## INTRODUCTION

**Note:** This directory is in large print to assist persons with visual disabilities.

**Info Source: Directory of Federal Government Enquiry Points** lists addresses and phone numbers for almost 200 national offices of federal departments and agencies. The “Titles of Federal Organizations” section contains legal and applied titles plus abbreviations for most federal organizations. This directory is intended for use by the public and by federal government employees who respond to public enquiries.

Most entries include general enquiry and fax numbers. Some include numbers for Telecommunications Devices for the Hearing-and-Speech-Impaired, communications and publications units, departmental libraries, and personnel enquiries. The area code is (613) unless otherwise indicated.

To contact local or regional federal offices, consult the blue pages in your local telephone book.

### Handling Enquiries

The following are guidelines for federal government employees when responding to public enquiries:

- \* Allow callers to explain in detail the information they require before referring them to another number. Ask questions if necessary.
- \* Some Canadians do not understand federal government structure. Before referring callers, explain to them whom they are being referred to and why.
- \* Direct callers to the government listings in their local telephone book for enquiries about provincial matters or requests best handled by a regional or local office.
- \* Suggest that callers consult their local library which may hold or be able to obtain published government information.

- \* If you are unable to help them, refer the callers to Reference Canada.

## Reference Canada

Reference Canada is the federal government's bilingual, toll-free general information and referral service.

Call Reference Canada at 1-800-667-3355 (serving all regions except Manitoba and Quebec).

Persons with a hearing disability may call 1-800-465-7735.

In Manitoba and Quebec, Reference Canada services are provided jointly with the province. Consult the blue pages in your local telephone book.

## Internet Sites

This directory includes federal department or agency Internet sites and E-mail addresses currently available.

**Government of Canada Primary Internet Site** The "Canada Site" provides Internet users with a single electronic access point to general information about Canada, the federal government and its programs and services. The Internet address for this site is "<http://canada.gc.ca>".

## About Info Source

**Info Source** is a series of publications and databases containing information about the Government of Canada, its organization and information holdings. It supports the government's policy to explain and promote open and accessible information regarding its activities. It is a key reference tool to assist members of the public in exercising their rights under the *Access to Information Act* and the *Privacy Act*.

This and other **Info Source** publications are available in many public and university libraries, book stores, departmental and agency libraries and reading rooms and MPs' constituency offices. They can be purchased from:

## TITLES OF FEDERAL ORGANIZATIONS

This section is included for reference purposes. It contains the titles and abbreviations of organizations subject to the *Federal Identity Program* (FIP) as of June 24, 1996.

The list was compiled mainly from the schedules to the *Financial Administration Act*. Excluded are commissions established under the *Enquiries Act*, organizations that are inactive and institutions not subject to the FIP policy. Unless otherwise indicated, the applied titles appearing in this document have been approved by the President of the Treasury Board in accordance with the FIP policy.

The applied titles are shown in **bold** to distinguish them from the legal titles; the latter are included whenever they differ from the applied titles. Authorized abbreviations are shown in parentheses, following the applied title. All the information includes both language versions to assist the user. Titles which are subject to change are preceded by an asterisk (\*).

For details on the creation, registration and use of applied titles and abbreviations, see Chapter 2, Federal Identity Program, of the Communications volume of the *Treasury Board Manual*.

### Definitions

**Applied title:** the approved name used in the signature to identify an institution, program or activity. This title should be used in all communications.

**Legal title:** the name that appears in the enabling legislation (act), proclamation, order in council, or other instrument used to create a branch of government.

**Signature:** the combination of a symbol and the bilingual applied title. Also referred to as the corporate signature.
