\section*{Salary of Paymaster Forrest, Quebec.}

\section*{Militia and Defence, Ottawa, 19th April, 1895.}

Sir,-With reference to your letters of the 30th April and 19th November, 1894, I beg to state that Lieut.-Colonel Forrest's salary was \(\$ 600\). On the 29 th November, 1893, an increase of \(\$ 400\) was authorized by an Order in Council, to date from the lst November, 1893, making it \(\$ 1,000\). The balance, \(\$ 400\), is made up by the usual allowances of \(\$ 200\) paid to officers who are entrusted with the payment of our regimental depots, the Royal Military College and the Government Cartridge Factory, Lieut.-Colonel Forrest having to pay the regiment of Royal Canadian Artillery and Government Cartridge Factory.

I am, sir, your obedient servant. C. EUG. PANET, Colonel, D.M.M. \& D.

The Auditor General.

\section*{Large Unexpended Appropriation Balances.}

Audit Office, Ottawa, 23 rd October, 1895.
Sir,-I have the honour to acknowledge the receipt of your ietter of the 22 nd inst., transmitting to this office statements of final appropriation accounts for 1894-95, of the Department of Militia and Defence.

The following cases require some fuller explanations than appear on your statement of the comparatively large unexpended balances at the close of the year, showing a great disparity between the amounts estimated for the services mentioned and the amounts as shown by the expenditure to have been actually required :
\begin{tabular}{|c|c|c|}
\hline & Vote. & Balance unexpended. \\
\hline Annual drill 1894-95 & \$22C,000 00 & \$42,788 62 \\
\hline Militia and other stores & 66,700 00 & 15,¢00 60 \\
\hline Grants in aid of Artillery Associations and bands and military institutes. & 37,000 00 & 2,325 00 \\
\hline Royal Military College. & 70,000 00 & 5,431 06 \\
\hline Gratuities to officers Active Militia Staff placed on the retired & & \\
\hline list.................. & 12,000 00 & 12,000 00 \\
\hline Sussex, N.B. : fitting up camp grounds & 1,500 00 & 1,500 00 \\
\hline New Westminster drill hall. & 5,000 00 & 5,000 00 \\
\hline
\end{tabular}

You should explain why the expectations of expenditure which you had at the time the appropriations were advised were not realized.

I am, sir, your obedient servant,
The Deputy Minister of Militia and Defence.

\section*{Price of Wood Supplied to Military Buildings, Quebec.}

Audiy Office, Ottawa, 20th May, 1895.
Sir,-In connection with the provisions and supplies to the Artillery at Quebec, let me call your attention to G. B. Lawrence's accounts for wood supplied to the military buildings at that place to February 28th, 1895 :

and to ask whether tenders were called for by public advertisement for the furnishing of this quantity of wood. Maple wood is purchased for the Quebec post office at the rate of \(\$ 6.66\) per cord.

In view of the fact that there was paid to Louis Trudel to Feb. 28th, 1895, for hauling wood, \&c., \(\$ 440\) ( 114 days, at \(\$ 2\); 53 days, at \(\$ 4\) ) please let me know what are the conditions of \(M_{r}\). Lawrence's contract, as to the delivering of the wood supplied by him.
I am, sir, your obedient servant,
J. L. McDOUGALL, A. G.

The Deputy Minister of Militia and Defence.

Militia and Defence, Ottawa, 22nd May, 1895.
Sir,-In answer to your letter of the 20th inst., I have the honour to inform you that tenders for the supply of fuel wood at Quebec for the year 1894-95 were called for by public advertisements. Three tenders were received, and the contract given to the lowest tenderer. Herewith is a copy of Mr. G. B. Lawrence's contract.

I am, sir, your obedient servant, C. EUG. PANET, Colonel, D.M.M. \& D.

The Auditor General,

\section*{Advantage not taken of the full discount allowed on Water Rates Account.}

Audit Office, Ottawa, April 30, 1895.
Sir,-Let me call your attention to the account of the city of Toronto for \(\$ 146.67\) for water rates on the Stanley barracks for the quarter ending December 31, 1894. This account, dated January 1, 1895, and due any time after December 31, was not paid until February 11, and a discount of only 40 per cent was obtained. There seems to be no reason why payment should not have been made before, and advantage taken of the full discount of 50 per cent allowed on such an account, if paid on or before January 31. Be good enough to explain.

I am, sir, your obedient servant,

Militia and Defence, Ottawa, May 30, 1895.
Sir,-In reply to your communication of the 30th ultimo, I have the honour to inform you that the delay in paying the account of the city of Toronto for water rates on the Stanley barracks was caused by the necessity of returning such account for verification and explanation, so that it was only on the 31st January that I could authorize the payment, and such payment could only be made in Toronto by the 2 nd of February.

Cheque for \(\$ 123.47\) (being the amount of the account with full 50 per cent discount) was sent to the City Treasurer in payment, on 2nd February, but was returned on the 4 th, as being insufficient, only 40 per cent discount being allowed if paid after 31 st January and before 10th February.

On the 7 th February the account was again sent to me for authority to pay the corrected amount (\$146.67), and payment was made on the 11th.

I am, sir, your obedient servant,
The Auditor General.
C. EUG. PANET, Colonel, D.M.M. \& D.

\section*{Col. Bergin's advances unaccounted for-Books not obtained through Stationery Office-Advertising account not certified by Queen's Printer.}

\author{
Audit Office, Ottawa, April 3, 1895.
}

Sir,-Let me call your attention to the following remarks on the expenditure made by your department against "Miscellaneous and Unforeseen Contingencies." The advances made by cheques 335 of September 7, and 902 of December 7, 1894, to Col. D. Bergin, M.P., M.D., Surgeon General, on account of travelling and personal expenses inspecting barracks and hospitals of permanent corps have not, among the vouchers I have received, been accounted for. A detailed statement of Col Bergin's expenses against the first advance should have been sent in before a second one was issued.

Cheques 426 and 664 issued to John Lovell \& Son, of Montreal, and cheque 486 to Boulanger and Marcotte, of Quebec, were for directories which should have been purchased through the Stationery Office, Ottawa. The account of the latter contains one item dated May 25,1892, and another dated May 23, 1893, each for a copy of a directory. As this account was paid on October 1, 1894, some explanation appears to be needed why these items were not presented for payment before.

The voucher supporting cheque 792 in favour of the Peterborough "Times" for \(\$ 60\), for advertising "Tender for Clothing Supplies" is not certified by the Queen's Printer. I inclose voucher for the necessary certificate and copy of advertisement required in such cases.

I am, sir, your obedient servant,
The Deputy Minister, Militia and Defence.
J. L. McDOUGALL, A.G.

Militia and Defence, Ottawa, April 9, 1895.
Sir, -In reply to the last paragraph of your letter of the 3 rd instant, I have the honour to inform you that the account ( \(\$ 60\) ) of the Peterborough "Times," for advertising tenders for clothing, supplies, \&c., was, by the Honourable the Minister, authorized to be paid upon Order in Council of 17 th October last, copy of which is herewith inclosed. The voucher is now returned.

I am, sir, your obedient servant,
The Auditor General.
C. EUG. PANET, Colonel, D.M.M. \& D.

Audit Office, Ottawa, April 17, 1896.
SIR,-I have your communication of the 9th instant, replying to the last paragraph of my letter of the 3rd, asking for the certificate of the Queen's Printer on the account of the Peterborough "Times" for advertising for tenders for clothing, supplies, \&c., and that a copy of that advertisement be attached, stating that the account in question was authorized to be paid upon Order in Council of 17 th October last, and inclosing copy of order.

The Order in Council of 17 th October places the Peterborough "Times" on the authorized patronage list, after the advertisement was inserted in that paper and authorizes payment only so far as it removes that limitation.

Cap. 27 of the Revised Statutes requires that all accounts for advertising for the public service shall be audited by the Queen's Printer. The Order in Council referred to does not and cannot dispense with the requirements of an Act of Parliament providing for the audit of this and all other accounts for advertising in any paper. Please obtain the necessary certificate.

The copy inclosed by you is a copy of an advertisement in connection with the Royal Military College.

I am, sir, your obedient servant,
The Deputy Minister, Militia and Defence.
J. L. McDOUGALL, A.G.

Militia and Defence, Ottawa, April 23, 1895.
Sir,-With reference to the first paragraph of your letter of the 3 rd inst. I have the honour to state that a report has been aṣked from Dr. Bergin, Surgeon General, concerning the advances therein mentioned, and the same will be communicated to you as soon as received here.

With regard to the second paragraph of the same letter, I am to state that the directories bought from John Lovell \& Son, of Montreal, and Boulanger \& Marcotte, of Quebec, were obtained by means of requisitions approved at Ottawa after the usual way of purchasing articles for the use of the brigade offices in the various military districts.

It is true that the account of Boulanger \& Marcotte came to me some time in September, 1894, for the first time, but I do not know why that firm did not demand payment at an earlier date.

The third paragraph of your letter, concerning advertisements for clothing supplies was answered by my letter No. 25391 of the 9 th instant.

I am, sir, your obedient servant,
The Auditor General.
C. EUG. PANET, D.M.M. \& D.

\section*{Payment made after the Appropriation Accounts were closed.}

Audit Office, Ottawa, November 13, 1895.
Sir,-I have your application of the 13 th instant to repay the bank of Montreal, London, \(£ 9,444-1-5\), amount paid to the Imperial Government for Lee-Metford rifles, by cheque of the High Commissioner against credit for \(£ 11,000\).

Please state when the cheque was drawn. .The appropriation was not available after the 31st of August, and cheques should therefore not have been drawn against the credit after that time. Was the High Commissioner so instructed by you?

I am, sir, your obedient servant,

\section*{Auditor General's Report-Part L}

\section*{Militia and Defence, Ottawa, November 14, 1895.}

Sir,-In reply to your letter of yesterday's date, I have the honour to state that the order for the purchase and payment of the Lee-Metford rifles was given long before the 31st August, and I have no doubt the cheque was drawn in good time but I cannot furnish the date.

> I am, sir, your obedient servant, C. EUG. PANET, D.M.M.\& \(D\).

The Auditor General.

Audit Office, Ottawa, Nov. 15, 1895.
Sir,-I have your letter in reply to mine of yesterday with reference to the payment for the Lee-Metford rifles.

I beg to remind you that it is not a question of the purchase of the rifles, but only of the payment. The cheque in payment could not have been drawn before August 31st, or before September 30th even, because we have had statements of all the cheques drawn before September 30th by the High Commissioner, and this particular payment is not in them.

I am, sir, your obedient servant,
The Deputy Minister, Militia and Defence. J. L. McDOUGALL, A.G.

\section*{Complete Vouchers to be Sent to Audit Office.}

Audit Office, Ottawa, April 26, 1895.
Sir,-The vouchers forwarded with your requisition of the 23 rd instant, for a warrant in favour of the Bank of Montreal, London, to cover cheques drawn by the High Commissioner to pay sundry claims against your department, are insufficient to fully authorize the expenditure, there being no certificates of any nature, and in two cases the receipts only being sent. As the expenditure has already been made, I am passing your requisition only on the understanding that complete vouchers be sent to this office at your earliest convenience.

I am, sir, your obedient servant,
The Deputy Minister of Militia.
J. L. McDOUGALL, A.G.

\section*{Incomplete Vouchers in Connection with Piece Work, Cartridge Factory, Quebec.}

Militia and Defence, Ottawa, July, 8, 1895.
SIr,-I have the honour to transmit to you, herewith, the pay-lists of the government cartridge factory, Quebec, for the months of July, August, September, October, November and December, 1894, and January, February, March, April and May, 1895. I am, sir, your obedient servant, The Auditor General. C. EUG. PANET, D.M.M. \& D.

Audit Office, Ottawa, July 12, 1895.
\(S_{\text {IR,-I }}\) have the honour to acknowledge the receipt of your letter of the 8th inst., transmitting to this office the pay-lists in duplicate of the piece work done in the Dominion cartridge factory for eleven months (July-May) of the fiscal year 1894-95. These pay-lists are incomplete vouchers, inasmuch as they do not bear any calculation showing the amount of work and rate of pay, or the receipts of the parties to whom the
money is paid. While books are kept in the office, giving names of operators, amount of work, \&c., description thereof and amount of money received by each, as stated in the superintendent's letter of August 11, 1892, I see no difficulty in furnishing this office with a regular voucher, properly certified and receipted, in connection with this expenditure. I return herewith the pay-lists for completion.

> I am, sir, your obedient servant,

The Deputy Minister of Militia.

\author{
J. L. McDougall, a.g.
}

Militia and Defence, Ottawa, 31st July, 1895.
Sir, -In returning to you, herewith, the pay-lists, in duplicate, of the piece work done in the Government Cartridge Factory for 11 months (July-May) 1894-95, inclosed in your letter of the 12 th instant, I have the honour to state that the information required by you has already been furnished in a letter from the Superintendent of the Cartridge Factory, on the same subject, dated 28 th April, 1890, transmitted to you with my letter No. 19043, of the 14th May of the same year.

I am, sir, your obedient servant, C. EUG. PANET, Colonel, D.M.M. \& D.

The Auditor General.

\section*{Expenditure, Cartridge Factory, Quebec.}

Audit Office, Ottawa, May 20, 1895.
Sir,-Let me call your at iention to the following items of expenditure among the accounts of the Government Cartridge Factory, Quebec:-

July 11th, \(1894, \mathrm{Wm}\). Dufour was paid \(\$ 35.80\) as an advance for travelling expenses ; January 22nd, 1895, Major Prevost was advanced \(\$ 500\) on account of travelling expenses to England. The Order in Council of February 6th, 1893, says that all such advances shall be accounted for within one month from the conclusion of the trip. This office has not as yet received the accounts of either advance.

Sept. 20th, 1894, an account of \(\$ 38\) was paid to P. P. Giguere, plumber, Quebec, for repairing closets at the Superintendent's quarters. Please let me have your reasers for considering this a charge against the Cartridge Factory.

I have not received any of the piecework pay-lists for the present year. Please instruct Major Prevost to forward them to you if he has not already done so.

I am, sir, your obedient servant,
Deputy Minister of Militia and Defence.
J. L. McDoUgall, a.g.

\title{
Re Royal Military College Revenue.
}

\section*{Audir Office, Ottawa, September 21, 1895.}

Sir,-II have to inform you that in accordance with your application of the 19th instant, a cheque will issue in favour of Major Byron A. Weston for \(\$ 42\), chargeable against Military College Revenue.

I am returning herewith the papers received with your application. The bank receipts for \(\$ 84\) and \(\$ 42\), you will of course forward to the Finance Department with your next return. I may add that under no circumstances should a bank receipt be held in the department. Once issued it must be entered up in the books of this office and the Finance Department regardless of any subsequent action found necessary. Not doing so promptly, leads to extra trouble and confusion with the bank accounts.

I am, sir, your obedient servant,
The Deputy Minister, Militia and Defence.
J. L. McDOUGALL, \(A . G\).

\section*{Re Arrears Due.}

Audit Office, Ottawa, October 9, 1895.
Sir,-In the return of rents collected in July and August last there appear deposits amounting to \(\$ 190\), made by Capt. J. E. Curran, the proceeds of grass sold and rent of buildings on the military property at Annapolis, N.S., covering the following periods :-

> Rent southern half of buildings from May 1, 1893, to August 1. 1895
Rent of northern half of buildings from November 1, 1892, to August 1, 1895 ..... 54
Total ..... \(\$ 190\)

I have to inquire as to whom these receipts were paid previous to the dates mentioned. This I assume is the property for which you returned arrears due by J. B. Mills. What action has been taken to recover, either the arrears shown against Mr. Mills, or the actual amount paid by the occupants of the grounds? Have you decided that Mr. Mills is not responsible to you for the arrears of rent as given in previous statements?

I am, sir, your obedient servant,
The Deputy Minister, Militia and Defence.
J. L. McDoUGALL, A.G.

Dept. Militia and Defence, Ottawa, October 12, 1895.
Sir,-In reply to your letter of the 7th instant, I have the honour to inform you that the following arrears are due to this department, and have not yet been satisfied, viz. :-
(a.) Balance of account of the late Lt.-Col. C. de Bellefeuille, district paymaster and superintendent of stores at Montreal. (Due since August 27, 1889.).. ...... \$ 1,262 05
(b.) Balance of account by the bankrupt estate of Beaudet \& Chinic, of Quebec. (Final dividend was paid on July 21, 1892.). . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$ 43816

I am, sir, your obedient servant,

\section*{The Auditor General.}

\section*{Auditor General's Report-Part L}

\section*{Audit Office, Ottawa, October 17, 1895.}

Sir,-I am in receipt of your letter of the 12 th instant, in reply to my letter asking for a statement of all arrears due to your department.

I have to point out that you have not furnished any statement of the arrears due for rent of Government properties.

You give the balance due by the estate of Beaudet \(\&\) Chinic as \(\$ 438.16\). Did not the late Major Prevost guarantee the payment of this amount? Has any action been taken in reference thereto?

You stated in a former letter that the claim against the late Lt.-Col. C. de Bellefeuille was in the hands of the department. Why has nothing been collected?

I am, sir, your obedient servant,
The Deputy Minister, Militia and Defence.
J. L. McDOUGALL, A.G.

Note.-See letter to Treasury Board, pagelxxxv.

\section*{North-west Mounted Police, Ottawa, Nov. 26, 189 万.}

Sir,-In reply to your circular letter asking for a detailed statement of all arrears due on the 30th June last which have not been satisfied :-
1. By collecting officers.
2. By disbursing officers.
3. By persons not government officers.

I beg to say that:
1. We have no collecting officers.
2. All amounts have been accounted for by disbursing officers, except an item of \(\$ 1,000\) advanced to Inspector C. Constantine fcr expenses in connection with the Police on duty in the Upper Yukon District. I am afraid we shall not receive vouchers covering the expenditure of this advance until April or May next, as there is no regular mail communication.
3. I am not aware of any money to be accounted for by persons not government officers.

I am, sir, your obedient servant,
The Auditor General.
FRED WHITE, Controller.

\section*{Bagotville and Chicoutimi and Quebec-Delay in making Payment.}

\section*{Post Office Department, Ottawa, October 24, 1895.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 21 st instant, asking an explanation in the delay in making payment for the mail service between Bagotville, Chicoutimi and Quebec for the season of 1890. The payment for this service was authorized by Order in Council of the 27 th of May, 1890, but the company demanded four thousand five hundred dollars for the service, the amount formerly paid, and declined to accept a less sum until last year, when, on a re-organization of the Richelieu Company, the new directors accepted the payment authorized.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.M.G.

\section*{Payment for Office at Quebec.}

\section*{Audif Office, Ottawa, October 7, 1895.}

Sir,-I beg to ask for explanation of two payments made during last year amounting to \(\$ 4 \overline{5} .25\) to Geo. Bacon, for care of the Minister's office at Quebec. Do these payments cover only the time during which the Minister occupied the office in question or is Mr. Bacon, in permanent charge as a caretaker having regular daily duties in this respect the year round? I would call your attention to the fact that during the whole of last year Mr. Bacon was paid as a fabourer in connection with the Militia Department, and was also, I think, paid for occasional services in connection with the Governor General's Quarters at the Citadel.

In these latter capacities he has signed the pay-list "B. G. Bacon," but the handWriting is apparently by the same person. One of the vouchers sent by your department is signed by himself, and the other by form of mark "X."

The Minister's office is, I presume, in a Dominion building.

> I am, sir, your obedient servant,

Post Office Department, Ottawa, October 16., 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 7 th instant in which you ask for an explanation of the payments made during the last year, amounting to forty-five dollars and twenty-five cents, to George Bacon for the care of the Minister's office in Quebec.

In reply, I beg to explain that the payment is made to Mr. George Bacon for taking care of an office which is situated in the Brigade Office in Quebec. This office is used by any of the Federal Ministers who may happen to be in town, but mostly by the Postmaster General. Mr. Bacon goes there regularly to see that the office is properly kept and, when the Ministers are in town, to make fires and so on, and it does not seem therefore that an allowance of twenty-five cents a day for such service is out of the way.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.M.G.

\section*{Transferred at an Increased Salary Contrary to Statute.}

\section*{Aúdit Office, Ottawa, August 1, 1895.}

Sir,-I beg to call your attention to the rate at which Superannuation deduction has been made from the salary of R. J. Daigle, a railway mail clerk of the New Brunswick Division. It appears from the information in this office that Mr. Daigle resigned his position as railway mail clerk on June 30, 1893, and was appointed sub-collector of customs at Woodstock, N.B., on the following day. His salary at the time of his resignation was \(\$ 520\) per annum, and the salary attached to his new position was only \(\$ 500\) per annum. In both positions he paid superannuation deduction. The last salary payment I find in his favour as Customs officer is for August, 1894. By Order in Council of August 1, 1894, he was reappointed railway mail clerk at \(\$ 520\) per annum, but according to the Inspector's pay-lists he did not report for duty until October 1 following, and accordingly was paid from that date. There is no record of any salary payment for September, 1894.

In view of these circumstances it seems clear that Mr. Daigle's return to the service of the Post Oftice Department was by a new appointment, and in consequence he is now subject to the provisions of the Civil Service Superannuation Act as amended by 56 Vic., chap. 12. The object of dealing with the case in this manner instead of hy transfer under section 46 of the Civil Service Act was apparently to enable the department to pay him at the rate of \(\$ 520\) per annum, the salary he was receiving at the time of his resignation in June, 1893.

I shall be glad if you will give this matter your early attention so that the arrears of deduction may be deposited in time to enter into the transactions of the fiscal year 1894-95 to which they belong.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, September 12, 1895.
Sir,-I wrote you on the 1st August last with reference to the superannuation deduction which should be made from the salary of R. J. Daigle, who was reappointed to the postal service in the province of New Brunswick in August, 1894, but have not yet received any communuication from you on the matter.

I shall be glad if you will cause the necessary amount to be credited to Superannuation Revenue No. 2 as soon as possible, so that the transaction may enter into last year's account to which it properly belongs.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

\section*{Auditor General's Report-Part N}

\section*{Post Office Department, Ottawa, Sept. 13, 1895.}

Sir, -With reference to your letters of the lst ultimo and the 12 th instant, respecting the amount to be deducted for superannuation from the salary of Mr. R. J. Daigle, a railway mail clerk in the New Brunswick division, I observe you take the position that Mr. Daigle's return to the service of the Post Office Department was by a new appointment. It does not, however, appear to me that Mr. Daigle's return to the railway mail service was a new appointment, inasmuch as he was never out of the service. He was appointed a sub-collector of customs by Order in Council of June 15. He did not resign his appointment as a railway mail clerk until July 1, 1893. He continued in the customs service until Aug. 1, 1894, when he was reappointed a railway mail clerk at the same salary as he had when he left the post ottice service, on July 1, 1893. His resignation of his position of sub-collector of customs was approved by His Excellency on September 11, 1894. It is very true that he did not report for duty in this department until October 1, but he was to all intents and purposes an officer of the department from the date of his reappointment on August 1, 1894. He remained with the customs until October, to suit the convenience of that department, and was, I understand, paid by them out of the contingencies. We, of course, could not pay him until he resumed duty, but he was absent on leave without pay.

I am, sir, your obedient servant,
The Auditor General. WM. WHITE, D.P.M.G.

\section*{Audit Office, Ottawa, Sept. 19, 1895.}

Sir,-I beg to acknowledge the receipt of your letter of the 13 th instant, with reference to the case of R. J. Daigle, a railway mail clerk in the New Brunswick postal division. I find from vouchers recently sent me by the Customs Department, that the employment of Mr. Daigle in the customs service at Woodstock was continued until September 30, 1894, his salary for that month having been paid from contingencies, but no superannuation deduction was made therefrom. In view of his continuous employment, it seems to me his resumption of duty in the postal service should have been by transfer, under section 46 of the Civil Service Act. Under this section you will observe that a transfer must be made without increase of salary, so that Mr. Daigle should now be called upon to refund the amount overpaid him to date-his salary having been increased at the time of transfer, from \(\$ 500\) to \(\$ 520\)-and to pay the necessary superannuation deduction for the month of September. It will not then be necessary to increase the rate of superannuation deduction.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALI, A.G.

\section*{Post Office Department, Ottawa, Sept. 20, 1895.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 19th inst., with respect to the salary paid to Mr. Daigle, who was transferred from this department to the customs, and subsequently retransferred to this department, I observe that you say that Mr. Daigle's salary was increased from \(\$ 500\) to \(\$ 520\) at the time of his transfer, but I beg to point out that Mr. Daigle's salary was increased under the provisions of the Civil Service Act, from \(\$ 480\) to \(\$ 520\) a year on July 1, 1892, and he therefore was in receipt of a salary of \(\$ 520\) a year from this department at the time of his transfer to the customs, and he therefore was paid the same salary on his re-transfer to this department as he had been previously receiving.

I am, sir, your obedient servant,

Audit Office, Ottawa, September 21, 1895.
Sir, --In reply to your letter of the 20th instant, with further reference to the case of Mr. Daigle, I beg to say that in my opinion the transfer in question should have been made without increase in the salary he was receiving at the time such transfer was authorized. The fact that at some previous time he was in receipt of a higher salary does not, as I interpret section 46 of the Civil Service Act, entitle him to exceptional treatment in this respect.

I am, sir, your obedient servant,
The Deputy Postmaster General. J. L. McDOUGALL, \(A . G\).

\section*{Expenses for other than City Post Offices.}

Audit Office, Ottawa, October 9, 1895.
Sir,-I beg to bring to your notice the expenditure made during last year from post office miscellaneous for post o tices at Brockville, Owen Sound and Peterboro'. The expenses incurred include scrubbing, laundry, brooms and furnishings.

As these offices are not city post offices, should not expenses of this nature be defrayed by the postmasters from their allowances from revenue the same as at all other country post offices? Please explain.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGaLL, A.G.

\section*{Post Office Department, Ottawa, October 9, 1895.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 9th instant in which you call attention to certain expenditure made during the last year on account of the post offices at Brockville, Owen Sound and Peterboro', and you go on to remark " that, as thoee offices are not city post offices, should not the expenditure which has been incurred be defrayed by the postmasters of the offices in question ?"

I beg in reply to inform you that the Postmaster General has decided to change the basis upon which the remuneration of the postmasters of certain of the large town post offices is calculated by substituting a fixed annual salary for an allowance based on a fluctuating revenue. 'The department therefore pays all the contingent expenses of the office, the postmaster receiving a fixed salary without any other allowances whatever.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.M.G.

\section*{Orders in Council not Received.}

Audit Office, Ottawa, April 9, 1895.
Sir,-I wrote you some time ago asking that the authority of the Governor in Council be sent me for the transfers that had taken place during the fiscal year 1893-94 with respect to several of the inspectors' divisions in the province of Ontario.

I beg to inform you that the necessary Orders in Council in regard to these transfers have not yet been sent me.

I am, sir, your obedient servant,
J. L. McDOUGALL, \(A . G\).

The Deputy Postmaster General.

\section*{Audit Office, Ottawa, July 15, 1895.}

Dear Col. White,-I have written you several letters pointing out that the Orders in Council for appointments, promotions, increases of salary, and other changes which have taken place in the outside service of the Post Office Department in 189394 and 1894-95, have not reached this office. I have not received the orders since, and I have not heard from you on the subject. Will you be good enough to say whether you have taken steps to cause the office to be supplied with these Orders in Council. I shall be obliged by an early reply.

The Deputy Postmaster General.

> Yours sincerely, J. L. McDOUGALL, A.G.

Post Office Department, Ottawa, July 19, 1895.
My Dear Mr. McDougall,-In reply to your letter of the 15 th respecting the Orders in Council for appointments, promotions, increases of salary, \&c., in the outside service of this department, I beg to say that we have been very much pressed, and as your request involved a careful examination of our establishment book, and took a considerable time, the matter has been somewhat delayed. I have, however, now sent over a requisition to the clerk of the Privy Council for copies of the orders in question, of which I find there are nearly a hundred.

> Yours faithfully,

The Auditor General.
WM. WHITE.

\section*{Provisional Allowance.}

Audit Office, Ottawa, July 18, 1895.
Sir,-I beg to inform you that I have not received the authority of the Governor in Council for the various payments that were made during the fiscal years 1894-95 for provisional allowance to the Post Office employees in Manitoba and British Columbia. Please let me know if the disbursements made from the appropriation for this purpose were authorized by Order in Council or merely under departmental instructions.

I anc, sir, your obedient servant, The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

Post Office Department, Ottawa, July 18, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 18th instant asking whether the provisional allowance to post office employees in Manitoba and British Columbia was paid under the authority of an Order in Council or departmental instructions, and I beg in reply to say that the payment was made under the instructions of the Postmaster General.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.M.G.
Audit Office, Ottawa, July 20, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 18 th inst., in which you state that the provisional allowances paid to certain post office employees in Manitoba and British Columbia during the fiscal year 1894-95 were not authorized by the Governor in Council, but paid under instructions from the Postmaster General.

I find from the paylists sent me that the payments made from the appropriation for this purpose were not general, being confined to certain districts and individuals in the localities mentioned in the estimates. For example, the railway mail clerks of the Manitoba district were granted allowances equal to ten per cent of their statutory salaries, while no allowance was made to similar employees in the British Columbia district. Now, in my opinion, it is for the Governor in Council and not the department to
discriminate in this respect and to determine the class of individuals who are to share in the benefit of the appropriation provided for these allowances, and to determine also the basis upon which such allowances are to be calculated.

I trust you will not make any further payments until the matter has been decided by Council.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

\section*{Increased Rate to Canadian Paciflc Railway, not Authorized by Order in Council.}

\section*{Audit Office, Ottawa, November 2, 1895.}

Sir,-I beg to bring to your notice the change made in the rate of payment for carrying the mails over the Canadian Pacific Railway between Smith's Falls and Montreal during the fiscal year 1894-95.

One semi-daily service which had been paid for at the rate of \(\$ 250\) per month was paid during the quarter ended September 30, 1894, at the rate of 8 c . per mile. Was this change authorized by the Governor in Council ?

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDougall, a.g.

Post Office Department, Ottawa, November 6, 1895.
SIR,-I have the honour to acknowledge your letter of the 2nd instant, in which you bring to my notice the change made in the rate of payment for carrying the mails over the Canadian Pacific Railway between Smith's Falls and Montreal during the fiscal year 1894-95.

With reference to the semi-daily service to which you refer, the payment of two hundred and fifty dollars a month was a special payment for a temporary service authorized by the Postmaster General ; the rate of eight cents per mile is the ordinary rate paid to all railways running post office cars with clerks in charge where no special agreement exists, and as it is sanctioned by the general Order in Council, which, as I said above, is applicable to all railways, there seemed to be no necessity to get a special Order in Council. This in fact would be impracticable in the great majority of cases because changes in the running of trains constantly involve a change in the description of Mail Service, of which we have usually but two or three days' notice, and for that reason a general scale was established which could be applied to the varying descriptions of the service as occasion might require.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.M.G.
Audit Office, Ottawa, November 8, 1895.
Sir,-With reference to your letter of the 6th inst., in explanation of the increased rate at which payment was made to the Canada Pacific Railway for the carriage of the mails between Smith's Falls and Montreal, I beg to call your attention to my letter of November 5th, 1894, published in the report of this office for the year 1894 at page M-58.

You will notice that I called your attention in this letter to the fact that the Post Office Act, "was passed in its present form in 1886, whereas the Order in Council which you quote in your letter of September 8, is dated April 8, 1865, and consequently is not based on the Act of Parliament now governing the contracts in question." I have not received your answer to this letter.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

\section*{Re Rents of Letter Boxes.}

\section*{Audit Office, Ottawa, April 30, 1895.}

Sirs,_-Statements of the revenue collected at the city post offices for rent of letter \(^{\text {a }}\) boxes, \&c., during the September quarter of 1894, reached this office a few days ago. Please explain why some of the rents are refunded. The counterfoils of the receipts issued are not furnished, and without them it is not possible to make any effective audit.

The returns should be certified specitically as to the following points:-(1) that the proper fee was collected for all boxes used; (2) that the statement is a full and correct account of all fees collected; (3) that the receipts were deposited to the credit of the Receiver General in accordance with the Treasury regulations.

I have to request you to send me a list of all postmasters authorized to retain fees collected by them, and the statements of these collections furnished. If no statements are furnished, I have to request you to direct the postmasters to do so. Though the Treasury Board has decided that the Postmaster General has authority to allow certain postmasters to retain the fees, the statements of these collections should be furnished, in order that a correct account may be shown of the remuneration of postmasters.

> I am, sir, your obedient servant,

\section*{The Deputy Postmaster General.}
J. L. McDOUGALL, A.G.

\section*{Post Office Department, Ottawa, July 9, 1895.}
\(S_{\text {Ir, -I }}\) have the honour to inform you that, in compliance with your letter of the 30th April last, I have this day furnished you with the counterfoils of the receipts for rent of letter boxes at city post offices during the September quarter, 1894. Those for December quarter, 1894, and March quarter, 1895, will follow in a few days.

In reply to that part of your letter of the above date which requests an explanation as to the refunding of some of the box rents, I beg to say that the lessee of a box is
obliged to pay the rent in advance every quarter, with the understanding that if he should wish to give up the box before the quarter expires, the rent for the unexpired portion of the lease will be refunded to him. These are the only circumstances under which refunds are made.

No statements have hitherto been furnished to this department showing the fees collected for rent of boxes by postmasters who are authorized to retain them, but arrangements have now been made by which the information required will be supplied from the 1st July instant. All returns from that date will be certified as suggested in your letter above quoted.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, Dep. P.M.G.

\section*{Re Stamp Branch.}

\section*{Audit Office, Ottawa, May 10, 1895.}

Sir, -The sum of \(\$ 2,095.60\) was expended during 1893-94 for the redemption of postage stamps. This amount was paid to 69 persons or firms, out of which the sum paid to 30 only amounted to \(\$ 73.38\). I understand the present practice is to redeem all stamps received, less 5 per cent discount, and that they are furnished in such loose shape that you find it necessary to have them counted by one clerk and recounted by another. When the clerk from this office goes to your department to make a test audit and assist at the burning of the stamps, he has again to count the stamps in such of the packages as he tests.

Is there any reason why redemption should not be limited to quantities of not less than 100 and multiples of 100 ; and in the case of stamps that they should be attached to a sheet of paper in quantities of 100,10 square?

A considerable saving of work both for your department and this office would thereby be effected and no great hardship imposed on the public having stamps to redeem.

I am, sir, your obedient servant,

\author{
J. L. McDOUGALL, A.G.
}

Audit Office, Ottawa, November 26, 1895.
Sir,-A quarterly statement is regularly furnished to this office by the Stamp Branch of your Deparment, in which is stated the quantity of each class of stamps and cards on hand.

I have to inquire how often this statement is verified by an actual stock-taking. If informed, I will send a clerk to be present when stock is next taken.

I have not received any reply to my letter of May 10th last, in which I made certain suggestions in reference to the redemption of stamps with the view of lessening the work entailed, both on your staff and on the clerk sent from this office to make \({ }^{\text {a }}\) test audit. Please let me know what action has been taken in reference thereto.

> I am, sir, your obedient servant,

The Deputy Postmaster General.
J. L. McDOUGALL, a.G.

Post Office Department, Ottawa, November 28, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 26 th inst., respecting the statements furnished to your office by this Department in connection with the issue of postage stamps, and I beg in reply to transmit herewith a memorandum from the officer in charge of the Stamp Branch which will, I believe give you the information you ask for.

\author{
I am, sir, your obedient servant, \\ WM. WHITE, D.P.M.G.
}

The Auditor General.

\section*{Auditor General's Report-Part N}

\section*{Memo. for the Deputy Postmaster General.}

\section*{Post Office Department, Ottawa, November 27, 1895.}

With regard to the letter of the Auditor General dated the 26 th inst. respecting,
(a) the frequency with which the quarterly stamp statement furnished to his office is verified by actual stock-taking and,
(b) his reference to certain suggestions made in a previous letter on the subject of the redemption of stamps, the Deputy Postmaster General is respectfully informed :
(1st.) At the end of eaeh quarter the Accountant takes stock, and checks the balance on hand. He also checks the nuinber of stamps received from the manufacturer. From the weekly statement of this Branch, and the accounts received from Postmasters, he checks by comparison the value of stamps issued to Postmasters, the value of damaged stamps received back from them and destroyed by the Auditor General, and the value of available stamps received from Postmasters and put in circulation. There is thus a check applied by the Accountant to the stock taking each quarter by this Branch.

Quarterly, also, the Branch prepares for the Auditor General a statement of the Value of stamps issued to each Postmaster. This is accompanied by a copy of the balance sheet prepared by this Branch, verified by the Accountant, and signed by the Deputy Postmaster General and the Superintendent of the branch.
(2nd.) The suggestions to which the Auditor General refers viz.: the limitation, in the case of the redemption of postage stamps, to quantities of not less than one hundred and multiples of a hundred, and the placing on sheets of paper of such stamps in quantities of one hundred (ten square) : the practice of this branch has been with reference to the first suggestion to fix the minimum of stamps or cards to be redeemed at \(\$ 2.00\); while as to his second suggestion, that, since his letter of 10th May last was received, has been carried out.

Stamps are now attached to sheets of paper in the quantities and manner he suggests.
E. P. STANTON, Supt.

\section*{Re Transit Postage.}

Audit Office, Ottawa, March 30, 1895.
Sir,-Referring to your application for a payment to the Postmaster General of the United States for balance due on transit postage account for 1893 and 1894, I have to request you to send me all the papers in reference thereto, including the accounts. Why was the balance due for 1893 not paid before this? I observe that the amount paid for 1892 was only \(\$ 28,864.05\).

I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

Post Office Department, Ottawa, April 3, 1895.
Sir,-I beg to acknowledge receipt of your letter of the 30th ultimo, in reference to an application from this department for a draft in favour of the Postmaster General of the United States, for the balance due by this country on transit postage account for the years 1893 and 1894, in which you ask as follows, viz. :-
lst. That you be sent all the papers in reference thereto, including the accounts.
2nd. Why the balance due for 1893 was not paid before this?
In reference to the first, I beg to say that the general account is prepared from four other accounts, two in favour of each administration, and that, as this department is only in possessson of one copy of each, and, as these copies are required in the preparation of statistical statements that will have to be furnished to the director of the International Bureau at Berne, it is not thought well to part with the originals, and I have therefore caused copies to be prepared and herewith inclosed. The original
accounts are open to the inspection of any officer of your department who may be detailed for that purpose.

I may say for your information that, by the convention of Vienna the statistics of November, 1893, were made applicable to the years 1893 and 1894 , and to the last six months of the year 1892.

The payment made for the year 1892 was, therefore, provisional in respect to the last half year, and subject to revision under the new statistics, and the balance has been so adjusted in the general account.

With reference to question No. 2, I have to say that the circumstances are the same as in 1888, and the explanations then given by the late financial comptroller hold good in the present case. A copy of his letter of the 5th November, 1888, is herewith.

The Postal Union Act provides for the settlement of accounts on the basis of statistics taken every three years, alternately in the months of May and November. It is apparent that when November is the statistical month, a settlement of accounts cannot be effected till many months after the close of the year to which they relate, particularly if some of the forms, relative to the weights of correspondence, are lost in transit, and have to be duplicated, dc.

The general account was dispatched from Washington on the 22nd March, 1895, and the application for the draft was made on the 29 th of thr same month. It does not appear, therefore, that there has been any unnecessary delay on the part of this department.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.M.G.

Post Office Department, Ottawa, 5th November, 1888.
Sir,-Your letter of the 3rd instant asks for an explanation, why the settlement of postal accounts with the United States, in respect of the draft asked for in my letter of 2nd instant, to cover United States transit charges, from lst April, 1886, to 31st December, 1887, "has been so long delayed, well on to two years."

I may say, first, that ten months only, and not two years, have elapsed since the close of the period to which payment in question applies, - and secondly, that these transit charges are based by the terms of the Universal Postal Union, on periodical sta-tistics-the last of which statistics were taken in November, 1887.-that the results arrived at are retro-active in their operation so as to cover the period to the next statistical period antecedent; that the charges arising out of these statistics are more or less complex and require time for adjustment, and that, an arangement being come to, the beneficiary country, in all cases, prepares and renders the account.

The United States, in this instance, was the beneficiary country, and, on the 10th October, 1888, prepared the account, which formed the subject of your inquiry, so that there has not been, as you will perceive, any undue delay in effecting a setilement with the United States of postal transit charges from 1st April, 1886, to 31st December, 1887.

> I am, sir, your obedient servant,

The Auditor General.
J. C. STEWART, Financial Comptroller.

Audit Office, Ottawa, April 5th, 1895.
Sir,-I have received your letter of the 3rd inst., with the statements relative to your application of March 29th.

You refer to the convention of Vienna. Could you let me have a copy of the proceedings at that convention, and the regulations amended thereby?

You state that the account for the last six months of 1892, has been adjusted on the basis of the statistics of November, 1893. Please explain, why the credit for closed mails is only 1650.50 francs, instead of 4743.51 francs, one-half of the amount credited

\section*{Auditor General's Report-Part N}
for 1893 ; why the weights taken in November, 1893, are multiplied by 13 ; why the charge Montreal to Paris and Havre is only 2 francs, while the charge Montreal to London is 7 francs.

I am, sir, your obedient servant,
The Deputy Postmaster General.

\author{
J. L. McDOUGaLL, A.g.
}

\section*{Post Office Department, Ottawa, 9th April, 1895.}

Sir,-I beg to acknowledge receipt of your letter of the 5 th inst., on the subject of the application of this department for a draft, in favour of the Postmaster General of the United States, in payment of the balance due that country on transit postage account to the 31 st December, 1894, in which you ask certain questions which I will answer in the order in which they are given, viz. : lst. You ask for a copy of the proceedings of the convention at Vienna. This was sent you on the 6th inst., and, as it is the only copy furnished this department, I will thank you to return it. 2nd. In reference to the amount claimed by this country for transit charges on closed mails for the six months ended 31st December, 1892, I have to inform you that the sea postage for conveyance of mails from Halifax to St. John's was paid by the United States to Newfoundland up to the 31st December, 1892, and is payable to this country from the 1st January, 1893, forward, as agreed upon between the post office departments of Newfoundland, the United States and Canada. In this connection I beg to point out that the amounts are in francs, not dollars as stated in your letter.

3rd. The weights are multiplied by 13 because the statistics are taken for 28 days (four weeks), and in order to arrive at the amount for one year ( 52 weeks) it is necessary to multiply by that number.

4th. The charges on the mails for the United Kingdom are 7 francs per kilo. for letters, because the United States is entitled to both territorial and maritime transit, while in the case of the mails for Paris and Havre, to which you refer, they are enticled to territorial transit only. The mails being conveyed from New York by the French line of steamers, for which the French postal department receives five francs per kilo.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.G.

\section*{Re Sale of Waste Paper.}

Audit Office, Ottawa, May 17, 1895.
Sir,-In the return for the quarter ended September 30, 1894, of items transferred to casual revenue, there appears the sum of \(\$ 8.76\) from the inspector at Barrie. The letter of the inspector remitting this deposit, states that it is the proceeds of the sale of 8,765 lbs. waste paper, at 10 cents per \(1 C 0\) lbs., that had accumulated prior to December 31,1890 . It is not stated what has been done with the accumulations since that date.

Is there any reason why there should not be some return from all the city post offices?

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

\section*{Post Office Department, Ottawa, May 17, 1895.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 17 inst. respecting the sale of waste paper and inquiring why there should not be a return of such sales from all city post offices.

In reply I beg to state that a short time since an inquiry was made at the different city post offices with regard to this matter, and the Postmaster General was informed
that waste paper, was simply unsalable ; and that it had to be destroyed in order to prevent danger from fire to the post office buildings. You will readily understand that as the waste paper, in a city post office is all mixed up with pieces of string and sealing wax, and is usually rather dirty, the trouble of preparing it for re-manufacture would in most cases exceed its value when so prepared.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.M.G.

\title{
Re Refund of Contents of Registered Letters Lost.
}

Audit Office, Ottawa, June 26, 1895.
Sir,-I have to ask for further information as to the following payments made in refund of contents of a registered letter lost at St. Malo, Quebec, in October, 1894 :Cheque 846, December 15, 1894, in favour of Gendron Denault \& Co. for \(\$ 16\); and cheque 847, December 17, 1894, in favour of R.W. Burn for \(\$ 7\). A memo. on the receipt furnished refers to the report of the inspector, Sherbrooke No. 239, November 12, 1894. A copy of this report should be furnished.

Please let me know the authority on which this payment was made.
I am, sir, your obedient servant,
The Deputy Postmaster General.

\author{
J. L. McDOUGALL, A.G.
}

\section*{Post Office Department, Ottawa, July 11, 1895.}

Sir,-I beg to acknowledge the receipt of your letter of the 26 th ultimo., asking an explanation of the issue by this department of two cheques in repayment of the contents of two lost registered letters, and to inform you in reply that the letters in question disappeared in the St. Malo (County of Compton, P.Q.) post office under circumstances which justified the Post Office Inspector of the Sherbrooke division in calling upon the postmaster to make good the amounts they contained, which he did.

The inspector, instead of holding the money, which was private property, and in no sense public revenue, subject to the Postmaster General's instructions as to its disposal, deposited it to the credit of the Receiver General in the Eastern Townships bank at Sherbrooke, as you will see by referring to list No. 128, receipt No. 742.

The cheques to which you have called attention were therefore issued to repair an error made through inexperience by a recently appointed inspector, and did not strictly involve any payment out of revenue.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.M.G.

Audit Office, Ottawa, July 12, 1895.
Sir,-I am in receipt of your letter of the 11 th instant, stating that the inspector had deposited the money in question to the credit of the Receiver General, and that the refunds made in December last did not strictly involve any payment out of revenue.

There was nothing on the voucher furnished to indicate that the contents of the letter lost had been recovered and deposited, and the report of the inspector was not furnished. This case emphasizes the necessity of having all the papers in connection with these refunds furnished to this oftice.

I am, sir, your obedient servant,

\section*{Auditor General's Report-Part N}

\section*{Re Post Office Account.}

Audit Office, Ottawa, October 24, 1895.
Sir,-I have received your application of the 18 th instant for an entry warrant crediting post office account 1894-95, and debiting that account in 1895-96 with the sum of \(\$ 96,455.19\).

As this is the first time that an adjusting entry of this nature has been asked for, I have to request you to let me know the reason why it is now necessary, and the object you have in view.

I may say that it would be much more satisfactory if each year's accounts should be as nearly closed up as possible, so that the balance appearing at the credit of the account in balance sheet should represent the money orders issued in the year and outstanding, say August 31st of the following year, and that a statement of them should be furnished.

I shall be glad to have vour reply as early as possible, as it is proposed to close last year's accounts on October 31st.

I am, sir, your obedient servant, The Deputy Postmaster General.

\author{
J. L. McDOUGALL, a.g.
}

Post Office Department, Ottawa, November 2, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 24th instant, asking for certain explanations with reference to the application for an entry warrant crediting post office account, 1894-95, and debiting that account in 1895-96 with the sum of \(\$ 96,455.19\), and suggesting that it would be more satisfactory if the balance appearing each year to the credit of the account should represent the money orders issued during the year and outstanding on the 31st August of the following year, and that a statement of these orders should be furnished.

In reply, I beg to say that the transfer in question was applied for with the object of showing in the balance sheet of the Finance Department for the 30th June last the true balance of cash to the credit of post office account, as proved by the books of this department. This balance is \(\$ 248,212.28\), and is chiefly made up of cash required to pay money orders issued on or before the 30th June remaining unpaid on that day.

It would not be practicable to close up the accounts, as you suggest, so that the balance should represent only the orders outstanding after the 31st August. The manner in which the money order accounts are kept will not permit any division of the outstanding orders, as would be required if it became necessary to ascertain the amount of orders belonging to the previous year paid during the months of July and August of the following year.

The money order branch is now preparing a full statement of all the orders outstanding on the 30th June last, and expect to have it completed about the end of December.

> I am, sir, your obedient servant,
> WM. WHITE, D.P.M.G.

The Áuditor General.

\section*{Postage Stamps Burnt and Stolen.}

Audit Office, Ottawa, June 26, 1895.
Sir,-Referring to previous correspondence in connection with reimbursements to postmasters for stamps burnt and stolen, I regret to have again to call your attention to the insufficiency of the vouchers furnished. Neither the certificate of the Inspector nor a copy of the Order in Council are furnished. Is there any reason why the vouchers which you state are sent to Council could not be returned to you and furnished to this office, with the receipt of the postmaster which is all we now receive?

I am, sir, your obedient servant,

Post Office Department, Ottawa, July 9, 1895.
Sir,-In reply to your letter of the 26th ultimo., respecting reimbursements to postmasters for stamps burned and stolen, I do not see any objection to your being supplied with a copy of the Order in Council authorizing the credit, in fact, it seems only proper that you should have this. The vouchers sent to the Council are the declaration of the postmaster and the certificate of the Inspector, and as these are the documents upon which the Order in council is based, they form necessarily part of the order, and I do not see how we could ask for their withdrawal as without them, the Order in Council would be unintelligible.

\author{
I am, sir, your obedient servant, \\ WM. WHITE, D.P.G.
}

\section*{Audit Office, Ottawa, July 12, 1895.}

Sir,-I note the opinion expressed in your letter of the 9th instant that a copy of any Order in Council authorizing a disbursement to cover stamps burnt or stolen, should be sent to this office, and I assume you will take the necessary action to have this done in all future cases.

It is not clear to me why the vouchers in reference to each case, sent to Council with your application, cannot be returned when the Order in Council is passed.

The Audit Act calls for, and the practice has always been to furnish vouchers for all payments, though many are made under authority of an Order in Council. No doubt these vouchers would be returned if so requested. I have to ask further consideration of this matter.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

\section*{Re Losses by Fire, Burglary, \&c.}

Audit Office, Ottawa, November 12, 1895.
Sir, -In your statement dated October 28th, of losses by fire, burglary, \&c., there appears an item of \(\$ 18\) in refund of stamps destroyed by fire at Keith, Ont., April 7, 1886. Some explanation should be given why this refund has been so long delayed.

No vouchers of any kind have been furnished nor explanations given in reference to the following charges against revenue:-

> Savings Bank funds stolen from Whitby, Ont., January 11th, 1889 .
> \(\$ 900\)
> Savings Bank funds stolen from Kingston, Ont., April 6th, 1888
> 7800
> Savings Bank funds stolen from Kingston, Ont., May 11th, 1889
> 4000
> \(\begin{aligned} & \text { Post Office funds stolen in transit to Bank of Montreal, } \\ & \text { Ottawa. }\end{aligned}\)

Despatched from
Ahmic Harbour, Ont., December 31, 1893................ . . 13700

\section*{Auditor General's Report-Part N}

The other charges for losses by fire, burglary, \&c., are each authorized by an Order in Council, but I have not been furnished with any Order in Council authorizing these items.

A reply at an early date is requested.
I am, sir, your obedient servant,
The Deputy Postmaster General
J. L. McDOUGALL, A.G.

Post Office Dept., Ottawa, November 19, 1895.
Sir,-I have the honour in reply to your letter of the 12 th instant respecting certain loses by fire, burglary, \&c., to inclose a memorandum from the accountant of this department in explanation and I should be glad to be advised as to the course which you think had better be followed in the cases referred to, and especially in those in which money was stolen in transit.

> I am, sir, your obedient servant,

The Auditor General.
WM. WHITE, D.P.M.G.

\section*{Memorandum for the Deputy Postmaster General.}

\author{
Post Office Dept., Ottawa, November 18, 1895.
}

With reference to the letter from the Auditor General of the 12 th inst., requesting explanation as to certain charges against revenue, which appear in the statement of losses by fire and burglary, etc., dated 28th October last, I beg to give the following information:-

> Postage stamps destroyed by fire at Keith, Ontario, 7th April, 1886

The delay in allowing the Postmaster credit for this item may be accounted for by the fact that at the time the loss occurred he made good the amount and did not press for a refund; but when the office was transferred on lst March, 1895, and he was called upon to pay for his credit supply of stamps, he urged the claim, which was allowed.

> Savings Bank funds stolen from Whitby, Ont., 11 th January,
> 1889

This was a deposit on Savings Bank account made at Whitby after bank hours, on the 10th January, 1889, which was stolen by burglars early on the following morning, with money order funds and postage stamps amounting together to the sum of \(\$ 405.02\). The money order funds and postage stamps \(\$ 396.02\) were deducted from the postal revenue of the year ended 30th June, 1889, and the Savings' Bank deposit was placed in suspense account awaiting the action of the Savings Bank branch.

> Savings Bank funds stolen from Kingston, Ont., 6th April, 1888
> \(\$ 7800\)
> \(\begin{aligned} & \text { Savings Bank funds stolen from Kingston, Ont., 11th May, } \\ & 1889 \text {................................................ } 40 \text {. } 400\end{aligned}\)

These amounts were Savings Bank deposits paid, on the dates named above, to Mr. R. T. Burns, then Money Order Clerk at the Kingston Post Office, but were never accounted for by him. Credit was allowed the postmaster at Kingston, for them, in March, 1890, and since that time they have remained in suspense account.

Post office funds stolen in transit to Bank of Montreal, Ottawa.

\section*{Despatched from}
Ahmic Harbour, Ont., 31st December, 1893 ..... \(\$ 13700\)

A Post Office messenger is suspected of having stolen these amounts.
W. J. BARRETT, Accountant.

\section*{Re Outstanding Warrants.}

Audit Office, Otrawa, November 25, 1895.
Sir,--In the statement of outstanding warrants received from your department there is added to the amount outstanding June 30th, 1894, the sum of \(\$ 5,837.37\) for errors discovered in checking statements of salary warrants issued during previous year.

I have to ask for an explanation and such details of the amount as the circumstances will afford.

I am, sir, your obedient servant,
The Deputy Postmaster General.
J. L. McDoUgall, A. \(G\).

Post Office Department, Ottawa, Dec. 3, 1895.
SIR,-I have the honour to acknowledge the receipt of your communication of the 25 th ult., asking for an explanation and details of the sum of \(\$ 5,837.37\) which was added to the account of Salary Warrants outstanding on 30th June, 1894, for errors discovered in checking statements of Warrents issued during the previous year.

In reply, I beg to say that in consequence of adopting a new method of checking the statements of Salary Warrants issued and of applying the same to the issue of previous years, the following differences were found in the statements which had already been furnished your office, viz. :-

In addition to these differences there was also found to be an error of \(\$ 1,010.00\) in the statement sent to your department on the 30th November, 1892, in which the Warrants outstanding on the 30 th June, 1891, were given as \(\$ 95,162.60\) instead of \(\$ 96\),172.60. This error of \(\$ 1,010.00\) and the difference of \(\$ 4,827.37\) explained above, make up the amount referred to in your letter, viz. : \(-\$ 5,837.37\).

As the amount of Salary Warrants actually paid by Postmasters is taken into account in the books of the department, and not the amount of issues, the above differences have not affected the revenue in any way.

I am, sir, your obedient servant,
The Auditor General.
WM. WHITE, D.P.M.G.

\section*{Auditor General's Report-Part N}

\section*{Re Postage on Newspapers Paid in Cash.}

\section*{Audit Office, Ottawa, November 26th, 1895.}

Sir,--The returns for \(1893-94\) showed that the sum of \(\$ 2,433.67\) had been received for postage on newspapers paid in cash. The returns for 1894-95 do not show anything under this head. Please explain the omission.

I am, sir, your obedient servant,
The Deputy Postmaster General.

\author{
J. L. McDoUgall, a.g.
}

\section*{Post Office Department, Ottawa, 28th November, 1895.}

Sir,-Replying to your letter of the 26th inst., re postage on newspapers paid in cash, I beg to say that the reason why no collections under this head appear in the returns of \(1894-95\) as in former years, is that a change was made in the system of collecting such postage, during the latter part of the fiscal year ended 30th June, 1894. In former years it was the practice to pay in cash for all newspapers posted at the office of the place of publication, when it became necessary to account separately for the cash thus received, but since the change the postage is paid by means of postage stamps and consequently the revenue on newspapers is now included in general revenue of the department, derived from the sale of postage stamps.

I am, sir, your obedient servant,
The Auditor General.

> WM. WHITE, D.P.M.G.

\section*{Re Salaries and Allowances to Postmasters.}

\author{
Audit Office, Ottawa, Dec. 4, 1895.
}

Sir,-I I have to inquire on what basis the salaries and allowances to Postmasters are founded.

In regard thereto I have to give the names of certain offices with reference to which some explanation seems to be required :-
\begin{tabular}{|c|c|c|c|}
\hline & Revenue. & Salary. & Forwarding allowances. \\
\hline Fort William West, Ont. & \$ 12291 & \$ 10000 & \\

42400 & \\
\hline Estevan, N.W.T & 62661 & 42400 & 2400 \\
\hline
\end{tabular}

I have also to ask for explanations of the following payments under the head of "Compensation to Postmasters on Savings Bank business."
\[
\begin{aligned}
& \text { Hillsboro . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . } 250 \\
& \text { Moncton. . . . . . . . . }
\end{aligned}
\]

I am, sir, your obedient servant,

The Deputy Postmaster General.
J. L. McDOUGALL, A.G.

Post Office Department, Ottawa, December 9, 1890.
Sir,--I have to acknowledge the receipt of your letter of the 4th inst., in which you inquire on what bases the salaries and allowances to postmasters are founded.

In reply, I am to say that by virtue of the power conferred upon him by law (Vide P. O. Act of 1886,49 Vic., chap. 35 , sections \(52-53\) ) the Postmaster General has arranged the following scale of salaries and allowances for postmasters, with the exception of those whose salaries are fixed by law or Order in Council.

On the first \(\$ 800\) of all legitimate postal revenue collected at an office- 40 per cent.

On all legitimate revenue over \(\$ 800\) and under \(\$ 10,000-25\) per cent.
On all over \(\$ 10,000-15\) per cent.
For "forward" duty i.e.-the handling at an intermediate point of correspondence passing between two other points- 5 per centor 10 per cent., according as the matter so handled does, or does not, require a second handling at another intermediate point.

By " legitimate" postal revenue this department understands revenue arising from the correspondence actually posted at a given office, and not from the sale of stamps for commercial purposes. If it were not for this restriction postmasters would try to force the sale of stamps in order to obtain a commission of 40 per cent or 25 per cent as the case might be. As it is the department has more or less trouble in establishing the proper returns for certain offices owing to this cause.
parme The department also makes a graduated allowance for rent in cases in which the revenue of an office reaches or exceeds \(\$ 800\). One scale has been adopted for the provinces east of Manitoba aud a somewhat higher one for the provinces west of Ontario. The two scales are as follows:-
\begin{tabular}{|c|c|c|}
\hline Revenue. & Allowance under lower scale. & Allowance under higher scale. \\
\hline \$ 800 to \$1,200.. & \$ 40 & \$ 75 \\
\hline 1.200 to \(1,600 \ldots\) & \({ }_{80}^{60}\) & 100 \\
\hline 1,600 to \(2,000 .\). & 80
100 & 125 \\
\hline 2,000 to 2,500 .. ............. & 100 & 150 \\
\hline
\end{tabular}

With an increase of \(\$ 20\) under the lower scale and \(\$ 25\) under the higher for every additional \(\$ 500\) of revenue.

A special allowance is also given for duty necessarily preformed between the hours of \(10 \mathrm{p} . \mathrm{m}\). and \(6 \mathrm{a} . \mathrm{m}\). This varies according to amount of work, frequency with which it has to be preformed, \&c., from a maximum of \(\$ 5\) a month to a minimum of 50 c . a month, and in two cases where the work is exceptionally heavy a larger amount has been allowed.

In addition to the foregoing allowances, the postmasters of money order and savings bank offices receive a special commission on money order and savings bank transactions.

As the post office revenue in different localities is continually fluctuating, and as the exact amount of what the department regards as legitimate revenue (for salary purposes) is somewhat difficult to arrive at, the work of annually adjusting the salaries of over 8,000 postmasters is one requiring much care, attention and experience. Various local circumstances will at times affect the apparent revenue of a given post office in such a way that the figures representing actual revenue do not afford an index to the real business of the place. This is the case with summer resorts to which people usually go with supplies of stamps obtained at their usual places of residence. It is the case also in towns in which insurance or other similar business is concentrated, and where large quantities of stamps, sent as the small change of remittances, are used in lieu of stamps purchased at the local post office. The department is obliged to take all these facts into

\section*{Auditor General's Report—Part N}
consideration, and consequently cannot always give strict application to the rule allowing a fixed percentage on revenue. By taking semi-annual statistics the department endeavours to arriye at a correct idea of the actual business of each office ; but these statistics themselves are not always to be fully relied on, and much care in making use of them is consequently required. It is believed, however, and not without reason, that the salaries, as annually adjusted, make a very close approximation to what a just appplication of the scale above mentioned would allow.

As regards the special cases to which you have drawn attention, I beg to say that the salaries you quote were not based on the revenue for the year ended 30th June last, but on that of the previous year, and that, in most of the cases, the amount includes an allowance for night duty.

In regard to the commission paid the postmasters of Moncton and Hillsboro' for savings bank business, I may say that these postmasters were the agents of the Dominion Savings Bank, and that, when the banks were transferred to the post office, it was arranged by the Finance Department that the salaries then paid should be continued as long as the present incumbents should remain in office.

I am sir, your obedient servant,
The Auditor General.
WM. WHITE, D. P. M. G.

\section*{Re Discount to Stamp Vendors.}

Audit Office, Ottawa, December 4, 1895.
Sir,-The returns for 1894-95 show that the discount allowed stainp vendors exceeds one per cent of the total revenue of the office at the following places :-

There are also 14 offices at which the discount allowed is almost one per cent of the total revenue.

I have to ask for an explanation of these items. Please send me a copy of the regulations governing allowances to stamp vendors.

An early reply is requested.
I am, sir, your obedient servant,
The Deputy Postmaster General.

\author{
J. L. McDOUGALL, A.G.
}

\section*{Post Office Department, Ottana, December 11, 1895.}

Sir,—With reference to your letter of the 4th inst., in which you observe with regard to certain places, of which you give a list, that the discount allowed to stamp
vendors thereat, exceeds one per cent of the total revenue derived from the post office of each locality, I have the honour to inform you that the Postmaster General has power, under the amendment to the Post Office Act made in the year 1889, to grant a discount to stamp vendors of two per cent upon the stamps they sell, and that in no case has a larger discount been granted.

In certain places, in lieu of a discount, a salary has been allowed, subject to the condition of selling stamps in the lobby of the post office, apart from all other business and observing certain hours prescribed by the department.

> I have the honour to be, sir,
> Your obedient servant,
> WM. WHITE, Dep. P. M. G.

Note.-The sum of \(\$ 872.22\), the net proceeds of auction sale at Halifax will be credited to casual revenue for the current year.

\section*{Travelling Expenses of Ottawa Officials.}

\section*{Audit Office, Ottawa, May 15, 1895.}

Sir,-I received from the accountant May 9 several vouchers for your own travelling expenses in 1893-94, amounting to \(\$ 288.40\) : the advances having been \(\$ 442\).

Please let me know at your early convenience what disposition has been made of the balance, \(\$ 153.60\).

If not otherwise accounted for, it should be deposited to the credit of Casual Revenue without delay.

It would be well to adhere more closely to the terms of the Order in Council which fixes " a month after the end of a trip," as the maximum time to be allowed for making up accounts of travelling expenses.

I am, sir, your obedient servant,
The Deputy Minister of Public Works.
J. L. McDOUGALL, A.G.

Public Works Dept., Ottawa, May 15, 1895.
Sir,-In reply to your letter of the 15 th instant, informing me that you have received several vouchers, from the accountant, for my travelling expenses during 1893-94, and asking me what disposition has been made of the balance not accounted for, namely, \(\$ 153.60\), I beg to inform you that the amount in question had been deposited by the accountant to the credit of Casual Revenue, prior to the receipt of your letter.

I agree with you about the propriety of making up the accounts for travelling expenses as soon as possible after the end of a trip, but I may say in this particular case, that only the fact that some of the vouchers were mislaid has prevented their being sent to your office at an earlier date.

Believe me, sir, your obedient servant,
The Auditor General.
A. GOBEIL, D.M.P. W.

\title{
Public Works: Extra Clerks Charged to Wrong Votes.
}
(Following the discussion on page P-214 of 1893-94.)
Public Works Dept., Ottawa, April 2, 1895.
Sir,-The department had a reference from the Treasury Board of your correspondence with this department, concerning a statement made in your letter of the 9 th of March of last year, to the effect that the salaries of certain clerks employed by the department should be charged to certain votes instead of those described in the payments made.

I have already had, with the Honourable the Minister, a conversation with reference to that matter, and he would desire that I would discuss that matter with you in his presence, in order to arrive at an understanding with regard to the mode of charging the salaries in question. The Honourable the Minister is now absent from Ottawa, but as soon as he returns I will communicate with you, and I hope that you will be able to come over to the department, in order that we may have the discussion required on these matters, and arrive at an arrangement for the future.

> I am, sir, your obedient servant,

\section*{Auditor General's Report-Part Q}

Audit Office, Ottawa, May 22, 1895.
Sir,-Let me acknowledge receipt from your department of an application for a Letter-of-Credit for \(\$ 100,000\).

Up to April 30, the date of the last statement in hand, some of your extra clerks were still paid from votes other than those specially provided therefor, notwithstanding my objection of January 2, 1895, which is still unanswered. I referred the matter, as you are aware, to the Treasury Board.

I do not see my way clear to take part in providing the means of making further expenditure of a nature which seems to me illegal.

Please get the department to act in this matter without further delay. The Letter-of-Credit is withheld in the meantime.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.

\author{
J. L. McDOUGALL, A.G.
}

Public Works Dept., Ottawa, May 27, 1895.
Sir,-_The Honourable the Minister of Public Works has directed me to communicate with you in reference to a matter which you referred to the Honourable the Treasury Board, on the 8th February last, said matter being connected with the contention that certain employees of this department are paid out of the votes other than those described for departmental services.

In the list made by you and communicated to this department on the 2nd February, you referred to the following-named employees, viz. :-Mr. James Howden, superintendent of dredging ; Mr. E. B. Godwin, clerk under Mr. Howden ; and Mr. C. Robinson of the same branch.

In connection with Mr. Howden I would desire to say that his employment with the department is wholly in connection with the dredging service of the department, viz. : The dredging in Ontario and Quebec and the dredging on the St. Lawrence ship channel, and that he does not perform any other service of any kind whatever, so that there must be no doubt that his salary is not chargeable to the chief engineer's staff, but to the work on which he is specially and absolutely engaged

The same may be said of Mr. Robinson and Mr. Godwin, who belong to Mr. Howden's staff absolutely, who do no work except for him and under him, who receive no instruction except from him or through him, and who are located in Ottawa for convenience' sake, Ottawa being about midway between the districts where the dredging works are being carried on.

In so far as accounts are concerned, it is more advisable still that their services should be charged to the dredging operations, as they are only chargeable to them, and it would be a mischarge if they were paid out of any appropriation other than the works on which they are specially and exclusively engaged.

Of the employees named, Mr. S. Belanger and Mr. J. D. Gareau have been since transferred and are paid out of the vote for the Chief Architect's staff.

While an attempt will be made to transfer the pay of Mr. C. Laframboise to some other appropriation, although he being neither an engineer nor a clerk, but merely a store-keeper for the department, it is hard to say why he should be charged to either of the appropriations, for Chief Engineer's staff, Chief Architect's staff or Clerical Assistance, he not having anything to do with either of those services.

The salary of Mr. Henry F. Perley was and is still thought properly chargeable to the appropriation for "Repairs to Piers, Prince Edward Island," or "Harbours Generally Maritime Provinces," that engineer having specially been employed to draw up for the department a report upon the proper classification, both as regards their importance as harbours of refuge or commercial harbours, on the several ports of the Maritime Provinces, and that work not being yet completed. He was employed for that work, having special practical knowledge of the ports in question, and his employment was decided on after a vote for Chief Engineer's staff had been obtained, and his salary was never estimated to
be part of that vote, which is barely sufficient to cover the salaries of the staff now employed.

The salary of Joseph Bédard will be hereafter charged to another appropriation, and the transfer will be made of the payments of Mr. M. McRae and Mrs. M. O'Connor.

With reference to H. McMillan's employment on cement-testing, he is merely a labourer engaged in helping Mr. George Perley, the engineer in charge of the cementtesting, and his salary must continue to be charged to Harbours and Rivers, as he cannot properly be included in the pay-list for the ordinary labourers of the department, they doing work for and being charged to Ottawa buildings, while McMillan does no work at all for Ottawa buildings.

Mr. J. T. M. Desrivières, also included in your list, as draughtsman, is no longer employed by this department, neither is Mr. McDonell, whose salary was charged to Telegraphs Generally.

It is intended to take steps for the superannuation of Mr. A.J. H. Russell, charged to Collection of Slide and Boom Dues.

The salary of F. X. Lavigueur will hereafter be paid out of the general appropriation.
With regard to the payment of Mr. Arthur Prieur I may say that he is not, nor has he ever been an employee of this department, that he simply made a translation of the report, for which he was paid out of the votes of the department, but I may also say that he is not now employed to do that translation.

As regards Mr. A. Trudel for translating specifications, I must bold that the payment of the amounts charged for translation is properly against the several works for which these specifications are written. Mr. Trudel is not regularly employed in the department, has not an office in the building, does nothing for us except translating at times the specifications in question, and makes his accounts separately for each specification he translates, and I may say en passant he is the only person I know of who can do that work, at present, satisfactorily. The translation of these specifications is as properly a charge against the vote provided for the work, as the printing of the same. I hope these explanations will be found satisfactory.

I am, sir, your obedient servant,
The Auditor General.
A. GOBEIL, D.M.P.W.

Addit Office, Ottana, June 20, 1895.
Sir,-Let me acknowledge receipt of your letter of May 27, concerning extra clerks and others, paid from votes for Dredging, Harbours, \&c.

With reference to Mr. Howden, I have examined his vouchers for travelling expenses, and find that he is in Ottawa for only a few days of the year. His salary therefore is not covered by the description "Engineers, Chief Engineer's Office,"although it appears of the same class as Messrs. Breen, Gray, Hegan, \&c. As for these last, I do not understand why they are charged to this vote, when located outside of Ottawa. I therefore withdraw my objection in Mr. Howden's case.

Messrs. Godwin and Robinson are plainly clerks in the Chief Engineer's office, and engaged on his work; as much when working on only one branch of it as when working on several. A contrary view would enable the whole staff to be removed from this vote, by giving to each man work connected with some special outside vote, and charging him thereto If they are engineers, draftsmen, or clerks, (in this case clerks), and work in the Chief Engineer's office, (in this case on dredging), they are provided for explicitly by the \(\$ 54,000\) of the Supply Bill, and therefore by no other vote.

I note that the salaries of Messrs. S. Belanger, J. D. Gareau, Jos. Bédard and F. X. Lavigueur are now paid out of the general appropriations; and trust that you will be able to transfer to the same votes the payments to these officers since July 1, 1894as well as the payments to M. McRae, M. O'Connor, J. T. M. Desrivières, and A. D. McDonell.

With reference to Mr. H. F. Perley, the arguments apply which I have quoted for Messrs. Godwin and Robinson. As to whether his name was in mind when the \(\$ 54,000\)

\section*{Auditor General's Report-Part Q}
was calculated, that is not now germane. The only question now is, is he an engineer on the Chief Engineer's staff? If so, a:nd clearly he is, any payments to him should be charged to the vote so described. When the vote runs out, from being used for unexpected salaries, the only legal course is to stop paying the men : not, to charge some of them to other votes, thus rendering the parliamentary limit nugatory.

Piease let me know the nature of the stores kept by Mr. Storekeeper Laframboise, to enable me to discuss more intelligently the manner of charging his pay. The wages of H. A. McMillan appear to be correctly classified.

The translation of departmental documents, done by Mr. A. Trudel, is work which in other departments is done by the regular employees as a matter of ordinary routine. This is why I have always classed Mr. Trudel's payments under the heading of "salaries of Ottawa officials." Is your statement, that Mr. Trudel "is the only person you know of who can do that work satisfactorily," meant by you to include the staff of engineers and others, already in the department, who handle technical terms in both languages in their every-day work?

Similarly with respect to Mr. Arthur Prieur, the work is departmental in its nature, and apparently could be done better by persons to whom the technical terms are currently familiar.

Your attention is drawn to the fact that the votes for "salaries of engineers, draughtsmen and clerks, chief engineer's office," and "salaries of architects, draughtsmen, and clerks, chief architect's office," do not provide for the services of messengers. These appear to come under the heading of "temporary clerical and other assistance."

I do not find that any Orders in Council have been supplied to me as authority for the employment of any of your temporary employees in 1894-95. Please have this omission rectified.

> I am, sir, your obedient servant, J. L. McDOUGALL', A.G.

The Deputy Minister of Public Works.

\section*{Public Works Dept., Ottawa, July 9, 1895.}

Sir,-Having reference to your letter of the 20th ultimo, respecting extra clerks and others paid from votes for Dredging, Harbours, etc., and stating that you do not find that any Orders in Council have been supplied to you as authority for the employment of any of the temporary employees of this department in 1894-95, I have the honour to inform you that an Order in Council was passed on the 1st August, 1894, for the employment of the temporary clerks of this department for twelve months from the lst July, 1894, a copy of which can be sent you, if required.

> I am, sir, your obedient servant,

The Auditor General.

\author{
A. GOBEIL, Secretary.
}

\section*{Audit Office not supplied with Orders in Council.}

\author{
Audit Office, Ottawa, October 5, 1895.
}

SIR,-We have not received in this office any Orders in Council giving authority for employment of extra clerks in the Public Works Department after June 30th, 1894.

Please let me have at your earliest convenience, copies of all orders on this subject.
I am, sir, your obedient servant,

\section*{Public Works: Orders in Council Disregarded.}

\author{
Audit Office, Ottawa, October 8, 1895.
}

SIR,-I inclose herewith a statement which contains the names of 17 employees of your department whose employment was authorized by Order in Council. I am surprised to find that in each of these cases the remuneration received, and which was paid under your letter of credit, was more than that fixed by the Order in Council.

My reason for not drawing your attention earlier to this matter is that I received the Orders in Council only yesterday. On the 20th of June last I drew your attention to the fact that I had not been supplied with copies of the Orders, but I had no reason to suppose that the Orders in Council were ignored.

You will please cause immediate refunds of the overpayments to be made to the credit of the Receiver General. They amount to \(\$ 2,249.58\). Be good enough also to explain what caused the overpayments to be made.

Until the refunds and explanations are made, I shall expect that no payment for salaries at Ottawa be made through the credit to your department.

I am, sir, your obedient servant,
The Deputy Minister of Public Works.

\section*{Audit Office, Ottawa, Oct. 20, 1895.}

Sir,-I wrote you on the 8th instant with reference to payments under your credit to extra clerks at rates higher than those authorized by the Governor in Council, and requesting an explanation.

I beg to remind you that my letter has not been answered, and to say that I should be glad to hear from you without further delay, so that I may have time to consider your explanation before you will require a renewal of your credit.

I am, sir, your obedient servant,
The Deputy Minister of Public Works.
J. L. McDOUGALL, A.G.

Public Works Dept., Ottawa, Oct. 30, 1895.
SIR,-In reply to your communication dated the 29 th instant, referring to your letter of the 8 th, re payments under our credit to extra clerks at rates higher than those authorized by the Governor in Council, I beg to send you, herewith inclosed, copy of an Order in Council passed on the 25th instant, granting authority to pay a certain number of the extra clerks above referred to at the rates set opposite their respective names, from the dates therein mentioned to the 31st July, 1895.

I am further directed to state that another reference will shortly be made to the hon. Treasury Board \(r e\) the employees mentioned in your letter of the 8th instant, and whose names do not appear in the Order in Council, copy of which is herein inclosed.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

\section*{Audit Office, Ottawa, Oct. 30, 1895}

Sir,-_I am in receipt of your application, dated to-day, for a credit of \(\$ 100,000\). and of your letter in reply to mine of the 8 th and 29 th instant, with reference to the payments under your credit to extra clerks at rates higher than those authorized by the Governor in Council.

If you will read my letters again you will observe that your reply does not answer the questions raised by me. I regret to have to say that I cannot pass the credit until I do receive a full answer.

I am, sir, your obedient servant,

> J. L. McDOUGALL, A.G.

Public Works Dept., Ottawa, October 31, 1895.
Sir,-In reference to your letter of the 30th inst., refusing to issue a letter of credit on our application of the same date until certain letters sent by you in reference to the employment of extra clerks by this department are fully answered, I am directed to state that my letter of yesterday was considered by the department as a full answer to the questions raised by you. However, as you appear to desire further information, I beg to state that the Order in Council of the 25th of October instant, a copy of which was sent to you, covers with its authority all the payments made up to the 31st July last to the several persons mentioned in the list attached to your letter of the 8th October, with the exception of the salaries paid to Messrs. Arthur Hudon and J. A. Morin, whose names were by oversight not included in the list covered by said Order in Council. Upon their case, as well as upon the case of the two Messrs. Keeley, a supplementary report to the Treasury Board will be made without delay. I may observe that, with the exception of the two Messrs. Keeley, all the other employees mentioned in the list attached to your letter of the 8th October are authorized to be employed under the several Orders in Council of the 27th July, 1895, and that, until the Treasury Board has decided otherwise, the department has the intention to pay them only such salaries as are authorized by said Order in Council.

With reference to your second letter of the 8th October instant, I beg to state that the Order in Council of the 27 th July last give authority for the employment of Messrs. Cantin, Chaloner, J. U. Bray and Henry Girard, two of whom, Messrs. Cantin and Girard, entered the department during the year 1894-95, while Messrs Chaloner and J. U. Bray have been in the department for several years, being paid out of outside votes, but were, from the lst July, transferred to the regular list of the department.

With reference to Mr. H. A. McMillan for his services during 1894-95, I beg to draw your attention to your letter of the 20th June, 1895, in which you stated "that the wages of Mr. McMillan appeared to be correctly classified."

With reference to the salary of Mr. Jos. Bedard for jobbing, etc., the department is still of opinion that his salary has been properly paid and charged in past years, and that there is no reason whatever to charge his salary to any of the votes for the payment of Extra Clerks and Engineers.

The case of Messrs. Godwin and Robinson will be submitted to Council, as it is still claimed, notwithstanding the discussion in your letter of the 20th June last, the payments for their services are properly chargeable to the votes out of which they were paid during the past year. You can thereiore see that with the exception of Messrs. Godwin and Robinson, Bedard and McMillan, all the other employees named in the list attached to your letter of the 8th October are authorized to be employed at certain salaries by the Orders in Council of the 27th July, and that the Order in Council of the 25th October instant gives the necessary authority for the payments made to the 31st July, 1895.

As I have stated above, it is the intention of the Department to keep to the letter of the Orders in Council of the 27 th July, and that is the reason why I was directed to inform you in my letter of yesterday that the matter connected with the payment of the extra clerks not yet settled by the Order in Council-a copy of which was sent you with that letter-would be submitted to the Treasury Board for their decision.

I trust the foregoing explanations will be found satisfactory, and that the credit asked by the department will be immediately given.

I have the honour to be, sir, your obedient servant, The Auditor General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, November 7, 1895.
Sir,-I beg to acknowledge the receipt of your letter of the 31st ulto. in reply to mine of the 8 th, 29 th and 30 th.

You have not touched on the principal point. It is true that an Order in Council has been passed authorizing the amounts paid by your department to most of the

\section*{Auditor General's Report-Part Q}
employees in addition to what had been previously authorized, but my difficulty in connection with the issuing of renewal credits to cover similar payments is to show to those who may question my conduct that I had ground for believing that the same disregard for the authority of the Governor in Council might not be shown again. The subsequent sanction of the Governor in Council of the overpayments does not lessen in any respect, so far as I can see, the extent of the irregularity committed by those who took part in the making of the payments. This, looked upon in any light which I have seen cast upon it, is not one of the unintentional errors that we all make, no matter how careful we may be, but a wilful disregard of the authority which it was known should prevail.

It is true that at one time similar payments were made without an Order in Council, but no one thought an order for such payments then necessary. Every one who has anything to do with passing these payments now, knows that an Order in Council is necessary, and therefore there would be little excuse for passing similar payments without an Order in Council, none for passing them when there is an Order in Council at, rates higher than the Order provides.

I am, sir, your obedient servant,
The Deputy Minister, Public Works Dept.
J. L. McDOUGALL, \(A\). \(G\).

Treasury Board, Ottawa, December 2, 1895.
Sir, -I have the honour to inform you that the Treasury Board, at a meeting held on the 29th ultimo, passed a minute directing that hereafter all departmental employees at Ottawa (other than those extra clerks and messengers who are paid from the Civil Government Contingencies, and labourers and mechanics) be paid on pay-lists certified by the Auditor General before payment.

I am, sir, your obedient servant,
J. M. COURTNEY,

The Auditor General.
Sec. Treasury Board.

Extract of O. C., Feb. 1, 1896.-The Committee of the Privy Council have had their attention directed to a Minute of the Treasury Board, dated November 29, 1895, respecting the payment of departmental employees.

The Committee, upon reference to the Act constituting the Treasury Board, (Chap. 28 of the Revised Statutes,) are of opinion that a Minute of the Treasury Board is inoperative until it receives the approval of His Excellency the Governor General in Council.

> J. J. McGEE, C.P.C.

Audit Office, Ottawa, Jan. 25, 1896.
Sir,-Let me call your attention to your letter of Oct. 31, 1895, concerning extra clerks, wherein you state that the Orders in Council of July 27, 1895, gave authority for the employment of Messrs. Cantin, Chaloner, J. U. Bray and Henri Girard.

The payments to these men, to which exception was taken, were those before June 30, 1895-and the Orders in Council of July 27, which refer only to 1895-96, are irrelevant.

Orders in Council will still be needed for the payments in 1894-5 to Messrs. Cantin, Chaloner, J. A. Desrivières, J. U. Bray, E. R. Launière, H. Girard, P. A. J. Voyer, E. B. Godwin, C. Robinson, H. F. Perley, and Jos. Bédard.

I am sir, your obedient servant,

\author{
J. L. McDOUGALL, A. G.
}

Audit Office, Otrawa, Jan. 24, 1896.
Sir,-In your December expenditure for "Dredging Generally," I notice two payments for clerical services in the Dredging Branch of the Public Works Dept. as follows :-
E. B. Godwin, services for December
\(\$ 10000\)
C. Robinson, do
8750

These gentlemen, being departmental employees, should be mentioned in an Order in Council (which I do not find), and should be placed on the pay-list to be approved by this office.

No departmental services, whether of clerks or messengers, should be paid before audit.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

\section*{Extra Pay to Alfred Dostaler: Not Authorized.}

Audit Office, Ottawa, Jan. 23, 1896.
Sir,-Let me call your attention to cheque 90123 for \(\$ 11\) in favour of Mr . Alfred Dostaler, for "Extra services in connection with coal contracts, July 19 to 25, 1894 : 22 hours at 50 c ."

The Order in Council of Aug. 1, 1894, fixed Mr. Dostaler's pay at \(\$ 2\) a day from July 1, 1894, to June 30, 1895. A subsequent Order, that of Oct. 25, 1895, gave authority for \(\$ 2.25\) from Sept. 1, 1894, to July 31, 1895.

I do not find any authority for paying Mr. Dostaler more than his regular pay of \(\$ 2\) a day in July, 1894. Please have the amount of \(\$ 11\) refunded.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Public Works Dept., Ottawa, Jan. 28, 1896.
Sir,-In reply to your letter of the 23 rd instant, referring to a payment of \(\$ 11\) made to Mr. A. Dostaler, for extra service, I beg leave to inform you that the opinion of the Department of Justice has been asked with respect to the point raised by you.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

\section*{Copying should be paid like other Clerical Services.}

Audit Office, Ottawa, Jan. 23, 1896.
Sir,-In your expenditure for December, 1895, I notice the following payments for copying, at 5 cents a folio :-
Mrs. M. C. Colman, ..... \(\$ 2125\)
M. Curran ..... 2190
J. A. Dugal ..... 1215
B. Duval ..... 1230
Mrs. E. Lane ..... 2385

\section*{Auditor General's Report-Part Q}

The existing regulations do not appear to provide for payment of copying in this manner. Like all other clerical services, the approval of Council to the employment, and of the Audit Office to the payment, should first be obtained.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

\section*{Public Works Dept., Ottawa, Jan. 28, 1896.}

Sir,-In reply to your letter of the 23 rd instant, concerning the payments made for copying at five cents per folio to certain persons named in that letter, I beg leave to inform you as the department differs from your view in this matter, it has been referred for information and report to the Department of Justice and, so soon as their opinion has been obtained, the department will communicate again with you.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

\section*{Two Clerks Worked at Home.}

Audit Office, Ottawa, Jan. 24, 1896.
Sir.-Let me call your attention to the following items on your December paylist for "Permanent Clerks, not on Civil Service List : Secretary's Branch :"
Mrs. A. Cornellier, December
Mrs. C. D. Houde, December
4500

The certificate by Mr. Secretary Roy is: "I hereby certify that Mrs. Cornellier and " Mrs. Houde have worked for the department during the time for which payment is " asked."

I am informed by you orally that this means that their work was done at home, and not in the department.

This certificate was accepted for December, "without prejudice." But the certificate prescribed by the Treasury Board is: "In attendance at this office every day." If the circumstances are such that the certificate cannot be taken, it is the circumstances which should be modified, and not the certificate.

The same remark applies to the form attached to all the other lists: "In attendance at their offices." Please keep to the exact wording prescribed by the Treasury Board, "In attendance at this office," which of course means the Public Works Dept. in the Western Block. Variations from this should be explicitly described.

> I am, sir, your obedient servant,

The Secretary, Public Works Dept.
J. L. McDOUGAL, A.G.

\section*{Public Works Dept., Ottawa, Jan. 28, 1896.}

Sir,-In reply to your letter of the 24th instant, I beg leave to state that Mrs. A. Cornellier and Mrs. C. D. Houde are now working in the Department of Public Works, in the Western Block in the Room 111, which I hope is sufficient information to satisfy the regulations as expressed in your letter above referred to.

> I am, sir, your obedient servant,

\title{
Employee Not Charged as Prescribed by Council.
}

\section*{Audit Office, Ottawa, Jan. 25. 1896.}

Sir, -In the Order in Council of July 25. 1895, concerning employees to be charged to the vote for "Temporary Clerical and other Assistance" for 6 months from July 1,1895 , I notice the name of C. Laframboise at \(\$ 2.25\) a day.

The December wages of Mr. Laframboise are found, not on the pay-list of Extra Clerks submitted to this office for audit before payment, but on a pay-list for "Ottawa Buildings, maintenance and repairs," under the description of "Storekeeper."

Please describe the nature and location of Mr. Laframboise's duties, and the reason for paying him otherwise than as directed by the Treasury Minute.

> I am, sir, your obedient servent,

The Secretary, Public Works Dept.

\author{
J. I. McDOUGALL, a.g.
}

\section*{Extra Clerk paid as "General Jobber" on Repairs Pay-list.}

Audit Office, Ottawa, Jany. 24, 1896.
Sir,-Let me call your attention to vouchers 4630 and 5039 , the pay-lists for "Ottawa Buildings, repairs" for the fortnights ended Dec. 7 and Dec. 21, 1895, respectively.

The pay-list from Nov. 25 to Dec. 7 contains the name of E. R. Launière as "General Jobber, Railways and Canals, Nov. 1 to 30, \(\$ 60\)." The pay-list from Dec. 9 to Dec. 21 has "E. R. Launière, General Jobber, Railways \& Canals, December, \(\$ 60\)."

This gentleman was carried on the Chief Architect's staff of the Public Works Department from March 1 to Sept. 30, 1895, as an Extra Clerk, his vouchers being certified by the officer in charge of photography.

Please describe the nature of Mr. Launière's present duties. Unless they have changed from those of an extra clerk, the restrictions on extra clerks hold.

The Repairs pay-list for the fortnight ended Dec. 21, originally made up at \(\$ 2,230.99\) (and not including Mr. Launière's name), is certified for that amount as "Correct in every particular of time, materials and value" by Mr. F. Breton, clerk of works, and approved by Mr. D. Ewart, the assistant architect, both under date of Dec. 23. Mr. Launière's pay of \(\$ 60\) for the month of December (1st to 31st) is in another handwriting, and is apparently added over the certificates of Dec. 23 ; and the cheque for the whole pay-list is dated Dec. 21. Please get a separate certificate for this case so as to remove the doubt.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

\section*{Description of Employees on Repairs Pay-list.}

Audit Office, Ottawa, Dec. 18, 1895.
Sir,-In your expenditure for 1894-95 on "Ottawa buildings repairs," I notice, under the heading "Public Works Department," four employees as follows :-
I. Gauthier, labourer, \(309 \frac{1}{4}\) week-days at \(\$ 1.50 \ldots . .\). . . \(\$ 46387\)

L Fortier, labourer, 312 week-days at \(\$ 1.50\). .......... . . 46800
W. H. Scrim, labourer, 313 week-days at \(\$ 1.50 . \ldots . .\). . . . 46950
A. Laframboise, labourer, 312 week-days at \(\$ 1.50 . \ldots .\). . 46800

The men performing this service have always described themselves in the Ottawa Directory as "messengers"-a fact which was brought to your attention May 18, 1892 (see 1891-92, page C-236), when the names were D. Gauthier, L. Fortier, D. Scrim, and J. Laframboise.

\section*{Auditor General's Report-Part Q}

The reply then elicited from your department (page C-239 of 1891-92) was: "The workmen referred to, when employed by this department, were engaged as labourers, and are still paid as such." This reply, while dealing with their first engagement and with their pay, did not mention the nature of their actual employment, as requested by me at that time.

I bring this subject up again now, because the Treasury Minute of Dec. 2, 1895, fixes "departmental employees" as those whose pay-lists are to be audited before payment. If these men are employed at the work of messengers in the depariment, they come under the Treasury Minute, no matter how they are designated.

Please let me know if there are any other persons on the Repairs or other pay-lists, who are employed at departmental work, either as clerks or messengers. The same remarks apply to them. -

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, Jan. 24, 1896.
Sir,-Let me call your attention to my letter of Dec. 18, 1895, concerning the carrying of four messengers on the "Ottawa buildings repairs pay-lists," as labourers at \(\$ 1.50\) a day, or \(\$ 468\) annually.

I notice that these men are paid as labourers up to Dec. 21, the date of the latest list in hand.

If my view is correct, that they are departmental employees, the payments to them since Dec. 1 should be made only on pay-lists approved by this office; and pay-lists submitted without their names are incomplete. The same remarks apply to any other employees who are performing departmental services.

I shall be unable to certify the January pay-list without delay, unless I hear from you in the meantime.

> I am, sir, your obedient servant,

The Secretary, Public Works Dept.
J. L. McDOUGALL, A. G.

\section*{Public Works Dept., Ottawa, January 29, 1896.}

Sir,-In reply to your letter of the 24th inst., concerning the salaries of certain men whom you style as messengers and who are paid on the "Ottawa Buildings Repairs Pay-List," as labourers at \(\$ 1.50\) per day, I beg leave to inform you that the men in question are labourers, are acting as such, and are not Departmental employees whose names should be included in the pay-lists of clerks, etc., which are sent to you at the end of each month.

I am, sir, your obcdient servant,
The Auditor General. E. F. E. ROY, Secy.

Audit Office, Ottawa, Jan. 30, 1896,
Sir,-Let me acknowledge receipt of your 98236 of yesterday, concerning Messrs. I. Gauthier, L. Fortier, W. H. Scrim and A. Laframboise.

Please supply me, as regards these four employees, with the information asked for in my letter of January 27 th about pay-lists generally, namely: A full description of the kinds of labour performed by them, say since July 1st, 1895; and the location of their duties.

You have not noticed my final question of Dec. 18th,-whether there are any other persons on the Repairs or other pay-lists, who are employed at Departmental work, either as clerks or messengers.

I am, sir, your obedient servant,
J. L. McDOUGALL a.g.

\title{
Messenger Charged to "Ottawa Buildings, Repairs, \&c."
}

Audit Office, Ottawa, Jan. 25, 1896.
Sir,-Let me call your attention to cheque 91223 for \(\$ 90\), charged to "Ottawa buildings, repairs, furniture, \&c.," in favour of Médéric Charrier, for " 60 days' work as messenger, from July 24 to September 22, for the Translators of Debates, Sussex and Clarence street, at \(\$ 1.50\) a day."

Please explain your reasons for paying, from this vote, a service not connected with Repairs, Furniture, \&c., for Ottawa buildings.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

\section*{Two Men Kept Continously by Public Works Dept. at Parliamentary Library.}

Audit Office, Ottawa, Jan. 25, 1896.
In your expenditure on "OttawaßBuildings, repairs, furniture, \&c.," in recent years, I notice the following employees classed under "Library of Parliament":
\[
\begin{aligned}
& \text { 1891-92-Carpenter, N. Landry, } 317 \text { days, at } \$ 2 \ldots . . . . . \\
& \text { " Labourer, Daniel Roy, } 296 \text { days, at } \$ 1.25 \text {....... } 37000 \\
& \text { 1892-93-Carpenter, N. Landry, } 312 \text { days, at } \$ 2 \ldots . . . \text {. . . . . } 62400 \\
& \text { " Labourer, Daniel Roy, } 308 \text { days, at } \$ 1.25 \ldots . \text {. . . . } 38500 \\
& \text { 1893-94—Carpenter, N. Landry, } 79 \text { days, at } \$ 2 ; 230 \text { days } \\
& \text { at \$2.25...................................... } 67550 \\
& \text { " Labourer }{ }^{\text {D }} \text { Daniel Roy, } 313 \frac{1}{2} \text { days, at } \$ 1.25 \ldots . . . \\
& \text { 1894-95-Carpenter. N. Landry, } 312 \text { days, at } \$ 2.25 \ldots . . . \\
& \text { " Labourer, Daniel Roy, } 309 \text { days, at } \$ 1.25 \ldots . . . .
\end{aligned}
\]

Please describe the scope of the duties of these two workmen. The duration of their employment raises the question whether they may not be engaged on work more properly chargeable to the vote for "Library of Parliament" than to that for "Ottawa buildings : Repairs, furniture, \&c."

This latter vote is not for "Maintenance," although your pay-lists are so headed.
For the payments in 1894-95, Mr. Daniel Roy receipts with his own signature those of Sept. 8, Oct. 6, Oct 20, Nov. 3, Dec. 1, and December 15. All the others are receipted with a cross, and certified by a witness, "Signatures by mark necessary from inability to sign." Some explanation is due of this discrepancy. All those who can sign should do so.

> I am, sir, your obedient servant,

\author{
J. L. McDOUGALL, A.G.
}

The Secretary Public Works Dept.
Public Works Dept., Ottawa, Jan. 28, 1896.
Sir,-In reply to your letter of the 25th instant concerning the payments made to Messrs. N. Landry, and D. Roy, respectively carpenter and labourer employed under this Department, and in which you ask me to describe the scope of their duties, I beg leave to inform you that the former one is a carpenter of the same standing and doing the same work as all the carpenters who are employed by this Department, the same being the case for D. Roy. They are submitted to the same rules, have to report at the shop four times a day, as required by the present regulations, and are only working at the Library both for the convenience of this Department and for the convenience of the Library officials, it being deemed more advisable to have the same men to do the work required at that building.

\section*{Auditor General's Report-Part Q}

As a matter of fact the work might be done, and used to be done years ago, by the carpenters employed in the shop indiscriminately, and to all intents and purposes, Landry and Roy are respectively a carpenter and labourer of the same class, and doing the same work as the other carpenters and labourers employed by us.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secy.

Audit Office, Ottawa, Jan. 30, 1896.
Sir,-Let me acknowledge receipt of your 98232 concerning Messrs. N. Landry and Danl. Roy, charged as Carpenter and Labourer at the Library of Parliament.

As mentioned in my previous lettter, I should like to have a full description of the work performed by these employees. The designations "Carpenter" and "Labourer" are not sufficient, in this instance, for the purposes of Audit and Report.

Without this information it seems unlikely that the two men could occupy their whole time around the Library with work properly chargeable to the Public Works Department. I am anxious to get every service classed under its appropriate Vote.

You have not noticed my remark, that Mr. Roy signed 6 pay-lists in 1894-95, and was certified for the other 20 as " Unable to sign."

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

\section*{Ottawa Buildings : Repairs Pay-lists, Generally.}

\section*{Audit Office, Ottawa, Jan. 27, 1896.}

Sir,-Let me ask your attention to the following remarks on your 1894-5 Pay-list headed "Maintenance and Repairs of Ottawa Buildings," and charged to the Vote for "Ottawa Buildings : Repairs, Furniture, \&e"

It does not appear to me that this Vote is intended to carry any expenses of "Maintenance" other than those which fall naturally under its wording. No services which can be paid by the Departments under such heads as Extra Clerks, Messengers, \&c., should be entered on these pay-lists, or charged to Repairs.

Wherever employees are classed on the list under a Department other than your own, there should be evidence attached from the Department under which they are classed, that their services have been both asked for by that Department and rendered to its satisfaction. This, in addition to the usual certificates from your own officers. (Some vouchers for attendance were given in former years, but you have allowed them to lapse.)

The certificate taken by the Clerk of Works at the end of the whole pay-list reads: "Correct in every particular of time, materials and value" : a form gotten up for a general purpose, and not sufficiently explicit for this. The "description of occupation" is not certified; the notion of time is confused with that of work; and the mention of materials is superfluous, where there are none. I would like a certificate which would preclude a Clerk from being charged as a Special Labourer or Carpenter, a Messenger as a Labourer, \&c. Further, it should mention the work as actually performed, and the rate fair and just. Sick leave or other absence, if paid, should be fully described as such.

Where men work only for part of a fortnight, the days of work should in all cases be specified. This is not done. Further, each man's whole fortnight is generally charged to one or other Department, while his actual and necessary work would naturally run out at some other time than the end of the period. Is the timekeeper's division of the charges to be relied on to the day?

I am not clear as to the difference between the two groups of men classed respectively under "Public Buildings" and "Public Works Department." Please inform me of the distinction.

The nature and location of each man's duties should be specified to a much greater extent than they are. It is not enough to call a man a "Labourer" when the term includes so many kinds of labour, of which each employee would be called on to perform only a few ; and the classification of them by the different buildings in which they are stationed would make this part (and not a small one) of the Public Accounts more intelligible.

I notice that, in the fortnights wherein holidays occur, some of the men are regularly paid for eleven days, and others regularly for twelve. What is the reason for the distinction? It does not appear to be that of actual work on the holiday.

All employees on these lists, and all others within reach of the Banks, should be paid by cheques instead of by cash. The workmen at the Government Printing Bureau are all paid fortnightly by cheques, and no difficulty is reported.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.

\section*{Certificates by F. M. Hamel.}

Audit Office, Ottawa, March 7, 1895.
Sir,-I understood from the Minister of Public Works that, for the present, Mr. Hamel's certificate in connection with vouchers for expenditure was not to be given.

The application for a payment on account of Pond Creek Bridge lately sent here was put through without detention, although certified by Mr. Hamel, because the estimate was a progress one, and there was some drawback held.

I am, sir, your obedient servant,

\title{
No Final Estimate yet for Langevin Block. \\ (Following discussion on page P-219 of 1893-4.) \\ Public Works Dept., Ottafa, Feb. 26, 1895.
}

Sir,-Having reference to your letter dated the 3rd ultimo, respecting your application to be supplied with a final estimate for the Langevin block, I am directed to say that Mr. Charlebois has always declined to consider the final report of our chief architect as a final estimate; that he has produced reasons showing that he should be heard before that estimate is filed, and that the Minister has the matter under his consideration.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, Jan. 25, 1896.
SIR,-I should like to be supplied with any additional information which is now available to the public, concerning the present state of the final estimate of Mr. A. Charlebois on the Langevin block.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, \(A \cdot G\).

\begin{abstract}
Public Works Dept., Ottawa. Jan. 28, 1896.
Sir,-I have the honour to acknowledge the receipt of your letter dated the 25th instant, asking to be supplied with any additional information which is now available to the public, concerning the present state of the final estimate of Mr. A. Charlebois on the Langevin Block.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secy.

\section*{Old Accounts of Wm. Howe for Painting.}

\section*{Audit Office, Ottawa, Nov. 8, 1895.}

Sir,-Let me acknowledge receipt of your application No. 95 for \(\$ 67.46\) in favour. of Wm . Howe, being the balance of his account of \(\$ 317.46\) for painting, \&c., in 1890 , at the director's residence, Ottawa Experimental Farm.

Please explain the delay in rendering and certifying the account. I understood that Mr. Howe had no more of these old claims.

In view of the age of the bill, it would be well to obtain the authority of Council for its payment.

I am, sir, your obedient servant, The Secretary, Public Works Dept.

\author{
J. L. McDOUGALL, A.G.
}

Public Works Dept. Ottawa, Nov., 20. 1895.
Sirl \(^{2}\)-Referring to your letter, dated 8th inst., returning our Application No. 95 for \(\$ 67.46\) in favour of Mr. Wm. Howe, being the balance of his account of \(\$ 317.46\) for Painting, \&c, in 1890, at the director's residence, Ottawa Experimental Farm, asking for an explanation as to the delay in rendering and certifying the account, and stating that in view of the age of the bill, it would be well to obtain the authority of Council for its payment. I am directed to inform you that the reason given by. Mr. Howe for the delay in rendering this account, is that for some years past the taking of the orders for work by his firm and their execution were in the hands of a person not now connected with his establishment. That person neglected for years to render the accounts when the works were executed. Mr. Howe further says that for the past year and a half he has been at work examining his books and rendering as fast as possible the accounts as they could be adjusted, that this work was ordered and executed but the account was not rendered, and, it being now properly certified, is sent in for payment in the usual course. I am directed to add that, under the circumstances, there does not seem to be any necessity for the appeal to Council which you have suggested.

The Auditor General.

> I am, sir, your obedient servant,

> E. F. E. ROY, Secretary.

Audit Office, Ottawa, Nov. 20, 1895.
Sir,-Let me acknowledge receipt to-day of your 166149, concerning Mr. Wm. Howe's account for work done in 1890.

The letter of November 8 asked for an explanation of the delay in certifying the account (about a year), as well as of that in rendering it.

I still think it necessary that there should be an Order in Council in this case. It is well that the Government should know that it is informed of all unusual delays, from whatever cause, in settling accounts.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
\[
\text { J. L. McDOUGALL, } A G
\]

Sir,-Having reference to your letter dated the 20th ulto., respecting the delay in certifying Mr. Wm. Howe's account for painting, in 1890, at the director's residence, Ottawa Experimental Farm, as well as of that in-rendering it, I am directed to state that the chief architect, to whom the matter was submitted, reports as follows:-
"The principal delay was in rendering the account. When it did come in Mr. Saunders refused to certify, stating that the account was for a larger sum than he agreed to pay. The agreement was a verbal one between Mr. Saunders and Mr. Howe. Mr. Howe's contention was that he had done more work than that agreed upon, and Mr. Saunders affirmed that he had not.
"After considerable correspondence in the matter, Mr. Howe reduced his account to Mr. Saunders's figures, the latter certified it, and it was then passed in this office."

I am, sir, your obedient servant,
The Auditor General.

\section*{Price Suggested to Tenderer.}

\section*{Audit Office, Ottawa, Dec. 23, 1895.}

Sir,-Let me acknowledge receipt of your application No. 136 for \(\$ 300\) in favour of Garth \& Co. for fitting up a new hot water furnace in the Port Hope Post Office.

I notice that Mr. Ewart, in his letter of invitation to Garth \& Co. (dated Aug. 29, ) described the work, fixed its value at \(\$ 300\), and told them to proceed with it at once if the price suited them.

Please mention the reasons for departing from the usual policy, of asking different contractors to make tenders on their own calculations.

I am, sir, your obedient servant,
The Secretary, Public Works Dept. J. L. McDOUGALL, A.G.

\section*{Public Works Dept. Ottawa, Jan. 8, 1896.}

Sir,--In reply to your letter of the 23 rd Dec. last, referring to our application for \(\$ 300\) in favour of Messrs Garth \& Co. for fitting up a new hot water furnace in the Port Hope, Ontario, Post Office, and asking why tenders were not called for for the work in question, I am directed to inform you that it is not usual to invite tenders for heating-furnaces, as there is a trade list, and all furnaces purchased by this department are ordered from the patentees direct, thus securing the advantages of the trade discounts.

The Garth furnace was originally patented by Messrs. Garth \& Co., and is still manufactured by them, and, although the patent expired long since, they still make the manufacture of this furnace a specialty for the trade. The net price of the furnace is \(\$ 225\), and the \(\$ 300\) includes brick-work, connections, \&c., as well as freight, taking down old furnace and putting up the new one.

I am, sir, your obedient servant
The Auditor General.
E. F. E. ROY, Secretary.

\section*{Foreman Acting as Creditors' Agent.}

Audit Office, Ottawa, Dec. 23, 1895.
Sir,-Let me acknowledge receipt of your application, No. 133, in favour of C. F. and F. R. Eaton, for lumber for the Eatonville wharf.

The voucher is receipted in advance, with the signature "C. F. \& F. R. Eaton, per L F. Eaton, attorney;" and it is certified "materials delivered, measured and received " by L. F. Eaton, foreman. Mr. L. F. Eaton also makes out the voucher.

\section*{Auditor General's Report-Part Q}

It is not well to have the Government and the creditor represented by the same person. Even were it shown that Mr. L. F. Eaton has no inancial interest in the present account, his agency for the firm makes it difficult to accept from him a certificate in their favour.

Please get a certificate from some other person on the work, who assisted in the measurement. The account is returned herewith.

> I am, sir, your obedient servant,
> J. L. McDOUGALL, A. G.

The Secretary, Public Works Dept.

Public Works Dept., Ottawa, Jan. 24, 1896.
Sir,-In reply to your letter dated the 23 rd ultimo, I have the honour to return to you, herewith inclosed, our application, No. 133, in favour of Messrs. C. F. \& F. R. Eaton, for lumber supplied for the wharf at Eatonville, N. S., together with two fresh accounts which are signed by Mr. Judson Sheek, who was sub-foreman of the work.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

\section*{Manitoba Dredging Pay-lists of 1892 : Fictitious Signatures.}
(Following discussion on page P-223 of 1893-4.)
Public Works Dept., Ottawa, March 6, 1895.
Sir,--In reply to your letter dated the 8th ultimo, again calling the attention to the discussion in your report for 1892-93, concerning money charged as paid to employees on the Manitoba dredges, but for which you have no genuine receipts from the men themselves, T am directed to inform you that the Chief Engineer reports that he has forwarded the pay-lists for 1892 to our Mr. Gouin, with instructions to obtain, from all the available men, declarations as to the correctness of the pay-lists in question.

The Chief Engineer further reports that he has instructed Mr. Gouin to make himself, and to obtain from Messrs. West and Smith, a sworn declaration that these pay-lists are correct in every particular and that the money has been paid to the proper men.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, Jan. 25, 1896.
Sir,-Let me call your attention to your letter No. 157983 of March 6, 1895, stating that the Manitoba dredging pay-lists of 1892 had been forwarded to Mr. Gouin, "with instructions to obtain, from all the available men, declarations as to the correctness of the pay-lists in question."

Please inform me of any action which has since been taken by Mr. Gouin in this direction.

I am, sir, your obedient servant,

\author{

}

\section*{Original Vouchers not Supplied to Audit Office.}

Audit Office, Ottawa, Oct. 26, 1895.
Sir,-I have received from the accountant of your department, under date of Oct. 15,1895 , the copies of 20 vouchers of which he has not procured duplicates, and is retaining the originals.

Let me remind you that copies made in the department are of no value for purposes of audit, and that original vouchers should be supplied to me for all payments.

Please let me have them without delay.
I am, sir, your obedient servant,

The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Yublic Works Dept., Ottawa, Nov. 6, 1895.
Sir,-In reply to your letter dated the 26 th ultimo, stating that you have received from our accuuntant, on the 15 th \({ }^{\bullet}\) October, the copies of 20 vouchers, of which he has not procured duplicates, and asking that the originals of the above be supplied to you, I have the honour to request that you kindly forward to us a list of the vouchers referred to in your letter.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

Audit Office, Ottawa, Jan. 25, 1896.
Sir,-The lists of copied vouchers asked for in your letter of Nov. 6 were prepared in your own department, and are in the Accountant's letter-books. Please call the Accountant's attention to this fact.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

\section*{Stores Accounts not yet Audited.}

Public Works Dept., Ottawa, Feb. 13, 1895.
Sir,-I have the honour to acknowledge the receipt of your communication dated the 8 th instant, calling attention to your letter of the 4th June, 1894, concerning the auditing of stores accounts, and stating that the subject cannot be further postponed, and will be taken up immediately after the completion of your annual report now in hand.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary,

\section*{Audit Office, Ottawa, Jan. 25, 1896.}

Sir,-Please inform me of any steps which have been taken by your department in the direction of preparing for the Audit of Stores, prescribed by the Minister of Finance.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Secretary, Public Works Dept.

\section*{Auditor General's Report-Part Q}

\section*{White Lead charged at Eight cents a Pound.}

Audit Office, Ottawa, April 30, 1895.
Sir,-Herewith please find a sample of white lead, of which I would like an analysis.

The question of its purity occurs in the discussion of a claim against the Government.

I am, sir, your obedient servant,
Thos. Macfarlane, Esq., F.R.S., Chief Analyst.
J. L. McDUUGALL, A.G.

\section*{Audit Office, Ottawa, May 2, 1895.}

Sir,-Let me acknowledge receipt of your application No. 494 for \(\$ 261.41\) in favour of John Shepherd, for paint, oils, varnish, \&c., supplied for "Repairs to Ottawa Buildings."

I notice two items for "chemically pure white lead," amounting together to 1,000 pounds at eight cents a pound, or \(\$ 80\). Please send me a sample of this white lead, at your early convenience.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, May 3, 1895.
Sir,-With further reference to Mr. John Shepherd's bill for 1,000 pounds of "chemically pure white lead" at eight cents a pound, I beg to inform you that other departments are purchasing white lead under contrast in Montreal as follows :-

Quebec Canals, "Tiger" brand. . . . . . . . . . . . . . . . . . . . . . . . \(\$ 469\)
Intercolonial Railway, subject to analysis.................. . . . 440
Marine Department, "Best Genuine"......................... . . . 425
These prices are for 100 pounds.
I am, sir, your obedient servant,
The Secretary, Public Works Dept.

J. L. McDOUGALL, A.G
}

Public Works Dept., Ottawa, May 4, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter dated the 2nd instant, acknowledging our application No. 494, for \(\$ 261.41\) in favour of Mr. John Shepherd, for paint, oils, varnish, \&c., supplied for " Repairs to Ottawa Buildings," and asking to be supplied with a sample of the "chemically pure white lead" referred to in the account.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

\section*{Audit Office, Ottawa, May 4, 1895.}

Sir,-After discussion with Mr. Shepherd, he will accept, in the meantime, the amount of his account less sixty dollars, pending further examination.

Please make a new application in accordance with this arrangement.
I am, sir, your obedient servant,

\section*{Laboratory, Inland Revenue, Dept., Ottawa, May 6, 1895.}

Sir,-In reply to your letter of April 30 last, concerning a sample of white lead, I beg to inform you that it has been examined in this laboratory, and found to be unadulterated.

The Auditor General.
I am, sir, your obedient servant,
THOMAS MACFARLANE, \(C . A\).

Audit Office, Ottawa, May 25, 1895.
Sir,-Let me call your attention to my letter of May 2, 1895, asking for a sample of the white lead of which Mr. John Shepherd supplied 1,000 pounds at 8 cents.

I have taken at random a sample of white lead, bought at retail in Ottawa for \(4 \frac{3}{4}\) cents a pound by a reliable artizan for his own use, and submitted it to Mr. Thomas MacFarlane, the chief analyst in the Inland Revenue Department. He reports that it is " unadulterated."

Please add this to the information previously given to you, namely, that the Quebec canals are paying \(\$ 4.67\), the Intercolonial Railway \(\$ 4.40\), and the Marine Department \(\$ 4.25\).

I should like to have this matter disposed of at your early convenience.
I am, sir, your obedient servant,
The Secretary, Public Works Department.
J. L. McDOUGALL, A.G.

Public Works Dept., Ottawa, June 6, 1895.
Dear Sir,-In reply to your letter of the 25 th May, with reference to the sample of white lead of which Mr. John Shepherd, of this city, supplied 1,000 pounds at 8 cents a pound, and of which you state you have obtained a sample at retail prices for \(4 \frac{3}{4}\) cents a pound, I have the honour to inform you that white lead is an article which fluctuates very much in price, and that not long ago the price of 8 cents a pound was the proper price to be paid for the same.

The chief architect informs me, however, that the regular price for white lead now is from 5 to \(6 \frac{1}{2}\) cents, according to quality, and that after an interview with Mr. Shehperd, this dealer has reluctantly consented to reduce his price by \(1 \frac{1}{2}\) cents per pound, that is to say, to sell his white lead at \(6 \frac{1}{2}\) cents per pound. I understand that the white lead so procured from Mr. Shepherd is of superior quality, and in order to allow of a comparison being made, I would ask you to please send to this department a sample of the white lead you have obtained at \(4 \frac{3}{4}\) cents, so that. we may compare the two.

At the same time, I beg to forward you herewith a sample of the lead bought from Mr. Shepherd as requested. I have no doubt you will find that the quality of the article bought by us is far ahead of that purchased by you.

Yours very truly,
The Auditor General.
A. GOBEIL, Deputy Minister.

Public Works Dept., Ottawa, June 19, 1895.
Sir, -With reference to the letter written to you by the deputy minister on the 4th ultimo in respect to the amount charged by Mr. John Shepherd for white lead, I beg to inclose to you, herewith, a copy of a letter which Mr. Shepherd has sent to this department agreeing to a reduction of \(1 \frac{1}{2}\) cent per lb., but in which, you will remark, he claims that the price charged is fair and just for the quality supplied,

I am, sir, your obedient servant,

Ottawa, May 29, 1895.
Sir,-With reference to my account held in abeyance by the Auditor General, claiming an overchange in white lead. Beg to say in order to close the matter I am willing to make a reduction of \(1 \frac{1}{2} \mathrm{c}\). per pound, but at same time claim the price charged is fair and just for quality supplied.

> I am, sir, yours truly,
> JOHN SHEPHERD.
D. Ewart, Esq.,

Assistant Architect.

Audit Office, Ottawa, July 2, 1895.
Sir,--With this please find another sample of White Lead, of which I would like an analysis.

I am, sir, your obedient servant,
Thos. Macfarlane, F.R.S., Chief Analyst.
J. L. McDOUGALL, A.G.

Inland Revenue Dept., Ottawa, July 8, 1895.
Sir,-In reply to your letter of 2 nd July I have to state that the sample of white lead in oil accompanying it has been found to contain 6.93 per cent of baryta, and must be considered as aduiterated to that extent.'

I am, sir, your obedient servant,
The Auditor General. THOMAS MACFARLANE, C.A.

\section*{Audit Office, Ottawa, July 15, 1895.}

Sir,-I have submitted to Chief Analyst Macfarlane the sample of Mr. Shepherd's chemically pure white lead, which was sent with your letter of June 6; and I now forward to you a copy of his report thereon, that "It has been found to contain 6.93 per cent of baryta, and must be considered as adulterated to that extent."

Please call Mr. Shepherd's attention to this. It is evident that a further reduction must be made in the price on account of shortage in the white lead, say 6.93 per cent of \(6 \frac{1}{2}\), or \(\frac{45}{100}\) cents. The value of the baryta might be added.

Your painters, who informed you that "the white lead procured from Mr. Shepherd is of superior quality," may have made a similarly hasty examination of the other supplies described in the bill of \(\$ 261.41\). Please get them to examine them again, or submit them to the chief analyst.

The sample of \(4 \frac{3}{4}\) cent white lead, mentioned in my letter of May 25, and which the chief analyst reported to be unadulterated, is the "Warranted Strictly Pure" brand of Mr. William Howe.

As to 8 cents having been a recent price for white lead in the open market, you will find by my report for 1893-94 that, from July, 1893 to June, 1894, the Marine and Fisheries Dept. got their supply at \(\$ 4.12 \frac{1}{2}\), the Intercolonial Railway at \(\$ 4.75\) and the Quebec Canals at \(\$ 4.80\). As stated in my letter of May 3, the same departments between July, 1894 and June, 1895 paid \(\$ 4.25, \$ 4.40\), and \(\$ 4.69\) respectively. The reduction to the present prices appears therefore to have been made before July, 1893, and should have attracted the notice of your officers some time ago. It would be well to examine the other items of Mr. Shepherd's bill in this direction also.

I notice other purchases of pure white lead at 8 cents, from Geo. Howe, Thos. Keaough, etc.; and one from Stephen Bros. at \(5 \frac{1}{2}\) cents. This distribution of orders is one of the reasons for your prices being high. Were you to do like the other departments, and combine your orders, and call for tenders, no doubt you could obtain prices equally low. If advertising be thought too expensive the specifications might be sent
to all who have expressed a desire to tender for goods of the kind, as is done on the Intercolonial Railway.

It would be well to have samples analysed chemically, of all supplies which admit of such analysis. Mr. Macfarlane would probably be willing to make the exaninations for you. This practice is followed to a great extent on the Intercolonial Railway.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Memorandum by D. Ewart, Esq., Assistant Architect.
Chief Architect's Office, Dec. 11, 1895.
The auditor states the chemically pure white lead supplied to the department by Mr. Shepherd having been analysed by Mr. Macfarlane, chief analyst, was found to contain 6.93 per cent of baryta, and to please call Mr. Shepherd's attention to the shortage in the white lead.

When the chief analyst made the analysis, did he test for any adulteration other than baryta:

Mr. Shepherd's attention was called to the fact that the white lead supplied by him had been analysed and that it was found to contain 6.93 per cent baryta and he replied by forwarding a letter from P. D. Dods \& Co., who manufactured the lead, that they did not compare the quality of their paints with paints made by manufacturers who call their article strictly pure white lead, they further state that their paint will cover from thirty to fifty per cent more area than that called pure white lead will cover.

Further, lead was found to be similar to other metals some being better than others and worth from twenty to fifty per cent more.

It is well and widely known that pure carbonate of lead ground in oil, does not make the best quality of white lead paint, and as the department purchases its paint ground it would not do for the better class of work to purchase a pure white lead.

A higher rate is always charged for a properly prepared white lead paint, as it covers a much larger surface, hardens better and does not become pulverulent or liable to be rubbed off. A white lead containing a mixture of barytous gypsum and oxide of zinc renders the paint less liable to be blackened by the action of sulphurated hydrogen.

As to the Auditor's remarks that the information the department received from "the painters" that the white lead procured from Mr. Shepherd is of superior quality and inferring that they had made a hasty examination ; Mr. Breton, the clerk of works, reports that no hasty exnmination was made, stating he had three following named brands tested;
1.-No. 1 warranted.
2.- Unicorn marked pure lead.
3.-Pure lead, manufactured by P. D. Dods \& Co., being the white lead supplied by Mr. Shepherd ; and that he found a great difference in the quality of the different brands; that each of these brands was tried as one, two and three coat work, and that the Dods white lead, supplied by Mr. Shepherd, gave by far the best result. The various samples were exhibited in the chief architect's office, and I can corroborate the correctness of the above statement.

As to the price paid for white lead, there are superior brands of white lead on the market, for which practical painters readily pay a much higher price than for pure white lead. For instance, B. Brandram white lead was supplied by Letourneux, Fils \& Cie, of Montreal, for use at the St. Vincent de Paul penitentiary, charged at the rate of 8 c . per lb., which rate was objected to, and there was correspondence between that firm and this office, the firm stating that they could supply brands at a much lower rate.

They would supply No. 1 for 4 cents, Johnson's Decoration \(4 \frac{3}{4}\) cents, Pure Maple Leaf 5 cents per lb., and that they were willing to take back the B. Brandram brand

\section*{Auditor General's Report-Part Q}
supplied, and supply any of the other brands at the prices named, but that the \(B\). Brandram they could not supply for less than 8 cents per lb .

The account was passed as first rendered by the firm, and 8 cents per lb . was the price paid for the white lead.

Note.-The department was well aware of the fact that white lead could be purchased at the rates named in the Auditor's letter, but as above stated it is not of the quality fit for first class inside work, such as is required to be dane on the government public buildings.

After discussing with Mr. Shepherd regarding the price he first charged (8 cents per lb.), he reluctantly agreed to reduce the price to \(6 \frac{1}{2}\) cents in order to close, as he required the money.

Mr. Shepherd has again been seen respecting a further reduction, which he states he will not make.

From all that I have been able to learn re the various brands of paint and the surface covered by equal quantities of different brands and their qualities, as to body and covering capacity, consider that the department is getting superior value for the price, \(6 \frac{1}{2}\) cents charged by Mr. Shepherd for the quality of white lead supplied by him.
D. EWART, for Chief Architect.
A. Gobeil, Esq., Deputy Minister.

\section*{Audit Office, Ottawa, Feb. 4, 1896.}

Sir,-The balance of Mr. John Shepherd's reduced account was passed upon receipt of Mr. Ewart's memorandum of December 11, as the discussion had then become of general interest.

I cannot follow out Mr. Ewart's reasoning, that adulterated material is more valuable than unadulterated, when the foreign substance mixed in is cheaper than the pure. The subject will be taken up again later on, when the annual report is off our hands.

You have passed over my suggestions, that chemical analyses be made wherever possible, and that orders be grouped to obtain lower rates.

I am, sir, your obedient servant,
The Secretary, Public Works Department.

\title{
Re Slide and Boom Dues-Newcastle District.
}

Audit Office, Ottawa, May 24, 1895.
Sir,-The expenditure for slides and booms in the Trent and Newcastle district during 1893-94 was \(\$ 2,116.17\) for staff and \(\$ 5,127.11\) for repairs.

According to the returns furnished no revenue was collected and none accrued during the season of 1894 . I shall be glad to learn the reason. Is it probable that there will be any revenue from these works during the present season? Have the arrears due by Messrs. Gilmour \& Co. and Rathbun \& Co. yet been paid, or if not, what action has been taken to secure payment?

I am, sir, your obedient servant,
The Secretary, Public Works Department.
J. L. McDOUGALL, A.G.

Public Works Deptr., Ottawa, June 8, 1895.
Sir,-Having reference to your letter of the 28th ultimo respecting the expenditure for slides and booms in the Trent and Newcastle district during 1893-94, and asking to be informed why no revenue has been collected during the season of 1894, and also whether the arrears due by Messrs. Gilmour \& Co. and Rathbun \& Co. have been paid, I have the honour to state that the legality of charging toils being before the Department of Justice, it was deemed advisable not to render accounts of dues for 1894 until the question was settled.

The case of Messrs. Gilmour \& Co. and Messrs. Rathbun \& Co. is before the Department of Justice.

> I am, sir, your obedient servant,

The Auditor General.

\author{
E. F. E. ROY, Secretary.
}

Audit Office, Otrawa, November 18, 1895.
Sir,-In my letter of May 28 last I pointed out that the expenditure for slides and booms in the Neweastle district for 1893-94 amounted to \(\$ 2,116.17\) for staff and \(\$ 5,127.11\) for repairs; and that no revenue had come to account.

I have now to state that the expenditure for \(1894-95\) amounted to \(\$ 2,023.25\) for staff and \(\$ 5,170.29\) for repairs ; and that no revenue came to account during the year, either for 1893-94 or 1894-95.

You stated in your letter of June 8th last that the matter was before the Department of Justice, and that it was deemed advisable not to render accounts of dues for 1894 until the question was settled ; also that the cases of Gilmour \& Co. and Rathbun \& Co. were before the Department of Justice.

As the accounts of another season have since accrued, I have to inquire what further action has been taken in reference thereto.

In the meantime please furnish a statement of the arrears due for both seasons, as shown by the returns received from your slide masters.

> I am, sir, your obedient servant,

The Secretary, Public Works Department.
J. L. McDOUGALL, A.g.

Public Works Dept., Ottawa, Dec. 6, 1895.
Sir,-Having reference to your letter of the 18th November last stating that so far no accounts, for revenue collected in 1893-94-95 in connection with the slides and booms in the Newcastle district, have been received by you and asking to be supplied with a statement of arrears due for both seasons and calling attention to the cases of Messrs. Gilmour \& Co. and The Rathbun Co.-I beg leave to inform you that the cases
of these two firms are still before the Department of Justice for an opinion as to whether this department has the right to enforce payment of accounts which the department holds against the said firms.

The department has also in its hands accounts against parties who have used government works in the above named district, which parties are exactly in a similar position to that of Messrs. Gilmour \& Co. and The Rathbun Co., and the department did not think it advisable to take any action in connection with these accounts until the cases of Messrs. Gilmour \& Co. and the Rathbun Co. would be reported upon by the Department of Justice.

I may add that I have to-day communicated with the Department of Justice and have asked them to kindly give us an opinion in the matter, submitted to them, as soon as practicable. So soon as an answer is received from the Department of Justice, we will know how the accounts, in connection with the Newcastle district slides and booms, are to be dealt with and the information in the matter will be at once communicated to you.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

\section*{Re Slide and Boom Dues-Saguenay District.}

\section*{Audit Office, Ottawa, May 29, 1895.}

Sir,--The expenditure for slides and booms on the Saguenay River during 1893-94 was \(\$ 942\) for staff and \(\$ 2,006.20\) for repairs. According to the returns furnished there was no revenue, either accrued or collected. This state of affairs seems to call for some explanation.

The Secretary, Public Works Dept.
I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, November 18, 1895.
Sir,-On May 29th last I called your attention to the expenditure for slides and booms, Saguenay district during 1893-94, amounting to \(\$ 2,948.30\) and to the fact that there was no revenue accrued or collected during the year, and asking for some explanation. Though you replied on June 8th to another matter referred to in my letter, you said nothing as to the absence ( \(f\) revenue.

I have now to point out that no revenue has come to account for 189495 , and none so far for the present fiscal year; and that the expenditure for 1894-95 was \(\$ 2,933.23\). If there is no revenue there surely can be no reason for expenditure.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

\section*{Audit Office, Ottawa, December 28, 1895.}

Sir,_I have not received any reply to my letters of May 29th and November 18th calling your attention to the absence of any revenue from the Saguenay district slides for the last two years.

I am publishing these letters in the audit report now being prepared, and will be glad to add your explanations in reference thereto, but to do so I will need to have them at an early date.

\section*{I am, sir, your obedient servant,}

Public Works Dept., Ottawa, Jan. 4, 1896.
Sir,-In answer to your letter of the 28th ultimo re the absence of any revenue from the Saguenay district slides for the last two years, I am directed to state that the reason why no returns of revenue on the Saguenay slides have been sent to you for the past two years is that no revenue was collected on those works during that period, the manufacture of the timber which used to come down those slides having partly been abandoned and that which is still being made on Lake St. John and its tributaries being now manufactured at mills established on the borders of the lake itself.

The department before closing those works to the lumber interests in that section of the country, has thought it advisable to wait until it would have a moral certainty that those works would not be required any longer for the purpose for which they were constructed and maintained and it is now proposed to abandon them altogether as it is not likely that they will ever be of further utility.

I am, sir, your obedient servant,
The Auditor General.
E. F. E. ROY, Secretary.

\section*{Re Revenue Accounts.}

\section*{Audit Office, Ottawa, June 18, 189.}

Sir,-I have to inquire what action thas been taken in the accountant's branch of your department to ensure a closer supervision of the accounts of the collectors. The accountant should keep such a record of these accounts as would enable him to readily notice any delay on the part of a collector in depositing his receipts; and in such a case he should at once call for an explanation from the departmental officer in immediate charge of the revenue.

I am, sir, your obedient servant,
The Secretary, Public Works Dept. J. L. McDOUGALL, A.G.

Public Works Dept., Ottawa, July 23, 1895.
Sir, -Having reference to your letter of the 18th ultimo, asking what action had been taken in the accountants branch of this department to ensure a closer supervision of the accounts of the collectors, I have the honour to send you, herewith inclosed, a copy of the instructions sent to collectors of revenue, and to inform you, that an account is opened in the books of the accountant for such work from which revenue is derived.

I may also add that the returns for June last are all in.
I am, sir, your obedient servant.
The Auditor General.
A. GOBEIL, for Secretary.

\section*{INSTRUCTIONS TO DOCKMASTERS..}

Public Works Dfparment, Ottawa, April 17th, 1896.
1. All correspondence, returns, etc., relating to revenue is to be addressed to the Collector of Revenue, Department of Public Works, Ottawa.
2. In addition to the entry book, a cash book must also be kept, showing date of entry, name of the party paying charges, number of voucher and amount received.
3. All collections to be mailed, in registered letter, to the collector within the first three days of the month following that for which the returns are made.
4. Particular care is requested to be taken in making out the triplicate vouchers which must correspond in every particular with the entry book, and must all bear the signature of the owners or agents of vessels. The original and duplicate vouchers must accompany each remittance

\section*{Auditor General's Report-Part}
5. All moneys received should be deposited in bank to the credit of the Hon. the Receiver General on the day received and a bank receipt in duplicate with draft attached obtained therefor. Should a payment be received after bank hours, the bank receipt should bear date of the next legal day following the date of entry in cash book.
6. If within the first fifteen days of the month an acknowledgment of the receipt at Ottawa of returns is not had, the dockmaster should write .the Chief Engineer, Department of Public Works, to that effect, so that should a letter go astray no unnecessary time may be lost in endeavouring to recover it.

\author{
E. T. SMITH, \\ Collector of Revenue
}

LOUIS COSTE,
Chief Engineer.

\section*{Re Arrears;Due.}

Public Works Dept., Ottawa, Nov. 11, '95.
Sir,-In reply to your letter of the 7 th ultimo, asking for a detailed statement of all arrears due to this department on the 30th June last, I have the honour to inform you, that the only amount appearing in our books against disbursing officers and others, for the fiscal year 1894-95, is that of \(\$ 5,000\) advanced to Messrs. O'Connor \& Hogg, solicitors, in November, 1894, to be deposited in court.re dredge "Laval," and as the case is still pending, the amount in question cannot be refunded at present.

The slides and booms revenues statement was handed into the Department of Finance on the 29 th ultimo.

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

The Auditor General.

Audit Office, Ottafa, November 19, 1895.
Sir,-I have received your letter of the 11th instant in reply to mine of the 7 th asking for a detailed statement of all arrears due on June 30th last not yet satisfied.

You state there are no arrears due to your department by disbursing officers, with the exception of an amount advanced your solicitors in a legal case not yet closed.

You do not make any reference to your collecting officers. In this connection I may call your attention to your letter of July 9th last, re some amounts due by telegraphagents.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

\section*{Audit Office, Ottawa, December 28, 1895.}

Sir,-I have no reply to my letter of November 19th last, pointing out that you made no reference to your collecting officers in your letter of November 11 th. -If there are arrears due by any of those officers, a statement of them should be furnished; if there are none please state so.

I am, sir, your obedient servant,
The Secretary, Public Works Dept.
J. L. McDOUGALL, A.G.

Public Works Dept., Ottawa, January 8, 1896.
Sir,-In reply to your communication dated the 28th ultimo, pointing out that I made no reference to our collecting officers in my letter of the 7 th November last, I have the honour to inform you that our accountant to whom the matter was referred, states that all the amounts due by the disbursing or collecting officers of this department, on the 30th June last, have been satisfied.

As to the two balances due and mentioned in our letter of the 9th July last and referred to in yours of the 19 th November last, the accountant states that that for \(\$ 10.39\), Magpie office, was accounted for as per deposit receipt No. 1489, dated 1st August last, and that the other one for \(\$ 18.04\), St. Paul's Island office, is still outstanding, for the following reasons given by our general superintendent of telegraphs, viz:
"In regard to the \(\$ 18.04\) due from the St. Paul's Island office ; the former agent has a small counter account against the service in consequence of which this remittance has been delayed. The account is now being dealt with and will be settled very shortly."

I am, sir, your obedient servant,
E. F. E. ROY, Secretary.

Lachine Canal-Improved Drainage System.
Heney \& Borthwick-Amended Final Estimate, Nor. 30, 1894, dated
Jul! \(27,1895\).
10 : Earth excavation in collecting-drain and connecting trench....c. yds.
11: Rock excavation in collecting úrain, deviations, \&c... . ..
1: Earth excavation for brick sewer ..................................... .

3: Brick sewer completed...............................................................
4: do extra brick and concrete under C. P. Ky...........

7 : Planking in connecting-trench, and under foundations of

17: Unwatering connecting trench, collecting drain, and brick sewer.
13: Concrete on top of arch under C. P. R., and behind masonry, \& c..c. yds.
8: Clay filling behind masonry, \&c.
9: Stone masonry in cement
6 : Circular openings in brick sewer
No.
Work not specified in schedule of prices-
Timber under railway tracks.
c. ft.

Timber at inlet of sewer.
Planking at bottom of connecting-trench, paid at \(\$ 25\) instead of \$18
Bridge across deviation of River St. Pierre.
Extra expense in laying foundations of masonry at outlet
of sewer.
15 per cent allowed on \(\$ 864\), for profit and use of tools.
Filling in embankment at end of sewer, \(316 \frac{6}{5}\) c. yds. at 50 c ., \(\$ 158.40\); less, returned in progress estimate, \(\$ 102.78\).
Clay tilling on top of brick sewer : excavating, 28c.; hauling, 2 c .
Concrete channel over brick sewer
Removing and replacing shed near Dominion Station.
Rent paid R. G. Finnie for additional ground.
Paid before, \(\$ 113,292\); in 1894-95 (page \(\mathbf{R}-9\) ), \(\$ 6,387.08\).

16: Excavation for seats of cribs and riprap wall
c. yds.

Dredge "Central City," moving lock-gate, and tearing up old wreck.
Benching south side of canal bank, and clearing and grubbing.
Dredge "Central City," removing, old wreck
Dredges "Ontario" and "I X L," removing old cribwork
Benching south side of canal bank
Paid before, \(\$ 158,090\); in 1894-95 (page R-20), \(\$ 36,034.94\) : in 1895-96, \(\$ 19,440\); drawback, \(\$ 2,996.45\)

Sec. 3-Poupore d. Fraser-Estimute 44, to Oct. 31, 1895.

\section*{2. do below water}
: Rock excavation, above and below water
: Formation of road on north side of canal
\(\qquad\) "،
8: Fence on south side of public road.
9 : Stone talus or riprap wall at spoil-ground
18 : Excavation for seats of cribs and wall at spoil-ground.
Masonry, laid dry, in public road culverts.
Concrete in foundations of public road culverts
Masonry, laid in cement, in public road culverts.
4 : Furnishing and placing stone to protect bank of public road and inside slopes.
"،

14: Blocks in farm crossings for public road......................... No.
Plank, 3-inch, in do do
b. m.

15 : Wrought iron in screw bolts do
17: Pressed spikes \(\quad\) do lbs.
12: Timber at spoil-ground, Flagg's Bay.... ..................................
13 : Timber in binding pieces do
16: Ballast in bridge cribwork do c. yds

5 : Preparing seat for inside stone protection Delivered : stone for protection of inside slopes.
\(\qquad\) 1. yds. Contractors' accounts: Beddıng stones in public road, \(\$ 613, \$ 69\) Grubbing trees in public road Digging out posts, and ends of posts
Re-handling stone for metalling public road Men and dredging-plant, taking "Persia" off bar in canal..... Repairing old road, and erecting temporary fence.

Intercolonial Railway: Wages, \&c., Fuelmen-Continued.
}
\$ cts.

\section*{Brought forward}

519,656 69
Oxford Junction-Tarris, Eli, unloading wood, 2 cars at \(\$ 1\)
Pointe du Chêne-
Cooke, John, fuelman, \(5 \cdot 9 \mathrm{~m}\). at \(\$ 30\); mechanical dept., \(5 \cdot 9 \mathrm{~m}\). at \(\$ 30\).
Moore, C. W., fuelman, 3 d . at \(\$ 1\); mechanical dept., 3 d . at \(\$ 1\)
Pictou-McKinnon, Angus, unloading coal, \(610 \frac{1}{2}\) tons at 10c
Richmond-
Currie, Fred., fuelman, 21矛d. at \(\$ 1\); Connors, James, fuelman, 1092 m . at \(\$ 30\); taking stock, 1 d. at \(\$ 1\)
Dwyre, Patrick, unloading coal, 36 cars at \(\$ 2.25,36 \frac{3}{4}\) cars at \(\$ 3,8 \frac{2}{3}\) cars at \(\$ 1.25\); loading wood, 1 car at \(\$ 2.25\); unloading wood, 19 cars, \(\$ 2.25,1\) tender at 75 c .

24750
Fleming Patrick, fuelman, 4 d . at \(\$ 1\); Hinds, M., fuelman, 11.74 m . at \(\$ 30\)
Jackson, Geo., fuelman, 24 d. at \(\$ 1\); Jackson, James, fuelman, \(11 \cdot 31 \mathrm{~m}\). at \(\$ 30\)
McGrath, John, Store No. 2, 10 h . at \(12 \frac{1}{2} \mathrm{c}\). ; McTiernan, Patrick, taking stock, 1 d. at \(\$ 1\).
Marsh, Geo., Store No. 2, 14 h. at \(12 \frac{1}{2} \mathrm{c}\).
McTiernan, B., fuelman, 2 d. at \(\$ 1\); Morast, Chas., fuelman, \(6 \frac{1}{2}\) d. at \(\$ 1\)
Phelan, Luke, fuelman, 10.36 m . at \(\$ 30\); Pendergrast, \(P\)., fuelman, 12 m . at \(\$ 35\)..
Spears, John, Store No. 2, 10 h. at 12 tc c.; Shea, Peter, taking stock, 1 d . at \(\$ 1\).
Steele, Albert, fuelman, \(45 \frac{1}{2} \mathrm{~d}\). at \(\$ 1\); Store No. 2, 12 h . at \(12 \frac{1}{2} \mathrm{e}\).; taking stock, 1 d . at \(\$ 1\).
Rivière du Loup-
Côte, Telesphore, sawing wood, \(17 \frac{1}{2}\) cords at 30 c .; Desrosier, Louis, sawing wood, 20 cords at 30 c .
Dionne, Thos., fuelman, 9 d. at \(\$ 1\); Dunmond, H., fuelman, 2283 d. at \(\$ 1\); carpenter, 68 d at \(\$ 1.25\); storeman, 25 d . at \(\$ 1\).
Fraser, Pierre, delivering coal, 7,272 tons at 9 c. ; Gagnon, Felix, jr., piling wood, 234 d. at \(\$ 1\); Store No. 2, 2.93 m . at \(\$ 33\); Store No. 2, \(\frac{1}{2}\) d. at \(\$ 1\)
Gagnon, Joseph, Store No. 2, 3t d. at \(\$ 1\); Gagnon, Felix, Store No. \(2,8.96 \mathrm{~m}\). at \(\$ 33\)
Joubert, James, unloading coal, 2,822 tons at 3 4c., 496 tons at 5 c ., 2,527 tons at 3 空c., 1,215 tons at \(7 \frac{3}{4} \mathrm{c}\)., 40 tons at \(7 \mathrm{c} ., 1\) car at \(\$ 1.20\)
Landry, F., delivering coal, 7,704 tons at 10 c .
Lucas, Jos. A., Store No. 2, 15 d . at \(\$ 1\); handling wood, 50 cords at 10 c . ; labour, 164 d . at \(\$ 1\)
Michaud, A., sawing wood, 62 cords at 30 c. ; May, Thomas, No. 2, 123a d. at \(\$ 1\); piling wood, 13 d . at \(\$ 1\)
Marmen, Alphonse, unloading coal, 450 tons at 5 c ., \(1,376{ }^{2}\) tons at \(4 \frac{1}{2} \mathrm{c}\)., 3,258 tons at 4 c ., 2,109 tons at 3 дс., 583 tons at \(8 \mathrm{c} ., 287\) tons at 10 c ., 10 tons at 13 c ..
Pelletier, Aleide, sawing wood, 25 cords at 30 c .; Roy, J. B., sawing wood, \(114 \frac{1}{2}\) cords at 30 c ., 5 cords at 42 c .
St. Pierre, Alfred, sawing wood, \(12 \frac{1}{2}\) cords at 30c.; Sylreau, Peter, Store No. 2, 32 d. at \(\$ 1\).
Sylreau, M., Store No. 2, \(28 \frac{3}{4}\) d. at \({ }^{\$ 1}\)
Sussex-Sherwood, G. W., sawing and handiling wood, \(3 \frac{1}{2}\) d. at \(\$ 1\)
Spring Hill-
Canning, H., fuelman, 3 d . at \(\$ 1.10\); Davidson, A. C., fuelman, 9.73 m . at \(\$ 33\).

\section*{Auditor General's Report—Part R}

\section*{Cornwall Canal : Contract Provisions Disregarded by Engineers.}

\section*{Audit Office, Ottawa, Oct. 21, 1895.}

Sir,-Let me acknow'edge receipt of your application in favour of Wm. Davis dt Sons, for September estimates on Sections 2, 3 and 4 of the Cornwall Canal.

These estimates include a number of bills now first presented, for extra work done at various dates from 1889 to 1895 , and certified by Mr. Weller "work performed as ordered."

The contracts provide that extra work shall be ordered in writing before it is done. Please let me know whether this regulation was observed, and whether the bills were presented by the contractors from month to month, as required by another section of the contract. I should like to have as many of the written orders as exist.

On several of the extra items which have appeared in the successive monthly estimates for several years, a claim is now made for an additional allonance of 15 per c'nt. Would not Mr. Justice Burbidge's decision as to the finality of a progress estimate affect these items?

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.

\author{
J. L. McDOUGALL, A.G.
}

\section*{Railmays and Canals Dept., Ottrawa, Oct. 23, 1895.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 21 st instant, with reference to applications in favour of Messrs. Wm. Davis \& Sons for September estimates on Sections Nos. 2, 3 and 4 of the Cornwall Canal, and note what you say in regard to a number of bills included in these estimates for extra work done at various dates from 1889 to 1895.

The items in the bills attached to these estimates are, it is true, certified by Mr. Weller as you state, but you will please to observe that each bill is certified by Mr. Kubidge, the superintending engineer, that the work was done in accordance with instructions received from the then chief engineer, and that the prices are fair and just.

No written instructions were given. The accounts were presented to the superintending engineer, and he explains that it hás for many years past been the practice to hold them over until the preparation of the final estimate. This practice is, however, being put a stop to, and every effort is being made to dispose of such accounts in future upon the completion of each service.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D. M. R.\&C.

Audit Opfice, Ottawa, Oct. 28, 1895.
Sir,--Let me acknowledge receipt of your 156736 of Oct. 23, concerning the bills of Wm. Davis \& Sons for extra, work performed from 1889 to 1895.

Mr. Rubidge's certificate is that the work was done in accordance with his instructions from the chief engineer of that time. Since these instructions are now admitted to be only oral, they have no value under Section 5 of the Contract, which says that "the Contractors shall not be entitled to any payment for extra work, unless such extra "work shall have been first directed in writing by the engineer, and notified to the " contractor in writing."

I wrote to your department as follows, under date of February 9, 1889 (see page D-162 of my report for 1888-89), concerning a payment of \(\$ 3,000\) to Murray \& Cleveland for work done under an oral agreement: "Although the agreement was not put "in writing before the work was done, as demanded by the contract, there is no doubt "concerning the good faith of the whole transaction, and I shall not delay the payment "by maintaining the objection in the present instance. I trust, however, that you will

\section*{Auditor General's Report-Part R}
"draw Mr. Page's attention to the expediency of following the letter of the contract in "future dealings."

Since that letter was written in \(18^{\circ} 9\), I have brought the same subject to the notice of your department several times: and yet all of the extra work from 1889 to 1895 now under discussion was ordered orally. Similarly, the contract-provision for immediate and repeated clains by the contractor was ignored, and the local engineer explains that "it has for many years been the practice to hold them over for the final estimate."

I am glad to hear that your department has now issued instructions for the observance of these two provisions of the contract in future.

You appear to have passed over the last paragraph of my letter of October 21, 1895, which referred to a new allowance of 15 per cent, on work for which payment was made several yeare ago. I find nothing about such an allowance in the contract-schedule. I am, sir, your obedient servant, The Deputy Minister of Railways and Canals. J. L. McDuUGALL, a.G.

Railways and Canals Dept., Ottana, Oct. 29, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 28th instant, calling attention to the last paragraph of the letter addressed by you to this department, on the 21 st instant, with reference to an allowance of 15 per cent being made to Messrs. Wm. Davis \& Sons in connection with work performed by them on sections Nos. 2, 3 and 4 of the Cornwall Canal.

With respect to this charge, it may be exp'ained that the contractors did make a claim for a percentage allowance on these accounts when they were first rendered, which was struck out rather than delay payment by holding the accounts in order to give the chief engineer a full opportunity of looking into the matter, and the contractors complained at the time of this action.

The chief engineer has looked carefully into this matter and, after making inquiry of the superintending engineer, has satisfied himself that the charge is a proper one, and one which it has been the practice for some years to fullow, it being evident that a oontractor could not be called upon to perform the service of superintending and directing the work, having the time kept, etc., without receiving compensation therefor.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D. Min.

Audit Office, Ottawa, Oct. 30, 1895.
Sir,-I beg to acknowledge receipt of your 156798 of October 29th, concerning Wm. Davis \& Sons' new bills for extra work, amounting to some \(\$ 9,400\).

Please let me know whether an opinion has been obtained from the Justice Departments, that the payment can legally be made, notwithstanding the ignoring of the con-tract-provisions as to Written Orders and Repeated Claims.

With reference to the 15 per cent allowance on labour, \&c., it appears to me that the wording of Section 5 of the Contract, "The Engineer shall be at liberty to order any extra work to be done," would bring the extra work under the contract schedule, and that labourers, carpenters, stonecutters and masons should be paid for at the rates therein mentioned, without any additi, nal allowance.

I should also like the Justice Department to pronounce upon the question raised in my letter of October 21st, whether the Exchequer Court's decision in the Galops case has any application to the claims now discussing.

Are there any more accounts for extra work, which have not yet been presented by the Messrs. Davis?

I am, sir, your obedient servant.

Sik,-I received a telegram to-day from \(W_{m}\). Davis is Sons, asking why their September estimates are delayed.

Would it not be well to pay the part of the estimates about which there is no discussion, some \(\$ 20,000\), and retain the rest until the correspondence is finished?

I return the applications herewith, for amendment if you think it expedient.
I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, a.g.

Railways and Canals Dept., Ottawa, Nov. 1, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 31st ultimo, by which you suggest the division of the September estimates of Messrs. Wm. Davis \& Sons under their Cornwall Canal Contracts, so that a portion, as to which ne discussion has arisen, might be paid, the balance being retained until the end of further discussion.

Mr. Michael Davis, a member of the firm, has this morning called at my office and intimated that they would not accept the part payment such as suggested.

Under these circumstances the division of the estimates suggested by your letter would, of course, be useless work.

I return the applications to you for such action as you may see fit to take.
I am, sir, your obedient servant,
COLLINGWOOD SCHREIBER, D.M.
The Auditor General, Ottawa.
Audit Office, Nov. 6, 1895.
Sir,-Let me acknowledge receipt of your letter returning the Davis estimates for such action as I may see fit to take.

Until the information asked for in my letter of October 31 is supplied, I do not see that any further action is possible.

I am, sir, your obedient servant,
The Deputy Minister of Railways and Canals.
J. I. McDOUGALL, A.G.

Order in Council, December 12, 1895.-On a report dated 3rd December, 1895, from the Minister of Railways and Canals, representing that under date the \(28 \mathrm{th}, 30 \mathrm{th}\) and 31st October, 1895, letters have been addressed to the Department of Railways and Canals by the Auditor General in respect of applications for authority to pay certain items of progress estimates for work done and materials delivered up to the 30th September last by Messrs. Davis \& Sons under their contracts for sections 2, 3, and 4 of the Cornwall Canal Enlargement, as to which he withholds his authorization.

The Minister states that the position is as follows: Certain bills for extra work executed at various dates from 1889 to 1895, but not, so far, paid, have been included in the said estimates, and are certified by the resident engineer as "work performed as "ordered," the superintending engineer further certifying that the work was done in accordance with instructions received by him from the then Chief Engineer, and that the prices are fair and just. To these accounts is added 15 per cent of their amount: this, which is also covered by the certificates, represents the contractors' charge for superintendence, etc. No written instructions were given, and inasmuch as the terms of the contracts, clause 5, provides that extra work shall be first ordered in writing by the engineer, the price therefor to be previously fixed, the Auditor General has objected to make payment.

\section*{Auditor General's Report-Part R}

The superintending engineer explains that, for many years, it has been the practice to hold over such accounts until the final estimate, a practice which, it may be observed, the chief engineer of the Department of Railways and Canals is now endeavouring to change.

The Auditor General further raises the point whether the contractors complied with other provisions of the contracts, clauses 26 and 27, calling for the written presentation of claims within fourteen days after the date of the certificate omitting them, and for the repetition in writing of the same, from month to month, until they are finally adjusted or rejected. It is understood that the said accounts were duly presented, but, in view of the practice above mentioned of withholding settlement therefor, the provision of the contracts for their repetition month by month appears to have been regarded both by the contractors and the engineers of the Department of Railways and Canals as supererogatory.

The Minister further states that as to the allowance of 15 per cent it has to be olserved that the execution of these extra works necessarily entailed upon the contractors extra cost for superintendence, timekeeping, \&c., for which it is only just that they should be paid.

In some of these accounts, however, the charge now made and recognized by the certificates, is simply for the 15 per cent, the account itself having already been settled for, but the percentage having been temporarily struck out by the chief engineer pending consideration, and in order not to delay payment of the estimate.

It is now recognized because that officer has satisfied himself that the charge is a proper one.

The Minister further represents that the matter has been referred to the Department of Justice, which under date the 20th November, 1895, have advised to the effect that the objections of the Auditor General are well taken under the terms of the contract, except as to the charges made for superintendence and direction of the day labour furnished, allowance of remuneration for which they consider to have been quite within the power of the engineer. They observe that a waiver of the special provisions of the contract as to the making and repetition of claims for extras, clauses 26 and 27 , and of the provisions contained in clause 5, calling for the written order of the engineer and the fixing of the price beforehand, will be necessary as a preliminary to payment.

The Minister in view of the circumstances of the case as above stated, recommends that the provisions of clauses Nos. 5, 26 and 27 of the contracts in question, namely eontracts Nos. 9558,9560 and 9562 , all bearing date the 5 th November, 1888, be waived in so far, and so far only, as they call for action the non-fulfilment of which stands in the way of payment of the aforesaid items of the certificates now in question, as to which the Auditor General has raised objection.

The committee submit the above for Your Excellency's approval.
J. J. McGEE, Clork of the Privy Council.

\section*{Cornwall Canal : High Rates paid for Emergency Repairs.}

Audit Office, Dec. 14, 1895.
Sir,-In the November pay-list for "Cornwall Canal Repairs," I notice a bill of \(\$ 4,621.58\), from Wm. Davis \& Sons, for repairing lock 17 after damage by barge "Kilgonan " in August, 1895.

To the rates charged for workmen (which, I suppose, are the rates actually paid), there is added an allowance of 15 per cent in favour of the contractor for supervision, use of tools, profit, \&c. The materials, as supplied unworked, are entered at the contract rates paid to Davis \& Sons on Section 2, for materials worked up and in place, uamely, \(\$ 100\) a thousand for oak, \(\$ 80\) for pine, 10 cents a pound for ordinary iron work, and 20 cents for steel.

Although, of course, the contract rates cannot be applied to these repairs, it seems to me that the payment of wages is such an addition to the contract rates as might have precluded the Messrs. Davis from claiming the farther allowance of 15 per cent, even for work where unusual haste was demanded.

Another feasible mode of setilement might have been to pay the local current rates for wages and unworked materials, with an allowance for special emergency.

Please let me have your views on this subject.
I am, sir, your obedient servant, The Deputy Minister, Railways and Canals. J. L. McDOUGALL, a.G.

Railmays and Canals Dept., Ottawa, Dec. 24, 1895.
Sir,-I have to acknowledge the receipt of your letter of the 14 th instant, asking for information relative to a bill for \(\$ 4,621.58\) from Messrs. Wm. Davis \& Sons for repairing lock No. 17, Cornwall Canal, damages by the barge "Kilgonan" in August last.

In reply I have to state that this bill is for rebuilding the lock gates, and, in the opinion of the chief engineer of this department, is correct and in proper form; and I would draw your attention to items Nos. 39, 40, 41 and 52 of the schedule attached to Messrs. Wm. Davis \& Sons' contract on section No. 2 of the Cornwall Canal.

I am, sir, your cbedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D.M.

\section*{Cornwall Canal : Purchase of Steamer "Alert."}

Audit Office, Dec. 12, 1895.
Sir,--In your expenditure on "Cornwall Canal Capital" for 1894-95, I notice 2 payment of \(\$ 7,000\) to W. J. Murphy, of Morrisburg, for purchase of his steamer " Alert."

The voucher carries no certificate that the price is fair and just. Please see that this omission is rectified.

I should like to be supplied with additional information as follows:-(1) The probable price of a similar steamer newly constructed ; (2) the approximate life of a new steamer, at such work as the "Alert" is expected to perform; (3) the age of the "Alert" at the present time ; and (4) the number of years she may yet be expected to work.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A. \(G\).

\section*{Railways and Canals Dept., Ottawa, Dec. 20, 1895.}

Sir,-I have the honour to acknowledge the receipt of your letter of the 12 th instant, asking for certain information relative to the purchase of the steamer "Alert" for the Cornwall Canal.

In reply I have to state as follows :-
(1.) That a new steamer such as the "Alert" would cost about \(\$ 10,000\);
(2.) That the approximate life of a new steamer such as the "Alert" is said to be twenty years ;
(3.) That the age of the "Alert" when purchased was eight years;
(4.) That the hull of the vessel, which is of oak, is said to be good for twelve years from the date of purchase; and
(5.) The machinery of the vessel, which would cost about \(\$ 5,000\), is about as goorl as new.

I might add that Captain McElhinney, of the Department of Marine and Fisheries' has informed me that the "Alert" was cheap at \(\$ 7,000\), that the vessel has been inspected by the government inspectors every year previous to its purchase by this Department, and has been reported by them as an extra well-built steamer throughout, and well kept up, the whole vessel, hull, boiler and machinery, being, when last inspected, in first class order.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D.M.

\section*{Curran Bridge : Payments to Mr. St. Louis all made before Audit.}

Audit Office, Otrawa, June 27, 1895.
Sir,-With reference to the recent debate in the House of Commons on the Curran bridge expenditure, you are reported on page 2988 of "Hansard" as saying :-
"The accounts are certified to by the engineer in charge of the particular work, " they come to the superintendent engineer in my department, and if they are within "his knowledge he certifies them to be correct; then they go to the Auditor General, " and he s"es that the vouchers in regard to the work are perfect and complete. I never "saw a single account paid, either by the Minister of Public Works or by the Minister "of Railways. The parties are paid by cheques from the department, and the party "who is supervising and checking and is responsible as to the payments is the Auditor "General."

Your information is quite correct when payment is made on direct application to the Audit Office, but you have overlooked the fact that some of the payments in your department are made under departmental letters-of-credit, and that all the payments to St. Louis were made in this way.

The departmental letter-of-credit system is authorized by Section 30 of the Audit Act. Under it I do not see any of the vouchers until after payment has been made.

With reference to all expenditure under this system the audit of this office is after payment.

I am, sir, your obedient servant,
Hon. John Haggart,
Minister of Railways and Canals.
Railways and Canals Dept., Ottana, July 3, 1895.
Sir,-I beg to acknowledge the receipt of your letter of the 27 th ultimo, calling my attention to certain remarks made by myself in the House of Commons debate on the Curran bridge expenditure.
J. L. McDovgall, Esq., Auditor General.

> I am, sir, yours truly, JOHN HAGGART.

\author{
Sault Ste. Marie Canal : Extra for Portland Cement.
}

Audit Opfice, Dec. 3, 1895.
, Sir,-LLet me call your attention to cheque No. 8351 for \(\$ 13,635\) in favour of Hugh Ryan \& Co., for \(\$ 1\) a barrel allowed on 13,635 barrels of Portland cement used in lockbacking at Sault Ste. Marie, under authority of order in council of August 27, 1895.

Please explain why this payment was made from your letter of credit, instead of on an application to this office, as all other payments in connection with contracts are made.

I am, sir, your obedient servant,
\[
\text { J. L. McDOUGALL, } A \text {. g. }
\]

The Deputy Minister of Railways and Canals.

Order in Council, Auy. 27, 1895 :-That authority be given to pay Messrs. Hugh Ryan \& Co., the contractors for the Sault Ste. Marie Canal, \(\$ 1.00\) per barrel, the e difference in price between Native and Portland cement, on 13,635 barrels of Portland cement used in laying masonry on the canal in place of Native cement, the chief engineer of the department of Railways and Canals having reported that such cement would add to the stability of the work.

\section*{J. J. McGEE, Clerk of the Privy Council.}

Rallways and Canals Dept., Dec. 7, 1895.
Sir,-Referring to your communication of the 3rd instant, asking why payment of 813,635, being the allowance of \(\$ 1.00\) per barrel on 13635 barrels of Portland cement, which displaced that number of barrels of Native cement, I may explain that it was done at the last moment to save this amount of the appropriation from lapsing, whilst awaiting the receipt of the order in council. The cheque was issued on the 29th August, 1895.

I am, sir, your obedient servant,
The Auditor General.
COLLINGWOOD SCHREIBER, D. M.

\section*{St. Peter's Canal.-Wages due by Contractor.}

Order in Council, May 21st, 1895.-On a memorandum dated 20th May, 189., from the Minister of Railways and Canali, representing that, under date 16 th May, 1895, the Chief Engineer of the Department of Railways and Canals has reported that Mr. Sylvain O'Donoghue, contractor for certain repairs on the St. Peter's Canal, has failed to carry out his contract, and upon his notification that he did not intend to proceed further with the work, it was, under the terms of his contract, taken out of his hands, and is now being carried on by the Government by day labour, at the contractor's expense.

The Minister further states that the men employed becoming aware of this action demanded payment of their back wages, and as there was a progressive estimate amounting to \(\$ 5,121.90\) in favour of the contractor, it was proposed to pay the wages due, amounting to \(\$ 3,555.45\) from this estimate, and the men were informed that if they went to work, their back wages would be paid. The Chief Engineer of the Department states, however, that the Auditor General declines to pay the cheque as it is not known what the work will cost, and that consequently there is a deadlock : further, that the men are telegraphing to inquire when their wages will be paid, and that it is feared that, if not now paid, they will strike and prevent other men taking their places. Should this occur it may be the means of blocking navigation for the greater part of the season, which, as there are over 1,800 vessels pass through the canal during the season, may be embarrassing to traffic. Moreover, it may cost a great deal more than the \(\$ 3,555.45\) to put down a strike and prevent the men doing damage. As a matter of business the Chief Engineer of the Department considers that it would be in the public interest that these men should be paid.

The Minister, concurring in this view, recommends that authority be given for the payment from the aforesaid estimate of the back wages, the objections of the Auditor General notwithstanding.

The Committee advise that the requisite authority be granted accordingly. The Minister, Railways and Canals.

> JOHN J. McGEE, C.P.C.

Audit Office, Ottawa, May 28, 1895.
Sir,-I am in receipt of the order in council authorizing the payment of \(\$ 3,555.45\) to men employed by Sylvain O'Donoghue under his contract for certain repairs on the St. Peter's canal. The order in council says that payment is to be made, the objections of the Auditor General notwithstanding.

\section*{Auditor General's Report—Part R}

I beg to remind you that the objections which I raised were the same objections as were considered insurmountable by the Deputy Minister of Justice until you explained to him and me that if the men were not paid, the work would suffer more, indirectly, than the amount of this claim. You explained that the men who have this claim are now on the work under the government, that they would, no doubt, leave the work if this money were not paid to them, that it would be expensive to get men to supply their places, and that there would be serious loss to owners of vessels which navigate the canal, through the lengthened time during which the lock would be closed. These reasons convinced me, as they did Mr. Newcombe, that the technical objection ought to give way, providing the Council would formally recite the facts and take the responsibility which should attach to the government when the strict letter of the contract is not followed. You will therefore perhaps be good enough to explain to the Minister of Railways and Canals that my objections were removed before the passage of the order in council.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

\section*{Rideau Canal, Land Damages: Vote should have Lapsed.}

Audit Office, Ottawa, Dec. 3, 1895.
Sir,-In your 1894-95 expenditure on Rideau Canal land damages, I notice a payment of \(\$ 9,586.41\) to the Justice Department to pay land damages, being the balance of the vote.

The cheque No. 8364 for the amount was the last on the original list, and therefore presumably was not drawn before the latter end of August. This, and the unusual fact that the cheque was made payable to a department, indicate that it was intended to use the appropriation by these means after the time that it would otherwise have lapsed. The expenditure of any part of the amount of this cheque is as irregular as it would have been to have issued your departmental cheque after the end of August. Please have the cheque returned to you and credited to casual revenue of 1895-96.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDOUGALL, A.G.

Not:-Cheque not used. Cancelled in January, 1896.

\title{
Canals: Lockmasters paid during winter Season.
}
(Continuing the discussion on page Q-163 of 1893-94.)
Audit Office, Ottawa, April 19, 1895.
Sir,-Let me acknowledge the receipt of your letter of April 4, explaining that the lockmasters on canals other than the Welland are paid for the winter months because they remain on to regulate the water.

This seems to apply with somewhat less force on the Rideau than on the other canals, since very little of the Rideau water power is used by manufacturers.

Another apparent anomaly is the employment of a labourer at each lock on the Cornwall Canal during recent winters, in addition to the lockmaster; while the lockmaster alone does all the work on the Williamsburg and Beauharnois Canals.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDoUgall, a.G.

\section*{Sunday Labour on Canals: Mode of Reckoning.}

Audit Office, June 12, 1895.
Sir,-Let me acknowledge receipt of your application, No. 502, for May expenses of the Cornwall canal.

I notice an apparent anomaly in the payments of Sunday labour, as follows :-
On the Welland and Lachine Canals, only half the staff at each lock is on watch at any time on Sunday, as during the rest of the week, thus calling for payment of only \(\$ 2.70\) to each lockman for a 4 -Sunday month

On the Cornwall, Williamsburg and Beauharnois canals, all the permanent men on the locks are paid for the whole nine hours of Sunday navigation, making \(\$ 5.40\) to each lockman for a 4-Sunday month.

The permanent staff at each lock is as follows: Beauharnois, 5 ; Cornwall, 5 ; Lachine, 13 ; Welland, 4 ; Williamsburg, 3.

Please let me know whether the charge of nine hours represents actual attendance on duty out on the lock, or merely a different understanding as to the manner in which the extra Sunday pay accrues. If the longer attendance is actual, I should like to be informed of the differing circumstances which render it necessary.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. \(G\).

The Deputy Minister of Railways and Canals.

Railways and Canals Dept., Ottawa, June 13, 1895.
Sir,-I am in receipt of your letter of the 12 th inst., with reference to application No. 502 for May expenses of the Cornwall canal.

On the Cornwall, Williamsburg and Beauharnois canals the men are on duty nine hours every Sunday passing vessels both up and down, on the first and last mentioned the fuil staff being necessary.

As regards the Welland canal, the staff employed this season so far on Sundays is merely some ferry men; and on the Lachine canal, only the single lock being worked on a Sunday, half the week force is sufficient.

> Yours truly,

COLLINGWOOD SCHREIBER,
The Auditor General.
Chief Engineer.

\section*{Cheques drawn in Excess of Letter-of-Credit.}

Audit Opfice, Sept. 18, 1895.
Sir,-I beg to acknowledge receipt to-day from your d partment of Application No. 638, for a letter-of-credit for \(\$ 30,466.58\), to cover balance of cheques for \(1894-5\).

It is unnecessary to say that cheques should not be issued in excess of the letter-ofcredit, as your department did in this instance.

Please let me have an explanation of how this irregularity occurred. Without further information, I do not see my way clear to passing the application.

As the cheques are all dated June 29, though issued in July an 1 August, I am not able to ascertain when the previous letter-of-credit was exceeded. Please mention the date.

\section*{I am, sir, your obedient servant,}

\section*{Auditor General's Report—Part R}

Railways and Canals Dept., Sept. 22, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 18th instant, with regard to the application of this department for a letter-of-credit for \(\$ 30,466.58\) to cover the balance of cheques issued for \(1894-95\), and, in reply, have to state that the department quite recognizes the propriety of your observation that departmental cheques should not be issued in advance of the letter-of-credit.

In the present case, however, the previous credit was exhausted at the time when the cheques now in question were issued, and by an inadvertence the application for further credit was overlooked. These cheques were, of course, within the limit of the appropriation.

The department will take care that this omission is not repeated, and that in future sufficiently large letters-of-credit will be applied for in the first instance.

I am, sir, your obedient servant,
The Auditor General.
JNO. H. BALDERSON, Sec.

\section*{Payments temporarily charged to wrong Vote.}

Audit Office, Ottawa, May 4, 1895.
Sir,-LLet me acknowledge receipt of your application No. 448 for \(\$ 30,621.50\) in favour of the Bank of Montreal, being your April expenditure under letter-of-credit.

I notice that the pay-list of engineers, draftsmen and temporary clerks in the department, amounting to \(\$ 1.451 .63\), is charged to "Miscellaneous works not provided for," apparently on account of the vote for "Engineers, draughtsmen and extra clerks," having been used to pay expenses of the Sault Ste. Marie engineers in previous months.

This latter irregularity was not noticed here until recently. Please let me know what steps you are taking to correct it. I shali be unable to pass the application in its present shape.

When a vote runs out, the authority for paying the services ceases. Money should not be used which was voted for something else.

> I am, sir, your obedient servant,

The Deputy Minister Railways and Canals.
J. L. McDOUGALL, A.G.

\section*{Railways and Canals Dept., Ottawa, May 7, 1895.}

Sir,-I have the honour, by direction, to acknowledge the receipt of your letter of the 4th instant, with reference to the charging of the expenses of the Sault Ste. Marie engineers to the vote for "Engineers, draughtsmen and extra clerks."

In reply I have to say that provision has been made in the supplementary estimates for 1894-5 for the payment of the Sault Ste. Marie canal staff, and when the money is voted a transfer will be made. I return herewith Dept. Appln. No. 448 for \(\$ 30,621.50\).

The Auditor General.

I am, sir, your obedient servant,
JNO. H. BALDERSON, Secretary.

\section*{Railway Subsidy not paid. Section not completed.}

Audit Office, Ottawa, May 2, 1895.
Sir,-Let me acknowledge receipt of your application for payment to the Drummond County Railway of their subsidy from St. Leonard northerly toward Chaudière Junction.

The amendment to the contract, as made by order in council, provides that tie company shall do, this summer, some ballavting which is not now finished.

I do not see my way clear to certifying payment on a road which is not accepted by the department as complete at the time of payment. The wording of the Subsidy Acts is: "payable on the completion of each section of the railway."

> I am, sir, your obedient servant,

The Deputy Minister Railways and Canals.
J. L. McDoU(GALL, A.G.

\section*{Re Travelling Expenses not Charged to Civil Government Contingencies.}

Avdir Office, Dec. 23 , 1895.
Sir,- - In your expenditure on Railways and Canals in 1894-5, I notice the following sums charged to outside votes, for travelling expenses of persons whose salaries are paid from "Civil Government:"

> Sault Ste. Marie Canal, Capital (page R-14) :
> C. Schreiber. . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . \& 45 50
> Surveys and Inspections, Canals (page R-36) :
> C. Schreiber .......................................... .... 444
> J. H. Balderson. . . . . . ....................................... . . 71 85
> Surveys and Inspections, Railways (page \(\mathrm{R}-36\) ):
> Hon. John Haggart . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 6000
> C. Schreiber..................................................... 7170
> Railway Statistics, (page R-37):
> L K. Jones...................................................... . . . 9749

In 1895-6, and subsequent years, please charge all similar expenses to "Civil Government Contingencies." You will find, on page A- -8 of my report for \(1 \times 89-90\), a Treasury Board ruling on this subject.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. Medolegalle, a.g.

\section*{Rahways and Cavals Dept., Dec. \(27,1895\).}

Sir,-I have the honour to acknowledge the receipt of your letter of the 23 rd instant, and in reply have to state that the travelling expenses referred to therein were charged to the several appropriations under instructions from me; believing as I did that they are proper charges against these appropriations, it did not appear to me that the ruling of the Treasury Board referred to in your annual report of 1889-90, on page A-8, was applicable to cases in which special appropriations were provided to cover such charges as those to which you take exception. However, if it is decided to make such charges against "Civil Government Contingencies," a larger appropriation under that head will have to be made.

> I am, sir, your obedient servant,

\section*{Auditor General's Report-Part R}

\section*{Salary and Travel of Newly Appointed Officers.}

Sir,--In your expenditure on "Sault Ste. Marie Canal Staff" for 1894-5, I notice the following payments to Mr. Jas. C. Boyd, the newly appointed superintendent :-

Salary, June 1 to 30, 1895 \(\$ 15000\)
Travel for instructions, June 3-5, Simcoe to Ottawa and
return............................................... 2855
Travel, June 14-17, 1895, Simcoe to Sault Ste. Marie..... 1670
Please describe the general practice of your department in paying salaries and expenses on appointment.

Whatever difference of opinion there may be about paying an officer before he ar rives on the scene of his work, there should, 1 think, be none on the question of paying him before he reports for instructions.

I am, sir, your obedient servant,
The Deputy Minister, Railways and Canals.
J. L. McDougall, A. 6 .

\section*{Re Deposits and Remittances by Agents.}

\section*{Audit Office, Ottawa, April 2, 1895.}

Sir,-In your letter of March 27,1893 , you state that remittances from terminal points would be the receipts of the day previous; from points nearer Moncton, the remittances would take in part of the current day's receipts. Now that deposits are made at many stations in the local bank instead of the money being remitted, should not the deposit always include a considerable proportion of the current day's receipts? This regulation is carried out at a number of the stations, why not at all? At the following stations the deposits are sometimes more and sometimes less than the balance from the previous day: Campbellton Frt., Chatham Jct., Halifax City Ticket, Halifax Frt., Halifax Station Ticket, Little Metis, Newcastle, Spring Hill, Sussex, Sydney, and Quebec. (D. R. McD.)

At the following stations the deposits do not cover the balance from the previous day. Amherst Frt., Mulgrave, Shubenacadie, Stellarton, St. John Frt., Bathurst, Ferrona Junction.

At the following stations the remittances are not made as frequently as the amount of the receipts calls for: Chatham, Dalhousie, Gloucester, Point du Chene, Maccan and Trenton.

I am, sir, your obedient servant,
The Gen. Mgr. Govt. Railways.
J. L. McDOUGALL, A.g.

Moncton, N.B., May 21, 1895
Sir, -IIn answer to your letter, dated April 2nd, with reference to deposits and remittances by agents.

I send you herewith a letter from Mr. Williams, treasurer, explaining why it is difficult and in some cases impossible for the agents to deposit the entire receipts of the day previous and even part of the receipts of the current day. He states that a close check is kept upon the cash receipts and remittances of the agents, and I have told him to see that this close check by the audit office is maintained.

I am, sir, your obedient servant,
The Auditor General.
D. POTTINGER, Gen. Mgr.

Treasurer's Office, Moncton, N. B., May 15, 1895.

\section*{D. Pottinger, Esq., General Manager.}

Dear Sir,- -I beg to return the Auditor General's letter of 2nd ult., herewith.
Owing to the movements of trains-regular and special-and the volume of business at some of the stations, it has been found impossible to establish any fixed time for agents, who deposit in the local banks, to make their deposits. They have to take advantage of an opportunity early or later in the day to do this, and to a certain extent this applies to putting up remittances to be sent in to cashier here.

In the case of the agents enumerated whose deposits do not at all times exceed the balance of preceding day, or are sometimes more and sometimes less-in the case of Halifax (Frt.), St. John (Frt.), Mulgrave, and occasionally one or two other points, extra labour has to be hired to handle freight from vessels which is paid from the station cash, payrolls sent in and cheques sent from here to recoup the agent, the amount being in the meantime carried in the station's balance. At other points tickets are issued to western U.S. points on requisition of other railways, the value of which is collected by draft and credited to the agent-the amount in the meantime being carried in the agent's balance. Refunds for unused tickets are also made by agents on authority of the general passenger agent, carried in balance, and credited at end of month.

\section*{Auditor General's Report-Part R}

The agents at Gloucester and Pt. du Chene have occasionally to hold over their cash to pay back charges on freight which swells their balance untill the freight is way-billed out, and the amount shown on the Auditor General's return as "Back Charges paid out."

The cash receipts of the agents at Ferrona and Maccan are principally from the Steel Co., and Joggins Coal Co., respectively, and being received late in the day cannot be transmitted until the following day.

A close check is being kept here on the agent's cash receipts and remittances, and the travelling auditors are also instructed to report any cases where they find large cash balances carried.

> Yours truly,

\author{
T. WILLIAMS.
}

\section*{Outside Agents.}

\section*{Audit Office, Ottawa, March 4, 1895.}

Sir,-As none of the outside agents make any returns to this office, with the exception of Montreal and Toronto, I have to inquire as to the state of their returns and remittances.

I observe that nothing has been received on account of the present fiscal year from the following outside agents :-Charlottetown, Mabou, New Carlisle, South Lake, Ainslie, St. John's, Nfld., and Windsor. I shall be glad to have an explanation in each case.

I understand your agent at Ottawa has been changed. Has the former agent paid up all arrears? If not, please state what balance he still owes.

I am, sir, your obedient servant,
The Gen. Supt. Government Railways.
J. L. McDOUGALL, a.g.

General Manager's Office, Moncton, March 8, 1985.
Sir,-In answer to your letter of the 4th, the ticket agencies at Mabou, New Carlisle, South Lake, Ainslie, and Windsor, have been closed. The agency at Charlotte. town has been merged into the Charlottetown Steam Navigation Company, and the sales are accounted for by that company. The St. John's, Nfld., agency still holds our tickets. It has made no sales for several months past. The agent at Ottawa owes now a small balance of \(\$ 5.76\). He paid \(\$ 120\) on the lst of March, and commission for \(\$ 100\) more was credited to him. He is not selling tickets now. It has not been settled whether he will be continued in the agency or not.

The Auditor General. D. POTTINGER.

Audit Office, Ottawa, March 19, 1895.
Sir,-I am returning the statements received from Avondale for six months to December 31. You will observe the agent sends a statement every ten days, and one every month. These do not agree with one another, and the remittances claimed do not agree with the cashier's returns.

Agents should enter remittances in detail giving dates.
I am, sir, your obedient servant,

\section*{Re Arrears Due.}

Audit Office, Ottawa, December 3, 1895.
Sir,-I am in receipt of your letter of November 26th, inclosing a statement of arrears due by lessees on account of hydraulic rents.

You have not furnished any statement of arrears due in connection with the railway accounts.

If none of your collecting or disbursing officers are in arrears, please state so ; if they are, a statement should be furnished.

I am, sir, your obedient servant, The Secretary, Railways and Canals Dept.
J. L. McDOUGALL, A.G.

Railways and Canals Dept., Ottawa, December 5, 1895.
Sir,-I have the honour to acknowledge the receipt of your letter of the 3rd instant, and have to state that the general manager of the government railways has been requested to furnish a statement of the arrears, if any, due in connection with the railway accounts.

He has also been instructed to report whether any of the collecting or disbursing officers on the railway are in arrears, and, if they are, to furnish a statement of the same.

I am, sir, your obedient servant,
The Auditor General.
JNO. H. BALDERSON, Secretary.

\section*{Auditor General's Report-Part T}

\section*{Chinese Capitation Tax.}

Audit Office, Ottawa, September 26, 1895.
Sir,-Referring to your application "C. I. 500 " for a cheque in favour of A. R. Milne, Collector of Customs at Victoria, to refund Lee Kow, capitation tax pa d by him, I have to request that the copy of the collector's letter, which I am returning, may be certified by you as a true copy.

I referred in my letter of Feb. 20th, 1894, to the practice of issuing these cheques in favour of the collector instead of the person entitled to payment; to which you did not reply. It would be much more satisfactory to have this practice changed ; but as long as it is continued the receipt of the person entitled to payment should be furnished.

I am, sir, your obedient servant,
J. L. McDOUGALL, A. G.

The Deputy Minister of Trade and Commerce.

\section*{Department of Trade and Commerce, Ottawa, Sept. 27, 1895.}

Sir,-Referring to yours of the 26 th, in reply to my application for a cheque to refund "Capitztion Tax" paid by Lee Kow.

As requested, I have certified to the copy of the collector's letter, and return it "to you. With reference to your letter of February, 1894, suggesting the issuing of cheques in favour of the individual instead of the collector, I think I satisfied you verbally that such would be impracticable, inasmuch as not one in one hundred of the Chinese know one word of English, and his signature would also be unintelligible to every English speaking person in Canada with the exception of the Interpreter, so that his supposed receipt or endorsation might be or might not be valid.

On the refund of "Capitation" to individuals the collector invariably takes a receipt, and as he personally has more knowledge of the matter than can be had here we must necessarily accept what he furnishes us as sufficient.

I am, sir, your obedient servant,

> W. G. PARMELEE, Chief Controller.

The Auditor General.

\section*{Re Refunds by Railway Companies.}

\author{
Audit Office, Ottawa, February 25, 1895.
}

Sir, -In reference to the salaries of customs officers, in whole or part refunded by the railway companies, I have to ask for the following information, viz. :-
(1.) The name of each officer.
(2.) His salary.
(3.) The amount to be refunded.
(4.) The port or place where stationed.
(5.) The company refunding.
(6.) The date when this arrangement commenced.

I have also to request that this office be at once notified of any future modification of or additions to these arrangements.

I am, sir, your obedient servant,
The Acting Commissioner of Customs.

\author{
J. L. McDOGUALL, A.G.
}

Note.-This information was furnished.

\section*{Re Defalcation at Barrie.}

Audit Office, Ottawa, March 22, 1895.
Sir,-In the return from the port of Toronto for the month of June last, credit is taken for a deposit of \(\$ 225\), made by the financial inspector, on account of defalcation of sub-collector of customs at Barrie. This receipt is dated February 15th, but was not brought to account till June 30th.

\section*{Auditor General's Report-Part T}

I have to ask for particulars as to this defalcation. What was the amount involved, has it been fully paid up, and if not what balance is still due? Is the subcollector still
in office? Please send me the report of the inspector.

Are there any other ports or outports, collections at which have not been accounted for, besides those the defalcations at which have already been reported to this office.

I am sir, your obedient servant,
The Acting Commissioner of Customs.
J. L. McDOUGALL, A.G.

\section*{Re General Regulations.}

\section*{Audit Office, Ottawa, March 22, 1895.}

Sir,-On June 27, 1893, I submitted for the consideration of your department certain regulations affecting the collection and accounting for customs and other revenues.

The Assistant Commissioner replied that he would confer with the Controller of Customs and let me know the views of the department. This has not since been done.

I shall be glad if you will be able to take this natter up at an early date.
In addition to the regulations covered by my letter the following should be added: (7.) The returns of the subcollectors after having been examined and verified by collectors of customs shall be forwarded, with their monthly returns, to the department and
subsequently to this office.

I am, sir, your obedient servant, The Acting Commissioner of Customs. J. L. McDOUGALL, A.g.

\section*{Re Analytical Index.}

Sir,-In the amount refunded by the late Commissioner of Customs, there appears
Please let me know the number of copies printed, the number delivered free, and the number sold, stating price.

> I am sir, your obedient servant,

The Acting Commissioner of Customs.
J. L. McDOUGALL, a.G.

\section*{Customs Department, Ottawa, September 30, 1895.}

Sir,-I have the honour to acknowledge receipt of your letter of 13th May last, asking for particulars of the sale of Analytical Indexes.

The number of copies printed was 3,550 ; of which 1,656 copies were delivered free; 194 sold, and the balance are in stock still,-the price per book being fifty cents.

The amount deposited to the credit of the Receiver General on account of sale of these books were as follows :-

To the credit of casual revenue, May 2nd, 1894, \(\$ 36.54\); amount refunded by late Acting Commissioner, \(\$ 57.51\); Deposited 5th September, 1895, caual revenue, \(\$ 1.50\); September 18, 1895, \(\$ 11.00\); and July 18, 1895, casual revenue, Port St. Hyacinthe, \(\$ 100\).-Total of \(\$ 107.55\).

As this amount is \(\$ 10.55\) in excess of the amount derived from the sale of the 194 copies, the balance must represent the value of postage stamps received in payment of customs duties, and erroneously credited to this account.

You will notice from a statement of the receipts from postage stamps that there is a shortage of very nearly a similar amount.

I have the honour to be, sir, your obedient servant,
F. E. KILVERT, Acting Com.

\title{
Re Customs Seizure, Montreal.
}

Customs Departmemt, Ottawa, May 9, 1895.
Sir,-I have the honour to send you herewith statement received from the Acting Collector of Customs at the port of Montreal, in reference to a large number of seizures undisposed of at this port, with explanations covering same.

I am sir, your obedient servant, F. E. KILVERT, Acting Commissioner.

The Auditor General.
Montreal, April 13, 1895.
Sir,—Acknowledging receipt of your letter of the 6 th instant. File 9049 respecting seizures undisposed of and adverting to your letter of the 3rd December last, I have the honour to transmit herewith quarterly return of seizures for last September quarter in which is conveyed the information sought in regard to the old outstanding seizures in question. I also inclose a memorandum from the clerk and book-keeper explaining the cau e of the delay in completing this return.

Notwithstanding the particulars contained in this return, I will have the special return you ask for made and forwarded as soon as possible, although all the seizures of more recent date will, I think, be fully and satisfactorily accounted for. There are some old cases which we are experiencing some difficulty in tracing and clearing up to our satisfaction ; but our energies are engaged in that direction.

I am sir, your obedient servant,
W. J. O'HARA, Acting Collector.

The Accountant Customs Department.

\section*{Memo. Re Return of Seizures (K 6).}

Montreal, May 5, 1895.
Attached is return K 6 for quarter ended September 30th, 1894. Reports for subsequent quarters will be submitted as soon as possible. The delay in forwarding this return was occasioned by the trouble met with in endeavouring to trace goods comprised in seizures wherein a decision had been rendered by the Minister or Controller of Customs, but which appeared in each succeeding K. 6 return as undisposed of "awaiting orders from the department." The expression or phrase just quoted was used as long as the goods were not actually disposed of, even though they had been declared forfeited and ordered sold. You will notice that this has been corrected. Goods marked in September returns as "forfeited, will be sold" have been largely disposed of since and the proceeds paid to the Receiver General. There are a few cases where goods cannot be traced although forfeited. These are marked accordingly after diligent search in every quarter, the most recent case of this kind is in 1889, the others in ' 80 , ' 81 , ' 82 and ' 85.

\author{
W. J. McKENNA, Accountant
}

Audit Office, Ottawa, May 15, 1895.
Sir,-I have received your letter of the 9th inst., inclosing a return (K-6) from the port of Montreal, of seizures not disposed of, and explanatory letters from the acting collector and book-keeper. I learn from the monthly revenue return (K-2) that in a number of cases the goods held under seizure have been sold, and the proceeds deposited. The auctioneer's bill of sale and vouchers for disbursements should, in all such cases, be furnished. Presumably the goods held under other seizures marked, "forfeited and will be sold," will be brought to sale without delay.

\section*{Auditor General's Report-Part T}

In the following cases the goods seized have not been disposed of, and cannot now be traced:-No. 150, November, 1880, 3 bbls. coal oil; No. 187, June, 1881, 200 cocoa nuts ; No. 243, June, 1882, 5 gross buttons; No. 244, June, 1882, 10 doz. levels; No. 432, October, 1885, 1 fire alarm box; and No. 569, May, 1889, 4 gross rat exterminators.

There are 22 cases awaiting the decision of your department.
No explanations have been given for allowing these.cases to stand so long. I shall be glad to know what steps you are now taking to have them disposed of.

I am, sir, your obedient servant,
The Acting Commissioner of Customs.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, May 16, 1895.
Sir,-Referring to voucher 499, August 17th, 1894, containing distribution to seizing officers, port of Montreal, I observe that the seizures were made, one in June, 1885, one in September, 1890, three in 1891, and seven in 1892.

I have to inquire why distribution has been so long delayed.
I am, sir, your obedient servant,
The Acting Commissioner of Customs.
J. L. McDoUgall, a.G.

\section*{Customs Department, Ottawa, July 19, 1895.}

SIR,-I have the honour to acknowledge the receipt of your letter of the 16 th May last, calling attention to certain seizures made at the port of Montreal in the years 1885, 1890,1891 and 1892, the proceeds of which were not distributed until the 17 th
August, 1894 .

The seizure made in 1885 was evidently overlooked when past distributions were made, and in the remaining cases the money was not paid in until the year 1893.

In the past there has not been any fixed time for distributing seizure proceeds, but the practice of late has been to make the awards, at least every three months.

I am, sir, your cbedient servant,
S. W. McMICHAEL, Acting Commissioner.

The Auditor General.

\section*{Re Customs Seizures, St. Stephen.}

\section*{Audit Office, Ottafa, May 13, 1895.}

Sir,-AA seizure was made on September 8th, 1893, No. 432, at St. Stephen, N.B., of a horse, buggy, \&c. The horse was sold by auction on September 8th, 1894, for \(\$ 105\). The buggy and fixtures are reported yet unsold. On November 20th, 1894, you paid the following expenses in connection with this seizure :-for keep of horse 52 weeks"at \(\$ 3, \$ 156\); for shoeing horse, \(\$ 9.10\); for expenses of sale, \(\$ 7.75\).

I have to inquire why this horse was not sold immediately after seizure, as provided for in section 188 of the Customs Act.

I am, sir, your obedient servant,

Customs Department, Ottawa, July 5, 1895.
Sir,--I have the honour to acknowledge the receipt of your letter of the 13th May last, inquiring why the horse seized at the port of St. Stephen, N.B., on 8th September, 1893, was not sold immediately after the seizure, as provided for in section 188 of the Customs Act.

It appears that immediately after the seizure the Collector placed the horse in charge of a livery stable keeper, and that on the 1st December, 1893, he asked permission from the department to sell the animal, but such permission was not granted, and upon the department being informed that the animal was not being given the exercise necessary for health, the Collector was instructed by the then Acting Commissioner's letter of the 16 th March, 1894, to have the horse placed in a box stall, and to make arrangements to have him exercised at regular intervals, pending the rendering of a decision in the case.

The Collector followed these instructions and did not sell the horse, until the decision of the department, forfeiting the animal, was received by him.

I am, sir, your obedient servant,
F. E. KILVERT, Act. Com.

\section*{Re Customs Seizures, Vancouver.}

\section*{Audit Office, May 15, 1895.}

Sir,-In a letter from your department dated August 8th, 1894, it is stated that a çopy of the Controller's decision would be furnished in all cases of remission. Be good enough to have this regulation carried out. In the meantime I have to ask for his decision in seizure No. 79, port of Vancouver.

> I am, sir, your obedient servant,

The Acting Commissioner Customs.

\author{
J. L. McDOUGALL, a.G.
}

\section*{Customs Department, Ottawa, May 16, 1895.}

Sir,-In reply to your letter of the 15 th instant, I have the honour to inform you that the decision in the case of seizure No. 79 of the port of Vancouver, B.C., was " that the seizure be released and the deposit of \(\$ 982.50\) be remitted."

The copy of the Controller's decision should always be attached to the voucher covering the cheque issued for remission, and if it was not attached, in this instance, it was clearly an oversight, as it is the aim of the department to carry out the regulations.

> I am, sir, your obedient servant,
> F. E. KILVERT, Act. Com.

\section*{Re Customs Seizures-Financial Inspector.}

\section*{Audit Office, Ottawa, May 25, 1895.}

Sir,-The return (K-6) for the December quarter of 1893, is the last that has reached this office from the Financial Inspector. On this return 105 seizures are entered as not disposed of-six of which were made in 1890, twelve in 1891, sixteen in 1892, and 71 in 1893.

You will please direct that these returns shall be forwarded regularly and promptly to this office. If it has not been done already, it might be well to notify the officers of your department of the provisions of sec. 60, chap. 29, Revised Statutes, which imposes a penalty of \(\$ 100\) on any person or officer who refuses or neglects to transmit any return which he is legally required to do.

\section*{Auditor General's Report—Part T}

I will be glad to know what steps you have taken to have these undisposed of cases brought to account, and the reason why they have been allowed to stand so long. I am, sir, your obedient servant, The Acting Commissioner of Customs.

\author{
J. L. McDOUGALL, \(A . G\).
}

\section*{Customs Department, Ottafa, June 13, 1895,}

Sir,-I have the honour to acknowledge the receipt of your letter of the 25th ult., calling my attention to the delay in forwarding to your office the quarterly seizure returns from the Financial Inspector.

I beg to state that the attention of the officer has been called to this delay, and he of the provisions of sec. 60, chap. 29, of the Revised Statutes.

In regard to the 105 seizures undisposed of, and which were made in 1890, 1891, 1892 and 1893, I have the honour to state that these seizures were all made before I became Acting Commissioner, and I am unable to state the reason why they have been
allowed to stand so long.

A number of those outstanding have been disposed of during the past four months, and all possible means are being taken to have all these old cases brought to account without delay.

> I am, sir, your obedient servant,

The Auditor General.

\section*{Re Postage Stamps Redeemed.}

\section*{Audit Office, Ottawa, July 29, 1895.}

Sir, -On the return of postage stamps redeemed furnished this office by the Post Office Department, there appear two items in the name of the Acting Commissioner of Customs, the one dated May 16, for \(\$ 263.51\), and the other dated July 12, for \(\$ 146.52\). I learn from the Bank returns that these amounts were deposited, but I do not find that they have come to account.

I have to ask for information in reference to these stamps; from whom and when were they received; whether cheques were issued to make good the amounts, and if so, to what account such cheques were charged; and any other particulars the circumstances call for.

The deposit receipts should be forwarded to the Receiver General without delay, so that the proper accounts may be credited.

I am, sir, your obedient servant,
The Acting Commissioner of Customs.
J. L. McDOUGALL, A.G.

Customs Department, Ottawa, October 19, 1895.
Sir,-I have the honor to acknowledge the receipt of your letter of the 29th July last, on the subject of postage stamps redeemed.

I inclose you herewith, statement showing the postage stamps received during the fiscal year 1893-4, ports from which received, and the dates and numbers of the cheques issued by this department to recoup the Collectors for the stamps.

The total value of stamps forwarded to the department during the fiscal year '93-4 was \(\$ 284.59\); and of these, stamps of the value of \(\$ 9.39\) were handed to the Hon. the Controller of Customs for his offlial correspondence, leaving a sum of \(\$ 275.20\) to be accounted for.

The sum received from the Post Office Department, in redemption of the postage stamps received during \(1893-4\), was \(\$ 263.51\), or \(\$ 11.69\) less than the amount above
stated; but it would appear that a sum nearly equal to this amount was over-deposited on account of the sale of the Analytical Indexes, payment for which books was largely made in postage stamps.

I also inclose you a statement showing the postage stamps received by the department during the fiscal year 1894-5, amounting to the sum of \(\$ 146.52\), and \(\$ 71.52\) such stamps having been redeemed by the Post Office Department, and the amount, \(\$ 146.52\), deposited to the credit of the Receiver General on the 12th July last, and cheque for \(\$ 71.52\) received from Post Office Department, on 17 th inst.

I am, sir, your obedient servant,
F. E. KILVERT, Act. Com.

The Auditor General.

\section*{\(R e\) Customs Seizures, Quebec.}

Audit Office Ottawa, November 28, 1895.
Sir,-On June 18th last a payment of \(\$ 181.60\) was made (cheque 38,871 ) to L. P. Grenier for services as stenographer in January and February, 1890, in connection with the prosecution of whiskey smugglers at Quebec.

I have to ask why payment of this account has been delayed so long. In such cases, the certificate of your accountant should be furnished, that the account has not been previously paid, and the authority of the Governor in Council for the payment should be obtained.

> I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Acting Commissioner of Customs.

\section*{Re Arrears of Revenue.}

Audit Office, Ottawa, October 25, 1895.
Sir,-I have received your letter of October 23 rd , inclosing a statement of arrears due by collecting officers on June 30th last. You have made no reference to arrears due by disbursing officers, or by persons not government officers. If there are none, please state so.

The statement furnished does not include St. Mary's, N.W.T., nor Berlin, Ont. Are there no arrears due at these places?

Have you included arrears due at outports, or are there no arrears due at outports?

Is it the practice for a collector to charge himself with the duties as the merchandise is received, or does he only make a charge when the duties are paid?

I am, sir, your obedient servant,
The Acting Commissioner of Customs.
J. L. McDOUGALL, A.G.

\section*{Advertising Account not Certified by Queen's Printer.}

\section*{Audit Office, Ottawa, Nov. 28, 1895.}

Sir,-The enclosed account for \(\$ 100\), paid by cheque No. 48191, for advertising in the Citizen Carnival Edition, has not been certified by the Queen's Printer, as required by the Order in Council of May 8, 1894. Please obtain the necessary certificate and return the account at your early convenience.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. I. McDoUgaLl, a.G.

\section*{Travel Accounts: Details of Actual Outlay required.}

Audit Office, Ottawa, Dec. 12, 1895.
Sir,-In the accounts of Mr. William Gill, your inspector in British Columbia, for travel during 1894-95, there is a uniform charge of \(\$ 4\) a day for living expenses, as well as a few additional charges for "room and meals."

In order to satisfy the requirements of the Order in Council of Feb. 6, 1893, an itemized account of actual outlay should be given. Please direct Mr. Gill's "attention to this matter, and ask him to furnish the necessary details of outlay during the year referred to.

I am, sir, your obedient servant, The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.g.

Audit Office, Ottawa, Dec. 16, 1895.
\(\mathrm{S}_{\mathrm{II},},-\) From the accounts of your expenditure for \(1894-95\), I find that \(\$ 12.50 \mathrm{a}\) month was allowed to an exciseman at Belleville to cover travelling expenses to Corby's distillery at Trenton.

I beg to direct your attention to my letter of July 13, 1894, regarding similar payments in 1893-94. Please let me have your explanation of the failure to comply with the requirements of the Order in Council of Feb. 6, 1893, regarding travelling expenses.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Government Officer Receipting Accounts of Public Creditor.}

Aldit Office, Ottana, Dec. 19, 1895.
Sir,--The vouchers for rent of excise office at Nelson, B.C., from August, 1894, to May, 1895, are receipted "E. Applenhaite, per R. B.," in the handwriting of R. Blundell, the deputy collector.

The deputy collector should not, of course, sign the receipts for noney which he is paying out. Please obtain receipts signed by Mr. Applenhaite.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, \(A . G\).

\section*{Electric Light Inspector: Authority for Appointment.}

Audit Office, Ottawa, December 21, 1895.
Sir,-Please let me have the authority for the employment during 1894-95 of Mr. O. Higman, as Electric Light Inspector. I have not received the necessary Order in Council for his appointment.

I am, sir, your obedient servant,
J. L. McDOUGALL, A.G.

The Commissioner of Inland Revenue.

\section*{Travel Accounts : Certiflcates and Details Wanted.}

Audit Office, Ottawa, January 2, 1896.
Sir,-I beg to return herewith the account of Mr. J. E. Valin, for travelling expenses paid by cheque 48607, and charged to Cullers' Contingencies, 1894-95. Please ask Mr. Valin to enter the dates opposite the several items, and to certify the account as required by the Order in Council of Feb. 6th, 1893, regarding accounts for travelling expenses.

As Mr. Valin's salary is paid from "Civil Government" his travelling expenses should have bean charged to "Civil Government Contingencies." In 1895.96, and subsequent years, please charge all similar expenses to the latter vote. You will find, on page A-6 of my report for 1889-90, a Treasury Board ruling on this subject.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.

\section*{Regulations for Payment of Removal Expenses.}

Audit Office, Oticawa, December 13, 1895.
Sir,-In your letter of Dec. 27,1894 , it was stated that new regulations regarding the payment of removal expenses had been prepared for submission to the Treasury Board. If these regulations were approved by the Treasury Board, please cause a copy to be sent for the use of this office in auditing the accounts referred to.

I am, sir, your obedient servant,

\title{
Auditor General's Report-Part T
}

Audit Office, Ottawa, January 2, 1896.
Sir,-I have received no reply to my letter of the 13 th ultimo, regarding the regulations under which removal expenses of your officers are paid. Please let me know if the regulations were approved by the Treasury Board.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, \(A . G\).

\section*{Items Entered in Account in Anticipation of Future Outlay.}

\section*{Audit Office, Ottawa, January 2, 1896.}

Sir,-I beg to direct your attention to the account of Mr. J. P. Daveluy, being for expenditure at L'Epiphanie and included in the June statement of expenditure rendered by the Collector of Inland Revenue at Joliette.

Mr. Daveluy makes a declaration, dated June 24th, that "the expenditure was actually incurred," although one item of the account is "June 29th, C.P.R. Fare to Montreal, \(\$ 1.50\)," and Mr. Roche's account for board covers the whole month of June.

The fact of an officer having entered an item in his account in advance of the date of expenditure destroys the value of his certificate and casts a doubt upon the accuracy of the account in other respects.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALI, A.G.

\section*{Paying of Accounts before they were due.}
audit Office, Otrawa, January \(2,1896\).
Sir,-The account of the Deputy Supervisor of Cullers at Montreal for May, 1895 is, made up of two payments to M. J. A. Decelles,-one of \(\$ 24.99\) for three monthis' rent from May 1st to August 1st, 1895, and the other of \(\$ 9\) for cleaning office for the same period.

As this is the first payment to Mr. Decelles, and the usual departmental authority is not quoted on the vouchers, I beg to ask whether the arrangement was approved by the department, and, if so, what are the reasons for making payment in advance.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
\[
\text { J. L. McDoUGaLL, } A . G .
\]

\section*{Illegal purchase of Stationery.}

\section*{Audit Offise, Ottawa, December 16, 1895.}

Sir,-I received no reply to my letter of December 26th, 1894, regarding the purchase of stationery during 1893-94, by your collectors, contrary to the provisions of the Printing and Stationery Act. I notice that the same expenditure was continued during 1894-95. Kindly let me have your explanation.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

Dep. of Inland Revenue, Ottana, December 23, 1895.
Sir,--In reply to your communication of the 16 th inst., directing attention to a prior one of 26 th December, 1894, in which you complain that the requirements of the Stationery Act are not complied within respect of ink and mucilage, and some other articles classed as stationery, sent to officers of this department in British Columbia. I have the honour to state that the spirit of every Act governing this department has always been carefully observed by those having control of the department; but personally I have always held that there are occasions when the objects of parliament can be better served by adhering to the spirit rather than the strict letter of the law. In one of the cases passed by me, I find that a water-dish valued at about 50 cents, was sent from here to the Calgary office, and the expres; charges thereon were \(\$ 2.50\). I therefore directed that articles of that class, should be procured on the spot, which has since been done. I was quite aware that my instructions were in conflict with the strict reading of the Act, and accepted the responsibility of acting on the assumption that in promoting economy the intention and spirit of the Act had been fully complied with.

I am, sir, your obedient servant,
The Auditor General.
EDW. MIALL, Com.

\section*{Audit Office, Ottawa, January 2, 1896.}

Sir,-I have your letter of December 23rd, explaining that you have authorized the purchase of stationery by outside officers of your department on the ground of economy.

If you communicate with the Queen's Printer, I think that you will find him prepared to carry out the letter of the Printing and Stationery Act, and at the same time supply stationery to your distant ottices at lower rates than the local officers can procure it. If not it would be more regular to lay your views before the Government and suggest an amendment of the Act so as to make your practice legal.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.

> J. L. McDOUGALL, A.G.

\section*{Overpayments on Accounts.}

Aldit Office, Ottawa, December 27, 1895.
SIR,-Cheque 46336 is for a payment of \(\$ 111.54\) to Geo. Daveluy, Supervisor of Cullers, Montreal. One of the items included in this amount is \(\$ 33.99\) for rent payable to A. Roy for August, September and October, 1894. This is \(\$ 9\) in excess of the correct amount, viz., 824.99 . Please obtain a refund of the overpayment and deposit the amount to the credit of Casual Revenue.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, a.g.

Audit Office, Ottawa, December 30, 1895.
SIR,-I beg to direct your attention to an overpayment of \(\$ 100\) to the British American Bank Note Company on the inclosed account No. 46857, the last three items ( \(\$ 226.80, \$ 36.40, \$ 22.00\) ) being added as \(\$ 385.20\) instead of \(\$ 285.20\).

Please have this amount deducted from the next account rendered by the Bank Note Company.

I am, sir, your obedient servant,

\section*{Auditor General's Report—Part I'}

\section*{Apparent Duplicate Payment.}

Audit Office, Ottana, December 19, 1895.
SIR,-I beg to direct yonr attention to what is apparently a duplicate charge in the account of Mr. J. M. Lemoine, paid by cheque No. 48358. The last item in Mr. Lemoine's personal account is :
\[
\begin{aligned}
& " \text { April 30—To notarial certificate served on proprietors of } \\
& \text { Weights and Measures offices......................... } \$ 5 "
\end{aligned}
\]

The other similar item is an account rendered by Cy. Tessier and receipted on April 30 for
"Signification of notice re giving up premises to the three exec-
"utors of the late Hon. John Hearn, certificate of service
" and copy ............................................. \(\$ 5\) "
If a duplicate charge has been made, please obtain a refund from Mr. Lemoine and deposit the amount to the credit of Casual Revenue.

Kindly give this matter your early attention.

> I am, sir, your obedient servant, The Commissioner of Inland Revenue.
J. L. McDougall, a.g.

Inland Revenue Dept., Ottafa, December 26, 1895.
Sir,-In reply to yours of the 19 th , I find that the supposed overcharge in Mr . Lemoine's account of \(\$ 5\) is, however, not such. Copies of the vouchers are transmitted herewith in detail.

I am, sir, your obedient servant,
The Auditor General.
E. MIALL, Commissioner.

\section*{Avdit Office, Ottawa, January 2, 1896.}

Sir, -I have your letter of December 26 last, inclosing copies of vouchers claimed to support the two items of \(\$ 5\) each, dated April 30, 1895, in the account of the District Inspector at Quebec, paid by cheque No. 48358 , and to which your attention was called by my letter of December 19.

I find that the paper marked " C " is a copy of a voucher attached to a subsequent account of the District Inspector, viz. : the one covering the period from May l to June 30, 1895. Accordingly the two payments of \(\$ 5\) each on April 30 still require explanation.

I inclose herewith, for your information, the two accounts of the District Inspector referred to above, and the copies of vouchers received with your letter of December 26. Please return them at your convenience.

I am, sir, your obedient servant, The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Extra Salary Paid to Officers of the Civil Service.}

\author{
Audit Office, Ottawa, January 13, 1896
}

Sir,-I beg to direct your attention to the following payments from the vote for preventive service, 1894-95, to customs officers for services:
```

" J. Cochran, St. John . . . . . . . . . . . . . . . . . . . . . . . . . . . \$150"
"J. C. Bourinot, Cape Breton......................... . . . 50"

```

These payments are contrary to sec. 51, Civil Service Act, as amended by 51 Vic. chap. 12 , sec. 12 , which enacts that " no extra salary or additional remuneration of any kind whatsoever shall be paid to any deputy head, officer or employee in the Civil Service of Canada, or to any other persons permanently employed in the public service."

Why were the provisions of this section disregarded in these cases ?
I am, sir, your obedient servant, The Commissioner of Inland Revenue.

\author{
J. L. McDOUGALL, A.G.
}

\section*{Allowances to Superannuated Cullers.}

Audit Office, Ottawa, January 20, 1896.
Sir,-I notice that three superannuated cullers, viz. :-Messrs. Wm. Duggan, D. Morency and J. McCormack, were paid an allowance of \(\$ 233.33\) each for the year 1894-95. Kindly let me have your explanation of the payment in these cases of an allowance greater than that fixed by the Cullers' Act.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Auditor General's Report-Part T}

\section*{Re Methylated Spirits.}

Audit Office, Ottawa, March 27, 1895.
\(\mathrm{Sir}_{\mathrm{i}}\), A summarized statement of the transactions at the Methylated Spirits Warehouse signed by the officer in charge, has been furnished each month, commencing with July last.

This statement shows the quantity of wood naphtha and spirits used during the month, and the quantity of methylated spirits produced. I shall be glad to know what check there is on the correctness of these amounts. The shortage varies from about one to one and a half per cent. In November it was over four per cent. What was the cause?

The first and last number of the entries for sales, and the total quantity and value sold, are given. A detailed statement should also be furnished, showing the date and number of each sale, the port where ordered, the quantity, the price and the value ; also the charge for packages.

Further explanations are needed of the barrels entered each month as "otherwise disposed of."

The Commissioner of Inland Revenue.
I am, sir, your obedient servant, J. L. McDOUGALL, A.G.

\section*{Dept. of Inland Revenue, Ottawa, April 5, 1895.}

Sir,-I beg to acknowledge the receipt of your communication of the 27 th ultimo, respecting transactions at the Methylated Spirit Warehouse.

The large shortage in November was due to the use during that month of a quantity of imported wood naphtha that had been for some time in stock and which was received in barrels and, in consequence, the evaporations and leakage were excessive.

The barrels "otherwise disposed of "were packages that had been so long in use as to be unsafe for further shipments and were broken up and burned.

A detailed statement of monthly sales, giving the information you ask for will be furnished hereafter.

I am, sir, your obedient servant,
The Auditor General.

\author{
E. MIALL, Commissioner.
}

\section*{Re Inspection of Weights and Measures and Gas.}

Audit Office, Ottawa, May 15, 1895.
Sir,-Returns of the revenue from Inspection of Weights and Measures and Inspection of Gas, have been received from your department commencing with those for July last.

In both cases the return shows the balance from the previous month, the amount of the fees accrued during the month, the deposits made in acquittance, and the balance carried to the next month.

In order to make any efficient audit of these revenues the following monthly statements are needed :-
(1.) A departmental statement showing the stamps on hand at the commencement of the month ; the stamps received from the manufacturers during the month; the stamps issued to Inspectors during the month, specifying the names of the inspectors and the amount to each ; and the balance remaining in stock.
(2.) A statement from each inspector, showing the stamps on hand at the commencement of the month ; the stamps received from the department during the month ; the stamps used during the month, which would be the revenue for the month; and
the balance remaining on hand. If a mema. is added giving date, Banks, No. and amount of the deposits made, the returns now furnished will not be needed.

I am, sir, your obedient servant, The Commissioner of Inland Revenue.

\author{
J. L. McDOUGALL, A.G.
}

Inland Rrvenue Dept., Ottawa, July 26, 1895.
Sir,-Replying to your communication of the 15 th May ulto., I beg to say that the stock of stamps in the hands of inspectors is not ohecked monthly, but at suoh periods as the district inspectors are able to do it.

The departmental stock is taken only annually.
I will instruct the accountant to place you in a pesition to effect a final audit at the close of each fiscal year.

I am, sir, your obedient servant,
The Auditor General.
E. MIALI, Commissioner.

Audit Office, Ottawa, August 13, 1895.
Sir,-I have received your letter of July 26th in reference to returns of Weight and Measures and Gas Revenue.

I have to ask for further consideration of this matter. There does not seem to be any reason why the returns asked for cannot be furnished, even though the stamps in the hands of the inspectors and at the department are verified only occasionally. The returns are needed to make an efficient audit.

I am, sir, your obedient servant,
The Commissioner Inland Revenue.
J. L. MoDOUGALL, A.G.

\section*{Re Refund of Excise Revenue.}

Audit Office, Ottawa, July 5, 1895.
Sir,-I wrote you August 3rd, 1893, and again February 19th, 1894, in reference to the insufficiency of the vouchers furnished for refunds of spirits and malt. I have had no reply to either of these letters, and I find that the vouchers furnished for refunds made during 1894-95 are, as formerly, merely the receipts of the persons or firms receiving payment. The vouchers furnished for refunds of duty on tobacco, and on malt exwarehoused for consumption, are satisfactory. Is there any reason why vouchers equally complete cannot be furnished for all refunds :

No vouchers have been furnished for the payments made by cheque 46438-\$197.82, and 46666-\$68.75.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALI, A.G.

\section*{Re Excise Seimures.}

Audit Office, Ottawa, July 4, 1895.
Sir,-Referring to voucher No. 320, paid by cheque No. 47204, Dec. 3, 1894, I have to call attention to a charge made by John C. Bourinot, Collector of Customs, Port Hawkesbury, of \(\$ 15\) paid a man to attend his official duties for 5 days while he was absent seizing an illicit still.

Mr. Bourinot's salary is only \(\$ 600\) per annum, and some explanation should be forthcoming why he paid a substitute \(\$ 3\) a day.

> I am, sir, your obedient servant,

\section*{Auditor General's Report-Part T}

Audit Office, Ottawa, December 20, 1895.
Sir,-As payments to informers are made through your collectors, I have to request you to procure from them a statement showing the amounts received from the department for that purpose during 1894-95; the seizures to which each amount so received applies; the date opposite each when payment was made to the informer ; and certified as follows:-
, Collector of Inland Revenue at certify that I have paid over to the informers entitled thereto, all amounts received from the Department of Inland Revenue for that purpose during 1894-95, with the exception of the following :

I am, sir, your obedient servant,
Commissioner of Inland Revenue.

\author{
J. L. McDOUGALL, A.G.
}

\title{
Re Surplus at Gooderham's Distillery.
}

\section*{Audit Office, Ottawa, May 9, 1895.}

Sir,-I have not had any reply to my letter of October 23rd last, inquiring what action had been taken by your department on the judgment of the Exchequer Court in reference to the spirits impounded at the Gooderham distillery.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

Audit Office, Ottawa, October 5, 1895.
SIr,-I have to remind you that I have had no reply to my letter of October 23, 1894, inquiring what action had been taken by your department on the judgment of the Exchequer Court, rendered February 15, 1894, in reference to the spirits impounded at the Gooderham distillery.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

\section*{Inland Revenue Department, Ottawa, October 8, 1895.}

Sir,-In reply to your communication of the 5th instant, I beg to state that the impounded spirits at the Gooderham distillery have been released to the distillers in obedience to the judgment of the Exchequer Court.

I am, sir, your obedient servant,
The Auditor General.

\author{
E. MIALL, Commissioner.
}

\section*{Re Deflciencies at Distilleries.}

Audit Office, Ottawa, October 5, 1895.
Str,-In your letter of July 9th, 1894, you stated that the returns of the distillers from the time that the establishment of the duties by weight was brought into force until the close of the fiscal year just passed were being amended, and when received and checked, you would communicate the result. I have not received this information and shall be glad to have it now. A summary of the transactions will probably be sufficient, showing the name of the distiller, the amount of the deficiency in each year as first returned, the amount to which it was reduced, and the date of payment.

I have also to ask for a statement of the deficiencies during the last fiscal year, together with the Inspectors' returns.

The Commisnioner of Ialand Revenue.
I am, sir, your obedient servant,

Inland Revenue Dept., Ottawa, Oct. 28, 1895.
Sir,-In reply to your communication of the 5 th inst., I have the honour to inclose herewith statement of transactions in respect of each distillery for the year ended 30th June, 1895, also copies of instructions to collectors with reference to the disposal of balances anterior to that year as required by the transactions growing out of instructions contained in circular of February 20, 1894.

> I am, sir, your obedient servant,

\author{
The Auditor General.
}
E. MIALL, Commissioner.

Audit Office, Ottawa, November 2, 1895.
Sir,- -I am in receipt of your letter of the 28 th ultimo, inclosing statements of transactions at the several distilleries for the year ended June 30th, 1895 ; also copies of instructions to collectors in reference to the deficiencies of previous years, growing out of instructions contained in circular of February 20, 1894.

In your letter of July 9, 1894, you stated that the Department was advised that the regulations contained in this Circular were intra vires under section 1 of the Inland Revenue Act

I have to inquire if this question was submitted to the Department of Justice? If so please send me a copy of its decision.

I have also to request that the statements containing the transactions of the distilleries during the year ended June 30, 1894, which I have not yet had, may be forwarded to me. I shall be glad to get an early \(r\) eply.

> I am, sir, your obedient servant,

The Commissioner of Inland Revenue.

> J. L. McDOUGALL, A.G.

\section*{Audit Office, Ottawa, November 7, 1895.}

Sir,-With your letter of October 28 last you inclosed a copy of a letter of instructions to your Collector at Toronto, dated October 30, 1894. In this letter you state the differences of 1889-90 and 1890-91 were yet to be disposed of.

I have to inquire if they have since been disposed of, and if so, how?
I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, A.G.

Inland Revenue Dept., Ottawa, November 9, 1895.
Sir,-Referring to your communication of the 2nd inst., to which I replied only in part, I beg to state that the Honourable the Controller was informed, in my presence, by the late Premier, then Minister of Justice, that the power to make regulations respecting the manner in which tests for duty on spirits should be made was fully vested in the department by the 1st section of the Act 53 Vict., Cap. 23, and the regulations proposed thereunder were submitted to him for his approval before being promulgated.

I am, sir, your obedient servant,

\section*{Auditor General's Report-Part T}

Audit Office, Ottawa, November 12, 1895.
Sir,-In your letter of the 9 th inst. you intimate that you had replied in part to my letter of the 2 nd . I do not find that \(I\) have received any reply to that letter before that dated the 9th, now to hand.

I would like to have the statements asked for in my letter as soon as possible.
You state that the late Minister of Justice had informed the cortroller in your presence, that the power to make regulations respecting the manner in which tests for duty on spirits should be made, was fully vested in the department by sect. 1, cap. 23 of 53 Vict., and that the regulations proposed thereunder were subunitted to him for his approval before being promulgated. I assume from this that you have no official statement to this effect, either from the late minister or his deputy. If you have any official approval, either by the minister or his deputy, of the regulations which you state were submitted to the minister for his approval, please let me have a copy.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDoUgall a.g.

Audit Office, Ottawa, November 18, 1895.
Sir,-I am inclosing herewith copy of a letter and statement in reference to deficiencies at distilleries, which I have sent to the Treasury Board.

I am, sir, your obedient servant,
The Commissioner of Inland Revenue.
J. L. McDOUGALL, \(A . G\).

\section*{Audit Office, Ottawa, November 16, 1895.}

Sir,-On February 20, 1894, the Department of Inland Revenue issued Circular G. 412, and on March 6 following, Circular G. 142 a, amending the regulations as to the testing for duty on spirits. These circulars direct that all future tests for duty should be figured at a temperature of 40 deg . Fah., and that the tests made since the previous July 1, 1891-the date when the determination of duty by weight became compulsory, should be amended in accordance.

I received a few days ago, papers showing the reductions made through the effect of those circulars for the years 1891-92, 1892-93, and part of 1893-94, and I inclose herewith a statement of the results anl of the corresponding dimunition of the revenue. After the date of the Circulars the tests were figured at a temperature of 40 deg . Fah., and the effect of the new regulations cannot be definitely fixed, but the result is evident from the reduced amount of the deficiencies, and the fact that a surplus is in some cases produced.

Previous to the issuance of the Circulars, several distillers had paid duty on the differences of 1891-92, and to these the same quantity of spirits was issued duty free.

The result of figuring the tests for duty at 40 deg. Fah. in several cases, changed the deficiency into a surplus, which by direction of the Commissioner was carried to debit of stock book.

I questioned at the time, the authority of the Department to issue these Circulars, and the Commissioner stated that the oral opinion of the late Minister of Justice, that the authority rested with the Department, had been given.

I inclose herewith copies of the circulars and correspondence in reference hereto.
I am, sir, your obedient servant,

> J. L. McDOUGALL, A. G.

\section*{Deficiencies at Distilleries.}

Effect of circulars G. 412 and G. \(412 a\), issued in February and March, 1894, directing that tests for duty should be made at a temperature of 40 deg . F .

Sir,-I have your communication of yesterday covering copy of memo. you have transmitted to the Honourable the Treasury Board.

While stating, however, that the quantity virtually relieved of duty by the regulations cited, aggregated 80,110 gallons for the three years, you have omitted to draw attention to the fuct that, during those three years, the duty had been established by weight instead of as heretofore by measurement.

That the Exchequer Court has already decided that the practice of the distillers to pass the spirits through refrigerators, thus contracting their volume when tested for duty, was fully within their legal rights;

That the new method of establishing the duty by weight was virtually an increase of taxation to the extent of from three-quarters of one per cent to one per cent, which the law did not contemplate, and that the reduction of temperature from \(60 f\). to 40 f . was in effect simply counteracting the increased fictitious debit which the change of system introduced in 1891 had the effect of building up.

I an quite ready to meet you before the Treasury Board or elsewhere to discuss the merits of the whole question of deficiencies.

The department has done what it was advised it had the legal power to do and what it deemed right to do and takes the full responsibility of its action.

I am, sir, your obedient servant,
The Auditor General.
E. MIALI, Commissioner.

\section*{Treasury Board, Ottawa, December 4, 1895.}

Sir,_-Referring to previous correspondence on the subject I have the honour to inform you that by direction of the Treasury Board the matter in reference to deficiencies at distilleries has been referred to the lepartment of Justice for opinion.

I am, sir, your obedient servant,
J. M. COURTNEY,

TREASURY BOARD OVER-RULING
}

\section*{Payment for Land from Appropriation for Maintenance of Manitoba Penitentiary.}

Audit Office, Ottawa, October 24, 1895.
Sir,-I beg to inform you that I have received an Order in Council of the 22 nd instant, authorizing the Department of Justice to purchase land for the Penitentiary reserve at Stony Mountain at a cost not exceeding \(\$ 5,000\), the same to be charged against the vote for Manitoba Penitentiary.

There is, in my opinion, no Parliamentary authority for making a charge of this nature against the appropriation of the current year for Manitoba Penitentiary. The amount voted is for the maintenance of the Penitentiary as explained in the estimates laid before Parliament, and for no other purpose.

I am, sir, your obedient servant,
The Deputy Minister of Justice.
J. L. McDOUGALL, A.G.

Dept. of Justice, Ottawa, October 28, 1895.
Sir,-I have to request that you will be good enough to send me a cheque payable to the order of Mr. J. A. M. Aikins (agent for this Department in Winnipeg) for the sum of \(\$ 4,880\) to pay for land purchased for Manitoba Penitentiary purposes, from the following persons, and charge the amount against the appropriation for Manitoba Penitentiary, 1895-96.

\]

\section*{Audit Office, Ottawa, October, 29, 1895.}

Sir,-With reference to your application of the 28th instant for a cheque of \(\$ 4,880\) in favour of your agent at Winnipeg to pay for land purchased for the Manitoba Pen itentiary, I regret to have to say that for the reason stated in my letter of the 24th instant I am unable to certify that the charge in question is a proper one on the appropriation of the current fiscal year for the Manitoba Penitentiary.

I return your application herewith.
I am, sir, your obedient servant,
The Deputy Minister of 'Justice.
J. L. McDOUGALL, \(A . G\)

Treasury Board, Ottawa, Nov. 4, 1895.
My dear Sir,-I inclose correspondence respecting application for certificates for payments for land for Manitoba Penitentiary. Will you kindly let me know, for the information of the Treasury Board whether your objection still holds good and your reasons therefor?

Kindly return the papers quickly.
The Auditor General.

> Yours very truly,

\author{
J. M. COURTNEY.
}

Justice Dept., Ottawa, Nov. 2, 1895.
Sir,-I have the honour to inclose herewith a copy of a letter, dated the 28th ult., from my Deputy to the Auditor General, requesting the Auditor to issue a cheque payable to the order of Mr. J. A. M. Aikins, my Agent at Winnipeg, for the sum of \(\$ 4,880\) in payment of land purchased for the Manitoba Penitentiary, chargeable to the vote for the Manitoba Penitentiary for the current year, which application was authorized by Order in Council of the 22nd inst. I inclose, also copy of the Auditor General's reply, declining to issue the cheque and copies of previous correspondence with the Auditor General upon the subject, also copy of my Deputy's reply to the Auditor General of the 30th ult.

You will observe that the Auditor has refused to issue this cheque upon the ground that there is no Parliamentary authority for issuing it.

I am of the opinion that the requisite Parliamentary authority is furnished by the appropriation to which I have referred; and I have the honour to request therefore that you authorize the Deputy Minister of Finance and Receiver General to issue the necessary cheque in pursuance of section 32, paragraph (a) of the Consolidated Revenue and Audit Act.

> I have the honour to be, \&c.,
> CHARLES HIBBERT TUPPER, M. of \(J\).

The Hon. the Minister of Finance and Receiver General.

Audit Office, Ottawa, November 6, 1895.
Sir,- In reply to your letter of the 4 th inst., inclosing an application from the Minister of Justice to the Board, requesting the overruling of my decis:on that the Manitoba Penitentiary appropriation does not authorize the expenditure of \$4,880 for the purchase of 480 acres of land to extend the limits of the Penitentiary property, I have to bring to your notice the description in the estimates submitted to Parliament of the sub-divisions of the Appropriation.

It is :-
\begin{tabular}{|c|c|}
\hline Salaries & \$21,420 00 \\
\hline Uniforms & 1,900 00 \\
\hline Gratuities. & 1.00000 \\
\hline Maintenance. & 8,810 20 \\
\hline Tobacco for convicts & 17500 \\
\hline Working expenses. & 11,988 70 \\
\hline Boundary wall. & 1,500 00 \\
\hline Miscellaneous. & 1,000 00 \\
\hline & \$47,793 90 \\
\hline
\end{tabular}

I don't argue that these subdivisions, inserted as they are in the Estimates and not retained in the Supply Bill, are more than indicative of the expected amounts that are to be spent on the seversl sub-services. On the other hand, however, it is quite

\section*{Treasury Board Over-Ruling.}
manifest that it would be irregular to spend a considerable sum on a service to which no allusion is made in the subdivisions. If this is not sc, a carefully prepared statement of subdivisions which would meet with the approval of Parliament might be used to enable the expenditure of money on a service which would be unfavourably received there.

It may be shown that the limits of the Penitentiary grounds ought to be extended in the public interest, that the price of the land intended to be purchased is reasonable and that the land would likely not be procurable at a later time without paying more for it, but such facts might be quoted in many cases and ought not to have weight when the result would be the establishing of a precedent subversive of Parliamentary control. In fact, does the vote of \(\$ 47,793\) for the Manitoba Penitentiary justify the spending of money for any purpose in connection with the Penitentiary, or only for the purposes Parliament was told it was to be spent on when the vote was taken?

I am, sir, your obedient servant,
The Secretary, Treasury Board.
J. L. McDOUGALL, A.g.

Dept. of Justice, Ottawa, Nov. 7, 1895.

\section*{To His Excellency the Governor General in Council :}

The undersigned has the honour to report that herewith submitted is a copy of certain correspondence between the Auditor General and the Deputy Minister of Justice with regard to the issue of a cheque payable to the order of Mr. J. A. M. Aikins, the Agent of the undersigned at Winnipeg, for the sum of \(\$ 4,880\), in payment of land purchased for the Manitoba Penitentiary, chargeable to the Vote for Manitoba Penitentiary for the current year.

The expenditure was authorized by Order in Council of the 22 nd October, 1895.
It will be observed that the Auditor General has declined to issue a cheque upon the ground that there is no Parliamentary authority for issuing it.

The undersigned is, however, of opinion that the requisite Parliamentary authority is furnished by the Appropriation above referred to, and therefore, recommends that authority be obtained from the Treasury Board for the issue of the cheque so applied for, in pursuance of Section 32, paragraph \(a\), of the Consolidated Revenue and Audit Act.

Respectfully submitted,
CHARLES HIBBERT TUPPER, M. of \(J\).

\section*{Extract from minutes of Treasury Board meeting of Nov. 11th, 1895.}

Justice-Penitentiary Branch.-The Board had under consideration an application of the Deputy Minister of Justice for the issue of a cheque payable to the order of Mr J. A. M. Aikins (agent of that department in Winnipeg) for the sum of \(\$ 4,880\) to pay for land purchased for Manitoba Penitentiary purposes and to charge the amount against the appropriation for Manitoba Penitentiary, 1895-96, and the other papers connected therewith, the Auditor General having refused to issue his certificate for the cheque in question on the ground that there is no Parliamentary authority for issuing it. The Board, on the written opinion of the Minister of Justice (copy herewith) that there is such authority-the same being furnished by the appropriation above referred to, direct the issue of the cheque applied for, for the purposes named in such application-under the authority of section 32, paragraph \(a\), of the Consolidated Revenue and Audit Act```
