## Minister's message

On behalf of the Royal Canadian Mounted Police, I am pleased to present our report on fees for 2020–21.

The *Service Fees Act* provides a modern legislative framework that enables cost-effective delivery of services and, through better reporting to Parliament, improves transparency and oversight.

Each reporting cycle, the RCMP aims to improve its fees reporting to improve transparency. Last year's report set the foundations that enabled the RCMP to provide additional detail on each fee.

Building on this practice of continuous improvement, in 2020-21, the RCMP developed a new RCMP Remission Policy. This policy will help set the stage for the reporting of remission amounts in next year's fees report for the first time.

I welcome the increased transparency and oversight that the *Service Fees Act's* reporting regime embodies, and fully support the RCMP as it continues to apply the Act in its operational context.

The Honourable Marco E. L. Mendicino, P.C., M.P.  
Minister of Public Safety

## About this report

This report, which is tabled under section 20 of the *Service Fees Act*, including the *Low-materiality Fees Regulations* and subsection 4.2.8 of the *Directive on Charging and Special Financial Authorities*, contains information about the fees that the Royal Canadian Mounted Police (RCMP) had the authority to set in 2020–21.<sup>1</sup>

Government of Canada departments may set fees for services, licences, permits, products, the use of facilities, for other authorizations of rights or privileges, or to recover, in whole or in part, costs incurred in relation to a regulatory scheme.

For reporting purposes, fees must be categorized under the following three fee-setting mechanisms:

1. Act, regulation or fees notice
  - An act of Parliament delegates the fee-setting authority to a department, minister or Governor in Council.
2. Contract
  - Ministers have the authority to enter into contracts, which are usually negotiated between the minister and an individual or organization, and which cover fees and other terms and conditions. In some cases, that authority may also be provided by an act of Parliament.
3. Market rate or auction
  - The authority to set these fees is pursuant to an act of Parliament or regulation, and the minister, department or Governor in Council has no control over the fee amount.

This report contains information about all fees that are under the RCMP's authority.

The information covers fees subject to the *Service Fees Act*.

For fees set by act, regulation or fees notice, the report provides totals for fee groupings, as well as detailed information for each fee.

Although the fees that the RCMP charges under the *Access to Information Act* were subject to the *Service Fees Act*, they are not included in this report. Information on the RCMP's access to information fees for 2020–21 can be found in our access to information report, which is posted on [the Government of Canada's publications page](#).

1. All years presented in this manner refer to fiscal years.

## Remissions

This report does not include remissions issued under the authority of the *Service Fees Act*, since this requirement took effect on April 1, 2021. Remissions issued under the *Service Fees Act* will be reported for the first time, as applicable, in the 2021–22 Fees Report, which will be published in 2022–23.

The *Service Fees Act* requires departments to remit a fee, in part or in full, to a fee payer when a service standard is deemed not met. Under the *Service Fees Act* and the *Directive on Charging and Special Financial Authorities*, departments had to develop policies and procedures for determining:

- whether a service standard has been met
- how much of a fee will be remitted to a fee payer if a service standard is deemed not met

The RCMP remission policy has been approved and will soon be made available to the public.

## Overall totals, by fee-setting mechanism

The following table presents the total revenue, cost and remissions for all fees that the RCMP had the authority to set in 2020–21, by fee-setting mechanism.

## Totals, by fee grouping, for fees set by act, regulation or fees notice

The following section presents, for each fee grouping, the total revenue, cost and remissions for all fees that the RCMP had the authority to set in 2020–21 that are set by any of the following:

- act
- regulation
- fees notice

A fee grouping is a set of fees relating to a single business line, directorate or program that a department had the authority to set for those activities.

## Endnotes

- <sup>i</sup> This amount is the total cost for the Canadian Firearms Program, which includes both the Firearms Licensing and Registration, and the Canadian Firearms Investigative and Enforcement Services components. This includes salaries, Employee Benefit Plan (EBP), operating costs, capital, grants, and contributions.
- <sup>ii</sup> The total cost of the Canadian Criminal Real Time Identification Services (CCRTIS) program in 2020-21 is \$22,688,684. Criminal Record for Civil purposes is only one of many activities within the program. The department has no reliable mechanism for tracking the specific cost of criminal record check for civil purposes as the workflow extends to many operational units within the program. The amount of \$22,688,684 includes costs for all of CCRTIS such as: conduct civil criminal record checks; manage refugee/immigration databank and conduct named-based searches on behalf of IRCC; conduct latent (crime scene) fingerprint searches; manage information exchanges with international partners; maintain the National Repository of Criminal Records including the DNA program; manage the employee fingerprint repository; conduct identification-only fingerprint searches; and other biometric activities.
