Publishing News**

Vol. 1 No. 1

Sept., 1973

Welcome to Information Canada's first newsletter for authorized agents and booksellers.

Publishing News will appear monthly to keep you informed of new releases, reprints, advertising plans, recent publishing decisions, the appointment of new authorized agents, remaindering sales... in short, all the facts and figures that can both simplify and enhance the relationship between Information Canada and the private booksellers who are part of the all-important chain of outlets for federal government publications across Canada.

It is also expected that the information on out-of-print material contained in this newsletter will save you valuable time and effort in the ordering procedure.

I look forward to any of your comments.

Claude Beauchamp  
Director, Publishing Branch
