## INTRODUCTION

The *Privacy Act* (Revised Statutes of Canada, Chapter P-21, 1985) was proclaimed on July 1, 1983. It extends the present laws of Canada that protect the privacy of individuals, and provides individuals with a right of access to personal information about themselves. It also protects the privacy of individuals by denying third parties access to personal information relating to them and enabling them to exercise strict control over the collection, disclosure and use of such information. Necessary exceptions should be limited and specific.

Bill C-58, An Act to amend the Access to Information Act and the Privacy Act and to make consequential amendments to other Acts received royal assent on June 21, 2019. This resulted in the most significant amendments to the Act since it came into force in 1983.

The new legislation amends the *Privacy Act* to, among other things:

- create a new exception to the definition of "personal information" with respect to certain information regarding an individual who is a ministerial adviser or a member of ministerial staff
- authorize government institutions to provide to other government institutions services related to requests for personal information
- expand the Governor in Council's power to amend the schedule to the Act and to retroactively validate amendments to that schedule<sup>1</sup>

This annual report is tabled in Parliament in accordance with section 72 of the *Privacy Act* and describes how Prairies Economic Development Canada (PrairiesCan) administered its responsibilities for the reporting period.

#### **DEPARTMENTAL MANDATE**

Prairies Economic Development Canada (PrairiesCan) was established on August 06, 2021 to support economic growth and diversification in the prairie provinces and advance the interests of the region in national economic policy, programs, and projects through four key roles:

- Investor: create jobs and growth through strategic investments and targeted initiatives
- Advisor: inform economic decision-making and advocate for Prairie interests
- Pathfinder: help people navigate federal economic programs and services
- Convenor: connect economic actors to support collaboration and growth

PrairiesCan is overseen by the Minister of Northern Affairs, Minister responsible for Prairies Economic Development Canada and Minister responsible for the Canadian Northern Economic Development.

The Department operates under the provision of the *Western Economic Diversification Act*, which came into force on June 28, 1988. PrairiesCan's mandate allows the department to deliver a wide range of initiatives across the prairies and make strategic investments to build on regional competitive advantages. Its prairie base enables the department to cultivate strong partnerships with business and community organizations, researchers, academia, Indigenous peoples, provincial governements and municipal governments. These connections help PrairiesCan reflect prairie perspectives in national decision-making.

#### **DEPARTMENTAL STRUCTURE**

PrairiesCan employs 404 individuals across the prairies and in Ottawa, including economists, commerce officers and policy analysts. Specialists in such areas as communications, corporate administration, financial management, human resources, information management & technology, and procurement, provide the policy and programs analysts with support. PrairiesCan is headquartered in Edmonton, Alberta.

The Human Resources and Corporate Services unit (HRCS) is responsible for a broad range of services, including Access to Information and Privacy, administered by the PrairiesCan ATIP Centre of Expertise (ACoE). HRCS is part of the Finance and Corporate Management Directorate located in Edmonton, Alberta.

The ATIP Coordinator, who is supported by one Corporate Services Advisor and three ATIP Analysts, oversees PrairiesCan's ACoE in addition to numerous other programs within the department. The Corporate Services Advisor and ATIP Analysts process all access and privacy requests. No additional reporting or monitoring of privacy files is conducted by other departmental officials due to the confidential nature of these requests.

## **ADMINISTRATION OF THE ACT**

#### ATIP CENTRE OF EXPERTISE (ACoE)

The ACoE is responsible for the implementation and management of the Access to Information and Privacy programs and services for PrairiesCan. Specifically, the ACoE:

- makes decisions on the disposition of personal information requests;
- conducts consultations with other federal government departments, other levels of government and third parties with respect to access to information and privacy issues, if required;
- promotes awareness of the legislation to ensure departmental responsiveness to the obligations imposed by law;
- monitors and advises on departmental compliance with the Acts, regulations, procedures and policies; and
- acts as the spokesperson for the Department when dealing with the Treasury Board Secretariat, the Information Commissioner, the Privacy Commissioner, and other government departments and agencies.

The ACoE also provides a full suite of ATIP services, as per an Internal Services Agreement, to the Pacific Economic Development Agency of Canada (PacifiCan).

#### **DELEGATION OF AUTHORITY**

The current delegation order was issued December 02, 2021 in accordance with subsection 73(1) of the *Privacy Act*. The Minister responsible for Prairies Economic Development Canada delegated full powers, authorities and responsibilities to the:

- Executive Director, Finance and Corporate Management
- Director General, Human Resources & Corporate Services
- Director, Human Resources and Corporate Services (Access to Information and Privacy Coordinator)

The delegation also extends limited authority to the ATIP Officers (Annex C).

The ACoE is accountable for the development, coordination and implementation of policies, guidelines, systems and procedures to manage the department's compliance with the Acts. Compliance is also facilitated by an ATIP Liaison Officer, in each regional office and corporate business unit, to liaise with the ACoE concerning enquiries.

Each of these offices is responsible for searching and retrieving records responsive to privacy requests received under the *Privacy Act*. The ACoE, however, is responsible for implementing and managing the ATIP program and services for PrairiesCan, including all decisions on the disclosure or non-disclosure of information pursuant to the legislation.

#### **POLICIES, PROCEDURES AND BUSINESS PROCESSES**

To ensure that Treasury Board Secretariat privacy-related policies and directives are respected and implemented, the ATIP Centre of Expertise regularly reviews its various internal guidelines, procedures and business practices. No new, revised institution-specific policies, guidelines, procedures, or initiatives related to personal information were implemented in PrairiesCan during the reporting period.

The ATIP unit monitors its compliance with request deadlines via a software solution (AccessPro). A weekly report is created and disseminated, on a need-to-know distribution list, up to the Deputy Minister level. It discloses all open and outstanding ATIP files and their respective status. It includes investigations by the Office of the Privacy Commissioner of Canada along with other privacy processes underway. No personal information is included in the weekly report.

## STATISTICS AND PERFORMANCE

PrairiesCan completed six privacy requests in the 2022-2023 fiscal year. One hundred percent of privacy requests received in the 2022-2023 reporting period were completed within their legislated timelines.

REQUEST COMPLETION TIME (DAYS)							
1-30	1-30 31-60 61-120 121-180 181-365 >365						
2	2 4 0 0 0 0						

- seventeen percent of completed privacy requests were disclosed in their entirety (1)
- sixty-seven percent of completed privacy requests were disclosed in part (4)
- seventeen percent of the privacy requests produced no records (1)

Four privacy requests were carried over from the 2021-2022 fiscal year. All four of those requests were completed within legislated timelines.

Extensions were taken for the four privacy requests that were carried over from the 2021-2022 fiscal year. All four extensions were taken as per paragraph 15(a)(i) – interference with operations. All were completed in less than sixty days.

No privacy requests were carried over to the following fiscal year (2023-2024). All privacy requests carried over from the previous fiscal year, as well as all privacy requests received in the reporting period were completed within legislated timelines and within the current reporting period (2022-2023).

No disclosures were made under paragraph 8(2)(m) of the *Privacy Act* during the reporting period.

PrairiesCan did not complete any Privacy Impact Assessments during the reporting period.

No privacy consultations were received or completed during the reporting period.

No material privacy breaches were reported in the 2022-2023 fiscal year.

Complaints were submitted to the Office of the Privacy Commissioner of Canada (OPC) for three privacy requests completed during this reporting period. All the complaints allege that PrairiesCan inappropriately invoked exemptions under sections 12(1) and 26 of the *Privacy Act*, and that PrairiesCan failed to disclose all the information sought (missing records).

All requests from the OPC for information and documentation regarding the three complaints have been fulfilled. The OPC continues to investigate and PrairiesCan will continue to assist.

PrairiesCan's ability to fulfill its *Privacy Act* responsibilities was not impacted by COVID-19 related measures. ATIP operations continued without interruption for the 2022-2023 reporting period.

#### **OPERATIONAL COSTS ASSOCIATED WITH ADMINISTERING THE ACT**

PrairiesCan's costs for administrating the *Privacy Act* are based on the share of requests overall since privacy requests made up only 3.5% of all requests received by the ACoE. The costs for the efforts of the program areas are then added.

There was a cost of \$1575 for professional services and \$6904 for salaries to administer the *Privacy Act* for PrairiesCan.

A total of 0.09 of an FTE was calculated as having been allocated to PrairiesCan's privacy program.

Total costs amount to \$8479.
