Education quarterly review Spring 1994

Education quarterly review—a new compilation of statistics on education from a variety of sources—is designed to be a reliable and indispensable tool for forecasting enrolments, identifying trends in school-leaving, examining price changes in education, and monitoring career trends for students and teachers. Each issue will contain four or five feature articles, user-friendly charts, tables and graphs, a section of key indicators on education, and background information on statistical services.

The first issue features articles on the following: university enrolment; occupational training among the unemployed; enrolment changes in trade/vocational and preparatory programs; private elementary and secondary schools; and, university tuition fees.

The spring 1994 (vol. 1, no. 1) issue of *Education quarterly review* (81-003, \$15/\$60) is now available. See "How to order publications".

For further information on this release, contact Jim Seidle (613-951-1500, fax: 613-951-9040), Education, Culture and Tourism Division.
