RENEWAL OF RADIO LICENCES

Avoid additional fees —
renew promptly

**Reinstatement fees will apply
after March 31**

The radio licence(s) indicated on the enclosed invoice expire(s) on March 31.

If you intend to continue operating your station beyond this date, **the Department must receive the annual renewal fee no later than March 31. Please allow time for mail delivery.**

If you have been issued radio licences by more than one district office, or if you operate more than one class of station, you will receive additional invoices.

Industry Canada has eliminated the requirement for licensees to retain or post their radio licences for domestic radio stations. We will continue to produce radio licences for ship and aircraft stations.

If you wish to view or print your radio licence(s), visit our On-Line Services Web site (<http://spectrumdirect.ic.gc.ca>). Your account and licence numbers are required. —
