CANADA INFRASTRUCTURE BANK

**ANNUAL REPORT ON THE ADMINISTRATION
OF THE *ACCESS TO INFORMATION ACT***

April 1, 2022 to March 31, 2023

Introduction**1. Purpose of the *Access to Information Act***

The purpose of the *Access to Information Act* (the “**Act**”) is to enhance the accountability and transparency of federal institutions in order to promote an open and democratic society and to enable public debate on the conduct of those institutions.¹

In furtherance of that purpose,

- Part 1 of the Act extends the present laws of Canada to provide a right of access to information in records under the control of a government institution in accordance with the principles that government information should be available to the public, that necessary exceptions to the right of access should be limited and specific and that decisions on the disclosure of government information should be reviewed independently of government; and
- Part 2 of the Act sets out requirements for the proactive publication of information.

The Act is also intended to complement and not replace existing procedures for access to government information and is not intended to limit in any way access to the type of government information that is normally available to the public.

This Annual Report describes how the Canada Infrastructure Bank (“**CIB**”) administered the Act during the reporting period from April 1, 2022 to March 31, 2023 (the “**Reporting Period**”). This Annual Report is prepared in accordance with section 94(1) of the Act and is hereby submitted for tabling in Parliament under section 94(2) of the Act. The previous such reports are available within the “Reports & Transparency” section of the CIB’s Web site: <https://cib-bic.ca/>.

The CIB does not have subsidiaries and is not required to report on behalf of any non-operational institution.

2. Mandate of the Canada Infrastructure Bank

The CIB is a Crown Corporation established pursuant to the *Canada Infrastructure Bank Act* on June 22, 2017. The CIB’s purpose is to invest, and seek to attract investment from private sector

¹ *Access to Information Act*, R.S.C., 1985, c. A-1, s. 2.

investors and institutional investors, in infrastructure projects in Canada or partly in Canada that will generate revenue and that will be in the public interest by, for example, supporting conditions that foster economic growth or by contributing to the sustainability of infrastructure in Canada.

The CIB receives appropriations from the Government of Canada. Parliament has authorized funding of not more than \$35 billion in aggregate (or any greater aggregate amount that may be authorized from time to time under an appropriation Act) and the requisite authorities to participate in infrastructure transactions in new and innovative ways, using loans, loan guarantees and equity investments. Of the \$35 billion, the Government of Canada expects the CIB to prudently manage its portfolio so the net fiscal expense will remain under \$15 billion.

The CIB develops projects in partnership with federal, provincial, territorial, municipal, and Indigenous government sponsors and the private sector. As indicated in the Minister's Statement of Priorities and Accountabilities ("SPA"), the CIB makes investments in five priority sectors: Public Transit; Clean Power; Green Infrastructure; Trade and Transport; and Broadband. The SPA is available on the CIB's Web site (<https://cib-bic.ca/en/about-us/governance/>).

As an impact investor, the CIB is focused on achieving outcomes through its investments to address climate change, connect Canadians and their communities, increase economic growth, and build partnerships with Indigenous Peoples.

3. Organizational Structure

The CIB is governed by an independent board of directors, appointed by the Governor in Council. The Chief Executive Officer ("**CEO**") is appointed by the Governor in Council upon the recommendation of the board of directors. The CEO is responsible for the management of the business and other affairs of the CIB and reports to the board of directors on the overall performance of the organization.

The CIB does not have a formalized Access to Information and Privacy ("**ATIP**") office with staff dedicated to ATIP matters on a full-time basis. The powers, duties and functions of the administration of the Act have been delegated by the CEO to the General Counsel & Corporate Secretary who also serves as the organization's ATIP Coordinator.

The ATIP Coordinator is responsible for managing the CIB's day-to-day activities relating to the operation of the Act and the regulations, as well as complying with related Treasury Board of Canada Secretariat policies, directives, and guidelines.

The ATIP Coordinator's responsibilities regarding the Act are as follows:

- receive and process all requests in accordance with the Act;
- assist requesters in formulating their requests when required;
- gather all pertinent records and ensure that the search for information is rigorous and complete;
- conduct the review of pertinent records and apply all discretionary and mandatory exemptions under the Act;
- assist the Office of the Information Commissioner (OIC) in all access to information related matters including complaints against the CIB;

- prepare annual reports on the administration of the Act;
- provide ongoing advice and guidance to employees on matters related to access to information;
- provide access to information awareness and training sessions to ensure that employees are aware of the obligations imposed by the legislation;
- respond to consultations received from external organizations;
- develop and maintain access to information procedures and compliance tools; and
- participate in ATIP community activities and ATIP community meetings.

The General Counsel & Corporate Secretary is an officer of the CIB and reports directly to the CEO. The ATIP Coordinator is supported by one full-time employee, the Corporate Governance Associate who serves as the primary contact to assist with processing ATIP requests, consultations, and complaints, and responding to informal requests for information, as required. To ensure timely and accurate responses to ATIP requests, the CIB has also entered into a standby agreement with an external ATIP consultant to provide additional support as needed.

In addition to administering the CIB's ATIP activities, the ATIP Coordinator is also responsible for managing the CIB's responses to parliamentary questions (Order Paper Questions), as well as other Parliamentary orders for the production of documents. During the Reporting Period, the CIB was tasked to respond to 48 Order Paper Questions (compared to 44 in the previous reporting period). All responses to Order Paper Questions are reviewed to ensure that they comply with requirements of the Act and the *Privacy Act*. Moreover, during the Reporting Period, the CIB provided a response to the Motion for Production of Papers of the Standing Committee on Government Operations and Estimates, passed on January 18, 2023, to undertake a study of federal government consulting contracts awarded to McKinsey & Company since January 1, 2011.

In accordance with the proactive requirements under Part 2 of the Act, the CIB provides disclosure on its website of travel and hospitality expenses of members of the board of directors, the CEO and senior officers (i.e., members of the CIB's executive committee). The CIB discloses business expenses related to travel and hospitality for the following activities: board of director related meetings; stakeholder outreach; meetings with the shareholder (government); conferences; and operational activities. The CEO (as the "head" of the government institution) has delegated to the Finance team the responsibility to prepare the reports for travel and hospitality expenses in accordance with the processes and templates approved by the Chief Financial Officer for disclosure on the CIB's website (www.cib-bic.ca). Information that would normally be withheld under the Act or the *Privacy Act* is withheld from the reports for travel and hospitality expenses.

The CIB was not a party to any service agreement pursuant to section 96 of the Act during the Reporting Period.

4. Delegation Order

For the purposes of section 3 of the Act, the CEO of the CIB is designated as the "head" of the government institution. In accordance with section 95 of the Act, the CEO's authority has been delegated to the General Counsel & Corporate Secretary to enable the CIB to meet its legislated

requirements. A copy of the signed Delegation Order dated March 10, 2021, in effect at the end of the Reporting Period is attached (Appendix A).

Administration of the *Access to Information Act*

5. Statistical Report for 2022-2023

Attached as Appendix B is a copy of the Statistical Report on the administration of the Act that was submitted to the Treasury Board of Canada Secretariat.

a) Access Requests

The CIB received 9 new formal requests under the Act during the Reporting Period, and there were two requests carried forward from the previous reporting period. 10 requests were completed during the Reporting Period. Of the 10 requests completed, the CIB processed 3,785 pages, representing a decrease of 17% over the previous reporting period in the number of pages processed. One request was carried over to the next reporting period due to the large number of responsive records and the need to complete consultations with third party. This request remained within the legislated timelines at the end of the Reporting Period.

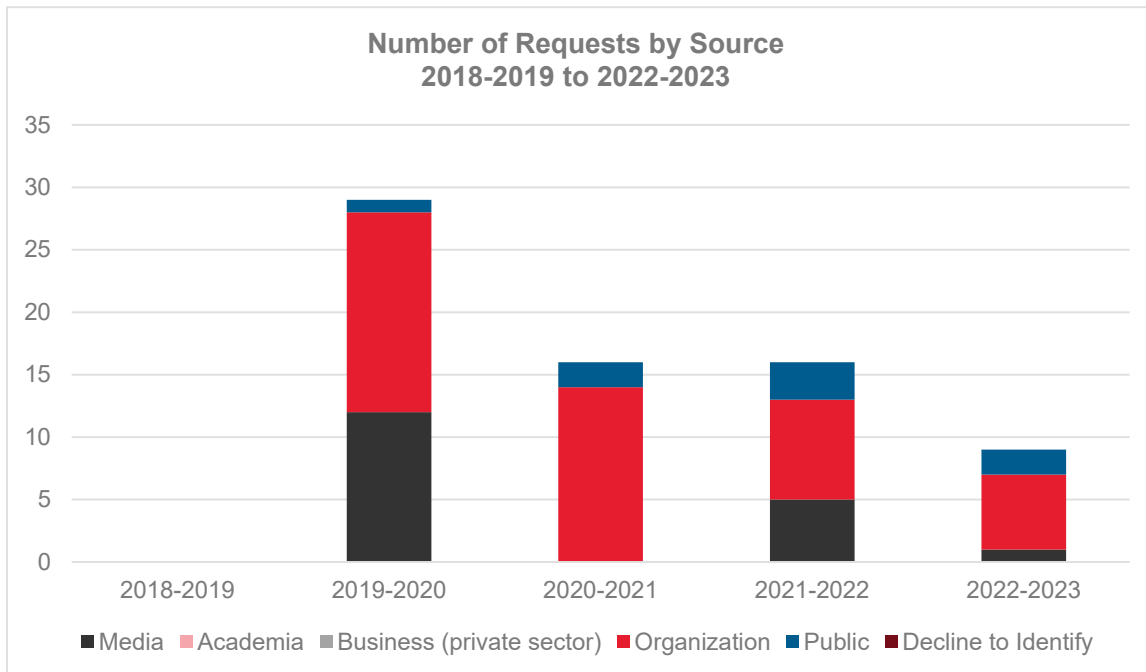

Table 1: Overview of Access Requests Received and Completed

Fiscal Year	Requests Received	Requests Outstanding from Previous Reporting Period	Requests Completed	Number of Pages Processed
2018-2019	0	0	0	0
2019-2020	29	0	29	2,963
2020-2021	16	0	16	824
2021-2022	16	0	14	4,544
2022-2023	9	2	10	3,785

During the Reporting Period, the CIB made several public announcements pertaining to its activities and decision-making and continued to proactively disclose information through various platforms including the CIB's website. The CIB attributes the lower number of access requests received compared to the previous fiscal year to the increased transparency of the CIB's activities and public announcements of the CIB's participation in infrastructure projects that achieve impactful outcomes to Canadians. The CIB anticipates a consistent level of activity with respect to access requests will continue in future years, while the number of pages processed will vary depending on the subject matter of the access request.

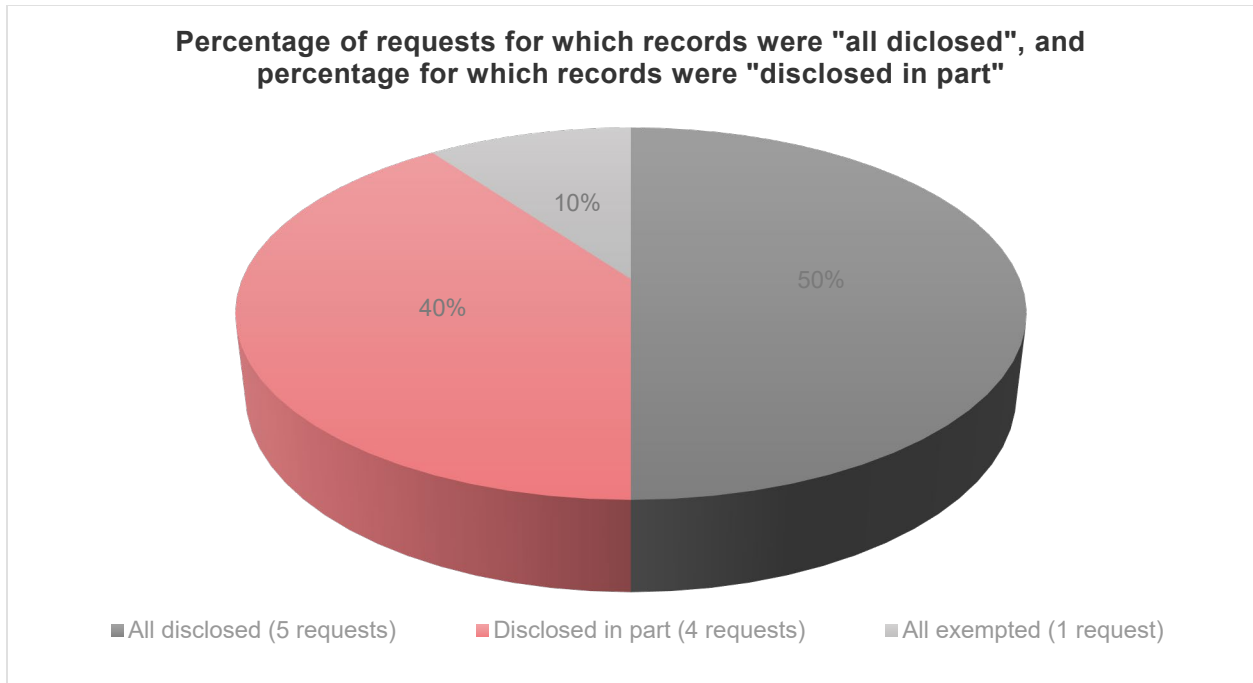

Requests under the Act by Source

During the Reporting Period out of the 9 requests received by the CIB, six (6) were from organizations, one (1) from media, and two (2) from the public.

Disposition of Requests

Of the 10 requests closed during the Reporting Period, nine (9) requests were disclosed – five (5) (50%) requests were “all disclosed”, and four (4) (40%) were “disclosed in part”, as further described in the chart on the next page.

Exemptions Applied

The most frequent exemption provisions applied by the CIB during the Reporting Period were sections 18 (Economic interests of Canada), 19 (Personal information) and 21 (Advice, etc.). No exclusions were claimed during the Reporting Period.

Table 2: Exemptions Applied for 2022-2023

Completion Time and Extensions

The percentage of requests closed within the 30-day legislated timeline in the Reporting Period is 57%. During the Reporting Period, two (2) requests were extended by 16 to 30 days, one (1) request was extended by 31 to 60 days, three (3) requests were extended by 61 to 120 days out of the 14 requests closed. The reason for the 6 files being closed after the legislated timelines was the need to complete consultations with other government institutions.

Table 3: Extensions Taken, 2018-2019 to 2022-2023

Fiscal Year	16 to 30-day extension	31 to 60-day extension	61 to 120-day extension	121 to 365-day extension	Total extensions

b) Consultations

The CIB assists in processing ATIP requests received by other government institutions when documents that pertain to the CIB are found to be among the records being processed by the other institution. The other institution will consult with the CIB to seek the CIB's recommendations with respect to the treatment of these records.

During the Reporting Period, the CIB received 30 consultations from other government institutions, representing a 15% increase over the previous reporting period. The number of pages reviewed also increased 5% over the previous reporting period. The highest number of consultations originated from Natural Resources Canada, the Department of Finance Canada, and Infrastructure Canada.

Table 4: Overview of Consultations Received and Completed

Fiscal Year	Consultations Received	Consultations Remained Outstanding from Previous Reporting Period	Consultations Completed	Number of Pages Reviewed
2018-2019	4	0	4	19
2019-2020	22	0	22	307
2020-2021	11	0	11	649
2021-2022	26	0	26	2,661
2022-2023	30	0	30	2797

*CIB received 15 consultations during the Reporting Period that were originated from other government institutions. The other government institutions were Treasury Board of Canada Secretariat, Natural Resources Canada, Innovation, Science and Economic Development Canada and Impact Assessment Agency of Canada.

Of the 30 consultation requests:

- 28 consultations were completed within 1-15 days; and
- 2 consultations were completed within 16-30 days.

The graph below shows the recommendations for consultations received during the Reporting Period.

c) Informal Requests

In addition to the formal requests for information, the CIB received, processed and completed 55 informal requests under the Act during the Reporting Period.

6. Impact of COVID-19 Measures

The impact of COVID-19-related measures did not materially impact the CIB's operations and its ability to fulfill its responsibilities under the Act. The CIB provided regular reports to TBS on its operational activities. During the Reporting Period, the CIB was able to receive formal and informal requests for information via mail, email and through the Government of Canada's digital request service. The CIB had full capacity to process ATIP requests and consultations from other government institutions received electronically within the timelines mandated by the Act.

7. Training and Awareness

During the Reporting Period, the ATIP Coordinator continued to promote awareness of the CIB's obligations under the Act through a variety of training approaches. The following table describes the training and awareness activities related to Access to Information and Privacy during the Reporting Period:

Awareness Session	Description
<i>Code of Conduct for Employees</i>	Each employee is required, upon joining the CIB and at least once every two years thereafter, to complete mandatory awareness on the Code of Conduct for Employees. The awareness session includes the CIB's responsibilities with respect to the <i>Privacy Act</i> , and includes interactive case studies designed to help employees understand the application of the <i>Privacy Act</i> to day-to-day activities. During the Reporting Period, two awareness sessions were held and a total of 42 employees attended the awareness session.
<i>Compliance with the Access to Information Act and Privacy Act (roles and responsibilities)</i>	The purpose of this session is to provide employees with an overview of the <i>Access to Information Act</i> and the <i>Privacy Act</i> ; including timelines to respond to requests; the duty to assist; exemptions and exclusions; steps in processing an access to information request and request for personal information; the role and responsibilities of the ATIP Coordinator and CIB employees in processing requests; and offences for obstructing the right of access or an investigation by the Information Commissioner or the Privacy Commissioner. During the Reporting Period, one (1) awareness session was held, and 25 participants attended.

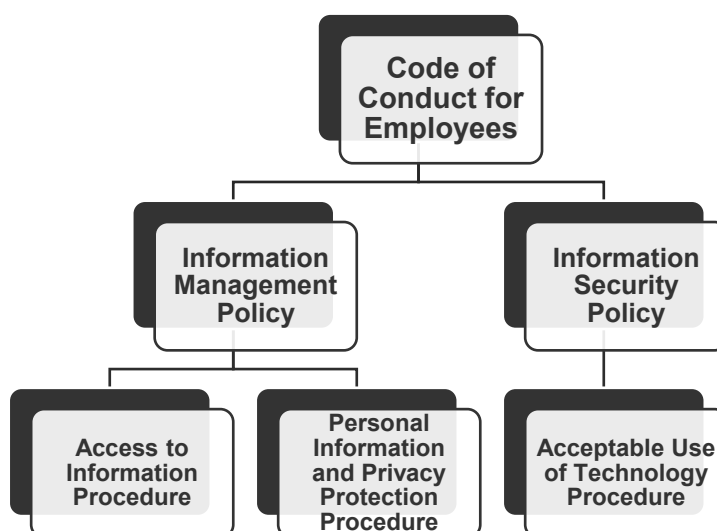

In addition, given the small size of the corporation (122 full-time employees and contractors as of the end of the Reporting Period), the ATIP Coordinator is also able to offer one-on-one or small group training and guidance in both official languages as the need arises. The ATIP Coordinator

also attended quarterly community meetings hosted by the Treasury Board of Canada Secretariat, as well as other information sessions such as the deep dive series on specific sections of the *Access to Information Act* and *Privacy Act*.

The ATIP Coordinator also annually reports on the administration of the Act to the Human Resources and Governance Committee of the CIB's Board of Directors.

8. Policies, Guidelines, and Procedures

The CIB did not develop any new or revised institution-specific policies, guidelines and procedures related to privacy during the Reporting Period. Institution-specific policies and procedures and initiatives that incorporate privacy related issues are implemented within the policies and procedures listed below. The CIB regularly reviews its internal policies and procedures to ensure they remain up-to-date and aligned with the Treasury Board of Canada Secretariat's Access to Information and Privacy Policy instruments.

The CIB's chapter in *Info Source: Sources of Federal Government and Employee Information* is posted within the "Reports & Transparency" section of the CIB's Web site. Info Source provides individuals and employees of the government (current and former) with relevant information to access personal information about themselves held by government institutions subject to the *Access to Information Act* and the *Privacy Act* and to exercise their rights under the *Privacy Act*.

9. Proactive Publication under Part 2 of the *Access to Information Act*

The CIB is a parent Crown corporation named in Part I of Schedule III to the Financial Administration Act and is a government institution as defined in section 3 of the *Access to Information Act* and is subject to the following proactive disclosure requirements under Part 2 of the *Access to Information Act*.

Legislative Requirement	Section	Publication Timeline
Travel Expenses	82	Within 30 days after the end of the month of reimbursement
Hospitality Expenses	83	Within 30 days after the end of the month of reimbursement
Reports tabled in Parliament	84	Within 30 days after tabling

10. Initiatives and Projects to Improve Access to Information

During the Reporting Period, the CIB completed the onboarding process for the Government of Canada's ATIP Online service and is now able to receive requests and provide response packages electronically through the ATIP online account. The CIB also seeks to be open and transparent to Canadians about its operations and decision-making processes. During the Reporting Period, the CIB continued to make available key corporate policies, including its Procurement Policy, Investment Policy and Code of Conduct, on the CIB's website in the About Us section. The same section also includes current and archived reports and public meeting materials.

11. Summary of Key Issues and Actions Taken on Complaints

Two (2) complaints to the Information Commissioner were closed during the Reporting Period.

- OIC File 5821-07436:** This complaint was filed with the Office of the Information Commissioner of Canada in April 2022 and was closed in January 2023. The complaint alleged that the extension taken by the CIB pursuant to subsection 9(1) of the Act to respond to the access request was unreasonable. The CIB's extension was taken in accordance with the service timelines established by another government institution to complete the consultation necessary to comply with the request. The complaint was deemed well founded and the CIB proceeded to disclose the responsive records to the complainant.
- OIC File 5822-02045:** This complaint was filed with the Office of the Information Commissioner of Canada in June 2022 and was closed in November 2022. The complaint alleged that the extension taken by the CIB pursuant to subsection 9(1) of the Act to respond to the access request was unreasonable. On November 17, 2022, the Information Commissioner ceased to investigate the complaint pursuant to paragraph 30(4)(b) of the Act. This paragraph allows the Information Commissioner to cease investigating a complaint if further investigation is unnecessary in the circumstances.

12. Monitoring Compliance

A formal monitoring procedure to oversee the time taken to complete the requests has not been established. There are two employees that are directly involved in the processing of requests under the Access to Information Act and the Privacy Act. Therefore, a formal monitoring procedure to oversee the time taken to complete the requests is not required. However, the ATIP

Coordinator signs all outgoing correspondence regarding the ongoing processing of the files and therefore is aware of the status of the files. Also, quarterly reports are provided to the CEO and the Finance and Audit Committee with a list of current open files and a brief description of the status of each file.

13. Resources Related to the *Access to Information Act*

CIB has not implemented time-tracking software to track costs incurred by the CIB related to the administration of the Act. The cost of administering the CIB's ATIP program for the Reporting Period is estimated at \$89,100 in salary costs and professional services contracts. However, this expenditure does not include the resources required by other areas of the CIB to search for responsive records.
