1. INTRODUCTION

The Department of Canadian Heritage is pleased to table in Parliament its annual report on the administration of the <u>Privacy Act</u> (the Act) for the fiscal year April 1, 2021, to March 31, 2022. Section 72 of the Act requires that the head of every federal government institution submit an annual report to Parliament on the administration of the Act during the fiscal year.

1.1. The Privacy Act

The purpose of the Act is to protect the privacy of individuals with respect to personal information about themselves held by a government institution and to provide individuals with a right of access to their information. It also protects the privacy of individuals by exercising strict control over the collection, disclosure and use of such information.

The Department of Canadian Heritage is fully committed to both the spirit and the intent of the Act, which are based on the principles of open government and the assurance of privacy of individuals with respect to their personal information held by the Department.

1.2. Mandate of Canadian Heritage

The Department's mandate is set out in the <u>Department of Canadian Heritage Act</u> and centres on fostering and promoting "Canadian identity and values, cultural development, and heritage."

To achieve its objectives, Canadian Heritage collaborates with a wide range of partners from the private sector, creative enterprises, public institutions and non-governmental organizations to enrich cultural experiences, strengthen identity, and promote participation in sport and communities. The Department also engages with Canadians through programs that support a wide range of activities from youth exchanges, through commemorations and celebrations, to high-performance sports

and multiculturalism. These programs are delivered through headquarters and five regional offices across the country.

The Department of Canadian Heritage is responsible for programs and policies that help all Canadians participate in their shared cultural and civic life. The Department's legislative mandate, set out in the <u>Department of Canadian Heritage Act</u> and other statutes for which the Minister of Canadian Heritage is responsible, lists the Minister's many responsibilities under the heading of powers and duties related to "Canadian identity, values, cultural development and heritage."

The Department oversees numerous statutes, including the <u>Broadcasting Act</u>, the <u>Copyright Act</u> and the <u>Investment Canada Act</u> (the latter two acts shared with Innovation, Science and Economic Development Canada), the <u>Official Languages Act</u> (Part VII), the <u>Museums Act</u>, the <u>Canada Traveling Exhibitions Indemnification Act</u>, the <u>Cultural Property Export and Import Act</u>, the <u>Status of the Artist Act</u>, the <u>Canadian Multiculturalism Act</u> and the <u>Physical Activity and Sport Act</u> (shared with Health Canada).

The Department of Canadian Heritage is specifically responsible for formulating and implementing cultural policies related to copyright, foreign investment and broadcasting, as well as policies related to arts, culture, heritage, official languages, sport, state ceremonial and protocol, and Canadian symbols. In addition, in the coming years, one of the main objectives of the Department will be to strengthen the cultural and creative sectors. The Department's programs, delivered through headquarters and multiple points of service including five regional offices across the country, fund community and third-party organizations to promote the benefits of culture, identity and sport for Canadians.

In 2021-2022, the Minister of Canadian Heritage was accountable to Parliament for the Department, three departmental agencies, eleven Crown corporations and two administrative tribunals, and was assisted by the Minister of Housing, Diversity and Inclusion, the Minister of Official Languages and responsible for the Atlantic Canada Opportunities Agency, the Minister for Women and Gender Equality and Youth and the Minister of Sport and responsible for the Economic Development Agency of Canada for the Regions of Quebec.

2. STRUCTURE OF THE ACCESS TO INFORMATION AND PRIVACY SECRETARIAT

The Access to Information and Privacy (ATIP) Secretariat is responsible for administering the Act within the Department of Canadian Heritage. Its mandate is to act on behalf of the Minister of Canadian Heritage in ensuring compliance with legislation, regulations, and government policy and to create departmental directives, including standards, in all matters relating to the Act.

During the reporting period, the ATIP Secretariat consisted of a director, two employees in the Policy and Governance Unit, five analysts and two administrative resources in the Operations Unit.

The Operations Unit is responsible for processing requests under the Act. This includes receiving requests from the public, performing a line-by-line review of the records requested, conducting external consultations as required and representing the Department in dealings with the Office of the Privacy Commissioner regarding the application of the Act.

The Policy and Governance Unit provides policy advice and guidance to the Department on the protection of personal information. It develops policy instruments and processing products and tools. It is responsible for assisting program officials when they complete privacy risk checklists and/or conduct a privacy impact assessment (PIA) to ensure privacy legislation and policy requirements are respected. The unit liaises with employees and prepares and delivers training and awareness sessions throughout the Department. In addition, the unit prepares the Department's annual reporting requirements and publishes its <u>Information about programs and information holdings</u>, formerly known as Info Source.

In the departmental organizational structure, the ATIP Secretariat reports to the Corporate Secretariat for Canadian Heritage.

3. DELEGATION ORDER

The powers, duties and functions of the administration of the Act have been fully delegated by the Minister to the Director of the ATIP Secretariat. A copy of Canadian Heritage's delegation order is appended to this report as Appendix A.

4. ADMINISTRATION OF REQUESTS

The statistical report submitted to the Treasury Board Secretariat on the administration of The Act has been completed and is appended to this report as Appendix B.

4.1. Privacy requests

Between April 1, 2021, and March 31, 2022, 16 formal requests for information were received under the Act. This is one more request received than during the previous period, as shown in Chart 1.

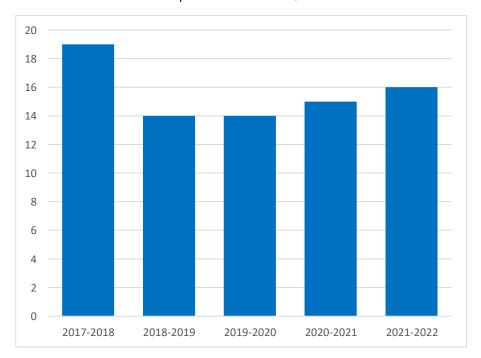

Chart 1: Number of requests received, 2017-2018 to 2021-2022

Chart 1: number of requests received, 2017-2018 to 2021-2022 – text version

This bar graph shows the number of requests received from 2017-2018 to 2021-2022. Data is as follows:

2017-2018: 19
2018-2019: 14
2019-2020: 14
2020-2021: 15
2021-2022: 16

Two requests were carried over from the previous reporting period and 5 requests will be carried over to the next fiscal year.

At the end of the reporting period, only one request received from a previous fiscal year was still in process. It was received in fiscal year 2019-2020 and its processing time exceeded the statutory deadlines.

No formal requests for correction of personal information were received for this fiscal year.

4.2. Disposition of completed requests

Thirteen requests were completed during the reporting period. Records for two requests were disclosed in full, six requests were disclosed in part, and two were abandoned. There was no record for five requests.

Full disclosure was provided for 15% of the requests, and partial disclosure for 46%.

A total of 69.2% of the requests were responded to within the time prescribed under the Act. This is an excellent compliance rate for Canadian Heritage, considering that the same rate was 26.7% in 2020-2021. Nine requests were completed within 30 days, 2 requests were completed within 31 to 60 days, and 2 requests were completed within 61 to 365 days.

4.3. Extensions

Requests can be extended for up to 30 additional days beyond the 30-day statutory time frame in two circumstances: when meeting the original time limit would unreasonably interfere with the operations of the government institution or when

consultations are necessary. The Department did not request any extensions beyond the legal limit. However, 4 requests were not processed within the statutory deadline due to other complexities.

4.4. Exemptions

The Act sets out specific exceptions to the right of access. These exceptions are known as exemptions. Each exemption is intended to protect information relating to a particular public or private interest and form the only basis for refusing access to personal information under the Act. The following exemptions were applied in 2021-2022:

- subsection 19(1)(a) (personal information obtained in confidence foreign state governments) was applied in 4 requests;
- section 19(1)(b) (personal information obtained in confidence international organizations of states) was applied in 7 requests;
- section 26 (personal information about another individual) was applied in 6 requests;
- and section 27 (solicitor-client privilege) was applied to 1 request.

4.5. Exclusions

The Act does not apply to information that is already publicly available, such as government publications and material in libraries and museums. It also excludes material deemed Cabinet confidences. There were no exclusions cited in the requests completed during the reporting period.

4.6. Consultations

To assist other institutions in processing their requests, the ATIP Secretariat reviews requests for access to records concerning Canadian Heritage and makes recommendations for their release. In 2021-2022, Canadian Heritage did not receive any consultation requests related to the Act from other Government of Canada institutions or other organizations.

4.7. Costs

For the reporting period, the cost for the ATIP Secretariat to administer the Act was \$189,351, of which \$183,490 was for salaries and \$5,861 was for goods and services.

4.8. Impact of the COVID-19 pandemic on the ATIP Secretariat

The COVID-19 pandemic had no impact on the ATIP Secretariat's operations during the reporting period. The ATIP Secretariat developed and implemented an action plan that was completed during the 2020-2021 fiscal year, which put in place various tools to improve its practices and avoid any disruption in service. In carrying out the action plan, the ATIP Secretariat has, among other things, made available a Protected B server that is remotely accessible to its analysts and has transformed its operations to be fully electronic.

5. EDUCATION AND TRAINING ACTIVITIES

To increase awareness and understanding of the Act among the Department's employees, awareness and training sessions were provided by the ATIP Secretariat. During the reporting period, a training schedule was posted monthly on the Department's intranet site and all employees were invited to register. The training was conducted remotely via Teams. These sessions provided information on the purpose and provisions of the Act, as well as the roles and responsibilities of the Department's employees and the ATIP Secretariat.

During the reporting period, 8 privacy awareness training sessions were conducted. A total of 71 employees participated in these training sessions.

The ATIP Secretariat intranet page provides PCH employees with information on the Act and related policies and procedures. It also provides privacy training tools. The ATIP Secretariat continues to update its intranet page to provide the branches with the tools they need to understand privacy issues.

6. POLICY INSTRUMENTS, PROCEDURES, AND INITIATIVES

6.1 Policy instruments

During the reporting period, the ATIP Secretariat continued to work toward creating a culture of privacy in the Department by updating its policy instruments and tools in use within the Department.

During the reporting period, the ATIP Secretariat conducted a complete revamp of the documents and letters used to communicate with requesters, other institutions, third parties and the Office of the Information Commissioner of Canada to ensure compliance with the Act. The ATIP Secretariat has also updated the Department's Privacy Breach Protocol and the analysis template used to assess the impact of a breach, in accordance with the requirements of section 4.1.10 of the <u>Policy on COVID-19 Vaccination for the core public administration including the Royal Canadian Mounted Police</u>.

In 2021-2022, the ATIP Secretariat developed an ATIP Analyst's Guide to facilitate the arrival of new team members and to standardize its procedures. This guide includes all the internal procedures of the ATIP Secretariat as well as most of the guidance provided by the Treasury Board Secretariat, the Office of the Information Commissioner of Canada, and the dominant jurisprudence on access to information. Over the next fiscal year, this guide will be published on the departmental intranet site to familiarize all employees with ATIP Secretariat practices.

The ATIP Secretariat continues to be actively involved in the ATIP community. During the reporting period, the ATIP Secretariat worked with the Treasury Board Secretariat on the implementation of the new ATIP Online Request Service (AORS). Canadian Heritage is participating in a pilot project to test and improve the AORS before it is used by all federal institutions.

6.2 Information about programs and information holdings

The publication entitled <u>Information about programs and information holdings</u> (formerly known as Info Source) provides information about the functions, programs, activities and related information holdings of government institutions. It provides individuals, as well as current and former government employees, with relevant information to assist them to access personal information about themselves held by government institutions.

The Treasury Board Secretariat (TBS) requires that government institutions publish their <u>Information about programs and information holdings</u> chapter on their website. During the reporting period, the Department of Canadian Heritage began the process of updating its chapter and is actively working towards its publication, which will occur in fiscal year 2022-2023.

7. COMPLAINTS AND FEDERAL COURT CASES

One complaint regarding the processing of a request was filed with the Office of the Privacy Commissioner against the Department of Canadian Heritage in 2021–2022. The investigation associated with this complaint is ongoing.

At the end of the reporting period, only one complaint received from a previous fiscal year was still active. This complaint was received in the 2019-2020 fiscal year.

There were no Federal Court cases concerning the refusal of access during this reporting period.

8. MONITORING COMPLIANCE

The ATIP Secretariat monitors the processing of requests daily using the ATIP management system (Access Pro Case Management) as well as through biweekly meetings with Secretariat management. This ensures accurate and timely responses to requesters.

9. MATERIAL PRIVACY BREACHES

A privacy breach is deemed a material breach if it involves sensitive personal information, could reasonably be expected to cause serious injury or harm to the individual, or involves a large number of affected individuals.

There were no breaches reported to the Treasury Board Secretariat or the Office of the Privacy Commissioner during this reporting period.

10. PRIVACY IMPACT ASSESSMENT

During the reporting period, two privacy impact assessments were completed. The first was on the appointment process for the Board of Directors of the Canada Media Fund, an organization in the Canadian Heritage Portfolio. The second involved an application for entry into the Department's offices to ensure that limitations related to the COVID-19 pandemic were respected.

In 2021–2022, several programs sought advice on the use and disclosure of personal information. Thirty-eight privacy risk checklists relating to new or changed programs or systems were reviewed during the reporting period. Also, 48 informal privacy advice requests were received and reviewed. Combined, these reviews resulted in the drafting of 35 privacy notice statements.

11. DISCLOSURE OF PERSONAL INFORMATION PURSUANT TO PARAGRAPH 8(2)

Subsection 8(2) of the *Privacy Act* stipulates under which circumstances personal information under the control of a government institution may be disclosed. Paragraph 8(2)(m) states that the disclosure of personal information is permitted for any purpose where, in the opinion of the head of the institution, the public interest in disclosure clearly outweighs any invasion of privacy that could result from the disclosure, or the disclosure would clearly benefit the individual to whom the information relates. Paragraph 8(2)(e) states that personal information may be disclosed to an investigative

body specified in the regulations upon written request, indicating the purpose and nature of the information, provided that the information is requested for the purpose of enforcing any law of Canada or a province, or for the purpose of conducting lawful investigations.

During the reporting period, no records containing personal information were disclosed pursuant to paragraphs 8(2)(e) and 8(2)(m) of the Act.

APPENDIX A – DELEGATION ORDER

Access to Information Act and Privacy Act

Pursuant to Section 95 of the *Access to Information Act* and Section 73 the *Privacy Act*, I, as head of the Department of Canadian Heritage, hereby designate the persons holding the positions set out in the schedule hereto, or persons occupying on an acting basis those positions, to exercise my powers and functions under these Acts specified opposite each position.

This Delegation Order supersedes all previous *Access to Information Act* and *Privacy Act* Delegation Orders.

The Honourable Pablo Rodriguez Minister of Canadian Heritage Date: February 22, 2022

Powers and functions delegated pursuant to Section 73 of the *Privacy Act* and *Privacy Regulations*
