1. Introduction

The Annual Report on the *Privacy Act* (Act), 2022–23 is prepared and tabled in Parliament in accordance with section 72 of the Act. The report describes how the Office of the Intelligence Commissioner (ICO) administered and fulfilled its obligations under the Act between April 1, 2022 and March 31, 2023.

The *Privacy Act*

The Act protects the privacy of individuals with respect to their personal information held by a government institution. It establishes the rules for the collection, use, disclosure, retention and disposal of such information. It also provides individuals with a right to be given access to, and to request a correction of, their personal information.

The ICO is committed to protecting the privacy of individuals with respect to personal information that is under its control. The ICO recognizes that this protection is an essential element in maintaining public trust.

Individuals who are not satisfied with how an institution handled of their personal information or any matter related to a formal request made under the Act are entitled to submit a complain to the Office of the Privacy Commissioner of Canada.

ICO Mandate

The ICO is an independent oversight body. The mandate of the Intelligence Commissioner (IC) is set out in the Intelligence Commissioner Act. The IC's role is to approve, or not, certain national security and intelligence activities that the Communications Security Establishment (CSE) or the Canadian Security Intelligence Service (CSIS) wish to conduct. These activities may breach Canadian law or infringe on privacy interests of Canadians or persons in Canada. To conduct these activities, CSE and CSIS must first obtain the written authorization of their respective minister or, in selected cases, of the Director of CSIS. The IC then reviews the respective minister's or Director's authorization to determine whether the conclusions it contains are reasonable. Only with approval from the IC can the activities take place. The Honourable Simon Noël was appointed on October 1, 2022, succeeding the Honourable Jean-Pierre Plouffe.

The ICO is committed to the principles of accountability and transparency, which are vital to ensuring trust and confidence in Government of Canada institutions that carry out national security or intelligence activities. To that end, in March of each year, the IC submits to the Prime Minister an annual report outlining the activities of the previous calendar year. Once tabled in Parliament, the ICO publishes the annual report on its [website](#). Also, in 2022, the ICO began proactively publishing the IC's decisions on its [website](#).

2. Organizational Structure

The ICO is a separate agency consisting of 10.5 planned full-time equivalents.

The Executive Director has delegated authority to oversee the administration of the Act and the *Access to Information Act* within the ICO and ensure compliance with the legislation. The ICO does not have a dedicated Access to Information and Privacy (ATIP) office. The Senior Review Officer and

the Manager, Corporate Services are responsible for the coordination and implementation of policies, guidelines and procedures to ensure departmental compliance with the Acts.

During fiscal year 2022–23, the ICO was not party to any service agreements under section 73.1 of the Act.

3. Delegation Order

Section 73(1) of the Act gives the IC the authority to delegate all, or part, of the IC’s powers, duties, and functions under the Act to one or more officers or employees of the ICO.

The delegation order for the Act that was in effect at the end of the reporting period was signed on October 31, 2019. The IC as head of the ICO under the provisions of the Act and its regulations granted full authority to the Executive Director. The signed Delegation Order is included in Appendix A – *Access to Information Act and Privacy Act Delegation Order*.

4. Performance 2022–23

During the reporting period, the ICO received two privacy requests and both were completed within 30 days of receipt. This is an increase from previous years as these were the first requests received by the ICO since it was created in July 2019.

The ICO did not receive any complaints under the Act.

The ICO Statistical Report as well as the Supplemental Report for 2022–23 are included in Appendices B and C of this report.

Impact of Covid-19 measures:

During the reporting period, the ICO operations were not affected by COVID-19 measures.

5. Training and Awareness

The ICO is committed to promoting awareness and providing ongoing training opportunities to all employees. Training is based on the needs and knowledge base of each employee.

This fiscal year, the Executive Director and Internal Services personnel participated in awareness sessions concerning their responsibilities related to access to information and privacy. Additionally,

the Senior Review Officer completed courses on Access to Information and Privacy in the Government of Canada offered by the Canada School of Public Service.

6. Policies, Guidelines, and Procedures

As an institution created in 2019, the ICO continued the establishment of institutional policies and procedures in the application of the Act. During the reporting period, the ICO established an internal process for receiving requests using the Government of Canada ATIP Online Request Service (ATIP Online). The ICO also established a procedure for processing requests. Furthermore, improvements were made to the ICO tracking system to ensure better case management and documentation.

7. Initiatives and Projects to Improve Privacy

In December 2022, the ICO was onboarded into the Government of Canada ATIP Online platform and is now set up to receive requests online directly from a requestor.

ATIP Online is a centralized website developed by Treasury Board of Canada Secretariat (TBS) that enables users to complete privacy requests and submit them to any of the institutions that are subject to the Act.

8. Summary of Key Issues and Actions Taken on Complaints

During the reporting period, no complaints were received nor concluded.

9. Material Privacy Breaches

There were no material privacy breaches reported to the Office of the Privacy Commissioner and to TBS (Information and Privacy Policy Division) during the reporting period.

10. Privacy Impact Assessments

During the reporting period, no privacy impact assessments were completed.

11. Public Interest Disclosures

During the reporting period, no disclosures were made under paragraph 8(2)(m) of the Act.

12. Monitoring Compliance

The ICO utilizes a manual monitoring system. The monitoring system keeps track of upcoming deadlines for requests and consultations and provides reminders of approaching deadlines.

Privacy requests are monitored by the Senior Review Officer as well as the Manager, Corporate Services on an ongoing basis. The Senior Review Officer also monitors the time taken to process requests. The Executive Director is informed of the status of requests on a regular basis.

The Senior Review Officer will convey compliance issues to the Executive Director when required.
