## Quarterly Financial Report for the Quarter Ended December 31, 2021

### 1. Introduction

This third quarterly financial report should be read in conjunction with the 2021-22 Main Estimates and the 2021-22 Supplementary Estimates A and B along with the 2020-21 Main Estimates and Supplementary Estimates A and B. It has been prepared by management as required by section 65.1 - [Quarterly financial reports of the Financial Administration Act](#) and is in the form and manner prescribed by the Treasury Board in accordance with the special purpose financial reporting framework described in the Directive on Accounting Standards: GC 4400 Departmental Quarterly Financial Report. The third quarterly report has not been subject to an external audit or review.

The quarterly financial report outlines the results, risks and significant changes in operations, personnel and programs and includes financial information tables for the quarter. The purpose of the quarterly financial information tables is to provide a comparison of in-year departmental spending with authorities granted by Parliament, as well as comparative financial information for the preceding year.

#### 1.1 Authority, Mandate and Programs

The Department of Canadian Heritage and its Portfolio organizations play a vital role in the cultural, civic and economic life of Canadians. Our policies and programs promote an environment where Canadians can experience dynamic cultural expressions, celebrate our history and heritage, and build strong communities. The Department invests in the future by supporting the arts, our official and indigenous languages and our athletes and the sport system.

Further details on the Department of Canadian Heritage's (PCH) authority, mandate and programs can be found in the [2021-22 Departmental Plan](#) and the [2021-22 Main Estimates](#).

#### 1.2 Basis of Presentation

This third quarterly financial report has been prepared by management using an expenditure basis of accounting. The accompanying Statement of Authorities includes the Department's spending authorities granted by Parliament, and those used by the Department consistent with the Main Estimates and Supplementary Estimates A and B for the 2021-22 fiscal year.

The authority of Parliament is required before money can be spent by the Government. Approvals are given in the form of annually approved limits through appropriation acts, or through legislation in the form of statutory spending authority for specific purposes.

### Quarterly Financial Report for the Quarter Ended December 31, 2021

PCH uses the full accrual method of accounting to prepare and present its annual departmental financial statements that are part of the departmental results reporting process. However, the spending authorities voted by Parliament remain on an expenditure basis.

### 1.3 Canadian Heritage Financial Structure

PCH has a financial structure composed of voted budgetary authorities that include Vote 1 – Operating expenditures and Vote 5 – Grants and Contributions, and Statutory authorities which are composed of contributions to employee benefits plans, Ministers' Salary and motor car allowances and Statutory Payments for Lieutenant Governors.

## 2. Highlights of Fiscal Quarter and Fiscal Year-to-Date (YTD) Results

### 2.1 Statement of Authorities

Please refer to the Statement of Authorities at the end of the report for more information.

PCH's 2021-22 authorities available for use at the end of December 2021 have increased by approximately \$7.8 million, from \$2,020.9 million in 2020-21 to \$2,028.7 million at the end of this quarter. More specifically, the total available for use increased by \$391.7 million in Vote 5 - Grants and Contributions, increased by \$37.5 million in Vote 1 - Operating expenditures and decreased by \$421.4 million in Statutory authorities.

To promote recovery from the pandemic for heritage, arts, and sport sectors that contribute so much to the cultural life of Canada, the 2020 Fall Economic Statement and Budget 2021 allocated unprecedented investments to Canadian Heritage for a variety of programs. These range from supports to performing arts festivals and community-based cultural events, celebrations and commemorations to support for Canadian musicians, concert venues, producers, and distributors; funding for arts and heritage institutions to help upgrade their facilities to meet public health guidelines; and funding for community sports. In addition, Budget 2021 announced the \$300 million Recovery Fund to help restore immediate viability for organizations with pandemic-related financial needs and help them adapt to post-pandemic realities and \$200 million Reopening Fund to support local festivals, community cultural events, outdoor theatre performances, heritage celebrations, local museums, amateur sport events, and more, while ensuring events comply with local public health measures. These measures explain the increase in authorities.

The Recovery and Reopening funds allow for continued post-pandemic efforts in the recovery for Cultural, Heritage and Sport Organizations from the exceptional Emergency

#### 2.2 Departmental Budgetary Expenditures by Standard Object

Please refer to the Departmental budgetary expenditures by Standard Object table at the end of report for more information.

Total expenditures during the third quarter of 2021-22 have increased by \$126.9 million (38%) from \$333.4 million to \$460.3 million compared to the same quarter of 2020-21. The overall increase is explained by the following items:

- This increase is mostly explained by the transfer payments for the third quarter of 2021-22. They have increased by \$117.5 million, from \$277.7 million to \$395.2 million. This 42% increase is mainly due to the net effect of the below items:
  - \$36.7 million – Canada Book Fund – the overall increase in expenditures is due to new funding for the Recovery of Cultural, Heritage and Sport Organizations after the COVID-19 pandemic (Budget 2021) and also to the timing of payments made later in 2021-22 compared to 2020-21;
  - \$30.0 million – Canada Music Fund – the increase in expenditures is due to new funding to support Canada’s artists and live music sector in a COVID-19 pandemic context (Budget 2021);
  - \$11.3 million – Indigenous Languages and Cultures Program – the increase in expenditures is due to new funding to reclaim, revitalize, maintain and strengthen Indigenous languages (Budget 2021);
  - \$10.0 million – Museum Assistance Program – the increase in expenditures is due to new funding for the Reopening of Cultural, Heritage and Sport Organizations after the COVID-19 pandemic (Budget 2021);
  - \$9.1 million – Canada Media Fund – the increase in expenditures is due to new funding for the Recovery and Reopening of Cultural, Heritage and Sport Organizations after the COVID-19 pandemic (Budget 2021);
  - \$8.1 million – Indigenous Screen Office Program – the increase in expenditures is due to new funding for the Indigenous Screen Office Program. This funding will ensure that Indigenous peoples can tell their own stories and see themselves reflected on-screen and help support Indigenous creators and the growth of the indigenous audiovisual sector (Budget 2021).
  - \$6.0 million – Building Communities through Arts and Heritage – the increase in expenditures is due to new funding for the Recovery and Reopening of Cultural, Heritage and Sport Organizations after the COVID-19 pandemic (Budget 2021);

## Canadian Heritage

### Quarterly Financial Report for the Quarter Ended December 31, 2021

- \$5.6 million – Harbourfront Centre Funding Program – the increase in expenditures is due to new funding for the Recovery of Cultural, Heritage and Sport Organizations after the COVID-19 pandemic (Budget 2021);
- \$5.2 million – Canada Arts Presentation Fund – the overall increase in expenditures is due to new funding to support arts and live events workers in response to the pandemic (Fall Economic Statement – 2020), funding for the Reopening and Recovery of Cultural, Heritage and Sport Organizations after the COVID-19 pandemic (Budget 2021) and the timing of payments; and
- \$5.0 million – Sport support Program – the increase in expenditures is mainly due to the timing of payments which were made later in 2021-22 compared to 2020-21.

Partially offset by decreases in the following programs:

- \$5.0 million – Court Challenges Program – the decrease in expenditures is due to the timing of payments which are expected later in 2021-22 compared to 2020-21; and
  - \$5.6 million – Celebration and Commemoration Program – the decrease in expenditures is due to the transfer of activities to Crown-Indigenous Relations to support the commemoration of the History and Legacy of Residential Schools (Budget 2021).
- 
- Professional and special services: the \$5.1 million increase in Professional and special services expenditures (from \$5.9 million in the third quarter of 2020-21 to \$11.0 million in the third quarter of 2021-22) is in part due to Canada's participation as the Guest of Honour at the 2021 Book Fair in Frankfurt and the participation of Canada at the 2020 Tokyo Olympic Games, which were delayed and occurred in the summer of 2021;
  - Personnel: the \$4.5 million increase in Personnel expenditures (from \$47.8 million in the third quarter of 2020-21 to \$52.3 million in the third quarter of 2021-22) is mainly explained by an increase in employees resulting from new funding received from the Fall Economic Statement 2020 and Budget 2021;
  - Information services: the \$1.1 million increase in Information services expenditures (from \$0.3 million in the third quarter of 2020-21 to \$1.4 million in the third quarter of 2021-22) is mainly explained by the promotional and media activities surrounding the participation of Canada as the Guest of Honour at the 2021 Book Fair in Frankfurt;
  - Transportation and communications: the \$0.5 million increase in Transportation and communications expenditures (from \$0.1 million in the third quarter of 2020-21 to \$0.6 million in the third quarter of 2021-22) is mainly explained by travel expenditures for Canada's participation as the Guest of Honour at the 2021 Book Fair in Frankfurt

and the participation of Canada at the 2020 Tokyo Olympic Games which were delayed and occurred in the summer of 2021;

- Revenue credited to the Vote: the \$0.9 million increase in revenues credited to the vote (from \$2.0 million in the third quarter of 2020-21 to \$2.9 million in the third quarter of 2021-22) is explained by the provision of consistent service support and efficient delivery of a financial system solution to Parks Canada. This decreases PCH net expenditures; and
- Acquisition of machinery and equipment: the \$0.9 million decrease in Acquisition of machinery and equipment expenditures (from \$1.9 million in the third quarter of 2020-21 to \$1.0 million in the third quarter of 2021-22) is due to the increase in purchasing of laptops in the third quarter of 2020-21 to better equip employees working remotely due to the COVID-19 pandemic.

As noted in the table below, PCH has spent 23% of its authorities in the third quarter of 2021-22, compared to last year's consumption of 16%.

### 3. Risks and Uncertainties

In the current context, PCH is exposed to heightened operational risks including people risk management as the Department still closely monitors the impact of the COVID-19 crisis. As the situation related to the COVID-19 virus continues to evolve, PCH's primary concern remains the health of its employees and their families. Canadian Heritage must also contribute to public service-wide efforts to address this situation and maintain federal government services. The Department continues to monitor emerging risks.
