receiver General ment onth inst., and Bank of Montreal receipt No. 972 therefor sent to the departon the same date.
A detailed statement of the sales is sent you under another cover to-day.
In future a statement of all receipts on account of sales will be forwarded to you
I have the honour to be, sir, your obedient servant,
The Auditor General.
J. F. WHITEAVES, Acting D. H. \& D.

## Re Arrears Due.

Audit Office, Otriawa, October 6, 1893.
Sin, -I have to ask you for a detailed statement of all arrears due to your departofficers ; (2) 30th June last, which have not yet been satisfied: (1) by collecting ; (2) by disbursing officers; (3) by persons not Government officers.

I have the honour to be, sir, your obedient servant,
The Director, Geological Survey.

> J. L. McDOUGALL, A.G.

Audit Office, Otfawa, Dec. 12, 1893.
Sir,-I have had no reply to my letter of October 6 last, asking for a statement of all arrears due to your department.

I have to request your earliest attention to this matter. This statement is needed for my report, which cannot be delayed, and if the statement is not to hand when I ami sending the accounts and correspondence of your department to the Queen's Printer, I shall be obliged to publish this and my letter of October 6.

## I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Director, Geological Survey.

Ottawa, December 26, 1893.
Sir,-II have to acknowledge receipt of copy of your letter of October 6, asking for a detailed statement of all arrears due on June 30 last, which have not yet been satisfied: (1) by collectors: (2) by disbursing officers; (3) by persons not Government officers.

In reply I beg to say: (1) that there are no collecting officers in connection with the mounted police service; (2) disbursing officers have accounted for all amounts advanced to them prior to June 30 last ; (3) no amounts are due by persons not Government officers.

> I have the honour to be, sir, your obedient servant,

FRED. WHITE, Comptroller.
The Auditor General.

[^0]:    Note.-See Index at the end of the Report.

[^1]:    * Orer 35 years' strvice.

[^2]:    * Over 35 years' service.
    + Completed 35 years' service March, 1893.

[^3]:    *Oyer 35 years' service.

[^4]:    *Over 35 years' service.

[^5]:    * Over 35 years' service.

[^6]:    * Over 35 years' service.

[^7]:    Note.--This list does not include the printing done for returning officers, or that done in the Government Printing Bureau at Ottawa.

[^8]:    a. Rate of interest reduced from 4 per cent to $3 \frac{1}{2}$ per cent. b. Interest not called for.

[^9]:    $a$ One vacancy on 1st July filled later. $b$ One vacancy occurring during the year not filled and increases paid later than estimated. $c$ Increases paid later than estimated. $d$ Two vacancies on 1st July filled later, increases withheld, suspensions, and increases paid later than estimated. e Increases ; aid later than estimated. $f$ One vacancy on 1st July filled later, suspension, and increases paid later than estimated.

[^10]:    *A. B. Hudson.

[^11]:    Examined,
    H. R. Moore.

[^12]:    Examined,
    F. Hayter.

[^13]:    Examined, J. W. Reid.

[^14]:    *For details of Salaries see Part A, "Salaries at Ottawa.'

[^15]:    To the Accountant of Contingencies.-J. G. Moylan's travel account :
    Disbursements visiting St. Vincent de Paul Penitentiary from 12th to 22nd June, for livery, tolls, meals, \&c., for teamster
    Please ask for a detailed statement.

[^16]:    Gratuity to P. Crimmins for $16 \frac{3}{12}$ years' service in Rockwood Asylum while that institution was under the control of the Governments of United Canada and Dominion. (Voted).

[^17]:    *Residence valued at a rent of $\$ 400$.

[^18]:    *Residence valued at a rent of $\$ 600$.

[^19]:    Would it not be more convenient if the practice existing in all the other departments of the service were adopted in your department, that the officer performing the travel should make all the expenditure connected with it and render his account thereof, duly certified. The one account would then show all the expenditure, the work of issuing requisitions in these cas s would be done away with, and the account keeping would be simplified, with no corresponding loss of efficient check on the expenditure.

[^20]:    Welland Canal : Combtruction of Culvertiat Stromaneme.
    

[^21]:    The Secretary, Railways and Canals Dept.

[^22]:    The Auditor General.

[^23]:    Preparing plans and estimates for new disinfecting and fumigating machine.................

[^24]:    The copies of documents which support the voucher are certified as "True copies" by the Accountant. It would be better to have them marked by the Secretary, as provided by the Act relating to your department. All the papers are returned herewith.

[^25]:    The Secretary, Public Works Dept.

[^26]:    The department is doing everything in its power to bring about a better state of affairs dition.

    $$
    \text { Manitoulin Island, unceded . . . . . . . . . . . . . . . . . . . . . . . . . . } \$ 7284
    $$

    At the beginning of the year this account had a debit balance of $\$ 396.92$, which Was reduced by $\$ 324.08$, as the quarterly interest credited to this account is $\$ 210.05$. The overdraft was inade good on the lst August, 1893.

    $$
    \text { Mississaguas of Credit . . . . . . . . . . . . . . . . . . . . . . . . . . . } \$ 27,29190
    $$

    This amount has apparently been in dispute for years. The department having made the original entry under the authority of Council, considered that sufficient. This original entry has been reversed by a Minute of the Treasury Board, but that order only directed that steps should be taken to make good the interest, and as the reversal of the original entry has been a hardship to the Indians it is deemed injudicious to at once further curtail their interest distribution.

[^27]:    o-
    

    ## 8

    

[^28]:    *Service discontinued July 16, 1892 ; resumed March 6, 1893.

[^29]:    * Operated by C.P.R. from June 1st, 1892.

[^30]:    *The daily allowance to officials travelling on duty was discontinued by Order in Council from Feb. 6, 93.

[^31]:    Total, Insp. Contingencies

[^32]:    WM. WHITE, Deputy Postmaster Generai 129

[^33]:    *The difference, 10 c . is for stamping scales "P.O.D., Canada."

[^34]:    * Accounted for in 1891-92. + Settled in 1893-94

[^35]:    *Settled in 1893-94.

[^36]:    *Shown as a special account in the balance sheet.

[^37]:    * Hon. T. McGreevy responsible, he having signed requisition.

[^38]:    Your statement of cash receipts and disbursements for \$. . . . . . while cashier, I.C.R. credits you with $\$$. shows remitted by first mail.

    J. L. McDOUGALL, Auditor General.

    Explanation:
    (3.) I inclose a copy of the advice form prepared by the agent, the left and middle sections of which go to the cashier with the cash, and the right-hand portion to the traffic auditor wherewith to check the cash book daily.

[^39]:    a Paid in by $\mathrm{O}^{\circ}$ Connor, Hogg \& Balderson.
    1, Paid by Richelieu and Ontario Navigation Co. for fees during the season 1891.

[^40]:    *This amount is the revenue of wharfs and piers, less the commission, which the wharfingers are authorized to retain for their services.
    +This amount is the revenue of the above harbours, less the allowance which the harbour nasters are authorized to retain for their services. At all the other harbours that come under the Act, the receipts were less than the allowances.

[^41]:    The Deputy Minister of Marine and Fisheries.

[^42]:    Was sold for, the terms of the sale and the amount paid. The memo. should be certified by the officer who made the sale. For refunds of previous years' expenditure, the date and amount of the advance should be stated, and the reason of the delay in making a deposit of the unexpended balance.
