INTRODUCTION

The *Access to Information Act* (Revised Statutes of Canada, Chapter A-1, 1985) came into force on July 1, 1983. It extends the present laws of Canada to provide access to information under the control of the Government of Canada.

Bill C-58, *An Act to amend the Access to Information Act and the Privacy Act and to make consequential amendments to other Acts* received royal assent on June 21, 2019. This resulted in the most significant amendments to the Act since it came into force in 1983.

The new legislation improves the way government information is provided to Canadians by:

- giving the Information Commissioner the power to make binding orders in relation to access to information requests, including the release of government records
- requiring institutions to proactively publish specific information known to be of interest to the public, without the need for a request
- allowing government institutions within the same ministerial portfolio to work together to process requests more efficiently
- eliminating all fees apart from the \$5 application fee

The *Access to Information Act* balances access to government information with exemptions and exclusions that protect important democratic values such as the need for the public service to provide full, free and frank advice to ministers, the protection of the confidentiality of Cabinet deliberations, the protection of personal information, and national security considerations.

In accordance with the principles that government information should be available to the public, the right to access is balanced against the legitimate need to protect sensitive information and permit effective functioning of government. Necessary exceptions should be limited and specific.

This annual report is tabled in Parliament in accordance with section 94 of the *Access to Information Act* and describes how Prairies Economic Development Canada (PrairiesCan) administered its responsibilities for the reporting period.

DEPARTMENTAL MANDATE

Prairies Economic Development Canada (PrairiesCan) was established on August 06, 2021 to support economic growth and diversification in the prairie provinces and advance the interests of the region in national economic policy, programs, and projects through four key roles:

- Investor: create jobs and growth through strategic investments and targeted initiatives
- Advisor: inform economic decision-making and advocate for Prairie interests
- Pathfinder: help people navigate federal economic programs and services
- Convenor: connect economic actors to support collaboration and growth

PrairiesCan is overseen by the Minister of Northern Affairs, Minister responsible for Prairies Economic Development Canada and Minister responsible for the Canadian Northern Economic Development.

The department operates under the provision of the *Western Economic Diversification Act*, which came into force on June 28, 1988. PrairiesCan's mandate allows the department to deliver a wide range of initiatives across the prairies and make strategic investments to build on regional competitive advantages. Its prairie base enables the department to cultivate strong partnerships with business and community organizations, researchers, academia, Indigenous peoples, provincial governments and municipal governments. These connections help PrairiesCan reflect prairie perspectives in national decision-making.

DEPARTMENTAL STRUCTURE

PrairiesCan employs 404 individuals across the prairies and in Ottawa, including economists, commerce officers and policy analysts. Specialists in such areas as communications, corporate administration, financial management, human resources, information management & technology, and procurement, provide the policy and programs analysts with support. PrairiesCan is headquartered in Edmonton, Alberta.

The Alberta region is served by two regional offices; one is located in Edmonton (headquarters) and another regional office in Calgary. Additionally, there are three satellite offices maintained in Fort McMurray, Grande Prairie and Lethbridge.

The Saskatchewan region is served by one regional office located in Saskatoon and two satellite offices located in Regina and Prince Albert.

The Manitoba region is served by one regional office located in Winnipeg and two satellite offices located in Brandon and Thompson.

ADMINISTRATION OF THE ACT

ACCESS TO INFORMATION AND PRIVACY (ATIP)

The Human Resources and Corporate Services unit (HRCS) is responsible for a broad range of services, including Access to Information and Privacy, administered by the PrairiesCan ATIP Centre of Expertise. HRCS is part of the Finance and Corporate Management Directorate located in Edmonton, Alberta.

The ATIP Coordinator, who is supported by one Corporate Services Advisor and three ATIP Analysts, oversees the ATIP Centre of Expertise in addition to other programs within the department. The ATIP Centre of Expertise also leads Information Management initiatives such as litigation holds and InfoSource, as well as providing a full suite of ATIP services, as per an Internal Services Agreement, to PacifiCan. The Corporate Services Advisor and ATIP Analysts process all access and privacy requests.

The ATIP Centre of Expertise (ACoE) is responsible for the implementation and management of the Access to Information and Privacy programs and services for PrairiesCan including:

- making decisions on the disposition of access and privacy requests, and responding to all requests submitted under the *Access to Information Act* and the *Privacy Act*;
- conducting consultations with other federal government departments, other levels of government and third parties with respect to access to information and privacy issues;
- promoting awareness of the legislation to ensure departmental responsiveness to statutory obligations;
- monitoring and advising on departmental compliance with the Acts, regulations, procedures and policies; and
- acting on behalf of the Department when dealing with the Treasury Board Secretariat, the Information Commissioner, the Privacy Commissioner, and other government organizations.

Other ATIP-related activities undertaken by the ATIP Centre of Expertise in 2022-2023, include

ACTIVITY		Total
Parliamentary Questions* (PQ)	Full departmental process (data collection, research, compositions, correspondence, review and routing).	12
Parliamentary Questions*	ATIP review for other program areas, and the provision of advice and consultations on the PQ process.	32
Proactive Disclosure	Review lists of briefing materials prepared for the Minister and Deputy Minister.	24
Access Vetting	Comprehensive ATIP review and recommendations for a variety of documents for public disclosure and sharing.	3

* The category of Parliamentary Questions also includes Senatorial Questions. These statistics are categorized according to whether the ATIP unit completes the entire departmental process, or whether they only provide reviews and recommendations for other program areas. No PQ is entered into both categories or otherwise counted twice.

DELEGATION OF AUTHORITY

The current delegation order was issued December 02, 2021 in accordance with subsection 95(1) of the *Access to Information Act*. The Minister responsible for Prairies Economic Development Canada delegated full powers, authorities and responsibilities to the:

- Executive Director, Finance and Corporate Management
- Director General, Human Resources & Corporate Services
- Director, Human Resources and Corporate Services
(Access to Information and Privacy Coordinator)

The delegation also extends limited authority to the ATIP Officers (Annex D).

The ACoE is accountable for the development, coordination and implementation of policies, guidelines, systems and procedures to manage the department's compliance with the Acts. Compliance is also facilitated by an ATIP Liaison Officer, in each regional office and corporate business unit, to liaise with the ACoE concerning enquiries.

Each of these offices is responsible for searching and retrieving records responsive to access requests received under the *Access to Information Act*. The ACoE, however, is responsible for implementing and managing the ATIP program and services for PrairiesCan, including all decisions on the disclosure or non-disclosure of information pursuant to the legislation.

TRAINING AND AWARENESS

The PrairiesCan ATIP Centre of Expertise (ACoE) delivered privacy training during the reporting period, but no training specific to access to information was delivered. That privacy training is listed in the PrairiesCan Annual report on the Administration of the *Privacy Act* 2022-2023.

STATISTICS AND PERFORMANCE

PrairiesCan received sixty-one new access to information requests in the 2022-2023 fiscal year.

PrairiesCan completed sixty-six access to information requests in the 2022-2023 fiscal year including nine that were carried over from previous reporting periods.

Eighty-two percent of completed requests were completed within their legislated timeline.

REQUEST COMPLETION TIME (DAYS)						Total
1-30	31-60	61-120	121-180	181-365	>365	
22	10	27	0	5	2	66

- Nine percent of completed access to information requests were disclosed in their entirety.
- Seventy-one percent of completed access to information requests were disclosed in part.
- Twenty percent produced no records, were abandoned by the requester, or were exempted/excluded in their entirety.

Forty-one extensions were taken:

- Two extensions were taken due to interference with operations as per paragraph 9(1)(a)
- Ten extensions were taken to accommodate internal consultations as per paragraph 9(1)(b)
- Twenty-nine extensions were taken to accommodate third party consultations as per paragraph 9(1)(c)

Nine access to information requests were carried over from previous reporting periods:

- One was carried over from the 2020-2021 fiscal year and was completed in the current reporting period
- Eight were carried over from the 2021-2022 fiscal year and all were completed in the current reporting period.

Four access to information requests, that were received in the current reporting period, were carried over to the 2023-2024 fiscal year.

Thirty-one consultations were received during the reporting period:

- Twenty eight came from other Canadian federal government departments
- Three came from other governments and organizations
- All thirty-one consultations received were completed in less than sixty days of receipt

PrairiesCan's ability to fulfill its *Access to Information Act* responsibilities was not impacted by COVID-19 related measures. ATIP operations continued without interruption for the 2022-2023 reporting period.

One complaint, that was outstanding from the 2017-2018 fiscal year, was concluded by the Office of the Information Commissioner of Canada (OIC) on March 10, 2023.

PrairiesCan has one active complaint that was received in the current reporting period on May 05, 2022. The complaint alleges PrairiesCan failed to conduct a reasonable search for records in response to the request made under the *Access to Information Act*. The OIC was provided a full accounting of the search undertaken by PrairiesCan. All requests from the OIC for information and documentation regarding the complaint have been fulfilled. The OIC continues to investigate and PrairiesCan will continue to assist.

PROACTIVE DISCLOSURE

The *Directive on Proactive Publication under the Access to Information Act* takes effect June 28, 2023 in the 2023-2024 fiscal year. PrairiesCan is developing a documented official process that will identify which group(s) or position(s) are responsible for ensuring each proactive publication requirement is met. Compliance procedures and monitoring are implemented by the ACoE.

Currently, PrairiesCan's program areas, which produce the statistics and materials for proactive disclosure, provide those data to the departmental web publishers. For example, Human Resources staff compile the statistics for reclassification of positions, and Procurement staff compile the statistics for contracts over \$10K.

Other proactive disclosures such as briefing materials are submitted as vetting files to the ACoE. Once the file has been vetted, the program area then reviews the ACoE's recommendations before submitting the file to the web publishers for posting online.

PrairiesCan has implemented a procedure to keep cabinet confidence from being disclosed via the proactive disclosure of briefing note (BN) titles.

The titles and reference numbers of BNs prepared for the Minister and deputy head must be proactively published as per subsections 74(b) and 88(b) respectively. That is, within thirty days after the end of the month received.

The Offices of Primary Interest (OPI) are responsible for flagging any titles which they suspect could constitute cabinet confidence when submitting the BNs for proactive disclosure. The ATIP Analysts who process these monthly proactive disclosures also look out for potential cabinet confidence in the titles.

When a BN title is flagged by the OPI or ATIP Analyst, the complete BN and any annexes are retrieved for an ATIP cabinet confidence review. The BN, ATIP Analyst's analysis and content template are submitted to PrairiesCan's Legal Services Unit at the Department of Justice Canada (DOJ). When the DOJ concurs with the ATIP Analyst's assertion of cabinet confidence, that title is withheld as per 69(1) of the *Access to Information Act*.

The ACoE monitors its compliance with request deadlines via a software solution (AccessPro). A weekly report is created and disseminated, on a need-to-know distribution list, up to the Deputy Minister level. It discloses all open and outstanding ATIP files and their respective status. Proactive disclosure is also tracked via AccessPro where feasible.

To ensure that Treasury Board Secretariat ATIP-related policies and directives are respected and implemented, the ATIP Centre of Expertise (ACoE) regularly reviews its various internal guidelines, procedures and business practices.

The ACoE meets with the various program areas to draft disclaimers and informational paragraphs for contracts, grants and contributions, administered by the department. PrairiesCan also implements the same class of information in conjunction with the Department of Justice Canada and Public Services and Procurement Canada to inform clients, stakeholders and partners of our obligations as a government institution to public access.

FEES COLLECTED

PrairiesCan collected \$280 in Access to Information application fees during this reporting period. \$25 worth of fees were waived.

OPERATIONAL COSTS ASSOCIATED WITH ADMINISTERING THE ACT

PrairiesCan's costs for administering the *Access to Information Act* include a portion of the salaries of the:

- Executive Director, Finance & Corporate Management¹
- Director General, Human Resources and Corporate Services²
- Director, Human Resources and Corporate Services, ATIP Coordinator³

Costs for the Corporate Service Advisor's salary as well as those for the three ATIP Analysts' salaries are counted. Other associated costs are also included:

- ATIP Liaisons from the regional offices
- departmental subject matter expert reviews
- billed services from the Department of Justice Canada (cabinet confidence reviews)

A total of 2.38 full-time equivalents (FTEs) were calculated as having been allocated to PrairiesCan's Access to Information program. Total costs, including \$71,900 in goods and services, amount to \$313,591.
