LIST OF PUBLICATIONS PART I

August 1993
Publishing Services
Communications Branch
Industry and Science Canada

INTRODUCTION

This list of publications represents a first attempt to gather together all documents sponsored by the department of Industry and Science Canada. Part I comprises documents published after 1 April 1991 by the former Industry, Science and Technology Canada (ISTC). The list will be updated to incorporate recent publications of the former Communications Canada, Consumer and Corporate Affairs Canada, and Investment Canada, which joined with ISTC to form the new Industry and Science Canada, as of 25 June 1993. Once the list has been completed, it will be updated on a regular basis.

The publications are arranged chronologically according to the sector area responsible for them. These sector areas are listed in the Table of Contents. (Please note that the organizational units listed are those under which the publications were originally published in the former ISTC. Once the list of publications has been completed, these headings will be modified to reflect the current ISC organizational structure.)

Publications having "official" status have a unique listing number, known as the PU number, assigned by the Communications Branch to facilitate storage and distribution. Please refer to this number when you are requesting a publication.

To obtain one or several copies of an "official" publication, phone (613) 954-5716. For publications lacking a PU number, please contact the sponsoring sector directly. For Industry Profiles, phone (613) 954-4500 or fax (613) 954-4499.

For questions about the publications list or to report names and summary details of publications that should be added to or deleted from this list, please phone Catherine Brieger, Publishing Services, Communications Branch at (613) 995-8900.

Internal distribution only.

TABLE OF CONTENTS

COMMUNICATIONS

Précis/The Newsletter of Industry, Science and Technology Canada (ISTC)

Employee's departmental newsletter, which is published bimonthly.

Bilingual

Précis/Bulletin - New Ministers

Appointment of Jean Charest, Minister Designate of Industry and Science and Robert Nicholson, Minister for Science and Small Businesses.

Bilingual - June 1993

Précis/Bulletin - New Associate Deputy Minister

Appointment of Kevin Lynch.

Bilingual - November 1992

Précis/Bulletin - New Deputy Minister

Appointment of Harry Swain.

Bilingual - October 1992

Précis/Bulletin - National Science and Technology Week, October 16-25, 1992

This bulletin describes organized activities for the third annual National Science and Technology Week.

Bilingual - October 1992

Précis/Bulletin - Total Quality Management

Employee's departmental bulletin on Total Quality.

Bilingual - July 1992

Précis/Bulletin - National Service Month

First major national conference series covering all sections of the service industry.

Bilingual - November 1991

Précis/Bulletin - Science and Technology Week

Annual publication on National Science and Technology Week.

Bilingual - October 1991

Précis/Special Edition - Healthpartners/United Way

Annual issue on the campaign and campaign events.

Bilingual - September 1991

Précis/Special Edition - Spokespersons

Guidelines for designated ISTC spokespersons.

Bilingual - July 1991

Précis/Bulletin - New Associate Deputy Minister

Appointment of Anthony Eyton.

Bilingual - July 1991

Précis/Bulletin - Environment

Goals and achievements in new environmentally sound practices.

Bilingual - May 1991

Précis/Bulletin - New Minister

Appointment of Michael Wilson.

Bilingual - April 1991

Annual Report 1990-91

This report records ISTC's accomplishments during the fiscal year and reflects the organizational structure as at March 31, 1991.

Bilingual - PU 0277-91-03

Videothèque Catalogue

Synopsis of videos produced by the department as well as programs produced by other government and private sources. The department also provides Canadian business and industry with access to its photothèque. Because of the importance of the photographic collection, a synopsis of each of the videos is given.

English - PU 0157-90-01 (also available in French)

FINANCE, PERSONNEL AND ADMINISTRATION

Business Improvement Loans to Small Business Enterprises under the Small Businesses Loans Act

This pamphlet gives information on the program.

Bilingual - PU 0007-93-03

Access to Information and Privacy Acts - Annual Reports

Annual reports on the administration of these acts.

Bilingual - FP PU 0005-93-03

ISTC Employee Orientation Handbook

This handbook provides to newcomers and experienced employees an overview of the department, including its structure, activities and services.

Bilingual - FP PU 0042-92-03

ISTC Handbook on Information Technology Security for Shared-facility Managers and Information System Custodians

This handbook is addressed to shared-facility managers responsible for shared computer facilities, including local area networks (LANs) and mainframe and minicomputer installations and information system custodians responsible for security standards and safeguards for information systems and data.

Bilingual - FP PU 0023-92-03

ISTC Handbook on Information Technology Security for Responsibility Centre Managers

This handbook is addressed to responsibility centre managers in ISTC having direct or indirect responsibility for computer equipment, software, records or information systems.

Bilingual - PU 0021-92-03

Departmental Assignment Program

This program is a brokerage service matching employees with assignment opportunities, both within and outside ISTC.

Bilingual - 1992

ISTC Staff Handbook on Information Technology Security

This handbook is for all staff who use computers, including managers, supervisors, indeterminate and temporary employees, students and contractors.

Bilingual - PU 0281-91-03

Small Businesses Loans Act

Annual report on the operations for the 12-month period ended March 31, 1991.

Bilingual - PU 0267-91-03

ISTC Progress Report on PS 2000 Activities

This report describes the corporate development initiatives undertaken by the department and which was presented to the Secretary to the Cabinet.

Bilingual - 1991

INDUSTRY, TECHNOLOGY AND REGIONAL OPERATIONS

The Canadian Office for Training in the Environment

A folder which gives information on the main function of the office. This office assists representatives from less developed countries to learn through training about Canadian management, processes and technologies with applications to environmental issues.

Bilingual

Industry and the Environment: The Environmental Industry Sector Initiative

A progress report and a look at the future.

English - IT PU 0006-93-01 (also available in French)

Toolbox: A Component of the Medical Devices Sector Campaign

A program to help Canadian medical devices firms enhance their international competitiveness and thereby promote the growth of the medical devices sector in Canada.

Bilingual - 1993

Medtap (Medical Devices Technology Assistance Program): A Component of the Medical Devices Sector Campaign

A program to help firms adapt and incorporate new technical developments into exceptional medical devices products that have the potential to succeed in global markets.

Bilingual - 1993

The Microelectronics Industry in Canada: A Capability Guide 1993

This publication presents an overview of the microelectronics industry in Canada and a profile of the capabilities of individual companies engaged in microelectronics-related activities. Company information may also encourage the formation of strategic alliances and co-operative efforts.

English - IT PU 0041-92-01 (also available in French)

The Printed Circuit Board and Electronic Contract Assembly Industries in Canada

This publication presents a profile of the capabilities of companies in Canada manufacturing printed circuit boards and providing contract electronic assembly services. It is intended for major information technologies corporations in Canada and abroad who procure such products and services.

English - IT PU 0040-92-01 (also available in French)

Inter-firm Linkages Program for the Apparel Industry

The program is designed to bring apparel manufacturers, textile suppliers, retailers and designers together in collaborative endeavours.

Bilingual - IT PU 0038-92-03

Report on Apparent Markets for Textiles and Clothing

In addition to the statistical data on the apparent markets for textiles and clothing, this publication includes detailed import data.

Bilingual - IT PU 0037-92-03

Strategic Technologies: Program Information - Advanced Industrial Materials

This handbook gives information on the Strategic Technologies Program and the Technology Outreach Program - Advanced Industrial Material Networks.

Bilingual - PU 0029-92-03

Industry and the Environment: Classification of Environmental Goods and Services

In this classification, only industrial goods and services are included (e.g., electrostatic precipitators and environmental impact assessments).

English - IT PU 0022-92-01 (also available in French)

The Competitive Enterprise

An executive's guide to investing in advanced manufacturing and processing technology.

English - PU 0018-92-01 (also available in French)

ISTC Programs and Services

This directory identifies the major programs and services offered by ISTC.

English - IT PU 0017-92-01 (also available in French)

Advanced Manufacturing Technology Application Program (AMTAP)

The program enhances the international competitiveness of Canadian industry by stimulating the more effective use of such technologies and related management practices.

Bilingual - PU 0016-92-03

Achievement Through Partnership

The Mandate for Export and Research and Development in Information Technology (MERIT) Partnership Program is an initiative of the Canadian government. Its mission is to enhance the nation's information technologies (IT) sector by recognizing multinational IT firms that have made commitments to industrial development in Canada. The program is jointly administered by ISTC and Supply and Services Canada.

Bilingual - 1992

Canadian Computer Manufacturers - Computer Industry Resources Committed to the Leading Edge (CIRCLE)

The CIRCLE status is accorded to Canadian-made products of recognized Canadian computer manufacturers who meet a stringent set of criteria. Certain multinational firms that have met the criteria for MERIT Partners also receive special recognition. The CIRCLE program is jointly administered by ISTC and Supply and Services Canada.

English - 1992 (also available in French)

Microelectronics and Systems Development Program

The objective of the program is to support the development of advanced microelectronics and information technologies systems that will enhance the international competitiveness of companies in the manufacturing, processing and service industries in Canada.

Bilingual - 1992

Strategic Technologies Program: Information Technologies

A program offering financial assistance to industry-led alliances to undertake leading-edge research, development and application project in the fields of information technologies, advanced industrial materials or biotechnology.

Bilingual - 1992

Advanced Polymer Composites Directory

This publication briefly describes the Canadian activities in the sector.

Bilingual - PU 0280-91-03

Industry and the Environment: Directory of Canadian Environmental Services Firms

Profile of companies working in the environmental services field.

English - IT PU 0276-91-01 (also available in French)

Market Intelligence Service

This pamphlet was prepared to help Canadian entrepreneurs who are interested in developing new products or investing in new areas. While the main focus of this Market Intelligence Service, which is described in this pamphlet, has been on imports, it now gives information on Canadian and North American markets and exports as well as product-specific information.

Bilingual - PU 0271-91-03

Canadian Telecommunications Action Committee

General information on the committee, which is a forum for industry/government consultations and actions on behalf of the 500 manufacturers of telecommunications equipment in Canada.

English - PU 0270-91-01 (also available in French)

Industry and the Environment: Directory of Manufacturers of Environmental Products

Profile of companies who specialize in environmental products.

English - IT PU 0269-91-01 (also available in French)

Technology for Environmental Solutions

An overview of the Environmental Technology Commercialization Program. This program shares the financial risks of developing, demonstrating and commercializing new technologies to reduce environmental problems through the use of first-time pilot and demonstration projects.

Bilingual - PU 0268-91-03

dISTCcovery: Your Window to a World of Business Opportunities (Information for Users)

A database for discovering and acquiring new manufacturing opportunities emerging from a worldwide explosion in technological developments resulting in new products and new processes.

Bilingual - PU 0264-91-03

Seafood and Marine Products Sector Campaign: Summary Report of Phase II Activities

This report provides succinct descriptions, objectives and results of all Phase II projects undertaken and other relevant ISTC initiatives as well as summarizes the priorities and findings of Phase II framework studies.

Bilingual - PU 0239-91-03

Manufacturing Assessment Services (MAS)

This folder describes the services available to help small and medium-sized manufacturers improve or maintain their international competitiveness.

Bilingual - PU 0237-91-03

Advanced Manufacturing Technology: Canadian AMT Exporters

This directory is designed to identify potential Canadian systems integrators, hardware producers and software suppliers that are export-ready or are now exporting in the area of advanced manufacturing technologies.

English - PU 0236-91-01 (also available in French)

Manufacturing Assessment Simplified - A Pocket Guide

This guide is helpful for a broad assessment of a company's overall manufacturing operations.

English - PU 0218-91-01 (also available in French)

St. Lawrence River Environmental Technology Development Program: New Focus

This program has provided contributions for the development or improvement of pollution abatement technologies applicable to the St. Lawrence and other Canadian or international waters.

Bilingual - PU 0214-91-03

The Automotive Components Initiative

This initiative helps Canadian manufacturers in the industry to attain global competitiveness.

Bilingual - PU 0205-91-03

Interfirm Comparisons: Productivity Improvement

This service promotes the use of productivity measurement techniques and their integration with profitability measures.

Bilingual - PU 0191-91-03

Business and the Environment: Strengthening Canadian Environmental Companies

This report was prepared to assist in the growth of environmental companies in Canada, to enhance their international competitiveness and to help them take advantage of the expansion of business opportunities throughout the world.

English - 1991 (also available in French)

Workshops on Informatics for Senior Executives (WISE)

A service designed to help industry associations organize a forum for their members on the development and application of information technologies.

Bilingual - PU 0188-90-03

Business and the Environment: Economic Benefits from Environmental Improvements

The purpose of the report is to highlight the key messages of the GLOBE'90 Conference and Trade Fair, which enabled specialized Canadian businesses in the resource processing and manufacturing sectors to enhance their international competitiveness while accelerating the capacity of their industries to anticipate and resolve environmental challenges.

English - PU 0180-90-01 (also available in French)

Strategic Technologies: Program Information - Biotechnology

Information on the biotechnology component of the Strategic Technologies Program.

Bilingual - PU 0165-90-03

CAPITAL GOODS AND SERVICE INDUSTRIES

Construction Industry Development Council - Review of Operations 1990-1993

Report to the Minister of ISTC on the activities and achievements of the council for three fiscal years (1990-1991 to 1992-1993).

Bilingual - CG PU 0008-93-03

Geomatics Industry Review

Report on the strategic issues presently facing the Canadian geomatics industry.

Bilingual - CG PU 0043-92-03

Mail Order and Catalogue Selling: Direct Marketing Information Sources

This publication will assist those interested in mail order/catalogue selling. It focuses on Canadian associations and print information sources.

English - CG PU 0033-92-01 (also available in French)

Retailing and Wholesaling in Canada: Information Sources

This guide was produced to assist those who are seeking information about retailers and wholesalers in Canada.

English - CG PU 0032-92-01 (also available in French)

The Advanced Manufacturing Technology Initiative

The initiative, launched in 1989, has an objective to build a world-class advanced manufacturing technology (AMT) supply capability in Canada, and to encourage Canadian manufacturers in making effective use of these technologies.

Bilingual - CG PU 0027-92-03

Statistical Review of the Canadian Automotive Industry

Annual statistical data on the Canadian automotive industry.

Bilingual - CG PU 0025-92-03

Commercial Education and Training Services Sector Campaign

An initiative to help Canadian educators and trainers increase their competitiveness.

Bilingual - PU 0243-91-03

SCIENCE AND TECHNOLOGY

Selected Science and Technology Statistics - 1992

A booklet on federal government expenditures for research and development (R&D) and science and technology (S&T) according to various categories of participants, including international comparisons.

Bilingual - SC PU 0003-93-03

Canada Scholarships Program: Annual Report Card

An annual report on the activities of the program; copies of revision reports can be obtained from the program.

English (also available in French)

Canada Scholars in Technology

This booklet, updated annually, is intended to acquaint you with the Canada Scholarships in Technology Program and to assist you in completing the application form.

Bilingual

Canada Scholars in Technology: Terms and Conditions

These terms and conditions, updated annually, set out your rights and responsibilities as Canada Scholars in Technology.

Bilingual

Canada Scholars in Science and Engineering

This booklet, updated annually, is intended to acquaint you with the Canada Scholarships in Science and Engineering Program and to assist you in completing the application form.

Bilingual

Canada Scholars in Sciences and Engineering: Terms and Conditions

These terms and conditions, updated annually, set out your rights and responsibilities as Canada Scholars in Science and Engineering.

Bilingual

Prime Minister's Awards for Teaching Excellence in Science, Technology and Mathematics

The awards recognize excellence in science, technology and mathematics teaching at elementary and secondary levels across the country, and honour teachers who are having a major, proven impact on student performance and interest in these fields.

Bilingual

Canada Scholars - The Savvy Scholar: How to Retain your Canada Scholarship

This general guide is designed to help students in their first year at college and university so that they can retain their Canada Scholarship.

English - PU 0020-92-01 (also available in French)

Women in Science and Engineering/Volume II: Colleges

This volume is the second in a series of three on women studying and working in science and engineering in Canada. It examines the situation of women students, teachers and administrators at public colleges and related institutions. Volume I (limited quantities available; contact program to obtain copies) focuses on women students and faculty in universities, and Volume III, which will be published by April 1994, will explore how women in scientific and engineering occupations are participating in the labour force.
Bilingual - PU 0274-91-03

"How to" Explore Science and Technology

This publication describes the second annual National Science and Technology Week. This week emphasized the role of science, engineering and technology in Canada.
Bilingual - PU 0216-91-03

Explorations in Science Culture

An inventory of sources, resources and bright ideas on how to bring the excitement and potential of science and technology into everyday life.
English - PU 0215-91-01 (also available in French)

Public Awareness Campaign on Science and Technology: Strategic Plan 1991-92 and Beyond

This campaign is to promote a science culture in Canada, by explaining to young Canadians, the role that science and technology plays everyday life, national economic prosperity and international competitiveness.
Bilingual - PU 0197-91-03

Science Culture Canada

The purpose of the program is to promote a more science-oriented culture in Canada.
English (also available in French)

POLICY

Exporting for Competitiveness: Ten Steps for Small Business

This workbook will help the non-exporting businessperson assess export opportunities realistically. For those who have decided to try exporting, it will guide them through the challenges of the process and help them make a good start.

English - PO PU 0031-92-01 (also available in French)

Protecting Intellectual Property: An Introduction to Japan

This document is intended to be an aid and guide for researchers and enterprises who have recognized the benefits of collaborating with Japan.

Bilingual - PU 0244-91-03

Corporate Plan 1991-92

Description of ISTC's mission and values as well as highlights of corporate priorities and key initiatives for 1991-1992.

Bilingual - PU 0210-91-03

Technology and the Global Economy: An International Policy Conference - Summary of Discussions

The last of the series of international conferences held under the Technology/Economy Programme of the Organization for Economic Co-operation and Development (OECD).
Bilingual

PROSPERITY SECRETARIAT

ACTION PLAN DOCUMENTS

PROSPERITY INITIATIVE CONSULTATIONS:

REPORTS AND STUDIES (also available in French)

Community Talks: A Summary, 1992.

Regional Talks: Summary of Events, 1992.

Building Towards Prosperity: Report and Recommendations from the Aboriginal Conference, 1992.

Prosperity Through Innovation: Summary Report, 1992.

Prosperity Through Innovation: Background Report, 1992.

Prosperity Initiative Quality Conference, 1992.

Financing Investment - The Consultation Process: Overview and Recommendations, 1992.

Report to the Prosperity Initiative Steering Group Submitted by the International Trade Advisory Committee (ITAC) Task Force on Trade and Competitiveness, 1992.

Government Organization, Efficiency and Competitiveness in the Canadian Democratic Setting, 1992.

An Overview of Selected Studies on Canada's Prosperity and Competitiveness, 1992.

International Investment and Competitiveness, 1992.

The Contribution of Investment and Savings to Productivity and Economic Growth in Canada, 1992.

Briefs on Prosperity from National Organizations - Summary Report, 1992.

National Round Table on Learning: Summary of Proceedings, 1992.

Consultation with Voluntary Sector and Social Policy Groups: Summary of Proceedings, 1992.

REPORTS ON LEARNING

Adult Literacy in Canada 1992: Initiatives, Issues and Imperatives, 1992.

Report to the Prosperity Secretariat on the Forum on Vocational Education, 1992.

Building a Foundation for Prosperity: A Study of Vocational Education, 1992.

Technologies and Lifelong Learning, 1992.

Study of School Leavers: Final Report, 1992.

Addressing the Issue of Lack of School Readiness in Preschoolers, 1992.

A Learning Cultures and Learning Styles Framework for Addressing the Issue of Dropouts in Canada, 1992.

Foundation Skills for Canadian Youth, 1992.

Final Report to the Steering Group by the Canadian Foundation for Economic Education, 1992.

Management Training Provided by Canadian Universities in Support of Canada's Needs in the New Global Economy: Assessment and Recommendations, 1992.
Management and Executive Development in a Changing World, 1992.
The Learning Organization: Managing in Turbulent Times, 1992.

SECTORAL CONSULTATION REPORTS

Aerospace and Defence Sectors, 1992.
Agri-Food Sectoral Response, 1992.
Canadian Automotive Industry, 1992.
Canadian Commercial Services Industry, 1992.
Toward an International Competitive and Responsible Canadian Chemical Sector Grouping, 1992.
Construction and Capital Projects, 1992.
Fabricated Materials: Gateway to the New Economy, 1992.
A Fishing Industry Perspective, 1992.
Canada's Forest Industry: A Strategy for Growth, 1992 (with Forestry Canada).
Canadian Furniture Industry, 1992 (with Employment and Immigration Canada).
Industrial and Electrical Equipment Sector, 1992.
A Knowledge-Based Canada: The New National Dream (with Communications Canada).
Minerals and Metals Sector, 1992 (with Energy, Mines and Resources Canada).
Report of the Tourism Sector, 1992.

MINISTERIAL CONSULTATIONS REPORTS

Canada Mortgage and Housing Corporation, 1992.
Canadian International Development Agency, 1992.
Communications Canada, 1992.
Consumer and Corporate Affairs Canada, 1992.
Employment and Immigration Canada, 1992.
Energy, Mines and Resources Canada, 1992.
Fisheries and Oceans, 1992.
Investment Canada - Investing in Canada's Future, 1992.
Revenue Canada - Customs and Excise, 1992.
Secretary of State, 1992.
Supply and Services Canada, 1992.
Transport Canada, 1992.

INITIAL DISCUSSION PAPERS

Prosperity Through Competitiveness, 1991.
Learning Well...Living Well, 1991.
Canada's Prosperity - Challenges and Prospects, 1991.
Industrial Competitiveness: A Sectoral Perspective, 1991.
The Prosperity Initiative - A Summary.
Inventing our Future - An Action Plan for Canada's Prosperity.
Action Plan - A Summary.

SECTORIAL RESPONSES

Follow-through for Prosperity: Canada and the Forest Industry.
Follow-through for Prosperity: Canada and the Construction and Capital Projects Industry.
Notes for an Address by M. Wilson to the Aerospace Industry Association of Canada.
Follow-through for Prosperity: Canada and the Chemical Industries.
The Prosperity Action Plan: A Progress Report (also entitled Building Prosperity: A Progress Report in Michael Wilson's Statement of May 26, 1993).
Follow-through for Prosperity: Canada and the Automotive Industry.
Follow-through for Prosperity: Canada and the Tourism Industry.
Follow-through for Prosperity: Canada and the Industrial and Electrical Equipment Industry.
Michael Wilson Statement.
Bernard Valcourt Statement.

ABORIGINAL ECONOMIC PROGRAMS

Aboriginal Business Courier

Canada's Aboriginal economic programs newsletter.
Bilingual

Report on the Consultation Process on DRIE Native Economic Programs

Official response and recommendations on Native Economic Programs, special Agricultural and Rural Development Agreement (ARDA) programs and Northern Development Agreement prior to the launch of the new Aboriginal Economic Programs.
Bilingual

Aboriginal Economic Programs - Policy Guidelines

(revised March 1993)

Description of policies approved by the Aboriginal Economic Programs (AEP) Boards which affect the delivery of AEP programming.
Bilingual

Canadian Aboriginal Economic Development Strategy

An outline of the Canadian Aboriginal Economic Development Strategy and a description of the role played by ISTC, Employment and Immigration Canada (EIC) and Indian and Northern Affairs Canada (INAC) in this joint initiative.
Bilingual - PU 3374

Canadian Aboriginal Economic Development Strategy: Status Report (National Highlights)

This report, dated March 31, 1991, outlines the individual highlights from the three departments (ISTC, EIC and INAC) in achieving Strategy objectives over the first 18 months.

Bilingual - PU 0262-91-03

Canadian Aboriginal Economic Development Strategy

This publication describes the detailed strategy to support more effectively participation by Aboriginal people in Canada's economy.

Bilingual- PU 0231-91-03

Aboriginal Business Development Program

This brochure explains how to access and take advantage of the opportunities afforded under the program.

Bilingual - PU 0230-91-03

Business Support Documents

The following guides are designed to assist Aboriginal Economic Programs clients in developing their business proposals for submission for departmental financial support.

A Do-it-Yourself Feasibility Study: New Manufacturing Ventures

English - PU 0004-92-01 (also available in French)

A Do-it-Yourself Feasibility Study: New Retail Ventures

English - PU 0005-92-01 (also available in French)

A Do-it-Yourself Feasibility Study: New Construction/Contracting Ventures

English - PU 0006-92-01 (also available in French)

A Do-it-Yourself Feasibility Study: New Motel/Hotel/Resort Ventures

English - PU 0007-92-01 (also available in French)

A Do-it-Yourself Feasibility Study: New Restaurant Ventures

English - PU 0008-92-01 (also available in French)

The following guides are designed to assist the Aboriginal Economic Programs clients in implementing their business projects.

The One-Book Accounting System: A Guide for Small Retailers

English - PU 0002-92-01 (also available in French)

The One-Book Accounting System: A Guide for Small Wholesalers

English - PU 0003-92-01 (also available in French)

The One-Book Accounting System: A Guide for Small Manufacturers

English - PU 0013-92-01 (also available in French)

The One-Book Accounting System: A Guide for Small Service Industry Businesses

English - PU 0014-92-01 (also available in French)

The following guides are designed to help Aboriginal Economic Programs clients in implementing their business projects.

Routes to Profitability: Operating Controls for Small Manufacturers

English - PU 0009-92-01 (French version in revision)

Routes to Profitability: Operating Controls for Small Retailers

English - PU 0010-92-01 (French version in revision)

Routes to Profitability: Operating Controls for Small Service Industry Businesses

English - PU 0011-92-01 (French version in revision)

Routes to Profitability: Operating Controls for Small Wholesalers

English - PU 0012-92-01 (French version in revision)

Business Planning Guide

This guide is designed to assist Aboriginal Economic Programs clients in developing their business proposals for submission for departmental financial support. (To be used for larger proposals.)

English - PU 0035-92-01 (French version in revision)

Business Planning Workbook

This guide is designed to assist Aboriginal Economic Programs clients in developing their business proposals for submission for departmental financial support. (To be used for smaller proposals, i.e., projects seeking under \$100 000 in Aboriginal Economic Programs support.)

English - PU 0036-92-01 (French version in revision)

TOURISM

Business Travel Specialist Directory

This booklet introduces the United States meeting planner to Canada's team of Business Travel Specialists located in 15 External Affairs and International Trade Canada (EAITC) offices across the United States. Their extensive background in the organization of meetings, combined with a thorough knowledge of Canada, makes this group a prime resource for United States meeting planners.

This publication is available in English only because it is aimed at U.S. tourists.

Canadian Outbound Travel Market: Product/Market Match - Executive Summary

Summary of the following document.

English (also available in French)

Canadian Outbound Travel Market: Product/Market Match

The report examines Canadian travel to the United States and identifies the volume of Canadian travellers and their characteristics as well as the types U.S. tourist attractions that could be enjoyed at home. It includes an extensive review of Canada's tourism attractions, a description of the subsegments within the Canadian outbound travel market and an analysis of the extent to which Canada offers the products sought by outbound travellers to the United States.

English (also available in French)

Canadian City Packages: State of the Product and Product Potential

This report consists of an in-depth analysis of Canadian city packages available in the United States, the United Kingdom, Japan, France and Germany. The first part of the document presents a detailed description of travellers representing potential for the product. The second part gives an extensive description of Canadian city packages available in each of the five markets. The last part of the document provides an evaluation of the current state of the product and provides suggestions/ideas that could be developed to better answer the needs of potential travellers.

English (also available in French)

BOSS-TOURISM Directory of Canadian Events

A directory of approximately 300 Canadian events currently listed in the new Business Opportunities Sourcing System (BOSS)-Tourism computerized database, which also gives information on over 3 200 Canadian tourism products and services that are internationally competitive and "export-ready." The listing includes identifying information and a brief description of each event. Events are listed by name, date, region and type.

English (also available in French)

Human Resource Case Studies in the Tourism Industry

Four case studies illustrating the best business practices in the hospitality sector. They were prepared for Tourism Canada by the School of Hotel and Food Administration at the University of Guelph. The case studies are:

- ***Edmonton Inn: We Absolutely Guarantee Satisfaction (W.A.G.S.)***
- ***Edmonton Northlands: "Success Shows"***
- ***The Goal Setting Process at Oliver's***
- ***Prince George Hotel: Establishing a Comprehensive Management Development Training Program***

English (also available in French)

International Tourism Forecasts - Summary, January 1992

This publication provides forecasts on the international travel markets important for tourism in Canada. It is a summary which presents the forecast results without technical details. The document covers Canada's major inbound markets as well as receipts and payments from international tourism.

English (also available in French)

Inventory of Studies Conducted on Canadian Cities: Montreal, Toronto and Vancouver

Three separate studies have been prepared on Montreal, Toronto and Vancouver. The documents present an inventory of the major tourism studies carried out since 1985 on the three major Canadian cities and contains an analysis of each cities' tourism product. The information presented in the analysis as well as the recommendations formulated after each chapter are based on the results of the studies listed in the inventory. Specific titles for the studies are as follows:

- ***Montreal's Tourism Product***
- ***Toronto's Tourism Product***
- ***Vancouver's Tourism Product***

English (also available in French)

Investigative Study on the Cultural Tourism Sector

This study was undertaken as a follow-up to the Conference on Tourism, Culture and Multiculturalism held in Montreal in 1988. It gives a brief description of the cultural activities and a list of the cultural subsectors that merit more detailed analysis to determine their competitiveness in the international market.

English (also available in French)

Meeting Japanese Service Expectations: A Handbook for Canadian Tourism Operators, December 1992

This handbook, aimed at Canadian tourism operators serving the Japanese market, is designed to provide useful information to better serve and satisfy Japanese tourists to Canada. It presents service standards for accommodation, food and beverage, retail and tour operations.

English (also available in French)

Pleasure Travel Markets to North America

This is a series of studies of key overseas pleasure-travel markets and is a jointly funded program of research conducted by Tourism Canada and the United States Travel and Tourism Administration.

- 1986: France, United Kingdom, West Germany and Japan
- 1987: Switzerland, Singapore and Hong Kong
- 1988: Australia, Italy, Mexico and Brazil
- 1989: France, United Kingdom, West Germany and Japan
- 1990: Venezuela and South Korea

The studies provide broad-based marketing information from these countries. They also identify and describe travel segments that are prime targets for travel to Canada and the United States and describe the travel product(s) required to meet the needs of the target travel segments.

For each country, a ***Highlights Report*** is produced annually. In addition, data on diskettes are available in English (contact program for copies).
English (also available in French)

Tourism Canada's Medium Term Marketing Strategy, April 1991

The objective of the strategy is to position Canada as a preferred travel destination in the minds of high-yield tourists in selected countries. Utilizing advertising, public relations, media relations, major promotions and travel trade development, the goal of the federal marketing strategy is to increase revenue for Canada from targeted high-yield tourists.

Bilingual

Tourism Canada - U.S. Spring/Summer Advertising Plan 1992-1993

A report for the tourism industry on Tourism Canada's advertising campaigns in the U.S. market. The information provides an opportunity for partners, both public and private sector, to co-ordinate their marketing and advertising plans with those of Tourism Canada.

English (also available in French)

Tourism on the Threshold

This publication outlines the new Federal Tourism Policy adopted by the Canadian government to support and promote the international competitiveness of the Canadian tourism industry. It also reviews the state of the tourism industry and the challenges involved in responding to major market trends, developing new products, expanding infrastructures, applying innovative technologies and managing human resources.

Bilingual

Tourism Reference and Documentation Centre Recent Acquisitions

This quarterly publication lists all studies, reports and selected periodicals that have been received by the centre during a particular quarter. Most of the books and reports, with the exception of reference documents and rare publications, can be borrowed from the reference centre on an interlibrary loan basis. The loan period is two weeks.

Bilingual

Travel Information - 1992 (for Visitors from the U.S.A.)

This Canadian brochure is designed to help U.S. tourists plan a trip to Canada. It deals with entry into Canada, customs regulations, vehicles and motoring, hunting and fishing regulations, weather information, Canadian holidays and some typical prices.

This publication is available in English only because it is aimed at U.S. tourists.

Travel Price/Value Perception Study

This report focuses on the price/quality perceptions of Canadian tourism products. Altogether, more than 10 800 interviews were conducted with travellers from other countries.

This study involves four data collection components, which are designed to survey both actual and potential pleasure travellers to Canada at various stages of the travel decision-making process.

Copies of the ***Highlights Report*** are available to the public. The remaining five reports may be consulted at Tourism Canada headquarters in Ottawa:

- ***Main Report***
- ***Trade-Off Analysis Report***
- ***Exit-Mailback Survey Report***
- ***Canadian Telephone Survey Report***
- ***U.S. Telephone Survey Report***

English (also available in French)

U.S.A. Pleasure Travel Market - Business Plan, 1992-1995

This plan presents Tourism Canada's Medium Term Marketing Strategy for the U.S. pleasure travel market. In addition to the strategy itself and the customer segments that Tourism Canada will target in the United States, it provides a U.S. market overview; a description of the U.S. tourists to Canada and an examination of the Canadian tourism industry's competitiveness in the United States.

Bilingual

Welcome to Canada - Your Handy Guide to Canadian Customs for Meetings, Conventions, Trade Shows and Exhibitions

This guide is designed to familiarize meeting planners with Canada's streamlined customs procedures for bringing American convention equipment, exhibit displays and meeting materials into Canada. The information is designed to facilitate Canadian entry procedures for United States meeting planners.

This publication is available in English only because it is aimed at U.S. tourists.

REPORTS OF THE NATIONAL ADVISORY BOARD ON SCIENCE AND TECHNOLOGY (NABST)

Committee on Federal Science and Technology Priorities (June 1993)

The federal science and technology (S&T) expenditures are a national strategic investment and, as such, they require high level strategic planning. The report provides recommendations to establish such planning and assesses the S&T activities of a dozen departments and agencies.

Bilingual

Committee on the Competitiveness of the Resource Industries (May 1993)

The report addresses the many factors that influence the continued development of the forestry and non-ferrous metal sectors, which have been among Canada's strongest economic contributors.

Bilingual

Winning with Women in Trades, Technology, Science and Engineering (January 1993)

The report, released on the occasion of International Women's Day, presents a comprehensive plan designed to help industries, educators and government respond to the challenge of eliminating the social and cultural barriers that discourage the full participation of women in these areas.

Bilingual - SC PU 0044-92-03

Immigration of Scientists, Engineers, Technicians, and Technologists (December 1992)

A report on immigration, which recommends changes to immigration policies and procedures related to the availability of scarce scientific and technological personnel.

Bilingual

Report of the Competitiveness Committee (September 1992)

A list of criteria for evaluating the S&T proposals of the Prosperity Initiative and comments on the six most important recommendations.

Bilingual

Committee on Technology Acquisition and Diffusion (September 1992)

This report is the result of the committee's investigations into the needs of Canadian industry for more timely access and exploitation of best-practice technologies.

Bilingual

Committee on Federal Government Procurement (March 1992)

This report resumes to the work of the procurement committee of the former NABST, which submitted its report in 1988. The 1992 report recommended the establishment of a government/industry task force.

Bilingual - PU 3321

Under-Funding the Future: Canada's Cost of Capital Problem (February 1992)

A report by The Canada Consulting Group.

English (also available in French)

Science and Technology, Innovation and National Prosperity: The Need for Canada to Change Course (April 1991)

Analysis of the relationship among science and technology, innovation and competitiveness in Canada.

Bilingual - SC PU 0203-91-03

Human Resource Development Committee (April 1991)

The report presents to the government recommendations on the following subjects: public awareness of the competitive economic challenge; a national strategy for human resource development; new partnerships between education, business and labour; performance standards and curricula for basic literacy, numeracy and technological skills; and lifelong learning.

Bilingual - SC PU 0200-91-03

Committee on the Financing of Industrial Innovation (March 1991)

An examination of the financing of industrial innovation in Canada and abroad and recommendations on the financing measures, which could be undertaken by both the private and public sectors, to increase the global competitiveness and prosperity of Canadian industry in the long term.

Bilingual - SC PU 0201-91-03

Statement on Competitiveness (March 1991)

This Statement on Competitiveness represents the culmination of views on the relationship among science and technology, innovation and competitiveness that have been developed by the NABST over the previous four years.

Bilingual - SC PU 0202-91-03

Federal Science and Technology Expenditures Committee (November 1990)

An examination of the federal intramural science and technology activities. The committee designed an "institute" model for the arm's-length operation of government agencies.

English - SC PU 0204-91-01 (also available in French)

Private Sector Challenge Committee (May 1989)

In this report, "private sector challenge" is defined and the following actions are proposed to involve the private sector to create a competitive Canada in all aspects of the country's development programs in education, industry, etc.:

- catalyze private sector action;
- precipitate private sector self-help; and
- develop an innovation culture based on capturing new world opportunities within a secure and positive environment for change.

Bilingual - SC PU 3323

Big Science Committee (May 1989)

An examination of the investments made in Big Science and recommendations in two areas: "objectives and criteria," and "decision mechanism."

Bilingual - SC PU 0017-90-03

InnovAction Committee (February 1988)

A study of the InnovAction strategy and an examination of some tentative proposals for increased funding to support this strategy.

Bilingual - SC PU 3320

Government Committee (February 1988)

At the request of the Prime Minister, a document titled *Overview of Federal Science and Technology Strategies* was prepared.

Bilingual - SC PU 3317

Industry Committee (February 1988)

An analysis of the three following questions: a) What can Canadian industry do to increase its rate of industrial innovation and investment in new technologies to increase the national effort in science and technology (S&T)? b) What approaches could be taken to enhance the effectiveness of industry/university/government collaboration? and c) What measures are needed to minimize social and economic disruption and enhance the benefits of technological change, recognizing the accelerating pace of technological change and the key role of Canadian workers?

Bilingual - SC PU 3315

University Committee (February 1988)

An examination of the initiatives undertaken by Canadian universities to: produce the kinds and numbers of highly qualified S&T experts that are needed by an emerging knowledge-intensive economy; provide high-quality pure research as a support to the teaching function and as a means of establishing the reservoir of basic knowledge that is needed to stimulate technological advancement; and help industry enhance its ability to exploit the results of university research in ways that will promote Canada's regional development and competitiveness in international markets.

Bilingual - SC PU 3152

Government Procurement Committee (February 1988)

Recommendations on how the government could more effectively focus its procurement efforts to encourage and promote industrial development and innovation.

Bilingual - SC PU 3321

Committee on the Participation of Women in Science and Technology (February 1988)

An analysis of attitudes, aspirations and perceptions that lead many young women to avoid scientific and technical careers. It proposes initiatives aimed at providing information and raising the awareness levels among students, parents and educators and incentives to encourage young women to enter scientific and technological fields. The report also examines developing science programs and facilitating access to scientific and technical occupations for women in the workplace.

Bilingual - SC PU 3325

Committee on the Department of Industry, Science and Technology (February 1988)

A report advising the Prime Minister on a mandate for the newly created Department of Industry, Science and Technology.

Bilingual - SC PU 3319

Economic Summit Proposal Committee (February 1988)

A list of options for a Canadian proposal concerning the Japanese request to support their initiation of an international research program on 'human frontiers.'

Bilingual - SC PU 3322

Public Awareness Committee (February 1988)

A list of existing federal and provincial public awareness programs as well as initiatives being considered by both levels of government.

Bilingual - SC PU 3318

BIOTECHNOLOGY DIRECTORATE

Partnerships in Biotechnology

A guide to federal programs and services as well as a list of research centres contributing to the development of a strong biotechnology industry in Canada.

Information about this Database

Access ISC is a database, which is a first attempt to gather together the official departmental documents. It is a snapshot of the published material produced by the department at a given point in time. The database is organized by ADM area and is updated on a monthly basis.

Official publications are assigned a unique catalogue number designed to facilitate ordering. The Communications Branch can assist users with locating copies of official publications.

These documents are organized by sector according to their publishing date and their PU number. For various reasons, this list compiles only documents updated to show the new titles resulting from the merger of the departments, which began on 25 June 1993.

If you are aware of a publication that should be added — or deleted — from this database, please contact Catherine Brieger at 995-8900.
