ALPHABETICAL INDEX

1990 to 1992

MAY 1992

EXPLANATORY NOTES

INTRODUCTION

These reports are part of a continuing series designed to increase awareness of the potential existing for production in Canada and to assist business and other organizations in their market research of specific products.

Depending on the availability of data, these reports can include the following information on a specific product(s): value, quantity and unit price of Canadian imports (in some instances four-year trends), imports by product characteristics, foreign countries of export or origin, Canadian production, Canadian exports, market summary, U.S. imports, names of Canadian importers and suppliers, names and values of foreign exporters to Canada, Canadian tariffs.

COMMODITY CLASSIFICATION

Canadian Trade statistics are classified and published according to the International Convention on the Harmonized Commodity and Description Coding System (H.S.), as defined by the Canadian Customs Tariff and Statistical Nomenclature.

Copies of the listed Market Intelligence reports or additional copies of this index are available by contacting:

Market Intelligence and Technology Opportunities Service
