CANADA AS A CONSERVER SOCIETY - RESOURCE UNCERTAINTIES AND THE NEED FOR NEW TECHNOLOGIES

Science Council of Canada Report No. 27. This report represents a synthesis of ideas developed in previous Science Council studies although this report delves deeper into the inter-relations of technology, industry, commerce and human psychology. The report offers recommendations, both immediate and for future consideration, on how individual Canadians, governments and private businesses can help preserve their environment. Index. 108pp. Separate French edition.

ENUMERATION AREA REFERENCE LIST - 1976 CENSUS OF CANADA

This is a series of geographic reference lists prepared by Statistics Canada as an aid to users of data from the 1976 Census of Canada. In it, the linkages among the various geographic areas of data collection and presentation, or "geostatistical areas", are established. The lists may be used to access census data compiled on standard geostatistical areas, to order reference maps of these areas, or to create special-interest areas for which census data are required. Number of pages varies. Bilingual.
