Introduction

The *Access to Information Act* (the Act) provides Canadian citizens, as well as people and corporations present in Canada, the right of access to federal government records that are not of a personal nature and/or subject to certain limited and specific exceptions. The Act complements but does not replace other procedures for obtaining government information. It is not intended to limit in any way the access to government information that is normally available to the public upon request.

This report is submitted in accordance with Section 94(1) of the Act, which requires every head of a federal government institution to submit a report to Parliament on the administration of the Act within their institution during the reporting period. It presents an overview of the *Access to Information Act* activities carried out within the Impact Assessment Agency of Canada (formerly known as the Canadian Environmental Assessment Agency and further referred to in this report as “the Agency”) during the reporting period of April 1, 2020 to March 31, 2021.

The Agency is a federal body that reports to the Minister of Environment and Climate Change. Under the Impact Assessment Act (IAA), the Agency is the lead federal organization responsible for conducting and administering environmental and impact assessments. The Agency is also the Crown coordinator for Indigenous consultation on designated projects. In leading these assessments, the Agency is responsible for assessing the positive and negative environmental, economic, social, health, and gender effects of designated projects.

Organizational Structure

The provision of Access to Information and Privacy (ATIP) services in the Agency is the responsibility of the Director General of Human Resources & ATIP who reports to the President through the Vice-President, Corporate Services, to fulfill the Agency’s *Access to Information Act* responsibilities.

The ATIP function is the direct responsibility of the ATIP Coordinator and a team of two ATIP Officers.

The ATIP Team has administered the Act by:

- Receiving Access requests under the Act, creating request files and tracking the processing of requests using AccessPro Case Management software;
- Assessing required processing time, any fees that were still applicable, and communicating with applicants regarding those assessments;
- Coordinating retrieval of records for response to Access requests;
- Sending statutory notices to applicants, third parties, and the Information Commissioner;
- Conducting necessary consultations;
- Advising applicants and third parties of their rights and obligations under the legislation;
- Negotiating with third parties to obtain their consent to disclosure under the Act;
- Processing records for disclosure in response to applicants’ requests, using AccessPro Redaction software;

- Providing training and advice to Agency officials on interpretation and application of the Act, as well as its interaction with the *Impact Assessment Act of Canada, 2019*;
- Negotiating the resolution of formal complaints;
- Compiling statistics;
- Responding to Parliamentary Questions related to the administration of the Act;
- Drafting and updating the Agency’s procedural documents relating to the processing of Access requests;
- Posting the monthly proactive disclosure of completed Access to Information request summaries on the Open Government Portal (open.canada.ca);
- Preparing, submitting and posting the Agency’s annual report to Parliament on the administration of the Act; and
- Preparing, submitting and posting the Agency’s annual Info Source update.

Impact of COVID-19

In March 2021, the World Health Organization declared COVID-19 to be a pandemic. The ATIP Team was able to move to a 100% remote work model, in large part due to the Agency’s ongoing transformation of the ATIP process to paperless, and previously established remote work capabilities. The ATIP Team has provided uninterrupted service to all its clients and stakeholders.

Delegation Order

For the purposes of the Act, the Agency’s “head of the institution” as defined in section 3 of the Act is the President of the Agency.

The responsibilities associated with the administration of the Act are delegated to the senior executive officers reporting directly to the President (Vice-presidents and General Counsel), as well as the Access to Information and Privacy Coordinator by the President for the effective administration of the program. The decision-making responsibility for the application of the various provisions of the Act is formally established and outlined in the departmental Delegation of Authority Instrument, which can be found under Appendix A.

Statistical Report – Interpretation and Analysis

The Statistical Report on Access to Information requests processed by the Agency from April 1, 2020 to March 31, 2021 is included in Appendix B of this report. The following sections provide an overview of key data on the Agency’s performance for the year with some explanations, interpretations and analysis of the Statistical Report for 2020-2021.

Subject matter of Access requests received

The requests received during this reporting period dealt with a range of topics including:

- Environmental assessment projects and panel reviews;
- Meetings and correspondence involving senior management and industry representatives;

- Departmental and ministerial briefings;
- Agency records on various industry projects;
- Staffing processes; and
- Procurement matters.

Number, source and disposition of Access requests received

The Agency received 53 requests under the *Access to Information Act* during the 2020-2021 reporting period. Figure 1 is a percentage breakdown of the sources of access requests received in 2020-2021:

Figure 1

Source of Requests	Number	Percentage
Media	3	5.6
Academia	2	3.7
Business	25	47.2
Organization	11	20.8
Public	10	18.9
Declined to Identify	2	3.7
Total	53	100

An additional 9 requests were brought forward from the previous 2019-2020 reporting period, making a total of 62 active requests. Of those active requests, 51 were completed within the reporting period and 11 were not completed. Those eleven requests are carried forward to the next reporting period.

There were no Informal Requests addressed in this reporting period.

During the reporting period, 51 completed requests were processed within the legislated timeframes (the initial 30-day or the allotted extension period). This includes requests for which the Agency required extensions to consult with other government departments and/or third parties. 51% of completed requests were disclosed in part and 10% of requests were disclosed in full. Figure 2 outlines the resulting dispositions of those completed requests.

New Exemptions

As shown in Figure 3, the Agency did not invoke any of the new exemptions in 2020-2021

Extensions

Section 9 of the Act allows institutions to extend the legislated timeframe for processing a request if a search for responsive records cannot be completed within 30 days of receipt of the request, or if the institution must consult with other institutions or third parties.

Figure 4 shows that under section 9, the Agency invoked one or more extensions (beyond the initial 30 days) in 13 of the requests completed during the reporting period (highlighted portion). This is reflected in Table 3.1 of the Statistical Report in Appendix B.

Figure 4

Disposition of Requests	Completion Time							Total
	1 to 15 Days	16 to 30 Days	31 to 60 Days	61 to 120 Days	121 to 180 Days	181 to 365 Days	More Than 365 Days	
All disclosed	2	3	0	0	0	0	0	5
Disclosed in part	0	13	1	6	2	3	1	26

Of the 13 requests requiring one or more extensions, ten extensions were required given that meeting the original time limit would have unreasonably interfered with the operations of the Agency. 13 extensions were required for necessary consultations with other government institutions and nine were required for third party notices, as reflected in Table 4.1 of the Statistical Report in Appendix B and highlighted below in figure 5.

Figure 5

For those 13 requests requiring extension, the time extensions enabled the ATIP Team to undertake necessary consultations, as highlighted in the second column of Figure 6 below, which is excerpted from Table 3.5.3 of the Statistical Report in Appendix B. These necessary consultations included consultations with other government institutions and/or third parties.

Access Consultation Requests

The details of the Access Consultation requests processed during the 2020-2021 reporting period are presented in Section 6 of the Statistical Report in Appendix B.

The Agency received 19 Access Consultation requests from other federal institutions and none from other organizations, for a total of 19 consultation requests. 18 Access Consultation requests received from other federal institutions were completed within 30 days. One consultation request required an additional 11 days to complete. No consultation requests were brought forward from the 2019-2020 fiscal year and no consultations were carried over to 2021-2022, resulting in a total of 19 completed Access

Consultation requests in 2020-2021. Over 1300 pages of records were processed as part of these Access Consultations.

When viewed collectively, Figure 7 and Figure 8 show that the Agency recommended full disclosure in 10 of the consultation requests, three to be transferred for consultation with another institution, and partial disclosure for the remaining 5 requests.

Multi-year Trends

The following demonstrates the trends that have emerged over the last three reporting periods in comparison with the current reporting period.

There were no late files in the last three reporting periods and one late file in the 2020-2021 reporting period as noted below in Figure 9.

Figure 9

Number of ATI requests closed	32	36	44	51
Number of late files	0	0	0	1

When compared to the previous reporting period, Figure 10 demonstrates a notable increase in requests from the Business and the Organization. By contrast, requests from the Media and Academia have decreased.

Figure 10

Figure 11 illustrates the increased trend for the release of records in electronic format rather than paper. Most requestors now specify they would like their release packages electronically.

With regard to Access Consultations, it is noted in this reporting period that the percentage of consultations from federal institutions and percentage of consultations from other organizations has continued to decrease. This is detailed below in Figure 12.

Training and Awareness

Agency employees are provided with training and guidance to assist them in fulfilling their duties under the *Access to Information Act*. The ATIP Team provides advice and support on an as-needed basis. The ATIP Team is currently developing new training to reflect the changes arising from Bill C-58: *An Act to amend the Access to Information Act and the Privacy Act and to make consequential amendments to other Acts*, which came into force in June 2019. The ATIP Team has led a series of training sessions to raise general ATIP awareness, and to inform Agency staff of changes to policies and guidelines issued by the Office of the Privacy Commissioner.

Employees have been informed of the ATIP-related training offered by the Canada School of Public Service. Training and reference materials are made available to employees on the Agency's Intranet site.

Policies, Guidelines and Procedures

No new Agency policy regarding administration of the *Access to Information Act* was implemented during the reporting period.

Complaints, Audits and Investigations

No complaints were received in the 2020-2021 reporting period. The Office of the Information Commissioner is currently investigating a total of two active complaints, and no appeals have been filed with the Federal Court of Appeal on closed complaints.

Figure 13

Number of complaints received	3	1	0	0
Number of complaints closed	3	2	1	0
Number of complaints active at end of reporting period	4	3	2	2

Monitoring and Reporting

The Agency continues to ensure compliance with the *Access to Information Act* through effective reporting and monitoring mechanisms. Weekly ATIP reports are prepared for the Vice-President, Corporate Services, and for the Agency's senior leadership. These reports include detailed status of individual requests, compliance statistics, and any complaint investigations.

A weekly Access to Information (ATI) report is provided to the Minister's Office, which includes new ATI requests and anticipated releases. These reports also include request description, status of any individual requests and number of pages to be released.

Special reports are also submitted to provide justifications for time extensions and to outline plans for timely completion of complex or high profile requests. Extensions over 90 days require the approval of the Agency's President. Extensions under 90 days require the approval of the Vice-President, Corporate Services, and disclosure to the Agency senior leadership.

Impact Assessment Agency Registry

As required under the *Impact Assessment Act of Canada, 2019*, the Agency facilitates public access to information and records related to environmental assessments, through the Impact Assessment Agency Registry (the Registry). Formal processes are in place to provide the public with access to environmental and impact assessment records without recourse under the *Access to Information Act*.

In addition, the ATIP Team refers requesters to the program responsible for granting access to Registry records in accordance with the *Impact Assessment Act*.
