

All aboard for safety!

Create a web-based SchoolNet
GrassRoots **SAFETY**
project for your school.

SchoolNet GrassRoots
provides students from K to
12 with a new and unique
way to learn about rail safety
and other kinds of safety.

**CN is a proud sponsor
of the SchoolNet
GrassRoots Program.**

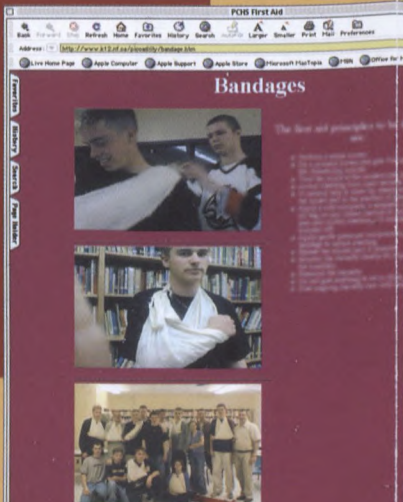

What is the SchoolNet GrassRoots Program?

- customized, collaborative, on-line classroom projects
- students taking charge of their learning
- teachers and students building the knowledge tools they need

Whether you're a beginner or a web expert, you and your students can develop **SchoolNet GrassRoots** projects and earn from \$300 to \$5,500 for your school.

As one of the safest railroads in North America, CN is committed to helping educate students about safety and to providing a safe environment in the communities where we operate.

At CN, safety is a core value.

CN supports and participates in safety awareness activities in communities across Canada and the U.S., including special programs to teach students about level crossing safety and the dangers of trespassing on railroad property. CN and its police service are also active in Operation Lifesaver, a public education program that teaches people about rail safety.
