SELECTED CENTRES

PREPARED BY:

Research & Information Services

This document lists manufacturing establishments listed in:

Nova Scotia Directory of Manufacturers 1972-73  
Department of Development, Government of Nova Scotia

New Brunswick Manufacturers and Products, 1974  
Department of Economic Growth, N.B.

Scott's Industrial Directory of Western Manufacturers 2nd Edition 1973-74\*

Scott's Industrial Directory of Ontario Manufacturers Oct. 1974 9th Edition\*

Scott's Quebec Industrial Directory 1973-74 6th Edition\*

Scott's Industrial Directory of Ontario Manufacturers Oct. 1974 9th Edition\*

for selected centres.

Not all establishments listed in these documents for those centres are included. Excluded are food processors, livestock feed processors, printers and publishers, advertizing and sign manufacturers, clothing manufacturers and all firms with fewer than five employees. Because of the large number of firms located in Winnipeg only those with twenty or more employees are listed for that city.

The notation \*(USA) following a firm's name indicates that its parent company is located in that country. Similarly \*(ENG) indicates that the parent company is located in England. The absence of these notations does not necessarily mean, however, that the firm is Canadian owned.
