# CANADA A PORTRAIT

A CELEBRATION OF OUR GREAT NATION

Canada challenges the imagination. Imagine a country where Newfoundlanders live closer to Africans than they do to fellow Canadians in British Columbia. Or a country with an island that has a glacier bigger than Ireland. Imagine a country with two million lakes, and the world's longest coastline – but that shares a border with only one nation.

Statistics Canada has created the 54th edition of **Canada: A Portrait** as a celebration of our great nation. Drawn from Statistics Canada's rich palette of national data, it paints a picture of where we are socially, economically, culturally and politically.

Over 60 unique and beautiful photographs combined with lively text, provide a close-up look at the Canada of today.

Experience this land's remarkable natural regions and diverse human landscape through six chapters entitled: **This Land, The People, The Society, Arts and Leisure, The Economy, and Canada in the World.**

Eminent Canadians such as astronaut Roberta Bondar, former hockey star Jean Béliveau, and writer W.O. Mitchell have contributed their personal visions of Canada.

**Canada: A Portrait** is a beautiful illustration of the Canada of today.

Presented in a 30 cm X 23 cm (12 1/4" X 9") format, prestige hardcover, with over 200 pages, **Canada: A Portrait** (Catalogue no. 11-403E) is available in Canada for \$38.00 plus GST, US \$41.95 in the United States, and US \$48.95 in other countries.
