Socio-economic Characteristics of the Farm Population - Agriculture-Population Linkage Database 1986

Data from the linkage between the 1986 Census of Agriculture and Census of Population databases are now available in a descriptive publication entitled *Socio-economic Characteristics of the Farm Population*. In this publication, authors describe the characteristics of male and female farm operators, farm wives and families as well as the environment of the farm population - farms and farm dwellings.

The publication *Socio-economic Characteristics of the Farm Population* (96-114, \$33) is now available. See "How to Order Publications".

For more information, contact Rick Burroughs (613-951-8711), Agriculture Division.
