1. Introduction

The *Privacy Act* provides Canadian citizens and people present in Canada the right of access to, and correction of, information about them that is held by the federal government. It also protects against unauthorized disclosure of that personal information. In addition, it strictly controls how the government will collect, use, store, disclose, and dispose of any personal information.

This report summarizes the activities of CanNor in implementing the *Act*, and fulfils the requirement under Section 72, which stipulates that the head of every government institution shall prepare for submission to Parliament an annual report on the administration of this *Act* within the institution during each financial year.

Mandate

CanNor works with partners to advance economic development in Canada's territories. The Agency supports, invests in and advocates for national, territorial and community level economic development; fosters growth and innovation; contributes to building capacity; and invests in foundational economic development projects in the territories. In addition, through the Northern Projects Management Office the Agency coordinates federal participation in the territorial environmental review processes and maintains the Crown consultation record for major projects.

The Agency works closely with all federal partners to advance a whole of government approach to economic development in the territories.

CanNor supports the implementation of the Government of Canada priorities and the mandate letter for the Minister of Northern Affairs, Minister Responsible for Prairies Economic Development Canada and Minister responsible for the Canadian Northern Economic Development Agency.

2. Organizational Structure

For the purposes of the *Privacy Act*, the President of CanNor has delegated powers, duties and functions under the *Act* to the Corporate Secretary who performs the role of ATIP Coordinator responsible for leading the ATIP Program. The ATIP Coordinator administers the *Act* with assistance from an Administrative Officer. During the reporting period, CanNor was not party to any service agreements under section 73.1 of the *Privacy Act*.

The ATIP Coordinator is accountable for the development, coordination, and implementation of effective policies, guidelines, systems, and procedures to meet responsibilities under the *Act*, and to permit processing requests, and disclosure of information. Additionally, the ATIP Coordinator provides strategic support and advice to the executive management of the Agency regarding the administration of the ATIP program, and is responsible for all privacy activities and operations pursuant to the *Act* such as:

- processing and responding to all formal requests and interdepartmental consultations under the *Privacy Act*;
- providing strategic advice to the Agency about privacy-related issues;
- preparing guidance documents in support of privacy legislation;

- updating and registering personal information banks;
- preparing the Annual Report to Parliament on the *Privacy Act*;
- training employees on their roles and responsibilities under the *Privacy Act*; and
- replying to informal inquiries.

3. Delegation Order

The President's *Privacy Delegation Order* (Annex A) was updated on March 23, 2020. It provides delegated authority to the Corporate Secretary and the Manager, IM/IT and Chief Information Officer.

4. Performance 2022-2023

CanNor's 2022-2023 Statistical Report on the *Privacy Act* is attached as Annex B. The following is an overview of key data on CanNor's performance for the fiscal year:

a) Requests Received Under the *Privacy Act*

CanNor received one new request during the 2022-2023 reporting period and one request was carried over from the 2021-2022 reporting period. Two requests were processed and closed. The closed requests were completed within 1 to 15 days and no existing records were found. No extensions were taken and CanNor closed all requests on time, leading to a 100% rate of completion within legislated timelines. No informal requests were received or processed outside the *Privacy Act* during this reporting period or during the past three reporting periods. CanNor has no active complaints.

The following table shows a comparison for the past three years with respect to Privacy requests received and outstanding.

Privacy Requests	2020-2021	2021-2022	2022-2023

c) Impacts of COVID-19-related Measures and Implemented Mitigation Measures

From the start of the pandemic, including the time period of April 1, 2022, to March 31, 2023, CanNor's ATIP Coordinator and Administrative Officer were provided with network access from their home in order to respond to Access to Privacy requests as well as consultation requests received from other Government of Canada institutions. Outside of periodic, locally mandated stay-at-home orders, office building access was available on an as needed basis in case any non-electronic documents or documents labelled "Secret" needed to be reviewed. However, the Agency did not receive any requests during this time period, therefore, COVID-19-related measures had no impact on its ability to fulfil its responsibilities under the *Privacy Act*.

5. Training and Awareness

Formal training was conducted during the CanNor Administrative Professionals Annual Training Meeting in January, 2023. This session captured all sectors of CanNor and focused on record collection, internal processes, timelines and exemptions. In addition, informal briefings were provided to CanNor Middle Managers on the administration of the *Privacy Act*. These were conducted one-on-one as needed by way of video or phone call.

6. Policies, Guidelines, Procedures and Initiatives

CanNor did not implement or amend any institution-specific Privacy policies, guidelines, procedures or initiatives during the reporting period. The Agency did not receive authority for any new collections or new consistent uses of Social Insurance Numbers during the reporting period.

7. Initiative and Projects to Improve Privacy

In addition to providing enhanced training to employees and managers on implementing the *Privacy Act*, the agency actively employs TBS approved technological tools, including Access Pro Case Management and the ATIP on-line portal, to efficiently process requests.

8. Summary of Key Issues and Actions Taken on Complaints or Audits

There were no complaints received concerning the administration of the *Privacy Act*, and no audits, investigations or appeals to the Federal Court were undertaken.

9. Material Privacy Breaches

No material privacy breaches occurred during the 2022-2023 reporting period.

10. Privacy Impact Assessment

During the reporting period, CanNor did not complete any *Privacy Impact Assessments* and no assessments were forwarded to the Office of the Privacy Commissioner.

11. Public Interest Disclosures

There were no disclosures pursuant to paragraph 8(2)(m) for the 2022-2023 period.

12. Monitoring Compliance

As the official responsible for completion timelines, the Corporate Secretary and ATIP Coordinator is made aware of new and outstanding requests on a continual basis. A shared request database is used when processing Privacy requests which tracks deadlines and allows for effective monitoring.
