ELECTRONIC HANSARD

33rd and 34th Parliament on CD-ROM (1984-1993)

Hansard is the official record of all parliamentary debates in the House of Commons. The debates of the Mulroney years, 1984-1993, make up the 33rd and 34th Parliament on CD-ROM – over 200,000 pages of Hansard text in an easy-to-handle storage medium at your fingertips. The full set includes six English and six French CD-ROMs, plus the index disks and a DOS-based retrieval software (Dataware CD Answer Hyper Text).

The Index to the 28th-34th Parliament on CD-ROM (1968-1993)

The Index can save you countless hours of work. A few keystrokes allow you to search for a certain record and find the exact volume and reference page.

35th Parliament on CD-ROM (January 1, 1994 to present)

Perform complex searches quickly and easily, by keyword, political party, or speaker. Find out what your local Member of Parliament said about a particular issue, such as the budget. Other software features include instant access to paragraphs of corresponding text in the other official language. Text is exportable to common word processor formats like WordPerfect and MS Word. Includes up to four updates per year plus revised Hansard entries.

TRANSPORT CANADA ACTS AND REGULATIONS

Introducing the enhanced diskette and CD-ROM versions of Transport Canada's Acts and Regulations! If you've been using the WordPerfect diskette version since 1992 you'll be delighted with the new, improved versions of this product. Keep up-to-date by choosing either the enhanced diskette format or the CD-ROM, both issued up to six times per year. Both formats offer greater searchability than the former version. Perform complex searches in seconds by using any combination of variables such as subject, act, regulation and keyword. An added bonus – text can be cut and pasted into common formats such as Microsoft Word and Wordperfect.
