**BusinessGateway.ca** links to many useful business tools. A variety of calculators, databases and planners will help put your business on track for success.

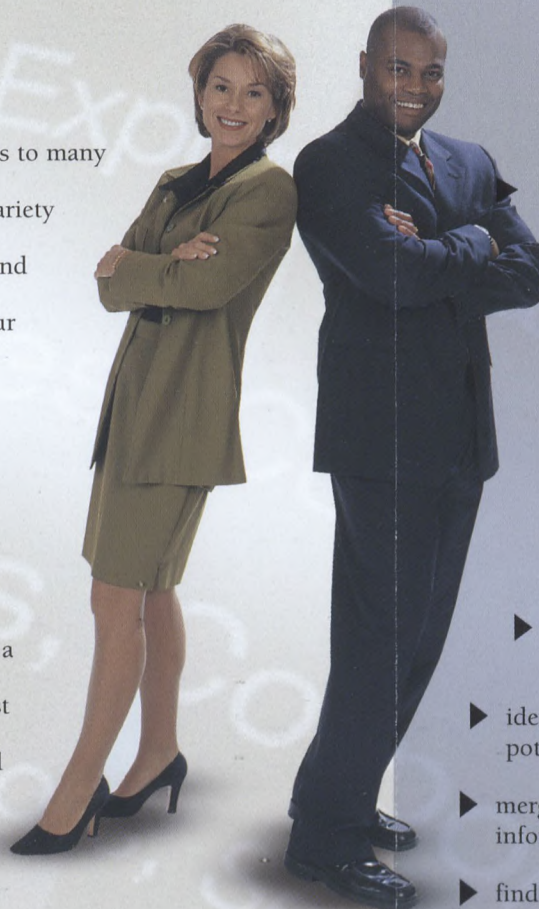

#### Government Contacts

**BusinessGateway.ca** has a comprehensive contact list that will point you toward the right government Web site, telephone number or e-mail address so that you can get answers to your business questions.

#### BusinessGateway.ca

Getting answers from government has never been easier.

Visit **BusinessGateway.ca** today.

**BusinessGateway.ca** will lead you to the information, tools and services that you need to:

- ▶ start a business, prepare a business plan, register your business;
- ▶ apply for government financing or private financial aid, obtain a small loan;
- ▶ file your taxes on-line — income, corporate, payroll, GST/HST, or retail sales;
- ▶ learn about current regulations for various businesses;
- ▶ identify business opportunities and the market potential for your goods and services;
- ▶ merge companies, acquire another company, get information about declaring bankruptcy;
- ▶ find a job, get training or sign on for retraining, select a career, upgrade your management skills, apply for a hiring subsidy;
- ▶ export, import, obtain a permit, market your products overseas;
- ▶ develop new products, discover new technology applications, protect your patents, copyrights, trademarks, or industrial designs;
- ▶ sell to the government, submit a bid, register on-line as a government supplier, access Merx — the government's database for receiving tenders.
