DATA AVAILABILITY ANNOUNCEMENTS

Canadian Domestic Travel

First Quarter 1990

Domestic travellers recorded 26.4 million trips in the first three months of 1990, 1% more than in the first three months of 1988 and 21% above the number recorded 10 years earlier in 1980.

The microdata file of the first quarter survey will be available during October.

More information on the findings of the Canadian Travel Survey will be published in the autumn issue of *Travel-log* (87-003), to be released next month.
