## **Statement outlining results, risks, and significant changes in operations, personnel, and program**

### **Introduction**

This quarterly report has been prepared by management as required by section 65.1 of the *Financial Administration Act* and in the form and manner prescribed by the Treasury Board, and it should be read in conjunction with the Main Estimates. This quarterly report has not been subject to an external audit or review.

The Office of the Auditor General of Canada (OAG) has 1 program activity: legislative auditing. The OAG conducts independent audits and studies that provide objective information, advice, and assurance to Parliament, government, and Canadians.

### **Mandate**

The Auditor General of Canada is an Officer of Parliament, who is independent from the government and reports directly to Parliament. The duties are set out in the *Auditor General Act*, the *Financial Administration Act*, and other acts and orders-in-council. These duties relate to legislative auditing and, in certain cases, to monitoring of federal departments and agencies, Crown corporations, territorial governments, and other entities.

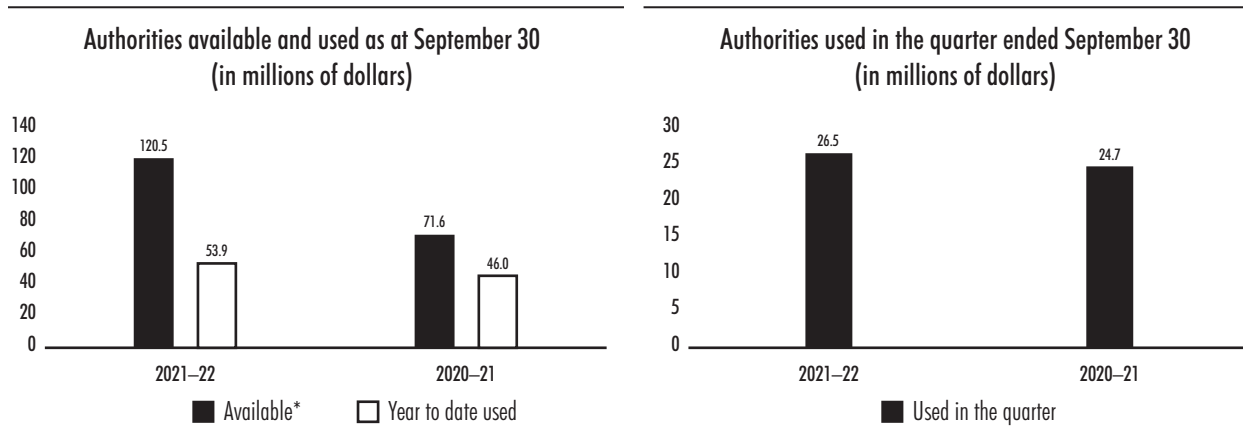

### **Basis of presentation**

This quarterly report has been prepared by management using an expenditure basis of accounting. The accompanying Statement of Authorities includes the OAG's spending authorities granted by Parliament and those used by the OAG, consistent with the Main Estimates for the 2021–22 fiscal year. This quarterly report provides financial information on the use of spending authorities. The OAG uses the full accrual method of accounting to prepare and present its annual financial statements that are part of the departmental results reporting process. However, the spending authorities voted by Parliament remain on an expenditure basis.

## Highlights of quarterly and year-to-date results

The authorities available for use increased because of the March 2021 approval of our program integrity funding request. In addition, the full supply of authorities was provided in the first quarter of 2021–22 (75% in 2020–21).

The authorities used increased primarily as a result of the growing workforce.

\* Includes only authorities available for use and granted by Parliament at quarter-end.

## Risks and uncertainties

There are no significant risks and uncertainties to report.

## Significant changes in operations, personnel, and program

There were no significant changes in operations, personnel, and program during the second quarter of the 2021–22 fiscal year.
