

Online shopping during the COVID-19 pandemic

The first wave of COVID-19 disrupted retail sales. So what do they look like now?

Retail e-commerce surged in the fall after an up-and-down summer

E-COMMERCE

IN-STORE

During the pandemic, e-commerce became essential to 'non-essential' businesses

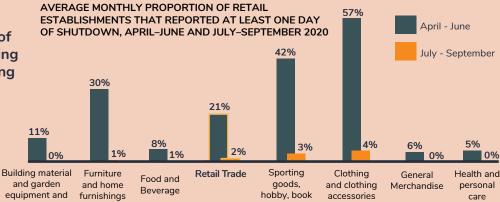

\$1.6 billion

\$1.6 billion in online CROSS-BORDER SHOPPING: the amount spent by Canadian households on online purchases from foreign companies was up 44% in the second and third quarters of 2020 combined, compared with 2019.

Sources: Statistics Canada, customs-based merchandise trade data; GST remittance data; and companies' public financial reports.

In-store operations resumed for much of the summer following closures in the spring
