## Auditor General's Report.

## AUDITOR-GENERAL'S REPORT, 1893-4.

I have the honour to sabmit my Report for the fiscal year 1893-4 on expenditure accounts (appropriation and statutory) and on revenue accounts.

The Treasury Board overrulings, which have been made since the Report of 1892-3 was laid before Parliament, do not form part of this Report. They were presented under a separate cover to satisfy the objection made in the House last session against the practice hitherto followed.

A rather important change is made in this report in the mode of presenting the details of the accounts.

All the accounts, expenditure and revenue, under the control of a department have been grouped separately, the departmental accounts being placed in the Report in the alphabetical order of the first letter of the names of the departments. They appear therefore as follows :-

> Agriculture, Audit Office, Finance, Geological Survey, Governor-General's Office, Indian Affairs, Interior, Justice, Legislation, Marine and Fisheries, Militia, North-West Mounted Police, Post Office, Printing and Stationery, Privy Council, Public Works, Railways and Canals, Secretary of State, Civil Service Examiners, Trade and Commerce, $\quad$ Customs, $\quad$ Inland Revenue.

The miscellaneous expenditure has been separated and put under the several controlling departments. Pensions of all classes, superannuation, and subsidies to provinces, are in Finance.

Each department has four subdivisions :-1, Expenditure ; 2, Correspondence on expenditure ; 3, Revenue ; 4, Correspondence on revenue-the lst page of Expenditure containing a summary of the whole expenditure, and opposite each item the page where the details are to be found, and the 1st page of Revenue containing a summary of the revenue and opposite each item the page where the details are given.

Suppose that a person wishes to see the expenditure on Immigration at Montreal and he knows that the Interior controls this expenditure. He opens the report at say Public Works and, ' $I$ ' being before ' $P$,' he turns back to ' $I$,' which he does readily, as at the top of the right hand page wherever the report may be opened the name of the department is put thus-Interior Department, Expenditure, or Interior Department, Revenue. He then looks at page 2 and finds that Immigration expenditure begins at page 7 and as the places are arranged alphabetically he at once finds what he seeks. There is therefore no difficulty for a person who is familiar with the respective duties of the several departments.

The advantage of having the report in this form is that each department's accounts may be separately bound and that all those who are responsible for the management of a department, will now have in one place all the information connected with the accounts which particularly interest them and will have it in a more convenient shape than the bulky volume which a report of the expenditure for a year of the whole of the Public Service is necessarily.

At the end of the volume there is a full alphabetical index of the whole report.
Audit Office, April 23, 1895.

> J. L. McDOUGALL, A.G.

# Cases submitted to the Treasury Board. 

Audit Office, Ottawa, October 17, 1894.
Sir,-I have not yet been informed of the decision of the Treasury Board on the following cases, viz :-

1. Fines and forfeitures, submitted March 15, 1890 :-Inclosing copy of the correspondence with the Department of Justice re the collection of fines payable to the Government of Canada under Chap. 188, C.C. Law.
2. Steamboat Inspection ; submitted August 16, 1892 :-As to the Department responsible for the proper audit and accounting for the receipts.

* 3. Post Office Revenue.-Rents of letter boxes, submitted April, 9, 1894 :-As to certain postmasters retaining the rents of letter boxes and drawers erected at the expense of the Government.

If any decisions have been made or are made shortly, please let me know that I may have the information for the annual report.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

Finance Dept., Ottawa, October 31, 1894.
My Dear Sir,-With reference to that portion of your letter of the 17 th inst., respecting the audit of steamboat inspection revenue, which was referred to the Treasury Board on the 16th August, 1892, I find on inquiry that since that date you have moved in the matter by a letter to the Marine and Fisheries Dept. of the 3rd July, 1893, which was answered to your address by the Deputy of that Department on the 17th July, 1893. Probably you have overiooked this correspondence.

> Yours very truly,
> J. M. COURTNEY, D.M.F.

The Auditor General.
Audit Office, Ottawa, November 2, 1894.
Sir,-I am in receipt of your letter of October 31, calling my attention to certain correspondence with the Marine and Fisheries Department on the question of departmental responsibility for the proper audit and accounting for the receipts from Steamboat Inspection, which took place subsequent to the date of the submission of the matter to the Treasury Board.

This correspondence is published in the Audit Report of 1893, commencing at page F-164, and was not overlooked by me when writing you lately. The last letter published is one from the Acting Commissioner of Customs, stating that he would go into the matter with the Deputy Minister of Marine and Fisheries at an early date. Though I have since written him inquiring what, if any, arrangements had been made, I have had no reply. Hence the whole subject remains as it was when it was first submitted to the Treasury Board, and I have again to ask their consideration of the subject.

I am, sir, your obedient servant,
The Secretary, Treasury Board.

J. L. McDOUGALI, A.G.

## EXECUTIVE REGULATIONS GOVERNING PUBLIC EXPENDITURE.

## Powers of Attorney.

Rules prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of Acquittal of Warrants for the payment of money by the Government of Canada.

1. No officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.
2. No power of attorney will be recognized, received or acted upon by the Receiver General which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payment can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.
3. No powers of attorney will be received by the Government for the payments of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "any respects qualified."
4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon, if printed and of the special form to be obtained from the office of the Receiver General ; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words " or may hereafter become due."
5. All powers of attorney must be signed in the presence of a witness.
6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver General and at all the branches of the Bank of Montreal.

By order of the Board.
Treasury, Ottawa, February 1, 1870.

## Duplicate Cheques.

Treasury Minute, June 18, 1888.-The Board had under consideration a communication from the Auditor General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on Letter-of.Credit or Receiver General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.
2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.
3. That a declaration showing whether the original cheque was endorsed or not, and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.
4. That each duplicate cheque should have the word "Duplicate" written in red ink across the face of it.

J. M. COURTNEY, Secretary.

## Accounts for Advertising.

Order in Council, April 5, 1894.-The Committee on the recommendation of the Secretary of State advise that all Orders in Council regulating or relating to advertising for the several Departments of the Government, and especially the Orders in Council dated December 17, 1875, and July 14, 1891, be rescinded.

JOHN J. MCGEE, C.P.C.
Order in Council, May, 8, 1894.-On a memorandum dated 28th March, 1894, from the Secretary of State, recommending that the following regulations be established to regulate and govern advertising for the several departments of the Government.

## REGULATIONS.

All orders for advertising which are issued at the Seat of Government shall be given through the Queen's Printer, and the Queen's Printer shall certify to the accounts before payment.

The copy shall be sent to the Queen's Printer, accompanied by Ministerial directions, naming the piper in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper respectively.

On receipt of these instructions the Queen's Printer shall print a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These shall be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for the purposes of display; and accompanied also by an instruction to the publishers to render the accounts to him in duplicate, with a copy of the order attached, and with marked copies of the papers in which the advertisements are printed.

The Queen's Printer shall ascertain the established tariffs for advertising of the papers on the Patronage List, and on receipt of these accounts shall certify to the same in accordance with these rates, and transmit the accounts for payment to the Departments from which the orders issued, having first satisfied himself that the publication has been as directed; but no newspaper shall be paid a higher rate than that charged to the general public for a similar service.

Accounts for advertising required by the Outside Service shall also be rendered, with the orders and marked copies of the publications, to the Queen's Printer, and the advertisements shall by him be measured, certified to and transmitted for payment in accordance with the rules which obtain for advertisements issued at the Seat of Government.

The Queen's Printer shall keep, with each paper, accounts of the advertisements directed to be published in it under the different departmental headings, so as at all times to show the state of each account.

Advertisements shall not be inserted in any books or pamplets, or in any periodicals other than newspapers published weekly or more frequently, and all advertisements shall be limited to a maximum of six insertions in daily and three in weekly papers.

These regulations shall apply to all the departments excepting the Immigration Branch of the Department of the Interior, and the Intercolonial Railway.

The Committee submit the above regulations and recommendations for Your Excellency's approval.

Order in Council, March 22, 1888.-On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the Canada Gazette shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the Gazette, and is in no wise responsible for their discontinuance. The Committee submit the above recommendation for your Excellency's approval.

JOHN J. MCGEE, C.P.C.

## Newspapers and Books.

Order in Council June 18, 1894.-Cancellation of all former Orders in Council in reference to supply of newspapers, books and magazines to Departments.

JOHN J. McGEE, C.P.C.

Order in Council, June 18, 1894.-Regulations respecting the purchase of newspapers, books and magazines to the several departments :-
(1.) That a maximum limit of $\$ 500$ be set apart for each ministerial department, within which is to be defrayed the cost of newspapers, books and magazines for the use of such department.
(2.) That books or magazines, other than those which are of a technical character and necessary for the proper working of the department shall be purchased only on authority of the head of the department.
(3.) That no newspapers be supplied to outside offices of any department, except on the authority of the minister of that department.

JOHN J. McGEE, C.P.C.

## Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments; and they recommend to Council :
(1.) That, for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.
(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.
(3.) That no cheques be signed in blank, either in the inside or outside service.
(4.) That all cheques be drawn in the form : "Pay to the order of -_;" and not in either of the forms: "Pay to-_or bearer," or "Pay to-_or order."
(5.) That authority be given for the singning of letter-of-credit cheques in the different departments by the following substitutes : (List not printed).

## Stationery Offlce.

Order in Council, Juns 26, 1889 (as amended by O. C., July 11, 1889).-His Excellency, in pursuance of the powers vested in him by the Revised Statutes, Chap. 27, Sec. 7, and by and with the advice of the Queen's Privy Council for Canada, is pleased to direct and order :-

1. In every department the Deputy Head shall sign all requisitions in accordance with Sec. 7, Chap. 27, of the Revised Statutes, and a clerk, to be named by the Head of the department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printing work and articles of stationery ordered and supplied, and grant receipts for the same, superintending also their distribution to the clerks or employees for whose use they have been ordered.
2. The Secretary of State is authorized to prepared a list of all articles to be kept in stock and furnished to the departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.
( Note.-This list was approved by O. C., Nov. 29, 1889.)
3. As soon as such list has been so settled and approved, and printed and distributed to the several departments, all ordinary requisitions upon the Stationery Offlce shall be issued for those articles only that are therein enumarated.
4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.
5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the employees in any department, except in the case of Deputy Heads.
6. No paper or envelopes for correspondence bearing relief stamp, cameo or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senste, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.
7. No poket-knives or pocket-books shall be kept in stock or supplied to any department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.
8. No despatch-boxes or brief bags shall be issued for the use of members of any Government Commission.
9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialled by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.
10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.
11. All former Orders in Council in reference hereto are cancelled.

JOHN J. McGEE, C.P.C.

## Pamphlets and Books.

Order in Council, December 22, 1888. -The Secretary of State desires to draw the attention of Council to the practice in the past, of the granting of authority by Council for the purchase of books for Library exchanges, and for distribution among the departments, and he recommends that in the future no such authority be granted; but that all books for Library exchanges be procured under the authority of the Joint Library

## Auditor General's Report.

Committee of Parliament, and paid for out of the sums placed at its dispossal, and that all purchases of books for the use of any department of the Government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee, and to each department of the Public Service.

JOHN J. MoGEE, C.P.G.

## Legal Services.

Order in Council, April 12, 1879.-On a report dated April 2, 1879, from the Hon. Minister of Justice, stating that it has been represented by the Auditor General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, thhat it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the Order be transmitted to each of the departments of the Government.

Certified.

W. A. HIMSWORTH, C.P.C.

## Rate of Pay to Reporters.

Order in Council, Oct. 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters who may be designated as occasion may require by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested, or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the Reporter for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of $\$ 3.50$ per diem over and above the actual moving expenses be allowed to such Reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such Reporters were first engaged in the capacity mentioned, viz., from November 1, 1887.

The Committee advise that the requisite authority be granted.
JOHN J. McGEE, C.P.C.

Order in Council, July 3, 1890. -That the rate to be paid to Unofficial Reporters, for reporting during the Sitting of Parliament, when the Official Staff is not available be 25 cents per folio of 100 words, the Reporter for such remuneration to supply the Government with four copies of the proceedings in each case.

That the sum of $\$ 3.00$ per diem, in addition to actual moving expenses, be allowed to such Reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such Reporters during the last Session of Parliament.

That in all cases when a Reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of $\$ 5$ per day, he shall be entitled to receive $\$ 5$ a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any Reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. McGEE, C.P.C.

## Gratuities.

Order in Council, Feb. 1, 1868.-As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.-The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of Feb. 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases, deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. McGEE, C.P.C.

## Salaries.

Order in Council, Feb. 9, 1875.-On a memorandum dated Feb. 9, 1875, from the Hon. the Minister of Finance, reporting that there appeares to be a want of uniformity in the manner of paying the salaries of deceased officers-that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

Certified.
W. A. HIMSWORTH, C.P'.C.

Order in Council, July 29, 1871.-On a report dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not maming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the

## Auditor Genoral's Report.

first day of some month, and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved. W. H. LEE, C.P.C.

Order in Council, June 29, 1889.-That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. McGEE, C.P.C.
Order in Council, Jan. 13, 1887. -The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15 th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. McGEE, C.P.C.

Order in Council, March 22, 1887.-The Committee, on the recommendation of the President of the Privy Council, advise that the Order in Council of the 13th January last, authorizing the issue of the pay-lists on the 15th day of each month, be amended so as to include the temporary clerks of the inside service who are continuously employed.

JOHN J. McGEE, C.P.C.

Audit Office, April 1, 1887.
Sir,-Please define the meaning which is to be attached to the word "continuous" in the O.C. of March 22, with reference to the time of paying certain extra clerks.

- Yours truly,

The Clerk of the Council.
J. L. McDOUGALL, A.G.

Puivy Councll, April 2, 1887.
Sir,-In answer to yours of the 1st inst., respecting the O.C. of March 22, authorizing payment on the 15 th of each month to temporary clerks who are continuously employed, I have the honour to state that it is only applicable to those employed by Order in Council.

The Auditor General.

> Yours truly,

JOHN J. McGEE, C.P.C.

Order in Council, Feb. 18, 1889.-That the payment of salaries of temporary employees in the several departments who are not employed under the authority of an Order in Council, be made on the following days : Feb. 18, Mar. 21, April 24, May 27, and June 28, 1889 ; and thereafter on the last day of the month.

JOHN J. MCGEE, C.P.C.

Order in Council, November 14, 1885. -The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1885, by which it appeared that some of the departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. McGEE, C.P.C.

Order in Council, March 5, 1888.-The Treasury Board have had their attention called to the fact that the terms of the Order in Council of Jan. 13, 1857, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be tonified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. McGEE, C.P.C.

Order in Council, July, 1, 1886.-The Board had under consideration the matter of payments for extra services, under various headings, paid to permanent officers of the Public Departments, as shown in the statements submitted to Parliament in the Report of the Auditor General.

Taking these statements into consideration, the Board are of opinion, and recommend to Counc.l, that, with the following exception, from and after July 1, 1886, no payment be made for any extra service of any kind whatever.

The exception referred to in the above, is the amount yearly allowed by Parliament for the computation of interest and balancing the accounts of the depositors in the several post office and Government saving banks, which has to be performed immediately after the close of the fiscal year, whereby no inconvenience should arise to depositors, and it may be added that an analogous vote for the same service is granted by the English House of Commons.

JOHN J. McGEE, C.P.C.

Order in Council, October 16, 1886.-That the Order in Council of July 1, 1886, founded on a Minute of the Board dated on June 24, 1886, providing that no payment be made for any extra service of any kind whatever, be amended by excluding from the operation thereof "payments for services performed by persons in the Customs and Figheries Departments in connection with the distribution of the fishing bounty, and collection of statistics," for which a vote of Parliament is taken.

> JOHN J. McGEE, C.P.C.

Civil Service Act of 1888, 51 Vic., cap. 12, sec. 12.-Subsections 1 and 2 of section 51 of the Civil Service Act (R.S.C., cap. 17), are hereby repealed, and the following substitued therefor :-
" 51 . No extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service."

## Employment of Temporary Clerks.

Order in Council, July 27, 1884.-The Committee have had under consideration the annexed extract from the Minutes of a meeting of the Treasury Board, dated 24th July, 1882, having' reference to rules in connection with the Civil Service Act, 1882.

## civil service.

(6.) The Board recommend that after the lst of October next, the authority of an Order in Council be obtained for the employment of temporary clerks for more than one month ; and to carry out the provisions of Section 45, the deputy heads of the several departments to which extra clerks are now attached do render to the heads of the departments reports on the qualifications of said extra clerks, with a view to their retention if necessary, and also with reference to the remuneration to be granted to them.

JOHN J. McGEE, C.P.C.

Order in Council, February 6, 1893.-That in the case of all persons who are paid out of any vote and who are employed at the seat of Government of Canada, the authority of an Order in Council be obtained for such employment beyond the first month's service, it being understood, however, that this regulation does not apply to printers, labourers, charwomen or persons engaged in work of a like character.

JOHN J. McGEE, C.P.C.

Order in Council, June 29, 1893.-Upon renewal of services of temporary employees, the Treasury Board to be furnished with statement of the grounds upon which」larger pay for special and technical qualifications is granted.

JOHN J. McGEE, C.P.C.

## Leave of Absence to Temporary Employees.

Finance Dept., Ottawa, Oct. 9, 1891.

Sir,--I have the honour to inform you that at a meeting of the Treasury Board, held on the 2nd instant, a minute was adopted, requiring that accounts for payments to all extra clerks and extra messengers and of all temporary employees should, from and after Sept. 1, 1891, be certified as follows:-
"I hereby certify that the clerk (or messenger) has been in attendance at this office every day, except Sundays and statutory holidays, during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

I am, sir, your obedient servant,
The Auditor General.
J. M. COURTNEY, D.M.F.

Order in Council, October 20, 1892.-On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules:-
(1.) That the head of the department, and in his absence, the deputy head of the department, may grant to any professional or technical officers and supernumerary or
xvii
temporary clerks who may be employed under Section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year; such leave to be granted at such time during the year as the head or the deputy head of the department may determine.
(2.) That employees whose employment is for one month or upwards, may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department : or for days during which absence has been occasioned by contagious or infectious disease in the families of the persons so engaged : such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the lst of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under Section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for Your Excellency's approval.

> JOHN J. McGEE, C.P.C.

## Leave of absence to Permanent Employees.

Order in Council, June 29, 1893.-No payment to be made to any Government employee for time on special leave until Council authorizes same.

## Medical Certificates.

Order in Council, July 23, 1892.-On a memorandum dated 14th July, 1892, from the Secretary of State, recommending that the Order in Council of the 25th April, 1892, appointing certain gentlemen to be medical practitioners under the 3rd subsection of section 51 of "The Civil Service Act" in so far as regards furnishing medical certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified medical practitioner whose name is registered in the Medical Register of the province in which he resides, be appointed as an authorized medical practitioner for the purpose of issuing medical certificates as required by subsection 3 of section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. McGEE, C.P.C.

## Superannuation.

Order in Council, Jan. 7, 1884.-The Board had under consideration the fact that several recommendations to place temporary officers on the permanent list have been referred to them for report.

The Board, in compliance with the law, have recommended favourably on the cases submitted to them, but at the same time the Board have to direct the notice of Council to the fact that placing these officers on the permanent list has the effect of bringing them under the operation of the Superannuation Act, and that hitherto no provision has been made for payment of abatements on the pay of these officers while temporarily employed, although their temporary service counts on retirement.

The Board now recommend to Council that from and after the lst inst., it shall be optional with temporary officers, on receiving permanent appointments, to place them-

## Auditor General's Report.

-selves, as far as regards their temporary services, under the operations of the Superannuation Act ; but that in the cases where officers desire to avail themselves of this privilege, the Board are of opinion that abatements should be paid on their past temporary salaries since the Superannuation Act came into force, when the officers have served for so long back; otherwise, from the commencement of their temporary services.

The Board further recommend that, as the immediate payment of abatements -on past salaries would, in many cases, involve considerable hardship, a period of six months be allowed for paying the same, the deduction to be made in six equal parts, to be taken from each monthly pay for the first six months of the permanent appointments.

> Certified. JOHN J. McGEE, C.P.C.

Order in Council, February 9, 1893.-That the Order in Council of the 7th January, 1884, permitting temporary officers on receiving permanent appointments to place themselves as far as regards their temporary services under the operations of the Superannuation Act, be cancelled.

JOHN J. McGEE, C.P.C.

Order in Council May 3, 1886. -That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:-"(34.) When any "officer has an official residence or other similar perquisite, his salary shall be stated at " such higher sum as inay fairly represent these advantages, and he shall pay the abate" ments on such higher salary, otherwise his superannuation allowance shall only count "on the salary on which he has paid abatement;"-be repealed, except in the case pf those who now pay superannuation abatement on such allowance or perquisite in addiation to the abatement from their salaries.

> JOHN J. McGEE, C.P.C.

Treasury Board, Ottana, Dec. 7, 1883.
Sir,-I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuations of -of public servants as published in the Book of the Rules of the Civil Service, page 52, -and to state that many references are now made to the Board from the several departments recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened-always presuming that no clerical errors have been made.

> Your obedient servant,
J. M. COURTNEY, Sec. Treasury Board.

The Deputy Minister of Justice.

Dept. of Justice, Ottawa, Dec. 12, 1883.
Sir,-I have the honour to acknowledge your letter of the 7th, asking whether, qunder any circumstances, superannuation once established by Council may be reopened -always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or
misnomer, or wrong description of a material fact. (See 38 Vic., cap. 13.) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not tocancel or amend the Order in Council, except in cases mentioned in the Act referred. to (38 Vic., cap. 13 )

Your obedient servant,
The Secretary, Treasury Board.
GEO. W. BURBIDGE, D.M.J.
(Circular.)
Ottawa, July 31, 1891.
Sir,-I have the honour to inform you, for your guidance in future, that the Governor General in Council, on the 21st instant, approved of the following regulation of the Treasury Board:-
"That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health."

I am your obedient servant,
The Auditor General.
J. M. COURTNEY, Sec. Treasury Board.

## Special Qualifications.

Treasury Board, Ottawa, Nov. 13, 1883.
Sir,-I have been directed by the Hon. the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chap. 7 (C. S. Act), wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the deputy head, concurred in by the head of the department, that it is not necessary;" and in connection therewith I have to call your attention to the "Hansard" of last session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the service in the practice of their professions, and therefore an examination would not be required, as they had already passed technical examinations, before their admission into the rank of their professions.

I have now to ask whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waived?

Your obedient servant,
The Deputy Minister of Justice.

J. M. COURTNEY, Sec. I'reasury Board.

Dept. of Justice, Ottawa, Nov. 15, 1883.
SIR,-I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chapter 7, wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the deputy head, concurred in by the head of the department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a department where their professional attainments are not required, as for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,
The Deputy Minister of Finance.
GEO. W. BURBIDGE, D.M.J.

## Travelling Expenses.

Order in Council, Sept. 8, 1871.-The Committee of Council have had under consideration an extract from the minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employees, and they respectfully advise that the recommendations therein submitted be approved and adopted :-
"Removal allowances.-No removal allowances can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special cases, and on a report of the head of the department. A removal allowance is not to exceed the actual cost on account rendered."

Order in Council, Nov. 10, 1886, (as amended by Order in Council of Dec. 14, 1886).The Board having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government, while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows :-

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships or other modes of conveyance, if the passage money includes meals and all other accommodation.
2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Department of Finance a detailed statement of such travelling expenses.

> JOHN J. McGEE, C.P.C.

Order in Council, Dec. 17, 1889.-The Board, having had their attention called by the Auditor General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Government business, recommend to Council that a certificate be attached to accounts for travelling expenses as follows :"The whole of the expenditure was incurred on Government business;" said certificate to be signed by the officer who has incurred the expense.

> JOHN J. McGEE, C.P.C.

Order in Council, February 6, 1893.-That all the previous Orders in Council relating to expenses and allowances for travelling and living expenses to officers and employees when travelling on the public service be repealed. and that it be ordered that from the date of the passing of the Order in Council founded hereon, there be paid to all officers (with the exception of the Lieutenant-Governor of the North-west Territories and the Major General Commanding the Militia, and the Judges who are otherwise provided for) travelling on public service for the Government of Canada, their actual reasonable travelling and living expenses; that all advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip; that the officers shall render to the Department of Finance a detailed statement
of such expenses, and that a certificate be attached to all accounts for travelling ass follows, signed in each case by the officer who has incurred the expenses :-
"The whole of the expenditure was incurred on Government business."
JOHN J. McGEE, C.P.C.

Note.-The Lieutenant-Governor of the North-west Territories is allowed $\$ 5 \mathbf{a}$. day by Order in Council, January 12, 1888.

Order in Council, May 4, 1893.-.That the Order in Council of February 6, 1893, limiting the amount to be paid for travelling expenses to actual outlay, be amended soas to apply only to trips commenced after the date of the Order in question.

JOHN J. McGEE, C.P.C.
Order in Council, March 13, 1895.-That the moving expenses of Judges holding: weekly sittings of the High Court of Justice at Ottawa and London, payment of which. is authorized by the Order in Council of the 14th January, 1895, be fixed as follows :-

> For each sitting at Ottawa.. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $\$ 2500$
> For each sitting at London. . . . . . . . . . . . . . . 1000

JOHN J. McGEE, C.P.C.

## Insurance.

Order in Council, July 5, 1881.-The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, thegeneral questicn of insurance against fire of Government property; and they are of opinion and humbly advise Your Excellency, that in view of the large amount, varied character and widely separated position of the property in the Dominion belonging tothe Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every department of the Government.
J. O. COTÉ, C.l.C.
"Copying."
Order in Council, April 1, 1886.-That the rate to be paid for all copying done forthe several departments of the Government and in the preparation of returns for the Senate and House of Commons, be fixed at five cents (5c.) per folio of 100 words, tocommence on the lst April instant.

JOHN J. McGEE. C.P.C.

## Appropriation Balances.

Order in Council, June 27, 1888. -The Treasury Board had under consideration a communication from the Auditor General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor General states that he understands the section to mean:"That an Appropriation Account can be kept open for any' time fixed by the Council, up to threemonths, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30th."

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of the accounts for Parliament. and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports: "The question is, whether, upon an Order in Council having been passed as specified in the section, a department may make additional expenditure and incur increased liabilities upon the strength of the original estimate; or whether the extension referred to in the section is only for the purpose of enabling a department to pay after June 30 liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpended on June 30 shall lapse and be written off. The proviso does not either expressly or by implication give a department power to make a new expenditure, and if that power is not contained in the proviso it is nowhere : it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying after June 30, out of the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the departments, the Auditor General having intimated that he is willing that for the present year such course be adopted; but as the law is clearly in accordance with the contention of the Auditor General, the Board are of opinion that under existing circumstances the practice now followed cannot be continued.

JOHN J. McGEE, C'P.C.

## Contracts.

Order in Council, May 23, 1880.-On a joint memorandum dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over $\$ 5,000$ shall be let by public tender and contract, unl ss owing to urgency br other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That with all tenders submitted, a money guarantee, or approved accepted cheque shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit, hereinafter referred to, within eight days after receiving notice of the acceptance of the terder, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than $\$ 1,000$, nor more than $\$ 5,000$. That upon acceptance of a tender, and notification by the department concerned, the intending contractor shall, within eight days, deposit with the Government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excallency's approval.

> Certified, J. O. COTÉ, C.P.C.

Order in Council, May 2, 1893.-On a memorandum dated May 1, 1893, from the Minister of Finance submitting a report from his deputy respecting contractors' securities.

The Minister recommends, in accordance with the suggestion therein contained, that notioe be immediately given to the Department of Finance by the departnient having control of the work, in case of the failure of contractors having a contract for the performance of work for the Government, and having security deposited with the Department of Finance.

The Committee submit the same for Your Excellency's approval, and advise that a copy of this Minute be forwarded to the Minister of each departmentifor his information.

JOHN J. McGEE, C.P.C.

Memorandum respecting Contractors' securities.-The undersigned has to report that by Order in Council of June 16, 1888, all cheques and all deposits on account of contractors' securities are turned by this department into cash, and deposited in the Government savings bank, and in some instances where the security given is large, the interest accruing on the deposits is paid to the contractors yearly at their request.

The attention of the undersigned has lately been directed to the fact that a firm of contractors having a deposit now in the hands of the Government has recently failed, and it is just possible that cases may arise in which moneys may be paid over by this department unwittingly, for interest, to contractors who have suspended payment. To obviate such a contingency, the undersigned would suggest that the matter be brought before the Treasury Board, with a view of having a Minute adopted to the effect that whenever a firm of contractors having a contract for the performance of work for the Government and having security deposited with this department, fails, notice thereof be immediately given to this department.

## J. M. COURTNEY, D.M.F.

## (Circular.)

## Finance Dept., Ottana, July 4, 1888.

Sir,-I have the honour to inclose herewith a copy of an Order in Council, passed on June 16, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government savings bank.

I have the honour, therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

## J. M. COURTNEY, D.M.F.

Order in Council, June 16, 1888.-The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government savings bank.

JOHN J. McGEE, C.P.C.

## Small Balances Due to Estates.

## Audit Office, Ottawa, June 12, 1888.

Sir,-It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice, indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

## Yours truly,

xxiv

J. L. McDOUGALL, A.g.

Treasury Board, June 19, 1888.
Sir,-With reference to your letter of the 12 th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so smill that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

The Auditor General.

$$
\begin{aligned}
& \text { Yours truly, } \\
& \text { J.M.COURTNEY, Sec. T.B. }
\end{aligned}
$$

Order in Council, July 24, 1894.-That a number of deaths occur annually among the fishermen who are entitled to fishing bounty, and in the majority of cases, the men are poor, die intestate and leave no property worth the cost of administration. The bounty in such cases, by right belongs to the nearest of kin to the deceased, but that, under an Order of the Treasury Board, dated 19th June, 1888, all cases where small sums are due the estates of persons who die intestate and leave little or no property of any consequence, must be referred to the Treasury Board for decision as to the action to be taken, which course necessitates a separate Order in Council in each case.

That as those to whom the money rightfully belongs are, in most cases, in needy circumstances, that a general Order be granted, authorizing in case of death among the fishermen of the class referred to, toway the amount earned to the widow, father, mother or children as the case may be, of the deceased, without i eference to the Treasury Board.

JOSEPH POPE, Asst. C.P.C.

## Franking Privilege at Ottawa.

Order in Council, February 25, 1892.-By an Order in Council, dated February 25, 1892, the following regulations governing the franking privilege were approved:-

## Regulations.

1. In each department there may be used one franking stamp, such stamp being a facsimile of the usual signature of the deputy head, and to be kept in the custody of some officer or confidential clerk specially intrusted by the deputy head with that duty, and to be affixed by him upon official correspondence only.
2. When envelopes with a printed official address thereon are used, the name of the deputy head may be printed on such envelopes.
3. In addition to the printed stamp or printed signature as above provided, the head of the department and the private secretary of the head of the department in the name of his Minister, and the deputy head, may frank by a written signature or initials; but no other method of franking except as above enumerated will be permitted.
4. No blank or unaddressed envelope shall in any case be franked.
5. The deputy head of each department shall furnish the Postmaster General with an impression of the facsimile stamp which it is proposed to use in his department.
6. The General Officer commanding the Militia of Canada, the Adjutant General of Militia, the Auditor General and the Superintendent of Insurance shall, for the purposes of these rules, be respectively donsidered as deputy heads of departments.
7. All the official correspondence of the several departments, except that of the heads of departments, the deputy heads and the private secretaries of the Ministers, shall be transmitted in envelopes having printed or written thereon the words "On Her Majesty's Service"; and no envelope bearing the superscription shall be used for any private correspondence.
8. From and after the 15 th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elseWhere, or any branch thereof under frank, nor shall the postage due thereon be charged against the Government.
9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.
10. Should any letter addressed to any civil servant at Ottawa upon which postage has been paid on delivery prove when open to be on public business, the amount so paid may be refunded on the certificate of the deputy head of the department to which the addressee belongs.
11. Any employee offending against any of these regulations shall be liable to suspension or such other punishment as the Governor General in Council may determine.

JOHN J. McGEE, C.P.C.

## Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, Sec. 33.-No payment shall be authorized by the Auditor General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other, voucher or certificate which is reqiired in that behalf, the officer, under whose special charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contrct, is fair and just.

Note.-The proper officers to make these certificates are those who have personal knowledge of the facts in each case.-J. L. McD.

## Overdrafts of Appropriations.

Memorandum for the Minister of Finance.-You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters of credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs:-
(1.) Sometines by overdrawing the credit to the bank,--but
(2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheques should be dishonoured, as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides with (1) as with (2) the responsibility should be laid upon the department. If the accountant of a department attends to his duties, he charges each cheque as it is issued against its appropriation and against the letter of credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed, making it the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque which is about to be issued will overdraw an appropriation or letter of credit, so that such cheque may not issue until parliamentary, or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.
(Sgd.) J. L. McDOUGALL, A.G.
Auditor General's Office, Ottawa, May 28, 1892.

## Auditor General's Report.

Order in Council, July 7, 1892.-On a report dated July 4, 1892, from the Minister of Finance, sub:nitting the annexed memorandum from the Auditor General with regard to the overdrafts of appropriations made by departments under their letters of credit.

The Minister in accordance therewith recommends that it be the duty of the accountant of each department to inform the Deputy Minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter of credit, so that such cheque may not issue until parliamentary, or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

The Committee recommend that a copy of this Minute be sent to the several departments for their guidance in future.

JOHN J. McGEE, C.P.C.

## Tariff of fees on Commissions,

Order in Council, September 7, 1893.-The Committee of the Privy Council have the honour to recommend to Your Excellency the adoption of the annexed report of the Secretary of State with reference to the tariff of fees upon commissions to public officers:-

That the following tariff of fees chargeable upon commissions to public officers be confirmed :

1. Upon commissions to lieutenant-governors, ministers of the Crown, judges of all courts, junior judges, deputy ministers and Queen's counsel, a fee of $\$ 20.00$.
2. Upon commissions issued to officers or others receiving salaries of $\$ 1,000$ or over, a fee of $\$ 15.00$.
3. Upon commissions issued to officers or others receiving salaries from $\$ 400$ to $\$ 1,000$, a fee of $\$ 8.00$.
4. Upon commissions issued to officers or others receiving salaries from $\$ 100$ to $\$ 400$, a fee of $\$ 5.00$.
5. Upon commissions issued to officers or others receiving salaries of $\$ 100$, or to officers or persons appointed to office, who are paid by fees of office, a fee of $\$ 4.00$.

He would also submit that in the case of the Solicitor General of Canada, the Controller of Inland Revenue and the Controller of Customs, and of all officers in the service of the Crown who may receive a salary of three thousand dollars or upwards, the fee chargeable on commissions issued to them be fixed at twenty dollars.

The above to apply to commissions issued under the great or privy seal.
He would further recommend that no commission or document be delivered out of the Department of the Secretary of State until the fee, if any, has been paid thereinto.

JOHN J. McGEE, C.P.C.

## Maximum number of Reports to be ordered by each Department for Free Distribution.

Order in Council, Jan. 19, 1893.-On a report dated 16th January, 1893, from the Minister of Finance, stating that by Order in Council, dated the 26 th May, 1886, authority was given for placing on sale by the Queen's Printer, copies of public documents other than those distributed officially to the Houses of Parliament and the departments, that in accordance with this Order a circular was sent to the various departments requesting them to order only such copies as they absolutely needed for official purposes, and due arrangements were made by the Queen's Printer for advertising and supplying copies to the public.

The Minister finds that the number required for parliamentary inside and outside distribution is as to most of the departmental reports 1,800 copies of each, and as to five of the most important 2,050 each. The numbers ordered by the different departments for their own distribution vary from 315 to 10,000 , as will be seen from the annexed list.

The Minister is of opinion that it is desirable to secure greater uniformity and economy in the orders from the various departments, and that the number ordered by each should be based on the call for necessary distribution.

The Minister therefore recommends that each department be authorized to order within its discretion for its own distribution copies of its reports not to exceed a maximum of 500 copies of each report, and that the Queen's Printer be authorized to reserve for purposes of sale such number of the departmental reports and to arrange for their sale in such manner as may be deemed advisable by the Secretary of State.

The Committee submit the same for Your Excellency's approval.
List showing the number of Reports ordered by the several departments for their own distribution :-

|  | Reports. | No. English. | No. French. |
| :---: | :---: | :---: | :---: |

Other Departments.. .... ............. .... ............................ . 100 each.
Statistical Record.

Order in Council, November 18, 1893.-That the annual reports of the Historical Archives Division of the Department of Agriculture, forming one of the appendices to the annual report of the Minister of Agriculture, be excepted as respects the number of copies printed, from the terins of the general Order in Council, dated January 19th last, limiting the number of Departmental Reports to 500 copies of each.

JOHN J. McGEE, C.P.C.

Order in Council, June 16, 1894.-That the printing of the Year Book and Statistical Abstract for the Department of Agriculture, be excepted from the provisions of the General Order in Council, dated 19th January, 1893, relating to the printing of the department.

That authority be given for the printing of 2,400 copies in English and 750 copies in French, to meet the demands for distribution.

JOHN J. McGEE, C.P.C.

## Triplicate deposit receipts for balances of travelling-expense advances to go to Accountant of Contingencies.

Order in Council, June 10, 1893.-That the following regulation in connection with accounts to be rendered to the Accountant of Contingencies for sums advanced from Civil Government Contingencies be approved of by Council :-

That the triplicate receipts for all refunds of balances of amounts advanced from Civil Government Coutingencies for travelling expenses and for petty cash, and for all other refunds made on account of Civil Government Contingencies, be forwarded by the department or officer making such refund to the Accountant of Contingencies for the purpose of closing the personal accounts and replacing to the credit of the different departments the amounts so refunded, to enable him to keep a proper check upon the various appropriations.

JOHN J. McGEE, C.P.C.

## Civil Service Promotions.

Order in Council, April 12, 1893.-His Excellency, in virtue of the provisions of section 39 of "The Civil Service Act," as amended, and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following regulation:-

Hereafter no clerk on the staff of any department of the Public Service, who was in the service or employment of the Government on the first day of July, 1882, and has since been continuously engaged therein, shall as a condition of promotion be required to pass an examination in any other subject than the duties of the office to which he seeks promotion, unless in any special case the Deputy Minister by a report concurred in by the head of the department submits to the Board of Examiners other subjects of examination as a test of fitness for such office.

> JOHN J. MCGEE, C.P.C.

## Application of Civil Service Act to appointments in Geological Survey Department.

-Audit Office, Ottawa, July 17, 1894.
Sir,—I $^{\text {I }}$ have just received a copy of the Order in Council making James White a first class clerk at $\$ 1,400$ a year.

Would you be good enough to let me know whether the appointment has been made under section 37 of the Civil Service Act, or under your own Act, and in either case, please also show how the requirements of the Act have been complied with. The Order in Council does not give any information on these points.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Head and Director, Geological Survey.
Geological Survey Dept., Ottawa, July 18, 1894.
Sirb-Mr. White is appointed a technical officer with the rank of a first class clerk $^{\text {a }}$ under schedule A, section b, of the Civil Service Act, and section 4 of the Geological Survey Act, the requirements of which clause he has fulfilled. His rank corresponds with that of a first class clerk. I would beg to call your attention to the fact that the Order in Council does not make Mr. White a first class clerk, but only gives him the rank of a first class clerk. The difference is obvious.

I am, sir, your obedient servant,

Audit Office, Ottawa, July 26, 1894.
Sir,-In reply to your letter of the 18 th inst., regarding the appointment of Mr. White to a position on the permanent staff of your Department, I regret to have to say that I cannot see my way to the opinion that all the restrictions of the Civil Service Act with reference to promotion have been removed by your special Act, so far as such restrictions would otherwise apply to your department. I am, however, applying for legal advice on this point, and shall communicate with you further as soon as I obtain it. It appears to me, that in the mean time, Mr. White may be paid, without further authority, as an extra clerk, at the rate which he previously had, this authority of Council for the larger salary justifying the payment of the smaller.

- I am, sir, your obedient servant,

The Deputy Head and Director, Geological Survey. J. L. McDOUGALL, a.G.

## Geological Survey Dept., Ottawa, July 28, 1894.

Sir,-I am in receipt of your letter of the 26 th instant in regard to the appointment of Mr. White. I would beg to point out that his is not a case of promotion, but of appointment under section 3 of the Geological Survey Act, to fill a position made vacant by the death of Mr. Scott Barlow. The above quoted clause under which he is appointed makes no provision in any shape or way for examination prior to appointment ; but in clauses $a, b, c$ of Scction 4 the qualifications requisite for appointment are distinctly stated. All these qualifications have been complied with by Mr. White. It is, therefore, abundantly evident in this case that no examination is required under any clause of the Civil Service, or of the Geological Survey Act.

I am sir, your obedient servant,
The Auditor General.
A. R. C. SELWYN, Dep. Head and Director.

Audit Office, Ottawa, August 27, 1894.
Sir,-I inclose herewith letters which have passed between the Geological Survey Department and this office regarding the appointment of Mr. White to that Department at a salary of $\$ 1,400$ and with the rank of a first class clerk. Please refer to the Civil Service Act ( 49 Vic., ch. 17) and to 53 Vic., ch. 11 . Under the former Act it is contemplated that civil servants are to begin their service, after having passed a qualifying examination, at the minimum of the 3rd class ( $\$ 400$ ), with $\$ 50$ additional for each optional subject (not to exceed four). After serving as a 3rd class clerk for such period as will give him a knowledge of the duties of the department he is permitted to go up to an examination to test his fitness for higher responsibilities. If he succeeds in this examination, but not otherwise, he may be promoted when a vacancy in the 2nd class takes place. In a similar way promotion from the 2nd to the 1st and from the 1st to chief takes place. See Sections 29, 39, 40, 42 and 43.

The staff of the Geological Survey Department are under this Act, except so far as they are removed from the applications of its provisions by 53 Vic., ch. 11 , above quoted. Now it seems quite apparent that if two men enter the same department and show at entrance that they possess precisely the same legal requirements, it cannot be legal to appoint one on his entering the service to a position to which the other can be promoted at a subsequent time only after examination. If it is otherwise, the experience obtained in the service must be looked upon by Parliament as unfitting a man for the performance of the work on which he is engaged.

If therefore, Mr. White may be appointed to a first class clerkship on his entering the permanent service, all examinations, as promotion requirements, have been dispensed with, so far as the Geological Department is concerned, by 53 Vic., ch. 11 . Is this your view? i. e. have all examinations, as promotion requirements in the Geological Survey Department, been dispensed with?

I am, sir, your obedient servant,
Z. A. Lash, Esq., Q.C., Toronto.
J. L. McDOUGALL, A.G.

Toronto, August 28, 1894.
Dear Sir,- I am in receipt of your letter of the 27 th instant, with inclosures, asking my opinion as to whether the Act, 53 Victoria, Chap. 11, respecting the Department of Geological Survey has the effect of dispensing with the provisions of the Civil Service Act as to examinations, \&c., with respect to the Geological Survey Department.

The Geological Survey was a branch of the Department of the Interior prior to the passing of the Act 53 Victoria, Chap. 11 (1890), and the Statute relating to it was Chap. 23 of the Revised Statutes of Canada. It is quite clear that the provisions of the Civil Service Act, being Chap. 17 of the Revised Statutes of Canada, applied to this branch of the Department of the Interior and to the appointment and promotion of otticers and clerks in it.

The question is-Whether, by the repeal of Chap. 23 of the Revised Statutes, and the substitution therefor of Chap. 11, 53 Victoria, the provisions of the Civil Service Act have been made inapplicable with respect to the appointement of persons having special professional or technical qualifications, and referred to as "technical offlcers" by subsection 2 of section 3 of the Act 53 Victoria, Chap. 11.

The Civil Service Act declares by section 3 that the Civil Service, for the purposes of the Act, includes and consists of all classes of employees, elsewhere than in the Northwest Territories, in or under the several departments of the Executive Government of Canada, included in the Shedules A and B to the Act, \&c.

The Act 53 Victoria, Chap. 11, creates a department of the Civil Service called the Geological Survey, and authorises the Governor-iu-Council to appoint a deputy head and such other officers, clerks and servants as are required for the proper conduct of the business of the department, all of whom shall hold office during pleasure "and shall be appointed and classified under Schedule A of the Civil Service Act, and in accordance with and under the terms of section 6 of the said Act."

Subsection 2 'of section 3 provides that such officers of the department as are continuously engaged in the prosecution of original scientific work or investigation shall be classified as "technical officers under class (b) of Schedule A of the Civil Service Act."

Section 4 provides that no person shall be appointed to this department under class (b) of Schedule A of the Civil Service Act unless he is a Science graduate, \&c., \&e.' (setting out certain qualifications required to be possessed by pers.ns appointed as technical officers.)

The Interpretation Act, by section 7, subsec. 3, declares that the law shall be considered as always speaking, and whenever any matter or thing is expressed in the present tense the same shall be applied to the circumstances as they arise, so that effect may be given to each Act and every part thereof according to its spirit, true intent and meaning. It does not, however, require a reference to the Interpretation Act to warrant the conclusion that the Civil Service Act, although passed before the Department of the Geological Survey was created, applied to that department so soon as it was created, because there is sufficient direct reference, in the Act creating it, to the Civil Service Act, to show that it was the intention of Parliament that it should so apply.

The only question is whether section 4 of the Act relating to the department is so in conflict with the provi,ions of the Civil Service Act relaiing to examinations, de., as to make those provisions inapplicable with reference to persons appointed to the department as "technical officers". In my opinion there is no such inconsistency, but the provisions of the Civil Service Act and of section 4 may be read side by side, section 4 ceing regarded as requiring some additional qualifications, in cases of "technical offlcers," to the general qualifications called for by the Civil Service Act.

Section 10 of the Civil Service Act is clear in its language : "Except as herein "otherwise provided no person shall be appointed or promoted to any place below that " of a deputy head unless he has passed the requisite examination, etc." Section 29 is equally clear : "Except as herein otherwise provided no appointment shall be made to "either division of the Civil Service unless the person appointed has passed an "examination" etc. Section 39 is equally clear : " No promotion in either division of "the Civil Service shall take place without special examination under regulations made " by the Governor in Council," \&c.

In my opinion the provisions of the Civil Service Act apply to the Geological Survey Department as well as to the other departments of the Government; and " technical officers" are not exempt from its provisions.

I return the papers inclosed,
And am, sir, your obedient servant,
Z. A. LASH.

## Audit Office, Ottawa, September 6, 1894.

Sir,-With reference to the appointment of Mr. James White to a permanent. position in your department, dealt with in your letter to me of the 28th July last, I beg to say that I cannot sce my way to passing the salary indicated.

I inclose for your information a copy of - letter on the subject from me to Mr . Lash, Q. C., and a copy of his reply.

> I am, sir, your obedient servant,

The Dep. Head and Director, Geological Survey.
J. L. McDOUGALL, A.G.

Geological Survey Dept., Ottawa, September 7, 1894.
Sir,-I am duly in receipt of your favour of the 6 th September re the appointment. of Mr. James White, together with a copy of your letter to Mr. Lash, Q.C., and his reply thereto. I have carefully perused and noted the contents of those documents. As regards your letter to Mr. Lash, you have failed to call his attention to the clauses in the Acts referred to upon which, it seems to mee, the whole question hinges. These are, as regards new appointments, section 37, subsection 1, Civil Service Act, and as regards promotion, section 39 , subsection 4 of the same act. If these are read and interpreted together with sections 3 and 4 of the Geological Survey Act, 53 Victoria, Chap. 11, it seems to me perfectly clear that the appointment of Mr. James White is in every respect in compliance with the provisions of the acts referred to. Mr. Lash, in his written opinion, has made no reference whatever to Clause 37 of the Civil Service Act. As regards the last question in your letter "Have all examinations as to promotion requirements in the Geological Survey Department been dispensed with ?", I would reply, certainly not, neither has it ever been contended by this department that such is the case.

I am, sir, your obedient servant,
The Auditor General.

> A. R. C. SELWYN, Dep. Head and Director.

## Treasury Board, Ottawa, Sept. 15, 1894.

Sir, -The Director of the Geological Survey has referred to the Treasury Board jour letter of the 6 th inst. with inclosure of letter from Mr. Lash, Q. C., and his reply to you of the 7 th inst. with reference to the payment of the salary of Mr. James White, who was appointed to a permanent position in the Department of the Geological Survey. I shall be glad if you will kindly furnish me with a statement of the objections made to the payment of Mr. White's salary, and any further observations you may wish to make, so that the same may be submitted to the Treasury Board.

> I am, sir, your obedient servant,
> C. W. TREADWELL, for Secy.

The Auditor General.
Audit Office, Ottawa, Sept. 26, 1894.
Sir,-With reference to your letter of the 15 th inst. regarding the case of Jas. White of the Geological Survey, and the letter of the Director of the Geological Survey of the 7 th inst. addressed to me, I would remark that in the Order in Council appointing Mr. White, no reference is made to sections 37 and 39 of the Civil Service Act.

My objection, and it is concurred in by Mr. Lash, is that a person who comes in with no other claim than that of having passed the qualifying examination or being exempt from it can receive in the Geological Survey Department only as a high salary as he could in any other department. If, therefore, he gets the salary which is claimed for Mr. Whitr, viz. : the minimum of the 1st class, he must do so under clauses which are found in the Civll Service Act and the Civil Service Act alore. The requirements of those clauses were not complied with, although the clauses are referred to in the Director's letter to me.

It seems to me that the last part of the Director's letter, in which he admits that the promotion requirements have not been dispensed with, makes it quite clear that my objection to the salary, proposed to be given to Mr. White, is valid.

I am, sir, your obedient servanc,
The Secretary, Treasury Board. J. L. McDOUGALL, A.G.

# Calculation of Gratuity-Lost Time not to be Counted. 

## Treasury Board, Ottawa, Oct. 30, 1894.

Sir,-I have the honour to inclose herewith, file No. 18,685, of the Treasury Board, being a question submitted by the Honourable, the Postmaster General, for the decision of the Board in connection with the retirement from the service of Mr. Lenox Garrett. The Board have directed the papers to be referred to the Department of Justice, and I shall be glad to know if you have any remarks to make in regard thereto, so that they may be submitted with the other papers.

> I am, sir, your obedient servant,

The Auditor General. J. M. COURTNEY, Secretary.

## Post Office Department, Ottafa, October 4, 1894.

The undersigned has the honour to submit for the decision of the Treasury Board, the following question, which has recently arisen in connection with the retirement from the service of Mr. Lenox Garrett, the Auditor General having declined to pay Mr. Garrett the fult amount of the gratuity authorized by the Order in Council of lst August, 1894, on the ground that for a portion of the time included in Mr. Garrett's term, namely, from the lst of November, 1893, to the 1st of May, 1894. Mr. Garrett was absent on leave without pay and that the time of such absence should be deducted from Mr. Garrett's terin of service.

Should an employee of the Civil Service, who has been absent on leave without pay for a period of two, three or more months, contribute to the superannuation fund during that time, and in the event of his so contributing to the superannuation fund, would the period of absence be taken into account in computing his length of service, with a view to granting a superannuation allowance?

The action of the Auditor General in the case seems to be somewhat at variance with the decision given in the case referred to in the letter from the Auditor General, which is enclosed, as if an employee is called upon to pay the usual deduction from his salary when absent on leave without pay, he would certainly seem to be entitled to include such absence in his term of service.

## ADOLPHE P. CARON, Postmaster General.

Post Office Dept., Ottawa, April 4, 1885.
My dear McDougall,-Should an officer who is absent from the department on leave (without salary) be called upon to pay the contribution to the Superannuation Fund? Mr. Courtney thinks he should.

Yours faithfully,

> J. L. McDougall, Esq., A.G.
> 1-c

Dear Sir, - In reply to your letter of the 4th instant, I beg to say that an officer should, under the circumstances you mention, be called upon to pay the contribution to the Superannuation Fund.

> I am, sir, your obedient servant,

Wm. White, Esq., Sec. P.O. Dept.

J. L. McDOUGALL, A.G.

Audit Office, Ottawa, Nov. 14, 1894.
Sir,-I am in receipt of the papers connected with the appeal from my decision by the Post Office Department in the matter of gratuity to Lenox Garrett on his retirement from the Service.

I admit that the rule in this case is not strictly consistent with that which has been adopted when permanent Civil Servants lose time.

It seems to me that the one applied in Garrett's case is rational. The man who loses time apparently has no right to receive benefit in any respect from that time. During that time he is of no service to the government. It is his services alone which give him, as far as I can see, a right to the deferred pay which comes in the way of superannuation or gratuity, as well as to the immediate pay which comes in the monthly salary.

This is the case of a man losing several months just before leaving the service and when the loss of time cannot escape attention.

The difference of action in the other case arose from the desire to avoid the complications in the establishment books which would have arisen from keeping an account of the losses of time of each employee in the service at different intervals during his employment, and it was thought better to secure the rebate and allow the whole time to count than to allow the whole time to count and not hold the rebate.

I am, sir, your obedient servant,
The Secretary, Treasury Board.
J. L. McDOUGALL, A.G.

Not estimated for pending settlement of Province accounts.

## Auditor General's Report.

Taking into account the premium and discount on securities bought, the eatimate was as close as conld be made.

a. Calls for no remark. b. Redeemable on demand; no basis for an estimate.

These accounts have been examined under my direction and are correct.

> J. L. McDOUGALL, A.G.

Examined,
A. B. Hudson.

| Printing, advertising, inspection, expressage and miscellaneous charges, including commutation of stamip duty. | 12,500 00 | 18,818 34 | C-9 |  | 6,318 34 |
| Thomas Skinner, for services ..... | 1,000 00 | 1,100 00 | C-9 |  | 6,318 34 |
| Crown agents for the Colonies, commission and other expenses in connection with the redemption of the British Columbia Loan. | 3,500 00 | 3,403 80 | C-9 | 9620 |  |
|  | 163,350 00 | 166,444 39 |  | 4,829 57 | 7,923 96 |

$a, b, c, d, e, f, g, j, u, n, p$. Estimated as closely as possible. $h$ and $i$. Offices closed. $k$. New stock issued on which there was no brokerage. $l$. Bill stamps on exchange exceeded estimate. Commutation of stamp duty greater than estimated. The expenditure for this service cannot be controlled as it depends on the amount of bonds inscribed.

This account has been examined under my direction and is correct.

Examined,
A. B. Hudson.

J. L. McDOUGALL,<br>Auditor General.

J. L. McDOUGALL, Auditor General.

## Auditor General's Report.

Explanations by Department-(a). Was intended for pay, \&c., of militia, annual drill, 1894.95, in camp in June, 1894, prior to period when the appropriation for $1894-95$ would be available. This drill was countermanded; hence the balance, not being required, lapsed. (b). Stores, \&c, not delivered or not ordered in time to be paid in 1893-94. (c). Lapsed in consequence of the annual drill in camp, June, 1894, having been countermanded. (d). Was intended for new machinery, \&c., ; orders delayed and held over. (e). The estimate was for the whole year. Works, \&c., not begun until late in the year, hence the unused balance lapsed.

Certified correct,
C. Hurbert O'Meara,

Accountant.
Note by Auiftor General.-On account of the new method of classification adopted in the Estimates for 1893-94, some difficulty has been experienced in getting all the items under their proper sub-heads. Several instances of wrong classification were found after the Public Accounts were closed, and it has been thought advisable to prepare a second statement of the Appropriation Account. The first statement prepared by the Department agrees with that shown in the Public Accounts, at Page ii.30; the second atatement is supported by the details published in part $K$ of this report. The grand totals of the two statements are the same.
J. L. McD.

## J. L. McDOUGALL, Auditor Genernl.

Note.-With reference to the exception, in 1892-3, of certain pay-lists for Ottawa repairs and Manitoba dredging from any certificate of correctness (as mentioned on page. A-õ of last year's report), the correspondence on pages $\mathbf{P}-221$ and $\mathrm{P}-222$ of this year shows that the information asked for by this office has not yet been obtained. The refusal to certify these items as correct charges against the appropriation is, therefore, still maintained.

## Vote Taken for only One Month for Clerks who have not Passed the Civil Service Examination.

Dept. of Agriculture, Ottawa, Feb. 8, 1894.
Sir,-Last year you thought it necessary to decline the payment, from the contingencies, of the salaries of four extra clerks, who have not passed a Civil Service examination, for the month of January, namely :-

$$
\text { John Thompson., . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$50 } 00
$$

R. E. Armstrong . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3875
T. H. Morgan.. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 5000
T. B. Basset. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 4650
$\$ 18525$
A vote of the Hous was in consequence taken. Will you kindly inform me whether you consider such to be again necessary.

> I am, sir, your obedient servant,

The Auditor General.
J. LOWE, D.M.A.

Audit Office, Ottawa, Feb. 15, 1894.
Sir,-In reply to your letter of the 8 th inst., with reference to four extra clerks who have not passed a Civil Service examination, I beg to say that in my opinion the vote should be taken for the whole period during which their services are expected to be required.

Then there should be a note that the employment is authorized, notwithstanding anything to the contrary in the Civil Service Act.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture.

> J. L. McDOUGALL, A.G.

## Extra Clerk does not Endorse his Own Cheques.

Audit Office, Ottawa, March 31, 1894.
Sir,-Inclosed you will please find three cheques for $\$ 37.50, \$ 38.75$ and $\$ 38.75$, the pay of Mr. N. F. Boissonnault, a clerk in the Agriculture Department, for the months of November, December and January, respectively, which cheques have been endorsed by Mr. W. J. Lynch, the accountant of the Patent Office as his attorney.

As this endorsation is contrary to the Treasury Board Regulations of Feb. 1, 1870, which states that no officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys, will you please obtain a proper endorsation from Mr. Boissonnault, and also some explanations of why he did not endorse his own cheques in the first instance?

I am, sir, your obedient servant,
The Accountant of Contingencies.
J. L. McDOUGALL, A.G.

Patent Office, Ottawa, April 6, 1894.
Sir,-In answer to the Auditor General's letter of the 31st ultimo, and transferred by you to me, I have to return herewith Mr. Boissonnault's pay cheques, duly endorsed by him, and beg leave to submit that the cheques in question were endorsed by me on
the authority of an old power of attorney and purely as a matter of convenience to his sister (his housekeeper), who came for them, Mr. Boissonnault having requested they should be handed to her.

I was not aware of the Treasury Board Regulations respecting the endorsement of Government pay cheques.

The Accountant of Contingencies.
I am, sir, your obedient servant,
W. J. LYNCH, Cashier.

## Audit Office, Ottawa, April 16, 1894.

Sir,—In acknowledging receipt of Mr. Boissonnault's pay cheques which he has now endorsed himself, let me ask why it was necessary in the first instance that Mr. Lynch should endorse these cheques, since Mr. Boissonnauft was not entitled to his pay unless he was at his office each day, and if he was at his office, why was it inconvenient for him to endorse his cheque?

I am, sir, your obedient servant,
The Accountant of Contingencies.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, October 20, 1894,
Sir,-I would like an answer to my letter of April 16, 1894, in which I asked why it was inconvenient for Mr. Boissonnault, a clerk in the Agriculture Department, to endorse his own cheques, as unless he was actually present at his office performing his work he would not be entitled to his pay.

I notice that his cheques for April, May, June and July-the last cheques that have come to hand--have all been endorsed by Caroline Boissgnnault, his attorney.

Please forward the explanation without delay.
I am, sir, your obedient servant,
The Accountant of Contingencies.
J. L. McDOUGALL, A. $G$.

Audit Office, Ottawa, November 8, 1894.
Sir,_Please send an answer to my letter of October 20 with reference to Mr . Boissonnault's not having endorsed his own cheques. It is necessary that some explanation of this matter should appear in my report, the manuscript of the Agriculture part of which is now ready for the printer.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

Dept. of Finance, Ottawa, November 9, 1894.
Sir,-I have forwarded your letter of yesterday, re the endorsation of Mr. 'Boissonnault's cheques to the Deputy Minister of Agriculture, as I had also done with the previous one.

I do not myself know why Mr. Boissonnault chooses this method of transacting his business.

## I am, sir, your obedient servant,

The Auditor General.
W. H. HAYES, Acct. of Contingencies.

## Memo:

For several years past, by Ministerial permission, Mr. N. F. Boissonnault has performed office work at his private residence. For some months past, owing to an infirmity in his right hand, he has been unable without great difficulty to write, and he authorized his sister to sign his monthly pay cheque for him. He signed the last month's (October) cheque, and will continue to sign his pay cheques in future. The office work he performs, consisting of preparing and despatching the Patent Office Record, does not necessitate handwriting. He continues to perform this necessary work with diligence, neatness and punctuality, and to the entire satisfaction of this office.

R. POPE,<br>Deputy Commissioner of Patents.

## Reasons why certain Farm Expenditure should be considered General.

Central Experimental Farm, Ottawa, November 7, 1894.
Dear Sir,-In the classificatipn of expenditures for the Experimental Farms, in the annual report of the farms, I have for the past two years placed under the heading of "General Expenses" eight groups of items: (1) Printing and Stationery; (2) Seed-grain Distribution ; (3) Forest-tree Distribution; (4) Salaries; (5) Chemical Department; (6) Entomological and Botanical Departments ; (7) Office Help and Distribution of Bulletins ; (8) Testing the Vitality of Agricultural Seeds. This is a departure from the plan adopted in 1891, which was the first year when a statement of expenditure was made in the farm when all these items, in the summary, were included under the heading of "Central Experimental Farms."

I submit the following reasons for the change :
No. 1, Printing and Stationery. The expenses incurred under this head are not for the special benefit of the Central Farm, but for the advantage of the farms generally, and for the information of the general public throughout the Dominion.

No. 2 and 3, Seed-grain and Forest-tree Distribution. This is no part of the farm work proper, and is to a large extent an uncontrollable item, incurred for the benefit of the whole farming public, in which the farmers of every province share. There is a limited quantity of grain and seeds distributed by the branch farms, but this distribution is confined within the limits of the province or territory in which the farm is located, and that may, I think, under these circumstances, be fairly charged to the branch farm expenses.

No. 4, Salaries. This item includes the Director's salary only. My time is not devoted to any one farm, but to the whole system of farms. A part of it is given to visiting the branch farms, and although a large part of my time is spent at the Central Farm, I am occupied almost wholly in planning and arranging for the general work-in preparing bulletins and reports for general distribution, and in giving information to correspondents in all parts of the Dominion on farm topics. The letters received by me in 1892 were 11,223 ; and in 1893 numbered 13,733. It would, in my opinion, be unjust to charge this item to the Central Farm.

Nos. 5 (Chemical Department) and 6 (Entomological and Botanical Departments). The Entomologist and Botanist and the Chemist are officers appointed to carry on work for the Dominion. The one is Chemist to the Dominion Experimental Farms, and the other Entomologist and Botanist to the Dominion Experimental Farms. As the cost of carrying on the work in both these departments is incurred for the benefit and information of the farmers of the whole Dominion, I submit it would be unfair to charge either of these items to the Central Experimental Farm.

No. 7, Office help and Distribution of Bulletins. The expenses grouped under this head are incurred mainly in connection with the large correspondence and the distribu-
tion of bulletins and reports. The Accountant keeps the accounts of all the farms. These items could not be justly charged to the Central Farm.

No. 8, Testing the Vitality of Agricultural Seeds. This is a work also in the interests of the farmers of the whole country, and the greater part of the samples received for test are from farmers in the outlying provinces.

Before arranging these groups a careful examination was made of the items of which they are composed, and the arrangement adopted appears to me, under the circumstances, to be only equitable and just.

Yours very truly,
The Auditor General.
WM. SAUNDERS, Director.

## Audit Office, Ottawa, November 8, 1894.

Sir,-I beg to say in reply to your letter of yesterday that I should be glad to assign to each Experimental Farm such percentage of each item of the charges which you place under General Expenses as you may think proper, but I do not see my way to open up a heading of "General Expenses" in my Report.

$$

\end{aligned}
$$

The Director of Experimental Farms.

## Name of Department to be marked on Farm Voucher.

Audit Ofeice, Ottawa, June 19, 1894.

Sir,-Will you please have marked on each of the vouchers for the expenditure at the Central Experimental Farm the name of the department of the farm for which such expenditure has been made.

This information is now given on many of the vouchers, but if it were given on all it would be of great assistance to this office in preparing the accounts for the Annual Report.

I would like also if sufficient information were given on the workmen's pay-list to tell the exact work of the farm in which each workman was engaged.

I shall return those vouchers for the six months ended December 31, 1893, on which the information asked for above has not been given.

> I am, sir, yonr obedient servant,

The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

## Department of Agriculture, Ottawa, June 27, 1894.

Sir,-As respects the request in your letter of the 19th inst., relating to the forms of the Experimental Farm vouchers, I referred your letter to the Director with a request that he should give effect to your wishes, and I inclose herewith a copy of the reply.

I am, sir, your obedient servant,
The Auditor General.
J. LOWE, D.M.A.

Central Experimental Farm, Ottawa, June 30, 1894.
Dear Mr. Lowe,-I beg to acknowledge the receipt of the Auditor General's letter under date of June 19, which you have referred to me for reply.

I shall do my best to meet the wishes of the Auditor in regard to the marking of vouchers for the expenditure at the Central Experimental Farm, with the name of the department of the farm for which such expenditure has been made.

A complete record is kept, of the work which every workman does on the farm, but as the work is varied often-sometimes several times during the day-on account of the unsettled condition of the weather, it would require a good deal of clerical labour to prepare this for the Auditor, and would complicate the records very much.

I shall be glad to do what I can to meet the Auditor's wishes in regard to the vouchers which he proposes to return.
J. Lowe, Esq., D.M.A.

> Yours very truly,
> WM. SAUNDERS, Director.

## Discount allowed on some Accounts and not similar Accounts.

## Audit Office, Ottawa, October 16, 1894.

Sir,-I notice that from every account of Jas. Carrick for horse-shoeing at the Brandon Experimental Farm, except one for $\$ 15$ part of voucher No. 3265, a deduction of 20 per cent has been taken, leaving the net price paid for setting shoes at 20 cents each, and the net price for new shoes at 40 cents each.

I notice also that no discount has been taken from the accounts amounting to $\$ 20.50$ of Wilson \& Haw for the same purpose, the price paid them being 25 cents for setting a shoe and 50 cents for a new shoe.

Please explain why the deduction of 20 per cent has not been taken from the account above mentioned of James Carrick and the difference in the rate of payment to him and to Wilson \& Haw.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture.

$$
\text { J. L. McDOUGALL, } A . G \text {. }
$$

Department of Agriculture, Ottawa, October 30, 1894.
SIR,-In answer to a question, for information, contained in your letter of the 16th instant on the subject of discounts for horse-shoeing at the Brandon Experimental Farm, I inclose to you herewith a copy of a letter of explanation from Mr. S. A. Bedford, the local superintendent of the farm at Brandon, obtained at the instance of Mr. Saunders, to whom your question was referred. This letter contains the information you desire.

> I am, sir, your obedient servant,

The Auditor General.

J. LOWE, D.M.A.

Experimental Farm, Brandon, Man., October 22, 1894.
Sir.-I beg to acknowledge your letter of the 18 th inst., on the subject of discounts on the horse-shoeing bills at this farm.

Prior to January, 1893, Wm. Wilson, who is an expert at the trade, had always done the horse-shoeing for this farm and gave every satisfaction, his price being the regular one of 25 cents for setting and 50 cents for a new shoe. During January, 1893, Mr. Wilson gave up business and we transferred our work to James Carrick, paying him the regular price for work done during the months of January, February, March and April of that year. In the meantime William Wilson had again started in business (and wishing, I presume, to keep us from returning to Wilson) Carrick made a discount of 20 per cent on the horse-shoeing. In March of this year we decided that William Wilson was the most satisfactory horse-shoer, and we again gave him our work. I noticed that he did not make the 20 per cent discount, but finding that 25 cents and 50 cents was the regular price charged by other blacksmiths here, $I$ did not ask Mr. Wilson for discount.

In speaking to Mr . Wilson to-day he expressed his willingness to meet Mr. Carrick's price at 20 cents and 40 cents rather than lose our custom.

Yours truly,

## \$9,000 transferred from Dairy Purchase to Dairy Maintenance Vote.

## Department of Agriculture, Ottawa, April 19, 1894.

Sir,-I have the honour to state that the whole of the amount of the deposit which 1 have paid in to the credit of the Receiver General for sales of cheese and butter, has been put to the credit of the $\$ 36,000$ vote. There is now at the credit of that account a sum of about $\$ 9,000$ over and above the $\$ 36,000$ which is to be paid into the Consolidated Revenue Fund at the end of the financial year. That $\$ 9,000$ excess revenue of the $\$ 36,000$ account, has arisen from the fact the payments for wages, for dairy furnishings, for rents, de., have been made from the $\$ 25,000$ maintenance vote. The revenue from sales of cheese and butter (over and above the sums paid to the farmers who furnished the milk) should be placed to the credit of the $\$ 25,000$ maintenance account, as it accrued from the expenditure which was made from that $\$ 25,000$ vote. I have the honour to ask that the sum of $\$ 9,000$ be transferred from the $\$ 36,000$ account to the $\$ 25,000$ account. The sum of $\$ 36,000$ is to be paid in to the Consolidated Revenue Fund at the end of the financial year; and this transfer asked for will not interfere with or affect that.

I have, \&c.,
The Deputy Minister of Agriculture.
JAS. W. ROBERTSON, D.C.
Audit Office, Ottawa, April 23, 1894.
Sir,-In reply to your letter of the 20th inst. in which you ask for a transfer of $\$ 9,000$ from the credit of the Dairy Purchase Vote of $\$ 36,000$ to the credit of the Dairy Maintenance Vote of $\$ 25,000$, please furnish a statement showing in detail, and with vouchers attached, how this $\$ 9,000$ which you wish transferred to the credit of the Dairy Maintenance Vote is made up.

I would also ask you to make application for a transfer entry debiting the Dairy Maintenance Vote and crediting the Casual Revenue of your department for 1893-94 with $\$ 1,509.67$, being the balance deposited by Prof. J. W. Robertson on account of expenses in 1892-93.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture. J. L. McDOUGALL, A.G.

Department of Agriculture, Ottawa, May 4, 1894.
Sir,-In reply to your letter of the 23 rd ult. requesting to be furnished with vouchers for an item of $\$ 9,000$, paid from the Maintenance Dairy Vote of $\$ 25,000$, and included in the deposits to the credit of the Dairy Purchase Vote of $\$ 36,000$, I send to you herewith a copy of a letter from the Dairy Commissioner explaining why the application was nade, without sending such vouchers.

I understand from Mr. Robertson that it would be difficult, if not impossible, for him, from the way in which he had kept his accounts, to furnish the vouchers in the form desired.

He states that it is necessary for the successful operations of the Dairy Commission that he should have refunded the amount which he states he has drawn on the $\$ 25,000$ Maintenance Vote and deposited to the credit of the Dairy Purchase Vote.

I am, sir, your obedient servant,
The Auditor General.
J. LOWE, D.M.A.

Office of Dairy Commissioner, Ottawa, May 3, 1894.
Dear Mr. Lowe,-At your suggestion, I consulted the Auditor General in reference to his letter to you of 23 rd ult. in the matter of the transfer of $\$ 9,000$ from the credit of the Dairy Purchase Vote of $\$ 36,000$ to the credit of the Maintenance Vote of $\$ 25,000$.

The $\$ 9,000$ for which a transfer is asked was deposited to the credit of the $\$ 36,000$ vote from sales of cheese and butter. The deposits included the revenue from our charge for manufacturing the cheese and butter at the different branch dairy stations. At the same time, most of the wages, rents for buildings, dairy furnishings, \&c., which this revenue from our charge for manufacturing was intended to meet, have been paid for out of the Maintenance Vote of $\$ 25,000$. It is, therefore, necessary that the sum which was deposited to the $\$ 36,000$ vote (over and above the $\$ 36,000$ ) should be available to meet the maintenance expenses incurred at these branch dairy stations.

My understanding of the $\$ 36,000$ vote was, that it was in the nature of a credit, and that the whole of it should be refunded at the end of the year. In my opinion, it is desirable that the revenue from our charge for manufacturing at these dairy stations should be looked upon as an addition to the maintenance vote of $\$ 25,000$, and that I should furnish accounts and vouchers, showing how it was spent.

If that course be not adopted, the only other available one would be for me to administer that revenue from the charge for manufacturing, as an account by itself, then to pay wages, rents, furnishings, \&c., directly from it, and to deposit to the credit of the Receiver General out of the sales of butter and cheese, only the net amount which had been advanced from the $\$ 36,000$.

I anı, sir, your obedient servant,
The Deputy Minister of Agriculture.
JAS. W. ROBERTSON, D.C.

Audit Office, Ottawa, May 17, 1894.
SIR,-I have made the transfer-entry requested by you, transferring $\$ 9,000$ from the credit of the Dairy Purchase Vote to the credit of the Dairy Maintenance Vote, and would ask that you send me a statement showing the vouchers which have been charged against the Dairy Maintenance Vote but which should be charged against the Dairy Purchase Vote, in order that I may know that this is the whole amount that should be transferred, and also that I may be able to distinguish the payments in my annual report.

Please have this statement forwarded at your earliest convenience.

> I am, sir, your obedient servant,

The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

Department of Agriculture, Ottawa, May 17, 1894.
Sir, -I have to acknowledge your letter of this day's date, relating to the vouchers you desire on the transfer entry of $\$ 9,000$ from the credit of the Dairy Purchase Vote to the credit of the Dairy Maintenance Vote.

I will immediately apply to Mr. Robertson, the Dairy Commissioner, to obtain the vouchers, and I will endeavour to get them before he leaves for the west, which he is about to do, to be absent for some days.

I am, sir, your obedient servant,
The Auditor General.
J. LOWE, D.M.A.

## Department of Agriculture, Ottawa, May 21, 1894.

SIR, -In further reference to your letter of the 17 th inst., in which you request to be furnished with the vouchers for the amount of $\$ 9,000$, transferred from the credit of the Dairy Purchase Vote to the credit of the Dairy Maintenance Vote, I inclose to you herewith a copy of a letter from Mr. J. W. Robertson, the Dairy Commissioner, containing an explanation and interim answer to your request.

I am, sir, your obedient servant,
The Auditor General.
J. LOWE, D.M.A.

Office of Dairy Commissioner, Ottawa, May 17, 1894.
Dear Mr. Lowe,-I am in receipt of the letter, referred to me, in which the Auditor General asks for a statement of the vouchers which have been charged against the Dairy Maintenance Vote, but which should be charged against the Dairy Purchase Vote.

In my opinion the only vouchers which should be charged against the Dairy Purchase Vote are those for payments of milk or cream to patrons of our dairy stations, and the whole amount of these payments is to be refunded to the credit of the Consolidated Revenue Fund before the end of the financial year.

All of the other vouchers for expenditure in the Dairying service should, in my opinion, be charged against the Dairy Maintenance Vote, supplemented as it has been by the sums which were charged by the Dairy Commissioner for manufacturing cheese and butter at the different dairy stations. These sums, in the course of the year, will amount to about $\$ 10,000$. Vouchers for this amount, in addition to the part of the $\$ 25,000$ maintenance vote which has been spent, are being furnished from time to time as they are obtained; and vouchers for the whole amount spent in maintenance during the year ( $\$ 25,000$, plus the sums collected for manufacturing, which will amount to about $\$ 10,000$ ) will be furnished at the end of the financial year. I am leaving tomorrow morning for a visit to Manitoba and will give a further explanation with all vouchers on hand when I return about the lst of June.

I am, yours very truly,
The Deputy Minister of Agriculture.
JAS. W. ROBERTSON, D.C.

## Refund of Balance of Advances in 1892-93, put to Credit of Dairying 1893-94, and not to Credit of Casual Revenue.

Audit Office, Ottawa, Oct. 26, 1894.
Sir,-I do not see that your department has made application for a transfer-entry debiting the Dairy Maintenance Vote, to whose credit the amount now stands, and crediting the Casual Revenue Vote of your department for 1893-94, with $\$ 1,509.67$, being the balance deposited by Prof. Robertson on account advances for dairy expenses in 1892-93.

In my letter of April 23rd, 1894, I asked that this entry should be made. Please see that the entry is applied for at once as the books will be closed on October 31st.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture.
J. L. McDoUGALL, A.G.

## $\$ 26.70$ charged to Dairy Maintenance should be charged to Dairy Purchase.

Audit Office, Ottawa, May 4, 1894.
Sir,-I would like some explanation of voucher No. 1410 for a payment of $\$ 26.70$ to Hodgson Bros., Montreal, for an allowance on Prince Edward Island cheese-890 boxes at 3 cents.

Please inform me also why you consider it a charge against the Dairy Maintenance Vote of $\$ 25,000$, and not against the Dairy Purchase Vote of $\$ 36,000$.

> I am, sir, your obedient servant,

The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

Office of Dairy Commissioner, Ottawa, May 8, 1894.
Dear Mr. Lowe,-I have your favour of the 7 th instant, inclosing departmental file No. 91939.

The $\$ 26.70$, account of Hodgson Bros., Montreal, voucher No. 1410, should be charged against' the Dairy Purchase Vote of $\$ 36,000$, and not against the Dairy Maintenance Vote of $\$ 25,000$, as the sum of $\$ 26.70$, which it was found necessary to refund Hodgson Bros., was included in the amount received from them, and which was deposited to the credit of the $\$ 36,000$ vote.

I suppose the error was mine in intimating that it should be charged against the Dairy Maintenance Vote.

> I am, sir, your obedient servant, JAS. W. ROBERTSON, D.C.

The Deputy Minister of Agriculture.

## Asking for Account of an Advance of $\$ 100$ to $\mathbf{M r}$. Livingston.

Audit Office, Ottawa, October 19, 1894.
Sir,-Please let me know know if any account has been received of an advance of $\$ 100$ made to Mr. H. A. Livingston, of St. Hyacinthe, on July 21, 1893, on account of dairying services.

The Deputy Minister of Agriculture.
I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

Office of the Dairy Commissioner, Ottawa, October 31, 1894.
Sir,-I have the honour to acknowledge receipt of your inquiry of October 23rd, in reference to the sum of $\$ 100$, which was advanced to Mr. H. A. Livingston in July, 1893.

This sum was of the nature of an advance to Mr. Livingston, who was engaged to travel as dairy instructor in the province of Quebec and to take charge of the cheesemaking branch in the Dairy School at St. Hyacinthe, to enable him to pay current travelling expenses without using his own funds for that purpose.

Mr. Livingston died on the 6th of February, 1894. The expenses immediately preceding his death, for medical attendance, \&c., were large, and, I understand, swallowed up nearly everything he had. Mr. J. D. Leclair, the Superintendent of the Dairy School at St. Hyacinthe, has been in correspondence with the only relative of Mr. Livingston of whom I have heard, making inquiry as to whether he left any estate. I do not think he left anything; and, in view of the circumstances, his illness being induced immediately by exposure connected with his work at St. Hyacinthe, I do not think there was the least culpability on his part in the using of the $\$ 100$ for medical attendance and other necessary expenses.

I am, sir, yours very truly,
JAS. W. ROBERTSON, D.C.

## Order in Council necessary for expenses of the two World's Fair Commissioners.

Audit Office, Ottawa, October 29, 1894.
Sir,-Will you please inform me if an Order in Council has been passed with reference to the payment of the expenses of the Commissioners, Hon. J. Tassé and Mr. Geo. R. R. Cockburn, M.P., at the World's Fair.

If such an Order has not been passed, I think that under 56 Vic., chap. 7, which states that the Governor in Council may determine the sum to be paid to these Commissioners for their expenses, there should be one.

I notice that Mr. Cockburn has sent a statement of the whole amount of his advances, $\$ 4,425$, but that Mr. Tassé, whose advances amounted to $\$ 3,850$, has rendered only one account, for $\$ 3,170.33$, his expenses at the Virginia Hotel.

I am, sir, your obedient servant, The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

## Advances not accounted for: Expenses of World's Fair.

## Audit Office, Ottawa, October 29, 1894.

SIR,-I find that the following advances on account of the World's Fair still remain unaccounted for:-W. M. Andrews, $\$ 342$; Philip Veale, $\$ 450.08$; A. F. McLaren, $\$ 100$; W. J. Buchanan, $\$ 180.05$. Please see that the accounts are sent in at once so that the details of the advances may be given in my report for the year 1894.

I find that the following vouchers are outstanding:-Wm. Bissell, No. 1131 for $\$ 70$; Col. O. B. Patten, Nos. 1137 and 1138 for $\$ 92.70$; A. Ardley, No. 1978 for $\$ 10$, and S. M. Barre, No. 1104 for $\$ 4.40$.

Please explain why a tarpaulin $30 \times 60$ feet was purchased by Mr. Dimock to cover Abell's automatic engine and separator. The amount-\$20-was paid by cash voucher No. 20 in W. D. Dimock's statement for December, 1893. Was the amount to be refunded by that company?

I am, sir, your obedient servant,
The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

## Refunds by Provinces on account of World's Fair.

## Audit Office, Ottawa, April 24, 1894.

Sir,-I notice that the province of Quebec has made a refund of $\$ 2,000$ on account of its contribution towards the cost of the Canadian Pavilion.

Will you please inform me if any of the other provinces are expected to contribute toward the cost of this building, and if so, what action is being taken by your department to secure the settlement of these accounts.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

Department of Agriculture, Ottawa, May 5, 1894.
Sir,-I have to inform you, in reply to your letter of the 24th ultimo, on the subject of the contributions of the several provinces to the Canadian Pavilion at the Chicago Exposition, that the provinces of Ontario and British Columbia have contra accounts against the amount of refund agreed to be paid by them.

The account of the province of Quebec has been already settled and reported to you.

The province of Nova Scotia agreed to contribute towards the Pavilion, but it did not use the room allocated to it, which was, in consequence, taken over and used by the Dominion Commissioners.

The several accounts, so soon as they can be completed, will be reported to you.
I am, sir, your obedient servant,

Audit Office, Ottawa, October, 20, 1894.
Sir,--Will you please let me know if the provinces of Ontario and British Columbia have as yet settled with your department their indebtedness on account of their contribution to the Canadian Pavilion at the Chicago Exposition.

In your letter of May 5 you stated that the settlement had not then been completed.
I am, sir, your obedient servant,
The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

Department of Agriculture, Otrawa, October 24, 1894.
Sir,-I have to inform you, in reply to your letter of the 20th inst., that the accounts of the provinces of Ontario and British Columbia, in relation to the Chicago Exposition, are yet only partially settled. Points are still in correspondence.

I am, sir, your obedient servant,
The Auditor General.
J. LOWE, D.M.A.

## Sales of Butter and Cheese sent to World's Fair.

Audit Office, Otrawa, October 19, 1894.
SIr,-I notice that there was paid out for butter and cheese purchased for the Canadian Exhibit, exclusive of the cost of the mammoth cheese, for the sale of which up to the present I cannot see that the receipts have been deposited, $\$ 16,116.61$, and that the amount that has come to hand for the sale of this butter and cheese is only $\$ 12,371.19$.

Please let me know if there are to be any further deposits on account of these sales. Will you furnish the accounts of sales which have not been hitherto supplied?

> I am, sir, your obedient servant,

The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

## Office of Dairy Commissioner, Ottawa, November 1, 1894.

Sir,-I have the honour to acknowledge receipt of your letter of October 22nd, covering an inquiry from the Auditor Gencral in reference to expenditure and receipts for cheese on World's Fair account.

According to my books here, the sum of $\$ 14,228.77$ was paid on joint cheque of myself and J. W. Ellerby for 1,952 boxes of cheese. This was in addition to the sum of $\$ 630.20$, paid by official cheque from the department to Messrs. J. L. Grant \& Co., Ingersoll, Ont., for 75 boxes of cheese of the make of 1891.

Accounts have been received for sales of 1,717 boxes of cheese to the amount of $\$ 13,245.67$. There is still a small sum of $\$ 40$ or $\$ 50$ in the cash box here, or still uncollected.

Some 290 boxes of cheese were lost by the fire in the cold storage building on the World's Fair grounds. With the exception of the $\$ 40$ or $\$ 50$ already referred to, there will not be any further deposits on account of sales. A summary of the accounts of sales of these cheese is attached hereto.

For World's Fair butter the sum of $\$ 1,812.95$ was paid by joint cheque of myself and J. W. Ellerby for 222 packages. The butter was sold for the sum of $\$ 1,842.77$

The total amount paid for cheese and butter on cheques by myself and J. W. Ellerby was: For cheese, $\$ 14,228.77$; for butter, $\$ 1,812.95$; total, $\$ 16,041.72$.

In addition to this, $\$ 630.20$ was paid direct from the department to J. L. Grant \& Co., Ingersoll, Ont., for 75 cheese.

The revenue from sales of cheese and butter is: For cheese, $\$ 13,245.67$; for butter, $\$ 1,842.77$; total, $\$ 15,088.44$.

When the sum of $\$ 40$ or $\$ 50$, not yet collected, is added to this, and the cost of these 75 cheese ( $\$ 630.20$ ) has been added to the expenditure, the receipts will show about $\$ 1,400$ less than the cost.

The actual value of the cheese burned when the cold storage building on the World's Fair grounds was destroyed by fire was over $\$ 2,000$.

The whole of the $\$ 15,088.44$ is not deposited to the credit of the Receiver General, as a sum of $\$ 1,285.31$ was paid out of it for freight charges, express charges, warehouse accommodation, labour and shipping expenses in connection with collecting, selecting and despatching of the cheese and butter to and from Montreal and Ingersoll.

Re Mammoth Cheese.-On account of the refusal of the firm in England to which the mammoth cheese was sold, to receive it at the price agreed upon, there was almost no revenue in cash from it. With the approval of the Minister of Agriculture, no action was taken to recover by legal process the amount for which the cheese was sold to Thos. Lipton \& Co. I consider that the firm was entirely responsible for the original cost of the cheese; but, in view of the injury to the trade in dairy products from Canada, which must result from a lawsuit by the department being entered against a merchant whose trade interests were spread over forty or fifty large cities, I am of opinion that the prudent course was to let the matter drop. The mammoth cheese had fully achieved all that was expected of it in advertising the dairying interests of Canada and the excellent and superior keeping qualities of our cheese.

A sum of $\$ 165.98$ was deposited to the credit of this account, and I do not expect any further revenue.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture.

# Quarantine Expenditure at St. John and Port Hawkesbury. 

Audit Office, Ottawa, June 26, 1894.
Sir,-I wish to call your attention to the expenditure at the following quarantine stations for the 11 months ended May 31, 1893 :-

> St. John.

| S. Harding, physician, salary, 11 months to May 31 . . do boat allowance, 11 months to May 31.. | $55000$ |
| :---: | :---: |
| Thomas McGowan, steward, salary, 11 months to May 31. |  |
| C. O'Doherty, stewardess do do do |  |
| Subscription St. John Board of Trade, 6 months. | 500 |
| Total | \$2,205 |

Port Hawkesbury.

In view of the fact that the expenditures as stated above are almost entirely for salaries, will you please inform me if all other expenses are paid for by the physician in charge, or if not, then have there been any other expenses ?

I would like also to have some explanation of the subscription to the St. John Board of Trade.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

Department of Agriculture, Ottawa, June 30, 1894.
Sir,-I have to acknowledge your letter of the 25th instant in reference to the expenses for the service of the quarantine stations at St. John, N.B., and Port Hawkesbury.

In reply I have to inform you that there are no further churges for that service at the stations named than those already furnished to you.

The allowance of the subscription to the St. John Board of Trade was decided by the Minister of Agriculture on representations made to him by the Superintendent, Dr. W. S. Harding, in order to afford him the facility of the telegraphic correspondence of the Board daily posted by the Board, to enable him to learn the names of vessels about to arrive and to judge of possible requirements as respects quarantine.

I am, sir, your obedient servant,
The Auditor General.
J. LOWE, D.M.A.

## Extra payment to Dr. McEachran for Quarantine services.

Audit Office, Ottawa, June 29, 1894.
Sir,-Let me call your attention to the Order in Council of June 10, 1893, which authorizes the payment to Dr. McEachran of a per diem allowance of $\$ 5$, and his actual moving expenses while engaged in eradicating the disease of sheep scab in the North-west Territories, and in reporting on the Animal Quarantines in that district.

All his accounts seem to indicate that his per diem allowance has been also drawn for times while he was engaged in general quarantine work in British Columbia, Manitoba and Ontaric. I would like to obtain a statement from Dr. McEachran of the exact times during which he was engaged on the quarantine service prescribed by the Order in Council above mentioned.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

Department of Agriculture, Ottawa, July 14, 1894.
Sir,-I have to make to you the following representation in reply to your letter of the 29th ultimo in relation to the expenses of Professor McEachran for his operations under the Order in Council of June 10, 1893.

I understand the definitions of the order, as respects the disease of sheep scab and the steps to be taken for its eradication, to refer to the North-west Territories.

The reports he was requested to make on the quarantines were not confined to the North-west Territories but by the terms of the Order referred to the whole of the Northwest, that term, as understood in making the report for the Order, including the whole of the country west of Ontario to the Pacific Ocean. I think you will find, on reference to the accounts, that all the operations had relation to the extirpation of sheep scab and were confined to the North-west Territories.

The inspection of quarantines in British Columbia and in Manitoba would come within the terms of the Order as I understand them:

I am, sir, your obedient servant,
The Auditor General.
J. LOWE, D.M.A.

Audit Office, Ottawa, October 22, 1894.
Sir,-In reply to your letter of the 14th July let me say that according to the vouchers Dr. McEachran has received on account of the quarantine work prescribed by Order in Council of June 10, 1893, $\$ 331.69$ for travelling expenses in the North-west Territories, British Columbia and Manitoba, between July 15 and August 31, 1892 ; $\$ 19$ for the expenses of a trip from Montreal to Toronto on September 12, 1893 ; and $\$ 880$ for services at the rate of $\$ 5$ a day on all the week days between July 11, 1893, and January 31, 1894.

As Dr. McEachran, with the exception of the times above mentioned, has spent all the time in Montreal where he performs his regular service for which he receives pay at the rate of $\$ 1,500$ a year, I think it necessary that he should forward a statement that for all this time for which he has been paid between July 11, 1893, and January 31,1894 , he was actually engaged on the above-mentioned work,-that is of reporting on sheep scab and animal quarantine work in the North-west, and that his statement should be certified as far as possible by yourself.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture.
J. L. McDOUGALL, A.G.

Department of Agriculture, Ottawa, November 7, 1894.
Sir,-In reply to a request in your letter dated on the 22nd ultimo I inclose to you herewith a certificate from Professor D. McEachran, in the statements of which I concur, respecting the payment to him for services and expenses, after his return from the North-west, for extirpating sheep scab in the North-west, in virtue of authorization by Order in Council dated June 10, 1893.

I am, sir, your obedient servant,
The Auditor General.
J. LOWE, D.M.A.

Montreal, November 3, 1894.
I certify to the correctness of the accompanying attached account for the following reasons:-

My professional duties to the Department of Agriculture, under my appointment, are confined to the province of Quebec and the Maritime Provinces.

Under the Order in Council dated June 10, 1893, I was especialiy authorized, among other matters, to take the necessary measures for the extirpation of sheep scab in the North-west Territories, in consideration of the special remuneration defined in such Order.

After my return from the North-west I directed operations, which were carried out, for the extirpation of sheep scab by correspondence, and the work connected therewith was continuous and indispensable, fully justifying the payments to me defined in the accompanying azcounts, and which were authorized by the Minister of Agriculture as fair and reasonable.
D. McEACHRAN.

## Two Certificates on a Pay-list for Quarantine labour, Quebec.

Audit Office, Ottawa, October 18, 1894.
Sir,-I notice on the pay-list of the Cattle Quarantine labourers at Quebec for December, 1893, two certificates by Mr. J. A. Couture, V.S., the veterinary inspector at Quebec.

In one of these Mr. Couture states that Mr. Pouliot was absent on account of sickness from Dec. 8th to 22 nd, and in the other he states that Mr. Pouliot was sick for the whole month, but that he thought he should be paid on account of being an old servant.

I am forwarding the pay-list for an explanation from your department.
I am, sir, your obedient servant,
The Deputy Minister of Agriculture. J. L. McDOUGALL, A.G.

Department of Agriculture, Ottawa, October 24, 1894.
Sir,-I have to inform you, in reply to your letter of the 18th inst. in relation to two certificates by Mr. J. A. Couture, V.S., on a pay-list for the.guardians at the Cattle Quarantine Station at Point Lévis, for the month of December last, that he explains the second certificate was intended to modify the first. He states:
"In answer to yours of 19th inst. asking explanations concerning the pay-list of December last, I beg to state that the correct certificate on the list is that which says that Pouliot was sick from 8th to 22 nd and that the other should have read as modified."

It appears that Mr. Couture has corrected an ambiguity in the second certificate, the meaning of which was that Mr. Pouliot was sick for the whole time mentioned from the 8 th to the $22 n d$, namely 15 days.

This time was allowed by order of the Minister in view of the fact that Mr. Pouliot was an old, faithful and attentive servant, he, moreover, not having had any holidays.

I am, sir, your obedient servant,
J. LOWĖ, D.M.A.

# Asking for Statement showing all Stock on hand. 

## Audit Office, Ottawa, April 18, 1894.

Sir,-Under Section 54 of the Audit Act the Minister of Finance has requested me to make an audit of all stores accounts.

I would therefore ask you to forward me a statement showing all stock on hand at the various experimental farms, dairy and quarantine stations, and all other stores which belonged to your department on June 30, 1893, and that you keep your stock account of stores since June 30, 1893, in such a form that at any time without previous notice to your department this office may make an audit of them.

With reference to the permanent supplies purchased for the Canadian Exhibit at the World's Fair, I would like in addition two statements-one showing the stock on hand on October 31, 1893, when the Fair closed, and the other showing the stock on hand at the present time.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture. J. L. McDOUGALL, A.G.

Department of Agriculture, Ottawa, April 20, 1894.
Sir,-I am to acknowledge your letter dated the 18th instant, asking for statement showing all stock in hand at the various experimental farms, \&c., in connection with this department. This statement will be forwarded to you with as little delay as possible.

I am, sir, your obedient servant,
The Auditor General.

H. B. SMALL, Secretary.

## Expenses of World's Fair Commissioners.

(Following correspondence at head of page A-44.)
Agriculture Dept., Ottawa, January 21, 1895.
Sir,—Adverting to the last paragraph of your letter of the 29th October last and to my reply thereto of the 8th November, on the subject of advances made to the Hon. Senator Tassé, I have to inform you that a letter was written to him on the last named date, a copy of which I inclose to you herewith.

It is understood that at the time this letter was written Mr. Tassé was seriously unwell, and up to the date of his death no reply was received from him. I, however, inclose to you a copy of a letter from that gentleman of the 17 th May last, which was accepted by this department as an explanation of his expenditure as one of the Canadian Commissioners at the World's Culumbian Exposition, it having been personally explained by him that he had not kept accounts and could not give the details.

> I am, sir, your obedient servant,

## The Auditor General.

J. LOWE, D.M.A.

Ottawa, May 17, 1894.
Dear Sir,-In answer to your letter of a few days ago asking for a statement of my expenditure incurred as Commissioner of Canada at the World's Columbian Exposition, I beg to submit the following details :-

The total amount disbursed is $\$ 3,850$, of which $\$ 3,170.33$ are accounted for per the following voucher of the Virginia Hotel Company of Chicago.

The sundries include a trip to Montreal and return (August), my telegraphic and postal expenses, type-writing and other advances for various purposes in connection with my duties.

## Auditor General's Report-Part A

The balance of $\$ 679.67$ covers railway and other travelling expenses from Montreal to Chicago (June) and return (November), travelling daily expenses from Chicago to the Fair, entertaining of foreign commissioners and other guests, admission tickets, and other incidental expenses.

I am, sir, your obedient servant,
The Deputy Minister of Agriculture. JOSEPH TASSÉ.

## Advances yet to be accounted for.

Agriculture Dept., Otrawa, November 21, 1894.

Sir,-In reply to your letter of the 3 rd ult. requiring to be furnished with a list of officers who have not accounted for advances, I send to you herewith the accompanying copy of memorandum furnished to me by the acting accountant of this department. I have no doubt the several parties will duly account and a request has been sent to them to that effect.
A. F. McLaren.
$\$ 10000$
H. A. Livingston
10000
W. J. Buchanan.
18005

With respect to the non-accounting by Mr. Livingston, I refer you to the explanation previously afforded by the Dairy Commissioner, a copy of which was communicatpd to you on the 2nd inst.

I am, sir, your obedient servant,
The Auditor General. J. LOWE, D.M.A.

Audit Office, Ottawa, Dec. 11, 1894.
Sir,-I received your letter of November 21st, inclosing a statement of arrears due by disbursing officers. You have not yet made any reply as to the other two classes of arrears, viz. : amounts due by collecting officers, and by persons not Government officers.

Your early attention is requested.

> I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

Agriculture Dept., Otrawa, January 14, 1895.
Sir,-I have to inform you in reply to your letter of the 11th ult. on the subject of arrears due, that the collections of fees for the Cattle Quarantine service are made by Collectors of Customs under the terms of the Regulations. The Customs Department has in possession the vouchers on which such collections are made.

I may point out to you, however, that a question of an irregularity arose at the port of St. Mary's, N.W.T., to which attention was called by Mr. J. B. Lynch in September last, and respecting this I inclose to you herewith a copy of the correspondence on the subject.

> I am, sir, your obedient servant,

The Auditor General
J. LOWE, D.M.A.

Note by Auditor General.-The correspondence indicates that the late Collector at St. Mary's, N.W.T., is $\$ 45.92$ in arrears.

Department of Agriculture, Ottawa, March 9, 1894.
Sir,-I have to make to you the following explanation, and I am moved to do so by noticing, at page F-199 of your report just issued, that you have not received answers to two letters, one dated October 6, and the other December 12 last, on the subject of arrears due at June 30 last, (1) by collecting officers; (2) by disbursing officers ; (3) by persons not Government otficers.

I was aware at the time I received your letter of October 6, that there were no arrears under any of the three heads referred to, due to this department, but I yet gave your letter to the Accountant of the department (who was then preparing to leave for the south) for report. It was not, however, returned to me, I suppose from the particular circumstances arising from the Accountant's approaching departure. When your second letter came on December 12 I handed it to the Assistant Accountant, with a request that he should make a report thereon for the purpose of answer to you. He wrote as his report on the letter the word "none." But the letter then, instead of coming to my office for answer, by some accident was sent to the Correspondence Clerk and by him filed away as a letter which was done with. It, therefore, only comes in my hands to-day as the result of an inquiry made.

The matter of sending you a reply happened to escape my attention at the time of receiving your second letter, owing to unusual pressure in the department. I regret the circumstance.

I have the honour to be, sir, your obedient servant,
The Auditor General.
J. LOWE, D.M.A.

## Re Cattle Inspection.

Audit Office, Ottawa, October 25, 1894.

Sir,-The sum of $\$ 4,009.51$ came to account during 1893-94 from the following Collectors of Customs, for fees on inspection of cattle, viz. :-

| The Collector at | Winnipeg. | \$1,305 30 |
| :---: | :---: | :---: |
| do | Lethbridge | 1,024 00 |
| do | New Westminster. | 78648 |
| do | Victoria. | 89373 |
|  |  | \$4,009 51 |

Full returns have been received from the Collector at Lethbridge, and from the Collector at Gretna, an outport of Winnipeg; also returns for two months from the Collector at Deloraine, another outport of Winnipeg. No returns have reached this office from the Collectors at Winnipeg, New Westminster and Victoria, nor from the Inspectors who are paid by salary. Consequently there is no means of making any efficient audit of this revenue. I assume that the Inspectors issue certificates or permits to the herders on forms bearing printed consecutive numbers. They should be required to furnish monthly certified statements of the inspections made, accompanied by the counterfoils of the certificates or permits issued. Each Collector and Sub-collector in receipt of fees should furnish a monthly statement added up, and showing in detail the deposits made in acquittance.

I have the honour to be, sir, your obedient servant,

## Re Experimental Farms.

Audit Office, Ottawa, November 2, 1894.

Sir,-In the November return of sales at Indian Head farm, the sum of $\$ 496.35$ appears as proceeds of auction sale of cattle, fowl, \&c. As there is no deduction for advertising, auctioneer's fees, \&c., I have to ask in what manner these sales are effected.

In the March return of sales at the Nappan farm, there appears the following item :-

> M. Coughlin, 5 head of cattle, 5,755 lbs . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . Less cost dairy service. . . .
$\$ 50$
The sum of $\$ 150$ does not appear to have been credited to the revenue as sales at experimental farm, to which it belongs. Further explanation as to this item is needed, which please send as soon as possible, as this part of my report is nearly ready for the printer.

I have the honour to be, sir, your obedient servant, The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

## Central Experimental Farm, Ottawa, November 9, 1894.

Sir,-Your letter of the 8 th inst. is received, with reference of a letter from the Auditor General of the 2nd inst., making an inquiry respecting sales of cattle, \&c., at the Indian Head farm.

In reply I would say that the cattle were sold at public auction after having duly advertised the sale; but the Superintendent did not understand that the expenses of advertising and auctioneer's fees were to be deducted before paying the proceeds to the Receiver General, and the full amount was paid in before the advertising and auctioneer's accounts were rendered. I at once wrote the Superintendent, advising him that in future such accounts should be deducted from the receipts of the sale before the amount was paid in. The auctioneer's fees were $\$ 20$, and the advertising $\$ 10.12$. Under the circumstances I though it best to pay these amounts out of the Farm Vote, and place them under the item of contingencies. In future I shall see that these items are deducted from the gross returns of sales.

With reference to the cattle bought by M. Coughlin, I beg to submit the following explanation.

Early in 1894 the Dairy Commissioner desired to have some special experimental work carried on with cattle at the Nappan farm, but no provision had been made in the Farm Vote for the purchase of such cattle. The Dairy Commissioner offered to purchase the cattle from his vote with the understanding that when they were sold their cost should be returned to him. This arrangement was carried out, and the profit or increase in value was paid to the Receiver General.

I return the Auditor General's letter herewith.
Yours very truly,
The Deputy Minister of Agriculture.
WM. SAUNDERS, Director.

## Re Exchange Bank Liquidation Account.

Audit Office, Ottawa, Oct. 6, 1894.
Sir,-It was stated in the House last session that this matter had been submitted to the Department of Justice. I do not find that anything has since come to account. I have to ask what action has been taken to realize on the security held by the Government.

I have the honour to be, sir, your obedient servant, J. M. Courtney, Esq., Dy. Minister of Finance. J. L. McDOUGALL, A.G.

## Re Contractors' Security-Old Account.

Audit Office, Ottawa, Oct. 17, 1894.
Sir,-Referring to previous correspondence on this subject, published in last year's Audit Report, page F-71, I have to point out that the account remains as it was at the time of that correspondence.

Is there any reason why these amounts should not at once be transferred to the credit of casual revenue? As the accounts of 1893-94 will soon be closed, I have considered it well to again call your attention to the sulject.

I have the honour to be, sir, your obedient servant,
J. M. Courtney, Esq., Dy. Minister of Finance.
J. L. McDoUgall, a.g.

## Re Arrears Due.

Department of Finance, Ottawa, Dec. 15, 1894.
Sir,-In reply to your letter of the 3rd Oct. last, I have to say that there are no arrears due to this department on the 30th June last, not satisfied, by officers of this department ; and that no interest has been paid since the 19th July, 1893, by any of the corporations mentioned in the letter of that date to you from this department.

I have the honour to be, sir, your obedient servant,
Auditor General, Ottawa.
J. M. COURTNEY, Dy. Minister of Finance.

## Employment of extra clerks without authority of Council.

## Audit Office, Ottawa, June 6, 1894.

Sir,-I notice that Mr. G. T. Veale has been employed in your department since the middle of January last, as Assistant to the Accountant, at the rate of $\$ 2$ per diem.

Kindly inform me whether Mr. Veale's employment is authorized by an Order in Council, and also whether he has passed the Civil Service examination.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Head and Director Geological Survey.

## Geological Survey Department, Ottawa, June 7, 1894.

Dear Sir,-Referring to your letter of yesterday re Mr. Veale's employment being authorized by an Order in Council, I beg to say that the application for the necessary Order in Council was sent to Council on the 10th April, 1893, and has not since been heard of. Mr. Veale has not yet passed the Civil Service examination.

> Yours faithfully,

The Auditor General.

ALFRED R. C. SELWYN.

## Audit Office, Ottawa, June 11, 1894.

Sir,-I beg to acknowledge receipt of your letter of the 7th inst. in which you state that the application for the necessary Order in Council authorizing the employment of Mr. Veale was sent to Council on 10th April, 1893, and has not since been heard of. I presume that a clerical error was made in stating the year, and that it was on 10th April, 1894, that the application was sent to Council.

If you will refer to the Order in Council of 6th February, 1893, relating to the employment of temporary clerks, you will find that any employment after the first month
is illegal unless with the authority of Council, and that the payments made to Mr . Veale after the first month's employment were irregular and in contravention of the Order in Council referred to.

> I am, sir, your obedient servant, J. I. McDOUGALL, A.g.

The Deputy Head and Director Geoiogical Survey.

## Exploration account of Mr. H. Fletcher.

Audit Office, Ottawa, June 13, 1894.
Sir,-I notice that Mr. Hugh Fletcher renders his exploration accounts in a different manner from all the other surveyors connected with your department.

From the statements rendered he seems to engage his assistants at $\$ 2$ and $\$ 2.56$ a day, out of which they are to board themselves. For his own board he charges a uniform rate of $\$ 1$ a day during the season.

The only basis on which these accounts can be passed is that of actual expenses; nothing in the form of an allowance should be charged. Kindly see that in the future Mr. Fletcher's accounts are made up in full detail on this basis.

You will observe that I do not object to the amount charged but to the basis. The amount charged seems reasonable.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Head and Director Geological Survey.

Geological Survey Department, Ottawa, July 9, 1894.
Sir,-I am duly in receipt of your letter of the 13 th June re Mr. Fletcher's accounts. In reply, I may say that the circumstances under which Mr. Fletcher's work is carried out differ from those affecting most of the other surveyors, and further, that in the interests of economy in all directions, so much needed at the present juncture, not excepting a reduction in the cost of printing wholly unnecessary and insignificant items of account, I can only regret that you should object to Mr. Fletcher's system of rendering his accounts, the amount of which you yourself admit "seems reasonable" and which, obviously and undoubtedly, is so.

Under these circumstances, and in view of having recently been urged by the Minister to use every endeavour to reduce expenses, I feel it my duty to support Mr. Fletcher in rendering his accounts on a basis to which no reasonable or valid objection can be taken by anyone, and which manifestly results in a distinct and undoubted saving not only to the Geological Survey Department, but also to the Department of the Auditor General, inasmuch as time, and unnecessary work, saved is money saved.

I am, sir, your obedient servant,
The Auditor General.
ALFRED R. C. SELWYN.
Audit Office, Ottawa, July 3, 1894.
Sir,-In Mr. Hugh Fletcher's account for expenses visiting the World's Fair at Chicago, I find an item of $\$ 6$ paid to Messrs. S. \& H. Borbridge for a leather valise. It is not the custom to furnish Government employees, when travelling, with anything of the nature of trunks and valises except when such an article is constantly required by the official for the conveyance of official papers. Kindly let me know why this item was allowed in Mr. Fletcher's account.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Head and Director Geological Survey.

## Auditor General's Report-Part D

## Examination of Stores Accounts.

Audit Office, Ottawa, June 6, 1894.
Sir,-I beg to call your attention to a letter from the Minister of Finance, which will be found on page 5 of the preface of my Report for 1892-93, in which he directs me to proceed with the audit of Stores Accounts.

I have therefore to ask you to furnish me with lists showing all property in the hands of your department on 30th June, 1893, and also on 30th June, 1894, together with statements of all purchases and issues of stores during the period included in these dates.

In the future kindly send me a statement of the Stores Accounts at regular intervals, and have Stores Ledgers so kept that the stock in hand may be checked at any time.

> I am, sir your obedient servant,
J. L. McDOUGALL, A.G.

The Deputy Head and Director Geological Survey.

## Re Sales of Publications.

Audit Office, Ottawa, Oct. 16, 1894.
Sir,-On Sept. 20 last, $\$ 329.14$ was deposited to the credit of the Receiver General for proceeds of sales of geological publications during the year 1893-94. To-day a statement of these sales came to hard. I have again to call your attention to the delay in rendering these statements and in depositing the amounts. The Treasury regulations direct that a deposit should be made whenever $\$ 25$ or over is on hand. Returns of the sales should be furnished monthly to this oftice.

Among the items included in the return just received I find the following, viz. :-
Wm. Foster Brown \& Co. statement of account for Geological Survey publications ending Dec. 31, 1890, $\$ 86.44$. The delay in collecting and accounting for these sales calls for some explanation. Have they been furnished with any publications since the date of this statement?

Another item is for $\$ 33$, paid by T. N. Hibben \& Co. for books and maps, sold, to whom a commission of 20 p.c. is allowed. The statement furnished is dated July, 1893 . Booksellers, particularly those to whom a commission is allowed, should be required to pay promptly.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.
G. M. Dawson, Esq., Acting Director Geological Survey.

Geological Survey Department, Ottawa, Dec. 19, 1894.
Sir,-Referring to your letter of the 16 th October, I send herewith a statement of sales of publications to the 10 th instant, together with Bank of Montreal receipt for the amount, $\$ 121.55$.

Regarding your question about Messrs. F. Brown \& Co.'s account ending December, 1890, I may say that with what publications they had on hand at that date and what they received until March 16, 1894, their indebtedness amounts to $\$ 243.33$, which they bave been requested to settle. Since May 14, 1894, they have been remitting in advance for any publications ordered.

Messrs. T. N. Hibben \& Co.'s account is settled to August, 1894, per statement sent you to day,

In future a statement of receipt will be sent you at the close of each month, or when the amount collected amounts to $\$ 25$.

I am, sir, your obedient servant,
GEORGE M. DAWSON, Acting Director and Dy. Head. The Auditor General, Ottawa.

# St. Paul's School: Over-payment to D. F. Sprague 

Audit Office, Ottawa, January 11, 1895.
Sir,--Voucher 238, cheque 5940 of St. Paul's Industrial School for the year 189394 , is for payment of $\$ 21.56$ to Mr. D. E. Sprague for lumber.

This voucher was also paid by cheque 4913 and charged to this school in voucher178. Please see that the amount overpaid is refunded by Mr. Sprague.

I am, sir, your obedient servant, The Deputy Supt. General of Indian Affairs.
J. L. McDOUGALL, A.G.

## Railway fares: Asst. Commissioner Forget.

Audit Office, Ottawa, January 11, 1895.
Sir,--Voucher 577, cheque 6804, commissioner's office, 1893-94, is for payment of $\$ 113.35$ to Canadian Pacific Railway Co. for railway fares of Mr. Asst. Commissioner Forget, Regina to Montreal and return in 1891.

This voucher does not appear to have been received by your department until March, 1894. Please give me the reasons why it was not presented for payment at an earlier date, and supply me with a copy of Mr. Forget's diary for the period March 5 to June 17, 1891, as mentioned on the requisitions attached to the voucher mentioned.

I am, sir, your obedient servant,
The Deputy Supt. General Indian Affairs.

> J. L. McDOUGALL, A.G.

## Dept. of Indian Affairs, Ottawa, March 22, 1895.

Sir,-Referring to your letter of Jan. 11 last, and the inquiries therein made respecting the payment made by cheque No. 6804 of this department, 1893-94, for railway fare of Mr. Assistant Commissioner Forget from Regina to Montreal and return, I beg to inform you that the vouchers for this payment were first submitted to the department in 1891, but as the department did not understand the circumstances in connection with the illness which necessitated Mr. Forget's visit to Montreail, payment was refused. Subsequently it was proved to the satisfaction of the department that the illness had been contracted in consequence of the hardships endured during the course of a trip, which the Assistant Commissioner took in the fall of 1890 to Lac la Ronge on official business; and when the account was again presented, payment was made, as it was believed that Mr. Forget was justly entitled to it, more especially as during the period covered by the trip he came to Ottawa for a time to transact official business.

An extract from Mr. Forget's diary for the period between March 6 and June 17, 1891, is inclosed herewith, in compliance with your request.

> I am, sir, your obedient servant,

The Auditor General.
HAYTER REED, D.S.G.I.A.
Extract diary of A. E. Forget, Assistant Indian Commissioner, to accompany voucher No. $3415 e$ :-

March 6, 1891.-Left Regina for Montreal on sick leave.
March 7, 8, 9, 1891.—On train.
March 10 to June 1, 1891.-In Montreal under sick leave.
June 2, 1891.-Left Montreal for Ottawa.
June 3 to 12, 1891.-Ottawa on official business.
June 13 to 17, 1891.-In Montreal.
June 17, 1891.-Left for Regina.-A. E. Forget, Asst. Com.

## Travel : J. C. Nelson.

Audit Office, Ottawa, April 17, 1895.
Sir,-The following charges which appear in the survey account of Mr. J. C. Nelson for 1893, appear to be of a personal natare, and if so should not be allowed as a charge against public moneys :
A. J. Stephens, l pair waterproof boots, $\$ 7.50$.

Bryson \& Graham, 1 pair trousers, $\$ 3.20$.
G. M. Holbrook, 1 pair trousers, $\$ 4$.
R. J. Devlin, 1 portmanteau and lettering same, $\$ 24$.

Please explain.
I am, sir your obedient servant,
The Deputy Supt. General Indian Affairs.
J. L. McDOUGALL, A.G.

## Advance for Roadwork-Batchewana Indians,

Audit Office, Ottawa, June 6, 1894.
Sir,-In October last a payment of $\$ 200$ was made out of the capital moneys at the credit of the Batchewana Indians to Wm. Van Abbott, Indian Agent, for a grant towards road-work in the township of Vankoughnet. If this payment was of the nature of a straight grant to the township municipality, it will be necessary to give satisfactory evidence that the money was transferred by Mr. Van Abbott to the municipality: if, on the other hand, the expenditure of this sum was to be under the control of Mr. Van Abbott, it will be necessary for him to render detailed accounts to show that this amount was actually expended.

Was the authority of an Order in Council obtained for this expenditure out of capital ? If so kindly have a copy of the Order sent me.

> I am, sir, your obedient servant,

The Deputy Supt. General Indian Affairs.
J. L. McDOUGALL, A.G.

Dept. of Indian Affairs, Ottawa, June 8, 1894.
Sir,-In reply to letter from your office of 6 th instant, I beg to inform you that the grant of $\$ 200$ from the funds of the Batchewana Indians towards road-work in township of Vankoughnet is being expended by the department's agent, Mr. Wm. Van Abbott, and that as soon as the expenditure has been completed, you will be furnished with detailed accounts thereof.

The clerk of the Privy Council has been requested to supply you with a copy of the Order in Council authorizing the expenditure to be made from capital account.

I am, sir, your obedient servant,
The Auditor General.
HAYTER REED, D.S.G.I.A.

## J. T. Gilkison-Developing "Sour Springs."

Audit Office, Ottawa, September 1, 1894.
Sir,-Indian Trust Fund cheque No. 3666 of June 30 last is for a payment of $\$ 391.48$ to Mr. J. T. (iilkison, for disbursements in developing "Scur Springs" on the Six Nations Reserve. As the expenditure covered by this payment was made in the years 1880 and 1881 , I have to ask for the reason of the delay in settling with Mr. Gilkison.

I am, sir, your obedient servant,
The Deputy Supt. General Indian Affairs.
J. L. McDOUGALL, A.G.

## Dept. of Indian Affairs, Ottawa, September 8, 1894.

Sir,-In reply to the inquiry made by you in regard to the cheque issued on the 30th June last, in Mr. J. T. Gilkison's favour, for $\$ 391.48$, I beg to inform you that Mr. Gilkison's account for expenditure in connection with the developunent of the Sour Springs on the Six Nations Reserve has been in dispute for several years, principally on the ground that he had gone to greater expense than was necessary.

A careful investigation has, however, led to the conviction that Mr. Gilkison was authorized by the department and the Six Nations Council to develop the springs, that the expenditure was bona fide, and that he was entitled to be recouped; hence the issue of the above cheque in his favour.

Your obedient servant,
The Auditor General.
D. C. SCOTT, Acting D.S.G.I.A.

## C. H. Ritchie, Q. C.-Legal Services.

Audit Office, Ottawa, September 20, 1894.
Sir,-Indian Trust Fund cheque No. 2460 of Feb. 15, 1894, is for a payment of $\$ 925$ to C. H. Ritchie, Q. C., of Toronto for professional services rendered between September 1, 1889 and March 31, 1890, in re Cayuga Indians. The full amount of Mr. Ritchie's account is $\$ 3,910$, but this appears to have been taxed in 1890 at $\$ 2,985$, and was paid by you at that figure in June, 1890.

I have accordingly to ask why this account has been retaxed and allowed in full by the Department of Justice after an interval of more than three years from the original taxation.

I am, sir, your obedient servant,
The Deputy Supt. Gen. Indian Affairs.
J. L. McDOUGALL, A.G.

Dept. of Indian Affairs, Ottawa, October 4, 1894.
Sir, -With reference to your letter of the 20th ultimo, in regard to the payments made to Mr. C. H. Ritchie, Q. C., of Toronto by Indian Trust Fund cheque No. 2460 of the 15th February 1894, I beg to inform you that I wrote the Deputy Minister of Justice for information in the matter, and a copy of his reply is inclosed herewith. I trust you will find this satisfactory.

> Your obedient servant,
> W. McGIRR, for D.S.G.I.A.

Justice Dept., Ottawa, October 2, 1894.
Sir,-Re Cayuga Indians and account of Mr. C. H. Ritchie, Q.C. I have the honour to acknowledge the receipt of your letter of the 29th ultimo, with inclosare of copy of letter from the Auditor General.

In reply thereto I beg to state that when Mr. Ritchie's account was first examined and certified at $\$ 2,985$ he declined to accept that amount in settlement, but accepted the cheque as part payment. Subsequent correspondence and interviews with Mr. Ritchie convinced this department that Mr. Ritchie was entitled to the additional amount originally claimed by him and the $\$ 925.00$ was accordingly certified for payment.

I am, sir, your obedient servant,
The Acting Deputy Supt. Gen. Indian Affairs.
E. L. NEWCOMBE, D.M.J.

# Differences between Books of Audit Office and of the Department of Indian Affairs. 

Audit Office, Ottawa, Aug. 1, 1894.

Sir,-I think you will concur with me as to the advisability of having the Indian Trust Fund accounts adjusted, as soon as possible, so that the present differences between the books of this office and those of your department may not appear in the forthcoming departmental reports.

The main difference between us is in the account of the Mississaguas of the Credit, in which although the original entry made by your department under authority of the Order in Council of June 30, 1894, was reversed in accordance with the Treasury Minute of May 12, 1893 , still the accumulated interest on this original sum of $\$ 68,672.01$ remains credited to the band in your books. I am of the opinion that the Treasury Minute ordering the reversal of the original entry was also intended to carry with it the reversal of the interest entries on the same, credited to the band by your department. If that interest were to remain at the credit of the band, there would be no over-expenditure of interest to be made good, as referred to in the last clause of the Treasury Minute above quoted. I would also add, that in no year has the interest on the $\$ 68,672.01$ been allowed by the Finance Department or this office, and that the Indian Department should at no time have taken credit for more than was so allowed them.

As the account of the Mississaguas appears in the books of this office, the interest account has been overdrawn to the extent of $\$ 27.291 .90$; this overdrawal of interest moneys can only have been made by a corresponding impairment of the capital moneys at the credit of the band. Of the amount of $\$ 113,636.14$ of capital at the credit of this band $\$ 56,700$ bears interest at the rate of 6 per cent ; $\$ 41,800$ at 5 per cent, and the balance of $\$ 15,136.14$ at $3 \frac{1}{2}$ per cent. It would appear then that not only has the capital bearing $3 \frac{1}{2}$ per cent been wiped out by the over-expenditure of interest, but that the remaining capital has been impaired to the extent of $\$ 12,155.76$. As this can only have been paid out of funds actuaily at the credit of the band the 5 per cent capital must have been drawn upon to that extent. It is accordingly out of the question to credit the band with the interest on the full amount of the 6 per cent and 5 per cent capital, and to deduct from that interest at the rate of $3 \frac{1}{2}$ per cent on the over-expenditure of $\$ 12,155.76$; but this amount should be deducted from the 5 per cent capital.

This over-allowance of interest has been going on since July 1, 1890. I enclose herewith a statement showing the impairment each year of the 5 per cent capital, and showing also the error each year in the amount of the interest a!lowed by the Finance Department and this office. I also enclose a statement showing the corrected summaries of balances from July 1, 1890. From this it appears that the correct balance on July 1,1893 , was $\$ 3,502,373.87$. The over-payments of interest having amounted to $\$ 181.30$. This balance bears interest at the following rates :-

| At 6 per cent. | \$1,105,220 59 |
| :---: | :---: |
| At 5 per cent. | 608,062 94 |
| At $3 \frac{1}{2}$ per cent. | 1,789,090 34 |
|  | \$3,502,373 87 |

In order to adjust this account, I have accordingly to suggest that you reverse the interest credited in excess of that allowed by the Finance Department and this office; and that if you consider it necessary, an Order in Council be obtained to authorize the charging of the over-draft of interest against the capital moneys at the credit of the band.

I am, sir, your obedient servant,

## Re Indian Fund Revenue.

Audit Office, Ottawa, May 25, 1894.
Sir,-I inclose herewith a statement of deposits that have come to account for which agents' returns have not been furnished :-

Mr. John Thackeray, agent at Roseneath, in his return for January last claims to have remitted $\$ 6$ by registered letter to your department. I do not find that it has come to account. He seems to have allowed $\$ 75$ remission on a rent of school farm at Alnwick, but does not state on what authority. Was an Order in Council passed authorizing this remission?

Mr. A. Brosseau, agent at Caughnawaga, in his return for August last made the following entry in the statement of deposits or remittances :-
"Two dollar bill. . . . . $\$ 2.00 . "$ I cannot find where it came to account.
Mr. Samuel Hagan, agent at Thessalon, paid $\$ 32$ out of his receipts to Dyment for improvements on lot No. 10 Blk C. Chap. 29, R. S. Sec. 27, provides that the gross receipts shall be deposited.

Mr. W. G. Egar, agent at Tyendinaga, does not deposit his receipts promptly. In the month of February his collections amounted to $\$ 936$, of which $\$ 150$ was on the 6 th, $\$ 170$ on the 14 th, $\$ 260$ on the 15 th, $\$ 185$ on the 21 st, and $\$ 31$ on the 28 th. His deposit was made on March 2nd for the whole amount. His receipts for March amounted to $\$ 792.50$, and was deposited April 2nd.

The following counterfoils are missing :-

> Agent Egan, Tyendenaga. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2410 Agent Long, St. Regis. . . . . . . . . . . . . . . . . . . 2811 and 12

The books of receipts are not issued in consecutive order. The book containing Nos. D 5301-5400 was issued March 30th, and the book containing Nos. D 5101-5200 on May 17th. Attention was called to this point in my letter of June 17, 1891, and in a letter from your department dated July 3, 1891, it was stated that future issues of receipt books would be made in consecutive order.

I am, sir, your obedient servant,
1893.94.

INDIAN TRUST FUND.
Deposits for which Agents' Returns have not been received.

Audit Office, Ottawa, January 2, 1895
Sir,-I have not had any reply to my letter of May 25th last.
With that letter a statement was sent you of deposits that had come to account amounting to $\$ 3,039.14$, for which the agents' returns had not been furnished. The following further deposits have since been made, for which no returns have been re-ceived:-

| March. | Otis, L. E., depo | ceip |  | 02 |
| :---: | :---: | :---: | :---: | :---: |
| April. | Forget, A. E. | do | 635. | 6314 |
| do | do | do | 646. | 379 |
| do | do | do | 4808. | 100 |
| May | do | do | 36. | 6445 |
| do | do | do | 42. | 7714 |
| do | Lebel, N. | do | 4258. | 10 |
| do | Department | do |  | 04 |
| do | Bateman, W. | do | 82. | 1000 |
| do | Cameron, E. D. | do | 687. | 34105 |
| June | Forget, A. E. | do | 58. | 3729 |
| do | do | do | 69. | 388 |
| do | Martin James do | do do |  |  |

Most of the agents enter on their cash returns all their receipts. Is there any reason why all should not do so ?

When forwarding the agents' returns each month, care should be taken that the summary exactly agrees with the deposits previously made. If any return should chance to be wanting it should be so noted and the return furnished later on.

The following counterfoils of receipts have not been accounted for by the agents :-
A. E. Forget, Regina, deposits D 3400, 6101, 6102, 6103.

Thos. Gordon, Strathroy, counterfoils 4800 and 6032.
J. C. Phipps, Manitowaning, deposit 7016.

The following counterfoils of receipts are accounted for by agents but have not been received here:-
C. J. Bloomfield, Lakefield, A 228.
J. P. Donnelly, Port Arthur, deposits D 0634, 0635, 0637, 0638, 0639, 0640.

Thos. Walton, Parry Sound, deposits D 0364, 0365, 0366.
I am, sir, your obedient servant,

The Dep. Supt. Gen. Indian Affairs.

Audit Office, Ottawa, January 14, 1895.
Sir,-In making your return of cheques drawn against your letter of credit, you do not designate those drawn for refunds of Revenue. So, instead of being deducted from the revenue, they appear as expenditure.

In future, please specify on your application for repayment to the bank, the amount of the refunds chargeable against revenue, and furnish a memo. of the cheques issued.

I am, sir, your obedient servant,
The Dep. Supt. Gen. Indian Affairs.
J. L. McDOUGALL, $A . G$.

## Re Claim vs. Mr. McLaren.

Audit Office, Ottawa, June 26, 1894.
Sir,-Referring to the correspondence of last year in connection with the claim held by your department against Mr. P. McLaren, I observe that it is stated in a letter from your department of May 15, 1893, that the Hon. Senator McLaren had been notified to pay without further delay the balance of $\$ 6,520$ held againsc him. I have not since had any further information from your department in respect thereto.

It is reported in Hansard, page 4999, that Hon. Mr. Daly stated in the House that all matters of difference between the Government and Mr. McLaren had been settled through the Department of the Interior.

I have now to ask what entry you made in your books in respect thereto, and that a copy of the settlement made with the Department of the Interior may be furnished to this office.

I am, sir, your obedient servant,
The Dep. Supt. Gen. Indian Affairs.
J. L. McDougall, A.g.

Department of Indian Affairs, Ottana, July 3, 1894.
Sir,-I have the honour to acknowledge the receipt of your letter of the 26 th ultimo, respecting the claim of this department against the Hon. Senator McLaren ; and in reply, I beg to inform you that I have written to the Department of the Interior to furnish a copy of the settlement made by Mr. McLaren with that department and for a transfer to the credit of this department of the amount if any, which may have been paid by him.

The Auditor General.

> I am, sir, your obedient servant,
> HAYTER REED,
> Deputy Supt. General of Indian Affairs.

# Placing of Employees on Superannuation List without due authority. 

Department of Interior, Ottawa, January 25, 1894.

Sir,-Your letter of the 29th July last asking whether Messrs. A. R. Wade and J. Hoolahan, who have been appointed to the Dominion Lands and Immigration Branches, respectively, of this department, were placed in the list of those contributing to the Superannuation Fund in accordance with the provisions of the Superannuation Act, was duly received, but at a tine when I was absent on business in the west, and I have now to inform you in reply that no special reference to the Superannuation Fund was made in the Orders in Council appointing these officers. I have also in this relation examined anew the provisions of the Superannuation Act, and fail to find that any of them require that on the appointment of an official a statement shall be made in the memorandun of recommendation as to whether or not the appointment shall be subject to the operation of that Act. I may add that so far as I am aware it has never been the custom to make such a statement in a memorandum of recommendation. On the contrary, the rule would appear to have been that when it is intended that the appointeeshall not have the benefit of the Superannuation Act that fact has been set out in the memorandum and in the Order in Council passed thereon. I am verbally informed that the Treasury Board have recently decided to require a declaration to be embodied in the memorandum of recommendation, and in the Order in Council in all cases of new appointments where it is intended to apply the provisions of the Superannuation Act. That rule could not in any case act retroactively, and I may add that while I am always most anxious to conform to every rule laid down for the government of departments by the Treasury Board, I could not, in any event, be governed by a mere verbal ruling, verbally and unofficially communicated.

Since you ask in your letter of the 29th July last, whether Messrs. Wade and Hoolahan were placed on the list of those contributing to the fund in accordance with the provisions of the Superannuation Act, I assume that the construction which you place upon the Act and that which I place upon it are somewhat different. It appears. to me that sub-clause (b) of clause 2, while it confers upon the Governor in Council discretionary power as regards an official seeking retirement who is not in the Civil Service, as defined by that Act, but who has otherwise fulfilled the conditions that would have entitled him to a superannuation allowance, does not require the question to be settled at the time the appointment is made. I have not been able to lay my hands on a ruling on this point by any competent authority, but if you know of one, and particularly if it conflicts with the construction which $I$ have indicated as in my judgment is the proper one to be placed upon the Act in so far as concerns cases of this class, I shall be glad if you will be so good as to notify me. As this correspondence would ap-
pear to be of a character which should be brought to the attention of the Secretary of the Treasury Board, I have sent him a copy of this letter.

I am, sir, your obedient servant,

> A. M. BURGESS, D.M.I.

The Auditor General.
Audit Office, Ottawa, February 19, 1894.
Sir,-I have the honour to acknowledge the receipt of your letter of the 29th ultimo, regarding the application of the provisions of the Superannuation Act to the outside officials of your department.

My letter to which yours is an answer was not in any way the consequence of action by the Treasury Board.

Our interpretations of the Superannuation Act do, as you say, differ. In the first place, the Act is so complete and definite in my view that there is no room for a ruling by the Treasury Board.

Section 2, subsection (b), which you quote, makes it quite clear to my mind that no matter what the practice has been in any department, the provisions of the Superannuation Act are not legally applied to any of your outside otficers unless the Governor in Council has before the beginning of the period for which the abatement has been received made the Superannuation Act apply either to the individual or the whole class to which he belongs, and unless the person receives a yearly salary and is employed in an established capacity.

If my opinion is not shown to be wrong, I shall be compelled, when the next superannuation entries are applied for by your department, to decline to pass those which are connected with persons who, according to this opinion, are not under the Superannuation Act.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Department of Interior, Ottawa, February 27, 1894.
Sir,-I beg to acknowledge receipt of your letter of the 19th instant, regarding the application of the provisions of the Superannuation Act to the outside service of the Department of the Interior. I suppose you are not making any exception in regard to this particular department, and therefore it would appear to me that the whole subject is one which should be settled now, although, I must confess, I had no idea there was anything requiring settlement.

I am, sir, your obedient servant,
The Auditor General.

A. M. BURGESS, D.M.I.

## Audit Office, Ottawa, August 15, 1894.

SIr,-I am in receipt of your two applications of the 28th ultimo, for the transfer of the sums of $\$ 815.03$ and $\$ 134.60$ from the appropriations for Dominion Lands Income, and for Immigration, respectively, to the credit of the Superannuation Fund, for superannuation abatements made on the salaries of employees in the outside service of your department.

Subsection (b) of section 2 of the Civil Service Superannuation Act enacts that that Act shall apply to "all such officers, clerks and employees of the second or outside "division of the Civil Service, as the Governor in Council from time to time designates, "and to whom the Civil Service Act does not apply, and who are paid a yearly salary "and employed in an established capacity."

## Auditor General's Report-Part G

I interpret this clause that no such officer can partake of the benefits of the Superannuation Act unless it is definitely stated in the Order in Council appointing him that he is to be subject to the provisions of that Act.

Kindly inform me if the terms of the clause quoted have been complied with in the case of each officer named in the lists accompanying your applications, and give me the dates of the several Orders in Council.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Interior.

Audit Ofrice, Ottawa, September 28, 1894.
Sir,-I beg to call your attention to my letter of August 15 with reference to the superannuation abatements made on the salaries of employees in the outside service of your department.

I regret that I cannot see my way clear to authorize the transfers in question until I obtain the information asked for in the letter referred to above. Kindly have this information supplied me at your earliest convenience as the accounts for the year 189394 musi be closed very shortly, in order that I may begin the printing of the report.

I am, sir, your obedient servant,
The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

Department of Interior, Ottawa, October 4, 1894
Sir,-I have the honour to acknowledge the receipt of your letters of the 15 th August and 28th ultimo, inquiring whether the provisions of subsection (b) of section 2 of the Civil Service Superannuation Act have been complied with in the case of each officer named on the lists which accompanied our two applications of 28th July last for the transfer of the sums of $\$ 515.03$ and $\$ 134.60$ for appropriations for Dominion Lands Income, and for Immigration, respectively, to the credit of the Superannuation Fund, for superannuation abatements made from the salaries of employees in the outside service of this department, and in reply to inform you that none of the Orders in Council appointing the officers named in those lists specifically declared that the provisions of the Civil Service Superannuation Act should apply to such officers. The words in subsection (b) of section 2 of the Superannuation Act "as the Governor in Council, from time to time, designates," might be interpreted to empower the Government to grant the privilege of superannuation at any time to such employees of the second or outside division of the Civil Service as are otherwise qualitied (which is the case of all the officers named in the lists sent to you on the 28th July), and from the fact that employees of the outside division of this department to whom the provisions of the Civil Service Superannuation Act had not applied on appointment have already been superannuated, it would appear that the Treasury Board have held that opinion.

Under these circumstances Mr. Burgess desires me to suggest to you that the transfers which we have asked for be made in order not to delay the closing of the accounts of last year, and upon the understanding that this subject will be considered and finally disposed of immediately.

The Auditor General.

> I am, sir, your obedient servant,
> JOHN R. HALL, Secretary.

## Audit Office, Ottawa, October 9, 1894.

Sir,-In reply to your letter 97177 , of the 4 th instant, I regret to have to say that I do not see my way to accepting now the superannuation abatements from the outside officers of your department whose cases are under consideration. In the meantime, as the accounts of last year have to be closed without delay, it will be necessary
to issue Receiver General's cheques to the different officers for the superannuation abatement. We can receive the amounts from them when it is shown that we are empowered to accept them.

> I am, sir, your obedient servant,

The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

## Audit Office, Ottawa, October 16, 1894.

Sir, - With further reference to the question of the abatemente made from the salaries of certain of your officers in the outside service, I beg to say that subsection d of section 2 of the Civil Service Superannuation Act (Revised Statutes, 1886, cap. 18), provides that all persons contributing to the superannuation fund at the time of the passing of that Act, i.e., June 2nd, 1886, shall be entitled to the benefits of the Superannuation Act.

I have accordingly authorized the transfers asked by you for such officers as were appointed prior to June 2nd, 1886. For those officers who were appointed subsequent to that date I have caused cheques to be issued for the amount of the abatements made from their salaries for the year 1893-94. These cheques which I remit to you herewith are as follows:-

Immigration.

Dominion Lands.
No. 7113, John Flesher.. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2400
7114, E. Brokovski. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2400
7115, C. E. Phipps . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2400
7116, T. B. Ferguson . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2400
7117, John McKenzie . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3000
7118, T. S. Higginson. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 3600
7119, E. H. Taylor. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 2400
7120, Mrs. M. R. Scott. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1200
7121, A. R. Wade. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 1600
When these cases are definitely settled the amount short stopped for them may be made up, or the amount already paid in by them be refunded, according as they are or are not allowed to contribute to the superannuation fund.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

## Audit of Stores.

Audit Office, Ottawa, June 6, 1894.
Sir,-I beg to call your attention to a letter from the Minister of Finance, which will be found on page 5 of the preface of my Report for 1892-93, in which he directs me to proceed with the audit of Stores Accounts.

I have therefore to ask you to furnish me with lists showing all property in the hands of your department on June 30, 1893, and also on June 30, 1894, together with statements of all purchases and issues of Stores during the period included in these dates.

In the future kindly send me statements of the Stores Accounts at regular intervals, and have Stores Ledgers so kept that the stock in hand may be checked at any time.

I am, sir, your obedient servant,

## Auditor General's Report--Part G

## Accounts for Expenses of J. M. Gordon.

Audit Office, Ottawa, September 15, 1894.

SIR,-I beg to call you attention to the very unsatisfactory state of the accounts of Mr. J. M. Gordon for travelling expenses.

Since the 6th of February, 1893, your department has, in accordance with the Order in Council of that date, declined to recognize Mr. Gordon's claim for a per diem allowance of $\$ 4$, but as no statement of actual living expenses appears to have been put in by him, his accounts have in each case been reduced by the amount claimed for the per diem allowance. Then you have made large advances to Mr . Gordon.

As I cannot give Mr. Gordon credit for more than his accounts have been approved at by you, the balance remaining unaccounted for by him is now very large. I inclose herewith a statement showing month by month the amount of the advances made to him, the amount of his account as approved by you, and the balance unaccounted for at the end of each month.

I cannot understand how this matter has been allowed to remain in this unsettled state for so long. It should have been definitely settled as soon as $\mathbf{M r}$. Gordon rendered his first account for expenses after the change in the system.

Apparently there is a considerable sum in Mr. Gordon's hands to which he will not be entitled after he has been credited with his actual living expenses. I hope that you will see your way to calling upon him immediately for a refund of that amount.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Summary of Account of Mr. J. M. Gordon for Travelling Expenses from January 1, 1893, to June 30, 1894.

Payments for Services in connection with Immigration.
Audit Office, Ottawa, August 22, 1894.
Sir,-I notice that during the fiscal year 1893-94 the following persons were paid the sums named for services and expenses in connection with immigration :-

Erikson, Nik . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . $\$ 25000$
Morin, Rev. J. B. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 45833
Wright, C. E. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 7500
Kindly let me know exactly the nature and duration of the services performed by these gentlemen.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

Interior Department, August 27, 1894.
Sir,-In answer to your inquiry concerning the payment of $\$ 250$ to Mr. Nik Erikson, during the fiscal year 1893-94, I am directed to inform you that this payment was made in consideration of the bringing out and settlement in Canada, through Mr. Erikson's instrumentality, of 50 desirable Scandinavians. Mr. Erikson is himself a Swede, and he has in the past met with a considerable measure of success in inducing his fellow-countrymen to emigrate to Canada.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

Interior Dept., Ottawa, August 27, 1894.
Sir,-I am directed to say, in answer to your inquiry concerning the payment of $\$ 458.33$ to the Rev. Father Morin, during the fiscal year 1893-94, that this money was paid to Father Morin to assist him in carrying on a very important work in the interests of colonization, which he has been engaged in for some years past. Father Morin has been successful in establishing a large and flourishing colony in the neighbourhood of Edmonton, and during the year in question he devoted most of his time to this work.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

Audit Office, Ottawa, Sept. 29, 1894.
Sir,-I beg to acknowledge receipt of your letter of the 21st inst., with reference to the payment on account of the Rev. Manly Benson. Kindly inform me of the nature of the services performed by Mr. Benson, and the length of time he was employed.

In my opinion, the authority of the Governor in Council is necessary for all payments of this nature.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A.G.

Interior Department, Ottawa, October 8, 1894.
Sir,-I Iam directed to acknowledge the receipt of your letter of the 29th ultimo, and in reply, to inform you that the services performed by the Rev. Mr. Benson consisted of a series of lectures delivered at various cities in England and Scotland.

He left Montreal on June 23rd, per steamship "Parisian," and returned from Liverpool on August 23rd, per steamship "Mongolian."

The Deputy Minister of Interior does not understand why you should conclude that the authority of the Governor in Council is necessary for payments of this nature. In his opinion it is strictly within the administrative powers of the Minister of Interior to authorize such payments for immigration services out of the appropriation made by Parliament for that purpose.

> I am, sir, your obedient servant,
> LYNDWODE PEREIRA, Asst. Secy.

The Auditor General.

## Audit Office, Ottawa, Óctober 18, 1894.

Sir,-Immigration cheque No. 5785 of November 9, 1893, is for a payment of $\$ 100$ to the Rev. W. M. Hanson, on account of immigration.

Kindly inform me of the nature of Mr. Hanson's services and also whether any account has been rendered by him for expenditure under this advance.

I am, sir, your obedient servant,

Interior Dept., Ottawa, October 22, 1894.
Sir,-I am directed to say, in answer to your letter of the 18th instant, that the sum of $\$ 100$ therein referred to was intrusted to the Rev. N. M. Hanson, who is one of the founders and leading men of the Danish colony of New Denmark, in Victoria County, New Brunswick, to assist in sending a member of that colony to Denmark in the interest of immigration.

The departmental records show that in pursuance of this arrangement one A. C. Jensen was despatched to the old country, and travelled and worked there during the greater part of the winter of 1893-94, with fair results.

No detailed account was required to be rendered of the expenditure of this advance.

I am, sir, your obedient servant,
The Auditor General.
G. S. SPARKES, for Asst. Sec.

Audit Office, Ottawa, October 19, 1894.
Str,-Immigration cheque No. 5760 , of October 31,1893 , is for a payment of $\$ 200$ to Nils Johanson on account of immigration.

Kindly inform me in what capacity Mr. Johanson was employed and whether he has rendered accounts for his expenditure under this advance.

> I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, October 24, 1894.
Sir,-I am directed to inform you, in reply to your letter of the 19th instant, regarding Mr. Nils Johanson, that this gentleman being a successful Swedish settler in the North-west was sent to his native country in the interests of immigration, and that the sum of $\$ 200$ was granted to him on account of the incidental expenses of his trip, free transportation being granted him by the Canadian Pacific and Dominion Steamship Companies. Mr. Johanson was not required to render accounts for his expenditure of the above advance.

I am; sir, your obedient servant,
The Auditor General. G. S. SPARKES, for Asst. Secy.
Note.-The Interior Department states that Mr. Johanson was employed for a period of $4 \frac{1}{2}$ months. J. L. McD., A.G.

Audit Office, Ottawa, October 22, 1894.
Sir,-On July 25, 1893, Mr. C. Junkermann, "return-man," received an advance of $\$ 100$ from Commissioner Smith on account of his expenses, and on August 17 a further sum of $\$ 100$ was advanced him by the High Commissioner.

I have received no statement of the expenditure under these advances. Kindly send me Mr. Junkermann's account.

> I am, sir, your obedient servant,

The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, October 24, 1894.
Sir,-I am directed to inform you, in reply to your letter of the 22nd instant, that Mr. C. Junkermann was sent on a special mission to Germany in the interest of immigration, and that the advances you refer to were made to him on account of his expenses, the transportation companies having granted him a free passage.

Mr. Junkermann was not required to furnish a statement of his expenditure.
I am, sir, your obedient servant,
The Auditor General.
G. S. SPARKES, for Asst. Secy.

Note.-The Interior Department states that Mr. Junkermann worked about four months. J. L. McD., A.G.

Audit Office, Ottawa, October 19, 1894.
Sir,_On July 27, 1893, a cheque-No. 5248-for $\$ 200$ was issued in favour of J. Hillyard Leech on account of immigration.

Kindly forward to me any accounts that may have been rendered by Mr. Leech for his expenditure under this advance.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Interior Dept., Ottana, October 25, 1894.
Sir,-In answer to your letter of the 19 th inst., I am directed to inform you that Mr. J. Hillyard Leech went to Ireland on a special mission in the interests of immigration, and as we only gave him a portion of his expenses, he was not required to render an account.

I am, sir, your obedient servant,
The Auditor General.
G. S. SPARKES, for Asst. Secy.

Nore.-The Interior Department states that Mr. Leech was employed for nearly six months. J. L. McD., A.G.

Audit Office, Ottawa, October 18, 1894.
Sir,-The following advances were made out of the vote for immigration, to $\mathbf{M r}$. J. C. Sinclair on account of expenses :-

Oct. 19, 1893, departmental cheque 5671.................. $\$ 10000$
Dec. 29, 1893, High Commissioner's cheque, 9501 . . . . . . . 10000
$\$ 20000$
Kindly send me, at your earliest convenience, Mr. Sinclair's accounts for the expenditure under these advances.

## The Deputy Minister of Interior.

I am, sir, your obedient servant, J. L. McDougall, a.g.

Interior Dept., Ottawa, October 31, 1894.
Sir,-I am directed to inform you, in reply to your letter of the 18 th instant, that the paymente referred to therein were made to Mr. J. O. Sinclair on account of the

## Auditor General's Report-Part G

expenses incurred by him in connection with a special trip to Scotland made by him in the interest of immigration during the winter of $1893-94$, and he was not required to furnish any account of his expenditure.

Mr. Sinclair's work extended over a period of about three months.

> I am, sir, your obedient servant,

The Auditor General. G. S. SPARKES, for Asst. Secy.

Audit Office, Ottawa, October 20, 1894.
Sir,-On October 13, 1893, a cheque, No. 5649, for $\$ 50$ was issued in favour of A. Sjoblom on account of expenses on immigration service ; on December 26 a second advance of $\$ 49$ was made by cheque No. 5968 .

Please send me Mr. Sjoblom's statement of expenditure at your earliest convenience.
I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, October 24, 1894.
Sir,-I am directed to say, in answer to your letter of the 20th instant, that the amounts therein referred to were paid to Mr . Sjoblom as commissions for securing settlers.

I am, sir, your obedient servant,
The Auditor General.
G. S. SPARKES, for Asst. Secy.

Audit Office, Ottawa, October 23, 1894.
Sir,-The following payments were made to Adolphe Verwort on account of immi-gration:-

Sepi. 14, 1893, departmental cheque 5482....................... . . 50
$\$ 125$
Kindly send me any statement that may have been rendered by Mr. Verwort of his expenditure under these advances.

I am, sir, your obedient servant,
The Deputy Minister of Interior
J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, October 24, 1894.
SIR,-I am directed to say, in answer to your letter of the 23rd instant, that Mr. Adolphe Verwort was not required to render an account of the moneys advanced to him as a contribution towards his expenses incident to his tour through Canada in 1893. He , however, on his way home, left at the department an envelope containing a few vouchers which I send you herewith.

I am, sir, your obedient servant,
The Auditor General.
G. S. SPARKES, for Asst. Secy.

Nore:-The Interior Department states that Mr. Verwort spent about four months in Canada. J. L. McD., A.G.

Aldit Office, Ottawa, October 16, 1894.
Sir,-The following advances were made in the fall of 1893 to Rev. Robert Wallace for travelling expenses on account of immigration :-

| Sept. 6, Commissioner's cheque, No. 296 | \$200 |
| :---: | :---: |
| do 28 do do 395. | 50 |
| Oct. 5, departmental cheque, No. 5619. | 50 |
| do 11 do do 5637. | 50 |
|  | \$350 |

Kindly send me the detailed accounts of the expenditure of these advances. I am, sir, your obedient servant,

The Deputy Minister of Interior

J. L. McDOUGALL, $A . G$.

Interior Dept., Ottawa, October 22, 1894.
Sir,-In reply to your letter of the 16 th instant, requesting an explanation of advances, amounting in the whole to $\$ 350$, made by this department to the Rev. Robert Wallace, for travelling expenses on account of ir migration in 1893, I am directed to inform you that Mr. Wallace is Professor of Agriculture and Rural E onomy in the University of Edinburgh, and a writer of considerable eminence on agricultural subjects, and the advances referred to were made to him to enable him to come out and spend some time in Canada, the report of his observations being afterwards published and circulated for immigration purposes.

Professor Wallace was not required to give a detailed account of the expenditure of the above-mentioned advances.

A copy of the pamphlet containing his report is inclosed herewith for your further information.

I am, sir, your obedient servant,
The Auditor General.
G. S. SPARKES, for Asst. Secy.

Note.-The Interior Department states that Prof. Wallace spent about two months in Canada, and afterwards prepared a pamphlet for the press. J. L. McD., A.G.

Audit Office, Ottawa, October 20, 1894.
Sir,-On October 9, 1893, an advance of $\$ 200$ was made by Commissioner H . H. Smith to F. W. Webber on account of immigration ; a subsequent advance of $£ 63 \mathrm{~s}$. 4d., or $\$ 30$, was made by the High Commissioner to Mr. Webber.

Kindly send me any accounts rendered by Mr. Webber of his expenditure under these advances, and inform me in what capacity he was employed.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, October 23, 1894.
Sir-In answer to your letter of the 20 th instant, J am directed to inform you that the Rev. F. Webber was sent to England on a special mission in the interest of immigration. While there he delivered a great many lectures, gave personal interviews,
and made a valuable contribution to one of our pamphlets, which at the time was being prepared for publication, and which has since been published and widely circulated.

The advances made to Mr. Webber were simply on account of his incidental expenses, and he was not required to render any statement of their expenditure.

I am, sir, your obedient servant,
The Auditor General.
G. S. SPARKES, for Asst. Secy.

Note.-The Interior Department states that Mr. Webber was absent from Canada during the whole winter of 1893-94. J. L. McD., A.G.

Travelling Expenses of B. L. Baldwinson.

Interior Dept., Ottawa, January 3, 1894.
Sir,-I am directed to inform you that Mr. B. L. Baldwinson, of Winnipeg, left here in the autumn of 1892 to visit Iceland with a view of promoting emigration from that country to the Canadian North-west. The arrangement made with Mr. Baldwinson before his departure was that he was to receive, besides his travelling expenses, a living allow nce of $\$ 3.50$ per day. The Order in Council now in force regulating the payment of living and travelling allowances came into force in April following, and it was utterly impossible to reach Mr. Baldwinson, as he was then in Iceland, to inform him of its provisions until he returned to Canada, which he did not do until the latter part of last fall. I am directed to inform you that under the circumstances there was nothing to be done but to carry out the bargain made with Mr. Baldwinson as above set forth and give him the former allowance of $\$ 3.50$ a day, which has been done.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

## Error in expenditure by E. M. Clay.

Audit Office, Ottawa, May 31, 1894.
Sir,-I notice that in voucher 84 in support of the expenditure during the month of March by E. M. Clay, Immigration Agent at Halifax, the following item occurs :-

To cash paid for meals while attending steamers during March, 30 , at 25 cents
$\$ 900$
As 30 meals at 25 cents each would amount to only $\$ 7.50$, I have to ask for an explanation of the discrepancy of $\$ 1.50$ in this item.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

## Travelling expenses of Thos. Mills.

Audit Office, Ottawa, May 1, 1894.
Sir,-I notice that the account rendered by Mr. Thos. Mills for his expenses on a photographic tour through Canada is not given in full detail, all that is given being the total cost of each section of the trip as follows:-

Sept. 26 to 29, Calgary to New Westminster. . . . . . . . . . . . . \$48 00
Sept. 30 to Oct. 1, Vancouver to Victoria. . . . . . . . . . . . . . . . 1765
Oct. 2 to 4, Esquimalt and Victoria. . . . . . . . . . . . . . . . . . . . 2525
Kindly either give full details or explain why a fully detailed account was not obtained in this case.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, May 9, 1894.
Sir, - I am directed to say in answor to your letter of the 1st instant, in regard to Mr. Thomas Mills's account, that Mr. Mills was not pressed for further particulars. He and his assistant accompanied the Britısh Tenant Farmer Delegates, and they were treated in the same way as the delegates in the matter of their accounts.

> I am, sir, your obedient servant,
> LYNDWODE PEREIRA, Asst. Secy.

The Auditor General.

## Travelling expenses of R. F. Shaw.

Audit Office, Ottawa, May 1, 1894.
Sir,-I beg to ask your attention to the following items for board, which appear in the account for the expenditure during the month of November last, by R. F. Shuw on account of immigration:-

$$
\begin{aligned}
& \text { Nov. 1, to l day's board. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$ } 200 \\
& \text { " 3, } 2 \frac{1}{2} \text { " ......................................... } 500 \\
& \text { " 3, } 1 \text { meal................................................... . . . . } 075 \\
& \text { " 5, } 3 \text { days' board. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } 750 \\
& \text { " 6, } 6 \text { meals on train. . . . . . . . . . . . . . . . . . . . . . . . . . . . . } 450 \\
& \text { " 6, } 1 \text { day's board on van }
\end{aligned}
$$

From this it would appear that Mr. Shaw has been allowed about 33 days' board expenses during the month of November. Kindly explain the apparent over-charge.

I am, sir, your obedient servant, The Deputy Minister of Interior. J. L. McDOUGALL, A.G.

## Payment to Thos. Swan for expenses.

Audit Office, Ottawa, October 19, 1894.
Sir,-On July 15, 1893, an advance of $\$ 50$ was made by Harry H. Smith, one of your United States Immigration Agents, to Thomas Swan on account of expenses.

I have received no account of Mr. Swan's expenditure of this money. Kindly let me have the accounts in question.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, October 26, 1884.
Sir,-In answer to your letter of the 19 th instant, I am directed to state that Mr. Thomas Swan was a sub-agent under Mr. Harry H. Smith, and that during the period of his service in that capacity he had no direct dealings with the department in money matters. It would appear that his receipt for the $\$ 50$ in question was forwarded to the department as a voucher in connection with Mr. Smith's statement of expenditure for July, 1893, and that the amount was not more than sufficient to cover his railway fare and incidental expenses, for which vouchers are not usually required to be furnished.

I am, sir, your obedient servant,

## The Auditor General.

G. S. SPARKES, for Asst. Secy.

## Auditor General's Report-Part G

## Expenditure by W. B. Williams.

Audit Office, Ottawa, May 9, 1894.
Sir,--In the account of the expenditure for the month of October by Mr. W. B. Williams, Immigration Agent at Traverse City, Michigan, I find an item as follows:-

For fare to Manitoba
$\$ 7500$
This appears to be an allowance for Mr. Williams's return to Manitoba at the close of his summer's operations in Michigan. It can, however, only be treated as an advance, the actual expenditure under which should be shown by Mr. Williams. The amount itself appears to be rather large, especially as he, in all probability, travelled by pass over the Canadian Pacific Railway lines, as was done by the other agents and by himself on other trips.

I am, sir, your obedient servant,
The Deputy Minister of Interior. J. L. McDOUGALL, A.G.

## Interior Dept., Ottawa, May 11, 1894.

Sir,-I am directed to acknowledge the receipt of your letter of the 9 th instant, regarding the expenditure for the month of October by Mr. W. B. Williams, formerly Immigration Agent at Traverse City, Michigan, and I am to inform you that a copy of your letter has been sent to Mr. Williams's present address, with the request for an immediate explanation.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

Return-Men.

## Audit Office, Ottawa, May 4, 1894.

Sir,-Kindly send me a statement showing the names and destinations of the different " return-men" sent out by your department during the current fiscal year.

I have also to ask for a copy of any regulations that may have been made with reference to the payment of these return-men for their services and expenses.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

## Interior Dept., Ottawa, May 8, 1894.

Sir,-In compliance with the request contained in your letter of the 4 th instant, I am directed to send you the inclosed statement showing the names and destinations of the return-men sent to Europe by this department during the current fiscal year, together with some printed papers showing the nature of the arrangements made with these men.

I am, sir, your obedient servant,
The Auditor General.

## Memorandum concerning Return-Men.

In order to encourage the temporary return of successful settlers in Canada to their former homes in Europe, with a view to extending a knowledge of the resources of Canada and the advantages she has to offer intending emigrants, the Department of the Interior and the railway and steamship companies, some two or three years ago, combined to offer pecuniary assistance and free transportation to persons of the right class who should be found willing to act in the capacity of "Return-men."

The plan, however, has not as yet been found to work very satisfactorily. A large number of Return-men have availed themselves of the advantages it brought to them, but they apparently have not been successful in producing any compensating effect on the flow of inmigration to Canada. The department and the transportation companies have therefore felt the need this year of devising some new method of dealing with this matter, which would both place it on a more business-like footing and give greater assurance of results commensurate with the expense involved than did the old method.

Under the plan which accordingly has now been adopted, each Return-man will receive free transportation fr,m his nearest railway station in Manitoba, the North-west Territories or British Columbia, to the seaboard, and a free first class ocean passage. The steamship company will make a charge of $\$ 30$ for his meals on board ship, but this will be defrayed unconditionally by the Department of the Interior. The Return-man will also receive from the department, if required, for his incidental expenses, a cash advance not exceeding $\$ 24$, which, however, he will be required afterwards to repay out of commissions earned.

His return passage to Canada and the amount of the pecuniary compensation he will receive from the department, will depend entirely on his own efforts in the cause of immigration.

The department will be prepared to pay the Return-man a commission of $\$ 8$ for every eligible homesteader he induces to declare his or her intention of becoming a settler in Canada, in the form provided for that purpose, and to make a deposit of $\$ 10$ with the department as an earnest of good faith.

The commission will be payable in each case, and will be remitted to the Return-
man immediately on the receipt at the department of the intending settler's declaration and deposit, and on his securing not less than ten (10) such declarations and deposits, the Return-man will be provided with absolutely free first class ocean and rail transportation (by any of the SS. lines running to Halifax or Quebec, the Intercolonial and the C. P. R.) back to the railway station in Canada from whence he started.

Specimen copies of the form required to be filled up by the intending emigrant to Canada, and of the certifi ate which wili be issued on receipt thereof by the Department of the Interior, are annexed hereto, and it will be noticed that on claiming a refund of his deposit, by virtue of his having carried out his declared intention of becoming a settler in Canada, the depositor will in each case receive a bonus addition of $\$ 5$. In other words, he will find awaiting him in Canada, in absolute security, a sum equal to something over $£ 3$ stering, which will be immediately available for use, either in taking up Government land in the North-west or for any other purpose he may think proper, in return for his temporary deposit with the Government of $£ 2$.

The Return-man must bear in mind that he will be paid commissions only on eligible homesteaders, that is to say, persons who are eligible to make entry for free grant lands under the provisions of the Dominion Lands Act. A spinster is not so eligible, but any man, married or single, who is eighteen years of age or upwards, is eligible, and so is $九$ widow who is the sole head of a family. But it is not made a conditiun either to the payment of the Return-man's commission or the $\$ 5$ bonus to the settler and the return of his deposit, that the latter should become a homesteader. Nor is the intending settler who makes a deposit required to proceed immediately to Canada. The department will be satisfied, and will pay the money, if he becomes a resident of the Dominion in any permanent capacity within two years. But it is hoped and believed that the majority of such people, having once made up their minds to emigrate to Canada, will come out much sooner than this, and that a large proportion of them will find their way to the desirable free grant lands in Manitoba and the North-west.

Return-men will be expected to devote their energies mainly to this end.
Department of the Interior,
Ottawa, 27th November, 1893.

## Expenditure by J. Hoolahan.

Audit Office, Ottawa, May 31, 1894.
Sir,-I beg to ask for explanations of the following payments for board which I find among the expenditure on account of immigration made by J. Hoolahan, agent at Montreal :-

October-Voucher No. 32, M. Tremblay; board of Corine Mc-
Dona, 15 days.......................................... . . $\$ 600$
December-Youcher No.44, St. Jumes Hotel ; board of Messrs.
Kennedy and Hayward
225
I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

## Rent at Montreal.

Audit Office, Ottawa, August 22, 1894.
Sir,-I notice that in November last Messrs. L. \& A. Galarneau were paid $\$ 300$ for rent of immigration buildings at Montreal from November 1, 1893, to April 30,
1894. Messrs. Dawes \& Co were subsequently paid at different times, sums amounting to $\$ 266.67$ for rent from November 1, 1893, to June 30, 1894. Kindly explain why these two payments for rent at Montreal, both cover the one period of six months to April 30, 1894.

> I am, sir, your obedient servant,

The Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

## Interior Dept., Ottawa, August 31, 1894.

SIR,-I am directed to acknowledge the receipt of your letter of the 22 nd instant, drawing attention to the payments for rent of immigration buildings at Montreal, covering a period from November 1, 1893 , to June 30, 1894, and in reply I am to say that owing to the regulation requiring all immigrants to be landed at Quebec, which was put in torce at the beginning of 1893, the premises which had been occupied fir a number of years by the Immigration Agency at Montreal, were found to be unsuitable both in point of size and situation. The old premises were under lease until the 1st of May, 1894, but it was decided by the Minister, after careful inquiry and consideration, that it would be very greatly in the interests of the service to give them up without delay, and avail ourselves of a very favourable offer of premises which would exactly suit our purposes on St. James Street. This course was also found to be the most economical, as the old premises were very large and cost a great deal to heat, and the water and other rates were very greatly in excess of what we are paying at the new office. We therefore settled the matter with the landlord by paying him rent up to the 30th April, 1894, and taking an immediate release from his solicitors in respect of the old premises, removing to the new quarters on or about the lst of November, 1893.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

## Payments to Dr. Lynch, Winnipeg.

## Audit Office, Ottawa, May 19, 1894.

SIr,-I find from the accounts in support of Commissioner Smith's expenditure for immigration service, that Dr. J. S. Lynch of Winnipeg was paid the following sums for medical attendance at the Immigration Hall during the months indicated.

In each of these accounts the separate visits are given in detail. I find no payment whatever for medical services for the month of November, while for the four months from December 1, 1893, to March 31, 1894, Dr. Lynch was paid $\$ 50$ per month for professional services, no detailed account being given.

Kindly inform me whethet this monthly payment of $\$ 50$ is of the nature of a salary, and if so, how the amount of a fair month's remuneration was arrived at.

I am, sir, your obedient servant,

## Auditor General's Report-Part G

Office of Commissioner of Dominion Lands, Winniprg, Sept. 27, 1893.
Sir,—With reference to the present method by which Dr. Lynch's services for medical attendance at the Immigration Hall are remunerated at the rate of $\$ 2.00$ for each visit, I am directed to inforn you that a book is kept in the office in which the Doctor's attendauce is entered, and from its records the account is checked.

It sometimes happens in the pre isure of work, when there are a large number of immigrants, that some of his attendance are omitted to be recorded and the Commissioner thinks that it might be advisable to arrange to pay Dr. Lynch a fixed annual salary.

It is noticed that during the past six months from 1st March to 31st August, he has been paid $\$ 432$, being an average of $\$ 72.00$ a month, but prior to that date the building was closed for several months, and it appears from the Auditor General's Report for the year ending 30th June, 1891, that he was paid for that period \$464.00.

The probabilities are that the number of immigrant arrivals in the future will fully equal, if not exceed, those of the season which is now closing, and the Commissioner thinks that an equitable arrangement would be to pay Dr. Lynch $\$ 600.00$ a year, in consideration of which he is to pay a daily visit of inspection to the Hall, and to visit it as much more frequently as is required.

By thus securing a daily visit, p : ovision will be made for the prompt detection of any case of incipient sickness among the immigrant arrivals.

I am, sir, your obedient servant,
The Secy. Interior Dept. T. R. BURPÉ, Secretary.

## Purchase of Outfit for John Bates.

Audit Offick, Ottawa, October 8, 1894.
Sir,-Commissioner Smith's cheque No. 192 of July 24, 1894, is for payment of $\$ 15$ to the Hudson's Bay Company for an outfit of clothing for John Bates (Pady boy). Kindly give full explanations of this expenditure.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, October 11, 1894.
Sir,-I am directed to acknowledge the receipt of your letter dated October 8, requesting an explanation of an expenditure of $\$ 15$ for an outfit of clothing for John Bates, and in reply I am to inform you that this boy had been brought over to this country by Mr. W. J. Pady, and having been taken sick in Winnipeg, was in utter destitution. The department having severed all connection with Mr. Pady, and the case being an urgent one, efforts were made to find him some place. These were successful, a respectable mechanic offering to adopt the lad if the department would furnish necessary clothing. This, being undoubtedly the best solution of the difficulty, was accordingly done.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

## Payments to T. W. Chalmers for services.

Audit Office, Ottawa, January 22, 1894.
Sir,-I notice that T. W. Chalmers, of Fort Saskatchewan, was paid $\$ 90$ for his personal services and $\$ 21$ for assistance in examining road allowance, by cheque No. 1179 drawn against the North-west Government Special Credit.

Mr. Chalmers at the time was drawing pay as an Inspector of the North-west Mounted Police, and was thus precluded from drawing pay for any other services out of public moneys.

Please ask Mr. Chalmers for a refund of the $\$ 90$ thus illegally paid him.
I am, sir, your obedient servant, The Clerk Legislative Assembly, Regina.
J. L. McDOUGALL, A.G.

## Lieutenant Governor's Office, Regina, January 29, 1894.

SIR,-I have the honour to acknowledge the receipt of your letter of the 22nd instant in reference to a payment of $\$ 90$ made to Mr . T. W. Chalmers, late of the North-west Mounted Police Force, for his services in examining road allowance, and to state that same has been referred to the Executive Committee, who will give the matter their attention.

I am, sir, your obedient servant,
The Auditor General.
R. B. GORDON, Clerk Leg. Assy.

## Caretaker of Moosomin Court-house.

Interior Dept., Ottawa, April 17, 1894.
Sir,-I have the honour by direction to refer you to your letter of the 20th April last, in which you call the attention of this department to the fact that Mr. A. G. Hamilton, of Moosomin, Assiniboia, was being paid \$45 per month as caretaker of the Court-house there, and was also receiving $\$ 33.33$ per month, or $\$ 400$ a year, from the Public Works Department for, apparently, the same service.

Immediately on receipt of your letter the matter was fully gone into and on the 13th June last, you were advised of the result of the inquiries made by this department up to that time.

Since then this department has been in communication with the Department of Public Works with regard to the point respecting to which department the duty properly appertains of paying the salaries of caretakers of public buildings belonging to the Dominion Government, and I have now the honour to inform you that the Public Works Department have advised us that, as they have charge of public buildings and prepare the estimates and control the votes for such works and services as repairing, heating, lighting and water supply, and as they have a special vote for the salaries of caretakers, it is considered advisable that they should have charge of and pay the caretakers. In this view I am to say the Minister of the Interior concurs, and that Mr. Hamilton will therefore be left, so far as this department is concerned, entirely under control of the Department of Public Works and will be required to look to them for his salary.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

## Expenses of C. E. Phipps at Estevan.

Interior Dept., Otrawa, January 25, 1894.
Sir,-In further reference to the letter addressed to you from this department on the lst ultimo, in reply to your communication of the 17 th October last, asking for information respecting certain items of contingent expenditure made by Mr. C. E. Phipps, Dominion Lands Agent for the Coteau District, I beg to state that the following explanation of the several items has been received from that gentleman :-
" Voucher 65 are the expenses on my move from Cannington to Oxbow."
" Voucher 22, expenses of visiting Estevan to arrange for accommodation for an office at that place. As this was special work and my expenses at Oxbow continued during my temporary absence, I did not consider they in any way affected my special allowance."
" Voucher 23, expenses on move of office and board at the hotel till the car was unloaded. I have not charged my own board but merely that of my daughter who moved with me and who was assisting in the office with the approval of the Commissioner."
"Voucher 30. On arrival here of my family from Cannington there was no place available and some of us had to go to the hotel, four of us sleeping in a shack about 8 x 10 which was also used as an office until the "present one was built, and I have only charged half the expense I was actually put to."
"When I point out that all our furniture and effects had to be teamed about 100 miles in one of the worst storms of the season, I do not think it will be considered the charge is excessive, indeed it is far less than I expended."
"I would further urge that the special allowance of $\$ 2$ granted me was not intended to cover more than the expense of the office being at Oxbow and here, as a temporary thing and my therefore, being as it were on detacnment, and this allowance was really a compromise, if I may use the word, for the extra work I was called upon to perform under such difficult and uncomfortable circumstances."
" I would submit that if this is not the case I would have been, under the regulations then in force, entitled to the full living allowance of $\$ 3.50$ per diem, during the time I was holding a temporary office at Oxbow, while my real headquarters and home were still at Cannington."

I may add that the question of continuing the allowance to Mr. Phipps after his reaching Estevan was referred to the Inspector of Dominion Lands Agencies, a copy of whose recommendation in the premises is herewith inclosed.

I am, sir, your obedient servant,
The Auditor General.
JOHN R. HALL, Secretary.

## Interior Dept., Ottawa, February 2, 1893.

Mr. Burgess,-Mr. C. E. Phipps, Agent of Dominion Lands at Estevan, claims that the living allowance of $\$ 2$ per day, paid to him while temporarily stationed at Oxbow, be continued during the winter, until he has permanently settled down at Estovan, instead of being discontinued from the date ( 27 th October) upon which he reached Estevan. The facts of the case are briefly as follows :-

As it was late in the season when the removal from Oxbow to Estevan was finally decided upon, Mr. Phipps was almost given the option of remaining where he was for the winter, and might easi y have justitied himself in doing so, in which case he would have continued to receive his living allowance. He, however, made special exertions to meet the wishes of the department in this respect, incurring in doing so a good deal of expenditure over and above his actual removal expenses. This expenditure was caused largely by the fact that the cost of maintaining his family was greatly increased on account of the difficulty of procuring habitable accommodation of any sort in Estevan, his living expenses being really higher there than at Oxbow. In addition to this, owing to weather, the delay in having his effects freighted to Estevan continued the length of time for which it was necessary to remain in temporary quarters.

In view of these facts, and as the agent has made no charge for maintaining his family while establishing himself at Estevan, I am of the opinion that his living allowance should be continued to the 31 st ultimo.

## Claim against Hon, P. McLaren.

Audit Office, Ottawa, June 26, 1894.
Sir,--The Departiment of Indian Affairs has a claim against Mr. P. McLaren, of Perth, for balance due on the purchase of a mill in the North-west Territories and interest thereon.

It is reported in Hansard, page 4999, that the Hon. Mr. Daly stated in the House that a settlement was made by your department with Mr. McLaren which covered all matters in difference. I have to ask for a copy of this settlement.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, July 5, 1894.
Sir, -I am directed to acknowledge the receipt of your letter of the 26 th ultimo, and in reply to say that by referring to the last portion of the paragraph on page 4999 of the Hansard mentioned in your communication, you will notice that the Hon. Mr. Daly stated as follows :-
"The question the Auditor General brings up here is in relation to the purchase of the mill mentioned, which mill was purchased from the Indian Department. The matter is now under advisement, it having been brought to my attention when this report was issued, and I think it will be adjusted."

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

Addit Office, Otrawa, September 15, 1894.
Sir,-Referring to your letter of July 5 , I have now to inquire if you have any further information to report on this subject.

I am, sir, your obedient servant,
The Deputy Minister of Interior. J. L. McDOUGALL, A.G.

Interior Dept., Otrawa, October 3, 1894.
Sir,-I am directed to acknowledge the receipt of your letter of the 15 th ultimo, and in reply to say that this department has no further information to report at present upon the subject therein referred to.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy. 111

## Re Fines and Forfeitures, North-west Territories.

## Interior Dept., Ottawa, December 6, 1893.

Sir,-With further reference to your letter of the 1st May last, re fines and forfeitures, North-west Territories, I beg to inclose a copy of a letter which I have received from the Secretary to the Lieutenant Governor of the North-west Territories, in which he refers to some correspondence which took place in 1888; I also send you copy of that correspondence. The difficulty I see is that, even if your view is conceded, it might be a very awkward thing at this date for His Honour's advisers to have to withdraw such a large sum from the appropriation made of the territorial revenue for the current year. Perhaps the best way to rectify this would be to ask an appropriation from Parliament to recoup the General Revenue Fund and debit to the cost of the North-west Government; or perhaps it might suffice if the Order in Council of the 5 th October, 1887, should be made retroactive. I shall expect to hear from you further on this matter.

I am, sir, your obedient servant,
The Auditor General.

> A. M. BURGESS, D.M.I.

## Lieutenant Governor's Office, Regina, November 28, 1893.

Sir, -I am directed to acknowledge the receipt of the Secretary's letter of the 2nd instant, No. 75038, inclosing therewith copy of a letter dated the lst May last from the Auditor General with reference to certain moneys received in the office of His Honour the Lieutenant Governor of the North-west Territories on account of fines and forfeitures and to their subsequent treatment in the year 1888.

As regards the question raised by the Auditor General to the effect that any moneys received on account of liquor fines prior to the date of the Order in Council of the 5th October, 1887, were not properly transferable to the General Revenue Fund of the Territories under that Order, I am to refer you to His Honour's letter to the department of the 1st June, 1888, in which was inclosed a copy of a letter from the then Minister of the Interior, showing that it was the evident intention at the time that all the moneys then in His Honour's hands in respect of liquor fines should be paid over to the General Revenue Fund, and it was represented that the Order in Council being in general terms and not containing the words "in future," did not appear to exclude from its operation such a transfer.

If, however, the Auditor General is still of opinion that the Order of the 5th October, 1887, is not retroactive in its effect, I am to ask that, as was proposed in your letter to His Honour of the 20th June, 1888, an amendment of that Order may be now passed disposing of any question as to the transfer to the General Revenue of the Territories of the amount on hand in respect of liquor fines at the date of the Order in Council of the 5th October, 1887, and of any similar moneys subsequently received. Such an Order would finally determine the disposal of the moneys in question.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
R. B. GORDON, Secretary.

Interior Dept., Ottawa, May 19, 1888.
Sir,-I am directed to inclose to you herewith, for action, a copy of a letter ${ }^{7}$ dated 17th ultimo, from the Auditor General, having reference to fines and forfeitures collected in the North-west Territories.

I am, sir, your obedient servant,

Lieutenant Governor's Office, Regina, June 1, 1888.
Sir,-I am directed by His Honour the Lieutenant Governor to acknowledge the receipt of your letter of the 19th ult., inclosing therewith copy of a letter addressed to the department by the Auditor General in reference to fines and forfeitures collected in the North-west Territories.

His Honour desires me in reply to forward you copy of a letter, dated the 8th September, 1887, and addressed by him to the Minister of the Interior, from which it appears that the amount then in His Honour's hands, in respect of liquor fines, was stated to be $\$ 4,984$, and that the Minister was asked whether such amount should be remitted to the department or retained by His Honour, with a view to its being paid over to the General Revenue Fund of the Territories in accordance with the recommendation of the North-west Council. A copy of the reply of the late Minister of the Interior is also inclosed, advising the retention of the amount in question, until a decision had been arrived at in Ottawa as to its ultimate disposition.

The Order in Council of the 5th October subsequent states in general terms that all fines collected for violation of the liquor clauses of "The North-west Territories Act" shall be paid over to the General Revenue Fund of the Territories, until other provisions are made.

This being the decision that was awaited by His Honour, he had no doubt that, in addition to all future liquor fines, the transfer to the Territorial Fund of the amount then on hand was intended to be authorized by the Order in Council, and from the operation of which it does not appear to be excluded.

> I am, sir, your obedient servant,

The Deputy Minister of Interior. A. E. FORGET, Secretary.

Ottawa, September 8, 1887.
Dear Mr. White,--I quite omitted, when you were here the other day, to speak to you regarding the recommendation made by my Council last session that all fines recovered for breach of the liquor laws, should be paid over to the General Revenue Fund of the Territories.

I wrote to Mr. Burbidge on the subject on the 2nd June last, and in his private reply of the 2nd July he informed me, as he had learned from Mr. Hall, Secretary of your department, that the papers were all before you, he had sent my letter on to you.

Mr. Burbidge added that he remembered stating to you, with the approval of the Minister of Justice, that Mr. Thompson thought the application could be favourably considered by Council.

The amount now in my hands on this account is $\$ 4,984$, and as my Council will meet at an early date, I shall be much obliged if you will let me know whether I should remit the amount to the department or retain it with a view to its being paid to our Territorial Fund.

Believe me, yours very sincerely,
The Hon. Thomas White, Minister of Interior.
E. DEWDNEY.

Ottawa, September 15, 1887.
Dear Mr. Dewdney,-I have yours of the 8th. I have brought the matter of the application of all fines recovered for breach of liquor laws in the Territories before Council, and in the meantime you had better retain the amount of fines now in your hands until the subject has been discussed and a decision arrived at here.

Yours very truly,
The Hon. E. Dewdney, Lieutenant Governor, Regina.
THOS. WHITE.

1-8 a
$$

Audit Office, Ottawa, July 30, 1894.
Sir,-I received your letter of December 6 last inclosing correspondence, in explanation of the payment in 1887 to the North-west General Revenue Fund of the sum of $\$ 4,8 \mathrm{l} 1.85$ out of fines and forfeitures.

Press of work in connection with the preparation of my report for Parliament and the business of the session have caused the delay in answering your letter.

The point raised in my letter of April 17, 1888, was that the Order in Council of October 5, 1887, by which this payment was authorized, provided only for liquor fines collected after that date, and consequently did not cover this amount which was then in hand. You now suggest, either that the Order in Council be made retroactive, or that Parliament be asked for an appropriation.

The point seems to have been overlooked on all hands that the North-west Territories Act, section 94, already determined the application to be made of these fines, which cannot be amended by an Order in Council. This clause seems not to have been since amended. It will be necessary to have it done, and authority given for the past action contrary to its provisions.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, October 4, 1894.
Sir,-I have the honour, by direction, to acknowledge the receipt of your letter of the 30th July on the subject of fines and forfeitures, and to say that the matter will be brought to the attention of the Minister of the Interior.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

## Audit Office, Ottawa, September 27, 1894.

Sir, -The statement of fines and forfeitures, North-west Territories, furnished by the Secretary of the Lieutenant Governor, gives the date of receipt, the name of official who transmitted the money and the amount. Is there any reason why the names of the persons fined and the nature of the offence, could not also be given? The Post Office Department is making inquiry concerning a fine of $\$ 10$ imposed for infraction of the Post Office Act, which the magistrate states was paid to the Lieutenant Governor, but which it is impossible to identify, owing to the manner in which the returns are now furnished.

I am, sir, your obedient servant,
The Deputy Minister of Interior.

$$
\text { J. L. McDOUGALL, } A . G .
$$

Interior Dept., Ottawa, October 4, 1894.
Sir,-I have the honour, by direction, to acknowledge the receipt of your letter of the 27 th ultimo, suggesting that the statement of fines and forfeitures furnished by the Lieutenant Governor of the North-west Territories should give the name of the person fined and the nature of the offence, and to say that a copy of your communication has been referred to the Lieutenant Governor of the North-west Territories.

I am, sir, your obedient servant,

## Receipt Forms.

Audit Office, Ottawa, March 7, 1894.

Sir,-I have again to call your attention to the very irregular manner in which the receipts issued by the Superintendent of Rocky Mountains Park are received. Nos. 352 to 355 inclusive, issued in August, and Nos. 356 to 358 inclusive, issued in September, have not come to hand. Subsequent receipts have been received with his returns. Be good enough to furnish the missing numbers.

I am, sir, your obedient servant,
The Deputy Minister of Interior.

$$
\text { J. L. McDOUGALL, } A . G \text {. }
$$

Interior Dept., Ottana, April 7, 1894.
Sir, -With further reference to your letter of the 7 th ultimo, respecting certain receipts issued by the Superintendent of the Rocky Mountains Park not received by you, I am directed to transmit to you herewith a copy of a communication, dated the 19th idem, from the Superintendent in relation to the missing receipts, and in which he explains the plan he has lately adopted in forwarding counterfoils of receipts to this department.

As a thorough search in this department has failed in disclosing any trace of the missing receipts, and as there is even no entry in the Registrar's books showing that the receipts in question were ever received, it is only reasonable to conclude that they were lost in transmission to this department,

> I am, sir, your obedient servant,

The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

## Rocky Mountains Park of Canada, Banff, March 19, 1894.

Sir,-I have the honour to acknowledge the receipt of your letter dated the 12 th instant, file 351513 , informing me that receipts or counterfoils Nos. 352 to 355 inclusive and Nos. 356 to 358 inclusive had not yet been received at your office. I am at a loss to account for these receipts, as they were certainly mailed from here in separate covers at the time of sending the returns for August and September last.

Since receiving your letter of the 9 th of November, I have attached the coupons of receipts to, and sent them under the same cover as, the statements for the month to which they belong.

I am, sir, your obedient servant,
The Secretary, Dept. of Interior.
GEO. A. STEWART, Supt.

## Registration Fees, N.W.T.

Audit Office, Ottawa, March 14, 1894.
Sir,-I have again to call your attention to the delay on the part of the Registrar of the South Alberta District in depositing his fees and forwarding his returns. On December 21 he made three deposits covering the fees collected in September, October and November. Deposits were then made in accordance with the regulations, every few days, of $\$ 30$ or $\$ 40$ each, but this practice only continued till January 5 . After that date no deposit was made till February 26, when $\$ 217.25$ was deposited. That is the last that has come to account. The returns for December, January and February have not been furnished, and only $\$ 380.99$ has come to account. Please let me have the report of the Inspector at his last visit to the office.

I am, sir, your obedient servant,

Interior Dept., Otrawa, April 5; 1894.
Sir,-I have the honour, by direction, to acknowledge the receipt of your letter of the 14th ultimo, respecting the delay on the part of the Registrar at Calgary in depositing his fees and furnishing his statements, in accordance with the regulations which govern these matters, and also asking for the report of the Inspector's last visit to the office.

Although repeated searches have been made in this department for the report in question it cannot be traced.

The Inspector has, however, been requested to forward a copy of the report in question, and when such copy has been received, it will at once be sent to you.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

Calgarx, N.W.T., June 8, 1894.
Sir,-Herewith I inclose returns for May, 1894. The portion of the fees which have been paid to me have been deposited. I have been unable as yet to get a settlement with the Registrar, but hope to do so very shortly. I have been almost daily in receipt of a promise. I am reporting to the department to-day.

Your obedient servant,
The Auditor General.
P. M. BARKER, Inspector and Actg. Rgr.

Audit Office, Ottawa, July 21, 1894.
Sir,-The fees collected by the Registrar of the South Alberta District during March, April and part of May, amounting to $\$ 533.55$, have not yet been accounted for. Mr. Barker, who signs as Acting Registrar, states in his letter of June 8 forwarding the May return that he has deposited ali the fees of that return collected by him. Deposits made by Mr. Barker have come regularly to hand in acquittance of the June return.

- I called your attention by my letter of March 14th last and previously, to the delay on the part of this Registrar in depositing his fees and forwarding his returns, and I have now to inquire what steps you have taken to have these arrears paid up. I observe that the Registrar has been paid his May salary. As the matter now stands it appears to me that the Registrar should receive no money on any account until the receipts in arrears have been made good.

I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, September 11, 1894.
Sir,-I have not had any reply to my letter of July 21st last in reference to a balance of $\$ 533.55$, collections by the Registrar of the South Alberta District, which he had not deposited.

I have again to inquire what action has been taken to ecure payment of these arrears.
I am, sir, your obedient servant,
The Deputy Minister of Interior.
J. L. McDOUGALL, A.G.

## Interior Dept., Ottawa, Sept. 24, 1894.

Sir,-I am directed to acknowledge the receipt of your letter of the 11th instant, regarding Mr. T. A. McLean's shortage in his accounts, and in reply to say that Mr.

## Auditor General's Report-Part G

McLean's salary for the month of July last, amounting to $\$ 133.33$, has been retained, and that this amount will be applied on account of his deficit. I am also to explain that Mr. McLean has some outstanding accounts for office expenses, which when received and audited will be credited also to the deficit, and that the Guarantee Company are being called upon for the balance.

I am, sir, your obedient servant,
The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.

Interior Dept., Ottawa, November 16, 1894.
Sir,-Referring to the previous correspondence between yourself and this Department with regard to the shortage in the fees account of Mr. McLean, Registrar of the South Alberta Land Registration District, I have the honour, by direction, to inform you that, with the exception of a few items amounting in the whole to about $\$ 30.00$, the matter has been closed to the satisfaction of the Department by a deposit of $\$ 703.00$ which Mr. McLenn made to the Bank of Montreal at Calgary upon the lst instant and by a credit which will be made in the course of a few days here to the same account of $\$ 120.43$ which was retained on account of his salary in July last.

There is apparently a bulance of $\$ 102.50$ due to Mr. McLean on account of his contingencies and as a cheque will not be issued in his favour to close this matter until the few items amounting to $\$ 30.00$ or thereabouts have been satisfactorily adjusted it will therefore be seen that the whole difficulty may be treated as settled.

I am to add that the Inspector and Mr. McLean were requested, by letter of yesterday's date, to adjust immediately the item referred to and to furnish new or amended and complete statements showing each items of the fees which made up the shortage in question, and were informed that such statements were required here before the amount of the cheque for salary, $\$ 120.43$, could be placed to the credit of that account (which action is necessary before it can be closed in the books here) and before the cheque for the amount due to Mr. McLean on account of contingencies would be issued in his favour.

The Auditor General.

> I am, sir, your obedient servant, LYNDWODE PEREIRA, Asst. Secy.

## Wood Permits.

## Audit Office, Ottawa, October 3, 1894.

Sir,-I have to ask for explanations in reference to permit No. 14517 issued at Winnipeg office April 12, 1894, to John A. Christie, the fees on which were $\$ 2,120.38$, and nothing paid at the time of issue. The following memoranda appear on the counterfoil : "This permit should have been taken out in November, 1892," and "this permit is issued to cover lumber cut by permittee during winter of 1892-93." Has the amount due on this permit been paid? In your letter of April 19, 1893, you stated that a guarantee of 20 per cent should be paid at the time a permit is issued. Why was this guarantee not exacted?

Please let me hare a statement of all arrears due for wood permits.
I am, sir, your obedient servant,
The Deputy Minister of Interior. J. L. McDOUGALL, A.G.

Interior Dept., Ottawa, October 11, 1894.
Sir,-In reply to your letter of the 3rd instant, I am directed to say that in January, 1889, Mr. J. A Christie, of Brandon, obtained at public competition the right to a permit to cut timber on the whole of township 21, range 20, west of the 1st meridian; and cut timber on the land without going through the form of obtaining a permit from the Crown Timber Agent. The permit issued by the agent in 1894 was to cover the
timber so cut, and the dues were charged to Mr. Christie's general account. A payment of $\$ 114.64$ has lately been made on account of this permit, and the Crown Timber Agent reports that he thinks that he may be able to collect the balance due to the Crown at an early date. In any event the department is amply protected.

You asked in the last paragraph of your letter that you be furnished with a statement of all arrears due for wood permits. I am to remind you that a statement showing the balances due on wood permits issued between the 1st of May, 1891, and the 1st of May, 1892, was sent to you on the 27 th September, 1893. Please say whether you desire a similar statement showing the permits issued from the 1st of May, 1892, to the 1st of May, 1893.

The Auditor General.

> I am, sir, your obedient servant,

LYNDWODE PEREIRA, Asst. Secy.

Audit Office, Ottawa, October 13, 1894.
Sir,-I have received your letter of the 11 th instant in reference to the wood permit issued to Mr. J. A. Christie.

You also asked if I require a statement of the balance due on wood permits issued from May 1, 1892, to May 1, 1893, similar to the statement furnished September 27, 1893.

In reply I may say that the statement required should cover all balances due on permits issued to May, 1893, whether in the year immediately preceding or not.

I am, sir, your obedient servant,
The Deputy Minister of Interior. J. L. McDOUGALL, A.G.

## Sales of Standard Measures.

Audit Office, Ottawa, October 18, 1894.
Sir,-The sum of $\$ 128$ came to account during 1893-94, as proceeds of sales of standard measures. I have to ask for a stock account of these measures, showing the number on hand June 30, 1893, the number received during the year, the number sold, and the number on hand June 30, 1894, certified by the officer in charge.

> I am, sir, your obedient servant,

The Deputy Minister of Interior.

$$

$$

## Ordnance Lands-Arrears.

## Interior, Dept., Ottawa, November 10, 1894.

Sir,- -In reply to your letter of the 3rd ultimo, I have the honour, by direction, to inform you that there are no arrears due to this department on the 30 th June last, on account of Ordnance lands, which have not been satisfied, (1) by collecting officers, (2) by disbursing officers.

Excepting, of course, the sum of $\$ 8,532.59$ due by Mr. W. H. Arnton in connection with the sale of the Logan Farm property in Montreal on the 27 th June, 1889, which transaction was fully explained to you in the departmental letter of the 3rd October, 1893.

> I am, sir, your obedient servant,

The Auditor General.
LYNDWODE PEREIRA, Asst. Secy.
Note.-See page G-107 for arrears due by tenants and purchasers of Ordnance Lands.

## Auditor General's Report-Part G

## Audit Office, Otrawa, December 14, 1894.

Sir,-I wrote you on the 3rd October last asking for a statement of arrears due to your Department on 30th June last, that have not since been satisfied. I have since received a statement of arrears due on account of Ordnance Lands, but no reply as to arrears due by the other collecting or disbursing officers of your Department.

Your early attention will oblige.
I am, sir, your obedient servant,
J. L. McDOUGALL, $A . G$.

The Deputy Minister of Interior.

## Auditor General's Report-Part H

## Purchase of Manilla Fibre at Kingston.

Audit Office, Ottawa, April 26, 1894.
Sir,-I beg to acknowledge receipt of your application of the 24th inst. for the issue of a Sterling Bill in favour of W. F. Malcolm \&. Co. for $\$ 9,943.39$ for manilla fibre supplied the Kingston Penitentiary.

As the article in question has been supplied the Penitentiary, in the present instance, for the first time, and as the amount is large and future purchases in the same line will probably be extensive, it seems to me I should be informed of the steps that have been taken to secure the material at the lowest price which the market allowed.

Has the price for the quantity for which payment is now asked been determined from tenders sent the Department? Is there a contract with Malcolm \& Co. for a stated period?

It will be necessary to send me for audit the original accounts and also all receipts for freight for which charge is made.

I have, \&c., your obedient servant,

## The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

Department of Justice, Ottawa, April 30, 1894.
Sir,-I have the honour to acknowledge the receipt of your letter of the 26 th instant respecting my application for Sterling Bill of Exchange in favour of W. F. Malcolm \& Co. for manilla fibre to the Kingston Penitentiary. In reply I beg to state, that the fibre was purchased in the open market, at the lowest market price, in fact, at a much lower rate than the same article has been purchased during the past few years. I send you, herewith, the original invoices of Messrs. Malcolm \& Co., as well as the freight account of the Grand Trunk Railway.

I have, \&c., your obedient servant,
The Auditor General.
E. L. NEWCOMBE, D.M. J.

## Officers occupying houses and quarters in connection with Penitentiaries.

## Audit Office, Ottawa, April 27, 1894.

Sir,-I beg to remind you that I have not yet received an answer to my letter of the 8th September last asking for the names of the officers at the various penitentiaries occupying houses or quarters in connection with the penitentiary buildings, and who in consequence of such occupation share in the benefits mentioned in paragraphs 8 and 9 of the Rules and Regulations respecting salaries and allowances.

As I shall need this information soon in regard to the audit of the penitentiary accounts for the current fiscal year, I shall be obliged if you will cause it to be sent me at your early convenience.

The letter to which I refer is published in the report of this office for 1893 at page B-82.

I have, \&c., your obedient servant,
The Deputy Minister of Justice. J. L. McDOUGALL, A.G.

# Purchase of furniture for residences of Penitentiary Offlcers irregular. 

Audit Office, Ottawa, October 9, 1894.

Sir,-I beg to bring to your notice an account rendered by Manchester, Robertson \& Allison in July, 1893, against the Dorchester Penitentiary, amounting to \$296.74 for curtains and portières.

In connection with supplies of this nature I would call your attention to 50 and 51 Vic., chap. 52, sec. 8 and to paragraph 7 of the Rules and Regulations respecting the Salaries and Allowances of Penitentiary officers sanctioned by the Governor in Council June 30, 1887. In my opinion the purchase of these articles for use by penitentiary officers is irregular, and I would ask your attention again to previous correspondence respecting similar expenditure shown in my report of 1893 at pages $\mathrm{B}-80,81$ and 82 .

I have, \&c., your obedient servant,
The Deputy Minister of Justice.
J. L. McDOUGALL, A.G.

## Paying board of children of Convicts at Charitable Institution.

Audit Office, Ottawa, October 9, 1894.
Sir,-I beg to ask for explanation of a payment made by the Warden of Kingston: Penitentiary during last year for the board, at a charitable institution, of four children whose mothers were convicts undergoing sentences at the time. I ask for explanation in regard to this payment as the expenditure, so far as I know, has been incurred for the first time in the present instance.

> I have, \&c., your obedient servant,

The Deputy Minister of Justice.
J. L. McDOUGALL, A.G.

Department of Jusilice, Ottawa, October 9, 1894.
Sir,-I have the honour to inform you, in reply to your letter of the 8th inst., asking explanation of a payment made by the Warden of Kingston Penitentiary for board, in a charitable institution, of four children whose mothers are convicts in that institution, that the attention of the Minister of Justice having been called to the fact that four small children accompanied their mothers when sentenced to the penitentiary, he was of the opinion that a penal institution was not a proper place for children of such tender years as the four referred to, and decided that they should be removed to a charitable institution, their keep being paid for by the Government, during their mothers' imprisonment.

I have, \&c., your obedient servant,
The Auditor General.
E. L. NEWCOMBE, D.M.J.

## Board of Insane Convicts in Provincial Asylums.

Audit Office, Ottawa, October 8, 1894.
Sir,-I beg to ask for explanation of the payments made during the fiscal year 1893-94 at the Kingston and British Columbia penitentiaries for the board of insane convicts in the Provincial Asylums.

The only provision for cases of this kind which I can find in the Penitentiary Act is under sections 67 and 68 , providing for the detention of insane convicts in a separate ward at the Kingston Penitentiary.

I have, \&c., your obedient servant,

## Auditor General's Report-Part H

Department of Justice, Ottawa, October 9, 1894.
Sir,-Replying to your letter of the 8th inst., asking for explanation of payments made during the fiscal year 1893-94, at Kingston and British Columbia penitentiaries, for board of insane convicts in the Provincial asylum, I have the honour to inform you that there is as yet no proper place in Kingston Penitentiary for the treatment of feruale lunatics; for this reason it was deemed advisable to remove the fernale lunatic (for whom the charge you refer to was made), to the Provincial Lunatic Asylum.

The case at British Columbia Penitentiary is that of a male lunatic, whose removal to the Provincial Lunatic Asylum was also thought advisable on account of there being no proper accommodation for lunatics in the penitentiary.

> I am, sir, your obedient servant,
> E. L. NEWCOMBE, D.M.J.

The Auditor General.

## Payment of Funeral Expenses besides the Two Months' Gratuity.

Audit Office, Ottawa, October 9, 1894.
Sir,-I beg to call your attention to a payment of $\$ 109.40$, made by the Warden of Manitoba Penitentiary to defray the funeral expenses of the late accountant, Mr. P. McGowan. A payment of this nature is a new charge on the appropriation, and I should be glad to have your reasons for making it so. It seems to me that the gratuity provided by 50 and 51 Vic., chap. 52, sec. 8, is all that may be granted in this respect without the special authority of Parliament.

> I have, \&c., your obedient servant,

The Deputy Minister of Justice.
J. L. McDOUGALL, A. $G$.

Department of Justice, Ottawa, October 12, 1894.
Sir,-I have the honour to acknowledge the receipt of your letter of the 9 th inst. calling attention to a payment of $\$ 109.40$, made by the Warden of Manitoba Penitentiary to defray the funeral expenses of the accountant, Mr. P. McGowan.

You state that a payment of this nature is a new charge on the appropriation, and you desire to have reasons for it.

I am to inform you that the late accountant, McGowan, was accidentally killed while in the service of the penitentiary. He left no estate and was further indebted to the penitentiary to a considerable amount, which more than exhausted his gratuity. Under the circumstances, the Minister deemed it proper to authorize the payment of a portion of his funeral expenses, which is the expenditure to which you call attention.

I am, sir, your obedient servant,
The Auditor General. E. L. NEWCOMBE, D.M.J.

Audit Office, Ottawa, October 16, 1894.
Sir,-I have the honour to acknowledge the receipt of your letter of the 12 th instant with reference to the payment made by the Warden of Manitoba Penitentiary for the funeral expenses of the late accountant, Mr. P. McGowan. The General Order in Council under which the practice of paying the two months' gratuity to the families of deceased persons, names funeral expenses as one of the things which the gratuity was intended to cover. Mrs. McGowan has received that gratuity, and therefore the additional payment is a second payment for funeral expenses. It appears to me that Parliament should be asked to legalize the payment.

I have, \&c., ycur obedient servant.,

> J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

Department of Justice, Ottawa, October 18, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 16 th instant with reference to the payment by the Warden of Manitoba Penitentiary of a portion of the funeral expenses of the late Accountant McGowan.

I have the honour to point out to you that the gratuity payable in this case was authorized under $50-51$ Victoria, Chapter 52, Section 6, and is not, as you suppose, made applicable for the paying of funeral expenses. I have previously stated that the gratuity had been applied towards payment of the indebtedness of the late accountant of the institution.

I am, sir, your obedient servant,

> E. L. NEWCOMBE, D.M.J.

The Auditor General.

Audit Office, Ottawa, November 10, 1894.
Sir,-In reply to your letter of the 18 th ulto. with regard to the payment of the funeral expenses of the late Accountant McGowan of the Manitoba Penitentiary, I would point out that while you are right in saying that the gratuity paid to Mrs. McGowan was authorized by Statute, you do not contend, I presume, that Parliament in dealing by Act with gratuities to certain officials intended it to be understood that there were to be other gratuities to the same officials. I am not questioning the disposition made of the Statutory gratuity, but I do not see that there was authority for another gratuity.

I have, \&c., your obedient servant,
J. I. McDOUGALL, A.G.

The Deputy Minister of Justice.

## Purchase of Stationery in contravention of the Printing and Stationery Act.

Audit Office, Ottawa, October 8, 1894.
Sir,-I beg to bring to your notice a payment of $\$ 211.92$, made last year to James Wilson \& Co., of Montreal, for wrapping paper and shipping tags, supplied the Kingston Penitentiary in connection with the binder twine industry.

Under section 3 of the Act respecting the Department of Public Printing and Stationery, these articles should have been obtained through the Stationery Uffice at Ottawa.

I have, \&c., your obedient servant,
The Deputy Minister of Justice
J. L. McDOUGALL, $A . G$.

Audit Office, Ottawa, March 1, 1894.
Sir,-Referring to your letter of May 29, 1893, in ireference to the claim of the Department of Inland Revenue against Judge Macleod, N.W.T., for bill stamps, I have to inquire whether the amount has been paid, and if not, what steps have been taken in the matter.

> I am, sir, your obedient servant,

The Deputy Minister of Justice.
J. L. McDOUGALL, A.G.

Dept. of Justice, Ottawa, March 3, 1894.
Sir,-Referring to your letter of the lst instant on the subject of bill stamps furnished to the Honourable Mr. Justice Macleod, I have the honour to state that in view of representations made by the judge contending that he was not liable for the payment of the stamps, the Department of Inland Revenue requested me to take no further action in the matter, and at the same time informed me that it had concluded to ask for authority to write off the balance.

> I am, sir, your obedient servant,

$$
\text { The Auditor General. } \quad \text { E. L. NEWCOMBE, D.M.J. }
$$

Audit Office, Ottawa, March 6, 1894.
Sir,-I have received your letter of the 3rd instant and beg to ask for a copy of the representations made by Judge Macleod which influenced the Department of Inland Revenue to instruct you to take no further action. According to your letter of November 3, 1892, the judge claimed to have handed the stamps to Inspector Harper of the North-west Mounted Police. Was the latter called on to pay for them?

I am, sir, your obedient servant,

## Dept. of Justice, Ottana, March 10, 1894.

SIR,-Referring to your letter of the 6 th instant, I have the honour to inclose a copy of Judge Macleod's letter.

> Your obedient servant,

The Auditor General.
E. L. NEWCOMBE, D.M.J.

Macleod, July 1, 1893.
Sir,-I regret very much to say that I am still unable to remember, or discover the member of the police force to whom I handed the bill stamps for sale.

I have asked and written to several persons who held staff-appointments at the time, for I am sure it was one of the staff to whom I gave them. I have spoken to Mr. Miller and Mr. Wood here, and have written to Major Dowling, now of Calgary, and Mr. Harper of Banff; then I thought of a Sergt. Harper, who used to look after the Customs accounts, I found that he was Indian Agent at Troy Lake, so I wrote to him. The answer I received from them all was that they had no recollection of the matter.

Thinking that I might get some information from the books of I. G. Baker \& Co., who were the only parties who bought stamps, I asked the book-keeper to search for them. He told me he had done so, and could not find any trace of payment for stamps. that the amount would be so small it would go through the petty cash-book without any indication what the payment was for.

With regard to my receipt of the stamps. The facts are that at the time they were sent to me, I was Commissioner of the Mounted Police, and as no successor had been appointed to fill the position of Stipendiary which I had held up to the lst July, 1876, I continued to hold courts, both civil and criminal, all through the western parts of the Territories. I thought it as well to draw the attention of the Government to the fact that there were no bill stamps for sale here, and that some trouble might arise if notes were sued on. The stamps in question were sent to me, and I handed them over to a reliable man for sale. I never bought them in any way and never promised to pay for them, and even if I could have undertaken their sale (being very seldom at home) I would not have done so. I was only the agent of the government to place them in the hands of some person I had confidence in.

This I did, and some time in the year 1882, when the Stamp Act was repealed I asked-as I have before reported-what stamps had been sold, and I was answered only a few dollars worth. I think about $\$ 4.00$. As the amount was so small, I told the man to return the amount to Ottawa together with the stamps unused.

There is another person from whom I may get some information to enlighten me, Supt. Norman of the police. I am writing to him.

I have the honour to be, sir, your ob't. servant
The Deputy Minister of Justice.
JAMES MACLEOD.

## Re Penitentiary Revenue.

Audit Office, Ottawa, April 28, 1894.
Sir,-Will you be good enough to let me know the amount which each of the Kingston Penitentiary officials owed the Government at the time that payment of the indebtedness began, so that I may be able to determine when the amounts are paid. I presume that new accounts are always paid at the end of the month in which the goods are obtained. Are there similar arrears in any of the other penitentiaries?

I am, sir, your obedient servant
The Deputy Minister of Justice.

> J. L. McDOUGALL, A.G.

Audit Office, Ottawa, June 30, 1894.
Sir,-I have not yet received any reply to my letter of April 28 last, in reference to the amounts due by the officials at the Kingston Penitentiary, and inquiring if there were any similar arrears in the other penitentiaries. As these arrears consisted of payments for supplies, \&c., furnished, that were made out of previous years' appropriations, any repayments that have come to account during the present fiscal year should be credited to casual revenue. They have been credited to penitentiary revenue, and an application should be made for a transfer, accompanied by a statement of the items.

The returns of the Manitoba Penitentiary do not specify the articles furnished; the department or branch from which derived, such as the farm, carpenter's shop, tailor's shop, dc., being given instead. In some returns the word "sundries" is entered instead of the items. In all cases full details should be given.

I am, sir, your obedient servant,
The Deputy Minister of Justice.

$$
\text { J. L. McDOUGALL, } A . G .
$$

Audit Office, Ottawa, October 9, 1894.
Sir,-I have had no reply to my letter of June 30 last.
The revenue accounts are now preparing for publication in the Audit Report, and the repayments by the officers of the Kingston Penitentiary for arrears, should be transferred to casual revenue.

There are also two items, one for sale of an old engine, and the other for sale of old iron, rope, dic., both of which should be transferred to casual revenue. Please send the vouchers in connection with these sales.

I have to ask your early attention to this matter.

> I am, sir, your obedient servant,

The Deputy Minister of Justice.
J. L. McDOUGALL, A.G.

Penitentiary Branct, Ottawa, October 23, 1894.
Sir,-Replying to your letter of the 9th inst. I have the honour to inclose statements of payments made by officers of the Kingston and Manitoba penitentiaries during the year 1893-4, for supplies furnished during 1892-93, amounting to $\$ 1,426.20$, in order that the amounts thereof may be transferred to casual revenue. I may mention that no similar payments were made at any of the other penitentiaries. I also inclose vouchers in connection with the sale of an old engine, scrap inon, \&c., at Kingston Penitentiary as requested.

I am, sir, your obedient servant,
The Auditor General.
E. L. NEWCOMBE, D.M.J.

## Audit Office, Ottawa, November 21, 1894.

Sir,-Referring to your letter of October 23 last, I have to inform you that the transfer from penitentiary revenue to casual revenue of $\$ 1,426.20$, asked for, was not made for the following reasons :-All the items, excepting two, making up this amount were earnings of the penitentiary, and though of a previous year, still penitentiary revenue. The two exceptions are, one made for coal and the other proceeds of the sale of an old boiler. These items should have been transferred to casual revenue, but were not, owing to the late date when the information reached me. However I have made an explanatory foot note to each in the report.

I am, sir, your obedient servant,

Audit Office, Ottawa, October 15, 1894.
Sir,-Formerly the returns of revenue from the several penitentiaries were made out to show the source from which the articles sold were derived, such as the carpenter's shop, the blacksmith's shop, the tailor's shop, the farm, \&c. The returns for 1893-94 from most of the penitentiaries are not made out in this way and I am unable to furnish a summary by services for publication.

I have to suggest that the several accountants be instructed so to make out their returns for the future, and to propare a summary of the returns of the present fiscal year that have already been furnished.

I am, sir, your obedient servant,
The Deputy Minister of Justice.
J. L. McDOUGALL, A.G.

Re Sale of Binder Twine.
Audit Office, Ottawa, August 24, 1894.
Sir,-I learn by the press that the sale of binder twine manufactured at the Kingston Penitentiary, has commenced. 'I have now to inquire what arrangements have been made to furnish this office with the necessary certified returns and vouchers to enable me to make an efficient audit of this class of revenue. The returns should show the quantity of material used, the quantity of twine produced, the quantity sold and the stock remaining on hand, besides the evidence that the prices obtained are the proper ones.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Deputy Minister of Justice.

Department of Justice, Ottawa, August 24, 1894.
Sir,-Replying to your letter of this date, inquiring what arrangements have been made to furnish your office with the necessary returns showing the quantity of twine produced at the Kingston Penitentiary, I have the honour to inform you that, as soon as the necessary books, \&c., which are being prepared, are furnished this department, you will be supplied with a monthly statement of material used in manufacturing the twine and of the quantity of twine manufactured and sold.

I am, sir, your obedient servant,
E. L. NEWCOMBE, D.M.J.

The Auditor General.

## Auditor General's Report--Part I

## Mileage not calculated by nearest Mail Route.

Audit Office, Ottawa, October 10, 1894.
Sir,-I wish to call your attention to the following cases of over-payment to Senators, on account of their mileage not having been calculated by the nearest mail route between Ottawa and their place of residence as provided for by the Act respecting the Senate and House of Commons :-

Senator Almon of Halifax, Senator McKay of Truro, Senator Primrose of Pictou and Senator Wark of Fredericton have been allowed mileage one way by the I. C. R. and the other way by the C. P. R. If mileage had been allowed both ways via the C. P. R., the nearest mail route, the payments to them would have been $\$ 8.90$ less in each case.

Senator Dever of St. John, Senator Kaulbach of Lunenburg, Senator Miller of Arichat, Senator McDonald of Little Glace Bay and Senator Poirier of Shediac have been allowed mileage both ways by the I. C. R. If mileage had been allowed via the C. P. R. the payments to them would have been lessened by $\$ 50, \$ 23, \$ 17.20, \$ 17.20$ and $\$ 17.20$ respectively.

Senator Ferguson of Marshfield, Senator Macdonald of Charlottetown and Senator Prowse of Murray Harbour have been paid both ways by the I. C. R. and by the winter mail route from Pictou. If they had been paid for coming by the winter mail route and by the C. P. R. from Truro and for returning by the summer mail route from Point du Chêne and by the C.P. R. to Moncton, they would have received $\$ 20$ less in each case.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Clerk of the Senate.
The Senate, October 12, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 10th instant on the subject of the mileage of Senators.

The subject has already been so fully discussed by us that I have only to repeat my previous statement that, in every case, the mileage paid has been computed by the nearest mail route, going and coming, as determined and certified by the Speaker, under the provisions of the Act.

I am, sir, your obedient servant,
EDOUARD J. LANGEVIN, C.S.
The Auditor General.
Audit Office, Ottawa, October 19, 1894.
Sir,-In reply to your letter of the 12 th instant let me say that the routes mentioned in my letter of the 10 th instant ara regular and continuous mail routes, according to the information given me by the Post Office Department and by the Ottawa Post Office, and as these routes are the nearest ones from Ottawa to the points mentioned they are, under the Act, the proper ones to be chosen.

The fact that a route has been certified to by the Speaker as the nearest mail one, cannot, I think, esempt it from an audit as to correctness.

I might add that with respect to some of the Senators mentioned in the letter of the 10 th instant, different routes have been chosen for two Senators from the same place ; thus Senator Almon, of Halifax, has received \$183.90, and Senator Power, of Halifax, has receivel $\$ 175.20$, the amount as calculated by the nearest mail route; Nenator Dever, of St. John, has received $\$ 173.20$ and Senator Lewin, of St. John, has received $\$ 120.20$, the amount also as calculated by the nearest mail route.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.f.

The Senate, Ottawa, October 26, 1894.
Sir,-I am in receipt of your letter of the 19 th instant in reply to mine of the 12 th. I may say that, while the Act refers in concise terms to the nearest mail route as determined and certified by the Speaker, the mileage has always been reckoned upon information given by the Post Office Department, and in no other way.

His Honour the Speaker of the Senate determined that it might be allowed by the continuous mail route through Canadian territory ; that the Canadian Pacific Railway short line, running through one or more of the United States, is not a continuous mail route through Canada, and that Senators might not therefore be compelled to travel that way to reach Ottawa. It was accordingly left to their discretion to declare either route.

The differences in the amounts paid to the Senators named in your letter who reside in the same places, are accounted for by the fact of their having varied their routes, as their several declarations indicate; Senator Almon declared mileage one way by Canadian Pacific Railway and the other by Intercolonial, and Senator Power, both ways by Canadian Pacific Railway ; Senator Dever, both ways by Intercolonial, and Senator Lewin, both ways by Canadian Pacific Railway.

I am, sir, your obedient servant, EDOUARD J. LANGEVIN, C.S.
The Auditor General.

## Audit Office, Ottawa, October 29, 1894.

Sir,-In reply to your letter of the 26 th inst. in which you say that the shortest line, the Canadian Pacific Railway runs through one or more of the United States, and hence cannot be considered the nearest mail route as contemplated by the Act, let me call your attention to 54-55 Vic., chap. 21, which states that " no such allowance shall be made for travelling outside of Canada except from one point in Canada to another by any direct route." From this you will see that special provision has been made in the Act itself for the case you mentioned.

I cannot think under the Act any Senator should be paid for his mileage over any other route than the nearest mail one either coming to Ottawa or returning from Ottawa. He can of course exercise his choice as to the route by which he is to travel, but he may be paid mileage only as calculated by the nearest mail route.

I am, sir, your obedient servant,
The Clerk of the Senate.
J. L. McDOUGALL, A.G.

The Senate, Ottawa, November 7, 1894.
Sir,-I am in receipt of your letter of the 29 th ult. The Act $54-55$ Vic., chap. 21, amending R.S.C. chap. 11, sec. 30, by adding thereto the words quoted by you, was passed, as you will doubtless remember, to prevent a member drawing mileage from his residence in another country, but permitting him to travel from one point in Canada to another by any direct route outside of Canada and be allowed mileage for such distance.

The words "any direct route," applying specially to foreign routes, should not be confounded with the term "nearest mail route." The selection by you of the Canadian Pacific Railway as the only one by which mileage can be allowed, is not sustained by the words "any direct route," in the Act.

I do not think it necessary for me to further continue this discussion of the legal merits of the question, particularly as I have before me a letter dated March 27th, 1894, from the Minister of Justice to the Honourable Mackenzie Bowell, leader of the Senate, and one from the Speaker of the Senate, who is by law given the power to decide these questions, upon the subject. Copies of these letters (by permission) marked A and B, are here attached.

## Auditor General's Report-Part I

Office of the Minister of Justice, Ottawa, March 27, 1894.
My dear Mr. Bowell,-I see no objection to the mileage of Senators being computed by the longer route (through Canadian territory) when they actually travel by that line.

Yours faithfully,
(Sgd.) JNO. S. D. THOMPSON.
The Minister of Trade and Commerce.
Speaker's Chambers, Ottawa, April 6, 1894.
My deal Sir,--Herewith I send you a letter received by the Hon. Mr. Bowell from the Minister of Justice.

I think it my duty to adhere to the opinion therein expressed, viz., that Senators' mileage may be computed through Canadian territory when they actually travel by that line.

Please give this information to hon. Senators. Yours faithfully,
The Clerk of the Senate.
(Sgd.) JOHN J. ROSS, Speaker.
Audit Office, November 14, 1894.
Sir,--In reply to your letter of the 7th inst., let me say that I cannot see any reason to change my opinion as to what, under the Act, should be considered the nearest mail route in the matter of the payment of the Senators' mileage.

The Act requires the nearest mail route. The Canadian Pacific Railway is a regular and continuous mail route over which mail is carried to and from Ottawa and the places mentioned. It is also the nearest one and, therefore, I think must be considered the proper one by which to reckon mileage.

The proviso inserted at the end of the amendment of 1891 prevents mileage being allowed from a point outside of Canada, where the person starts from such point, but it states expressly that it does not prevent mileage being allowed from one point in Canada to another point in Canada where such route is a direct one, and in this case the route is a direct one and via the Canadian Pacific Railway-a Canadian road.

I am, sir, your obedient servant,
The Clerk of the Senate.

> J. L. McDOUGALL, A.G.

Re Allowance for Mileage to Senators, \&c.
Toronto, December 10, 1894.
Sir, - I beg to acknowledge the receipt of yours of the 8th instant, asking for my opinion upon the questions raised in the correspondence between you and the Clerk of the Senate and the Accountant of the House of Commons and the Clerk of the Commons, copies of which accompanied your letter.

Section 30 of chapter 11 of the Revised Statutes of Canada, entitled "An Act respecting the Senate a nd House of Commons," as amended by 54-55 Victoria, chapter 21, is as follows:-
" 30 . There shall also be allowed to each member of the "Senate and of the House of Commons ten cents for each mile of the distance between the place of residence of such member and the place at which the session is held, reckoning such distance going and coming according to the nearest mail route, which distance shall be determined and certified by the Speaker of the Senate or House of Commons, as the case may be ; but no such allowance shall be made for travelling outside of Canada, except from one point in Canada to another by any direct route."

Section 7, subsection 3, of the Interpretation Act, which applies to all Acts of the Parliament of Canada, is as follows :-
" 3 . The law shall be considered as always speaking, and whenever any matter or thing is expressed in the present tense the same shall be applied to the circumstances
as they arise, so that effect may be given to each act and every part thereof according to its spirit, true intent and meaning."

I gather from the correspondence that His Honour, the Speaker of the Senate, determined that mileage to Senators might be allowed by the continuous mail route through Canadian territory; that the Canadian Pacific short line to New Brunswick, which runs through a part of the United States, is not a mail route within the meaning of the statute; and that it should be left to the discretion of the Senators to select either route and claim mileage allowance according to the route actually travelled by them. The result of this determination has been to give to Senators residing in the same place different sums for mileage allowan e, depending up in their selections of the route to travel. The legal question involved seems to be whether the determfuation of the Speaker in this respect is final and prevents inquiry as to what is the nearest mail route.

I am of opinion that under the words "reckoning such distance going and coming according to the nearest mail route, which distance shall be determined and certified by the Speaker," the Speaker may finally determine the distance between the place of residence of the member and Ottawa, according to the nrarest mail route, and that this nece-sarily involves a determination by him as to what is the nearest mail route. I think, however, that the statute does not contemplate a continuous mil route through Canada, and if, as a matter of fact, the nearest mail route runs partly through United States territory the Speaker should determine and certify the distance of that route, and that the distance so certified should form the hasis of the mileage allowance.

I think that the duty and authority of the Speaker are confined to determining as a matter of fact which is the nearest mail route, and to certifying the distance of the route so determined: he has nothing to do with the actual route by which the member travels.

The Speaker's determination and certitic te should, I think, be one dealing only with the distance by the nearest mail route between the place of residence and Ottawa. The statute itself then fixes the amount to which the member is entitled. The calculation is a simple one.

I have the honour to be, sir, your obedient servant,
The Auditor General.
Z. A. LASH.

## Payment of Funeral Expenses.

Audit Office, Ottawa, November 14, 1894.
SIR,-I notice that the funeral expenses at Ottawa of Senators Flint and Glasier were paid by the Senate.

As the expenditure seems rather an unusual one, kindly let me know your reasons for paying it. Has there been any precedent in the Senate or House of Commons for a payment of this nature?

I am, sir, your obedient servant,
The Clerk of the Senate.
J. L. McDOUGALL, A.G.

The Senate, November 15, 1894.
Sir,-Acknowledging receipt of your letter of the 14th inst., I may say that the funeral expenses of the late Senators Flint and Glasier were paid in pursuance of a resolution of the Senate passed on the 10th July, which will be found in the Minutes of Proceedings at page 515.

I may add that a similar course was pursued in the cases of Senators Burnham and Churchill, who died at Ottawa in 1873 and 1874 respectively.

I am, sir, your obedient servant,
EDOUARD J. LANGEVIN, C.S.
The Auditor General.

## Auditor General's Report-Part I

## Unforeseen Appropriation used to pay Charges which are foreseen.

Audit Office, Ottawa, February 22, 1894.

Sir,-I wish to call your attention to the following items of expenditure which you have made' a charge against your appropriation "To meet Unforeseen Charges, $\$ 3,125$ ":

1. The pay of Thos. Gravelle, fireman, for 215 days to Jan. 31 at $\$ 1.25$ a day.
2. An advance of $\$ 100$ to Mr. Peter Dunne to meet petty expenses.
3. Payments to Mrs. M. Dunne for washing towels for the Senate during the six months ended December 31, 1893,-84 doz. at 40 cents.
4. Payments to Holland Bros. for copying 150 folios at 5 cts. a folio.
5. Payments of $\$ 24.50$ for Directories and of $\$ 2.50$ for Supreme Court reports.

As you will see from the above that none of these items of expenditure could be called "Unforeseen" it would be well that in the Details of Estimates for the fiscal year 1894-9.5 a description should be used which would include more strictly the expenditure that is made under the vote.

The Clerk of the Senate.
I am, sir, your obedient servant,
J. L. McDoUgall, A.G.

The Senate, February 23, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 22 nd instant, referring to certain items expended under the amount estimated to provide for unforeseen charges.

In the printed Estimates, the amount estimated "To meet Unforeseen Charges" is included in the "Miscellaneous" contingent expenses of the Senate; and, as you will observe by referring to the returns of expenditure sent to you monthly, "Unforeseen Charges " are there classified under sub-headings ; for instance :-

Items 1 and 3 mentioned in your letter are classified under "Labour and Sundries;" items 2 and 4 and the item $\$ 2.50$ in No. 5, under "Sundry Accounts;" item 5, $\$ 24.50$, under "Books."

It seens to me that the word "miscellaneous" sufficiently indicates the nature of the expenditure estimated.

> I am, sir, your obedient servant,
> EDOUARD J. LANGEVIN, C.S.

## Audit Office, Ottawa, February 26, 1894.

Sir,--I will endeavour to point out more clearly my reasons for asking that a change be made in your description of the expenditure which at present is placed against the appropriation "To meet Unforeseen Charges."

In the printed Estimates submitted to Parliament under the heading "Miscellaneous" there are several sub-heads : "Stationery, $\$ 5,988$;" "Senate Debates, $\$ 8,000$;" "Sundry Tradesmen's Accounts, $\$ 3,225$;""Newspapers, $\$ 1,800 ; " 4$ other sub-heads for specitic purposes, and one, the last, "To meet Unforeseen Charges, $\$ 3,125$." Against this one certain expenditure is made which as I showed in my letter of the 21st inst. is not in its nature " unforeseen," but is regular expenditure coming up year after year, and thus the wording in the estimates does not at all cover the items of expenditure which come under it.

I would again ask, therefore, that a more appropriate description of this expenditure be made.

I am, sir, your obedient servant,
The Clerk of the Senate.

> J. L. McDOUGALL, A.G.

The Senate, March 3, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 26 th ultimo with reference to expenditure under the heading "To meet Unforeseen Charges."

I take this opportunity of remarking that there has always been one appropriation only for the salaries and contingent expenses of the Senate; the sub-heads you inention being put in for convenience only, and being by no means separate appropriations.

It is too late now to change, in the sub-head particularly referred to, the description of the expenditure estimated for the year 1894.95 , as requested by you ; I think, however, that hereafter the word "other" might be substituted for "unforeseen," making it then read "To meet other charges."

I am, sir, your obedient servant,
The Auditor General.
EDOUARD J. LANGEVIN, C.S.

## Purchase of certain articles supposed to be for the use of Senators only, in greater numbers than the number of the Senators.

Addit Office, Ottawa, February 21, 1894.

Sir,--In looking over the accounts of stationery purchased for the Senate, I notice with respect to those articles which would seem specially intended for the Senators themselves, that the number purchased is about 10 in excess of the number of Senators present during the session.

Thus for the session of 1893 , there were 74 Senators in attendance, and there were purchased 85 card cases, 88 diaries, 84 silver pencils, 85 purses and 83 writing cases. For the present session when there will probably be a similar number present, there have been purchased 84 card cases, 84 pocket diaries and 84 diary cases, 84 silver pencils, 84 foolncap portfolio:, 84 letter cases, 84 letter balances, 84 ivory envelope openers and 84 stals.

I would like some explanation of the necessity of purchasing this extra number of articles of stationery.

I am, sir, your obedient servant,
The Clerk of the Senate.

$$
\text { J. L. McDOUGALL, } A . G \text {. }
$$

The Senate, February 22, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 21 st instant, asking explanation as to the purchase of certain articles of stationery.

In reply thereto I may say that the stationery is purchased by authority of the Senate, on a report of the Committee on Contingent Accounts, t , whom a Sub-Committee on Stationery have previously reported recommending the said purchase.

For your further information I may refer to the second report of the committee of last session, presented 27 th March, and adopted by the Senate the following day (vide Senate Journals, 1893, pp. 158, para. 2, and 170.

I am, sir, your obedient servant,
The Auditor General. EDOUARD J. LANGEVIN, C.S.

# Limitation of Supplies which may be purchased for the Restaurant. 

Audit Office, Ottawa, August 23, 1894.
Sir,--I notice that a discount of 5 per cent is allowed on one of two beds purchased by the Senate, and not on the other, and that the certificate of the Clerk of the Senate is not attached to either of the inclosed vouchers in support of these purchases.

Please explain the use, in comnection with the restaurant, of these two spring beds and of the iron bed and other articles of bedding mentioned in the accounts.

I am, sir, your obedient servant,

## Auditor General's Report—Part I

The Senate, August 31, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 23 rd instant
No discount is exacted unless the amount exceeds $\$ 5$, the order of the Senate being so worded.

The articles mentioned by you were purchased for the use of attendants who sleep in the building.

I am, sir, your obedient servant,
The Auditor General.
EDOUARD J. LANGEVIN, C.S.
Audit Office, Ottawa, September 4, 1894.
Sik,-In reply to your letter of the 31st, ult., let me say that I would like to know what are considered to be the limitations to the supplies which may be purchased for the restaurant? Has any committee of the Senate made regulations on this subject?

I am, sir, your obedient servant,
The Clerk of the Senate.

$$
\text { J. L. McDOUGALL, } A . G .
$$

The Senate, September 10, 1894.
Sir,-Acknowledging the receipt of your letter of the 4th instant, I may say that a committee is appointed every session, to assist His Hunour the Speaker in the management of the resturant ; all matters relating thereto are referred to them, purchases made by their order and accounts therefor certified by the chairman before being presented to me for payment.

I cannot say what limitation may have been made, by the Senate, to its powers.
I am, sir, your obedient servant,
The Auditor General.
EDOUARD J. LANGEVIN, C.S.

## Mileage not calculated by Nearest Mail Route.

Audit Office, Ottawa, October 10, 1894.
Sir,-I wish to call your attention to the following cases of over-payments to members, on account of their mileage not having been calculated by the nearest mail route between Ottawa and their places of residence as provided for by the Act respecting the Senate and House of Commons :-
L. H. Davies of Charlottetown, A. C. Macdonald of Montague Bridge, J. McLean of Souris East, S. F. Perry of Tignish, W. Welsh of Charlottetown and J. Yeo of Port Hill have been paid via the I.C.K. both for the winter and summer routes. If payment had been made in each case via the C.P.R. as far as Truro for the winter route and via the C.P.R. as far as Moncton for the summer route, the payment to each would have been $\$ 17.20$ less than was paid.

I am, sir, your obedient servant,
The Clerk of the Commons.
J. L. McDOUGALL, $A . G$.
(Note by Auditor General : See letter from Mr. Lash on page I-25.)

## Purchase of Knives.

Audit Office, Ottawa, June 29, 1894.
Sir,-I notice on looking over the stationery accounts that there have been purchased for the House of Commons, 588 pearl knives, 19 sample pocket knives and 48 buckhorn knives.

As the number purchased is unusually large will you kindly furnish some explanation with regard to it.

The Clerk of the Commons.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

## Arrears of Revenue.

House of Commons, Ottawha, October 8, 1894.
Sir,-In answer to your letter of the 3rd instant, asking for a statement of all arrears due this department on 30th June last, I beg to state that there are no arrears due to the House of Commons.

I have the honour to be, sir, your obedient servant,
J. G. BOURINOT.

The Auditor General.

## Rc Advertising.

Audit Office, October 5, 1894.
Sir,-The following payments were made in 1893-94 for advertising, viz. :-

| In Official of Gazette | Special Rules, Commons. | Joint Rules Senate \& Comm |
| :---: | :---: | :---: |
| British Columbia | \$ 1300 | \$ 575 |
| Manitoba | 18600 | 12600 |
| New Brunswick. | 3900 | 1950 |
| North-west Territories. | 4015 | 1678 |
| Nova Scotia | 2700 | 1013 |
| Ontario | 3620 | 1710 |
| Prince Edward Island | 3430 | 1470 |
| Quebec. | 10110 | 3903 |

## Auditor General's Report-Part I

The clippings from the Gazette which should be furnished, are not. Without them it is not possible to know whether the Rules published are the same in each case. If they are, the great difference of the prices charged requires some explanation. In every case except Manitoba, the Commons' share of the charges for advertising joint Rules is from about 40 to 50 per cent of the charges for advertising Special Rules of Commons; but in the case of Manitoba it is nearly 68 per cent. When I previously called your attention to these charges, you justified their payment on the ground that they had been certified by the Queen's Printer. He, when applied to, stated that he did not give the order and had no opportunity of limiting it.

I have again to invite your attention to this matter.
I have the honour to be, sir, your obedient servant,
J. L. McDOUGALL, A.G

The Clerk of the Commons.

Ottawa, 18th October, 1894.
Sir,-With respect to the letter the Auditor addressed you on the 5th instant, drawing attention to the price charged for advertising the Private Bills Rules in the Official Gazettes of the several provinces; I would state for your information that similar objections were made by the Auditor in a letter dated June 11, 1890, and were fully answered in a letter from me (which I wrote under your direction) dated June 30, 1890 ; which letters together with correspondence on the same subject which passed between the Auditor General and the Queen's Printer will be found set out in full in the Auditor's Report for the year ended 30th June, 1890.

There is nothing further to be added on the subject, except perhaps to say that these Rules are published by order of the House in the Official Gazettes and the advertised rates only are paid those papers, and then only after the accounts have been certified by the Queen's Printer.

I am, sir, your obedient servant,

E. P. HARTNEY,<br>Examiner, Privato Bills.

The Clerk of the Commons.

Audit Office, Ottawa, November 14, 1894.
Sir,-In reply to Mr. Hartney's letter in reference to advertising the Private Bills Rules in the Provincial Gazettes, I may say that I did call attention to these charges in 1890, and again in 1891. As the same condition still exists, I have deemed it my duty to again refer to them.

Mr. Hartney states that my objections were fully answered. The justification then given was that these accounts were certified by the Queen's Printer. He, when applied to, stated that he did not give the order and had, therefore, no opportunity of limiting it. You do not state that you have since had any correspondence with the publisher of the Manitoba Gazette, calling his attention to the large charge made by him as compared with the charge for publication of the same Rules in the Quebec Gazette, in which they were also published in two languages. If you do not purpose doing so, would it not be advisable to give these advertisements to the Queen's Printer and let him arrange with the publishers as to rates?

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Clerk of the Commons.

House of Commons, Ottawa, November 17, 1894.
Sir,_-Your letter of the 14th instant on the subject of advertising Private Bills Rules in the Provincial Gazettes is to hand.

In reply thereto, I may say that every precaution is being taken to keep the charges down: the advertisements have been carefully condensed so as to limit the expenditure.

There is no doubt but that the charges of the Manitoba Gazette are excessive, but they are figured on their advertised rates, and when last written to for a reduction they quoted their rates and declined to recede therefrom. The order of Parliament is that these advertisements shall appear in the Provincial Gazettes, so that I must carry out that order.

I will be pleased once more to communicate with the publisher of the Manitoba Gazette on the subject of his charges, and endeavour to arrange for lower rates.

I am, sir, your obedient servant, J. G. BOURINOT.

The Auditor General.

## Arrears of Revenue.

Senate, Ottawa, October 6, 1894.
Sir,-Acknowledging receipt of your letter of the 3rd instant, I may say that all . arrears due to the Senate on the 30 th June last have been satisfied.

I have the honour to be, sir, your obedient servant,

> EDOUARD J. LANGEVIN, C.S.

The Auditor General. -

## Re Advertising.

Audit Office, Ottawa, October 5, 1894.
Sir,-As I understand the orders for advertising the joint Rules of the Senate and Commons in the Provincial Gazettes are given by your department, I now inclose a copy of a letter I have written to the Clerk of the Commons in reference to these and other advertising accounts.

I have the honour to be, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

The Clerk of the Senate.
Senate, Ottawa, October 8, 1894.
Sir,-I am in receipt of your letter of the 5th instant, inclosing a copy of your letter of that date addressed to the Clerk of the House of Commons, on the subject of publishing the rules relating to Private Bills in Provincial Gazettes.

I may say, for your information, that these publications are ordered by me under the 48th Rule of the Senate, and that the same form is used in each; in Quebec and Manitoba they are printed in both languages.

The accounts therefor are sent by me to the Queen's Printer to be certified, under R.S.C. Chap. 27, sec. 3, a clipping from the Gazette being attached thereto in each case. Differences in cost may be due to different forms of type used, or to the rates of advertising ; the Queen's Printer is doubtless possessed of that knowledge.

I may add that the Senate has had its attention directed to this matter some years since, and that every precaution, consistently with the requirements of the public service, has been taken, to keep the expense within a reasonable limit.

I have the honour to be, sir, your obedient servant, EDOUARD J. LANGEVIN, C.S.

# Appointment of Alfred Thériault not made by Order in Council. 

Audit Office, Ottawa, April 11, 1894.

Sir,-I beg to inform you that I have not received the authority of the Governor in Council for the appointment of Alfred Thériault as lampfitter and machinist in connection with the lights above Montreal.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Marine and Fisheries, Ottawa, April 13, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the llth instant, stating that you had not received the Order in Council appointing Alfred Thériault as lampfitter and machinist in connection with the lights above Montreal, and in reply beg to inform you that Mr. Thériault has not been appointed by Order in Council, but has been employed as a mechanic on the understanding that if his services are not suitable, or if the department has no further need for work in his line, he may be discharged at a week's notice.

> I am, sir, your obedient servant,

The Auditor General.
WM. SMITH, D.M.M. \& F.
Aud.t Office, Ottawa, April 18, 1894.
Sir,-I beg to acknowledge the receipt of your letter of the 13th instant, in which you state that the authority of the Governor in Council was not obtained for the appointment of Alfred Thériault, to which I called your attention on the 11 th instant, because he was employed as a mechanic on the understanding that if his services were not suitable, or if the department had no further work in his line he might be discharged at a week's notice. It seems to me, that notwithstanding the temporary character of his employment, as indicated by your letter, the appointment properly belonged to the Governor in Council under section 5 of Chapter 70, R.S.C. This section provides as follows: "The Governor in Council may appoint superintendents, keepers, and such other officers as are necessary for the purposes of this Act, and the Minister of Marine and Fisheries may make contracts for supplies, or purchase supplies for the use of lighthouses, beacons, lightships, floating and other lights, lanterns and signals, and generally may do all such things as are necessary for carrying this Act into effect."

Herein you will notice that though the Minister has been empowered generally to do all such things as may be necessary for the carrying of this Act into effect, yet the power so conferred cannot include the appointment of officers, that duty having been specifically assigned to the Governor in Council.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, $A . g$.

Marine and Fisheries, Ottawa, April 24, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 18th instant, in further reference to the employment of Mr. Thériault, and stating that you are still of opinion that his appointment should be made by Order in Council, under section 5 , Chapter 70, Revised Statutes. In reply, I beg to inform you again that Mr. Thériault is employed temporarily as a mechanic to repair lamps in the workshop of this department, at Ottawa, and has no permanent appointment, and if hedoes not suit, his services can be dispensed with at any time. I do not consider that a mechanic of this kind can be considered an officer of this department, and I also think that the Minister of Marine

## Auditor General's Report-Part J

and Fisheries has power to employ mechanics, labourers and workmen wherever they are wanted throughout the Dominion without requiring an Order in Council to do so. As you are doubtless aware, we have a great many persons of this class in the service of this department who have been engaged by the authority of the Minister without an Order in Council and who are employed and paid off as deemed necessary.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M.M. \& F.
P.S.-As you have persisted in your objection, I will obtain the opinion of the Minister of Justice in the matter.-W. S.

## Audit Office, Ottawa, April 30, 1894.

Sir,-With reference to your letter of the 24th instant, regarding the appointment of Mr. Thériault, I desire to bring to your notice an Order in Council of February 6, 1893, which will be found at $\mathrm{A}-10$ of the Report of this office and which is in these words:-
"That in the case of all persons who are paid out of any vote and who are employed at the seat of Government of Canada, the authority of an Order in Council be obtained for such employment beyond the first month's service, it being understood, however, that this regulation does not apply to printers, labourers, charwomen or persons engaged in works of a like character."

Now it seems to me that apart from the statutory directions quoted in my letter of the 18 th instant, the appointment of a person of such duties as Mr. Thériault, who receives an annual salary payable monthly, is subject to the provisions of this Order in Council. In conversation you mentioned an objection to this regulation which, I think, does not exist, that is that when an Order in Council is passed you are not as free as without it to discharge the employé whenever you wish. I interpret the Order in Council as confining your power to employ, to the persons whom the Governor in Council may authorize, but not as compelling the department to retain the services of those whose employment may be authorized.

The Minister of Marine and Fisheries will probably recollect the reason for passing the Order in Council. It appears to have been purely for the purpose of restraining departments which were not as careful in keeping down the number of men employed as they should have been. Under my interpretation of the Order in Council, the evil which it was intended to cure does not exist in your department; but I presume that it was difficult to single out the erring departments, while it was felt that the application to all would not take away the power necessary to manage efficiently any department.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Marine and Fisheries, Ottawa, May 4, 1894.
Sir,-I beg to acknowledge receipt of your letter of the 30th ultimo, in further reference to the appointment of Mr . Thériault and bringing to my notice an Order in Council of the 6 th of February, 1893, which requires, that in certain cases of persons employed at the seat of Government, the authority of an Order in Council be obtained for such employment.

In examining the terms of the Order in Council, I am unable to coincide in the opinion expressed, that Mr. Thériault's appointment requires the authority of an Order in Council, as I consider that he is included in the class exempted, viz., printers, labourers, charwomen or persons engaged in works of a like character.

I am, sir, your obedient servant,
The Auditor General.

Audit Office, Ottawa, May 10, 1894.
SIr,-I have the honour to acknowledge the receipt of your letter of the 4 th inst., with further reference to the appointment of Alfred Thériault, employed in connection with the lights above Montreal at a salary of $\$ 500$ per annum, and beg to point out, in view of the fact that you question my ruling as to the authority competent to make such appointment and in order to secure a final settlement of the case. that the department should now obtain the decision of the Treasury Board on the disputed point. In the meantime I shall be obliged to regard any payments made to Mr. Thériault as salary in his present position as illegal.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, A.G.

Marine and Fisheries, Ottawa, May 16, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 10th instant, in further reference to the appointment of Alfred Theriault, and in reply I beg to inform you that on consulting the Department of Justice, I am advised that the Minister of Justice is of opinion the Minister of Marine and Fisheries has the power to appoint such an employé under Clause 3 of the Act relating to the Department of Marine and Fisheries (Acts of 1882, Chapter 17).

I am, sir, jour most obedient servant,
The Auditor General. WM. SMITH, D.M.M. \& F.

# Collision between "Lansdowne" and schooner "Jefferson." 

## Audit Office, Ottawa, April 24, 1894.

Sir,-I beg to request that you will cause to be sent me the particulars in connection with the collision between the steamer "Lansdowne" and the schooner "Jefferson" upon which the defartment allowed Scammell Bros. $\$ 150$ for the damages caused by the steamer on the occasion in question. It seems to me I should be informed on what evidence or authority the department decided that the Government was responsible to the owners of the schooner, and also in what manner it was determined that the amount paid was a fair and just recompense for the damages done.

> I am, sir, your obedient seryant,

The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

## Marine and Fisheries, Otrawa, April 30, 1894.

Sir,-I have the honour to acknowledge receipt of your letter of the 24 th instant, asking for particulars in connection with the collision between the steamer "Lansdowne" and the schooner "Jefferson," $u_{1}$ on which the department allowed $\$ 150$ for damages.

In reply I beg to send herewith the papers in the case but I may remark in reference to this payment that the matter is one of administration for which the department is responsible.

I am, sir, your obedient servant,

## Auditor General's Report-Part J

Audit Office, Ottawa, May 5, 1894.
Sir,-In returning herewith the papers sent me in connection with the award of $\$ 150$ made by the department to Scammell Bros. for damages to their schooner "Jefferson" as a result of a collision with the Government steamer "Lansdowne," I beg to call your attention to the absence therefrom of any certificate or estimate of the cash value of the damages suffered by the schooner on the occasion in question.

The certificate given by Mr. Harding on the face of the account rendered by Scammell Bros. is not sufficiently explicit for the purpose. Mr. Harding states that "the above goods were received by me and the prices charged are according to contract." It is, I think, the practice to obtain the authority of the Governor in Council for payments of this kind.

> I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Marine and Fisheries, Ottawa, May 12, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 5th instant, in regard to the award of $\$ 150$ made by this department to Scammell Bros., for damages done to their schooner "Jefferson" as a result of a collision with the steamer "Lansdowne," and in reply I have to inform you that the attention of the agent of this department at St . John, has been called to the form of certificate required.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M. M. \& F.

Marine and Fisheries, Ottawa, May 22, 1894.
Sir,-Referring to your letter of the 5th instant. in regard to the claim for damages done to the "Jefferson" by collision with the "Lansdowne," I have the honour to inclose herewith copy of an estimate of the cost of repairs to the schooner "Jefferson" signed lyy the agent of this department at St. John, N.B.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M. M. \& F.

## Noonan \& Davies-Agents for Acadia and Albion Coal Companies.

## Audit Office, Otrawa, April 24, 1894.

Sir,-I beg to call your attention to vouchers 1760 and 3288 , amounting to $\$ 666.91$, for coal supplied the steamer "Lansdowne" by Noonan \& Davies who, in addition to being the agents of the Marine Department at Pictou, are agents also for the Acadia and Albion Coal Companies. In regard to the connection of these gentlemen with the Companies in question, I desire to bring to your notice my letter of November 17th last, printed in the Audit Report of last year at page C-490, with reference to the propriety of their certifying to the receipt of the coal, the fairness of the price, or the estimate of the quantity that might be required, when practically it was obtained from themselves, or if not, they had, judging from their position as agents, a financial interest in the quantity purchased.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Marine and Fisheries.

Audit Office, Ottawa, December 10, 1894.
Sir,-I find that Noonan \& Davies refunded during the fiscal year 1893-94 the sum of $\$ 55.60$ to the credit of the steamer "Lansdowne," being an amount received by them as commission on coal purchased during August and September, 1893.

Please let me know the numbers of the cheques issued in favour of Noonan \& Davies in payment of the coal on which the commission in question was charged.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

Sir,-In reply to your letter of the 10 th instant, relating to a refund of $\$ 55.60$ by Messrs. Noonan \& Davies to the credit of the "Lansdowne" for coal purchased from the Acadia Coal Company in August and September, 1893, and requesting the numbers of the cheques issued in payment of the coal, I have to inform you that the numbers are respectively 1760 and 3288 . The amounts were $\$ 284.18$ and $\$ 382.73$.

The Auditor General.

> I am, sir, your obedient servant, JOHN HARDIE, Actg. D.M.M. \&F.

## Audit Office, Ottawa, January 3, 1895.

Sir,-I have the honour to acknowledge the receipt of your letter of the 19 th ultimo stating that 1760 and 3288 are the numbers of the cheques issued in favour of Noonan \& Davies, the amounts of which included the commission - $\$ 55.60$ _refunded to the credit of the steamer "Lansdowne" during the fiscal year 1893-94.

The commission on account of which the $\$ 55.60$ is a refund apparently was paid to Messrs. Noonan \& Davies by the Coal Companies and not by the Government. Was this the full amount paid by the Coal Companies on these transactions? If it was not, what was the full amount and how was the amount which should be refunded determined?

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

Marine and Fisheries, Ottawa, Jan. 5, 1895.
Sir,-I have to acknowledge the receipt of your letter of the 3rd instant, with further reference to the refund of $\$ 55.60$ by Messrs. Noonan \& Davies in connection with coal purchased for the "Lansdowne," in August and September, 1893.

In reply to your question as to the manner in which the amount which should be refunded was determined, I have to inform you that tenders were invited from coal companies for supplying Dominion steamers and the Acadia Coal Company offered their coal at $\$ 2.50$ per ton. When the question of the cost of coal supplied the "Lansdowne" at Pictou in August and September, 1893, was being considered, it was found that the account furnished by Messrs. Noonan \& Davies for Acadia coal did not agree with the tender. The Acadia Coal Co. was asked to explain and the Manager replied that Messrs. Noonan \& Davies were supplied the coal for the "Lansdowne," which only occasionally coals at Pictou on continuous account, as they are large dealers with the Company. Messrs. Noonan \& Davies had furnished the first account at $\$ 2.70$ per ton for Acadia and $\$ 2.25$ for Albion Mine coal, which had been paid them. The depart-

## Auditor General's Report-Part J

ment demanded a return of 20 cents per ton, in order that no more than the tender price should be paid for the coal.

> I am, sir, your obedient servant,
> JOHN HARDIE, Actg. D.M.M. \&F.

Audit Office, Ottawa, January 9, 1895.

Sir,--With reference to your explanation of the refund made by Noonan \& Davies in connection with coal purchased from the Acadia, and Albion Coal Companies for the steamer "Lansdowne," I beg to point out that coal at $\$ 2.70$ per ton was also obtained during the fiscal year 1893-94 for the steamers "Stanley" and "Acadia." Has any refund been made on these transactions?

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

Audit Office, Ottawa, January 10, 1895.
Sir,-In further connection with the refund of $\$ 55.60$ made by Noonan \& Davies on coal supplied the steamer "Lansdowne," I beg to bring to your notice vouchers 1805 and $4 \check{5} 06$ of the fiscal year 1893-94. You will notice that the price paid for the coal supplied the steamer "La Canadienne"was, according to those vouchers, $\$ 2.70$ per ton, the same as that on which a refund was made in the case of the "Lansdowne."

I am, sir, your obedient servant,

$$
\text { J. L. McDOUGALL, } A . G .
$$

The Acting Deputy Minister Marine and Fisheries.

## Marine and Fisheries, Ottawa, Febuary 12, 1895.

$S_{\text {IR,-In }}$ reply to your letter of the 10th ultimo referring to vouchers 1805 and 4506 of the fiscal year 1893-94 relating to coal supplied the steamer "La Canadienne" at Pictou at $\$ 2.70$ per ton and inquiring whether a refund was made as in the case of the "Lansdowne," I have to inform you that Messrs. Noonan and Davies were requested in June last to report on all coal purchased by them in 1893.

They replied by refunding $\$ 55.60$ for coal supplied the "Lansdowne" which should have been purchased at $\$ 2.50$ per ton instead of $\$ 2.70$ the price charged the department. Messrs. Noonan and Davies requested further time to look into the matter of supplying other steamers. The question was again brought to their attention.

For your information I have to state that the tender in 1893 received from the Acadia Coal Company was $\$ 2.50$ f. o. b. delivered at the Company's wharf.

The "Lansdowne" and "La Canadienne" loaded at the Company's wharf and therefore the department was entitled to coal at $\$ 2.50$ per ton of $2,240 \mathrm{lbs}$. As already stated Messrs. Noonan and Davies refunded $\$ 55.60$ for coal supplied the "Lansdowne" and have now refunded $\$ 55.20$ for coal supplied the "La Canadienne."

With reference to your letter of the 9th ultimo inquiring whether any refund has been made for coal supplied the steamers "Stanley" and "Acadia" in 1893-94, I have to inform you that the circumstances were entirly different in the case of these two steamers. Neither the "Stanley" nor " Acadia" could go to the Company's wharf but the coal was delivered via the Intercolonial Railway at Pictou Landing. It was then put on board by baskets carried by men and trimmed in the bunkers. The cost of the coal being $\$ 2.70$ for Acadia coal and $\$ 2.25$ for Albion mine coal and the cost of putting on board and trimming being 58 cents per ton. This you will find agrees with the accounts.

In the case of the "Stanley" the labour was added to the cost per ton but in the case of "Acadia" the labour was charged separately. The department is therefore not aware of any reason why a refund should be demanded as suggested in your letter of the 9 th instant for coal supplied the Acadia and Stanley.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Actg.D.M.M. \& F.

## Audit Office, Ottawa, February 25, 1895.

Sir,--In connection with that portion of your letter of the 12 th instant having reference to the coal supplied the steamers "Stanley" and "Acadia" at Pictou, I beg to point out that the labour in coaling the ships was paid for by the Government. In the case of the "Stanley" the amounts paid to Noonan \& Davies were calculated at the rate of $\$ 3.28$ per ton for Acadia coal and $\$ 2.83$ for Albion coal, these amounts as you say including 58 cents per ton to cover cost of coaling. As regards the "Acadia" I find that in addition to $\$ 2.70$ per ton for $140 \frac{3}{4}$ tons of coal purchased in July, 1893, the sum of $\$ 20$ was allowed for "labour putting on board." A further sum of $\$ 42.22$ was paid through Commander Spain by cheque 1646 for similar work in connection apparently with the same supply of coal.

In view of these facts it seems to me it should be shown in what respects Messrs. Noonan \& Davies were under any greater expense in supplying coal to the "Acadia" and "Stanley" than to the other steamers.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Acting Deputy Minister of Marine and Fisheries.

Marine and Fisheries, Dept., Ottawa, February 26, 1895.
Sir, - In reply to your letter of the 25th instant relating to the sum of $\$ 20$ and $\$ 42.22$ paid for labour in coaling the "Acadia" at Pictou in 1893, I have to inform you that Commander Spain employed men for placing the coal on board during the day and his bill amounting to $\$ 42.22$ is for that work. The urgency of the Fishery Protection Service required that the "Acadia" should coal and proceed to sea with all speed and men were employed by Messrs. Noonan \& Davies to work at night in order to complete coaling and the item of $\$ 20$ which appears in their account No. 224 is for this work.

With regard to the last paragraph of your letter in which you state that "it should be shown in what respects Messrs. Noonan \& Davies were under any greater expense in supplying coal to the "Acadia" and "Stanley" than the other steamers," I have to refer you to my letter of 12 th instant which reads as follows: "Neither the "Stanley" nor the "Acadia" could go to the wharf of the Company but the coal was delivered via the Intercolonial Railway at Pictou Landing."

The tender of the Acadia Coal Company was to deliver the coal at their wharf and not at Pictou Landing.

The railway freight is of course greater to the Landing and the Company charged $\$ 2.70$ and not $\$ 2.50$ for coal delivered to the "Acadia" and "Stanley."

The department knowing that it is more expensive to deliver coal at Pictou Landing than at the wharf of the Acadia Coal Company had no reason to expect that the coal would be $\$ 2.50$ per ton as if delivered at the wharf of the Company as the case of the "Lansdowne" and "La Canadienne."

> I am, sir, your obedient servant,

## Auditor General's Report-Part J

## Labour Pay-Lists not properly certified.

Audit Office, Ottawa, April 24, 1894.

Sir,--I beg to bring to your notice the account rendered by D. McLachlan-voucher 495-for repairs to the steamer "Lansdowne," amounting to $\$ 1,164.61$, of which the sum of $\$ 837.25$ is for labour payments made presumably to different persons. There are no vouchers in support of this amount, nor are the names of the persons to whom payments were made given, but at the end of the account Mr. Harding, Marine Agent at St. John, certifies that "the above was duly authorized and received by me and that the prices charged are fair and just." Now, as pointed out in previous correspondence relative to similar accounts, it seems to me that a certificate of this nature attached to an account wholly or partly composed of labour disbursements does not meet the requirements of Section 33 of the Audit Act. I presume from the fact of Mr. McLachlan making charge for a certain number of days' labour at rates varying from $\$ 4$ to $\$ 1$ per diem, that there is some officer under your control in a position to certify of his own knowledge to the accuracy of the number of days for which charge is made, the due performance of the work and the fairness of the price, and if so, I beg to point out that in my opinion it would be more in accordance with the section of the Audit Act to which I have referred if the officer in question would certify as follows:-"I certify that the number of days charged for on this account represents days on which work was actually performed, that the materials mentioned hereon were received by me for the purpose stated, and that the charges are in all cases fair and just."

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, April 26, 1894.
Sir,-In connection with my letter of the 24 th instant, calling your attention to the insufficiency of the certificate given on an account rendered by D. McLachlan for repairs to the steamer "Lansdowne," I beg to bring to your notice accounts rendered by Waring, White \& Co., R. J. Wilkins, and John Woodley-vouchers 494, 287 and 281, and to point out that in my opinion these accounts should be certified in the form suggested in my letter for the account rendered by D. McLachlan.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

## Marine and Fisheries, Ottawa, May 5, 1894.

SIR,-I have the honour to acknowledge receipt of your letter of the 24 th ultimo, in reference to the account for repairs to the steamer "Lansdowne," rendered by D. McLachlan, and beg to inform you that I have called the attention of our agent at St. John to the certificate which you require in future.

I have also called his attention to the account of Waring, White \& Co., R. J. Wilkins, and John Woodley, referred to in your letter of the 20th ultimo.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M.M. \& F.

## New Steamer-_" Aberdeen."

Audit Office, Ottawa, March 17, 1894.
Sir,-I beg to acknowledge the receipt of your application of the 16 th instant for the issue of a sterling bill of $£ 4,450$ in favour of Messrs. Fleming \& Ferguson, being the fourth part of their contract price for a new steamer now being built at Paisley,

Scotland, for the Canadian Government. In connection with this application, I beg to call your attention to the amount provided in the Supply Bill of the current fiscal year - $\$ 50,000$-for a new steamer, and to request an explanation of the department's action in entering into a contract for the work in question involving a much larger expenditure than the sum authorized by Parliament. The contract with Fleming \& Ferguson should be sent me.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Sir,-I have the honour to acknowledge receipt of your letter of the 17 th instant, in reference to the contract entered into with Messrs. Fleming \& Ferguson for the construction of a new steamer, and requesting an explanation of the department's action in entering into a contract for the work in question involving a much larger expenditure than the sum authorized by Parliament, and in reply I am to inform you that the amount placed in the Estimates and voted by Parliament was a progress estimate, considered sufficient for expenditures during the current fiscal year, and it is proposed to obtain an additional sum during the present session to complete the construction of the vessel.

I inclose contract herewith, which please return after perusal.

> I am, sir, your obedient servant,

The Auditor General.
WM. SMITH, D.M.M. \& $F$.
Audit Office, Ottawa, March 28, 1894.
Sir,-I beg to return herewith papers sent me in connection with your application for the issue of a sterling bill for $£ 4,450$ in favour of Fleming \& Ferguson, with the exception of the inspecting engineer's certificate which I have retained as a voucher.

As to the amount of the contract being in excess of the sum voted by Parliament, I called your attention to this point under the impression that the amount in the Supply Bill- $\$ 50,000$-was the entire cost of the work in question as authorized by Parliament. An explanation of the expected cost of the vessel should have been appended to the estimate. I have, however, passed your application in view of your explanation that this amount was only a progress estimate and that Parliament will be asked for a sum sufficient to meet the balance of the contract.

In connection with the certificate given by Mr. MacNicoll, I beg to point out that it contains no evidence that the work, to the performance of which he certifies, had been carried out in strict accordance with the terms of the specification. It is, I think, necessary that the certificates in regard to future instalments should be made to cover this point.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, $A . G$.

SIr,-I beg to return herewith the papers sent me with your application of the 27 th inst. for the issue of a cheque covering the balance due on the third instalment of the contract price of the new steamer "Aberdeen" now in course of construction.

As no doubt you will make application at an early date for the final payment to the contractors, I beg to inclose for your information a copy of a certificate furnished the Imperial Government in regard to somewhat similar work before final payment was made. You will notice this certificate goes much more into the details of the work performed than any that the Government of Canada usually obtains, and it seems to me it

## Auditor General's Report-Part J

would be an improvement to adopt one similarly precise in regard to large works under contract, such for example as the steamer now being built.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries Dept.
(Copy.)
I certify-

1. That the engines have been properly fitted up and set to work on board the said vessel.
2. That the engines have been properly tried under the charge of the contractors under steam at full power for the time specified, to the entire satisfaction of the officers appointed for that purpose.
3. That all the articles required to be furnished in pursuance of the contract for the engines have been supplied and left on board the said vessel.
4. That the weight of the engines and appurtenances has been ascertained, and that it is within the limit allowed by contract.
5. That contractors are now entitled to the payment of the balance outstanding on the contract after the necessary deductions, if any, have been made therefrom for material and labour supplied by the Crown.

Inspecting Officer.

Marine and Fisheries, Ottaiwa, July 30, i 894.
Sir,-In reply to your letter of to-day's date, inclosing a copy of a certificate furnished the Imperial Government in regard to somewhat similar work as the construction of the steamer "Aberdeen." now being built at Paisley, Scotland, for the information of this department in which you state that the form goes much more into the details of the work performed than any that the Government of Canada usually obtains and suggest that one similarly precise should be obtained from the inspector when the "Aberdeen" is completed, I have to inform you that the Department of Marine does not consider the form inclosed by you sufficiently precise for all that will be required in connection with the construction of the "Aberdeen."

There is no mention made whatever of the speed to be attained at the trial trip. There is no reference whatever to Lloyd's certificate; and it will be necessary for the inspector employed by the department to be far more explicit as to the kind of engine and its appurtenances and all the latest improvements that have been required by this department from the contractors. The certificate that has been required up to the present is merely one to show that progress has been made in accordance with the requirements of the contract and that each instalment has been earned.

The final certificate will be far more complete and detailed than any that have been required from the inspector up to the present time.

I am, sir, your obedient servant,
The Auditor General. JOHN HARDIE, Actg.D.M.M. \& F.

## Legal Expenses paid from Statutory Vote for Fishing Bounty.

Audit Office, Ottawa, September 7, 1894.
Sir,-I beg to return herewith your application of the 4th instant to repay the Bank of Montreal $\$ 6,713.82$, amount of Fishing Bounty cheques lately issued, as, in my opinion, the payment of $\$ 560.44$ for legal services made to Harris, Henry \& Cahan by cheque 26700 is not properly chargeable on the statutory vote for Fishing Bounty.

The statement of cheques accompanying the application does not indicate the dates of issue, and I should be glad if you will inform me if all were issued within the prescribed time for the payment of last year's liabilities-viz.: not later than August 21, 1894.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, a.G.
Marine and Fisheries, Ottawa, September 11, 1894.
Sir,-In reply to your letter of 7 th instant, returning my application to repay the Bank of Montreal $\$ 6,713.82$, amount of Fishing Bounty cheques, I beg to state that the payment of $\$ 560.44$ for legal expenses in certain bounty fraud prosecutions to Messrs. Harris, Henry \& Cahan, was made out of the statutory vote for Fishing Bounty by directions of the Minister. The account is herewith inclosed.

The cheques covered by the application for warrant were all issued prior to 21st August, 1894. Papers herewith.

I am, sir, your obedient servant,
WM. SMITH, D.M.M. \& F .
The Auditor General.

## Light-Keeper at Neguac Island not appointed by O. C.

Marine and Fisheries, Ottawa, June 12, 1894.
Sir,-In reply to that part of your letter of yesterday in which you refer to the appointment of Mr. W. Drummond as light-keeper without the authority of Council, I have to explain to you that it was proposed to remove Mr. Drummond from the light at Neguac Island on account of his age. The man appointed to replace him refused to act, and as it was necessary to maintain the light Mr. Drummond has been acting as temporary light-keeper ever since, notwithstanding that two appointments have been made in the interval by Order in Council, the nominee in each case refusing to act.

The Minister has again made recommendation to Council to appoint a new man, but until the Order issues it will be necessary to continue Mr. Drummond temporarily.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M.M.\& F.'

## Account not properly certified.

Audit Office, Ottawa, April 30, 1894.
Sir,-I beg to bring to your notice the certificate given by Mr. Tremaine, for Mr. Johnstone the Agent of the Marine Department at Halifax, on an account rendered by James Baird of St. John's, Newfoundland, for roofing-felt purchased from him for Cape Race Light.

On this account Mr. Tremaine states over the name of Mr. Johnstone that "the above was duly authorized and received by me," though it would appear from the face of the account that the goods were forwarded to "P. Myrick, in care of George Curtis Trepassy."

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, A.G.

## Agency of the Department of Marine and Fisheries, Halifax, N.S., August 8, 1894.

Sir,-Referring to departmental letter No. 11519, dated the 2nd instant, I beg to hand you herewith copy of a letter and telegram received from the Keeper at Cape Race acknowledging the receipt of the 6 rolls of tarred paper referred to. I was under the impression that copies of these papers were attached to the original bill when

## Auditor General's Report-Part J

forwarded for payment ; they certainly should have been, as it was only on the strength of them that I certified the account. With reference to the certificate I can only say that it was furnished by the department and was in constant use here for a number of years, in fact until March last, when a differently worded one was received here. The words "received by me" were always taken to be in the light of "Fecit per alium fecit per se," the keeper being the representative of the agent.

I am, sir, your obedient servant,
A. D. B. TREMAINE, Chief Clerk and, Accountant N.S. Agency.
J. Parsons, Esq., Acting Agent, Halifax, N.S.

## Repairs to " Druid" and "La Canadienne."

Audit Office, Ottawa, August 17, 1894.
Sir,-I beg to bring to your notice cheque 10165 for $\$ 8,000$ issued in favour of Carrier, Lainé \& Co., the amount of $\$ 5,000$ being charged to Dominion steamer "Druid" and the balance, $\$ 3,000$, to Fishery Protection Service steamer "La Canadienne."

Among the documents sent me by your department I find no voucher or certificate in support of this payment. Please furnish me with the certificate of your officer on which this cheque was issued.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries. J. I. McDOUGALL, A.G.

## Marine and Fisheries, Ottawa, August 25, 1894.

Sir,-In reply to your letter of the 17 th instant, requesting a voucher or certificate in support of the cheque for $\$ 8,000$ issued in favour of Carrier, Lainé \& Co., the amount of $\$ 5,000$ being charged to Dominion steamer "Druid," and the balance, $\$ 3,000$, to Fishery Protection Service steamer "La Canadienne," I herewith inclose two certificates ; the certificate relating to the "Druid" is in connection with the contract for placing a new compound engine in the steamer, at a cost of $\$ 9,250$. The balance of the contract has not yet been paid as an accident occurred to the steamer whilst the contractors were working at her.

The question as to the liability of the contractors for the accident has been referred to the Department of Justice and has formed a subject of correspondence and until that question is settled, no further payments will be made.

I also inclose a certificate from the Captain, Steamboat Inspector and Chief Engineer of the steamer "La Canadienne" showing that the contract entered into with Messrs. Carrier, Lainé \& Co. was completed to the satisfaction of these officers. The work done was placing a new boiler in the steamer and making repairs to the hull and machinery at a cost of $\$ 10,284$.

The Auditor General.

> I am, sir, your obedient servant,
> WM. SMITH, D.M.M. \& F.

## Behring Sea Vote-Extension of Time.

Audit Office, Ottawa, September 13, 1894.
Sir,-I beg to inform you that I have received this day an Order in Council dated August 24, 1894, extending the time during which cheques may be drawn against the vote for Behring Sea of 1893-94 to October 1, proximo.

With reference to this Order, I beg to call your attention to the provisions of the Statute in this regard (Consolidated Revenue and Audit Act, Section 37) and to point out that as the Order in Council was not passed before August lst, it is not effective. You will please therefore not issue cheques against the appropriation.

I am, sir, your obedient servant,

Audit Office, Ottawa, November 29, 1894.
Sir,-I have your application of the 3rd instant to repay the Bank of Montreal $\$ 23,667.37$ for cheques drawn on the 27 th September, to pay Behring Sea accounts and to charge the same to the appropriation for the purpose in Schedule A of the Supply Bill of the last session. Under Schedule A in the Supply Bill are the words:-
"Sums granted to Her Majesty by this Act for the financial year ending 30th June, 1894, and the purposes for which they are granted."

The Order in Council to bring down the appropriation was passed on the 24th of August, while in the 37 th section of the Audit Act are the words: "Provided that " upon cause being shown to the satisfaction of the Governor in Council, he may, by "Order in Council to be made before the 1st of August in each year, extend the time "for finally closing the account of any appropriation." It is quite plain then that your Behring Sea appropriation, while it might have been revived by an Order in Council passed in July was beyond the reach even of that authority after the end of that month.

I am, sir, your obedient servant,
The Dep. Minister of Marine and Fisheries.
J. L. McDoUGaLL, A.G.

## Mr. Wilmot's Travelling Expenses.

Audit Office, Ottawa, January 21, 1895.
Sir,-I beg to call your attention to the account rendered by Mr. Sam. Wilmot in support of cheque 278 for $\$ 200$, advanced him in July, 1893, to cover travelling expenses.

Mr. Wilmot has not certified that the whole amount was expended on Government business, nor given the dates on which the various charges made therein were incurred. There are no vouchers for hotel expenses, though charges are made for $\$ 10.50$ for three and half days at Chicago, $\$ 8$ for four days at Selkirk, and $\$ 6.60$ for two and a half days at Winnipeg.

I would also call your attention to the long delay in rendering an account of this advance, viz., from July, 1893, to November 2, 1894, on which day a refund of $\$ 25$ was made, being the unexpended portion of the sum advanced. As the trip seems to have been completed early in August, 1893, it is necessary that an explanation of this delay should be given.

I am, sir, your obedient servant,
The Acting Dep. Minister, Marine and Fisheries.
J. L. McDoUgall, a.G.

## Temporary employment of Messrs. Middleton and Veith.

Audit Office, Ottawa, January 21, 1895.
Sir,-I beg to bring to your notice vouchers 4758 and 10510 rendered by W. HMiddleton for clerical services in November and April of the fiscal year 1893-94.

In connection with these vouchers I would call your attention to Section 47 of the Civil Service Act, sub-section 2, wherein it is provided that the remuneration to be paid for extra service shall not exceed the minimum salary of a third class clerk unless the service to be performed is technical and requires special qualifications. As Mr. Middleton was paid at the rate of $\$ 2$ per diem the accounts rendered by him should be certified so as to show that the law had been complied with in this respect. If Mr. Middleton had not passed the Civil Service Qualifying examination at the time of his employment a further certificate to the effect that the list of qualified persons did not furnish one competent for the work in question, should also be given.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

## Auditor General's Report-Part J

Audit Office, Ottawa, January 22, 1895.
Sir,-In connection with my letter of the 21st instant calling attention to the rate at which W. H. Middleton was paid for clerical service, I beg to bring to your notice three payments made to F. H. D. Veith from the vote for Behring Sea, amounting to $\$ 79.50$, at the rate of $\$ 1.50$ per diem. These accounts are not certified as required.

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

## Increase of Salary to Commander Spain.

## Audit Office, Ottawa, January 18, 1895.

Sir,-Please let me know the authority under which the salary of Commander Spain of the Fishery Pro:ection Service was increased from $\$ 1,200$ to $\$ 1,700$ per annum from February 12, 1894.

I notice that while he was in command of the steamer "Acadia" he was paid at the rate of $\$ 90$ per month, and when off ship, at the rate of $\$ 1,200$ or $\$ 1,700$ per annum. Has the salary so paid been authorized by the Governor in Council?

During the fiscal year $1893-94$ an additional sum of $\$ 500$ was paid him for extra services. Under what authority was this amount granted?

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

The Acting Deputy Minister, Marine and Fisheries.

## Re Fisheries Revenue.

Audit Office, Ottawa, March 29, 1894.
Sir,-I received, a few days ago, counterfoils of certain licenses issued in British Columbia during 1893. These licenses are issued and the fees thereon collected by the same person. Such an arrangement is objectionable. Could not another officer be associated with the present issuer? All licenses should be issued on forms furnished by the department, bearing printed consecutive numbers, and the agent should be required to account for all the forms sent him. When payment is made in person, the payer should sign the counterfoil. During 1893, over 150 licenses were issued on forms without printed consecutive numbers and bearing the printed signature of John Tilton. -

On the return for July, the following entries appear. The numbers of the licenses issued are not entered and no counterfoils are furnished :-

$$
\begin{align*}
& \text { July 1.-Twenty-four licenses per Bell-Irving \& Peterson } \\
& \text { for the Skeena Indians. . . . . . . . . . . . . . . . . . . } \$ 98000 \\
& \text { July 11.-Forty licenses per Turner, Beeton \& Co. for the } \\
& \text { Skeena Indians. }  \tag{90000}\\
& \text { July 19.-_R. P. Rithet \& Co..................................... . . } 40000
\end{align*}
$$

Licenses 633 to 651, dated 10th and 11th July, do not appear on the agent's return. Neither does license No. 395, 8th June, for $\$ 2$; and license No. 429, dated 22 nd July, for $\$ 20$, is entered as $\$ 2$.

On the return for October, six licenses are entered, the numbers not given and the counterfoils not furnished.

Please let me know how the tariff of fees is fixed and send me a copy of the one for British Columbia.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

## Marine and Fisheries Dept., Ottawa, June 19, 1894.

SIr,-In reply to your letter of the 29th March last, respecting the issue of fishery licenses in British Columbia, I am to inform you that it would be impossible, without appointing a special officer for such purpose, to associate another officer with the inspector, for the issue of these licenses.

The licenses are at present issued on forms furnished by this department, and bear consecutive numbers. Last year, however, the demand for licenses was greater than this department had anticipated when getting the book printed. A supply of additional licenses had to be applied for and sent at once, as they were urgent. There being no time for getting new ones printed, old forms were used for that purpose. This will, however, be avoided in future.

Re July return, Inspector McNab submits the following explanations :-

1. July 1.-Twenty-four licenses per Bell—Irving \& Peterson for Skeena Indians.
$\$ 98000$
This amount covered 24 licenses to Indian at "North Pacific" Cannery, and 25 for the " British American" Cannery; the names were sent by the agent.

> 2. July 11.-Forty licenses per Turner, Beeton \& Co. for the Skeena Indians ........................ $\$ 90000$

This amount was received on account of licenses to 25 Indian fishermen for the "Inverness" and 20 for the "Balmoral" Canneries. The names of these Indians were also furnished.
3. July 19.-R. P. Rithet \& Co . . . . . . . . . . . . . . . . . . . . . \$400 00

This amount was on account of 20 licenses for Indians to fish for the "Standard" Cannery. Agent has their names also.
4. Your letter states that: "Licenses 633 to 651, dated 10th and 11 th July, do not appear on the agent's return. Neither does license No. 395, 8th June, for $\$ 2$, and license No. 429, dated July 22nd, for $\$ 20$, is entered at $\$ 2$. "

These licenses were issued to the fishermen. The inspector had only 19 blanks and he issued a receipt to the 20 th man. The sum of $\$ 400$ was paid for these licenses by the "Federation" Canning Company, of Naas, and accounted for in the June return.
5. License No. 395, for $\$ 2$.

The inspector states that he has no record of this license, and asks whether it is marked cancelled on the counterfoil, as it was evidently applied for as a farmer's license, and cancelled for some cause.
6. License No. 429 , dated July 22 nd, for $\$ 20$, is entered at $\$ 2$.

The inspector says this is a farmer's liceuse and the fee is $\$ 2$.
7. "On returns for October, 6 licenses are entered, the numbers not given and the counterfoils not furnished."

The inspector explains that on his return, the fishery guardian from Naas River gave him the applications for 6 Indians, received by him when at Naas River, the fees $\$ 120$. The fishing season was over before he received these applications.

The fees on fishery licenses in British Columbia is fixed by sections 21, 22 and 24 of the General Fishery Regulations of March 3rd, 1894, copy of which is inclosed for your information.

I am, sir, your obedient servant,
The Auditor General.
WM. L. MAGEE, for D.M.M. \& F.

Audit Office, Ottawa, May 16, 1894.
Sir,-I received a few days ago, part of the returns of Mr. Inspector Chapman, outstanding from 1892-93, and all the returns for which deposits have come to account during the present fiscal year.

The summary accompanying the returns does not specify the date of the receipt by Mr. Chapman of remittances from the overseers, but it is evident from the dates of the overseers' returns that he does not deposit the receipts of one month till the returns of the next reach him. On November 25, 1893, he deposited $\$ 600$ and on December 2nd, $\$ 475.62$ in acquittance of returns, the greater part of which he received in July previous. The last deposit that has come to account is for $\$ 574.50$, dated March 19 th last. It covered returns in his hands more than a month.

In my letter of March 16, 1891, I called your attention to the unsatisfactory points connected with this officer's returns. That I have not since referred to the matter is largely due to the delay in receiving the returns.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Marine and Fisheries Dept., Ottawa, May 28, 1894.
Sir,-In reply to your letter of the 16th instant, I have the honour to inform you that Mr. Chapman has been asked to explain his mode of dealing with remittances from the overseers in his district.

I am, sir, your obedient servant,
The Auditor General.

WM. SMITH, D.M.M. \& F.

## Audit Office, Ottawa, January 12, 1895.

Sir, -Referring to my letter of May 14th last, and your reply of May 28th, I have now to require what explanation Mr. Chapman furnished of his mode of dealing with remittances from the overseers in his district.

I have the honour to be, sir, your obedient servant, The Deputy Minister of Marine and Fisheries. J. L. McDOUGALI, A.G.

## Auditor General's Report—Part J

Marine and Fisheries Dept., Ottawa, January 31, 1895.

Sir,--In reply to your letter of the 12 th instant, asking what explanations were given by Mr. Chapman of his mode of dealing with remittances, I am to state that this matter was thoroughly investigated by this Department and it was found that Mr. Chapman was under a misapprehension in not sending in the returns from the officers under him and immediately depositing the revenue on receipt of same by him. Now that this officer understands what is required, his duties are satisfactorily performed.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Acting D.M.M. \& F,

## Audit Office, Ottawa, May 16, 1894.

Sir,-I have received lists of the licenses issued for Ontario up to and including February last, and for Nova Scotia during July and August. Please send me lists of any subsequently issued.

The inspectors to whom forms are furnished, and who are authorized to issue licenses, should be required to furnish, immediately after the close of each month, a list of the licenses issued during the previous month, stating (1) the No., (2) the overseer to whom sent, (3) the licensee, (4) the class of license, (5) the amount of the fee.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDougall, a.g.

## Audit Office, Ottawa, May 19, 1894.

Sir,-Owing to the form in which Mr. Inspector Kinney's returns are now furnished, no satisfactory audit of them can be made. He should be requested to furnish the overseers' returns, and should enter on his own return the date of each remittance received by him.

The first return furnished is for June and part of July, and covers licenses issued in May and June. There is no return for August nor for September. The return for October, amounting to $\$ 1,017$ is almost entirely in acquittance of licenses issued in May and June. If none of these licenses were paid from July 15 till October some explanation seems to be called for. When there are no collections during a month, either a nil return should be sent in or the next return furnished should have a memo. to that effect.

The following licenses are not accounted for, nor have they been returned :-

| Date of issue. | No. | Overseer. | Licensee. | Amount. |
| :---: | :---: | :---: | :---: | :---: |
| May | 91 | D. Evans. | L. C. Manning. | \$1000 |
| dod.... | 92 | do | James Heister. | 1250 |
| do, ${ }^{\text {d }}$ | 95 | do | Alvin Cross. ... | 1500 |
|  | 96 | do | David Baker \& Co. | 500 |
| do ${ }^{\text {do }}$ | 97 120 | do | Wm. Cross.. | 750 500 |
| do ${ }^{\text {e }}$ | 165 | W. M. Solomon. | D. Mason . | 500 1500 |
| do. 7 | 355 | J. R. Kinney. | Joseph McNeil. | 1000 |
| June | 195 | do . | Hy. Dauphine. | 500 |

Deposits for $\$ 179.50$ and $\$ 105$ dated respectively April 3 and 6, 1894, have come to account for which no returns are furnished.

As there is no means of applying any check on the amount of fines collected. inspectors and overseers, who now only sign their returns, should be required to certify that they are a correct and full record of all receipts, and that remittances or deposits were made whenever $\$ 25$ or more was on hand.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

## Audit Office, Ottawa, June 12, 1894.

Sir, -On May 28th last you wrote that the returns of fisheries revenue for January, February, March and April were being prepared. They have not yet reached me.

On May 16th, I wrote you about delays in furnishing the list of licenses issued. Since them none have been received.

On March 7th last you wrote that in future the returns would reach this office early in the month succeeding the one to which they refer. I shall be glad to learn what probability there is of this regulation being carried out ; and how soon. Unless the list of licenses and the returns of the collecting officers are promptly furnished month by month, it is simply impracticable to have those relating to the last three or four months of each fiscal year audited and examined.

I have been directed by the Treasury Board to audit the Revenue Accounts, and if for any reason I am not able to carry out their instructions, it is my duty to inform the Board accordingly. I shall, however, defer doing so till I hear again from you.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALI, A.G.

## Re Licenses in British Columbia.

## Audit Office, Ottawa, June 26, 1894.

Sir,-In your letter of June 19th, you state that the licenses are issued on forms furnished by your department, and bear consecutive members; but it would be impossible without appointing a special officer for such purpose to associate another officer with the inspector, for their issue.

It is regrettable that some more satisfactory arrangement cannot be introduced, the amount involved being so large. I assume that a record is kept of all forms sent him, and his monthly returns checked by it in your department. I have to ask that this office be notified of all blank forms sent him and that you give the lowest and highest number sent and the grade or class of license. This officer and others collecting any considerable amount of fees should be required to furnish a return every month, whether they have made any collections or not. I have to repeat what I stated in my letter of March 29th last, as to the payer signing the counterfoil when the payment is made in person. This is all the more necessary when the issue of the licenses and the collection of the fees are in the hands of the same officer.

I have again to call your attention to the delay in forwarding the agents' monthly returns to this office. Those for December are the last that have yet come to hand.

## I am, sir, your obedient servant,

## Auditor General's. Report-Part J

#### Abstract

Marine and Fisheries Dept., Ottawa, August 2, 1894. Sir,-In answer to your letter of the 26th June, I beg to inclose a statement of fisheries licenses issued by Inspector McNab, of British Columbia, for February ; the first one for this year, no licenses having been issued in January. The returns for March, April and May have been sent back, as Mr. McNab omitted to enter the number of licenses issued, and as soon as received, these will be forwarded to you.

A circular to all fishery officers issuing licenses is being prepared calling their attention to the necessity of forwarding their returns without delay.

I am, sir, your obedient servant, The Auditor General. JOHN HARDIE, Acting D.M.M. \& F. Audit Office, Ottawa, December 11, 1894. Sir,-With the June return a statement is furnished of collections by J. T. Dagnegu, for salmon licenses Nos. 25 to 50, inclusive, amounting to $\$ 231.67$. On the margin there is the following memo: "When this letter was opened it was found to contain only $\$ 181$. Referred to P. O. Dept., E. W. G." I do not find that the balance - $\$ 51.67$-has since come to account, and have to ask what action has been taken in the matter. I may add that no list of licenses issued that has reached this office contains these licenses. Information of all licenses issued should be furnished regularly every month.

I am, sir, your obedient servant, The Acting Dep. Min. Marine and Fisheries. J. L. McDOUGALL, A.G.

## Audit Office, Ottawa, December 11, 1894.

Sir,--The return of L. N. Catellier, Tadousac, for the month of April last, calls for $\$ 30$. Only $\$ 20$ has come to account. The following memo. appears on the return : "Only $\$ 20$ inclosed." I have to ask for further information.

I am, sir, your obedient servant,
The Acting Dep. Min. Marine and Fisheries.
J. L. McDOUGALL, A.G.

## Re Returns not furnished.

Addit Office Ottawa, February 28, 1895.
Sir,-Deposits have been received on account of Fisheries Revenue from the following officers, for which no returns have been furnished, viz:-

John V. Legrisley, Que., $\$ 13$; James Hickson, N.B., $\$ 12.90$; H. S. Miles, N.B., $\$ 169.60$; Chas. McClusky, N.B., $\$ 5$; Wm. Marks, N.B., $\$ 26$; A Lord, P.E. I., $\$ 547.65$; P. McBride, P.E.I., $\$ 20$; R. L. Tupper, Man., $\$ 157.70$; James Gaudin, B.C., $\$ 22.25$.

I am, sir, your obedient servant,
The Acting Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, A.G.

## Re Steamboat Inspection.

Audit Office, Ottawa, April 25, 1894.
Sir,-I am sending you herewith the following lists arising out of the examination of steamboat inspection revenue for the six months to December, 1893 :-

1. A list of 6 vessels appearing on the inspectors' returns, the fees on which have not come to account; 2. A list of 9 vessels appearing on the inspectors' returns, for which no certificates have been issued, and no fees have come to account ; 3. A list of 36 vessels, the fees on which have come to account, which do not appear on the inspectors' returns.

I am also sending list No. 1 to the Customs Department.
I am, sir, your obedient servant,

Marine and Fisheries Dept., Ottawa, June 27, 1894.
Sir,-Referring to your letter of the 25 th April last, inclosing lists arising out of the examination of steamboat inspection revenue, I beg to inclose, for your information, copy of a memorandum received from the Chairman of the Board of Steamboat Inspectors on the subject.

The Auditor General.
I am, sir, your obedient servant,
JOHN HARDIE, Acting D.M.M. \& F.

26th June, 1894.
Re Auditor General's letter of the 28th April, 1894.

## List No. 1.

The Customs can probably explain this, as we have no means of ascertaining why the Customs, which made the collections did not return them.

> List No. 2.

Certificates of inspection were issued to the "John Fraser" on the 4th November, she not having a certificate of registry until about that date, nor paid dues ; the "Hurtubise," "Circassian" and "E. Perley" were also without certificates of registry and had not paid inspection dues nor fees. Without payment of these dues the inspector cannot issue a certificate of inspection.

The " Dominion" and "Susan C. Doty" had certificates issued 7th April and 3rd March, 1894, the inspection dues and fees not being paid until 3rd April and 16th February respectively; "Bessie and Harrie," certificate issued lst September, 1893, dues paid $\$ 6.76$-at Halifax, 19th May, 1893. These items were in Inspector Stevens' returns for the months of May and September, 1893, which were duly forwarded to the Auditor General.
"Swan" and "St. Michael." The inspection dues and fees not being paid the inspector could not issue certificates.

## List No. 3.

The vessels named in No. 3, if not inspected could not be returned by the inspectors, who are only required to make returns of steamboats inspected. Section 46 of the Act 49 Vic., chap. 78, requires that tonnage dues and inspection fees shall be paid "yearly and every year," and section 10 of the same act requires that the owner or master "shall cause the boiler and machinery and the hull and equipment thereof to be inspected at least once every year ;" it does not, therefore, always follow that inspection is made after payment of the dues, as the owner may not run the vessel or may not cause her to be inspected, or the inspector may not be able to inspect her,-this may be from his having a greater number than he is able to attend to, or from the vessels being out of his reach, the latter is notably the case of the steamboats "Grahame," "Athabasca," and "Wrigley" respectively on the Peace and Athabasca rivers, the Lesser Slave River and on the Mackenzie River, to make the trip to these steamboats and return taking up between two and three months. The owners did not make application for their inspection in 1893, and they were not inspected. Application was made this year, and the Manitoba inspector is now absent in the North-west Territories to make inspection of these vessels, as also of the "Mountain Belle," which is at Banff, or of other vessels. All the steamboats named in list No. 3 will be inspected in due course, the inspectors in the several divisions having been advised.

## Auditor General's Report-Part J

Marine and Fisheries Dept., Ottawa, August 3, 1894.
Sir,-Referring to your letter of the 25th April last, and to list No. 3 forwarded therewith, being a list of vessels the fees on which have come to account but do not appear on the inspectors' returns, I have the honour to inform you that the inspector at Victoria, B.C., has advised the department that the steamer "Rainbow" appearing in above list was laid up, and therefore was not inspected.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Acting D.M.M. \& F.

## Re Fines and Forfeitures.

Audit Office, Ottawa, June 8, 1894.
Sir,-I have received your application No. 119 for a refund to Samuel Reynolds of $\$ 100$, the amount of a fine imposed on him for running his boat without a properly certificated engineer.

Chap. 29, R. S., sec. 78 provides that no remission shall be made in any case unless such case has been considered, and the remission has been recommended by the Treasury Board. The copy of the Order in Council that I have received does not indicate that this case has been considered and recommended by the Treasury Board. In the meantime I will hold your application.

> I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

## Marine and Fisheries Dept., Ottawa, June 13, 1894.

Sir,-I have the honour to acknowledge receipt of your letter of the 8th instant relative to the application of this department for a refund to Samuel Reynolds of $\$ 100$, amount of fine imposed on him for running his boat without a certificated engineer, and taking exception to the application as, in your opinion, section 78, Chapter 29 of the Revised Statutes, has not been complied with.

In reply, I have to state that after examining the section alluded to, I am of the opinion it does not bear on the case referred to, and inasmuch as an Order in Council has issued directing a refund, I have to request you to be good enough to send me a cheque for $\$ 100$, to refund Mr. Reynolds amount of the fine.

I am, sir, your obedient servant,
WM. SMITH, D.M.M. \& F.

Audit Office, Ottawa, June 15, 1894.
Sir,-I have received your letter of the 13 th instant, in reference to your applicetion for a refund of $\$ 100$ to Samuel Reynolds.

You state that you do not consider section 78, Chapter 29, Revised Statutes, bears on this case, but you do not offer any reason for your decision. Subsection 3 of said section reads as follows: "No remission shall be made in any case unless such case has been considered, and the remission whether total or partial, conditional or unconditional, has been recommended by the Treasury Board, and sanctioned and ordered by the Governor in Council." The Order in Council furnished me does not indicate that this case had been considered and recommended by the Treasury Board, and without that information, I ann unable to pass the application.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Marine and Fisheries Dept., Ottafa, June 16, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 15 th instant in further reference to the application of this department for a refund to Samuel Reynolds of $\$ 100$, and stating that you are unable to pass the application untill the provisions of subsection 3 of section 78, Chapter 29, Revised Statutes, have been complied with. In reply, permit me to say that the section alluded to, appears to refer to duty or tolls and not to a fine imposed for violation of the Steamboat Inspection Act, and I will, therefore, be obliged if you will issue a cheque to carry out the Order in Council of the 21st May, 1894.

I am, sir, your obedient servant,
WM. L. MAGEE, for D.M.M. \& F.

Audit Office, Ottana, June 21, 1894.
Sir,-You state in your letter of the 16 th instant, that the section alluded to appears to refer to duty or tolls and not to a fine imposed for violation of the Steamboat Inspection Act.

I have to say, in reply, that I am still of the opinion that the subsection providing for the consideration and recommendation of the Treasury Board, applies to every case of remission authorized by the previous part of the section; forfeitures and penalties as well as duty and tolls. In consequence, I do not see my way to passing your application till I receive the information called for.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

## Marine and Fisheries Dept., Ottawa, June 25, 1894.

Sir,-I have to acknowledge receipt of your letter of the 21st instant, informing me that you are still of the opinion that the Order in Council of the 21st ultimo, remitting the penalty imposed on the owner of the "Golden City" for an infraction of the Steamboat Inspection Act, is insufficient without the recommendation of the Treasury Board, and in reply I may state that I quite agree with you as to subsection 3 of the 78th section of the Audit Act requiring the recommendation of the Treasury Board in every case of remission authorized by that section. There cannot, I think be any question on that point. The question, however, at issue is not the requirement of the subsection referred to, but rather the scope of the previous part of the section. So far as I can interpret the section, its scope is limited to the remission of penalties imposed for the contravention of the laws relating to the collections of revenue duty or toll, and as the Steamboat Inspection Act is not a revenue law, the collection of dues being only incidental, I do not see that the 3rd section referred to bears on a remission connected with that Act. I will however refer the matter to the Department of Justice for an opinion, and will communicate their decision to you when received.

I am, sir, your obedient servant,
The Auditor General.
WM. L. MAGEE, Acting D.M.M. \& F.
Marine and Fisheries Dept., Ottawa, July 13, 1894.
Sir,-Referring to my letter of the 25th ultimo in regard to the remitting of the fine imposed upon the "Golden City," I have the honour to inclose herewith copy of a letter received from the Department of Justice, giving the opinion of that department respecting the matter referred to, and I presume that you will not now see any obstacle in the way of complying with the terms of the Order in Council of the 21st May last recommending that the fine be remitted.

I am, sir, your obedient servant,

## Auditor General's Report-Part J

## Department of Justice, Ottawa, July 3, 1894.

Sir,-In reply to your letter of the 23 rd instant, No. 11165 , respecting the remission of fine imposed on the owner of the steamer "Golden City" for an infraction of the Steamboat Inspection law, and which the Auditor General contends should have been referred to the Treasury Board under subsection 3 of section 78 of the Audit Act, I have the honour, by direction, to state that section 78 of the Audit Act only applies to the remission of forfeitures or pecuniary penalties imposed for contravention of laws relating to the collection of the revenue or to the management of public works producing tolls or revenue. The Minister of Justice is of opinion, therefore, that the subsection referred to by the Auditor General has no application in the present case.

Papers returned herewith.
I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
E. L. NEWCOMBE, D.M.J.

Marine and Fisheries Dept., Ottawa, July 24, 1894.
Sir,-Referring to my letter of the 13th instant, I have to request you to be good enough to inform me whether you will issue the cheque for a refund to Captain Reynolds of the $\$ 100$ fine imposed on the "Golden City," as the claimant is asking for it.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Acting D.M.M.\& F.

Marine and Fisheries Dept., Ottawa, July 28, 1894.
Sir,-I have the honour to inform you that an Order in Council, dated the 34 th instant, has issued remitting the fine imposed on the owner of the "Golden City" for a violation of the Steamboat Inspection Act prior to the 8th July, 1893. The amount was deposited to the credit of the Receiver General, No. 119, 26 th April, Bank of Montreal, Peterboro', and was included in the statement for April last of fines, Marine Revenue. Please forward me a cheque for the amount.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Acting D.M.M.\& F.

Audit Office, Ottawa, July 30, 1894.
Sir,-Respecting your application for refund of the fine imposed on the steamer "Golden City," for contravention of the Steamboat Inspection Act, I have now your letter of the 13th, inclosing a copy of a letter from the Department of Justice, giving it as the opinion of the Minister that subsection 3 of section 78 of the Audit Act has no application in the present case.

If the subsection does not apply, the question arises: Does any part of the section apply, and if it does not, then on what statutory authority can this refund be made? It requires statutory authority to sanction a withdrawal from the Receiver General's account. It is necessary that this point be decided before the application can be passed.

I am, sir, your obedient servant,

SIR,-I have to acknowledge the receipt of your letter of the 30th ultimo, acknowledging receipt of the copy of the opinion of the Minister of Justice in regard to subsection 3 of section 78 of the Audit Act, in the case of the "Golden City," and stating that as the subsection referred to is not applicable to that case, the question arises as to what statutory authority can this refund be made under and that it is necessary for that question to be settled before you will comply with the Order in Council authorizing the refund. In reply, I have to state that I will be obliged to you if you come to a decision on the point raised as soon as convenient, as Mr. Reynolds is pressing for his money which now amounts to $\$ 200$.

It may assist you in settling the point referred to, by reminding you that, as recently as May last, a refund of $\$ 100$ was made to the Manager of the Canadian Shipping Company to repay a fine of $\$ 100$ imposed for an alleged violation of the law relating to the shipping of cattle. The cheque issued was No. 5738.

In March, 1891, a fine was remitted for a violation of the Steamboat Inspection Act to Mr. Enoch Cox and a refund paid him of $\$ 319.75$. The number of the cheque was 17229. This department is not aware of what authority you had in these two cases other than an Order in Council in each case.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, Acting D.M.M. \& F.

Audit Office, Ottawa, August 24, 1894.
Sir,-I have received your letter of the 1st instant, in further reference to your application for the refund of certain fines imposed for contravention of the Steamboat Inspection Act.

In reply to my inquiry for the statutory authority under which you consider your department at liberty to make these refunds, you refer to previous refunds passed by this office. Till the discussion arising out of the present cases, and the decision of the Department of Justice, it had keen assumed by this office that section 78 of the Audit Act covered all refunds that it might be deemed proper to make. Hence the refunds referred to by you were made, under the impression that each case had been considered and recommended by the Treasury Board.

It has now been agreed on all hands that section 78 of the Audit Act has no application in the present case. I do not know of any other authority under which these refunds can be made. Some Parliamentary authority is necessary if refunds are to be made. Therefore no refunds can be made without further light on the subject.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Marine and Fisheries Dept., Ottawa, August 27, 1894.
Sir,-I have the lonour to acknowledge receipt of your letter of the 24th instant in regard to the refunding of the fines imposed upon the owner of the "Golden City," and in reply I am to inform you that the amount of $\$ 200$ will be placed in the Estimates next year to refund Mr. Reynolds, the owner of the vessel referred to.

I am, sir, your obedient servant,

## Auditor General's Report-Part J

## Re Goderich Wharf.

## Audit Office, Ottawa, May 4, 1894.

Sir,-No revenue has come to account from the Goderich wharf for the seasons of 1892 and 1893. In your letter of June 8, 1893, you stated that the wharf had been used by Mr. Dyment during 1892. What amount was claimed by the department from him for its use? Has the amount been paid, or if not, what steps have been taken to collect it?

Who is the wharfinger at the present time and when was he appointed? Have any returns been received from him, and if not, has he been called on for an explanation?

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, A.f.

Marine and Fisheries Dept., Ottawa, May 11, 1894.
Sir,-In reply to your letter of the 4 th instant, stating that no revenue for Goderich wharf had come to account for seasons 1892 and 1893, I have to inform you that Mr. Dyment has paid nothing for 1892 and 1893, although he has occupied some of the sections of the wharf. This department has from time to time demanded payment and took steps last fall to ascertain carefully the quantity of lumber placed upon the wharf for drying purposes. The ascertained value for use and occupation is $\$ 750$, and this sum was claimed from Mr. Dyment. He offered, in settlement, less than one-third, which was not accepted. Legal proceedings have been instituted by the Justice Department for the sum of $\$ 750$ for the years 1892 and 1893 .

The name of the wharfinger is William Marlton. He was appointed on the 14th February, 1894. No returns have been received from him, as Mr. Dyment is the only one, so the wharfinger reports, who has used the wharf, and the lumber from last year has been allowed by him to remain.

This will form a separate claim for 1894. The wharfinger has not been called on for any explanation because none was required.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M.M. \& F.
Audit Office, Ottawa, September 17, 1894.
Sir,-In your letter of May 11th last you stated that legal proceedings had been instituted by the Justice Department against Mr. Dyment for the sum of $\$ 750$ for the use of the Goderich wharf during 1892 and 1893 . I observe that $\$ 203.33$ has come to account from Mr. Dyment. What was this payment for, and what is the present condition of the case?

You also stated that Mr. Dyment is the only one who used the wharf during last season. Did he do so under any agreement with the department?

I have also to inquire if the wharfinger has made any collections during the present season.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Marine and Fisheries Dept., Ottawa, September 19, 1894.
Sir,-In answer to your letter of the 17th instant, in re Goderich wharf, I beg to state that the $\$ 203.33$ is on account of the $\$ 750$; the matter is still in the hands of justice.

Mr. Dyment did not use the wharf under any agreement with this department, and no collections have been made by the wharfinger.

I am, sir, your obedient servant,
The Auditor General.

## Re Wharfs and Piers Revenue.

Audit Office, Ottawa, May 4, 1894.

Sir,-I have to remind you that I have received no reply to my letter of June 15, 1893, inquiring if the arrears of fees that were referred to in your letter of June 4, 1891, as due the wharfinger at Cockburn Island, Maitland, Yarmouth County and West Pubnico had been collected.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, May 5, 1894.
Sir,-I wrote you August 11, 1893, calling attention to the fact that the wharfinger at Cow Bay was not depositing as promptly as he should. The following memo. of the receipts and deposits that have come to hand for the present fiscal year, indicates that he does not yet comply with the regulations:-

Neither returns nor deposits for January, February and March have yet reached me. As the returns last year for these three months amounted to $\$ 337.72$, the absence of any this year calls for explanation.

I am, sir, your obedient servant, The Deputy Minister of Marine and Fisheries. J. L. McDOUGALL, A.G.

Audit Office, Otrawa, May 5, 1894.
Sir,-I have to ask your consideration of the inclosed statement showing :-
(1.) The wharfs and piers under control of your department.
(2.) The receipts from each wharf for 1892-93.
(3.) The receipts from each wharf so far as received for the present fiscal year.

You will observe that there are many wharfs from which no revenue comes to account; and a considerable number from which revenue has been received but no returns. There are also 20 wharfs from which revenue came to account for 1892-93, from which nothing has yet reached this office for the present year. The returns of the wharfinger on the Lower St. Lawrence, collected through the Department of Justice, have not been furnished.

A large number of the returns received are not made out on the prescribed form, and are not certified by the wharfingers, some not even signed. None of the returns have the departmental certificate completed. I may add that I referred to this point in my letter of May 27, 1892, and in your reply of May 31 you stated proper forms were about being, sent which the wharfingers would be required to adopt.

Please send me a copy of the lease of the Kingsport wharf.
I am, sir, your obedient servant, The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Audit Office, Ottawa, September 14, 1894.
Sir,-I wrote you on August 7, 1893, asking explanations why nothing had come to account for 1892-93 from certain wharfs from which revenue was received the previous year. I have had no reply to that letter.

Among the wharfs stated in the letter there were Grand Narrows, Victoria County, from which $\$ 103.21$ came to account in 1891-92, and Grand Narrows, Cape Breton County, from which $\$ 198.64$ came to account in 1891-92. In the revenue for 1893-94 the former appears for $\$ 12.69$, covering the receipts to December, 1893, and the latter appears for $\$ 69.94$, covering the receipts to December, 1892.

Explanations are required as to the receipts at Grand Narrows, Victoria County, during 1892, and as to the receipts at Grand Narrows, Cape Breton County, during 1893, also as to large falling-off in the amounts collected.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, September 15, 1894.
Sir,-I have had no reply to my letter of May 5th last, calling your attention to the delay in sending their returns and remittances on the part of many wharfingers.

Please let me know what action has since been taken by your department in reference thereto.

I have to request that the bank receipts and wharfingers' returns that reach the department be forwarded more promptly.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fisheries.

J. L. McDOUGALL, A.G.

Marine and Fisheries Dept., Ottawa, September 21, 1894.
Sir,-In answer to your letter of the 15 th instant, $I$ beg to state that at the time your's of the 5th May was received, the department was issuing a circular to all wharfingers to make a return every month, whether collections were made or not.

These returns are coming in more regularly now and will be forwarded to you as soon as examined and found correct.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M.M. \& F.

## Audit Office, Ottawa, September 15, 1894.

Sir,-I have to ask for explanations why nothing has come to account, appertaining to the revenue of $1893-94$, from the following wharfs. The amount set opposite each is the amount that came to account for the previous year, 1892-93 :-
Southampton, Ontario ..... \$ 366
Lacolle, Quebec ..... 200
Centreville ..... 4800
Chipman's Brook, Nova Scotia ..... 2151
Morden ..... 3515
Port George ..... 8816
Victoria, Kings Co. ..... 1148
Buctouche, New Brunswick ..... 1209
China Point, Prince Edward Island ..... 3230
Pinette ..... 2110
I am, sir, your obedient servant,The Deputy Minister Marine and Fisheries.J. L. McDOUGALL, A.G.
Audit Office, Ottawa, September 15, 1894.Sir,--The sum of $\$ 1,722.78$ has come to bccount during 1893-94 from the followingwharfs, viz. :-
Anse St. Jean ..... $\$ 11900$
Baie St. Paul ..... 29110
Beauport ..... 23852
Les Eboulements ..... 17689
Murray Bay ..... 28150
Rivière du Loup. ..... 26000
St. Alphonse de Bagotville. ..... 19702
Tadousac ..... 12375

The wharfingers' returns have not been furnished. The statements forwarded with the bank receipts indicate that these amounts were collected through the Department of Justice. Please let me know the period covered by these payments, and what arrangements you have made to secure payment of the fees accrued at these wharfs subsequent to that period.

> I am, sir, your obedient servant,

The Deputy Minister of Marine and Fisheries.
J. L. McDOUGALL, a.G.

## Audit Office, Ottawa, September 14, 1894.

Sir, -The returns of the wharfinger at Digby, N.S., for August, 1893, and March, 1894, have not reached this office, though deposits in settlement have come to account.

I observe that the deposit for each month's receipts is not made till towards the end of the succeeding month.

This wharfinger is one of those, referred to in my letter of May 5th last, who do not make returns on the prescribed form, and the returns that are furnished are neither cortified nor signed.

I am, sir, your obedient servant,

## Auditor General's Report-Part J

## Re Sales.

Audit Office, Ottawa, September 14, 1894.
Sir,-I have again to call your attention to the statements and vouchers furnished in connection with sales of Government property.

You wrote as a postscript to your letter of October 7, 1892, that the agents of the department had been directed to furnish in future full details of all sales of Government property made by them, giving vouchers for all disbursements and having returns certified by auctioneers, if sold by auction, and always by the officer under whose immediate supervision the sales took place, as requested in my letter of October 5th.

I have now before me a statement of the sale of Sable Island ponies made August 23, 1893, which is not signed by any person, and the advertising accounts attached are not certified by the Queen's Printer.

I am, sir, your obedient servant,
The Deputy Minister of Marine and Fischeries.
J. L. McDOUGALL, A.G.

Marine and Fisheries Dept., Ottawa, September 21, 1894.
Sir,-I have the honour to acknowledge receipt of your letter of the 14th instant, with reference to statement of the sale of Sable Island ponies, made August 23, 1893, not having been signed by any person, and the advertising accounts attached not being certified by the Queen's Printer ; and in reply I beg to inform you that the attention of the agent of the department at Halifax has been called to the matter.

I am, sir, your obedient servant,
The Auditor General.
WM. SMITH, D.M.M.\& F.

Marine and Fisheries Dept., Ottata, November 21, 1894.
Sir,-In answer to your letter of the 3rd ultimo, I have to inform you that there are no arrears due this department by collecting officers, disbursing officers, or persons not Government officials, for the year ended 30th June last.

I may mention that sometimes there is considerable trouble in tracing licenses that have not been taken up and returned to the department, a case in point being the loss of license No. 156, in favour of County Line Trap Co., for $\$ 40$, issued 28th April, 1894. There is proof that the letter containing said license was mailed by Iuspector Kinney, but it never reached the department.

I am, sir, your obedient servant,
The Auditor General.
JOHN HARDIE, $A c t g . D . M . M . \& F$.
