Deputy Ministers of Industry

Les sous-ministres de l'Industrie

Portraits: 1893 - 2006

Album of Deputy Ministers of Industry

The following collection of photographs of past Deputy Ministers of the Department of Industry (Industry Canada) and its predecessor departments has been assembled by employees of the department. In addition to Deputy Ministers appointed to head Industry Canada since its creation in 1993-95, the list includes Deputy Ministers of former, directly antecedent, departments including (in chronological order) the Departments of Trade and Commerce; Industry Trade and Commerce; Regional Industrial Expansion and Industry, Science and Technology. Also included in this album are Deputy Ministers of the first Department of Industry which was created in 1964 and merged with the Department of Trade and Commerce in 1968.

While every effort was made to have as complete a collection of photographs as possible, it was not possible to find images of the following former Deputy Ministers:

John Hascall English
Trade and Commerce
1958 – 1960

James Allan Roberts
Trade and Commerce
1960 – 1964

We would also like to take this opportunity to thank the families of some former Deputy Ministers who provided photographs for this collection and helped make it as complete as possible.

This document was prepared through the combined efforts of the Office of Consumer Affairs and Communications Marketing Branch.

April 2010

Album des sous-ministres de l'Industrie

Le recueil de photographies des anciens sous-ministres du ministère de l'Industrie (Industrie Canada) et des ministères qui l'ont précédé est le fruit d'employés du Ministère. Figurent dans cet album, outre les sous-ministres qui ont été nommés à la tête d'Industrie Canada depuis la création de ce ministère en 1993-1995, les sous-ministres des ministères qui ont précédé Industrie Canada, notamment (par ordre chronologique) le ministère du Commerce, le ministère de l'Industrie et du Commerce, le ministère de l'Expansion industrielle régionale et le ministère de l'Industrie, des Sciences et de la Technologie. Les sous-ministres du premier ministère de l'Industrie, créé en 1964 et fusionné au ministère du Commerce en 1968, sont également présentés.

Malgré tous les efforts que nous avons déployés pour monter un recueil de photographies aussi complet que possible, nous n'avons pu trouver de photographies des anciens sous-ministres suivants :

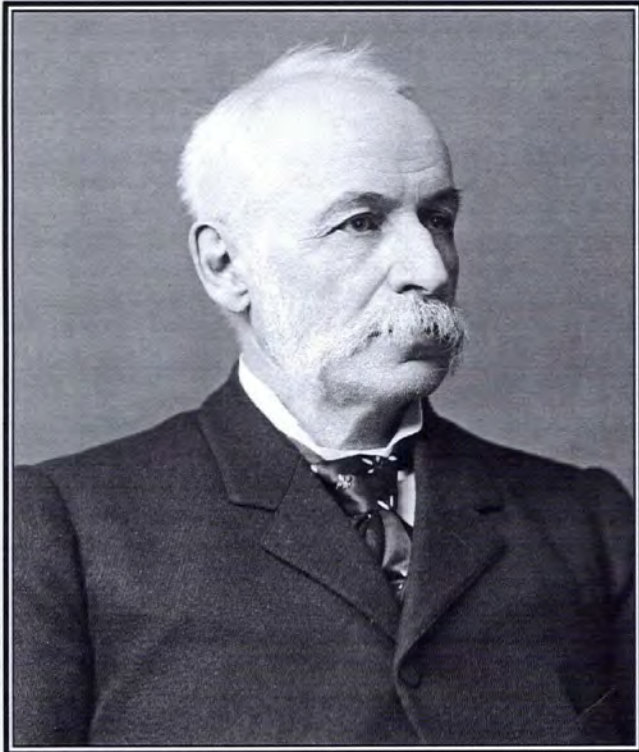

John Hascall English
Commerce
1958 – 1960

James Allan Roberts
Commerce
1960 – 1964

Nous tenons à remercier les familles de certains anciens sous-ministres, qui nous ont fourni des photographies et nous ont aidés à faire un album le plus complet possible.

Ce document a été préparé grâce aux efforts combinés du Bureau de la consommation et de la Direction générale des communications et du marketing.
