## Vol. 71 No. 3613

---

### General Information

---

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

---

### Electronic *Trademarks Journal*

---

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

---

### Official Languages

---

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

---

### Filing Dates

---

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

---

## Nice Classification

---

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

---

## Opposition

---

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

(1) Common metals and their alloys; metal materials for building and construction, namely metal reinforcement materials for construction; transportable buildings of metal, namely steel frames for concrete and steel panels for construction; materials of metal for railway tracks; non-electrical cables and wires of metal for construction; ironmongery, small items of metal hardware, namely brackets of metal for construction, locks of metal for doors, other than electric, pipe muffs of metal, rivets of metal, door bolts of metal, joints of metal for connecting pipes, rods of metal for brazing and welding, door knobs of metal, non-electrical wire ropes, collars of metal for fixing pipes, tiles of metal for construction, hinges of metal, ropes of metal, beams of metal; drain pipes of metal for construction, branching pipes of metal for construction; ores; prefabricated elements of metal for construction, namely tanks of metal, sheets of metal, duckboards of metal, reinforcement plates of metal, tiles of metal, trellises of metal; metal mechanical earth stabilization structures, namely metal wallboards, metal wallboards for the cladding of structures in mechanically stabilized earth, preformed metal casting, namely casting alloys, formwork for concrete; metal earth retaining structures, namely wall panels of metal, preformed metal formwork for concrete, retaining walls of metal; metallic retaining walls; metal frames for the construction of civil engineering structures,

namely metal framing, formwork and walls; metal panels for construction; metal panels for lining mechanically stabilized ground structures; metal panels for lining mechanical earth stabilization structures; ground nails made of common metals; packaging and bookbinding strips of metal, metal nails, metal bars, namely bars for locking doors of metal and bars for loading ramps and access ramps of metal, metal plates, namely armour plating of metal for construction.

### **Class 19**

(2) Constructions entirely and mainly not of metal, namely transportable precast concrete buildings, prefabricated transportable cement and concrete columns, railroad ties, not of metal; rigid pipes for construction, not of metal, namely concrete drain pipes and rigid pipes made of PVC; transportable buildings, not of metal, namely prefabricated concrete vaults, frames made of synthetic materials for the construction industry; non-metal mechanical earth stabilization structures, namely concrete slabs, concrete walls, concrete blocks, concrete wallboards for the cladding of mechanical stabilizing earth structures, non-metal ground coverings used to mechanically stabilize the earth; non-metal earth retaining structures, namely concrete retaining walls, concrete slabs, concrete blocks; non-metal retaining walls; non-metal materials used in the construction of civil engineering structures, namely concrete, grout, backfill soil, building stone, wooden, plastic, vinyl trellises for construction; non-metal frames for the construction of civil engineering structures, namely concrete walls and non-metallic vinyl, plastic, wooden framing; non-metal panels for lining mechanically stabilized ground structures, namely concrete panels; non-metal panels for lining mechanical earth stabilization structures, namely concrete panels; concrete panels; concrete blocks, concrete panels, concrete walls, concrete tanks and silos, used in the construction of civil engineering structures, namely masonry walls, portable walls, roads, tunnels, bridges, canals, embankments, dams, tanks, silos, street gutters.

### **Services**

### **Class 37**

(1) Construction of buildings, roads, bridges, walls and structures made of masonry; installation of prefabricated construction elements in the form of walls, floors, panels, blocks, slabs and installation of construction framing; execution of public works and engineering structures, namely masonry walls, portable walls, roads, tunnels, canals, embankments, dams, tanks, silos, street gutters, digging of trenches for underground walls and tunnels, drilling of piles and trenches; construction, repair, maintenance and demolition of buildings and civil engineering structures, namely masonry walls, portable walls, roads, tunnels, bridges, canals, embankments, dams, tanks, silos, street gutters; construction, maintenance and repair of roads, roadways, pedestrian paths and runways, bridges, bridge abutments, stabilized ground structures, namely metal construction elements and panels and concrete construction elements and panels, concrete castings, concrete retaining walls, concrete blocks, concrete slabs, mechanical earth stabilization structures, namely metal construction elements and panels and concrete construction elements and panels, metal formwork and non-metal formwork for concrete, concrete castings, concrete retaining walls, concrete blocks, concrete slabs, earth stabilization devices, embankments, retaining walls, dams, tunnels, street gutters, enclosures in the form of wall systems used for the separation and containment of the environment, retention ponds, tanks, silos and historical landmarks; injection of grout into the ground for consolidation and sealing purposes; installation of metal and non-metal frames for construction and tiebacks for soil consolidation; cladding construction and installation services, namely metal panels, concrete panels, metal formwork and non-metal formwork for concrete on construction structures and retaining structures; earthmoving for the construction of buildings, roads, bridges, walls and structures made of masonry; land clearing; dredging; supervision in the field of construction; rental of construction machinery; information related to the

construction of buildings and civil engineering structures, namely masonry walls, portable walls, roads, tunnels, bridges, canals, embankments, dams, tanks, silos, street gutters; information related to the repair of buildings and civil engineering structures, namely masonry walls, portable walls, roads, tunnels, bridges, canals, embankments, dams, tanks, silos, street gutters.

### **Class 42**

(2) Engineering services in the field of construction; engineering services, namely analysis and expertise in the field of the construction of buildings and civil engineering structures, namely masonry walls, portable walls, roads, tunnels, bridges, canals, embankments, dams, tanks, silos, street gutters; engineering services, namely technical advice and technical assistance for the construction of buildings and civil engineering structures, namely masonry walls, portable walls, roads, tunnels, bridges, canals, embankments, dams, tanks, silos, street gutters; drafting of construction plans; technical project studies and analysis of technical data, namely engineering services in the field of building construction and civil engineering structures, namely masonry walls, portable walls, roads, tunnels, bridges, canals, embankments, dams, tanks, silos, street gutters; structural behaviour analysis for construction materials; soil analysis services; monitoring and analysis of structural properties of construction materials, engineering structures and civil engineering structures, namely masonry walls, portable walls, roads, tunnels, bridges, canals, embankments, dams, tanks, silos, street gutters; monitoring and analysis of soil behaviour; conduct of geological tests on developable land; monitoring and analysis of structural properties of building structures, engineering structures and civil engineering structures, namely masonry walls, portable walls, roads, tunnels, bridges, canals, embankments, dams, tanks, silos, street gutters; consulting services in civil engineering and industrial engineering in the fields of soil stabilization and sanitation; expertise (engineering work) and technical advice in the field of mechanical soil stabilization, soil restraint and retaining walls; engineering services related to soil excavation, land clearing, soil drainage, soil improvement, land development and dredging.
