PRIVY COUNCIL, CANADA

CERTIFIED COPY of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 15th November, 1918.

The Committee of the Privy Council have had before them a Report, dated 14th November, 1918, from the Secretary of State, stating that during the period of the present war, persons residing and carrying on business in Canada have been subjected to loss and pecuniary damage, and have claims arising from the destruction of life and property, through the illegal warfare of the enemy, and that, through the operation of the Consolidated Orders respecting Trading with the Enemy, persons residing and carrying on business in Canada have been subjected to claims for damages for breaches of contract, which contracts they were prevented from carrying out owing to the operation of the Statutory List of persons in neutral countries with whom they were prohibited from trading, and that it is advisable that a list of all such claims should be prepared, for such action as may hereafter be considered advisable.

The Minister, therefore, recommends that Thomas Mulvey, Under-Secretary of State, be appointed an officer to take such steps as may be necessary to obtain a complete list of:—

(a) Claims of persons residing or carrying on business in Canada who have been subjected to loss and pecuniary damage, arising from the destruction of life and property through the illegal warfare of the enemy, and

(b) Claims for damages to which persons residing or carrying on business in Canada have been subjected for breaches of contracts, which contracts were prevented from being carried out owing to the operation of the Statutory List of persons in neutral countries with whom such contracts were declared illegal, and to examine and report upon all such claims as aforesaid.

The Committee concur in the foregoing recommendation, and submit the same for approval.

(Signed) — RODOLPHE BOUDREAU,

Clerk of the Privy Council.

The Honourable the Secretary of State.

P.C. 4032

PRIVY COUNCIL, CANADA

CERTIFIED COPY of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 31st October, 1921.

The Committee of the Privy Council have had before them a Report, dated 17th October, 1921, from the Secretary of State, submitting that, by an Order in Council passed on the 15th day of November, 1918, it was directed that the Under-Secretary of State be appointed an officer, to take such steps as might be necessary to obtain a complete list of: (a) claims of persons residing or carrying on business in Canada who have been subjected to loss and pecuniary

damages arising through the destruction of life and property through the illegal warfare of the enemy, and (b) claims for damages to which persons residing or carrying on business in Canada have been subjected by breaches of contracts, which contracts were prevented from being carried out owing to the operation of the Statutory List of persons in neutral countries with whom such contracts were declared illegal, and to examine and report upon all such claims as aforesaid and that, in consonance with such instructions, advertisements were widely published in the Canadian newspapers, calling upon persons who had claims against the enemy within the scope of the said Order in Council to file them with proofs of claims and that many claims were so filed aggregating a very large amount.

The Minister further submits that, under Article 231, Part VIII (Reparation) of the Treaty of Peace with Germany, the Allied and Associated Powers affirmed and Germany accepted the responsibility of Germany and her allies for causing the loss and damage to which the Allied and Associated Governments and their nationals had been subjected as a consequence of the war imposed upon them by the aggression of Germany and her allies, and it was further provided that compensation may be claimed from Germany under Article 232 of the said Treaty in respect of the total damage under the categories in the First Annex to Section I of Part VIII of the said Treaty.

The Minister, therefore, recommends that under the provisions of Part I of the Inquiries Act, Chapter 104 of the Revised Statutes of Canada and amending Act, Chapter 28, 2 George V, the Honourable Sir John Douglas Hazen, Chief Justice of the Province of New Brunswick, be appointed a Commissioner to investigate and report upon all the claims as above mentioned for the purpose of determining whether they are within the categories above referred to in the First Annex to Section I of Part VIII of the said Treaty and the fair amounts of such claims and to make such findings as may be of assistance to the Government in determining which, if any, of such claims should be paid and the extent of payment thereof.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

PRIVY COUNCIL, CANADA

CERTIFIED COPY of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 13th March, 1923.

The Committee of the Privy Council have had before them a Report, dated 25th January, 1923, from the Secretary of State, submitting that, by an Order in Council passed on the 15th day of November, 1918, it was directed that the Under-Secretary of State, should be appointed an Officer to take such steps as might be necessary to obtain a complete list of: (a) Claims of persons residing or carrying on business in Canada who have been subjected to loss and pecuniary damages, arising through the destruction of life and property through the illegal warfare of the enemy, and (b) Claims for damages to which persons residing or carrying on business in Canada have been subjected for breaches of contracts, which contracts were prevented from being carried out owing to the operation of the Statutory List of persons in neutral countries with whom such contracts were declared illegal, and to examine and report upon all such claims as aforesaid, and that in consonance with such instructions, advertisements were widely published in the Canadian newspapers, calling upon persons who had claims against the enemy within the scope of the said Order-in-Council to file them, with proofs of claims, and that many claims were so filed, aggregating a very large amount.

The Minister further submits that under Article 231, Part VIII (Reparation), of the Treaty of Peace, with Germany, the Allied and Associated Powers affirmed and Germany accepted the responsibility of Germany and her Allies for causing the loss and damage to which the Allied and Associated Governments and their nationals had been subjected as a consequence of the war imposed upon them by the aggression of Germany and her Allies, and it was further provided that compensation may be claimed from Germany under Article 232 of the said Treaty in respect of the total damage under the categories in the First Annex to Section I of Part VIII of the said Treaty:

The Minister observes that many applications from ex-enemy nationals have been lodged with the Custodian of Enemy Property for the release of their property, in accordance with the provisions of the Treaty of Peace, upon the grounds that they are necessitous, suffering and in hardship, and that it appears to be advisable that their claims should be fully considered.

The Minister therefore recommends that, under the provisions of Part I of the Inquiries Act, Chapter 104, of the Revised Statutes of Canada, and amending Act, Chapter 28, 2 George V., the Honourable William Pugsley, K.C., LL.D., be appointed a Commissioner to investigate and report upon all the claims as above mentioned, for the purpose of determining whether they are within the categories above referred to, in the First Annex to Section I of Part VIII of the said Treaty, and the fair amount of such claims, and to make such findings as may be of assistance to the Government in determining which, if any, of such claims should be paid, and the extent of payment thereof.

The Minister further recommends that the Honourable William Pugsley, K.C., LL.D., be appointed a Commissioner under The Inquiries Act, for the purpose of considering and recommending to the Custodian of Enemy Property releases where the parties are necessitous, suffering and in hardship.

The Minister also recommends that in considering claims for illegal warfare above referred to, the Republic of Germany, the German Consul-General, or other German interests, as they may be advised, shall have the right to be represented by Counsel in the proceedings of the said Commissioner, to examine witnesses, to ask for the production of papers and documents, and to take such other action as may be necessary for the purpose of assisting the Commissioner in the premises.

The Committee concur in the foregoing recommendations and submit the same for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.

The following is a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 21st May, 1923.

P.C. 910

The Committee of the Privy Council have had before them a report, dated 16th May, 1923, from the Secretary of State, submitting, with reference to an Order in Council passed on the 13th day of March, 1923, (P.C. 165) under which the Honourable William Pugsley, K.C., LL.D., was appointed a Commissioner under the provisions of the Inquiries Act, to investigate and report upon claims, which have been advertised for and filed, for reparation for losses due to illegal methods of warfare, and are within the categories of the First Annex to Section I of Part VIII of the Treaty of Versailles,—that doubt has arisen in respect of the claims as advertised for, which are those arising through the destruction of life and property, whether claims for disability may be entertained, the advertisement having asked for claims for the destruction of life and property.

The Minister observes that it was intended that the Commission should include all claims arising in any way with respect to acts of the former enemies which are within the categories of the Annex of the Treaty above referred to.

The Minister therefore, recommends that the Commission in the premises be amended, and that a new Commission issue under the provisions of the said Act, appointing the said The Honourable William Pugsley, K.C. LL.D., a Commissioner to investigate and report upon all claims which may be submitted to him for the purpose of determining whether they are within the First Annex to Section I of Part VIII of the said Treaty, and the fair amount of such claims.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,

Clerk of the Privy Council.

P.C. 938

June 19, 1925.

The Committee of the Privy Council have had before them a report, dated June 11, 1925, from the Secretary of State, submitting that by Order in Council and Commission dated the 13th March, 1923, as amended by Order in Council and Commission dated the 21st May, 1923, the Honourable William Pugsley was appointed a Commissioner to investigate and report upon illegal warfare claims for the purpose of determining whether they fell within the First Annex to Section I of Part VIII of the Treaty of Peace with Germany and the fair amount of such claims.

The Minister states that in pursuance of such authority the Honourable William Pugsley held inquiries with respect to such claims up to the date of his death, the 3rd March, 1925;

That a considerable number of investigations with respect to outstanding claims still remain to be made and it appears desirable that a Commissioner should be appointed to continue and complete the investigations made by the late Commissioner.

The Minister accordingly recommends that a Commission do issue under Part I of the Inquiries Act appointing James Friel, Esquire, of Moncton, in the Province of New Brunswick, one of His Majesty's Counsel learned in the law, a Commissioner for this purpose.

The Committee concur in the foregoing and submit the same for Your Excellency's approval.

Clerk of the Privy Council.

CLAUSES RELATING TO
REPARATION

In Part VIII of the Treaty of Peace, between the Allied and Associated Powers and Germany, signed at Versailles, June 28, 1919

(In force from January 10, 1920)

ARTICLE 231

The Allied and Associated Governments affirm and Germany accepts the responsibility of Germany and her allies for causing all the loss and damage to which the Allied and Associated Governments and their nationals have been subjected as a consequence of the war imposed upon them by the aggression of Germany and her allies.

ARTICLE 232

(First Two Paragraphs)

The Allied and Associated Governments recognize that the resources of Germany are not adequate, after taking into account permanent diminutions of such resources which will result from other provisions of the present Treaty, to make complete reparation for all such loss and damage.

The Allied and Associated Governments, however, require, and Germany undertakes, that she will make compensation for all damage done to the civilian population of the Allied and Associated Powers and to their property during the period of belligerency of each as an Allied or Associated Power against Germany by such aggression by land, by sea and from the air, and in general all damage as defined in Annex I hereto.

ANNEX I

Compensation may be claimed from Germany under Article 232 above in respect of the total damage under the following categories:—

(1) Damage to injured persons and to surviving dependents by personal injury to or death of civilians caused by acts of war, including bombardments or other attacks on land, on sea, or from the air, and all the direct consequences thereof, and of all operations of war by the two groups of belligerents wherever arising.

(2) Damage caused by Germany or her allies to civilian victims of acts of cruelty, violence or maltreatment (including injuries to life or health as a consequence of imprisonment, deportation, internment or evacuation, or exposure at sea or of being forced to labour), wherever arising, and to the surviving dependents of such victims.

(3) Damage caused by Germany or her allies in their own territory or in occupied or invaded territory to civilian victims of all acts injurious to health or capacity to work, or to honour, as well as to the surviving dependents of such victims.

(4) Damage caused by any kind of maltreatment of prisoners of war.

(5) As damage caused to the peoples of the Allied and Associated Powers, all pensions and compensation in the nature of pensions to naval and military victims of war (including members of the air force), whether mutilated, wounded, sick or invalided, and to the dependents of such victims, the amount due to the Allied and Associated Governments being calculated for each of them as being the capitalized cost of such pensions and compensation at the date of the coming into force of the present Treaty on the basis of the scales in force in France at such date.

(6) The cost of assistance by the Governments of the Allied and Associated Powers to prisoners of war and to their families and dependents.

(7) Allowances by the Governments of the Allied and Associated Powers to the families and dependents of mobilized persons or persons serving with the forces, the amount due to them for each calendar year in which hostilities occurred being calculated for each Government on the basis of the average scale for such payments in force in France during that year.

(8) Damage caused to civilians by being forced by Germany or her allies to labour without just remuneration.

(9) Damage in respect of all property wherever situated belonging to any of the Allied or Associated States or their nationals, with the exception of naval and military works or materials, which has been carried off, seized, injured or destroyed by the acts of Germany or her allies on land, on sea or from the air, or damage directly in consequence of hostilities or of any operations of war.

(10) Damage in the form of levies, fines and other similar exactions imposed by Germany or her allies upon the civilian population.

JAMES FRIEL, K.C.
COMMISSIONER:

ROYAL COMMISSION FOR THE INVESTIGATION OF
ILLEGAL WARFARE CLAIMS AND FOR THE
RETURN OF SEQUESTERED PROPERTY IN
NECESSITOUS CASES

To His Excellency the Governor General in Council.

The Report of the undersigned Commissioner made in compliance with the terms of my commission, dated the 19th day of June, 1925, is respectfully submitted. Copies of the commission and of preceding commissions for the same investigations, and copies of the Orders in Council upon which they are founded are attached.

Sir John Hazen, Chief Justice of New Brunswick, the first Commissioner asked to be relieved of the duties. The Honourable William Pugsley, K.C., LL.D., was appointed March 13, 1923. He died March 31, 1925, while engaged in the work and without having made any report. The present Commissioner was appointed to continue and complete investigations made by the late Commissioner.

The claims had been collected in the first place through advertisements in the newspapers by the Under-Secretary of State, pursuant to the Order in Council of November 15, 1918. Printed forms had then been sent out to the claimants on which to present their claims attested by statutory declaration. In cases of personal injury a Medical Report was required. The form called also for documents of proof such as marriage and birth certificates, invoices, copies of charters and so forth.

The declarations of claim being returned were filed with accompanying documents and docketed. The first intention had been apparently to assist in arriving at Canada's share of the British claim to be presented to Germany under the Treaty of Versailles. The claims were never used for this purpose because the amount to be paid by Germany to Great Britain in which Canada would share was fixed otherwise.

After Dr. Pugsley's appointment arrangements were made for personal hearings, notice was given claimants and the Commissioner held sessions of the Commission at different points, convenient for claimants' attendance. He was accompanied by the Secretary of the Commission and had the assistance of the Assistant Deputy Custodian, an official of the Department of State, and of a regular Court Reporter. Complete records were made for each case. In many cases claimants appeared with counsel. The Commissioner did not engage counsel. Sessions were held at the towns of Lunenburg, Shelburne, Yarmouth and Digby in the province of Nova Scotia, in the city of Saint John, New Brunswick, and at Montreal, Ottawa and Toronto.

Judgments and decisions in the cases heard by him were prepared by Dr. Pugsley here in Ottawa. He was resuming the sessions and the Commission was on its way to Western Canada, when he took ill in Toronto. Some cases were heard in Winnipeg, by the Secretary, who had reached there with the Court Reporter and had been instructed to take the evidence pending the arrival of the Commissioner, whose sudden demise was not anticipated. The hearings were

resumed after my appointment and sessions held at Winnipeg, Regina, Saskatoon, Edmonton, Calgary, Kamloops, Vancouver, Victoria, Belleville, Hamilton, St. Catharines, Galt, London, Windsor, Toronto, Montreal, Ottawa and Saint John. I then proceeded to assess claims dealing first with the cases heard by me.

That work being practically completed I was instructed to examine all the cases of the late Commissioner and report my judgment in each case. Dr. Pugsley had left 280 decisions or assessments 167 of which he had signed. There was not sufficient reason to change the assessment in any of 147 of the signed decisions; of the remaining 20 I have varied the award in 14, and in 6 cases recommended disallowance. Where his draft decisions had not been signed I was requested to deal with the cases as if they had been presented to me in the first place. Rehearings were had of the biggest claims and further examination of witnesses.

The late Commissioner's decisions are filed with this Report.

I have written 699 decisions and the same with reasons are filed herewith. Decisions in some cases cover a number of items as in the instance of fishing vessels destroyed where claims of owners, captain, crew and fishermen are assessed in the one judgment.

The following figures show results:—

	Number of claims	Amount claimed	Amount assessed
Assessed by Dr. Pugsley	87	\$ 978,075 06	\$ 731,713 09
Dismissed by Dr. Pugsley	61	6,051,225 09	
Assessed by present Commissioner, including unfinished assessments of Dr. Pugsley	1,228	23,012,201 94	3,715,155 66
Dismissed by present Commissioner	170	21,550,846 03	
No action, claims withdrawn or not pressed, may be considered dead	87	4,391,544 40	
Totals	1,613	\$5,950,893 42	\$ 4,246,868 75
Five per cent interest on all awards calculated to March 10, 1928			\$ 2,042,520 59
Total amount required to pay awards at said date			\$ 6,289,389 34

There remain two claims unassessed; one for \$50,000 is a Lusitania claim in which sufficient particulars have not been furnished owing to claimant being out of Canada on account of her health; the other is an air raid claim, amount not stated, originally a British claim referred back to the British Commission. Claimant is now married to a Canadian, is living in this country and has renewed her claim. The papers are in England.

There may be some fresh claims; the British Commission had a great many and at the end ruled them out. It was dealing with a limited fund voted for compensation. There may be Canadian sufferers who have not heard of this Commission and others who did not think it worth while to do anything until they saw that compensation was being paid. The Commission has been pretty well advertised, but it may be well to adopt some policy in respect to claims, if any, that may come in hereafter. There were six new claims presented this year.

The records cover loss of life and property on the British Ocean Liner *Lusitania* sunk by a German submarine off the coast of Ireland May 7, 1915, on the *Hesperian* sunk by enemy submarine September 4, 1915, and on other passenger and merchant vessels; merchandise lost on ships torpedoed; claims of fishermen and owners of fishing vessels sunk by submarines or raiders; claims for property destroyed in enemy territory; internment claims; claims of Insurance companies for war losses; air raid claims; claims of ship owners and

charterers; claims in respect to nurses and soldiers in hospital ships sunk; claims in respect of the Halifax Explosion and other miscellaneous claims.

Care has been taken in the investigation to keep within the terms of the Commission. Claims of aliens have been excluded but all Canadian claimants have been recognized regardless of domicile. The Commission has not confined its action to claims "of persons residing or carrying on business in Canada", as the clause reads in the first Order in Council. An amount of \$99,427.10 has been assessed to 36 Canadian subjects residing outside of Canada. This was done by reason of the ruling of the British Royal Commission that Canadians domiciled in Great Britain or elsewhere out of Canada would not be regarded as belonging to the United Kingdom but to Canada, and of notice from the Colonial Office to our Government that if such persons are not regarded by the Canadian Government as eligible for compensation, from any funds which may be made available for ex gratia grants to persons belonging to Canada, there will be no source to which they can look for compensation.

Claims of military and naval subjects, except claims for maltreatment of prisoners of war and some cases of loss of personal effects of a civilian character, have been excluded. With the single exception of prisoners of war the Commission's function is to consider only damage done to the civilian population. Claims, therefore, in respect to enlisted nurses and men on hospital ships sunk had to be disallowed. Such claims were for the Pension-Board. Claims due only to general war conditions and operations of war where no direct enemy action was disclosed have been disallowed. The Halifax Explosion December 6, 1917, was due to the collision of a French steamer loaded with deadly explosives with a Belgian Relief steamer. No participation of the enemy in any way in this dreadful disaster was ever shown. A Relief Commission, generously subsidized by our Governments and Governments and people of friendly states and countries, relieved loss and damage so far as humanly could be done. Claims presented to this Commission in connection with this disaster and other claims of a similar character had to be disallowed.

Legal rules in respect to damage have been applied as much as possible. Indirect and consequential damages have been excluded and particularly losses which arose only from the existence of a state of war where the liability to loss was common to all Canadian subjects, although in the particular case it may have fallen more heavily on the claimant than on others. Claims in respect of loss of business, profits, goodwill and other consequential damages of a like nature have been disallowed. Claims of life and other insurance companies, and claims for war risk premiums paid came within these objections and were disallowed. We interpreted property in the ninth category to mean actual property, tangible things, and property damage to mean material damage, physical damage, resulting from the application of physical force in some form to tangible property. This is following the ruling of the British Royal Commission, followed also by the American Commission. Counsel to the British Commission advised them that the last words of paragraph (9) of the Annex, "or damage directly in consequence of hostilities or of any operation of war" must be read with the whole paragraph as referring to property.

Where claimants had already received compensation by way of insurance or under the Workmen's Compensation Act or any scheme of War Risks Compensation or from any public fund, the amounts received have been taken into consideration. The British Commission held that no moral claim upon the fund which they were distributing could be recognized in favour of persons who had at their disposal means of protecting themselves against loss, to which they should have resorted, or who elected to run a risk themselves rather than make use of such protection. They applied the principle that in the case of persons

whose position justified the expectation that they would appreciate and resort to insurance, it would be inequitable to allow them to rank, when insurance was available for their protection against the losses actually incurred. The British fund in this and in other respects is distinguishable. Counsel was asked in one of the shipping claims before this Commission why his clients had not availed themselves of war risk insurance. He answered that they chose to carry their own insurance. The not unreasonable reaction to this policy would be to let them bear their loss. I have however assessed property at the merchantable value where there is no insurance and that value less insurance moneys collected where there was insurance. The point may merit further consideration in the event, especially, of dissatisfaction with any of the awards.

As a general proposition it seemed best to follow the law of damage in making assessments and to decide in the manner of a jury in drawing inferences of fact and settling amounts, but consideration has been given in this greatly less important but similar task to the sense of the instructions given to the Inter-Allied Reparation Commission in the Treaty itself.

"The Commission shall not be bound by any particular code or rules of law or by any particular rule of evidence or of procedure, but shall be guided by justice, equity and good faith. Its decisions must follow the same principles and rules in all cases where they are applicable. It will establish rules relating to methods of proof of claims. It may act on any trustworthy modes of computation."—Part VIII, Annex II, Par. 11.

In the matter of interest this Commission has not given consideration to any particular system of law. Interest in this country as a general thing is not recoverable except by statute or under agreement, and it is not allowed in actions for damages *ex delicto*, that is to say actions arising from losses independent of contract. At the same time it may be said, broadly speaking, in the words of counsel that the claim is a legal claim under the civil law, under the common law as developed in the United States, and under the common law of Great Britain except in so far as modified by express statute. It has always been allowed in Maritime cases. Dr. Pugsley recommended that interest should be allowed from the date of the ratification of the Treaty, that is January 10, 1920, until the date of settlement. He fixed that date he said as applicable to all wrongs whether they were personal or injuries to property because on that day it seemed to him Germany became bound by a contract, and what was to that date a tort became converted into a contractual obligation. He thought it better to make it uniform as to date because torts do not ordinarily carry interest as such, but when they become contracts then he thought interest should necessarily follow. By reason only of its seeming fair I have followed this course in respect to unliquidated damages covering claims for losses based on personal injury, death, maltreatment of prisoners of war or acts injurious to health; but where the loss was either liquidated or the amount thereof capable of being ascertained with approximate accuracy through the application of established rules of computation merely, as of the time when the actual loss occurred, I have recommended interest from the date of loss. This covers property losses being claims for property taken, damaged or destroyed. It seems to me to be only just and equitable. The measure of damages applied is the reasonable market value of the property as of the time and place of loss or destruction, if it had such market value; if not, then the intrinsic value of the property, but as compensation was not made at the time of loss the payment at a later date of the value which the property had at the time of loss would not make the claimant whole. He was then entitled to a sum equal to the value of his property. He is now entitled to such sum plus the value of the use of the money for the entire period during

which he was deprived of its use, otherwise interest, if he is to receive full compensation. Five per cent was the rate of interest prescribed by Paragraph 16 of Annex II to Section I of Part VIII of the Treaty of Versailles, by which interest is debited to Germany as from May 1, 1921, in respect of her debt as determined by the Reparation Commission, and in fixing that date it was provided that account might be taken of interest due on sums arising out of the reparation of material damage as from November 11, 1918, up to May 1, 1921.

With reference to the instructions for the late Commissioner contained in Order in Council 165, before entering upon the investigations Dr. Pugsley gave notice of the Commission to the German Consul General for Canada and stated that the Commissioner would be pleased if the Consul or his Government would be represented at the various hearings. The Consul General after communicating with his Government informed the Commissioner that they had decided not to be represented. At his request, however, the Commissioner directed that a type-written copy of the evidence taken in the various cases be furnished to the German Consul General from time to time.

The British Commission referred to in this report is the Royal Commission on Compensation for Suffering and Damage by Enemy Action (Lord Sumner, Chairman) appointed August 15, 1921. The preamble in their Commission is as follows:—

“Whereas We have deemed it expedient that a Commission should forthwith issue to consider cases in which there is a moral claim by British Nationals (other than those belonging to parts of the Empire to which a separate share of Reparation receipts has been allotted) for compensation for sufferings or damage arising out of the action of the enemy during the War within Annex I to Part 8 of the Treaty of Versailles; and to make recommendations as to the distribution of a sum of not more than £5,000,000 out of the first receipts on account of reparation allocated to the Exchequer of the United Kingdom in ex gratia payments to such persons.”

Lord Sumner's Commission worked in co-operation with the Reparation Claims Department of the British Board of Trade. They are the authorities referred to in this Report, and in the judgments and decisions.

Necessitous Cases.—These are only indirectly connected with Reparations. They refer to claims of ex-enemy nationals for release of their property in the hands of the Custodian of Enemy Property (being property of enemy nationals in Canada seized during the war by the Custodian under the provisions of the Trading with the Enemy Act, and still retained by him) upon the grounds that such claimants are necessitous, suffering and in hardship.—I have recommended release in all the 97 cases referred to me to the amount of \$78,006.57 in money, and approximately \$52,614.74 in property.

Dated at Ottawa this 14th day of December, 1927.

JAMES FRIEL,
Commissioner.

J. A. DUFFY,
Secretary.

CLAIMS AGAINST TURKEY

Over and above the 1,613 claims there were 219 claims submitted by former nationals of Armenia and Greece who before the ratification of the Treaty of Versailles became naturalized British subjects in Canada.

These claims, at the request of the British Government, were forwarded to the Inter-Allied Assessment Commission established under the Turkish Reparation Convention of the 23rd November, 1923, dealing with claims against Turkey.
