Trademarks Journal

2024-12-18 — Vol. 71 No. 3660

# Trademarks Journal

## Vol. 71 No. 3660

---

### General Information

---

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

---

### Electronic *Trademarks Journal*

---

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

---

### Official Languages

---

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

---

### Filing Dates

---

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

---

## Nice Classification

---

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

---

## Opposition

---

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

#### Class 09

Electronic terminals for the display of information and/or the sale of goods, services, namely interactive terminals for the display of information and the sale of goods and services; remote recognition terminals for the payment of services sold, namely remote recognition terminals for the payment of vehicle parking services, namely by means of magnetic identification cards, contactless smart cards, smart personal identification cards, barcodes, connected watches with radio identification (RFID), licence plate recognition, quick response codes, biometric recognition, systems for bidirectional data exchange over a very short distance (using UHFs), WiFi communication systems, grille recognition systems, dedicated short range communication (DSRC) systems, mobile phones with a near field communication (NFC) system; interactive information terminals, namely interactive information display terminals; electronic automata used for distributing parcels and products, namely electronic parcel and goods distributors; electronic parking terminals, including electronic parking terminals in car parks; memory cards for use with parking terminals; parking metres including parking metres with electronic memory; parking metres activated by the introduction of magnetic cards, coins or tokens; parking metres activated by electronic memory cards; parking metres with multiple communication media; parking metres activated by microprocessor cards; pay-and-display machines, namely street parking pay-and-display machines; electronic parking passes; electronic apparatus for the management of vehicle parking, on the street and in car parks, namely automatic cash registers; electronic security apparatus for access to vehicle parking management apparatus, namely, smart card readers with management software for controlling the parking of vehicles; electronic entry access apparatus for parking facilities, namely electronic access control systems for parking facilities; communication terminals, computers, servers and software, namely computer terminals for the management of parking facilities; electronic communication apparatus between pay-and-display machines and a mainframe computer, namely biometric time clocks with a software to communicate information between a pay-and-display machine and a mainframe computer; electronic communication apparatus (communication subsets) to be used in pay-and-display machines, namely electronic payment terminals with a communication software to be used in pay-and-display machines; electronic apparatus for issuing public transit passes; software intended for issuing public transit passes; transport tickets being electronic memory cards for access to public transit;

communication terminals, computers, servers and software, namely computer terminals for the management of electronic apparatus for issuing public transit passes; communication terminals, computers, servers and software, namely computer terminals for the tracking, management and delivery of parcels and goods; electronic apparatus for reading and writing memory cards used for parking terminals, parking meters, pay-and-display machines, electronic apparatus for issuing public transit passes, namely smart card readers for parking terminals, parking meters, pay-and-display machines, electronic apparatus for issuing public transit passes; apparatus for the transmission vehicle parking data, data associated with the charging of electric vehicles, ticketing data, namely charging stations for electric vehicles with a software for the transmission of vehicle parking data, data associated with the charging of electric vehicles, ticketing data; computer apparatus and electronic apparatus for the navigation, orientation, locating, positioning of available parking spaces, vehicle charging stations, in particular by satellite geolocation, namely electronic geolocation apparatus enabling the locating of available parking spaces and vehicle charging stations; computer interfaces and software (recorded programs) for electronic payment transactions, namely e-commerce software enabling users to perform electronic business transactions via a global computer network, electronic machines for reading credit cards and recording financial transactions; software for account management, namely software for time management, activity logs and expense accounts; electronic payment instruments and apparatus, namely terminals enabling users to carry out electronic payment transactions; automatic ticket dispensers; magnetic payment, credit and debit cards and microprocessor payment, credit and debit cards; software for accessing computer databases, telecommunication services, computer networks and electronic display boards, namely software for accessing and searching databases and websites online, computer networks and display boards; downloadable software for providing and monitoring information regarding the distribution and delivery of prepayment apparatus, namely software for the administrative processing the delivery and the transport of goods.

## **Services**

### **Class 35**

(1) Business management assistance, business expertise, namely expertise services related to business productivity in the field of parking, electric vehicle charging stations and ticketing; provision of commercial and marketing information, namely advice and information concerning business management and commercial marketing consulting services in the field of the parking of vehicles, charging of electric vehicles and ticketing; subscription to a telephone service, subscription to a database, subscription to a database server; collection and systematization of data in a central file, namely computerized database management; computer file management; computer file management, in particular via the Internet, extranets or intranets; retail of transport tickets, vehicle reservation tickets, parking spaces, gas cylinders, in particular via the Internet, intranets or extranets; promotion of the goods and services of others through discount card and discount coupon programs; management of a discount program enabling participants to obtain discounts on goods and services; loyalty program services, namely administration of an incentive, reward and loyalty program.

### **Class 36**

(2) Payment services, by means of mobile telephone or via the Internet, for parking fees, the charging of electric vehicles, transport tickets; provision of electronic funds transfer services; information, consulting services related to payment, namely information and consulting services relating to the use of payment cards; online payment services over an electronic communication network, namely online billing and fee payment services; financial services related to bank cards, credit cards, debit cards and electronic payment cards, namely payment card services.

**Class 37**

(3) Maintenance (servicing, repair) services for electronic information terminals, namely electronic terminals enabling the management of automobile fleets, payment terminals for the payment of services sold, interactive terminals enabling access to information regarding electronic automata used to distribute parcels and products, parking terminals, parking meters, pay-and-display machines, electronic apparatus for the management of vehicle parking, namely automatic cash registers, electronic security access devices for apparatus for the management of vehicle parking, namely electronic access control systems for parking facilities, electronic access control apparatus for parking facilities, namely, electronic access control systems for parking facilities electronic apparatus for communication between pay-and-display machines and a mainframe computer, namely smart card readers featuring a software for communicating information between a pay-and-display machine and a mainframe computer, electronic communication apparatus (communication subsets) to be used in pay-and-display machines, namely smart card readers with a communication software intended to be used in pay-and-display machines, electronic apparatus for issuing public transit passes, electronic apparatus for reading and writing memory cards, namely smart card readers, used for parking terminals, parking meters, pay-and-display machines, electronic apparatus for issuing public transit passes.

**Class 38**

(4) Transmission services for data from parking terminals, parking meters, pay-and-display machines, automatic pay stations for parking facilities, vehicle charging stations and electronic apparatus for issuing public transit passes shared to a central computer (one or multiple computers) for the real-time management of parking facilities, electric vehicle charging stations and seats in public transit; transmission and reception of information, messages, via mobile phones, namely wireless electronic transmission of voice messages, text messages, digital images via the Internet and by means of wireless and cellular networks; transmission of information originating from a computer data bank, namely electronic transmission of information contained in computer data banks; information transmission services regarding current events via mobile phone, namely electronic transmission of information regarding current events in the field of transport and parking lots by means of wireless and cellular networks; call centre services, namely telephone communication services provided via hotlines and call centres; telecommunication services namely telecommunications via computer terminals, in-vehicle wireless telematics, radio, telegraph, telephone services, in relation to vehicle parking, the rental of parking spaces, public transit, carpooling, car sharing, car rental; information related to telecommunications namely transfer of multimedia feed in relation to vehicle parking, the rental of parking spaces, public transit, carpooling, car sharing, car rental; electronic display services (telecommunications), namely services enabling the transmission and display of data in relation to vehicle parking, the rental of parking spaces, public transit, carpooling, car sharing, car rental; information transmission services by all telecommunication means, namely satellite transmission of telephone signals, satellite transmission of radio and television programs, relating to vehicle parking, the rental of parking spaces, public transit, carpooling, car sharing, car rental.

**Class 39**

(5) Provision of parking facilities; reservation of public transit passes by means of automatic electronic apparatus; vehicle parking facility services; reservation of parking spaces provided online via the Internet or mobile telephone; provision of information relating to available parking spaces; navigation services for vehicles to available parking spaces, parking terminals, electric vehicle charging stations; information related to transport, travel and vehicle rental, namely provision of transport information and advice for travel and trips by airplane, train, boat, bus,

streetcar and truck for leisure, recreation, tourism, holiday and vacation travel; vehicle parking space rental; vehicle parking and road traffic information services; information related to mobility, namely car sharing, carpooling, vehicle rental, charging stations for electric cars; rental of vehicles; rental of cycles; information related to vehicle and cycle rental; rental services for vehicle equipment and accessories, namely rental of vehicle roof racks, child safety seats for vehicles, electronic geolocation apparatus.

**Class 42**

(6) Development (design) of software and databases for operating or controlling apparatus for the management of vehicle parking, apparatus for issuing public transit passes, interactive terminals; software and database updating services for operating and controlling apparatus for the management of vehicle parking, apparatus for issuing public transit passes, interactive terminals, computer programming services for electronic memory cards for vehicle parking management apparatus.

#### Class 09

Electronic terminals for the display of information and/or the sale of goods, services, namely interactive terminals for the display of information and the sale of goods and services; remote recognition terminals for the payment of services sold, namely remote recognition terminals for the payment of vehicle parking services, namely by means of magnetic identification cards, contactless smart cards, smart personal identification cards, barcodes, connected watches with radio identification (RFID), licence plate recognition, quick response codes, biometric recognition, systems for bidirectional data exchange over a very short distance (using UHF), WiFi communication systems, grille recognition systems, dedicated short range communication (DSRC) systems, mobile phones with a near field communication (NFC) system; interactive information terminals, namely interactive information display terminals; electronic automata used for distributing parcels and products, namely electronic parcel and goods distributors; electronic parking terminals, including electronic parking terminals in car parks; memory cards for use with parking terminals; parking metres including parking metres with electronic memory; parking metres activated by the introduction of magnetic cards, coins or tokens; parking metres activated by electronic memory cards; parking metres with multiple communication media; parking metres activated by microprocessor cards; pay-and-display machines, namely street parking pay-and-display machines; electronic parking passes; electronic apparatus for the management of vehicle parking, on the street and in car parks, namely automatic cash registers; electronic security apparatus for access to vehicle parking management apparatus, namely, smart card readers with management software for controlling the parking of vehicles; electronic entry access apparatus for parking facilities, namely electronic access control systems for parking facilities; communication terminals, computers, servers and software, namely computer terminals for the management of

parking facilities; electronic communication apparatus between pay-and-display machines and a mainframe computer, namely biometric time clocks with a software to communicate information between a pay-and-display machine and a mainframe computer; electronic communication apparatus (communication subsets) to be used in pay-and-display machines, namely electronic payment terminals with a communication software to be used in pay-and-display machines; electronic apparatus for issuing public transit passes; software intended for issuing public transit passes; transport tickets being electronic memory cards for access to public transit; communication terminals, computers, servers and software, namely computer terminals for the management of electronic apparatus for issuing public transit passes; communication terminals, computers, servers and software, namely computer terminals for the tracking, management and delivery of parcels and goods; electronic apparatus for reading and writing memory cards used for parking terminals, parking meters, pay-and-display machines, electronic apparatus for issuing public transit passes, namely smart card readers for parking terminals, parking meters, pay-and-display machines, electronic apparatus for issuing public transit passes; apparatus for the transmission vehicle parking data, data associated with the charging of electric vehicles, ticketing data, namely charging stations for electric vehicles with a software for the transmission of vehicle parking data, data associated with the charging of electric vehicles, ticketing data; computer apparatus and electronic apparatus for the navigation, orientation, locating, positioning of available parking spaces, vehicle charging stations, in particular by satellite geolocation, namely electronic geolocation apparatus enabling the locating of available parking spaces and vehicle charging stations; computer interfaces and software (recorded programs) for electronic payment transactions, namely e-commerce software enabling users to perform electronic business transactions via a global computer network, electronic machines for reading credit cards and recording financial transactions; software for account management, namely software for time management, activity logs and expense accounts; electronic payment instruments and apparatus, namely terminals enabling users to carry out electronic payment transactions; automatic ticket dispensers; magnetic payment, credit and debit cards and microprocessor payment, credit and debit cards; software for accessing computer databases, telecommunication services, computer networks and electronic display boards, namely software for accessing and searching databases and websites online, computer networks and display boards; downloadable software for providing and monitoring information regarding the distribution and delivery of prepayment apparatus, namely software for the administrative processing the delivery and the transport of goods.

## **Services**

### **Class 35**

(1) Business management assistance, business expertise, namely expertise services related to business productivity in the field of parking, electric vehicle charging stations and ticketing; provision of commercial and marketing information, namely advice and information concerning business management and commercial marketing consulting services in the field of the parking of vehicles, charging of electric vehicles and ticketing; subscription to a telephone service, subscription to a database, subscription to a database server; collection and systematization of data in a central file, namely computerized database management; computer file management; computer file management, in particular via the Internet, extranets or intranets; retail of transport tickets, vehicle reservation tickets, parking spaces, gas cylinders, in particular via the Internet, intranets or extranets; promotion of the goods and services of others through discount card and discount coupon programs; management of a discount program enabling participants to obtain discounts on goods and services; loyalty program services, namely administration of an incentive, reward and loyalty program.

**Class 36**

(2) Payment services, by means of mobile telephone and via the Internet, for parking fees, the charging of electric vehicles, transport tickets; provision of electronic funds transfer services; information, consulting services related to payment, namely information and consulting services relating to the use of payment cards; online payment services over an electronic communication network, namely online billing and fee payment services; financial services related to bank cards, credit cards, debit cards and electronic payment cards, namely payment card services.

**Class 37**

(3) Maintenance (servicing, repair) services for electronic information terminals, namely electronic terminals enabling the management of automobile fleets, payment terminals for the payment of services sold, interactive terminals enabling access to information regarding electronic automata used to distribute parcels and products, parking terminals, parking meters, pay-and-display machines, electronic apparatus for the management of vehicle parking, namely automatic cash registers, electronic security access devices for apparatus for the management of vehicle parking, namely electronic access control systems for parking facilities, electronic access control apparatus for parking facilities, namely, electronic access control systems for parking facilities electronic apparatus for communication between pay-and-display machines and a mainframe computer, namely smart card readers featuring a software for communicating information between a pay-and-display machine and a mainframe computer, electronic communication apparatus (communication subsets) to be used in pay-and-display machines, namely smart card readers with a communication software intended to be used in pay-and-display machines, electronic apparatus for issuing public transit passes, electronic apparatus for reading and writing memory cards, namely smart card readers, used for parking terminals, parking meters, pay-and-display machines, electronic apparatus for issuing public transit passes.

**Class 38**

(4) Transmission services for data from parking terminals, parking meters, pay-and-display machines, automatic pay stations for parking facilities, vehicle charging stations and electronic apparatus for issuing public transit passes shared to a central computer (one or multiple computers) for the real-time management of parking facilities, electric vehicle charging stations and seats in public transit; transmission and reception of information, messages, via mobile phones, namely wireless electronic transmission of voice messages, text messages, digital images via the Internet and by means of wireless and cellular networks; transmission of information originating from a computer data bank, namely electronic transmission of information contained in computer data banks; information transmission services regarding current events via mobile phone, namely electronic transmission of information regarding current events in the field of transport and parking lots by means of wireless and cellular networks; call centre services, namely telephone communication services provided via hotlines and call centres; telecommunication services namely telecommunications via computer terminals, in-vehicle wireless telematics, radio, telegraph, telephone services, in relation to vehicle parking, the rental of parking spaces, public transit, carpooling, car sharing, car rental; information related to telecommunications namely transfer of multimedia feed in relation to vehicle parking, the rental of parking spaces, public transit, carpooling, car sharing, car rental; electronic display services (telecommunications), namely services enabling the transmission and display of data in relation to vehicle parking, the rental of parking spaces, public transit, carpooling, car sharing, car rental; information transmission services by all telecommunication means, namely satellite transmission of telephone signals, satellite transmission of radio and television programs, relating to vehicle parking, the rental of parking spaces, public transit, carpooling, car sharing, car rental.

**Class 39**

(5) Provision of parking facilities; reservation of public transit passes by means of automatic electronic apparatus; vehicle parking facility services; reservation of parking spaces provided online via the Internet and mobile telephone; provision of information relating to available parking spaces; navigation services for vehicles to available parking spaces, parking terminals, electric vehicle charging stations; information related to transport, travel and vehicle rental, namely provision of transport information and advice for travel and trips by airplane, train, boat, bus, streetcar and truck for leisure, recreation, tourism, holiday and vacation travel; vehicle parking space rental; vehicle parking and road traffic information services; information related to mobility, namely car sharing, carpooling, vehicle rental, charging stations for electric cars; rental of vehicles; rental of cycles; information related to vehicle and cycle rental; rental services for vehicle equipment, namely rental of vehicle roof racks, child safety seats for vehicles, electronic geolocation apparatus.

**Class 42**

(6) Development (design) of software and databases for operating or controlling apparatus for the management of vehicle parking, apparatus for issuing public transit passes, interactive terminals in the field of vehicle parking, electric vehicle charging and ticketing; software and database updating services for operating and controlling apparatus for the management of vehicle parking, apparatus for issuing public transit passes, interactive terminals in the field of vehicle parking, electric vehicle charging and ticketing, computer programming services for electronic memory cards for vehicle parking management apparatus.

### Goods

#### Class 03

(1) Body wash; soap, namely bar soap, cakes of soap, body soap, body soaps in liquid, solid and gel form, bath soap, bath soaps in liquid, solid and gel form, hand soap, hand soaps in liquid, solid and gel form, skin soap, deodorant soap; shampoo; hair and skin conditioners; body lotion; essential oils for aromatherapy; essential oils for personal use; essential oils for food flavouring; Essential oils for aromatherapy, moisturizing balms, body lotions, moisturizing body sprays, all containing cannabis plant derivatives

#### Class 05

(2) Medicinal marijuana and medicinal cannabis and derivatives thereof, namely medicinal cannabis edible oils, edible butters and hashes, resins, concentrates, and oils; Analgesic balms, salves, body lotions, body sprays, mouth sprays and ointments; analgesic balms, and tinctures containing cannabis plant derivatives; herbal and dietary supplements and herbal tinctures and herbal tonics for promoting general health and well being and the relief of pain; antibacterial soap, disinfectant soap; medicinal hemp and hemp derivatives

#### Class 06

(3) Storage boxes of metal; non-metal decorative deck storage boxes, namely, storage boxes of metal to store and organize outdoor equipment

#### Class 08

(4) Pocket knives, wire cutters and pliers for camping, fishing and hunting

#### Class 09

(5) Electronic publications, namely newsletters, brochures, reports and guides in the field of marijuana, medical marijuana and cannabis; protective eyewear for hunting fishing and sporting activities; optical goods, namely, eyeglasses, sunglasses, reading glasses, eyeglass cases, sunglass cases, eyeglass frames, sunglass frames; sunglasses designed for use primarily for hunting, camping, fishing and sporting activities; sunglass and eyeglass cords; eyeglass leashes,

namely, retaining cords for eyeglasses and sunglasses; smoking products and accessories, namely scales

**Class 11**

(6) Flashlights; flashlights for hunting, fishing and camping; camp stoves, namely, portable charcoal, propane and gas fired barbecues; stoves and grills for camping; lighting lanterns used for camping; lamps namely lamp bases, lamp bulbs, lamp glasses, lamp oils, lamp burners, lamp shades, lamp wicks, lamp burners, incandescent lamps, head lamps, halogen lamps, floor lamps, electric lamps, desk lamps, bicycle lamps, gas lamps, infrared lamps, LED flashlights

**Class 12**

(7) Canoes, kayaks, inflatable rafts for camping and fishing; cartop carrier kits for kayaks and canoes; paddles namely kayak paddles, canoe paddles, stand-up paddle-board paddles, and rafting paddles and oars; kayak, canoe and boat accessories, namely, fitted canvas covers and enclosures, and kayak sprayskirts for use in watersports to deflect water

**Class 16**

(8) Magazines, books and newsletters; Printed publications, namely newsletters, brochures, reports and guides in the field of marijuana, medical marijuana and cannabis; storage boxes of cardboard

**Class 18**

(9) Boxes of leather, leatherboard, and imitation leather

**Class 20**

(10) Camping tables, chairs and pillows; inflatable air mattress for use when camping; roll-up mattresses for use when camping; furniture, namely, couches, sofas, chairs, tables, cushions including seat cushions, bench cushions and cushions for furniture; camping cots; wood chests and storage boxes of wood, plastic and glass; foam mattress pad for use when camping; accent pillows; furniture mirrors; figurines of plaster, plastic, fabric, and wood; picture frames; firewood racks; decorative throw pillows; inflatable air mattress for recreational use; foam float mattress and pad for recreational use; non-metal decorative deck storage boxes, namely, storage boxes of wood, glass and plastic to store and organize outdoor equipment

**Class 21**

(11) Camping grills; toothbrush holders; tissue holders; waste paper baskets

**Class 22**

(12) Tents; canvas canopies

**Class 24**

(13) Blankets; pillowcases; bedding, namely, bed canopies, bed blankets, bed linens, bed covers and bed sheets; towels namely bath and shower towels, beach towels; beach blankets; comforters; picnic blankets

**Class 29**

(14) Edible oils and edible butters containing cannabis; edible oils derived from hemp

**Class 30**

(15) Candies; sugar confectionery; chocolate confectionery; coffee; tea; energy bars; baked goods, namely cakes, cereal bars, biscuits, muffins, cupcakes, brownies, cookies; candies; teas; food

products, namely cakes, cereal bars, cookies, brownies, muffins, cupcakes, chocolate, chocolates, chocolate confectionery, sugar confectionery, candies and biscuits, all containing cannabis plant derivatives; granola-based snack food and bars; cereal-based snack food; rice-based snack food

### **Class 31**

(16) Live plants; live plants and seeds for horticultural purposes; cannabis plants; cannabis seeds; live hemp plants; fresh cannabis; fresh marijuana

### **Class 32**

(17) Energy drinks; carbonated soft drinks; carbonated water; fruit-flavoured beverages; fruit drinks and juices; non-alcoholic tonic drinks containing cannabis plant derivatives; non-alcoholic beverages infused with cannabis plant derivatives, namely non-alcoholic fruit-based beverages, smoothies, fruit-flavoured beverages, beverages flavoured with tea, beverages flavoured with coffee, carbonated beverages, water, carbonated water, flavoured waters and effervescent water infused with terpenoids, terpenes, cannabidiol, tetrahydrocannabinol, cannabinoids, and flavonoids derived from cannabis

### **Class 34**

(18) Dried cannabis; cannabis derivatives, namely terpenes, terpenoids, flavonoids, cannabidiol, and cannabinoids for smoking and vaporizing; Dried marijuana, marijuana derivatives, namely terpenes, terpenoids, flavonoids, cannabidiol, and cannabinoids for smoking and vaporizing; Cannabis extracts, namely, hashish, resins and oils for smoking and vaporizing; Hemp for smoking and vaporizing; Herbs for smoking; smoking products and accessories, namely, smoking pipes, electronic smoking pipes, water pipes, oral vaporizers, herb grinders, lighters, matches, ashtrays, cigarette rolling papers; cannabis products, namely, oils, salves, concentrated pastes and tinctures containing cannabinoids for smoking and vaporizing

### **Services**

#### **Class 35**

(1) Sale of medical cannabis, cannabis and marijuana; online sale of medical marijuana, marijuana and cannabis; retail sale of medical marijuana, marijuana and cannabis; developing advertising and marketing strategies and concepts for others; Business services, namely development of branding and marketing strategies and concepts for others; business consulting in the field of marijuana and cannabis

#### **Class 40**

(2) Processing of cannabis; processing of marijuana for medical purposes

#### **Class 41**

(3) Conferences, exhibitions, educational events in the field of marijuana and cannabis; providing entertainment news and educational information in the field of cannabis and cannabis culture via a website; providing entertainment news and educational information in the field of cannabis and cannabis culture via a blog

#### **Class 42**

(4) Scientific research in the field of marijuana and cannabis; product development in the field of marijuana and cannabis

#### **Class 44**

(5) Cultivation, breeding, production of marijuana for medical purposes; plant seeding; plant nurseries; operation of a medical marijuana dispensary

## Goods

### Class 01

(1) Chemicals used in agriculture, horticulture, forestry, industrial applications, science and photography; unprocessed artificial resins, unprocessed plastics; fire extinguishing and fire prevention compositions; tempering and soldering preparations; substances for tanning animal skins and hides; adhesives for use in agriculture, horticulture and forestry industries; putties, namely, acrylic putty and powder-based putty for use in construction, glazing putty, painting putty for wood, firestopping putty, epoxy putty for steel bonding, plumbers' putty, adhesive cements, and past fillers for woodworking; compost, manures, fertilizers; biological preparations assays and kits for use in fields of biological and diagnostic testing for industrial and scientific applications research use.

### Class 02

(2) wood lacquers; paint and lacquer glazes; preservatives against rust and against deterioration of wood; textile dyes, direct dyes, alcohol soluble dyes, oil soluble dyes, tattoo dyes, food dyes, fabric dyes and clothing dyes, food colorants, textile colorants; printing inks, engraving inks, screen

printing inks, pad printing inks, inks for printers and photocopiers, metallic printing inks and toner cartridges, filled, for printers and photocopiers; raw natural resins; metals in foil and powder form for use in painting, decorating, printing and art; varnishes, acrylic varnish, polymer varnish; interior paint, exterior paint, spray paint, oil paint, acrylic paint, body paint

### **Class 03**

(3) cosmetics, body lotions, make-up, shampoos, toiletries; non-medicated dentifrices; essential oils for aromatherapy, perfumes, perfume oils and essential oils being food flavourings; laundry starch, laundry detergents, fabric softeners for laundry use, bleaching preparations for laundry use, laundry bleach, rinsing agents for laundry, colorants for washing and bleaching clothes and laundry soap; cleaning, polishing, scouring and abrasive preparations

### **Class 04**

(4) Industrial wax, industrial lubricating oils, industrial lubricants, lubricating oils for industrial purposes, cutting oils, wax emulsions for industrial purposes and wax powders for industrial purposes; industrial lubricants, automotive lubricants, all purpose lubricants, lubricants for machines, drilling lubricants and all purpose lubricants; dust absorbing, wetting and binding compositions to control dust pollution; motor fuel, lighting fuel, gasoline, biofuel and petroleum; illuminants namely motor fuel, lighting fuel, gasoline, biofuel and petroleum; candles and wicks for lighting

### **Class 05**

(5) Pharmaceuticals, medical and veterinary preparations namely clinical diagnostic reagents, medical diagnostic reagents, diagnostic preparations for medical laboratory use, pharmaceutical preparations for treating diabetes, pharmaceuticals for treating the symptoms of radiation sickness, vitamin preparations, pharmaceutical preparations for treating hypoglycemia, pharmaceutical preparations for the treatment of autoimmune diseases, veterinary pharmaceutical preparations for periodontal diseases, anti-diabetic pharmaceuticals, intravenous fluids used for rehydration, nutrition and the delivery of pharmaceutical preparations, pharmaceutical preparations for treating sunburn, pharmaceutical cold preparations, veterinary vaccines, intravenous fluids used for the delivery of pharmaceutical preparations, blood for medical purposes, veterinary pharmaceutical preparations for udder care, guaiacol for pharmaceutical purposes, antibiotics for veterinary purposes, fodder supplements for veterinary purposes, empty capsules for pharmaceutical purposes, veterinary diagnostic reagents, blood substitutes for medical or veterinary purposes, lupulin for pharmaceutical purposes, blood culture media for medical and veterinary purposes, veterinary pharmaceutical preparations for the treatment of nutritional muscular dystrophy, pharmaceutical preparations for the treatment of infectious diseases in poultry, antibiotics for veterinary purposes, veterinary pharmaceutical preparations for the treatment of vitamin deficiencies, veterinary pharmaceutical preparations for the treatment of parasites, veterinary pharmaceutical preparations for animals and poultry to give newborn animals and birds a healthy start, veterinary pharmaceutical preparations for respiratory and reproductive diseases in cattle, veterinary pharmaceutical preparations for the treatment of bacterial infections in dogs; sanitary preparations for medical purposes namely antiseptics and disinfectants; dietetic food and substances adapted for medical or veterinary use namely food and formula for babies; mineral, vitamin and nutritional dietary supplements for humans and animals; plasters, materials for dressings; dental waxes and material for stopping teeth; all purpose disinfectants, disinfectant soaps and disinfectants for household use; disinfectants for medical, dental, commercial and industrial use; vermin destroying preparations; fungicides, herbicides

### **Class 06**

(6) Common metals and their alloys, ores; metal materials for building and construction namely metal reinforcement materials for building, metal doors, building panels of metal, metal roofing, metal cladding, metal flooring, steel angles for use in building construction, hinges of metal, steel frames for building and metal railings; prefabricated transportable buildings made of metal; non-electric cables and wires of common metal; construction and assembly hardware made of metal; metal containers for storage and transport; safes

#### **Class 07**

(7) Machines namely, machines for agriculture use for fertilizing and planting, balers for agricultural use, agricultural reaper machines, agricultural cultivators, tilling machines for agricultural use, machines for shredding horticultural waste, machine tools namely windrowers for agricultural machines, seed drills for agricultural machines, robots and robotic arms for spraying insecticides for agricultural purposes, broaches being machine tool, chasers being machine tools, computer numerical control [CNC] machine tools for threshing machines machine tools for the agricultural industry, machine tools for the horticultural industry, machine tools for the forestry industry, power-operated tools; motors and engines except for land vehicles, namely internal combustion motors and engines, electric motors and engines, hydraulic motors and engines; machine coupling and transmission components, except for land vehicles; machines for agriculture use for fertilizing and planting, agricultural equipment for seeding, tilling machines for agricultural purposes and agricultural land fertilizing equipment, machines for agriculture use for crop harvesting, other than hand operated hand tools; incubators for eggs; automatic vending machines

#### **Class 08**

(8) hand tools and hand-operated hand tools; cutlery; side arms except firearms, namely knives, daggers, swords, bayonets; razors

#### **Class 09**

(9) Surveying instruments; scientific apparatus and instruments, namely, laboratory apparatus for scientific research being aspirators for laboratory use, automatic chromatography apparatus for laboratory use, centrifuges for laboratory use, constant temperature incubators for laboratory use, DNA microarrays for laboratory use, furnaces for laboratory use, laboratory fluidized bed reactors (FBR), scientific apparatus and instruments being microscopes, nucleic acid sequencers for scientific purposes, magnetic separators for scientific use, conductivity meters, scientific prisms, apparatus and instruments for scientific purposes being glassware for scientific experiments in laboratories, apparatus for scientific research in laboratories being chemical vapor deposition apparatus for use in scientific laboratory research, chemical vapor deposition laboratory vacuum for use in scientific research, genetic testing apparatus for scientific purposes being computer software for scientific analysis of genetic sequences, ionization apparatus for scientific or laboratory use being automatic ion-exchange chromatography apparatus for laboratory use, laboratory instruments for scientific research being beakers for laboratory use, biological safety cabinets for laboratory use, bioreactors for laboratory use, capillary tubes for laboratory use, cotton swabs for laboratory use, crucibles for laboratory use, cuvettes for laboratory use, distillation columns for laboratory use, flasks and funnels for laboratory use, laboratory baths, laboratory callipers, pipettes and racks, laboratory scales and balances, laboratory slides, stirrers and storage tubes; photographic apparatus and instruments, namely, photographic cameras, photographic filters, photographic flashbulbs, photographic lenses, photographic negatives, photographic projectors, photographic racks, photographic transparencies, photographic viewfinders, cases adapted for photographic equipment, frames for photographic transparencies; apparatus for recording, transmission or reproduction of sound or images being optical semi-conductor amplifiers; cinematographic apparatus and instruments, namely, cinematographic cameras,

cinematographic projectors, editing machines for cinematographic films; weighing and measuring apparatus and instruments, namely, electronic weighing scales for kitchen use, electronic weighing scales for personal use, measuring cups, measuring buckets, measuring bowls, signal lanterns, signalling buoys, signalling whistles, signal processors, electrical signal attenuators; life-saving and teaching apparatus and instrument, namely, life-saving rafts, life-saving vests for dogs, life-saving capsules for natural disasters; blank magnetic discs, blank magnetic computer tapes, blank optical discs and blank digital audio discs; blank CD and DVD recording media; blank USB data media; coin counting and coin actuation apparatus for use on coin-operated vending machines and similar equipment; computers, calculators, cash registers and computer hardware for data processing; computer software for optical character recognition; computer anti-virus software; computer firewall software; computer game software; computer operating system software; computer screensaver software; computer search engine software; computer software for creating music; computer software for database management; computer software for image processing; computer software for project management; computer software for word processing; downloadable computer game software; augmented reality computer game software; computer software platforms for social networking; computer software for virtual telephone cards; computer software for the management of sales; computer software for the creation of firewalls; computer software for producing financial models; computer software for processing digital images; computer software for interacting with blockchain platforms; computer software for cryptocurrency asset management; computer software for cross blockchain transfers; computer software for creating searchable databases; computer software for creating digitized patterns; computer software for blockchain data mining; computer hardware and software for database management; computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; augmented reality software for playing computer games; computer software for converting document images into electronic formats; augmented reality software for medical teaching; fire extinguishers

#### **Class 10**

(10) Surgical instruments, dental instruments and veterinary instruments; artificial limbs, eyes and teeth; orthopaedic footwear, orthopaedic insoles, orthopaedic implants, orthopaedic splints, orthopaedic braces, orthopaedic bandages, orthopaedic belts, orthopaedic hip prostheses, orthopaedic joint implants, orthopaedic cushions and orthopaedic slippers; suture materials; wheelchairs, walking frames for disabled persons, artificial limbs, wheeled walkers to aid mobility, wearable walking assistive robots for medical purposes, wheeled trolleys adapted for use as walking aid apparatus and supporting slings for disabled persons; vibrators massagers, massage mitts, massage rollers, massage balls, massage mats with built-in massage apparatus, massage chairs with built-in massage apparatus and foot massage apparatus; breast pumps, breast protectors for nursing mothers, feeding;

#### **Class 11**

(11) lighting fixtures; heating boilers; steam generators; cooking ranges; refrigerating containers; drying ovens; ventilating fans; water supply pipeline; waste pipes for sanitary installations

#### **Class 12**

(12) Vehicles namely cars, trucks, tractors, vans, motorcycles and bicycles; boats, motorcycles, automobiles, locomotives, trucks and aircraft

#### **Class 13**

(13) firearms; ammunition, ammunition casings and projectile shells; explosives; fireworks

#### **Class 14**

(14) precious metals and their alloys; precious and semi-precious stones and jewellery; watches, clocks and chronometers

#### **Class 15**

(15) musical percussion instruments, string musical instruments, woodwind musical instruments, electronic musical instruments and horns being musical instruments

#### **Class 16**

(16) Paper and cardboard; printed matter namely books, magazines, posters, periodicals, brochures, manuals, newsletters, pamphlets, booklets, greeting cards and catalogues; bookbinding material; photographs; office paper stationery and office supplies, except furniture; liquid, spray and tape adhesives for stationery or household purposes; paper and canvas art media; pencils for painting and drawing, artists' pastels, artists' brushes, artists' pencils and drawing books; paintbrushes; plastic film for packaging, plastic bags for packaging and plastic sheets for packaging; printing blocks and printers' type

#### **Class 17**

(17) unprocessed and semi-processed gutta-percha, mica raw gum, asbestos and rubber; synthetic substitutes for use in the place of unprocessed and semi-processed gutta-percha, mica raw gum, asbestos and rubber; resins in extruded form for general industrial use and extruded plastics for use in manufacturing; packing, stopping and insulating materials made of gutta-percha, mica raw gum, asbestos, rubber and synthetic substitutes therefor; flexible plastic and non-metal pipes, tubes and hoses

#### **Class 18**

(18) leather and imitation of leather; animal skins and hides; luggage, travelling bags, handbags, sport bags, tote bags, duffel bags and briefcases; umbrellas and parasols; walking sticks; whips, harness and saddlery; clothing for animals, animal leashes and collars for animals

#### **Class 19**

(19) Concrete partitions, concrete walls, flashing of rubber, insulating glass, laminated flat glass, marble, mortar, non-metallic minerals, paperboard, planks of wood, and PVC conduit pipes for building; non-metallic rigid pipes of polypropylene for building; asphalt, pitch and bitumen; transportable precast concrete buildings, namely cabins; structural monuments of concrete

#### **Class 20**

(20) Office and school furniture; bathroom and bedroom furniture; computer furniture; furniture chests; doors for furniture; furniture for camping; furniture partitions; furniture shelves; kitchen furniture; outdoor furniture; patio furniture; pet furniture; mirrors, picture frames; non-metal storage and transport containers; mother of pearl, unworked and partly worked animal bone, whalebone, unworked or semi-worked and unworked and semi-worked horn; sea shells and oyster shells; meerschaum; yellow amber

#### **Class 21**

(21) cooking utensils, food storage containers, garbage containers, laundry baskets and food and beverage containers for household use; tableware namely serving dishes and eating dishware and containers, except forks, knives and spoons and cookware; scouring sponges, toilet sponges, bath sponges and hair combs; toilet brushes, cosmetic brushes, shaving brushes, nail brushes, dishwashing brushes and hair brushes; brush-making materials; cleaning rags, cleaning mitts, brushes for cleaning tanks and containers, steel wool, washing brushes, grill cleaning scrapers,

household cleaning towelettes, steel wool for cleaning, cleaning, dusting and polishing cloths and kitchen cleaning sponges; unworked and semi-worked glass; earthenware, porcelain and beverage glassware

### **Class 22**

(22) Ropes and string; commercial nets, camouflage nets and fishing nets; tarpaulins and tents; awnings and awnings of textile; sails; raw textile fibers, synthetic fibres for textile use and semi-synthetic fibers for textile use; raw wool, carded wool, wool flock, combed wool, upholstery wool and fleece wool

### **Class 23**

(23) yarns and threads for textile use

### **Class 24**

(24) fabrics for textile use, fibreglass fabrics for textile use, non-woven textile fabrics and textile substitute materials made from synthetic materials; bed linen, table linen, bath linen, kitchen linen and linen for household purposes; curtains and curtains of textile

### **Class 26**

(25) lace and embroidery, ribbons and braids; hooks and eyes, buttons for fabric closures, pins and needles for fabric and textile applications; pins and needles for sewing and textile/fabric applications, and buttons for fabric closures and hooks and eyes; hair ornaments, hair ribbons, hair pins, hair bands, hair accessories, hair clips and hair bows; false hair

### **Class 27**

(26) carpets, rugs, linoleum, floor mats and carpet tiles; non-textile wall hangings

### **Class 28**

(27) educational toys, stuffed toys, small toys, plush toys, baby toys, boys toys, girls toys, infant toys, mechanical toys, plastic toys, toy figurines; board games and card games; video game machines, video game consoles, video game controllers and hand held units for playing video games; sports equipment namely luges, sledges for use in downhill amusement rides, exercise balls, exercise bars, exercise benches, exercise pulleys, exercise trampolines, exercise treadmills, exercise weights, free weights for physical exercise, resistance machines for exercise, rowing exercise machines, stationary exercise bicycles and rollers; gymnastic equipment for use in gym sports, namely, gymnastic parallel bars, gymnastic springboards, gymnastic training stools, benches for gymnastic use, rings for gymnastics, balance beams for gymnastics, pommel horses for gymnastics; decorations for Christmas trees.

### **Class 29**

(28) meat, fish and poultry and game; meat extracts; dried fruit, frozen fruits, dried vegetables, frozen vegetables, preserved fruit and vegetables, and packages cooked fruits and vegetables; compotes and jellies and jams; eggs; milk and milk products; dairy products; edible oils and edible fats

### **Class 30**

(29) Coffee and artificial coffee, tea and cocoa; rice; sago and tapioca; flour and preparations made from cereals, namely, breakfast cereals, cereal bars, bread, cereal-based snack food, ready-to-eat cereals; pastries, bread, chocolate confectionery, almond confectionery, fruit confectionery, sugar confectionery and peanut confectionery; edible ices; treacle, sugar and honey; yeast and baking powder; salt; mustard; condiment sauces and vinegar; spices; water ice

### **Class 31**

(30) Grains and plant seeds, seeds for planting; fresh fruit and vegetables and fresh herbs; natural plants and flowers; plant bulbs, seedlings and seeds for planting; live animals namely companion animals and livestock; animal feed, pet food, grains for animal consumption and pet beverages; malt for brewing and distilling.

### **Class 32**

(31) Beers; mineral and aerated waters; alcohol-free beers; alcohol-reduced beer; cider, non-alcoholic; cocktails, non-alcoholic; low-alcohol beer; non-alcoholic aperitifs; non-alcoholic beer; non-alcoholic carbonated beverages; non-alcoholic carbonated drinks; non-alcoholic cider; non-alcoholic cocktail mixes; non-alcoholic cocktails; non-alcoholic fruit extracts; non-alcoholic fruit nectars; non-alcoholic fruit punch; fruit beverages and fruit juices; syrups for making beverages and concentrates for making beverages

### **Class 33**

(32) alcoholic bitters; alcoholic cordials; alcoholic eggnog; alcoholic punch; alcoholic punches; rice alcohol; alcoholic cocktail mixes; alcoholic cocktails containing milk; alcoholic coffee-based beverage; alcoholic coffee-based beverages; alcoholic daiquiri mixes; alcoholic energy drinks; alcoholic fruit beverages; alcoholic fruit cocktail drinks; alcoholic tea-based beverages; low alcohol wine; prepared alcoholic cocktails; aperitifs with a distilled alcoholic liquor base; baijiu [Chinese distilled alcoholic beverage]; alcoholic cocktails in the form of chilled gelatines; alcoholic cocktails in the form of frozen pops; wines

### **Class 34**

(33) tobacco; smokers' articles namely cigarette paper, cigarette cases, cigarette filters, lighters for smokers and ashtrays and electronic cigarettes; matches

## **Services**

### **Class 35**

(1) placing advertisements for others; advertising agency services; promoting the goods and services of others through advertisements on Internet websites; promoting the goods and services of others by preparing and placing advertisements in electronic magazines; provision of space on websites for advertising goods and services; providing advertising space in periodicals, newspapers and magazines; providing and rental of advertising space on the Internet; business management; business administration services; office functions namely business management, secretarial services, accounting services, document reproduction, updating and maintenance of data in computer databases, invoicing, administrative processing of purchase orders, word processing, clerical services, business management assistance, personnel management and temporary personnel services

### **Class 36**

(2) insurance services; financial management, financial analysis and financial planning; investment management, financial planning, mutual funds, funds investment and banking services; real estate management, real estate agencies, leasing of real estate, real estate appraisal, real estate brokerage, real estate consultation, property management, rental of real estate and appraisal of real estate

### **Class 37**

(3) Building construction; repair services namely repair of buildings, vehicle maintenance and repair, installation, maintenance and repair of computer hardware, auto body repair services, bicycle repair, repair of office machines, repair and maintenance of agricultural machines, refrigerator repair services, clock and watch repair, repair and maintenance of musical

instruments, jewellery repair, repair and maintenance of firearms, repair of metalworking machines, repair of game machines, repair and maintenance of egg incubators and repair and maintenance of machines for processing foods or beverages; installation services namely installation of buildings, computer hardware, office machines, agricultural machines, refrigerators, clocks, musical instruments, metalworking machines, game machines, and machines for processing foods or beverages

**Class 38**

(4) Provision of telecommunication access to films and television programs provided via a video-on-demand

**Class 39**

(5) supply chain logistics and reverse logistics services, namely, transportation of documents, packages, raw materials, and other freight for others by air, rail, ship or truck; packaging of goods and warehouse storage services; travel arrangement; tourism related services namely organisation of sightseeing travel tours, providing transport for travel tour guide and sightseeing tours, travel guide services, arranging of transportation for travel tours, travel tour operating and organising, travel guide and travel information services and reservation and booking of transportation for passengers

**Class 40**

(6) Treatment of materials for subsequent manufacture, packaging or sale

**Class 41**

(7) Educational certification services being training and educational examination, namely, analyzing educational tests scores and data for others; transfer of business knowledge and know-how for training purposes; physical education services; organisation of sports competitions in the fields of motor sports, track and field, archery, and water sports; organization of exhibitions for cultural or educational purposes in the fields of the field of fashion for entertainment purposes, art exhibitions, organization of museum exhibitions and museum events; none of the aforesaid being services in the fields of rugby and sports injury prevention

**Class 42**

(8) Research and development of new products for others; scientific and technological services and research in the fields of DNA screening for scientific research purposes, genetic testing for scientific research purposes, scientific and technological research in the field of natural disasters, scientific research in the field of genetics and genetic engineering, and providing medical and scientific research information in the field of pharmaceuticals and clinical trials; design and development of computer hardware and software

**Class 43**

(9) restaurant services, bar services and catering services; hotel accommodation services, providing temporary accommodation in vacation apartments, booking of hotel accommodation and rental of rooms as temporary living accommodations

**Class 44**

(10) medical nursing services, medical clinic services, medical examination services, medical diagnostic services, medical imaging services, medical testing services, medical fitness evaluation, physician services and conducting of medical examinations; veterinary services; beauty salon services, hair care services, hairdressing, animal grooming, body waxing services for the human body and cosmetic body care services; agriculture, horticulture and forestry services namely production of agricultural, forestry- and horticultural crops and products

**Class 45**

(11) Legal services; security services for the protection of property and individuals; personal and social services rendered by others to meet the needs of individuals

### Goods

#### Class 09

Information technology and audiovisual equipment, namely audiovisual receivers, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computers and computer hardware, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer components and parts, namely component video cables, electronic components for integrated circuit cards, such goods not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Portable computers, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer software for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable interactive computer software for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer software and applications for mobile devices for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable software for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services

in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer application software for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer application software for wireless devices for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer application software for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality for cloud computing services, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer application software for use in implementing the Internet of Things for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality for cloud computing services, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic monitoring sensors for monitoring temperature, humidity and air pressure, such goods not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer gaming software, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Monitoring instruments, namely sensors for monitoring temperature, humidity and air pressure, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Media content, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Emergency signal transmitters, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Fire alarm systems, gas alarms, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Fire alarm sensors, gas alarm sensors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Remote controls for electronic monitoring sensors for monitoring temperature, humidity, and air pressure, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Personal security alarms and warning bells, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Measuring, detecting and monitoring instruments, indicators and controllers, namely electric access control and fire and gas alarm monitoring systems, such goods not relating to goods and services in the field of residential care,

long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Voltage regulators, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Automatic electronic control valves for regulating the flow of gases and liquids, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Fitted noise reduction holed plates for electronic control valves used in regulating the flow of gases and liquids, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Video surveillance systems such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer software for monitoring fire and gas alarm monitoring systems, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Software to control building environmental, access and security systems, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable mobile applications for the management of supply chain and cold chain logistics management and supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer software for the management of supply chain and cold chain logistics management and supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Personal computer application software for document control systems, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable software for mobile device management of supply chain and cold chain logistics management and supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable maintenance software for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Software for the processing of business transactions, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Software for HACCP hazard analysis and critical control points systems, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer e-commerce software to allow users to perform electronic business transactions via a global computer network, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable predictive maintenance software for

supply chain and cold chain logistics management and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable software for control programs for automated measurement, assembly, adjustment and related visualization of supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable middleware for management of software functions to filter noisy and redundant raw data for radio-frequency identification (RFID) software on electronic devices, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable software for diagnostics and troubleshooting of supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Augmented reality software for use in mobile devices for integrating electronic data with real world environments, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer network servers for home automation, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer software for use in remote meter monitoring, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer software for use in remote meter reading, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer software designed to estimate product resource requirements for software for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer software for use in remote meter monitoring, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Downloadable computer software for use in remote meter reading, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature monitors for household use, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic temperature monitors in the form of sensors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Sensors and detector units for use in detecting temperature, humidity and air pressure of goods and assets in transportation or storage, such goods not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized

(medical and/or nursing) care; Heat detectors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer interface boards for temperature, humidity and air pressure detectors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Alarm monitoring systems, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic access control systems for interlocking doors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electrical annunciators, such goods not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Data processing equipment, namely fiber optic couplers, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Heat detectors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature switches, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature sensors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature indicators, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature sensors featuring a logging function, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature measuring sensors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Remote temperature sensors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature control apparatus, namely thermostats, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Instruments for temperature control, namely temperature switches and sensors for monitoring, controlling, and switching heating and cooling systems, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature measuring sensors for household use, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature monitors for industrial use, namely electronic monitors to collect operational data and settings, namely, temperature data and settings, from HVAC equipment to monitor functioning or to ensure proper functioning, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature control apparatus, namely, electric switches, such goods not relating to goods

and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature monitors for scientific use, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Temperature monitors for industrial use, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Radiation detectors, such goods not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Actinometers, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Radiation-measuring instruments, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic security tags, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic security tags for goods, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Radio-frequency identification (RFID) tags, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Radio-frequency identification (RFID) readers, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Wireless local area network devices, namely, wireless LAN (local area network) gateway devices for facilitating short-range wireless communications with sensor nodes and computing devices, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; LAN [local area network] operating software, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; LAN (local operating network) hardware, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Pressure sensors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Particle detectors, namely detector devices for detecting air pollutants, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Particle detecting apparatus, namely smoke detectors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Humidity sensors, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Hygrometers, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Energy regulators, namely static voltage regulators, such goods not relating to goods and services in the

field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electric control switches for energy management, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Apparatus for monitoring electrical energy consumption, namely energy meters for tracking and monitoring energy usage, such goods not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care

## **Services**

### **Class 35**

(1) Business administration assistance, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Business management, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Business administration services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Business management supervision, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Stock control services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Business management planning, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computerised stock management, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Supply chain management services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Corporate management consultancy, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Cold chain management services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care

### **Class 38**

(2) Telecommunication services, namely providing wireless communication network services in the form of providing Internet access via wireless broadband networks, providing multiple-user wireless access to the Internet and wireless cell phone services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Communication by computer terminals, communication by means of mobile phones, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic transmission, reception and processing of coded and emergency signals,

such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic message sending via computer networks, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic message sending via a website, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Transmission of information by electronic means, namely transmission of user generated information by electronic communication networks, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Provision of on-line communications services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Provision of communication facilities for the interchange of data by electronic means, namely providing facilities and equipment for telepresence conferencing, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Providing on-line communication links which transfer the website user to other local and global web pages, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Providing access to a global computer network for the transfer and dissemination of information, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Streaming of audio and video via the internet featuring information for supply chain and cold chain logistics management, and for measuring, monitoring and managing supply chain and cold chain logistics processes and product safety and quality, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic data interchange services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Broadcasting and transmission of television and radio programs, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic mail services between networked computer systems, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic mail and facsimile transmission services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Telecommunications services, namely transmission of supply chain and cold chain logistics data by means of telecommunications networks, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Supply chain and cold chain logistics data communication by electronic mail, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Supply chain and cold chain logistics communications by hertzian wave, such services not relating to goods and services

in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Remote transmission of data by means of telecommunications, namely transmission of supply chain and cold chain logistics data by means of telecommunications networks, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Data transmission for others, namely transmission of supply chain and cold chain logistics data by means of telecommunications networks, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Transmission of supply chain and cold chain logistics information by electronic communications networks for domestic purposes, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Transmission of supply chain and cold chain logistics information by electronic communications networks for business purposes, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Fleet telematic sending of supply chain and cold chain logistics processes and product safety and quality, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Radio communication, namely providing access to two-way radio communication networks, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Electronic transmission of supply chain and cold chain logistics information by electronic communications networks, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Interactive video broadcasting services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Transmission of supply chain and cold chain logistics information through a global computer network, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Transmission and reception of supply chain and cold chain logistics database information through a global computer network, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Transmission and reception of supply chain and cold chain logistics database information through a global computer network, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Telecommunications routing and junction services of supply chain and cold chain logistics information through a global computer network, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Telecommunication gateway services, namely, providing electronic transmission of credit, debit and payment card transaction data and electronic payment data via a global computer network, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care

**Class 42**

(3) Computer programming and software design, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Creation, maintenance and programming of software, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design, development and programming of computer software, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Monitoring of computer systems by remote access, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Product testing, authentication and quality control, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Technology supervision and inspection in the field of logistics and HVAC systems, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Environmental monitoring of HVACs to collect information of ambient conditions and ensure proper functioning, namely monitoring of activities which influence the environment within buildings, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Environmental monitoring of HVACs to collect information of ambient conditions and ensure proper functioning, namely, monitoring of events which influence the environment within buildings, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Creation of control programs for automated measurement, assembly, adjustment, and related visualisation, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer services, namely cloud hosting provider services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Drawing up of expert technical opinions in connection to technology, namely design for others in the field of computer software and logistics management software, such services not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer programming services for commercial analysis and reporting, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer software design, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design of computer machine and computer software for commercial analysis and reporting, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer software design, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized

(medical and/or nursing) care; Design of computer machine and computer software for commercial analysis and reporting, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design for others in the field of HVAC and logistics management software, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design of storage systems, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design of HACCP (hazard analysis and critical control points) systems, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Mechanical and civil engineering project management services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Rental of software for importing and managing data, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Development of computer software for logistics, supply chain management and e-business portals, such services not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design and development of software for importing and managing data, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Cloud computing web hosting services, providing software as a service (SaaS) services featuring software for the remote management of fleets of vehicles and rental of software, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Providing temporary use of non downloadable software applications for supply chain and cold chain logistics management, and for measuring, monitoring and managing processes and product safety and quality, accessible via a web site, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Providing temporary use of on-line non-downloadable software for the management of information, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Technological consultation in the technology field of computer software systems and cold chain management software and hardware, such services not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Mechanical and civil engineering consultancy services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Consulting services in the field of quality control technology for supply chain and cold chain logistics management, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Quality control technology consulting services, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Food sanitation consultation, such

services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Quality control relating to the hygiene of foodstuffs, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computerized food analysis services, namely, analysis of food products to assure compliance with food industry standards, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Computer systems analysis namely, conducting performance improvement analysis and capacity planning analysis for computer hardware and software, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design of air quality measurement systems, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Calibration of industrial temperature controllers, calibration of electronic equipment, such services not relating to goods and services in the field of residential care, long term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Scientific and technological services, namely scientific research, analysis and testing, in the field of telecommunications and logistics, of supply chain and cold chain logistics information, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Research relating to technology, namely, research services in the field of information and telecommunications technology of supply chain and cold chain logistics information, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Industrial analysis and research services of supply chain and cold chain logistics information, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design and development of computer software for supply chain management, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Providing online non-downloadable software for use in supply chain management, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design and development of computer software for logistics, supply chain management and e-business portals, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Design and development of energy management software, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care; Development of energy and power management systems, such services not relating to goods and services in the field of residential care, long-term care (home health care), (youth and/or early childhood) health care and regular and specialized (medical and/or nursing) care

### Colour Claim

Colour is claimed as a feature of the trademark. The letter "S" and the dot above the letter "I" are in green. The letters "IHL" are in blue.

### Goods

#### Class 16

(1) stickers [stationery]; identification tags of paper, medical identification cards; pictures; writing paper; envelopes and mailing bags made of paper and paper-plastic-composite material; decor paper, printed or unprinted and optionally coated with an adhesive on the reverse side; printed matter, namely flyers, magazines, manuals, and newsletters; labels and tags, not of textile, in particular paper labels and tags for goods, luggage and product identification, in particular loop-shaped identification hang tags of paper coated with a cold-seal adhesive; label paper, in particular printable label paper coated with a cold-seal adhesive for the manufacture of labels and tags for goods, luggage and product identification; flags, pennants and banners [made of paper and paper-plastic-composite material]; color prints; plastic films and foils made of plastics and plastic-paper-composite material predominantly made of plastic, for packaging; sheets of reclaimed cellulose for packaging; photographs; graphic reproductions; envelopes [stationery]; geographical maps; cardboard articles, namely, cardboard boxes and cardboard packaging; lithographic works of art; copying paper; luminous paper; canvas for painting; paper; paper-plastic-composite material predominantly made of paper, for printing or wrapping, optionally coated with an adhesive on the reverse side; paper plastic-composite material predominantly made of paper, for printing or wrapping, optionally coated with an adhesive on the reverse side; web-shaped paper, coated and laminated, tailored to rolls or sheets for printing in conventional and digital printing processes, optionally coated with an adhesive on the reverse side; paper, coated to be readily printable, for banners, advertising panels and photographs, optionally coated with an adhesive on the reverse side, optionally for use with backlighting; cardboard; tracing cloth; parchment paper; placards of

paper or cardboard; signboards made of paper, cardboard and paper-plastic-composite materials predominantly made of paper; manifolds [stationery]; tickets, namely airline tickets and boarding passes, automated meter parking tickets, passenger tickets, performance tickets, printed tickets for charitable events, printed tickets for entertainment events, printed tickets for prize award events, printed tickets for sporting events; transparency printer paper; bags, envelopes, pouches made of paper, plastics and plastic paper-composite materials predominantly made of plastic for packaging; packaging materials made of plastic, namely plastic bubble packs, plastic film for packaging, plastic packaging foils, plastic sheets for packaging; decorative films and foils made of paper, cardboard and paper-plastic-composite material predominantly made of paper, laminated, impregnated, varnished, soaked with resin and coated, printed and embossed, in particular for use as overlay-film, finishing film, foil and decor paper for application to the surface of base materials namely chipboards, laminated panels, fiberboards, cork, plastic sheets, panels, furniture, tiles, radiators, floor coverings, ceiling and wall panels, windowsills, door thresholds and skirting panels

### **Class 17**

(2) decorative films and foils made of plastic and plastic composite material predominantly made of plastic, printed and unprinted and optionally coated with an adhesive on the reverse side used for packaging, labeling, wall decoration, signage applications, stickers, brochures, menu cards; polyester film and polypropylene film and foils other than for wrapping; viscose sheets, other than for wrapping, namely viscose sheets for packing, cushioning and stuffing purposes; cellulose acetate film, other than for wrapping; plastic and plastic composite films and foils predominantly made of plastic, coated to be readily printable, other than for wrapping, in particular plastic-paper-composite films and foils for use in commercial printing, optionally coated with an adhesive on the reverse side; films and foils made of plastic and plastic composite material predominantly made of plastic, coated and laminated, tailored to rolls and sheets for printing in conventional and digital printing processes and for making overlay film, finishing film, foil and decor paper and plastic mouldings; films and foils made of plastic and plastic composite material, predominantly made of plastic, coated to be readily printable, for banners, advertising panels and photographs, optionally coated with an adhesive on the reverse side, optionally for use with backlighting; printable films and foils made of plastic and plastic composite material predominantly made of plastic, for labels, pressure-sensitive labels and hang tags, in particular for the manufacture of labels and tags for goods, luggage and product identification, coated with cold-seal adhesive; printable films and foils made of plastic and plastic composite material predominantly made of plastic, for tickets; decorative films and foils made of plastic and plastic composite material predominantly made of plastic, laminated, impregnated, varnished, soaked with resin and coated, printed, embossed, in particular for use as overlay-foil, finishing foil and decor paper for application to the surface of base materials namely chipboards, laminated panels, fiberboards, cork, plastic sheets, panels, furniture, tiles, radiators, floor coverings, ceiling and wall panels, windowsills, door thresholds and skirting panels, the aforementioned decorative films and foils comprising a polyester film and polypropylene film; viscose sheets for packaging

### **Class 27**

(3) textile wallpaper, in particular made of non-wovens and glass fibre; floor coverings, namely printable films, which are glued to different floor materials consisting of polyvinylchloride, polyester and polypropylene, optionally laminated with a protective film or coated with a varnish, all aforementioned goods tailored as sheet flooring and rolls, floor coverings, namely printable films and papers laminated onto a carrier material made of plastic, pressed wood fibers and wood-plastic composite materials and covered with a protective film or covered with a varnish, and artificial turf tailored to rolls and precut to size; wall coverings made of cloth, fabric, paper, vinyl, cork and plastic and ceiling coverings, namely wall papers, tailored to rolls or precut to size;

wallpaper; floor coverings, namely printable films and papers made of composite materials and coated plastic films and foils, in particular laminated and coated polyester films and foils, optionally coated with a radiation curable varnish layer on the top surface and an adhesive on the reverse side, in particular coated with a heat-sealable adhesive, all of the aforementioned goods in particular for printing in digital printing processes, in particular in inkjet and toner-based printing processes

### Goods

#### Class 01

(1) Chemicals derived from milk, namely, casein for the food industry, whey protein being raw material, lactose for the food industry; lecithin obtained from soya for manufacturing foodstuffs; chemicals for use in the food industry, namely, alginates, artificial sweeteners, calcium ascorbate, cellulose gums, sodium ascorbate; chemical preservatives for use in the food industry; chemicals for manufacturing flavourings, namely, diacetyl, isoamylacetate, benzaldehyde, cinnamaldehyde, methyl anthranilate, limonene, allyl hexanoate, ethyl maltol; chemicals for suppressing the taste of water, namely, powder activated carbon, granular activated carbon; chemical preservatives for food; chemical additives for foodstuffs, namely, chemical preparations for preserving and stabilizing foodstuffs; glucose for the food industry; artificial sweeteners (chemicals); artificial sweetening substances (chemicals); artificial sweeteners (chemical preparations) and synthetic sugar substitutes, in particular aspartame, cyclamate, saccharin, xylitol, neohesperidin; lactose to be used in the manufacture of foodstuffs; lactose for the food industry; lecithin for the industrial manufacture of foodstuffs

#### Class 03

(2) Essential oils and aromatic extracts; grinding preparations; cleaning and fragrancng preparations, namely, all purpose cleaning preparations and fragrance for household purposes; Alcoholic solvents being cleaning preparations, namely, all-purpose cleaning preparations; caustic cleaning preparations, namely, caustic drain cleaners, rust removers, oven cleaners, toilet bowl cleaners; chromium cleaning preparations, namely, cleaning preparations to remove hexavalent chromium from surfaces; detergent soap; scale removing preparations for household purposes; window cleaners in spray form; window-pane cleaning preparations; degreasing preparations for household use; stain removers, namely, all-purpose stain removers for household purposes; dishwashing preparations; glass cleaners; hand cleansers; household cleaning preparations, namely, all purpose household cleaning preparations; household bleaches, namely, laundry bleach; cleaning preparations for household purposes; stove cleaning preparations; lime removal preparations, namely, lime deposit removers for household purposes; kettle cleaners; Scale removing preparations for household purposes; rinsing agents, namely, rinsing agents for laundry, dishwasher rinsing agents; cloths impregnated with cleaning preparations; preparations for

unblocking drain pipes; soda lye; oven cleaning preparations; oils for cleaning purposes; polishing preparations; dry-cleaning preparations; all-purpose cleaning preparations; scouring solutions; mould removing preparations

**Class 05**

(3) Articles for pest and vermin control, namely, preparations for destroying pests, preparations for destroying vermin, preparations for repelling vermin

**Class 07**

(4) Shoe polishing apparatus, namely, electric shoe polishers

**Class 11**

(5) Electric coffee filters, namely, coffee filters, not of paper, being parts of electric coffee makers, parts and accessories for all the aforesaid goods; coffee machines and coffee percolators, parts and accessories for all the aforesaid goods; coffee roasters, coffee roasting machines, parts and accessories for all the aforesaid goods; electric semi-automatic and fully automatic coffee machines, parts and accessories for all the aforesaid goods; Electric coffee, tea, and cocoa making machines for preparing coffee, tea, cocoa, milk, milk powder, and beverage powders containing coffee, tea, and cocoa, packaged in capsule and pod form, parts and accessories for all the aforesaid goods

**Class 16**

(6) Paintbrushes

**Class 21**

(7) Non-electric coffee filters, parts and accessories for all the aforesaid goods; non-electric coffeepots, parts and accessories for all the aforesaid goods; hand-operated coffee grinders, parts and accessories for all the aforesaid goods; non-electric coffee percolators, parts and accessories for all the aforesaid goods; coffee services (tableware), parts and accessories for all the aforesaid goods; Statues, namely, crystal statues, earthenware statues, glass statues, porcelain statues, ceramic statues, statues of fine china, terra-cotta statues, figurines, namely, figurines of china, ceramic figurines, fiberglass figurines, crystal figurines, earthenware figurines, glass figurines, terracotta figurines, porcelain figurines, signboards, namely, signboards of porcelain or glass, upright signboards of glass or ceramic, works of art, namely, works of art made of ceramic, works of art made of china, works of art made of crystal, works of art made of earthenware, works of art made of glass, works of art made of porcelain, works of art of clay, works of art of terracotta, parts and accessories for all the aforesaid goods; unworked and semi-worked glassware, not adapted for a specific use, namely, unworked glass, semi-worked glass, parts and accessories for all the aforesaid goods; brushes, namely, cleaning brushes for household use, and brooms, parts and accessories for all the aforesaid goods; crockery, cookware and garbage containers, food storage containers, and parts and accessories for all of the aforesaid goods; cups, household and kitchen containers; table plates and disposable table plates, parts and accessories for all the aforesaid goods; glass receptacles, namely, drinking glasses and cups, parts and accessories for all the aforesaid goods; Cosmetic utensils, namely, cosmetic brushes, cosmetic spatulas, cosmetic sponges, toilet utensils, namely, toilet brushes, toilet brush holders, toilet paper holders, toilet roll dispensers, toilet sponges, and bathroom articles, namely, bathroom glass holders, bathroom pails, bathroom tumblers, parts and accessories for all the aforesaid goods; bird baths, cages, namely, cages for pets, animal cages, bird cages, feeding and drinking articles, namely, pet feeding dishes and trays, pet feeding and drinking bowls, fish bowls, namely, water tanks for live fish, grooming articles, namely, pet brushes, waste disposal articles, namely, automatic litter boxes, scoops for pet waste, parts and accessories for all the aforesaid goods

**Class 29**

(8) Meat, fish, poultry and game; meat extracts; preserved, dried and cooked fruits and vegetables; jellies; jams, compotes; eggs, milk and milk products; dairy products and substitutes therefor; edible oils and fats; milk powder for food, non-alcoholic mixed milk beverages, milk predominating; protein-based coffee whitener; plant-based coffee whiteners; artificial cream fillings for bakery goods; buttercream fillings for bakery goods; fruit fillings; bee products for culinary purposes, namely, processed bee pollen for food purposes; cream-based preparations for making ice cream; cream-based preparations for making ice cream

**Class 30**

(9) Coffee, tea, cocoa and substitutes therefor; sugar, sweet glazes; chocolate-based fillings for cakes and pies; coffee based fillings; custard-based fillings for cakes and pies; bee products for culinary purposes, namely, honey, royal jelly, propolis, bee bread; rice, tapioca, sago, artificial coffee; flour and preparations made from cereals, namely, cereal-based snack foods; bread, pastries and confectionery, namely, caramel confectionery, fruit confectionery, sugar confectionery; edible ices; honey, treacle; natural sweeteners, in particular thaumatin; yeast, baking-powder; salt; mustard; vinegar, sauces, namely, caramel sauce, cherry sauce, dessert sauces, fruit sauces; spices; ice for refreshment; ice, ice cream, frozen yoghurt, sherbets; powders for ice cream; fruit tea and herbal tea, not for medicinal purposes; chocolate confectionery, sugar confectionery; chewing gum, not for medical purposes; coffee-based beverages, tea-based beverages, fruit tea-based beverages, cocoa-based beverages; beverages containing caffeine, namely, beverages made of coffee, tea and cocoa; beverage powders containing caffeine, namely, powdered coffee for drinks, cocoa; nougat creams; taste enhancers for tea, namely, flavourings of tea; low-calorie sweetener; sugar substitutes; nut pastes; chocolate; chocolate bars; chocolate candies; chocolate chips; chocolate chips cookies; chocolate-based snacks; drinking chocolate; vanillin; cacao paste

**Class 32**

(10) Beers; beer-based beverages; mineral and aerated waters and other non-alcoholic beverages, namely, non-alcoholic beverages flavoured with coffee, non-alcoholic beverages flavoured with tea, non-alcoholic beverages flavoured with chocolate; fruit beverages and fruit juices; syrups and other preparations for making beverages, namely, concentrates and powders for making fruit beverages, mixes in the nature of powders used in the preparation of flavoured non-alcoholic beverages; vegetable juices (beverages), fruit juice beverages; isotonic beverages; effervescing pastilles and beverage powders for making non-alcoholic and isotonic beverages

### Goods

#### Class 01

(1) Brake fluid; unprocessed artificial and synthetic resins; Chemical substances, chemical materials and chemical preparations, and natural elements, namely coolants for vehicle engines

#### Class 07

(2) Parts for vehicle engines, namely, spark plugs, pistons, piston rings, cylinder liners, fuel valves for engines, bearings, contact points, gaskets, valve covers, pneumatic and hydraulic valve actuators, valves machine components, seals, camshafts, crankshafts, piston liners, sealing rings, thrust washers, bushings, fuel injectors, valve train parts; water pumps, oil pumps, fuel pumps all for land vehicle engines; air filters, oil filters and fuel filters for vehicles; exhaust parts for vehicles, namely, mufflers, exhaust silencers, headers for vehicle exhaust systems, exhausts for motors and engines; air compressors for vehicles and blower motors for engines of vehicles

#### Class 09

(3) Batteries for vehicles

#### Class 11

(4) Cabin air filters for automotive air conditioning units, automotive lighting products, namely vehicle headlights and general and auxiliary lighting for vehicles

#### Class 12

(5) Parts for vehicles, namely, shock absorbers, struts, mufflers, brakes for land vehicles, brake drums, brake rotors for land vehicles, brake shoes, brake master cylinders, brake pads, brake discs, windshield wiper blades and windshield washer pumps, oil seals, clutches, clutch bearings, clutch linings, clutch seals, driveline roller bearings for vehicle drivelines, automotive transmission seals, wheel bearings, power steering hoses, electric steering gears, brake hydraulics and clutch hydraulics, center links, drag links, bushings, alignment shims; steering and suspension systems and parts for steering and suspension systems for land vehicles, namely, ball joints, bushing kits, tie rod ends, sleeves, stabilizer kits and sockets, coil springs, control arms, idler arms and pitman arms, king bolts, rack and pinion bellows, rubber shackles, steering couplers, steering stabilizers, suspension sway bar links, drag links, center links, track bars, hub assemblies, universal joints

**Services****Class 41**

(1) Educational services, namely, providing instruction and training in the field of vehicle repair and maintenance

**Class 42**

(2) Research and development in the field of parts for motor vehicles; custom engineering services in the field of parts for motor vehicle

**Application Number** 1,957,234  
**Language of Application** English

**Filing Date** 2019-04-15

#### Class 09

(1) Computers; computer hardware and software for cognitive computing services, namely provisions of computing services for computer systems that integrate natural language processing, computational linguistics, information retrieval and machine learning and capable of understanding general human queries and formulating responses; computer hardware, namely magnetic band units (data-processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact disks (audio-video), optical disks, computing couplers (data processing), diskettes, magnetic data carrier; computer hardware, namely video screens, scanners, printers, computer hardware for data processing, data processing readers, computer operating recorded programs, microprocessors, modems, monitors, computers, computer memories, computer peripherals; recorded computer operating programs; computer components and parts; computer hardware for data processing; semiconductors; tape recorders; cash registers; facsimile machines; video recorders; computer chips; circuit boards; computer hardware, namely, communications computing servers; computer carrying cases; computer interface boards; computer cables and computer cable parts; computer fax modem cards; computer accessories, namely, screen filters, power converters, namely, digital to analog, analog to digital and voltage steppers, mouse pads, radio pagers, joysticks; computer mouse; electronic publications, namely, books, magazine and manuals featuring computer technology information; readers for integrated circuit cards and smart cards; microcomputers; point of sale terminals; computing operating system programs; computer software used for accessing a global computer network; computer software used for document management; computer software used for data base management; computer software used for locating, retrieving and receiving text, electronic documents, graphics on enterprise-wide internal computer networks and local and wide-area global computer networks; computer software used for software development and web authoring and user manuals in electronic format sold as a unit therewith; computer user manuals in electronic format; computer hardware and recorded computer operating programs; computer servers; computer storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network; computer software for use in controlling the operation and execution of computer systems, programs, and networks; computer software for use in connecting disparate computer networks and systems, computer servers and storage devices; computer operating system

software; computer software for linking together computers and for enabling computing across a globally accessible network; computer software for managing hardware, software and processes that exist within an information technology environment, all of the aforementioned processes for general use in the field of data and information technology systems and infrastructure analysis, artificial intelligence, machine learning, blockchain technology, quantum computing, cloud computing, document management, and database management; computer systems combining hardware and computer operating software for use in management and analysis of data, instructional manuals in electronic format sold as a unit therewith; cloud computing system, namely network integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources; downloadable cloud-computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely, computer hardware and computer software for integrating Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) which is capable of understanding general human queries and formulating responses; downloadable electronic publications, namely, e-zines featuring information and data recorded on computer media.

### **Class 16**

(2) Instructional manuals, written presentations, informational sheets, written articles, and printed publications in the field of computers, computer hardware, computer software, computer services, computing, computer systems, computer products, computer software and hardware connecting communication systems to computer networks, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, word processing, computing technology and electronic business transactions via a global computer network; manuals; books; magazines; periodicals; newspapers; manuals, brochures, magazines, newsletters, newspaper inserts, booklets, all in the fields of computer software, computers, computer system hardware, network hardware, telecommunications, computer services, computing, computer systems, computer products and services, computer software and hardware connecting communication systems to computer networks, artificial intelligence, cloud computing, blockchain technology, quantum computing, database management, word processing, computing technology, electronic business transactions via a global computer network, and e-commerce.

### **Services**

#### **Class 42**

Computer programming; cognitive computing services, namely, provisions of computing services for computer systems that integrate natural language processing, computational linguistics, information retrieval and machine learning and capable of understanding general human queries and formulating responses; business management services relating to information and data compiling and analyzing; electronic data processing services, namely data processing in the field of artificial intelligence technology; electronic data processing services, namely data processing in the field of cognitive computing technology; electronic data processing services, namely data processing in the field of cloud computing technology; electronic data processing services, namely data processing in the field of blockchain technology; electronic data processing services, namely business management information data processing; cloud computing provider services for database management; cloud hosting provider services; cloud computing featuring software for use in end-to-end visibility, insights and management of an entity's supply chain, namely, order capture and management; design, installation, updating and maintenance of computer software; computer software and hardware design for others; technical consulting in the field of computing, computer hardware and computer programs; computer services, namely, designing, creating and

maintaining web sites for others; computer systems analysis, data base and network integration, computer programming for others all for use in commercial interactions over global computer networks; technical support services, namely, troubleshooting of computer hardware and computer software problems; design of systems for interconnection of computer hardware and software, namely, electronic connection of computers and software to each other; testing of computer hardware and software; technical project studies in the field of computer hardware and software; consultancy in the field of computer hardware, namely consultancy regarding computing research and development; advice and consulting relating to use of internet; rental of computers and computer software; scientific and industrial research, namely research and development of new products for others, biological research, research in bacteriology, research in chemistry, research in beauty care, research in mechanics, geological research, technical research in the field of computers, computer software, computer hardware, computer systems, computing services and e-commerce software to allow users to perform electronic business transactions via a global computer network, pharmaceutical research, scientific research for medical purpose; computer systems integrations services; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; technical support services, namely, troubleshooting in the nature of diagnosing computer hardware and computer software problems ; computer systems design services for others; interconnection of computer hardware and software, namely, integration of computer systems and networks; computer software and hardware testing services, namely, testing of computer software, computers and servers to assure proper functioning ; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization, and consumption metering of computer resources; consulting services in the field of cloud computing; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; computer services, namely cloud hosting provider services; cloud computing provider services for general storage of data; data recovery services.

### Goods

#### Class 16

Printed materials, namely, books, brochures, informational sheets, instructional manuals, and written presentations, all in the field of computers, computer services, computing, computer systems, computer software, computer hardware, computer products and services, computer software and hardware connecting communication systems to computer networks, computing technology, artificial intelligence, blockchain technology, quantum computing, cloud computing, database management, word processing, and electronic business transactions via a global computer network and physical workspaces containing professional equipment for business, enterprises, and individuals.

### Services

#### Class 35

(1) Business management consulting services and business development consulting services; business development services in the field of computers, computing, computer systems, computer software, computer hardware, computer products and services, computer software and hardware connecting communication systems to computer networks, computing technology, artificial intelligence, cognitive computing, cloud computing, blockchain technology, quantum computing, data management, telecommunications and electronic business transactions via a global computer network and physical workspaces containing professional equipment for business, enterprises, and individuals; analysis of market research data and statistics; business management services relating to information and data compiling and analyzing; arranging and conducting trade show exhibitions in the field of computers, computing, computer systems, computer software, computer hardware, computer products and services, computer software and hardware connecting communication systems to computer networks, computing technology, artificial intelligence, cognitive computing, cloud computing, blockchain technology, quantum computing, data management, telecommunications and electronic business transactions via a global computer network and physical workspaces containing professional equipment for business, enterprises, and individuals; and business consulting services for computer systems that integrates Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) which is capable of understanding general human queries and formulating

responses in the field of computers, computing, computer systems, computer software, computer hardware, computer products and services, computer software and hardware connecting communication systems to computer networks, computing technology, artificial intelligence, cognitive computing, cloud computing, blockchain technology, quantum computing, data management, telecommunications and electronic business transactions via a global computer network and physical workspaces containing professional equipment for business, enterprises, and individuals; systemization of data in computer databases.

**Class 41**

(2) Conferences, exhibitions, symposiums, presentations, technical demonstrations and training seminars, all in the field of computers, computing, computer systems, computer software, computer hardware, computer products and services, computer software and hardware connecting communication systems to computer networks, computing technology, artificial intelligence, cognitive computing, cloud computing, blockchain technology, quantum computing, data management, telecommunications via a global computer network and electronic business transactions via a global computer network and physical workspaces containing professional equipment for business, enterprises, and individuals.

Design

### Visual Representation

The logo for SPEKTRIX features the word "SPEKTRIX" in a bold, black, sans-serif font. To the right of the text are three black chevrons pointing to the right.

### Goods

#### Class 09

Computer software for buying, selling, booking and reserving tickets for entertainment, educational, sporting and cultural events; computer software for creating searchable databases of information and data in the field of buying, selling, booking and reserving tickets for entertainment, educational, sporting and cultural events; computer software for use in customer relationship management (CRM) in the field of buying, selling, booking and reserving tickets for entertainment, educational, sporting and cultural events; computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; electronic databases recorded on computer media in the field of buying, selling, booking and reserving tickets for entertainment, educational, sporting and cultural events.

### Services

#### Class 35

(1) Services consisting of the collection and compilation of data into computerized databases, namely transactional data and customer data collected in each case in the course of the sale and purchase of tickets for entertainment, educational, sporting and cultural events; business analysis of transactional data and customer data collected in each case in the course of the sale and purchase of tickets for entertainment, educational, sporting and cultural events.

#### Class 41

(2) Training in the use and operation of computer systems in the field of buying, selling, booking and reserving tickets; training services in the field of computer software in the field of buying, selling, booking and reserving tickets; ticket reservation and booking services for entertainment, sporting and cultural events;

#### Class 42

(3) Design, development and updating of computer software in the field of buying, selling, booking and reserving ticket; installation, maintenance and repair of computer software in the field of buying, selling, booking and reserving tickets; technical support services, namely, troubleshooting of computer software problems in the field of buying, selling, booking and reserving tickets; providing on-line non-downloadable computer software for buying, selling, booking and reserving tickets for entertainment, educational, sporting and cultural events; providing virtual computer systems and virtual computer environments through cloud computing (SaaS in the field of buying, selling, booking and reserving tickets); creating, designing, developing, and maintaining web sites for others; creating web pages for others

### Goods

#### Class 01

(1) Chemical additives for use in the manufacture of synthetic resins; Chemicals for use in the manufacture of textiles, building and construction materials, industrial parts, and plastics; Carpet care chemicals; Chemicals for application to turfgrasses; Specialty intermediate chemicals, namely, alkoxyates, anhydrides; Chemicals and chemical compositions, namely, antistatic agents; Emulsifiers for use in the manufacture and processing of cosmetics, paint, insecticides, industrial cleaners, organic pigments, and textiles; Wetting agents for use in the manufacture of textiles; Dispersants for general use in the industrial arts; Nucleating agents; Reinforcing agents for use in the manufacture of plastics and synthetic resins; Clarifying agents for use in the manufacture of plastics and synthetic resins; Curing agents for epoxy resins; Chemical additives for use in the manufacture of plastics; Chemical additives for use in the manufacture of products made of plastics; Antioxidants for use in the manufacture of plastics and coatings; Stabilizers for use in the manufacture of plastics and coatings; Epoxy resin adhesives; Surfactants for use in soil-water management to promote uniform movement of water in the soil; Chemical preparations for the treatment of seeds; Specialty silicones, namely, silanes, siloxanes, silazanes, alkoxy silanes, and custom manufactured chemicals for research use in industry and science.

#### Class 02

(2) Colorants and dyestuffs for use in the manufacture of agricultural products, coatings, detergents, soaps, furs, inks, leather, leather goods, stains, flowers, metal, paint, paper, plastics,

plastic molding compounds, textiles, wood, lubricants, greases, oils, antifreezes, coolants, adhesives, candles and waxes; Colorants for engineering polymers; Dyestuffs and colorants for coloring seeds, fertilizers, and crop protection products; Dyestuffs and colorants for use in the turf and ornamental plants industries, vegetation management industry, and for use in forestry; Spray pattern indicators for application of fertilizers, fungicides, herbicides and insecticides; Dyes for bodies of water for aesthetic coloration only.

**Class 03**

(3) All purpose cleaning preparations; Carpet and rug cleaning preparations; Carpet and rug cleaning kits composed of carpet and rug cleaning preparations; Cleaning preparations for hardwood floors.

**Class 04**

(4) Industrial lubricants; Lubricants for use in the manufacture and treatment of textiles.

**Class 05**

(5) Wound dressings; Odour neutralizing preparations for carpets; Adhesive bandages; Surgical bandages; Cohesive bandages; Surgical paper tape; Adhesive tapes for medical purposes; Hydrophilic foam pads used as a dressing in woundcare for both animals and humans; Antimicrobial bandages for dressings and skin wounds.

**Class 08**

(6) Pull tapes for pulling cables and conductors through a conduit or duct.

**Class 09**

(7) Innerducts for cable conduits; Partitions for insertion into a conduit to divide the conduit into compartments; Plastic conduits containing fabric innerducts for fiber optic cables, copper cables, and telecommunications cables; Fabric sold as a component of flame-resistant protective clothing; Fabric sold as a component of flame-resistant protective helmets; Fabric sold as a component of flame-resistant protective hoods; Fabric sold as an integral component of flame-resistant protective blankets; Fabric sold as a component of flame-resistant protective headgear; Fabrics sold as a component of protective clothing especially made for use in laboratories; Fabrics sold as a component of clothing for protection against chemicals.

**Class 10**

(8) Fabric sold as a component of surgical scrub suits; Fabric sold as a component of blankets for medical purposes; Elastic bandages; Cohesive elastic bandages; Compression bandages; Orthopedic support bandages; Compression tape, orthopedic tape, and elastic tape for medical purposes.

**Class 17**

(9) Polymer-based sealing compounds; Polymer-based cement patching compounds; Resin-impregnated fiberglass tapes for leak repair of pipes; Kits for the repair or reinforcement of damaged pipes comprising resin impregnated fiberglass tape and epoxy resin; High strength pipe remediation wrap comprising fiberglass reinforcement material that is impregnated with moisture cured polyurethane resins; Plastic substrates formed from non-woven fibers for use in the manufacture of automotive components; Thermal insulation for use in clothing.

**Class 19**

(10) Vinyl floor tiles; Backing for vinyl floor tiles sold as a component of vinyl floor tiles; Fiber-reinforced mortars; Inorganic polymer concretes; Carbon-fiber fabrics used as structural reinforcement materials; Cement-impregnated fabrics that harden after hydration for reinforcing

culverts, ditches, berms, and other structures, and for slope-stabilization; Erosion control fabric; Kits for the repair or reinforcement of damaged pipes comprising fiberglass fabric, adhesive primer, and epoxy resins; Kits for the repair or reinforcement of damaged pipes comprising moisture-cured fiberglass fabric and adhesive primer; Resin-impregnated carbon-fiber fabrics for the repair or reinforcement of pipes; Kits for the repair or reinforcement of damaged pipes comprising carbon-fiber fabric, adhesive primer, and epoxy resins.

#### **Class 24**

(11) Woven textile fabrics; Knitted textile fabrics, Non-woven textile fabrics; Upholstery fabrics; Polymer coated textile fabrics; Flame-resistant textile fabrics; Textile fabrics for use in the manufacture of apparel, protective clothing, upholstery, table linen, industrial and building products, tape, curtains, furniture, mattresses, box springs, bedding, tire reinforcements, office partitions, screens, acoustical panels, textile wall tiles, wall coverings, and window treatments; Textile fabrics for use in the manufacture of moisture barrier substrates; Textile fabrics for use in the manufacture of protective helmets and hoods; Textile fabrics for the manufacture of blankets; Non-woven fabrics for use in the manufacture of automotive components; Table linen; Moldable nonwoven substrates, namely, nonwoven textile fabrics; Synthetic fabric, namely, thermoplastic fabric that can be thermoformed to create molded parts or laminated sheets; Textile fabrics having flame retardant properties used in the manufacture of mattresses, box springs, mattress toppers and pillows; Ballistic resistant fabrics for use in the production of bulletproof and blast proof clothing, shoes, and shields; Mattress pads.

#### **Class 25**

(12) Fabric sold as a component of laboratory coats; Fabric sold as a component of finished clothing items, namely, shirts, vests, jackets, arm sleeves, under garments, skirts, smocks, butcher coats, aprons, and pants; Fabric sold as a component of footwear; Fabric sold as a component of headwear.

#### **Class 27**

(13) Floor coverings; Carpets; Rugs; Carpet tiles; Carpet backing; Floor mats; Carpet backing sold as a component of carpet tiles; Floor covering system comprised of a top that detaches from the base of the system, sold as a unit or sold as separate top and base components.

#### **Class 28**

(14) Athletic tape.

#### **Services**

#### **Class 35**

(1) Management and business consulting services in the field of manufacturing and performance improvement; Cooperative marketing, namely, providing a cooperative marketing program for others in the field of clothing made from fabrics.

#### **Class 40**

(2) Manufacturing services for others in the field of silicone technology and intermediates, namely, silanes, siloxanes, silazanes, vinyl functional technologies, alkytrialkoxysilanes and custom manufactured research chemicals

#### **Class 41**

(3) Providing educational classes and training in the field of workplace safety; Providing educational classes and training in the fields of manufacturing and performance improvement.

#### **Class 42**

(4) Development of new technology for others in the field of specialty silicone technology and intermediates, namely, silanes, siloxanes, silazanes, vinyl functional technologies, alkytrialkoxysilanes and custom manufactured research chemicals.

**Class 45**

(5) Consulting in the field of work-place safety.

**Application Number** 1,969,145  
**Language of Application** English

**Filing Date** 2019-06-11

### Goods

#### Class 16

(1) Printed paper goods, namely, children's books, coloring books, stationery, namely, writing stationery, stationery agendas, greeting cards, note cards; pens; pencils; gift wrapping paper; gift bags of paper or plastic; party decorations made of paper; Paper gift wrapping ribbons; paper napkins; handkerchiefs of paper; stickers; envelopes; writing paper; children's books; notebooks; address books; blank journals; Computer game instruction manuals; note pads; calendars; diaries; posters; paintings; pictures; containers of paper; plastic bags for packaging; adhesives for stationery or household purposes; paper tape; office glues; paint brushes; pen cases; erasers; rubbers stamps; paper flags; paper hang tags; typewriters; educational instruments for natural science, namely, pencil.

#### Class 21

(2) Porcelain figurines; ceramic figurines; lunch boxes; food and beverage containers for household use, plastic storage containers for household purposes; serving utensils being serving spoons and cake servers; jars and bread boxes; combs and cleaning sponges, namely, hair combs, body sponges and kitchen cleaning sponges; cleaning brushes for household use; glassware, porcelain and earthenware, namely, teapots, pitchers, bowls, cups, mugs, plates, soap dispensers, toothbrush holders, trays for domestic purposes and containers for household use, namely, serving trays, baking trays; candlesticks and candleholders, non-metallic.

#### Class 28

(3) Action skill games; action figures and accessories therefor; board games; card games; children's multiple activity toys; badminton sets; balloons, namely, toy balloons, party balloons, play balloons; bath toys; beach balls; bean bag toys; bean bag dolls; toy building blocks; bobblehead dolls; bubble making wand and solution sets; chess sets; toy imitation cosmetics; Christmas stockings; Christmas tree ornaments and decorations; collectable toy figures; crib mobiles; crib toys; disc toss toys; dolls; doll clothing; doll accessories; doll playsets; electric action toys; equipment sold as a unit for playing card games including a game randomizer for determining

game play in a parlor game; hand-held units for playing electronic games for use with or without an external display screen or monitor; infant toys; inflatable toys; inflatable pool toys; jigsaw puzzles; jump ropes; kites; playing cards for use in magic tricks; marbles; manipulative games, namely, manipulative logic games, manipulative puzzles; mechanical toys; music box toys; musical toys; parlor games; party favors in the nature of small toys; paper party favors; paper party hats; party games; playing cards; plush toys; puppets; roller skates; role playing toys in the nature of play sets for children to imitate real life occupations; rubber balls; skateboards; snow boards; snow globes; spinning tops; squeeze toys; stuffed toys; talking toys; target games; toy action figures and accessories therefor; toy boats; toy bucket and shovel sets; toy mobiles; toy vehicles; toy scooters; toy cars; toy figures; toy banks; toy trucks; toy watches; toy weapons; toy building structures and toy vehicle tracks; wind-up toys; bandalore; toy trains and parts and accessories therefor; toy aircraft; fitted plastic films known as skins for covering and protecting electronic game playing apparatus, namely, video game consoles, and hand-held video game units.

### Foreign Character Translation

The translation provided by the applicant of the word(s) BUENAS is "good, kind, useful, well and in good health".

### Goods

#### Class 29

(1) Food products, namely, fruit preserves, canned fruits and vegetables, frozen fruits and vegetables, canned, frozen, dried and smoked seafood; preserved, dried, cooked and frozen fruits, vegetables; jellies and jams; coconut milk; shredded macapuno coconut; purple yam jam, chick peas and coconut jam; sauteed and salted shrimp fry; salted anchovies; fresh seafood; sweetened and coated banana chips and sticks; soup bases; palm sugar fruit, namely, Philippine kaong, pineapple sugar fruit, namely, Philippine nata de pina, Preserved white navy beans, preserved mungo bean, preserved jackfruit.

#### Class 30

(2) Coconut confectionery, namely, Philippine Nata de Coco, fruit mix and beans, namely, Philippine Halo Halo, salted anchovy sauce; sauces, namely, shrimp fry sauce, catsup, oyster sauce, soy sauce and vinegar; instant food mixes and powders, namely stir fry sauces; flour sticks, namely, Philippine pancit canton, rice sticks, namely, Philippine pancit bihon, rice noodles, and vermicelli, namely, Philippine misua; food products, namely, noodles, pastries, pastry dough wrappers and rice-based wrappers, sauces, namely, shrimp fry sauce, catsup, oyster sauce, soy sauce and vinegar; sauce mixes, namely, kare-kare sauce mixes, sinigang sauce mixes, sweet and sour sauce mixes, palabok sauce mixes and adobo sauce mixes; banana leaves, cassava leaves, jute leaves, horseradish leaves, pepper leaves, melon leaves, potato leaves, tamarind leaves, pine leaves, palm leaves, taro leaves, pepper leaves and bitter screwpine leaves.

### Goods

#### Class 07

(1) Industrial robots for use in food manufacture; Industrial robots for use in Slaughtering of animals; Industrial robots for use in handling and processing of slaughtered animals; Belt conveyors; Packaging machines; Pneumatic transporters; Jacks [machines] and lifting apparatus, namely, hydraulic jacks, electric jacks, hydraulic jacking pads, pneumatic jacks, and power jacks; Sausage making machines; Meat cutting machines and meat cutting plants; Electric saws for meat; Machines and plants for deboning; Bag loaders; Handling apparatus for loading, namely, tray handling machines, unmanned robots being cargo handling machines, cranes, excavators, palletizers, materials handling elevators, belts for conveyors, winches, and conveyers; Elevating or lifting work platforms [including mobile]; Mechanical height adjustable work platforms; Powered access work platforms; Food processing and preparing machines, namely, electric food processors, food processors, electric, packing machines, packaging machines for food, food cutting machines for commercial use, food slicing machines for commercial use, electric meat grinders; Meat making machines, namely, meat processing machines, meat cutting machines, meat processing robots, robotic meat processors, power-operated meat mincers; Food packaging machines; Robotic packaging machines; Machines and apparatus for filling, lifting, emptying and transport of containers and receptacle in production facilities in the fleshing industry, namely, power-operated lifts, pneumatic transporters, forklifts, carrying pallets, pneumatic tube conveyors; Filtering machines, separators and centrifuges, namely, centrifugal separators, conveyors, centrifuge separators for industrial use, conveying machines, filtering machines for meat processing; Machines and machine tools for use in the food industry, namely, food chopping machines for commercial use, food mixing machines for commercial use, shredder machines for industrial use, machine tools for removing waste material, canning machines, grinding tools for grinding machines, routers being machine tools, machines for packaging food, robots and robotic arms for food cutting for commercial use, robots and robotic arms for food chopping for commercial use, shredders for industrial use, colloid mills for the food industry, centrifugal machines for separating food waste, robots and robotic arms for food slicing for commercial use, blades for electric food processors; Machines and apparatus for binding, stunning and killing of slaughter animals; Machines and apparatus for cleaning, quality sorting, marking, cutting, scrapping and sorting of slaughter meat; Machines and apparatus for food processing, namely,

electric food blenders, centrifugal machines for separating food waste, industrial food mixers, packaging and wrapping machines, electric food choppers, electric food slicers, wrapping machines, food grinders, electric, meat processing machines, meat cutting machines, meat processing robots, robotic meat processors, power-operated meat mincers, electric food processors, food processors, electric, packing machines, packaging machines for food, food cutting machines for commercial use, food slicing machines for commercial use, electric meat grinders; Machines and apparatus for packing and palletisation of food; Washing and cleaning apparatus (cleaning appliances) for use in the food industry, namely, washing machines, steam cleaning machines, electric washing machines for industrial purposes, floor washing machines, and high-pressure washers; Labellers [machines], namely, automatic industrial labeling machines for applying labels to containers, robotic labelling machines, industrial label printing machines, label dispensing machines, other than for office use, thermal label printing machines, other than for office use, label applicator machines, other than for office use; Lifts and conveyors [machines] for use in slaughterhouse and in production facilities; Motors, other than for land vehicles, namely, electric motors for machines, fan motors for machines, motors for air conditioners, motors used in industrial applications, winch motors; Couplings and transmission components, except for land vehicles; Pneumatic, electric and hydraulic control mechanisms for machines, namely, lifts and conveyors for use in slaughterhouse and in fleshing industries, pneumatic actuators, pneumatic valve actuators, pneumatic pumps, hydraulic valve actuators, valves being parts of machines, electric motors for machines, and hydraulic linear actuators, other than for land vehicles; Process controlling plants (mechanical), namely, mechanical hoists, and mechanical railed lifting conveyors for process controlling plants for use in the fleshing industry; Process controlling plants (hydraulic), namely, hydraulic conveyors, hydraulic hoists, hydraulic jacks and hydraulic pumps for process controlling plants for use in the fleshing industry; Parts and fittings for all the aforementioned goods

### **Class 08**

(2) Handsaws, including handsaws for use in the fleshing industry; Appliances and instruments for slaughtering butchers' animals, namely, captive bolts, captive bolt pistols for stunning animals, cattle skinning instruments, knives for skinning animals, pliers for skinning animals, instruments and tools for skinning animals, meat choppers being knives, blade bone pullers, blade bone removers, rib top saw, hand-operated scrapers for skinning animals; Appliances and instruments for meat cutting and deboning, namely, blade bone pullers, blade bone removers, rib loosener, rib top saw, cutting pliers, meat shredders, filleting knives, meat tenderizers, namely, a pronged instrument for pounding meat, slicing knives, mincing knives, manual food chopper, meat choppers being knives, hand-operated food processors, specially adapted replacement parts for electric animal nail grinders; Hand tools and implements (hand-operated), namely, hand-operated hand tools, manually operated hand tools; Hand-operated tools for use by slaughtering and cutting of production animals; Hand tools for use by slicing and cutting of butchers' animals; Parts and fittings for all the aforementioned goods

### **Class 09**

(3) Computers; Downloadable and recorded software for production planning, stock control, quality assurance, production monitoring and maintenance assurance, namely, industrial process control software, downloadable computer software utilizing adaptive control for industrial processes, computer software for inventory management, computer software for operating system programs, computer software for monitoring computer network access and activity, recorded computer software for process optimization, operating system software; downloadable and recorded supervisory control and data acquisition (SCADA) software for production planning, stock control, quality assurance, production monitoring and maintenance assurance in the fleshing industry, waste water industry and utilities industry; PLC software, namely, operating software for

programmable logic controllers, downloadable and recorded software for control of machines and robotic systems in the fleshing industry, waste water industry and utilities industry; Scales, namely, bariatric scales, lever scales, laboratory scales and balances, scales with body mass analyzers, weights for use with weighing scales, food scales; Apparatus for electric control of machines, namely, electric control panels, electric power distribution units, electric current control devices, circuit boards; Process controlling plants (electronic), namely, computers and computer operating systems for process controlling plants for use in the fleshing industry, waste water industry and utilities industry; Access control devices, namely, biometric sensors for access control systems, automatic controllers for revolving doors; Access control installations (Automatic -), namely, security control software to control building environment, access, and security systems, computer security hardware for network vulnerability assessment; Software to access control; Access control cards [encoded or magnetic]; Machines for meat and quality control in the fleshing industry, namely, cameras, body fat scales and probes for measuring of the fat percentage of the butchers' animals and image scanners for classifying of butchers' animals; Apparatus and instruments for weighing, measuring, signalling, controlling, monitoring and education in connection with slaughter machines, namely, bariatric scales, lever scales, laboratory scales and balances, scales with body mass analyzers, weights for use with weighing scales, food scales, image scanners, ultrasound probes not for medical use, electroacoustic transducers, electro-optic transducers, radio-frequency identification [RFID] tags, and radio-frequency identification (RFID) readers; Electric and electronic equipment, namely computers and electric current control devices for use in slaughterhouses for control (monitoring), measuring, analysis and collection of data; Weighing scales for use in slaughterhouses in the food industry and parts and fittings for the above mentioned goods for use in slaughterhouses in the food industry; Process computers and industrial process control software for use in slaughterhouses, waste water and utilities plants; Computerised equipment in the form of downloadable and recorded computer programs and computer software for production planning, stock control, quality assurance, production monitoring and maintenance assurance in the fleshing industry, waste water industry and utilities industry; Downloadable and recorded mobile applications for accessing and viewing advice, support and products related to the fleshing industry, waste water industry and utilities industry, downloadable and recorded mobile applications for production planning, stock control, quality assurance, production monitoring and maintenance assurance in the fleshing industry, waste water industry and utilities industry; Ultrasonic sensors, optic sensors and probes for use in slaughterhouses; Radiological apparatus for industrial purposes, namely, computed radiography phosphor scanners not for medical use; X-ray analyzers [other than for medical use]; Parts and fittings for all the aforementioned goods

### **Class 11**

(4) Disinfectant apparatus for butcher machines and butcher employees; Apparatus and installations for heating, steam generating, cooling, drying, ventilating and sanitary purposes in slaughterhouses, namely, air coolers, air conditioners, air cleaning units, air dehumidifiers, air handlers, air humidifiers, steam generating installations, heating radiators, heating boilers, underfloor heating installations, heating cartridges, cooling evaporators, central heating boilers, boiler pipes for heating installations, thermostatic valves for heating installations, condenser and evaporator for heat pumps, boilers for heating installations, electric radiators for heating buildings, central heating radiators, humidifiers for central heating radiators, automatic temperature regulators for central heating radiators, cooling registers, heating elements, heating furnaces for industrial purposes, steam generators, electrical boilers, water heaters for industrial purposes, cooling domes, water filtering units for industrial use; Air coolers and freezers for use in slaughterhouses and for food manufacture; Sanitary installations in the nature of sinks and drainages in the nature of plumbing drains and plumbing fittings, namely drains for use in

slaughterhouses and for food manufacture; Sterilization and disinfection equipment and installations for use in slaughterhouses and for food manufacture, namely, steam generating apparatus for disinfection of slaughter carcasses; Parts and fittings for all the aforementioned goods

## **Services**

### **Class 35**

(1) Retail and wholesale services (online and offline) in connection with marking ink for animals, bins [metal structures] for storage or transport of slaughter goods, animal handling facilities of metal for use in slaughterhouses, namely stables, boxes, load frames and corridors, storage facilities of metal for food, wagons for handling of goods, non-metallic containers for storage or transport of food, cell based meat made from stem cells, meat, Industrial robots for use in manufacture, Industrial robots for use in Slaughtering of animals, Industrial robots for use in handling and processing of slaughtered animals, Belt conveyors, Packaging machines, Pneumatic transporters, Jacks [machines] and lifting apparatus, Sausage making machines, Meat cutting machines and meat cutting plants, Electric saws for meat, Machines and plants for deboning, Bag loaders, Handling apparatus for loading, Elevating or lifting work platforms [including mobile], Mechanical height adjustable work platforms, Powered access work platforms, Food processing and preparing machines, Meat making machines, Food packaging machines, Robotic packaging machines, Machines and apparatus for filling, lifting, emptying or transport of containers and receptacle in production facilities, Filtering machines, separators and centrifuges, Machines and machine tools for use in the food industry, Machines and apparatus for binding, stunning and killing of slaughter animals, Machines and apparatus for cleaning, quality sorting, marking, cutting, scrapping and sorting of slaughter meat, Machines and apparatus for food processing, Machines and apparatus for packing and palletisation of food, Washing and cleaning apparatus (cleaning appliances) for use in the food industry, Labellers [machines], Lifts and conveyors [machines] for use in slaughterhouse and in production facilities, Motors, other than for land vehicles, Couplings and transmission components, except for land vehicles, Pneumatic, electric or hydraulic control mechanisms for machines, Handsaws, including handsaws for use in the fleshing industry, Appliances and instruments for slaughtering butchers' animals, including captive bolts, Appliances and instruments for meat cutting and deboning, Hand tools and implements (hand-operated), Hand-operated tools for use by slaughtering and cutting of production animals, Hand tools for use by slicing and cutting of butchers' animals, Computers, Software, including software for production planning, stock control, quality assurance, production monitoring and maintenance assurance, SCADA software, PLC software, Scales, Apparatus for electric control of machines, Process controlling plants (electronic), including process controlling plants for use in the fleshing industry, Access control devices, Access control installations (Automatic -), Software to access control, Access control cards [encoded or magnetic], Machines for meat and quality control, including measuring of the fat percentage of the butchers' animals, scanners for classifying of butchers' animals, Apparatus and instruments for weighing, measuring, signalling, control (monitoring) and education in connection with slaughter machines, Electric and electronic equipment, namely computers and control devices for use in slaughterhouses for control (monitoring), measuring, analysis and collection of data, Weighing apparatus (not included in other classes) and parts and fittings for the above mentioned goods for use in slaughterhouses in the food industry, Process computers and process control apparatus for use in slaughterhouses, Computerised equipment in the form of computer programs and computer software (recorded or downloadable), Mobile apps, Ultrasonic sensors, optic sensors and instruments for use in slaughterhouses, Disinfectant apparatus for butcher machines and butcher employees, Apparatus and installations for heating, steam generating, cooling, drying, ventilating and sanitary purposes in slaughterhouses, Cooling

apparatus and freezers for use in slaughterhouses and for food manufacture, Sanitary installations for use in slaughterhouses and for food manufacture, Sterilization and disinfection equipment and installations for use in slaughterhouses and for food manufacture

### **Class 37**

(2) Installation services of slaughter equipment; Installation, repair, maintenance and cleaning of facilities, apparatus and instruments in slaughterhouses and in production facilities; Repair of slaughter equipment

### **Class 42**

(3) Planning and construction (design) of meat processing facilities and conveyors; Software creation, including software for production planning, stock control, quality assurance, production monitoring and maintenance assurance, SCADA software and PLC software; Research in stem cells for use in production of cell based meat; Design and development of slaughter processes, slaughter equipment and slaughter facilities; Technical support of slaughter facilities; Installation of Access Control as a Service (ACaaS) software; Scientific and technological research and design services in the field of slaughtering; Industrial analysis and research services relating to slaughtering in the fleshing industry; Advisory services relating to slaughtering in the fleshing industry; Design and development of computer software; Design of facilities, apparatus and instruments for use in slaughterhouses; Design of manual, semi-automatic and full-automatic animal handling facilities for use in slaughterhouses, including stables, boxes, load frames and corridors

### **Claims**

Priority Filing Date: February 07, 2019, Country or Office: DENMARK, Application No: VA 2019 00313 in association with the same kind of goods (1); February 07, 2019, Country or Office: DENMARK, Application No: VA 2019 00313 in association with the same kind of goods (2); February 07, 2019, Country or Office: DENMARK, Application No: VA 2019 00313 in association with the same kind of goods (3); February 07, 2019, Country or Office: DENMARK, Application No: VA 2019 00313 in association with the same kind of services (3); February 07, 2019, Country or Office: DENMARK, Application No: VA 2019 00313 in association with the same kind of services (1); February 07, 2019, Country or Office: DENMARK, Application No: VA 2019 00313 in association with the same kind of services (2); February 07, 2019, Country or Office: DENMARK, Application No: VA 2019 00313 in association with the same kind of goods (4)

### Visual Representation

### Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the wording "TONY CHACHERE'S" in stylized red letters with white and black outlines on a white background and above the words "FAMOUS CREOLE CUISINE" in black on a yellow banner. To the left is a beige cartoon chef with a white hat, black eyebrows and glasses. He is wearing a red and white striped shirt and a white apron, gray pants and red and white sneakers. There is a large black pot featuring a brown and light brown liquid mix above which is a white burst with a brown utensil with a white hole. The words "GREAT ON EVERYTHING!" appear in white on a red banner outlined in yellow, the whole on a green background.

### Goods

Computers; computer hardware; computer software for cognitive computing, namely provision of computing services for computer systems that integrate natural language processing, computational linguistics, information retrieval and machine learning and capable of understanding general human queries and formulating responses; downloadable or recorded computer software for linking together computers and for enabling computing across a globally accessible computer network; computer hardware; downloadable or recorded computer software for running edge computing based applications; computer servers; computer storage devices, namely, high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunications network; downloadable or recorded computer software for use in controlling the operation and execution of computer systems, programs and networks; downloadable or recorded computer software for use in connecting disparate computer networks and systems, computer servers and storage devices; downloadable or recorded computer operating system software; downloadable or recorded computer software for managing hardware, software and processes that exist within an information technology environment, all of the aforementioned processes for general use in the field of data and information technology systems and infrastructure analysis, artificial intelligence, machine learning, document management, and database management; computer systems comprising combining hardware and downloadable or recorded computer software for use in management and analysis of data and instructional manuals sold as a unit therewith; cloud computing system, namely, network integrating computer hardware and downloadable or recorded software for dynamic provisioning, virtualization, and consumption metering of computer resources; downloadable cloud-computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely, computer hardware and downloadable or recorded computer software for Integrating Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) And Machine Learning (ML) and capable of understanding general human queries and formulating responses; computer hardware, namely, magnetic tape units (IT), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact discs (audio-video), optical disks, couplers (IT),

floppy disks, magnetic data media; computer hardware, namely video screens, scanners, computer printers, computer interfaces, computer readers, microprocessors, modems, computer monitors, computers, computer memory, computer peripherals; downloadable, recorded computer software for use in controlling the operation and execution of computer systems, programs and networks; downloadable, recorded computer software for use in connecting disparate computer networks and systems, computer servers and storage devices; downloadable, recorded computer operating system software; cloud computing system, namely, network integrating computer hardware and downloadable or recorded software for dynamic provisioning, virtualization, and consumption metering of computer resources; downloadable cloud-computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely, computer hardware and downloadable or recorded computer software for integrating natural language processing, computational linguistics, information retrieval and machine learning and capable of understanding general human queries and formulating responses; computer components and parts; semi-conductors; hard disk drives; tape recorders; cash registers; facsimile machines; video game software; video recorders; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; carrying cases for computers; interface cards for computers; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, computer mouse pads, electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage switches, pagers, computer control joysticks, computer mice; electronic publications, namely books, magazines and manuals containing information on computer technology; readers for integrated circuit cards and smart cards; microcomputers; remote controllers for computers; surge protectors and uninterruptible power supplies; point-of-sale terminals; computer operating system software; software for accessing a global computer network; computer database management software; document management software; computer software used for locating, retrieving and receiving text, electronic documents and graphics on enterprise-wide internal computer networks and local and wide-area global computer networks; computer software for designing and developing websites and instructional manuals in electronic format sold as a unit; computer user manuals in electronic format; computer hardware, namely, a computer integrating Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML), capable of understanding general human queries and formulating responses.

## **Services**

### **Class 35**

(1) Advertising, namely, promoting the goods and services of others; business management consultancy; business consulting services in the field of computers, computing services, computer software, computer hardware, computer systems, computer products and services, and electronic business transactions via a global computer network; business consulting services for computer systems integrating natural language processing, computational linguistics, information retrieval and machine learning and are capable of understanding general human queries and formulating responses; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for others; accounting; document reproduction; systematization of data in a central file; organization of exhibitions of computers, computer software, computer hardware, computer systems, computer products, electronic business transactions via a global computer network, computing services, for commercial or advertising purposes; advertising services for others for a computer system that integrates natural language processing, computational linguistics, informational retrieval and machine learning which is capable of understanding general human queries and formulating responses.

**Class 38**

(2) Telecommunications services, namely, digital network telecommunication services, namely providing computer network access and connection to users via a global network and electronic devices; telecommunication services, namely, providing multiple user access to the Internet; teleconferencing and web conferencing services; providing multiple access to global information networks for the transfer and dissemination of a wide range of information; providing online forums for transmission of messages among computer users; telecommunication services, namely, providing on-line forums for transmission of messages among computer users; providing private and secure real time electronic communication over a computer network; telecommunications services, namely, providing access to technical assistance services relating to the use of communications equipment via computer networks and electronic platform; electronic mail services; news and information agencies; telecommunication services, namely, transmission of electronic messages via computer networks.

**Class 42**

(3) Computer programming; design and development of computers for cognitive computing; computer programming and computer consulting for information technologies; programming of software for database management; cloud computing provider services for database management; design, updating and maintenance of software; design of computer software and hardware for third parties, and technical support services, namely troubleshooting of computer hardware problems provided by computer experts, IT services, namely design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; technical support services, namely, troubleshooting of computer hardware and software problems provided by computer experts; design of computer and software interconnection systems, namely: electronic interconnection of computers and software; testing of computer programs (software) and hardware (quality control and technical control); technical project studies in the field of computer hardware and software; computer consulting in connection with computer hardware, namely consulting in computer research and development; computer system analysis; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of new products for others, biological research, bacteriological research, chemical research, cosmetology research, mechanical research in the field of computers, computer software, computer hardware, computer systems, computing services and e-commerce software to allow users to perform electronic business transactions via a global computer network, geological research, technical research in the field of computers, computer software, computer hardware, computer systems, computing services and e-commerce software to allow users to perform electronic business transactions via a global computer network, pharmaceutical research, scientific research for medical purposes; Information technology services, namely, computer services in the nature of computer programming, computer modeling, computer graphics services for a computer integrating natural language processing, computational linguistics, informational retrieval and machine learning, capable of understanding general human queries and formulating responses; computer systems integrations services; computer consultation services in the field of computer software design; consulting services in the field of design, selection, implementation and use of computer systems and software systems for others; technical support services, namely troubleshooting in the nature of diagnosing computer hardware and computer software problems; computer systems design services for others; interconnection of computers and computer programs, namely, integration of computer systems and networks; computer program and hardware testing services, namely, testing of software, computers and servers to ensure proper functioning; installation, updating and

maintenance of computer programs; computer programming for others; cloud computing services, namely, network integration of computer hardware and online software for dynamic provisioning, virtualization, and consumption metering of computer resources; consulting services in the field of cloud computing; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; computer services, namely cloud hosting provider services; cloud computing provider services for general storage of data; data recovery services.

#### Class 09

Computers; computer hardware; computer hardware and downloadable and recorded software for artificial intelligence in particular for creating artificial intelligence, managing artificial intelligence in the field of computers, computer software, computer hardware, computer systems, computing services, computer information technology, information management, database management, cloud computing, blockchain technology, and electronic business transactions via a global computer network; computer hardware for cognitive computing in particular creating cognitive computing, managing cognitive computing, data analysis using cognitive computing; computer hardware, namely, magnetic tape units (IT), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact discs (audio-video), optical disks, couplers (IT), floppy disks, magnetic data media; computer hardware, namely video screens, scanners, computer printers, computer interfaces, computer readers, microprocessors, modems, computer monitors, computers, computer memory, computer peripherals; computer software, namely, downloadable and recorded computer software for use in database management and machine learning; downloadable computer software for use in software development, namely, for use in creating and developing computer programs and applications; downloadable and recorded software for cognitive computing in particular creating cognitive computing, managing cognitive computing, data analysis using cognitive computing in the field of machine learning, document management, database management, computer software, computer hardware, computer systems, computing services, computer information technology, information management, cloud computing, blockchain technology, and electronic business transactions via a global computer network; downloadable and recorded software for block chain technology in particular creating block chain technology, managing block chain technology, record management via block chain technology; downloadable and recorded software for development, construction and operation of block chain technology applications; computer components and parts; semi-conductors; hard disk drives; tape recorders; cash registers; facsimile machines; video game software; video recorders; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; carrying

cases for computers; interface cards for computers; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, computer mouse pads, electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage switches, pagers, computer control joysticks, computer mice; electronic publications, namely books, magazines and manuals containing information on computer technology; readers for integrated circuit cards and smart cards; microcomputers; remote controllers for computers; surge protectors and uninterruptible power supplies; point-of-sale terminals; computer operating system software; software for accessing a global computer network; computer database management software; document management software; computer software used for locating, retrieving and receiving text, electronic documents and graphics on enterprise-wide internal computer networks and local and wide-area global computer networks; computer software for designing and developing websites and instructional manuals in electronic format sold as a unit; computer user manuals in electronic format; computer hardware and computer programs for dynamic provisioning, virtualization and consumption metering of computer resources; computer hardware and downloadable and recorded software for use in database management and machine learning; computer hardware and downloadable and recorded software for use in software development, namely, for use in creating and developing computer programs and applications; computer hardware and downloadable and recorded software for blockchain technology in particular creating block chain technology, managing block chain technology, record management via block chain technology; computer systems comprised of computer hardware for use in the management and analysis of data and instruction manuals in electronic format sold therewith; computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; computer software for use in controlling the operation and execution of computer systems, programs, and networks; computer software for use in connecting disparate computer networks and systems, computer services and storage devices; computer programs for connecting computers together and for enabling computer activities across a global computer network; computer software for managing hardware, software and processes that exist within an information technology environment, all of the aforementioned processes for general use in the field of data and information technology systems and infrastructure analysis, artificial intelligence, machine learning, blockchain technology, quantum computing, cloud computing, document management, and database management; cloud computing system, namely network integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources; downloadable cloud computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely computer hardware and computer programs that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) and capable of understanding general human queries and formulating responses; downloadable and recorded computer software used for business-to-business (B2B) integration; downloadable and recorded software used for business-to-business transactions, namely, conducting business-to-business transactions and maintaining records of business-to-business transactions; downloadable and recorded software used for managing file transfers; software used for supply chain management; downloadable documentation in the nature of troubleshooting guides, installation manuals and instruction manuals recorded in electronic format and relating to computer software.

## **Services**

### **Class 35**

(1) Advertising, namely, promoting the goods and services of others; commercial business management and business management advice; distribution of prospectuses; distribution of

samples; arranging newspaper subscriptions for others; accounting; document reproduction; systematization of data in a central file; organization of exhibitions of computers, computer software, computer hardware, computer systems, computer products, electronic business transactions via a global computer network, computing services for commercial or advertising purposes; business management consultancy; business consulting services in the field of computers, computing services, computer software, computer hardware, computer systems, computer products and services, and electronic business transactions via a global computer network; business consulting services for companies with respect to artificial intelligence; business consulting services for companies with respect to cloud computing; business consulting services for companies with respect to block chain technology; business development services in the field of computers, computing services, computer software, computer hardware, computer systems, computer products and services and electronic business transactions via a global computer network; analysis of market research data and statistics; computer data processing services for artificial intelligence electronic data processing services, namely data processing in the field of artificial intelligence technology; electronic data processing services, namely data processing in the field of cognitive computing technology; electronic data processing services, namely data processing in the field of cloud computing technology; electronic data processing services, namely data processing in the field of blockchain technology; electronic data processing services, namely business management information data processing; arranging and conducting trade exhibitions in the field of computing, computer systems, computer software, computer hardware, computer products and services, computer software and hardware connecting communication systems to computer networks, computing technology, and electronic business transactions via a global computer network; consulting services for companies with respect to computer system that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) and capable of understanding general human queries and formulating responses; systemization of data in computer databases; business-to-business (B2B) integration services, namely, services consisting of the registration, collection, transcription, and systemization of written communications and data for business-to-business transactions; collaboration of business partners, namely, promoting collaboration of business partners in the field of IT services; intercompany transactions, namely, advisory services for preparing and carrying out commercial transactions in the field of computers, computing services, computer software, computer hardware, computer systems, computer products and services and electronic business transactions via a global computer network.

#### **Class 42**

(2) Computer programming; cognitive computing services, namely, provisions of computing services for computer systems that integrate natural language processing, computational linguistics, information retrieval and machine learning and capable of understanding general human queries and formulating responses; computer services for data management; cloud computing provider services for database management; cloud hosting provider services; cloud computing featuring software for use in end-to-end visibility, insights and management of an entity's supply chain, namely, order capture and management; design, updating and maintenance of software; computer software and hardware design for third parties, and support services concerning computers provided by computer specialists, computing services, namely the creation, design and maintenance of web sites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; technical support services, namely, repair of operating systems and computer programs by computer technicians; design of computer and software interconnection systems, namely: electronic interconnection of computers and software;

testing of computer programs (software) and hardware (quality control and technical control); technical project studies in the field of computer hardware and software; computer consulting in connection with computer hardware, namely consulting in computer research and development; computer advice and assistance concerning Internet use; rental of computers and software scientific and industrial research, namely research and development of new products for others, biological research, bacteriological research, chemical research, cosmetology research, mechanical research in the field of computers, computer software, computer hardware, computer systems, computing services, computer information technology, information management, database management, cloud computing, quantum computing, blockchain technology, and electronic business transactions via a global computer network, geological research, technical research in the field of computers, computer software, computer hardware, computer systems, computing services, computer information technology, information management, database management, cloud computing, quantum computing, blockchain technology, and electronic business transactions via a global computer network, pharmaceutical research, scientific research for medical purposes; information technology consultancy in the field of computers, computer software, computer system hardware, computer systems, hardware, telecommunications, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, multimedia and entertainment equipment, e-commerce, electronic business transactions via a global computer network, business consulting services, computing services, and computing technology; technology consulting services in the field of artificial intelligence in particular the use of artificial intelligence; consulting services in the field of block chain technology in particular use of block chain technology; consulting services in the field of information managed, namely, electronic storage of files and documents; consulting services in the field of data management, namely, electronic data storage; consulting services related to software as a service (SaaS); computer system integration services; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for third parties; technical support services, namely troubleshooting in the nature of diagnosing computer hardware and computer program problems; computer system design services for third parties; interconnection of computer hardware and programs, namely, integration of computer systems and networks; computer program and hardware testing services, namely, testing of computer software, computers and servers to assure proper functioning; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization, and consumption metering of computer resources; consulting services in the field of cloud computing; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; computer services, namely cloud hosting provider services; computer services, namely, electronic data storage and data recovery services; computer programming services and computer consulting services for business-to-business (B2B) integration, intercompany transactions, data and file transfer management and supply chain management.

#### Class 09

Computers; computer hardware; computer software, namely, downloadable and recorded computer software for use in database management and machine learning; downloadable computer software for use in software development, namely, for use in creating and developing computer programs and applications; computer hardware and software for block chain technology in particular for creating, managing and recorded block chain technology; downloadable software for the development, construction and operation of block chain technology applications; downloadable and recorded electronic publications in the nature of manuals and journals in the field of troubleshooting hardware issues and operating downloadable and recorded computer software; computer hardware and downloadable and recorded software for artificial intelligence in particular for creating artificial intelligence, managing artificial intelligence in the field of computers, computer software, computer hardware, computer systems, computing services, computer information technology, information management, database management, cloud computing, blockchain technology, and electronic business transactions via a global computer network; computer hardware and software for cognitive computing analytics; computer hardware, namely, magnetic tape units (data processing), magnetic tapes, printed circuits, integrated circuits, computer keyboards, compact discs (audio-video), optical disks, couplers (data processing), floppy disks, magnetic data media; computer hardware, namely, video screens, scanners, computer printers, computer interfaces, computer readers, microprocessors, modems, computer monitors, computers, computer memory, computer peripherals; recorded computer programs and software, namely, computer operating software; computer components and parts; semi-conductors; hard disk drives; tape recorders; cash registers; facsimile machines; video game software; video recorders; computer chips; boards for integrated circuits; computer accessories, namely, computer communication servers; carrying cases for computers; interface cards for computers; computer cables and computer cable parts; fax modem cards for computers; computer accessories, namely, screen filters, computer mouse pads, electric converters, namely, digital-to-analog, analog-to-digital and step-by-step voltage switches, pagers, computer control joysticks, computer mice; electronic publications, namely books, magazines and manuals containing information on

computer technology; readers for integrated circuit cards and smart cards; microcomputers; remote controllers for computers; surge protectors and uninterruptible power supplies; point-of-sale terminals; computer operating system software; software for accessing a global computer network; database management software; document management software; computer software used for locating, retrieving and receiving text, electronic documents and graphics on enterprise-wide internal computer networks and local and wide-area global computer networks; computer software for designing and developing websites and instructional manuals in electronic format sold as a unit therewith; computer user manuals in electronic format; computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data either locally or via a telecommunication network; computer software for use in controlling the operation and execution of computer systems, programs, and networks; computer software for use in connecting disparate computer networks and systems, computer servers and storage devices; computer programs for linking computers together and for enabling computer activities across a global computer network; downloadable or recorded computer software for managing hardware, software and processes that exist within an information technology environment, all of the aforementioned processes for general use in the field of data and information technology systems and infrastructure analysis, artificial intelligence, machine learning, blockchain technology, quantum computing, cloud computing, document management, and database management; computer systems combining hardware and computer operating software for use in management and analysis of data, instructional manuals in electronic format sold as a unit therewith; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources; downloadable cloud computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely computer hardware and computer software that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) and capable of understanding general human queries and formulating responses.

## **Services**

### **Class 35**

(1) Advertising, namely, promoting the goods and services of others; commercial business management and business management advice; distribution of prospectuses; distribution of samples; arranging newspaper subscriptions for others; accounting; document reproduction; systemization of data in computer databases; organization of exhibitions of computers, computer software, computer hardware, computer systems, computer products, electronic business transactions via a global computer network, computing services for commercial or advertising purposes; business management consulting services; business consulting services in the field of computers, computing services, computer software, computer hardware, computer systems, computer products and services and electronic business transactions via a global computer network; business strategy development consulting services; business development in the field of computers, computing services, computer software, computer hardware, computer systems, computer information technology, information management, database management, cloud computing, blockchain technology, and electronic business transactions via a global computer network; analysis of market research data and statistics; business management services relating to information and data compiling, processing, analyzing; electronic data processing services, namely data processing in the field of artificial intelligence technology; electronic data processing services, namely data processing in the field of cognitive computing technology; electronic data processing services, namely data processing in the field of cloud computing technology; electronic data processing services, namely data processing in the field of blockchain technology; electronic

data processing services, namely business management information data processing; arranging and conducting trade exhibitions in the field of computing, computer systems, computer software, computer hardware, computer products and services, computer software and hardware connecting communication systems to computer networks, computing technology, and electronic business transactions via a global computer network; business consulting services for companies with respect to artificial intelligence; business consulting services for computer systems that integrate natural language processing, computational linguistics, information retrieval and machine learning and capable of understanding general queries and formulating responses; business consulting services for companies with respect to cloud computing; business consulting services for companies with respect to blockchain technology; business consulting services for companies with respect to analyzing and compiling data; analysis of market research data and statistics; systemization of data in computer databases; rental of sales stands; rental of sales stands and presentation of goods on all communication media, for retail sale, namely, retail store services, online retail store services and interactive television retail services, featuring general consumer merchandise of others.

### **Class 36**

(2) Insurance services; financial services, namely, financial risk assessment services and financial portfolio analysis services; capital investment consultation; financial management; financial planning; money lending in the field of purchasing and rental of computer products and services; hire-purchase financing services; capital investment; stock exchange quotations; arranging and provision of loans in the field of purchase and rental of computer products and services; mutual fund services; fund management and investment services; saving and loan services; actuarial services; credit agencies; appraisal of real estate; real property management; capital investment consultation; financial analysis and consultation services; financial management; financial planning; investment services, namely, asset acquisition, consultation, development and management services; financial asset management; financial investment counseling; investment management; financial valuation of new technologies for others; venture capital funding services to emerging and start-up companies; processing of payments made by credit card and debit card; providing electronic processing of electronic funds transfer, ACH, credit card, debit card, electronic check and electronic payments.

### **Class 42**

(3) Computer programming; computer programming and consulting in the field of artificial intelligence; computer programming and consulting in the field of cognitive computing; computer programming and technology consultancy services for the management of information; computer programming and technology consultancy services for the management of data; computer programming and consulting in the field of cloud computing; design, installation, updating and maintenance of software; design of computer software and hardware for others, and computer consultation services; technical support services, namely, solving problems with computer programs and software; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; design of computer and software interconnection systems, namely: electronic interconnection of computers and software; testing of computer programs (software) and hardware (quality control and technical control); technical project studies in the field of computer hardware and software; computer consulting in connection with computer hardware, namely consulting in computer research and development; computer advice and assistance concerning Internet use; rental of computers and software; scientific and industrial research, namely research and development of new products for others, biological research, bacteriological research, chemical

research, cosmetology research, mechanical research in the field of computers, computer software, computer hardware, computer systems, computing services, computer information technology, information management, database management, cloud computing, quantum computers and quantum computing, blockchain technology, and electronic business transactions via a global computer network, geological research, technical research in the field of computers, computer software, computer hardware, computer systems, computing services, computer information technology, information management, database management, cloud computing, quantum computers and quantum computing, blockchain technology, and electronic business transactions via a global computer network, pharmaceutical research, scientific research for medical purposes; information technology consultancy in the field of computers, computer software, computer hardware, computer systems, computing services, computer information technology, information management, database management, cloud computing, quantum computers and quantum computing, blockchain technology, and electronic business transactions via a global computer network; computer system integration services; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for others; technical support services, namely, diagnosing problems with computer hardware and computer programs; computer system design services for third parties; design of systems for interconnection of computer hardware and software, namely, integration of computer systems and networks; computer software and hardware testing services, namely, testing of computer software, computers and servers to assure proper functioning; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization, and consumption metering of computer resources; consulting services in the field of cloud computing; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; computer services, namely cloud hosting provider services (cloud computing); cloud computing provider services for general storage of data; data recovery services.

#### Class 09

Computers; computer hardware; downloadable computer software for use in database management, machine learning, and software development; computer hardware and software for blockchain technology, in particular for creating and managing blockchain technology and record management via blockchain technology; computer hardware and software for artificial intelligence services, namely, hardware and software for creating artificial intelligence and managing artificial intelligence; computer hardware and software for cognitive computing analytics; data storage devices being magnetic tape units for computers; data storage devices being magnetic tapes; printed circuits; integrated circuits; computer keyboards; Data processing equipment, namely, computing couplers for data processing; computer hardware, namely video screens, scanners, computer printers, data processing interfaces, data processing readers, microprocessors, modems, computer monitors, computers, computer memory boards; semi-conductors; hard disk drives; tape recorders; cash registers; facsimile machines; video game software; video recorders; computer chips; circuit boards provided with integrated circuits; computer accessories, namely, computer communication servers; carrying cases for computers; interface cards for computers;

computer cables and computer cable parts; fax modem cards for computers; computer accessories, computer screen filters, computer mouse pads, electric converters, namely, digital-to-analog converters, analog-to-digital converters and voltage steppers, pagers, joysticks for use with computers other than for video games, computer mice; electronic publications, namely books, magazines and manuals containing information on computer technology; encoded integrated circuit card readers; smart card readers; microcomputers; remote controllers for computers; surge protectors and uninterruptible power supplies; point-of-sale terminals; network operating system programs; computer software for accessing remote computers and computer networks; database management software; computer software for document management; computer software used for locating, retrieving and receiving text, electronic documents and graphics on enterprise-wide internal computer networks and local and wide-area global computer networks; computer software for designing and developing websites and instructional manuals in electronic format sold as a unit therewith; computer user manuals in electronic format; computer servers; computer storage devices, namely high-speed storage subsystems for storage and backup of electronic data locally and via a telecommunications network; computer software for use in controlling the operation and execution of computer systems, programs, and networks; computer software for connecting computer networks and systems, disparate servers and storage apparatus; computer operating system software; computer programs for linking together computers and for enabling computing across a globally accessible network; computer software for managing systems, software and processes that exist within an information technology environment, all of the aforementioned processes for general use in the field of data and information technology systems, infrastructure analysis, artificial intelligence, machine learning, blockchain technology, quantum computing and quantum programming, cloud computing, document management, and database management; computer systems combining hardware and computer operating software for use in management and analysis of data, instructional manuals in electronic format sold as a unit therewith; cloud computing systems, namely networks integrating computer hardware and software for dynamic provisioning, virtualization, and consumption metering of computer resources; downloadable cloud computing software for deploying and managing virtual machines to a cloud computing platform; computer systems, namely, computer hardware and computer software for integrating natural language processing, computational linguistics, information retrieval and machine learning, which is capable of understanding general human queries and formulating responses; computer software for development, construction and operation of applications in the field of blockchain technology; downloadable and recorded electronic publications in the nature of manuals and journals in the field of troubleshooting hardware issues and operating downloadable and recorded computer software.

## **Services**

### **Class 35**

(1) Advertising, namely, promoting the goods and services of others; advice and information concerning commercial business management; business information services in the field of business management; distribution of prospectuses; sample distribution for others; arranging newspaper subscriptions for others; accounting; document reproduction; systemization of data in computer databases; organization of exhibitions for commercial and advertising purpose in the field of computers, computer software, computer system hardware, computer systems, computer hardware, telecommunications, artificial intelligence, cloud computing, blockchain technology, quantum computing and quantum programming, word processing, database management, information management, multimedia and entertainment equipment, e-commerce, electronic business transactions via a global computer network, business consulting services, computing services, computing technology and computer information technology; business management

consulting services; business consulting services in the field of computers, computing services, computer software, computer hardware, computer systems, computer products and services and electronic business transactions via a global computer network, business development consulting services; business strategy development services; analysis of market research data and statistics; business management services relating to information and data compiling, processing, analyzing; computer data processing services for artificial intelligence; computer data processing services for cognitive computing; computer data processing services for cloud computing; computer data processing for blockchain technology; electronic data processing services, namely business management information data processing; arranging and conducting trade show exhibitions in the field of computers, information technology and electronic business transactions via a global computer network; business consulting services for companies with respect to artificial intelligence; business consulting services for companies with respect to computer systems that integrate Natural Language Processing (NLP), Computational Linguistics (CL), Information Retrieval (IR) and Machine Learning (ML) and capable of understanding general human queries and formulating responses; business consulting services for companies with respect to cloud computing; business consulting services for companies with respect to block chain technology; analysis of market research data and statistics; systemization of data in computer databases.

#### **Class 42**

(2) Computer programming; computer programming and computer consulting services for artificial intelligence; computer programming for others and computer consulting services for cognitive computing; computer programming and computer consulting services for business management information data processing; computer programming services and computer technology consulting services in the field of data management; computer programming and computer consulting services for cloud computing; computer programming and computer consulting services for blockchain technology; design, installation, updating and maintenance of software; design of computer software and computer hardware for third parties; computer technology consultancy services; technical support services, namely, solving problems with computer programs and software; computer services, namely, design, creation and maintenance of websites for third parties; analysis of computer systems, integration of computer networks and databases, computer programming for third parties, all relating to commercial interactions on global computer networks; design of systems for interconnection of computer hardware and software, namely, electronic connection of computers and software to each other; testing services for computer software and hardware, namely quality and technical control testing services for hardware and servers; conducting technical project studies in the field of computer hardware and software; computer technology consulting, namely consulting relating to computer research and development in the field of computer hardware; computer technology consulting in the field of Internet security and information security; rental of computers and computer software; scientific and industrial research, namely research and development of new products for others, biological research, bacteriological research, chemical research, cosmetology research, mechanical research in the field of computers, computer software, computer hardware, computer systems, computing services, computing technology, computer information technology, information management, database management, word processing, cloud computing, artificial intelligence, quantum computers and quantum computing, blockchain technology, electronic business transactions via a global computer network, telecommunications, multimedia and entertainment equipment, e-commerce and business consulting services, geological research, technical research, pharmaceutical research, scientific research for medical purposes; information technology consultancy in the field of computers, computer software, computer hardware, computer systems, computing services, computer information technology, information management, database management, word

processing, cloud computing, artificial intelligence, quantum computers and quantum computing, blockchain technology, electronic business transactions via a global computer network, telecommunications, multimedia and entertainment equipment, e-commerce and business consulting services; computer system integration services; consulting services in the field of design, selection, implementation and use of computer hardware and software systems for third parties; technical support services, namely, diagnosing problems with computer hardware and computer programs; computer system design services for third parties; design of systems for interconnection of computer hardware and software, namely, integration of computer systems and networks; computer software and hardware testing services, namely, testing of computer software, computers and servers to assure proper functioning; cloud computing services, namely, network integrated computer hardware and software services for dynamic provisioning, virtualization, and consumption metering of computer resources; providing virtual computer systems and virtual computer environments through cloud computing; design and development of computer software for cloud storage of data; cloud hosting provider services; cloud computing provider services for general storage of data; data recovery services.

### Goods

#### Class 09

(1) Measurement apparatus and equipment including those for scientific, nautical, topographic, meteorologic, industrial and laboratory purposes, namely digital thermometers not for medical purposes, barometers, ammeters, voltmeters, hygrometers, speedometers, accelerometers, densimeters, gasometers, conductivity meters, frequency meters, gasometers, acceleration sensors, velocity sensors, barometers, ammeters, voltmeters, not for medical purposes, barometers, ammeters, voltmeters, hygrometers, testing apparatus not for medical purpose namely temperature gauges, vacuum gauges, boost gauges, pressure gauges, exhaust gas temperature gauges, fuel gauges, temperature sensors, particle dust and smoke sensors, particle counters for measuring air quality, computer heat sinks, fuel level indicators for vehicles, liquid level sensors, telescopes, periscopes, directional compasses, laboratory apparatus namely microscopes, magnifying glasses, stills, ovens and furnaces for laboratory experiments; apparatus for recording, transmission and reproduction of sound and images namely video recorders, CD and DVD players and recorders, MP3 players, computers, desktop computers, tablet computers,

microphones, loudspeakers, earphones cameras, photographic cameras, television cameras, television converters, television decoders, television monitors, television receivers, television sets, televisions, video recorders, CD and DVD players and recorders, MP3 players, computers, desktop computers, tablet computers, microphones, loudspeakers, earphones, telecommunication apparatus namely satellite transmitters and receivers, telephone transmitters and receivers, radio transmitters and receivers, optical transmitters and receivers, global positioning system [GPS] transmitters and receivers, optical fiber telecommunications apparatus, computer peripheral devices namely computer printers, cell phones, covers for cell phones, telephone apparatus namely telephones, cell phones, computer printers, data processing equipment namely computer scanners, photocopiers; magnetic and optic data carriers namely optical fiber cables, magnetic tape units for computers and computer software and programmes recorded thereto namely computer operating recorded program for operating automobiles, downloadable and recorded electronic publications namely books, magazines, newsletters, blogs, and manuals in the automobile industry, encoded magnetic and optic cards namely magnetically encoded payment cards for in-car payment systems and charging payments via a vehicle charging station, encoded key cards for keyless ignition system; antennas namely satellite antennas, amplifiers for antennas, parts of the aforementioned goods; electronic components used in the electronic parts of machines and apparatus namely semi-conductors, electronic circuits, integrated circuits, semi-conductors; electronic circuits, integrated circuits, integrated circuit chips namely electronic chips for the manufacture of integrated circuits for use in encoding and decoding digital video and digital video compression and decompression, semiconductor integrated circuits, silicon wafers for integrated circuits, microchips for computer hardware, semiconductor diodes, transistors [electronic], magnetic heads for electronic apparatus namely electromagnets, electronic door locks, photocells, remote control apparatus for opening and closing doors namely electronic door locks, electronic door closing systems, electronic key fobs being remote control apparatus, optical sensors; counters for measuring the quantity of consumption namely speedometers, odometers for calculating consumption to determine fuel efficiency, optical power meters for calculating consumption to determine energy and fuel efficiency, flowmeters for calculating consumption of fluids and energy, quantity indicators for measuring the quantity of consumption namely fuel gauges, automatic time switches; clothing for protection against accidents, irradiation and fire, reflective safety vests and inflatable apparatus for life-saving purposes; apparatus and instruments for conducting, transforming, accumulating and controlling electricity, namely, electronic conductors for integrated circuits, electrical conductors for transformers, electric current control devices; electric plugs, junction boxes, electric current switches, circuit breakers, electrical fuses, automotive fuses, lighting ballasts, battery starter cables, electrical circuit boards, electric resistors, electric sockets, electric transformers, electric adapter cables, automotive battery chargers, electric cables and electronic cables, electric storage batteries, automotive batteries, electric accumulators for vehicles; door alarms and anti-theft alarms, other than for vehicles, electric bells namely electronic warning bells, electric door bells; signalling apparatus and instruments namely vehicle traffic signals, luminous and mechanical road signs for traffic use, luminous and mechanical signs for traffic use; fire extinguishing apparatus namely fire engines, fire hose and fire hose nozzles, fire engines, fire hose and fire hose nozzles; radar apparatus namely radars, sonars, night vision apparatus and instruments namely motion sensors for security lights, night vision cameras, and video monitors.

### **Class 12**

(2) Motor land vehicles namely cars, trucks, buses, electrically powered motor vehicles, motorcycles, mopeds, motorcycles, mopeds; engines and motors for land vehicles; clutches for land vehicles; transmissions, transmission belts and transmission chains for land vehicles; brakes

for land vehicles, brake discs and brake linings for land vehicles; vehicle chassis, automobile bonnets, vehicle suspension springs, shock absorbers for automobiles, gearboxes for land vehicles, steering wheels for vehicles, rims for vehicle wheels; vehicle bodies; tipping bodies for trucks; trailers for tractors; refrigerated bodies for land vehicles; trailer hitches for vehicles; vehicle seats; head-rests for vehicle seats; safety seats for children, for vehicles; seat covers for vehicles; vehicle covers (shaped); sun-blinds adapted for automobiles; direction signals for vehicles and turn signal levers for vehicles; windscreen wipers and wiper arms for vehicles; inner and outer tires for vehicle wheels; tubeless tires; tire-fixing sets comprised of tire patches and tire valves for vehicles; windows for vehicles, safety windows for vehicles, rearview mirrors and wing mirrors for vehicles; anti-skid chains for vehicles; luggage carriers for vehicles; bicycle and ski carriers for cars; saddles for bicycles and motorcycles; air pumps for automobiles, for inflating tires; anti-theft alarms for vehicles, horns for motor vehicles; safety belts for vehicle seats, safety devices for automobiles namely air bags.

## **Services**

### **Class 35**

(1) Online advertising for others via a computer communications network, providing marketing strategies for others and public relations; organization of exhibitions in the nature of car shows and automotive trade fairs for commercial and advertising purposes; office functions namely secretarial and clerical services, secretarial services, arranging newspaper subscriptions for others, compilation of statistics, office machines and equipment rental, systemization of information into computer databases, telephone answering for unavailable subscribers; business management, business administration and business management consultancy, accounting, commercial business management consultancy in the automobile industry, personnel recruitment, personnel placement, employment agencies, import-export agencies, temporary personnel placement services; auctioneering; bringing together, for the benefit of others, of a variety of goods, enabling customers to conveniently view and purchase goods namely online retail sale, wholesale and mail order catalogue services featuring digital thermometers not for medical purposes, barometers, ammeters, voltmeters, hygrometers, speedometers, accelerometers, densimeters, gasometers, conductivity meters, frequency meters, gasometers, acceleration sensors, velocity sensors, testing apparatus not for medical purpose namely temperature gauges, vacuum gauges, boost gauges, pressure gauges, exhaust gas temperature gauges, fuel gauges, temperature sensors, particle sensors, particle counters, computer heat sinks, fuel level indicators for vehicles, liquid level sensors, telescopes, periscopes, directional compasses, laboratory apparatus namely microscopes, magnifying glasses, stills, ovens and furnaces for laboratory experiments, apparatus for recording, transmission and reproduction of sound and images namely video recorders, CD and DVD players and recorders, MP3 players, computers, desktop computers, tablet computers, microphones, loudspeakers, earphones cameras, photographic cameras, telecommunication apparatus namely satellite transmitters and receivers, telephone transmitters and receivers, radio transmitters and receivers, optical transmitters and receivers, global positioning system [GPS] transmitters and receivers, optical fiber telecommunications apparatus, computer peripheral devices namely computer printers, covers for cell phones, telephone apparatus namely telephones, cell phones, Data processing equipment namely scanners, photocopiers, magnetic and optic data carriers namely optical fiber cables, magnetic tape units for computers and computer software and programmes recorded thereto namely computer operating recorded program for operating automobiles, downloadable and recorded electronic publications namely books, magazines, newsletters, blogs, and manuals in the automobile industry, encoded magnetic and optic cards namely magnetically encoded payment cards for in-car payment systems and charging payments via a vehicle charging station, encoded key cards for keyless ignition system,

antennas namely satellite antennas, amplifiers for antennas, parts of the aforementioned goods, electronic components used in the electronic parts of machines and apparatus namely semi-conductors, electronic circuits, integrated circuits, integrated circuit chips namely electronic chips for the manufacture of integrated circuits for use in encoding and decoding digital video and digital video compression and decompression, semiconductor integrated circuits, silicon wafers for integrated circuits, microchips for computer hardware, semiconductor diodes, transistors [electronic], magnetic heads for electronic apparatus namely electromagnets, electronic locks, photocells, remote control apparatus for opening and closing doors namely electronic door locks, electronic door closing systems, electronic key fobs being remote control apparatus, optical sensors, counters for measuring the quantity of consumption namely speedometers, odometers for calculating consumption to determine fuel efficiency, optical power meters for calculating consumption to determine energy and fuel efficiency, flowmeters for calculating consumption of fluids and energy, quantity indicators for measuring the quantity of consumption namely fuel gauges, automatic time switches, clothing for protection against accidents, irradiation and fire, reflective safety vests and inflatable apparatus for life-saving purposes, apparatus and instruments for conducting, transforming, accumulating and controlling electricity, namely, electronic conductors for integrated circuits, electrical conductors for transformers, electric current control devices, electric plugs, junction boxes, electric current switches, circuit breakers, electrical fuses, automotive fuses, lighting ballasts, battery starter cables, electrical circuit boards, electric resistors, electric sockets, electric transformers, electric adapter cables, automotive battery chargers, electric cables and electronic cables, electric storage batteries, automotive batteries, electric accumulators for vehicles, alarms and anti-theft alarms, other than for vehicles, electric bells namely electronic warning bells, electric door bells, signalling apparatus and instruments namely vehicle traffic signals, luminous and mechanical road signs for traffic use, fire extinguishing apparatus namely fire engines, fire hose and fire hose nozzles, radar apparatus namely radars, sonars, night vision apparatus and instruments namely motion sensors for security lights, night vision cameras, and video monitors, motor land vehicles namely cars, trucks, buses, electrically powered motor vehicles, motorcycles, mopeds, engines and motors for land vehicles, clutches for land vehicles, transmissions, transmission belts and transmission chains for land vehicles, gearing for land vehicles, brakes for vehicles, brake discs and brake linings for land vehicles, vehicle chassis, automobile bonnets, vehicle suspension springs, shock absorbers for automobiles, gearboxes for land vehicles, steering wheels for vehicles, rims for vehicle wheels, vehicle bodies, tipping bodies for trucks, trailers for tractors, frigorific bodies for land vehicles, trailer hitches for vehicles, vehicle seats, head-rests for vehicle seats, safety seats for children, for vehicles, seat covers for vehicles, vehicle covers (shaped), sun-blinds adapted for vehicles, direction signals and arms for direction signals for vehicles, windscreen wipers and wiper arms for vehicles, inner and outer tires for vehicle wheels, tubeless tires, tire-fixing sets comprised of tire patches and tire valves for vehicles, windows for vehicles, safety windows for vehicles, rearview mirrors and wing mirrors for vehicles, anti-skid chains for vehicles, luggage carriers for vehicles, bicycle and ski carriers for cars, saddles for bicycles and motorcycles, air pumps for vehicles, for inflating tires, anti-theft alarms for vehicles, horns for motor vehicles, safety belts for vehicle seats, safety devices for automobiles namely air bags.

**Class 37**

(2) Vehicles service stations for land vehicles, maintenance, repair and refueling of land vehicles.

**Class 42**

(3) Scientific and industrial research analysis of automobiles, electric-powered automobiles, autonomous automobiles, self-driving automobiles, the environmental impact of automobiles, and scientific and industrial research services in the automobile industry; mechanical engineering,

mechanical engineering in the automobile industry and architectural design services; testing, analysis and evaluation of the services of others to determine conformity with certification standards in the automobile industry.

### Goods

#### Class 09

(1) Data-processing apparatus and computers, namely computer hardware for data-processing and computers for industrial, building and home automation, peripheral equipment for computers and for computer hardware for data-processing, namely computer monitors and displays, keyboards, mouse, printers, scanners, speakers, video recorders, digital cameras, and modems for industrial, building and home automation, computer networking and data communications hardware, namely, computer network hubs, switches, bridges and routers, communication modems for the control, regulating, optimising and diagnosing of industrial machinery, building automation systems and home automation systems, computer programs, namely computer operating systems, data processing programs, namely computer operating systems for use in the field of industrial, building and home automation, data processing programs for the control, regulating, optimising and diagnosing manufacturing processes of industrial machinery for use in the field of industrial automation, building automation systems and home automation systems, data processing programs being computer operating systems and data processing programs recorded on machine-readable data carriers for the control, regulating, optimising and diagnosing manufacturing processes of industrial machinery for use in the field of industrial automation, building automation systems and home automation systems, downloadable software, namely computer operating systems and data processing programs for the control, regulating, optimising and diagnosing manufacturing processes of industrial machinery for use in the field of industrial automation, building automation systems and home automation systems, instruction manuals in

electronic format for computer operating systems and data processing programs for the control, regulating, optimising and diagnosing of machines and installations in electronic format for use in the field of industrial, building and home automation, training manuals in electronic format for computer operating systems and data processing programs for the control, regulating, optimising and diagnosing of machines and installations for use in the field of industrial, building and home automation, training manuals in the form of a computer program for computer operating systems and data processing programs for the control, regulating, optimising and diagnosing of machines and installations for use in the field of industrial, building and home automation

**Class 16**

(2) Printed materials for computer operating programs and data processing programs for the control, regulating, optimising and diagnosing of machines and installations, namely handbooks, user manuals for computer operating programs and data processing programs for the control, regulating, optimising and diagnosing of machines and installations, all of the aforesaid goods in the field of industrial, building and home automation

**Services****Class 42**

Computer programming in the field of computer operating systems and data processing programs for the control, regulating, optimising and diagnosing of machines and installations, all of the aforesaid services in the field of industrial, building and home automation

### Trademark Type

Standard Characters

### Goods

#### Class 09

computer hardware and computer software for database management; downloadable electronic periodical publications; computer software for use in resource planning and coordinating and scheduling applications for supply chain management and instruction manuals sold as a unit therewith; computer software for use in business planning, business intelligence, business performance management and for managing change in a business and instruction manuals sold as a unit therewith

### Services

#### Class 35

(1) computerized database management; business intelligence reporting; providing market intelligence services; business management and enterprise organization consultancy; consultancy and advisory services in the field of business strategy; providing information in the field of business supply chain management via a website; Retail sale services of computer hardware and computer software for database management; business planning services, business networking services, business integrating management services, namely, consultation and assistance relating to system implementation and system integration, and business process re-engineering services

#### Class 41

(2) arranging and conducting webinars in the fields of business management and planning, supply chain management, computer hardware and software for business database management; online publication of electronic books and periodicals; providing training to computer users in the field of the use of software for business management and supply chain management.

#### Class 42

(3) cloud computing providing software for business database management; computer programming and software design; technical support services in the form of troubleshooting of computer hardware and software problems; providing non-downloadable computer software user manual via website; Computer consultation services and technical support services in the fields of

computer software, namely, computer software implementation and data integration for others, providing updates of computer software via the global computer network, and providing customized computer software applications in the fields of supply chain management, business management, business planning, business intelligence, and business performance management

### Goods

#### Class 02

(1) acrylic paints, oil paints, watercolour paints

#### Class 08

(2) scissors

#### Class 09

(3) mouse pads, decorative magnets, calculators, measuring rulers; magnifying eyeglasses; magnifying glasses; magnifying lenses; magnifying rulers

#### Class 11

(4) book lights

#### Class 14

(5) wearable enamel pins, namely lapel pins, ornamental pins; jewelry dishes; trinket dishes; trinket boxes

#### Class 16

(6) journals; calendars; writing stationery; writing instruments; pencil cases; bookmarks; office paper stationery, erasers, pencil boxes, office binders, pencil trays, desk organizers, desk sets, desk trays, desk diaries, letter openers, magnetic chalkboards, graphic prints, clipboards, file folders, letter trays; greeting and gift cards; gift wrap, gift bags, bows, namely paper bows, paper gift wrap bows; ribbons, namely paper ribbons, paper gift wrapping ribbons; art mounts, artists' brushes, paint boxes and brushes, art paper, glue for arts and crafts, painters' articles in the form of drawing boards, sketching boards, marker pens, felt tip markers, fiber-tip markers, colour pencils; recipe binders; address books; sketch books; photo albums; desk accessories, namely, paper weights, pen and pencil holders, blotters, cardboard containers; paper and cardboard storage boxes, bookends, desk blotters, cardboard containers; pencils for painting and drawing; colour pencils; artists' pencils; artists' pastels; pastels; artists' palettes; palettes for painting; easels; pencil cups; pencils; highlighter pens; highlighting markers; pens; paper napkins; decals; gift-

wrapping paper; paper gift tags; tissue paper; note cards; pen ink refills; pencil sharpeners; staplers, staples, staple removers; drawing rulers; notepads; self-stick notes; planners for stationery use; day planners; yearly planners; paper party decorations; cardboard boxes; book covers; page holders; file sorters; binder clips, bulldog clips, paper clips; hobby craft kits for making paper flowers and making paper origami; push pins; stencils; book sleeves, namely book covers and protective covers for books; adhesive labels, sticker gift tags; gift sets containing diaries, pens and bookmarks; dry-erase writing boards;

**Class 20**

(7) lap desks; magazine racks; bulletin boards, boards made of cork; book stands; plastic storage boxes; cake toppers made of plastic;

**Class 21**

(8) recipe boxes; paper trays;

**Class 24**

(9) gift wrap of fabric; bunting of textile or plastic; cake toppers made of fabric; pencil cases made of fabric; bunting cloth;

**Class 25**

(10) sashes

**Class 26**

(11) artificial garland; wearable enamel pins, namely novelty pins; hobby craft kits for knitting, crocheting, embroidery and cross stitch;

**Class 28**

(12) party balloons; party streamers

**Services****Class 35**

retail department store services; retail book store services; retail stationery store services; retail gift store services; online retail department store services; online retail book store services; online retail stationery store services; online retail gift store services

#### Class 07

(1) Machines and machine tools, namely agricultural seed planting machines, swathers for agricultural machines, threshing machines, tilling machines for agricultural use, agricultural machines for fertilizing and planting, blowing machines for the compression, sucking and carrying of grain, paper folding machines, aerated beverage-making machines, blenders, electric, for the preparation of drinks, machines for making soda pops, electromechanical marking machines for the agriculture, textile and paper industries, namely inkjet printing machines for agricultural packaging, machines for marking crates of wood and plastic, machines for hot stamping textiles, machines for marking labels and packaging of textiles products, engraving machines for the textile industry, inkjet printers for the paper industry, machines for marking paper rolls, bicycle assembly machines, bitumen making machines, bottle filling machines, bottle capping machines for food and beverages, bread cutting machines, electric coffee blenders, butter machines, centrifuges, cigarette machines for industrial use, coal-cutting machines, electric and pneumatic compressors, conveyors, refuse crushing machines, shredding devices for recycling, machines for cleaning udders and washing dairy cows, waste oil drainage pumps, sewer drainage pumps, drilling rigs, engraving machines, plywood and concrete finishing machines, industrial robots for working glass, electrically powered kitchen appliances for dicing, mincing, slicing and chopping food, electric kitchen mixers, food processors for household use, label printing machines for industrial purposes, machines for applying labels, other than office requisites, lathe boring machines, milling machines, metal bending machines, extractors for mines, drill bits for the mining industry, truck mills for mining purposes, mining bits, blending machines for chemical processing, concrete mixers, feed mixing machines, paint mixing machines, packaging machines, electric vegetable and fruit peelers, electric water pumps for industrial use and sump pumps to lift water from a drainage system to a municipal network, washing machines, sealing machines for industrial purposes, die-stamping machines, typographic machines, sanders for woodworking, automatic machines for the assembly of automobiles, motorcycles, bicycles, helicopters, mining vehicles and electric vehicles, printed circuit board processing machines, extracting machines for chemical processing, forging machines, punching presses, stamping presses, welding machines, waste and trash separators,

filter presses for chemical processing, power operated magnetic drills, metalworking machines, drill bits for rock drilling, drilling rigs, excavators, rock drills, rotary drills, and power operated tools; motors and engines, except motors and engines for land vehicles, namely direct current motors, steam engines, electric motors for machines, internal combustion engines for power generation, other than for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements other than manually operated hand tools, namely couplings for agricultural implements, threshing machines, agricultural cultivators, balers for agricultural use; incubators for eggs; automatic dispensers; heat sinks for use in machines.

### **Class 09**

(2) Electronic publications, namely news articles, brochures and newsletters, reports, manuals, data sheets and guides relating to certification of compliance with standards for electronic components and electronic component suppliers on optical discs; downloadable electronic publications in the nature of news articles, brochures and newsletters, reports, manuals, data sheets and guides relating to certification of compliance with standards for electronic components and electronic component suppliers; downloadable computer software applications, namely downloadable software applications for mobile phones used for reading newsletters, journals, magazines, catalogues, data sheets in the field of certification of compliance with standards for electronic components and electronic component suppliers; computer programs computer data storage and computer database management in the field of certification of compliance with standards for electronic components and electronic component suppliers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling the distribution and/or consumption of electricity, namely, electricity conduits, electrical conductors for transformers, current transformers, distribution transformers, electricity meters, electricity limiters, distribution boxes for electrical power, distribution transformers, electric storage batteries, clamp meters for measuring electricity, low-voltage power supplies; electronic components, namely electronic components for integrated circuit cards, transceivers, optical transmitters, electronic components in the field of nuclear industry, namely, silicon electronic chips, electronic components for integrated circuit cards, transceivers, optical transmitters; connectors for electronic circuits; electronic semiconductors; electronic integrated circuits; electronic circuit cards, namely semiconductor integrated circuits, electronic printed circuit board, printed circuit boards, encoded integrated circuit cards, blank integrated circuit cards, integrated circuits; electronic circuit boards; electronic chips for the manufacture of integrated circuits; electronic cables; electronic components for computers, namely computer motherboards and daughterboards, microprocessors, ram (random access memory) cards, graphics cards, hard drives; electronic circuits; blank electronic chip cards (blank microprocessor cards); electronic memory devices, namely semiconductor memory devices being computer memories, flash memory chips, pseudo-dynamic random-access memory (psdram) chips, pseudo-static random-access memory (psram) chips; electronic connectors, namely connectors for electronic circuits, electronic connectors for circuit boards; electronic components for integrated circuit cards; large-scale integrated circuits; printed circuit boards incorporating integrated circuits; integrated circuits; materials for electrical conduits, namely electricity conduits, conduits for electrical wires and cables; electrical wires and cables; silicon wafers; downloadable computer security software.

### **Class 10**

(3) Surgical apparatus and instruments, namely electric bistouries, catheters, dressing forceps, compressors for surgical use, surgical, medical instruments, namely, electrodes, fans, lasers, thermometers, irrigators, lamps, X-ray equipment, electrodes, syringes and injectors for medical use, medical X-ray apparatus, medical radiology equipment, medical hearing apparatus and instruments, infusion pumps, insulin pumps, ultrasonic diagnostic equipment, medical instruments

for general examination, therapeutic inhalers, inhalers for administering aerosol medications to a patient's respiratory system, analysers for bacterial identification for medical purposes, medical optical instruments, medical stents, medical and surgical cutters for cutting human or animal tissue and organs, dental equipment, namely, X-ray apparatus for dental imaging, teeth aligners, anchors for implants for dental use, dental intraoral cameras, dental clamps, dental burs and drills, dental picks for use in dental treatment, dental probes, dental lamps, dental retractors, dental excavators, orthodontic instruments for dental use, dental mirrors, dental clamps, veterinary instruments, namely, X-ray apparatus and castrating apparatus for veterinary use, veterinary instruments; artificial limbs, eyes and teeth; orthopedic articles, namely orthopedic shoes, splints, foot orthosis, orthopedic braces, orthopedic bandages, orthopedic soles; suture materials; therapeutic and assistive devices adapted for people with disabilities, namely motorized bath lifts and swivel bath seats for individuals with reduced mobility, lifts for patients with reduced mobility, robotic exoskeleton suits for therapeutic purposes and physical rehabilitation; massage apparatus, namely foot massagers, facial massagers, electric vibrating massagers, body massagers; apparatus, devices and articles for child care, namely incubators for babies.

### **Class 11**

(4) Apparatus, namely indoor lighting fixtures and outdoor lighting fixtures, heating apparatus, namely, heating radiators, steam generating apparatus, cooking apparatus, namely, baking ovens, refrigerating apparatus, namely, refrigerated cabinets, drying apparatus, namely, rotary dryers for industrial use, dehumidifiers, ventilation apparatus, namely, circulating fans, air conditioners, cooling evaporators, apparatus for water supply and sanitary installations, namely, waste pipes for sanitary installations, taps for pipes and pipelines; LED (light-emitting diode) lighting fixtures, LED lamps; LED light bulbs.

### **Class 12**

(5) Vehicles, namely automobiles, electrically powered motor vehicles, plug-in hybrid vehicles; apparatus for locomotion by land, air or water, namely airplanes, helicopters, boats, ships, bicycles, motorcycles.

### **Class 16**

(6) Printed publications, namely magazines, newsletters; periodicals; circulars; manuals; newspapers; brochures; flyers.

## **Services**

### **Class 35**

(1) Conduct of professional skills tests, testing to determine employment skills, assessment services for personnel needs, psychological testing for the selection of personnel, the aforesaid services aimed at determining the suitability of individuals regarding certification of compliance for electronic components and electronic component suppliers; services for monitoring the internal quality control procedures of businesses concerning electronic component suppliers; monitoring services for the procedures implemented by businesses concerning manufacturing processes and product distribution to detect counterfeits and avoid recycling used or obsolete parts in the selection and use of electronic components; services for monitoring the quality control procedures of businesses concerning providers of repair, servicing and recycling service for electronic components.

### **Class 38**

(2) Telecommunications, namely provision of multiple-user access to global computer information networks for the transfer and dissemination of a wide range of information; provision of online access to databases centralizing test certificates, certificates of compliance, training certificates,

certificates of competency as well as accreditation certificates related to the supply of electronic components.

### **Class 39**

(3) Product packaging.

### **Class 41**

(4) Education, namely provision of online training in the form of webinars in the field of certification of compliance with standards for electronic components and electronic component suppliers; organization and conduct of professional training and online seminars in the field of certification of compliance with standards for electronic components and electronic component suppliers; organization and conduct of training workshops, colloquia, conferences, conventions, seminars, symposia in the field of certification of compliance with standards for electronic components and electronic component suppliers; online publication of electronic periodicals and electronic publications, namely, journals, magazines, newsletters, flyers, manuals, newspapers, brochures in the field of certification of compliance with standards for electronic components and electronic component suppliers.

### **Class 42**

(5) Testing, analysis and evaluation of electronic components, products and materials of others entering in the fabrication, installation and use of electronic components, for assuring their conformity to the quality control specifications required by manufacturers; testing, analysis and evaluation, for monitoring the use of hazardous substances, for product manufacturing processes including purchases, product design, production lines, product storage and shipping; evaluation and audit of electronic component manufacturing operations for quality control purposes; quality control of electronic components; issuance of test certificates, certificates of compliance, certificates of acceptance as a national certification body or testing laboratories, training certificates, personnel competency certificates and services related with certification of compliance, namely, evaluation, auditing and quality control for the products, procedures and techniques used by service providers regarding standards related to electronic components; monitoring of manufacturing plants to assure that the electronic components of others are manufactured in compliance with standards; evaluation and audit of technical procedures used by the service providers of others in the repair, servicing and recycling of electronic components, for certification of compliance; evaluation and audit of the operations of others for the repair, servicing and recycling of electronic components for quality control purposes; data security consultancy; Internet security consultancy; design and development of Internet security programs; computer virus protection services; data encryption; electronic monitoring of credit card activity to detect fraud via the Internet; monitoring of computer systems for detecting unauthorized access or data breaches; technical competence assessment for the personnel of service providers for the repair, servicing and recycling of electronic components, for certification purposes.

Standard Characters

### Goods

#### Class 07

(1) Machines and machine tools, namely crude oil refining machines, concrete construction machines, automatic machines for the assembly of land vehicles, motorcycles, bicycles, helicopters, extracting machines for chemical processing, emulsifying machines for chemical processing, dissolving machines for chemical processing, filtering machines for chemical processing, agitators for chemical processing, forging machines, industrial mechanical presses, electric welding machines, industrial robots for welding, centrifuges, waste separators, filter presses for chemical processing, separating machines for chemical processing, oil separators, drilling rigs, excavators, rock drills, rotary drills, coal-cutting machines, earthmoving machines, oil well pumps, tunnel boring machines, size adjustment cutting machines for industrial use, valves for industrial machinery, dosing valves being parts of machines, rotary printing presses, electrostatic coating machines for waterproofing, filtering machines for water treatment, power-operated magnetic drills, metalworking machine tools, electric shearing machines, automatic dispensers, mechanical tools; motors and engines, except motors and engines for land vehicles, namely direct current motors, steam engines, electric motors for machines, internal combustion engines for power generation, other than for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements, other than manually operated hand tools, namely couplings for agricultural implements, threshing machines, agricultural cultivators, balers for agricultural use; incubators for eggs; automatic dispensers; industrial robots for welding; robotic exoskeleton suits, other than for medical use; mining apparatus and machines, namely mining bits, conveyors, power shovels, hydraulic excavators; mechanical wire reels; mechanical mixers, namely concrete mixers, blending machines for chemical processing; parts of mechanical motors and engines for land vehicles, namely air filters for engines and motors, valves being parts of pumps, alternators for motor vehicles, timing belts for motors and engines for land vehicles, water pumps for automobiles, connecting rods for motors and engines, ignition coils for automobile engines; power-operated lifts; elevators; electromechanical marking machines for the chemical industry, namely industrial inkjet, thermal and laser label printing machines, punching dies, die-stamping machines; electromechanical marking machines for the agricultural industry, namely

electromechanical marking machines for meat, inkjet printing machines for agricultural packaging, machines for marking crates of wood and plastic; electromechanical marking machines for the textile industry; electromechanical machines for applying paint; electromechanical marking machines for the paper industry; power tools; turbines, other than for land vehicles, namely hydraulic turbines, turbines for the generation of electricity.

### **Class 09**

(2) Electronic publications, namely news articles, brochures and newsletters, reports, manuals, data sheets and guides relating to certification of compliance with standards for use in explosive environments on optical discs; downloadable electronic publications in the nature of news articles, brochures and newsletters, reports, manuals, data sheets and guides relating to certification of compliance with standards for equipment and products intended for use in explosive environments; downloadable computer software applications, namely downloadable software applications for mobile phones intended to be used for certification of compliance with standards relating to equipment and products for use in explosive environments; computer programs intended to be used for certification of compliance with standards relating to equipment and products for use in explosive environments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling the distribution and use of electricity, namely electricity conduits, electrical conductors for transformers, current transformers, distribution transformers, electricity meters, electricity limiters, distribution boxes for electrical power, electric storage batteries, clamp meters for measuring electricity, low-voltage power supplies; measuring, signalling, detecting, testing, inspecting, life-saving apparatus and instruments, namely, meters for measuring values of electrical parameters, cables for electrical signal transmission systems, luminous safety or signalling beacons, digital signage display panels, safety signage, luminous or mechanical, hand-held devices comprised of chemical and thermal sensors for the detection of explosives, systems for the remote detection of explosives and chemicals, emergency warning lights, emergency signal transmitters, electronic apparatus for testing compression, strength, hardness and tensile characteristics of industrial materials, temperature sensors, faulted circuit indicators, electrical circuit testers, gas flow monitors, alarms for the detection of inflammable gases, gas leakage alarms, combustible gas concentration detectors, combination carbon monoxide and smoke detectors; electronic power transformers; power regulators, namely voltage regulators, electric industrial controls for underground mine conveyors; power connectors; electrical connectors; power cables; power adapters, namely external power supplies, high-frequency switching power supplies; high-voltage power supplies; electrical power supplies, namely DC power supplies, low-voltage power supplies, high-voltage power supplies, AC/DC power supplies, electrical control panels; power amplifiers; power switches; electrical switches; machines and apparatus for controlling or distributing energy, namely remote controls of circuit breakers, devices for controlling electric current, electrical distribution panels, electrical power distribution blocks; electric light switches; high-frequency switches, namely electronic switches for audio and video signals; electric cells, namely dry cells; rechargeable batteries for portable computers, electronic tablets, smart phones; battery chargers for portable computers, electronic tablets, smart phones, portable chargers; smoke detectors; fire detectors; detectors, namely ultrasonic detectors, cable locators, heat detectors, combustible gas concentration detectors, carbon dioxide detectors, motion detectors, proximity detectors, thermal detectors; flame detectors; gas flow monitors; electrical cables; thermostats; terminal blocks; electrical coils; fire suppression systems, namely carbon dioxide release valves for use in fire suppression systems; fire extinguishers; electrical plugs and sockets; alarm systems, namely fire alarms; transmitters (telecommunications), namely transceivers; monitoring apparatus, other than for medical use, namely electric and electronic video surveillance installations; computers and computer

peripherals, namely computer keyboards, computer monitors, modems, computer mice, webcams, computer scanners, speakers, cameras, computer printers, external hard drives, computer memory cards; sound measuring devices, namely sound level meters; personal devices for protection against accidents, namely clothing, footwear and headwear for protection against accidents, irradiation and fire; sensors (measuring apparatus), other than for medical use, namely ultrasonic sensors; flow meters; encoders, namely downloadable software for assisting developers in sharing and collaboratively developing computer software programming code; scanners, namely optical scanners, hand-held electronic scanners; luminous safety beacons; boxes (electricity), namely power distributing boxes.

### **Class 11**

(3) Apparatus, namely indoor lighting fixtures and outdoor lighting fixtures, heating apparatus, namely heating radiators, steam generating apparatus, cooking apparatus, namely baking ovens, refrigerating apparatus, namely refrigerated cabinets, drying apparatus, namely rotary dryers for industrial use, dehumidifiers, ventilation apparatus, namely circulating fans, air conditioners, cooling evaporators, apparatus for water supply, namely water control valves for faucets and apparatus for sanitary installations, namely waste pipes for sanitary installations, taps for pipes and pipelines; headlamps; water filtration and purification apparatus, namely tap water purification apparatus, water filters for industrial and domestic use.

### **Class 12**

(4) Vehicles, namely automobiles, electrically powered motor vehicles, plug-in hybrid vehicles; apparatus for locomotion by land, air or water, namely airplanes, helicopters, boats, ships, bicycles, motorcycles; vehicles for mines, namely carts for mines, mine-car pullers, mine dredgers; electrically powered motor vehicles; all-terrain vehicles; small wagons; trucks.

### **Class 16**

(5) Printed publications, namely magazines, newsletters; periodicals; flyers; manuals; newspapers; brochures; pamphlets.

### **Class 25**

(6) Clothing, namely protective blouses and pants, not for surgical use, metal protective parts for shoes and boots, footwear and headwear for protection against accidents, irradiation and fire.

## **Services**

### **Class 35**

(1) Conduct of professional skills tests, conduct of employment skills tests, assessment services for personnel needs, psychological testing for the selection of personnel, the aforesaid services aimed at determining the suitability of individuals to implement the protection principles applicable in explosive environments and the suitability of individuals concerning certification of compliance for equipment and products for use in explosive environments; services for monitoring the quality control procedures of businesses concerning providers of repair, servicing and recycling services for equipment and products used in explosive environments; services for monitoring the quality control procedures of businesses concerning the manufacturers of equipment and products used in explosive environments.

### **Class 37**

(2) Construction, namely construction of buildings; repair, namely maintenance and repair of buildings; installation services, namely installation of working and building platforms.

### **Class 38**

(3) Telecommunications, namely provision of multiple-user access to global computer information networks for the transfer and dissemination of a wide range of information; provision of online access to databases centralizing certificates of compliance, certification mark licences and personnel competence certificates concerning equipment and products for use in explosive environments, repair, servicing and recycling services for equipment and products used in explosive environments, individuals working in explosive environments, carrying out an activity related to explosive environments or providing services in explosive environments.

#### **Class 41**

(4) Education, namely provision of online training in the form of webinars in the field of certification of compliance with standards relating to equipment and products intended for use in explosive environments; arranging and conducting of professional training and online seminars, training workshops, colloquia, conferences, conventions, seminars, symposia in the field of certification of compliance with standards relating to equipment and products for use in explosive environments; provision of online publication of electronic periodicals and electronic publications, namely, journals, magazines, newsletters, flyers, manuals, newspapers, brochures in the field of certification of compliance with standards relating to equipment and products for use in explosive environments.

#### **Class 42**

(5) Certification, according to standards, of the technical competence of the personnel of service providers for the repair, servicing and recycling of equipment and products used in explosive environments, of the technical competence of individuals working in explosive environments, carrying out an activity related to explosive environments or providing services in explosive environments; evaluation and audit of technical procedures used by the service providers of others for the repair, servicing and recycling of equipment and products used in explosive environments for certification compliance with standards relating to equipment and products used in explosive environments; evaluation and audit of the operations of others for the repair, servicing and recycling of equipment and products used in explosive environments for quality control purposes; evaluation and audit of the manufacturing operations of others for equipment and products used in explosive environments for quality control purposes; testing, analysis and evaluation of equipment and products used in explosive environments, of goods and services of others related to explosive environments for the purposes of certification; quality control of equipment and products used in explosive environments, of services provided in explosive environments; issuance of certificates of compliance, certification mark licences, personnel competency certificates and services related to certification of compliance, namely evaluation, auditing and quality control for the products, procedures and techniques used by service providers regarding standards related to equipment and products used in explosive environments, repair, servicing and recycling services for equipment and products used in explosive environments and personnel working in explosive environments, carrying out an activity related to explosive environments or providing services in explosive environments.

### **Class 09**

(2) Electronic publications, namely news articles, brochures and newsletters, reports, manuals, data sheets and guides relating to certification of compliance with standards for use in explosive environments on optical discs; downloadable electronic publications in the nature of news articles, brochures and newsletters, reports, manuals, data sheets and guides relating to certification of compliance with standards for equipment and products intended for use in explosive environments; downloadable computer software applications, namely downloadable software applications for mobile phones intended to be used for certification of compliance with standards relating to equipment and products for use in explosive environments; computer programs intended to be used for certification of compliance with standards relating to equipment and products for use in explosive environments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling the distribution and use of electricity, namely electricity conduits, electrical conductors for transformers, current transformers, distribution transformers, electricity meters, electricity limiters, distribution boxes for electrical power, electric storage batteries, clamp meters for measuring electricity, low-voltage power supplies; measuring, signalling, detecting, testing, inspecting, life-saving apparatus and instruments, namely, meters for measuring values of electrical parameters, cables for electrical signal transmission systems, luminous safety or signalling beacons, digital signage display panels, safety signage, luminous or mechanical, hand-held devices comprised of chemical and thermal sensors for the detection of explosives, systems for the remote detection of explosives and chemicals, emergency warning lights, emergency signal transmitters, electronic apparatus for testing compression, strength, hardness and tensile characteristics of industrial materials, temperature sensors, faulted circuit indicators, electrical circuit testers, gas flow monitors, alarms for the detection of inflammable gases, gas leakage alarms, combustible gas concentration detectors, combination carbon monoxide and smoke detectors; electronic power transformers; power regulators, namely voltage regulators, electric industrial controls for underground mine conveyors; power connectors; electrical connectors; power cables; power adapters, namely external power supplies, high-frequency switching power supplies; high-voltage power supplies; electrical power supplies, namely DC power supplies, low-voltage power supplies, high-voltage power supplies, AC/DC power supplies, electrical control panels; power amplifiers; power switches; electrical switches;

machines and apparatus for controlling or distributing energy, namely remote controls of circuit breakers, devices for controlling electric current, electrical distribution panels, electrical power distribution blocks; electric light switches; high-frequency switches, namely electronic switches for audio and video signals; electric cells, namely dry cells; rechargeable batteries for portable computers, electronic tablets, smart phones; battery chargers for portable computers, electronic tablets, smart phones, portable chargers; smoke detectors; fire detectors; detectors, namely ultrasonic detectors, cable locators, heat detectors, combustible gas concentration detectors, carbon dioxide detectors, motion detectors, proximity detectors, thermal detectors; flame detectors; gas flow monitors; electrical cables; thermostats; terminal blocks; electrical coils; fire suppression systems, namely carbon dioxide release valves for use in fire suppression systems; fire extinguishers; electrical plugs and sockets; alarm systems, namely fire alarms; transmitters (telecommunications), namely transceivers; monitoring apparatus, other than for medical use, namely electric and electronic video surveillance installations; computers and computer peripherals, namely computer keyboards, computer monitors, modems, computer mice, webcams, computer scanners, speakers, cameras, computer printers, external hard drives, computer memory cards; sound measuring devices, namely sound level meters; personal devices for protection against accidents, namely clothing, footwear and headwear for protection against accidents, irradiation and fire; sensors (measuring apparatus), other than for medical use, namely ultrasonic sensors; flow meters; encoders, namely downloadable software for assisting developers in sharing and collaboratively developing computer software programming code; scanners, namely optical scanners, hand-held electronic scanners; luminous safety beacons; boxes (electricity), namely power distributing boxes.

#### **Class 11**

(3) Apparatus, namely indoor lighting fixtures and outdoor lighting fixtures, heating apparatus, namely heating radiators, steam generating apparatus, cooking apparatus, namely baking ovens, refrigerating apparatus, namely refrigerated cabinets, drying apparatus, namely rotary dryers for industrial use, dehumidifiers, ventilation apparatus, namely circulating fans, air conditioners, cooling evaporators, apparatus for water supply, namely water control valves for faucets and apparatus for sanitary installations, namely waste pipes for sanitary installations, taps for pipes and pipelines; headlamps; water filtration and purification apparatus, namely tap water purification apparatus, water filters for industrial and domestic use.

#### **Class 12**

(4) Vehicles, namely automobiles, electrically powered motor vehicles, plug-in hybrid vehicles; apparatus for locomotion by land, air or water, namely airplanes, helicopters, boats, ships, bicycles, motorcycles; vehicles for mines, namely carts for mines, mine-car pullers, mine dredgers; electrically powered motor vehicles; all-terrain vehicles; small wagons; trucks.

#### **Class 16**

(5) Printed publications, namely magazines, newsletters; periodicals; flyers; manuals; newspapers; brochures; pamphlets.

#### **Class 25**

(6) Clothing, namely protective blouses and pants, not for surgical use, metal protective parts for shoes and boots, footwear and headwear for protection against accidents, irradiation and fire.

#### **Services**

#### **Class 35**

(1) Conduct of professional skills tests, conduct of employment skills tests, assessment services for personnel needs, psychological testing for the selection of personnel, the aforesaid services

aimed at determining the suitability of individuals to implement the protection principles applicable in explosive environments and the suitability of individuals concerning certification of compliance for equipment and products for use in explosive environments; services for monitoring the quality control procedures of businesses concerning providers of repair, servicing and recycling services for equipment and products used in explosive environments; services for monitoring the quality control procedures of businesses concerning the manufacturers of equipment and products used in explosive environments.

### **Class 37**

(2) Construction, namely construction of buildings; repair, namely maintenance and repair of buildings; installation services, namely installation of working and building platforms.

### **Class 38**

(3) Telecommunications, namely provision of multiple-user access to global computer information networks for the transfer and dissemination of a wide range of information; provision of online access to databases centralizing certificates of compliance, certification mark licences and personnel competence certificates concerning equipment and products for use in explosive environments, repair, servicing and recycling services for equipment and products used in explosive environments, individuals working in explosive environments, carrying out an activity related to explosive environments or providing services in explosive environments.

### **Class 41**

(4) Education, namely provision of online training in the form of webinars in the field of certification of compliance with standards relating to equipment and products intended for use in explosive environments; arranging and conducting of professional training and online seminars, training workshops, colloquia, conferences, conventions, seminars, symposia in the field of certification of compliance with standards relating to equipment and products for use in explosive environments; provision of online publication of electronic periodicals and electronic publications, namely, journals, magazines, newsletters, flyers, manuals, newspapers, brochures in the field of certification of compliance with standards relating to equipment and products for use in explosive environments.

### **Class 42**

(5) Certification, according to standards, of the technical competence of the personnel of service providers for the repair, servicing and recycling of equipment and products used in explosive environments, of the technical competence of individuals working in explosive environments, carrying out an activity related to explosive environments or providing services in explosive environments; evaluation and audit of technical procedures used by the service providers of others for the repair, servicing and recycling of equipment and products used in explosive environments for certification compliance with standards relating to equipment and products used in explosive environments; evaluation and audit of the operations of others for the repair, servicing and recycling of equipment and products used in explosive environments for quality control purposes; evaluation and audit of the manufacturing operations of others for equipment and products used in explosive environments for quality control purposes; testing, analysis and evaluation of equipment and products used in explosive environments, of goods and services of others related to explosive environments for the purposes of certification; quality control of equipment and products used in explosive environments, of services provided in explosive environments; issuance of certificates of compliance, certification mark licences, personnel competency certificates and services related to certification of compliance, namely evaluation, auditing and quality control for the products, procedures and techniques used by service providers regarding standards related to equipment and products used in explosive environments, repair, servicing and recycling services for

equipment and products used in explosive environments and personnel working in explosive environments, carrying out an activity related to explosive environments or providing services in explosive environments.

### Goods

#### Class 07

(1) Machines and machine tools, namely agricultural seed planting machines, swathers for agricultural machines, threshing machines, tilling machines for agricultural use, agricultural machines for fertilizing and planting, blowing machines for the compression, sucking and carrying of grain, paper folding machines, aerated beverage-making machines, blenders, electric, for the preparation of drinks, machines for making soda pops, electromechanical marking machines for the agriculture, textile and paper industries, namely inkjet printing machines for agricultural packaging, machines for marking crates of wood and plastic, machines for hot stamping textiles, machines for marking labels and packaging of textiles products, engraving machines for the textile industry, inkjet printers for the paper industry, machines for marking paper rolls, bicycle assembly machines, bitumen making machines, bottle filling machines, bottle capping machines for food and beverages, bread cutting machines, electric coffee blenders, butter machines, centrifuges, cigarette machines for industrial use, coal-cutting machines, electric and pneumatic compressors, conveyors, refuse crushing machines, shredding devices for recycling, machines for cleaning udders and washing dairy cows, waste oil drainage pumps, sewer drainage pumps, drilling rigs,

engraving machines, plywood and concrete finishing machines, industrial robots for working glass, electrically powered kitchen appliances for dicing, mincing, slicing and chopping food, electric kitchen mixers, food processors for household use, label printing machines for industrial purposes, machines for applying labels, other than office requisites, lathe boring machines, milling machines, metal bending machines, extractors for mines, drill bits for the mining industry, truck mills for mining purposes, mining bits, blending machines for chemical processing, concrete mixers, feed mixing machines, paint mixing machines, packaging machines, electric vegetable and fruit peelers, electric water pumps for industrial use and sump pumps to lift water from a drainage system to a municipal network, washing machines, sealing machines for industrial purposes, die-stamping machines, typographic machines, sanders for woodworking, automatic machines for the assembly of automobiles, motorcycles, bicycles, helicopters, mining vehicles and electric vehicles, printed circuit board processing machines, extracting machines for chemical processing, forging machines, punching presses, stamping presses, welding machines, waste and trash separators, filter presses for chemical processing, power operated magnetic drills, metalworking machines, drill bits for rock drilling, drilling rigs, excavators, rock drills, rotary drills, and power operated tools; motors and engines, except motors and engines for land vehicles, namely direct current motors, steam engines, electric motors for machines, internal combustion engines for power generation, other than for land vehicles; machine coupling and transmission components, except for land vehicles; agricultural implements other than manually operated hand tools, namely couplings for agricultural implements, threshing machines, agricultural cultivators, balers for agricultural use; incubators for eggs; automatic dispensers; heat sinks for use in machines.

### **Class 09**

(2) Electronic publications, namely news articles, brochures and newsletters, reports, manuals, data sheets and guides relating to certification of compliance with standards for electronic components and electronic component suppliers on optical discs; downloadable electronic publications in the nature of news articles, brochures and newsletters, reports, manuals, data sheets and guides relating to certification of compliance with standards for electronic components and electronic component suppliers; downloadable computer software applications, namely downloadable software applications for mobile phones used for reading newsletters, journals, magazines, catalogues, data sheets in the field of certification of compliance with standards for electronic components and electronic component suppliers; computer programs computer data storage and computer database management in the field of certification of compliance with standards for electronic components and electronic component suppliers; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling the distribution and/or consumption of electricity, namely, electricity conduits, electrical conductors for transformers, current transformers, distribution transformers, electricity meters, electricity limiters, distribution boxes for electrical power, distribution transformers, electric storage batteries, clamp meters for measuring electricity, low-voltage power supplies; electronic components, namely electronic components for integrated circuit cards, transceivers, optical transmitters, electronic components in the field of nuclear industry, namely, silicon electronic chips, electronic components for integrated circuit cards, transceivers, optical transmitters; connectors for electronic circuits; electronic semiconductors; electronic integrated circuits; electronic circuit cards, namely semiconductor integrated circuits, electronic printed circuit board, printed circuit boards, encoded integrated circuit cards, blank integrated circuit cards, integrated circuits; electronic circuit boards; electronic chips for the manufacture of integrated circuits; electronic cables; electronic components for computers, namely computer motherboards and daughterboards, microprocessors, ram (random access memory) cards, graphics cards, hard drives; electronic circuits; blank electronic chip cards (blank microprocessor cards); electronic memory devices, namely semiconductor

memory devices being computer memories, flash memory chips, pseudo-dynamic random-access memory (psdram) chips, pseudo-static random-access memory (psram) chips; electronic connectors, namely connectors for electronic circuits, electronic connectors for circuit boards; electronic components for integrated circuit cards; large-scale integrated circuits; printed circuit boards incorporating integrated circuits; integrated circuits; materials for electrical conduits, namely electricity conduits, conduits for electrical wires and cables; electrical wires and cables; silicon wafers; downloadable computer security software.

### **Class 10**

(3) Surgical apparatus and instruments, namely electric bistouries, catheters, dressing forceps, compressors for surgical use, surgical, medical instruments, namely, electrodes, fans, lasers, thermometers, irrigators, lamps, X-ray equipment, electrodes, syringes and injectors for medical use, medical X-ray apparatus, medical radiology equipment, medical hearing apparatus and instruments, infusion pumps, insulin pumps, ultrasonic diagnostic equipment, medical instruments for general examination, therapeutic inhalers, inhalers for administering aerosol medications to a patient's respiratory system, analysers for bacterial identification for medical purposes, medical optical instruments, medical stents, medical and surgical cutters for cutting human or animal tissue and organs, dental equipment, namely, X-ray apparatus for dental imaging, teeth aligners, anchors for implants for dental use, dental intraoral cameras, dental clamps, dental burs and drills, dental picks for use in dental treatment, dental probes, dental lamps, dental retractors, dental excavators, orthodontic instruments for dental use, dental mirrors, dental clamps, veterinary instruments, namely, X-ray apparatus and castrating apparatus for veterinary use, veterinary instruments; artificial limbs, eyes and teeth; orthopedic articles, namely orthopedic shoes, splints, foot orthosis, orthopedic braces, orthopedic bandages, orthopedic soles; suture materials; therapeutic and assistive devices adapted for people with disabilities, namely motorized bath lifts and swivel bath seats for individuals with reduced mobility, lifts for patients with reduced mobility, robotic exoskeleton suits for therapeutic purposes and physical rehabilitation; massage apparatus, namely foot massagers, facial massagers, electric vibrating massagers, body massagers; apparatus, devices and articles for child care, namely incubators for babies.

### **Class 11**

(4) Apparatus, namely indoor lighting fixtures and outdoor lighting fixtures, heating apparatus, namely, heating radiators, steam generating apparatus, cooking apparatus, namely, baking ovens, refrigerating apparatus, namely, refrigerated cabinets, drying apparatus, namely, rotary dryers for industrial use, dehumidifiers, ventilation apparatus, namely, circulating fans, air conditioners, cooling evaporators, apparatus for water supply and sanitary installations, namely, waste pipes for sanitary installations, taps for pipes and pipelines; LED (light-emitting diode) lighting fixtures, LED lamps; LED light bulbs.

### **Class 12**

(5) Vehicles, namely automobiles, electrically powered motor vehicles, plug-in hybrid vehicles; apparatus for locomotion by land, air or water, namely airplanes, helicopters, boats, ships, bicycles, motorcycles.

### **Class 16**

(6) Printed publications, namely magazines, newsletters; periodicals; circulars; manuals; newspapers; brochures; flyers.

### **Services**

### **Class 35**

(1) Conduct of professional skills tests, testing to determine employment skills, assessment services for personnel needs, psychological testing for the selection of personnel, the aforesaid services aimed at determining the suitability of individuals regarding certification of compliance for electronic components and electronic component suppliers; services for monitoring the internal quality control procedures of businesses concerning electronic component suppliers; monitoring services for the procedures implemented by businesses concerning manufacturing processes and product distribution to detect counterfeits and avoid recycling used or obsolete parts in the selection and use of electronic components; services for monitoring the quality control procedures of businesses concerning providers of repair, servicing and recycling service for electronic components.

### **Class 38**

(2) Telecommunications, namely provision of multiple-user access to global computer information networks for the transfer and dissemination of a wide range of information; provision of online access to databases centralizing test certificates, certificates of compliance, training certificates, certificates of competency as well as accreditation certificates related to the supply of electronic components.

### **Class 39**

(3) Product packaging.

### **Class 41**

(4) Education, namely provision of online training in the form of webinars in the field of certification of compliance with standards for electronic components and electronic component suppliers; organization and conduct of professional training and online seminars in the field of certification of compliance with standards for electronic components and electronic component suppliers; organization and conduct of training workshops, colloquia, conferences, conventions, seminars, symposia in the field of certification of compliance with standards for electronic components and electronic component suppliers; online publication of electronic periodicals and electronic publications, namely, journals, magazines, newsletters, flyers, manuals, newspapers, brochures in the field of certification of compliance with standards for electronic components and electronic component suppliers.

### **Class 42**

(5) Testing, analysis and evaluation of electronic components, products and materials of others entering in the fabrication, installation and use of electronic components, for assuring their conformity to the quality control specifications required by manufacturers; testing, analysis and evaluation, for monitoring the use of hazardous substances, for product manufacturing processes including purchases, product design, production lines, product storage and shipping; evaluation and audit of electronic component manufacturing operations for quality control purposes; quality control of electronic components; issuance of test certificates, certificates of compliance, certificates of acceptance as a national certification body or testing laboratories, training certificates, personnel competency certificates and services related with certification of compliance, namely, evaluation, auditing and quality control for the products, procedures and techniques used by service providers regarding standards related to electronic components; monitoring of manufacturing plants to assure that the electronic components of others are manufactured in compliance with standards; evaluation and audit of technical procedures used by the service providers of others in the repair, servicing and recycling of electronic components, for certification of compliance; evaluation and audit of the operations of others for the repair, servicing and recycling of electronic components for quality control purposes; data security consultancy;

Internet security consultancy; design and development of Internet security programs; computer virus protection services; data encryption; electronic monitoring of credit card activity to detect fraud via the Internet; monitoring of computer systems for detecting unauthorized access or data breaches; technical competence assessment for the personnel of service providers for the repair, servicing and recycling of electronic components, for certification purposes.

### Goods

#### Class 01

(1) Diagnostic reagents and assays for testing of body fluids for scientific research purposes; diagnostic reagents and assays for testing of body fluids for medical research purposes.

#### Class 05

(2) Diagnostic testing preparations, substances, agents, reagents, assays, biological samples, calibrators and quality controls for medical purposes, namely, for testing blood and body fluids.

#### Class 09

(3) Scientific apparatus and instruments, namely, a research laboratory analyzer for testing whole blood, blood plasma, blood serum, blood cell preparations, cerebrospinal fluid, saliva, mucus, sputum, phlegm, urine, and sweat for research and scientific purposes and parts and fittings therefor, Scientific apparatus and instruments, namely, diagnostic devices for detecting pathogens and biomarkers in whole blood, blood plasma, blood serum, blood cell preparations, cerebrospinal

fluid, saliva, mucus, sputum, phlegm, urine, and sweat for research and scientific purposes, Scientific apparatus and instruments, namely, protective clothing, footwear and headgear especially made for use in laboratories, Material testing apparatus and instruments, namely, electronic apparatus being a research laboratory analyzer for identifying and testing pathogens and biomarkers in blood for research, and scientific purposes, Material testing apparatus and instruments, namely, laboratory analysers and cartridges for analysers for collecting, storing, processing, transferring, testing, analysing and monitoring liquid samples, and reporting in relation to the same, Material testing apparatus and instruments, namely, analysers and cartridges for testing chemical, biological and environmental samples for clinical research and scientific purposes, Apparatus for transmission of communication, namely computer hardware sold as a feature of a research laboratory analyzer, which enables the communication to the user of patient healthcare information that has been discerned from diagnostic testing, transmitted via optical methods, Monitoring, measuring, signaling and control apparatus and instruments in the nature of research laboratory analyzers for testing blood against a panel of biomarkers for research, and scientific purposes, Monitoring, measuring, signalling and control apparatus and instruments, namely, electronic measuring instruments for electrochemical analysis, potentiostats, galvanostats and impedance analyzers, Audiovisual receivers, Computer apparatus and instruments, namely, computer hardware, Computer apparatus and instruments, namely, computer hardware for clinical research and scientific purposes, Apparatus for transmission of communication, namely computer hardware sold as a feature of a research laboratory analyzer, which enables the communication to the user of patient healthcare information that has been discerned from diagnostic testing, transmitted via a wired and wi-fi connection to the relevant electronic healthcare records, Recorded computer software for analyzing data obtained from blood samples, Downloadable computer software for analyzing data obtained from blood samples, Downloadable application software for analyzing data obtained from blood samples, Downloadable computer software operating analytical and diagnostic devices being research laboratory analysers for clinical research purposes and for scientific and medical purposes, Downloadable application software for analyzing data obtained from blood samples, management of patient data, healthcare workflow and connectivity between patients and healthcare providers, Computer hardware for data capture, collection, recording, processing, transmission, reproduction, storage and communications, parts and fittings for all the aforementioned goods.

### **Class 10**

(4) Medical apparatus and instruments for use in obtaining blood samples, Medical apparatus and instruments for diagnostic use in analyzing whole blood, blood plasma, blood serum, blood cell preparations, cerebrospinal fluid, saliva, mucus, sputum, phlegm, urine, and sweat, Medical apparatus and instruments for identifying pathogens and biomarkers from blood samples, Medical apparatus and instruments, namely, devices for collecting, storing, processing, transferring, testing, analysing and monitoring liquid samples of whole blood, blood plasma, blood serum, blood cell preparations, cerebrospinal fluid, saliva, mucus, sputum, phlegm, urine, and sweat and reporting in relation to the same, Medical apparatus and instruments, namely, wearable medical monitors for monitoring patient vital signs, blood and sweat properties and physical movement monitoring, Medical diagnostic apparatus and instruments, namely, diagnostic devices for detecting pathogens and biomarkers in whole blood, blood plasma and blood serum, Medical apparatus and instruments, namely, protective clothing, footwear and headgear for medical use and surgical scrub pants, hats, suits and footwear, Diagnostic testing apparatus and instruments for the measurement of clinical biomarkers, Diagnostic testing apparatus and instruments namely, analysers and cartridges for use in diagnosing acute or chronic diseases, infectious diseases, hereditary diseases, dietary or metabolic deficiency disorders, and physiological disorders,

Diagnostic testing apparatus and instruments namely, analysers and cartridges for use in monitoring acute or chronic diseases, infectious diseases, hereditary diseases, dietary or metabolic deficiency disorders, and physiological disorders, parts and fittings for all the aforementioned goods.

**Class 25**

(5) Clothing, namely, shirts, pants, coats, dresses and jackets; footwear namely shoes and boots; headgear, namely, hats, caps as clothing.

**Services****Class 41**

(1) Educational research services, Publication of medical and scientific publications, Consultancy, advisory and information services regarding the aforementioned services.

**Class 42**

(2) Research and development services of new products for others, medical testing research and development services, scientific medical testing research and development service, pharmaceutical research and development services; new product design services, research, design and development of medical apparatus and instruments for the diagnosis of health biomarkers, research, design and development of medical diagnostic apparatus and instruments, research, design and development of diagnostic tests for the measurement of clinical bio markers, software research, design and development services, consultancy, advisory and information services regarding the aforementioned services.

**Class 44**

(3) Medical diagnostic services, medical testing, screening and analysis services relating to the diagnosis of disease, consultancy, advisory and information services regarding the aforementioned services.

**Class 45**

(4) Intellectual property licensing services, Licensing of medical technology, Licensing of intellectual property in the field of manufacturing technology and manufacturing processes, Licensing of intellectual property and intellectual property rights; Licensing of industrial property and industrial property rights.

### Certification Mark Standard

The certification mark, as used by persons authorized by the certifier, certifies that the goods provided have been tested by the certifier or a certifier approved laboratory and results reviewed by the certifier for purity and concentration of probiotic species, and found to comply with the IPRO regulations of the certifier with respect to microbial tolerances, heavy metal concentrations, capsule disintegration times (if applicable), absence of soy, milk, gluten allergens (if applicable), and probiotic strain identification and count are in accordance with the product label claim. The certifier has also reviewed label design and quality control systems of the product, including process control, traceability, sampling/testing, training, control of nonconforming product and supplier approval, to confirm they comply with the IPRO requirements of the certifier. The certifier has submitted a document entitled IPRO Testing Standard outlining the defined standard of the certification mark.

### Visual Representation

### Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the stylized wording "ETIMADEN" with "ETI" in black and "MADEN" in gold. The stylized wording "FOR LIFE" appears below in grey. A design of three shaded circles in gold, blue and red appear to the left within a gold circle outline. The white areas in the mark represent background and/or transparency and are not part of the mark.

### Goods

#### Class 01

(1) Micronutrients for agricultural use; chemical additives to insecticides; solvents for use in the manufacture of insecticides; chemicals used in the field of photography, agriculture, horticulture and forestry; manures; planting soil; potting soil; top soil; unprocessed artificial resins and unprocessed plastics; fire extinguishing compositions; adhesives in the form of pastes, namely, adhesive cements, adhesives for applying wall coverings, adhesives for ceramic coating, adhesives for ceramic tiles, adhesives for floor, ceiling and wall tiles, adhesives for ornamental paving, adhesives for paperhanging, adhesives for paving, adhesives for the building industry, adhesives for use in the automotive industry, adhesives for use in the construction industry, adhesives for use in the consumer packaging industry, adhesives for use in the furniture industry, adhesives for use in the textile industry, flooring adhesives, general use adhesives, polyurethane adhesives, roofing adhesives, silicone adhesives for industrial assembly, synthetic resin adhesives for industrial purposes, wall covering adhesives, wallpaper adhesives.

#### Class 02

(2) Oil and acrylic paints; acrylic varnishes; bronzing lacquers; preservatives against rust; preservatives against deterioration of wood; thinners and binders for paints; inorganic pigments;

anti-tarnishing preparations for metals; metal rust inhibitors; shoe dyes; printing dyes and ink; toners and filled toner cartridges for laser and inkjet printers; colorants for food, pharmaceuticals and beverages; raw natural resins; metals in foil and powder form for painters, decorators, printers and artists.

## Services

### Class 35

(1) Advertising agency services; digital marketing agency services, namely, development and production of digital marketing campaigns for others; business marketing consulting services; developing of marketing strategies for others; development of marketing campaigns for others; social media marketing for others; public relations; arranging and conducting agricultural and horticultural trade fair and trade show exhibitions; arranging and conducting mining trade fair and trade show exhibitions; arranging and conducting trade fair and trade show exhibitions in the field of fertilizer, unprocessed plastics, decorative glass, glass ornaments, glass jars, glass figurines, glass bowls, glass bottles, drinking glasses and mugs, ceramics, ceramic jugs and mugs, ceramic floor tiles, flame retarding compositions, flame-retardant paints; arranging and conducting aerospace and defence trade fairs and trade show exhibitions; development of advertising campaigns for others; provision of an online marketplace for buyers and sellers of goods and services; secretarial services; arranging newspaper subscriptions for others; compilation of statistics; rental of office machines; systemization of information into computer databases; telephone answering for unavailable subscribers; secretarial services; arranging newspaper subscriptions for others; compilation of statistics; rental of office machines; systemization of information into computer databases; telephone answering for unavailable subscribers; business management; business administration; business acquisitions consulting; business administration consultancy; business consultancy being business incubation services; business consulting in the field of business networking; business consulting in the field of business relocation; business consulting services in the field of product distribution and logistics; business consulting services in the fields of sales and marketing; business management consultancy; business marketing consulting services; business merger consultation; business organization consultancy services; business strategic planning consultation; consultancy relating to business appraisals; consultancy relating to business process management; strategic business analysis consulting; accounting; personnel recruitment; personnel placement; employment agencies; import-export agencies; temporary personnel placement services; auctioneering; retail, wholesale and online sale of micronutrients for agricultural use, chemical additives to insecticides, solvents for use in the manufacture of insecticides, chemicals used in the field of photography, agriculture, horticulture and forestry, manures and soils, unprocessed artificial resins and unprocessed plastics, fire extinguishing compositions, adhesives in the form of pastes, namely, adhesive cements, adhesives for applying wall coverings, adhesives for ceramic coating, adhesives for ceramic tiles, adhesives for floor, ceiling and wall tiles, adhesives for ornamental paving, adhesives for paperhanging, adhesives for paving, adhesives for the building industry, adhesives for use in the automotive industry, adhesives for use in the construction industry, adhesives for use in the consumer packaging industry, adhesives for use in the furniture industry, adhesives for use in the textile industry, flooring adhesives, general use adhesives, polyurethane adhesives, roofing adhesives, silicone adhesives for industrial assembly, synthetic resin adhesives for industrial purposes, wall covering adhesives, wallpaper adhesives, oil and acrylic paints, acrylic varnishes, bronzing lacquers, preservatives against rust, preservatives against deterioration of wood, thinners and binders for paints, pigments, chemical preservatives for metals, shoe dyes, printing dyes and ink, toners and filled toner cartridges for laser and inkjet printers, colorants for food and beverages, colorants for use in the manufacture of pharmaceuticals, raw natural resins, metals in foil and

powder form for painters, decorators, printers and artists, bleaching and cleaning preparations for use on surfaces and laundry, laundry detergents other than for use in manufacturing operations and for medical purposes, laundry bleach, fabric softeners for laundry use, stain removers, dishwasher detergents, perfumery, non-medicated cosmetics, fragrances, deodorants for personal use and animals, soaps, non-medicated toothpaste, non-medicated mouthwash, tooth whitening preparations, dentifrices, denture polishes, tooth whitening preparations, mouth washes, not for medical purposes, general use abrasives, emery cloth, sandpaper, pumice stone, abrasive pastes, polishing preparations for leather, vinyl, metal and wood, polishes and creams for leather, vinyl, metal and wood, wax for polishing, industrial anti-corrosive oils and greases, cutting fluids for metalworking, dust absorbing wetting and binding compositions, solid fuels for burning, coal, firewood, liquid and gas fuels, petrol, diesel oil, liquified petroleum gas, natural gas, fuel oil and their non-chemical additives, candles, wicks, semi-finished wax, wax and paraffin for lighting purposes, electrical energy, pharmaceutical and veterinary preparations for medical purposes, anti-infective chemical preparations for medical and veterinary purposes, chemical reagents for pharmaceutical and veterinary purposes, medicated cosmetics, dietary supplements for pharmaceutical and veterinary purposes, dietary supplements, nutritional supplements, medical preparations for slimming purposes, food for babies, herbs and herbal beverages adapted for medicinal purposes, dental preparations and articles for disclosing plaque, teeth filling material, dental impression material, dental adhesives and material for repairing teeth, sanitary preparations for medical use, hygienic pads, hygienic tampons, plasters, materials for dressings, diapers made of paper and textiles for babies, adults and pets, preparations for destroying vermin, herbicides, fungicides, preparations for destroying rodents, air deodorants, not for human beings and animals, air purifying preparations, air deodorising preparations, disinfectants, antiseptics, detergents for medical purposes, medicated soaps, disinfectant soaps, antibacterial hand lotions, ores of non-precious metal, common metals and their alloys and semi-finished ingots, billets, blooms, and slabs made of these materials, irons for construction, mats and stirrups of common metals for buildings, common metals in the form of plate, billet, stick, profile, sheet and sheeting, goods and materials of common metal used for storage, wrapping, packaging and sheltering purposes, containers of metal for storage and transport, portable office and storage buildings of metal, frames of metal for constructing buildings, poles of metal for building, metal storage boxes for general use, containers of metal for transport, packaging containers of metal, aluminium foil, fences made of metal, guard barriers of metal, metal tubes, portable metal storage containers, metal containers for the transportation of goods, ladders of metal, cooking pans, cooking sieves and sifters, doors, windows, shutters, jalousies and their cases and fittings of metal, non-electric cables and wires of metal, ironmongery, small hardware of metal, screws of metal, nails, bolts of metal, nuts of metal, pegs of metal, flakes of metal, pitons of metal, metal chains, furniture casters of metal, fittings of metal for furniture, industrial metal wheels, door handles of metal, window handles of metal, hinges of metal, metal latches, metal locks, metal keys for locks, metal rings, metal pulleys, ventilation ducts, vents, vent covers, pipes, chimney caps, manhole covers, grilles of metal for ventilation, heating, sewage, telephone, underground electricity and air conditioning installations, metal panels and boards (non-luminous and non-mechanical) used for signalling, route showing, publicity purposes, signboards of metal, advertisement columns of metal, signaling panels of metal, non-luminous and non-mechanical traffic signs of metal, pipes of metal for transportation of liquids and gas, drilling pipes of metal and their metal fittings, valves of metal, couplings of metal for pipes, elbows of metal for pipes, clips of metal for pipes, connectors of metal for pipes, safes (strong boxes) of metal, metallic railway materials for tracks, metal rails, metal railway ties, railway switches, bollards of metal, floating docks of metal, mooring buoys of metal, anchors, metal moulds for casting, other than machine parts, works of art made of common metals and their alloys, trophies of common metal, metal closures, bottle caps of metal, metal poles, metal

pillars, scaffolding of metal, metal stakes for plants and trees, metal towers for scaffolding, metal pallets and metal ropes for lifting, loading and transportation purposes, metal hangers, ties, straps, tapes and bands used for load-lifting and load-carrying, wheel chocks made primarily of metal, metal profile laths for vehicles for the purposes of decoration, woodworking and metalworking machines, machine tools for industrial robots and industrial robots for processing and shaping wood, metals, glass, plastics and minerals, 3D printers, construction machines and robotic mechanisms (machines) for use in construction, bulldozers, diggers (machines), excavators, road construction and road paving machines, drilling machines, rock drilling machines, road sweeping machines, lifting, loading and transmission machines and robotic mechanisms (machines) for lifting, loading and transmission purposes, elevators, escalators and cranes, machines and robotic mechanisms (machines) for use in agriculture and animal breeding, machines and robotic mechanisms (machines) for processing cereals, fruits, vegetables and food, machines for preparing and processing beverages, engines and motors, other than for land vehicles, parts and fittings therefor, hydraulic and pneumatic controls for engines and motors, brakes other than for vehicles, brake linings for engines, crankshafts, gearboxes, other than for land vehicles, gearboxes, cylinders for engines, pistons for engines, turbines, not for land vehicles, filters for engines and motors, oil, air and fuel filters for land vehicle engines, exhausts for land vehicle engines, exhaust manifolds for land vehicle engines, engine cylinders for land vehicles, engine cylinder heads for land vehicles, pistons for land vehicle engines, carburetors for land vehicles, fuel conversion apparatus for land vehicle engines, injectors for land vehicle engines, fuel economisers for land vehicle engines, pumps for land vehicle engines, valves for land vehicle engines, starter motors for land vehicles, dynamos for land vehicle engines, sparking plugs for land vehicle engines, bearings (parts of machines), roller and ball bearings, machines for mounting and detaching tires, alternators, current generators, electric generators, current generators operated with solar energy, painting machines, automatic spray guns for paint, electric, hydraulic and pneumatic punching machines and guns, electric adhesive tape dispensers (machines), electric guns for compressed gas and liquid spraying machines, electric hand drills, electric hand saws, electric jigsaw machines, spiral machines, compressed air machines, compressors (machines), vehicle washing installations, robotic mechanisms (machines) with the abovementioned functions, electric and gas-operated welding apparatus, electric arc welding apparatus, electric soldering apparatus, electric arc cutting apparatus, electrodes for welding machines, industrial robots (machines) with the abovementioned functions of welding, printing machines, packaging machines, filling, plugging and sealing machines, labellers (machines), sorting machines, industrial robots (machines) with the abovementioned functions of printing and packaging, electric packing machines for plugging and sealing of plastics, machines for textile processing, sewing machines, industrial robots (machines) with the abovementioned functions of textile processing and sewing, fluid pumps other than parts of machines and engines, fuel dispensing pumps for service stations, self-regulating fuel pumps, electric kitchen machines for chopping, grinding, crushing, mixing and mincing foodstuff, washing machines, laundry washing machines, dishwashers, spin driers (not heated), electric cleaning machines for cleaning floors, carpets and floorings, vacuum cleaners and parts thereof, automatic vending machines, galvanizing and electroplating machines, electric door openers and closers, gaskets for engines and motors, forks, spoons, knives and non-electric cutters, slicers, peelers for kitchen use, including those made of precious metals, side arms and blades (weapons), shavers, epilation apparatus, manicure and pedicure implements, electric shavers, tools and apparatus epilation, manicure and pedicure, electric hand implements for straightening and curling hair, scissors, hand-operated [non-electric] being screwdrivers, wrenches, and hammers for the repair of machines, apparatus and vehicles and for use in construction, agriculture, horticulture and forestry, none of them being power tools, electric and non-electric irons, steam irons, handles for hand-operated

hand tools being screwdrivers, wrenches, and hammers, distance sensors, laser distance meters, infrared thermometers, not for medical purposes, barometers, ammeters, voltmeters, hygrometers, pH meters, telescopes, periscopes, directional compasses, speed indicators being speedometers, laboratory apparatus being test tubes, microscopes, magnifying glasses, stills, binoculars, ovens and furnaces for laboratory experiments, digital audio broadcasting [DAB] radios, digital audio tape players, digital audio tape recorders, digital camcorders, digital cameras, digital cameras for industrial use, digital music players, digital photo viewers, digital sound processors, digital still cameras, digital video cameras, digital video players, digital video recorders, digital voice recorders, cameras, photographic cameras, television apparatus, video recorders, CD and DVD players and recorders, MP3 players, computers, desktop computers, tablet computers, smart watches, smart wristbands that communicate data to other electronic devices, augmented reality headsets, head mounted audio-visual display units containing integrated cameras and sensors, head mounted displays, head-mounted holographic displays, headphone-microphone combinations, headphones, headsets, headsets for use with computers, headsets for virtual reality games, headsets with microphone, virtual reality headsets, wireless headphones, wireless headsets, microphones, loudspeakers, earphones, computer hardware for telecommunications, mobile telecommunications handsets, optical fiber telecommunications apparatus, telecommunications multiplexers, telecommunications switchboards, telecommunications switching systems, computer peripherals, cell phones, covers for cell phones, telephone apparatus, computer printers, scanners [data processing equipment], photocopiers, magnetic and optic data carriers and computer software and programmes recorded thereto, downloadable and recordable electronic publications, encoded magnetic and optic cards, movies, tv series and video music clips recorded on magnetic, optical and electronic media, antennas, satellite antennas, amplifiers for antennas, parts of the aforementioned goods, ticket dispensers, automatic teller machines (ATM), electronic components being integrated circuits, diodes, and transistors used in the electronic parts of machines and apparatus, semi-conductors being transistors and diodes, electronic circuits, integrated circuits, chips [integrated circuits], diodes, transistors [electronic], magnetic heads for electronic apparatus, electronic locks, photocells, remote control apparatus for opening and closing doors, optical sensors, counters and quantity indicators for measuring the quantity of consumption, automatic time switches, clothing for protection against accidents, irradiation and fire, safety vests and life-saving floatation apparatus and equipment, eyeglasses, sunglasses, optical lenses and cases, containers, parts and components thereof, apparatus and instruments being switchboards and electrical panels for conducting, transforming, accumulating and controlling electricity, electric plugs for consumer electronics, electrical junction boxes, electric switches, circuit breakers, fuses, lighting ballasts, battery starter cables, electrical circuit boards, electric resistances, electric sockets, transformers [electricity], electrical adapters, battery chargers, electric door bells, electric and electronic cables, lithium batteries, lithium-ion batteries, sodium-ion batteries, rechargeable alkaline batteries, rechargeable lithium-ion batteries, rechargeable nickel metal hydride batteries, rechargeable nickel-cadmium batteries, electric accumulators, solar panels for production of electricity, alarms and anti-theft alarms, other than for vehicles, electric bells, signalling apparatus and instruments being lights and horns, luminous and mechanical signs for traffic use, fire extinguishing apparatus, fire engines, fire hose and fire hose nozzles, radar apparatus, sonars, night vision apparatus and instruments, decorative magnets, metronomes, surgical, medical, dental and veterinary apparatus and instruments, furniture especially made for medical purposes, artificial limbs and prostheses, medical orthopaedic articles, corsets for medical purposes, orthopaedic shoes, elastic bandages and supportive bandages, surgical gowns and surgical sterile sheets, condoms, babies' bottles, babies' pacifiers, teats, teethers for babies, bracelets and rings for medical purposes, anti-rheumatism bracelets, anti-rheumatism rings, lighting installations, lights for vehicles and interior-exterior spaces, heating

installations using solid, liquid and gas fuels and electricity, central heating boilers, boilers for heating installations, radiators [heating], heat exchangers, not parts of machines, stoves, kitchen stoves, solar thermal collectors [heating], steam, gas and fog generators, steam boilers, other than parts of machines, acetylene generators, oxygen generators, nitrogen generators, installations for air-conditioning and ventilating, cooling installations and freezers, electric and gas-powered devices, installations and apparatus for cooking, drying and boiling being ovens, electric cookers cooking pots, electric water heaters, barbecues, electric laundry driers, hair driers, hand driers, taps [faucets], shower installations, toilets [water-closets], shower and bathing cubicles, bath tubs, toilet seats, sinks, wash-hand basins [parts of sanitary installations], washers for water taps, stuffings (tap valves), water softening units, water purifiers for household purposes, reverse osmosis water purification units, tap-water purifying apparatus, waste water purification units, electric bed warmers and electric blankets, not for medical use, electric pillow warmers, electric and non-electric footwarmers, hot water bottles, electrically heated socks, filters for aquariums and aquarium filtration apparatus, industrial type installations for cooking, drying and cooling purposes being ovens, pasteurizers and sterilizers, motor land vehicles, motorcycles, mopeds, engines and motors for land vehicles, clutches for land vehicles, transmissions, transmission belts and transmission chains for land vehicles, gearing for land vehicles, brakes, brake discs and brake linings for land vehicles, vehicle chassis, automobile bonnets, vehicle suspension springs, shock absorbers for automobiles, gearboxes for land vehicles, steering wheels for vehicles, rims for vehicle wheels, bicycles and their bodies, handlebars and mudguards for bicycles, vehicle bodies, tipping bodies for trucks, trailers for tractors, frigorific bodies for land vehicles, trailer hitches for vehicles, vehicle seats, head-rests for vehicle seats, safety seats for children, for vehicles, seat covers for vehicles, vehicle covers (shaped), sun-blinds adapted for vehicles, direction signals and arms for direction signals for vehicles, windscreen wipers and wiper arms for vehicles, inner and outer tires for vehicle wheels, tubeless tires, tire-fixing sets comprised of tire patches and tire valves for vehicles, windows for vehicles, safety windows for vehicles, rearview mirrors and wing mirrors for vehicles, anti-skid chains for vehicles, luggage carriers for vehicles, bicycle and ski carriers for cars, saddles for bicycles and motorcycles, air pumps for vehicles, for inflating tires, anti-theft alarms for vehicles, horns for vehicles, safety belts for vehicle seats, air bags (safety devices for automobiles), baby carriages, wheelchairs, pushchairs, wheelbarrows, shopping carts, single and multi-wheeled wheelbarrows, shopping trolleys, grocery carts, handling carts, rail vehicles, locomotives, trains, trams, waggons, cable cars, chairlifts, boats for locomotion by water and their parts, other than their motors and engines, planes, helicopters, and gliders for locomotion by air and their parts, other than their motors and engines, firearms, air pistols (weapons), spring-loaded firearms, adapted cases and shoulder straps therefor, heavy weapons, mortars and rockets, fireworks, sprays for personal defence purposes, jewellery, imitation jewellery, gold, precious stones and jewellery made thereof, cufflinks, tie pins, statuettes and figurines of precious metal, clocks, watches and chronometrical instruments being hourglasses, chronometers and their parts, watch straps, trophies made of precious metal, rosaries, musical instruments and cases for musical instruments, paper and cardboard, paper and cardboard for packaging and wrapping purposes, cardboard boxes, paper towels, toilet paper, paper napkins, plastic materials for packaging and wrapping purposes, printing blocks and types, bookbinding material, printed publications, printed matter, books, magazines, newspapers, bill books, printed dispatch notes, printed vouchers, calendars, posters, photographs [printed], paintings, stickers [stationery], postage stamps, stationery, office stationery, instructional and teaching material being models and books [except furniture and apparatus], writing and drawing implements, artists' materials, paper products for stationery purposes, adhesives for stationery purposes, pens, pencils, erasers, adhesive tapes for stationery purposes, cardboard cartons [artists' materials], writing paper, copying paper, paper rolls for cash registers, drawing materials, chalkboards, painting pencils,

watercolors [paintings], office requisites being stationery and writing instruments, paint rollers and paintbrushes for painting, rubber, gutta-percha, gum, asbestos, mica, insulation, stopping and sealing materials, insulation paints, insulation fabrics, insulating tape and band, insulation covers for industrial machinery, joint sealant compounds for joints, gaskets, o-rings for sealing purposes (other than gaskets for motors, cylinders and washer for water taps), flexible pipes made from rubber and plastic, hoses made of plastic and rubber, including those used for vehicles, junctions for pipes of plastic and rubber, pipe jackets of plastic and rubber, hoses of textile material, junctions for pipes, not of metal, pipe jackets, not of metal, connecting hose for vehicle radiators, profile laths made of synthetic materials for vehicles for the purposes of decoration, unworked and semi-worked leather and animal skins, imitations of leather, stout leather, leather used for linings, goods being wallets and bags made of leather and imitations of leather, bags, wallets, boxes and trunks made of leather and stout leather, keycases, trunks [luggage], suitcases, umbrellas, parasols, sun umbrellas, walking sticks, whips, harness, saddlery, stirrups, straps of leather (saddlery), sand, gravel, crushed stone, asphalt, bitumen, cement, gypsum, plaster, concrete, marble blocks for construction, building materials being bricks, blocks, panels, and slabs made of concrete, gypsum, clay, potters' clay, stone, marble, wood, plastics and synthetic materials for building, construction, road construction purposes, non-metallic buildings being sheds, non-metallic building materials being wood, plastic, and stone, wood support poles not of metal for power lines, barriers not of metal, natural and synthetic coatings in the form of panels and sheets, being building materials, bitumen cardboard coatings for roofing, bitumen coating for roofing, doors and windows of wood and synthetic materials, traffic signs not of metal, non-luminous and non-mechanical, for roads, monuments and statuettes of stone, concrete and marble, building glass, prefabricated swimming pools not of metal (structures), aquarium sand, furniture, made of any kind of material, mattresses, pillows, air mattresses and cushions, not for medical purposes, water beds, mirrors, beehives, artificial honeycombs and sections of wood for honeycombs, bouncing chairs for babies, playpens for babies, cradles, infant walkers, display boards, frames for pictures and paintings, identification plates, identification tags, nameplates, identification labels made of wood and synthetic materials, packaging containers of wood and plastics, casks for use in transportation and storage, barrels, storage drums, liquid storage tanks, storage boxes, storage containers, transportation containers, chests, loading pallets and closures for the aforementioned goods, of wood and plastics, small hardware goods of wood and synthetic materials being clips, hinges, and pulleys, furniture fittings, of wood and synthetic materials, opening and closing mechanisms of wood and synthetic materials, ornaments and decorative goods of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum, beeswax, plastic and plaster namely figurines, holiday ornaments for walls, sculptures, trophies, baskets, fishing baskets, kennels, nesting boxes and beds for household pets, portable ladders and mobile boarding stairs of wood and synthetic materials, bamboo curtains, roller indoor blinds [for interiors], slatted indoor blinds, strip curtains, bead curtains for decoration, curtain hooks, curtain rings, curtain tie-backs, curtain rods, non-metal wheel chocks, hand-operated non-electric cleaning instruments and appliances being mops, brooms, and floor brushes, scrubbing brushes, other than paintbrushes, steel chips for cleaning, sponges for cleaning, steel wool for cleaning, cloths of textile for cleaning, gloves for dishwashing, non-electric polishing machines for household purposes, brooms for carpets, mops, toothbrushes, electric toothbrushes, dental floss, shaving brushes, hair brushes, combs, non-electric household and kitchen utensils, [other than forks, knives, spoons], coffee services, serving dishes, pots and pans, bottle openers, flower pots, drinking straws, non-electric cooking utensils being spatulas, whisks, spoons, and tongs, ironing boards and shaped covers therefor, drying racks for washing, clothes drying hangers, cages for household pets, indoor aquariums, vivariums and indoor terrariums for animals and plant cultivation, ornaments and decorative goods of glass, porcelain, earthenware and clay namely

statues, figurines, vases and trophies, mouse traps, insect traps, electric devices for attracting and killing flies and insects, fly catchers, fly swatters, perfume burners, perfume sprayers, perfume vaporizers, powder puffs, toilet cases, nozzles for sprinkler hose, nozzles for watering cans, watering devices, garden watering cans, unworked and semi-worked glass, except building glass, mosaics of glass and powdered glass for decoration, except for building, glass wool other than for insulation and textile use, ropes, strings, rope ladders, hammocks, fishing nets, tents, awnings, tarpaulins, sails, vehicle covers, not fitted, bags of textile, for packaging, padding and stuffing materials, except of rubber and plastics, including those of wool and cotton, textile fibers, raw spun fiber, glass fibers for textile use, yams and threads for textile use, threads and yams for sewing, embroidery and knitting, thread, elastic yarns and threads for textile use, woven and non-woven textile fabrics, textile goods for household use, curtains, bed covers, sheets (textile), pillowcases, blankets, quilts, towels, flags, pennants, labels of textile, swaddling blankets, sleeping bags for camping, clothing, including underwear and outerclothing, other than special purpose protective clothing, socks, mufflers [clothing], shawls, bandanas, scarves, belts [clothing], footwear, shoes, slippers, sandals, headgear, hats, caps with visors, berets, caps [headwear], skull caps, laces and embroidery, guipures, festoons, ribbons (haberdashery), ribbons and braid, fastening tapes for clothing, cords for clothing, letters and numerals for marking linen, embroidered emblems, badges for wear, not of precious metal, shoulder pads for clothing, buttons for clothing, fasteners for clothing, eyelets for clothing, zippers, buckles for shoes and belts, fasteners, shoe and belt buckles, pins, other than jewellery, adhesive patches for decoration of textile articles, laces, needles, sewing needles, needles for sewing machines, needles for knitting and embroidery, boxes for needles, needle cushions, artificial flowers, artificial fruits, hair pins, hair buckles, hair bands, decorative articles for the hair, not made of precious metal, wigs, hair extensions, electric and non-electric hair curlers, other than hand implements, carpets, rugs, mats, prayer rugs, linoleum, artificial turf, linoleum for covering floors, gymnasium mats, wallpaper, wall hangings not of textile, games and toys, arcade video game machines, game apparatus and machines for use with an external display screen and monitor, including those coin-operated, toys for animals, toys for outdoor playgrounds, parks and game parks, gymnastic and sporting mats and balls, fishing tackle, artificial fishing bait, decoys for hunting and fishing, Christmas trees of artificial material, ornaments for Christmas trees, artificial snow for Christmas trees, rattles (playthings), novelties for parties, dances (party favors), paper party hats, meat, fish, poultry and game, processed meat products, dried pulses, soups, bouillon, processed olives, olive paste, milks of animal origin, milks of herbal origin, milk products, butter, edible oils, dried, preserved, frozen, cooked, smoked and salted fruits and vegetables, tomato paste, prepared nuts and dried fruits as snacks, hazelnut spreads and peanut butter, tahini (sesame seed paste), eggs and powdered eggs, potato chips, coffee, cocoa, coffee and cocoa based beverages, chocolate based beverages, pasta, stuffed dumplings, noodles, pastries and bakery products based on flour, desserts based on flour and chocolate, bread, simit [Turkish ring-shaped bagel covered with sesame seeds], pogaça [Turkish bagel], pita, sandwiches, katmer [Turkish pastry], pies, cakes, baklava [Turkish dessert based on dough coated with syrup], kadayif [Turkish dessert based on dough], desserts based on dough coated with syrup, puddings, custard, kazandibi [Turkish pudding], rice pudding, keskül [Turkish pudding], honey, bee glue for human consumption, propolis for food purposes, condiments for foodstuff, vanilla (flavoring), spices, sauces (condiments), tomato sauce, yeast, baking powder, flour, semolina, starch for food, sugar, cube sugar, powdered sugar, tea, ice tea, confectionery, chocolate, biscuits, crackers, wafers, chewing gums, ice-cream, edible ices, salt, cereal-based snack food, popcorn, crushed oats, corn chips, breakfast cereals, processed wheat for human consumption, crushed barley for human consumption, processed oats for human consumption, processed rye for human consumption, rice, molasses for food, agricultural and horticultural products, seeds, forestry products, live laboratory animals, fertilized eggs for hatching, plants,

dried plants for decoration, fresh garden herbs, dried garden herbs for decoration, animal foodstuffs for feeding livestock, malt not for human consumption, underlays for pets, cat litters, beers, preparations for making beer, mineral water, spring water, table water, soda water, fruit and vegetable juices, fruit and vegetable concentrates and extracts for making beverages, non-alcoholic soft drinks, energy drinks, protein-enriched sports beverages, alcoholic beverages (except beers), wines, raki [traditional Turkish alcoholic drink], whisky, liqueurs, alcoholic cocktails, tobacco, chewing tobacco, cigarettes, cigars, smokers' articles including those made of precious metals, pipes, mouthpieces for cigars and cigarettes, ashtrays, tobacco boxes, pocket apparatus for rolling cigarettes, cigarette paper, tobacco pipes, firestones, lighters for smokers, electronic cigarettes and their cartridges, matches.

**Class 37**

(2) Building construction services; rental of construction machines and equipment; cleaning services for buildings (interior and exterior), public areas, industrial premises; building disinfecting; vermin exterminating services, other than for agriculture; rental of cleaning machines and equipment; vehicles service stations for land vehicles; maintenance, repair and refueling of land vehicles; vehicles service stations for marine vehicles; maintenance, repair and refueling of marine vehicles; repair and maintenance of air vehicles; upholstery, repair and restoration of furniture; installation, maintenance and repair of heating, ventilating, and air conditioning equipment and systems; installation and construction of bathrooms; installation of plumbing; maintenance of plumbing; installation services for bath fixtures; installation services for kitchen fixtures; cleaning, care and repair of clothing; installation, maintenance and repair of agricultural machines and implements, mining tools and machines, office machines and equipment being fax machines and copiers, communication apparatus in the nature of antennae, electric and electronic kitchen and laundry appliances; repair and maintenance of elevator lifts; clock and watch repair; mining services and mining extraction; repair of shoes, bags and belts.

**Application Number** 2,088,892  
**International Registration Number** 1578956  
**Language of Application** English

**Filing Date** 2020-11-13

## APPLICANT AND AGENT DETAILS

### Applicant

thyssenkrupp AG  
ThyssenKrupp Allee 1  
45143 Essen  
GERMANY

### Agent

RICHES, MCKENZIE & HERBERT LLP  
SUITE 1800, 2 BLOOR STREET EAST,  
TORONTO, ONTARIO, M4W3J5

## TRADEMARK DETAILS

# TK Elevator

### Trademark Type

Standard Characters

### Goods

#### Class 07

(1) Elevators; platform lifts; lifting platforms for persons; electric motors for elevator doors; electric door openers for automatic lift doors; stair lifts; home lifts; mechanical escalators; mechanical moving walkways; passenger boarding bridges; structural machine parts of elevators, platform lifts, lifting platforms for persons, stair lifts, home lifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges.

#### Class 09

(2) Electrical and electronic installations and apparatus for the automation of technology, namely, industrial automation controls for use with elevators, platform lifts, passenger lifts, stair lifts, home lifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges, visual docking guidance systems for airports and aircraft ground support equipment connectable to passenger boarding bridges; interactive controls and remote controls for the control, signal distribution, monitoring and visualisation of technological infrastructure, namely, industrial automation controls for use with elevators, platform lifts, passenger lifts, stair lifts, home lifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges, visual docking guidance systems for airports and aircraft ground support equipment connectable to passenger boarding bridges; electrical and electronic installations controlled by mobile software applications, namely, industrial automation controls for use with elevators, platform lifts, passenger lifts, stair lifts, home lifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges, visual docking guidance systems for airports and aircraft ground support equipment connectable to passenger boarding bridges; electrical and electronic devices for recording and controlling visitor streams, namely, secure digital (SD) card readers, cameras, light barriers, electronic facial recognition readers and electronic counters, all the foregoing for use in counting the number of individuals that pass through a gate and reside in a given area; electronic control systems comprised of secure digital (SD) card readers for people counting and providing access authorization through facial recognition; electrical, electronic and electro-optical sensors for motion, weight, quantity and material detection, for motion streams and flow detection; optical, acoustic and thermo-electrical sensors for controlling motors in elevators, platform lifts, passenger

lifts, stair lifts, home lifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges, visual docking guidance systems for airports and aircraft ground support equipment connectable to passenger boarding bridges; optical, acoustic and thermo-electrical sensors for the system control of elevators, platform lifts, passenger lifts, stair lifts, home lifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges, visual docking guidance systems for airports and aircraft ground support equipment connectable to passenger boarding bridges; motion detectors; electronic card readers; chip card management systems comprising electronic card readers and magnetically-encoded identification cards; virtual reality glasses; augmented reality glasses; computer software and mobile applications for the control, maintenance, monitoring and optimisation of utilisation, monitoring of safety functions and detection and reporting of hazardous situations in relation to elevators, platformlifts, lifting platforms for people, stairlifts, homelifts, mechanical escalators, mechanical moving walks, passenger boarding bridges; downloadable computer software and mobile application software for the processing and evaluation of text messages in the field of real-time location data recording, identification of individuals, building automation, lighting control, climate control in relation to elevators, platform lifts, lifting platforms for individuals, mechanical escalators, mechanical moving walkways and passenger boarding bridges; downloadable computer software and mobile software applications that enable the transmission of voice messages, real-time location data, graphics, sound files and video recordings via broadband and wireless networks for elevator monitoring and control, for the provision of real-time location information and entertainment in the nature of music in elevator cabins and for enabling emergency calls from elevator cabins; downloadable computer software and mobile software applications for the database management of elevators, platform lifts, passenger lifts, stair lifts, home lifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges and aircraft ground support equipment connectable to passenger boarding bridges, the foregoing for use with virtual reality glasses and augmented reality glasses; visual docking guidance systems comprising downloadable software for controlling elevators, platform, passenger, home and stair lifts and passenger boarding bridges in airports; downloadable computer software and mobile application software for controlling and maintaining the visual docking guidance systems in airports; downloadable computer software and mobile application software for controlling and maintaining aircraft ground support equipment connectable to passenger boarding bridges in airports.

### **Class 11**

(3) Air generating equipment for ventilation, namely, air impellers and non-medical air aspirators, the foregoing for passenger boarding bridges and airplanes; ventilation and air-conditioning equipment and systems, namely, non-medical air ventilators, air conditioners and water supply systems comprised of water filters, containers, tanks, tubes, the foregoing for passenger boarding bridges and airplanes.

### **Services**

#### **Class 35**

(1) Retail and wholesale sales of elevators, platform lifts, passenger lifts, stairlifts, homelifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges and software for elevators, stairlifts, homelifts, mechanical escalators, mechanical moving walkways and passenger boarding bridges.

#### **Class 37**

(2) Construction, installation, repair and maintenance of elevators, platformlifts, passenger lifts, automatic elevator doors, stairlifts, homelifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges, visual docking guidance systems for airports, and aircraft

ground support systems that provide aircraft with preconditioned air, power and portable water which are connectable to passenger boarding bridges;; renovation of elevators, platformlifts, passenger lifts, automatic elevator doors, stairlifts, homelifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges, visual docking guidance systems for airports, and aircraft ground support systems that provide aircraft with preconditioned air, power and portable water which are connectable to passenger boarding bridges.

### **Class 42**

(3) Scientific research and design of elevators, platform lifts, passenger lifts, stair lifts, home lifts, mechanical escalators, mechanical moving walkways, passenger boarding bridges and aircraft ground support equipment connectable to passenger boarding bridges; quality control inspection and testing, and authentication services for others in the field of elevators, passenger lifts, stair lifts, and lifting work platforms; mechanical engineering design consultancy and civil engineering; technological consultancy services in the field of computer software design and development and elevator construction, repair and maintenance; consultancy services related to design and development of engineering processes; computer software design and development; mobile app design and development; consultancy services related to computer systems; computer software consultancy services; mobile app consultancy services; installation of software for access control as a service [ACaaS]; artificial intelligence software as a service (SaaS) platform, namely, software as a service (SaaS) services featuring software for use in database management, the foregoing relating to elevators, escalators, moving walkways, stair lifts, home lifts, passenger boarding bridges, visual docking guidance systems for airports, and aircraft ground support equipment connectable to passenger boarding bridges; access control as a service (ACaaS) services, namely, hosting software for operating virtual servers for use by others, the foregoing relating to elevators, escalators, moving walkways, stair lifts, home lifts, passenger boarding bridges, visual docking guidance systems for airports, and aircraft ground support equipment connectable to passenger boarding bridges; software as a service (SaaS) services, namely, hosting software for operating virtual servers for use by others, the foregoing relating to elevators, escalators, moving walkways, stair lifts, home lifts, passenger boarding bridges, visual docking guidance systems for airports, and aircraft ground support equipment connectable to passenger boarding bridges.

### **Claims**

#### Class 01

(1) Chemical products intended for industry, science, as well as agriculture, horticulture and forestry, in particular, solvents for varnishes, degreasing solvents for use in manufacturing processes, solvents for paints, solvent for use in pesticide, spectroscopic solvents for industrial purposes, barium, strontium, calcium chloride, caustic soda, chlorinated acids, chlorinated naphthalenes, unprocessed chlorinated polyvinyl chloride resins, barium peroxide, hydrogen peroxide, benzoyl peroxide for industrial purposes, calcium peroxide, sodium peroxide, polyglycerols, precipitated calcium carbonate, sodium carbonate and bicarbonate, cellulose acetate, amines being amino polyols, sulfuric acid, surfactants for use in detergent compositions, silicone surfactants for industrial purposes, surfactant soil wetting agents, surfactants for use in the manufacture of synthetic detergents, surfactants for use in the manufacture of hair shampoo,

surfactants for use in connection with agricultural pesticides, silicone surfactants for use in agricultural sprays and adjuvants, diphenols and derivatives being benzene derivatives, unprocessed polyphenylene oxide resins, fluorinated compounds being fluorine, adipic acid, polyamide intermediates, phosphorus derivatives, colloidal silica, rare earths being cerium, praseodymium, gadolinium, neodymium, lanthanum, yttrium, terbium, europium, fine chemicals being dibromopyridine, trifluoromethyl, dichloropyrimidine, aminopyrimidine, cyanopyrimidine, dichloroterephthalic acid, aliphatic isocyanate, oxides mixed being calcium oxides, titanium oxides, antimony oxides, silver oxides, tin oxides, ethylene oxides, chromium oxides, cobalt oxides, lithium oxides, magnesium oxides, mercury oxides, lead oxides, propylene oxides, aluminum oxides, uranium oxides, iron oxides, nickel oxides, metallic oxides; aluminas; biological products for industry and science, namely biological tissue specimens for use in scientific research, biological microorganisms used in fermentation and silage, non-chemical bio-fertilizers, biological assays and kits for use in fields of biological and diagnostic testing for industrial, scientific and research use; unprocessed artificial resins, unprocessed plastics and plastic components, in particular vinyl polymers, specialty monomers and polyamide resins; fire extinguishing compositions; fertilizer for land; tempering and soldering preparations; chemical substances for preserving foodstuffs; chemicals additives for use in the manufacture of food; tanning substances, namely leather tanning agents, enzymes for use in the tanning of leather, oils for tanning leather, tanning oils for animal skins, substances for tanning animal hides and animal skins; leather treatment agents, namely chemical agents for coating, impregnating, and binding leather, chemical compositions for waterproofing articles of leather, emulsifiers for use in the manufacture of leather, mastic for leather, leather processing chemical preparations, chemical preparation for protecting leather, chemical products for glazing leather; chemicals for water, air and soil treatment, namely chemical additives for use in the purification of water, for use in the cleaning of water, chemical water conditioners for aquariums, chemical agents for use in water purification, bacteria for wastewater treatment, carboxymethyl cellulose used as water-retention modifiers in the manufacture of paper and cardboard, carboxymethyl cellulose used as water-retaining agents in the manufacture of agricultural chemicals, carboxymethyl cellulose used as water-retaining agents in the manufacture of ceramic glazes, granulated carbon for water treatment, water-softening chemicals, chemical preparations for the treatment of water, soil improving agents, soil amendments and conditioners for agricultural purposes, soil conditioners, soil enhancement powders and preparations, soil mineralizers, soil-conditioning chemicals, air entraining agents; synthetic resin adhesives for industrial purposes, polyurethane adhesives for industrial purposes, adhesives for use in the automobile industry, the construction industry, the furniture industry, the textile industry, and the building industry; luminescent chemicals for industrial use, namely bromo-methylbenzoic acid, dimethoxybenzene, chalcone dibomide, chloro acetamide, formamidine acetate, dicalcium phosphate, copper acetylacetonate, phosphomolybdic acid, bismuth subgallate, iron and nickel acetylacetonate; chemicals for industrial use for the manufacture of phosphors; chemicals for flame retardant treatments; polyamide; catalysts for use in the manufacture of plastics, biochemical catalysts, cracking catalysts for use in the oil refinery industry, catalysts for use in the oil processing industry, for use in the manufacture of polymers, of industrial chemicals, of rubber, fluid cracking catalysts, petroleum cracking catalysts, vanadium oxides used as catalysts for chemical processes; flocculants; adhesives for assembling materials [industrial], namely bookbinding adhesives, contact adhesives for use with wood, with laminates, adhesives for laying ceramic tiles, wall covering adhesives.

### **Class 05**

(2) Pharmaceutical and veterinary products for use in the treatment of vascular diseases and disorders, of inflammatory bowel diseases and disorders, inflammatory connective tissue diseases

and disorders, of inflammatory pelvic diseases and disorders, inflammatory muscle diseases and disorders, of neoplasm diseases and disorders, for the treatment of degenerative nerve diseases and disorders namely Alzheimer's disease, Parkinson's disease, Huntington's disease and multiple sclerosis, for the treatment of respiratory infections, of eye infections, of topical infections, of urinary tract infections, for the treatment of genetic diseases and disorders, for the treatment of autoimmune diseases and disorders, for the treatment of trauma, for the treatment of endocrine diseases and disorders, namely glucagonoma, growth and thyroid disorders, pharmaceutical and veterinary products for use in dermatology to treat dermatitis, skin and bacterial skin infections, fungal skin infections, eczema, psoriasis, parasitic skin infection, skin pigmentation diseases, and acne, for the treatment of cardiovascular diseases, for use in the treatment in oncology, hormone replacement therapy preparations, pharmaceutical and veterinary products, for the treatment of dysfunction of the central nervous system (CNS) diseases; veterinary products, namely, preparations intended for fish farming, used to kill or control parasites or organisms causing illnesses or carriers of illnesses in a marine environment or a freshwater environment, namely, biocide, germicides, bactericides, virucides, pesticides, parasiticides and algacides; veterinary products, namely, feed additives for veterinary preparations, pain relief medication for veterinary purposes, antibiotics for veterinary purposes, mouthwashes for veterinary purposes, feed supplements for veterinary purposes, disinfectants for veterinary instruments, detergents for veterinary purposes; therapeutic products relating to genes and cells, namely pharmaceutical preparations for use in cell and gene therapy, preparations for detecting mutation in prion genes for medical purposes; sanitary preparations for medical purposes, namely kits comprised primarily of sanitizer gel and disinfecting wipes, plastic gloves and hand cream used for germ prevention; dietetic substances adapted for medical use for the prevention and treatment of iron deficiency and anaemia in humans, dietetic beverages for babies adapted for medical purposes, dietetic preparations consisting of vitamins, minerals, amino acids and trace elements, dietetic sugar for medical use; food supplements for humans and animals, namely animal feed additives for use as nutritional supplements, pet food additives in the form of fish oil supplement, vitamin and mineral, anti-oxidants for use as dietary supplements, meal replacement bars adapted for use as a dietary supplement, probiotic bars used as dietary supplements, nutritional supplements for animal feed; disinfectants for household purposes, all-purpose disinfectants, disinfectants for dental and medical apparatus and instruments, disinfectants for veterinary instruments, kennel disinfectants, disinfectants for surfaces in veterinary and pet care facilities; preparations for destroying vermin; fungicides, herbicides.

### **Class 09**

(3) Scientific, optical, measuring and checking (inspection) apparatus and instruments, namely light emitting diode (LED) displays, light conducting filaments, light conductors in the nature of electric light conductors, electronic light switches, light modulators, lightning conductors, lightning rods, illumination regulators, switching apparatus for lights in the nature of light switches, light emitting electronic pointers, ultra-high vacuum chambers, diagnostic biomolecule and DNA sequence detection devices for scientific research purpose, temperature meters for scientific use, magnetic separators for scientific use, optical amplifiers, optical cables, optical sensors, optical switches, optical power meters, blank optical discs, optical lens blanks, optical transmitters and transceivers, optical fibres, optical filters, optical lenses, optical breadboards, optical microscopes for industrial purposes and scientific purposes, meters for measuring alkalinity, wire diameter measuring devices, fluorometers, clamp meters for measuring electricity, meters for measuring electrical resistance, meters for measuring electrical voltage and electric current, laser doppler for measuring purposes, multimeters for measuring electrical resistance, optical inspection apparatus for analyzing defects on surfaces of wafers and printed circuits, cameras for inspecting

underground infrastructures; apparatus and instruments for conducting, distributing, transforming, accumulating, regulating or controlling electric current, namely current collectors, direct current converters, current breakers, electric current control devices, electric fuses, current pulse generators, electric current switches, current limiters, alternating electrical current monitor modules, direct electrical current monitoring modules, current plugs, current limiting reactors, current rectifiers, current testers, current transformers; apparatus for recording, transmission or reproduction of sound or images, namely chronographs for use as specialized time recording apparatus, combination video recorders, magnetic tape recorders, audio recorders, digital audio tape recorders, digital versatile disc recorders, cameras, television monitors; magnetic data carriers, namely magnetically encoded identification cards; recording discs, namely sound recordings in the form of discs; automated control and regulation apparatus and instruments for tanks, pipes, valves, housings, canisters, filters and pumping modules as well as for filling, storage and supply installations for fuel, gas and other fluids, namely oxygen monitors, not for medical purposes, measuring an control devices for air-conditioning technology, oil drain plugs with control valve and hose connector features for regulating the flow of liquids, electronic speed controllers, electrical controls for irrigation sprinkler systems, fuel storage cells as structural parts of vehicles, laboratory storage tubes, ultracapacitors for energy storage; calculators; information processing equipment, namely interface cards for data processing equipment in the form of printed circuits, computer chipsets for use in transmitting data to and from a central processing unit, diagnostic computer software for processing and reporting fuel cell current and voltage testing information for use in fuel cell test stations, software for processing digital images of the anatomy for diagnosis and treatment, computer software for image processing, computer software for collecting, processing, extracting and analysing data for farm management, software for administrative processing of storage, packaging, delivery and transportation of goods; computers; software for accessing and searching online databases and websites, factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports, digital video recording software for IP (Internet protocol) video surveillance, artificial intelligence software for autonomous vehicles, computer software for accessing information directories that may be downloaded from the global computer network, computer software for document management, computer software for use in database management, compiler software, accounting software, lighting control software for use in commercial and industrial facilities, software for dosimetry purposes in the field of radiotherapy, virtual reality software for medical teaching, gesture recognition software; fire extinguishers; protective clothing against fire, heat, chemical reactions and radiation; personal accident protection devices, namely footwear, headwear, socks, face-shields, face masks, gloves and neck, leg gaiters for protection against accidents; spectacles; eyewear, namely eye glass chains and cords, eyeglass cases, eye glasses, sunglasses; diagnostic devices, not for medical purposes, namely diagnostic instrument composed of video and still image cameras and mirrors for use in the collection of vehicle condition and diagnostic data, diagnostic instrument composed of video and still image cameras and mirrors for use in the collection of vehicle condition and diagnostic data, computer utility programs for providing diagnostic details on devices installed in a computer system, scanners for performing automotive diagnostic; memory cards, namely memory expansion cards, flash memory cards, random access memory (RAM) cards, integrated circuit (IC) memory cards, secure digital (SD) memory cards, digital camera memory cards; microprocessor cards.

### **Class 17**

(4) Rubber, gum and goods made from these materials, namely rubber sheets, rubber bars and rods, rubber packing for shipping container, stops of rubber, rubber for use in manufacture, acrylic rubber, raw rubber, semi-worked rubber, chlorinated rubber, silicone rubber, liquid rubber, foam

rubber, synthetic rubber, industrial packaging containers of rubber, rubber chips for use as a ground covering for playground, rubber cords and laces, rubber lids and caps for industrial packaging containers, rubber hoses, rubber based sealant, raw gum, semi-worked gum, rubber yarns, granules, strips, powders, sheets, wire, pipes, bars, blocks, pellets, rods, and tubes for general industrial use, rubber for use in anti-static mats, general purpose rubber sealant, rubber sealant for caulking and adhesive purposes, rubber stoppers for bottles, baths, industrial packaging containers, for sinks, for doors and windows, rubber packing bags, envelopes, pouches, sheets, tubes, and pellets, rubber bags, sacks, envelopes and pouches; semi-processed plastic products, composed of plastics and other semi-finished products of plastics, also in the form of fluids, foams, films, sheets, membranes, plates, tubes, rolls, filaments or powder, namely plastic fluids, foams, films, sheets, membranes, plates, tubes, rolls, filaments and powder; chemical fiber threads and yarns, not for textile use, semi-finished plastic sheet materials for use in lighting panels, semi-worked apertured plastic film for use in medical and hygienic products, semi-finished plastic films and sheets to be used in solar or photovoltaic modules, plastic in bars, blocks, pellets, rods, sheets, tubes or extruded form for general industrial or manufacturing use, semi-finished acrylic molded plastic substances, plastic sheeting for general industrial or manufacturing use, extruded impact resistant polymer sheets for use in manufacturing a wide variety of plastic products, plastic sheeting for agricultural purposes, adhesive-coated plastic sheets for use in manufacture, plastic filaments for 3D printing, plastic films for use in manufacture, plastic foam, plastics in extruded form for use in further manufacturing, recycled polyamide plastic resin in pellet form for use in further manufacture; non-textile fibers and yarns, namely glass fibers for use in the manufacture of building insulation, asbestos fibers, plastic fibers for use in the manufacture of tire cord, glass fiber filtering materials, spun polyester fiber other than for textile use, thermal insulation and fire protection materials being fire resistant composite panels made of aramid fibers, of carbon fibers, and of glass fiber, carbon fibers, aramid fibers not for textile use, asbestos yarn, rubber thread and covered rubber yarn; packing, stopping and insulating materials, namely viscose sheets for packing purposes, molded foam insulating container packing for commercial transportation, cellulose acetate film used as packing material, extruded polystyrene pellets for packing, insulating bands, insulating tape, foam sheeting for use as building insulation, sheets of plastic fabric used as an insulating infiltration barrier in building construction, rubber sheets for insulating purposes; flexible hoses, not of metal, namely garden hoses, irrigation hoses, connecting hoses for vehicle radiators, rubber hoses, plastic hoses; insulating resins; insulating fluids; electrical insulating fluids; semi-processed cellulose acetate, in particular for the manufacture of filters for cigarettes; connecting hose for vehicle radiators; filtering materials of semi-processed films of plastics; filtering materials of semi-processed foams of plastic; adhesive polymer films for use in commercial or industrial manufacturing; syntactic foams based on synthetic resins for use in manufacture.

### **Class 23**

(5) Yarn and thread for textile purposes; elastic thread and yarn for textile use; fiberglass thread for textile use; spun wool; spun silk.

### **Services**

#### **Class 35**

(1) Advice on business organization and management, including assistance in the operation and development of industrial or commercial enterprises; administrative audit of business organization; commercial business expertise, including commercial certification expertise, also relating to companies active in the fields of recycling, energy and fluid distribution, greenhouse gas emission credits and energy saving, namely business efficiency expert services; business inquiries, namely

public opinion surveys, business research investigations; compilation of statistics; administrative services relating to the compilation, analysis and documentation of statistics; preparation of business reports and business plans; market analysis, market research and market studies, also with the aim of evaluating the needs for energy, fluids and greenhouse gas emission credits, as well as in terms of energy saving; price analysis.

### **Class 36**

(2) Financial and real estate management; financial services rendered in the field of greenhouse gas emission credits, namely financial analyses and preparation of reports relating thereto, financial consultation in the field of environmental management; investment management and financial advisory services in the field of greenhouse gas emission credits, namely financial investment advisory and providing appraisal information, consultancy and advisory services in the field of carbon offset credits; assistance and advice on capital investment; intermediary services relating to financial investments, in particular capital investments; financing and insurance related to the field of greenhouse gas emission credits; financial analysis of the markets and the quotation of securities in the field of energy markets; financial transactions within the framework of trading of all energy and environmental commodities; financial and capital investment information in the field of energy and environmental commodities.

### **Class 37**

(3) Construction, installation, maintenance and repair of industrial machinery, industrial furnaces, of industrial breathing air systems, of industrial waste treatment machines, of environmental containment systems; construction, installation, maintenance and repair of facilities for recycling and processing materials; construction, installation, maintenance and repair of installations for the treatment of water, soil, gas and air; construction, installation, maintenance and repair of cogeneration plants; construction, installation, maintenance and repair of installations for the production and distribution of electrical, thermal, heating and refrigerating energy; maintenance services of solar thermal installations; maintenance operations of equipment and installations relating to climatic engineering; equipment maintenance services, also on the basis of technical surveys of installations, measurements and condition reports, namely technical consulting on the topic of installation and maintenance of natural gas cogeneration plants, of electricity and steam plants, of wind power plants, of solar power plants, of hydroelectric power plants, of pipelines, of wind farms, of hydrogen refueling stations for vehicles, of photovoltaic installations, of hydrogen fuel cells for vehicles, of energy generation equipment; installation, repair and maintenance of technical equipment in the field of electrical, thermal, calorific and refrigerating energy, also within the framework of the management of these devices.

### **Class 40**

(4) Recycling and processing of materials, namely battery, glass, paper and cardboard, metal, plastic, textile, and water recycling, recycling services that capture and convert wasted materials and energy, in the form of electricity, natural gas, and water, waste water treatment services, decontamination of soil, operation and maintenance of carbon dioxide capture system for recycling mine, mineral processing waste, and refining waste generated during the production of cobalt and cobalt-containing materials, energy recycling services that capture and convert wasted energy into electricity and useful steam, recycling of waste and trash, battery recycling, recycling of nuclear fuel, recycling of mineral waste, recycling of radioactive waste, recycling of refrigerant fluids, recycling of insulating gases from air conditioning plants, water recycling, recycling of metals, recycling of expanded polystyrene (EPS) foam, paper recycling, recycling of tires, recycling of catalytic converters, recycling of electric, electronic and computer components and equipment, plastic recycling; treatment of materials using chemicals, namely window tinting treatment being

surface coating, chemical treatment of textile, treatment of materials for the manufacture of ceramic goods, treatment of materials, namely, uranium enrichment, uranium conversion, uranium re-conversion and laser isotope separation, treatment of metal parts to prevent corrosion, treatment of materials for the manufacture of steel tubes for HVAC, automotive, oil and gas, fluid power, power generation and recreational vehicle industries; treatment and processing of plastic materials, namely plastics processing, weatherproofing and waterproofing of plastic for boat construction, laser scribing of plastic, custom manufacturing of plastic strapping; treatment of chemicals, namely processing services of carbon based chemicals; recycling of chemical waste; Water, soil and gas treatment; air treatment, namely air purification and purification of gaseous waste and smoke; surface treatment, surface finishing of metals, of metal plates, abrasive polishing of metal surfaces, coating and surface finishing of machines and tools; metal processing, namely refining and separation of precious metals, metal brazing, metal casting, laser scribing of metals, metal cutting, metal stamping, cold forming of metal, metal plating, abrasive polishing of metal surfaces; wastewater treatment services; recycling and waste treatment, namely environmental remediation services being treatment of polluted surface waters, of polluted ground waters, of polluted landfills, of polluted soils, waste gas treatment services, biological petroleum treatment services, medical waste treatment services, gas treatment services, oil treatment services, sewage treatment, treatment of chemical waste, treatment of animal waste, fuel treatment services; energy treatment, namely energy recycling services that capture and convert wasted energy into electricity and useful steam; production of energy; provision of information on material processing, namely technical consultancy in the field of radioactive waste processing centers, consultancy and technical consulting in the field of mineral and lithium processing, providing information relating to the processing of cinematographic films; advice services relating to the recycling and treatment of waste and trash, relating to the treatment of metals, chemicals, advice services relating to energy production; joining of components using adhesives, namely assembly of oil and gas industrial machines for others, assembly of gas turbine and combustion engines for others, custom assembling of graphite anode materials for others, assembly of toys for others, assembly of office and industrial furniture, shelving and equipment for others.

## **Class 42**

(5) Scientific and technological services, as well as related research and design services, namely providing scientific quantification of black carbon emissions, providing scientific research and technical support on the benefits of adapting to extreme weather resilient building practices, providing tailored technical scientific agricultural production analysis, providing medical and scientific research information in the field of cosmetics and clinical trials, providing medical and scientific research information in the field of pharmaceuticals and clinical trials, research in the field of artificial intelligence technology, research and development in the field of hydrogen gas technology, research and development of technology in the field of carbon dioxide (CO<sub>2</sub>) mitigation, research and development of technology in the field of power conversion, scientific and technological research in the field of hyper osmolarity conditions, scientific and technological research in the field of natural disasters, consultancy relating to technological services in the field of power and energy supply, technological consulting services in the field of alternative energy generation, research, development, analysis, advisory, consultancy and design services related to technology in the oil and petroleum industry; surveying, namely mining surveying, surveying of oil-bearing seams, hydrocarbon field surveying, farm surveying, geological surveying, radiation area surveying services, engineering surveying services, technical surveying; engineering, namely failure analysis, namely testing and analysis of a structural engineering failure and reporting on such failure, design, planning and engineering of compressed-air stations, design, planning and engineering of recycling and waste management facilities, chemical engineering, engineering in

the field of solar energy projects, petroleum well completion engineering, foundry engineering, water management engineering, petroleum reservoir engineering, sanitation engineering, electrical engineering, geoenvironmental engineering, geotechnical engineering, hydraulic engineering, hydrogeological engineering, mining engineering, nuclear engineering, structural engineering service; materials testing services; industrial tests, namely analysis and testing services for the oil industry, bacteriological testing, oil and gas well testing, testing of in-service materials without using damaging techniques, material testing, mineral testing, quality control testing of anti-corrosion materials, prevention of pollution testing, quality control testing of insulating materials, laboratory testing of materials, metallurgical testing; material analysis, namely chemical analyses, automobile engine oil analysis, analysis of oil and gas field, analysis of proteins for scientific and medical research purposes, analysis for oil research, chemical molecular analysis, biochemical analysis, mineral fertilizer analysis, analysis in the field of molecular biology, soil analysis, analysis and testing services for the oil industry; industrial analysis, namely industrial analysis of technology specification of computer software systems of others, industrial data mining analysis services, industry analysis services; industrial research, namely industrial research in the field of computer hardware and software systems of others; scientific research, namely scientific research in the field of photovoltaics and solar collectors; conducting technical project studies in the field of environmental conservation, protection, in the field of fuel cells and hydrogen energy systems, in the field of solar energy, in the field of mining industry, oil and gas industry; computer and software design and development.

### Goods

#### Class 01

(1) Chemical products and preparations for testing water; chemicals and chemical preparations for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes for testing water; chemical products and additives for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes for testing water; chemical reactants and reagents for use in heating systems, central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes for testing water; chemical reactants and reagents for testing water in central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; water testing chemicals

#### Class 09

(2) Smart filters, namely, water testing instrumentation in the nature of smart filters for monitoring and detecting impurities in central heating and cooling systems; magnetic filters, namely, water testing instrumentation in the nature of magnetic filters for monitoring and detecting impurities in central heating and cooling systems; smart magnetic filters, namely, water testing instrumentation in the nature of smart magnetic filters for monitoring and detecting impurities in central heating and cooling systems; magnetic power flushing filters, namely, water testing instrumentation in the nature of magnetic power flushing filters for monitoring and detecting impurities in central heating and cooling systems; magnetic smart power flushing filters, namely, water testing instrumentation in the nature of smart magnetic power flushing filters for monitoring and detecting impurities in central heating and cooling systems; apparatus and instruments for testing and monitoring water in central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; apparatus and instruments for monitoring and testing the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; checking, monitoring and controlling apparatus for central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; electric controls for water testing in central heating and cooling systems; programmable controls for water testing in central heating and cooling systems; remote controls for water testing in central heating and

cooling systems; remote monitors for water testing in central heating and cooling systems; thermal controls for water testing in central heating and cooling systems; computer software for water testing and for managing, monitoring, controlling and testing water quality in heating and cooling systems; computer software for monitoring and testing water; computer software for water testing and for managing, monitoring, controlling and testing water quality in heating, ventilating, air conditioning or water supply apparatus, systems, devices and installations; computer software for monitoring, testing and recording the efficiency, performance and consumption of central heating systems, cooling systems, boilers, heaters, radiators, pumps and pipes; interactive computer software accessible electronically, via computers or mobile telephones, for water testing and for managing, monitoring, controlling and testing water quality in heating and cooling systems; computer software applications for water testing and for managing, monitoring, controlling and testing water quality in heating and cooling systems; mobile phone applications for water testing and for managing, monitoring, controlling and testing water quality in heating and cooling systems; downloadable mobile applications for water testing and for managing, monitoring, controlling and testing water quality in heating and cooling systems; parts and fittings for all of the aforesaid goods; none being medical devices; none being industrial tools in the nature of precision measuring equipment, micro meters, pressure indicators or slide callipers

### **Class 11**

(3) Smart filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling, being water filters for use in central heating systems, underfloor heating systems and cooling systems; filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling, being water filters for use in central heating systems, underfloor heating systems and cooling systems; smart magnetic filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling, being water filters for use in central heating systems, underfloor heating systems and cooling systems; magnetic filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling, being water filters for use in central heating systems, underfloor heating systems and cooling systems; smart non-magnetic filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling, being water filters for use in central heating systems, underfloor heating systems and cooling systems; non-magnetic filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling, being water filters for use in central heating systems, underfloor heating systems and cooling systems; smart power flushing filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling, being water filters for use in central heating systems, underfloor heating systems and cooling systems; power flushing filters being parts of household or industrial installations for heating, central heating, water storage, water supply and cooling, being water filters for use in central heating systems, underfloor heating systems and cooling systems; smart filters being parts of central heating apparatus and installations; filters being parts of central heating apparatus and installations; smart magnetic filters being parts of central heating apparatus and installations; magnetic filters being parts of central heating apparatus and installations; smart nonmagnetic filters being parts of central heating apparatus and installations; non-magnetic filters being parts of central heating apparatus and installations; smart power flushing filters being parts of central heating apparatus and installations; power flushing filters being parts of central heating apparatus and installations; smart filters being for use in central heating systems; filters being for use in central heating systems; smart magnetic filters being for use in central heating systems; magnetic filters being for use in central heating systems; smart non-magnetic filters being for use in central heating systems; non-magnetic filters

being for use in central heating systems; smart power flushing filters being for use in central heating systems; power flushing filters being for use in central heating systems; water treatment apparatus for water purification and water softening for domestic use; water treatment filters for use in central heating systems, underfloor heating systems and cooling systems; portable filtration units (other than machines) being water filters for use in central heating systems, underfloor heating systems and cooling systems; parts and fittings for all of the aforesaid goods

**Services****Class 42**

Water testing, authentication and quality control services; water analysis; analysis of water quality and content; monitoring and analysis of water quality and content; creation, maintenance and hosting of websites; preparation of technical reports in relation to water, water testing, water analysis and water quality; providing online technical reports relating to the monitoring, reporting and controlling of heating apparatus, devices, installations and systems; information, advisory and consultancy services relating to all of the aforementioned services

**Application Number** 2,132,381

### Goods

#### Class 09

calculating machines; computers; computer software for cloud infrastructure management and automation; computer software for collecting, processing, extracting and analysing data for commercial building management; computer software, namely, downloadable application software for processing, optimizing, retrieving and displaying data from sensors to monitor and regulating lighting, temperature, and humidity of commercial building conditions; computer software, namely, downloadable application software for electronic building automation equipment, namely, electric actuators, electrical Controllers in the nature of electronic power controllers for use in controlling thermostats, control circuit boards and control supervisory Systems consisting primarily of electrical actuators; computer software, namely downloadable application software for measurement and automatic adjustment of residential, industrial and commercial building conditions, indoor temperature and air-conditioning; computer software, namely, computer software for developing, building, and operating consumer blockchain applications; computer software, namely, computer software and sensors to monitor and analyze flow of people moving within commercial buildings; computer software, namely, computer software and sensors for monitoring and tracking conference room availability and scheduling reservations; computer software, namely, computer software for monitoring structural humidity, capillary moisture, and mold within a commercial building; computer software, namely, computer software for creating 3D virtual reality plans, models, and technical specifications for use in construction and architectural

design; computer software, namely, computer software for data collection, analysis and optimization and management in the fields of industrial and manufacturing processes, remote assets and facilities, commercial buildings, utilities, aviation and transportation operations and facilities, cybersecurity systems and the related management of digital operations of industrial and commercial buildings; application software, namely, computer software for use as an application programming interface (API) for use in the fields of virtualization; communication, networking and social networking software, namely, computer software platforms for social networking; downloadable database and file management software, namely, computer utility programs for file management; Data processing equipment, namely, computer hardware and data processing devices for receiving, processing and transmitting monitored environmental data, analyzing the data and controlling Heating, Ventilation, and Air-Condition devices and apparatuses, namely measuring and control devices for heating, ventilation, and air-conditioning systems; computer software for database management; software related to artificial intelligence and machine learning, namely, software for the integration of artificial intelligence and machine learning in the field of Big Data; artificial intelligence software, namely, computer programming software for the integration of artificial intelligence and machine learning in the field of big data for business data analytics and user behavior analytics; information storage apparatus [electric or electronic], namely, cloud storage gateways, network gateways; electric sensors and electronic components, namely occupancy sensors, namely, electronic devices which detect the presence of occupants and tracks movement of people in a commercial building, transportation facility, arena, stadium; occupancy sensors, namely, electronic devices which detect the presence of occupants and control the lighting, ventilation, heating and cooling systems accordingly; sensors, detectors and monitoring instruments, namely, electronic sensors for determining, detecting and measuring temperature, humidity, carbon dioxide, volatile organic compounds, differential pressure, atmospheric pressure, ambient light and ambient noise in residential, industrial and commercial buildings; wireless controllers to remotely monitor and control the function and status of other electrical, electronic, and mechanical devices or systems, namely wireless remote controls to remotely monitor and control the function and status of security systems, sound systems, digital signage monitors, touchscreen monitors, lighting, humidity, ventilation, heating and cooling systems within residential, commercial and industrial buildings; wireless controllers to remotely monitor and control the function and status of security systems; wireless controllers to remotely monitor and control the function and status of computers and computer networks; air pollution measuring devices, namely, particle counters for measuring air quality, particle flow monitors; air analysis apparatus, namely, air particle analyzers, dust emission monitors

## **Services**

### **Class 35**

(1) business management; business administration; business management assistance, management and administrative services; data processing in the field of commercial building maintenance and operations; data processing, systematization and management, namely, systemization of data into computer databases; computerized file management; providing consultancy services in the area of global sustainable business solutions; strategic business analysis consulting services, and market research, business profit analysis, business energy consumption analysis; analysis of business trends

### **Class 38**

(2) providing virtual facilities for real-time interaction among computer users; audio, video and multimedia broadcasting via the internet and other communications networks, namely streaming of audio and video content via the internet, other computer networks, wireless networks and

electronic communication networks; internet access; digital transmission of data, namely, provision of electronic data interchange (EDI) services; on-line communication services, namely, providing access to a portal featuring links to websites of retailers and service providers

### **Class 42**

(3) design and development of computer hardware and software; wireless communications network engineering services; software development, programming and implementation; development of virtual reality software to allow others to visualize buildings and structures for design purposes; software engineering; maintenance of computer software; development of computer software application solutions; development and design of mobile applications software; creation of control programs for automated measurement, assembly, adjustment, and related visualization, namely, development and design of software applications for creating 3D virtual reality simulation of plans, models, and technical specifications for use in construction and architectural design; research in the field of artificial intelligence technology; providing artificial intelligence computer programs on data networks, namely, providing non-downloadable computer software for use in modeling in the field of artificial intelligence; providing artificial intelligence computer programs on data networks, namely, design and development of computer software development tools in the field of artificial intelligence; Software as a Service (SAAS) featuring integrated physical asset management, operational, and planning software that integrates digital model data with multi-functional data, such as construction, real-time operations, business, building automation, facility management and Internet of Things (IoT) systems data, to create a digital twin or virtual replica of a building, structure, or other physical asset to improve operational efficiency in the fields of construction, architecture, engineering, real estate, facility, and structural management; software as a service [SaaS] featuring retrieving, analysis, alerting, forwarding, reporting and visualization of data from sensors to monitor building conditions; software as a service [SaaS] for real-time analysis of consumer behaviour pattern and environmental data files in multi-structured formats based on key indexes; software as a service for coordinating employee meetings and workspace scheduling, planning, and optimization; platform as a service [PaaS], namely computer software for interacting with blockchain platforms; computer system monitoring services; services for monitoring industrial processes, namely, application service provider featuring application programming interface (api) software for home and environmental monitoring, control, and automation; technical consultancy in the field of air purification; air quality data collection services; analyzing of air in building environments, namely, technical air quality monitoring services; measuring the environment within buildings, namely, building quality surveying; providing quality control of indoor air, and refractory materials in commercial buildings

### Goods

#### Class 06

(1) Boxes of common metal; packaging containers of metal; metal structural monuments; works of art of common metal; statues of common metal; figurines of common metal; metal licence plates; decorative plates of metal.

#### Class 08

(2) Cutlery; forks; spoons.

#### Class 09

(3) Loudspeaker enclosures; photographic cameras; photographic digital cameras; USB hardware, USB keys; smartphones; protective films, covers and cases for smart phones; eyeglasses (optics); 3D glasses; virtual reality headsets; eyewear, namely eyeglass chains and cords, eyeglass frames, eyeglass holders; eyeglass cases; bags designed for portable computers; computer mice; mouse pads.

#### Class 11

(4) Electric flashlights, floor lamps, wall lamps, desk lamps, reading lights, table lamps, work lights, electric lamps.

#### **Class 12**

(5) Automobiles; sun blinds for automobiles; suspension shock absorbers for vehicles; bodies for vehicles; anti-skid chains; vehicle chassis; vehicle bumpers; seat belts for vehicle seats; electrically powered motor vehicles; trailers; tractors; motor bicycles; motorcycles; cycle frames; cycle kickstands; cycle brakes; cycle handlebars; cycle rims; cycle pedals; cycle tires; cycle wheels; cycle saddles; strollers; handling carts.

#### **Class 14**

(6) Jewellery goods; jewellery items; precious stones; timepieces and stopwatches; stopwatches; precious metals and their alloys; works of art of precious metal; jewellery cases; boxes of precious metal; watch cases; watch bands; watch chains; watch springs; watch crystals; key holders (split rings with charms or trinkets); statues of precious metal; figurines (statuettes) of precious metal; cases for timepieces; boxes for timepieces; medals; metal key holders.

#### **Class 16**

(7) Bookbinding material; photographs; adhesives for stationery and household use; artists' materials, namely sketchbooks, easels, pencils, chalk, moulds, palettes, pastels, pens; paintbrushes; stationery and desk sets (except furniture); printed educational materials, namely teaching tiles, printed curricula; printers' type; printing blocks; paper; cardboard; cardboard or paper boxes; posters; photo albums, souvenir albums, stamp albums, sticker albums; note cards; books; newspapers; flyers; brochures; calendars; writing instruments; engraved works of art; lithographic works of art; paintings and their reproductions; watercolours; sewing patterns; drawings; drawing instruments; paper pocket handkerchiefs; face towels of paper; table linen of paper; toilet paper; paper or plastic bags (envelopes, pouches) for packaging; paper or plastic garbage bags.

#### **Class 18**

(8) Leather; animal skins, hides; trunks and suitcases; umbrellas and parasols; walking sticks; whips; saddlery; wallets; coin purses; credit card cases [wallets]; all-purpose carrying bags, shoulder bags, jewellery bags, shoe bags, backpacks, sports backpacks, handbags, reusable shopping bags, fanny packs, beach bags, sports bags, carrying bags, travel bags; toiletry cases sold empty; collars for animals; clothing for animals.

#### **Class 19**

(9) Works of art of stone, concrete and marble; statues of stone, concrete and marble; figurines (statuettes) of stone, concrete and marble; stained glass; lumber.

#### **Class 20**

(10) Office furniture, bar furniture, lawn furniture, pool furniture, paper storage furniture, living room furniture, bedroom furniture, camping furniture, computer furniture; mirrors; frames for paintings and photographs; works of art of wood, wax, plaster and plastic; cushions; packaging containers of plastic; office armchairs; office seats; decorative boxes of wood and plastic.

#### **Class 21**

(11) Household utensils, namely laundry baskets for household use, gloves for household use; kitchen utensils being cooking utensils; multi-purpose portable household containers; plastic and aluminum containers for kitchen use and food storage; beard combs; hair combs; eyelash combs; mustache combs; combs for animals; scouring sponges, abrasive sponges; cleaning brushes; hair for brushes; unworked or semi-worked glass; porcelain; earthenware; glass bottles; plastic bottles;

works of art of porcelain, ceramic, earthenware and glass; statues of porcelain, ceramic, earthenware and glass; figurines (statuettes) of porcelain, ceramic, earthenware and glass; nail brushes, toothbrushes, cotton ball jars, brushes, compacts, makeup brushes and swabs being toiletry utensils and sets; garbage cans; drinking glasses; dishes.

**Class 24**

(12) Fabrics for textile use; bed blankets; fabrics for textile use; bed linen; kitchen linen, table linen; table linen, not of paper; bath linen.

**Class 25**

(13) Clothing, including leather clothing, underwear, shoes and headwear for business, training, exercise, bathing, outdoor winter, leisure, night, beach, rain, skiing, evening, sports, casual and formal purposes, for children, for babies; shirts; belts (apparel); gloves (apparel); scarves; ties; hosiery; socks; soft slippers; beach shoes; ski shoes; sports shoes; underwear.

**Class 26**

(14) Lace; embroidery; ribbons; clothing buttons; embroidery hooks; sewing pins, safety pins; sewing needles, embroidery needles; passementerie; clothing hooks being fasteners; clothing fasteners; hair ornaments.

**Class 27**

(15) Mats; doormats; straw mats, cane mats, reed mats; wall hangings (non-textile); rugs; wallpaper; gymnastic mats; automobile carpets.

**Class 28**

(16) Games, electronic games and toys, namely arcade games, skill games, card games, building games, drawing games, memory games, tabletop games, role-playing games, board games; controllers for game consoles; party decorations and artificial Christmas trees; rings, benches, hoops, ribbons, stools and springboards for gymnastics; balls for games; billiard tables; billiard cues; billiard balls; card games; tabletop games; ice skates; roller skates; toy scooters; badminton racquets, padel racquets, squash racquets, tennis racquets, table tennis paddles; snowshoes; snow skis, surf skis, water skis; body protectors for athletic use; toy models; figurines, namely toys.

**Services****Class 37**

Motor vehicle maintenance and repair services; assistance (repairs) in the event of vehicle breakdowns.

laboratory analyzer, which enables the communication to the user of patient healthcare information that has been discerned from diagnostic testing, transmitted via a wired and wi-fi connection to the relevant electronic healthcare records, Monitoring, measuring, signalling and control apparatus and instruments in the nature of research laboratory analyzers for testing blood against a panel of biomarkers for research, and scientific purposes, Monitoring, measuring, signalling and control apparatus and instruments, namely, electronic measuring instruments for electrochemical analysis, potentiostats, galvanostats and impedance analyzers, Audio-visual receivers, Computer apparatus and instruments, namely, computer hardware, Computer apparatus and instruments, namely, computer hardware for clinical research and scientific purposes, Recorded computer software for analyzing data obtained from blood samples, Downloadable computer software for analyzing data obtained from blood samples, Downloadable application software for analyzing data obtained from blood samples, Downloadable computer software operating analytical and diagnostic devices being research laboratory analysers for clinical research purposes and for scientific, veterinary and medical purposes, Downloadable application software for analyzing data obtained from blood samples, management of patient data, healthcare workflow and connectivity between patients and healthcare providers, Computer hardware for data capture, collection, recording, processing, transmission, reproduction, storage and communications, Parts and fittings for all the aforementioned goods.

#### **Class 10**

(4) Medical apparatus and instruments for use in obtaining blood samples, Medical apparatus and instruments for diagnostic use in analyzing whole blood, blood plasma, blood serum, blood cell preparations, cerebrospinal fluid, saliva, mucus, sputum, phlegm, urine, and sweat, Medical apparatus and instruments for identifying pathogens and biomarkers from blood samples, Medical apparatus and instruments, namely, devices for collecting, storing, processing, transferring, testing, analysing and monitoring liquid samples of whole blood, blood plasma, blood serum, blood cell preparations, cerebrospinal fluid, saliva, mucus, sputum, phlegm, urine, and sweat and reporting in relation to the same, Medical apparatus and instruments, namely, protective clothing, footwear and headgear for medical use and surgical scrub pants, hats, suits and footwear, Medical apparatus and instruments, namely, wearable medical monitors for monitoring patient vital signs, blood and sweat properties and physical movement monitoring, and devices for collecting, storing, processing, transferring, testing, analysing and monitoring liquid samples, blood, body fluids, blood derivatives and body fluid derivatives for medical purposes, Medical diagnostic apparatus and instruments, namely, diagnostic devices for detecting pathogens and biomarkers in whole blood, blood plasma and blood serum, Diagnostic testing apparatus and instruments namely, diagnostic devices and analysers for the measurement of clinical biomarkers in liquid samples, whole blood, blood plasma, blood serum and body fluids, Diagnostic testing apparatus and instruments namely, analysers and cartridges for use in diagnosing acute or chronic diseases, infectious diseases, hereditary diseases, dietary or metabolic deficiency disorders, and physiological disorders, Diagnostic testing apparatus and instruments namely, analysers and cartridges for use in monitoring acute or chronic diseases, infectious diseases, hereditary diseases, dietary or metabolic deficiency disorders, and physiological disorders, Parts and fittings for all the aforementioned goods.

#### **Class 25**

(5) Clothing, namely, shirts, pants, coats, dresses and jackets; Footwear, namely shoes and boots; Headgear, namely, hats, caps as clothing.

#### **Services**

#### **Class 41**

(1) Training services in the field of clinical research, science, medical and veterinary diagnostics, patient health and wellbeing; Educational research services; Publication of medical and scientific publications; Consultancy, advisory and information services regarding the aforementioned services.

#### **Class 42**

(2) Research and development of new products for others; Medical research and development services; Scientific medical testing research and development services; Pharmaceutical research and development services; New product design services; Research, design and development of and instruments; Research, design and development of medical apparatus and instruments for the diagnosis of health biomarkers; Research, design and development of diagnostic tests for the measurement of clinical bio markers; Software research, design and development services; Consultancy, advisory and information services regarding the aforementioned services.

#### **Class 44**

(3) Medical diagnostic services; Medical testing, screening and analysis services relating to the diagnosis of disease; Consultancy, advisory and information services regarding the aforementioned services.

#### **Class 45**

(4) Intellectual property licensing services; Licensing of medical technology; Licensing of intellectual property in the field of manufacturing technology and manufacturing processes; Licensing of intellectual property and intellectual property rights; Licensing of industrial property and industrial property rights; Licensing of patents, confidential information, technical information and know-how; Consultancy, advisory and information services regarding the aforementioned services.

### Trademark Type

Standard Characters

### Goods

#### Class 09

(1) Spectacles, prescription spectacles, anti-glare spectacles and sunglasses as well as their parts and accessories, namely, replacement lenses, replacement frames, replacement earpieces and replacement nose pieces; cases specially for spectacles and sunglasses as well as their parts and accessories; protective helmets and goggles for sports, specifically skiing and snowboarding helmets and skiing and snowboarding goggles; helmets for motorcyclists; helmet visors; helmet cameras; reflector stripes to be attached to garments; reflective apparel and clothing for the prevention of accidents; knee, elbow, back and shin guards for the protection against accidents (with the exception of sporting goods); pre-recorded compact discs, DVDs, floppy disks, CDs, USB flash drives containing topics and information in the field of sports and fashion; computer software for the recording, transmission and reproduction of sounds and images in the field of sports and fashion; data processing computers, computer hardware for data processing, card punching and sorting machines for data processing, computer software for database management, computer software for data security, computer software for inventory management, computer software for accessing, browsing and searching online databases; electronic training simulators for sports purposes.

#### Class 18

(2) Bags, especially handbags, rucksacks, travelling trunks and suitcases; garment bags for travel; bags for sports; bags for sports shoes; travelling bags; travel garment covers; carrier and shoulder bags; briefcases; pocket wallets; purses, belt bags; leather and imitation leather and goods made thereof, namely luggage and other carriers, cosmetic bags, vanity cases, not fitted, hatbox, attache cases, packaging sacks, toiletry bags, bags (envelopes, pouches) for packaging, cans, containers and boxes, travelling sets, shoe bags, sports packs, small leather goods, namely card cases (note cases), ID cases, key cases, luggage tags; animal skins and hides; harness and saddlery; horse saddles, horse blankets and horse covers; whips; clothing for animals; walking sticks; umbrellas and parasols.

#### Class 24

(3) Fabrics for clothing, fabrics for manufacturing of clothing, fabrics for footwear, fabrics for the manufacture of upholstered furniture, felt and non-woven textile fabrics, fibre fabrics for use in the manufacture of linings of shoes, furnishing and upholstery fabrics, fibre fabrics for use in the manufacture of linings of shoes, waterproof-coated and breathable fabrics for the manufacture of clothing, woven fabrics and textiles for clothes, textiles for footwear, textiles for furniture, textiles for headwear, textiles for sportswear, knitted fabrics; textile fabrics and elastic knitted fabrics, in each case for the manufacture of sportswear; bedspreads, bed linen and bedclothes; covers for cushions; tablemats, tablecloths, table runners and table linen (each not of paper); sleeping bags, sleeping bag inlets, bags adapted to sleeping bags; net curtains of textile and plastic; curtains; garment lining; lining fabric for footwear; textile linings for garments; textile used as lining for clothing; textile used as lining for pillow slips and pillow cases; acrylic fabrics for use in the manufacture of products used in home decorating and interior design; cotton fabrics for use in the manufacture of products used in home decorating and interior design; fabrics made of synthetic materials for use in the manufacture of products used in home decorating and interior design; textile fabrics for home and commercial interiors; cloth towels; furniture covers and covers of textile and plastic; protective covers for furniture; fabric place mats; place mats of textile; place mats of textile material; textile place mats; quilts, bed covers, travelling rugs (lap robes), towels of textile, table napkins of textile, handkerchiefs of textile.

## Services

### Class 35

Advertising planning for others; advertising research; online advertising for others via a computer communications network; business management; business administration; sales demonstration and presentation for goods and services of others for promotional purposes; display and presentation of goods for others via an online marketplace for retail sale promotion; display and presentation of goods of others by promoting the availability of goods for ordering via a global computer network; provision of business advice information in the establishment of online commercial trading platforms and commercial business management via the internet; retail and wholesale services (including home shopping services via the internet and via a computer communications network) and online and catalogue mail order services for any of the following goods: spectacles, prescription spectacles, anti-glare spectacles and sunglasses and their parts and accessories, namely, replacement lenses, replacement frames, replacement earpieces and replacement nose pieces, cases specially for spectacles and sunglasses and their parts and accessories, protective helmets and goggles for sports, especially skiing and snowboarding helmets and skiing and snowboarding goggles, helmets for motorcyclists, helmet visors, helmet cameras, reflector strips for garments, reflecting garments for wear, for the prevention of accidents, knee, elbow, back and shin guards for the protection against accidents (with the exception of sporting goods), compact discs, DVDs and other digital recording media (including USB flash drives), apparatus for recording, transmission and reproduction of sound and images, data processing equipment and computers, computer software, electronic training simulators for sports purposes, bicycles (including folding bicycles and their parts), bicycle racks for motor vehicles, bicycle accessories for carrying beverages and luggage, including bottle holders for bicycles, repair kits for bicycle tyres, foot clips for bicycle pedals, saddle covers for bicycles, e-bikes (also foldable), sailboats, including sailing ships, land craft for beach sailing, boats, including motor boats, water vehicles (boats and ships), inflatable dinghies, automobiles, autonomous vehicles, luggage carriers for vehicles, in particular for transporting sports equipment, printed matter, photographs, stationery, artists' and drawing materials, paintbrushes, office requisites (except furniture), instructional and teaching materials (excluding apparatus), paper, cardboard and goods made of these materials, sewing patterns, cases, boxes and bags of paper and

cardboard for the decorative packaging and presentation of fashion articles and fashion accessories, jewellery and costume jewellery, cosmetics and home accessories, notebooks and calendars, bags, especially handbags, rucksacks, travelling trunks and suitcases, garment bags for travel, bags for sports, bags for sports shoes, travelling bags, garment bags for travel, carrier and shoulder bags, briefcases, pocket wallets, purses, belt bags, leather and imitation leather and goods made thereof, animal skins and hides, harness and saddlery, horse saddles, horse blankets and horse covers, whips, clothing for animals, walking sticks, umbrellas and parasols, furniture, storage shelves for ski and sports equipment, mirrors, frames, garment racks (furniture), coat racks (furniture), office requisites (furniture), computer workstations (furniture), shop counters (furniture), storage shelves and cupboards (furniture), furniture for industrial purposes, room dividers (furniture), matching fabric covers for furniture, shelves (furniture), display stands (furniture), display cases for promotional purposes, goods, unless included in other classes, made of wood, cork, cane, rushes or reeds, willow, horn, bone, ivory, whalebone, tortoiseshell, yellow amber, mother-of-pearl, meerschaum and their substitutes and of plastics, glassware, insulating flasks, heat insulated containers for beverages, thermally insulated containers for food, drinking bottles for sports, shaving brushes, clothing stretchers, trouser presses, brushes, in particular for cleaning clothes and shoes and for toilet purposes, flasks, trouser presses, combs, comb cases, corkscrews, picnic cases (crocery), soap dispensers, drinking vessels, drinking glasses, toothbrushes, tents and tent accessories, tarpaulins, sails, sacks, tent bags, bags for packaging and wrappers for packaging of textile materials, textile and synthetic fibres for textile purposes, fabrics, woven fabrics and textile goods, knitted fabrics, textile fabrics and elastic knitted fabrics, in each case for the manufacture of sportswear, bedspreads, bed linen and bedclothes, covers for cushions, tablemats, tablecloths, table runners and table linen (each not of paper), sleeping bags, sleeping bag inlets, bags adapted to sleeping bags, net curtains of textile and plastic, curtains, lining fabrics, home textiles, furniture covers and covers of textile and plastic, protective covers for furniture, place mats, not of paper, quilts, bed covers, travelling rugs (lap robes), towels of textile, table napkins of textile, handkerchiefs of textile, clothing, footwear, sports footwear, in particular boots for skiing and snowboarding, headgear for wear, hosiery, underwear, weatherproof outdoor clothing, sportswear, sports uniforms, girdles, belts, gloves, scarves and shawls, balaclavas, buttons, hooks and eyelets and needles, zip fasteners, zippers, ribbons and braid, lace and embroidery, ornamental novelty badges (buttons), appliqués (haberdashery), patches for garments, embroidery for garments, snap hooks (fasteners) for garments, buckles, especially belt buckles for garments, name strips of textile for marking and identifying garments, gymnastic and sporting articles, games, toys and playthings, skis, snowboards, skim boards, sledges, surfboards and parts of the aforementioned goods, ski poles, ski and snowboard bindings and parts thereof, ski waxes, knee, elbow, back and wrist guards for sports people, sports gloves, in particular ski, snowboard and golf gloves, ski clamps, bags specially adapted for sports equipment and sporting goods, binding covers, golf bags, with and without wheels, golf clubs, golfing articles, golf balls, golf ball markers, golf mats, stationary exercise bicycles; administration of customer loyalty programs; operation of customer incentive, award and loyalty programs; organization and management of discount card loyalty schemes; sales and promotional incentive schemes and promotional services, namely provision of bonus incentive rewards to customers; advertising of customer loyalty rewards program for shoppers; customer loyalty reward program services offering discounted goods; promoting the sale of goods and services through a customer loyalty program; providing information on the administration of a customer loyalty program via a website; television advertising for others; production of advertising films for others; product demonstration services in shop windows by live models, mannequins, animation, videos; product demonstration services via television advertising by live models, mannequins, animation, videos; business management advisory services relating to franchising; franchising services, namely, offering business advice

and assistance in the establishment and operation of wholesale and retail stores; services of model agencies; organisation and presentation of fashion shows for commercial and promotional purposes; business management of sports facilities and sports facility equipment (for third parties); promotion of goods and services of others through sponsorship of sports events; sponsorship search.

### Goods

#### Class 09

CAD/CAM software for machine control and general use; computer aided design (CAD) software for general use; computer aided manufacturing (CAM) software for machine control and general use; computer game software; computer graphics software, namely computer software for graphic designing and editing; computer software for data processing for architecture design, digital prototyping, graphic design, multimedia production namely creation and production of films, television shows, video games, computer games, computer animation, computer graphics, viewing of films, television shows, and computer animation, special effects, film editing, project management, image manipulation, home design, two and three dimensional simulation and visualization of industrial and consumer products, rendering of digital objects and images, and database management; computer software for data processing for architecture design, digital prototyping, graphic design, multimedia production namely creation and production of films, television shows, video games, computer games, computer animation, computer graphics, viewing of films, television shows, and computer animation, special effects, film editing, project management, image manipulation, home design, two and three dimensional simulation and

visualization of industrial and consumer products, rendering of digital objects and images, and database management and that may be downloaded from a global computer network; educational software featuring instruction in design in the fields of architecture, civil engineering, and construction, art, design of multimedia content, image manipulation and architecture; software for processing images, graphics and text; computer software for aiding, operating, and controlling devices for printing of three-dimensional (3D) objects; computer aided design (CAD) software for designing and/or printing of three-dimensional objects; computer software for scanning and processing of three-dimensional (3D) objects; computer software for designing, creating, visualizing, editing, optimizing, and analyzing 3D meshes, 3D models, 3D point clouds, and orthographic projections and views; computer software for designing, creating, visualizing, editing, optimizing, and analyzing 3D meshes and 3D models; computer software for use in creating digital prototypes, virtual prototypes, 3D product presentations and renderings, and 3D design reviews and for streaming 3D data; computer software for use in manufacturing, namely computer-aided design/computer-aided manufacturing [CAD/CAM], and 3D printing; computer software for use in electronic design automation and for designing and manufacturing printed circuit boards; downloadable and recorded computer software development tools, namely computer software that enables software developers and businesses to develop their own software and for creating developmental and programming platforms for software developers and businesses.

## **Services**

### **Class 41**

(1) Computer education training services; education services, namely, providing live and on-line seminars and training programs in the field of computer aided design and manufacture, graphics, image manipulation, construction and project management, architectural design, digital prototyping, and computer software usage; training in the use of computer software in the fields of computer aided design and manufacture, graphics, image manipulation, construction and project management, architectural design, digital prototyping, and computer software usage.

### **Class 42**

(2) Cloud computing featuring software for computer aided design, graphics design, multimedia production, namely creation and production of films, television shows, video games, computer games, computer animation, computer graphics, project management in the field of architecture, interior design, civil engineering, and computer software, image manipulation and home design for use by architects, interior designers, civil engineers, construction managers, computer aided designers, multimedia manipulators, prototype creators, and graphics professionals; computer aided graphic design; computer software project management services; computer services, namely, creating an on-line community for registered users to publish and share their own content and images online; providing online non-downloadable software for designing a secure electronic software which allows users to create, publish, modify, share and produce personalized digital content, models and designs; hosting a web site featuring technology that enables users to design their own home layouts, three dimensional objects and construction projects; hosting a web site featuring temporary use of non-downloadable software for tools for image editing, two and three dimensional simulation and visualization of industrial and consumer products, rendering of digital objects and images, data management, namely, for importing and managing product data, construction projects, home design, object design and computer graphics; hosting an Internet website portal offering information in the field of computer aided design; cloud computing featuring software for aiding, operating, and controlling computers and printers for printing of three-dimensional (3D) objects; software as a service (SAAS) services featuring software for use in designing, creating, visualizing, editing, optimizing, and analyzing 3D meshes, 3D models, 3D

point clouds, and orthographic projections and views; providing temporary use of on-line non-downloadable software for use in designing, creating, visualizing, editing, optimizing, and analyzing 3D meshes, 3D models, 3D point clouds, and orthographic projections and views; platform as a service (PAAS) featuring computer software platforms providing services, application programming interfaces, and software development kits to enable software developers and businesses, to develop software applications and new products; providing non-downloadable computer software development tools; hosting an internet website portal offering information on software development; software development consulting; technical support services in the field of software development; software as a service (SAAS) services featuring software for use in manufacturing, namely computer-aided design/computer-aided manufacturing [CAD/CAM], and 3D printing; providing temporary use of on-line non-downloadable software for use in manufacturing, namely computer-aided design/computer-aided manufacturing [CAD/CAM], and 3D printing; software as a service (SAAS) services featuring software for use in electronic design automation and for designing and manufacturing printed circuit boards; providing temporary use of on-line non-downloadable software for use in electronic design automation and for designing and manufacturing printed circuit boards.

#### Class 06

(1) Unwrought or semi-wrought common metals; ducts of metal for ventilating installations; ducts of metal, for central heating installations; pipes of metal for liquid and gas transfer; metallic connections for metal pipes, tubes and casings in the oil and gas industry; pipe muffs of metal; fittings of metal for building; railway points; check rails of metal for railways; railway sleepers of metal; bands of metal for tying-up purposes; clips of metal for cables and pipes; small hardware of metal, namely, hardware springs of metal; valve springs of metal, washers, nuts, common metal pulls, drywall screw, metal fastener screws, namely chipboard screw, self-tapping screw, self-drilling screw, screw plug (metal screw anchors, wall plugs of metal), wedge anchor (anchor bolts of metal, metal screw anchors), heavy duty shell anchor bolts, heavy duty shell screw anchor, screw plug sets comprised of metal screw anchors, wall plugs of metal, screw plug sets with hook screw comprised of metal screw anchors, wall plugs of metal; fasteners of metal for scaffolds; machine belt fasteners of metal; metal clasps for door security hardware; nails; fittings of metal for furniture; non-electric door bells of metal; locks of metal for bags; locks of metal for windows; spring locks of metal; padlocks of metal, other than electronic; locks of metal for vehicles; door locks of metal, non-electric; padlocks; keys of metal; safes [strong boxes]; vice claws of metal; tool chests of metal, empty; labels of metal; bells for animals; rods of metal for welding; anchors; identification bracelets of metal; weather and wind-vanes of metal; tree protectors of metal; traps for wild animals; works of art of common metal; iron ores; monuments of non-precious metal; angle irons of metal; metal brackets for use in the construction and assembly of decking; elbows of metal for pipes; junctions of metal for pipes; metal valves for controlling the flow of gases in pipelines; reinforcing materials of metal for pipes; collars of metal for fastening pipes; staircases of metal; buildings, transportable, of metal, namely green houses and sheds; fences of metal; building materials of metal, namely metal awning, soffits of metal, fascias of metal; scaffolding of metal; steel wire; ropes of metal; wall plugs of metal; screws of metal; hinges of metal; clothes hooks of metal, hooks of metal for roofing slates, metal cup hooks, towel hooks of metal; wall hooks of metal for pipes; pulleys of metal, other than for machines

**Class 07**

(2) Agricultural machines, namely tractor-towed harvesters, combine harvesters, threshers, cultivators, disk harrows, tractor-towed broadcast seeders, water well boring machines, mineral water making machines, irrigation machines for agricultural use, grass trimmers, electric; lawnmowers [machines]; aerating pumps for aquaria; forage harvesters; milking machines; electric hair clipping machines for animals; wood cutting machine; motor-driven saws; corrugated paperboard making machines; machines for making diaper-pants of paper; printing machines for printing on packaging; printing machines for use on sheet metal; printing machines for fiduciary documents; looms; sizing machines; tea processing machines; food processors, electric; tobacco processing machines; leather tanning machines; leather shearing machines; leather finishing machines; stitching machines; bicycle assembling machines; brick making machines; engraving machines; machines for making electric batteries; cord making machines; enamel making machines; light bulb making machines; packaging machines; machines for making coal briquettes; namely, electric coffee grinder for kitchen use, electric coffee grinders, flour mill machines, electric coffee crushers for kitchen use, electric ice crushers for kitchen use, electric waste crushers for kitchen use, mixers, juicers; washing machines [laundry]; centrifugal mills; gluing machines, namely, plywood gluing machines, electric glue guns; glass cutting machines; glassware manufacturing machines; glass polishing machines; fertilizers making machines; mine borers; oil-well pumping machines; immersion blenders; agitators for chemical processing; bar blenders, electric; food mixers, electric, for household purposes; sewage pulverizers; paper shredding machines; feed grinding machines; cranes [lifting and hoisting apparatus]; pneumatic hammers; trimming machines, namely, paper trimming machines for commercial or industrial use, electric lawn trimmers, electric hedge trimmers; continuous metal casting machines; metalworking machines; steam engines; ignition devices for land vehicle engine; generators for wind turbines; wind turbines; needle making machines; machines for making zippers; sliding mount for metalworking machines; fiber cutting machines; rebar cutting machines; key cutting machines; metal cutting machines; machines for cutting plywood; food cutting machines for commercial use; electric wire and cable manufacturing machines; machine tools for breaking up road surface, press dies for metal forming, rivet guns; machine tools for processing semi-finished plastic products; floor polishing machines, floor polishers; grinding machines for metalworking, grinding machines for the treatment of ceramics and metal, wood grinding machines, angle polishers, centrifugal grinding machines, plastics shaping machines; drilling heads in the nature of power drill bits, core drilling bits; hand-held tools, other than hand-operated in the nature of powered grinders, boring machines for metalworking, drill bores for metalworking, milling cutters for milling machines, drill presses, drill hammers, drill bits for rock drilling, core drilling bits, hammer drills, electric screwdrivers, hammer drills, cutting machines for metalworking, metal sawing machines, electric sanders, angle polishers, angle grinder machines, hand-held grinders, electric, impact wrenches, hydraulic torque wrenches, electric planers, routers being power tools, engraving machines, hot melt glue guns, hot adhesive guns, spray guns for paint, staple fiber cutting machine, power-operated saws, milling machines, electric hand-held drills, metal cutting machines, glass cutting machines, oxyacetylene cutting machines, wood cutting machines, paper cutting machines, coal-cutting machines, milling machines and grinding machines for the treatment of ceramics and metal, machines for molding plastics, automatic machines for thermoforming and processing of plastics, extrusion machines for plastic, rivet guns; power-operated angle grinders; machines for the manufacture of semiconductors, memory chips; machines for manufacturing liquid crystal display devices; machines for washing electronic components in chemicals; machines for washing electronic components in solvents; machines for the production of optical apparatus, namely optical cold working machines; paint spraying machines; dynamos; driving belts for motors, other than for land

vehicles; motors for elevators; hydraulic motors for excavators; starters for motors and engines; cylinders for motors and engines; fans for motors and engines; belts for motors and engines; pneumatic pumps; reverse osmosis pumps; circulating pumps; suction pumps; rotary pumps; valves being parts of machines; air compressors; pneumatic cylinders for industrial machinery; automotive engine blocks; ramjet engines, other than for land vehicles; bearings being parts of machines; belts for machines; electric welding machines; electric machines and apparatus for cleaning, namely electric steam cleaning machines, electric floor cleaning machines, electric floor washing machines, carpet cleaning machines, carpet shampooers, carpet washing machines, electric carpet sweepers, machines for cleaning surfaces using high-pressure water, dry-cleaning machines, electric vacuum cleaners; high pressure washers; vacuum cleaners; filter presses in the nature of machines for separating solids and liquids for industrial purposes, being filter presses for chemical processing; electric shoe polishers; electroplating machines; electric door openers

### **Class 08**

(3) Hand-operated abrading instruments; agricultural forks being hand tools; hand-operated agricultural tools; hand-operated garden tools; instruments and tools for skinning animals; harpoons; manicure sets; bits for hand drills; bits being parts of hand tools; perforating tools [hand tools]; riveters [hand tools]; hand-operated lifting jacks; hand-operated guns for the extrusion of mastics; graving tools [hand tools]; trowels for mason; secateurs; sabres; table cutlery [knives, forks and spoons]; handles for hand-operated hand tools; hand-operated hand tools

### **Class 09**

(4) Downloadable computer software programs for use in electronic commerce and for processing electronic payments to and from others; computer software for application and database integration; thread counters, Geiger counters, air quality measurement apparatus, namely, particle counters; counterfeit coin detectors; ticket dispensing terminals, electronic; voting machines; facial recognition software; facial analysis software; biometric retinal scanners; fingerprint scanners; photocopiers [photographic, electrostatic, thermic]; electric weighting machines, namely electronic weighing scales for personal use, steelyard balances, electronic weighing scales for kitchen use; laser distance meters, electronic distance meters, electronic sensors for measuring solar radiation, gamma radiation detectors, radiation detectors; electronic notice boards; navigation computers for cars; software for GPS navigation systems; video surveillance systems; video surveillance cameras; cameras [photography]; global positioning system (GPS) receivers, surveying instruments with electronic maps, infrared cameras, infrared sensors, level measuring machines for surveying; surveyors' levels; speedometers for vehicles; tire pressure gauges; pressure gauges; glassware for chemical laboratory use; laboratory chemical reactors; electric current meters; electricity meters; multimeters; meters for measuring voltage; multimeters for measuring electrical resistance; capacitance meter; laser printers; laser doppler for measuring purposes, laser measuring tapes; optical lanterns; optical sensors; optical reflectors; optical filter; electric wires and cables; semi-conductors; electronic chip cards, namely, computer chips, encoded electric chip cards for identifying particular users of computers and mobile telephones; electrical terminal blocks; electrical terminal boxes, electrical terminators; electric switches, namely, electric current switches, electric light switches, cut-out switches; fibre optic couplings; electric plugs; lighting control panels; control panels for elevators; control panels for security alarms; covers for electric outlets; video screens; security systems for vehicles in the nature of electronic key fobs being remote control apparatus; remote controls for air-conditioning apparatus; optical fibers [light conducting filaments]; heat regulating apparatus, namely electronic controls circuits for electric heaters; lightning rods; electrolysis apparatus for producing hydrogen and oxygen from water; fire extinguishing apparatus, namely, fire extinguishers, sprinkler for fire protection, fire hoses; gamma radiation detectors; X-ray fluorescence analyzers; clothing for protection against accidents,

garments and clothes for protection against fire, fire resistant gloves, safety glasses, and shoes for protection against fire, dust protection masks, welding masks, protective face masks for the prevention of accident or injury; clothing for protection against accidents, irradiation and fire; gloves for protection against accidents; knee-pads for workers; electric theft prevention installations, namely, theft alarms, burglar alarms; padlocks, electronic; electronic door locks; electrical power door lock switches for motor vehicles; eyeglasses; electric batteries for portable computers, electric batteries for smartphones, electric batteries for cameras, rechargeable batteries for portable computers, rechargeable batteries for smart phones, dry cells, wet cell batteries, electric batteries for vehicles, batteries for cell phones, solar batteries for lighting devices, AA batteries for lighting devices, rechargeable batteries for powered hand tools, rechargeable batteries for household kitchen appliances, AA batteries for household kitchen appliances, batteries for powered hand tools; cell phone battery chargers for use in vehicles, chargers for batteries for cell phones, chargers for general purpose electric batteries for lighting devices, chargers for electric batteries for powered hand tools, chargers for electric batteries for household kitchen appliances; downloadable animated cartoons; videodiscs recorded with animated cartoons; videotapes recorded with animated cartoons; safety boots for industrial use; electric sockets; starters for electric lights; battery jump starters; ear plugs for divers; electric locks; biometric fingerprint door locks; industrial endoscope cameras; rearview cameras for vehicles; optical sensors; pressure sensors; temperature sensors; timing sensors; measuring transducers; infrared sensor; fire alarms; smoke alarms; personal alarms; baby alarms; cabinets for loudspeakers; printers for use with computers; mobile power supplies, namely power banks; tachographs; bathroom scales; remote controls for air-conditioning apparatus; computer network switches; computer network bridges; internet router; radio receivers and transmitters; radio signal tuners; electric door bells; interphones; video phones; video monitor; air ratio gauges; wireless routers

### **Class 11**

(5) Electric lamps; electric luminaires; indoor lighting fixtures; industrial lighting fixtures; outdoor lighting fixtures; fluorescent lamp tubes; lights for vehicles; germicidal lamps for purifying air; oil lamps; cooking apparatus and installations, namely, electric food processors for household purposes, coffee machines, automatic rice cookers, bread making machines, yoghurt making machines, electric cooking ovens; lava rocks for use in barbecue grills; cooling appliances and installations, namely, cooling evaporators, water coolers, beverage cooling and ice dispensing machines; air purifying machines; air purifying units; ventilating fans; electric window fans; electric hair dryers; electric heating apparatus in the nature of boilers for heating installations, solar collectors for heating, electric heating fans; fog machines; automatic faucets; taps for pipes and pipelines; pipes for heating boilers; flues for heating boilers; flexible pipes being parts of basin plumbing installations; automatic watering installations, namely, automatic faucets, water filtration units for agricultural, commercial and industrial use, watering machines for agricultural purposes; bath installations; sanitary apparatus and installations in the nature of sauna bath installations, urinals, hand wash basins; water purifiers for household purposes; waste water purification units; rainwater purification installations; water purifiers for industrial purposes; electric radiators; piezo lighters, other than for smokers; polymerisation installations; light bulbs; searchlights; electric torches; electric freezers; air-conditioning units; pocket warmers; air purifier for household purposes; electric water purifier for household purposes; humidifiers for household purposes; electric kettles; extractor hoods for kitchens; gas burners; heat guns; cocks for pipes and pipelines; disinfectant apparatus, namely, disinfectant dispensers for toilets, sterilizers for medical instruments; water sterilizers; electrically heated vests; electrically heated gloves

### **Services**

**Class 35**

Advertising the goods and services of others; advertising on the Internet for others; business management assistance; organization of trade show exhibitions of hardware springs of metal, valve springs of metal, washers, nuts, common metal pulls, drywall screw, metal fastener screws, namely chipboard screw, self-tapping screw, self-drilling screw, screw plug (metal screw anchors, wall plugs of metal), wedge anchor (anchor bolts of metal, metal screw anchors), heavy duty shell anchor bolts, heavy duty shell screw anchor, screw plug sets comprised of metal screw anchors, wall plugs of metal, screw plug sets with hook screw comprised of metal screw anchors, wall plugs of metal, fasteners of metal for scaffolds, machine belt fasteners of metal, metal clasps for door security hardware, nails, fittings of metal for furniture, wood cutting machines, plywood gluing machines, wood grinding machines, metalworking machine, hand-operated agricultural tools, hand-operated hand tools, drill hammers, drill bits for rock drilling, electric screwdrivers, metal sawing machines, angle polishers, impact wrenches, hot melt glue guns, spray guns for paint, electric hand-held drills, rivet guns, electric welding machines, electric current meters, electric luminaires for commercial and advertising purposes; organization of fashion shows for commercial purposes; organization of fashion shows for promotional purposes; business merchandising display services; commercial administration of the licensing of the goods and services of others; import-export agency services; promoting the sale of goods and services of others by means of contests and incentive award programs; purchasing agency services; personnel management consultancy; relocation services for businesses; systemization of information into computer databases; office machines and equipment rental; book-keeping; rental of vending machines; sponsorship search; rental of sales stands; retail services for pharmaceutical, veterinary and sanitary preparations and medical supplies; wholesale services for pharmaceutical, veterinary and sanitary preparations and medical supplies; employment agency; providing information in the field of business administration; providing advice and information relating to commercial business management; providing business information in the field of retail store operations; providing business marketing information for others; conducting marketing studies; direct marketing of the goods and services of others; providing marketing strategies for others; provision of an online marketplace for buyers and sellers of goods and services

## TRADEMARK DETAILS

### Trademark Type

Design

### Visual Representation

### Colour Claim

Colour is claimed as a feature of the trademark. -The background of the trademark is white, with a light green circle and a darker green ribbon folded behind the green circle. -The ribbon is dark green, with black lines running through it on both sides of the circle. -The green circle is on top the ribbon. The green circle fades and becomes lighter as you move towards the center. Inside the green circle is another green circle, identical in shape and colour but slightly smaller in size, which also fades as you move towards the center. Within the circles is an image of a blue river with green bushes and trees surrounding it and a light blue sky with clouds above the trees. -At the top of the circle is a black oval shading in the colour Beige; the colour gets lighter as you get to the center of the oval. The oval has the word "since" in black font on top, with "1885" underneath it. -At the bottom of the circle is a red folded ribbon on top of the circle with the text "Quality Handcrafted Cheese" in white. -In front of the green ribbon and the two circles is the word "PINE RIVER," which is outlined in black and shaded in light yellow.

#### Class 01

(1) Diagnostic reagents for medical-scientific research use; in vitro diagnostic reagents for scientific purposes; reagents for scientific research in the field of gastrointestinal infections, respiratory, sexual health, anti-microbial resistance, meningitis, flavivirus and alphavirus; diagnostic enzymes for in vitro use in microbiology for scientific use; enzymes preparations for use in the field of gastrointestinal infections, respiratory, sexual health, anti-microbial resistance, meningitis, flavivirus and alphavirus for scientific use; laboratory assay kits for scientific use; biological assays for use in the fields of biological and diagnostic testing for scientific use; antibody reagents for scientific use; chemical buffer solutions for scientific and environmental research; bacterial preparations for scientific research and environmental research purposes; agar-agar preparations for use as a cell growth media for growing cells for scientific research and environmental research purposes; biochemicals in the form of monoclonal antibodies for in vitro scientific and environmental research; chemical preparations, namely, silica based density centrifugation media, to be used in biochemical and clinical research; chemical reagents for use in scientific genetic research; Chemicals for use in scientific diagnostic research and environmental research in the field of gastrointestinal infections, respiratory, sexual health, anti-microbial resistance, meningitis, flavivirus and alphavirus; nucleic acid molecule assay and reagent kit for use in biological and diagnostic testing for scientific research; molecular detection reagents and preparations for microorganism detection; biochemical catalysts for analytical and biochemical science; diagnostic enzymes for in vitro use in biochemistry for analytical and biochemical science; chemical reagents for genetic identity testing and DNA testing; diagnostic chemical preparations for use in assessment of genomic analysis for scientific use; biochemical catalysts for use in forensic analysis; laboratory substances for the detection of pathogens and toxins for use in analytical molecular biology; chemical and biochemical diagnostic reagents for use in molecular biology for scientific research

#### Class 05

(2) Chemical and biochemical diagnostic reagents for medical diagnostic use for use in molecular biology; chemical and biochemical diagnostic reagents for medical laboratory use in molecular

biology; chemical reagent mixtures for diagnostic biomarkers for in vitro testing for medical, clinical, medical laboratory and veterinary use; chemical reagent mixtures for diagnostic biomarkers for in vitro testing kits for medical, clinical, medical laboratory and veterinary use; diagnostic assay kits comprised of medical diagnostic reagents and assays for testing of bodily fluids for use in disease detection in the field of gastrointestinal infections, respiratory, sexual health, anti-microbial resistance, meningitis, flavivirus and alphavirus; pharmaceutical and biological diagnostic preparations for medical and veterinary use in the field of gastrointestinal infections, respiratory, sexual health, anti-microbial resistance, meningitis, flavivirus and alphavirus; chemical reagents for the identification of microorganisms, including bacteria, protozoa, virus and fungi (medical, clinical or veterinary use); chemical test diagnostic reagents for in vitro testing for medical use; diagnostic chemical reagents for medical laboratory use; nucleic acid amplification reagents for medical use; diagnostic biomarker reagents for use in assessment of chemical respiratory sensitizers for medical use; universal reagents for automated medical diagnostic test kits comprising diagnostic agents, preparations and substances for detecting gastrointestinal infections, respiratory, sexual health, anti-microbial resistance, meningitis, flavivirus and alphavirus; diagnostic kits for medical purposes containing chemicals, biochemicals and other reagents for the detection of microorganisms, including bacteria, protozoa, virus and fungi

#### **Class 09**

(3) Downloadable computer software for storing research and development information in the fields of medicine; computer software for use in testing, monitoring, research, analysis and assessment of gastrointestinal infections, respiratory, sexual health, anti-microbial resistance, meningitis, flavivirus and alphavirus for medical purposes and for purposes of conducting clinical trials; laboratory experimental machines and apparatus, namely, automatic chromatography apparatus for laboratory use, bioreactors for laboratory use, centrifuges for laboratory use, nucleic acid amplification apparatus for laboratory use, constant temperature incubators for laboratory use; laboratory apparatus and instruments, namely, laboratory instrument for the detection of pathogens and toxins in a biological sample for research use, laboratory instrument for the analysis of proteins and proteomes in a biological sample for research use, DNA microarrays for laboratory use; DNA testing apparatus which carry or hold DNA samples for use in detecting, screening and sequencing such samples for medical/diagnostic research purposes; gene sequencing products [laboratory apparatus]: analytical and diagnostic kits containing scientific apparatus and equipment

#### **Class 10**

(4) Medical apparatus and instruments for amplifying nucleic acid DNA and RNA molecules for medical and veterinary use; medical analytical and diagnostic kits for testing body fluids comprised of medical diagnostic instruments containing culture media, enzymes, culture bottles and reagents for the analysis of body fluids; medical tubing for analytical and diagnostic kits; polymerase chain reaction (PCR) tests for the detection of viruses in humans being invitro diagnostic testing collection and transport kits and devices for clinical specimens

#### **Services**

#### **Class 42**

(1) Scientific, medical and industrial research and consultancy, namely, bacteriological consultation, research and testing, biochemical research, biological therapeutic research services, biomedical research, chemical research, genetic testing for scientific research purposes, genotyping services for research purposes, medical research, industrial research in the fields of gastrointestinal infections, respiratory, sexual health, anti-microbial resistance, meningitis,

flavivirus and alphavirus, and consultancy and advisory services therefor; medical laboratory services; analysis of tissues for medical research; scientific and technical analysis services for the identification of microorganisms, and consultancy and advisory services therefor; design and development of medical apparatus and testing kits and reagents for medical and clinical use and consultancy and advisory services therefor; chemical and biochemical research; chemical and biochemical analysis and consultancy and advisory services therefor; analysis of tissues, including blood tissues and specimens, for medical research and consultancy and advisory services therefor

**Class 44**

(2) Medical care services in the field of gastro-intestinal disorders; medical services in the field of gastrointestinal infections, respiratory, sexual health, anti-microbial resistance, meningitis, flavivirus and alphavirus, and consulting and advisory services therefor; medical analysis services for diagnostic and treatment purposes provided by medical laboratories, and consulting and advisory services therefor; analysis of tissues, including blood tissues and specimens, for medical treatment and consultancy and advisory services therefor; medical diagnostic services (testing and analysis) and consultancy and advisory services therefor

(1) Scientific apparatus and instruments, namely telescopes and microscopes; nautical apparatus and instruments, namely, marine compasses, marine depth finders, marine luminous safety beacons, marine radios; surveying instruments; photographic apparatus and instruments, namely, camera shutters and photometers; cinematographic apparatus and instruments, namely, film cutters; optical apparatus and instruments, namely, binoculars and spectacles; weighing apparatus and instruments, namely, laboratory scales and balances; measuring apparatus and instruments, namely, barometers, optic apertometers; signalling apparatus and instruments, namely, signal bells and electronic warning bells; checking [supervision] apparatus and instruments, namely, baby monitors, convex security mirrors, electric and electronic video surveillance installations; life-saving apparatus and equipment, namely life buoys; teaching apparatus and instruments, namely, digital book readers, talking books, laser pointers; apparatus and instruments for conducting electricity, namely, electrical circuits, electrical microcircuits, electrical wires, circuit boards; apparatus and instruments for switching electricity, namely, electromagnetic switches, light switches and power switches; apparatus and instruments for transforming electricity, namely, electric transformers and generators, namely clock generators for computers; apparatus and instruments for accumulating electricity, namely, automotive batteries, camera batteries, cellular phone batteries, general purpose batteries, watch batteries, automotive battery chargers; apparatus and instruments for

regulating electricity, namely, voltage regulators; apparatus and instruments for controlling electricity, namely, electrical controllers for diesel engines, electrical controllers for ovens; apparatus for recording of sound, apparatus for recording of images, apparatus for reproduction of sound, namely, audio tape recorders, video cassette recorders, video tape recorders, dvd recorders, digital video recorders; apparatus for transmission of sound, apparatus for transmission of images, namely, video monitors, television receivers, televisions; apparatus for reproduction of images, namely, photocopiers and computer scanners; magnetic data carriers, recording discs, namely, blank video tapes, blank audio tapes, blank usb flash drives, blank diskettes, external computer hard drives, prerecorded audio tapes containing music, pre-recorded laser discs containing movies, pre-recorded laser discs containing video games, pre-recorded video cassettes, pre-recorded videotapes; compact discs, namely, blank cd-roms, blank optical disks, cd-roms containing music, pre-recorded compact discs containing computer games; dvds, namely, blank dvds, pre-recorded dvds containing music; coin-operated mechanisms for vending machines; cash registers; calculating machines, namely calculators; data processing equipment, namely card punching and sorting machines for data processing, colour printers, printer plotters; computers; computer software, namely, computer operating programs, computer games, all excluding software used to forecast weather or wind; fire extinguishers; recorded content, namely, pre-recorded cds and dvds containing audio and video clips; information technology and audiovisual equipment, namely, cameras, camcorders, cinematographic cameras, digital cameras, video projectors, slide projectors, movie projectors, audiovisual receivers, audio speakers, personal stereos; magnets, magnetizers and demagnetizers, namely, fridge magnets, industrial magnets, craft magnets, decorative magnets; apparatus, instruments and cables for electricity, namely, electrical cables; optical devices, enhancers and correctors, namely corrective glasses, eye glasses, magnifying glasses; safety, security, protection and signaling devices, namely, luminous safety beacons for use as a personal locator, clip-on flashing safety lights, bicycle flashing safety lights, safety markers, luminous or mechanical signals, signal buoys, signal lanterns, signalling whistles, personal security alarms, security and fire alarms, safety goggles, safety harnesses, motorcyclist protective clothing; diving equipment, namely, air tanks for scuba diving, diving boots, dive computers, diving gloves, diving masks, diving regulators, diving snorkels, diving suits, diving weight belts; navigation, guidance, tracking, targeting and map making devices, namely, global positioning system (gps) consisting of computers, computer software, transmitters, receivers, and network interface devices, computer software for displaying orders and diver locations on maps, directional compasses; measuring, detecting and monitoring instruments, indicators and controllers, namely, measuring spoons, measuring cups, measuring tapes, timer switches and kitchen timers; scientific research and laboratory apparatus, educational apparatus and simulators, namely, laboratory ovens, laboratory glassware, laboratory centrifuges, laboratory baths, electrodes for laboratory research, laboratory incubators, vehicle drive training simulators, flight simulators; mobile telephones; subscriber identity module cards, namely, sim cards, for use with portable and mobile phones; software for mobile phones, namely, downloadable software applications for entertainment, education and information in the field of education books, photography and news, social networks and downloadable software applications for purchasing, streaming of music, purchasing, streaming of videos and downloadable software applications containing information in the fields of music, finance, health and fitness, lifestyle, medicine, travelling, sports, entertainment, namely, music, tv, film and radio entertainment and economy and downloadable software applications for navigation and playing, purchasing video games, all for mobile phones and tablets and excluding apps used to forecast weather or wind; interactive multimedia computer games; portable media players, namely, mp3 players, mp4 players and portable radios; machine readable data carriers with programs installed, namely, optical and magnetic data carriers containing computer software in the field of electronic games,

entertainment, music, culture, sports, namely, computer software for organizing and viewing digital images and photographs, computer software that allows transmission of graphics to mobile telephones, computer software to enhance audio visual capabilities of multimedia applications for the integration of text, audio, graphics, still images and moving pictures; computer programs and software, namely, computer software in the field of electronic games, entertainment, music, culture, sports, namely, computer software for organizing and viewing digital images and photographs, computer software that allows transmission of graphics to mobile telephones, computer software to enhance audio visual capabilities of multimedia applications for integration of text, audio, graphics, still images and moving pictures, computer operation systems for entertainment, computer software for editing text files, audio files, video files, image files and websites, computer software for creating and editing computer graphics, computer software for assisting developers in creating program code for use in multiple application programs, computer software for translating documents from one language to another, computer software used for backing up electronic data, recorded computer operating programs; computer game software, namely computer games, computer software for creating computer games, all excluding software used to forecast weather or wind; protective clothing [body armour], namely, protective shields for athletic use, namely, ear and body protective shields; protective spectacles, namely, protective eyeglasses, eye shields for athletic use; protective masks, not for medical purposes, namely, protective face-shields for helmets; protective helmets, namely, protective helmets for sports, snowboard helmets, football helmets, bicycle helmets, ski helmets; spectacles; sunglasses; goggles for sports; headphones; covers for smartphones; cases for mobile phones; selfie stick; smartglasses; smartwatches; wind socks for indicating wind direction; luminous signs; electronic notice boards; loudspeakers; wearable activity trackers, namely, wireless activity trackers for displaying, measuring, and uploading to the internet information, namely, time, date, body and heart rates, global positioning, direction, distance, altitude, speed, steps taken, calories burned, navigational information, weather information, temperature, wind speed, and the declination of body and heart rates; trackballs [computer peripherals]; electric and electronic video surveillance installations.

### **Class 16**

(2) Paper; cardboard; printed matter, namely, leaflets, brochures, presentation folders; book binding materials; photographs; stationery and educational supplies, namely, note books, note paper, letterhead paper, envelopes; adhesives for stationery or household use; artist's materials, namely, modelling compounds, modelling clay, paint sets, artist's pencils, artist's pastels, marker pens; artists brushes, namely, paintbrushes; decorator's paintbrushes; typewriters; office requisites [except furniture], namely, desk trays, file folders, file sorters; instructional and teaching material [except apparatus], namely, geographical maps, educational books; plastic materials for packaging, namely, plastic bags for packaging, plastic film for packaging; printer's type; printing blocks; figurines of paper and cardboard and architects' model; decoration and art materials and media, namely, stickers and transfers, decals, stencils, canvas for painting, art paper; filtering materials of paper, namely, filter paper; bags and articles for packaging, wrapping and storage of paper, cardboard or plastics, namely, cardboard boxes, cardboard tubes, packing cardboard, packing paper, paper bags and sacks, paper boxes, wrapping paper, paper food wrap, plastic bags for packaging, plastic food storage bags, plastic food wrap; money holders, namely money clips, trays for sorting and counting money; printed publications, namely, books, magazines, newspapers, bulletins, newsletters, catalogues; cards, namely, postcards and greeting cards, trading cards, score cards; posters; calendars; flags of paper; stationery stickers; labels, not of textile, namely paper labels, adhesive labels, stationery labels, shipping labels; safety books; bookmarks; protective covers for books; coloring books.

**Class 28**

(3) Games, namely, table-top games, card games, computer game consoles, dart games, horseshoe games, party games; playthings and toys, namely, stuffed and plush toys, jump ropes; gymnastic articles, namely, gymnastic spring boards; sporting articles and equipment, apparatus for games, namely, medicine balls, treadmills, stationary bicycles, nets for sports, hockey nets, basketball nets, soccer nets, volleyball nets, tennis nets, elbow pads, football pads, hockey pads, knee pads for athletic use, shoulder pads for athletic use, bob-sleighs, starting blocks for sports, snow skis, snowboards, ice skates, snowshoes, tennis rackets, tennis balls, fishing rods, fishing tackle, fishing hooks, landing nets for anglers, diving spring boards, bags specially adapted for sports equipment, ski bindings, ski poles, edges of skis, covers for ski bindings, snowboard bindings, soccer balls, golf balls, basketballs, baseballs, tennis balls, cricket balls, volleyballs, rugby balls, squash balls, ping pong balls, rubber balls, play balls, sports balls, dumbbells, shot puts, discuses for sports, javelins, tennis rackets, cricket bats, golf clubs, hockey sticks, roller skates, inline roller skates, tables for table tennis; christmas decorations; artificial christmas trees; christmas tree ornaments and decorations; fairground and playground apparatus, namely, playground tubes, artificial climbing walls, playground ladders, playground playhouses, playground sandboxes, playground slides, playground swing sets; novelty toys for parties, namely party favours; gaming machines for gambling; video game machines; arcade video game machines; coin-operated amusement machines; slot machines; electronic hand-held games; hand-held electronic games with liquid crystal displays; scale model vehicles; toy vehicles; toy drones; fencing masks; bags especially designed for surfboards; bags especially designed for skis .

**Services****Class 35**

(1) Advertising, namely, advertising the goods and services of others, preparation and realization of media and advertising for others, all excluding advertising in relation to forecasting weather or wind; business administration and management; office functions, namely, photocopying services, mail sorting, handling and receiving, secretarial services; marketing, namely, direct marketing of the goods and services of others, developing marketing strategies and marketing concepts for others, promotional services, namely, promoting the sale of goods and services through promotional contests and the distribution of related printed material, producing promotional videotapes, video discs, and audio visual recordings for others, providing promotional coupon programs pertaining to a line of food products, developing promotional campaigns for others; public relations services; product demonstrations and product display services, namely, sales demonstrations for others, window display services, business merchandising display services; trade show exhibition services, namely, organization of trade fairs and exhibitions in the field of nature, science and history and the promoting of sports competitions, namely, track and field competitions, american football competitions, archery competitions, soccer competitions, badminton competitions, baseball competitions, basketball competitions, biathlon competitions, bobsleigh competitions, boccia competitions, bowling competitions, boxing competitions, canoeing and kayaking competitions, cricket competitions, cross country ski races, cycling competitions, darts tournaments, dog sledding races, equestrian sports competitions, fencing competitions, hockey competitions, figure skating competitions, golf tournaments, gymnastics competitions, handball competitions, ice hockey competitions, martial arts competitions, motorsport competitions, rowing competitions, rugby competitions, running competitions, skateboarding competitions, skiing competitions, snooker competitions, snowboarding competitions, speed skating competitions, surfing competitions, table tennis competitions, taekwondo competitions, tennis tournaments, triathlon competitions, volleyball competitions, water skiing competitions, water sports competitions, weightlifting competitions, jumping, trick riding, races, namely, car

races, horse races, bicycle races, boat races, auto races, motorcycle races, ski races, skiing competitions, snowboard races, running races, swimming races, skate races and air races, skills-based events involving personal watercrafts, canoes, aerobatics, airplanes, motorcycles, dirt bikes, kart cross racers, rally cars; commercial trading and consumer information services, namely, providing an on-line commercial information directory on the internet; business administration assistance; accountancy services; book-keeping; business auditing; account auditing; auditing of financial statements; administrative data processing, collection and systematization of business data, namely, business management services relating to information and data compiling and analyzing, updating and maintenance of data in computer databases; business analysis and information services, and market research, namely, business information services in the field of taxes, economic analysis, market analysis, business information services in the field of credit; loyalty, incentive and bonus program services, namely, promoting the sale of goods and services through a consumer loyalty program; provision of advertising space, time and media, namely, providing advertising space in periodicals, newspapers and magazines, rental of advertising space, excluding advertising time in relation to forecasting weather or wind; human resources management; personnel recruitment; clerical services; rental of office machinery and equipment; business management consultancy services; business administration consultancy; market research services; online retail services for downloadable and pre-recorded music and movies; online advertising on a computer network for others, excluding advertising in relation to forecasting weather or wind; providing user reviews about third party products, third party business services and third party websites for commercial and advertising purposes; providing user rankings about third party products, third party business services and third party websites for commercial and advertising purposes; providing user ratings about third party products, third party business services and third party websites for commercial and advertising purposes; online and in-store retail store services featuring to precious metals, alloys of precious metals, jewellery, precious stones, horological instruments, chronometric instruments, paper, cardboard, bookbinding material, photographs, stationery, adhesives for stationery or household purposes, artists' materials, artists brushes, decorators' paintbrushes, typewriters, electric or non-electric, plastic materials for packaging, printers' type, printing blocks, leather and imitations of leather, animal skins, hides, trunks and travelling bags, umbrellas and parasols, walking sticks, whips, harness, saddlery, luggage, bags, wallets, textiles and table covers, bed covers, fabrics, clothing, footwear, headwear; in-store wholesale and online wholesale store services featuring precious metals, alloys of precious metals, jewellery, precious stones, horological instruments, chronometric instruments, paper, cardboard, bookbinding material, photographs, stationery, adhesives for stationery or household purposes, artists' materials, artists brushes, decorators' paintbrushes, typewriters, electric or non-electric, plastic materials for packaging, printers' type, printing blocks, leather and imitations of leather, animal skins, hides, trunks and travelling bags, umbrellas and parasols, walking sticks, whips, harness, saddlery, luggage, bags, wallets, textiles and table covers, bed covers, fabrics, clothing, footwear, headwear

#### **Class 41**

(2) Providing education and training services, namely providing classes, tutorials and seminars in the field of sports, athletic competitions, physical fitness, stunt performances, music, culture, dance competitions, nature, science, and history; entertainment, namely, amusement park and theme park services, entertainment in the form of live musical concerts, entertainment in the form of live performances by a musical band, entertainment in the form of television shows, entertainment in the form of automobile races, radio programming, cinema theaters; sporting and cultural activities, namely, organization of car races, organization of boat races, performances featuring live dance and live music, presentation of live performances in the form of opera, presentation of live

performances in the form of ballets, animal exhibitions, art exhibitions, theatre productions, organization and staging of entertainment events and contests, namely dance competitions, music festivals, and organization of entertainment fairs and exhibitions in the field of nature, science and history and the organization and staging of sports competitions, namely, archery competitions, badminton competitions, biathlon competitions, bobsleigh competitions, boccia competitions, bowling competitions, canoeing and kayaking competitions, cricket competitions, cross country ski races, darts tournaments, dog sledding races, equestrian sports competitions, fencing competitions, handball competitions, martial arts competitions, rowing competitions, rugby competitions, running competitions, skateboarding competitions, skiing competitions, snooker competitions, snowboarding competitions, surfing competitions, table tennis competitions, taekwondo competitions, tennis tournaments, triathlon competitions, volleyball competitions, water skiing competitions, weightlifting competitions, jumping sport competitions, trick riding, races, namely, bicycle races, boat races, auto races, motorcycle races, ski races, skiing competitions, snowboard races, running races, swimming races, skate races and air races, skills-based events involving personal watercrafts, canoes, aerobatics, airplanes, motorcycles, dirt bikes, kart cross racers, rally cars, all not in the area of forecasting weather or wind; publishing, reporting, and writing of texts, namely, publishing of electronic publications, newspaper publishing, magazine publishing, book publishing, news reporters services, photographic reporting; organization of conferences, exhibitions and competitions, namely, arranging and conducting track and field competitions, arranging and conducting soccer competitions, organization of bicycle races, organization of car races, organization of baseball games, entertainment in the form of basketball games, arranging and conducting hockey competitions, organizing and holding figure and speed skating championships and competitions, organization of golf tournaments, organization of sports events in the field of football, organization of boxing matches, organization of gymnastic performances, organizing music competitions, organization of horse races; online gambling services; film and video production services; production of musical records; production of musical videos; production of radio and television programs; photo editing; photographic composition; digital photography; fitness training; coaching in the field of sports; library services; translation services; language interpretation; operating racing and sporting teams, namely in the motorsport sector, namely car racing, motor rallying, motorcycle racing, air racing, kart racing, boat racing and truck racing; online video gaming services; entertainment services namely the provision of non downloadable tv shows, movies and music transmitted via the internet; lending libraries for films; sound engineering services for events; video editing services for events; lighting technician services for events; providing user reviews for entertainment and cultural purposes namely providing user reviews for television, movies, music, videos, video games and e-sports video gaming via a website, providing movie and game reviews via a computer database, book and review publishing, publishing of books and reviews; providing user rankings for entertainment and cultural purposes namely providing user rankings for television, movies, music, videos, video games and e-sports video gaming; providing user ratings for entertainment and cultural purposes namely providing user ratings for tourist and cultural events, music, sports, gaming, fashion and clothing, food, beverages and food and beverage venues; sports coaching; sports training; organization and conducting of cultural and sporting events; provision of sports facilities; education and training for personnel, team and organizational development; sports club services.

#### **Class 42**

(3) Scientific and technological services and research and design relating thereto in the field of biochemistry, biology, biotechnology, in the field of chemical, industrial and civil engineering and sporting equipment; chemical research; geological research; hydrological research; scientific research in the field of genetics and genetic engineering; research pertaining to mechanical

engineering; bacteriological research; biomedical research; industrial analysis in the field of food and beverage, sports, music, electronics, media, namely online media, print media, television media, radio media, video games, culture industry, and research services in the field of history, nature, science and culture; computer hardware and software design; design and development of computer hardware and software, not in the area of forecasting weather or wind; it services, namely, computer programming, document data transfer and conversion from one media to another, conversion of data or documents from physical to electronic media, design, creation, hosting, maintenance of websites for others, installation of computer software; medical research services; pharmaceutical research services; engineering services, namely, chemical engineering, mechanical engineering, genetic engineering, nuclear engineering, civil engineering drawing services; surveying and exploration services, namely, technical surveying, geological surveying, gas exploration, mineral exploration services, oil exploration; urban planning; architectural services; natural science services, namely, physics research, consultation and research in the field of geology, geological prospecting, geological surveying; testing, authentication and quality control, namely, providing quality control for the food industry, providing quality assurance in the field of computer software, consumer product safety testing services; industrial design.

**Class 29**

(6) almond oil for food; almond oil used for cooking; animal fats for food; animal marrow for food; animal oils and fats for food; argan oil for cooking; avocado oil for food; avocado oil used for cooking; bean-based snack foods; beans cooked in soy sauce [Kongjaban]; bitter gourd oil for food; blended oil for food; bone oil for food; Brazil nut oil for food; cacao butter for food; cacao butter-based snack foods; camellia seed oil for food; canned cooked fruit; canned cooked meat; canned cooked meats; canned cooked vegetables; canned, dried, pickled, fried and steamed vegetables; canola oil for food; cashew nut oil for food; cellulose food casings; cheese-based snack food; chia seed oil for food; chocolate-coated nut-based snack foods; chocolate-coated seed-based snack foods; cocoa butter for food; coconut oil and fat for food; coconut oil for food; coconut oil used for cooking; coconut-based snack food; coconut-based snack food also containing seeds, grains, nuts or maple syrup; colza oil for food; cooked dish consisting primarily of chicken and ginseng [samgyetang]; cooked dish consisting primarily of chicken soup, chicken and fish maw; cooked dish consisting primarily of fermented vegetable, pork and tofu [kimchi-jjigae]; cooked dish consisting primarily of rich soybean paste and tofu [cheonggukjang-jjigae]; cooked dish consisting primarily of soybean paste and tofu [doenjang-jjigae]; cooked dish consisting primarily of stir-fried beef and fermented soy sauce [sogalbi]; cooked dish consisting primarily of stir-fried chicken and fermented hot pepper paste [dak-galbi]; cooked sesame seeds, other than seasonings or flavourings; cooking oil; cooking oil sprays; cooking oils; corn oil for food; crackers and chips, potato-based snack foods, vegetable based snack foods, lentil based snack foods, grain based snack foods, bean based snack foods, plant based snack foods; cuyes cooked; dairy based food dips; date seed oil for food; dried milk for food; extra virgin olive oil for food; extra virgin olive oil used for cooking; falafel plate consisting primarily of falafel, rice, salad and cooked potatoes; fatty substances for the manufacture of edible fats; fish; fish-based snack foods; flaxseed oil for food; flaxseed oil used for cooking; food casings; fruit juices for cooking; fruit-based concentrate for cooking; fruit-based organic food snacks; fruit-based snack food; fruit-based snack foods; gluten-free snack food containing cannabinoids; grapefruit seed oil for cooking; grapeseed oil used for cooking; hardened oils for food; hazelnut oil for food; hemp oil for food; hemp seed oil for food; hydrogenated oil for food; isinglass for food; jambu oil for food; jellies for food, other than confectionery; lard for food; laver-based snack foods; linseed oil for food; macadamia oil for food; macadamia oil used for cooking; maize oil for food; marijuana oil for food; meat substitute-based snack food; meat-based snack food; meat-based snack foods; milk powder for food purposes; mongongo nut oil for food; mustard oils for food; nut-based snack food; nut-based snack food containing cannabinoids; nut-based snack food containing cannabis; nut-based snack food containing cannabis derivatives ; nut-based snack food containing marijuana; nut-based snack

food containing marijuana derivatives ; nut-based snack foods; oil-based cooking spray; olive oil for food; olive oil used for cooking; olive oil used for cooking, avocado oil used for cooking, edible food oils; olive oils for food; palm kernel oil for food; palm oil for food; paper-reinforced cellulose food casings; peanut oil for food; pecan oil used for cooking; pepper oil for food; pequi oil for food; perilla oil for food; persimmon seed oil for food; pili nut oil for food; pine nut oils for food; plant based protein snack food containing soy; plant-based protein snack food dips containing soy; pomegranate seed oil for food; potato based snack foods; potato-based snack food; potato-based snack foods; powdered milk for food purposes; powdered oils and fats for food; pre-cooked curry stew; pre-cooked miso soup; pre-cooked soup; pre-cooked stew; pre-cooked superfood infused vegetable puree; pre-packaged combinations of foods comprised of meat and plant-based meat substitutes; prepared and packaged meals consisting primarily of cooked fruits and vegetables; prepared and packaged meals consisting primarily of plant-based foods; prepared escargot; prepared meals consisting primarily of cooked vegetables; prepared meals primarily consisting of cooked fruits and vegetables; prepared meals primarily consisting of plant-based foods; prepared meat; prepared snails; prepared, packaged and frozen meals and snack foods consisting of meat substitutes; preserved soya beans for food; preserved, frozen and dried fruits and vegetables; processed bee pollen for food purposes; processed cactus for food purposes; protein for use as a food filler; puffed seaweed-based snack foods; pulse-based snack foods; pumpkin seed oil for food; pumpkin seed oil used for cooking; quinoa seed oil for food; rape oil for food; rapeseed oil for food; rice bran oil for food; rice bran oil used for cooking; sacha inchi oil for food; safflower oil for food; safflower oil used for cooking; sapote oil for food; seaweed extracts for food; seaweed-based snack foods; seed-based snack foods; sesame oil for food; sesame oil used for cooking; soy bean oil for food; soy-based food bars; soy-based snack foods; soya bean oil for cooking; soya bean oil for food; soya bean-based snack foods; soybean oil for cooking; spinach, cooked; suet for food; sunflower oil for food; sweet corn-based snack foods; tamarind seed oil for food; tomato juice for cooking; tomato seed oil for food; vegetable based snack foods; vegetable fats for food; vegetable juice concentrates for food; vegetable juices for cooking; vegetable oil for cooking; vegetable oils and fats for food; vegetable oils for food; vegetable-based concentrate for cooking; vegetable-based cooking spray; vegetable-based puff snack foods; vegetable-based snack food; vegetable-based snack foods; vietnamese cooked meats, namely, pork hot dogs (cha lua); walnut oil for food; walnut oil used for cooking; watermelon seed oil for food; wheat germ oil for food

### **Class 30**

(7) arrowroot for use as a food thickener; bicarbonate of soda for cooking purposes; bread-based snack food; brine for cooking; buckwheat flour for food; candy for food; canna indica starch for food; carao fruit syrup for use as food; cassava starch for food; cereal based snack food; cereal-based snack food; cereal-based snack foods; Chinese steamed dumplings (shumai, cooked); Chinese stuffed dumplings (gyoza, cooked); chocolate-based snack foods; chocolate-based snack foods also containing seeds, grains, or nuts; chocolate-coated grain-based snack foods; cocoa extracts for use as food flavourings; coffee-based snack foods; common salt for cooking; confectioner's coatings in the nature of edible shellac coatings for foods; cooked dish consisting primarily of dough flakes with broth [sujebi]; cooked dish consisting primarily of sliced oval rice cakes with broth [tteokguk]; cooked dish consisting primarily of stir-fried rice cake with fermented hot pepper paste [topokki]; cooked rice; cooked rice mixed with vegetables and beef [bibimbap]; cooking salt; corn flour for food; corn starch for food; corn-based cooked dishes; corn-based snack food; corn-based snack foods containing cannabinoids; corn-based snack foods containing cannabis; corn-based snack foods containing derivatives of cannabis; corn-based snack foods containing derivatives of marijuana; corn-based snack foods containing marijuana; corn-based snack foods, pretzels, tortilla chips, multigrain chips, cereal-based snack foods, and cookies;

donair plates consisting primarily of donair meat, rice, salad and cooked potatoes; dough-enrobed foods consisting of a dough-based wrapper with pizza-flavored fillings; dried cooked-rice; dried corn husks for cooking purposes; dried herbs for food purposes; edible food wafers; edible glitter for foods and beverages; farinaceous food pastes; farinaceous food pastes for human consumption; flavourings of almond for food or beverages; flavourings of lemons for food or beverages; flour for food; food seasonings; food stuffing mixes; frozen yogurt-based snack foods; fructose for food; fruit paste for flavouring of food; glucose for food; gluten for food; gluten-free cereal-based snack foods; grain-based snack foods; granola, granola bars, granola snacks, granola-based snack bars, granola based snack food; granola-based snack food; gyros plates consisting primarily of gyros meat, rice, salad and cooked potatoes; honey for food; hop extracts used as flavoring for foods and beverages; ice-cream-based snack foods; Japanese arrowroot powder for food [kudzu-ko]; korean-style dried seaweed rolls containing cooked rice [gimbap]; malt extract for food; malt used as food flavouring; maltose for food; molasses for food; monosodium glutamate used as a flavour enhancer for food; muesli bread-based snack food; multigrain-based snack foods; noodle-based snack food; noodle-based snack foods; oat-based snack foods; orange blossom flavourings, other than essential oils, for food or beverages; pasta-based snack food; perilla powder for food; potato flour for food; potato starch for food; powdered starch syrup for food; pre-cooked wheat; prepared meals consisting primarily of cooked rice; processed ginseng for use as an herb, spice or flavoring for food or beverages; propolis for food purposes; puffed almond flour-based snack foods; puffed corn-based snack food; puffed grain-based snack foods; puffed rice-based snack food; pulse flour for food; quinoa-based snack foods; rice, rice crackers, rice side dishes, rice-based snack food, rice pudding, rice flour; rice-based snack food; rice-based snack food containing marijuana; rice-based snack foods containing cannabinoids; rice-based snack foods containing cannabis; rice-based snack foods containing derivatives of cannabis; rice-based snack foods containing derivatives of marijuana; Saba syrup for flavoring food or beverages; saffron salt for seasoning food; sago palm starch for food; sea water for cooking; seawater for cooking; sesame-based snack foods; shawarma plates consisting primarily of shawarma, rice, salad and cooked potatoes; soya flour based snack food; starch for food; starch syrup for food; sweet potato starch for food; tapioca flour for food; tea flavourings for food or beverages; thickening agents for cooking; turmeric for food; urucum powder for food; wheat based snack food; wheat flour for food; wheat-based snack food; wheat-based snack foods; wheat-based snack foods containing cannabinoids; wheat-based snack foods containing cannabis; yeast extracts for food; yeast for use as an ingredient in foods

## Services

### Class 35

(1) administration and management of research grants; administration of cultural and educational exchange programs; advertising research; advertising services for promoting public awareness in the fields of migraine prevention, migraine management and migraine research; advertising services to promote public awareness on educational issues; analysis of market research data and statistics; analyzing, interpreting and advising others regarding polls and market research data; arranging and conducting food trade fairs and trade show exhibitions; association services for promoting the public interest and awareness in cancer research and education; business consultation in the field of education leadership development; business data analysis for the compilation of Big data for use in machine learning; business management advice relating to construction manufacturing; business management advice relating to manufacturing business; business research investigations; business research services; collection of market research information; compilation of statistical data for use in scientific or medical research; computerised market research services; computerized market research services; computerized, on-line ordering

services in the field of food, groceries and supermarkets; conducting business and market research services for others; conducting business and market research surveys for others; conducting on-line business management research surveys; conducting polls and market research for others; consulting and advising services provided to others regarding the design of polls and market research studies; consulting services in the field of higher education administration; consumer research services; enrolling students in the educational programs of others; food concession stands; food kiosk services being retail store services featuring foodstuffs; in store and online food and grocery product demonstrations; interpretation of market research data; mail order services in the field of food; mobile food and beverage concessions in airports; mobile food cart services featuring organic cupcakes and milkshakes; mobile retail sale of food; mobile retail sale of mushroom-based food and non-alcoholic beverages; mobile street vendor services featuring food and drink; on-line retail store services featuring food cooking equipment; on-line retail store services featuring food preparation implements; online retail sale of food; online retail sale of food for pick-up; online retail store services featuring food items; operation of grocery store featuring the sale of prepared fresh and cooked indian food for takeout; operational services for food stores; organization of exhibitions for cultural or educational purposes in the fields of computer game design, virtual reality, cloud computing, graphic design and computer software development; promotion of skilled trades and technologies through educational awareness programs; providing information on respondents for opinion polling and market research polling purposes via an online database; providing information on the online retail sale of food for pick-up via a website; public policy research services; retail grocery store services, and the sale of packaged food products; retail of ready-to-eat foods and prepared meals; retail services featuring snack foods; retail services featuring vegetable-based snack foods; retail services for educational supplies; retail store services located within airports featuring food and beverages; street vending of food; subscription services, namely, subscriptions to receive boxes filled with assorted items in the fields of fashion, health and beauty, home décor, technology, fitness and food products; tracking customer food and grocery preferences to provide feedback to suppliers in the field of food and groceries; wholesale and retail sale of food; wholesale distributorship of food products; wholesale services featuring vegetable-based snack foods

### **Class 39**

(2) delivery of food and drinks by restaurant; delivery of food by courier; delivery of food by grocery stores and supermarkets; delivery of food by restaurants; delivery of food by vehicles; food delivery services; on-demand delivery of food and beverages; on-demand delivery of food and beverages prepared for immediate consumption; providing information in the field of food delivery by grocery stores and supermarkets

### **Class 40**

(3) custom manufacture of biopharmaceuticals; custom manufacture of computers for others; custom manufacture of heating, ventilating, and air conditioning equipment and systems for others; custom manufacturing of carbon and stainless steel pressure vessels; custom manufacturing of plumbing fittings and plumbing fixtures for others; custom manufacturing of steel tubes for HVAC, automotive, oil and gas, fluid power, power generation and recreational vehicle industries; food canning services; freezing of foods; irradiation of food

### **Class 41**

(4) analyzing educational tests scores and data for others; analyzing of educational test scores and data for others; arranging and conducting educational courses for students in the field of intellectual property; arranging and conducting educational courses for youth and students in the field of welding; arranging and conducting of instructional courses, computer training,

correspondence courses, conferences, workshops, seminars, webinars in the field of business management; arranging and conducting postgraduate training courses groups in the field of mechanical engineering, chemical engineering and electrical engineering; arranging and conducting tours of cruise ships for educational purposes; arranging and conducting workshops for educational purposes in personal growth in the field of self-awareness; arranging and conducting workshops for educational purposes in the field of entrepreneurship; arranging and conducting workshops for educational purposes in the fields of computers; arranging and conducting workshops for educational purposes in the fields of graphic arts; arranging and conducting workshops for educational purposes in the fields of video games; arranging and providing education, instruction, coaching, workshops, courses, and conferences, all in the fields of personal branding, leadership and professional development, interpersonal communications, team-building, advertising, marketing and distribution of training material in connection therewith; arranging professional workshops and leadership training courses for medical staff; art-based educational program for teaching mindfulness, stress management, and creativity to boost mental health, provided via a website; computer-based simulation instruction for children and adolescents to teach educational topics and subjects in the fields of team dynamics; conducting courses of instruction at the college level; conducting courses of instruction at the high school level; conducting courses of instruction at the primary level; conducting courses of instruction in the area of financial planning and financial management; conducting distance learning at the College level; conducting distance learning at the high school level; conducting distance learning instruction at the college level; conducting distance learning instruction at the primary level; conducting distance learning instruction at the university level; conducting guided tours of caves for educational purposes; conducting of educational courses in the fields of mechanical engineering, chemical engineering and electrical engineering; conducting online instruction and courses in the field of computer technology; conducting training programs, educational support programs and skill development workshops in the field occupational health and safety; conducting training programs, educational support programs and skill development workshops in the field of employee mental wellness; consultancy in the field of learning difficulties; consultation in the field of educational programs dealing with issues of concern for families of veterans suffering from mental health conditions; consultation in the field of educational programs dealing with issues of concern for veterans suffering from mental health conditions; correspondence courses at the high school level; correspondence courses in the field of language training; correspondence courses in the field of law enforcement; correspondence courses in the field of technical writing; creating educational and psychological support programs aimed at promoting and fostering partnerships between patients, families, researchers and service providers; cultural, educational or entertainment services provided by art galleries; developing educational manuals; driver education training; education and training for personnel, team and organizational development in the field of sports competition organization; education and training in the field of business management; education and training in the field of diversity; education and training in the field of food safety; education and training in the field of occupational health and safety; education and training in the field of welding; education and training in the fields of civic engagement; education and training in the fields of community service; education and training in the fields of employment and professional development; education and training in the fields of humanitarian service and volunteerism; education courses in the field of risk management services; education courses in the field of the travel industry; education courses of instruction in the field of medicine; education services in the field of quantum computing; education services in the nature of courses at the university level; education services in the nature of early childhood instruction; education services, namely conducting classes, workshops, training seminars, and discussion forums in the fields of medical devices; education services, namely providing classes, seminars, workshops, tutoring, and mentoring in the field of middle and high

school reform; educational and entertainment services, namely, providing on-line interactive children's stories; educational and training programs in the field of risk management; educational book writing; educational consultancy services in the fields of mechanical engineering, chemical engineering and electrical engineering; educational counseling services to assist students in planning and preparing for further education; educational demonstrations in the field of composting and recycling; educational demonstrations in the field of home energy conservation; educational research services; educational seminars in the field of treating heart and cardiovascular diseases; educational services directed at the public in the field of arthritis regarding arthritis research, prevention, treatment and information; educational services in the field of arthritis; educational services in the field of career information, advice and guidance; educational services in the field of corporate crisis planning; educational services in the field of economics, financial planning and investment strategies; educational services in the field of financial planning; educational services in the field of financial planning, stock market trading, cryptocurrency trading and financial management; educational services in the field of innovation, problem solving, critical thinking, decision making and collaboration skills; educational services in the field of nutrition; educational services in the field of pharmaceuticals; educational services in the field of psychotherapy; educational services in the field of real estate; educational services in the field of sanitizing and disinfecting offices, public and commercial work spaces; educational services in the fields of eye care, eye treatment, and eye diagnosis; educational services in the form of fine arts schools; educational services in the form of providing incentives to organizations to demonstrate excellence in the field of science; educational services in the form of seminars, webinars, conferences, and workshops on career and business development, leadership, and personal branding; educational services in the nature of providing online instructions in the field of art techniques and art instruction; educational services namely hosting a literacy program; educational services namely, conducting classes, conferences and workshops in the field of investment planning, retirement planning, investment strategies and financial planning strategies; educational services provided by circuses; educational services provided by special needs assistants; educational services, namely doctors and healthcare providers advising patients about their medical imaging and medical records for educational purposes; educational services, namely, development and provision of educational courses in the fields of accounting; educational services, namely, development and provision of educational courses in the fields of architecture; educational services, namely, development and provision of educational courses in the fields of branding; educational services, namely, development and provision of educational courses in the fields of business management; educational services, namely, development and provision of educational courses in the fields of cardiac imaging services; educational services, namely, development and provision of educational courses in the fields of cloud computing; educational services, namely, development and provision of educational courses in the fields of computer coding; educational services, namely, development and provision of educational courses in the fields of computer networking; educational services, namely, development and provision of educational courses in the fields of computer programming; educational services, namely, development and provision of educational courses in the fields of computer software development; educational services, namely, development and provision of educational courses in the fields of computer software training; educational services, namely, development and provision of educational courses in the fields of computer-aided design (CAD); educational services, namely, development and provision of educational courses in the fields of computers; educational services, namely, development and provision of educational courses in the fields of environmental design; educational services, namely, development and provision of educational courses in the fields of financial planning and financial management; educational services, namely, development and provision of educational courses in the fields of graphic design; educational services, namely, development and provision

of educational courses in the fields of interior design; educational services, namely, development and provision of educational courses in the fields of language training; educational services, namely, development and provision of educational courses in the fields of marketing; educational services, namely, development and provision of educational courses in the fields of photography; educational services, namely, development and provision of educational courses in the fields of publishing; educational services, namely, development and provision of educational courses in the fields of retail design; educational services, namely, development and provision of educational courses in the fields of sales; educational services, namely, development and provision of educational courses in the fields of visual arts; educational services, namely, development of courses and examinations to provide qualifications in the field of computer programming; educational services, namely, obtaining school transcripts on behalf of customers and providing the customer's transcript to schools; educational services, namely, providing cognitive fitness programs for seniors; educational services, namely, providing courses, webcasts, webinars, podcasts, and multimedia presentations in the field of legal matters and for providing continuing education for professionals in the legal field; educational services, namely, providing non-downloadable podcasts in the field of mortgage brokering; educational services, namely, seminars, workshops, classes and training sessions in the field of beekeeping; educational services, namely, training educators to use an interactive digital learning platform for the delivery and management of online courses; educational support services in the field of memory improvement strategies; educational training sessions, seminars, and conferences in the field of eye care and eye treatment products; educational training sessions, seminars, and conferences in the prevention and treatment of cardiovascular diseases and disorders and treatment product; educational training sessions, seminars, and conferences in the prevention and treatment of ophthalmic diseases and disorders and treatment products; educational training workshops in the field of detecting and treating behavioural disorders; entertainment and educational services, namely, before and after school educational and tutoring programs in the field of K-12 academic subjects; entertainment and educational services, namely, before and after school educational and tutoring programs in the field of play areas for children; entertainment and educational services, namely, before and after school educational and tutoring programs in the field of recreational camps; entertainment services, namely, presentation of educational lectures about modern art and architecture; in-person educational training sessions, workshops and conferences featuring an art-based program for teaching mindfulness, stress management, and creativity to boost mental health; management training, coaching and educational consulting services for the childcare industry in the fields of cardiopulmonary resuscitation and health and safety of children; medical education and training in the field of botulinum toxin injections; medical education and training in the field of dystonias, muscular dystonia, and cervical dystonia treatment; medical education and training in the field of motor disorders, muscular atrophy, and muscular dystrophy treatment; medical education and training in the field of spasticity of the lower limbs, muscular spasm, blepharospasm, hemifacial spasm and muscle cramp treatment; nursery school services; nursery schools; offering of assessments and surveys in the field of educator training and performance for the purpose of improving teaching procedures; offering training and an educational program for the training of employees, staff and business owners in proper disinfection and sanitizing techniques; on-line education credit and degree evaluation and comparison services; on-line educational parental training classes; operation of an educational institution at the college level; operation of an educational institution at the high school level; operation of an educational institution at the university level; operation of education facility, providing training and education in dentistry; organization of educational congresses in the field of medicine; organization of educational congresses in the field of motor disorders, muscular atrophy, and muscular dystrophy treatment; organization of educational congresses in the field of spasticity of the lower limbs, muscular

spasm, blepharospasm, hemifacial spasm and muscle cramp treatment; organization of educational congresses in the fields of mechanical engineering, chemical engineering and electrical engineering; organization of exhibitions for cultural or educational purposes in the fields of comic books, animations and gaming; organization of seminars, working groups, research groups and conventions in the field of medicine; organization of seminars, working groups, research groups and conventions in the field of neuroscience; organization of seminars, working groups, research groups and conventions in the field of psychology; providing classroom facilities for educational training; providing continuing dental education courses; providing continuing medical education courses; providing continuing nursing education courses; providing education and training courses online on quality assurance systems at the workplace for employee health and wellbeing; providing educational classes in the fields of computer technology; providing educational non-downloadable podcasts in the field of income sources, personal development, leadership skills, personal growth, personal achievement, and success; providing educational videos on the topic of self-discovery; providing information about degree credit courses and online education; providing information in the field of children's education; providing non-downloadable educational information, brochures, and guides in the field of welding personnel qualification and the welding industry; providing online and in-person educational courses and classes to children and adolescents concerning educational topics and subjects in the fields of risk analysis; providing online and in-person educational courses and classes to children and adolescents concerning educational topics and subjects in the fields of team dynamics; providing online and in-person educational courses and classes to children and adolescents to foster innovation by teaching collaboration skills; providing online and in-person educational courses and classes to children and adolescents to foster innovation by teaching critical thinking skills; providing online and in-person educational courses and classes to children and adolescents to foster innovation by teaching decision making skills; providing online and in-person educational courses and classes to children and adolescents to foster innovation by teaching problem solving skills; providing online educational computer games; providing online educational computer games specifically designed for children and adolescents; providing training and educational certification in the field of x-ray image interpretation by x-ray security screening operators; provision of training and education in the fields of mechanical engineering, chemical engineering and electrical engineering; publication of educational and training guides; publication of educational teaching materials; publication of educational texts; publication of printed matter in the field of education; publishing of educational books; publishing of market research-related publications; standardized educational testing; technological education services in the field of computer software development; vocational education in the field of computers; vocational education in the field of food services; vocational education in the field of mechanics

#### **Class 42**

(5) advisory services relating to gene therapy research; advisory services relating to industrial research in the field of phytotherapy; advisory services relating to scientific research in the field of phytotherapy; agricultural research; agrochemical research services; alcohol screening for scientific research purposes; allergy testing for scientific research purposes; analysis of food safety data; analysis of human tissues and stem cells for scientific research purposes; analysis of proteins for scientific and medical research purposes; antibody profiling for scientific research purposes; application service provider featuring application programming interface (API) software for analyzing molecular and clinical data for scientific and medical research; bacteriological consultation, research and testing; bacteriological research; bacteriological research and analysis; bacteriological research and testing; basic and clinical research in the field of memory augmentation; basic and clinical research in the field of respiratory science and medicine;

biochemical research; biochemical research and analysis; biological therapeutic research services; biomedical research; biomedical research services; biometrics research; biotechnological research relating to livestock; chemical research; computer technology consultation in the field of machine learning and artificial intelligence; conducting research, development, and evaluations in the field of botulinum toxin injections; conducting research, development, and evaluations in the field of dystonias, muscular dystonia, and cervical dystonia treatment; conducting research, development, and evaluations in the field of motor disorders, muscular atrophy, and muscular dystrophy treatment; conducting research, development, and evaluations in the field of new pharmaceuticals; conducting research, development, and evaluations in the field of spasticity of the lower limbs, muscular spasm, blepharospasm, hemifacial spasm and muscle cramp treatment; consultancy and research in the field of bacteriology; consultancy relating to inspection of food processing facilities for quality control purposes; consultation and research in the field of aerospace engineering; consultation and research in the field of bacteriology; consultation and research in the field of geology; consultation and research in the field of mental health; consultation and research in the field of post traumatic stress disorders; consultation in the research and development of hydrogen power and hydrogen powered products; consulting services in research and development of food products to be consumed during space travel; consulting services in the field of hydrological research; consulting services in the field of pharmaceutical research; creating and maintaining websites for registered users to access educational services provided by schools; culturing of cells for scientific research purposes; custom design and development of automated machinery for use in the food industry; dental research laboratory services; design and development of computer hardware for the manufacturing industries; development of computer programs recorded on software designed for use in construction and automated manufacturing (cad/cam); dna analysis services for scientific research purposes; DNA screening for scientific research purposes; DNA sequencing for medical research purposes; drug screening for scientific research purposes; drug, alcohol and DNA screening for forensic research purposes; ex vivo gene therapy research; food engineering services; food safety auditing; food safety testing and consultation; food safety testing and consultation related thereto; food sanitation consultation services; genetic testing for scientific research purposes; hydrological research; industrial analysis and research services to improve security screening, aviation security, x-ray security screening, x-ray security image interpretation; industrial research in the field of computer hardware and software systems of others; industrial research services in the field of phytotherapy; integrated scientific research on vermin for greenhouses and harvest crops; laboratory research analysis in the field of genetic testing; laboratory research analysis in the field of osmolarity for the purposes of risk assessment of dry eye diseases; laboratory research analysis in the field of osmolarity for the purposes of risk assessment of eye indications and conditions; laboratory research analysis in the field of osmolarity for the purposes of risk assessment of hyper osmolarity conditions; laboratory research analysis of eye fluid, eye cells and eye tissue; laboratory research in the field of bacteriology; laboratory research in the field of chemistry; laboratory research in the field of cosmetics; laboratory research in the field of gene expression; laboratory research in the field of immune sequencing; laboratory research in the field of pharmaceuticals and nutraceuticals; mechanical research in the field of motor sports; medical and pharmacological research services; medical research; medical research in the field of brain diseases and disorders; medical research in the field of cancer treatment and diagnosis; medical research in the field of central nervous system diseases and disorders; medical research in the field of immune sequencing; medical research information in the fields of pharmaceuticals; medical research laboratory services; medical research services; neurological research services; pharmaceutical research and development; pharmaceutical research services; pharmacological research services; pollution prevention research; preparation of biological samples for testing and analysis in research laboratories;

preparation of reports relating to chemical research; providing information in the field of plant genetics research resources; providing information on donation of human corpses for medical research; providing information relating to scientific research in the field of phytotherapy; providing medical and scientific research information in the field of cosmetics and clinical trials; providing medical and scientific research information in the field of pharmaceuticals and clinical trials; providing medical research information in the field of clinical trials; providing scientific research information in the field of clinical trials; providing scientific research information in the field of memory augmentation; providing scientific research information in the fields of biomedicine; providing scientific research information in the fields of clinical trials and post-market trials; providing scientific research information in the fields of pharmaceuticals; providing temporary use of non-downloadable software for accessing information for use in connection with research and development services in the fields of biotechnology; providing temporary use of non-downloadable software for accessing information for use in connection with research and development services in the fields of medicine; psychological research; research and design in the field of mechanical engineering; research and development in the field of biomass combustion for the production of energy; research and development in the field of capture and storage of greenhouse gases; research and development in the field of carbon capture and storage; research and development in the field of hydrogen gas technology; research and development in the field of immunopharmaceuticals; research and development in the field of liquid biofuels; research and development in the field of photovoltaic solar energy; research and development in the field of plant science; research and development in the field of solar thermal energy; research and development in the field of vaccines; research and development in the field of wind energy; research and development in the fields of assays, selection, screening, testing, imaging and diagnostics using electrochemiluminescence; research and development in the medical biotechnology field; research and development of computer software; research and development of hydrogen power and hydrogen powered products; research and development of new products for others; research and development of technology in the field of carbon dioxide (CO<sub>2</sub>) mitigation; research and development of technology in the field of negative-emissions technology (NET); research and development of technology in the field of power conversion; research and development services in the field of cytology; research and development services in the field of gene expression systems; research and development services in the field of immunology; research and development services in the field of nutritional supplements; research and testing in the field of bacteriology; research in the field of artificial intelligence technology; research in the field of bacteriology; research in the field of biochemistry; research in the field of building construction; research in the field of chemistry; research in the field of climate change; research in the field of ecology; research in the field of environmental conservation; research in the field of gene therapy; research in the field of hydrogeology; research in the field of personal development; research in the field of physics; research in the field of welding; research in the fields of biologic therapeutic preparations; research in the fields of clinical trials and post-market trials; research in the reduction of carbon emissions; research on the subject of pharmaceuticals; research pertaining to mechanical engineering; research services in the field of forensic science, namely, analysis, detection and isolation of biological substances in forensic samples; research, development, analysis, advisory, consultancy and design services related to technology in the oil and petroleum industry; scientific and industrial research in the field of photovoltaics and solar collectors; scientific and research consultation in the field of fuels, diesel fuel, biofuel and biodiesel fuel; scientific and technological research in the field of dry eye diseases; scientific and technological research in the field of eye indications and eye conditions; scientific and technological research in the field of hyper osmolarity conditions; scientific and technological research in the field of natural disasters; scientific and technological research relating to patent mapping; scientific research and

development in the engineering, breeding and genetically modifying cannabis; scientific research consulting in the field of in vitro fertilization; scientific research for medical purposes in the field of cancerous diseases; scientific research for medical purposes in the field of oncology; scientific research for the development of CRISPR-based platforms and products in the field of genetic engineering; scientific research in the field of drug metabolite synthesis; scientific research in the field of environmental protection; scientific research in the field of epidemiology; scientific research in the field of genetics; scientific research in the field of genetics and genetic engineering; scientific research in the field of immune sequencing; scientific research in the field of in vitro drug metabolism systems; scientific research in the field of marijuana; scientific research in the field of pharmacology, pharmaceuticals, and biochemistry; scientific research in the field of production of recombinant human enzyme; scientific research in the field of production of recombinant protein; scientific research services for others in the field of sensory perceptions; scientific research services in the field of pharmacovigilance; scientific research services in the field of phytotherapy; scientific research to improve security screening, aviation security, x-ray security screening and x-ray security image interpretation; stomatology research; technical research in the field of aeronautics; technical research in the field of carbon offsetting; technological research in the field of building constructions materials; technological research in the field of computer hardware systems; testing and analysis of blood plasma, red blood cells, white blood cells, blood platelets for scientific research purposes; testing and research on prevention of pollution; testing and research services in the field of civil engineering; testing of human tissues and stem cells for scientific research purposes; testing, inspection and research of pharmaceuticals, cosmetics and foodstuffs; web-based cardiovascular research and analysis services for scientific purposes; zoological research services

### Visual Representation

The image shows the word "OLUJO" in a stylized, serif font. The letters are black and set against a white background. The 'L' and 'J' are significantly larger and more prominent than the other letters, with the 'L' extending downwards and the 'J' having a long tail that curves to the right. The 'O's are also large and have a classic serif shape.

### Colour Claim

Colour is claimed as a feature of the trademark. The colours red, white and blue are claimed as a feature of the trademark. The words FIGHT CONTRABAND and the maple leaves appear in white on a red background. The words FIGHT TOGETHER appear in blue with red horizontal lines above and below these words on a white background featuring a blue circular band followed by a thin circular white border. The outside border of the design is a blue which has a thin white circular line beneath it.

### Disclaimer

The applicant disclaims the right to the exclusive use of the 11-point maple leaf

## TRADEMARK DETAILS

### Trademark Type

Design

### Visual Representation

### Trademark Description

The mark consists of a circular design consisting of two circles with the stylized words "HANGRY JOE'S" along the top of the outer circle. Each letter of the wording has a bold outline. Within the inner circle is a stylized image of a cartoon style rooster with flames on the top of the rooster's head and the feathers of the body appear as flames. The legs and feet of the rooster extend downward over the outer circle. Centered below the circle design are the stylized wording "HOT CHICKEN" set within a rectangle with rounded corners.

### Disclaimer

The right to the exclusive use of the words "HOT CHICKEN" is disclaimed apart from the trademark.
