Some insolvency filings do not have an identifiable Economic Region. Previously, a process was used to redistribute these filings among Economic Regions. From 2022 onwards, filings with an unknown Economic Region will be reported as such. Note that in cases where there is a discrepancy between past reports, the most recent report is considered correct.

Some insolvency filings do not have an identifiable Economic Region. Previously, a process was used to redistribute these filings among Economic Regions. From 2022 onwards, filings with an unknown Economic Region will be reported as such. Note that in cases where there is a discrepancy between past reports, the most recent report is considered correct.

Notes for Tables 9, 10 and 11

The count of CCAA proceedings filed in the quarter is accurate as of the last day of the quarter.

CCAA filings are counted according to the Initial Order Date as indicated on Form 1 Information Pertaining to the Initial Order.

The method for counting the filing affiliates changed in 2022. The count of filing affiliates now reflects the affiliated companies reported on *Form 2 Debtor Company Information Summary (Commencement of Proceedings)*.

Deemed trust and contingent liabilities are not included in the calculation of total liabilities.

CCAA filings are counted under the province reported in the debtor company's head office address. In cases where the head office address is outside of Canada, the court district in which the filing is made is used.

More than one NAICS code can be reported, and this is reflected in the report. Note that the method for counting the NAICS codes changed in 2022.

In cases where there is a discrepancy between reports, the most recent is to be considered accurate.
