#### INTRODUCTION

This is an update of the Directory of Computer Software and Services.

It is intended to meet the continuing demand for the previous edition now both out-of-date and out-of-print.

The information contained in the directory does not imply any government endorsement of a company's capabilities. It simply reflects the products and services advertised by each company.

The information contained in this directory is also available on-line with Industry Canada's computerized Business Opportunities Sourcing System (BOSS).

Within Industry Canada, (IC), the focal point for computer software and service companies is the Information Technologies Industry Branch, telephone (613) 954-3286, fax (613) 952-8419. If further information is required on computer software and service firms, please contact the branch at the following address:
