

Protecting your deposits

Coverage is free and automatic.
You don't have to sign up.

Canada Deposit Insurance Corporation (CDIC) is a federal Crown corporation that protects more than \$1 trillion in deposits. In the rare event a member financial institution faces failure, we step in to ensure you have continuous access to your money. We have a wide range of "resolution" tools to enable this, such as supporting the sale of a troubled bank to a healthy one, or, if necessary, reimbursing depositors directly. These tools help support the overall stability of Canada's financial system.

What happens if a CDIC member fails?

Your money belongs in your hands. CDIC works hard to protect your savings and your access to financial services.

If your institution fails, we will provide access to your insured funds (including interest) within days.

It's automatic — we will contact you.

What you can do

- Know what is covered and what is not
- Keep your contact information up-to-date at your financial institution
- Ask your broker or financial advisor about CDIC's rules for deposits held in trust including keeping up-to-date beneficiary information
