

Gender-based analysis plus

Section 1: Institutional GBA Plus Governance and Capacity

The Office of the Commissioner for Federal Judicial Affairs Canada (FJA) has conducted Gender-Based Analysis (GBA) plus as part of its governance structure activities. This analysis did not identify a need for a detailed GBA Plus implementation plan. No major initiatives relating to GBA Plus were undertaken for the 2022-23 fiscal year, as FJA's program inventory does not include programs that provide services or benefits to individual Canadians.
