FOCUS ON CANADIAN LANDSCAPES

This report comprises a selection of photographs designed to illustrate common landforms and the principal physiographic regions of our country. Some photographs date from the 1870s, others from the 1970s. The inclusion of older photographs is not only of historic value but is of current value as changes due to erosion or changing land use can be readily recognized. Of interest to the general public and especially to those engaged in the teaching of the earth sciences in Canada. Index. 178 pp. Bilingual. Reprint.

HOMICIDE IN CANADA - A STATISTICAL SYNOPSIS

Presents a detailed factual picture of murder and manslaughter in this country and how our institutions respond to such occurrences. The study was undertaken to address such issues as what kinds of people commit homicide, under what circumstances, upon what kinds of victims; it also reveals how the criminal justice system deals with persons suspected of committing homicide. In addition to statistical information the study provides a review of the historical development of homicide law and a summary of current Canadian law as the context within which the statistics should be viewed. 200 pp. Separate French edition.

REPORT OF THE CONSULTATIVE GROUP ON SURVEY RESEARCH

This publication, the first in a series of books on research planned by the Canada Council, offers guidelines and recommendations to scholars, survey organizations, governments and granting bodies for improving the conduct and support of survey research in Canada. Eminent scholars in the social sciences have assessed the status of survey research in Canada in ongoing projects such as electoral surveys and longitudinal studies, to propose methods of organizing and coordinating data gathering, exchange and re-use. The second part of the report offers practical guidelines for standardizing socio-demographic data collection and coding. 260 pp.
