GEOLOGY AND ECONOMIC MINERALS OF CANADA

Fifth edition. A reference text for scientists on Canadian geology. For the first time many different aspects of geology are treated in considerable detail on a nation-wide basis, and a tectonic synthesis is attempted of the four major geological regions - the Canadian Shield, and the bordering Phanerozoic platforms and orogens of southeastern, western, and arctic Canada. Factual data are concisely summarized and economic and scientific interpretation and conclusions are clearly separate.

Part A contains information on the physiographic subdivisions of Canada, the Canadian mineral industry, and the geology and economic minerals of the Canadian shield and southeastern Canada. 364 pp.

Part B deals with the geology and economic minerals of western Canada, geology of the arctic archipelago, biochronology, and quarternary and groundwater geology. Maps, diagrams, photographs, selected references, index. 474 pp.

MINERAL POLICY SERIES

A series of in-depth studies on a commodity-by-commodity basis, as well as a number of broader studies of specific mineral-related problems or impacts of the industry. Each study contains a detailed analysis of the present structure of a particular commodity, attempts to assess its future development, and identifies problems and reasonable opportunities within the context of the main options laid out in the analysis. This series is intended to provide a basis for informed dis-

cussion by all who are interested in the mineral industry, its development and its role in the economy of our country. Bibliographies. Tables. An average of 31 pages per volume. Separate French editions.

STRIKES AND LOCKOUTS IN CANADA 1974-75

A statistical report of work stoppages due to strikes and lockouts in Canada during 1974 and 1975 according to the criteria commonly used in their measurement: number of work stoppages, number of workers involved, duration in man-days, and time-loss as a percentage of estimated working time. Brief explanatory notes on the scope and nature of the statistics are also presented. 227 pp. Bilingual.

Cat. No. L2-1-1975

SYSTEM OF NATIONAL ACCOUNTS - THE INPUT-OUTPUT STRUCTURE OF THE CANADIAN ECONOMY 1961-71

A statistical report presenting "the most detailed accounting of the Canadian economy available". Contains the accounting framework, the classification system and some definitions used for the input-output tables; it also describes the input-output model used for the impact tables, etc. This report supersedes Input-Output Tables published in three earlier reports. 323 pp. Separate French edition.
