# Contracting Policy Notice 2022-2: Amendments to Appendix D of the Directive on the Management of Procurement Related to the COVID-19 Vaccination of Supplier Personnel

---

**Date:** June 20, 2022

**To:** Senior Designated Officials for Procurement and Functional Heads of Procurement, Administration and Finance units at all departments

**Subject:** Amendments to Appendix D of the Directive on the Management of Procurement related to the COVID-19 vaccination of supplier personnel

## Overview

On June 14, 2022, the Government of Canada announced that the COVID-19 vaccination requirement for public servants is suspended effective June 20, 2022. To align with this change, the *Directive on the Management of Procurement* is amended to suspend the requirements in Appendix D5 in the section titled COVID-19 Vaccination Policy for Supplier Personnel.

As a result, effective June 20, 2022, departments are no longer required to follow the Public Services and Procurement Canada *COVID-19 Vaccination Policy for Supplier Personnel* and are not required to implement a control framework.
